MILD, gentle, kind, soft. (E.) ME. *milde*, *milde*; Rob. of Glouc. p. 73, l. 1625. AS. *milde*, Grein, ii. 250.—Du. *mild*; OSax. *mild*; Icel. *mild*; Dan. and Swed. *mild*; G. *mild*, OHG. *milti*; Goth. *mildeis*, only in comp. *un-mildeis*, without natural affection, 2 Tim. iii. 3. Allied to Gk. *μαλθαός*, soft; mild; OIrish *meld*, pleasant;

Skt. *mrda*, to grow weary of, disregard (Macdonell); root **meidh*. Brugmann, i. § 591, ii. § 690. Der. *mid-ly*, *mid-ness*.

MILDEW, a kind of blight. (E.) ME. *meldeu*, Wyclif, Gen. xli. 6. AS. *meldeu*, honey-dew, Grein, ii. 230; *midtau*, Woc. 455. 19. Cf. OHG. *milton*, *mildeu*, cited by Grein. β. The sense is prob. 'honey-dew,' from the sticky honey-like appearance of some kinds of blight, as, e.g., on lime-trees. Cf. Goth. *milth*, honey; allied to L. *mel*, Gk. *μέλι*, honey; Irish *mil*, honey, *milkeo*, *mildeu*. See **Mellifluous** and **Dew**. ¶ The mod. G. word is *mehltau*, i. e. meal-dew; but this is an altered form, as it does not agree with the OHG. *milton*; the OHG. for 'meal' being *melo*.

MILE, a measure of distance. 1760 yards. (L.) ME. *mile*, pl. *miles*, Chaucer, C. T. 16023 (G 555). AS. *mil*, a mile; fem. sb., with pl. *mila*, *mile*; Grein, ii. 250. Formed from L. pl. *milia*, more commonly *millia*, used in the sense of a Roman mile; the proper sense is 'thousands.' The older name for the Roman mile was *mille passus*, or *mille passuum*, a thousand paces. β. Hence also *G. mille*, OHG. *mila*, a mile; Du. *miel*, a mile, &c. ¶ The ME. unchanged pl. *mile* explains such a phrase as 'a ten-mile stage.' Der. *mile-age* (with F. suffix); *mile-stone*. And see **millenary**, *milfoil*, *million*.

MILFOIL, the name of a plant. (F.—L.) In a Vocabulary of Plant-names, said to be of the thirteenth century, we find 'Millefolium, milfoil'; Wright's Vocab. l. 139. The sense is 'thousand-leaf,' from the minute and numerous sections into which the leaf is divided.—OF. *milfoil*; from F. *mille*, a thousand, and OF. *foil*, *foit*, m., a leaf.—L. *milfolium*, *milfolium*, milfoil; from *mille*, a thousand, and *folium*, a leaf. See **Foil**. ¶ The true E. name is *yarrow*, q. v.

MILITATE, to contend, fight, be opposed to. (L.) Modern. Added by Todd to Johnson's Dict. [But *militant*, chiefly used of 'the church militant,' occurs in Barnes, Works, p. 253, col. 2.]—L. *militans*, pp. of *militare*, to serve as a soldier, fight.—L. *milita*, stem of *miles*, a soldier. Root uncertain. Der. *militant*, from L. *militant*, stem of pres. pt. of *militare*. From L. *militi* we have also *milit-ar-y*, All's Well, i. 1. 132; *milit-ar-ist*, a coined word, All's Well, iv. 3. 161. Also *mil-it-ia*, q. v.

MILITIA, a body of soldiers for home service. (L.) 'Except his *militia* of natives he of good and valiant soldiers'; Bacon, Essay 39, Of Greatness of Kingdoms.—L. *militia*, (1) warfare, (2) troops, army.—L. *militi*, stem of *miles*, a soldier. See **Militate**. Der. *militi-men*.

MILK, a white fluid secreted by female mammals for feeding their young. (E.) ME. *milk*, Chaucer, C. T. 360 (A 358). OMer. *milk* (in Sweet, O. E. Texts). AS. *meole*, sometimes *meoluc*; Grein, ii. 240.—Du. *melk*; OSax. *miluk*; Icel. *mylk*; Dan. *milk*; Swed. *milk*; Goth. *miluks*; G. *milch*. Tent. stem **meluk*, f. Allied to AS. *melcan*, str. vb., pt. t. *meate*; G. *melken* (pt. t. *melk*, pp. *gemolken*). OHG. *melchan*, to milk; orig. 'to stroke,' from the action employed in milking a cow. β. Tent. type **melkan*, pt. t. **melk*, str. vb.; allied to Gk. *ἀμειβω*, to milk, L. *mulgere*, to milk; Lith. *milsa-ti*, to milk, OIrish *bhig-im*, I milk. From √MELG; Brugmann, i. § 608. The older sense appears in Skt. *mṛj*, to wipe, rub, stroke, sweep; from √MERG, to rub, wipe. Der. *milk-er*, *milk-y*; *milk-maid*, *milk-pail*, *milk-tree*; *milk-sop*, q. v.; *milk*, q. v.

MILKSOP, an effeminate man. (E.) 'Alas, she seith, that cuer I was shap to wedde a *milksop*, or a coward ay'; Chaucer, C. T. 13916 (B 3100). The lit. sense is 'bread soaked in milk'; hence, a soft, effeminate man. From ME. *milk*, milk; and *soppe*, a sop, bread soaked in milk. See **Milk** and **Sop**.

MILL, a machine for grinding corn, &c. (L.) ME. *melle* (riming with *telle*); Chaucer, C. T. 3921 (A 3923). Also *mulle*, in comp. *windmille*, a windmill, Rob. of Glouc. p. 547, l. 11383. *Mill* is a corruption, for ease of pronunciation, of *millu*, still in use provincially; cf. the name *Millner*, equivalent to the commener *Miller*. Similarly, ME. *melle* is for ME. *mulder*, which occurs in Sir Gawain, ed. Morris, 2203. In P. Plowman, A. ii. 80, we have as various readings the forms *mulnere*, *mylnere*, *myllere*, *mellere*, a mill. AS. *myln*, a mill; 'Moleidunum, myln'; Voc. 337. 19. Also spelt *myll*, Grein, ii. 270. Not an E. word, but borrowed from Late L. *molina*, for L. *molina*, a mill; whence also Icel. *mylna*, a mill. Extended from L. *mola*, a mill, lit. 'that which grinds'; cf. *malere*, to grind.—√MEL, to grind, rub; whence also Lithuan. *malu*, Iml. Goth. *malan*, G. *mahlen*, to grind, Brugmann, i. § 121 (2). Der. *mill-cog*, *mill-dam*, *mill-race*, *mill-stone*, *mill-wright*, *mill-wheel*. Also *mill-er*, *mill-er's*, *thumb* (a fish). See **Meal** (1).

MILLENNIUM, a thousand years. (L.) In Johnson's Dict.—Mod. L. **millennium*, a period of a thousand years.—L. *millē*, a thousand; and *annus*, a year; see **Annual**. The same change of vowel occurs in *bi-ennial*, *tri-ennial*, &c. Der. *millenni-al*. ¶ We also find *millenary*, Itp. Taylor, Sermons, vol. ii. ser. 12 (R). This

is from *L. millinaris*, belonging to a thousand, a derivative of pl. adj. *millari*, extended from *mille*, a thousand.

MILLET, the name of a plant. (F.-L.) In Holland, tr. of Pliny, bk. xviii. c. 7. = *F. millet*, 'millet, mill'; Cot. Dimin. of *F. mil*, 'mill, millwort'; Cot. = *L. millium*, millet; whence also *AS. mil*, millet (bosworth). + Gk. *μῆλον*, millet. Root uncertain. Der. *milli-ary*, directly from *L. millium*.

MILLINER, one who makes bonnets, &c. (Ital.) In Shak. Wint. Th. iv. 4. 192. 'A milliner's wife'; Ben Jonson, Every Man (ed. Wheatley), i. 3. 120; see the note. A milliner or millaner was formerly of the male sex. Spelt *millener* in Phillips; *millenier* in Minshew. Origin somewhat disputed; but probably for *Milano*, a dealer in wares from *Milan*, in Italy. *Milan* steel was in good repute at an early period; we find 'And a Millaine knife fast by my knee' in the Percy Folio MS., ed. Hales and Furnivall, i. 68; where a note says: 'The dealers in miscellaneous articles were also called milliners, for their importing Milan goods for sale, such as brooches, niglets, spurs, glasses, &c.; Saunders's Chaucer, p. 241.' Chapman has: 'Milan, a rich state of haberdashers.' The Ball, Act v. See examples in Palmer, Folk-Etymology. The Ital. *Milano*, *L. Mediolanum*, is a name of Celtic origin; see Bacmeister, Kelt. Briefe, pp. 71, 102. We must also remember that the old sense of milliner was a haberdasher, or seller of small wares; see Minshew, ed. 1627, whose suggestion that milliner is derived from *L. mille* (a thousand) is to be rejected, though it shows that their wares were of a very miscellaneous character, and that they had 'a thousand small wares to sell.' ¶ We also have the term *mantua-maker*, as if from the Italian town of Mantua, but this is a corruption of Ital. *manto*. Der. *milliner-y*.

MILLION, a thousand thousand. (F.-L.) ME. *millioun*; Chaucer, C. T. 7267 (D 1688). = *F. million*, 'a million'; Cot. = Late *L. millionem*, acc. of *milio*; DuCange. Evidently a coined word, extended from *L. mille*, a thousand. See *Mile*. Der. *million-th*; *million-aire*, from *F. millionnaire*.

MILREIS, a Portuguese coin. (Port.-L.) Formerly *milree*. 'Mill-Ree or a Thousand Rees, a Portuguese coin, worth 6s. 8½d. sterling'; Phillips (1706). Now worth ab. 5s. 6d. = Port. *milreis*; from *mil*, a thousand, and *reis*, pl. of *real*, 'a Port. coin called real, equal to 27/400d.'; Vieira. He also gives: 'mil reis, a milree, equal to 5s. 7½d.'; (1857). = *L. mille*, a thousand; *régalem*, acc. of *regalis*, royal. See *Real* (2).

MILT (1), the spleen. (E.) ME. *milte*, O. Eng. Miscellany, ed. Morris, p. 178, l. 171. *AS. milte*; 'Splen, milte'; Voc. 160, 35. + Du. *mill*, the spleen; Icel. *milte*, the spleen; Dan. *mil*; Swed. *mälte*; G. *müls*, milch; OHG. *milci*. Teut. stem **melto-*, **metljon-*. β. All from the verb to melt, in the sense 'to digest'; cf. Icel. *melta*, (1) to melt for brewing, (2) to digest; see *Melt*.

MILT (2), soft roe of fishes. (MDu.) In Walton's Angler, with the spelling *mylt*, see Todd. Palsgrave has: 'Mytle (in) a fysshe, laicte de poisson.' In this sense, it was prob. borrowed from MDu. *milte*, 'the milt of a fish', Hexham; cf. Norw. *mylte*, the same. Doubtless confused with *milk*, sometimes used with the same sense; cf. *Lactes*, mylke of fishes; Voc. 591. 16. This use of the word is known elsewhere. Cf. Swed. *mjöl*, milk; *mjölke*, milt of fishes; *mjöl*, a milt, lit. milk-fish; Dan. *fiske-melk*, soft roe, lit. fish-milk. So also G. *milch*, (1) milk, (2) milt of fishes; MDu. *meleker von een visch*, 'the milt of a fish', Hexham; Low G. *melk*, milk, also milt (lilben). Der. *milte*, vb., *milt-cr*.

MIMIC, imitative, apt in imitating. (L.-Gk.) 'Mimic Fancy'; Milton, P. L. v. 110. The sb. *mimick* occurs in Milton, Samson, 1325; and once in Shak. Mids. Nt. Dr. iii. 2. 19, spelt *mimick* in the folios. = *L. mimicus*, farcical. = Gk. *μῆμικός*, imitative, belonging to or like a mime. = Gk. *μῆμος*, an imitator, actor, mime. Der. *mimic*, sb., *mimic*, vb., *mimic-ry*. We sometimes find *mime*, directly from Gk. *μῆμος*; also *mimic-ry*, from Gk. *μῆμικός*, imitative, from *μῆμος*, an imitator.

MINARET, a turret on a mosque. (Span.-Arab.) Added by Todd to Johnson; it occurs in Swinburne's Travels through Spain; letter 44. = Span. *minarete*, a high slender turret. = Arab. *manārat*, a candle-stick, lamp, light-house, a turret on a mosque; Rich. Dict. p. 1496. = Arab. *manār*, the same, id.; connected with *nār*, fire, p. 1496. = Heb. *manārāh*, a candle-stick, from *nār*, to shine.

MINCE, to chop small. (F.-L.) ME. *mincen*; the pp. *mincid*, = OF. *mincier*, MF. *mincer*, 'to mince, to shred'; Cot. = Late *L. type* **minūtāre*, to mince, make small (see Schwan, § 199); from Late *L. minūtus*, a small piece. = *L. minūtus*, small; see *Minute*. Cf. *F. dial. mincer* (Berry); Norm. *dial. mincher*, to break up (Moisy). ¶ From the same root we have *AS. mincer*, to become small, to fail. It only occurs twice: 'wēgriga wile minsode' = the comeliness of the accursed ones failed; Daniel, 268, ed. Grein; and again,

'swiðe ne minsade' = it did not greatly fail; Reimold, 29. From the adj. *min*, small, Grein, ii. 252. Cf. Du. *min*, less; *L. min-or*, less; see *Minish*. See Körtling, § 6202. Der. *mince-ing* = taking small steps, Isa. iii. 16; *mince-pie*, formerly *minced-pie*, Spectator, no. 629; *mince-meat*, formerly *minced-meat* (Baret).

MIND, the understanding, intellect, memory. (E.) ME. *mind*, *mynd*, often in the sense of memory; Chaucer, C. T. 1908, 4972 (A 1066, B 552). *AS. gemynd*, memory, mind, thought (where the prefixed *ge-* makes no difference); Grein, ii. 432. Formed (with the usual vowel-change of *u* to *y*) from *AS. manan*, to think, *gemanan*, to remember; id. i. 431; ii. 268. + Goth. *gamundis*, remembrance, f.; from *gamanan*, to remember. Teut. type **mundi-*, f.; for **mun-thiz*, by Verner's law. Idg. type **mun-ti-*; cf. *L. mens* (decl. stem *menti-*), mind; Skt. *ma-ti-*, f., mind. β. All from the weak grade of *√MEN*, to think; cf. Skt. *man*, to think, *L. me-min-i*, I remember. Der. *mind*, verb, from the sb.; cf. *AS. gemyndgian*, to remember, Grein, ii. 433; *mind-ed*; *like-mind-ed*; *mind-ful*, Shak. Lucrece, l. 1583; *mind-ful-ly*, *mind-ful-ness*; *mind-less*, Pricke of Conscience, 2088. From the same root, mental, mentor, mania, mandarin, money, *nint* (1), mendacious, com-ment, &c.

MINE (1), belonging to me. (E.) ME. *min*, pl. *mine*, Chaucer, C. T. 1146 (A 1144); frequently shortened to *my*, as in id. 1145. *AS. min*, poss. pron. (declinable), Grein, ii. 252; from *AS. min* (unchangeable), gen. case of the 1st pers. pronoun; see *Me*. + Goth. *meins*, poss. pron. (declinable), mine; from *meina*, gen. case of 1st personal pronoun. So in other Teut. tongues. Doublet, *my*.

MINE (2), to excavate, dig for metals. (F.-C.) In King Alisaunder, l. 1216; cf. l. 1218. And therupon anon he had his mynours for to go and myne; Gower, C. A. ii. 198; bk. v. 2120. = *F. miner*, 'to mine, or undermine'; Cot. Cf. Ital. *minare*, Spain. and Port. *minar*, to mine. All of Celtic origin, according to Thurneysen (p. 67). Cf. Irish and Gael. *mein*, ore, vein of metal; OIrish *minach*, ore (Windisch); *W. mun*, ore, a mine; *W. munglawdd*, a mine (from *clawdd*, a pit); Bret. *men-gleuz*, a mine (cf. *cleuz*, hollow), pron. *men-gle* in the dialect of Vannes. Celtic type **meini* (Stokes). Der. *mine*, sb.; *min-er*, ME. *minour*, as above; *min-ing*; *min-er-al*, q.v. Also counter-mine, under-mine.

MINERAL, what is dug out of mines. (F.-C.) ME. *mineral*. 'The thriddle stone in special by name is cleped mineral' Whiche the mettals of every mine Attrempteth, til that he ben fyue; Gower, C. A. ii. 87; bk. iv. 2554. = *F. mineral*, 'a mineral'; Cot. Formed as adj. to accompany the sb. *miner*, 'a mine of metals or minerals', Cot. = *F. miner*, to mine; see *Mine* (2). Cf. Span. *minera*, a mine. Der. *mineral-ise*, *mineral-ist*, *mineral-logy* (where the final *i* is dropped, owing to the *l* following), a coined word from Gk. *λόγος*, discourse, from *λίγην*, to speak; *minera-logi-c-al*, *minera-log-ist*.

MINEVER, MINIVER, the same as *Meniver*, q.v.

MINGLE, to mix, confuse. (E.) Common in Shak.; both trans. and intrans. K. Lear, i. 1. 242; Macb. iii. 4. 3. Spelt *myngell* in Palsgrave; but cf. *mengling*, sb., a mingling, More, Life of Rich. III, ed. Lumby, p. 70. A frequentative form, lit. 'to mix often', from the older verb *ming*, ME. *mengen*, *mingen*. 'The busy beeh, her honye now she minges'; Surrey. Desc. of Spring; see Spec. of Eng. ed. Skeat, p. 217 (C), l. 11. The MF. verb occurs as *ming*, imp., in Henrysoun. Test. of Cresseid, l. 613; it is more often *mengen*, and mostly used in the pp. *mingit* (contracted form of *menged*), or *meind*, or *meynd*, Gower, C. A. ii. 262; bk. v. 4049. *AS. mengan*, to mix, also to become mixed; also spelt *mengen*, *mawgan*, Grein, ii. 231. β. The vowel-change (of *a* to *e* or *i*) shows that *mengan* is a causal verb, derived from the older form *mang*, a mixture, preserved in the forms *ge-mang*, *ge-mong*, a mixture, crowd, assembly (where the prefixed *ge-* makes no difference), Grein, i. 425. + Du. *mengelen*, to mingle; from *mengen*, to mix; OFries. *mengia*, to mix; cf. *mong*, prep. among; Icel. *menga*, to mingle; G. *mengen*, to mingle. γ. These forms are all due to the sb. *mang*, a mixture, crowd, as above. ¶ Not allied to *mix*, nor to Gk. *μῆμικος*. Der. *mingl-ing*; *com-mingle*, q.v. And see *Among*, *Monger*, and *Mongrel*.

MINIATURE, a painting on a small scale. (Ital.-L.) 'Miniature (from *minium*, i. e. red lead), the art of drawing pictures in little, being done with red lead. Miniated, painted or inlaid, as we read of porcellane dishes *miniatured* with gold'; Blount's Gloss. ed. 1674. = Ital. *miniatura*, a miniature; cf. Ital. *miniato*, pp. of *miniare*, 'to die, to paint, to colour or limne with vermilion or sinople or red lead'; Florio. = *L. minium*, cinnabar, red lead. β. Said to be an Iberian word, the Romans getting their *minium* from Spain; see Pliny, b. xxxiii. c. 7.

MINIKIN, a little darling. (Du.) In Baret (1580). Florio translates Ital. *minigone* by 'a minion, a fauorit, a minikin, a darling.' = Du. *minnekyne*, a cupid; Sewall's Du. Dict.; 'Minne, Minneken, my love'; Hexham's Du. Dict. ed. 1668. Dimin. of Du. *minne*, love,

cognate with OHG. *minna*, love, allied to E. *mind*. See **Mind**.

Minion. Der. *minikin*, adj., i.e. dear little, K. Lear, iii. 6. 45.
MINIM, a note in music; $\frac{1}{4}$ th of a drachm. (F.-L.) *Minim* in Palsgrave. The *minim* was once the shortest note, a quarter of the *breve*, or short note. The modern *semibreve* is so long a note that the *breve* is out of use. Formerly also spelt *minim*; Romeo, ii. 4. 81, second quarto (Schmidt).—OF. *minime*; 'minime blanche', a minime in music [so called from its open head]; *minime noire*, a croche [because wholly black]; Cot.—L. *minimium*, *minimorum*, acc. of *minimus*, *minimus*, very small; a superlative form with Idg. suffix *-mo-* (Brugmann, ii. § 72) from a base *min-*, small. See **Minor**. Doublet, *minimium*, directly from L. neut. *minimus*, the smallest thing.

MINION, a favorite, flatterer. (F.-OHG.) Palsgrave has *mignyon*. In Shak. Temp. iv. 98; see Trench. Select Glossary.—F. *mignon*, 'a minion, favorite'; Cot.—F. *mignon*, adj., 'minion, dainty, neat, spruce; also pleasing, gentle, kind'; Cot. [The use as a sb., with a sinister sense, appears more clearly in Ital. *mignone*, 'a minion, a favorite, a dilling, a minikin, a darling'; Florio.] β . The F.-OHG. *-one*, is a mere suffix; the base *mign-* is due to MHG. *minne*, OHG. *minna*, *minni*, memory, remembrance, love; well-known by its derivative *minnesinger*=singer of love. γ . This OHG. *minna*, memory, is allied to L. *me-min-i*, and to E. *mind*; see **Mind**, **Minikin**.

MINISH, to make little, diminish. (F.-L.) In Exod. v. 19; see Bible Word-book. ME. *minushen*. 'Minusid, or maad lusse'; Wyclif, John, iii. 30, earlier version. Chaucer has the comp. *amenuise*, Pers. Tale, I. 377 (Six-text).—F. *minuier*, 'to minish, extenuate'; Cot. Cf. Ital. *minuare*, to mince, cut small.—Late L. **minutiare*, not found; cf. Late L. *minutiare*, to reduce to fragments.—L. *minutus*, smallness.—L. *minutus*, small (whence F. *menu*); see **Minute**, **Minor**. Der. *di-minu-i*; see *mince*.

MINISTER, a servant. (F.-L.) ME. *minister*, Chaucer, C. T. 1665 (A 1663); Rob. of Brunne, tr. of Langtoft, p. 312, l. 13. [Afterwards altered to the L. form].—F. *ministre*.—L. *ministerium*, ncc. of *minister*, a servant. β . Formed with compar. suffix *-ter* from **min-ec*, related by gradation to *min-us*, adv. less, and to *min-or*, adj.; see **Minor**, **Minim**. Der. *minister*, pl. ME. *ministres*, Rob. of Brunne, p. 83, from F. *ministre*, L. *ministre*; *minister-al*, *minister-i-al*; *minist-ar*, from the stem of pres. pt. of L. *ministrare*; *minist-ar-ation*, from L. acc. *ministratorem*, from *ministrare*; *minist-ar-ive*; *minist-ry*. Also *ministrel*, q.v.

MINIVER, the same as **Meniver**, q.v.
MINK, a small stoat-like animal. (Low G.) 'Powlcats, weasels, and minks'; Capt. J. Smith, Works, p. 60. 'Myukes, a furre, minkes'; Palsgrave.—Low G. *mink*, *meuke*, a sort of otter (Lilblen). Cf. MDan. *mink*, Swed. *menk*, a mink (Kalkar).

MINNESINGER, a German lyric poet of early times. (G.) 'Songs of the *Minnesingers*'; Longfellow, Hyperion; bk. i. ch. 8 (conclusion). They composed love-songs in the 12th and 13th centuries.—G. *minne*, love; *singer*, a singer. See **Minikin**, **Minion**.

MINNOW, the name of a very small fish. (E.) There are two similar names for the fish in early books; one corresponds to *minnow*, and is prob. a pure E. word; the other corresponds to OF. *menuse*. 1. ME. *menow*, spelt *menawe* in a Nominale of the 15th cent., in Voc. 704. 44; spelt *menoun*, pl. *menounys*, Barbour's Bruce, ii. 577. The suffix *-ow* cannot be traced to the earliest period; we find only AS. *myne*. 'Capito, myne, vel felpüte' [eel-pout]; Voc. 180. 38. We also find, in Ælfric's Colloquy (Voc. 94. 13), the acc. pl. *mynas* and *elepitan* as a gloss to Late L. *menas* of *capitones*. This AS. *myne* is cognate with OHG. *minuwa*, a minnow (Kluge). It is not a mere borrowing from L. *mena*. Similarly, the AS. *pyle*, a pillow, answers to E. *pillow*. 2. The ME. *menuse* occurs (spelt *menuse*) in the Prompt. Parv. p. 333; and (spelt *menuse*) in the Babees Book, ed. Furnivall, p. 168, l. 747. Cf. 'Hec menusa, a myens'; Voc. 763. 33.—OF. *menuse*, 'small fish of divers sorts, the small fric of fish'; Cot. Clearly connected with L. *minutia*, smallness, also, a small particle; from L. *minutus*, minute; see **Minute**. ¶ The Late L. *mena*, L. *menent*, is not the same word, being borrowed from Gk. *menē*, a small sea-fish, often salted.

MINOR, less, inferior. (L.) Like *major*, it was a term familiar in logic. It occurs in Sir T. More, Works, p. 504 d.—L. *minor*, less; compar. from a base *min*, small, not found in Latin, but occurring in the very form *min* in NFriesic and Low G.—F. *minur*, less (no positive); Gotl. *minniza*, less (no positive). β . All from **mi*, weak grade of $\sqrt{\text{MEI}}$, to diminish; Brugmann, i. § 84. Der. *minor-i-ty*, Rich. III, i. 3. 11, coined in imitation of *major-i-ty*.

MINOTAUR, a fabulous monster. (L.-Gk.) ME. *Minotaure*, Chaucer, C. T. 982 (A 980).—L. *Minotaurus*.—Gk. *Minotaurus*, a monster, half man, half bull; born, according to the story, of

Pasiphaë, wife of Minos.—Gk. *Mirra*, for *Mirra*, Minos, king of Crete; and *vaipor*, a bull.

MINSTER, a monastery. (L.-Gk.) ME. *minster*; in the name *West-minster*, of frequent occurrence; P. Plowman, B. iii. 12; &c. AS. *mynstre*, Grein, ii. 371. Borrowed early from L. *monasterium*, a monastery. See **Monastery**, which is a doublet.

MINSTREL, a musical performer. (F.-L.) ME. *minstrel*, *minstral*; spelt *mystral*, P. Plowman, B. prol. 33; *minstral*, Chaucer, C. T. 1039a (F 78); *menestral*, Ayenbite of Inwyt, p. 192. The pl. *menestraws* occurs in Ancron Riwle, p. 84, l. 11.—OF. *menestral*, 'a minstrel'; Cot. Also *menestral* (whence pl. *menestraws*).—Late L. *ministrālis*, *ministrālis*, a retainer; hence applied to the lazy train of retainers who played instruments, acted as buffoons and jesters, and the like.—L. *minister*, a servant; see **Minister**. Der. *minstrel-ry*, Lydgate, London Lylckpeny, st. 12; see Spec. of English, ed. Skeat, p. 26; spelt *minstralcy*, Chaucer, C. T. 2673 (A 2671).

MINT (1), a place where money is coined. (L.) ME. *mint*; spelt *mynt*, Myrc's Instructions for Parish Priests, l. 1775; *menet*, Ayenbite of Inwyt, p. 241. AS. *mynet*, *mynt*, a coin; Matt. xxii. 19. Not an AS. word, but borrowed from L. *moneta*, (1) a mint, (2) money. β . *Moneta* was a surname of Juvo, in whose temple at Rome money was coined. The lit. sense is 'the warning one, from *monere*, to warn, admonish, lit. 'to cause to remember'; cf. L. *memini*, I remember. See Bréal; and Brugmann, ii. § 79. Cf. G. *minze*, mint; MDu. *munte*. Der. *mint*, vb., *mint-er*, *mint-age*. Doublet, *minty*.

MINT (2), the name of an aromatic plant. (L.-Gk.) ME. *mynte*, *mynte*, Wyclif, Matt. xxiii. 23. AS. *mynte*, Matt. xxiii. 23; Voc. 2. 7. Not an E. word, but merely borrowed from L. *menta*, *mentha*, Matt. xxiii. 23 (Vulgate).—Gk. *mirra*, *mirra*, mint.

MINUET, the name of a dance. (F.-L.) 'Menuet or Minuet, a sort of French dance, or the tune belonging to it.'—F. *menue*, 'smallish, little, pretty'; Cot. Dimin. of F. *menu*, small.—L. *minutus*; see **Minute**.

MINUS, the sign of subtraction. (L.) Mathematical.—L. *minus*, less; neuter of *minor*, less; see **Minor**.

MINUSCULE, small, as applied to a letter in early MSS. (L.) 'Minuscule letters arcursive forms of the earlier uncials'; Is. Taylor, The Alphabet, i. 71.—L. *minuscula* (sc. *littera*), fem. of *minusculus*, rather small; dimin. of *minus* (*minor*), less.

MINUTE, very small, slight. (J.) An accentuation on the first syllable occurs in 'With *minute* drops'; Milton, II Penseroso, l. 130. But the word first came into use as a sb., in which use it is much older. ME. *minute*, meaning (1) a minute of an hour, (2) a minute of a degree in a circle. 'Four minutes, that is to say, minutes of an hour'; Chaucer, On the Astrolabe, pt. i. § 7. l. 8. 'A degree of a signe conticneth 60 minutes'; id. pt. i. § 8. l. 11.—L. *minutus*, small (whence F. *menu*); Late L. *minuta*, fem., a small portion, a mite (of money). Pp. of *minuere*, to make small.—L. *min-*, small, only found in *min-or*, less, *min-imus*, least; but cognate with NFries. *min*, small.—Gk. *μικρὸν*, to make small.— $\sqrt{\text{MEI}}$, to diminish; cf. Skt. *mi*, to hurt. See **Minor**, **Minish**. Der. *minute-ly*, *minute-ness*; and from the sb., *minute-book*, *minute-glass*, *minute-gun*, *minute-hand*.

MINX, a pert, wanton woman. (Low G.) In Shak. Tw. Nt. iii. 4. 133; Oth. iii. 3. 475. An adaptation of Low G. *minsk*, (1) m., a man, (2) n., a pert female. Cf. G. *mensch*, neut., a wench; Du. *mensch*, n. (vulgar), a woman; *het oude mensch*, the old woman (Calisch). The G. *mensch* was orig. an adj. = *mann-isch*, from *mann*, a man. Cf. AS. *menisc*, human, from *manu*, a man; EFries. *minke*, *minsk*, a man; West Flem. *minsch* (De Bo).

MIOCENE, less recent, in geology. (Gk.) A coined word, signifying 'less recent'.—Gk. *μειον*, for *μειον*, less; and *καιν-ος*, new, recent.

MIRABOLAN, in Hakluyt; see **Myrobolan**.

MIRACLE, a wonder, prodigy. (F.-L.) In very early use. ME. *miracle*, Chaucer, C. T. 4897 (B 477). The pl. *miracles* is in the A. S. Chron. an. 1137 (last line).—F. *miracle*.—L. *mirāculum*, anything wonderful. Formed with suffixes *-cu* and *-lu* (= Idg. suffixes *ko-*, *lo-*) from *mirā-ri*, to wonder at.—L. *mirus*, wonderful (base *smi-ro*).— $\sqrt{\text{SMEI}}$, to smile, laugh, wonder at; see **Smile**. Cf. Skt. *smi*, to smile, whence *smaya-*, wonder. Der. *miracul-ous*, Mach. iv. 3. 147, from F. *miraculeux*, 'miraculous' (Cot.), answering to a L. type **miracul-ōsus*, not used; *miracul-ous-ly*, *ness*. From L. *mirāri* we have also *amir-are*, *mirr-or*.

MIRAGE, an optical illusion. (F.-L.) Modern.—F. *mirage*, an optical illusion by which very distant objects appear close at hand; in use in 1753 (Hatzfeld).—F. *mirer*, to look at.—Late L. *mirāre*, to behold.—L. *mirāri*, to wonder at. See **Miraole**, **Mirror**.

MIRE, deep mud. (Scand.) ME. *mirre*, *myre*; Chaucer, C. T. 510 (A 508); *myre*, Rob. of Brunne, tr. of Langtoft, p. 70, l. 18; *myre*, Will. of Walerne, 3507; = Icel. *myrr*, mod. *myrr*, a bog, swamp; Swed. *myra*, a bog, marsh; Dan. *myr*, *myre*, a marsh; -OHG. *mius*, *miig*, *myr*, moss, swamp; NFries. *myrre*; AS. *mēos*, moss. Teut. base **meu* > **meuz* > **meur*-. Allied to *Moss*, q.v. The sense is 'mossy ground', bog, deep mud. I cannot find authority for an alleged AS. *myrr*, mire. Der. *mirre*, vb., Much Ado, iv. 1. 135; *myr*-. Tann. Shrew, iv. 1. 77.

MIRKY; see *Murky*.

MIRROR, a looking-glass. (F.-L.) ME. *mirour*, *myroure* (with one r); P. Plowman, B. xl. 8. -OF. *mirour*, later *mirair*, 'a myrror'; Cot. This form answers to a L. type **mirātūrium*, not found. Evidently from the Late L. *mirāre*, to behold. = L. *mirari*, to wonder at. See *Miraole*.

MIRTH, merriment, pleasure, jollity. (E.) ME. *mirthe*, Chaucer, C. T. 775 (A 773). AS. *myrges*, *myrr*, *mirh*, *mirig*, *mirth*, Grein, ii. 271. Formed from AS. *myrges*, merry. Cf. Gael. and Irish *meir*, merry (MacLain). See *Merry*. Der. *mirthful*, *mirthful-ly*, -ness.

MIS- (1), prefix. (E. and Scand.) The AS. prefix *mis-* occurs in *mis-dēd*, a misdeed, and in other compounds. It answers to Du., Dan., and Icel. *mis-*, Swed. *miss-*, G. *miss-*; Goth. *missa-* (with the sense of 'wrong'), as in *missa-dēds*, a misdeed. Teut. type **misso-*; Idg. type **mit-tu-*; allied to OLG. *nīdau* (G. *niden*), to avoid; L. *mittere*, to send away, pp. *missus*. Brugmann, i. § 794. Hence the verb to miss; see *Miss* (1). It is sometimes Scand., as in *mis-take*. Der. *mis-become*, -behave, -deed, -deem, -do, -give, -lay, -lead, -like, -name, -shape, -time, -understand. Also prefixed to words of F. and L. origin, as in *mis-apply*, -apprehend, -appropriate, &c. Also to Scand. words, as in *mis-call*, -hap, -take. And see *Miss* (2).

MIS- (2), prefix. (F.-L.) Not to be confused with *mis-* (1). The proper old spelling is *me-*, as in OF. *me-chief*, *mischie*. The comparison of this with Span. *meno-cabo*, diminution, Port. *menos-cabo*, contempt, &c. shows that this prefix undoubtedly arose from L. *minus*, less, used as a depreciatory prefix. At the same time, Scheler's observation is just, that the number of F. words beginning with *me-* (OF. *me-*) was considerably increased by the influence of the G. prefix *mis-* (see above) with which it was easily confused. Clear examples of this F. prefix occur in *mis-adventure*, *mis-alliance*, *mis-chance*, *mis-chief*, *mis-count*, *mis-creant*, *mis-namer*, *mis-prise*.

MISADVENTURE, ill luck. (F.-L.) ME. *misaventure*; spell *misadventure*, King Horn, ed. Lumby, l. 710; -OF. *mesaventure* (Burguy); -OF. *mes-*, prefix (< L. *minus*); and F. *aventure*, adventure. See *Mis* (2) and *Adventure*.

MISALLIANCE, an improper alliance. (F.-L.) A late word; added by Todd to Johnson's Dict. = F. *misalliance*. See *Mis* (2) and *Ally*.

MISANTHROPE, a hater of mankind. (Gk.) 'I am *mis-anthropos*': Timon, iv. 3. 53. = Gk. *μισάνθρωπος*, adj., hating mankind. = Gk. *μίσ-ειν*, to hate, from *μίσ-ος*, hatred; and *άνθρωπος*, man. See *Anthropology*. Der. *misanthropic*, *misanthropic-al*, *mis-anthropist*, *misanthropy* (Gk. *μισανθρωπία*).

MISAPPLY, to apply amiss. (Hybrid; F.-L.; with F. prefix.) In Shak. Romeo, ii. 3. 21. From *Mis* (1) and *Apply*. Der. *mis-application*.

MISAPPREHEND, to apprehend amiss. (Hybrid; F. and L.) In Phillips, ed. 1706. From *Mis* (1) and *Apprehend*. Der. *misapprehension*.

MISAPPROPRIATE, to appropriate amiss. (Hybrid; F. and L.) Late; not in Johnson. From *Mis* (1) and *Appropriate*. Der. *misappropriation*.

MISARRANGE, to arrange amiss. (Hybrid; F. and F.) From *Mis* (1) and *Arrange*.

MISBECOME, not to suit. (E.) In Shak. I. L. v. 2. 778; and in *Palsgrave*. From *Mis* (1) and *Beecome*.

MISBEHAVE, to behave amiss. (E.) In Shak. Romeo, iii. 3. 143; and in *Palsgrave*. From *Mis* (1) and *Behave*. Der. *mis-behaviour*, spell *mis-behaviour* in *Palsgrave*; and see *Behaviour*.

MISBELIEVE, to believe amiss. (E.) ME. *misbelieve*, Gower, C. A. ii. 154, l. 5; bk. v. 730. From *Mis* (1) and *Believe*. Der. *misbelief*; spell *mis-belief*, Pricke of Conscience, 5521; *misbelieve*, St. Katharine, 248.

MISCALCULATE, to calculate amiss. (Hybrid; E. and L.) Late. In Johnson. From *Mis* (1) and *Calculate*. Der. *miscalculation*.

MISCALL, to abuse, revile. (Hybrid; E. and Scand.) In Spenser, F. Q. iv. 8. 24. From *Mis* (1) and *Call*.

MISCARRY, to be unsuccessful, to fail, to bring forth prematurely. (Hybrid; F. and F.) In Shak. Meas. for Meas. iii. 1. 217. ME. *miscarien*. 'Yet had I leuer dye than I sawe them mys-carye to-fore myn eyen'; Caxton, tr. of Reynard Fox, ed. Arber,

p. 79, l. 10; and see Chaucer, C. T., A 513. From *Mis* (1) and *Carry*. Der. *miscarry-age*.

MISCELLANEOUS, various, belonging to or treating of various subjects. (L.) 'An elegant and miscellaneous author'; Sir T. Browne, Works, b. i. c. 8, part 6. = L. *miscellaneous*, miscellaneous, varied (by change of -us to -ous, as in *arduous*, &c.). = L. *miscellus*, mixed. = L. *miscere*, to mix. See *Mix*. Der. *miscellaneous-ly*, -ness. Also *miscellany*, which appears to be due to L. neut. pl. *miscellanea*, various things. 'As a miscellany-madam, [I would] invent new tyes'; Ben Jonson, Cynthia's Revels, iv. 1 (Phantaste's long speech). **MISCHANCE**, mishap, ill luck. (F.-L.) ME. *meschance*, Rob. of Glouc. p. 137, l. 14; l. 2902. -OF. *meschance*, 'a mischief, or mischance'; Cot. See *Mis* (2) and *Chance*.

MISCHIEF, an ill result, misfortune, damage, injury, evil. (F.-L.) ME. *myschief*; P. Plowman, B. prol. 67. Opposed in ME. to *bonchief*, i.e. a good result. 'Good happes and bonchief, as well as yuel happes and meschief'; Trevisa, i. 87, l. 19. -OF. *meschief*, a bad result, misadventure, damage. Cf. Span. *menos-cabo*, diminution, loss; Port. *menos-cabo*, contempt; which are varied forms of the same word. From *Mis* (2) and *Chief*. (The L. words in the compound are *minus* and *caput*.) Der. *mischievous*, a coined word, As You Like It, ii. 7. 64; *mischievous-ly*, -ness.

MISCONCEIVE, to conceive amiss. (Hybrid; F. and F.-L.) 'He that *misconceiveth*, he misdemeth'; Chaucer, C. T. 10284 (E 2410). A coined word. From *Mis* (1) and *Conceive*. Der. *misconception*.

MISCONDUCT, ill conduct. (Hybrid; E. and L.) It occurs in the Spectator; no. 256, § 4. From *Mis* (1) and *Conduct*. Der. *misconduct*, verb.

MISCONSTRUE, to interpret amiss. (Hybrid; E. and L.) In Shak. Merch. Ven. ii. 2. 197; Chaucer, Troilus, i. 346. From *Mis* (1) and *Contrue*. Der. *misconstruction*.

MISCOUNT, to count wrongly. (F.-L.) ME. *miscounten*, Gower, C. A. i. 147, l. 12; bk. i. 3112. -OF. *mescounten*, to miscount (Godefroy). From *Mis* (2) and *Count*.

MISCREANT, a vile fellow, wretch. (F.-L.) Orig. an unbeliever, infidel; see Trench, Select Glossary. Formerly also used as an adjective. 'Al miscreant [unbelieving] painymys'; Sir T. More, Works, p. 774. 'This miscreant [unbeliever] now thus baptised'; Frith's Works, p. 91, col. 1. Gower has the pl. *miscreantz*, in his Praise of Peace, 268. -OF. *mescreant*, 'miscreant, misbelieving'; Cot. β. The prefix *mis-* answers to L. *minus*, less, used in a bad sense; see *Mis* (2). By comparing OF. *mescreant* with Ital. *miscredente*, incredulous, heathen, we at once see that OF. *creant* is from L. *credens*, stem of pres. part. of *credere*, to believe; see *Creed*. And see *Recreant*.

MISDATE, to date amiss. (Hybrid; F. and F.-L.) 'Oh! how misdated on their flattering tombs!'; Young's Night Thoughts, Night, v. l. 778. From *Mis* (1) and *Date*.

MISDEED, a bad deed. (E.) ME. *medede*, Ancrer Riwle, p. 124, l. 22. AS. *misdeð*, Grein, ii. 255; -Du. *misdaan*; Goth. *misadēths*; G. *missthat*, OLG. *missittat*. From *Mis* (1) and *Deed*.

MISDEEM, to judge amiss. (E.) ME. *misdeinen*, Chaucer, C. T. 10284 (E 2410). From *Mis* (1) and *Deem*. (Icel. *misdama*.)

MISDEMEANOUR, ill conduct. (Hybrid; E. and F.-L.) In Shak. Tw. Nt. ii. 3. 106. From *Mis* (1) and *Demeanour*. ¶ It is possible that the prefix is French; see *Mis* (2). But I find no proof of it.

MISDIRECT, to direct amiss. (Hybrid; F. and L.) Added by Todd to Johnson. From *Mis* (1) and *Direct*. Der. *mis-direction*.

MISDO, to do amiss. (E.) ME. *mis-doa*, *misdo*; P. Plowman, B. iii. 122. We find 'yfe vel *mis doeth*' as a gloss to 'male aght' in the ONorthumb. glosses of John, iii. 20; -Du. *misdoen*; G. *missthan*. From *Mis* (1) and *Do*. Der. *misdo-er*, ME. *misdoer*, *mysdoer*, Wyclif, 1 Pet. ii. 12. And see *misdeed*.

MISEMPLY, to employ amiss. (Hybrid; F. and F.-L.) In Dryden, Absalom, l. 613. From *Mis* (1) and *Employ*. Der. *misemployment*.

MISER, an avaricious man, niggard. (L.) It sometimes means merely 'a wretched creature'; Spenser, F. Q. ii. i. 8. See Trench, Select Glossary. = L. *miser*, wretched. Cf. Ital. and Span. *miser*, (1) wretched, (2) avaricious. Prob. connected with Gk. *πίος*, hatred; Curtius, ii. 228. Der. *miser-ly*; *miser-y*, ME. *misérie*, Chaucer, C. T. 14012 (B 3196), from OF. *misérie* (Littre, mod. F. *miserie*), which from L. *miseria*, wretchedness; also *miser-able*, q.v.

MISERABLE, wretched. (F.-L.) Skelton has *miserably* and *miserableness*. Why Come Ye Nat to Court, 865, 1029. = F. *miserable*, 'miserable'; Cot. = L. *miserabilis*, pitiable. = L. *miserari*, to pity. = L. *miser*, wretched; see *Miser*. Der. *miserably*, *miserable-ly*.

MISFORTUNE, ill. fortune. (Hybrid; E. and F.-L.) In the Bible of 1551, Nehem. i. 3. Palsgrave has: '*Myfortune*, desfortune'; so that the prefix is not French. From **Mis-** (1) and **Fortune**.

MISGIVE, to fail, be filled with doubt. (E.) In Shak. Julius, iii. 1. 145. From **Mis-** (1) and **Give**. Der. *mis-giving*.

MISGOVERN, to govern amiss. (F.-L.) In Shak. Rich. II, v. 2. 5; and in Palsgrave, MF. *mis-governor*, recorded by Palsgrave. -OF. *mes-*, *dis-*; and F. *gouverner*, to govern; see **Mis-** (2) and **Govern**. Der. *mis-govern-ment*, Much Ado, iv. 1. 100.

MISGUIDE, to guide wrongly. (Hybrid; E. and F.-Teut.) ME. *misguide*, Gower, C. A. iii. 373, l. 14; bk. viii. 2930; where it is contrasted with *guide*. Also *misgyen*, Chaucer, C. T. 14451 (B3723). From **Mis-** (1) and **Guide**. The prefix does not seem to be French. Der. *mis-guid-ance*.

MISHAP, ill hap. (Hybrid; F. and Scand.) In Prompt. Parv. The verb *nishappen*, to mishap, fall out ill, occurs in Chaucer, C. T., A. 1646. From **Mis-** (1) and **Hap**.

MISENAH, **MISENA**, a digest of Jewish traditions; the 'second Law' (Heb.). 'Their *Mishna* or Talmud text'; Purchas, Pilgrimage, bk. ii. ch. 12. § 1. par. 7. -Heb. *mishnah*, a repetition; a second part; instruction (in oral tradition). -Heb. *shénah*, to repeat.

MISINFORM, to inform amiss. (Hybrid; E. and F.-L.) ME. *misinformen*, Gower, C. A. i. 178; bk. ii. 559. From **Mis-** (1) and **Inform**. Der. *mis-inform-at-ion*.

MISINTERPRET, to interpret amiss. (Hybrid; E. and F.-L.) In Shak. Rich. II, iii. 1. 18. From **Mis-** (1) and **Interpret**. Der. *mis-interpret-at-ion*.

MISJUDGE, to judge amiss. (F.-L.) 'And therefore no more *misjudge* any manne'; Sir T. More, Works, p. 952 h. -OF. *mes-juger*, to misjudge (Godefroy). See **Mis-** (2) and **Judge**. Der. *mis-judge-ment*.

MISLAY, to lay in a wrong place, lose. (E.) 'The *mislayer* of a meere-stone [boundary-stone] is to blame'; Bacon, Essay iv, Of Judicature. From **Mis-** (1) and **Lay**. (Icel. *misleggja*.)

MISLEAD, to lead astray. (E.) '*Misleader* [misleader] of the papacie'; Gower, C. A. i. 261; bk. ii. 3021. AS. *mislēdan*, to mislead, seduce (Bosworth). From **Mis-** (1) and **Lead**, verb.

MISLIKE, to dislike. (E.) In Shak. Merch. Ven. ii. 1. 1. ME. *mi-like*, to displease (usually impersonal); Will. of Palerne, 2039. AS. *miclician*, to displease; Exod. xxi. 8. Der. *mislike*, sb., 3 Hen. VI, iv. 1. 24.

MISNAME, to name amiss. (E.) In Skelton, A Replycacion, l. 59. From **Mis-** (1) and **Name**.

MISNOMER, a wrong name. (F.-L.) '*Misnomer*, French Law-Term, the using of one name or term for another'; Phillips, ed. 1706. It properly means 'a misnaming'; also in Blount's Nomolexicon, ed. 1691, where the prefix is said to be the F. *mes-*, which is correct. The E. word answers to an OF. *mesnomer* (Godefroy). -OF. *mes-* (< L. *minus*), badly; and *nommer*, to name, from L. *nominare*, to name. See **Mis-** (2) and **Nominate**.

MISOGAMY, a hatred of marriage. (Gk.) In Blount's Glossary (1656). From *μῖσος*, hating, from *μῖσiv*, to hate; and *γάμος*, marriage. So also *misogynist*, from *μῖσος*, hating, and *γυνή*, a woman.

MISPLACE, to place amiss. (Hybrid; E. and F.-L.) In As You Like It, i. 2. 37. From **Mis-** (1) and **Place**. Der. *misplacement*.

MISPRINT, to print wrongly. (Hybrid; E. and F.-L.) 'By misse-writing or by *misse-printyng*'; Sir T. More, Works, p. 772 b. From **Mis-** (1) and **Print**. Der. *misprint*, sb.

MISPRIZE, **MISPRIZE**, to slight, undervalue. (F.-L.) In As You Like It, i. 1. 177. Spenser has the sb. *misprize* = contempt; F. Q. iii. 9. 9. -OF. *mespriser*, to disesteem, contemn; Cot.; OF. *mespriser* (Godefroy). -OF. *mes-* (< L. *minus*), badly; and Late L. *pretiare*, to prize, esteem, from L. *pretium*, a price. See **Mis-** (2) and **Prize**, **Price**. But see below.

MISPRISION, a mistake, neglect. (F.-L.) See Blount's Nomolexicon, ed. 1691. He says: '*misprision* of clerks (Anno 8 Hen. VI. c. 15) is a neglect of clerks in writing or keeping records . . . *Misprision* also signifies a mistaking (Anno 14 Edw. III. stat. 1. cap. 6)'. -OF. *mesprision* (Godefroy); MF. *mesprision*, 'misprision, error, offence, a thing done, or taken, amiss'; Cot. β. This OF. *mesprision* or *mesprision* has the same sense and source as mod. F. *meprise*, a mistake (Littré). It is written *misprision* in Low L. (Ducange); but this is only the OF. word turned into Latin. γ. From OF. *mes-* (< L. *minus*), badly; and Late L. *presionem*, acc. of *presio*, a taking, contracted form of L. *prehensio*, a seizing. The latter is from L. *prehensum*, pp. of *prehendere*, to take. See **Mis-** (2) and **Prison**. Cf. *mispris'd*, mistaken; Mid. Nt. Dr. iii. 2. 74.

¶ *Misprison* was ignorantly confused with *misprise*, in the sense of contempt. Thus Blount, in the article already cited, says: '*misprison* of treason is a neglect or light account made of treason'; and he derives the word from MF. *mespris*, contempt. Milton wrongly has *misprison* in the sense of 'scorn'; Cent. Dict.

MISPRONOUNCE, to pronounce amiss. (Hybrid; E. and F.-L.) 'They *mis-pronounced*, and I *mislike'd*'; Milton, Apology for Smectymnus; Works (1852), iii. 268. From **Mis-** (1) and **Pronounce**. Der. *mispronunci-at-ion*.

MISQUOTE, to quote amiss, misinterpret. (Hybrid; E. and F.-L.) In Shak. 1 Hen. IV, v. 2. 13. From **Mis-** (1) and **Quote**. Der. *mis-quót-at-ion*.

MISREPRESENT, to represent amiss. (Hybrid; E. and F.-L.) In Milton, Samson, 124. From **Mis-** (1) and **Represent**. Der. *misrepresent-at-ion*.

MISRULE, want of rule, disorder. (Hybrid; F. and F.-L.) Gower has it as a verb. 'That cny king himself *misrule*'; C. A. iii. 170; bk. vii. 2509. Stow mentions 'the lord of *misrule*' under the date 1552 (R.); and it occurs in 1503, in the Privy Expenses of Elizabeth of York, p. 91; and first in 1491. From **Mis-** (1) and **Rule**.

MISS (1), to fail to hit, omit, feel the want of. (E.) MF. *missen*, Will. of Palerne, 1016. Rather a Scand. than an F. word, but the prefix *mis-*, which is closely connected with it, is sufficiently common in AS. AS. *missan* (rare). 'þy las be him *mis*', Iest aught escape his notice, or, go wrong with him; Canons under King Edgar, 32; in Thorpe, Ancient Laws, ii. 250. And in Beowulf, 2439. A weak verb, formed from a base **miht*-, weak grade of **meih-*, as in AS. and OS. *midan*, to conceal, avoid, escape notice (also in G. *meiden*, OHG. *midan*, to avoid). Cf. the prefix *mis-*, signifying amiss or wrongly. +Du. *missen*, to miss; *mis*, sb., an error, mistake; *mis*, adv., amiss; *mis*-, as prefix, amiss; Icel. *missa*, to miss, lose; *mis*, or *á mis*, adv., amiss; *mis*, prefix; Dan. *miss* (for *miss*), to lose; *mis*, prefix; Swed. *missa* (for *missa*), to lose; *missa*, adv., wrongly, amiss; *miss*-, prefix; Goth. *miss*, adv., reciprocally, interchangeably; *missa*-, prefix, wrongly; MHG. *missen*, OHG. *missan*, to miss; OHG. *miss* or *missi*, variously; OHG. *missa*-, prefix; MHG. *miss*, an error. Allied to L. *mittere*, to send; see **Missile**, and see **Mis-** (1). Brugmann, i. § 794. Der. *miss*, sb., ME. *misse*, a fault; 'to mende my *mis*' = to repair my fault, Will. of Palerne, l. 532. Also *mis-ing*.

MISS (2), a young woman, a girl. (F.-L.) Merely a contraction from *Mistress*, q.v. One of the earliest instances in dramatic writing occurs in the introduction of *Miss Prue* as a character in Congreve's Love for Love. An early example occurs in the following: 'she being taken to be the Earle of Oxford's *miss*, as at this time they began to call lewd women'; Evelyn's Diary, Jan. 9, 1662. Thus Shak. has: 'this is *Mistress Anne Page*, where we should now say '*Miss Anne Page*'; Merry Wives, i. 1. 197. Cf. 'The virtuous matron and the *miss*'; Butler, Hudibras, pt. iii. c. 1. 864.

MISSAL, a mass-book. (L.) ME. *mysalle*, Voc. 719. 33; cf. *mass-book*, MF. *messebok*, Ilvelock, 186. In Minshew, ed. 1627. In Sherwood's Index to Cotgrave we find E. *missal*, given as equivalent to OF. *messel*, *missel*; but Cotgrave himself explains the OF. words as 'mass-book'. The E. word is rather taken directly from the familiar Latin term than borrowed from OF. -Late L. *missile*, a missal, -Late L. *missa*, the mass. See further under **Mass** (2).

MISSLE-THRUSH, **MISTLE-THRUSH**, the name of a kind of thrush. (E.) So called because it feeds on the berries of the *mistle-toe*. The name is not recorded early. 'We meet in Aristotle with one kind of thrush [*ἰσθόππος*] called the *mistlethrush*, or feeder upon *mistletoe*'; Sir T. Browne, Vulg. Errors, b. ii. c. 6. § 21 (part 3). +G. *mistel-drossel*, a mistle-thrush; from *mistel*, mistletoe, and *drossel*, a thrush. See **Mistletoe** and **Thrush**.

MISSHAPE, to shape amiss. (E.) Chiefly in the pp. *misshaped*, 3 Hen. VI, iii. 2. 170; or *misshapen*, Temp. v. 268. ME. *misshapen*, pp., spelt *mysskape* (with loss of final n), P. Plowman, B. vii. 95. From **Mis-** (1) and **Shape**. +MDu. *misscheppen*, to misshape, used by Vondel (Oudemans); G. *misschafften*, to misshape (rare).

MISSILE, that may be thrown; a missile weapon. (L.) Properly an adj., now chiefly used as a sb. Taken directly from L. rather than through the F. Cotgrave gives '*feu missile*, a squib or other firework thrown', but the word is not in Littré, and probably not common. 'His *missile* weapon was a lying tongue'; P. Fletcher, The Purple Island, c. vii. st. 68. -L. *missilis*, adj., that can be thrown; the neut. *missile* is used to mean a missile weapon (*flum* being understood). -L. *missus*, pp. of *mittere*, to throw. β. Perhaps for '*mittere*'; cf. pt. t. *mi-si* +OHG. *midan*, to avoid; see **Mis** (1). Brugmann, i. § 930. Der. From L. *mittere* are also derived *ad-mit*, *com-mit*, *e-mit*, *in-mit*, *inter-mit*, *manu-mit*, *o-mit*, *per-mit*, *preter-mit*, *re-mit*, *sub-mit*, *trans-mit*, with their derivatives; from the pp. *mis-us*

are also *mass* (2), *mess* (1), *miss-al*, *mission*, q.v., *miss-ive*, q.v., *dis-miss*, *dis-missory*, *e-miss-ar-y*, *pro-miss-ar-y*, *con-pro-miss*, *de-miss*, *pre-miss*, *re-miss*, *pro-miss*, *sur-miss*, *message*, &c.

MISSION, a sending, an embassy. (L.) In Shak. Troil. iii. 3. 189. [The MF. *mission* merely means 'expend, disbursement'; Cot.] Formed, by analogy with F. words in *-ion*, from L. *missionem*, acc. of *missio*, a sending; cf. *missus*, pp. of *mittere*, to send. See **MISSILE**. Der. *mission-er*, a missionary. Dryden, Hind and Panther, ii. 565; *mission-ary*, Tatler, no. 270, Dec. 30, 1710.

MISSIVE, a thing sent. (F.-L.) Used by Shak. to mean 'a messenger'; Macb. i. 6. 7. And in G. Douglas, Palace of Honour, pt. ii. st. 5. K. Edw. IV employs the phr. 'our lettres missives' in 1477; Orig. Letters, ed. Ellis, i. 17.—MF. *missive*, 'a letter missive, a letter sent'; Cot. Coined with suffix *-ive* (=L. *-ius*), from L. *miss-us*, pp. of *mittere*, to send; see **MISSILE**.

MISSPEND, to spend ill, to squander. (Hybrid; E. and L.) 'That folke in folyes myspenden her fyue wittes'; P. Plowman, B. xv. 74. From AS. *mis*, prefix, wrongly, amiss; and AS. *spendan*, in the compounds *āpendan*, *furspendan*; see Sweet's A. S. Reader. But *spendan* is not a true E. word; it is borrowed from L. *dispendere*. See **MIS-** (1) and **Spend**.

MIST, watery vapour, fine rain. (E.) ME. *mist*, P. Plowman, A. prol. 88; B. prol. 214. AS. *mist*, gloom, darkness; Grein, ii. 256.—Icel. *mistr*, mist; Swed. *mist*, foggy weather at sea; Du. *mist*, fog. β. Teut. type **mih-stuz*, in. Apparently from the base *mig* (Ilg. *mīht*, Skt. *mīh*) which appears in Lithuan. *mig-la*, mist (Nesselmann), Russ. *mgla* (for *mig-la*), mist, vapour, Gk. *6-μῆ-λῆ*, mist, fog, Skt. *mih-ira*, a cloud; cf. also Skt. *mīgh-a-*, a cloud. γ. All from **mih-gwīl*, to darken; different from **MEIGWīl*, which appears in L. *ingere*. Jürgmann, i. §§ 604, 633. Der. *mist-y*, AS. *mist-ig* (Grein); *mist-i-ness*.

MISTAKE, to take amiss, err. (Scand.) MF. *mistaken*, Rom. of the Rose, l. 1540.—Icel. *mistaka*, to take by mistake, to make a slip.—Icel. *mis-*, cognate with AS. *mis-*, prefix; and *taka*, to take. See **MIS-** (1) and **Take**. Der. *mistake*, sb., *mistak-en*, *mis-tak-en-ly*.

MISTER, MR., a title of address to a man. (F.-L.) The contraction *Mr.* occurs on the title-page of the first folio edition of Shakespeare (1623); but it is probably to be read as *Master*. Cotgrave explains *monsieur* by 'sir, or master.' It is difficult to trace the first use of *mister*, but it does not appear to be earlier than 1550, and is certainly nothing but a corruption of *master* or *maister*, due to the influence of the corresponding title of *mistress*. See **MASTER**, **Mistress**. β. Richardson's supposition that it is connected with ME. *mister*, a trade, is as absurd as it is needless; notwithstanding the oft-quoted 'what *mister* might'; Spenser, F. Q. i. 9. 23. ¶ It may be remarked that ME. *mister* was from OF. *mesier* (F. *métier*), L. *ministerium*, and is therefore a doublet of *ministry*.

MISTERM, to term or name amiss. (Hybrid; E. and F.-L.) In Shak. Romeo, iii. 2. 21. From **MIS-** (2) and **Term**.

MISTIME, to time amiss. (E.) ME. *mistimen*, to happen amiss, Ancren Riwle, p. 200, note c. AS. *mistimian*, to happen amiss, turn out ill (Bosworth). From **MIS-** (1) and **Time**.

MISTLE-THRUSH; see **MISSIL-THRUSH**.

MISTLETOE, a parasitic plant. (E.) In Shak. Titus, ii. 3. 95. Scarcely to be found in ME., but it must have existed. The variant form *mystylene* is in MS. Sloane 2584, p. 90; see Henslow, Medical Woes, p. 130. AS. *mistle-tōn*. 'Viscagor, mistiltan' (sic); Ælfric's Glosses, Nomina Hierbarum; in Voc. 136. 11. [The *a* is of course long; cf. E. *stone* with AS. *stān*, &c.] This should have produced *mistletoe*, but the final *n* (no) was dropped, probably because the ME. *tone* (better *toon*) meant 'toes', which gave a false impression that the final *n* was a plural-ending, and unnecessary.—Icel. *mistleinn*, the mistletoe. β. The final element is the easier to explain; it simply means 'twig'. Cf. AS. *tān*, a twig (Grein), Icel. *tein*, Du. *teen*, MHG. *zein*, Goth. *tains*, a twig, Dan. *ten*, Swed. *ten*, a spindle; all from a Teut. type **tān-oz*, in. a twig, rod. γ. The former element is AS. *mistel*, which could be used alone to mean 'mistletoe', though it was also called *āc-mistel* (oak-mistle), to distinguish it from *eorð-mistel* (earth-mistle), a name sometimes given to wild basil or calamint; see Cockayne's A. S. Leechdoms. In Danish, the mistletoe is called either *mistel* or *misteltun*. In Swed. and G. the mistletoe is simply *mistel*. δ. The word *mist-el* is clearly a mere dimin. of *mist*, which in G. has the sense of 'dung'; cf. MDu. *mest*, *mist*, dung (Hexham). As to the reason for the name, cf. 'it [the mistletoe] comes once only by the mewing of birds... which feed thereupon, and let it pass through their body'; Holland, tr. of Pliny's Nat. Hist., bk. xvi. ch. 44. ε. The G. *mist* is cognate with Goth. *maistus*, dung; which see in Uhlenbeck. Der. *mistel-thrush*, q.v.

MISTRESS, a lady at the head of a household. (F.-L.) Also written *Mrs.*, and called *Missis*. In Shak. Macb. iii. 5. 6. ME.

maistresse, Chaucer, C. T. 10691 (F 377).—OF. *maistress*, 'a mistress, dame'; Cot. (Mod. F. *maîtresse*). Formed with F. suffix *-esse* (<L. *-issa*, Gk. *-ισσα*) from OF. *maître*, a master; see **MASTER**. Der. *mistress-ship*, Titus Andron. iv. 4. 40.

MISTRUST, to regard with suspicion. (Scand.) ME. *misstrout*, Coventry Plays, ed. Halliwell, 126 (Stratmann); *misstrait*, Bruce, x. 337 (in Hart's edition, see the footnote); *misstrate*, Chaucer, C. T. 12303 (C 369). Rather Scand. than E. See **MIS-** (1) and **Trust**. Der. *mistrust*, sb.; *mistrustful*, 3 Hen. VI, iv. 2. 8; *mistrustful-ly*, -ness.

MISTY (1), nebulous, foggy. (E.) 'A ful misty morow'; Chaucer, Troil. iii. 1060. AS. *mistig*, adj.; from *mist*, mist; see **Mist**.

MISTY (2). (F.-L.-Gk.) Used for *mystic*; in the Prompt. Parv., we find a distinction made between 'mysly, nebulosus' and 'mysly, or pvevey to mannes wyttie, mysticus.' So also *mystly*, mystic, in Wyclif, Eng. Works, ed. Matthew, p. 344; and *mystly*, mystically, in the same, p. 343. Cf. *mistler*, with the double meaning, in P. Plowman, B. x. 181. See Palmer, Folk-Etymology. For the loss of the final letter, cf. E. *jolly* from OF. *joli*. See **Mystic**.

MISUNDERSTAND, to understand amiss. (E.) ME. *mis-understanden*, Rob. of Glouc. p. 42, l. 990. From **MIS-** (1) and **Understand**. Der. *misunderstand-ing*.

MISUSE, to use amiss. (F.-L.) 'That misuseth the might and the power that is geven him'; Chaucer, C. T. (Melibeus), Group II, 3040 (Six-text); Gower, C. A. ii. 279, l. 12.—OF. *mesuser*, to misuse; Godefroy.—OF. *mes-*, mis-, and *user*, to use. See **MIS-** (2) and **Use**. Der. *misuse*, sb., 1 Hen. IV, i. 1. 43, OF. *mesus*, sb. (Godefroy); *misusage*, OF. *mesusage*.

MITE (1), a very small insect. (E.) ME. *mite*, Chaucer, C. T. 6142 (D 560). AS. *mīte*. 'Tomus, mīda, mite'; Ælfric's Gloss., Nom. Insectorum; Voc. 122. 6.—Low G. *mite*, a mite; Du. *mijt*; OHG. *mīza*, a mite, midge, fly. β. The word means 'cutter' or 'biter', from the Teut. root *MIT*, to cut small; whence Goth. *malian*, to cut, Icel. *meita*, to cut, also Icel. *meitill*, G. *meisel*, a chisel. Der. *mit-y*. And see *emmet*.

MITE (2), a very small portion. (F.-Du.) ME. *mite*; 'not worth a mite'; Chaucer, C. T., A 1558. 'A mite [small coin] that he offereþ'; P. Plowman, C. xv. 97.—OF. *mite* (Godefroy).—MDu. *mijt*, a small coin, the sixth part of a doit; *mite*, *myte*, a small coin, worth a third of a *penning*, according to some, or a *pruning* and a half, according to others; anything small; *net erwer myte*, not worth a mite (Judemans). From the Teut. base *MIT*, to cut small; see **MITE** (1).

MITIGATE, to alleviate. (L.) *Mitigate* in Palgrave, 'Broke the ordinance or mitigate it'; Tyndal's Works, p. 316, col. 1.—L. *mitigatus*, pp. of *mitigare*, to make gentle.—L. *mitis*, stem of *mitis*, soft, gentle; with suffix *-ig-*, for *agere*, to make. Root uncertain. Der. *mitigation*, ME. *mitigacion*, P. Plowman, B. v. 477, from F. *mitigation*, 'mitigation'; Cot.; *mitigat-or*; *mitigat-iv*, from F. *mitigati*, 'mitigative'; Cot.; also *mitiga-ble*, L. *mitigabilis*, from *mitigare*.

MITRAILLEUSE, a machine-gun. (F.-Du.) F. *mitrailleuse*, fem. agential sb. from *mitrailer*, to fire small missiles.—F. *mitraille*, small bits of grape-shot; 'lumps consisting of divers metals' in Cot. Variant of MF. *mitaille*, 'great file-stud', Cot. Extended from OF. *mite*, a mite, small piece; see **MITE** (2).

MITRE, a head-dress, esp. for a bishop. (F.-L.-Gk.) 'Thy mytrede bishopes'; thy mitred bishops; P. Plowman, C. v. 193. 'On his mitre', referring to a bishop; Rob. of Brunne, tr. of Langtoft, p. 302, l. 2.—OF. *mitre*, 'a bishop's mitre'; Cot.—L. *mitra*, a cap.—Gk. *μίτρα*, a belt, girdle, head-band, fillet, turban. β. Perhaps allied to Gk. *μίτρος*, a thread of the wool (Pellwitz).

MITTEN, a covering for the hand. (F.) ME. *mitaine*; spelt *mitcyn*, Chaucer, C. T. 12307 (C 373); *myteyne*, P. Plowman's Crede, cl. Skent, l. 428.—OF. *mitaine*; Cot. gives 'mitaines, mittains, winter-gloves'. Cf. Gascon *mitano*, a mitten. β. Of disputed origin; see Hatzfeld, Scheler, and Körting, § 6043. Mistral has Prov. *mito*, a mitten, as well as *mitano*.

MITTIMUS, a warrant of commitment to prison. (L.) 'Take a mittimus'; Massinger, A New Way, l. 47 from end. From L. *mittimus*, we send; from the first word in the warrant, —L. *mittere*, to send; see **MISSILE**.

MIX, to mingle, confuse. (L.) In Shak. 2 Hen. IV, v. 2. 46. Rich. cites 'mixed with faith' from the Bible of 1561, Heb. iv. 2. But in earlier books it is extremely rare; Stratmann cites the pp. *mixed* from Songs and Carols, ed. Wright, no. VI. *Mix* (see N. E. D.) is a back-formation from the pp. *mixt*, in use as a law-term, as in Shillingford's Letters (Camden Soc.), App. 39: 'Any action real, personal, and myste'; A. D. 1448. Cf. AF. *mixte*, Britton, ii. 64. Hence Palgrave has: 'I myste or myngell'.—L. *mixtus*, pp. of *miscere*, to

mix. +W. *mysgu*, to mix; *cymysgu*, to mix together; Gael. *measg*, to mingle, mix, stir; Irish *measgain*, I mix, mingle, stir, move; Russ. *meshkale*, to mix; Lithuan. *maisyti*, to mix. Cf. Skt. *mīṣra*, mixed. **β.** All from a *√MEIK*, to mingle; see Brugmann, i. § 707, 760. Der. *mis-er*, *com-mis*; also *mis-ture*, Romeo, iv. 3. 21, Sir T. More, Works, p. 83 a; from L. *mixtura*, a mixing, mixture, allied to *mixtus*, pp. of *miscere*.

MIXEN, a dung-hill. (E.) In Chaucer, C. T., I 911. AS. *miſcen*, *meosen*, a dung-hill; from *meox*, dung. Allied to G. *mist*, Goth. *meisun*, dung; from the verbal root seen in AS. *miſgan*, L. *mingere*, Gk. *mixo*, to make water. Brugmann, i. § 796 (b).

MIZEN, MIZZEN, the hindmost of the fore and aft sails, in a three-masted vessel. (F.—Ital.—L.) Spelt *misen* in Minshew, ed. 1627, and in Florio, ed. 1598; *meson* in Naval Accounts of Hen. VII, p. 36. 'Meson sayle of a shyppe, *mysayne*?' Palsgrave.—MF. *misaine*, which Cotgrave defines as 'the foresale of a ship'—Ital. *mezzana*, 'a sail in a ship called the poope or misen-sail'; Florio, ed. 1598. Cf. *mezzano*, 'a meane or countenour in singing, a meane man, betwene great and little'; id. **β.** The sense had reference to its original position, which was that of 'a fore-sail' (see Cotgrave), and in mod. F. it still signifies a sail between the bowsprit and the main-mast, occupying the middle position between the jib and main-sail of a cutter.—Late L. *medius*, middle; whence also F. *moyen*, and L. *mean* (3). Extended from L. *medius*, middle; see *Mid*. Doublet, *mean* (3). Der. *mizen-mast* or *mizzen-mast*.

MIZZLE, to rain in fine drops. (E.) 'As the *misling* vpon the herbes, and as the droppes vpon the grasse'; Deut. xxxii. 2, in the Bible of 1551. 'Imuysturid with *mislyng*'; Skelton, Garland of Laurell, 668. 'To *miselle*, to *mysylle*, pluitare'; Cathol. Anglicum; p. 241. Cf. MDu. *miselen*, to drizzle (Hexham); Low G. *miseln* (Berghaus). From the base *mis-*, as in EFries. *mis-ig*, damp, gloomy; allied to EFries. *mis*, *mis-ig*, damp, moist. Cf. *Mist*.

MNEMONICS, the science of assisting the memory. (Gk.) 'Mnemonic, precepts or rules, and common places to help the memory'; Phillips, ed. 1706.—Gk. *μνημονικά*, mnemonics; neut. pl. of *μνημονικός*, belonging to memory.—Gk. *μνημονεύω*, from *μνήμη*, mindful.—(Gk. *μνησθαι*, I remember; Skt. *mnā*, to remember. From the base *mnā*, lengthened grade of *√MEN*, to think; see *Mind*).

MOAN, a complaint, a low sound of pain. (E.) ME. *mone*, Chaucer, C. T. 11232 (F 930). This corresponds to an AS. form **mān*, which does not appear with the modern sense; but the derived verb *maran*, to moan, to lament, is common; see cxx. in Grein, ii. 222. **β.** This AS. verb passed into the MF. *mener*, to moan; whence *mener hire* = bemoaned herself, made her complaint, P. Plowman, B. iii. 169. After a time this verb fell into disuse, and its place was supplied by the sb. form, used verbally. 'Than they of the towne began to *more*'; Berners, tr. of *Roissart*, vol. i. c. 348. **γ.** Some identify AS. *mēnan*, to moan, with AS. *mēnan*, to mean; see *Mean* (1); but there is no connexion in sense. Etymologist compares AS. *mān*, adj. evil, wicked, sb. evil, wickedness. Note that the Icel. *máin* (cognate with AS. *mān*, wickedness) means a hurt, harm, disease, sore, whence there is but a step to a *moan* as the expression of pain; but this is unsatisfactory. ¶ Cf. *meins* (some odd. *meaus*) in Shak., M. Nt. Dr. v. 330. Der. *moan*, verb, as explained above; also *be-moan*, q. v.

MOAT, a trench round a fort, filled with water. (F.—Teut.) ME. *mote*, P. Plowman, B. v. 595.—OF. *mote*, 'chaussée, levée, digue,' i.e. a causeway, embankment, dike, Roquefort; and see Godefroy. Norm. dial. *motte*, a moat, foss. [Just as in the case of *dike* and *ditch*, the word *mote* originally meant either the trench dug out, or the embankment thrown up; and in OF. the usual sense was certainly an embankment, hill. It is therefore the same word as mod. F. *motte*, a mound, also a clod, or piece of turf. 'Motte, a clod, lump, round sodd, or turfe of earth; also, a little hill or high place; a fit seat for a fort or strong house; hence, also, such a fort, or house of earth; . . . a butt to shoot at'; Cotgrave. The orig. sense is clearly a sod or turf, such as is dug out, and thrown up into a mound; and the word is associated with earthen fortifications, whence it was transferred to such a trench as was used in fortification. Thus Shak. speaks of 'a *moat* defensive to a house'; Rich. II, ii. 1. 48; and in P. Plowman, the 'mote' is described as being 'the manere aboute,' i.e. all round the manor-house. Cf. also: 'Mathe, a little earthen fortresse, or strong house, built on a hill'; Cotgrave.] Cf. also Low L. *motta*, *motla*, (1) a mound, (2) a mound and moat together; Ital. *motta*, a heap of earth, also a hollow, trench (as in E.); Span. *mota*, a mound; Romansch *motta*, *muotta*, a rounded hill. **β.** Of Teut. origin, but rarely found; it occurs, however, in the Bavarian *mott*, peat, esp. peat such as was dug up, burnt, and used for manure; whence *motten*, to burn peat; Schmeller, Bavarian Diet., col. 1693. This Bavarian *mott* is prob. related to E. *mud*;

see *Mud*. Cf. also MHG. *moet*, peaty earth. Der. *moat-ed*, Meas. for Meas. iii. 1. 277.

MOB (1), a disorderly crowd. (L.) Used by Dryden, in pref. to Cleomenes, 1692; as cited in Nares. A contraction from *mobile vulgus*. 'I may note that the rabble first changed their title, and were called "the mob" in the assemblies of this [The King's Head] Club. It was their beast of burden, and called first *mobile vulgus*, but fell naturally into the contraction of one syllable, and ever since is become proper English'; North's Examen (1740), p. 574; cited in Trench, Study of Words. In the Hutton Correspondence, ed. E. M. Thompson (Camden Soc.), the editor remarks that *mob* is always used in its full form *mobile* throughout the volumes (see ii. 40, 99, 124, 156); but, as Mr. Thompson kindly pointed out to me, he has since noted that it occurs once in the short form *mob*, viz. at p. 216 of vol. ii. Thus, under the date 1690, we read that 'Lord Torrington is most miserably reproached by the *mobile*' (ii. 156); and under the date 1695, that 'a great *mob* have been up in Holborn and Drury Lane' (ii. 216). In Shadwell's Squire of Alsatia (1688), we find *mobile* in A. i. sc. 1, but *mob* in A. iv. sc. 2. And see Spectator, no. 135.—L. *mobile*, neut. of *mobilis*, movable, fickle; *mobile vulgus*, the fickle multitude. See *Mobile* and *Vulgar*. Der. *mob*, verb. See Notes on E. Eym., p. 190.

MOB (2), a kind of cap. (Dutch.) 'Mob, a woman's night-cap'; Bailey's Dict., vol. ii. ed. 1731. We also say *mob-cap*.—Du. *mop-muts*, a woman's night-cap; where *muts* means 'cap'; MDu. *napp*, a woman's colf (Sewel); Low G. *mopp*, a woman's cap (Danneil). Cf. prov. I. *mop*, to muffle up (Halliwell).

MOBILE, easily moved, movable. (F.—L.) 'Fyxt or els *mohyll*'; Skelton, Why Come Ye Nat to Courte, l. 522. [The expression 'mobile people' occurs, according to Richardson, in The Testament of Love, b. 1; but the reading is really *mohil*, i.e. much; ch. 6, l. 73.]—F. *mobile*, 'movable'; Cot.—L. *mobilis*, movable (for *mobilitis*).—L. *monere*, to move; see *Move*. Der. *mobility*, from F. *mobilité*, which from L. acc. *mobilitatem*; also *mobilité*, from mod. F. *mobilité*; hence *mobilité-at-ion*. And see *mob* (1).

MOCCASIN, MOCCASSIN, MOCCASSIN, a shoe of deer-skin, &c. (N. American Indian.) Spelt *moccasin* in Fenimore Cooper, The Pioneers, ch. i. A North-American Indian word. From Powhatan *muckasin*; Algonquin *muksin* (Cuq); Micmac *mkksin* (S. T. Rand). Capt. Smith (Works, ed. Arber, p. 44) cites Indian 'moccasins, shooes'.

MOCK, to deride. (F.—L.) ME. *mokken*, Prompt. Parv.—OF. *moquer*, late *moquer*. 'Se *moquer*, to mock, flowt, trumpe, scoffe'; Cot.—According to Kurling, § 6336, it is the learned form of *moquer*, to wring the nose; Cot.—But gives the Picard form as *moquer*, and Moisy has Norm. dial. *moquer*, to wipe the nose (so that the vowel does not quite correspond); but Mistral has mod. Prov. *monca*, *moncha*, to wipe the nose, and *se monca*, to mock. Cotgrave has MF. *moquer*, 'to sayte or makee cleane the nose; also to frumpe, mocke, scoff, deride'. Cf. Ital. *moquare*, 'to blow the nose, also to mock'; Florio.—Late L. *mucare*, to blow the nose.—L. *mucus*, *nācus*, *mucus*. See *Mucus*. Der. *mock*, sb.; *mock-er*; *mock-ry*, spelt *moquerie* in Caxton, Hist. of Troye, fol. 95, l. 8, from F. *moquerie*; *mock-ing*, *mock-ing-bird*.

MODE, a manner, measure, rule, fashion. (F.—L.) 'In the first figure and the third *mode*'; Sir T. More, Works, p. 504 d; where it is used in a logical sense.—F. *mode*, 'manner, sort, fashion'; Cot.—L. *modus*, acc. of *modus*, a measure, manner, kind, way. **β.** Akin to Gk. *modus*, I think upon, plan, L. *meditor*, I meditate, Gk. *μῆδος*, a plan, *μῆδομαι*, I intend, plan, from *√MED* (Cf. Teut. MET), to measure, to plan, best exemplified in F. *mode*; cf. Icel. *múti*, a mode, manner, way; see *Mote*, Brugmann, i. § 412. Der. *mod-al*, a coined word from L. *modus*; *mod-isk*, coined from F. *mode*; *mod-el*, q. v., *mod-er-ate*, q. v., *mod-ern*, q. v., *mod-est*, q. v.; *mod-i-um*, q. v., *mod-i-ty*, q. v.; *mod-ulate*, q. v. From the L. *modus* we also have *accom-mod-ate*, *com-mod-i-um*. Doublet, *mood* (2).

MODEL, a pattern, mould, shape. (F.—Ital.—L.) See Shak. Rich. II, iii. 2. 153; Hen. V, ii. chor. 16; &c.—MF. *modèle* (F. *modèle*), 'a model, pattern, mould'; Cot.—Ital. *modello*, 'a model, a frame, a plot, a mould'; Florio. Formed as if from a L. type **modellus*, dimin. of *modulus*, a measure, standard, which again is a dimin. of *modus*. See *Modulate*, *Mode*. Der. *model*, vb., *modell-er*, *modell-ing*; *re-model*.

MODERATE, temperate, within bounds, not extreme. (L.) 'Moderat speche'; Hoccleve, Reg. of Princes, 2436. 'Moderately and with reuerence'; Sir T. More, Works, p. 361 h.—L. *moderātus*, pp. of *moderāri*, to fix a measure, regulate, control. From a stem **moder-*, answering to an older **moder-*, extended from *mod-*, as in *modus*, a measure; see *Modest*, *Mode*. Der. *moderate*, verb, Shak. Troil. iv. 4. 5; *moderate-ly*, *moderate-ness*, *moderat-or*, Sir P. Sidney, Apology for Poetrie, ed. Arber, p. 32, from L. *moderātus*;

moderate-ion, Troil. iv. 4, 2, from OF. *moderation*, 'moderation' (Cot.), which from L. acc. *moderationem*.

MODERN, belonging to the present age. (F.—L.) Used by Shak. to mean 'common-places': Macb. iv. 3. 170, &c.—F. *moderne*, 'modern, new, of this age': Cot.—L. *modernus*, modern; lit. of the present mode or fashion; formed from a stem **moder-*, for **modes-*; from *mod-*, as in *modus*, a measure; cf. *modo*, adverb, just now. See **MODERATE**. Der. *modern-ly*, *modern-ness*, *modern-ize*.

MODEST, moderate, decent, chaste, pure. (F.—L.) *Modestly* is in Gascoigne, *Fruits of Warre*, st. 208 (and last). *Modestie* is in Sir T. Blyot, *The Governour*, b. i. c. 25, § 6.—F. *modeste*, 'modest'; Cot.—L. *modestus*, modest, lit. keeping within bounds or measure. From a stem **modes-* (extended from *mod-us*), with Aryan suffix *-to*; the same stem, weakened to *moder-*, gives *moderate*, *moder-n*—L. *modus*, a measure; see **MODE**. Der. *modest-ly*, *modest-y*.

MODICUM, a small quantity. (L.) In Shak. Troil. ii. 1. 74. Merely L. *modicum*, neut. of *modi-cus*, moderate. From *modi-*, for *modus*, a measure; see **MODIFY**, **MODE**.

MODIFY, to moderate, change the form of. (F.—L.) ME. *modifien*, Gower, C. A. iii. 157; bk. vii. 2153; Chaucer, C. T. A 2542.—F. *modifier*, 'to modify, moderate': Cot.—L. *modificare*.—L. *modi-*, for *modus*, a measure; and *-fic-*, for *fac-ere*, to make. See **MODE** and **FACT**. Der. *modifier*, *modifi-able*; *modifi-ation*—F. *modification*, 'modification' (Cot.), from L. acc. *modificatiōnem*.

MODULATE, to regulate, vary. (L.) 'To modulate the sounds': Grew, *Cosmographia Sacra* (1701), b. i. c. 5, sect. 16 (R). [But the verb was prob. suggested by the sh. *modulation*, given as both a F. and E. word by Cotgrave; from the L. acc. *modulatiōnem*.]—L. *modulatus*, pp. of *modulāri*, to measure according to a standard.—L. *modulus*, a standard; dimin. of *modus*, a measure. See **MODE**. Der. *modul-ation*, as above; *modul-ator*, from L. *modulātor*. So also *module*, from F. *module*, 'a model or module' (Cot.), from L. *modulus*. Also *modulus* = L. *modulus*.

MOGUL, a Mongolian. (Maugolia.) In Sir T. Herbert, *Travels*, ed. 1665, p. 75; Milton, P. L. xi. 391. 'Mr. Limberham is the mogul [lord] of the next mansion'; Dryden, *Kind Keeper*, iv. 1. The word *Mogul* is only another form of *Mogol*; the *Great Mogul* was the emperor of the Moguls in India. The Mogul dynasty in India began with Baber in 1525; † Haydn, *Dict. of Dates*. Cf. Pers. *Moghul*, a Mogul; Rich. Pers. *Dict.* p. 1460.

MOHAIR, cloth made of fine hair. (Arab.) The E. spelling is a sophisticated one, from a ridiculous attempt to connect it with F. *hair*; just as in the case of *cray-fish*. Spelt *mohaire* in Skinner, ed. 1691; older spelling *mochaire*, Hakluyt, Voy. ii. 273; who seems to have borrowed the MF. *moisiere*, cited by Skinner; the mod. F. is *moire*. Other MF. forms are *mokire*, *moakire*, cited by Scheler. The name was given to a stuff made from the hair of the Angora goat (Asia Minor).—Arab. *mukhuyyar*, 'a kind of coarse camelot or hair-cloth'; Rich. *Dict.* p. 1369, col. 2. See Devic, in Supp. to Littre. Doubtless, *moire*, from F. *moire*.

MOHAMMEDAN, a follower of Mohammed. (Arab.) From the well-known name.—Arab. *muhammad*, praiseworthy; Rich. *Dict.* p. 1358.—Arab. root *hamada*, he praised; id. p. 581.

MOHUR, a gold coin current in India. (Pers.) From Pers. *mohr*, *muhur*, 'a seal, a gold coin current in India for about £1 16s.'; Rich. *Dict.* p. 1534, col. 1; Pers. *mohr*, *muhur*, a seal, a gold coin worth 16 rupees (H. H. Wilson).—Skt. *mudrā*, a seal.

MOIDORE, a Portuguese gold coin. (Port.—L.) 'Moidore, a Portugal gold coin, in value 27 shillings sterling'; Bailey's *Dict.*, vol. ii. ed. 1731.—Port. *moeda d'ouro* or *moeda de ouro*, a moidore, £1 7s. Lit. 'money of gold'—L. *moneta*, money; *de*, of; *aureum*, gold. See **MONEY** and **AUREATE**.

MOLETY, half a portion. (F.—L.) See K. Lear, l. 1. 7, where it means 'a part' merely. It means 'a half' in Ailfr's Well, iii. 2. 69.—AF. *moyle*, Year-books of Edw. I. ii. 441; F. *moitie*, 'an half, or half part'; Cot.—L. *medietatem*, acc. of *medius*, a middle course, a half.—L. *medius*, middle; see **MEDIATE**.

MOLL, to toil, to drudge. (F.—L.) Skinner, ed. 1691, explains *moll* by 'buigheit laborare', i.e. to toil, drudge. But it is prob. nothing but a vulgar use of the word *mollis*, given in Minshew, ed. 1627, with the sense 'to defile, to pollute'; cf. *mol*, 'to drudge, to dawb with dirt'; Phillips, i. 317, 1706. As Mr. Wedgwood suggests, *moll*, to drudge, is probably 'only a secondary application from the laborious efforts of one struggling through wet and mud'; or simply, from the dirty state in which hard labour often leaves one. † We find earlier quotations for both senses; Halliwell cites 'we molye and toyle' from the Marriage of Wit and Humour, A. D. 1579. Rich. quotes from Gascoigne: 'A simple soule much like myself did once a serpent find, Which, almost dead for cold, lay molying in the myre'; i.e. wallowing in the dirt; see Gascoigne, ed. Hazlitt, i. 94. So also Spenser uses *molye* for 'to wallow'; see his Hymn of Heavenly

Love, st. 32. Still earlier, the sense is simply to wet or moisten. ME. *mollen*, to wet. 'A monk ... *mollid* al hir patis', i.e. moistened all their heads by sprinkling them with holy water; Intro. to Tale of Beryn, ed. Furnival, p. 6, l. 139.—OF. *moller*, *moller* (Littre), later *mouiller*, 'to wet, moisten, soak'; Cot. The orig. sense was 'to soften', which is effected in the case of clay, &c., by wetting it. The OF. *moller* answers to a L. type **molliare*, to soften (not found), formed directly from L. *mollis*, stem of *mollis* (OF. *moll*), soft. See **MOLLIFY**.

MOIRE, watered silk. (F.—E.—Arab.) A later F. form of E. *Mohair*, q. v.; in a slightly altered sense. Körtzing suggests that, in the sense of 'watered silk,' it may represent L. *marmoreus*, shining like marble, from *marmor*, marble; because *moire* cannot well represent the Arabic form. But Hatzfeld derives F. *moire* from F. *mohair*; which explains the matter. We then reborrowed this F. form *moire*.

MOIST, damp, humid. (F.—L.) ME. *moiste*; 'a *moiste* fruit with alle'; P. Plowman, B. xvi. 68. The peculiar use of ME. *moiste* is suggestive as to the derivation of the F. word. It means 'fresh' or 'new'; thus the Wife of Bath's shoes were 'ful *moiste* and newe'; Chaucer, C. T. 459 (A 457). The Host liked to drink 'moiste and comyalc'; id. 12449 (A 315). And again 'moiste ale' is opposed to old ale; id. 17009 (H 60).—OF. *moiste* (Littre), later *moite*, 'moist, liquid, humid, wet'; Cot. But the old sense of F. *moiste* must have agreed with the sense with which the word was imported into English. Etym. disputed. Either (1) from L. *musteus*, of or belonging to new wine or must, also new, fresh; as *musteus cæcus*, new cheese (Pliny).—L. *mustum*, new wine; a bent. form from *mustus*, adj., young, fresh, new. See Körtzing, § 641; and cf. Prov. *moisti*, moist, allied to *moist*, new wine (Mistral). β. Or (2) from L. *mucosus*, mucidus, mouldy; from L. *mucus*, mucus (Körtzing); see **MUOUS**. γ. Or from L. **mucosus*, for L. *mucidus*, the same (Hatzfeld). Perhaps the two L. words condensed in French (N. F. D.). Der. *moist-ly*, *moist-ness*; *moist-en*, Spenser, F. Q. iii. 6. 34, where the final -en is really of comparatively late addition (by analogy with other verbs in -en), since Wyclif has 'bigan to *moiste* his feet with teeris', Lanke, vii. 38; *moist-ure*, Gower, C. A. iii. 109; bk. vii. 730; from OF. *moisteur*, mod. F. *moiteur* (Littre).

MOLAR, used for grinding. (L.) 'Molar teeth or grinders'; Bacon, Nat. Hist. § 752.—L. *molaris*, belonging to a mill, molar.—L. *mola*, a mill.—√ME. *l*, to grind; see **MILL**. Brugmann, i. § 690.

MOLASSES, syrup made from sugar. (Port.—L.) Also *molasses*; in Phillips, ed. 1706. It ought rather to be *melasses*; as in Steadman's Surinam, i. 317 (1796). Spelt *mollasses*, Hakluyt, Voy. ii. pt. 2, p. 4. As it came to us from the West Indies, where the sugar is made, it is either a Port. or a Spaa. word. The Span. spelling is *melaza*, where the z (though now sounded like *th* in *both*) may well have had (ab. 1600) the sound of F. *ss*; as see **LASSO**. (F. also Port. *melago*, molasses; where the g is sounded like E. *ss*; and this Port. form better represents the L. neuter sh. [We also find Ital. *melassa*, F. *melasse*.]—L. *mellicum*, a kind of must (Lewis); neuter of *mellicus*, made with honey, hence honey-like; cf. Port. *melado*, mixed with honey. Formed with ending -ie-as from *mel*-, *mel*, honey. See **MELIFLUOUS** (with which cf. also *marmalade*, another decoction).

MOLE (1), a spot or mark on the body. (E.) ME. *mole*. 'Many moles and spots'; P. Plowman, B. xiii. 315. [As usual, the ME. *n* answers to AS. *ū*.] AS. *mol*, also written *mol* (where *an* = *ū*). *Stigmatum*, ful *maol* on ragel?—a foul spot on a garment; Alfisic's Gloss., in Voc. 125. 19.—O.H.G. *meil*, a spot; Goth. *maia*, a spot, blemish. Tent. type **mailon*, n. Root unknown.

MOLE (2), a small animal that burrows. (E.) *Mole* seems to be quite distinct from another name of the animal, viz. *moldwarp*. Shak. has both forms, viz. *mole*, Temp. iv. 104; and *moldwarp*, 1 Hen. IV, iii. 1. 149. Palgrave has *mole*. In the 15th cent., we find 'Talpa, *mulle*'; Voc. 639. 14.—M.Du. and Du. mod.; Low G. *mull* (Berghaus). Tent. type **mullaz* or **mulliz*, m. (Frank). Prob. related to M.Du. *mul*, 'the dust or crumbling of turf'; Hexham; ME. *mul*, AS. *myl*, dust; which are further related to **MOULD** (1). The sense may have been 'earth-grubber' or 'crumbler', from the weak grade of √MEL, to pound; see **MOLAR**. Cf. EFries. *mullen*, to grub; *mulle*, a child that grubs in the ground; *mulle*, *mull*, a mole; Low G. *moldwarp*, a mole (1 Daniel). 2. The other form appears as ME. *moldwarp*; Wyclif, Levit. xi. 30. From ME. *molde*, mould; and *werpen*, to throw up, mod. E. to *warp*. See **MOULD** and **WARP**. So also M.Du. *moldwarp* (Kilian); Icel. *moldwarp*, a mole, similarly formed. (Cf. Swed. *mull-skrud*, *mull-vad*, a mole; from *mull*, mould. And note Icel. *myla*, to crush. Der. *mole-hill*, Cor. v. 3. 30.)

MOLLE (3), a breakwater. (F.—Ital.—L.) 'Mole or peer' [pier]; Blount's Gloss., ed. 1674. 'The Mole, that . . . defendeth the haven'; Sandys, Trav. (1632); p. 355.—MF. *mole*, 'a peer, a bank, or causey

on the sea-side; Cot. *F. môle*.—Ital. *molo*, *mole*, 'a great pile'; Florio.—*L. mōlem*, acc. of *mōles*, a great heap, vast pile. A word of doubtful origin. Der. From *L. mōles* we also have *molecule*, q.v.

MOLECULE, an atom, small particle. (L.) Formerly written *molecula*. *Molecula*, in physics, a little mass or part of anything; Bailey's Dict. vol. ii. ed. 1751. A coined word; formed with double dimin. suffix *-cul* (in imitation of *particula*, a particle) from *L. mōles*, a heap. See *Mole* (3). Der. *molecul*-ar.

MOLEST, to disturb, annoy. (F.—L.) *ME. molestēn*, Chaucer, Troilus, b. iv. l. 880.—*F. molester*, 'to molest'; Cot.—*L. molestāre*, to annoy.—*L. molestus*, adj., troublesome, burdensome. *β*. Formed (with suffix *-tus* = *Idg. -to-s*) from a stem *molest-*, which is usually associated with *mōles*; see *Mole* (3). Der. *molest*-er; *molest*-at-ion, Oth. ii. l. 16.

MOLLA, the same as *Mullah*, q.v.

MOLLIFY, to soften. (F.—L.) In Isa. i. 6 (A. V.). 'It [borage] *mollyfeth* the healy; Sir T. Eliot, Castell of Hethli, b. ii. c. 9. Hoccleve has *mollifis*, Reg. of Princes, 2638. [The sb. *mollification* is in Chaucer, C. T. 16322; G 854.]—OF. *mollifier*, 'to mollify'; Cot.—*L. mollificāre*, to soften.—*L. mōllis*, for *mollis*, soft; and *-fic*, for *facere*, to make. *β*. *L. mōllis* is akin to Skt. *mṛdu-*, soft; O. Ch. Slav. *mīlād*, young, tender (Russ. *molodoi*); and to Gk. *mēdēs*, E. *melt*; see *Melt*. Brugmann, ii. § 690. Der. *mollif*-able, *mollif*-er; also *mollif*-at-ion, allied to *mollificatus*, pp. of *mollificāre*. And see *moll*, *mollusc*.

MOLLUSC, an invertebrate animal, with a soft fleshy body, as a snail. (L.) Modern. Not in Todd's Johnson. Cf. *F. mollusque*, a mollusc (Littre).—*L. mollusca*, a kind of nut with a soft shell, which some molluscs were supposed to resemble; from *molluscus*, softish; allied to *mollēscere*, to become soft.—*L. mollis*, soft; see *Mollify*.

MOLTEN, melted. (E.) In Exod. xxxii. 4; &c. The old pp. of *melt*; see *Melt*.

MOLLY, the name of a certain plant. (L.—Gk.) In Spenser, Sonnet 26.—*L. mōly*.—Gk. *μῶλυ*; Homer, Od. x. 305; cf. Skt. *mīla-na*, an edible root.

MOMENT, importance, value, instant of time. (F.—L.) 'In a moment'; Wyclif, I Cor. xv. 52.—*F. moment*, 'a moment, a minute, a jot of time; also moment, importance, weight'; Cot.—*L. mōmentum*, a movement, hence an instant of time; also moving force, weight. *β*. For *momentum*; formed with the common suffix *-ment* from *mōvere*, to move; see *Move*. Der. *moment*-ary, Temp. i. 2. 202, from *L. mōmentarius*; *moment*-ar-i-ly, -ness; *moment*-ary (obsolete), Mids. Nt. Dr. i. 1. 143, from *L. mōmentāneus*; *moment*-ly; *momentous*, from *L. mōmentōsus*; *momentous*-ly, -ness. Doublets, *momentum* (= *L. mōmentum*); also *moment*.

MONAD, a unit, &c. (L.—Gk.) The pl. *monades* was formerly used as synonymous with digits. 'Monades, a term in arithmetic, the same as digits'; Phillips, ed. 1706.—*L. monad*, stem of *monas*, a unit.—Gk. *μῶνα*, a unit.—Gk. *μῶνος*, alone, sole. See *Mono*.

MONARCHY, sole government, a kingdom. (F.—L.—Gk.) The word *monarchy* is (perhaps) older than *monarch* in English. Sir David Lindsay's book entitled 'The Monarch', written in 1552, treats of monarchies, not of monarchs; see l. 1979 of the poem. *ME. monarchie*, Gower, C. A. i. 27; prol. 695.—*F. monarchie*, 'a monarchie, a kingdom'; Cot.—*L. monarchia*.—Gk. *μοναρχία*, a kingdom.—Gk. *μῶναρχος*, adj., ruling alone.—Gk. *μῶν*, for *μῶνος*, alone; and *ἀρχεῖν*, to be first. See *Mono* and *Arch*-. Der. *monarch*, Hamlet, ii. 2. 270, from *F. monarche* < *L. monarchia*, from Gk. *μῶναρχος*, a sovereign; *monarch*-al, Milton, P. L. ii. 428; *monarch*-ic, from *F. monarchique* (Cot.), Gk. *μῶναρχικός*; *monarch*-ic-al; *monarch*-ise, Rich. II. iii. 2. 165; *monarch*-ist.

MONASTERY, a house for monks, convent. (L.—Gk.) The older word was *minster*, q.v. Sir T. More has *monastery*, Works, p. 135 c. Also in Caxton, Golden Legend; Mary Magd. § 12. Englished from *L. monasterium*, a minster.—Gk. *μοναστήριον*, a minster.—Gk. *μῶναστήρις*, dwelling alone; hence, a monk.—Gk. *μῶναίς*, to be alone.—Gk. *μῶνος*, alone. See *Mono*-. Der. From Gk. *μῶναστήρις* we also have *monast*-ic, As You Like It, iii. 2. 441.—Gk. *μῶναστικός*, living in solitude; hence *monast*-ic-al, *monastic*-ism, Doublet, *minster*.

MONDAY, the second day of the week. (E.) *ME. monenday*, Rob. of Glouc. p. 405, l. 10180; later *Monday*, *Monday*. *AS. Mōnan dæg*, Monday; *rubric* to John, vii. 32. The lit. sense is 'day of the Moon'.—*AS. mōnan*, gen. of *mōna*, the moon (a masc. sb. with gen. in *-an*); and *dæg*, a day. See *Moon* and *Day*.

MONETARY, relating to money. (L.) Modern; not in Todd's Johnson. Imitated from *L. monetarius*, which properly means 'belonging to a mint', or a mint-master.—*L. monēta*, (1) a mint, (2) money; see *Mint* (1).

MONEY, current coin, wealth. (F.—L.) *ME. moneie*; Chaucer,

C. T. 705 (A 703).—OF. *monēie*; mod. *F. monnaie*.—*L. monēta*, (1) a mint, (2) money. See further under *Mint* (1). Der. *money*, *bag*, Merch. Ven. ii. 5. 18; *money*-ed, Merry Wives, iv. 4. 88; *money*-changer; *money*-less. Also *monetary*, q.v.

MONGER, a dealer, trader. (L.) Generally used in composition. *ME. wol-monger*, a wool-monger; Rob. of Glouc. p. 539, l. 11173. *AS. mangere*, a dealer, merchant; the dat. case *mangere* occurs in Matt. xiii. 45. Formed with suffix *-ere* (= mod. E. *-er*) from *mangian*, to traffic, barter, gain by trading, Luke, xix. 15. Cf. *mangung*, merchandise, Matt. xxi. 5. *β*. The form *mangian* is from *L. mangere*, a dealer, of *mangere* is a translation or equivalent. ¶ Prob. sometimes confused with *AS. mengian*, to mingle, already treated of under *Mingle*, q.v.; *AS. mang*, a mixture, preserved in the forms *ge-mang*, *ge-mong*, a mixture, crowd, assembly, Grein, i. 425. Der. *cheese-monger*, *fell-monger*, *fish-monger*, *iron-monger*, &c.

MONGOOSE; see *Mongoose*.

MONGREL, an animal of a mixed breed. (E.) In Macbeth, iii. 1. 93. Spelt *mungrel*, *mungril* in Levens, ed. 1570. The exact history of the word fails, for want of early quotations; but we may consider it as short for 'mong-er-el', with double dimin. suffixes as in *cock-er-el*, *pick-er-el* (a small pike), so that it was doubtless orig. applied to puppies and young animals. *β*. As to the stem *mong-*, we may refer it to *AS. mang*, a mixture. The sense is 'a small animal of mingled breed'. See *Mingle*. ¶ We also find late *ME. mengrell*, Book of St. Albans, fol. 14, back. If not an error for *mongrell*, it is from *AS. mengian*, to mix; from *mang*, as above.

MONITION, a warning, notice. (F.—L.) 'With a good monicion'; Sir T. More, Works, p. 245 g. Caxton has *monycion*, Golden Legend, St. Juliana, § 2.—*F. monition*, 'a monition, admonition'; Cot.—*L. monitiōnem*, acc. of *monitio*, a reminding; cf. *monitus*, pp. of *monēre*, to remind; lit. to bring to mind or make to think.—*β*. MEN, to think. Brugmann, ii. § 794. Der. *monit*-or, from *L. monitor*, an adviser, from *monēre*; hence *monit*-or-y, Bacon, Henry VII. ed. Lumby, p. 73, l. 6; *monit*-or-ship; *monit*-or-ess (with fem. suffix *-ess* = *F. -esse*, *L. -issa*, Gk. *-issa*); *monit*-or-i-al. And see *Admonish*. The doublet of *monition* is *mentor*.

MONK, a religious recluse. (L.—Gk.) *ME. monk*, Chaucer, C. T. 165. *AS. munec*, Grein, ii. 269; also *munec*, Sweet's A. S. Reader.—*L. monachus*.—Gk. *μῶναχος*, adj. solitary; sb. a monk. Extended from Gk. *μῶν*-os, alone; see *Mono*-. Der. *monk*-ish; *monk*'s-hood. Also (from *L. monachus*) *monach*-ism. And see *monastery*, *minster*.

MONKEY, an ape. (Low G.—F.—Ital.—L.) Spelt *munkie* in Levens and Baret, *monkey*, *munkie*, in Palsgrave; perhaps not found much earlier. Borrowed from Low G. *Monke*, the name of the ape's son in Reinke de Vos (1479); where *-ke* is for *-ken*, dimin. suffix; so that the F. version has *Monnekin* (Godefroy). Formed (with Low G. suffix *-ke* = *-ken* = G. *-chen*) from *MF. monne*, an ape.—*Ital. monna*, *mona*, 'an ape, a munkie, a pug, a kitten [kitten], a munkie-face; also a nickname for women, as we say gammer, goodie, good-wife such a one'; Florio. He notes that *mona* is also *spl* *monna*; cf. mod. Ital. *monna*, mistress, dame, ape, monkey (Meadows). [Cf. also Span. *mona*, Port. *mona*, a she-monkey; Span. and Port. *monio*, a monkey.] The order of ideas is: mistress, dame, old woman, monkey, by that degradation of meaning so common in all languages. *β*. The orig. sense of Ital. *monna* was 'mistress', and it was used as a title; Scott introduces *Monna Paula* as a character in the Fortunes of Nigel. As Diex remarks, it is a familiar corruption of *madonna*, i. e. my lady, hence, mistress or madam; see *Madonna*, *Madam*. ¶ The Span. and Port. *mona* were, apparently, borrowed from Italian; being feminine sbs., the masc. sb. *mona* was coined to accompany them. The Ital. has also *monichio*, 'a pugge, a munkie,' Florio; which is the Ital. equivalent of the Low G. form.

MONO-, prefix, single, sole. (Gk.) From Gk. *μῶν*, for *μῶνος*, single. Shortened to *mon* in *mon-arch*, *mon-ocular*, *mon-ody*; see also *mon-ad*, *mon-astery*, *mon-k*. Words with this prefix are numerous; e.g. *mon-ceros*, a unicorn, from Gk. *κέρας*, a horn; *mon-ochrome*, painting in one colour, from *χρῶμα*, colour; *mon-ecious*, having stamens and pistils in different flowers on the same plant, from *οἶκος*, a house, dwelling.

MONOCHORD, a musical instrument with one chord. (F.—L.—Gk.) Spelt *monacorde*; in Hall's Chron. Hen. VII. an. 1. § 9.—*F. monocorde*, *L. monochordon*.—Gk. *μονόχορδον*.—(Gk. *μῶν*:- and *χορδή*, the string of a musical instrument. See *Mono*- and *Chord*).

MONOCOTYLEDON, a plant with one cotyledon. (Gk.) Modern and botanical. See *Mono*- and *Cotyledon*.

MONOCULAR, with one eye. (Hybrid; Gk. and L.) A coined word; used by Howell (R.). From Gk. *μῶν*, for *μῶνος*, from *μῶν*, sole; and *L. oculus*, an eye. See *Mono*- and *Ocular*.

MONODY, a kind of mournful poem. (Gk.) 'In this monody,' &c.; Milton, Introd. to Lycidas. So called because sung by a single

Thorpe, *Ancient Laws*, i. 31. — AS. *mōt*, a meeting, an assembly; usually spelt *gemōt*, a word familiar in the phrase *wileana gemōt*, an assembly of wise men, a parliament. + Icel. *mót*, a meeting, court of law; MHG. *mūaz*, *mūz*, a meeting. β. From a Teutonic type **mōtom*, n. Der. *moot-able*, *moot-case*, i.e. case for discussion; *moot-point*, i.e. point for discussion; *moot-hall*, a hall of assembly, law court. Also met, q.v. ¶ Observe that *meet* is a mere derivative of *moot*, as shown by the vowel-change.

MOP (1), an implement for washing floors, &c. (F.—L.) In Torriano's Ital. Dict., the word *pannatore* is explained by 'a maulkin, a mop of rags or cloths to rub withal,' ed. 1688. Halliwell gives prov. E. *mop*, a napkin, as a Glouc. word. 'Not such mops as you wash houses with, but maps of countries;' Middleton, Span. Gipsy (acted in 1623); A. ii. sc. 2. Most likely borrowed from OF. *mappe*, a napkin, though this word was later corrupted to *nappe*. See *Nappe* in Littré, who cites the spelling *mappe* as known in the 15th century, though the corrupt form with initial *n* was already known in the 11th century. Both *mappe* and *nappe* are from L. *mappa*, a napkin; whence also *Map* and *Napkin*, the former being taken from the form *mappe*, whilst the latter was due to *nappe*. L. *mappa* is a word of Punic origin. See *Map*. We find Walloon *map*, a table-cloth, *mappe*, a napkin (Remacle); W. Flem. *moppe*, a (ship's) mop (De Bo). ¶ Cf. *strap*, *knop*, with *strap*, *knop*. The Celtic forms are from F. Der. *mop*, verb.

MOP (2), a grimace; to grimace. (E.) Obsolete. 'With mop and mow;' Temp. iv. 27. Also as a verbal sb.; 'mopping and mowing;' K. Lear, iv. 104. The verb to mop is allied to *Mope*, q.v. Hence also ME. *moppe*, a foolish person; in Weber, Met. Rom. iii. 56.

MOPE, to be dull or dispirited. (E.) In Shak. Temp. v. 240. Allied to ME. *mopisch*, foolish; Beker, i. 78. We also find *mop*, to grimace; see *Mop* (2). Cf. 'in the mops, sulky;' Halliwell. + Du. *moppen*, to pout; whence to grimace, or to sulk; MSwed. *mopa*, to mock (Ihre); Westphal. *māpen*, to grimace; Dan. *maabe*, to mope; cf. prov. G. *muffen*, to sulk (Flügel). Also ME. *mappen*, to bewilder, stupefy; Legends of the Holy Rood, p. 216. And see *Mow* (3). Der. *mop-ish*, *mop-ish-ness*.

MORAINÉ, a line of stones at the edges of a glacier. (F.—Teut.) Modern; well known from books of Swiss travel. — F. *moraine*, a moraine; Littré. [Cf. Port. *morraria*, a ridge of shelves of sand; morro, a great rock, a shelf of sand; Ital. *mora*, a pile of stones. (But not Span. *morron*, a hillock).] β. Of Teut. origin; cf. Bavarian *mur*, sand and broken stones, fallen from rocks into a valley; Schmeller, Bayerisches Wörterbuch, col. 1642. Schmeller notes the name *moraine* as used by the peasants of Chamouli, according to Saussure. γ. The radical sense is 'mould' or 'crumbled material'; hence fallen rocks, sand, &c.; cf. G. *mürbe*, soft, OHG. *murraet*, soft, brittle; Icel. *murja*, to crush (Körting).

MORAL, virtuous, excellent in conduct. (F.—L.) 'O moral Gower;' Chaucer, Troilus, b. v. last stanza but one. — F. *moral*, 'moral'; Cot. — L. *moralis*, relating to conduct. — L. *mūr*, from *mūs*, a manner, custom. Root uncertain. Der. *moral*, sb., *morals*, sb. pl.; *moral-er*, i.e. one who moralises. Oth. ii. 3. 301; *moral-ly*; *morale* (a mod. word, borrowed from F. *morale*, morality, good conduct); *moral-ise*, As You Like It, ii. 1. 44; *moral-ist*; *moral-ity*, Meas. for Meas. i. 2. 138, from F. *moralité*, 'morality,' Cot.

MORASS, a swamp; bog. (Du.—F.—Teut.) 'Morass, a moorish ground, a marsh, fen, or bog;' Phillips, ed. 1706. Todd says that P. Heylin, in 1656, noted the word as being 'new and uncouth;' but he omits the reference. It occurs in a list of 'uncouth words' at the end of Heylin, Obs. on the Hist. of K. Charles I, published by II[ammond] [Lestranger]; but Heylin should rather have attributed it to Fuller. — Du. *moeras*, marsh, fen (Sewel). The older Du. form is *moerasc*, adj., 'moorish' (Hexham); as if from the sb. *moer*, 'mire, dirt, or mud' (id.). But this *moerasc* is an altered form of MDu. *marasc*, *moerasc*, a marsh, pool (Kilian). — OF. *maresque*, *maresche*, adj., marshy; also, as sb.; a marsh, a pool; Low L. *mariscus*. — Teut. **mar*, the sea; see *Marish*. Cf. G. *morast*, from Du. or Low G. (see *Morast* in Kluge); whence also Swed. *moras*; Dan. *morads* (a corrupt form). Doublet, *marish*.

MORIBID, sickly, unhealthy. (F.—L.) 'Morbid (in painting), a term used of very fat flesh very strongly expressed;' Bailey's Dict., vol. ii. ed. 1731. — F. *moribide*, sometimes similarly used as a term in painting (Littré). — L. *moribundus*, sickly (which has determined the present sense of the F. word). — L. *morbus*, disease. Allied to *mor-i*, to die, *mors*, death; see *Mortal*. Brugmann, ii. § 701. Der. *morbid-ly*, *morbid-ness*; also *morbi-fic*, causing disease, a coined word from *morbi-*, for *morbus*, and L. suffix *-fic-us*, due to *facere*, to make.

MORDACITY, sarcasm. (F.—L.) Little used. It occurs in Cotgrave. — F. *mordacité*, 'mordacity, ease detraction, bitter tears'; Cot. — L. acc. *mordacitatem*, from nom. *mordacitas*, power to bite. —

L. *mordaci-*, decl. stem of *mordax*, biting; with suffix *-iūs*. — L. *mordere*, to bite. Cf. Skt. *mardaya*, to rub, break in pieces; from *mr̥d*, to rub. Brugmann, ii. § 794. (✓MERD, SMERD.) β. Prob. from the same root as F. *Smart*, q.v. Der. *mordaci-ous*, little used, from the stem *mordaci-*; *mordaci-ous-ly*. Also *mordant*, biting, F. *mordant*, from L. *mordent-*, stem of pres. pt. of *mordare*, to bite.

MORE, additional, greater. (E.) The mod. E. more does duty for two ME. words which were, generally, well distinguished, viz. *mo* and *more*, the former relating to number, the latter to size. 1. ME. *mo*, more in number, additional. 'Mo than thries ten' = more than thirty in number; Chaucer, C. T. 578 (A 576). AS. *mā*, both as adj. and adv., Grein, ii. 201. Thus 'þær byð wundra mā' = there are wonders more in number, lit. more of wonders (Grein). This AS. *mā* was originally an adverbial form; it is cognate with Goth. *mais*, more, adv. 2. ME. *more*, larger in size, bigger; 'more and lesse' = greater and smaller, Chaucer, C. T. 6516 (D 934). [The distinction between *mo* and *more* is not always observed in old authors, but very often it appears clearly enough.] AS. *māra*, greater, larger; Grein, ii. 212. Cognate with Icel. *meiri*, greater; Goth. *muiza* (stem *muizon-*), greater. See *Most*. Allied to Olrikh *mür*, *mör*, W. *mawr*, great; AS. *mære*, illustrious. ¶ *Mo* is an adverbial, but not a positive form; the positive forms are *muck*, *nickle*, many. The *-r* in more represents Teut. *-z*, which in the adv. **mais* (being final) was (regularly) lost in AS. Brugmann, i. § 200. Der. *more-over*.

MOST, the superl. form, answers to ME. *moste*, Chaucer, C. T. 2200 (A 2198), also spelt *meste*, *maste*, *measte*, in earlier authors (see Stratmann). AS. *mūst*, most; Grein, ii. 226. Cognate with Du. *meest*, Icel. *meistr*, G. *meist*, Goth. *maista*; Teut. type **mais-toz*, the superl. form allied to the comp. **maiz-on* (above). Altered from ME. *māste* to later *māst* by the influence of *more* and *mo*.

MOREL, an edible fungus. (F.—OHG.) 'Spungy moréls;' Gay, Trivia, iii. 203. [Properly *morels*, but confused with another *morel*, the name of a herb, but lit. 'mulberry-colored'; MF. *morelle*, 'the herb morell, garden nightshade,' Cot. (cf. MF. *morelles*, 'morell cherries,' Cot.), ultimately from L. *mūrūm*, a mulberry.] — F. *morille*, 'the smallest and daintiest kind of red mushroom'; Cot. — OHG. *morhila* (G. *morchel*), a morel; from OHG. *morha*, a root, a carrot, allied to AS. *more*, an edible root. See *morchel* in Kluge.

MORGANATIC, used with reference to a marriage of a man with a woman of inferior rank. (Low L.—G.) 'When the left hand is given instead of the right, between a man of superior and a woman of inferior rank, in which it is stipulated that the latter and her children shall not inherit the rank or inherit the possessions of the former. The children are legitimate. Such marriages are frequently contracted in Germany by royalty and the higher nobility. Our George I was thus married;' Haydn, Dict. of Dates. — Low L. *morganatica*. Ducange explains that a man of rank contracting a morganatic marriage was said 'accipere uxorem ad morganaticam.' This L. word was coined, with suffix *-atica*, from the G. *morgen*, morning, which was in this case understood as an abbreviation for MING. *morgengabe*, morning-gift, a term used to denote the present which, according to the old usage, a husband used to make to his wife on the morning after the marriage-night; esp. if the wife were of inferior rank. This G. *morgen* is cognate with E. *more*; see *Morn*.

MORIAN, a blackamoor, a Moor. (F.—L.) 'The Morians' land;' Ps. lxxviii. 31 (P. B.). — OF. *Morien*, a Moor (Godefroy); also *Moraine* (15th cent.). From a Late L. type **Mauritānus* or **Mauritānius*, a man of Mauritānia, the country of the *Mauri* or Moors. (A Student's Pastime, p. 254.)

MORION, an open helmet, without visor. (F.—Span.) In Spenser, Muipopotmos, l. 322. — F. *morion*, 'a murrian, or head-peace;' Cot. — Span. *morion*. Cf. Port. *morrião*, Ital. *morione*, a morion. The word is Spanish, if we may accept the very probable derivation of Span. *morion* from *morra*, the crown of the head. The latter word has no cognate form in Ital. or Port. Cf. Span. *morro*, anything round; *moron*, a hillock. Perhaps from Basque *murua*, a hill, heap (Diez).

MORMONITE, one of a sect of the Latter-day Saints. (E.; but a pure invention.) The *Mormonites* are the followers of Joseph Smith, 'called the prophet, who announced in 1823, at Palmyra, New York, that he had had a vision of the angel Moroni. In 1827 he said that he found the book of *Mormon*, written on gold plates in Egyptian characters;' Haydn, Dict. of Dates, q.v. We may call the word F., as used by English-speaking people; but it is really a pure invention. β. Joseph Smith's own explanation was that it meant 'more good;' from E. *more*, and Egypt. *mon*, good. (This was probably an afterthought.) See The *Mormons*; London, 1851. Der. *Mormon-ism*.

MORN, the first part of the day. (E.) ME. *morn*, a North E. form. 'On the morn' = on the morrow; Barbour's Bruce, i. 601;

to-morn = *to-morrow*; id. l. 621. *Morn* and *morrow* are merely doublets; the former being contracted from *ME. morwen*, and the latter standing for *ME. morwe*, the same word with loss of final *n*. The form *morwe* is in Chaucer, C. T. A 1492; the older form *morwen* is in the Ancien Riwle, p. 22, l. 16. *AS. morgen*, morn, morrow, (Grein, li. 264; whence *morwen* by the common change of *g* to *w*. Cf. *OF. morn*, morning; *DU. morgen*; *Ice. morginn*; *Dan. morgen*; *Swed. morgon*; *G. morgen*; *Goth. margains*. Cf. Lith. *merk-i*, to blink. Orig. sense prob. 'dawn'. Doublet, *morrou*.

MORNING, dawn, morn. (E.) *ME. morning*, P. Plowman, B. prol. 5; contracted from the fuller form *morwening*, Chaucer, C. T. 1064 (A 1062). *Morwening* signifies 'a dawning', or 'a becoming morn'; formed with the substantival (not participial) suffix *-ing* (*AS. -ung*) from *ME. morwen* = *AS. morgen*, morn; see *MORN*. Cf. *even-ing*, from *even*. Der. *morning-sar*.

MOROCCO, a fine kind of leather. (Morocco.) Aided by Todd to Johnson's Dict. Named from Morocco, in N. Africa; whence also *marroquin*, morocco leather. So called from the *Moors*.

MOROSE, ill-tempered, gloomy, severe. (L.) In Blount's Gloss., ed. 1674. See Trench, Select Gloss., who shows that the word was once used as if it owed its derivation to *L. mora*, delay; but this use is obsolete. = *L. morosus*, self-willed; (1) in a good sense, scrupulous, fastidious, (2) in a bad sense, peevish, morose. = *L. mōr*, decl. stem of *mōr*, (1) self-will, (2) usage, custom, character. See *MORAL*. Der. *morose-ly*, *morose-ness*. Also *moros-i-ty*, in Minshew, ed. 1627, from *OF. morosité*, 'morosity, frowardness'; Cot.; but now obsolete.

MORPHIA, MORPHINE, the narcotic principle of opium. (Gk.) Modern; coined words from (Gk. *Morpheus* (Μορφεύς), the god of sleep and dreams, lit. 'the shaper'; i.e. creator of shapes seen in dreams. = Gk. *morphe*, a shape, form. Der. *meta-morphosis*, *a-morph-ous*, from *morphē*.

MORRIS, MORRIS-DANCE, an old dance on festive occasions. (Span. -L.) In Shak. Hen. V. ii. 4. 25. See Nares' Glossary. G. Douglas has the pl. *morris*, Aen. bk. xiii. ch. ix. l. 112. The dance was also called a *morisco*, as in Beaumont and Fletcher, Wild Goose Chase, v. 2. 7. A *morris-dancer* was also called a *morisco*, 2 Hen. VI. iii. l. 365; and it is clear that the word meant 'Moorish dance', though the reason for it is not quite certain, unless it was from the use of the tabor as an accompaniment to it. = Span. *morisco*, Moorish. Formed with suffix *-isco* (= *L. -iscus*, E. *-ish*) from Span. *morro*, a Moor; = *L. acc. Maurum*, a Moor; see *MOOR* (3). See Brand, Popular Antiquities. ¶ We also find *morris-pike*, i.e. Moorish pike, Com. Errors, iv. 3. 28. Spelt *morys-pike*, Sir T. Molyet, Castel of Helth, b. ii. c. 33. 'The Mourish dance' is mentioned in 1494; Excerpta Historica, p. 95.

MORROW, morning, morn. (E.) A doublet of *morn*. From *ME. morwe* by the change of final *-e* to *-u*, as in *arr-ou*, *sparr-ou*, *sorr-ou*, &c. 'A *morwe*' = on the morrow, Chaucer, C. T. 824 (A 822). Again, *morwe* is from the older *morwen*, by loss of final *u*; and *morwen* = mod. *E. morn*. See *MORN*. Der. *to-morrow* = *AS. tō morgene*, where *tō* = mod. *E. to*; the sense is 'for the morrow'; see Grein, li. 264.

MORSE, a walrus. (F.-Finnish.) Spelt *morsse*, Hakluyt's Voyages, i. 5 (margin). 'The tooth of a *morse* or sea-horse'; Sir T. Browne, Vulg. Errors, b. iii. c. 23. § 5. = *F. morse*. = Finnish *nursu*, a morse (Renvall); whence also Russ. *mors'*, a morse (with *j* sounded as *zh*, i.e. as *F. j*). Cf. Lapp. *marsha*, a morse (Früs). The Russ. name is *morskaia korova*, i.e. sea-cow.

MORSEL, a mouthful, small piece. (F.-L.) *ME. morsel*, Chaucer, C. T. 128. Also *morsel*, Rob. of Glouc. p. 342, l. 7025; 'thys morsel brede' = this morsel of bread. The corrupt form *morsel* is still in common use in prov. E. = *OF. morsel*, *morsel*, mod. *F. morceau*, a morsel, bit, Cot. (And see Burguy.) Cf. Ital. *morsello*. Dimin. from *L. morsum*, a bit. = *L. morsus*, pp. of *mordere*, to bite; see *MORDACITY*.

MORTAL, deadly. (F.-L.) See Trench, Select Glossary. *ME. mortal*, Chaucer, C. T. A 61, 1592. = *OF. mortel* (Burguy); *mortal* (Cot.) = *L. mortalis*, mortal. = *L. mort-*, stem of *mors*, death. The decl. stem *mort-i-* contains the Jdg. suffix *-i-*. ✓ *MER*, to die; cf. *Skt. mṛ*, to die, pp. *mṛta*, dead; *L. mori*, to die. Der. *mortal-ly*; *mortal-i-ty*, from *F. mortalité*, 'mortality' (Cot.), from *L. acc. mortali-tatem*; *mort-i-fer-ous*, Blount's Gloss., ed. 1674, from *L. fer-re*, to bring, cause. And see *mort-gage*, *mort-ty*, *mort-main*, *mort-u-ary*.

MORTAR (1), **MORTER**, a vessel in which substances are pounded with a pestle. (L.) [A certain kind of ordnance was also called a *mortar*, from its orig. resemblance in shape to the *mortar* for pounding substances in. This is a French word.] *ME. mortar*, P. Plowman, B. xlii. 44; Klug Alsander, l. 332. *AS. mortere*, a mortar; A. S. Leechdoms, ed. Cockayne, i. 142. [Cf. *OF. mortier*, 'a mortar to bray (pound) things in, also, the short and wide-

mouthed piece of ordnance called a *mortier*; &c.; Cot.] = *L. mortarium*, a mortar. Cf. *L. marculu*, a hammer. See *MORTAR* (2).

MORTAR (2), cement of lime, sand, and water. (F.-L.) *ME. mortier*, Rob. of Glouc. p. 128, l. 2715. = *OF. mortier*, 'mortar used by dowers'; Cot. = *L. mortarium*, mortar; lit. stuff pounded together; a different sense of the word above; see *MORTAR* (1).

MORTGAGE, a kind of security for debt. (F.-L.) *ME. mortgage*, spelt *morgage* in Gower, C. A. iii. 234; bk. vii. 4228. = *OF. morgage, morgaige*, 'morgage, or mortgage'; Cot. 'It was called a *morgage*, or *dead pledge*, because, whatever profit it might yield, it did not thereby redeem itself, but became lost or dead to the mortgager on breach of the condition'; Webster. = *F. mort*, dead, from *L. mortuus*, pp. of *mori*, to die; and *F. gage*, a pledge. See *MORTAL* and *GAGE* (1). Der. *mort-gag-er*; *mort-gag-ee*, where the final *-ee* answers to the *F. -é* of the pp.

MORTIFY, to destroy the vital functions, vex, humble. (F.-L.) *ME. mortifien*, used as a term of alchemy, Chaucer, C. T. 16594 (G 1156). = *OF. mortifier*, 'to mortify'; Cot. = *L. mortificare*, to cause death. = *L. mort-*, decl. stem of *mors*, death; and *-fic-*, for *fac-*, to make, cause; see *MORTAL* and *FACT*. Der. *mortify-ing*; *mortify-ation*, from Sir T. More, Works, p. 700 f, from *OF. mortification* (Cot.), from *L. acc. mortificationem*.

MORTISE, a hole in a piece of timber to receive the tenon, or a piece made to fit it. (F.) Spelt *mortise* in Palsgrave; *mortise* in Cot. Shak. has *mortise* as a sb. Oth. ii. 1. 9; and the pp. *mortised*, joined together, Hamlet, iii. 3. 20. *ME. mortise*, Prompt. Parv.; Mandeville, Trav. ch. 7, p. 76. = *F. mortaise*, 'a mortaise in a piece of timber'; Cot. Cf. Span. *mortaja*, a mortise. B. Of unknown origin; it cannot be from *L. mordere*, to bite, which could not have given the *t*. Devic (in a supplement to Littré) thinks the Span. word may be of Arabic origin. Der. *mortise*, verb.

MORTMAIN, the transfer of property to a corporation. (F.-L.) 'Agraynt all mortmainyn'; Sir T. More, Works, p. 333 b. *ME. mayn* *more*, Trevisa, tr. of Higden, viii. 265. The Statute of Mortmain was passed A. D. 1279 (7 Edw. I). Property transferred to the church was said to pass into *main* *mori* or *mort main*, i.e. into a dead hand, because it could not be alienated. = *F. mort*, dead; and *main*, a hand (*L. manus*). See *Mortgage* and *Manual*.

MORTUARY, belonging to the burial of the dead. (F.-L.) The old use of *mortuary* was in the sense of a fee paid to the parson of a parish on the death of a parishioner. 'And [pore over] Linwode, a booke of constitutions to gather tithes, *mortuaries*, offerings, customes, &c.; Tyndall's Works, p. 2, col. 1. Linwode, to whom Tyndall here refers, died A. D. 1446. = *AF. mortuarie*, Year-books of Edw. I, 1302-3, p. 443. = Late *L. mortuarium*, a mortuary; neut. of *L. mortuarius*, belonging to the dead. = *L. mortu-us*, dead, pp. of *mori*, to die; see *MORTAL*.

MOBAIL, MOSAIC-WORK, ornamental work made with small pieces of marble, &c. (F.-L.-Gk.) Spelt *mosaick*, Milton, P. L. iv. 700. 'Mosaicall-worke, a worke of small inlayed peeces'; Minshew's Dict., ed. 1627. = *MF. mosaïque*, 'mosaicall work'; Cot. = Ital. *mosaico*, mosaic; [Span. *mosaica obra*, mosaic work.] Formed from a Late *L. mūsaius*, adj., an extended form from *L. mūsaeum opus* (also called *mūsium opus*), mosaic work. The Late *L. form mūsaius* answers to a Late Gk. *μουσαϊκός*, an extended form in some way related to the Late Gk. *μουσεῖον*, mosaic work; neut. of *μουσεῖος*, of or belonging to the Muses (hence artistic, ornamental). = Gk. *μουσα*, a Muse; see *MUSE* (2).

MOSLEM, a Mussulman or Mohammedan; as *adj.*, Mahomedan. (Arab.) 'This low salam Replies of *Moslem* faith I am'; Byron, The Giaour (see note 29). = Arab. *muslim*, a musliman, a true believer in the Muhammedan faith; 'Rich. Dict. p. 1418. A musliman is one who professes *islām*, i.e. 'obedience to the will of God, submission, the true or orthodox faith'; id. p. 91. A participial form, from the 4th conj. of *salama*, to be safe, bc at rest. The words *moslem*, *mussulman*, *islam*, and *salaam* are all from the same root *salama*. Doublet, *mussulman*.

MOSQUE, a Mohammedan temple or church. (F.-Span.-Arab.) 'Mosche or Mosque, a temple or church among the Turks and Saracens'; Blount's Gloss., ed. 1674. Spelt *mosque*, Sandys, Trav. (1632), p. 27. = *F. mosquée*, 'a temple or church among the Turks'; Cot. = Span. *mezquita*, a mosque. = Arab. *masjid*, a mosque, temple; Rich. Dict. p. 1415. Cf. Arab. *sajjādah*, 'a carpet, &c., place of adoration, mosque'; id. p. 812. = Arab. root *sajada*, to adore, prostrate oneself.

MOSQUITO, a kind of gnat. (Span.-L.) Spelt *muskitto* in Sir T. Herbert, Travels, ed. 1665, p. 128; *muskito*, Hakluyt, Voy. iii. 107. = Span. *mosquito*, a little gnat; dimin. of *mosca*, a fly. = *L. musca*, a fly. Cf. Gk. *μύα*, a fly; Lithuan. *musė*, a fly.

MOSS, a cryptogamic plant. (E.) *ME. mos*, P. Plowman, C. xviii. 14; *moose* (dat.), id. B. xv. 282. *AS. mos* (Bosworth). + *Du. mos*;

Icel. *mosi*, moss; also, a moss, moorland; Dan. *mos*; Swed. *mossa*; G. *moos*, MHG. *moos*, moss; also a moss, swamp. Teut. base **mus-*, weak grade allied to MHG. *mios*, OHG. *mios*, moss; AS. *mios*, moss (Teut. base **meus-*); and to *Mire*. *β*. Further allied to Russ. *mohk*, moss; L. *muscus*, moss. Bruggmann, i. § 105. ¶ We may note the E. use of *moss* in the sense of bog or soft moorland, as in Solway *Moss*, Chat *Moss*; this sense comes out again in E. *mere*, which is certainly related to *moss*. Der. *moss-land*, *moss-rose*; *moss-trooper*, i.e. a trooper or bandit who rode over the mosses on the Scottish border; *moss-ed*, As You Like It, iv. 3. 105; *moss-grown*, 1 Hen. IV, iii. 1. 33; *moss-y*, *moss-i-ness*. Also *mire*.

MOST, greatest. (E.) ME. *most*, *müst*. AS. *mūst*, *†Du. meest*; Icel. *meistr*; G. *meist*; Goth. *maists*. Teut. type **ma-ist-az*, superl. form allied to *More*, q.v. ¶ The *o* (for early ME. *ē*) is due to association with the *o* in *more*.

MOTE, a particle of dust, speck, spot. (E.) ME. *mot*, *mote*; Chaucer has the pl. *mot*, C. T. 6450 (D 868). AS. *moet*, Matt. vii. 3. *†Du. mot*, saw-dust; EFries. *mūt*, rubbish.

MOTET, a short piece of sacred music. (F.—L.) In Blount's Gloss., ed. 1674. ME. *motetis*, pl.; Wyclif, Works; cd. Matthew, p. 91.—F. *motet*, 'a verse in music, or of a song, a piosie, a short lay'; Cot. [Cf. Ital. *motetto*, 'a ditty, a verse, a ligge, a short song; a wittie saying'; Florio.] Dimin. of F. *mot*, 'a word; the note windy by a huntsman on his home'; Cot.—L. *mutum*, a murmur; see *Motto*.

MOTH, a lepidopterous insect. (E.) ME. *motthe*, Chaucer, C. T. 6142 (D 560); also spelt *mohhe*, *mouhe*, *monzle*, P. Plowman, C. xiii. 217. AS. *moðe*, Grein, ii. 261; also *moðe*, Matt. vi. 20, latest text; O. Northumbrian *moðe*, *moðla*, Matt. vi. 20.—*†Du. moe*; Icel. *moti*; Swed. *mält*, a mite; G. *motte*, a moth. Origin doubtful. *β*. We also find AS. *maðu*, a maggot, bug; 'Cimex, *maðs*, Ælfric's Gloss, Nomina Insectorum, in Wight's Vocab. i. 24; cognate forms being *Du. G. made*, a maggot, Goth. *matha*, a worm; but connexion with *moth* is doubtful. A late example of ME. *mathe*, a maggot, occurs in Caxton's tr. of Keynard the Fox, ed. Arber, p. 69; 'a dede hare, full of *mathes* and wormes.' *γ*. Perhaps the latter word meant 'a biter' or 'eater'; Fick refers AS. *maðu* to the root of E. *mow*, to cut grass. Der. *moth-eaten*, ME. *moth-eten*, P. Plowman, B. x. 362.

MOTHER (1), a female parent. (E.) ME. *moder*, Chaucer, C. T. 5261 (B 841), where Tyrwhitt prints *moder*; but all the six MSS. of the Six-text ed. have *moder* or *mooder*. [The ME. spelling is almost invariably *moder*, and it is difficult to see how *mother* came to be the present standard form; it was probably due to dialectal influence.] AS. *moder*, *mōðer*, *mōður*; Grein, ii. 261.—*†Du. moeder*; Icel. *móðir*; Dan. and Swed. *moder*; G. *mutter*, OHG. *muotar*, Irish and Gael. *mathair*; Russ. *mat(e)*; Lithuan. *moti* (Schleicher); L. *mūter*; Gk. *μήτηρ*; Pers. *mādar*; Skt. *mātṛ*. *β*. All formed from a root **mīd*, of uncertain meaning. Der. *mother-ly*, *mother-li-ness*, *motherhood*, *mother-less*. Cf. *matrix*, *matron*.

MOTHER (2), the hysterical passion. (E.) In K. Lear, ii. 4. 56. Spelt *moder* in Palsgrave; the same word as the above. So also *Du. moeder* means 'mother, womb, hysterical passion'; cf. G. *mutter-beschwerung*, mother-fit, hysterical passion.

MOTHER (3), lees, sediment. (E.) 'As touching the *mother* or lees of oile olive; 1 Holliard, tr. of Pliny, B. xxii. c. 3. It is prob. the same word as *Mother* (1), as the dregs seem to be bred in the liquid. So also in mod. *Du* we have *moer* signifying both sediment or dregs, also a matrix or female screw; G. *mutter*, mother, sediment in wine or other liquids. Cf. Gk. *μήτηρ*, an old woman; also, scum, mother. Perhaps affected by F. *mud*, MDu. *modder*, mud, lees, dregs; G. *moder*, mould. Der. *mother-y*.

MOTION, movement. (F.—L.) 'Of that *mocyon* his cardynalles were sore abashed'; Berners, tr. of Froissart, vol. i. c. 326.—F. *motion*, omitted in Cotgrave, but used by Froissart in this very passage, as quoted by Littré.—L. *motiōnem*, acc. of *motiō*, a movement; cf. *motus*, pp. of *movēre*, to move; see *Move*. Der. *motion-les*, Hen. V. iv. 2. 50.

MOTIVE, an inducement. (F.—L.) Properly an adj., but also used as a sb. ME. *motif*, a motive, Chaucer, C. T. 5048, 9365 (B 628, F 1491).—OF. *motif*, 'a motive, a moving reason'; Cot.—Late L. *motivum*, a motive; found A.D. 1452; but certainly earlier.—Late L. *motivus*, moving, animating; found A.D. 1369. Formed with L. suffix *-ivus* from *mōt*, stem of *motus*, pp. of *movēre*; see *Move*. Der. *motiv-ity* (modern). Also *motor*, i.e. a mover, Sir T. Browne, Vulg. Errors, B. ii. c. 2. *β*, borrowed from L. *mōtor*, a mover.

MOTLEY, of different colours. (F.—L.) ME. *motelle*, Chaucer, C. T. 273 (A 271). So called because spotted or clotted. Apparently formed, with *pl* suffix, from OF. *motel*, **motel*, MF. *motteau*, 'a clot of congealed moisture', Cot.; also used in the sense of MF. *motetelet*, 'a little clod, lump of earth', id. A dimin. of OF. *note*,

motte, MF. *motte*, 'a clod, lump, round sodd, or turfe of earth; also a little hill'; Cot. See *Moat*. Cf. Languedoc *moitel*, a clot of anything adhesive, dimin. of *moito*, a clod (D'Hombres). Mistral gives Prov. *moiteloun*, 'petite pelote'; a *moiteloun*, 'en grumeaux'. *β*. Perhaps affected by OF. *mattelet*, 'clotted, knotted, curdled, or curd-like'; Cot. Cf. OF. *mattonne*, in the expression *ciel mattonné*, 'a curdled [i.e. mottled] sky, or a sky full of small curdled clouds'; id. The OF. *mattelet* answers to a pp. of a verb **mattelet*, representing an OLG. **mattelet*, a frequentative verb regularly formed from Bavarian *matte*, curds; Schmeller's Bayerisches Wörterbuch, col. 1685; MDu. *matte*, curds (Hexham). Der. *mottled*, Drayton, *Muses' Elysium*, Nymph. 6. l. 57.

MOTTO, a sentence added to a device. (Ital.—L.) In Shak. Per. ii. 2. 38.—Ital. *motto*, 'a word, a mot, a saying, a posie or briefe in any shield, ring, or emprise' [device]; Florio.—L. *mutum*, a mutter, a grunt, a muttered sound; cf. *mutire*, *mutire*, to mutter, mumble. Formed from *MEU*, to make a low sound; cf. Gk. *μῦ*, a muttered sound. See *Mutter*. And cf. *Motet*.

MOULD (1), earth, soil, crumbling ground. (E.) ME. *molde*, P. Plowman, B. prol. 67, iii. 80. AS. *molde*, dust, soil, earth, country; Grein, ii. 261.—*†Du. moude*, *molde*, mould; cf. *molm*, mould; Icel. *mold*, mould, earth; Dan. *mold*; Swed. *mul* (for *mold*); Goth. *mulda*, dust; Mk. vii. 11; prov. G. *molt*, *molten*, garden mould (Flügel); OHG. *molta*. *β*. All from a Teut. type **mul-dūn*, f.; from **mul*, weak grade of **MEL*, to grind; see *Meal* (1). Der. *mould-warp*, the old name for a mole (see *mole*); also *mould-er*, a frequentative verb, 'to crumble off', hence, to decay, cf. 'in the mouldring of earth in frosts and sunne', Bacon, Nat. Hist. § 337. ¶ The adj. *mouldy*, in its commonest sense, is unconnected.

MOULD (2), a model, pattern, form, fashion. (F.—L.) ME. *molde*, P. Plowman, B. xi. 341. ONorth F. *molde*, Les Rois, p. 244 (Moisy); OF. *molle*, *mole*, mod. F. *moule*, a mould. Littré gives *molle* as the spelling of the 14th century; a still earlier form was *modle*, in the 13th cent.—L. *modulum*, acc. of *modulus*, a measure, standard, size. See *Model*. Cf. Svan. *molde*, from *modulus*, by transposition. Der. *mod-el*, a dimin. form. Also *mould*, vb., Mide. Nt. 1r. iii. 2. 211; *mould-er*, *mould-ing*.

MOULD (3), rust, spot. (E.) Spenser has: 'Upon the little breast . . . a little purple *mold*'; F. Q. vi. 12. 7. But chiefly in the compound *iron-mould*. Here *mould* is a mere extension of *mole*, a spot; the added *d* was prob. due to confusion with *mole*, i.e. spotted. 'One droppe of poyson infecteth the whole tunne of Wine; . . . one yron *Mole* defaceeth the whole peece of Lawne'; Lyly, Euphues, ed. Arber, p. 39. See further under *Mole* (1).

MOULDY, musty, fusty. (Scand.) In Shak. 1 Hen. IV, ii. 4. 134; iii. 2. 119. This is an extremely difficult word. It has probably been confused with *mould* (1), supposed to mean dirt, though it properly means only friable earth. It has also probably been confused with *mould* (3), rust, spot of rust. But with neither of these words has it anything to do. It is formed from the sb. *mould*, fustiness, which is quite an unoriginal word, as will appear. For an example of this sb., compare: 'we see that cloth and apparel, not aired, doe breed moathes and mould'; Bacon, Nat. Hist. § 343. This sb. is due to the ME. verb *moulen*, to become mouldy, to putrefy or rot, as in: 'Let us not moulen thus in idleness'; Chaucer, C. T., Group B, 32. The pp. *mouled* was used in the precise sense of the mod. E. *mouldy*, and it is easy to see that the sb. was really due to this pp., and in its turn produced the adj. *mouldy*. Strattmann cites 'hi *mouled* mete', i.e. thy mouldy meat, Political Poems, &c., ed. Furnivall, p. 181; *moulyde* brede, i.e. mouldy bread, Reliquiae Antiquae, i. 85; 'Pannes moulden in a wyche', clothes lying mouldy in a chest; Test. of Love, B. ii. ch. ii. l. 29. So also *mouled*, *mouled*, *mucidus*; from *moule*, *mucilage*, Catholicon Anglicum, q.v. Todd cites: 'Sour wine, and moulded bread'; Abp. Cramer, Ans. to Bp. Gardiner, p. 299. With which compare: 'Very coarse, hoary, moulded bread, Knollys, Hist. of the Turks (Todd). *β*. The oldest spelling of the ME. verb is *muolen*. 'Ober leten pinges muolen oder rusten' = or let things grow mouldy or rusty; Ancien Riwle, p. 344, l. 4. We also find '*muolede* pinges' = mouldy things, id. p. 104, note k. Hence *mouly*, adj.; 'All the brede [bread] . . . waxed anon *mouly*'; Caxton, Golden Legend, St. Thomas, § 10. Cf. prov. E. *mouly*, mouldy; E.D.D. Of Scand. origin. Cf. ME. *moult*, sb., mouldiness, answering to MDan. *mul*, Swed. dial. *mūl*, *muel*, *mujel*, Swed. *mügel*, mould. Cf. also Dan. *mullen*, mouldy, *muline*, to become mouldy; Swed. dial. *mulas*, Swed. *mülas*, to grow mouldy; Icel. *mygla*, to grow musty, formed, by vowel-change of *u* to *y*, from Icel. *mug*, as in *mugga*, mugginess. See *Muggy*. Thus *mould* is *mugginess*; the notions of muggy and mouldy are still not far apart. Der. *mouldi-ness*; also *mould*, verb, for *moul*, Spenser, F. Q. li. 3. 41. See note on *Mould* (1) above.

MOULT, to cast feathers, as birds do. (L.) The *I* is intrusive,

just as in *fault* from ME. *fnute*; see **Fault**. MF. *mouten*; 'his haire moutes,' i.e. falls off, Pricke of Conscience, l. 781. 'Mowlyn, as fowlys, Plumme, deplumeo.' Prompt. Parv. 'Mouter, moutler, quando anium pennae decidunt;' Gouldman, cited by Way to illustrate 'Moutare, or moutard [i.e. moulder, moulding bird], byrde, Plutor.' Prompt. Parv. AS. *bi-mūtān*, to exchange (Haworth). — L. *mūtāre*, to change; whence F. *muer*, to mout; see **Mew** (3). So also OIG. *mūzān*, to mout, is merely borrowed from L. *mūtāre*; now spelt *mausen* in mod. G. Der. *mouling*; also *mews*; and see *mutable*.

MOUND, an earthen defence, a hillock. (F.—L.) 'Compass with a mound;' Spenser, F. Q. ii. 7. 56. The sense of 'hillock' or 'heap' is found also in F. *mont*, Ital. *monte*, and Walloon *mont*, a heap, a mass (Sigart); as well as in L. *mons*. *Mound* is merely a variant of *mount* (1). — AF. *munil*, variant of *mont*, a hill; Vie de St. Auban, 848, 875; OF. *mont* = L. *montem*, acc. of *mons*, a mountain, a heap. See below. ¶ Perhaps confused with AS. *mund*, protection; thus Hæret (1580) has: 'A hedge, a mound, *sepes*.' Cf. prov. F. *mound*, a hedge.

MOUNT (1), a hill, rising ground. (L.) MF. *mut*, OEang. Homilies, ed. Morris, l. 11, l. 14. AS. *munl*, Grein, ii. 269. [Immediately from Latin, but affected by AF. *munl*.] = L. *montem*, acc. of *mons*, a mountain; stem *mont-*. Formed (with suffix *-it*) from the second grade (*mon-*) of *√MEN*, to project, seen in L. *e-min-ere*, to jut out; cf. E. *pro-mont-lor-y*. See **Eminent**. Der. *mount-ain*, q.v.; *mount* (2), q.v.

MOUNT (2), to ascend. (F.—L.) MF. *mounten*, P. Plowman, B. prol. 67; older form *mounten*, Kih Alisander, 784. = F. *mouter*, 'to mount'; Cot. = F. *mont*, a mountain, hill. [The verb is due to the use of the OF. adverb *a mont*, up-hill; so also the adv. *a val*, down-hill, produced F. *avalier*, to swallow, and *avalanche*.] = L. *montem*, acc. of *mons*, a hill. See **Mount** (1). Der. *mount-er*, *mount-ing*; also *mount-bank*, q.v. Also *a-mount*, q.v.; *para-mount*, *re-mount*, *sur-mount*, *tan-ta-mount*, *tra-mount*.

MOUNTAIN, a hill. (F.—L.) In early use. ME. *montaine*, Layamon, l. 1282. — OF. *montaigne*, *montaigne*; mod. F. *montagne*, a mountain. — Late L. *montāna*, by-form of *montānu*, a mountain; Ducange. — L. *montāna*, neut. pl., mountainous regions; from *montānus*, adj., hilly. = L. *mont-*, stem of *mons*, a mountain. See **Mount** (1). Der. *mountain-ous*, Cor. ii. 3. 127, from MF. *montaigneus*, 'mountainous,' Cot.; *mountain-er*, Temp. iii. 3. 44, with suffix *-er*. F. *tier*.

MOUNTBANK, a charlatan, quack doctor. (Ital.—L. and G.) Jt. 'one who mounts on a bench,' to proclaim his nostrums. See French, Select Glossary. In Slak. Hamlet, iv. 7. 142. 'Fellows, to mount a bank! I bid your instructor In the dear tongue, never discourse to you Of the Italian mountebanks!' Ben Jonson, Volpone, ii. 1 (Sir Politick). — Ital. *montanbanco*, a mountebank; Ital. *monte in banco*, 'a mountebank,' *monte in banco*, 'to plait the mountebank'; Florio. ¶ Hence the *e* stands for *an* *i*, which is short for *in*; the mod. Ital. must be divided *monte-an-banco*, where *m-* (for *in*) has become *m* before the following *b*. — Ital. *montare*, to mount, cognate with F. *monter*, to mount; *in* = L. *in*, *in*, on; and Ital. *bancus*, from OIG. *banc*, a bench, money-table. See **Mount** (2), **In**, and **Bank** (2). Cf. Ital. *sallimbanco* (for *sallar* in *banco*), a quack.

MOURN, to grieve, be sad. (E.) MF. *moornen*, *moornen*, *moornen*; Chaucer, C. T. 3704. AS. *maruan*, to grieve; Grein, ii. 269. ¶ Icel. *morna*; Goth. *moruan*; OIG. *mornen*. ¶ The Goth. *-u-* before *-n* is a mere suffix, giving the verb an intransitive character; and the Teut. type is **mun-u-*. Allied to AS. *smorn*, to care; Gk. *μῆν-ω*, sorrow. From *√SMER*; cf. Skt. *smṛ*, to remember, to long for. Der. *mourn-ful*, Spenser, F. Q. i. 1. 54; *mourn-ful-ly*, *mourn-ful-ness*; *mourn-ing*, sb., AS. *maruan*.

MOUSE, a small rodent quadruped. (E.) ME. *mouse* (without final *e*), Chaucer, C. T. 144. AS. *mūs*, in Ælfric's Gloss., Nomina Ferarum; Voc. 120. 16. The pl. is *mūs*, by vowel-change; whence E. *mice*. — Du. *muis*; Icel. *mūs*, pl. *mýs*; Dan. *mus*; Swed. *mus*; G. *maus*; Russ. *мышь*(e); L. *mūs*; Gk. *μῦς*; Pers. *mūš*; Rich. Dict. p. 1325; Skt. *mūśha-*, a rat, a mouse. ¶ The sense is 'the stealing animal.' — *√MEUS*, to steal; whence Skt. *muś*, to steal, *mūśha-*, a stealer. Der. *mouse*, vb., Mach. ii. 4. 13, *mouse-er*; *mouse-ear*, a plant, *mouse-tail*, a plant. Also *mouse-ole*. (But not *til-mouse*.)

MOUTACHE, MUSTACHE, the hair on the upper lip. (F.—Ital.—Gk.) Formerly *moustacho*, Slak. L. J. v. 1. 110; this is taken from the Ital. form given below. Both *moustachio* and *moustache* are given in Blount's Gloss., ed. 1674. — F. *moustache*, 'a moustache'; Cot. = Ital. *mostaccio*, 'a face, a snout, a mostacho'; Florio. [Cf. Span. *mostacho*, a whisker, moustache; answering to the E. form *mostacho* in Florio.] — Gk. *μύστακ*, stem of *μύσταξ*, the upper lip, a moustache; Doric and Laconic form of *μύσταξ*, that

wherewith one chews, the mouth, the upper lip; cf. *μαστίσειν*, to chew, eat. See **Mastic**.

MOUTH, the aperture between the lips, an aperture, orifice, outlet. (F.) MF. *mouthe*, Chaucer, C. T. 153. AS. *mūð*, Grein, ii. 266. — Du. *mout*; Icel. *munur* (for **mumbr*); Dan. *mund*; Swed. *mun*; G. *mund*; Goth. *munths*. β. Teut. type **munthaz*, m., 1 lg. type **mntos*; cf. L. *mentum*, the chin. Der. *mouthe*, vb., Hamlet, iv. 2. 20; *mouthe-ful*, Pericles, ii. 1. 35; 55 *mouthe-piece*.

MOVE, to set in motion, stir, impel. (F.—L.) ME. *moven*, *moenen*, *menen*; P. Plowman, B. xvii. 194 (where all three spellings occur in the MSS. The *u* is written for *v*; the form *menen* is common). Also in Chaucer, Parl. of Foules, l. 150. — OF. *mouvoir*, mod. F. *mouvoir*. — L. *mouēre*, to move; pp. *mōtus*. Allied to Skt. *miv*, to push (with pp. *mūta-*, moved, corresponding to L. *mōtus*; also Gk. *ἀνέμωμι*, I surpass. Der. *mov-er*, Chaucer, C. T. 2989 (A 2987); *mov-able*, of which the ME. form was *meble* or *mooble*, P. Plowman, B. iii. 267, borrowed from F. *muable*, L. *mobilis*, movable; *mov-ah-ly*, *mov-ah-ness*; *move-ment*, Gower, C. A. iii. 107, bk. vii. 674, from OF. *mouvement* (Birguy); *mov-ing*, *mov-ing-ly*. Also *mobile*, from L. *mobilis*, movable, often contracted to *mob*; see **Mob**. Also *mot-ion*, q.v., *mot-ive*, q.v., *mot-or*; cf. L. pp. *mōtus*. Also *mo-ment*, *com-mot-ion*, *e-mot-ion*, *pro-mote*, *re-mote*, *remove*; *mutiny*.

MOW (1), to cut down with a scythe. (E.) MF. *mouwen*; 'Mow other meuen' (other MSS. *mouwen*), i.e. mow (hay) or stack (in a mow); P. Plowman, C. vi. 14. The old pt. *w* was, still common in Cambridgeshire; see Layamon, 1942. AS. *mūwan*, Grein, ii. 213. (The vowel-change from AS. *i* to E. *o* is regular; cf. *stān*, stonc.) — Du. *maaien*; G. *mähen*, OIG. *māian*, to mow. β. Teut. type **māwan*; allied to Gk. *δ-μάω*, I reap, L. *me-t-ere*, to reap. Brugmann, ii. § 680. Der. *mow-ing*, *mov-ing*; also *me-d*, *me-d-dou*, *after-math*.

MOW (2), a heap, pile of hay or corn. (E.) ME. *moue*; 'moue of scheues' — heap of sheaves, given as a various reading in Wyclif, Rnth, iii. 7 (later text). AS. *mūga*, a mow, Exod. xxii. 6, where the Vulgate has *aceruus frugum*. Oldest form *mūka*, Corpus Gloss., 46. — Icel. *mūga*, *mūgi*, a swathe in mowing, also a crowd of people, a mob; Norw. *muga*, *mua*, a heap (of hay). β. The change from AS. *g* to MF. *w* is common; so also in ME. *mouwe* (morrow) from AS. *morgen*; ME. *have*, a haw, AS. *haga*.

MOW (3), a grimace; obsolete. (F.—MDu.) 'With mop and mow'; Temp. iv. 47. 'Mopping and mowing'; K. Lear, iv. 1. 64. 'I mowe, I mocke one; he useth to mocke and mowe'; Falstaff. Chaucer has ME. *moues*, pl.; C. T., I 258. — OF. *moie*, mouth, lip, grimace; F. *moie*, 'a moe, or mouth, an ill-favoured extension or thrusting out of the lips'; Cot. — MDu. *mouwe*, the protruded underlip; see Oudehands, who cites the phrase *meten die mouwe* to make a grimace, deride, in two passages. ¶ The word *mop*, its companion, is also foreign; see **Mop** (2).

MUCK, great in quantity. (E.) ME. *meche*, *mucke*, *miche*. Formerly also used with respect of size. 'A moche man' = a tall man; P. Plowman, B. viii. 70; where one MS. reads *mykil*. 'A mucke and lyce' = great and small; Chaucer, C. T. 496 (A 494), where other MSS. have *mucke*, *miche*, *mucke*. β. When we compare ME. *miche*, *mucke*, *mucke*, with the older forms *michel*, *muckel*, *muckel*, we see at once that the former result from the latter by the loss of final *l*. *Mucke* occurs in Layamon, 10350; but not in AS. *Muckel*, *muckel*, are variants of *mickel* (the orig. form) due to fortin-association with *Mk. luter*, from AS. *lytel*. β. The orig. form was AS. *mīcel* (cf. Lowl. Sc. *mickle*), great. — Icel. *mikkil*, great; OIG. *mikkil*; Goth. *mīkils*. Allied to Gk. *μεγάλη*, great, *μέγας*, great; and to L. *magis*. See **Magnitude**.

MUCILAGE, a slimy substance, gum. (F.—L.) Richardson cites the word from Bacon's Philosophical Remains. The adj. *mucilaginosus* is in Blount's Gloss., ed. 1674. — F. *mucilage*, 'slime, clammy sap, glewy juice'; Cot. — L. *mucilāgo* (stem *mucilāgin-*), moulty moisture; used by Theophrastus Priscianus (iv. 1), a physician of the 4th century (Lewis). Extended from **mucilū*, for *mucidus*, an adj. formed from *mūcus*; see **Mucus**. Der. *mucilaginos* (from the stem).

MUCK, filth, dung, dirt. (Scand.) ME. *muck*; spelt *muk*, Gower, C. A. ii. 290; bk. v. 4853; me. *Gensis* and Exod. ed. Morris, 2557. — Icel. *myki*, dung; whence *nyki-rika*, a muck-rake, dung-shovel; cf. *muka*, to shovel dung out of a stable; Dan. *mæg*, dung; Norw. *muk-dugge*, a muck-heap; prob. allied to Norw. *mukka*, a heap. Cf. Swed. *morka*, to throw dung out of a stable, like prov. E. 'to muck out.' ¶ Not allied to AS. *meac*, dung, whence prov. E. *nixen*, a dung-heap. Der. *muck-y*, *muck-i-ness*; *muck-heap*, *muck-rake* (Linnæus's Pilg. Progress).

MUCK, AMUCK, a term applied to malicious rage. (Malay.) Only in the phrase 'to run amuck'; the word has been absurdly

turned into a *muck*. Dryden goes further, and inserts an adjective between *muck* and the supposed article! 'And runs an Indian *muck* at all he meets;' Hind and Panther, iii. 1188. To run *amuck* is to run about in a mad rage.—Malay *amuk*, 'engaging furiously in battle, attacking with desperate resolution, rushing in a state of frenzy to the commission of indiscriminate murder, running amuck. It is applied to any animal in a state of vicious rage;' Marsden, Malay Dict. p. 16.

MUCKINDER, a handkerchief. (Prov.—L.) 'Take my *muckinder*, And dry thine eyes;' Ben Jonson, Tale of a Tub, iii. i (Turfe). ME. *mokadour*, Lydgate, Minor Poems, p. 30.—Prov. *mucadour*, mod. Prov. *mucadour* (Mistral); the same as F. *mucchoir*.—L. type *muccatürum*, the same as *mucitürum*, a wiper; given by Ducange in the sense of 'pair of snuffers.'—Late L. *muccare*, to free from mucus.—L. *mucosus*, *mucosus*; see **MUCOUS**.

MUCUS, slimy fluid. (L.) The adj. *mucous* is in older use, the sb. being modern. Sir T. Browne says the chameleon's tongue has 'a *mucous* and slimy extremity;' Vulg. Errors, b. iii. c. 21. § 7.—L. *mucosus*, *mucosus*, slime from the nose; whence the adj. *mucosus*, Englished by *mucous*. Allied to Gk. *μύξα*, the discharge from the nose, *μύξαι*, snuff of a wick; cf. Gk. *μύξασθαι* (= *μύξαι*—*μύξαι*), to wipe the nose; L. *ε-mungere*, to wipe the nose. Der. *muc-ous*; and see *mucilage*, *muc* (2).

MUD, wet, soft earth, mire. (E.) ME. *mud*; the dat. *mudde* occurs in Allit. Poems, ed. Morris, B. 407; see Spec. of Eng., ed. Morris and Skeat, p. 156, l. 407. Not found in AS. Of Old Low G. origin, and prob. a native word. EFries. *mudde*. Cf. Old G. *mudde*, mud; whence the adj. *muddig*, muddy, Bremen Wörterbuch; MSwed. *modd*, mud (Ihre); Pomeran. *modde*. Also in an extended form is found in the Bavarian *mott*, peat, already mentioned as the origin of E. *moat*; see **MOAT**. This establishes it as a Teut. word. Cf. Skt. *mūtra-m*, urine. Der. *mud-ly*, *mudd-ly*, *mudd-i-ness*, *mudd-le*.

MUDDLE, to confuse. (E.) 'Muddle, to rout with the bill, as geese and ducks do; also, to make tipsy and unfit for business;' Kersey, ed. 1715. A frequentative verb, formed with the usual suffix *-le*, from the sb. *mud*. Thus to *mudd-le* is to go often in mud, to dabble in mud; hence, to render water turbid, and, generally, to confuse. Similarly, Dan. *mudde*, to stir up mud in water, said of a ship, from Dan. *mudler*, mud (from Du.). Cf. EFries. *muddelen*, to dirty; MDu. *maddelen*, 'to muddy water,' Hexham; Pomeran. *muddele*, to disorder. See **MUD**.

MUEZZIN, a Mohammedan crier of the hour of prayer. (Arab.) Spelt *muezin* in Sir T. Herbert's Travels, ed. 1665, p. 339.—Arab. *mu'zin*, *mu'azzin*, 'the public crier, who assembles people to prayers by proclamation from a minaret;' Rich. Dict. p. 1523; *mu'azzin*, 'the crier of a mosque;' Palmer's Pers. Dict. col. 617. Connected with Arab. *azan*, the call to prayers, Palmer, col. 17; *zan*, the cur, Rich. p. 48, Palmer, col. 17; *azina*, he listened, Rich. p. 48. (Here *z*=*s*, with the sound of E. *z* in *that*.)

MUFF (1), a warm, soft cover for the hands. (Walloon.—F.—Late L.) Spelt *muff* in Minshew, ed. 1627. Prob. from Walloon *muffe* (Sigart), *mof* (Kernack), a muff. [Cf. Du. *muff*, Low G. *muff* (Berghaus); EFries. *muff*; from the same.] A shortened form of F. *moufle*, a kind of *muff*; see further under **MUFFLE**.

MUFF (2), a silly fellow, simpleton. (E.) A prov. E. word, of imitative origin. It simply means 'a mumbler' or indistinct speaker. Cf. prov. E. *muff*, *muffie*, to mumble (Halliwell); *muffie*, to do anything ineffectually; id. So also prov. E. *muffie*, to speak indistinctly, an old word, occurring in Richard the Redeles, ed. Skeat, iv. 62; 'And somme *muffid* with the mouth, and nyst [knew] not what they mente.' Cf. Du. *muffin*, to do; prov. G. *muffin*, to be sulky (Flügel); EFries. *muff*, a muff, simpleton; Du. *mof* (a Westphalian) boor, a clown, used as a nickname. ¶ Cf. 'Almaina, Ruttera, *Muffa*, and Danes;' Marlowe, Tambl. pt. ii. A. i. sc. 1. 22. This is the same word; *Muffa* (Du. *mof*) was a nickname given by one Germanic people to another. 'The Low Dutch call the High *muffa* . . . upbraiding them with their heaviness;' Sir J. Reresby, Travels (1657). And see Addit. to Nares.

MUFFIN, a kind of tea-cake. (F.?) Lanc. dial. *mouffin*, *moufin*, a wheat-cake baked upon a bake-stone over the fire; tea-cake in general (E. D. D.). Cp. Norm. dial. *moufin*, adj., said of bread swollen up in the baking, Moisy, Corbillet; OF. *moufflet*, soft bread (Roquefort); OF. *moufflet*, bread of a finer sort (Ducange); Prov. pan *moufflet*, soft bread (Mistral); OF. pain *moufflet*, soft bread (Godefroy). Probably related to EFries. *muffeln*, to mumble food, as a toothless person does. See **MUFF** (2).

MUFFLE, to cover up warmly. (F.—Late L.) Levins, ed. 1570, gives: 'A *muffle*, focale (i. e. a neck-cloth); to *muffle* the face, velare; to *muffle* the mouth, obturare;' col. 184. 'I *muffyl*, je em-mouffle;' Palsgrave. The pp. *muffled* is in Malory, ed. Caxton,

bk. viii. ch. 25; l. 34. Only the verb is now used, but it is derived from the sb. here given.—OF. *moffe*, *muffe* (13th cent., Littré); the same as *mouffle*, which Cot. explains by 'a winter mitaine.' [Cf. MDu. *moffel*, 'a muff, or muffle lined with fur;' Hexham; Norweg. *muffel*, a half-glove, mitten; Aasen; from OF.]—Late L. *muffula* (occurring A. D. 817), a winter glove (Ducange); also spelt *mufola*. Of unknown origin. β. From the sb. *muffle* came the verb to *muffle*, in common use owing to analogy with the numerous frequentative verbs ending in *-le*. See **MUFF** (1). To *muffle* a bell is to wrap a cloth round the clapper; a muffled peal is a peal rung with such bells, rung on the 31st of December. At midnight, the muffles are taken off, and the New Year is rung in. Hence the phrase 'a muffled sound;' the sense of which approaches that of prov. E. *muffle*, to mumble, from a different source, as explained under **MUFF** (2). Der. *muff-er*, Merry Wives, iv. 2. 73.

MUFFTI, an expounder of the law, magistrate. (Arab.) In Sir T. Herbert's Travels, ed. 1665, pp. 175, 285; spelt *muffti*, Howell, Directions for Travel, ed. Arher, p. 85; *muffti* in Sandys, Trav. 1632, p. 36 (end).—Arab. *muffi*, 'a magistrate' (Palmer, col. 500); 'wise, one whose sentence has the authority of the law, an expounder of the Mohammedan law, the multi or head-law officer amongst the Turks;' Rich. Dict. p. 1462. Connected with *fatwa*, 'a judicious or religious decree pronounced by a *muffi*, a judgment, sentence;' id. p. 1070. ¶ The phrase 'in *muffi*' means in civilian costume, as opposed to military dress. See **YALE**.

MUG, a cylindrical cup for liquor. (Low G.) 'A *mugge*, potte, *Ollula*;' Levins, 184. 24. 'Clay *mugs*,' pl.; G. Douglas, tr. of Virgil, prol. to bk. viii. st. 8. Perhaps from EFries. *mukke*, a cylindrical earthen vessel; Groninger *mokke* (Moelma, p. 543); whence also Norm. dial. *moque*, Guernsey *mogue* (Moisy); Norw. *mugge*, *mugga*, an open can or pitcher; see Aasen, Larsen. The Irish *mugan*, a mug, is prob. from E. Cf. prov. E. *muggen*, made of earthenware.

MUGGY, damp and close, said of weather. (Scand.) Both *muggy* and *muggish* are in Ash's Dict., ed. 1775.—Icel. *mugga*, soft drizzling mist; whence *muggvegr*, *muggy*, misty weather. Cf. Norw. *mugg*, fine rain; *muggu*, moist, *muggy*. Perhaps allied to Dan. *muggen*, musty, mouldy; *muggu*, to grow musty; Swed. dial. *muggen*, mouldy, from *mugg*, mould. Cf. also Swed. *mugel*, mould, Icel. *mugla*, to grow musty. Der. *muggi-ness*; cf. *mouldy*.

MUGWORT, the name of a wild flower. (F.) Spelt *magwort* in Palsgrave. AS. *magwyr*, the Artemisia; see numerous examples of the word in Cockayne's A. S. Leechdoms, iii. 339. It prob. means 'midge-word'; see **MIDGE**. Perhaps regarded as being good against midges; cf. *flou-bane*. For the form, cf. OSax. *muggia*, Du. *mug*, Low G. *mugge*, a midge, *muggert*, mugwort. Note also Dan. *myg-blomst*, 'midge-bloom;' bog orchid.

MULATTO, a child of a white person and a negro. (Span.—L.) Used by F. Vouge, The Centaur (1754), letter 2; 'Todd's Johnson.—Span. *mulato*, 'a mulatto, a son of a black and of a white;' Pineda (1740); 'the son of a black Moore and one of another nation;' Minshew (1623). From Span. *mul-o*, a mule, with dimin. suffix *-ito*; see Diet.—L. *mulum*, acc. of *mulus*; see **MULE**.

MULBERRY, the fruit of a certain tree. (Hybrid; L. and E.) ME. *mulberry*. Trevisa translates *zygomorpha* by *mulberryes*, l. 11, l. 4. Here the *l* stands for *r*; cf. ME. *murberie*, Voc. 557. 81. The AS. name for the tree was *mir-beam*; see Cockayne's A. S. Leechdoms, iii. 339. 'Morus, vel rubus, mir-beam;' Aldric's Gloss., Nomina Arborum, in Wright's Vocab. i. 24, col. 2. [The AS. *bram*, a tree, is mod. E. *beam*.] β. *Berry* is an E. word; *mul*—ME. *mool*—AS. *mūr*. The AS. *mūr* is from L. *mūrus*, a mulberry-tree. Cf. Gk. *μύρον*, *μύρον*, a mulberry, *μύρον*, a mulberry-tree; perhaps *μύρον* is the origin of L. *mūrum*, a mulberry. ¶ The G. *maulbeere* (OHG. *mārber*) is similarly compounded, from L. *mūrus* and G. *beere*. See **SYCAMORE**. Der. *murren*.

MULCT, a fine, penalty. (L.) Given as a sb. in Minshew, ed. 1627.—L. *mulcta*, a fine, penalty; whence also OF. *mulle* (Cotgrave). The older and better L. form is *multa*. Said to be of Sabine or Oscan origin. Der. *mulct*, vb.

MULE, the offspring of the horse and ass. (F.—L.) ME. *mule*, Rob. of Glouc. p. 189, l. 3913.—F. *mule*,—L. *mūlum*, acc. of *mulus*, a mule. β. The long *i* points to a loss; the word is cognate with Gk. *μύλον*, an ass, *μύλος*, a stallion ass. (See Prettwitz.) ¶ The L. *mūlus* is also the origin of AS. *māl*, which is obsolete; it would have given the mod. E. form *as mool* or *wool*. Der. *mul-ick*; *mul-et-er*, spelt *mulder* in old edd. of Shakespeare, i. Hen. VI. iii. 2. 68, from F. *mulier*, 'a muletier' (Cot.), which from F. *mul*, 'a mule, mulet, or great mule' (id.), formed with suffix *-et* from F. *mul* < L. *mūlum*, acc. of *mulus*.

MULLAH, MOLLA, a Mohammedan title of respect given to some religious dignitaries. (Arab.) Aral. *maulā*, a judge, the magis-

trate of a large city, a lord, a master; Rich. Dict. p. 1528; commonly pronounced *mulla* in Turkey (Devic).

MULLED, a term applied to sweetened ale or wine. (F.—L.) Apparently from ME. *mullen*, to break to powder, crumble (Prompt. Parv. p. 348), from the sb. *mull*, powder, the sense of which was perhaps transferred (as Way suggests) to the 'powdered condiments' which the ale contained, esp. grated spices, and the like. Cf. ME. *mull*, AS. *myl*, dust, powder. But Blount's Gloss. has: 'Mulled' (*vinum mulitum*), because softened and made mild by burning and a mixture of sugar. = F. *mollir*, to soften. = L. *mollire*, to soften. = L. *mollis*, soft; see **MOLLIFY**. Cf. *mull'd*, weak; Cor. iv. 5, 239.

MULLEIN, a kind of wild flower. (F.) The great mullein is *Verbascum thapsus*. Spelt *mullain* in Minshew, ed. 1627. ME. *moleyn*. Prompt. Parv.—AF. *moleine*, Voc. 556. 31; F. *moline*. The ME. name was *softe*, i.e. the soft. This suggests a der. from OF. *mal*, soft; from L. *mollis*, soft.

MULLET (1), a kind of fish. (F.—L.) ME. *molet*; 'Molet, fische, Mullus'; Prompt. Parv. Older form *mulet*, occurring as a gloss to L. *mulus* in a list of fishes of the 12th cent.; see Wright's Vocab. i. 98. 1.—OF. *mulet*, 'the mullet-fish'; Cot. Formed, with dimin. suffix *-et*, from L. *nullus*, late L. *mulus*, the red mullet. Cf. Gk. *μύλος*, a sea-fish.

MULLET (2), a five-pointed star. (F.—L.) In Blount's Gloss., ed. 1674. A term in heraldry. ME. *molet*, a mullet (in heraldry); Book of St. Alban's, pt. ii. fol. f. 7, back; pl. *moletys*, id. fol. b. 3, back.—OF. and F. *molette*, a rowel; 'molette d'esperon, the rowel of a spur'; Cot.; *molette*, 'a mullet, the ramhead of a windless, the rowel of a spur'; id. Hatfield explains F. *molette* as the dimin. of F. *moule*, a mill-stone.—L. *mola*, a mill. See **MOLAR**, **MILL**.

¶ The transference of sense was of 'wheel of a water-mill' to any wheel, including the spur-rowel, which the mullet resembled.

MULLIGATAWNY, a hot soup. (Tamil.) It occurs in 1784; see Yule. From Tamil *muliga-tannir*, lit. pepper-water (Yule). Cf. Malayalam *mufaka*, pepper; Tamil *tanir*, water (H. II. Wilson).

MULLION, an upright division between the lights of windows. (F.) A variant of *munnion*, with the same sense, which is still in use in Dorsetshire; Halliwell. It occurs in some edd. of Florio; see below.—F. *moignon*, 'a stump, or the blunt end of a thing; moignon des ailes, the stumps, or pinions of the wings; moignon du bras, the brawn, or brawny part of the arm'; Cot. β. Hence *munnion*, just as OF. *troignon* gives E. *truncheon*. Cf. Mital. *muignone*, 'a carpenter's munion or trunion'; Torriano. As Wedgwood well observes, 'the munion or mullion of a window is the stump of the division before it breaks off into the tracery of the window.' It clearly took its name from the likeness to the stump of a lopped tree, which is one of the senses of F. *moignon*; see Littré. The word also occurs as Span. *muffon*, the brawn or muscle of the arm, the stump of an arm or leg cut off; Port. *munkões*, pl. of *munkão*, the truncheon of a gun. Further allied to Span. *mufeca*, the wrist, Port. *munkeca*. γ. From OF. *moing*, maimed (Droz, 4th ed. p. 725). Of uncertain origin; see Küting, § 6369. ¶ The E. form may be Walloon. Sigart has: 'Mouyon, mouillon (d'ebauin), tranche de cabillaut; peut-être de moignon.'

MULTANGULAR, having many angles. (L.) In Kersey, ed. 1715.—L. *multi-*, stem of *multus*, many; and *angulus*, angular. See **MULTITUDE** and **ANGULAR**. ¶ Similarly, *multi-lateral*, from *multi*=*multo*, from *multus*, and E. *lateral*, q.v. So also *multi-form*.

MULTIFARIOUS, manifold, diversified. (L.) In Blount's Gloss., ed. 1674; he says it occurs in Bacon. Englished by change of -us to -ious, as in *arduus*, &c.) from L. *multifarius*, manifold, various. The orig. sense appears to be 'many-speaking', i.e. speaking on many subjects.—L. *multi*=*multo*, from *multus*, much; and -*farius*, prob. connected with *fari*, to speak. Cf. the rare word *fariari*, to speak. See **MULTITUDE** and **FATE**.

MULTIPLE, repeated many times. (L.) In Kersey, ed. 1715. A coined word, analogous to *tri-plex*, *quadri-plex*, &c., the suffix being due to the L. suffix *-plex*; see **MULTIPLY**.

MULTIPLY, to increase many times, make more numerous. (F.—L.) ME. *multiplier*, Chaucer, C. T. 16303 (G 835). IE also has multiplying, sb., C. T. 12308 (C 374); and multiplication, C. T. 16317 (G 849). = F. *multiplier*, 'to multiply'; Cot. = L. *multiplicare*, to render manifold.—L. *multi-*, stem of *multus*, manifold.—L. *multi*=*multo*, for *multus*, much; and the suffix *-plex*, with the sense of 'fold'. See **MULTITUDE** and **COMPLEX**, **PLAIT**. Der. *multi-* and -*plex* from the fut. pass. part. *multiplicandus*; *multi-* at -ion, from F. *multiplication*=L. acc. *multiplicandum*; *multi-* at -ive; *multiplier*; *multiplier*, Drayton, The Monocall, l. 401 (K.).

MULTITUDE, a great number, a crowd. (F.—L.) ME. *multitude*, Gower, C. A. i. 220; bk. ii. 180.—F. *multitude*, = F. *multitudo*; Cot. = L. *multitudo*, acc. of *multitudo*, a multitude.

Formed (with suffix *-tudo*) from *multi*=*multo*, from *multus*, many, much. Root unknown. Der. *multitudin-ous*, Macb. ii. 2. 62, from the stem *multitudin-*.

MULTURE, a toll or fee taken for grinding corn at a mill. (F.—L.) MF. *multure*, 'a multure; a grist; or grinding; the corn ground; also, the toll or fee that's due for grinding'; Cot. (F. *mouture*) = L. *molitura*, a grinding; from *molere* (pp. *molitus*), to grind. See **MOLAR**.

MUM (1), an interjection, impressing silence. (E.) In Shak. Temp. iii. 2. 59. ME. *mom*, *num*, expressive of the least possible sound with the lips; P. Mowman, B. prol. 215; Lydgate, London Lykpeny, st. 4, in Spec. of Eng. ed. Skeat, p. 24. So also L. *mu*, Gk. *μῦ*, the least sound made with the lips. Evidently of imitative origin. Der. *num-ble*; and see *mummer*. Compare *neu*, *murmur*, *mutter*, *myth*.

MUM (2), a kind of beer. (Low G.) 'Cold roast beef and mum'; Guardian, no. 34 (1713). 'Mings of mum'; P. ope, Dunciad, ii. 385. Named after Christian *Mumme*, a brewer of Brunswick (ab. 1492). Cf. Du. *mom*, G. *munne* (in Weigand).

MUMBLE, to speak indistinctly, to chew inefficiently. (E.) The *b* is excrement, and due to emphasis; the final *-le* is the usual frequentative ending. ME. *monelen*, *munelen*, to speak indistinctly or weakly; P. Mowman, A. v. 21, B. v. 21. Formed with the frequent. suffix *-el* from ME. *mun*, a slight sound. See **MUM** (1). Cf. Du. *munnen*, E. *Fries*, and G. *mummeln*, to mutter, mumble; similarly formed; Low G. *mummeln*, to mumble food (Schambach.) Der. *mumbl-er*, *mumbl-ing*.

MUMMER, a masker, buffoon. (F.—Du.) 'That goeth a mummyng'; Tyndall, Works, p. 13, col. 2, l. 1. 'As though he came in in a mummyng'; Sir T. More, Works, p. 975 b. 'Made prouysyon for a dysgyssynge or a mummyng'; Fabyon's Chron. an. 1399-1400. 'Mommery, mommerie'; Falsgrave. ME. *mommerye*, *mommyng*, a rule dramatic entertainment; Trevisa, tr. of Higden, viii. 539, 540. This early use of the F. form *mummyng* shows that we took the word through the French, though it was orig. a Dutch or Platt-deutsch word. Cotgrave gives, however, no verb; but this was easily developed.—MF. *momneur*, 'a mummer, one that goes a mummyng'; also *mommerie*, 'a mummyng, a mummyng'; Cot.—MDu. *mummen*, 'to goe a moming, or in a maske'; also *mom*, *mommer*, or *mommekeun*, 'a mommer, or a masker'; also *mommerye*, 'mommung, or masking' (with F. suffix); Hexham. IE also gives *mom-aensicht*, 'a vizard, or a mommers vizard'. Cf. Low G. *mummeln*, *benummeln*, to mask, *munne*, a mask; Bremen Wörterbuch. (Hence G. *vermummen*, to mask.) β. The origin is imitative, from the sound *num* or *mom*, used by nurses to frighten children, like the E. *ho!* See Wedgwood, who refers to the habit of nurses who wish to frighten or amuse children, and for this purpose cover their faces and say *num!* or *bo!* whence the notion of masking to give amusement. Cf. G. *mummel*, a bugbear. Thus the origin is much the same as in the case of *num*, *mumble*; see **MUM** (1). Der. *mummer-y*.

MUMMY, an embalmed human body. (F.—Ital.—Pers.) Formerly used of stuff derived from mummies. 'Mummy, Mummy, a thing like pitch sold by the apothecaries; . . one [kind] is digged out of the graves, in Arabia and Syria, of those bodies that are embalmed, and is called Arabian Mummy'; Blount's Gloss., ed. 1674. 'Mummy hath great force in stanching of blood'; Bacon, Nat. Hist. § 980.—MF. *munie*, 'mummy; man's flesh inballed'; or rather the stuff wherewith it hath been long inballed; Cot.—Ital. *mumma*, *munia* (cf. Span. *nomia*).—Pers. *mimiyi*, a mummy.—Pers. *mum*, *möm*, wax (much used in embalming); Rich. Dict. p. 1520.

MUMP, to mumble, sulk, whine, beg. (Du.) A *mumper* was an old cant term for a beggar; and to *mump* was to beg, also to be sulky; see Nares, ed. Halliwell and Wright. The original notion was to mumble, hence to mutter, be sulky, to beg; used derivatively with various senses. 'How he mumps and bristles! where the sense appears to be 'grimaces'; Beaumont and Fletcher, Maid in the Mill, iii. 2 (Pedro).—Du. *mompfen*, to mump, to cheat (Sewel). Cf. MDu. *mompelen*, to mumble (Sewel); *mommelen*, *mompelen*, to mumble (Hexham). β. The form *mompelen* is nothing but an emphasised form of *mommelen*, and *mompfen* of *mommen*, to say mum, to mask. That is, *mump* is merely a strengthened form of the imitative word *mun*; see **MUM** (1), **MUMBLE**, **MUMMER**. Cp. Norw. *mumpe*, to mumble; Wilem. *momppe*, a mouthful, also, one who pouts (De Bo). The curious Goth. verb *bi-mump-jan*, to deride, mock at, Luke, xvi. 14, has a similar origin. Der. *mump-er*, *mump-ish* (sullen); *mumps*, q.v.

MUMPS, a swelling of the glands of the neck. (Du.) This troublesome disease renders speaking and eating difficult, and gives the patient the appearance of being sullen or sulky. 'To have the

mumps or 'to be in the *mumps*' was, originally, to be sullen; the sense was easily transferred to the disease which gave such an appearance. It is derived from the verb *Mump*, q.v. We find *mumps* used as a term of derision. 'Not such another as I was, *mumps*!' Beaumont and Fletcher, *Scornful Lady*, v. 1 (Elder Loveless). 'Sick of the *mumps*,' i.e. sulky; B. and F., Bonduca, i. 2 (Petillius), near the end.

MUNCH, to chew, masticate. (E.) In Macb. i. 3. 5 (where ed. 1623 has *mouch*). Udall has *manunch*, Apoph. of Erasmus, § 23. ME. *monchen*, Chaucer, *Troil.* i. 914. *Monch* answers to an older form *monk*, apparently an imitative word parallel to the base *mon* in ME. *momelen*, to mumble; see **MUMBLE**. Kilian has MDu. *moncken*, *mompelen*, 'mussitare.' Cf. EFries. and Low G. *munkeln*, to mumble; and see **MUMP**. ¶ We cannot deduce it from F. *manger*, for phonetic reasons; yet it is quite possible that this common F. word may have helped to suggest the special sense. The F. *manger* is from L. *manducare*, to chew, extended from *manducare*, a glutton, which is from *mandere*, to chew; see **MANDIBLE**. Der. *munch-er*.

MUNDANE, worldly. (F.-I.-L.) Taken from F., but now spelt as if from Latin. 'For following of his pleasure *mondaine*,' Skelton, *Book of Three Fables*, ed. Dyce, i. 205. -F. *mondain*, 'mundane'; Cot.-L. *mundanus*, worldly. -L. *mundus*, the world (lit. order, like Gk. *κόσμος*). -L. *mundus*, clean, adorned.

MUNGOOSE, MONGOOSE, an Indian ichneumon. (Telugu.) Spelt *mongoose* in 1673; *mangus* in 1685; see Yule, who says: 'The word is Telugu, *mangus*. Jerdon gives *mangūs* however as a Deccani and Maharrati word.' Forbes, in his Hindi Dict., has: '*mangūs*, a weasel, a mongoose.'

MUNICIPAL, pertaining to a township or corporation. (F.-I.-L.) In Cotgrave, -F. *municipal*, 'municipal'; Cot.-L. *municipalis*, belonging to a *municipium*, i.e. a township which received the rights of Roman citizenship, whilst retaining its own laws. -L. *municipi-*, from *municipes*, a free citizen, lit. one who takes office or undertakes duties. -L. *muni-*, for *münus*, obligation, duty, and *capere*, to take; see **CAPTURE**; and see below. Der. *municipal-ly*.

MUNIFICENCE, bounty, liberality. (F.-I.-L.) Both *municipice* and *municipice* are in Minshew, ed. 1627. The sb. is the more orig. word. -F. *municipice*, 'munificence'; Cot.-L. *municipicentia*, bounty, boundfulness. Formed as if from an adj. **municipicent-*, with secondary suffix -ent-, the only related word found is the adj. *municipicus*, bountiful, liberal, formed upon *muni-*, for *münus*, a duty, a present, and *facere*, to make; so that *muni-ficis* = present-making. [The verb *municipicare* is a mere derivative of *municipicus*.] F. For the verb *facere*, see **FACT**. The L. *münus* signifies orig. 'obligation'; from an Idg. base **moi-*, whence also E. *münition*, *müniment*, *common*, *com-mune*, *com-muni-cate*, *in-muni-ty*, *re-muner-ate*, see **BREAL** and Brugmann, i. § 208. From ¶ MEI, to exchange; see **COMMON**. Der. *municipicent*, coined to suit the sb.; *muni-ficent-ly*.

MUNIMENT, a defence, a record of a claim, title-deed. (F.-I.-L.) In Shak. *müniments* means expedients or instruments; Cor. i. 1. 122. -F. *müniment*, 'a fortifying; also used in the sense of *münition*.' Cot.-L. *münimentum*, a defence, safeguard. Formed with suffix -mün- from *mün-ire*, to fortify, for an older form *münire*, lit. to furnish with a wall. -L. *moenia*, neut. pl., ramparts, walls, defences. Allied to *münition*. Brugmann, i. § 208.

MUNITION, materials used in war; also, a fortress. (F.-I.-L.) In Isaiah, xxxix. 7, xxxiii. 16; and in Shak. K. John, v. 2. 98. -F. *münition*, 'munition, store, provision, provant or victuals for an army.' Cot.-L. *münitionem*, acc. of *münitio*, a blockading, defending, securing; cf. *münitulus*, pp. of *münire*, to fortify. See **MUNIMENT**. Der. *am-münition*.

MUNITION, the older and correct form of *Munition*, q.v.

MURAL, belonging to a wall. (F.-I.-L.) 'He [Manlius Capitolinus]... was honoured with a *murall* crown of gold;' Holland, tr. of Pliny, l. vii. c. 28. -F. *mural*, 'mural, of or belonging to a wall'; Cot.-L. *mürälis*, mural. -L. *mürus*, a wall; OL. *moerüs*, *moürus*. B. Probably akin to *moenia*, walls. See **MUNIMENT**. Der. *im-mure*.

MURDER, MURTHUR, wilful killing of another man. (E.) ME. *moürde*, *moürder*; Chaucer, C. T. 15057 (H 4241). Also *moürthe*, *moürth*, *moürth*, *moürth*; Chaucer, C. T. 15057. AF. *moürder*, Laws of Will. I. § 22. AS. *moürþor*, *moürþ*; Giesb. ii. 263; Goth. *moürþur*. B. The word appears without the suffix -or in AS. and OSax. *moürþ*, OFrisic *moürþ*, *moürþ*, Du. *moürd*, G. *moürd*, Icel. *moürð*, death, cognate with L. *moür* (hence *moür*), death; see **MORTAL**. The change from *th* (as in AS. *moürþor*) to *d* was due to Norman influence; note the AF. forms *moürde*, *moürdir*. Der. *moürder*, vb., AF. *moürdir*, ME. *moürþen*, P. Plowman, R. xvii. 278; *moürder-er*; *moürder-ess*, spelt *moürderie* in Gower, C. A. i. 351; bk. iii. 2162; *moürder-ous* or *moürth-ous*, Mach. ii. 3. 147; *moürder-ous-ly*.

MURIATIC, briny, pertaining to brine. (L.) In Johnson. -L. *muriaticus*, pickled or lying in brine. -L. *muria*, salt liquor, brine, pickle.

MURICATED, prickly. (L.) '*Muricated*, in botany, prickly, full of sharp points; Ash's Dict., ed. 1775. -L. *müricatus*, a adj. of the form of a pp. formed from *mürice*, stem of *mürere*, a fish having sharp prickles, also, a sharp pointed stone, a spike.

MURKY, MIRKY, dark, obscure, gloomy. (Scand.) The -y is a modern addition. 'Hell is *murky*;' Mach. v. 1. 41. ME. *mirke*, *merke*. 'The merke dale;' P. Plowman, B. i. 1. 'The mirke nith' [night]; Havelok, 404. -Icel. *myrk* (for **mirhvoð*, Noreen); Dan. and Swed. *mörk*, dark, murky. + AS. *mirce*; OSax. *mirki*. ¶ The AS. *mirce* would have become *mirch*; the final *k* shows that the origin is Scand. Cf. Skt. *marka*, an eclipse (Macdonell); see Uhlenbeck, Skt. Dict. Der. *murki-ty*, *murki-ness*.

MURMUR, a low muttering sound; to mutter, complain in a low voice. (F.-I.-L.) ME. *murmur*, sb., Chaucer, C. T. Pers. Tale, De Invidia (1503); *murmuren*, vb., id. 10518 (F 204). -F. *murmure*, 'a murmur'; also *murmurer*, 'to murmur'; Cot.-L. *murmur*, a murmur; whence the verb *murmuräre*. + Gk. *μυρμυρεῖν*, to rush and roar as water; Skt. *marmara*, the rustling sound of the wind. B. Evidently a reduplicated form from the imitative ¶MUR, expressive of a rustling noise; as in Icel. *murra*, G. *murren*, to murmur. Brugmann, i. § 409. Der. *murmur-ous*, Pope, tr. of Odyssey, b. xx. l. 19.

MURRAIN, an infectious disease among cattle. (F.-I.-L.) ME. *moreyne*, *moreine*, P. Plowman, C. iv. 97. -OF. **moreine*, not found; closely allied to OF. *morine*, a carcass of a beast, a malady or murrain among cattle. See Roquefort, who cites an OF. translation of Levit. xi. 8; 'tu eschiveras mortes *morines*' = thou shalt eschew dead carcasses. [Cf. Norm. dial. *morine*, Span. *morriña*, Port. *morrinha*, murrain. -OF. *morir* (mod. F. *mourir*), to die (Burguy). -Folk-L. *more*, for L. *more*, to die; see **MORTAL**.

MURREY, dark red; obsolete. (F.-I.-L.-Gk.) 'The leaves of some trees turn a little murrey or reddish;' Bacon, Nat. Hist. § 512. Spelt *murrey*, Palgrave; *murreye*, Hoccleve, De Regim. Principlum, 695. -OF. *moré*, 'a kind of murrey, or dark red colour'; Cot. This OF. *moré* answers to a Late L. *möräta*, fem. of *mörätus*. We actually find Late L. *mörätum* in the sense of a kind of drink, made of thin wine coloured with mulberries; see Ducange. Cf. Ital. *morato*, mulberry-coloured, from Ital. *mora*, a mulberry; Span. *morado*, mulberry-coloured, from Spau. *mora*. Hence the derivation is from L. *mörum*, a mulberry; and the sense is properly 'mulberry-coloured.' See **MULBERRY**.

MURRION, another spelling of *Morion*, q.v.

MUSCADEL, MUSCATEL, MUSCADINE, a rich fragrant wine, a fragrant pear. (F.-I.-L.-Gk.-Pers.) Shak. has *muscadell*, a wine, Tam. Shrew, iii. 2. 174. '*Muscadell*, mulsum apianum;' Livins. Spelt *muscadine*, Beaumont and Fletcher, *Loyal Subject*, iii. 4, last line. And see Nares. -MF. *muscadell*, 'the wine muscadell or muscadine;' Cot. -MItal. *moscadello*, *moscattello*, 'the wine muscadine;' cf. *moscardino*, 'a kind of muske comets, the name of a kind of grapes and pears;' *moscatini*, 'certain grapes, pears, and apricots, so called;' Florio. Dimin. forms from MItal. *moscato*, 'sweetened or perfumed with muske; also the wine muscadine;' Id. -MItal. *musco*, 'muske; also, a muske or civet cat;' Id. -L. *museum*, acc. of *muscus*, musk; see **MUSK**.

MUSCLE (1), the fleshy parts of the body by which an animal moves. (F.-I.-L.) Sir T. Elyot has the pl. *muscles*; Castet of Helth, b. ii. c. 33. But this is a Latinised form. Spenser has *muscles*, *Astrophel*, 120. -F. *muscle*. -L. *musculus*, acc. of *musculus*, (1) a little mouse, (2) a muscle, from its creeping appearance. (Cf. F. *souris*, (1) mouse, (2) muscle.) Dimin. of *mūs*, a mouse, cognate with E. *mouse*; see **MOUSE**. Der. *muscul-er*, in Kersey, ed. 1715, substituted for the older term *musculus* (Blount's Gloss, ed. 1674), from L. *musculösus*, muscular.

MUSCLE (2), **MUSSEL**, a shell-fish. (L.) Really the same word as the above, but borrowed at a much earlier period, and directly from Latin. ME. *muscle*, Chaucer, C. T. 7682 (D. 2100); P. Plowman, C. x. 94, which follows the F. spelling. AS. *musle*; 'Muscula, *musle*;' Voc. 319. 22; and again, 'Gentacula, *musle*;' Voc. 261. 34. [Here the *x* stands for *es*, by metathesis for *sc*, just as in AS. *äscan* for *äscan*; see **ÄSK**.] -L. *musculus*, a small fish, sea-muscle; the same word as *musculus*, a little mouse; see **MUSCLE** (1). ¶ The double spelling of this word can be accounted for; the L. *musculus* became AS. *muscle* (Mone, Quellen, p. 340), early turned into *musle*, whence E. *musel*, the final -el being regarded as the AS. dimin. suffix. The spelling *muscle* is French. ¶ The remarkable change of sense in L. *musculus* from 'little mouse' to 'muscle' has its counterpart in Dan. *mūs-ling*, a muscle (the fish), lit. 'mouse-ling.' Cf. Swed. *mūs*, a mouse; *musla*, a muscle (the fish); Gk. *mūs*, (1) mouse, (2) muscle, in both E. senses. We even find,

as Mr. Wedgwood points out, *F. souris*, 'a mouse, also, the sinewy brown of the arm:' Cot.

MUSCOID, moss-like. (Hybrid; L., with Gk. suffix.) Botanical. Coined from *L. musco*, for *muscus*, moss; and the Gk. suffix *-eidos*, like, from *eidos*, form. See **MOSS**.

MUSE (1), to meditate, be pensive. (F.-L.) ME. *musen*, (Chaucer, C. T. 5453 (B 1033); P. Plowman, R. x. 181. [We also find ME. *musard*, *musard*, a dreamer, Rob. of Brunne, tr. of Langtoft, pp. 229, 266; from F. *musard*, sh. 'a musser, dreamer,' also as adj. 'musing, dreaming, &c.;' Cot.] = F. *muser*, 'to muse, dreame, study, pause, linger about a matter;' Cot. = OF. *muse*, the mouth, snout of an animal, Godefroy; whence the dimin. *musel*, later *musseau*, whence F. *muzzle*; see **MUSSE**. β. Strange as it may seem, this etymology, given by Diez, is probably the right one; it is well borne out by Florio's Ital. Dict., where we find: '*Musare*, to muse, to think, to surmise, also to muzzle, to muffle, to mocke, to jest, to gape idly about, to hold ones muse or snout in the air.' This is plainly from Ital. *muso*, 'a muse, a snout, a face.' The image is that of a dog snuffing idly about, and musing which direction to take; and arose as a hunting term. Thus in the Book of St. Alban's, fol. 6, we find: 'And any hound fynd or *myr-yng* of hir mace,' i.e. If any hound find her [a hare], or makes a scenting of her. See the OF. *musart*, *muse*, *musel*, *muscr*. ¶ Disputed; see Diez, Körtgen, Scheler. Der. *mus-er*, *a-muse*.

MUSE (2), one of the nine fabled goddesses who presided over the arts. (F.-L.) (Gk.) In Shak. I. Icn. V. prol. 1. = F. *musée*, a muse, = Gk. *μουσα*, a muse. Der. *mus-ic*, q. v., *mus-ic*, q. v., *mus-ic*, q. v.

MUSEUM, a repository for works of art, &c. (L.-Gk.) '*Museum*, a study, or library; . . . The *Museum* or *Ashmole's Museum*, a neat building in the city of Oxford . . . founded by Elias Ashmole, Esq.;' Phillips, World of Words, ed. 1766. This building was finished in 1683. 'That famous *Museum*;' Sandys, Trav. 1632; p. 111. = L. *musaeum*, = Gk. *μουσείον*, the temple of the muses, a study, school. = Gk. *μουσα*, a muse; see **MUSE** (2).

MUSHEROOM, a kind of fungus. (F.-O.I.G.) In Shak. Temp. v. 39. The final *m* is just for *n*. ME. *muscheron*, explained as 'toodyis hatte, *bolatus*, *jungus*.' Prompt. Parv. = MF. *muscheron*, *muscheron*, 'a mushrone,' Cot. Extended from OF. *mousse*, moss (Hatzfeld), where mushrooms grow. = O.I.G. *mas* (G. *moss*), moss; cognate with E. *moss*; see **MOSS**.

MUSIC, the science of harmony. (F.-L.-Gk.) ME. *musik*, *musyk*, P. Plowman, B. x. 172. = F. *musique*, 'music;' Cot. = I. *μουσική*, = Gk. *μουσική*, any art over which the muses presided, esp. music; fem. of *μουσικός*, belonging to the muses, = Gk. *μουσική*, a muse; see **MUSE** (2). Der. *music-al*, L. L. iv. 3. 342; *music-ally*; *music-i-an*, Merch. Ven. v. 106, from F. *musicien*.

MUSIT, a small gap in a hedge; obsolete. (F.-C.) In Shak. Venus, 683; and see Two Noble Kinsmen, iii. 1. 97, and my note thereon; also Nares. = MF. *musette*, 'a little hole, corner, or hoord to hide things in;' Cot. Hence applied to the hole in a hedge through which a hare passes. Dittin. of OF. *musse*, 'a secret corner;' Cot. = F. *musser*, 'to hide, conceal;' id. Of Celtic origin; cf. OIrish *múch-aim*, I hide (Thurmsen, p. 108).

MUSK, a strong perfume obtained from the musk-deer. (F.-L.-Gk.) = Pers. In Shak. Merry Wives, ii. 2. 68. Spelt *muske* in Palsgrave. = MF. *musque* (Palsgrave); F. *musc*, 'musk;' Cot. = L. *musculus*, acc. of *muscula*, musk. = Lat. Gk. *μύσχος*. = Pers. *muskh*, *muskh*, musk; Rich. Dict. p. 1417. Cf. Skt. *muska-s*, a testicle; because the musk was obtained from a bag behind the musk-deer's navel. Another sense of *muska-s* was (probably) 'little mouse,' from *muskh*, to steal. See **MOUSE**. Der. *musc-add*, q. v., *nul-meg*, q. v.; *musk-apple*, *musk-rose* (from the scent); *musky*.

MUSKET, a small hawk; a hand-gun. (F.-Ital.-L.) α. The old guns had often rather fanciful names. One was called the *falconet*, a dimin. of *falcon*; another a *saker*, which was also the name of a hawk; another a *basilisk*; another a *culverin*, i.e. snake-like; see **CULVERIN**. So also the *musket* was called after a small hawk of the same name. β. Shak. *musket*, a hand-gun; All's Well, iii. 2. 111. ME. *musket*, spelt *muskyte* in Prompt. Parv., and explained as a 'byrde.' '*Musket*, a lytell hauke, *muschet*;' Palsgrave. See Way's note, who remarks that 'the most ancient names of firearms were derived from monsters, dragons, or serpents, or from birds of prey, in allusion to velocity of movement.' = MF. *musquet*, 'a musket (hawk, or piece);' Cot. [Here piece = gun.] [Cotgrave also gives MF. *monchet*, *muschet*, 'a musket, the tassell of a sparhawk; also the little singing-bird that resembles the *friket*, [which is] a kind of sparrow that keeps altogether about walnut-trees.']= Ital. *moschetto*, 'a musket; also, a musket-hawke;' Florio. γ. Just as MF. *monchet*, *muschet*, is related to F. *mosche*, *mosche*, a fly, so Ital. *moschetto* is related to Ital. *mosca*, a fly. [The connexion is

not very obvious, but see the remarks in Scheler, who shows that small birds were sometimes called flies; a clear example is in G. *gras-mücke*, a hedge-sparrow, lit. a 'grass-midge.' The particular hawk here spoken of was so named from his small size.]= L. *musca*, a fly. Observe also, in Florio, the forms *moscaro*, 'a kind of bird, also a musket hawk;' *moscherino*, 'a kind of file, the name of a bird;' *moschetti*, 'a kind of sparrows in India, so little, as with feathers and all one is no bigger then [than] a little walnut'; all of which words are derived from *mosca*. We may also compare the Span. and E. *mosquito*; see **MOSQUITO**. Der. *musket-er*, spelt *musqueteer* in Hudibras, pt. i. c. 2, l. 567, from MF. *mousquetaire*, 'a musketeer, a souldier that scrves with a musket;' Cot.; *musket-oon*, 'a short gun, with a very large bore,' Kersey, ed. 1715, from Ital. *moschettone*, a blunderbuss (Baretti); cf. *moschettone*, a great horse-fly (Florio); *musket-r-y*.

MUSLIN, a fine thin kind of cotton cloth. (F.-Ital.-Syriac.) Spelt *musellin* and *muslin* in Phillips, ed. 1706. = F. *museline*, *muslin*. = Ital. *musolino*, *muslin*; a dimin. form of *muscolo*, also used in the same sense. = Syriac *Musul* (Webster), the name of a city in Kurdistan, in the E. of Turkey in Asia, where it was first manufactured, according to Marco Polo. The Arab. name of the city is *Mamsil*; Rich. Dict. p. 1526.

MUSQUASH, a rodent quadruped. (N. Amer. Indian.) Capt. Smith has the pl. *musquash*, Works, p. 207; in his description of New England. From the old N. Amer. Indian name.

MUSQUITO, MUSSEL, see **MOSQUITO, MUSSELE** (2).

MUSULLMAN, a true believer in the Mohammedan faith. (Pers.-Arab.) 'The full-fed *Musullman*;' Dryden, Hind and Panther, l. 377. 'A *Musellman*, which is a true beleuer;' Sandys, Trav. 1632, p. 56. In Richardson's Arab. and Pers. Dict., p. 1418, the form *musallman*, an orthodox believer, is marked as Persian. The Arab. form is *muslim*, answering to E. *muslem*; see **MOSLEM**.

MUST (1), part of a verb implying 'obligation.' (L.) This verb is extremely defective; nothing remains of it but the *past tense*, which does duty both for past and present. The infinitive (*muste*) is obsolete; even in AS. the infin. (*mústan*) is not found. But the present tense is common in the Middle-English period. ME. *mot*, *moat*, pres. t. I am able, I can, I may, I am free to, very seldom with the sense of obligation; pt. t. *moote* (properly dissyllabic), I could, I might, I ought. 'As uer wole I drink wyne or ale' = as I can (or hope to be free to) drink wine or ale; Chaucer, C. T. 834 (A 832). In Ch. C. T. 734, 737, 740, 744, Tyrwhitt wrongly changed *moote* into *moote*, against both the MSS. and the metre. The right readings are: 'He *moote* reherse' = he is bound to relate; 'he *moote*, telle' = he will be sure to tell; 'He *moote* as wel' = he is bound as well; 'The wordes moote be' = the words should be. The pt. t. *moote*, *moote*, occurs in l. 714; 'He *moote* preche' = he will have to preach; where many MSS. have the spelling *moote*. AS. *mústan*, not used in the infinitive; preterito-pres. t. *is mót*, I am able, I may, can, am free to, seldom with the sense of obligation; new pt. t. *is mót*; see Grein, ii. 265. 4. OSax. **mútan* (not found); pres. t. *ik mót*, *ik mót*; pt. t. *ik mót*; OFries. pres. t. *ik mót*; pt. t. *ik mót*; Du. *moeten*, to be obliged; pres. t. *ik moet*, pt. t. *ik moest*; Swed. *måsta*, I must, both as pres. and pt. tense; so that the similar use in E. may be partly due to Scand. influence; G. *müssen*, MHG. *múezen*, O.I.G. *múzen*, of which the old sense was 'to be free to do' a thing, to be allowed; pres. t. *ich muss*; pt. t. *ich musste*; Goth. **mútan*, not found; pres. t. *ik gamót*; pt. t. *ik ga-múta*. In Mark ii. 2, Goth. *ni gamótústun* = they could not find room; so that the orig. sense of *mústan* was 'to find room.' β. Root uncertain; it may be connected with *meat*, *moat*; but this is not at all made out. Some connect it with the E. vb. *mete*, to measure.

MUST (2), new wine. (L.) In early use. ME. *must*, *most*; P. Plowman, B. xviii. 368; Layamon, 8723. AS. *must*, in a gloss (Bosworth). = L. *mustum*, new wine; neut. of *mustus*, young, fresh, new. Der. *must-ard*.

MUSTACHE, MUSTACHIO; see **Moustache**.

MUSTANG, a wild horse of the prairies. (Span.-L.) MSpan. *mustengo*, used in the same sense as *mostrenco*, adj., stray, having no owner; the spelling *must-* shows confusion with *mostrado*, meaning (1) belonging to the *media* or graziers, and (2) the same as *mostrenco*, i.e., stray; see Minshew, Pineda, Neumann. It is difficult to estimate the extent to which these words respectively influenced the form *mustengo*. 1. *Mostrenco* answers to the L. type **monstrānium*, a stray animal, which the finder was bound to have publicly cried; from L. *monstrāre*, to show, inform (hence, to cry); see Diez, and cf. **MUSTER**. 2. *Mostrado* is from Span. *media*, a company of graziers; from L. *mixta*, fem. of pp. of *miscere*, to mingle, to mix; cf. Span. *mezura*, a mixture. β. Minshew shows how much the words were confused in 1623; he gives: '*Media*, a monthely faire among herd-men; also, the ordinance that all owners and keepers of cattell

are to observe.' Also: '*Mostengo*, or *Mostrenco*, a strayer.' Also: '*Mostrenco*, a strayer, a bill signed: belonging to shepherds fairens.'

MUSTARD, a condiment made from a plant with a pungent taste. (F.—L., with Teut. suffix.) ME. *mustard*, Prompt. Parv.; *mostard*, Ayenbite of Inwyt, ed. Morris, p. 143, l. 30.—OF. *mostard* (Hatzfeld), later *mostard* (Cotgrave), mod. F. *mustarde*. Cf. Ital. and Port. *mostarda* (Span. *mostaza* with a different suffix). β. The suffix *-ard* (fem. *-arde*) is of Teut. origin from G. *hart*, lit. 'hard'; see Toynebee, Hist. F. Gr. The condiment took its name from the fact that it was made by mixing the pounded seeds of the mustard-plant with *must* or vinegar (Littre). The name was afterwards given to the plant itself (L. *sinapi*). γ. From OF. *most*, only found in the form *moist* (Supp. to Godefroy), mod. F. *moist*, must. Cf. Ital., Span., and Port. *mosto*.—L. *mustum*, must, new wine; see **MUST** (2).

MUSTER, an assembling in force, display, a fair show. (F.—L.) The F. sb. is older than the verb, and is nearly a doublet of *monstre*. ME. *monstre*. 'And the *monstre* was threthi thousandis of men;' Wyclif, 3 Kings, v. 13, earlier version; the later version has *summe* [sum]. 'And made a gode *monstre*;' and made a fair show; P. Plowman, R. xiii. 362.—OF. *mostr* (13th cent.), another form of MF. *monstre*, fem. 'a pattern, also a muster, view, shew, or sight;' Cot. Mod. F. *monstre*, which see in Littre. Cf. Port. *mostra*, a pattern, sample, muster, review of soldiers, *mostrar*, to show; Ital. *mostra*, a show, review, display, *mostrare*, to show.—Late L. *monstra*, a review of troops, show, sample.—L. *monstrare*, to show.—L. *monstrum*, a divine omen, portent. See **MONSTER**, which differs in gender, belong orig. neuter. Der. *monstr*, vb., ME. *monstren*, Romance of Partenay, ed. Skeat, 3003; *muster-master*. Cf. OF. *monstrer*, variant of *monstre*, ONorman *mustren*, Gascon *mustra*, to show.

MUSTY, mouldy, sour, spoiled by damp. (Prov.—L.) 'Men shall find little fine flower in them, but all very *mustie* branne, not worthy so much as to feede either horse or hogges;' Sir T. More, Works, p. 649 h (not p. 694, as in Richardson). See Hamlet, iii. 2. 359. Minshew (1623) has Span. *mosto*, new wine; *mostoso*, mustie, of sweet wine. γ. Godefroy (Supp.) gives OF. *muste*, *moiste*, *moete*, *moiste*, *moite*, all as variants of OF. *moiste*, moist; also *moiste* and *muste* with the sense 'moist.' The simplest solution is to take it as having come straight from Provence, with which we were connected by the wine trade from Bourdeaux.—Prov. *mousti*, *musti* (Gascon), adj., moist, humid (Mistral).—Prov. *moist*, must, new wine; see **MUST**, and cf. '*moisty* ale' in Chaucer, C. T., H 60. We may suspect some confusion with OF. *moisi*, explained by Cotgrave as 'mouldy, musty, fusty.' But to derive the word from OF. *moisi* is, phonetically, impossible. Der. *must-i-ly*, *-ness*.

MUTABLE, subject to change. (L.) ME. *mutable*, Chaucer, tr. of Boethius, b. iv. pr. 6, l. 110.—L. *mutabilis*, subject to change.—L. *mutare*, to change; see **MOUT**. For older *mutaire*; allied to L. *mut-us*, mutual, and to Gk. *μῦτος*, thanks, favour (Pretlitz); Goth. *mutigan*, to change, corrupt; Skt. *mith*, to associate with. Der. *mutability*, Chaucer, Troilus, l. 851. Also *mut-at-ion*, MF. *mutacion*, Chaucer, Boeth. b. i. pr. 6, l. 61, from F. *mutation* (Cot.), from L. acc. *mutatiōnem*. Also (from *mutāre*) *com-mute*, *per-mute*, *trans-mute*, *new* (3), *moilt*. Cf. *mut-ual*.

MUTCHKIN, an E. pint. (Du.) 'Ix. pyntis and three *mutchkins*;' Acts of Jas. I (1426), c. 80; ed. 1566 (Jam.). The Scotch pint was 4 E. pints.—MDu. *mutcheken*, 'our halfe common pinte;' Hexham. For '*mutseken*;' lit. 'small cap;' a dimin., with suffix *-ken*, of MDu. *mutse*, Du. *muuts*, a cap. Cf. G. *mütze*, a cap. See **AMUSE** (2).

MUTE (1), dumb. (L.) In Shak. Temp. iv. i. 126.—L. *mutus*, dumb. β. The form is that of a pp. from MEU, to mutter with closed lips; cf. Gk. *μῦς*, alas! *μῦναι*, to close; and esp. Skt. *māka*, dumb, Gk. *μῦθος*, dumb; from the notion of attempting to mutter low sounds; from the imitative L. *mu*, Gk. *μῦ*, a muttered sound. See **MUMBLE**, **MUTTER**, **MUM**. ¶ The ME. *mut* (Chaucer, Troil. v. 194) is from OF. *mut*; for a L. type **mut-ett-us*, a dimin. form. Der. *mut-ly*, *mut-ness*; also *mutter*.

MUTE (2), to dung; to dung of birds. (F.—MDu.) In Tobit, ii. 10 (A. V.); and in Palsgrave.—MF. *mutir*, 'to mute, as a hawk;' Cot. A clipped form of OF. *esmutir*, 'to mute, as birds do;' id. Spelt *esmutir* in the 13th cent. (Littre, s. v. *esmutir*, who fails to give the etymology, which is to be found in Scheler).—MDu. *smelten*, also *smelten*, to smelt, to liquify; also used of liquid animal discharge, as in Hexham. See **SMELT**.

MUTILATE, to maim. (L.) Formerly a pp. 'Imperfect or mutilate,' i.e. mutilated; Frith, Works, p. 90, col. 1.—L. *mutillatus*, pp. of *mutillare*, to maim.—L. *mutilus*, maimed.—Gk. *μῦλος*, also *μῦλος*, curtailed, docked. Der. *mutil-at-ion*, from F. *mutilation*, 'a mutilation,' Cot., from L. acc. *mutilatiōnem*.

MUTINY, a rebellion, insurrection, tumult. (F.—L.) *Mutin-y* is allied to the old verb *mutine*. 'If thou canst *mutine* in a

matron's bones;' Hamlet, iii. 4. 83. [Hence were also formed *mutin-er*, Cor. i. 1. 284; *mutin-er*, Temp. iii. 2. 40; *mutin-ous*, Temp. v. 42.]—MF. *mutiner*, 'to mutine;' Cot.—MF. *mutin*, 'mutinous, tumultuous;' id. β. MF. *mutin* stands for *mutin* (Godefroy); better known by the mod. F. derivative *émeute*. The mod. F. *mutin*, though the same word, is only used in the sense of 'a pack of hounds,' answering to Late L. *mutus canum* (Ducange).—Late L. *mutus*, a movement, contention, strife; used in place of L. *mutus*, fem. of *mutus*, pp. of *mutare*, to move; see **MOVE**. γ. Thus the orig. sense is 'movement,' well expressed by our 'commotion.' Parallel forms are MItal. *mutino*, 'a mutinie' (Florio), *mutinare*, 'to mutine' (id.), whence mod. Ital. *ammutinarsi*, to mutiny; also Span. *mutin*, a mutiny, sedition, Port. *mutina*, a mutiny, uproar. Der. *mutiny*, verb, As You Like It, i. 1. 24; *mutin-er* (as above), *mutin-er* (as above), *mutin-ous* (as above), *mutin-ous-ly*, *mutin-ous-ness*.

MUTTER, to murmur, speak in a low voice. (E.) ME. *mutren*, Chaucer, Troil. ii. 541. Also *muteren*, whence the pres. part. *mutering*, used to tr. L. *mutantes*, Wyclif, 2 Kings, xii. 19. The word is rather E. than borrowed from L. *mutire*, to mutter. To be divided as *mut-er-um*, where *-er* is the usual frequentative verbal suffix, and *mut-er* or *mut-* is an imitative sound, to express inarticulate mumbling; see **MUM**. Cf. Efrasi. *moften*, to mutter; Swed. dial. *mutla*, *muttra*, Norw. *mutra*, also prov. G. *muttern*, to whisper, similarly formed from a base *mut-*; L. *mut-ire*, *mutt-ire*, *mutt-are*, to mutter, *muttari*, a muttered sound; &c.

MUTTON, the flesh of sheep. (F.—C.) ME. *motoun* (with one *t*), spelt *mutone* in Prompt. Parv. In P. Plowman, B. iii. 24, the word *motoun* means a coin of gold, so called because stamped with the image of a sheep. The older spelling *mutoun* is in Gower, C. A. i. 39; prol. 1060.—OF. *moton* (mod. F. *motoun*), a sheep; a still older spelling is *muton* (Godefroy).—Low L. *mutinūm*, acc. of *mutto*, a sheep, also a gold coin (as in P. Plowman). Cf. Ital. *mutone*, 'a ram, a mutton,' Florio; where *n* is substituted for *t*, preserved in the Venetian form *muttone*, cited by Diez. β. Of Celtic origin; from a Celtic type **muttos*, a sheep; as in Irish and Manx *molt*, Gael. *molt*, W. *mollt*, Bret. *moet*, *meut* (for **molt*), a wether, sheep. See Stokes-Fick, p. 212. Miklosich cites Russ. *molli*(e), to castrate, s. v. *mol-*. Der. *mutton-chop*.

MUTUAL, reciprocal, given and received. (F.—L.) 'Conspiracy and mutual promise;' Sir T. More, Works, p. 1019 c; *mutuall* in Palsgrave.—OF. *mutuel*, 'mutually, reciprocal;' Cot. Extended from L. *mutu-us*, mutual, by help of the suffix *-el* (<L. *-ilis*). β. The orig. sense is 'exchanged;' from L. *mutāre*, to change; see **MUTABLE**. Cf. *mutu-us*, from *mut-*. Der. *mutual-ly*, *mutual-ity*, the snout of an animal. (F.—L.) ME. *mozel*, Chaucer, C. T. 2153 (A 2151).—OF. *musel* (Burguy), *muze* (A. D. 1521, Godefroy); later *muzeau*, 'the muzzle, snout, or nose of a beast;' Cot.; Norm. dial. *musel* (Du Bois). As Diez shows, an older form *morsel* is indicated by the Bret. *morzeel*, which (like Bret. *muze*) means 'muzzle' and is merely a borrowed word from OFrench. β. Again, the Provençal (according to Diez) not only has the form *mus*, but also *mursel*, in which the *r* is again preserved; but it is lost in Ital. *musel*, the muzzle, and in the E. **MUSE** (1). γ. The OF. **morsel* thus indicated is a dimin. (with suffix *-el*) from a form **mors*; cf. Ital. *mosa*, standing for an older **morsa*, which may have meant 'muzzle' as well as 'bit, bridle, or snaffle for a horse' (Florio). Cf. F. *mors*, 'a bite, or biting;' Cot.—Late L. *morsus*, (1) a morsel, (2) a buckle, (3) remorse, (4) a beak, snout, in which sense it is found A. D. 1309. L. *morsus*, a bite, a tooth, clasp of a buckle, grasp, fluke of an anchor.—L. *morsus*, pp. of *mordere*, to bite. See **MORSEL**. ¶ Disputed; see Körting, §§ 244, 6307, 6411; and add. note on § 244. Der. *muzzle*, verb, spelt *mosell* in the Bible of 1551, Deut. xxv. 4.

MY, possessive pronoun. (E.) ME. *mi*, formed from ME. *min*, mine, by dropping the final *n*. 'Ne thinkest nowt of *mine* opes that ich haue *mi* louerd sworn?' Havelok, 578; where grammar requires '*min* louerd' to answer to the plural '*min* opes.' See **MINE**. ¶ The final *n* is often retained before vowels, as in the case of *an*. Der. *my-self*, ME. *mi self*, a substitution for *me self*; see Stratmann, s. v. *self*.

MYOPIA, shortsightedness. (Gk.) Bailey has: '*Myopia*, purblindness;' vol. ii. ed. 1731.—Gk. *μῦopia*, shortsightedness.—Gk. *μῦω-ω*, from *μῦω*, closing the eyes, blinking, shortsighted.—Gk. *μῦ-ω*, I am shut, said of the eyes, I wink or wince; and *ὥψ*, the eye, face. See **OPTIC**.

MYRIAD, ten thousand, a vast number. (Gk.) In Milton, P. L. i. 87, &c.; Ben Jonson, Fortunate Isles (Johbphil). Englished from Gk. *μυριάς*, stem of *μυρίος*, the number of 10,000.—Gk. *μυρίος*, numberless.

MYRMIDON, one of a band of men. (L.—Gk.) Gen. in pl.

myrmidons; the *Myrmidons* were the followers of Achilles; in Chapman, tr. of Homer, Iliad ii. 604; Surrey, tr. of Æneid, ii. l. 10; and Lydgate, Hist. of Troye, fol. M. g. col. 1. = *L. Myrmidones*, Verg. Æn. ii. 7. = *Gk. Μυρμιδόνες*, a warlike people of Thessaly, formerly in Ægina (Homer). There was a fable (to account for the name) that the Myrmidons were ants changed into men; Ovid, Met. vii. 635-654. Cf. *Gk. μύρμηκας*, an ant's nest; *μύρμηξ*, an ant, cognate with Pers. *mār*, *L. formica*.

MYROBALAN, the dried drupaceous fruit of some *Terminalia*, having an astringent pulp. (F. = *L. Gk.*) Spelt *mirabolān*, Ilakiny, Voy. ii. 1. 276. = *F. myrobalan*, 'an East-Indian plum'; Cot. = *L. myrobalanum*. = *Gk. μυροβάλας*, lit. 'acorn producing an unguent'. = *Gk. μύρα*, for *μύρον*, a sweet juice, unguent; and *βάλανος*, acorn, allied to *L. glans*, whence *E. gland*.

MYRRH, a bitter aromatic gum. (F. = *L. Gk.* = *Arab.*) *ME. mirre*, Ancien Kiwle, p. 372, l. 7; now adapted to the *L.* spelling. = *OF. mirre* (11th cent.); mod. *F. myrrhe* (Litté). = *L. myrrha*. = *Gk. μύρρα*, the balsamic juice of the Arabian myrtle. = *Arab. murr*, (1) bitter, (2) myrrh, from its bitterness; Rich. Dict., p. 1381. = *Ileb. mūr*, myrrh; allied to *mar*, bitter.

MYRTLE, the name of a tree. (F. = *L. Gk.* = *Pers.*) In Shak. Meas. for Meas. ii. 2. 117. = *MF. myrril*, 'a mirtle-berrie; also, the lesser kind of mirtle, called noble mirtle'; Cot. Dimin. of *myrte*, *meurte*, 'the mirtle-tree'; id. = *L. nertus*, *myrtus*, *myrtle*. = *Gk. μύρτος*. = *Pers. mīrd*, the myrtle; Palmer, col. 617; Rich. Dict. p. 1524.

MYSTERY (1), anything kept concealed or very obscure, a secret rite. (L. = *Gk.*) *ME. mysterie*, Wyclif, Rom. xvi. 25. Englished from *L. mysterium*, Rom. xvi. 25 (Vulgate). = *Gk. μυστήριον*, Rom. xvi. 25. = *Gk. μύστυς*, one who is initiated. = *Gk. μυσίς*, to initiate into mysteries. = *Gk. μύειν*, to close the eyes; suggested by *Gk. μύ*, a slight sound with closed lips; of imitative origin. See *Mute, Mum*. Der. *mysteri-ous*, from *F. mysterieux*, 'mysterious'; Cot.; *mysteri-ously*, -ness. And see *mystic*, *mystify*.

MYSTERY (2), **MISTERY**, a trade, handicraft. (F. = *L.*) Cotgrave translates *OF. mestier* by 'a trade, occupation, mystery, handicraft'. Spenser, Mother Hubbard's Tale, 221, speaks of the soldier's occupation as being 'the noblest mysterie'. This is a different word from the above, but often confused with it. It should rather be spelt *mistry*. Indeed, it owes to the word above not only the former *y*, but the addition of the latter one; being an extension of *ME. mistere*, a trade, craft, Chaucer, C. T. 615 (A 613). = *AF. mistier*, Stat. Realm, i. 311 (1351); *OF. mestier* (as above); mod. *F. métier*. [Cognate with Span. *mestera*, want, need, employment, trade; Ital. *mestiere*, with same sense. = *L. ministerium*, service, employment. = *L. minister*, a servant; see *Minister*.]

MYSTIC, secret, allegorical. (F. = *L. Gk.*) Milton has *mystick*, P. L. v. 178, ix. 442; also *mystical*, P. L. v. 620. = *F. mystique*, 'mystical'; Cot. = *L. mysticus*. = *Gk. μυστικός*, mystic. = *Gk. μύστυς*, fem. *μύστις*, one who is initiated into mysteries; see *Mystery* (1). Der. *mystic-al*, in Skelton, ed. Dyce, i. 222; *mystic-ism*; and see *mystify*.

MYSTIFY, to involve in mystery, puzzle. (F. = *Gk. and L.*) Quite modern; not in Todd's Johnson. = *F. mystifier*, to mystify. An ill-formed jumble, from *Gk. μυστι-κός*, mystic (not well divided), and *L. facere*, for *facere*, to make. See Litté, who remarks that it was not admitted into the *F. Dict.* till 1835 (rather in 1798; Hazelfield). See *Mystic*. Der. *mystific-at-ion*, from mod. *F. mystification*.

MYTH, a fable. (Gk.) Now common, but quite a mod. word and formed directly from *Gk. μῦθος*, a fable; see **Mythology**, which is a much older word in our language. Der. *myth-ic*, *mythical*, *mytho-cal-ly*.

MYTHOLOGY, a system of legends, the science of legends. (F. = *L. Gk.*) In Sir T. Browne, Vulg. Errors, b. i. c. 8, Of Ctesias. Lydgate has *methologies*, Hist. Troye, fol. 11 2, back, col. 2. = *F. mythologie*, 'an exposition, or moralising of fables'; Cot. = *L. mythologia*. = *Gk. μυθολογία*, legendary lore, a telling of fables. = *Gk. μῦθος*, for *μῦθος*, a fable; and *λόγος*, to tell. β. The *Gk. μῦθος* is from *μύ*, a slight sound, hence a word, saying, speech, tale; see *Mute, Mum*. Der. *mytholog-ic*, *mytholog-ical*, *mytholog-ist*.

N

N. A few remarks upon this letter are necessary. An initial *n*, in English, is very liable to be prefixed to a word which properly begins with a vowel; and again, on the other hand, an original initial *n* is sometimes dropped. **A**. In the former case, the *n* is probably due to the final letter of *on* or *nine*; thus an *ent* becomes

a *neut*, *mine uncle* becomes *my nuncle*, and hence *neut* and *nuncle*, used independently. Another example occurs in *nickname* for *eke-name*. In Middle-English, numerous similar examples occur, such as a *noke* for an *oke*, an oak (cf. John Nokes = John an-oaks, i.e. John of the oaks); a *naye* = an *aye*, an egg; *thi nye* = *thin ye*, thine eye; *thi nypon* = *thin synon*, thine eyes; examples of all these are given in Halliwell, under *nake*, *naye*, *nye*, and *nydon* respectively. In the case of *for the nonce*, the *n* belongs to the old dat. case of the article, the older phrase being *for then ones*; see **Nonce**. **B**. On the other hand, an original *n* is lost in *anger* for *nauger*, in the sense of a carpenter's tool; in *unspire* for *nunspire*, *adder* for *nadder*, *apron* for *anpron*, *ouch* for *nouch*. See my note to P. Plowman, C. xx. 306.

NAB, to seize. (Scand.) A dialect word; also found as *nap*. Added by Todd to Johnson's Dict. = *Swed. nappa*, Dan. *nappe*, to catch, snatch at. Rich. cites the word *nab-cheats* from Beaum. and Fletcher, Beggar's Bush, ii. 1, with the sense of *caps*. This is a totally different word; here *nab* = *knob*, the head; *cheat* = a thing, in the cant language; and *nab-cheat* = head-thing, cap; see Harman's Caveat, ed. Fumivall, p. 82.

NABOB, an Indian prince, very rich man. (Hind. = *Arab.*) See Burke, Speech on the Nabob of Arcot's debts. The word signifies 'deputy' or vice-roy, esp. applied to a governor of a province of the Mogul empire (Webster). Also *nabob*, a nobleman; so spelt by Sir T. Herbert, Travels, ed. 1665, p. 104, who assigns it that meaning 'in the language of the Mogul's kingdom, which hath mixt with it much of the Persian'. = *Hind. nāwāb* (pl. of *nā'ib*), 'vice-generals, deputies; nāwāb, vulg. nabob'; Forbes. But the word is merely borrowed from Arabic; Devic notes that Hind. often employs Arab. plurals as sing. = *Arab. nāwāb*; which is properly a plural form (used honorifically), signifying vice-generals, deputies; pl. of *nā'ib*, a vice-gent, lieutenant, deputy. Cf. *Arab. nabih*, supplying the place of another. See Rich. Dict. pp. 1606, 1557, 1608. Palmer's Pers. Dict. col. 665, has: *Arab. nāwāb*, 'a viceroi, governor; in Persia, this title is given to princes of the blood'; cf. col. 639. Cf. Port. *naboba*, a nabob; see Yule.

NACRE, mother-of-pearl. (F. = *Span.* = *Arab.*) In Cotgrave. = *F. nacre*, 'a naker, a great and long shell-fish, the outside of whose shell is rugged . . . the inside smooth and of a shining hue'; *nacre de perles*, 'mother of pearl, the beautiful shell of another fish, wherein the best, and most pearls be found'; Cot. = *Span. nacra* = *Arab. naqrah*, a cavity (from the hollow inside of the shell); from *Arab. root naqara*, he hollowed out; Rich. Dict., p. 1596.

NADIR, the point of the sky opposite the zenith. (Arab.) Chaucer uses *nadir* to signify the point of the zodiac opposite to that in which the sun is situate; Treatise on the Astrolabe, pt. ii. sect. 6, l. 1. = *Arab. nadir*'s *sant* (or simply *nadir*), the point of the sky opposite the zenith. = *Arab. nadir*, over against, corresponding to, and *as' sant*, the azimuth, or rather an abbreviation of *as' samit*'s *rās*, the zenith. Rich. Dict. pp. 1586, 848. See **Azimuth**, **Zenith**. The Arab. *z* (or *ḏ*) here used is the 17th letter of the Arab. alphabet, an unusual letter with a difficult sound, which came to be rendered by *d* in Low *L.* and *E*.

NAG (1), a small horse. (MDu.) In Minshen, ed. 1627. *ME. nagge*. 'Nagge, or lytlyle beest, bestula, equillus'; Prompt. Parv. 'He neyt [neighed] as a nagge'; Destruction of Troy, ed. Pantan and Donaldson, l. 772. = *MDu. nagge*, a small horse (Kilian); *negge*, 'a nagge, a small horse'; Hexham; Du. *nag*; Du. dial. *knagge* (Molema). And compare Low *G. nikkel*, a nag; and perhaps Norw. *kneggia*, Icel. *kneggia*, *kneggia*, to neigh.

NAG (2), to worry, tease. (Scand.) Provincial; but a good word. = *Norw. and Swed. nagga*, to nibble, peck; Dan. *nage*, Icel. *ganga*, to gnaw; Low *G. nagen*, *naggen*, to gnaw, vex, nag, *gnaggen*, to nag (Berghaus). Allied to **Gnaw**, q. v.

NALAD, a water-nymph. (L. = *Gk.*) In Shak. Temp. iv. 128. = *L. naid*, stem of *naia*, a water-nymph. = *Gk. ναΐς* (gen. *ναϊδός*), a water-nymph. = *Gk. νάειν*, to flow; Æolic form *ναΐειν* (= *νὰ-φείν*). From *√SNĀ*; cf. Skt. *snā*, to bathe; Olrish *snáim*, I swim. And see **Natation**.

NAIL, the horny scale at the end of the human fingers and toes; a spike of metal. (E.) *ME. nail*, *naul*; the pl. *nayles*, used of the human nails, is in Havelok, 2163; the pl. *nailes*, i. e. iron spikes, is in Chaucer, C. T. 6351 (D 769). *AS. nægel*, in both senses, Grein, ii. 274. [The loss of *g* is regular, and occurs in *hail*, *sail*, &c.] = *Du. nægel*, in both senses; Icel. *nagl*, the human nail; *nagfi*, a spike, peg; Dan. *nagle*, in both senses; Swed. *nagel*, in both senses; Goth. **nagls*, only in the derived verb *ganaflisan*, to nail; *G. nagel*, in both senses. β. Teut. type **nagtoz*, n. Allied to Lithuan. *nagas*, a claw, nail, Russ. *nagot*(*o*), a nail, Skt. *nakkhā-m*, *nakkhā-s*, n., a nail of the finger or toe; Pers. *nākhun*, the same. γ. The *Gk. ὄνυξ*, a nail, claw, *L. unguis*, Gael. and Irish *iongan*, Olrish *ingo*, W. *ewin*, go

back to forms with a different gradation. Brugmann, §§ 539, 658, 702. Der. *nail*, vb., AS. *naeglan*, whence the pr. *naegled*, in Grein; *nail-er*. Cf. *onyx*.

NAILBOURN, an intermittent stream. (E.) Given in N. E. D. s.v. *eylbourne*, as it was spelt in 1719. But spelt *nailbourne* in 1667, and *naibourne* in 1480. We find in Birch, Cart. Saxon. ii. 172:—'thonne . . . of dune on stream on *naeglsburan*.' I cannot explain the form; cf. Phil. Soc. Trans. 1903-6, p. 364.

NAIVE, artless, simple, ingenuous. (F.—L.) A late word; the adv. *naively* is used by Pope in a letter; see the quotation in Richardson. Dryden has: 'it was so *naive*,' and 'twas such a *naivete*;' Marriage à la Mode, iii. 1.—F. *naïve*, fem. of *naïf*, which Cot. explains by 'lively, quick, natural, kindly, . . . no way counterfeited'.—L. *naivus*, native, natural; see **NATIVE**. ¶ The fem. form *naive* was chosen, because it appears in the adv. *naïvement*, and in the sb. *naïvete*; and, in fact, it is nearer the Latin original than the masc. *naïf*. Der. *naive-ly*, for F. *naïvement*; and *naive-té*, sb., directly from the French. Doublet, *naïve*.

NAKED, bare, uncovered, exposed. (E.) Always dissyllabic. ME. *naked*, Chaucer, C. T. 2068 (A 2066). AS. *nacod* (= *nac-od*), which is plainly an old pp. with the pp. suffix *-od*; Grein, ii. 272. +OFries. *nakad*, *naken*; Du. *naakt*; Icel. *nakinn*, *nakvör*; Dan. *någen*; Swed. *naken*; G. *nackt*, MHG. *nacket*, OIIG. *nachot*, *nakot*; Goth. *nakwatts* (where *-atts* is the usual pp. suffix). β. Most of these point to an old pp. form; the Du. *-t*, Icel. *-ör*, G. *-t*, Goth. *-atts*, are all pp. suffixes of a weak verb, and lead us back to the orig. Teut. type **nakwattōz* (> **nakwaddōz*); Ildg. type **nog(w)wōdōz*. y. But Icel. *nak-inn*, Dan. *någ-en*, Swed. *nak-en*, OFries. *naken*, adopt the pp. suffixes of a strong verb from a base *NAQ*, answering to an Ildg. **NOGw*, to strip, lay bare; cf. Skt. *nagna*—*naked*, Russ. *nagol*, *nakel*, Lith. *uigas*, *nakel*, L. *nūdus* (= *noudos* for *nogwados*). Further allied words are the Irish and Gael. *nakod*, *naked*, bare, exposed, desolate, W. *noeth*, Bret. *nōaz*. 8. Lastly, it is remarkable that English has evolved a verb from this pp. by back-formation, viz. ONorthumb. *ge-naecian*, Mark, ii. 4; ME. *nakeu*. The following are examples. 'He *nakie* the hous of the pore man,' Wyclif, Job, xx. 19, early version; the later version has 'he made *nakid* the hows.' 'O nyce men, why *nake* ye your bakkes' = O foolish men, why do ye expose your backs (to the enemy, by turning to flee); Chaucer, tr. of Boethius, b. iv. met. 7, l. 45. It is also found much later. 'Lus. Come, be ready, *nake* your swordis, Think of your wrongs,' Tourneure, 'The Revenger's Tragedy, Act v. sc. 1. We even find a derived verb *naknen*; 'A! nu *naknes* mu iel' = Ah! now men strip my beloved; O. Eug. Homilies, ed. Morris, i. 283, l. 10. Cf. Brugmann, i. § 165; Rhys, W. Phil. p. 95. Der. *naked-ly*, ME. *nakedliche*, Ancien Rkhw. p. 316; *naked-ness*, ME. *nakidnesse*, Wyclif, Rev. iii. 18. Also *stark-naked*, q.v. Doublet, *nude*.

NAKER, a kettle-drum. (F.—Arab.) Chaucer has *nakers*, pl. C. T. A 2511.—OF. *nacaire* (Godefroy).—Arab. *nagqarah*, a kettle-drum; Palmer's Pers. Dict.

NAMBY-PAMBY, weakly sentimental. (E.) Coined from Ambrose, i.e. Ambrose Phillips (d. 1749), a poet whose style was ridiculed by Carey and Pope. Johnson, in his Life of Phillips says: 'The pieces that please best are those which, from Pope and Pope's adherents, procured him the name of *Namby Pamby*;' see Chalmers, Eng. Poets, xiii. 103.

NAME, that by which a thing or person is called, a designation. (E.) ME. *name* (orig. dissyllabic); Chaucer, C. T. 3939 (A 3941). AS. *nama*, Grein, ii. 273. +Du. *naam*; Icel. *nafn*, *nama*; Dan. *navu*; Swed. *namu*; Goth. *namō*; G. *name*, OHG. *namo*. Teut. type **namon-*. β. Further allied to L. *nomen*; Gk. *ὄνομα*, Pers. *nam*, Skt. *uñman*; and to Irish *ainm*, W. *enw*, name; Russ. *imja*. Brugmann, i. § 399, 425. ¶ Not allied to **KNOW**; see **PRELUZ**. Der. *name*, vb., AS. *namian*, Grein, ii. 280; *nam-en*; *name-ly*, ME. *nameliche*, *nomeliche*, Ancien Rkhw. p. 18, l. 1; *name-less*, ME. *nameles*, Chaucer, tr. of Boethius, b. iv. pr. 5, l. 5; *name-less-ly*, *name-less-ness*; also *name-sake* (= *name's sake*, the 's' being dropped before 's' following), i.e. one whose name is given him for the sake of another's fame, Dryden, Absalom, pt. ii. l. 323 (see **SAKE**). Allied words are *nominal*, *de-nominate*. Doublet, *noun*.

NANKEN, **NANKIN**, a kind of cotton cloth. (China.) Added by Todd to Johnson. So called from Nankin in China.—Chinese *nan-kiu*, 'south court'; cf. *Pekin*, from *pe-king*, 'north court' (Yule).

NAP (1), a short sleep. (E.) We now say 'to take a *nap*,' and treat *nap* as a sb. We also say 'to be caught *napping*.' It was formerly a verb; ME. *nappen*, to doze. 'See how he *nappeth*;' Chaucer, C. T. 16958 (H 9). AS. *hnappan*, to nap; *hnappeð* is a gloss upon *dormi*, Ps. xl. 9, ed. Spelman. Cf. Bavarian *hnappen*, to nod with the head (Schmeller); OHG. *hnapfezen*, to nap. Der. *napp-ing*, sb., AS. *hnapung*, Grein, ii. 90.

NAP (2), the roughish surface of cloth. (MDu.) In Spenser, Muipotmos, l. 333. Shaks. has *napless*—threadbare; Cor. ii. l. 250. The older form is *napp* (Palsgrave). ME. *nopp*; 'noppes of a cloth, villus'; Prompt. Parv. See Way's note, where he cites passages to show that *nopp* 'denotes those little knots, which, after cloth has passed through the fulling-mill, are removed by women with little nippers; a process termed *burling* cloth.' He cites: 'noppes, as cloth is that hath a gross woffe [wool]'; Palsgrave. Also: 'Clarisse, the *nopster* (*cabourisse*) can well her craft, syth when she lerned it, cloth for to *nopp*;' Caxton, Book for Travellers. We now apply the term, not to the rough surface, but to the *sheared* surface, by a natural change in the sense, due to our not seeing the cloth till the process is completed. Prob. introduced by Du. clothworkers. [AS. **hnappa* is unauthorised.]—MDu. *nopp*, 'the nap of wool or cloth'; Hexham; cf. MDu. *noppen*, 'to shear off [off] the nap', id. Cf. Du. *nap*, *nap*; Dan. *noppe*, frized nap of cloth; MSw. *nopp*, *nap*; Low G. *nobben*, *nap*; Bremen Wörterbuch. Also Norw. *napp*, *nap*, and Norw. *nappa*, to pluck off with the fingers; AS. *hnappan*, to pluck, Voc. 480. 23; AS. *ā-hnapan*, to pluck off; Goth. *dis-knappan*, to be torn in pieces; *dis-knappan*, to tear to pieces. All from Teut. base **hnap*, to pluck, pull. Der. *napless*, as above.

NAPÉ, the joint of the neck behind. (E.) In Shaks. Cor. ii. l. 43; ME. *nape*, Prompt. Parv. 'Dedly woundid through the *nape*;' King Alisaunder, l. 1347. The orig. sense is projection or 'knob'; and the term must have been first applied to the slight knob at the back of the head, felt on passing the finger upwards from the neck; cf. OFries. *halshnap*, nape of the neck. It is, in fact, a mere variant of ME. *knappe*, a knob, button, P. Plowman, B. vi. 272. Cf. Icel. *knapp*, a knob, stud, button; AS. *cuap*, the top of a hill. See **KNOP**, **NECK**.

NAPERY, linen for the table. (F.—L.) 'Manie farmers . . . have learned also to garnish their cupboards with plate, . . . and their tables with fine *naperie*;' Harrison, Descr. of England, ed. Furnival, b. ii. c. 12, p. 239. Palsgrave has: '*Naprie*, store of linnen.'—OF. *naperie*, table-linen (Godefroy); orig. the office in a household for providing table-linen (Roquefort).—Late L. *nāpāria*, the same; Ducange; also spelt *mappāria*.—Late L. *nāpa*, a cloth; corrupted from L. *mapa*, a cloth. See **NAPKIN**.

NAPHTHA, an inflammable liquid. (I.—Gk.—Pers.) In Milton, P. L. i. 729. Spelt *naphin* by Sir T. Herbert, Travels, p. 182 (Todd).—L. *naphika*.—Gk. *νᾶφθα*.—Pers. *nāft*, *nāphtha*; Rich. Diet. p. 1591. Allied to Zend *nāpā*, moist; Hom. § 1035. Cf. Arab. *naft*, *nift*, 'naphtha, bitumen'; Rich. Diet. p. 1593. The final letter of the Arab. word is the 16th letter of the alphabet, sometimes rendered by *th*; and the Arab. form is unoriginal; prob. from Gk.

NAPKIN, a cloth used at the table, a small cloth. (F.—L.; with E. suffix.) ME. *napekin*. 'Napet or *napekin*, Napella, manipularium, mapella'; Prompt. Parv. Both these forms, *nap-et* and *nape-kin*, are formed with dimin. suffixes from F. *nappe*, 'a tablecloth'; Cot.; OF. *nape*, *nape* (Supp. to Godefroy).—Late L. *nāpa*; corruption of L. *mapa*, a cloth. See **MAP**. Der. *ap-ron* (for *nap-ron*); *nap-er-y*, q.v.

NARCISSUS, a kind of flower. (L.—Gk.) In Cotgrave, to translate F. *narissime*.—L. *narissus*.—Gk. *νάρκισσος*, the narcissus; named from its narcotic properties; see **NARCOOTIC**.

NARCOTIC, producing torpor; an opiate. (F.—Gk.) Chaucer, has the pl. *narcotikes* as a pl. sb., C. T. 1474 (A 1472). It is properly an adj.—F. *narcotique*, 'stupefactive, benumbing'; Cot. [The L. form does not appear.]—Gk. *νάρκωτικός*, benumbing.—Gk. *νάρκωσις*, I benumb; *νάρκωσις*, I grow numb.—Gk. *νάρκη*, numbness, torpor. For **νάρκη*, i.e. contraction; see **SNARE**. Der. *narcissus*, from *νάρκη*.

NARD, an unguent from an aromatic plant. (F.—I.—Gk.—Pers.) In the margin of A. V., Mark, xiv. 3, where the text has *spikenard*; and in Holland, tr. of Pliny, b. xii. c. 12. ME. *nard*, Wyclif, John, xii. 3.—F. *nard*, 'spikenard'; Cot.—L. *nardus*, Mk. xiv. 3 (Vulgate).—Gk. *νάρδος*, Mk. xiv. 3.—OPers. type *narda* (Hom. § 1060), whence also Heb. *nārd*, and Skt. *nalada*, the Indian spikenard, *Nardostachys jatamansi*; Benfey. β. The name is Persian; the Arab. *nardin* is borrowed, like the Skt. and Heb. forms. The interchange of *l* and *r* is common in many languages. Der. *spike-nard*.

NARGILEH, **NARGHIL**, **NARGILI**, a pipe or smoking-apparatus in which the smoke is passed through water. (Pers.) 'Making believe to puff at a *narghile*;' Thackeray, Van. Fair, bk. ii. c. 16. From Pers. *nārgil*, a coco-nut; because these pipes were orig. made with a coco-nut, which held the water; Rich. Diet., p. 1548. Cf. Skt. *nārikera-s*, *nārikela-s* a coco-nut. See Yule and Devic.

NARRATION, a tale, recitation. (F.—I.) [The verb *narrare* is late.] *Narration* is in Minshew, ed. 1627. It occurs earlier, in 'The Monk of Evesham', p. 65 (1482).—F. *narration*, 'a narration';

Cot. = *L. narratōnem*, acc. of *narratio*, a tale. = *L. narrāre*, to relate, tell; lit. to make known. = *L. nārus*, another form of *gnārus*, knowing, acquainted with. From *gnā-*, allied to *gignere*, to know; cf. Skt. *jñā*, to know, Russ. *znati*, E. *know*; see **KNOW**. Der. From *L. narrāre* we also have *narrate*, vb., in Johnson's Dict.; *narrative*, adj., from *F. narratif*, 'narrative' (Cot.); *narrative*, sb., Bacon, *Life of Hen. VII*, ed. Lumby, p. 54, l. 14; *narrator*.

NARROW, of little breadth or extent. (E.) ME. *narrose*, *narrose*, *narrose* (with one r); Chaucer has *narrose* (= narrowly) as an adv., C. T. 1324; also as an adj., C. T. 627 (A 625). AS. *nearu*, *nearu*, adj.; *nearuwe*, adv., Grein, ii. 287, 288. + OSax. *narū*, adj., *narawo*, adv.; Du. *naar*, dismal, sad (see Franck). Teut. type **narwoz*. Connected by Curtius (i. 392) with *nerve*. Der. *narrow-ly*, *narrow-ness*, *narrow-minded*.

NARWHAL, the sea-unicorn. (Scand.) In Ash's Dict., ed. 1775. 'Teeth of *narwhals*'; Sir T. Browne, *Vulgar Errors*, bk. iii. c. 23, § 6. = Dan. and Swed. *narwhal*; Icel. *núvalr*, a narwhal. β. The latter part of the word is the same as E. *whale*. As to the sense of the prefix, the lit. sense of Icel. *nú-valr* is 'corpse-whale', from Icel. *nú* (in compounds *nú-ā*), a corpse; and the fish is often of a pallid colour. Such is the usual explanation; perhaps it is only a 'popular' etymology.

NASAL, belonging to the nose. (F.-L.) In Kersey, ed. 1715. Burton uses *nasals* for medicines operating through the nose; Anat. of Melancholy, p. 384 (R.); or p. 393 (Todd). = *F. nasal*, belonging to the nose; Cot. = Late *L. nasalīs*, nasal; a coined word, not used in good Latin. = *L. nāsus*, the nose, cognate with *F. nose*; see **NOSE**. Der. *nas-turtium*, q. v.

NASCENT, springing up, arising. (I.) A late word, added by Todd to Johnson. = *L. nascent-*, stem of pres. part. of *nasci*, to be born, to arise, an inceptive form with pp. *nātus*. See **NATAL**.

NASTURTIUM, the name of a flower. (L.) In Ash's Dict., ed. 1775. 'Cresses took the name in Latin *nasturtium*, a *narium* tormento, as a man would say, nose-wring, because it will make one writh and shrink up his nostrils'; Holland, tr. of Pliny, b. xix. c. 8. = *L. nasturtium*, cress; better spelt *nasturtium*. = *L. nās-*, stem of *nāsus*, the nose; and *turc-* = *torc-*, from *torquere*, to twist, torment. See **NOSE** and **Torture**.

NASTY, dirty, filthy, unpleasant. (Scand.) In Hamlet, iii. 4. 94. Formerly also (as Wedgwood points out) written *nasky*. 'Mau-lavé, ill-washed, slubbered, *nasky*, nasty, foul'; Cot. In such cases, the form with *k* is the older; cf. ME. *nasty*; as in 'nasty, and needy, and nakut'; Three Met. Romances, ed. Rolson, A. st. xv. Of Scand. origin; preserved in Swed. dial. *naskig*, nasty, dirty (used of weather); we also find the form *naskel*, dirty, sullied (Rietz); cf. Dan. dial. *nasken*, *naskel*, old, worn out (said of clothes), Molhech. β. Perhaps allied to Swed. dial. *snaskig*, nasty, swinelike; Swed. *snaskig*, slovenly, nasty; Swed. dial. *snaska*, to eat like a pig, to eat greedily and noisily, to be slovenly (Rietz); Dan. *snaske*, to champ one's food with a smacking noise. These words are of imitative origin, like various other suggestive words of a like character. The word appears also in Low G. *nask*, nasty, Bremen Wörterbuch; and may be allied to Norweg. *nask*, greedy, *nasku*, to eat noisily. Cf. Dan. *knaske*, *gnaske*, to crunch; and *L. gnask*. Der. *nasty-ly*, *nastiness*.

NATAL, belonging to one's birth. (F.-L.) 'By *natal* Joves feast' = by the feast of Juve, who presides over nativity; Chaucer, *Troilus*, iii. 150. = *F. natal*, in use at least as early as the 15th cent. (Littré); though the true OF. form is *noel*. = *L. nātālis*, natal, also presiding over a birth. = *L. nātus* (for *gnātus*), born. Cf. Gk. *γένος*, in *κατὰ γένος*, a blood relation. From the base *gnā-*, allied to *gignere*, to beget, produce; see **KIN**, **GENUS**. Der. From *L. nātus* are *in-nate*, cognate; and see *nat-ion*, *nat-ive*, *nat-ure*.

NATATION, swimming. (L.) Used by Sir T. Browne, *Vulgar Errors*, bk. iv. c. 6, § 2. From the acc. of *L. natatio*, a swimming. = *L. nātūre*, to swim; frequent. of *L. nātūre*, to swim. Cf. Gk. *νή-ξω*, to swim; OIrish *nu-im*, I swim. See **NALAD**.

NATION, a race of people. (F.-L.) ME. *nation*, Chaucer, C. T. 4688 (B 268). = *F. nation*. = *L. natiōnem*, acc. of *natio*, a race; cf. *nātus*, born; see **NATAL**. Der. *nation-al*, *nation-ally*, *nation-al-ity*, *nation-al-ist*.

NATIVE, original, produced by nature, due to birth. (F.-L.) 'O native land!' Surrey, tr. of *Alceid*, ii. l. 305; where the L. text has *patria*; see Spec. of English, ed. Skent, p. 207. 'His native country'; Sir T. More, Works, p. 206 a. = *F. natif*, msc. *nativ*, fem. 'native'; Cot. = *L. nātivus*, natural, native. = *L. nātus*, born; see **NATAL**. Der. *native-ly*, *native-ness*; also *native-ly*, ME. *nativiter*, Chaucer, C. T. 14022 (B 3206), from *F. nativité*, from *L. acc. nātivitatem*. Doublet, *nave*.

NATRON, native carbonate of sodium. (F.-Span. -Arab. -Gk. -Heb.) *F. natron*. = Span. *natron*. = Arab. *natrān*, *nifrān*, *natron*,

nitre; Rich. Dict., p. 1585. = Gk. *νίτρον*. = Heb. *neither*, nitre, Prov. xxv. 20. Doublet, *nitre*.

NATER-JACK, a kind of toad. (E. and F. -L. -Gk. -Heb.) In Pennant (1766). 'It has a deep, hollow voice, which may be heard at a considerable distance'; Cent. Dict. Perhaps from prov. E. *nitte*, *gnutter*, to make a rattling noise; see E. D. D. And see **JAOK**.

NATTY, neat. (F.-L.) Formerly *nettie*; Tusser, Husbandry, § 68, l. 6. From *net*, adj.; see **NET** (2). **Neat** (2).

NATURE, kind, disposition. (F.-L.) ME. *nature*, in OFeng. Miscellany, Ser. i, ed. Morris, p. 35, l. 29. = *F. nature*. = *L. nātūra*, nature. = *L. nātus*, born, pp. of *nasci*, to be born; see **NATAL**. Der. *natur-al*, ME. *naturel*, OFeng. Miscellany, Ser. i, p. 30, l. 17, from *F. naturel* < *L. nātūralis*; *natur-al-ly*, *natural-ness*, *natur-al-ism*, *natur-al-ise*, *natur-al-ist* (see Trench, *Select Gloss*), *natur-al-ise-at-ion* (Minsheu); also *un-natural*, *preter-natural*, *super-natural*.

NAUGHT, NOUGHT, nothing. (E.) ME. *naught*, Chaucer, C. T. 758. Older spelling *nauiht*, Layamon, 473. AS. *nawiht*, often contracted to *nāht*, Grein, ii. 274. = AS. *nā*, no, not; and *wiht*, a whit, thing; Grein, ii. 272, 703. See **NO** and **WHIT**. Der. *naught*, adj., i. e. worthless. As You Like It, i. 2. 68, 69, iii. 2. 15; whence *naught-y*, i. e. worthless (Prov. vi. 12), Sir T. More, Works, p. 155; *naught-i-ly*, *naught-i-ness*. Doublet, *not*.

NAUSEOUS, disgusting. (L.-Gk.) *Nauseous* and *nauseate* are in Blount's Gloss., ed. 1674. Englished from *L. nauseōsus*, that produces nausea. = *L. nausea*, *nausia*, sea-sickness, sickness. = Gk. *ναυσία*, sea-sickness. = Gk. *ναῦς*, a ship, cognate with *L. nāvis*; see **NAVE** (2). Der. *nauseous-ly*, *-ness*; *nause-ate*, from *L. nause-ātus*, pp. of *nauseare*, to feel sick, from *nausea*, sickness. We have also adopted the sb. *nausea*, which occurs in Phillips, ed. 1706.

NAUTCH, a kind of ballet-dance by women. (Hind. -Prakrit -Skt.) Spelt *nāch* by Bp. Heber in 1825, who speaks of 'the *nāch* women.' = Hind. (and Mahratti) *nāch*, a dance; Prakrit *nāchaka*. = Skt. *नृत्य*, dancing, acting; orig. fr. pass. part. of *nṛt*, to dance, act. (See Yule.) Der. *nautch-girl*, a dancing girl.

NAUTICAL, naval, belonging to ships. (L.-Gk.) Mount's Gloss., ed. 1674, has *nautical* and *naufick*, the latter being the more orig. form. = *L. nauticus*, nautical. = Gk. *ναυτικός*, pertaining to ships. Gk. *ναῦς*, a sea-man. = Gk. *ναῦς*, a ship, cognate with *L. nāvis*; see **NAVE** (2). Der. *nautical-ly*.

NAUTILUS, a kind of shell-fish. (L.-Gk.) 'The *Nautilus* or Sailer, a shell-fish, that swims like a boat with a sail'; Phillips, ed. 1706. = *L. nautilus*. = Gk. *ναυτίλος*, a sea-man, also, the nautilus. = Gk. *ναῦς*, a sea-man; see **NAUTICAL**.

NAVAL, belonging to ships, marine. (F.-L.) In Cotgrave. = *F. naval*, 'navall'; Cot. = *L. nāvālis*, naval. = *L. nāvis*, a ship; see **NAVE** (2).

NAVE (1), the central portion or hub of a wheel, through which the axle passes. (E.) ME. *nave* (with *u* = *v*), Chaucer, C. T. 7848 (D 2266). AS. *nafu*, *nafa*; Alfred, tr. of Boethius, b. iv. pr. 6, cap. xxxix, § 7. + Du. *naf*; Icel. *náf*; Dan. *naf*; Swed. *naf*; G. *nabe*, OHG. *nabu*. Teut. type *nāfi*, fem. Allied to Skt. *nābhi-*, the navel, the nave of a wheel, the centre. See **NAVEL**. Der. *auger*, for *nav-ger*.

NAVE (2), the middle or body of a church. (F.-L.) In Phillips, World of Words, ed. 1706. Spelt *naf* in Addison, *Travels in Italy*, description of the church of St. Justina in Padua. = *F. nef*, 'a ship; also, the body of a church'; Cot. = Late *L. nāvem*, acc. of *nāvis*, the body of a church. The similitude by which the church of Christ is likened to a ship tossed by waves was formerly common. See my note to P. Plowman, C. xi. 32, where I cite the passage from Augustine about 'nāvis, i. e. ecclesia'. S. Aug. Sermo lxxv. cap. iii. ed. Migne, v. 475. = *L. nāvis*, a ship. + Gk. *ναῦς*, a ship; Skt. *nāu-*, a ship, boat; OIrish *nau*. Brugmann, i. § 184; Prellwitz. Der. *nav-al*, q. v., *nav-it-e-al*, q. v., *nav-it-ūs*, q. v., *argo-naut*, q. v., *nav-igate* (see *navigation*), *nav-y*. From the same root are *naï-ad*, *nav-sea*.

NAVEL, the central part of the belly. (E.) A dimin. of *nave* (1). We find *nave* used for *navel*, Mach. i. 2. 22; and conversely *navels* (= *navels*) for the naves of a wheel, Bible, ed. 1551, 3 Kings, vii. 33. ME. *navel* (= *navel*), Chaucer, C. T. 1959 (A 1957). AS. *nafa*, Alfred, tr. of Orosius, b. iv. c. i. § 5. + Du. *nafel*; Icel. *nāfi*; Dan. *navele*; Swed. *naf*; G. *nabel*. Teut. type *nābalon-*, from **nābū*, a nave. Cf. also Pers. *naf*, navel (Horn, § 1020); Skt. *nābhi-*, navel, nave, centre. See **NAVE** (1). β. Further related, with a difference of gradation, to Gk. *ὀμφαλός*, navel, *L. umbilicus*, OIrish *imblui*. So also *nave* (1) is related to *L. umbō*, the boss of a shield. Brugmann, ii. § 76.

NAVEW, the wild turnip. (F.-L.) 'Rape-rottes and *Nauews*,' Sir T. Flyot, *Castel of Helth*, bk. ii. c. 9. = MF. *nauew*, 'the nave gentle'; Cot. = Late *L. nāpellum*, acc. of *nāpellus*; dimin. of *L. nāpis*, a kind of turnip, a navew. Cf. *tur-nip*.

NAVIGABLE, that may be travelled over by ships. (F.-L.) In Palsgrave. = F. *navigable*, 'navigable'; Cot. = L. *navigabilis*, navigable. = L. *navigāre*, to navigate; see **NAVIGATION**. Der. *navigab-ly*, *navigable-ness*.

NAVIGATION, management of a ship. (F.-L.) In Shak. Macb. iv. 1. 54. = F. *navigation*, 'navigation, sailing'; Cot. = L. *navigātiōnem*, acc. of *navigātiō*, a sailing. = L. *navigāre*, to sail, manage a ship. = L. *nāv*, stem of *nāvis*, a ship; and *-ig-*, for *ag-*, base of *agere*, to drive. See **NAVE** (2) and **AGENT**. Der. *navigate*, from L. *navigātus*, pp. of *navigāre*, but suggested by the sb.; *navigat-ur*, familiarly contracted to *navy*, formerly applied to the labourers on canals for internal navigation, and now applied to labourers on railways! Also *circum-navigate*.

NAVY, a fleet of ships. (F.-L.) ME. *naue*, Chaucer, IIo. of Fame, l. 216. = OF. *navie*, a fleet (Burguy); the orig. sense was a single ship. = L. *nāvia*, a ship, vessel. = L. *nāvi*, decl. stem of *nāvis*, a ship; see **NAVE** (2).

NABAB, the same as **Nabob**.

NAY, no, a form of denial. (Scand.) There was a difference in usage between *nay* and *no* formerly; the former answered simple questions, the latter was used when the form of the question involved a negative expression. Besides this, *nay* was the simple, no the emphatic form, often accompanied by an oath. The distinction went out of use in the time of Henry VIII; see Skeat, Spec. of Eng. p. 192, l. 22, and the note; Student's Manual of the Eng. Language, ed. Smith, pp. 414, 422. Moreover, *nay* is of Scand. origin, whilst *no* is F. ME. *nay*, Chaucer, C. T., A. 1667, 8693 (E 817); spelt *nai*, *nai*, Layamon, 13132. = Icel. *nei*, no, Dan. *nei*, Swed. *nej*; cognate with F. *no*; see **NO**. Opposed to **Aye**.

NAZARITE, a Jew who made vows of abstinence, &c. (Heb.; with Gk. suffix.) 'To vow a vow of a Nazirite to separate [himself] unto the Lord'; Geneva Bible, 1561, Numb. vi. 5 (K.); [rather, vi. 2]. Formed with suffix *-ite* (= L. *-ita*, from Gk. *-ites*) from Heb. *nāzir*, to separate oneself, consecrate oneself, vow, abstain. Der. *Nazaritism*.

NEAP, scanty, very low; said of a tide. (E.) ME. *neep*; very rare. 'In the *neep-seasons*, i.e. in the neap-tide seasons, when boats cannot come to the quay'; Eng. Gilda, ed. Toulmin Smith, p. 425. = AS. *neā*, in the term *neā-floed*, as opposed to *hēah-floed* = high flood; Voc. 182, 38; also Voc. 1. 14. The spelling *neap* indicates an open *e*, prob. *neā* is an Old English form, for *neap*; from Teut. root **neipān* (**neipān*), to pinch; whence Du. *nijpen*, to pinch, nēp, a pinch, nēp. Thus the sense is 'pinched'; or 'scanty'. Cf. Ffries. *nēp-tange*, a pair of pincers. See Phil. Soc. Trans. 1903-6; p. 254. ¶ Quite a distinct word from *ebb*. Der. *neap-tide*.

NEAR, nigh, close at hand. (E.) By a singular grammatical confusion, this word, orig. used as the comparative of *nigh*, came to be used as a *positive*, from which the new comparative *nearer* was evolved. In Schmidt's Shakespeare Lexicon, the explanation is given wrongly; he says that *near* is put by contraction for *nearer*, whereas it is the old form of the word. Shak. uses both *near* and *nearer* as comparatives; both forms occur together, Macb. ii. 3. 146; cf. 'our *near* nor farther off'; Rich. II. iii. 2. 64; 'being *ne'er* the *near*', xl. v. 1. 88. The form *near-er* is late, not found in the 14th cent., perhaps not in the 15th. Dr. Morris (Outlines of E. Accidence) observes that '*near*, for *nigh*, first came into use in the phrase *far and near*, in which *near* is an adverb.' But it first appears in 'comen *ner*'; Genesis and Exod. 2611 (ab. 1350). [He goes on to cite an AS. *neorran*, not given in the dictionaries.] It is clear that the precise form was first of all adverbial; the ME. form of *nigher* was *nerre*, whilst the adv. was *ner*, or *neer*. 'Cometh *neer*' = come *ner*; Chaucer, C. T. 841 (A 839). AS. *neār*, comp. adverb from *nēah*, nigh; Grein, ii. 283. + Icel. *neār*, adv.; both pos. and comp.; orig. the latter. See **NIGH**. Der. *near-ly*, Macb. iv. 2. 67; *near-ness*, Rich. II. i. 1. 119; *near-sight-ed*.

NEAT (1), black cattle, an ox, cow. (E.) ME. *neet*, both sing. and pl.; used as pl. in Chaucer, C. T. 599 (A 597). AS. *neāt*, neut. sb., unchanged in the plural (like *sheep*, *deer*, also neuter); Grein, ii. 288. + Icel. *neāt*, neut. sb., unchanged in the plural, and gen. used to mean cattle, oxen; Swed. *nät*; Dan. *nät*; MHG. *niz*, neut. sb., cattle. Teut. type **nautom*, u. β. So named from their usefulness and employment. From **naut*, and grade of Teut. **neut-an-*, to employ, as seen in AS. *neotan*, *neotan*, to use, employ; Grein, ii. 292; Icel. *njóta*, to use, enjoy; MHG. *nizzen*, OIlg. *nizzen*, G. *genissen*, to enjoy, have the use of; Goth. *niztan*, to receive joy (or benefit) from. From Idg. **NEUD-*; whence Lithuan. *naudā*, usefulness, *naudingas*, useful (Nesselman). Brugmann, i. § 221. Der. *neat-herd*.

NEAT (2), tidy, unadulterated. (F.-L.) '*Neat and fine*;' Two Gent. of Verona, i. 2. 10. Also spelt *neat*; Spenser, F. Q. iii. 12. 20. 'To kepe it cleen and *nette*;' Caxton, Godfrey of Bolyne, ch. 6.

= F. *net*, masc., *nette*, fem., 'neat, clean, pure'; Cot. [Cf. *beast* from OF. *beste*.] = L. *nitidum*, acc. of *nitidus*, shining, clear, handsome, neat, elegant. = L. *nitēre*, to shine. Der. *neat-ly*, *neat-ness*. Doublet, *net* (2).

NEB, the beak of a bird, the nose. (E.) In Winter's Tale, l. 2. 183. ME. *neb*. 'Ostende mihi faciem, scheinu thi *neb* to me' = show me thy face; Ancien Riwle, p. 90. AS. *nebb*, the face, John, xi. 44. + Du. *neb*, bill, beak, nib, inouth; Icel. *nef*, the nose; Dan. *nebb*, beak, bill; Swed. *näbb*, beak, bill. β. The word has lost an initial *s*; we also find Du. *sneb*, a bill, beak, *snavel*, a bill; G. *schnabel*, a bill, beak, nib. The MHG. *snabel*, a bill, is derived from MHG. *snaben*, to snap. And cf. Lith. *snapas*, a bill. Doublet, *nib*.

NEBULA, a misty patch of light; a cluster of very faintly shining stars. (L.) Modern and scientific. = L. *nebula*, a mist. + Gk. *nephēla*, a cloud; dimin. of *néφος*, cloud, mist. + G. *nebel*, mist, fog; Du. *nevel*, Icel. *nífi*. β. The Gk. *néφος* is cognate with W. *nef*, OIrish *neam*, heaven, Russ. *nebo*, heaven; Skt. *nabhas*, sky, atmosphere, ether. Brugmann, i. § 554. Der. *nebul-ar*, *nebul-ous*, *nebul-ous-ly*.

NECESSARY, needful, requisite. (F.-L.) ME. *necessary*, Chaucer, C. T. 12615 (C 681). = OF. *nécessaire*, 'necessary'; Cot. = L. *necessarius*, needful. = L. *necesse*, neut. adj., unavoidable, necessary. β. The usual derivation from *ne*, not, and *cedere*, to give way, is not satisfactory. Der. *necessarily*, also *necessity*, ME. *necessite*, Chaucer, C. T. 3044 (A 3042), from OF. *necessite* < L. acc. *necessitatem*; hence *necessi-ous*, *-ly*, *-ness*, *necessitate*, *necessit-ur*, *in*.

NECK, the part of the body joining the head to the trunk. (E.) ME. *nekke* (disyllabic), Chaucer, C. T. 2859 (D 277). AS. *necca*, Deut. xxviii. 35. + Du. *nek*, the nape of the neck; G. *genick*, MHG. *genicke*, Teut. type **knekjon-*. Cf. Icel. *knakki*, the nape of the neck, back of the head; Dan. *nakke*, the same; Swed. *nacke*, the same; G. *nacken*, nape, neck, crag; from Teut. type **knekjon-*. Cf. Norw. *nakk*, a knoll, nape, neck; the orig. sense being 'projected' as in the parallel form *nape*. Further allied to Irish *enec*, a hill. Der. *neck-cloth*, (for *neck-kerchief*, see **Kerchief**), *neck-band*, *neck-tie*; *neck-lace*, Winter's Tale, iv. 4. 244, compounded of *neck* and *lace*; *neck-verse*, Tyndall's Works, p. 112, col. 1, on which see my note to P. Plowman, C. xv. 129.

NECROLOGY, a register of deaths. (Gk.) Added by Todd to Johnson. From Gk. *nekros*, stem of *nekros*, a corpse; and *-logia*, due to *lógos*, discourse, from *lógein*, to speak. See **NECROMANCY**.

NECROMANCY, divination by communion with the dead. (F.-L.) = Gk. The history of the word is somewhat concealed by our modern knowledge of Gk., which enables us to spell the word correctly. But the ME. forms are *negromancia*, *negromantie*, and the like. Precisely the same 'correction' of the spelling has been made in modern French. Spelt *negromancye* in King Alisaunder, l. 138; *negromancye* in P. Plowman, A. xi. 158, on which see my Notes to P. Pl., p. 246. Trench rightly remarks, in his Eng. Past and Present, that 'the Latin mediæval writers, whose Greek was either little or none, spelt the word *negromantia*, as if its first syllables had been Latin'. = OF. *negromancia*, 'negromancy, conjuring the black art'; Cot. Spelt *negromancia* in the Vie de S. Auban, l. 997. = Late L. *negromantia*, corrupt form of *negromantia*. = Gk. *νεκρομαντεία*, necromancy. = Gk. *νεκρός*, for *νεκρός*, a corpse; and *μαντεία*, prophetic power, power of divination. β. The Gk. *νεκρός* is allied to *νεμειν*, a corpse, dead body. = **NEK-*, to perish, to kill; whence Skt. *naṣ*, to perish, *nāpaya*, to destroy, L. *nevere*, to kill, and F. *inter-nece-ine*, q. v. γ. The Gk. *μαντεία* is from *μαντεω*, a prophet, seer, inspired one; cf. Gk. *μάντις*, 1 rage; see **MANIA**. Der. *negromancer*, Dent. xviii. 11 (A. V.); *negromantic*, from Gk. *νεκρός*, and *μαντεία*, prophetic; *negromantic-al*. ¶ From the singular confusion with L. *niger*, black, above mentioned, the art of necromancy came to be called the *black art*!

NECTAR, a delicious beverage. (L. = Gk.) In Spenser, Sonnet 39, l. 13. = L. *nectar*. = Gk. *néktar*, the drink of the gods; Homer, II. xix. 38, Od. v. 93. Perhaps 'overcoming death'; cf. Gk. *néktar*, a corpse, and *néktar-ur*, also *néktar-ine*, the same given to a variety of the peach, orig. an adj., as in 'Nectarine fruits', Milton, P. l. iv. 332.

NEED, necessity, distress. (F.) ME. *need*, Chaucer, C. T. 4523 (B 103). Omere. *nēd*; AS. *nead*, *nēd* (*nēd*); Grein, ii. 301. + Du. *moed*; Icel. *nauð*; Dan. and Swed. *nöd*; Goth. *noth*, G. *noth*, OHG. *nōt*. β. The Teut. stem is **naud-* (> **nauði-*); answering to Idg. stem **naud-ti-* as in OPruss. *nautin*, need. (But *nēd* represents Teut. **naud-*.) Brugmann, i. § 427 b. ¶ Confused in late AS. texts with *nōd*, *nēd*, *nēd*, desire, which is related to OSax. *nīud*, OHG. *nīot*, earnestness, from the Teut. base **neud-*. Der. *need-ful*, ME. *neodful*, Ancien Riwle, p. 260, l. 10; *need-less*, *need-ly*, *need-less-ness*; *need-y*, ME. *neody*, P. Plowman, B. xx. 40, 41, 47, 48; *need-i-ly*, *need-i-ness*. Also *need-s*, adv., ME. *needer*, *needes*,

Chaucer, C. T. 1171 (A 1169), where the final -es is an adverbial ending, orig. due to AS. gen. cases in -es; but in this case *needes* supplanted an older form *neode*, Laymon, l. 1051, which originated in AS. *neode*, gen. case of *neod*, which was a fem. sb. with gen. in -e.

NEEDLE, a sharp pointed steel implement, for sewing with. (E.) ME. *nedle*, *nedel*, also spelt *neide*, *neidle*; P. Plowman, C. xx. 56, and various readings. AS. *neadl*, Grein, ii. 274; earlier forms *neðl*, *neðl* (OE. Texts). +Du. *naald* (for *naadl*); Icel. *nál* (by contraction); Dan. *naal*; Swed. *nål*; G. *nadel*, OHG. *nādela*; Goth. *nāthla*. β. The Teut. type is **neh₂tla*, from a base **neh₂* = *ldg.* + *NE*, to sew, fasten with thread, preserved in OHG. *nihen*, G. *nähen*, to sew, and also in L. *neire*, Gk. *νήρειν*, *νήρειν*, to spin. The suffix denotes the agent. γ. This is clearly one of the rather numerous cases in which an initial s has dropped off; the orig. root is **SNĒ*; as in Irish *snathad*, a needle, *snathaim*, I thread, or string together, *snathidhe*, thread, Gael. *snathad*, a needle, *snath*, thread, yarn; (Irish) *snaim*, a spinning. Stokes-Fick, p. 315; Brugmann, i. § 136. Der. *needle-book*, -*ful*, -*gun*, -*woman*, -*work*.

NEEZE, **NEEZE**, to breathe hard, sneeze. (Scand.) 'To neeze' = to sneeze, Mids. Nt. Dr. ii. 1. 56. The sb. *neezing* is in Joh. xli. 18 (A. V.). ME. *neesen*, vb., *neezing*, sb.; see Prompt. Parv. and Way's note. Not found in AS. = (Olecl. *hnyssa*; Dan. *nyse*; Swed. *nysa*. +Du. *niezen*, G. *niesen*, OHG. *niesun*. Teut. type **neusen-*. Like the parallel form *sneeze*, it is of imitative origin; cf. Skt. *kshu*, to sneeze. ¶ In the later version of Wyclif, Job. xli. 9, the reading is *fuenege*; this is not quite the same word, though of similar formation. The sense of *fuenege* is 'violent blowing', but it also means sneezing; cf. AS. *fneagan*, sneezing, *fnead*, a puff, Du. *fuizen*, to sneeze. Cf. 'And *fneath* faste' and pulls hard, Chaucer, C. T. H. 62. Teut. type **neusen-*. It reminds us of Gk. *ννεω*, to blow. Der. *nee-ing*, *nee-ing*, as above.

NEFARIOUS, unlawful, very wicked. (L.) In Butler, To the Memory of Du-Val, l. 20. Englished from L. *nefarius*, impious, very wicked; by change of -us to -ous, as in *arduous*, &c. = L. *nefās*, that which is contrary to divine law, impiety, great wickedness. = L. *ne*, for *ne*, not; and *fās*, divine law, orig. that which is divinely attested; cf. *fāri*, to speak; see **Fate**. Der. *nefariouſ-ly*, -*ness*.

NEGATION, denial. (F.-L.) In Shak. Troilus, v. 2. 127. = F. *negation*, 'a negation'; Cot. = L. acc. *negātiōnem*, from nom. *negātiō*; cf. *negātus*, pp. of *negāre*, to deny. β. *Negāre* is opposed to *ānere*, to affirm; but is unconnected with it. Brugmann, ii. § 774, explains *negāre* by comparing Lith. *negi*, not at all; cf. L. *negātum*. Der. *negat-ive*, adj., Wint. Tale, i. 2. 274, ME. *negatif*, negative, Usk. Test. of Love, bk. iii. ch. 2. 92, from F. *negatif* < L. *negātivus*; negative-ly, negative-ness; also negative, sb., Twelfth Nt. v. 24. From the same L. *negāre* we have *de-ny*, *ab-negate*, *re-negate*, *re-negate*.

NEGLECT, to disregard. (L.) Orig. a pp. 'Because it should not be neglect or left undone'; Tyndall, Works, p. 276, col. 2. 'To neglect and set at naught'; Sir T. More, Works, p. 257 g. = L. *neglectus*, pp. of *negligere*, to neglect. *Negligere* = *neg-legere*. = L. *neg-*, a particle of negation, and *legere*, to gather, collect, select. See **Negation** and **Legend**. Der. *neglect-ful*, *neglect-ful-ly*, *neglect-ful-ness*; *neglect-ion*, a coined word, 1 Hen. VI, iv. 3. 49; and see *negligence*.

NEGLECTANCE, disregard. (F.-L.) ME. *negligence*, Chaucer, C. T. 1883 (A 1881). = F. *negligence*, 'negligence'; Cot. = L. *negligentia*, carelessness. = L. *negligent-*, stem of pres. part. of *negligere*, to neglect; see **Neglect**. Der. *negligent*, ME. *negligent*, Chaucer, C. T. 7398 (D 1816), from F. *negligent* (Cot.) < L. *negligent-*, acc. of pres. part. of *negligere*; *negligent-ly*; also *negligence*, from F. *negligē*, pp. of *negligere*, to neglect < L. *negligere*.

NEGOTIATE, to do business, transact. (L.) In Minshew, ed. 1627. 'She was a busy negotiating woman'; Bacon, Life of Hen. VI, ed. Lumly, p. 24, l. 14. = L. *negotiātus*, pp. of *negotiāri*, to transact business. = L. *negotiūm*, business. Compounded of I. *neg-*, negative particle (see **Negation**), and *itiūm*, leisure. Der. *negotiāt-*, from L. *negotiātus*; *negotiāt-ion*, from F. *negociation*, 'negociation'; Cot., from L. acc. *negotiātiōnem*; *negotiāt-ble*; *negotiāt-ory*. ¶ The right (historical) spelling is *negotiate* for the verb, *negotiation* for the sb.; but this is not regarded.

NEGRO, one of the black race of mankind. (Span.-L.) In Shak. Merch. Ven. iii. 5. 42. 'Black as negroes'; Hakluyt, Voy. iii. 649. = Span. *negro*, a black man. = L. *nigrum*, acc. of *niger*, black; see **Nigrescent**. ¶ Minshew gives the form *negger*; this is from the OF. *negre* (mod. F. *niègre*), 'a negro' (Cot.), and answers to mod. E. *nigger*, q. v.

NEGUS (1), a beverage of wine, water, sugar, &c. (E.) 'The mixture now called negus was invented in Queen Anne's time by Colonel Negus'; Malone, Life of Dryden, p. 484 (Todd's Johnson). Col. Francis Negus died in 1732; N. E. D. The Neguses are a

Norfolk family; see Notes and Queries, 1 Ser. x. 10, 2 Ser. v. 224; Gent. Mag. Feb. 1799, p. 119.

NEGUS (2), a title of the kings of Abyssinia (Abyssinian). 'Th' empire of Negus'; Milton, P. L. xi. 397. 'Neguz [which signifieth] a king'; John Pory, tr. Lee's Hist. Africa, Intro. p. 21 (Stanford Dict.).

NEIF, **NEAF**, the fast. (Scand.) In Shak. Mids. Nt. Dr. iv. 1. 20; 2 Hen. IV, ii. 4. 200. ME. *neue* (= *new*, dat. case), Havelok, 2405. = Icel. *neuf*, the fast; Swed. *neufve*; Dan. *neue*.

NEIGH, to make a noise as a horse. (E.) ME. *nezen*, Wyclif, Isa. xxiv. 14, earlier version. AS. *knægian*, to neigh; Ælfrie's Grammar, p. 192, l. 8; whence the sb. *knægung*, a neighing, id. p. 4, l. 15 (Zupitza). +Low G. *neigen* (Lübben); MDu. *nezen*, to neigh. Cf. Icel. *gnægja*, *knægja*; Swed. *gnägga*; Dan. *gnægge*. An imitative word.

NEIGHBOUR, one who dwells near. (E.) ME. *neighbour*, Chaucer, C. T. 9423 (E 1549). AS. *neahgēbur*, a neighbour, John, ix. 8; so that the trisyllabic form *neigh-er-bour* in Chaucer is easily explained. The AS. form *neahgēbur* also occurs, but more rarely. = AS. *neah*, nigh; and *gēbur*, a husbandman, for which see the Laws of Ine, sect. vi, in Thorpe's Ancient Laws, i. 106. The AS. *gēbur* or *būr* is cognate with Du. *boer*, a boor (the prefix *ge-* making no difference). +MHG. *nichgēbir*, *nächbir*; mod. G. *nachbar*. See **Nigh** and **Boor**. Der. *neighbour*, adj., Jerem. xlix. 18, l. 40 (A. V.); *neighbour-hood*, ME. *neighbourhede*, Prompt. Parv.; *neighbour-ing*, All's Well, iv. 1. 18; *neighbour-ly*, Merch. Ven. i. 2. 85; *neighbour-li-ness*.

NEITHER, not either. (E.) ME. *neither*, Havelok, 458. [Distinct from *noither*, *noither*, *noither* (whence the contracted form *nor*); earlier *noither* (Ormulum, 3124), *noither*, *noither*; see examples in Strattmann.] Formed by prefixing *ne*, not, to ME. *eiker* = AS. *ēgēr* = *ēgħwæter*, for *ī + ge + hwæter*; where *ā* means 'ever'. Thus *neither* = *no-wheither*; see **No** and **Whether**. With AS. *ne*, not, compare OSax. *ne*, *nī*; Goth. and OHG. *nī*, not.

NEMESIS, retributive justice. (L.-Gk.) In Shak. 1 Hen. VI, iv. 7. 78. = L. *Nemesis*. = Gk. *νέμεσις*, distribution of what is due, retribution. = Gk. *νέμειν*, to distribute; see **Nomad**.

NEMORAL, belonging to a grove. (L.) Phillips (1658) has 'nemoral or nemorous'. = L. *nemoralis* or *nemorosus*, woody. = L. *nemor-*, for **nemos*, in *nemus*, a grove. +Gk. *νέμος*, a pasture; from *νέμειν*, to distribute, to pasture; from **NEM*. See **Nomad**.

NENUPHAR, a kind of water-lily. (F.-Pers.-Skt.) 'Nenuphar, water-lily'; Baret (1580); and see the Stanford Dict. - MF. *nennuphar*, 'nenuphar, the water-lily, or water-rose'; Cot. - Pers. *ninūfar*, for *nīlūfar*, *nīlāpār*, *nīlāpāl*, a water-lily (Devic). = Skt. *nīlāpāl*, a blue lotus. = Skt. *nīla*, blue; *nīpāl*, a lotus, lit. 'bursting out', from *ud*, out, and *pāl*, to burst.

NEOLOGY, the introduction of new phrases. (Gk.) Modern. Compounded from Gk. *νέος*, for *νέος*, new; and *-λογία*, from *λόγος*, discourse, which is from *λέγειν*, to speak. See **New** and **Logio**. Der. *neolog-i-c*, *neolog-i-c-al*, *neolog-ise*, *neolog-ism*, *neolog-ist*.

NEOPHYTE, a new convert, a novice. (L.-Gk.) 'There stands a neophyte glazing of his face'; Ben Jonson, Cynthia's Revels, iii. 2 (Crites). = L. *neophytus*. = Gk. *νεοφυτός*, lit. newly planted, hence, a novice; 1 Tim. iii. 6. = Gk. *νέος*, for *νέος*, new; and *φυτός*, a plant, *φυτός*, grown, from the vb. *φύειν*, (1) to cause to grow, (2) to grow, allied to E. *be*. See **New** and **Be**.

NEOTERIC, recent, novel. (L.-Gk.) Spelt *neoterique* in Minshew, ed. 1627; but not given in Cotgrave or Littre. = L. *neotericus*. = Gk. *νεωτερίος*, novel; expanded from *νέωρος*, comp. of *νέος*, new, which is cognate with E. *new*. See **New**. Der. *neoteric-*.

NEPENTHE, **NEPENTHES**, a drug which lulled sorrow. (Gk.) Spelt *nepeithe* in Spenser, F. Q. iv. 3. 43; better *nepeithes*, as in Holland, tr. of Pliny, b. xxi. c. 21. = Gk. *νέπενθε*, an epithet of a soothing drug in Homer, Od. iv. 221; neut. of *νέπενθος*, free from sorrow. = Gk. *νῆπ*, negative prefix allied to E. *no*; and *νέπθος*, grief, allied to *νίθος*, suffering. See **No** and **Pathos**.

NEPHEW, a brother's or sister's son. (F.-L.) An old meaning is 'grandson', as in 1 Tim. v. 4, &c. The *ph* is a substitute for the older *v*, often written in *ME. newew* (= *newew*), Chaucer, Legend of Good Women, l. 2659; *neweu* (= *newew*), Rob. of Glouc. p. 169; 1. 3529. = OF. *neweu*, 'a nephew'; Cot. = L. *nepōtem*, acc. of *nepōs*, a grandson, a nephew. +Pers. *nowādeh*, a grandson; Skt. *napāt*, a grandson. +AS. *nefa*, a nephew; Ælfred, tr. of Bede, b. iii. c. 6 (near the end). [This AS. word was supplanted by the F. form]; OHG. *nefo*, *nevo*, G. *neffe*; Du. *neef*. *ldg.* type **neph₂-*, whence orig. Teut. type **neph₂d-*, later **nef₂on-*. The fem. type is *ldg.* **neph₂-*, whence Skt. *napī*, L. *nephīs*; Teut. type **neph₂-* = **nīph₂*, as in AS. *nīf*, Du. *nicht*. Brugmann, i. § 149. Der. *nepot-ism*, i.e. favouritism to relations, from L. stem *nepōl-*, with suffix -*ism*. See **Niece**.

NEREID, a sea-nymph. (L.-Gk.) Minshew has the pl. form

Nereids.—L. *Nēreid-*, stem of *Nēreis* (pl. *Nēreides*), a sea-nymph, a daughter of Nereus.—Gk. *Nēpēis*, a sea-nymph, a daughter of Nereus.—Gk. *Nēpēis*, an ancient sea-god.—Gk. *νῆπιος*, wet; an allied word to *νῆα*, vaka, a maid; see *Naiad*.

NERVE, physical strength, firmness, a fibre in the body conveying sensation. (F.—L.) ME. *nerf*, Chaucer, *Troilus*, ii. l. 642.—F. *nerf*, 'a sinew, might'; Cot.—L. *neruum*, acc. of *nervus*, a sinew. Prob. allied to Gk. *νῆπιος*, a sinew, string; cf. Gk. *νῆπιος*, a string; Skt. *snāva-*, a tendon. Der. *nerve*, verb, not in early use; *nerve-ous*, *snāva-* in the sense of 'sinewy' (Phillips), from F. *nerveux*, 'sinewy' (Cot.), which from L. *neruōsus*, full of nerve; *neruōsus*-ly, *neruōsus*-ness; also *neru-y*, i. e. sinewy (obsolete), in *Shak. Cor.* ii. l. 177; *nerve-less*; cf. *neru-algia*.

NESCIENT, ignorant. (L.) Coles (1684) has *nescient* and *nescience*.—L. *ne-scient*, stem of *nesciens*, pres. part. of *nescire*, not to know.—L. *ne-*, not; *scire*, to know. See *Nice* and *Science*.

NESH, tender, soft. (E.) Still in use in prov. E. ME. *nesh*; 'tendre nesh'; Court of Love, l. 1092 (16th cent.); 'That tendre was, and swithe [very] nesh'; Havelok, 2743. AS. *anæscce*, *hne-scce*, soft; Grein, ii. 91.—Goth. *anaskunus*, soft, tender, delicate, *Matt.* xi. 8.

NESS, a promontory. (E.) Preserved in place-names, as *Tol-ness*, *Sheer-ness*. AS. *næss*, *ness*, (1) the ground, (2) a promontory, headland, as in *Beowulf*, ed. Grein, l. 1360; the form *næss* also occurs, Grein, ii. 277.—Icel. *næs*; Dan. *næs*; Swed. *näs*. β. The sense of 'promontory' suggests association with AS. *nassu*, nose, and E. *nose*.

NEST, the bed formed by a bird for her young. (E.) ME. *nest*, P. *plowman*, li. xi. 336. AS. *nest*, a nest; Grein, ii. 282.—Du. *nest*; G. *nest*.—Iret. *neiz*; Gael. and Irish *nest*; Orlish *nest*; W. *nyth*; L. *nidus* (for 'niz-dus'); Lithuan. *lizdas* (for *nizdas*), Nesselmann; Skt. *nida-*, a nest, a den. β. Now usually explained as representing a form **nizdas* = **ni-sad-as* 'a place to sit down in' from *ni*, down, and the weak grade of the root *sed*, to sit. Cf. Skt. *ni-sad*, to sit down. See *Skt.* Brugmann, i. § 81. Der. *nest*, vb.; *nest-le*, AS. *nestlian*, to make a nest, a frequentative form, orig. 'to frequent a nest'; *nest-ling*, with double dimin. suffix (= -ling), as in *gos-ling*, *duck-ling*.

NET (1), an implement made of knitted or knotted twine for catching fish, &c. (E.) ME. *net*, *net*, Wyclif, *John*, xxi. 6. AS. *net*, *net*, Grein, ii. 282.—Du. *net*; Icel. and Dan. *net*; Swed. *nät*; Goth. *net*; G. *netz*. Teut. type **netijom*, n. Cf. L. *nassa*, a wicker creel; Icel. *nét*, a net. ¶ Not connected with *net*, which has initial k. Der. *net*, verb, (1) to use a net, (2) to make a net; *netting*, *net-work*.

NET (2), clear of all charges. (F.—L.) Merely a doublet of *net*; see *Neat* (2). Caxton has: 'the ayer [air] was pure and net'; *Troy-book*, leaf 95, back, l. 23.

NETHER, lower. (E.) ME. *nether*; 'the overe lippe and the nether' = the upper lip and the lower one, Wright's Vocab. i. 146, l. 14. AS. *neðera*, *neðra*, Ps. lxxxvii, 6, ed. Spelman. A comparative adj. due to the compar. adv. *niðer*, *niðor*, downward; Grein, ii. 294. Related forms are *niðr*, adv. below, *neðan*, adv. below, Grein, ii. 294, 290; but these are really forms suggested by *niðer*, and not original ones. β. The word is to be divided as *ne-ther*, the suffix -ther being comparative, as in *o-ther*, and answering to the -ter in *af-ter*, and the Skt. -tura- (Gk. -repor).—Icel. *neðri*, nether, lower; *neðarr*, adv. lower; cf. *neðan*, from below; Dan. *nedr*-, in comp. *nederdel*, the lower part of a thing; cf. *nedan*, adv. below, *nede*, ned, down; Swed. *nedre*, nether, as in *nedre läppen*, the nether lip; cf. *nedre*, below, *ned*, down; Du. *nedr*; G. *nieder*, nether, lower. γ. As said above, the base is *ni-*; cf. Skt. *ni-tarām*, adv., excessively; a comp. form from *ni*, downward, into. Cf. also Russ. *nije*, lower. Der. *nethermost*, l. Kings, vi. 6; a false form, due to a popular etymology which connected the ending with *most*; but really a corruption of AS. *niðemesta*, in *Alfred*, tr. of Boethius, b. ii. pr. 2 (cap. vii. § 3); and AS. *ni-ðe-mest* is from *ni*, down, with the Idg. suffixes -te-mo- (as in L. *opti-mus*, best) and the usual AS. superl. suffix -est. Cf. *be-neath*.

NETTLE, a well-known stinging plant. (E.) ME. *nelle*, *nettle* (better with one); 'Nelle in, dokke out'; Chaucer, *Troil.* iv. 461. AS. *netle*, *netle*; Cockayne, A. S. Leechdoms, iii. 340.—Du. *netel*; Dan. *netle* (MDan. *nedle*); Swed. *näsle* (MSwed. *nütla*); G. *nessel*, OHG. *nezella*, *nezila*. β. A dimin. form. Teut. type **nat-il-in-*, f.; the simple form appears in Swed. dial. *näta*, OHG. *nazza*, a nettle. Cf. Orlish *nenaid*, nettles. Der. *nettle-rash*; *nettle*, vb., Phillips, ed. 1706.

NEURALGIA, pain in the nerves. (Gk.) Modern; not in Todd's Johnson. Coined from Gk. *νῆπιος*, stem of *νῆπιος*, a nerve; and Gk. *ἄλγος*, stem of *ἄλγος*, pain; with Gk. suffix -ia (-ia). Perhaps the Gk. *νῆπιος* is allied to L. *neruus*; see *Nerve*. Der. *neuralgic*.

NEUTER, neither, sexless, taking neither part. (L.) 'The duke . . . abode as neuter and helde with none of both parties;'

Berners, tr. of Froissart, vol. i. c. 252 (R.).—L. *neuter*, neither. Compounded of *ne*, not; and *uter*, whether of the two; which some connect with *Whether*. Der. *neutr-al*, *Macb.* ii. 3. 115, from L. *neutrālis*; *neutr-al-ly*, *neutr-al-ly*, *neutr-al-is-al-ion*; *neutr-al-ty* = F. *neutrālité* (Cotgrave), from L. acc. *neutrālité*.

NEVER, not ever, at no time. (E.) ME. *never* (with *u* for *v*), Chaucer, C. T. 1135 (A 1133). AS. *nefre*; compounded of *ne*, not, and *fre*, ever; Grein, ii. 275. See *Ever*. Der. *never-the-less*, ME. *nevertheless*, Rob. of Brunne, tr. of Langtoft, p. 16, l. 9, substituted for the earlier form *naples* = AS. *nā pi las* (= no-the-less, not the less). In this phrase, the AS. *pi*, also written *þy*, is the instrumental case of the def. article *se*, and is cognate with Goth. *þu*, on that account, instrum. case of *sa*; for examples, see *las* in Grein, ii. 164. See *The* (2).

NEW, recent, fresh. (E.) ME. *newe* (disyllabic), Chaucer, C. T. 459, 8733 (A 457, E 857). AS. *niwe*, *niwece*, *niwce*, Grein, ii. 298.—Du. *nieuw*; Icel. *nýr*; Dan. and Swed. *ný*; Goth. *ninijs*; G. *neu*, OHG. *niwzi*; L. *novus*; W. *newydd*; Irish *nua*, *nuadh*, Gael. *nuadh*; Lithuan. *nauijas*; of which an older form was perhaps *navas* (Nesselmann); Russ. *novuii*; Gk. *νέος*; Skt. *nava-*, new. Idg. types **newos*, **newios*; Brugmann, i. § 120, 318; i. § 63. Allied to Skt. *nu*, *nā*, now; see *Now*. Thus *new* means 'that which is now', recent. Der. *new-ly* = AS. *niwlice*, Grein, ii. 299; *new-ness*, spelt *newnesse* in Sir T. More, Works, p. 1328 g; *new-ish*, *new-fashioned*; and see *new-fangled*, *new*, *re-new*; also *nov-el*, *nov-ice*.

NEWELL, the upright column about which a circular staircase winds. (F.—L.) 'The staircs . . . let them bee upon a faire open newell, and finely railed in'; Bacon, Essay 45, Of Building. Cotgrave, s.v. *noyau*, spells it *nuell*, which is an older and better spelling. The right sense is much the same as that of *nucleus*, with which word it is connected. The form seems to show that the word was borrowed early.—OF. *nuel*, *noel* (Godefroy); later F. *noyau*, 'the stone of a plumme, also, the nuell or spindle of a winding stair'; Cot. So called because it is the centre or nucleus of the staircase, round which the steps are ranged.—L. *nucula*, neut. of *nuculus*, lit. belonging to a nut; hence applied to the kernel of a nut or the stone of a plum.—L. *nux*, stem of *nux*, a nut; with suffix -illa. See *Nucleus*. Cf. F. *nucl*, a nut (dial. of La Meuse).

NEWFANGLED, fond of what is new, novel. (E.) The old sense is 'fond of what is new'; see *Shak. L. L. l. i. 106*, As You Like It, iv. i. 152; and in *Palsgrave*. The final -d is a late addition to the word, due to a loss of a sense of the old force of -le (see below); the ME. form is *newfangel* (4 syllables), fond of novelty, Chaucer, C. T. 10932 (F 618). So also Gower, C. A. ii. 273; l. 4366: 'Bot every newwe love quemeth To him, that newfangel is' = but every new love pleases him who is fond of what is new. β. Compounded of *new*, new; and *fangel*, ready to seize, snatching at, formed from the base *fang*-, to take (occurring in AS. *fang-en*, pp. of *fān*, to take), with the suffix -el (= AS. -ol) used to form adjectives descriptive of an agent. γ. This suffix is preserved in mod. E. *wit-ol* = one who knows, sarcastically used to mean an idiot; cf. AS. *sprecc-ol*, fond of talking, talkative; *wac-ol*, vigilant; and see *Nimble*. So also *fangel* = fond of taking, readily adopting, and *new-fangle* = fond of taking up what is new; whence *new-fangle-d*, by later addition of d. See *Fang*. Der. *newfangled-ness*, for ME. *newfangelnesse*, Chaucer, C. T. 10924 (F 610); formed by adding -nes (-ness) to ME. *new-fangel*.

NEWS, what is new, tidings. (E.) Formerly *newe*, which does not seem to be older than about A. D. 1400. 'Desyrous to here newes'; Berners, tr. of Froissart, vol. i. c. 66. 'What newes he brought'; Surrey, tr. of Virgil, *Æn.* ii. l. 95. 'I bring the newis glad'; James I. The Kings Quair, st. 179. It is nothing but a plural, formed from *new* treated as a sb.; so also *tidings*. It is a translation of F. *nouvelles*, news, pl. of *nouvelle*, new (Cotgrave); so also L. *nova* = new things, i. e. news. In Wyckliffe, *Ecclus.* xxiv. 35, *in diebus novorum* is translated by 'in the dayes of newes'; later version, 'of newe thingis'. See *News*. Notes on E. Etym., p. 196. Der. *news-boy*, *monger*; l. Hen. IV, iii. 2. 25, *paper*, *room*, *vender*.

NEWT, a kind of lizard. (E.) This is one of the words which has taken to itself an initial *n*, borrowed from the indef. art. *an*; see remarks on the letter *N*. A *newt* = *an ewt*. ME. *newte*, *ewte*. 'Newte, or ewte, wyrm, lacertus'; Prompt. Parv. p. 355. *Ewte* is a contraction of the older form *ewete* (= *ewete*). The OF. *lesard*, a lizard, is glossed by *ewete* (the MS. prob. has *ewete*), in Walter de Bibbesworth; see Wright's Vocab. i. 159. AS. *efeta*; 'Lacerta, efeta' in a gloss; Wright's Vocab. i. 78, col. 2. ¶ The mod. prov. E. *eft* is a contraction of AS. *efeta*. For further references, see King Alisaunder, l. 6126, Mandeville's Travels, p. 61, &c.; see *Stratmann*.

NEXT, highest, nearest. (E.) *Next* is a doublet of *highest*, of which it is an older spelling. 'When ye bale is *hest*, penne is ye bote

nest = when the sorrow is highest, then is the remedy highest; Proverbs of Hendyng, st. 23. This is often cited in the form: 'When bale is *hest*, then bote is *next*'; and just as *hest* or *hest* is a contraction of M.E. *hehest* (highest), so is *next* or *nest* a contraction of M.E. *nehest* (nextest). See Strattmann, s.v. *neh*. The AS. forms are *neahst*, *neahst*, *neahst*, *neahst*; Grein, ii. 283. See **NIGH**.

NIAS, a young hawk; also, a nimny. (F.-L.) See Nares' Glossary. The correct form of *Nyas*, q.v.

NIB, the point of a pen. (E.) Another form of *neb*, which is the older spelling. The spelling *nib* is in Johnson's Dict., but is not older than 1585. See **NEB**. Cf. E.Fries. *nibbe*, *nib*, Low G. *nibbe*, a *neb*; Norw. *nibba*, a sharp point. Der. *nipp*-le, q.v.

NIBBLE, to eat in small portions. (E.) In Shak. Temp. iv. 1. 62. Not connected with *nib*, or *neb*, but with *nip*, of which it is the frequentative form, and means 'to nip often'. In fact, it has lost an initial *k*, and stands for *knibble*, just as *nip* does for *knip*. G. Douglas has *knyp*, with the sense of 'nibbled'; tr. of Virgil, prol. to bk. xii. l. 94. + Low G. *nibbeln*, *knibbeln*, to nibble, gnaw slightly; Bremen Wört.; Westphalian *nibbeln*, *nippeln*, to nibble. Cf. also Du. *knibbelen*, to cavil, haggle; the same word, differently employed. See **NIP**. Cf. Du. *knabbelen*, to nibble, allied to F. *knap*. Cotgrave has: 'Brouter, to knap or nibble off.' Der. *nibbl*-er.

NICE, hard to please, fastidious, dainty, delicious. (F.-L.) M.E. *nice*, foolish, simple; later, it took the sense of fastidious; and lastly, that of delicious. In Chaucer, C. T. 5508, 6520 (B 1088, D 938); in the latter passage 'wise and nothing *nice*': wise and not simple at all. So also in P. Plowman, l. xvi. 33. 'For he was *nice*, and ne couthe no wisdom' - for he was foolish, and knew no wisdom; Rob. of Glouc. p. 106; l. 2326. - OF. *nice*, 'lazy, slothful, idle, faint, slack, dull, simple'; Cot. 'The orig. sense was 'ignorant.' - Romantic type *nescium* (cf. Span. *neocio*); for L. *nescium*, acc. of *nescius*, ignorant. - L. *ne*, not; and *sci-*, related to *scire*, to know. See **NO** and **SCIENCE**. ¶ The remarkable changes in the sense may have been due to some confusion with L. *nech*, which sometimes meant 'delicate' as well as 'soft'. Der. *nice*-ly, M.E. *nice*-ter, Chaucer, C. T. 4044 (A 4046), from OF. *nice*-ter, 'sloth, simplicity' (Cot.); *nice*-ness.

NICHE, a recess in a wall, for a statue. (F.-Ital.-L.) In Minshew, ed. 1627. - F. *niche*, 'a niche'; Cot. - Ital. *nicchia*, a niche; closely allied to *nicchio*, a shell, hence a shell-like recess in a wall, so called (probably) from the early shape of it. Florio explains *nicchio* as 'the shell of any shell-fish, a nooke or corner, also such little cubboies in churches as they put images in or as images stand in.' - L. *nitulum*, *nitulum*, acc. of *nitulus*, *nitulus*, a sea-muscle. 'Derived in the same way as Ital. *seccia* from *situla*, a bucket, and Ital. *vechio*, from L. *vetulus*, old; as to the change of initial, cf. Ital. *vespula* from L. *mespilum*, a medlar; Diccz. A similar change of initial occurs in E. *nakin*, due to L. *nappa*, and in F. *natte*, a mat. β. Referred by some to Gk. *νυκτιος*, a muscle; but the Gk. word may be of Lat. origin. The L. *nitulus* is also found in the form *nitulus*, and is by some connected with *musculus*, a little mouse, also a sea-muscle. ¶ The similarity to F. *nick* is accidental.

NICK (1), a small notch, a cut. (E.) 'Though but a stick with a *nick*;' Fotherby, Atheom, p. 62, ed. 1622 (Todd's Johnson). 'To *nick*, to hit the time right; I *nick'd* it, I came in the *nick* of time, just in time. *Nick* and *notch*, i.e. *crena*, are synonymous words, and to *nick* a thing seems to me to be originally no more than to hit just the notch or mark;' J. Ray, pref. to Collection of English (dialectal) Words, ed. 1691. Palsgrave has: 'I *nycke*, I make *nyckes* on a taylor, or on a stycke;' where *taylor* = *tally*. *Nick* is an attenuated form of *nook*, and means a little notch; so also *tip* from *top*. See **NOOK**. β. Hence *nick*, a score on a tally, a reckoning; 'out of all *nick*' - just all counting, Two Gent. iv. 2. 76. Der. *nick*, to notch slightly. Com. Errors, v. 175.

NICK (2), the devil. (F.-L.-Gk.) In the phrase 'Old Nick.' i.e. 'Old Nicholas' or 'Old Nicolas.' [Not really connected with AS. *nicor*, a watersprite; leowulf, ed. Grein, li. 422, 575, 845, 1427; Iccl. *nyr*, a fabulous water-goblin; Dan. *nik*; OHG. *nickus*, a water-sprite, fem. *nickes*; G. *nick*, fem. *nick*; See *Nix* in Kluge.] - F. *Nicolas*. - L. *Nicolas*. - Gk. *Νικόλαος*; cf. Acts, vi. 5.

NICKEL, a grayish white metal. (Swed.-G.) One of the few G. words in E. Added by Todd to Johnson's Dict. From Swed. *nickel*; so named by Cronstedt, a Swede, in 1754; he abbreviated the G. word *kupfernickel* to *nickel*, to denote the metal which he had discovered in 1751 (Weigand). The origin of the G. name is doubtful.

NICKNACK, the same as **KNOCKNACK**, q.v.

NICKNAME, a surname, sobriquet. (E.) In Shak. Romeo, ii. 1. 12. One of the words which has acquired an unoriginal initial *n*; see remarks on the letter **N**. M.E. *nekename*, corruption of *chename*, an additional name; in later times changed to *nickname*,

from a popular etymology which connected the word with the verb *nick*, which properly means 'to notch'; not 'to clip.' It may further be remarked that a *nickname* is not so much a docking of the name, as an addition to it, a *sur-name*. 'Neke-name, or eke-name, agnomen'; Prompt. Parv. p. 352. Way cites in his note similar glosses, such as: 'Agomen, an *ekename*, or a surname (*ie*), Medulla; 'An *ekname*, agnomen'; Catholicon. Spelt *ekename*, Testament of Love; bk. ii. ch. 1. 96. There can be no doubt as to the purely E. origin of the word, which has just the sense of L. *agnomen*, and is parallel to M.E. *toname*, a to-name, additional name, surname (cognate with G. *zuname*, a nickname), for which see P. Plowman, C. xiii. 211, Layamon, 9383. Thus the word is simply compounded of *eke* and *name*; see **EKE**, **NAME**. + Iccl. *auknafn*, a nickname; from *auka*, to eke, and *nafn*, a name; Swed. *öknamn*, from *ika*, to eke, and *namn*, a name; Dan. *ögenavn*, from *öge*, to eke. Der. *nickname*, verb, Hamlet, iii. 1. 151.

NICOTIAN, belonging to tobacco. (F.) 'Your *Nicotian* [tobacco] is good too;' Ben Jonson, Every Man, ed. Wheatley, A. iii. sc. 5, l. 89. - MF. *Nicotiane*, 'Nicotian, tobacco, first sent into France by Nicot in 1560.' Cot. Coined, with fem. suffix *-iane* (= L. *-iāna*), from the F. name *Nicot*. Der. Hence also *nicot*-ine.

NIECE, the daughter of a brother or sister. (F.-L.) The fem. form of *nephew*. M.E. *nece*, Rob. of Glouc. p. 353, l. 7252; spelt *neyce*, King Alisaundr, l. 1712. - OF. *nece*, mod. F. *nece*. Cf. Prov. *nepta*, a niece, in Bartsch, Chrestomathie Provençale. - Late L. *neptia*, which occurs A. D. 809 (Brachet). - L. *neptis*, a granddaughter, a niece; used as fem. of *neptus* (stem *nept-*); see **NEPHEW**.

NIGGARD, a miser. (Scand.) M.E. *nigard* (with one *g*), Chaucer, C. T. 5915 (D 333); cf. *nigardye*, sb., id. 13102 (B 1362). The suffix *-ard* is of F. origin, as usual; and the F. *-ard* is of OHG. origin; see Brachet, Intro. to F. Etym. Dict. § 196. But this suffix was freely added to F. words, as in *drunk-ard*; and we find a parallel form in M.E. *nygum*. '[He was] a *nygum* and avarous' - he was a niggard and an avaricious man; Rob. of Brunne, Handlyng Synne, l. 5578. We also find an adj. *niggish* (Richardson), from the sb. *nig*, a niggardly person; see Plowman's Tale, l. 757. Of Scand. origin. - Iccl. *knögger*, niggardly, stingy; Swed. *nygg*, niggardly, scanty; cf. M.Dan. *nygger*, Swed. dial. *nugger*, stingy; M.D. *nugger*, 'nimble, careful, or diligent'; Hexham; Swed. dial. *gnugger*, a miser, from *gnugga*, to be stingy; + AS. *neah*, sparing. The orig. sense was prob. 'scraping'; from Teut. base **neuh-*, allied to Gk. *νηναι*, to scratch, scrape; see Prellwitz. Der. *niggard*, adj., Hamlet, iii. 1. 13; *niggard*-ly, Hen. V. ii. 4. 46; *niggard*-ly, adv., Merry Wives, ii. 2. 205; *niggard*-li-ness.

NIGGER, a negro. (F.-Span.-L.) 'He takes us all for a parcel of *niggers*;' Garrick, A Peep behind the Curtain, A. l. sc. 2. - MF. *negre*, 'a negro'; F. *negre*. - Span. *negro*, a negro; see **NEGRO**.

NIGGLE, to trifle, frut, mock. (Scand.) 'Take heed . . . You *niggle* not with your conscience;' Massinger, Emp. of the East, A. v. sc. 3. Cf. Norw. *nigla*, *gnigga*, to pinch, spare, save; Low G. *gnuglu*, to spare, save; Norw. *gnika*, to rub, scrape, save.

NIGH, near, not far off, close. (E.) M.E. *neh*, *neih*, *ney*, *neigh*, *ny*; Chaucer, C. T. 1528 (A 1526); Havelok, 464; &c. AS. *neah*, *neā*, Grein, li. 282, used as adj., adv., and prep. + Du. *na*, *adv.*, *nigh*; Iccl. *nā*, *adv.*, *nigh*; only used in composition, as *nā-bīd*, a neighbour; Goth. *neku*, *nehuon*, *adv.*, *nigh*; whence *nehuon*, to draw nigh; G. *nake*, *adj.*, *nack*, *prep.*, *nigh*, next, &c. β. These forms belong to a Teut. type **nekhwoz*, *adj.*, *nigh*; root unknown. Der. *near*, q.v., *neighbour*, q.v., *next*, q.v.

NIGHT, the time of the sun's absence. (E.) M.E. *nicht*, *nicht*; Chaucer, C. T. 23. AS. *nicht*, *neht*, *neakt*, Grein, li. 284. + Du. *nacht*; Iccl. *nāit*, *nōit*; Dan. *nāt*; Swed. *nāt*; Goth. *nachts*; G. *nacht*. + W. *nos*; Irish *nocht*; Lithuan. *naktis*; Russ. *noct(e)*; L. *nox* (stem *noct-*); Gk. *νύξ* (stem *nyx-*). Skt. *naktā*. β. All from the Idg. type **nakt-*, whence Teut. **ny-*. Brugmann, l. §§ 420, 658 b. Der. *nighten*, *-dress*, *-fall*, *-jar* (from its jarring noise), *-piece*, *-watch*; also *night*-ly, M.E. *nihliche*, Reliquie Antiquae, l. 131, *night-less*, *night-word*; also numerous compounds in Shak., as *-bird*, *-erow*, *-dog*, *-fly*, *-foe*, *-groom*, &c. And see *night-mare*, *night-shade*, *night-in-gale*, *nocturn*. Also *fort-night*, *sen-night*.

NIGHTINGALE, the bird that sings by night. (E.) The *n* before *g* is excretant, as in *messenger* for *messanger*, *passenger* for *passager*, &c. M.E. *nightingale*, Chaucer, C. T. 98; earlier form *nytegale*, Reliquie Antiquae, l. 241. AS. *nihhtigale*, Voc. 247. 11. 1st. 'singer of [or in] the night.' AS. *nihht*, gen. and dat. case of *nicht*, *neakt*, *night*; and *gale* = singer, from *gala*, to sing (Grein). + Du. *nachtgael*; Dan. *nattgæll*; Swed. *nattgäla*; G. *nachtigal*, OHG. *nachtigala*, *nachtigala*, *nachtigala*. β. The verb *gala* = *gala* in M.E., and occurs in Chaucer, C. T. 6414 (D 832); it is cognate with Dan. *gale*, Swed. *gala*, to crow as a cock, OHG. *kalan*, to sing; and

is derived from *gal, and stem of the Teut. verb which appears as E. yell. See Yell.

NIGHTMARE, an incubus, a dream at night accompanied by pressure on the breast. (E.) ME. *nightmare*. 'Nyghte mare, or mare, or wyche, Epilates, vel effilates' [ephalites]. Prompt. Parv. = AS. *neah, niht*, night; and *mare*, a night-mare, a rare word, occurring in Cockayne's A. S. Leechdoms, ii. 306, l. 12; older forms *mera*, m., Epinal gloss, 558; *maere*, f., Corpus gloss, 1111. + Du. *nachtmerrie*, a night-mare; an accommodated spelling, due to confusion with Du. *merrie*, a mare, with which the word has no connexion. A like confusion is probably common in modern English, though the AS. forms are distinct; Icel. *mara*, the nightmare, an ogress; Swed. *marä*; Dan. *mare*; Low G. *moor*, *nacht-moor*; Bremen Wörterbuch, iii. 184, where the editor, against the evidence, confuses *moor* with *mare; OHG. *marä*, a nightmare, incubus; + Polish *mora*, nightmare. β. The sense perhaps is 'crusher'; from a root *mer; cf. Icel. *merja*, to crush (pt. t. *mar-bi*). The AS., Icel., and OHG. suffix -a (ferm. -e) may denote the agent, as in numerous other cases; c. g. AS. *kunt-a*, a hunter, huntsman.

NIGHTSHADE, a narcotic plant. (E.) AS. *nihtscaða*, *nihscada*, nightshade; Cockayne's A. S. Leechdoms, iii. 340. Compounded of *nih*, night, and *scada*, shade; perhaps because thought to be evil, and loving the shade of night. See Night, Shade. β. But this may be 'popular' etymology. Cf. Du. *nachtschade*, MDu. *nachtschade*, G. *nachtschatten*, nightshade. But the MHG. for 'nightshade' is *uhtschat*, and the Swed. dial. form is *nattskat-gräs*, lit. 'bat-grass', from *nakt-skata*, a bat. Notes on E. Etym., p. 197.

NIRESCENT, growing black. (L.) In Todd's Johnson. = L. *nirescent*, stem of pres. pt. of *nirescere*, to become black, inceptive form of *nigrere*, to be black. = L. *nigr-*, stem of *niger*, black. Der. *nigrifudo*, from L. *nigrifudo*, blackness; see Hood's Poems, A Black Joli, last line but one. Also negro, q. v.

NIHILIST, one who rejects all positive beliefs. (L.) Formed with suffix -ist from L. *nihil*, nothing.

NILGAU, the same as Nyngau, q. v.

NIMBLE, active. (K.) The *b* is excrement. ME. *nimel*, *nimil*; see 'Nymyl', capax' in Prompt. Parv., and Way's note. Formed from AS. *nim-an*, to take, catch, seize, with the AS. suffix -al, still preserved in E. *will-al*, lit. a wise man, used sarcastically to mean a simpleton. We find the parallel AS. forms *numal*, *numel*, *numel*, occurring in the compounds *scarp-numel*, lit. 'sharp-taking', i. e. efficacious, and *teart-numel*, also lit. 'tart-taking', i. e. efficacious; Cockayne's A. S. Leechdoms, i. 134, l. 10, 152, l. 3, and footnotes; these are formed from *num-*, the weak grade of the same verb *niman*. The sense is 'quick at seizing', hence active, nimble. So also Icel. *numa*, keen, quick at learning, from *numa*, to take; Dan. *num*, quick, apprehensive, adroit, from *numme*, to apprehend, learn. β. The AS. *numan*, to seize, is cognate with Icel. *numa*, Dan. *numme*, G. *nehmen*, Goth. *numan*, to take; a strong verb, with AS. and Goth. pt. t. *num*. The orig. sense is 'to take as one's share.' = $\sqrt{\text{NKM}}$, to apportion, distribute, allot; whence also Gk. *νῆμειν*, to distribute, L. *num-erus*, a number. &c.; see Prellwitz. Der. *nimbl-y*, *nimble-ness*. From the same root, *num-es*, *num-ul*, *num-her*, *num-isul-at-ic*. And see Numb.

NIMBUS, a cloud, halo. (L.) L. *nimbus*, a cloud; allied to Nebula.

NINCOMPPOOP, a simpleton. (L.) 'An old ninnyhammer, a dotard, a nincompoop'; The Guardian, no. 109 (1713). A corruption (by association with *ninny*) of L. *non compos*, short form of *non compos mentis*, not in possession of one's mind. 'Bo! the man's non compos'; Murphy, The Upholsterer, A. i. sc. 3. = L. *nōn*, not; *compos*, in control of, from com- (for cum, prep., with) and -pos, allied to *potis*, capable; see Potent.

NINE, a numeral, one less than ten. (E.) ME. *nyne*, *nine*, Chaucer, C. T. 24. Here the final -e is the usual pl. ending, and *nyne* stands for an older form *nigene*, extended form of *nigen*, I layman, 2804. AS. *nigon*, *nigen*, Græc. ii. 296. + Du. *negene*; Icel. *nin*; Dan. *ni*; Swed. *nio*; G. *neun*; Goth. *ninn*. + W. *nau*; Irish and Gael. *naoi*, 1. *nouem*; Gk. *ἐννέα* (= *ε-ν-ε-φα*); Zend *nava*, Pers. *nah*, Skt. *nava*. Idg. type **newon*; Brugmann, ii. § 173. Der. *nine-fold*, *nine-pins*; *nine-teen*, AS. *nigontyur* (Grein); *nine-tyr*, AS. *nigontig* (Grein); *nin-th*, AS. *nigōða*, *nigōða* (id.); *nine-ten-th*, *nine-ti-eth*; *nin-th-ly*. And see *Novem-her*.

NINNY, a simpleton. (F.) 'What a pided ninny's this!' Temp. iii. 2. 71. Prov. E. *ninny*, *nonny*, or *nonny*, a simpleton; *ninny-hammer* (the same); E. D. D. Of imitative origin (see below). Cf. Westphal. *ninne*, an infant (Woeste); Picard *niette* (Corbette); Ital. *ninno*, a child, a dialectal form cited by Diez, not given in Florio nor in Meadows' Diet., but the same word with Span. *ninño*, a child, infant, one of little experience. Cf. also Span. *nene* (colloq.), an infant; Gascon *nenet*, *ninet*, an infant (Mistral). Cf. Ital. *ninna*, a lullaby, nurse's song to rock a child to sleep, *ninnare*, to lull to

sleep, *nanna*, 'a word that women use to still their children with' (Florio). From the repetition of the syllables *ni*, *ni*, or *na*, *na*, in humming or singing children to sleep. Körting, § 6545. See Nun.

NIP, to pinch, break off the edge or end. (E.) ME. *nippen*; 'nyppyngh' has lypes' = biting his lips, pressing them with his teeth, P. Plowman, C. vii. 104. For *knip*; see G. Douglas, Prol. to XII Book of the Aeneid, l. 94. Not found in AS., though the (possibly) cognate *enif*, a knife, occurs; see Knife. From the weak grade (*knip*) of a Teut. verb **kneip-*, to pinch, as seen in Du. *knippen*, to pinch; Dan. *knibe*, to pinch, nip; Swed. *knipa*, to pinch, squeeze, catch; G. *kneifen*, to pinch, nip; *kneipen*, to pinch, twitch. Perhaps allied to Lith. *knūbti*, to pinch; or to Lith. *gnybti*, to pinch. Der. *nip*, sb., a cut, Tam. Shrew, iv. 3. 90; *nipp-er*, *nipp-ers*, *nibb-le*. And see *knife*.

NIPPLE, a teat, a small projection with an orifice. (E.) In Shak. Macb. i. 7. 57; and in Minshew, ed. 1627. A dimin. of *nib*, just as *neble* is the dimin. of *neb*. 'Neble of a womans pappe, bout de la mamelle'; Palsgrave. *Nib* and *neb* are the same word; see Nib, Neb. Cf. Low G. *nibbe*, a beak; whence OF. *nifle*, *niffe*, a nose, Ital. *niffo*, *niffolo*, a snout. Körting, § 6526. Der. *nipple-wort*.

NIT, the egg of a louse or small insect. (E.) ME. *nite*, *nyte*, also used to mean a louse. 'Nyte, wyrm, Lens'; Prompt. Parv. AS. *hnitu*, to translate L. *lens*; Voc. 30. 2; 122. 2. + Du. *neet*; Icel. *nif*, pl. Olcel. *gnit*; Dan. *gnid*; Swed. *gnit*; G. *niss*, MHG. *niz*. Cf. also Russ. *gnida*, a nit, Gk. *κνίς* (stem *κνίβ-*); W. *nedd*, pl. *nits*. β. Teut. base **knit*, which may be the weak grade of the verb seen in AS. *knitan*, only used of an ox, meaning 'to gore'; Exod. xxi. 28, Icel. *knita*, to attack, strike. The corresponding Idg. root is KNEI, appearing in Gk. *κνίξ* (= *κνίβ-γεν*), to scrape, tease, make to itch. See Prellwitz.

NITRE, saltpetre. (F. — L. — Gk. — Heb.) Spelt *niter* in Minshew, ed. 1627. = F. *nitre*, 'niter'; Cot. — L. *nitrum* = Gk. *νίτρον*, 'natron', a mineral alkali, our potassa or soda, or both (not our *nitre*, i. e. saltpetre); Liddell and Scott. This means that the sense of the word has changed; but the form is the same. = Heb. *necher*, nitre; Prov. xxv. 20; cf. Arab. *nitrūn*, *natrūn*, natron, native alkaline salt; Rich. Dict. p. 1585. Der. *nitr-ate*, *nitr-ic*, *nitr-ous*, *nitr-if-y*, *nitr-ite*. Also *nitr-o-gen*, i. e. that which produces nitre, from *nitro-*, for *nitro-*, and *-gen*, base of *γεννέω*, to produce; see Generate.

NIZAM, the title of a ruler in the Decan, in Hindustan. (Hind. — Pers. — Arab.) Found in 1793; see Stanford Dict. Short for Hind. *nizām-ul-mulk*, administrator of the empire (Forbes). = Arab. *nizām*, government; which the Persians pronounce as *nizām*. Though the proper sense is 'government', in the phrase *nizām-ul-mulk* it is used as a title, meaning 'governor of the empire.' First used by Asaf Jah in 1713 (Yule). From Arab. root *nahama*, he arranged or ordered. See Devic and Richardson.

NO (1), a word of refusal or denial. (E.) ME. *no*, Will. of Palerne, 2701, 3115. There is a clear distinction in ME. between *no* and *nay*, the former being the stronger form; see Nay, which is of Scand. origin. AS. *nā*, adv., never, no. Compounded of *ne*, not, and *ā*, ever. The form *ā* became *no* in ME., occurring in Genesis and Exodus, ed. Morris, l. 111; but this form was entirely superseded by the cognate word *ai*, *ay*, mod. E. *ay*, *aye*, which is of Scand. origin. See Aye, adv., ever. β. The neg. particle *ne*, signifying 'not', is cognate with OHG. *nī*, MHG. *nī*, not; Goth. *nī*, not; Russ. *ne*, not; Irish, Gael., and W. *ni*, not; L. *ne*, in *non-ne*; Skt. *na*, not. O. In mod. E. this neg. particle is represented by the initial *n* of *n-ever*, *n-aught*, *n-one*, *n-either*, *n-ay*, *n-or*, and the like. ¶ It is quite a mistake to suppose that the ME. *ne*, not, so common in Chaucer, is of F. origin. It is rather the AS. *ne*, which happens to coincide in form with F. *ne*, of L. origin; and that is all.

NO (2), none. (E.) Merely a shortened form of *none*, as *a* is of *an*; see None. Der. *no-body*, q. v.

NOBLE, illustrious, excellent, magnificent. (F. — L.) In early use. ME. *noble*, O. Eng. Homilies, ed. Morris, i. 273, l. 16. = F. *noble*. = L. *nobilis*, acc. of *nobilis* (= *gnō-bilis*), well-known, notable, illustrious, noble. = L. *gnō-*, base of *noscere* (= *gnoscere*), to know, cognate with E. *know*; with suffix *-bilis*. See Know. Der. *nobly*, adv., *noble-man*, in O. Eng. Homilies, as above; *noble-ness* (a hybrid word, with E. suffix), Wilt. Tale, ii. 3. 12. Also *nobil-ity*, K. John, v. 2. 42, from OF. *nobilité*, *nobilité* < L. acc. *nobilitatem*.

NOBODY, no one. (E.) In Shak. Merry Wives, i. 4. 14. Compounded of *no*, short for *none*, and *body*; not in early use. It took the place of ME. *no man*, which is now less used. See None and Body.

NOCK, an indentation. (MDu.) 'The nocke of the shafte;' Ascham, Toxophilus, bk. ii. ed. Arber, p. 127. ME. *noke*, Prompt. Parv., p. 357. 'Nokked and fethered aright,' said of arrows; Chaucer,

Rom. Rose, 942. — MDu. *noche* (Kilian); also *noch*, 'seen noch' in een pijl, a notch in the head of an arrow; Hexham, 4MSwed. *nocha*, an incision (Ihre); Swed. dial. *nohke*, *noh*, an incision or a cut in timber (Rietz). β . The MSwed. *nocha* also denotes the same as Icel. *knokki*, i. e. one of the small metal hooks holding the thread in a distaff. η . Constantly confused with *noche*, which is a different word. The Norman dial. *noque* (Du Bois), Ital. *nocca*, a notch (see Florio), are Germanic origin.

NOCTURNE, the name of a service of the church. (F.—L.) See *Palmer*, *Origines Liturgicæ*, i. 202, ed. 1832. 'A nocturne of the Psalter;' Lord Bernal, tr. of Froissart, vol. ii. c. 26 (R.). ME. *nocturne*, Ancrén Riwle, p. 270, l. 1. — F. *nocturne*, nocturnal; also, a nocturn, — Late L. *nocturnus*, a nocturn; orig. fem. of L. *nocturnus*, belonging to night. β . To be divided as *noct-urnus*, from *noct-*, stem of *nox*, night, with a suffix imitating *di-urnus*. See *NIGHT*. Der. *nocturn-d*, spelt *nocturnall*, Hardyng's Chron., ch. 95, st. 10; and in Milton, P. L. iii. 40, viii. 134, from Late L. *nocturnālis*, extended from *nocturnus*; *nocturn-al-ly*.

NOD, to incline the head forward. (E.) ME. *nodden*, Chaucer, C. T. 1696 (l. 47). Not found in AS., and difficult to trace. But it answers to a G. form, *nodden*, found in the frequentative form *nodeln*, a prov. G. word, meaning to shake, wag, jog (Kluge). To nod is to shake the head by a sudden inclination forwards, as is done by a sleepy person; to make a butting movement with the head. Schmeller gives *nodeln* as Bavarian. The orig. notion seems to be that of butting or pushing; and there is a connexion with Icel. *hnyja*, to hammer, clinch, rivet, *hnyja*, a rammer for beating turf; G. *nieten*, to rivet. Teut. base **knud-*, weak grade of **knud-*. η . Not connected with L. *nodus*, to nod (base *nod*). Der. *nod*, sb.

NODDLE, a name for the head. (E.) In Shak. Tam. Shrew, i. 1. 64. Wedgwood well says: 'the noddle, noddock, or noddock is properly the projecting part at the back of the head, the nape of the neck, then ludicrously used for the head itself.' ME. *nodle*, *nodil*. 'Nodly, or noddle of the head, or nolle, Occiput;' Prompt. Parv. β . It really stands for *knoddel*, and is the dimin. of *knod*, a word lost in Early E., but preserved in F. dial. *nod*, nape, and in other languages: cf. MDu. *knodde*, a knob (Hexham); Icel. *knúdr*, a knob, ball; G. *knotten*, a knot, a knob; Du. *knod*, a club. Cf. Low G. *knudde*, a ball of yarn, a hard swelling under the skin (Berghaus). γ . This *knod* is a variant of *Knot*, q.v.

NODE, a knot. (L.) 'Nodes, in astronomy, are the points of the intersection of the orbit of the sun or any other (I) planet with the ecliptic;' Phillips, ed. 1706. 'Nodus or Node, a knot, or noose, &c.;' id. — L. *nodus*, a knot. Allied to Skt. *naddha*, tied, bound, pp. of *nah* (for *nadh*), to tie. From Idg. root *NEDH*, to fasten. Brugmann, i. § 700 (a), note 2. Der. *nod-al*, adj.; *nod-ous*, Sir T. Browne, Vulg. Errors, b. iv. c. 4, § 1. Englished from L. *nódus*; *nod-ous-ly*, id. b. v. c. 5, § 2, from F. *nodosité*, 'knottness' (Cot.) < L. acc. *nódositatem*; *nod-ule*, Englished from L. *nódulus*, a little knot, dimin. of *nodus*.

NOGGIN, a wooden cup, small mug. (Scand.) 'Of drinking-cups . . . we have . . . mazers, broad-mouthed dishes, noggins, whisks, piggius, &c.;' Heywood, Drunkard Opened, &c., ed. 1635, p. 45 (Todd). Also in Minshew, ed. 1627. [Cf. Irish *noigin*, 'a noggin, a naggin, quarter of a pint,' O'Reilly; Gael. *noigeán*, a wooden cup; Gael. *engann*, a little knob, peg, pin, an earthen pipkin; Gael. *enagaire*, a knocker, a noggin; all from E. (Macchain).] We also find Lowl. Sc. *noggin*, *noggie*, spelt *knoggin* by Swift, in Lines to Dr. Sheridan (1719). For **knoggen*, with -en as in wood-en, from *knog*, a small cask, a firkin (E. D. D.), variant of *knag*, a keg (E. D. D.), which is prob. the same word as *Knag*, a knot in wood, a peg; q.v.; whence also *knaggie*, a keg.

NOISE, a din, troublesome sound. (F.—L.—Gk.) In early use. ME. *noise*, Ancrén Riwle, p. 66, l. 18. — F. *noise*, 'a brabble, brawl, debate, . . . also a noise;' Cot. β . The OF. form is also *noise*; and the Provencal has *nausa*, *nauzza*, *noisa*, *nuéiza* (Hartsch). The origin is uncertain; it is discussed by Diez, who decides that the Prov. form *nausa* could only have been derived from L. *nausea*, so that a *noise* is so called because *nauseous*; see *Nausea*. If this be right, the word is really of Greek origin. So Korting, § 6471. Der. *noise-y*, for which formerly *noise-ful* was used, as in Dryden, Annus Mirabilis, st. 40; *noise-ily*, *noise-iness*; *noise-less*, *-ly*, *-ness*; also *noise*, verb, ME. *noisen*, Chaucer, tr. of Boethius, b. iii. met. 6, l. 7.

NOISOME, annoying, troublesome. (F.—L.—Gk.) with E. suffix. Formed from ME. *noy*, annoyance, injury; with E. suffix -some — AS. -sum, as in *Winosome*, q.v. We find three forms in use formerly, viz. *noy-ous*, Wyclif, 2 Thess. iii. 2; *noy-ful*, Sir T. More, Works, p. 481 *et*; and *noy-some*, id. p. 1389 h. β . *Noy* is a mere contraction of ME. *anoy*, *anoi*; see *Romant* of the Rose, 4404, &c. The derivation is from the L. phrase in *odiū habere*, as explained s.v. *Annoy*, q.v. η . Not connected with L. *nocere*, to hurt.

NOLE, NOLL, the head; see *Noule*.

NOMAD, wandering; one of a wandering tribe. (Gk.) 'The Numidian nomades, so named of changing their pasture;' Holland, tr. of Pliny, b. v. c. 3. — Gk. *νόμας*, stem of *νομᾶν*, roaming, wandering, esp. in search of pasture. — Gk. *νόμος*, a pasture, allotted abode. — Gk. *νόμος*, to assign, allot. — η NEM, to assign; cf. Skt. *nam*, to bow to, bow, bend, *upa-nam*, to fall to one's share. Hence also *nem-es*, *nim-ble*, *num-ber*; and the suffix -nomy in *astro-nomy*, *auto-nomy*, *gastro-nomy*, *anti-nom-i-an*. Der. *nomad-ic*.

NOMENCLATOR, one who gives names to things. (L.) 'What? will Cupid turn nomenclator?' Ben Jonson, Cynthia's Revels, A. v. sc. 3 (2nd Masque). In Minshew, ed. 1627. — L. *nomenclator*, one who gives names, lit. 'name-caller;' fuller form *nomenclator*. — L. *nomen*, a name; and *caltré*, to call. See *Name* and *Calendar*. Der. *nomenclat-ure*, from L. *nomenclatura*, a calling by name, naming.

NOMINAL, pertaining to a *nominal*; 'Tyndal's Works, p. 104, col. 1; see Spec. of English, ed. Skeat, p. 176, l. 316. This refers to the famous dispute between the *Nominalists* and *Realists*; the founder of the former sect was condemned by a council at Soissons, A. D. 1092; Haydn, Dict. of Dates. — L. *nominalis*, nominal. — L. *nōmīn*, for *nōmen*, a name, cognate with E. *Name*, q.v. See *Nominate*.

NOMINATE, to name. (L.) In Shak. I. i. 2. 16. — L. *nōmīnātus*, pp. of *nōmīnāre*, to name. — L. *nōmīn*, for *nōmen*, a name, cognate with E. *Name*, q.v. Der. *nominat-ion*, Fryth's Works, p. 58, col. 2, from F. *nomination*, 'a nomination' (Cot.); *nomina-tor*, ME. *nomīnatif*, Trevisa, i. 327, from OF. *nomīnatif*, in use in the 13th century (Littré), from L. *nōmīnātus*. Also *nomīn-er*, a term of law, formed as if from a F. verb **nomīner*, with a pp. *nomīné*; but the real F. verb is *nommer*.

NON-, prefix, not. (L.) In compounds, such as *non-appearance*, *non-compliance*. — L. *nōn*, not; orig. none, not one; compounded of L. *ne*, not, and *ōmnis*, old form of *ōnus*, neut. of *ōnus*, one (Bréal). Thus L. *nōn* is of parallel formation with E. *None*, q.v.

NONAGE, minority. (F.—L.) In Shak. Rich. III. ii. 3. 13. Orig. a law-term. AF. *nonage*, Stat. Realm, i. 38 (1275). Compounded of F. *non*, from L. *nōn*, not, and *age*; see *Non-Age*.

NONCE, in phr. for the *nonce*. (E.) ME. *for the nonce*, Chaucer, C. T. 381 (A 379). The sense is 'for the once', for the occasion or purpose. The older spelling is *for then ones*, still earlier for *then ones*, as in St. Juliana, ed. Cockayne, p. 71. Thus the *n* really belongs to the dat. case of the article, viz. AS. *nīm*, later *þan*, then. *Ones* = mod. E. *once*; see *Once*. We may note that *ones* was first a gen. case, then an adv., and was lastly used as a sb., as here.

NONCHALANT, careless. (F.—L.) In R. North's Examen, p. 463 (Davies). — F. *nonchalant*, 'careless,' Cot.; pres. pt. of OF. *nonchaloir*, 'to neglect, or be careless of;' Cot. — F. *non*, not; *chaloir*, 'to care, take thought for;' id. Cf. OF. *chaloir*, *caloir*, in Bartsch, orig. 'to glow,' hence, to be hot over; for fervent; also Anglo-F. *nunchaler*, to be careless, Life of Edw. Conf. 4519. — L. *nōn*, not; *caltré*, to glow, be animated. See *Caldron*. Der. *nonchalance*, sb., Whitehead's Poems, Variety, l. 284, from F. *nonchalance*, carelessness, indifference.

NONCONFORMING, refusing to conform. (L.) and F. — L.; with E. suffix. The Act of Uniformity came into operation on 24 Aug. 1662; Haydn, Dict. of Dates. Hence arose the name *nonconformist*, and the adj. *nonconforming*. Compounded of L. *nōn*, not; and *Conform*, q.v. Der. *nonconform-ist*, *nonconform-i-ty*.

NONDESCRIPT, not yet described, novel, odd. (L.) 'Such as are non-descripts;' Letters of Eminent Men, ed. Ellis (Cam. Soc.) p. 203; A. D. 1696. Added by Todd to Johnson's Dict. — L. *nōn*, not; and *descriptus*, pp. of *describere*, to describe; see *Describe*.

NONE, not one. (E.) ME. *noon*, *non*; as in 'non other' no other, Rob. of Brunne, tr. of Langtoft, p. 5. Before a consonant it commonly becomes *no*, as in mod. E.; but in very early authors we find *non* even before a consonant, as in 'none tongue;' Rob. of Glouc. p. 285, l. 5806. AS. *nan*, none; compounded of *ne*, not, and *an*, one; see *No* (1) § B, and *One*.

NONENTIFY, a thing that does not exist. (L.) In The Tatler, no. 118, § 6 (1710). From *Non* and *Entify*.

NONES, the ninth day before the ides. (L.) Also used of the old church service at the ninth hour, which is the older use in E. See P. Plowman, B. v. 378. This ninth hour or *nones* was orig. 3 P. M., but was changed to midday; whence our *noon*. See further under *Noon*.

NONJUROR, one who refuses to take the oath of allegiance. (L.) and F. — L.) First used of those who refused allegiance to Will. III. in 1689. From *Non* and *Juror*.

NONPAREIL, one without equal, matchless. (F.—L.) In Shak. Temp. iii. 2. 108. — F. *non*, not, from L. *nōn*; and *pareil*, equal,

from Late L. *pariculus*, double dimin. from L. *par*, equal. See **APPAREL**, and **PAR**.

NONPLUS, a state of perplexity; to perplex. (L.) Most commonly a verb. 'He has non-plus'd me'; Dryden, *Kind Keeper*, iii. 1. The orig. phrase was 'to be at a non-plus', which occurs in Cotgrave, s.v. *Latin*. A half-judicious coined term for a state of perplexity, in which one can do no more, nor go any further.—L. *nōn plus*, no more. See **Non-** and **Plural**.

NONSENSE, language without meaning. (L.; and F.—L.) It occurs in Cowley, *The Mistress*; *The Incurable*, l. 2. From **Non-** and **Sense**. Der. *nonsens-ic-al*.

NONSUIT, a withdrawal of a suit at law. (L.; and F.—L.) In Blount's Gloss, ed. 1674, which see; and in Baret (1580); AF. *nonsuite*. From **Non-** and **Suit**. Der. *nonsuit*, verb.

NOOK, a corner, recess. (L.) ME. *nōk*, Havelok, 820; pl. *nōkes*, Cursor Mundi, 17675. The comp. *four-nōked* = four-cornered, occurs in Layamon, ii. 500, l. 21999. The Lowland Sc. form is *neuk* (Jamieson); whence, probably, Irish and Gael. *nuie*, a nook, corner. The AS. **nūc* is not found. †Norw. *nōk*, a nook, corner (Suppl. to Aasen, p. 970); cf. Norw. *nakke*, a corner cut off (Koss); and perhaps even Dan. dial. *nogek*, a bend in a river.

NOON, midday. (L.) Orig. the ninth hour of the day, or 3 P.M., but afterwards the time of the church-service called *noons* was shifted back, and the term came to be applied to midday as early as the twelfth century; see Hampson, *Mediævi Calendarium*, i. 87. ME. *none*, Layamon, 17063; *noons*, pl., P. Plowman, B. v. 378, vi. 147 (see notes). AS. *nūn-tid* (= *noon-tide*), the ninth hour, Mark, xv. 33, 34.—L. *nūna*, for *nūna hōra*, ninth hour; where *nūna* is the fem. of *nūnus*, ninth. *Nūnus* = *nocturnus*, from *nocturn*, ninth; cf. *decimus* from *decem*, ten. The L. *nocturn* is cognate with E. *nine*, q. v. Der. *noon-tide*, AS. *nūn-tid*, as above; *noon-day*, Jul. Caesar, l. 3. 27. Also *noones*, *non-riens*.

NOOSE, a slip-knot. (Prov.—L.) 'Caught in my own noose;' Beaumont and Fletcher, *Rule a Wife*, iii. 4 (Porer). Cotgrave explains F. *lags courrant* as 'a noose, a running knot.' Imported from Gascony by sailors.—Gascon *nois*, Prov. *nois*, a noose, a loop of cord.—L. *nōdus*, a knot. Cf. Prov. *nōis courrant*, a running noose; pl. *nōdes*; also *nous de l'airaire*, a noose for mooring ships (whence the nautical word); see Mistral. Also Gascon *noiset*, a knot; *noisera*, to tie a knot. ¶ The F. *nœud* is from L. acc. *nūdum*; whereas Prov. *nois* is from the nom. *nūdus*. See **Noda**. Der. *noose*, verb.

NOB, neither. (E.) ME. *no*, short for ME. *nother*, *nauder*; from AS. *nāwather* (no-whether); but partly confused with other forms of *no*. 'Vor hor he was at astoned, and nolde after wylle Sywe noþer spore no hrydel' = for their horses were all astonished, and would not, according to their will, obey nor spur nor bridle; Rob. of Glouc. p. 396; l. 8169. For a full account of the word, see N. E. D. See **Or**.

NORMAL, according to rule. (L.) A late word; added by Todd to Johnson.—L. *normalis*, made according to a carpenter's square.—L. *norma*, a carpenter's square, rule, pattern. Contracted from a form **gnōrima*, and perhaps merely a borrowed word from Gk. The corresponding Gk. word is *γνώριμα*, fem. of *γνώριμος*, well-known, whence the sense of 'exact' in Latin; allied to Gk. *γνώω*, that which knows or indicates, an index, a carpenter's square. See **Gnomon**. Der. *normal-ly*; also *e-norm-ous*, q. v., *ab-normal* (modern). We also find *norm*, a rule, model; from L. *norma*.

NORMAN, a Northman. (F.—Scand.) ME. *Norman*, Rob. of Glouc. p. 360; l. 7418.—OF. *Normand*, 'a Norman'; Cot.—Dan. *Normand*; Icel. *Norðmadr* (= *Norðmannr*), pl. *Norðmenn*, a Northman, Norwegian. See **North**. Der. *Norman-d-y*, ME. *Normandy*, Rob. of Glouc. p. 345, l. 7074, F. *Normandie*, Dan. *Normandi*, Icel. *Norðmændi*, Normandy, Norman's land, where the suffix is French (F.—ie, L.—ia).

NORSE, Norwegian. (Scand.) Short for *Norsk*, the Norwegian and Dan. spelling of *Norse* = Icel. *Norskr*, Norse; adj., which appears in the 14th cent. instead of the older Icel. *Norrænn*. *Norsk* is short for **North-isk*, i. e. *North-isk*; see **North**.

NORTH, the cardinal point opposite to the sun's place at noon. (E.) ME. *noth*, Wyclif, Luke, xiii. 29. AS. *norð*, Grein, ii. 300.—Du. *noord*; Icel. *norðr*; Dan. and Swed. *nord*; G. *nord*. Root unknown. Some compare the Umbrian *nertra*, on the left hand (to one looking eastwards); Gk. *νῆστρος*, lower. Der. *north-ern*, ME. *northern*, Chaucer, C. T. 1989 (A 1987), AS. *norðern* (Grein), cognate with Icel. *norð-ann*, OHG. *nord-r-īni*, northern; where the latter suffix is like the L. *-ānus*. Also *north-east*, *-west*, &c. Also *north-ward*; *north-erly* (short for *north-erly*). &c. Also *Nor-man*, *Nor-se*.

NOSE, the organ of smell. (E.) ME. *nose* (orig. dissyllabic), Chaucer, C. T. 123, 152. AS. *nosu*, Grein, ii. 300.—Du. *neus*. Tent. type **nas-ā*, f., related by gradation to Tent. type **nas-ā*, f.; cf. AS. *nas-u*, nose; Icel. *nús*; Dan. *næse*; Swed. *näsa*; G. *nase*; Russ. *nos*;

Lithuan. *nošis*.+L. *nāsus*; also *nār-es*, pl.; Skt. *nāśā*, dual. Der. *nose-bag*, *nose-less*; *nose*, v., Hamlet, iv. 3. 38; *nose-gay*, Mida. Nt. Dr. l. 1. 34, and *Palgrave*, with which cf. *gay*, sb., a gay flower, as in 'guyes To make a Posie', in Golding's Ovid, fol. 47; back, l. 4; and prov. E. (Essex) *gay*, a painted picture in a child's book, derived from *gay*, adj. And see *nas-tril*, *nose-iz*, *nuzz-le*.

NOSELOGY, the science of nozzles. (Gk.) In Bailey's Dict. = Gk. *nosē*, for *nosēos*, disease; and *-λογία*, from *λόγος*, a discourse, which is from *λέγω*, to speak.

NOSTRIL, one of the orifices of the nose. (E.) *Nostril* = *nose-thrill* or *nose-thirl*. ME. *noethirl*, Chaucer, C. T. 859 (A 557). AS. *nosbyrl*; the pl. *nosbyrla* (= *nosbyrlu*, the sb. being neuter) is used to translate L. *nāres* in Voc. 157. 15.—AS. *nos*, for *nosn*, the nose; and *byrl*, *pyrel*, a perforation, orifice, Grein, ii. 613. See further under **Thrill**.

NOSTRUM, a quack medicine. (L.) In Pope, *Prol.* to *Satires*, l. 29.—L. *nostrum*, lit. 'our own', i. e. a special drug peculiar to the seller of it. Neut. of *nostr*, ours, possess. pron. formed from *nōs*, we. Cf. Skt. *nas*, us.

NOT (1), a word expressing denial. (H.) ME. *not*, often spelt *nought* or *nocht*, Chaucer, C. T. 304. The less stressed form of **Naught**, q.

NOT (2), I know not, or he knows not. (E.) Obsolete. ME. *not*, *noot*, Chaucer, C. T. 286 (A 284). AS. *nūt*, I know not, or he knows not; Grein, ii. 274. Equivalent to *ne wāt*; from *ne*, not, and *wāt*, I know or he knows. See **Wot**, **Wit**.

NOT (3), to crop, shear closely; see **Not-pated**.

NOTABLE, remarkable. (F.—L.) ME. *notable*, Chaucer, C. T. 13615 (B 1875).—F. *notable*, 'notable'; Cot.—L. *notābilis*, remarkable.—L. *notāre*, to mark.—L. *nota*, a mark, note; see **Note**. Der. *notabil-y*, *notable-ness*; *notabil-i-ty*, ME. *notabilite*, Chaucer, C. T. 15215 (B 4399), answering to F. *notabilité*, as if from L. acc. **notābilitatem*, from nom. **notābilis*, a word not recorded.

NOTARY, a scrivener, one who takes notes. (F.—L.) The pl. *notaries* occurs in the Avenyette of Inwyrt, p. 40, l. 8. Englished from AF. *notarie*, Langtoft, ii. 392; OF. *notaire*, 'a notary, a scrivener'; Cot.—L. *notārius*, acc. of *notārius*, a short-hand writer, one who makes notes; formed with the adj. suffix *-rius* from *notā*, stem of *nota*, a mark; see **Note**.

NOTATION, a system of symbols. (L.) In Ben Jonson's Eng. Grammar, cnp. viii is on 'the notation of a word,' by which he means the etymology. 'The word was really taken directly from Latin, but was put into a French form, by analogy. Formed as if from a F. *notation* (not in Cotgrave); from L. *notātiōnem*, acc. of *notātiō*, a designating, also, etymology; cf. *notātus*, pp. of *notāre*, to mark; from *nota*, a mark; see **Note**.

NOTCH, to make an indentation, or a small cut in an arrow-head, &c. (F.—L.) Much confused with *nook*, with the same sense; but it appears to be of different origin. The vb. to *notch* seems to be older than the sb.; Cotgrave has both (see below). 'He . . . notched him like a carbonado' (1). Cor. iv. 5. 199. It seems to have acquired an initial *n* from ME. *ochen*, to cut, as in *Morte Arthure*, 2565, 2426, where it occurs as 'he oches in sondre', and 'he ochede it in sondrye'.—MF. *ocher*, OF. *ochier* (*hoschier* in Godefroy), *ochier*, 'to nick, notch, notch, to cut as a tally'; Cot. Cognate with Prov. dial. *auscar* (Körting), spelt *ausca* in Mistral, Catalan *ascar*, to cut into; cf. Prov. *osco*, a notch (Mistral), Catalan *oca*.—L. **absicere*, to cut off, whence L. *absicern*, a piece cut off (Lewis).—L. *ab*, off; and *secare*, to cut; see **Section**. Der. *notch*, sb.; cf. MF. *ocher*, 'a notch, nick, or notch'; Cot.; Norm. dial. *ocher*, *noche*, a notch (Le Héricher); F. *koche*. ¶ So Körting, § 49; but the MF. *ocher* also answers to Late L. *occurrere*, to cut (Duc.).—L. *occurrere*, to harrow; from *occurra*, a harrow.

NOTE, a mark, sign. (F.—L.) In early use. ME. *note*, Chaucer, C. T. 13477 (B 1737); Layamon, 7000.—F. *note*.—L. *nota*, a mark, sign, note. β. The o is short, and perhaps *nota* stands for **gnūta*, allied to *nūtus* (for *gnūtus*), known. The shortening of the syllable appears still more decisively in *cognitus* = *cognitus*, known (Bréal). See **Notice**. Thus a *note* is 'a mark whereby a thing is known'. Der. *note*, verb, ME. *noten*, Gower, C. A. iii. 164; bk. vii. l. 2340; *not-ed*, *ibid.*; *not-ed-ly*, *not-les*, *not-er*; *note-book*, Jul. Cæsar, iv. 3. 98; *note-worthy* (= *worthy of note*), Two Gent. of Verona, i. 1. 13. And see *not-able*, *not-ary*, *not-at-ion*, *not-ice*, *not-iffy*, *not-ion*, *not-or-ous*.

NOTHING, absence of being, insignificance. (E.) Merely an abbreviation, in pronunciation, of *no thing*. The words were formerly written apart. Thus, in Chaucer, C. T. 1756 (Six-text, A 1754), the Ellesmere and Hengwrt MSS. have *no thyng*, where the Camb. MS. has *nothyng*. See **No** (2) and **Thing**. Der. *nothing-ness*, in Bp. Hall, *Select Thoughts*, § 22 (R.).

NOTICE, an observation, warning, information. (F.—L.) In Shak. Hen. V. iv. 7. 122.—F. *notice*, 'notice'; Cot.—L. *notitia*, a being known, knowledge, acquaintance. Extended from *nūtus*, known,

pp. of *noscere*, to know. See **Note, Know**. Der. *notice*, verb, *noticeable*, *noticeable*.

NOTIFY, to signify, declare. (F.-I.) In Minshew, ed. 1627; cf. Oth. iii. 1. 31. ME. *notifier*, Chaucer, Troil. ii. 1591. = F. *notifier*, 'to notify'; Cot. = L. *notificāre*, to make known = L. *notū*, for *notus*, known; and *-fic-*, for *fac-*, to make. See **Notice** and **Fact**. Der. *notification*.

NOTION, an idea. (F.-I.) Formerly, intellectual power, sense, mind; see Shak. Cor. v. 6. 107. = F. *notion*, omitted by Cotgrave, but given in Sherwood's Index to the same. = L. *notiō*, acc. of *notus*, an investigation, notion, idea; cf. *notus*, known; see **Notice**. Der. *notion-ist*.

NOTORIOUS, manifest to all. (I.) In Shak. All's Well, i. 1. 111. *Notoriously* is in Sir T. More, Works, p. 960f. Englished from L. *notūrius*, by changing *-us* into *-ous*, as in *arduous*, &c. This L. word is only represented in Lewis's Diet. by the fem. and neut. forms *notūria*, *notūrium*, both used substantively; cf. OF. *notoire*, 'notorious' (Cot.), which points back to the same L. adj. Formed from L. *notor*, a voucher, witness; which again is formed with agential suffix *-tor* from *nā*, base of *noscere*, to know, cognate with E. *know*; see **Know**. Der. *notorious-ly*, *-ness*.

NOTORIETY, notoriousness. (F.-I.) Used by Addison, On the Christian Religion (Todd) = ME. *notoriety*, 'notoriousness'; Cot.; mod. F. *notoriété*. = Late L. *notūrietās*, acc. of *notūrius* (Ducange) = L. *notūrius*; see **Notorious**.

NOT-PATED, closely shorn or cropped. (F. and Late L.) See Shak. i Hen. IV, ii. 4. 78. Chaucer has *not-keed*, a closely cropped head; C. T. prol. 109. Cf. 'To *Notte* his hair, comas rarely'; Harlet (1880). From AS. *knōt*, close shorn, smooth; and **Pate**.

NOTWITHSTANDING, nevertheless. (E.) ME. *wight withstandende*, Gower, C. A. ii. 181; bk. v. 1611. From *not* = naught; and *withstanding*, pres. part. of *with-stand*. Perhaps suggested by L. *nūn* substantive. See **Naught** and **Withstand**.

NOUCH, the same as **Ouch**, q. v.

NOUGHT, the same as **Naught**, q. v.

NOULE, **NOWL**, **NOLE**, **NOLL**, a head. (E.) 'An Asses nose'; Mids. N. Dream, iii. 2. 17 (1623). And see Nares. ME. *not*. AS. *knoll*, the crown of the head. = OHG. *knoll*, top.

NOUN, the name of a thing. (F.-I.) Used so as to include adjectives, as being descriptive. Rich. quotes 'that *nomme* knowledging, and that verbe knowledge' from Sir T. More, Works, p. 437 a. Also *nomme* in Cathol. Anglican (1483); but the word is older, and belongs to the 14th cent.; first appearing in 1398 (N.E.D.). = OF. *nom*, *nom*, *nom*, *nom* (Godefroy); mod. F. *nom*, a name, a noun. In Philip de Thaum, Livre des Creatures, we have the AF. forms *Nuence*, l. 241, *num*, l. 233; see Wright's Popular Treatises on Science. = L. *nūmen*, a name, noun; cognate with E. **Name**, q. v. Doublet, *name*.

NOURISH, to feed or bring up. (F.-I.) In early use. ME. *norisen*, *noryven*, Rob. of Glouc. p. 238, l. 4901; whence the sb. *nourysynge* in the preceding line. = OF. *norris* (mod. F. *nourris*), stem of parts of the verb *norris* (mod. F. *nourrir*), to nourish. = L. *nutrire*, to suckle, feed, nourish. Der. *nourisher*, Mach. ii. 2. 40, *nourishable*; *nourish-ment*, Spenser, F. Q. vi. q. 20. And see *nurse*, *nurture*, *nutri-ment*, *nutri-tious*, *nutritive*.

NOVEL, new, strange. (F.-I.) In Shak. Sonnet 123. It seems to be less old in the language than the sb. *novelty*, which is ME. *novelle*, Chaucer, C. T. l. 7004. And it follows the OF. spelling of the sb. = OF. *novel* (Godefroy), later *novel*, mod. F. *nouveau* = L. *novellus*, new; dimin. form from *novus*, which is cognate with E. **New**, q. v. Der. *novel-ty*, ME. *novelle* (as above), OF. *novelité*, from L. *novellitatem*, acc. of *novellitas*, newness; *novel*, sb., a late word in the mod. sense, but the pl. *novels* (= news) occurs in the Towneley Mysteries (see Trench, Select Glossary); *novel-ist*, formerly an innovator (Trench); and see *nov-ice*, *in-nov-ate*.

NOVEMBER, the eleventh month. (I.) In Chaucer, On the Astrolabe, pt. i. § 10, l. 11. = L. *November*, the ninth month of the Roman year. = L. *novem*, nine. See **Nine**.

NOVICE, a beginner. (F.-I.) In Shak. Meas. i. 4. 18. ME. *novys*, *novice*, Chaucer, C. T. 13945 (B 3129). = F. *novice*, 'a novice, a young monk or nun'; Cot. = L. *novicius*, *novitius*, new, fresh, a novice; Juvenal, Sat. iii. 265. Extended from *novus*, new; see **Novel**, **New**. Der. *noviti-ate*, Blount's Gloss., ed. 1674, from F. *novitiate*, 'the estate of a novice'; from Late L. *novitiatus*, sb.; see *novitiari* in Ducange.

NOV, at this present time. (E.) ME. *nov*, Chaucer, C. T. 763 (A 761); also spelt *now*, for older *nu*. AS. *nū*, Grehn, li. 301. = Iln. *nu*; Icel. *nū*; Dan. and Swed. *nu*; Ollig. *nu*; Goth. *nu* = Skt. *nu*, *nū*, *nū* (Vedic). = G. *nu-n*, *nu-n*, *nu-n*, *nu-n*, are extended forms from the same source. Brugmann, i. § 1042. Der. *non-
a*

days (= now on days), Mids. Nt. Dr. iii. 1. 148, Chaucer, C. T. 16864 (C 1306); see **Now** (2), prefix. Hence also *new*, *novel*.

NOWAY, **NOWAYS**, in no way. (E.) The older form is *noways*, for ME. *nūnes weges*, in no way, by no way, Layamon, 11216. This answers to AS. *nūnes weges*, the gen. case used adverbially, as usual. = AS. *nūnes*, gen. of *nūn*, none; and *weges*, gen. of *weg*, a way. See **No** (2) and **Way**.

NOWHERE, in no place. (E.) AS. *nūnawer*, nowhere; Grehn, ii. 273. = AS. *nū*, no; and *hwer*, where. See **No** (1) and **Where**.

NOWISE, in no way. (E.) Short for *in no wise*. ME. *on none wise*, Castell of Love, ed. Weymouth, 573 (Stratmann). Here *on* = *in*, is a prep.; *none* is dat. case of ME. *noon*, AS. *nūn*, none; *wise* = *wisan*, dat. of AS. *wise*, a wise, a way. See **No** (2) and **Wise**, sb.

NOXIOUS, hurtful. (I.) In Milton, Par. Reg. iv. 460. Englished from L. *noxius*, hurtful, by change of *-us* to *-ous*, as in *ard-ous*, &c. = L. *noxā*, harm, hurt; cf. *nocere*, to hurt; *nex* (stem *nex-*), destruction. = *NEK*, to perish, or cause to perish; whence also Skt. *nar*, to be lost, disappear, (Gk. *νικω*, a corpse. Brugmann, i. § 143; ii. § 794. Der. *noxious-ly*, *-ness*. From the same root are *neo-ro-mancy*, *inter-nec-ine*, *per-nic-i-ous*, *ob-nox-i-ous*, *nuis-ance*, &c.

NOYAU, a cordial flavoured with orange-peel and kernels of stone-fruits. (F.-I.) Found in 1818; see Stanford Dict. = F. *noyau*, lit. 'kernel' of a fruit. = L. *nūcleus*, neut. of *nūclius*, like a nut. = L. *nuc-*, stem of *nux*, a nut. See **Newel**.

NOZZLE, a snout. (E.) Rare in books. Spelt *noze* in Arbuthnot and Pope, Martinus Scriblerus (Todd); *nozzle* (E. D. D.). Cp. 'a candlestick nozled'; Archæol. Cantiana, xvi. 315 (A. D. 1500). The dimin. of *nose*, with suffix *-le* (or *-et*); so also Westphal. *nūssel*, a nozzle (Woeste). See **Nose**, **Nuzzle**.

NUANCE, a shade of a colour, gradation of colour. (F.-I.) It occurs in 1781; see Stanford Dict. = F. *nuance*, a shade. = F. *nuar*, to shade. = F. *nuar*, a cloud. = Folk-L. *nūba*, for L. *nūbēs*, a cloud. Allied to L. *nimbis*, a cloud; see **Nimbus**, **Nebula**.

NUCLEUS, the kernel of a nut, core. (I.) In Phillips, ed. 1706. = L. *nucleus*, a small nut, a kernel; cf. *nucula*, a small nut. Dimin. from L. *nux*, a nut (stem *nuc-*). Root uncertain. ¶ *Nut* allied to E. nut. Allied to *newel*, q. v.

NUDE, naked, bare. (L.) In Minshew, ed. 1627. Taken from the L. directly; cf. *nude contract*, Englished from L. law-term *nūdum pactum*, Blount's Nomolexicon. = L. *nūdus*, naked. I. *nūdus* = *nugudus*, for **nugudus*, allied to Skt. *nagna*, naked, and to F. **Naked**, q. v. Brugmann, i. § 165. Der. *nude-ly*, *nudi-ty*, spelt *nuditie* in Minshew, from F. *nudité*, 'nudity' (Cot.), from L. acc. *nuditatem*.

NUDGE, a slight push. (Scand.) 'Kaudge', v. to kick with the elbow; E. D. S. Gloss. B. 1; A. D. 1781. Lowland Sc. *noidge*, 'a push or strike, properly with the knuckles, *nudge*, to strike with the knuckles'; Jamieson; North E. *nog*, to jog; Lowland Sc. *nudge*, to press, squeeze; Jam. Cf. Norw. *gnugga*, *nugga*, to rub, push; allied to *gnuggja*, *nyggja* (pt. i. *nogg*), to push; Swed. dial. *nogga*, to move slightly. Also NFries. *nocke*, to jog. Allied to **Knock**. Cf. also Icel. *knúi*, a knuckle, *knjja*, to press down with the fists and knees; Swed. *knuge*, a knuckle; Dan. *knuge*, to press.

NUGATORY, trifling, vain. (L.) In Bacon, Adv. of Learning, bk. ii. 7. 5. = L. *nugātorius*, trifling. = L. *nugātor*, a trifler. = I. *nūgārī*, to trifle. = L. pl. *nūgārī*, trifles. Root unknown. Cf. L. *naucum*, a trifle; and perhaps L. *nux*, a nut (Bréal).

NUGGET, a lump or mass of metal. (E.) Formerly also *niggot*. 'After the fire was quenched, they found in *niggots* of gold and silver mingled together, about a thousand talents'; North, tr. of Plutarch's Lives, p. 499; cited in Trench, Eng. Past and Present, without a statement of the edition used; it is not that of 1631. I find 'silver *niggots*' in the same, ed. 1631, p. 425 (Marius). Cf. prov. E. *nug*, a block of wood; *nigg*, a small piece (Essex); *nog*, *knog*, a block of wood, knob, peg; allied to **Knag**. See **Noggin**. Ross gives Norw. *knugg*, a rounded projection, a 'knot' on the body.

NUISANCE, a troublesome or annoying thing. (F.-I.) Spelt *nuissance* in Minshew, ed. 1627; but *nuisance* is better, as in Cotgrave. ME. *nuisance*, Hoevelde, De Regim. Princ. 810. = F. *nuisance*, 'nuisance, hurt, offence'; Cot. = F. *nuisant*, 'hurtful'; id.; pres. part. of *nuire*, to hurt. = L. *nocere*, to hurt; see **Noxious**.

NULL, of no force, invalid. (F.-L.) In Dryden, tr. of Juvenal, Sat. i. 87. Cf. *nullity*, which occurs in Minshew, ed. 1627. = AF. *nul* (in law); Stat. of Realm, i. 334. = L. *nullum*, acc. of *nullus*, none, not any. = L. *ne*, not, related to F. *no*; and *nullus*, any, short for **annulus*, dimin. from *annus*, one. See **No** (1) and **One**. Der. *null-i-ty*, from F. *nullité*, 'a nullity' (Cot.), from Late L. acc. *nullitatem*; *nulli-ty*, formed (as if from F. *nullifier*) from L. *nullificāre*, to make void,

from *nulli*, for *nullus*, and *-fic*, for *facere*, to make; also *null*, verb, Milton, Samson, 935. Also *an-nul*, *dis-an-nul*.

NULLAH, a water-course, bed of a torrent. (Hind.) In 1776 (Yule). = Hind. *nāla*, a water-course (Yule); *nāla*, a ravine, rivulet (Forbes).

NUMB, deprived of sensation. (L.) The *b* is excrement; spelt *numme* in Shak. 1 Hen. VI. ii. 5. 13 (first folio). ME. *nome*, a shortened form of *numen*, which was orig. the pp. of ME. *nimen*, to take. Thus *nome*—taken, seized, hence overpowered, and lastly, deprived of sensation. 'Whan this was seid, into weepinge Sche fel, as sche that was thurgh-*nome* With love, and so fer overcome'—when this was said, she fell a-weeping, as being thoroughly overcome by love, &c.; Gower, C. A. ii. 249; bk. v. 3634. Gower uses the same word *nome* elsewhere in the ordinary sense of 'taken'; C. A. ii. 227 (bk. v. 2093); ii. 386 (bk. v. 7524). = AS. *numen*, pp. of *niman*, to take; see **NIMBLE**. Also Icel. *numinn*, the pp. of *nema*, to take, is similarly used; as in *numinn mǫll*, bereft of speech; *sjörvi numna*, life-bereft. Der. *be-numb*, q. v.; also *numb*, verb, Spenser, F. Q. vi. 11. 45; *numb-ness*, Wille. Tale, v. 3. 102 (spelt *numness* in the first folio). Also *num-scutt*.

NUMBER, a unit in counting, a quantity. (F.—L.) The *b* is excrement in the F. form. ME. *nombre*, *numbre*, Rob. of Glouc. p. 60, l. 1397; Chaucer, C. T. 718 (A 716). = F. *nombre*; Norman F. *numbre* (see Philip de Thaan, *Livre des Creatures*, l. 127, in Wright, *Popular Treatises on Science*, p. 24). = L. *numerus*, acc. of *nummus*, a number. = *NEM*, to distribute; cf. Gk. *vōp-os*, law, *vōp-iv*, to distribute. Brugmann, i. § 442. Der. *number*, verb, ME. *numbren*, *numbreu*, Rob. of Glouc. p. 61, l. 1398; *number-er*; *number-les*; and see *num-er-al*, *num-er-ation*, *num-er-ous*.

NUMBLES, the entrails of a deer. (F.—L.) *Nomble* of a deer or beast, *entrailles*; Palgrave. ME. *numbles*, Gawaine and Grene Knight, 1347.—OF. *numbles* (*d'nn crpf*), 'the numbles of a stag', Cot.; and see *nomble* in Godfrey. *Nomble* is for OF. *lomb*, by confusion with F. *nombril*, navel (from L. *umbilicus*). See *lomb* in Godfrey, who quotes the AF. *li meus lomb*, Ps. xxvii. 8, where the Vulgate version has *lumbi mei*, i. e. my reins or kidneys. = L. *lumbulum*, acc. of *lumbulus*, dimin. of *lumbus*, loin; see **LOIN**.

NUMERAL, a figure expressing a number. (L.) Orig. an adj. 'Numerical, or of belonging to number'; Blount's Glos., ed. 1674; and in Palgrave, p. 372. = L. *numeralis*, belonging to number. L. *numerus*, a number; see **NUMBER**. Der. *numeral-ly*.

NUMERATION, numbering. (F.—L.) In Sir T. Browne, *Pseudodoxia*, iii. § 2. = F. *numération*; in use in the 15th cent. = L. *numerationem*, acc. of *numeration*, a counting out; cf. *numerationem*, pp. of *numeration*, to number. = L. *numerus*, number; see **NUMBER**. Der. *numerate* (really due to the sb.), formed from L. *numeralis*; *numera-tor* = L. *numerator*, a counter, numberer. Also *e-numerate*, in *num-er-able*.

NUMEROUS, many. (F.—L.) In Milton, P. L. l. 675, &c. = MF. *numereux*, a less usual form than *nombreux*; both are in Cotgrave. = L. *numerosus*, numerous. = L. *numerus*, a number; see **NUMBER**. Der. *numerous-ly*, *numerous-ness*; also (obsolete) *numerosity* = F. *numerosité*, 'numerosity, a great number' (Cot.). So also *num-er-ic*, Butler, Hudibras, pt. i. c. 3, l. 461, as if from L. *numericus* (not used); *numerie-al*, *al-ly*.

NUMISMATIC, relating to coins. (L.—Gk.) The pl. sb. *numismatics* was added by Todd to Johnson's Dict. Coined from L. *numisma*, stem of *numisma*, current coin. = Gk. *vōmuṣa*, a custom, also, current coin. = Gk. *vōmisen*, to practise, adopt, to use as current coin. = Gk. *vōpos*, usage. = Gk. *vōpiv*, to distribute; see **NOMAD**. Der. *numismatic-ly*; *numismatico-logy*, from *-λογία*, which from *λόγος*, a discourse, from *λέγειν*, to speak.

NUN, a female celibate, living in seclusion. (L.) ME. *nonne*, Chaucer, C. T. 118; but this is an alteration to the F. spelling; cf. F. *nonne*, a nun. The mod. E. agrees with the AS. spelling, and with ME. *nonne*, as found in the Ancien Kivle, p. 316, last line. AS. *nonne*, a nun; Laws of Ælfred (political), sect. 8; in Thorpe's Ancient Laws, l. 66.—late L. *nonna*, more commonly *nonna*, a nun, orig. a title of respect, esp. used in addressing an old maiden lady, or a widow who had devoted herself to sacred duties. The old sense is 'mother,' answering to L. *nummus*, father, later, a monk; a word of great antiquity. = Gk. *vāvyn*, *vāvra*, an aunt; *vāvas*, *vēvros*, an uncle; Skt. *nanī*, a familiar word for mother, used by children; see the St. Petersburg Dict. iv. 25; answering to Skt. *tata*, father. β. Formed by repetition of the syllable *na*, used by children to a father, mother, aunt, or nurse; just as we have *na-na*, *da-da* or *daddy*, and the like. Compare **MAMMA**, and **DAD**. Der. *non-er-y*, ME. *nonnerie*, Rob. of Glouc. p. 291, l. 8918, from OF. *nonnerie*, spelt *nonerie* in Roquefort, which was formed from OF. *nonne*, a nun, from L. *nonna*.

NUNCHION, a luncheon. (Hybrid; L. and E.) In Butler,

Hudibras, i. l. 346. Cotgrave explains MF. *ressie* by 'an afternoon nunchion, or drinking;' and rightly, for the old sense had relation to drinking, not to eating, as will appear. Florio has: '*merenda*, a repast between dinner and supper, a *nunchion*.' The ME. spelling, in one instance at least, is *nonschenche*. We find that certain donations for drink to workmen are called in the [London] Letter-book G, fol. iv (27 Edw. III.), *nonschenche*; see Riley, *Memorials of London*, p. 262, note 7; see my note to P. Plowman, C. ix. 146. It should rather be spelt *nonschenche*. β. The etymology is obvious, viz. from MF. *nonne*, noon; and *schenche*, a pouring out or distribution of drink. The *nonschenche* or 'noon-drink' was the accompaniment to the *nons-mete* or 'noon-meal,' for which see *nons-mete* in the Prompt. Parv. p. 360, and Way's note upon it. γ. The ME. *nonne*, noon, is from L. *nōna*, the ninth hour, as explained s. v. **NOON**. δ. ME. *schenche*, a pouring out of drink, is a sb. made from ME. *schenchen*, to pour out drink. 'Iacchus the wyn hem *schenchith* al aboute' = Iacchus pours out the wine for them all round; Chaucer, C. T. (Harleian MS.), ed. Wright, l. 9596. Tyrwhitt's ed. has *skinketh*, l. 9596; the Six-text edition (E 1722) has *skynketh*, *shynketh*, *schenketh*, *schenkeith*, as various readings. All these are various forms from the verb *schenken*, AS. *sceancan*, to pour out drink, occurring in Beowulf, ed. Grein, l. 496. This AS. verb is cognate with Du. *schenken*, to pour out, fill, give, present, Icel. *skenkja*, to serve drink, fill one's cup, Dan. *skjenke*, G. *schenken*, *ein-schenken*. α. The derivation of AS. *sceancan* is very curious; it is a causal verb, derived with the usual vowel-change of *a* to *e*, from AS. *scauc*, usually written *sceanc*, a shank; see **SHANK**. The explanation is, that a *shank* also meant a hollow bone, a bone of the leg, shin-bone, and hence 'a pipe'; in particular, it denoted the pipe thrust into a cask to tap it &c. draw off the liquor. Thus prov. E. *shank* means 'a tunnel for a chimney' (Halliwell), i. e. a chimney-pipe; the MDu. *schrencken* means 'a pot with a pipe or a gullet to pour out,' Sewel. A precisely parallel interchange of sense occurs in G. *rohr*, a reed, tube, pipe; whence *röhrbein*, the hollow bone of a leg, shin-bone; *röhrbrunnen*, a jet of a fountain; *röhre*, a pipe, also a funnel, shaft, or tunnel (like the use of prov. E. *shank*). ¶ We can now understand the full force of the quotation in Way's note from Kennett's MS., viz. '*Nooning*, beaver, drinking, or repast ad *nonam*, three in the afternoon, called . . . in the North parts a *nonchion*, an afternoon's nunchion.' In many parts, the use of *nunchion* was driven out by the use of *bever* (lit. a drinking) in the same sense, and in East Anglia by the more intelligible word *nooning*. Lastly, by a curious confusion with the prov. E. *lunch*, a lump of bread, *nunchion* was turned into the modern *luncheon* or *lunch*. The same change of initial *n* to *l* occurs in *lilac*, from Pers. *nil*, blue; see **LILAO**. The verb *schenchen* was afterwards supplanted by *shink*, and occurs in Shakespeare in the deriv. *under-shinker*, 1 Hen. IV, ii. 4. 26.

NUNCIO, a messenger, esp. a papal ambassador. (Ital.—L.) In Minshen, ed. 1627; and in Shak. T. W. Nt. i. 4. 28.—Ital. *nuntio*, 'an ambassador'; Florio. = L. *nuntius*, acc. of *nuntius*, a bringer of tidings; of doubtful origin. Cf. *announce*, *de-nounce*, *pronounce*, *e-nounce*, *re-nounce*.

NUNCUPATIVE, declared by word of mouth. (F.—L.) '*Nuncupative*, called, named, pronounced, expressly declared by word of mouth'; Blount's Glos. ed. 1674. It occurs in Cotgrave; also in the sense of 'nominal,' in Hall's Chron. Hen. VII. an. 11, § 10. = F. *nuncupatif*, 'nuncupative'; Cot.—Late L. *nuncupativus*, nominal. = L. *nuncupatus*, pp. of *nuncupare*, to call by name. Prob. from *nōmen*, a name, and *capere*, to take (Breal). We find *cap* for *cap-in-occupare*, to occupy. Der. *nuncupat-or-y*, formed from L. *nuncupator*, a namer, caller by name.

NUPHAR, a yellow water-lily. (Pers.—Skt.) A corrupt form, due to **NEUPHAR**, q. v. Attributed in the Cent. Dict. to Sir J. P. Smith, 1806. The form is absurd, as the word can only be (etymologically) divided as *nen-uphar*; nevertheless, the form *nūphar* (for *nūfhar*) occurs in Persian; see Rich. Dict., p. 1611.

NUPTIAL, pertaining to marriage. (F.—L.) 'Our nuptial hour,' Mids. Nt. Dr. i. 1. 1. = F. *nuptial*, 'nuptial'; Cot.—L. *nuptialis*, belonging to a marriage. = L. sb. pl. *nuptiæ*, a wedding. = L. *nuptia*, a bride, fem. of *nuptus*; pp. of *nūbere*, to marry. Brugmann, i. § 877 (a), connects L. *nūbere* with OSlavonic *snubiti*, to love, to woo. Der. *nuptial*, sb., Meas. for Meas. iii. 1. 122, usually in pl. *nuptials*, Pericles, v. 3. 80. And see *con-nub-i-al*.

NURSE, one who nourishes an infant. (F.—L.) Contracted from ME. *nurice*, a nurse; Ancien Kivle, p. 82, l. 20. Also *nurice*, King Alisaunder, l. 650.—OF. *nurric*, *nurric* (Littre), later *nurric* (Cot.), a nurse. = L. *nutricia*, a nurse. = L. *nutric-*, stem of *nutrire*, a nurse, formed with fem. suffix from the same base as *nutrire*, to feed, nourish; see **NOURISH**. Der. *nurse*, verb, Wyatt, To his Ladie, cruel oner her yelden Louer, l. 5, in Tottell's Miscellany, ed.

Arber, p. 62; *nurs-er*, 1 Hen. VI. iv. 7. 46; *nurs-er-y*, K. Lear, i. 1. 126, Cymb. i. 1. 59; and see Trench, Select Glossary; *nurs-ling*, spelt *nursling* in Spenser, Virgil's Gnat, 282, formed with double dimin. suffix *-ling*, as in *duck-ling*; *nurs-ing-father*, Numb. xi. 12. And see *nurture*.

NURTURE, nourishment, education. (F.-L.) ME. *nurture*, Rob. of Brunne, tr. of Langtoft, p. 188, l. 3.—AF. *nurture*, Stat. Reulin, i. 104; OF. *norriture* (Godefroy), mod. F. *nouriture*, 'nourishment, nutriment, . . . also nurture.' Cot. [Cf. Ital. *nutritura*, nutriment.] = L. *nutritus*; from *nurire*, to nourish; see **Nourish**. Der. *nurture*, verb, spelt *nurtur* in the Bible of 1551, Deut. viii. 5; *nurtur-er*. And see *nutriment*.

NUT, the fruit of certain trees, a hard shell with a kernel. (E.) ME. *note*, Havelok, 419; King Alisaundre, 3293; *note*, O. Eng. Homilies, ed. Morris, i. 79, l. 14. AS. *hnuta*, to translate L. *nux*; Voc. 137. 18. +Du. *noot*; Icel. *knót*; Swed. *nöt*; Dan. *nød*; G. *nuss*. Teut. base **hnut-*; allied to Irish *cu*, Gael. *cu*, W. *cnusen*, a nut; Stokes-Fick, p. 96. ¶ It cannot be brought under the same form with L. *nux*. Der. *nut*, verb, to gather nuts; *nut-shell*, ME. *notschale*, Trevisa, iv. 141; *nut-brown*, MF. *nute-brun*, Cursor Mundi, 18846; *nut-cracker* (Baret); *nut-hatch*, a bird also called the *nut-jobber* or *nutpecker*, ME. *nutshake*, Squire of Low Degree, 55, the sense being *nut-hacker*, the bird that hacks or pecks nuts, see **Hack** (1). And see *nut-meg*.

NUTMEG, the musk-nut. (Hybrid; E. and F.-L.—Pers.) ME. *notemuge*, Chaucer, C. T. 13693 (H 1953); *nutmegge*, Rom. of the Rose, 1361. A hybrid word; the former half being E. *nut*; see **Nut**. β. The latter half is from OF. *musgue*, musk, standing for **musque*, which is ultimately from L. *muscum*, acc. of *musca*, musk; see **Musk**. The OF. *musgue* and *musge* occur in quotations given by Godefroy. The form *musque* is a Southern F. (Dauphinois) form, the usual Prov. form being *musc*; see Mistral. The s also appears in OF. *musquette*, by-form of *mugnette* in the phr. *noix musquette*, a nutmeg (Godefroy); whence MF. *musquette*, a nutmeg, Cot. Cf. F. *noix muscade*, 'a nutmeg,' id.; Span. *nuez moscada*, a nutmeg, Ital. *nocce moscata*, the same; Lat. L. *musculi*, a nutmeg, lit. 'musk-like,' formed with suffix *-ita* from *musc-*, stem of *musculus*. The L. *musculus* is from the Pers., as shown s. v. *nusk*.

NUTATION, a nodding, vibratory movement of the earth's axis. (L.) In Pope, Dunciad, ii. 409. Astronomical. Englished from L. *nutitio*, a nodding, swaying.—L. *nutāre*, to nod, infrequentative form of *nūre*, to nod.—Gk. *nutēre*, to nod. From a base NEU, signifying 'to move slightly.' Der. Hence also *in-nu-endo*.

NUTRIMENT, nourishment, food. (L.) In Milton, P. L. v. 496.—L. *nutrimentum*, food; formed with suffix *-mentum* from *nutrīre*, to nourish; see **Nourish**. Der. *nutrimental*; and see *nutrition*.

NUTRITIOUS, furnishing nutriment. (L.) In Blount's Gloss., ed. 1674. Englished from L. *nutritivus*, by change of *-us* to *-ous*, as in *arduous*, &c. The L. word is also (better) spelt *nutricius*.—L. *nutric-*, stem of *nutrix*, a nurse; see **Nurse**. Der. *nutritious-ly*, -ness. So also *nutrition*, Pope, Essay on Man, ii. 64; a coined word.

NUTRITIVE, nourishing. (F.-L.) In Minshew and Cotgrave. ME. *nutritif*, Lydgate, Minor Poems, p. 195.—F. *nutritif*, 'nutritive.' Cot. Formed with suffix *-if* (<L. *-ivus*) from *nutrit-*, stem of *nutrīre*, to nourish; see **Nourish**. Der. *nutritive-ly*, -ness.

NUZZLE, to thrust the nose in. (E.) Also spelt *nouse*; Shak. Venus, 1115; Pericles, i. 4. 42; *nosyll* in Palsgrave. A frequentative verb, with suffix *-le*, from the sb. *nose*. It means 'to nose often,' i. e. to keep pushing the nose towards. Cf. Low G. *nusseln*; EFries. *nuselen*, Swed. dial. *nosla*, with the same sense; Swed. *nosa på all ting*, to thrust one's nose into every corner (Widegren); Du. *neuzelen*, *neuzen*. See **Nose**, and cf. **Nozzle**.

NYLGHAU, a large species of antelope. (Pers.) Lit. 'blue cow,' the males being of a bluish colour.—Pers. *niłgāw*, 'the white-footed antelope of Pennant, and antelope picta of Pallas'; Rich. Pers. Diet, p. 1620.—Pers. *nił*, blue; and *gāw*, a bullock, cow, cognate with F. *coq*; id. pp. 1619, 1226. See **Lilas** and **Cow**.

NYMPH, a bride, maiden. (F.-L.—Gk.) ME. *nimph*, Chaucer, C. T. 2930 (A 2928)—F. *nymphe*, 'a nymph'; Cot.—L. *nympha*.—Gk. *νύμφη*, a bride. Der. *nymph-like*, Milton, P. L. ix. 452.

O (1), **OH**, an interjection. (E.) ME. o. Aneren Riwle, p. 54; Layamon, 17126. Not in AS. +Du. o; Dan. and Swed. o; G. o; Goth. o, Mk. ix. 19. +L. o; Gk. ὦ, ὦ. β. A natural exclamatory sound, akin to **Ah**! ¶ There is no particular reason for the

spelling *oh*, which is not older than 1548. Some make a distinction in use between *o* and *oh*; this is merely arbitrary.

O (2), a circle. (E.) In Shak. Hen. V. prol. 13; Mids. Nt. Dr. iii. 2. 188. So called because the letter *o* is of a circular shape.

OAF, a simpleton. (Scand.) 'You oaf, you!' Dryden, Kind Keeper, i. 1; where the old ed. has *oaph*; see ed. 1763, vol. iv. p. 302. In Dayton's Nymphidia, l. 79, the old ed. of 1627 has *oaf*; Prof. Morley prints *oaf*. It is the same word as prov. E. *oaf*, an elf (Halliwell). Again, *oaf* or *oaf* stands for *oaf*, a dialectal variety of E. *elf*.—Icel. *álfr*, an elf, cognate with F. *elfe*, q. v. β. Thus *oaf* is the Northern or Scand. variant of *elf*; perhaps in some counties it resulted from AS. *ælf*.

OAK, the name of a tree. (E.) ME. *oke*, better *ook*, Chaucer, C. T. 3019 (A 3017). AS. *āc*, Grein, i. 14; the long a changes into ME. *oo*, by rule.—+Du. *oik*; Icel. *ek*; Dan. *eg*, *eg*; Swed. *ek*; G. *eiche*. β. All from the Teut. type **aih-*, f. Root unknown. Cf. Gk. *αἰ-θλησ*, a kind of oak. Der. *oak-æ-n*, *oak-æ-n* (Bosworth), with adj. suffix *-en* as *gold-æn*, *beech-æn*, &c. Also *oak-apple*, ME. *oak-æppel*, Henslow, Medical Werkes, p. 80, l. 20; *oak-lenf*, *oak-gall*. [But not *oak*, as often wrongly supposed.]

OAKUM, tow, old ropes teased into loose hemp. (E.) Spelt *oakum* in Skinner, ed. 1671. Spelt *oakum* in Dampier's Voyages, v. i. p. 295, an. 1686 (R.); *oakum*, Naval Accounts (1486); p. 18. AS. *ācūm*, tow, in a gloss, ed. Napier, 3293; cf. 'Stuppa, ācūmbe,' Voc. 152. 15. [The L. *stippa* means 'tow.'] β. The sense is 'that which is combed off,' the prefix is the AS. *ā-*, 'away, off,' as in the OHG. *ā-chambi*. The rest of the word is related to AS. *cēmban*, to comb, and *camb*, a comb; see **Comb**. Mr. Wedgwood says: 'OHG. *ācambi* [*ācambi*], tow; Milt. *kanef-ācamb*, the combings or hands of hemp, tow, what is combed out in dressing it; as *ācūmbe*, the refuse *stungled* out in dressing flax. "Stuppe peticitur ferre hamis, donec omnis membrana decorticatur." Pliny, xix. 1. 3, cited by Aufrecht in Philological Transactions." Holland's translation of the passage is as follows: 'Now that part thereof which is vtmost and next to the pill [peel] or rind, is called *tow* or *burds*, and it is the worst of the line or flaxe, good for little or nothing but to make lampe-match or candle-wick; and yet the same must be better kembed with hettelch teeth of yrou, untill it be elused from all the grosse bark and rind among; vol. ii. p. 4. Hence *ācūmba* is used to gloss L. *putāmen*; Mone, Quellen, p. 407, col. 1.'

OAR, a light pole with a flat blade, for rowing a boat. (E.) ME. *ore*, Havelok, 1871; Northern form *ar*, Barbour's Bruce, iii. 576, 691. AS. *ār*, Grein, i. 34; the change from *ā* to long *o* being quite regular.—+Icel. *ār*; Dan. *aare*; Swed. *åra*. Teut. type **arā-*, f.; whence Finnish *airo* (Noreen, § 57). ¶ A connexion with Gk. *ἰστρον*, an oarsman, cannot be established. Cf. rather Gk. *οἰαφ* (for **οἰαφ*), a tiller. Der. *oar*, verb, Temp. ii. 1. 118; *oar-ed*; *eight-nar*, i. e. eight-oared boat, &c.; *oar-s-man*, formed like *huit-s-man*.

OASIS, a fertile spot in a desert. (L.—Gk.—Egyptian.) First in 1613; and now common.—L. *oasis*.—Gk. *οἶσις*, *oasis*, a name of the fertile islets in the Libyan desert; Herod. iii. 26. Of Egyptian origin; cf. Coptic *ouake*, a dwelling-place, oasis; *ouik*, to dwell; Peyron, Copt. Lexicon, 1835, pp. 159, 160.

OAST, OAST-HOUSE, a kiln for drying hops. (E.) Spelt *oast* or *east* in Ray's Collection of South-County Words, ed. 1691. [The form *east* is from Du. *oest*.] ME. *oat*; Palladius on Husbandry, i. 457. AS. *āst*, a kiln. 'Siccatorium [i. e. a drying-house], cylus, vel *āst*.' Voc. 185. 30. Thus the word is E., the change from *ā* to *o* being quite regular; cf. AS. *āc*, an oak, *ār*, an oar.—+Du. *oest*; MDu. *ast*; 'een *ast*, a place where barley is dried to make malt with.' Hexham. Teut. type **aiast-*, for **ad-toz*. β. Allied to AS. *ād*, a funeral pile (leo), Milt. *ei*, a fire, oven; just as L. *astus*, glow, is related to L. *ades*, a hearth, house. Cf. Gk. *αἶθος*, a burning heat; Skt. *idh*, to burn.—+EIDII, to kindle; see **Either**.

OATH, a solemn vow. (E.) ME. *oath*, *oth*; Chaucer, C. T. 120. AS. *ād*, Grein, i. 17; the change from *ā* to *o* being regular, as in *ic*, *oak*, *ār*, *oar*, +Du. *oed*; Icel. *eidr*; Dan. and Swed. *ed*; Goth. *aiths*; G. *eid*; Ollig. *eit*. β. The Teut. type is **aihoz*, m.; Jdg. type **oitis*; allied to Orlish *oeth*, oath (Rhys).

OATS, the name of a kind of grain. (E.) ME. *otes*, s. pl., Chaucer, C. T. 7545 (D 1963). The sing. form appears in mod. E. *oat-cake*, *oat-meal*, and the adj. *oat-en*. AS. *āte*; we find *āten* as a gloss to *zizania* in the Northumb. gloss to Matt. xiii. 38; also *acer-wed āten*, an acre-seed of oats, AS. Chron. an. 1124, where *āten* is for *ātan*, pl. Perhaps allied to Icel. *aitill*, a nodule in stone, Norweg. *eitel*, a gland, knot, nodule in stone, Russ. *adro*, a kernel in fruit, bullet, ball, shot, Gk. *αἶδος*, a swelling. If this be right, the orig. meaning of *oat* has reference to its swollen form; from +EID, to swell. Der. *oat-en*, adj., with suffix *-en* as in *gold-en*, *oak-en*; *oat-meal*, *oat-cake*.

OB, prefix. (L.) A common prefix, changing to *oc-* before *c*, *of-* before *f*, and *op-* before *p*, as in *oc-cur*, *of-fer*, *op-pose*. L. *ob*, with

very variable senses; as, towards, at, before, upon, over, about, near. Cf. *Oscan op*, near, Gk. *ἐν*, upon; Brugmann, i. § 557.

OB DURATE, hardened, stubborn. (F.—L.) ‘*Obdurate* in malice;’ Sir T. More, Works, p. 503 b.—L. *obduratus*, pp. of *obdurare*, to render hard.—L. *ob*, prefix (which hardly affects the sense); and *durare*, to harden, from *durus*, hard. See **Ob** and **Dure**. Der. *obdurate-ly*, -ness; *obdurac-y*, 2 Hen. IV, ii. 2. 50.

OBEDIENT, submissive, dutiful. (F.—L.) In early use. ME. *obedient*, Ancræn Kivle, p. 424, l. 11.—OF. *obedient*, ‘obedient;’ Cot.—L. *obediens*, stem of pres. pt. of *obedire*, to obey. β. The old L. form was *oboeidire*.—L. *ob*, prefix (of little force); and *audire*, to hear, listen to. See **Ob** and **Audience**. Brugmann, i. § 250. Der. *obedient-ly*, *obedience*, O. Eng. Homilies, ed. Morris, i. 213, l. 5 from bottom.—OF. *obedience*, L. *obedientia*. And see *obissance*, *obey*.

OBESANCE, a bow or act of reverence. (F.—L.) ME. *obesance*, formerly also used in the orig. sense of obedience or act of obedience, Chaucer, C. T. 8106, 8378 (E 230, 502); cf. Gower, C. A. i. 370, l. 219.—OF. *obesance*, later *obedience*, ‘obedience, obesance, a dutiful observing of;’ Cot.—OF. *obesant*, pres. pt. of *obeire*, to obey. See **Obey**.

OBELISK, a tall tapering pillar. (F.—L.—Gk.) In Holland, tr. of Pliny, h. xxxvi. c. 8 and c. 9; and in Minshew, ed. 1627. And see Trench, Select Glossary.—MF. *obelisque*, ‘an obelisk;’ Cot.—L. *obeliscus*, acc. of *obeliscus*.—Gk. *ὀβελίσκος*, lit. a small spit, hence a thin pointed pillar; dimin. of *ὀβελός*, a spit; Æolic and Doric *obelos*. Root uncertain. See **Obolus**.

OBESSE, fat, fleshy. (L.) The sh. *obeseness* is in Bailey, vol. ii. ed. 1731. [The sh. *obesity* is older, and occurs in Cotgrave to translate MF. *obesité*, der. from L. acc. *obesitatem*.]—L. *obesus*, (1) wasted, eaten away, (2) fat, lit. ‘that which has eaten away’ from something; pp. of *obedere*, to eat away.—L. *ob*, near; *edere*, to eat. See **Ob** and **Eat**. Der. *obese-ness*, *obesity*.

OBHEY, to submit, yield, to do as bid. (F.—L.) ME. *obeyen*, Gower, C. A. ii. 219; bk. v. 2571.—OF. *obeir*, ‘to obey;’ Cot.—L. *obediens*, to obey; see **Obedience**.

OBfuscATE, to darken, bewilder. (L.) ‘*Obfuscate*, or made dark;’ Sir T. Eliot, The Governour, b. iii. c. 23.—L. *obfuscatus*, pp. of *obfuscare*, to darken over, obscure; also spelt *offuscare*.—L. *ob*, over; and *fuscare*, to darken, from *fuscus*, dark, swarthy. See **Ob** and **Fuscous**.

OBITU, a funeral rite. (F.—L.) Almost obsolete. ‘Men shall care little for *obites* within a while;’ Sir T. More, Works, p. 880 d. ME. *obit*, Destr. of Troy, 5357.—OF. *obit*, ‘an obit, obsequy, burial;’ Cot.—L. *obitus*, a going to, a going down, downfall, death.—L. *obitum*, supine of *obire*, to go near.—L. *ob*, near; and *ire*, to go, from *ire*, to go. See **Ob** and **Inherent**. Der. *obit-u-al*, formed with suffix -al (=L. -*ultus*) from *obitu*, for *obitus*; also *obitu-ary*, adj. relating to a decease, whence *obitu-ary*, sb. notice of a decease.

OBJECT, to offer in opposition, oppose. (L.) ‘The kinges mother *objected* openly against his marriage;’ Sir T. More, Works, p. 60, l. 1. ‘To *objecte* [venture] their owne bodies and lyues for their defence;’ Sir T. Eliot, Castell of Helth, b. iii. c. 12.—L. *obicere*, to throw against, oppose; frequentative of *obicere* (*obicere*), to throw towards.—L. *ob*, towards, against; and *iacere*, to throw. See **Ob** and **Jet** (1). Der. *object*, sb. a thing thrown before or presented to the senses or mind, Merch. Ven. i. 1. 20 (from the pp. *objectus*); *object-glass*; *object-ion*, 1 Hen. VI, iv. 1. 129, and in Palsgrave, from F. *objection* (*objection* in Cotgrave), from L. acc. *obiec-tionem*; *object-ion-able*; *object-ive*, in Bailey, vol. ii. ed. 1731, a coined word, *object-ive-ly*, *object-ive-ness*, *object-ive-ly*.

OBJURGATION, a blaming, reproving. (F.—L.) In Minshew, ed. 1627; and in Cotgrave.—F. *objurgation*, ‘an objurgation, chiding;’ Cot.—L. *objurgatio*, acc. of *objurgatio*, a chiding.—L. *objurgare*, to chide.—L. *ob*, against; and *iurgare*, to sue, proceed against, quarrel, chide. β. The *iurgare* stands for *iur-gare*, from *iur-*, stem of *iure*, law; and -*ig-*, for *ag-ere*, to drive (Breal). See **Jurist** and **Agent**.

OBULATE, widened at the sides. (L.) Mathematical.—L. *oblatius*, pushed forwards, viz. at the sides, said of a sphere that is flattened at the poles, and (by comparison) protrudes at the equator.—L. *ob*, towards; and *latius*, pushed, lit. borne, for *stilius* (=Gk. *στυλιος*), pp. related to *toltere*, to bear, sustain. See **Ob** and **Tolerate**. ¶ *Ob-latus* is used as the pp. of *offerre*, with which it has no etymological connexion. Der. *oblate-ness*; also *oblat-ion*. (And see *prolate*.)

OBULATION, an offering. (F.—L.) ‘Blessed *oblation* of the holy masse;’ Sir T. More, Works, p. 338 f. ME. *obelacion*, Lydgate, Siege of Troy, ii. 13. 159.—F. *oblation*, ‘an oblation, an offering;’ Cot.—L. *oblatio*, acc. of *oblatus*, an offering; cf. *oblatus*, used as pp. of *offerre*, to offer. See **Oblate**.

OBILIG, to constrain, to bind by doing a favour to, to do a favour to. (F.—L.) ME. *obiligen*, Rob. of Glouc. p. 12, l. 280.—

F. *obiliger*, ‘to oblige, tie, bind;’ Cot.—L. *obligare*, to bind together, oblige.—L. *ob*, to, and *ligare*, to bind. See **Ob** and **Ligament**. Der. *oblig-ing*, used as adj., Pope, Prol. to Satires, 208; *oblig-at-ion*, ME. *obligacion*, Rob. of Glouc. p. 391, l. 8042, from F. *obligacion* <L. acc. *obligatio*;*nem*; *oblig-at-or-y*, from L. *obligatarius*; *oblig-at-or-ly*, *oblig-at-or-i-ness*.

OBLIQUE, slanting, perverse. (F.—L.) In Shak. Timon, iv. 3. 18.—F. *oblique*, ‘crooked, oblique;’ Cot.—L. *obliquus*, *obliquus*, slanting, sideways, awry.—L. *ob*, towards; and a base **liqr-* or **lie-*. β. The orig. sense of this **liqrus* is ‘bent;’ cf. L. *licinus*, bent, limus, for **licinus*, askew; and perhaps Lithuan. *lenkti*, to bend. Der. *obliqu-i-ty*, from F. *obliquité*, ‘obliquity’ (Cot.), from L. acc. *obliqui-tatem*; *oblique-ness*.

OBLITERATE, to efface. (L.) In Minshew, ed. 1627.—L. *obliteratus*, pp. of *obliterare* or *oblitterare*, to efface, smear out.—L. *ob*, over; and *littera*, a letter; see **Litter**. β. It seems to have been associated with L. *oblitus*, pp. of *obliviscere*, to smear over; but there is no etym. connexion. Der. *obliterate-ion*.

OBLIVION, forgetfulness. (F.—L.) ME. *obliuion* (for *oblivion*), Gower, C. A. ii. 23; bk. iv. 651.—F. *oblivion*.—L. *obliuio*, acc. of *oblivio*, forgetfulness.—L. *obliu-*, base of the inceptive verb *obliviatus*, to forget. Root uncertain; the prefix is the prep. *ob*. Perhaps connected with *livescere*, to become livid, turn black and blue (hence, perhaps, to become dark); see **Livid**. But Breal connects it with *oblitus*, i.e. effaced, pp. of *obliviscere*, to smear over. Der. *obliu-ion*, Minshew, *oblivyouse* in Palsgrave, from F. *oblivieux* (Cot.) <L. *obliuio*;*us*; *obliu-ion-ly*, *obliu-ion-ness*.

OBLONG, long from side to side. (F.—L.) In Cotgrave.—F. *oblong*, ‘oblong, somewhat long;’ Cot.—L. *oblongus*, long, esp. long across.—L. *ob*, across, over; and *longus*, long. See **Ob** and **Long**.

OBLIQUE, calumny. (L.) ‘From the great *obloguy* in which hee was;’ Sir T. More, Works, p. 44 f. Englished from L. *obloquium*, contradiction.—L. *obloqui*, to speak against.—L. *ob*, against; and *loqui*, to speak. See **Ob** and **Loquacious**.

OBNOXIOUS, offensive, answerable. (L.) Formerly used in the L. sense of ‘liable to;’ as in Milton, Samson, 106; P. L. ix. 170, 1094. ‘The perils that you are *obnoxious* to;’ Ben Jonson, Silent Woman, ii. 1. See Trench, Select Glossary.—L. *obnoxius*, liable to hurt; confused with L. *noxius*, hurtful; whence the F. word was formed by change of -us to -ans.—L. *ob*, prefix; and *noxia*, harm. See **Ob** and **Noxious**. Der. *obnoxious-ly*, -ness.

OBOE, a hautboy. (Ital.—F.—L.) The Ital. spelling of *hautboy*.—Ital. *oboe*, a hautboy (Meadows, Eng.-Ital. section).—F. *hautbois*. See **Hautboy**.

OBOLUS, a very small Gk. coin. (L.—Gk.) Sometimes used in mod. E.—L. *obolus*.—Gk. *ὀβολός*, a small coin, perhaps orig. in the shape of a small rod or nail; a collateral form of *ὀβελός*, a spit. See **Obelisk**.

OBSCENE, unchaste, foul. (L.) In Shak. Rich. II, iv. r. 131. Spelt *obscene* in Minshew, ed. 1627.—L. *obscenus*, *obscenus*, *obscenus*, repulsive, foul. Etym. very doubtful; as one sense of *obscenus* is ill-boding, inauspicious, it may be connected with L. *scenus*, left, left-handed, unlucky, inauspicious. Der. *obscene-ness*, *obscen-i-ty*.

OBSCURE, dark, little known. (F.—L.) ‘Now is faire, and now *obscure*;’ Rom. of the Rose, 5348.—F. *obscure*, ‘obscure;’ Cot.—L. *obscurus*, dark, lit. ‘covered over’.—L. *ob*, over; and -*scurus*, covered, from *√SKEU*, to cover. Cf. Skt. *skri*, to cover; and see **Sky**. Der. *obscure-ly*, -ness; *obscure*, verb, used by Surrey to translate L. *caligare* in Virgil, Æn. vi. 606; *obscur-i-ty*, MF. *obscurete*, Caxton, G. Legend, St. Hilary, § 1, from F. *obscurete*, ‘obscurety’ (Cot.), from L. acc. *obscuritatem*; also *obscur-at-ion*, directly from L. *obscuratio*.

OBSECRATE, to entreat. (L.) ‘*Obsecrate*, heartily to request;’ Cockeram (1642).—L. *obsecratus*, pp. of *obsecrare*, to entreat, conjure.—L. *ob*, on account of, and *secrare*, to treat as sacred, from *sacr-*, for *sacer*, sacred. See **Ob** and **Sacred**.

OBSEQUIES, funeral rites. (F.—L.) MF. *obsequies*, Chaucer, C. T. 995 (A 993).—AF. and OF. *obsequies*, MF. *obsequies*, ‘obsequies;’ Cot.—L. *obsequiis*, acc. of *obsequia*, s. pl., funeral rites; lit. ‘followings;’ a late form. for *exsequiis* (Lewis).—L. *ob*, prep., near; and *sequi*, to follow. See **Ob** and **Sequace**; also **Obsequious**.

OBSEQUIOUS, compliant. (L.) See Trench, Select Glossary. In Shak. Oth. i. 1. 46. [F. *obsequious*, ‘obsequious;’ Cot.]—L. *obsequiōsus*, full of compliancy.—L. *obsequium*, compliancy.—L. *obsequi*, to comply with; lit. ‘to follow near.’—L. *ob*, near; and *sequi*, to follow. See **Ob** and **Sequace**. Der. *obsequious-ly*, -ness.

OBSERVE, to heed, regard, keep. (F.—L.) MF. *obseruier* (with u=v), Chaucer, C. T. 13561 (B 1821).—OF. *obseruer*, ‘to observe;’ Cot.—L. *obseruare*, to mark, take notice of.—L. *ob* (scarcely affecting

the sense); and *servare*, to keep, heed. See **Ob-** and **Serve**. Der. *observ-er*, *observ-able*, *observ-ably*, *observ-able-ness*; *observ-ance*, ME. *observance*, Chaucer, C. T. 1502, 10830 (A 1500, F 516), from F. *observance*, which from L. *observantia*; *observ-ant*, Hamlet, i. 1. 71, from F. *observant*, pres. part. of the verb *observer*; *observand-ly*; *observ-at-ion*, i. l. L. iii. 28, and in Palsgrave, directly from L. *observatio*; *observ-ant-or*, *observ-at-or-y*.

OBSIDIAN, a vitreous stone. (L.) Bailey (1735) has: '*Obsidianum marmor*, the touchstone.' and See Holland, tr. of Pliny, bk. xxxvi. c. 26.—L. *Obsidianus lapis*, a false reading for *Obsidius lapis*; a stone found by one *Obsidius* (false reading for *Obsius*) in Aethiopia; in Pliny, lib. xxxvi. c. 26, and lib. xxxvii. c. 10.

OBSCULESCENT, going out of use. (L.) In Johnson's Dict., s. v. *Hereditas*.—L. *obsculescent*, stem of pres. part. of *obsculescere*, to grow old, ineptive form of *obscire*, to decay. See **Obsolete**. Der. *obsculescence*.

OBSOLETE, gone out of use. (L.) In Minshew, ed. 1627.—L. *obsoletus*, pp. of **obscire*, to grow old, decay. β. The etym. of this word is very doubtful; it is not even known how it should be divided. Perhaps from *ob*, against, and *solere*, to be wont, as if *obscire* = to go against custom; cf. *ex-solere*, to become disused (to Tertullian). Der. *obsolet-ness*; and see *obsolescent*.

OBSTACLE, a hindrance. (F.—L.) ME. *obstacle*, Chaucer, C. T. 9533 (E 1659).—F. *obstacle*.—L. *obstaculum*, a hindrance, a double dimin. form with suffixes *-cul-*, *-lu-*.—L. *obstare*, to stand in the way.—L. *ob*, over against; and *stare*, to stand, from **STA*, to stand. See **Ob-** and **Stand**; also **Obstetric**.

OBSTETRIC, pertaining to midwifery. (L.) In Pope, Dunciad, iv. 394. Shortened from *obstetricus*, occurring in Cudworth, Intellectual System, b. i. c. 4 (K).—L. *obstetricus*, obstetric.—L. *obstetrica*, stem of *obstetrice*, a midwife. β. In *obstetrice*, the suffix *-trix* is the fem. suffix answering to masc. suffix *-tor*; the lit. sense is 'a female who stands near or beside';—L. *obstare*, to stand near.—L. *ob*, near; and *stare*, to stand. See **Obstacle**. Der. *obstetric-ly*, *obstetric-ian*.

OBSTINATE, stubborn. (L.) ME. *obstinat*, Gower, C. A. ii. 117; bk. iv. 3434. We find the sb. *obstinacy* 5 lines above, with the L. *obstinatio* in the margin.—L. *obstinatus*, resolute, stubborn; pp. of *obstinare*, to set about, be resolved on.—L. *ob*, over against; and a verb **stinare*, to cause to stand, set, allied to Celtic *stina*, I set; whence also the comp. *di-stina*, a support, stay, prop. See **Ob-** and **Destine**. The root is **STA*, to stand, stand firm. Brugmann, ii. § 603 (2). Der. *obstinately*; *obstinacy*, formed by analogy with *legacy* from *legare*, &c.

OBSTREPEROUS, noisy, clamorous. (L.) In Beaumont and Fletcher, a Mill, iii. 1. 5.—L. *obstreperus*, clamorous; with change of *-us* to *-ous*.—L. *ob*, against, near; and *strepere*, to make a noise, rattle, roar, perhaps of imitative origin. Der. *obstreperously*, *-ness*.

OBSTRUCTION, obligation. (L.) Very rare. In Milton, Samson, 312. A coined word; made from L. *obstructus*, bound, obliged, pp. of *obstringere*, to bind, fasten.—L. *ob*, over against; and *stringere*, to bind. See **Ob-** and **Striot**.

OBSTRUCT, to block up a way, &c. (L.) In Milton, P. L. v. 257, s. 636; and in Cotgrave, s. v. *Oppiler*. [Probably really due to the earlier sb. *obstruction*, occurring in Sir T. Elyot, Castel of Helth, b. ii. c. 32, a word taken directly from L. *obstructus*.]—L. *obstructus*, pp. of *obstruere*, to build in the way of anything.—L. *ob*, over against; and *struere*, to build. See **Ob-** and **Structure**. Der. *obstruct-ion*, as above; *obstruct-ive*, *obstruct-ive-ly*.

OBTAIN, to get, gain, hold. (F.—L.) 'Possible for vs in this life to obtaine'; Sir T. More, Works, p. 7 d. Spelt *opteyne*, Dictes and Sayings, pr. by Caxton, fol. 19, l. 24.—F. *obtenir*.—L. *obtine-re*, to hold, obtain.—L. *ob*, near, close to; and *tenere*, to hold. See **Ob-** and **Tenable**. Der. *obtain-able*.

OBTEST, to conjure, call to witness, supplicate. (F.—L.) 'They Obtest his clemency'; Dryden, tr. of Virgil, *Æn.* xi. 151. 'He earnestly obtested' [besought]; Hall's Chron., Hen. VII. an. 4, § 8.—MF. *obtester*, 'to obtest, conjure, invoke'; Cot.—L. *obtestari*, to call as witness.—L. *ob*, near; *testari*, to witness, from *testis*, a witness. See **Testament**.

OBTRUDE, to thrust upon, thrust in upon. (L.) In Minshew, ed. 1627.—L. *obtrudere*, pp. *obtrusus*, to thrust against, obtrude on one.—L. *ob*, against; and *trudere*, to thrust, allied to E. *thrusten*. See **Ob-** and **Threat**. Der. *obtrus-ion*, *obtrus-ive*, *obtrus-ive-ly*; from the pp. *obtrusus*.

OBTUSE, blunt, dull. (F.—L.) In Minshew, ed. 1627.—MF. *obtus*, 'dull, blunt'; Cot.—L. *obtusus*, blunt; pp. of *obtundere*, to beat against or upon, to dull, deaden.—L. *ob*, upon; and *tundere*, to beat, strike, from **TEUD*, to work; cf. Skt. *tud*, to strike. Der. *obtusely*, *-ness*.

OBVERSE, lit. turned towards one, used of the face of a coin, as opposed to the reverse. (L.) 'Silver pieces, . . . with a rude head upon the obverse'; Sir T. Browne, *Hydrotopia*, ch. ii. § 7.—L. *obversus*, pp. of *obvertere*, to turn towards.—L. *ob*, towards; and *vertere*, to turn. See **Ob-** and **Verse**. Der. *obverse-ly*.

OBVIATE, to meet in the way, prevent. (L.) 'Obviate, to meet with one, withstand, resist'; Minshew, ed. 1627.—L. *obviatus*, pp. of *obviare*, to meet in the way, go towards.—L. *ob*, over against; and *via*, a way. See **Ob-** and **Voyage**. And see **Obvious**.

OBVIOUS, evident. (L.) Orig. 'meeting in the way', as defined by Minshew, ed. 1627.—L. *obvius*, meeting, lying in the way, obvious.—L. *ob*, near; and *via*, a way; see **Obviate**. Der. *obvious-ly*, *-ness*.

OCA, a name of *Oxalis crenata* and *Oxalis tuberosa*, cultivated for their tubers. (Span.—Peruvian.) 'The Papas and Ocas be the chiefe for nourishment'; E. G., tr. of Acosta, bk. iv. c. 18; p. 261.—Span. *oca*.—Peruv. *oca*, an edible root; Peruv. Dict. p. 262.

OCCASION, opportunity, occurrence. (F.—L.) ME. *ocasion*, *ocassion*, Chaucer, C. T. 12006 (C 66).—F. *occasion*.—L. *occasinum*, acc. of *occidit*, opportunity.—L. *oc-*, for *ob* before *c*; and *-casio*, allied to *caus*, pp. of *cadere*, to fall, befall; see **Ob-** and **Chance**. Der. *occasin-ly*, *occasin-ant*, and see *occident*.

OCCIDENT, the west. (F.—L.) Not now common. ME. *occident*, Chaucer, C. T. 4717 (B 297).—OF. *occident*, 'the occident, the west'; Cot.—L. *occidentem*, acc. of pres. pt. of *occidere*, to set (as the sun), go down.—L. *oc-* (for *ob* before *c*), and *cadere*, to fall; see **Ob-** and **Chance**. Der. *occident-ly*, *occident-ant*, All's Well, ii. 1. 166.

OCCIPUT, the back part of the skull. (L.) In Phillips, ed. 1706; and first in 1602. [The adj. *occipital* is found earlier, in Minshew, ed. 1627; and first in 1541.]—L. *occiput*, the back of the head.—L. *oc-* (for *ob* before *c*), over against; and *caput*, the head. See **Ob-** and **Chief**. Der. *occipit-ly*, *occipit-ant*, from *occipit*, decl. stem of *occipit*.

OCCULT, hidden, secret. (L.) In Blount's Gloss., ed. 1674; first in 1567. [Cf. F. *occulte*, 'hidden'; Cot.]—L. *occultus*, hidden, pp. of *occulere*, to cover over.—L. *oc-* (for *ob* before *c*), and **celere*, to hide (not found), from **KEL*, to cover, hide, whence also Oldish *cel-im*, I hide, and E. *hell*. See **Ob-** and **Hell**. Der. *occult-ly*, *-ness*; *occult*, verb, Hamlet, iii. 2. 85, from F. *occulte*, 'to hide' (Cot.), which from L. *occulere*, frequentative of *occulere*. Also *occult-at-ion*, in Palsgrave, an astronomical term, borrowed from J. *occultatio*, a hiding.

OCCUPY, to keep, hold, fill, employ. (F.—L.) ME. *occupie*, Chaucer, C. T. 4844 (B 424); P. Plowman, B. v. 409.—F. *occuper*.—L. *occupare*, to lay hold of, occupy.—L. *oc-* (for *ob* before *c*), and *capere*, to seize. See **Ob-** and **Captive**. The final *-y* is due to the *i* in the ME. infin. ending *-ien*, which was substituted for the ordinary ending *-en*, probably to strengthen the word; cf. the suffix *-ian* for *-an* in AS. causal verbs. Der. *occupi-er*; also *occup-at-ion*, ME. *occupacion*, Gower, C. A. ii. 50, bk. iv. 1452, from F. *occupation*, which from L. *accipere*, *occupatio-nem*; also *occup-ant*, from F. *occupant*, pres. pt. of *occuper*; *occup-ant-y*.

OCCUR, to happen. (F.—L.) The word occurs in a letter from Cromwell to Sir T. Wyatt dated Feb. 22, 1538 (R.).—MF. *occurrere*, 'to occur'; Cot.—L. *occurrere*, to run to meet, meet, appear, occur.—L. *oc-* (for *ob* before *c*), and *currere*, to run. See **Ob-** and **Course**. Der. *occurr-ent*, Bible, 1 Kings, v. 4, from MF. *occurrere*, 'occurrent, accidental' (Cot.), which from L. *occurrent-*, stem of the pres. part. of *occurrere*. Also *occurr-ent*, i. Hen. V. v. chor. 40, from MF. *occurrere*, 'an occurrence or accident'; Cot.

OCEAN, the main sea. (F.—L.—Gk.) ME. *oceau*, *oceann*, Chaucer, C. T. 4925 (B 505).—OF. *ocean*, fem. ocean; Cot. gives 'la mer oceane, the ocean, or maine sea'.—L. *oceanum*, acc. of *oceanus*, the main sea.—Gk. *Ὠκεανός*, the great stream supposed to encompass the earth, Homer, *Il.* xiv. 245, xx. 7; a word of unknown origin. Der. *ocean-ic*.

OCELOT, a small carnivorous animal. (Mexican.) Described in a tr. of Buffon, London, 1793, i. 303. 'Ocelot, or leopard-cat of Mexico'; Clavigero, Hist. of Mexico, tr. by Cullen, ii. 319. 'Ocelot' in Mexican is the name of the tiger, but Buffon applies it to the leopard-cat; 'id., footnote.—Mex. *orelot*, a tiger, jaguar.

OCHE, a fine clay, commonly yellow. (F.—L.—Gk.) In Holland, tr. of Pliny, b. xxxiii. c. 13. The *ch* is due to Gk. *χ*; it is spelt *occar* in Palsgrave, *oker* in Cotgrave.—OF. *ocere*, 'painters' ocher'; Cot.—L. *ochra*.—Gk. *ὤχρα*, yellow ochre, so called from its pale colour.—Gk. *ὤχρος*, pale, wan, esp. pale-yellow. Root uncertain. Der. *ochre-ous*, *ochre-y*.

OCTAGON, a plane figure with eight sides and angles. (Gk.) In Phillips, ed. 1706. Spelt *octogon* in Blount (1656). Coined from Gk. *ὀκτώ*, for *ὀκτώ*, eight, cognate with E. *eight*; and *γωνία*, an angle, corner, allied to *γων*, the knee. See **Eight** and **Knee**. Der. *octagon-ly*.

OCTAHEDRON, a solid figure with eight equal triangular sides. (Gk.) Spelt *octaedron* in Phillips, ed. 1706; ed. 1658 has the adj. *octahedral*. The *h* represents the Gk. hard breathing. Coined from *ōkta*, for *ōkto*, eight, cognate with E. *eight*; and *hēpa*, a base, a seat, from the base *hēb*, cognate with E. *sit*. See *Eight* and *Sit*. And see *Decahedron*.

OCTANGULAR, having eight angles. (L.) In Blount's Gloss., ed. 1674. Formed with adj. suffix -ar (= L. -*arius*) from L. *octangulus*, eight-angled. — L. *octo*, for *octo*, eight; and *angulus*, an angle. See *Eight* and *Angle*.

OCTANT, the aspect of two planets when distant by the eighth part of a circle. (L.) In Phillips, ed. 1706. — L. *octant*, stem of *octans*, an instrument for measuring the eighth of a circle. — L. *octo*, eight. See *Eight*.

OCTAVE, *lit.* eighth; hence eight days after a festival, eighth note in music. (F.—L.) [The true old F. form of *eight* was *oit*, whence ME. *uitas*, an octave (Halliwell); occurring as late as in Palsgrave.] 'The *octavis* [octaves] of the Epiphany;' Fabian's Chron. an. 1324-5, ed. Ellis, p. 428. — F. *octaves*, pl. of *octave*; Cot. gives 'octave, an octave, an eighth; *l'octave d'une feste*, the octave, eight days, [or] on the eighth day, after a holiday.' — L. *octāva*, fem. of *octavius*, eighth. — L. *octo*, eight; see *Eight*. Der. *octavo*, from L. *octavo*, abl. case of *octavius*; a book was said to be in *folio*, in *quarto*, in *octavo*, &c.

OCTOBER, the eighth month of the Roman year. (L.) In Chaucer, *On the Astrolabe*, pt. i. § 10, l. 1. — L. *October*; from *octo*, eight. 'The origin of the suffix -ber is doubtful.'

OCTOGENARIAN, one who is eighty years old. (L.) Added by Todd to Johnson. Coined from L. *octogēnarius*, belonging to eighty. — L. *octogeni*, eighty each; distributive form belonging to *octogēnus*, eighty. — L. *octo*, eight; and *-genita* = *-gentis*, prob. short for **decentis*, a derivative from *decem*, ten, cognate with E. *ten*. See *Eight*, and *Ten*. Brugmann, ii. § 164.

OCTOPUS, a cephalopod mollusc with eight arms or feelers. (L.—Gk.) Pl. *oktōpodos* or *oktōpodes*. First in 1758. — L. *oktēpus*. — Gk. *oktōpodos* (gen. *oktōpodōs*), i.e. eight-footed. — Gk. *ōkta*, eight; and *podis* (gen. *podōs*), foot. See *Eight* and *Foot*.

OCTOON, the offspring of a white person and a quadroon. (L.) First in 1861. One who is, in an eighth part, black. Coined from L. *octi*, eight; in imitation of *quadroon*. See *Quadroon*.

OCTOSYLLABIC, having eight syllables. (L.—Gk.) Tyrwhitt, in his *Introd.* to Chaucer, § vii, speaks of 'the octosyllable metre,' with the suffix -ic. — L. *octosyllabus*, adj., having 8 syllables. — Gk. *ōkta*, eight; and *συλλαβή*, a syllable. See *Eight* and *Syllable*.

OCTROL, a duty or toll on articles admitted into a town. (F.—L.) First in 1614; in the sense of 'grant.' — F. *octroi*; MF. *octroy*, 'a grant, a privilege conferred;' Cot.—MF. *octroyer*, 'to grant, allow,' Cot.; OF. *atreier*, *atreier*. — Late I. type **autridiure*, for Late L. *autridiure*, to authorise. — L. *actor*, author; see *Author*.

OCULAR, pertaining to the eye. (L.) 'Ocular proof;' Oth. iii. 3. 360. — L. *oculāris*, adj., formed from *oculus*, the eye, a dimin. of **ocus*, the eye, a form not used, but cognate with Gk. *ōps*, the eye. Der. *ocular*-iv, *bio-ocular*, *in-ocular*; also *ocul-ist*, from L. *oculus*.

ODALISQUE, a female slave in a Turkish harem. (F.—Turk.) Blount, ed. 1681, has 'Odalisque, a slave.' 'Sleek odaliques;' Tennyson, *Princess*, ii. 63. — F. *odalique*, the same (Littre); better spelt *odalque* (Devic). — Turk. *ādālq*, a chambermaid. — Turk. *ādā(h)*, a chamber, a room; Zenker's *Dict.* p. 115.

ODD, not even, strange, queer. (Scand.) ME. *odde*. 'Odde or even;' Gower, C. A. iii. 138; bk. vii. 1380. 'None odd jerec' = no odd years, Allit. Poems, ed. Morris, B. 426. 'None odd wedding' = no irregular marriage; Myrc's Instructions for Parish Priests, ed. Peacock, l. 198. — Icel. *oddi*, a triangle, a point of land; metaph. from the triangle, an odd number, opp. to even; also used in the metaphorical phrase *standask i oddu*, to stand at odds, be at odds, quarrel. In composition, we find Icel. *oddamaðr*, the odd man, the third man, one who gives a casting vote; *oddatala*, an odd number. Hence it is clear that the notion of 'oddness' arose from the figure of a triangle, which has two angles at the base and an odd one at the vertex. Also *oddi* is closely related to *oddr*, a point of a weapon, which stands for **ozdr*, by assimilation. — AS. *ord*, point of a sword, point, beginning, chief; Dan. *ord*, a point; *odde*, a tongue of land; Swed. *odda*, odd, not even; *udde*, a point, cape, promontory; *udd*, a point, prick; G. *ort*, a place, region, Milt. *ort*, an extreme point. β. The common Teut. type is **uzdiz*; and the orig. sense seems to have been sharp point or edge, esp. of a weapon.

¶ The sense of 'strange,' or 'queer,' seems to be a mere development from that of uneven. The W. *od*, notable, excellent, odd, is merely borrowed from E. The phrase *odds and ends* means 'points and ends,' hence, scraps; different from the ME. *ord* and *ende* =

beginning and end; see Tyrwhitt's note to Chaucer, C. T. 14639, and my note to the same line in the Monkes Tale, B. 3911. ¶ Quite distinct from *Orta*, q. v. Der. *oddy-ly*, *odd-ness*, *odd-ly*, *odd-fellow*; *odds*, Oth. ii. 3. 185.

ODE, a song. (F.—L.—Gk.) In Shak. L. L. iv. 3. 99. — F. *ode*, 'an ode;' Cot.—L. *ōda*, *ōdē*. — Gk. *ōdē*, a song; contracted form of *ōdōdē*, a song. — Gk. *ōdōdē*, to sing; related to *ōdōdō*, a nightingale, singing bird. β. The base of *ōdōdē* is *dēdō*, where *d* is prosthetic, and *feib* represents a *√*WELL, to cry out; whence also OIrish *faed*, W. *gwaelid*, a cry, shout. Stokes-Fick, p. 259. Der. *ep-ode*, *com-ed-y*, *trag-ed-y*, *mel-ed-y*, *mon-ed-y*, *palin-ode*, *par-ed-y*, *psalm-ed-y*, *pro-od-y*, *rhaps-ed-y*.

ODIUM, hatred. (L.) In Phillips, ed. 1706. [The adj. *odious* is much older; in Chaucer, C. T. i. 12190.] — L. *odium*, hatred. — L. *ōdi*, I hate; an old pt. t. used as a present. Cf. Armenian *at-eam*, I hate. Brugmann, i. § 160. Der. *odi-ous*, Test. of Crescide, st. 33, l. 229, and as above, from F. *odieux*, 'odious' (Cot.), from L. *odiosus*, adj., formed from *odium*; *odi-ous-ly*, *odious*. And see *an-ny*.

ODOUR, scent, perfume. (F.—L.) ME. *odour*, Wyclif, Eph. v. 2; Cursor Mundi, 3701. — AF. *odour*, OF. *odour*, 'an odor, sent;' Cot.—L. *odorem*, acc. of *odor*, a scent. — *od-ur*, to smell; whence also Gk. *ōdōr* (= *ōdōr*), to smell; and Lithuan. *ūdū*, I smell. Der. *odor-ous*, Mids. Nt. Dr. ii. l. 110, from L. *odorus*, by change of *-us* to *-ous*, and throwing back the accent; *odor-ous-ly*. Also *odori-fer-ous*, L. L. iv. 2. 128, 1 ydgate, Assembly of Gods, 336, coined from L. *odori-fer*, odor-bearing; which from *odori*, decl. stem of *odor*, and *-fer*, bearing, from *ferre*, to bear; see *Bear* (1). And see *Olfactory*, *Osmium*, *Ozone*, *Redolent*.

ŒSOPHAGUS, the gullet. (L.—Gk.) The *œsophagus*, or esophage; 'P. Fletcher, The Purple Island, c. iv, note 30. — Late L. *œsophagus*. — Gk. *ōsophagos*, the gullet; of uncertain origin.

OFF, from, belonging to, among. (E.) ME. *of*; passim. AS. *of*, of; Grein, ii. 308. — Du., Icel., Swed., Dan., and Goth. *af*; G. *ab*; OHG. *aba*, *ab*; Gk. *ab*; Skt. *apa*, away. Brugmann, i. § 560. The E. *off* is merely another spelling of *of*; see *Off*. A comparative form occurs in E. *after*; see *After*. And see A- (6), *Ab-*, *Apo-*.

OFF, away, away from. (E.) Merely another form of *of*, due to an emphatic or stressed use of it; and in old authors there is no distinction between the words, the spelling of doing duty for both. 'Smitheth of my hed' = smite off my head; Chaucer, C. T. 784 (A 782, Harl. MS.). The spelling *off* for *of* occurs in Barbour's Bruce, l. 27, &c. An early instance occurs in the line: 'For thou art mon off strange loud;' Rob. of Glouc. p. 115, l. 15; ed. Hearn. In the 13th century the spelling *off* is (I believe) never found. See *Of*. Der. see below, *af-fal*, *off-ing*, *off-scouring*, *off-set*, *off-shoot*, *off-spring*.

OFFAL, waste meat, refuse. (E.) See Trench, Select Glossary. ME. *offal*; 'Offal, that ys bleuit of a thynges, as chynnyrs, or other lyke, Caducum;' Prompt. Parv. Cf. *Offal* of trees; Palsgrave. Thus it was formerly used of chips of wood falling from a cut log; and is merely compounded of *off* and *fall*; see *Off* and *Fall*. — *af-fal*, fall, windfall, refuse, offal; from *af*, off, and *wallen*, to fall; Dan. *affald*, a fall off, decline, refuse, offal; G. *abfall*, offal; from *ab*, off, and *falln*.

OFFEND, to annoy, displease. (F.—I.) MF. *offenden*, Chaucer, C. T. 2396 (A 2394). — F. *offendre*, 'to offend, hurt;' Cot.—L. *offendere* (pp. *offensus*), to strike or dash against, hurt, injure. — L. *of-* (for *ob* before *f*), against; and **fendere*, to strike, only occurring in compounds. See *Defend*. Der. *offence* or *offense*, ME. *offence*, Chaucer, C. T. 5558 (B 1138), from OF. *offense* (Cot.), from L. *offensa*, an offence, orig. fem. of pp. *offensus*; *offense-ive*, K. Lear, iv. 2. 11, from F. *offensif* (Cot.), as if from L. **offensivus* (not used); *offens-ive-ly*, *offens-ive-ness*; also *offend-er*.

OFFER, to propose, present, lay before. (L.) Directly from Latin. In very early use; found even in AS. ME. *offren*, Chaucer, C. T. 12841 (C 907); Rob. of Glouc. p. 14, l. 325. AS. *offrian*, to offer; see *exx.* in Sweet's A. S. Reader. — L. *offerre*, to offer. — L. *of-* (for *ob* before *f*), near; and *ferre*, to bring, to bear, cognate with E. *bear*. See *Ob* and *Bear* (1). Der. *offer-sh.*, *offer-er*; *offer-ing* = AS. *offring*, Mark, ix. 49. Also *offer-tor-y*, ME. *offeritorie*, Chaucer, C. T. 712 (A 710), F. *offeritoire* (Cot.), from L. *offeritorium*, a place to which offerings were brought, an offertory, extended from *offeror*, an offerer, formed from the verb *offer-re* with agential suffix *-tor*.

OFFICE, duty, employment, act of worship, &c. (F.—I.) In early use. ME. *offiz*, office. 'On this offiz' = in thy official position; Genesis and Exodus, ed. Morris, l. 2071. — F. *office*. — L. *officium*, duty, service. Perhaps from *of-* (for *ob* before *f*), and *-fic-*, for *facere*, to do (Bréal). See *Ob* and *Fact*. Der. *office-bearer*; *office-r*, ME. *officers*, Chaucer, C. T. 8066 (E 190), from F. *officier* < Late L. *officiarius*, one who performs an office; *offici-al*, P. Flowman, B. xx.

136, from OF. *official*, 'an official' (Cot.), which from L. *officiālis*; *offic-i-ally*; *offic-ate*, in Milton, P. L. viii. 22, from Late L. *officiatus*, pp. of *officiarius*, to perform an office, occurring A. D. 1314 (Ducange). Also *offic-i-ous* (see Trench, Select Glossary), used sometimes in a good sense, Titus Andron. v. 2. 202, from F. *officieux*, 'officious, dutiful, servicable' (Cot.), which from L. *officiōsus*, obliging; *offic-i-ous-ly*, *offic-i-ous-ness*.

OFFICINAL, pertaining to or used in a shop or laboratory. (L.) 'Officinal, such drugs, plants, &c. as are sold in shops'; Bailey (1735). Formed with suffix *-al* (L. *-ālis*) from L. *officin-a*, a workshop, office; contracted form of *officiūm* (Plautus).—L. *opific-*, decl. stem of *opifex*, a workman.—L. *opi-*, for *opus*, work; and *-fic-*, *tot facere*, to do. See **Operate**.

OFFING, the part of the visible sea remote from the shore. (E.) 'Offin or Offing, the open sea, that part of it which is at a good distance from the shore'; Phillips, ed. 1706. Merely formed from *off* with the suffix *-ing*. See **Off**.

OFFSCOURING, refuse. (E.) Lit. anything scoured off; hence, refuse. In 1 Cor. iv. 13 (A. V.). From **Off** and **Scour**.

OFFSET, a young shoot, &c. (E.) Used in several senses. The sense 'shoot of a plant' occurs in Ray, as cited in Todd's Johnson (without a reference). From **Off** and **Set**.

OFFSHOOT, that which shoots off. (E.) Not in Todd's Johnson. Used figuratively in The Tatler, no. 157, § 10. From **Off** and **Shoot**.

OFFSPRING, progeny, issue. (E.) MF. *ofspring*, Rob. of Glouc. p. 164, l. 3433. The odd spelling *oospring* occurs in Cursor Mundi, l. 11415. AS. *ofspring*, Gen. iii. 15.—AS. *off*, from; and *springan*, to spring. See **Off**, **Of**, and **Spring**.

OFFUSCATE, the same as **Obfuscate**, q. v.

OFF, OFTEN, frequently. (F.) *Of* is the orig. form; this was lengthened into *ofte* (disyllabic), because *-e* was a common adverbial ending in the ME. period. Lastly, *ofte* was lengthened to *often* before a vowel or *h* in *kadle*, &c. Thus: 'Ful ofte times', Chaucer, C. T. 358 (A 356), where Tyrwhitt prints *ofte* unnecessarily, the best MSS. having *ofte*. Again: 'That often hadde ben', id. 312 (A 310); but Cursor Mundi has *ofte* before a consonant, 3520, &c. AS. *oft*, Grein, ii. 320.—Icel. *oft*, *oft* (pronounced *oft*); Dan. *ofte*; Swed. *ofta*; G. *oft*; OllG. *ofta*; Goth. *ufta*, adv. oft, Mk. v. 4; used as adj. in the phrase *hiizo oft sanhte*, frequent infirmities, 1 Tim. v. 23. Origin unexplained. Der. *often*, adj., esp. in the phr. *ofte time* or *often-time*, Chaucer, C. T. 52, 358 (A 52, 356); *often-ness*. We now say *often-er*, *often-est*; the old forms were *ofte-er*, *ofte-est*.

OGEE, OGIVE, a double curve. (F.—Span.—Arab.) Sometimes absurdly written **OG**, as if compounded of two letters of the alphabet. *Ogee* is another form of *ogive* (with *i* as in *machine*). 'An *Ogie* or *Ogee*, a wreath, circle, or round band in architecture'; Minshew, ed. 1627. It is now generally used to mean a double curve—, formed by the union of a convex and concave line. An *ogee arch* is a pointed arch, with double-curved sides.—OF. *angive*, 'an ogive, a wreath, circle, round band, in architecture'; 'branches d'angives', 'branches ogived, or limnes with ogives'; Cot. He also has: 'Ogive, an ogive, or ogive in architecture'. β. The suggestion in E. Müller is perhaps right; he compares the Span. *auge*, highest point. Excellent examples of the *ogee* curve are to be found in Moorish domes and arches, and we may derive the term from the pointed top of such domes, &c. Cf. Span. *cimacio* *ogee*, an ogive moulding, where *cimacio* is derived from *cima*, a summit, top; Late L. *cymatium*, an ogive curve (Vitruvius). Similarly, the F. *angive* is derived from Span. *auge*, highest point, also *apogee* (Pineola), which curious word is also found in Port. and Italian. γ. The Span. *auge* is from Arab. *awj*, top, summit, vertex, altitude or ascendant of a planet; Rich. Dict. p. 200, cf. Körtling, § 1049; Devic, s. v. *auge*. ¶ Prob. not an Arab. word, but from Gk. *ἀγώνιστρον*, apogee. Der. *ogiv-al*, adj., sometimes oddly corrupted to *ogee-fall*.

OGHAM, OGAM, used with reference to the alphabet of twenty characters employed by the ancient Irish and Britis. (Irish.) From Irish *ogham*, 'the occult manner of writing used by the ancient Irish'; O'Reilly. OIrish *ogam* (Wundlich). Said to have been devised by a mythical inventor named *Ogam*.

OGLE, to look at sideways, glance at. (Du.) Not an old word in E. In Pope, Rape of the Lock, v. 23. 'I see him ogle still'; Dryden, Prol. to the Prophets, 46. 'They say their wives learn ogling in the pit'; T. Shadwell, Tegue o Divelly, Epilogue, p. 80 (1692); where a side-note says: 'A foolish word among the canters for glancing'. Certainly of Du. origin; answering to a Du. verb *oogelen* (not in the Dict.), a regular frequentative of *oogen*, 'to cast sharp eyes upon one'; Ilexham. Such frequentative verbs are extremely common in Dutch, and may be numbered by hundreds;

and we actually find the Low G. *oegeln*, to ogle, in the Bremen Wörterbuch, used as a frequentative of *oegen*, to look at; Low G. *ogelen*, to ogle (Lübben); as well as MDu. *oogheler*, a flatterer, eyeservant, i. e. ogler (Oudemans).—Du. *ooge*, the eye; cognate with E. *eye*, q. v.

OGRE, a monster, in fairy tales. (F.) Late. Added by Todd to Johnson's Dict. The quotation in Todd is from the E. version of the Arabian Nights (first in 1713), which was taken from the F. version.—F. *ogre*, an ogre; first used by Perrault in his *Contes*, 1697; see N. E. D. Diez proposed to connect it with Ital. *oreo*, 'a sea-monster'; Florio; OSpan. *huergo*, *uergo*.—L. *orcum*, acc. of *orcus*, (1) the abode of the dead, (2) the god of the infernal regions, Orcus, Pluto. ¶ But it is difficult to guess what Perrault had in mind. Der. *ogr-es*, from F. *ogresse*.

OH, a later spelling of *O*, q. v.

OIL, juice from the olive-tree, a greasy liquid. (F.—L.—Gk.) [We find in AS. the form *ele*, in Goth. *aleus*, forms borrowed ultimately from the Gk., but at a very early period.] The ME. *nile* was borrowed from French; it occurs in Chaucer, C. T. 2963 (A 2961); and in Early E. Prose Psalter, Ps. xiv. 9.—AF. *oile*, St. Nicolas, by Wace, 636; OF. *oile*, later *huile* (Cotgrave).—L. *oleum*, oil; *olea*, an olive-tree.—Gk. *elaion*, oil; *elaia*, an olive-tree, also an olive. See **Olve**. Der. oil, verb; the pp. *oiled* occurs in Hall's Satires, b. iv. sat. 4, l. 48. Also *oil-y*, K. Lear, i. 1. 227; *oil-i-ness*. Also *oil-bag*, *-cake*, *-cloth*, *-colour*, *-nut*, *-painting*. And see **Oleaginous**, **Oleaster**.

OINTMENT, a greasy substance for anointing wounds, &c. (F.—L.) The *t* is due to confusion with ME. *ointen*, vb., to anoint; the ME. form being *ointment* or *oyment*. '[They] bouyten [bought] swete-smelling oymenitis, to come and to anoynte Jesu'; Wyclif, Mark, xvi. 1. Spelt *ointment* in Chaucer, C. T. 633 (A 631).—OF. *oignement*, an anointing, also an unguent, liniment; Burguy. Formed with suffix *-ment* (= L. *-mentum*) from OF. *oigner* (Cotgrave), another form of OF. (and mod. F.) *oindre*, to anoint.—L. *ungere*, to anoint; see **Unguent**, **Anoint**.

OLD, aged, full of years, ancient. (E.) MF. *old*, def. form and pl. *olde*; Chaucer, C. T. 5240, 10023 (B 520, K 2149). OMerc. *ald*, later *ald* (written *ald*), Matt. ix. 16 (Rushworth MS.); AS. *eald*, ONorthumb. *ald*, Luke, i. 18.—Du. *oud* (for *old*); G. *alt*; Goth. *althis*. Teut. type **altōz*; Idg. type **altos*; cf. L. *ad-ultus*, an adult, one of full age. β. Like the *-ultus* in L. *ad-ultus*, it is a pp. form from the *√*AL, to nourish, as seen in Goth. *alan*, to nourish, L. *alere*, to nourish; cf. Goth. *us-althan*, to grow old. It means 'nourished, grown up'. See further under **Adult**, **Altitude**. Der. *old-m*, Macheth, iii. 4. 75; Cursor Mundi, 18100 (Trin. MS.); apparently a Scand. word from Icel. *aldinn*, old, or (more probably) the adj. suffix *-en* was merely tacked on; cf. *gold-en*. Also *old-ness*, K. Lear, i. 2. 50; cf. *eldness*, Wyclif, Rom. vii. 6. Also *eld*, sb., *eld-er* (1), *eld-est*, *eld-er-man*.

OLEAGINOUS, oily. (L.—Gk.) In Blount's Gloss, ed. 1674. —L. *oleiginus*, belonging to olive-oil; by change of *-us* to *-ous*, as in *arduous*, &c. An adj. form from *olea*, the olive-tree. Not a true L. word, but borrowed from Gk. *elaia*, see **Oil**.

OLEANDER, the rose-bay-tree. (F.—Late L.) 'Oleander, rose-bay'; Minshew.—MF. *oleandre*, 'the rose-tree, rose-bay, rose-lawrell, rose-bay-tree'; Cot. The same as Ital. *oleandro*, Span. *oleandro*, 'the rose-bay-tree'; Minshew (1623), Port. *oleandro*, *toeandro*. All these forms are variously corrupted (it is supposed) from Late L. *laurandrum*, a word cited by Isidore of Seville; Origenes, xvii. 7. β. Again, Isidore has suggested that *laurandrum* was corrupted from *rhododendron*: 'Rhododendron [v. r. *radandrum*] quod corrupte *laurandrum* vocatur, quod sit folia *lauri* similibus, flore ut rosa, arbor nenatena.' Perhaps we may rather guess *laurandrum* to represent *lauridendron* (Ducange); from *lauri*, for L. *laurus*, laurel, and Gk. *δένδρον*, a tree. γ. The change from *laurandrum* to *oleandrum* is clearly due to confusion with *olea*, an olive-tree.

OLEASTER, the wild olive. (L.—Gk.) In Phillips, ed. 1706. Spelt *olaster*, Palladius on Husbandry, bk. iv. 115. —L. *oleaster*, Rom. xi. 17 (Vulgate). Formed with suffix *-aster* (as in *poeta-ster*) from *olea*, an olive-tree.—Gk. *elaia*, an olive-tree. See **Oil**. See **Ircal**.

OLFACTORY, pertaining to smell. (L.) In Phillips, ed. 1658. —L. *olfactorius*, belonging to one that smells; only appearing in the fem. and neut. forms, *olfactoria*, *olfactorium*, a smelling-bottle. —L. *olfactor*, one who smells; (but only the fem. form *olfactrix* occurs); cf. *olfactus*, a smelling, also pp. of *olfacere*, to smell, to scent; of which a fuller form *olfacere* also occurs.—L. *olē-re*, to smell; and *facere*, to make; hence, to emit a scent. β. It is clear that *olē-re* stands for **odē-re*, whence *odor*, smell; cf. Gk. *ὀδμή*, scent. The change of *d* to *l* is a peculiarity of Latin, as in *Ulysses* for *Odysseus*, *lacruma* for *dacryma*; see **Tear** (2). See **Odour**.

OLIGARCHY, government by a few. (F.-L.-Gk.) Spelt *oligarchie* in Minshew, ed. 1627. = F. *oligarchie*, 'an oligarchie'; Cot. = Late L. *oligarchie* (Duange). = Gk. *ὀλιγαρχία*, government in the hands of a few. = Gk. *ὀλίγος*, for *ὀλίγος*, few, little; and *ἀρχία*, from *ἀρχή*, to rule. Der. *oligarchi-c*; also *oligarch*, Gk. *ὀλιγαρχία*; *oligarch-ol*.

OLIO, a mixture, medley. (Span.-L.) A mistaken form of *olia*, which is an E. spelling of Span. *olla*, sounded very nearly as *olia*, the Span. II answering to E. *ly* or to E. *li* in *million*. The mistake occurs in Eikon Basilike, cap. xv, and is noticed by Milton. 'Not to tax him for want of elegance as a courtier in writing *oglio* for *olia*, the Spanish word,' Milton. Answer to Eikon Basilike, cap. 15. = Span. *olla*, 'a round earthen pot, an oglio' (sic); Meadows. Properly, the latter sense is due to the Span. dish called *olla podrida*, a dish of various meats and vegetables, hence a mixture, medley, olio. = L. *olla*, a pot; from OL *aula*, a pot. Root uncertain.

OLIVE, the name of an oil-yielding tree. (F.-L.-Gk.) MF. *olive* (with *u* for *v*), O. Eng. Homilies, ed. Morris, ii. 89, l. 5 from bottom. = F. *olive*, = L. *oliva* = Gk. *ἄλεια*, an olive-tree. Brugmann, i. § 121. See further under **OIL**.

OLYMPIAN, belonging to Olympus, celestial. (L.-Gk.) 'Above th' Olympian hill;' Milton, P. L. vii. 3. = Late L. *Olympianus*, adj., for I. *Olympius*, Olympian. = Gk. *Ὀλύμπιος*, a sacred region in Elis, where the Olympian games were held; *Ὀλύμπιος*, a mountain in Thessaly, the fabled abode of the greater gods of Greece. Der. *Olympia-d* (from the same source), a period of four years, from one celebration of these games to another.

OMADAUN, OMADHAWN, a simpleton. (Irish.) First in 1818. Anglo-Irish. = Irish *amadain*, a simpleton. = Irish *amad* (for *am*). = Irish *am*, for *an*-, negative prefix (cf. Gk. *ἀν-*) and *-mad*, Olrish *-met*, mind, cognate with L. *mens* and E. *mind*. Cf. I. *āmens*, mad.

OMBRE, a game at cards. (F.-Span.-L.) In Pope, Rape of the Lock, i. 56. The game came to England with Charles II, in 1660. A pamphlet called 'The Royal Game of Ombre' was published in that year (Chatto, p. 145). = F. *hombre*, ombre (Hamilton). = Span. *juego del hombre*, the game of ombre; lit. 'game of the man'; see Eng.-Span. part of Meadows' Dict. The Span. *juego* is from L. *iocus*; see **Joke**. The Span. *hombre* is from I. *homineus*, acc. of *homo*, a man; see **Human**. See Notes on E. *hym*, p. 201.

OMEGA, the end. (Gk.) In Rev. i. 8. The sense 'end' is due to the fact that *omega* is the last letter of the Gk. alphabet. Its force is that of long *o*. = Gk. *ὦ*, called *ὦ μέγα*, i. e. great *o* or long *o*; where *μέγα* is the neut. of *μέγας*, great, allied to E. *mickle*; see **Mickle**. Opposed to *alpha*, the first letter; see **Alphabet**.

OMELETTE, a pancake made chiefly of eggs. (F.-L.) In Cotgrave. = F. *omelette*, 'an omelet or pancake of eggs'; Cot. An older form was *amelette*; Cot. also gives: 'Amelette d'aufs, an omelet, or pancake made of eggs.' β. The forms of the word are various; a very common old form, according to Scheller, was *amelette*, but this was preceded by the forms *alemette*, *alemette*, and *alumelle*. It is clear that *amelette* is a corruption from the older *alemette*; and it seems that *alemette*, in its turn, took the place of *alemette*. γ. Now the OF. *alemette* signified 'a thin plate,' esp. the blade of a knife, and is still preserved in the mod. F. *alumelle* (a corrupted spelling), with the sense of 'sheathing of a ship,' as a nautical term (Hamilton). That is, the *omelet* was named from its thin, flat, shape, and has nothing to do with F. *aufs*, eggs, as some have supposed; so that the old expression in Cotgrave, viz. *amelette d'aufs*, is quite correct, not tautological. See *alemette*, the blade of a knife, in Godfrey, who has also *alemette*; as well as (in the Supp.) the forms *alemette*, *amelette*, *alemette*, *alemette* (1), *alemette*, an omelet; s. v. *omelette*. δ. Lastly, *alemette* (or *alemette*) is a mistaken form, due to confusion of *la lemelle* (the correct form) with *la lemelle*, as if the article had been elided before a vowel. = L. *lāmella*, a thin plate, properly of metal; dimin. of *lāmīna*, a thin, flat plate; see **Lamina**. ¶ There seems to be no reason for doubting the correctness of this curious etymology, due to Littre; see the articles in Littre and Scheller, under the words *omelette* and *alumelle*. Cf. Norm. dial. *alemette*, *omelette* (Moisy).

OMEN, a sign of a future event, prognostication. (L.) In Shak. Hamlet, i. 1. 123. = L. *ōmen*, an omen; OL *osmen*. β. Root uncertain; Brugmann takes it to stand for **osmī-men*, which he connects with Gk. *ὄσμος*, I think, suppose; §§ 877, 352 (3). Der. *omen-ed*, chiefly in ill-omened; *omin-ous* (Minshew), imitated from L. *ōmin-ōsus*, adj., formed from *ōmin-*, decl. stem of *ōmī*; *omin-ous-ly*, *omin-ous-ness*. Also *ab-omin-ate*.

OMENTUM, 'a fold or duplication of the peritoneum connecting the stomach with certain of the other viscera, as the liver, spleen, and colon; the caul;' N. E. D. (L.) Called *oment* in 1547. = L. *ōmentum*.

OMIT, to leave out, neglect. (L.) 'Nor omitted no charitable means;' Sir T. More, Works, p. 887 c. = L. *ōmittere*, to omit; lit. 'to let go.' For **ommittere*, which stands (by assimilation) for **ōmittere*, = L. *ob* (which often scarcely affects the sense); and *mittere*, to send, let go. See **Ob** and **Mission**. Der. *omission*, Troil. iii. 2. 239, from F. *omission*, 'an omission' (Cot.), which from L. *ōmissiō*, acc. of *ōmissio*, allied to the pp. *ōmissus*. Also *omit-ance*, a coined word, AS. *omian*, I. iii. 5. 153.

OMNIBUS, a public vehicle. (L.) The name seems to have been first used in France. They were used in Paris about 1826; and were so called because intended for the use of all classes. = L. *omnibus*, for all, dat. pl. of *omnis*, all. Root uncertain; see Supp. note to Brugmann, § 762.

OMNIPOTENT, almighty. (F.-L.) MF. *omnipotent*, Chaucer, C. T. 6005 (D 423). = F. *omnipotent*; Cot. = L. *omnipotens*, stem of *omnipotens*, all-powerful. = L. *omni-*, for *omnis*, all; and *potens*, powerful; see **Potent**. Der. *omnipotent-ly*, *omnipotence*, from F. *omnipotence* (Cot.).

OMNIPRESENT, everywhere present. (F.-L.) Milton has *omnipresence*, P. L. vii. 590, xi. 336. Coined from *omni*, for *omnis*, all; and **Present**, q. v. Der. *omnipresence*.

OMNISCIENT, all-knowing. (L.) In Milton, P. L. vi. 430. Coined from *omni*, for *omnis*, all; and *scient*, stem of *sciens*, pres. part. of *scire*, to know; see **Science**. Der. *omniscience*.

OMNIVOROUS, all-devouring, feeding on all kinds of food. (L.) In Blount's Gloss., ed. 1674. = L. *omnivorus*, all-devouring; by change of *-us* to *-ous*. = L. *omni*, for *omnis*, all; and *-vorus*, devouring, from *vorare*, to devour; see **Voracious**.

OMRAH, a prince, lord. (Hind.-Arab.) 'Aigrettes by Omrahs worn;' Scott, Vision of Don Roderick, ii. 31. = Hind. *umārā*, a noble; lit. 'nobles', pl., used as a title (Forbes). = Arab. *umārā*, pl. of *amīr*, a prince, emir; see **Emir**. Cf. the Arab. title *amīr al-umārā*, prince of princes (Yule).

ON, upon, at, near. (E.) ME. *on*; passim. AS. *on*; passim. +Du. *aan*; Icel. *á* (for *an*); Dan. *an*, prep. and adv.; Swed. *å*, prep.; G. *an*; Goth. *an*, to, upon, on. +Gk. *ἀνά*; Russ. *na*. Idg. type **ana*. Der. *on*, adv.; *on-set*, *on-slaught*, *on-ward*, *on-wards*; and see *anon*.

ONCE, a single time, at a former time. (E.) ME. *ones*, *oones*, *onis*, Chaucer, C. T. 5592, 5595 (D 10, 13); cf. at *ones*, id. 767 (A 765). The final *s* was voiceless, not pronounced as *z*; and this is why the word is now spelt with *ce*, which is an attempt to show this. AS. *ānes*, once; orig. gen. case masc. and neut. of *ān*, one; the gen. case was sometimes used adverbially, as in *in need-s, twi-ce, thri-ce*. See **One** (1). Der. *nonce*, in the plur. for the *nonce*; see **Nonce**.

ONCE, OUNCE, an animal; see **Ounce** (2).

ONE (1), single, undivided, sole. (E.) [The mod. pronunciation [wun] seems to have arisen in the W. of England; it is noticed by Jones, in 1701, as in use 'in Shropshire and some parts of Wales;' Ellis, On Early Eng. Pronunciation, p. 1012. It does not appear to be older in literature than about A.D. 1420; see N. E. D. Tindale has *wons* in Mark, vi. 31. At any rate, the ME. pronunciation was at first with long open *o*, later with long close *o*, whence the sound of *-one*, *on*, in *at-one*, *al-one*, *on-ly*; we never say *wunly*. We do, however, say *wuns* (with voiceless *s*) for *once*.] ME. *oon*, *on*; also *oo*, *o*; dative *oon*, *one*; Chaucer, C. T. 343, 365, 681, 749 (A 341, &c.). AS. *ān*, *one*; Grein, i. 29. +Du. *een*; Icel. *einn*; Dan. *een*; Swed. *en*; G. *ein*; Goth. *ains*. +W. *un*; Irish and Gael. *an*; L. *ūnus*; OL. *oinos*; Gk. *οἷνός*, *oinos* (see *oinos*, *oinos*, an ace on a die). Teut. type **ainos*; Idg. type **oinos*. Cf. Lith. *vėnas*, *one*; Brugmann, ii. § 165. Der. *one-sided*, *one-sided-ness*; *one-ness*; and *see on-ly*, *al-one*, *l-one*, *at-one*; *un-ique*, *un-ile*, *un-ion*, *un-animous*, *un-i-son*, *un-iversal*, *on-ion*; also *n-one*, *n-on-ly*, *an-on* (= in one), *an-other*. Doublet, *an* or *a* (from the unstressed form). ¶ The Gk. *εἷς*, *one* (base **sem*) cannot be referred to the same source; Brugmann, i. § 408.

ONE (2), a person, spoken of indefinitely. (E.) In the phrase 'one says,' the *one* means a single person. Cf. 'One that moche wo wroughte, Sleuth was his name' = 'one who wrought much wo, whose name was Sloth'; P. Ploverman, B. xx. 157. See Mätzner, Engl. Grammatik. 'The indefinite *one*, as in *one says*, is sometimes, but wrongly, derived from the F. *ou*, L. *homo*. It is merely the use of the numeral *one* for the older *man*, *men*, or *me*;' Morris, Hist. Outlines of Eng. Accidence, p. 143; which see for examples. And see N. E. D.; *One*, § 20.

ONEROUS, burdensome. (F.-L.) In the Rom. of the Rose, l. 5633. = F. *onerueux*; 'onerous'; Cot. = L. *onerōsus*, burdensome. = L. *oner-*, for **onus*, stem of *onus*, a burden. β. Benfey (Skt. Dict. p. 19) compares *onus* with Skt. *anus*, a cart; and so Brugmann, i. § 169. Der. *onerous-ly*, *-ness*; also *ex-oner-ate*.

ONION, the name of a plant. (F.-L.) ME. *synon*, Chaucer,

C. T. 636. — *F. oignon*, 'an onion'; Cot. — *L. ūnionem*, acc. of *ūnio*, (1) unity, uniqueness, (2) a single large pearl, (3) a kind of onion. — *L. ūnus*, one; cognate with *E. One*, q.v. **Doublet**, *union*, esp. in the sense 'a large pearl'; Hamlet, v. 2. 283.

ONLY, single, singly. (E.) Both adj. and adv. ME. *oonli*, earlier *oonliche*, *oonliche*. 'Onliche liue' = solitary life; Ancien Kivle, p. 152, last line but one. *Onliche*, adv., Will. of Palerne, 3155. AS. *anlī*, adj., unique, lit. one-like; Grein, i. 33. — AS. *ān*, one; and *līc*, like. See **One** and **Like**.

ONOMATOPEIA, name-making, the formation of a word with resemblance in sound to that of the thing signified. (Gk.) Esp. n-ed of words such as *click*, *hiss*, and the like, directly imitative of sounds. Spelt *onomatopœia* in Puttenham, Arte of E. Poesie, bk. iii. ch. 17 (ed. Arber, p. 192, sidenote). = Gk. *ὀνομαστική*, the making of a name; we also find *ὀνομαστικός*. = Gk. *ὀνομα-*, decl. stem of *ὄνομα*, a name; and *ποιέω*, to make. See **Name** and **Poem**. Der. *onomatopœic*. Also (from Gk. *ὀνομα*) *an-onym-ous*, *hom-onym*, *met-onym-ous*, *par-onym-ous*, *syn-onym*.

ONSET, an assault, attack. (E.) In King John, ii. 326. A good word; but not in early use. Due to the phrase to set on, i.e. to attack. 'Percy! and set on!' i Hen. IV, v. 2. 97. See **On** and **Set**.

ONSLAUGHT, an attack. (E.) In Butler, Hudibras, pt. i. c. 3. ll. 422, 424. The ME. form would be *onslakt*; but it does not occur. Compounded of ME. *on*, on; and *slakt*, *slaght*, *slaught*, a stroke, blow, also slaughter, as in Gower, i. 348; bk. iii. 2058. — AS. *on*, on; and *slakt*, a stroke, blow, found in the compounds *morþor-slaekt*, *wæl-slaekt*, Grein, i. 264, 647, and derived from *slēan*, to strike. See **On** and **Slaughter**.

ONTOLOGY, the science of being. (Gk.) 'Ontology, an Account of Beings (*on*) in the Abstract'; Bailey (1735). Compounded of Gk. *ὄντο-*, for *ὄν*, stem of the pres. part. of *εἶναι*, to be; and *-λογία*, from *λόγος*, discourse, from *λέγω*, to speak.

ONWARD, ONWARDS, forward. (E.) Not a very old word. 'I have driven hym *onward* one steppe down'; Sir T. More, Works, p. 409 d. Peculiarly used in Clunier, C. T., A 970. Compounded of *on* and *ward*, in imitation of *Toward*, q.v. So also *onwards*. Shak. Sonnet 126, in imitation of *forwards*.

ONYX, a kind of agate. (L.—Gk.) In Holland, tr. of Pliny, bk. xxvii. c. 6. ME. *onyx*; Wyclif, Ezek. xxviii. 13. — *L. onyx* = Gk. *ὄνυξ*, a claw, a nail, a finger-nail, a veined gem, onyx, from the resemblance to the colour of the finger-nail. The stem is *ὄνυξ*, allied by gradation to Skt. *nakha*, a nail, Russ. *nogotie*, a nail, and *E. nail*; see **Nail**.

OOLITE, a kind of limestone. (F.—Gk.) Modern and geological. A coined word, but coined in France; an Englishman would have said *oolith*. = F. *oolithe*, with *th* pronounced as *t*; t. in Dict. Acad. 1762. — Gk. *ὄλιθ*, for *ὄλιθ*, an egg, cognate with *L. ōlūm*; and *λίθ-ος*, a stone. See **Oval** and **Lithography**.

Ooze (1), moisture, gentle flow; confused with **Ooze** (2), soft mud. (E.) These words have lost an initial *w*; they should rather be *wooz*, or *wooze*; see E. D. D. The *v* to *w* arose in (Golding, tr. of Ovid, fol. 127. For the loss of *w*, cf. prov. F. *voisier* for *voisier*, Shropshire 'and for wood'. 1. ME. *woos*, moisture; 'alle the othere woos', all the other fluids, Aenib. of lawyrt, p. 186. AS. *woō*, juice; as in *after woō*, juice of fruit; Voc. 128. 11. 4. Icel. *woō*, wetness. Norsemen took upon Icel. wds from a form **woons*; and if so, AS. *woō* is from a form **woon*. But *woō* may be allied to OHG. *woos*, turf, soil; see G. *wasser* in Kluge. 2. ME. *woos*, soft mud; 'in woos and in donges'; P. Plowm. C. iii. 220; and see Prompt. Parv., p. 532. AS. *woō*, seipia; as in *woō-sēile*, a cuttle-fish, Voc. 181. 7; *woō*, mud, Voc. 203. 43. Icel. *woō*, a stagnant pool; Norw. *woō*, mud. Tent. type **woō-na*, f. Der. from *ooze* (1), *ooze*, verb, to exude, Timon, i. 1. 21; *ooz-y*.

OPACITY, opaqueness; see **Opaque**.
OPAL, a precious stone. (F.—L.—Skt.). In Holland, tr. of Pliny, bk. xxxvii. c. 6; Tw. Nt. ii. 4. 77. — F. *opale*, 'the opal stone'; Cot. — *L. opalus*, an opal; Pliny, as above. (Cf. Gk. *ὀπάλλος*, an opal. Apparently from Skt. *upala-*, a stone; cf. *lapana-upalus*, a fabulous gem, *rasa-upala*, a pearl (Benfey).)

OPaque, not transparent, dark. (F.—L.). In Milton, P. L. iii. 619; ME. *opake*, Palladians on Husbardry, ii. 261. — F. *opaque*, 'dusky, gloomine, obscure'; Cot. — *L. opacum*, acc. of *opacus*, shady. Root unknown. Der. *opaque-ness*; also *opa-ri-ty*, Minshew, from F. *opacitè*, 'opacity' (Cot.), from *L. acc. opacitatem*.

OPE, to open. (E.) A short form for *open*, verb, K. John, ii. 536. So also *ope* is used as a short form for *open*, adj., as in 'the gates are *ope*', Cor. i. 4. 43. Seldom used except in poetry. See **Open**.

OPEN, unclosed, free of access, clear. (E.) The verb is formed from the adj., as is shown by the old forms. ME. *open*, Claucer,

C. T. 8666 (E 790). At a later period contracted to *ope*; see **Ope**. AS. *open*, *open*, Grein, ii. 355. Lit. 'that which is lifted up'; the metaphor being probably taken from the lifting of the curtain of a tent, or the lifting of a door-latch; cf. *dup* (= do up), to open, Hamlet, iv. 5. 53. Allied to AS. *up*, up; see **Up**. — Du. *open*; *op*, up; Icel. *opinn*, open, also face upwards; *upp*, up; Dan. *aaben*; *op*, up; cf. the phr. *luk Døren op*, open the door, lit. 'lock the door up'; Swed. *öppen*; *upp*, up; G. *öffen*; allied to *auf*, OHG. *uf*. Teut. types **ufanaz*, **upenaz*; allied to **Up**, q.v. Der. *open*, verb, AS. *openian*, causal verb from *ad. open*; so also Du. *openen*, from *open*; Icel. *opna*, Dan. *aabne*, Swed. *öppna*, G. *öffnen*. Also *open-ly*, *open-ness*, *open-ing*, *open-handed*, *open-hearted*.

OPERA, a musical drama. (Ital.—L.) 'An opera is a poetical tale or fiction'; &c.; Dryden, pref. to Albion and Albanus; first in Evelyn, Diary, Nov. 19. 1644. — Ital. *opera*, work; hence a performance. — *L. opera*; see **Operate**. Der. *operat-ic*; *opera-glass*.

OPERATE, to produce an effect. (L.) In Shak. Cymb. v. 5. 197. [Really due to the sh. *operation*, in much earlier use; ME. *operacion*, Chaucer, C. T. 6730 (D 1148); Gower, C. A. iii. 128; bk. vii. 1282; from F. *operation*, which from *L. acc. operatiōnem*. — *L. operātus*, ppl. of *operari*, to work. — *L. opera*, work; closely allied to *L. opus* (decl. stem *oper-*), work, labour, toil. — Skt. *apas*, work (Vedic). Der. *operat-ion*, as above; *operat-ive*, King Lear, iv. 4. 14, from F. *operatif*, 'operative' (Cot.); *operat-ive-ly*; *operat-ar*, from *L. operātōr*; *oper-ant*, Hamlet, iii. 2. 184, from *operant-*, stem of pres. part. of *operari*; *oper-ance*, Two Noble Kinsmen, p. 3. 63. Also *oper-ose*, i.e. laborious, Blount's Gloss., from *L. operōsus*; *oper-ose-ly*, *oper-ose-ness*; *oper-ous-ly*, Minshew. From the same root we have *co-operate*, *en-ure*, *in-ure*, *man-ure*, *man-ure*.

OPHICLEIDE, a musical instrument. (F.—Gk.) Modern. — F. *ophicleide*, 'an ophicleid, key-serpent'; Hamilton. An odd name; due to the old twining musical instrument called 'a serpent', to which keys were added, thus turning it into a 'key-serpent'. — Gk. *ὀφίς*, for *ὄφις*, a serpent; and *κλέιδ*, decl. stem of *κλείω*, a key. See **Ophidian** and **Clavicle**.

OPHIDIAN, relating to serpents. (Gk.) Modern; formed with F. suffix *-ian* (= *L. -ianus*) from Gk. **ὀφιδ-ος*, an imaginary form wrongly supposed to be the stem of *ὄφις*, a serpent; perhaps suggested by the Gk. dimin. form *ὀφιδιον*. The true stem is *ὄφις*, as seen in *ophi-cléide* and *Ophe-uchus* (Gk. *ὀφιοῦχος*, serpent-holder, from *εἶναι*, to hold), Milton, P. L. ii. 709.

OPHTHALMIA, inflammation of the eye. (Gk.) Spelt *ophthalmie* in Blount's Gloss., which is borrowed from F. *ophthalmie* (Cotgrave). — Gk. *ὀφθαλμία*, a disease of the eye. — Gk. *ὀφθαλμός*, the eye; Boetian *ὀφθαλμός*; cf. Doric *ὀφθαλμός*, the eye, *ὀφθαλμός*, to see, *ὀφθαλμός*, one who looks, a spy, eye-witness. See **Optic**. Der. *ophthalm-ic*.

OPINION, a notion, judgement, estimation. (F.—L.) ME. *opinion*, Chaucer, C. T. 183; Gower, C. A. i. 267; bk. ii. 3214. — F. *opinion*, 'opinion'; Cot. — *L. opiniōem*, acc. of *opinio*, a supposition. — *L. opinārī*, to suppose; rarely *opiniare*. — *L. opinus*, thinking, expecting; only in the comp. *ne-opinus*, *in-opinus*, unexpected; perhaps connected with *op*, near, as *sup-inus* is with *sub* (Breal). Der. *opinion-at-ive* (Johnson), which has taken the place of the older *opiniative* (Blount's Gloss., ed. 1674), coined from *L. opinātus*, pp. of *opinārī*, to suppose; *opiniat-at-ive-ly*, *opiniat-at-ive-ness*. We also use the coined word *opiniat-ed*, a clumsy formation. The verb *opine* is a perfectly correct word, from F. *opiner*, to opine 'a', which from *L. opināre*, more commonly *opinārī*, as above; it occurs in Pope, Moral Essays, iii. 9. The derivatives *opini-able*, *opin-at-ive*, *opin-at-or* (all in Blount) are obsolete.

OPIUM, a narcotic drug. (L.—Gk.) In Holland, tr. of Pliny, b. xx. c. 18; and in Milton, Samson, 630. [The ME. *opie*, Chaucer, C. T. 1474 (A 1472), answers to an OF. *opie*.] — *L. opium*; Pliny. — Gk. *ὀπιον*, poppy-juice, opium; dimin. from *ὀπός*, juice, sap. ¶ Not connected with K. *op*; but rather with Skt. *āpas*, pl., wakers. Der. *opi-ate*, Milton, P. L. xi. 133, spelt *opiat* in Cotgrave, from F. *opiate*, which from Late L. *opiatus* (Ducange), lit. 'provided with opium.'

OPODELDOC, a medical plaster, soap liniment. (Partly Gk.) A name believed to have been invented by Paracelsus, about 1541. He spelt it *opodelloch*. The first part seems to be Gk. *ὄπο*, for *ὄν*, juice (above).

OPOPANAX, a gum-resin orig. obtained from an umbelliferous plant, the *Opopanax Chironium*. (L.—Gk.) Spelt *opopanax* in Lanfranc's Chirurgie, p. 60 (ab. 1400). — *L. opopanax*, Pliny, x. 24. — Gk. *ὀπώπαναξ*, the juice of panax. — Gk. *ὄπος*, for *ὄνός*, juice, sap (above); and *πανάξ*, lit. all-heal; see **Panacea**.

OPOSSUM, an American quadruped. (W. Indian.) In a tr. of Buffon's Nat. Hist., London, 1792, i. 214. Orig. *opossum*, in the language of the Indians of Virginia; Captain Smith, Works, ed. Arber, p. 59.

OPPIDAN, at Eton, a student who boards in the town, not in the college. (L.) Formerly in more general use. 'Oppidan, a citizen or townsman.' Blount's Gloss., ed. 1674. = *L. oppidū*, belonging to a town. = *L. oppidum*, a town: OL *oppidum*. Cf. *L. Peditum*, the name of a town in Latium. Livy, ii. 39. 4. β. 'The word *oppidum* I derive from *peditum* (cf. *Peditum*) = Gk. *πίδω*, ground, country, Skt. *pada-m*, tread, step, place, spot, foot-print, track, and *ob*, on, near, over, and interpret it accordingly as orig. "What lies on or over the open ground;" ... hence may well also be derived the old use of *oppida* for the barriers of a race-course, which lie on [or] over the arena: Curtius, ii. 103, 303. Ibréal compares Gk. *ἐμπεδω*, steadfast, firm (with prefix *ἐμ-*, for *ἐν*).

OPPIATION, a stopping up. (F. - I.) Sir T. Elyot has the pl. *oppiations*; Castel of Helthe, bk. ii. c. 7 (Of Fygges). = MF. *oppiation*, 'an obstruction'; Cot. - L. acc. *oppiationem*, allied to *oppiatus*, pp. of *oppiare*, to stop up. = *L. op* (for *ob*), against; and *pilare*, to ram, from *pilus*, a pestle. *L. pilum* is for **pindom*, from *pinsere*, to pound.

OPPOSITION, one who opposes. (L.) In Minshew, ed. 1627. = *L. opponēt*, stem of pres. pt. of *opponere*, to oppose, lit. act against. = *L. op* (for *ob* before *p*); and *pōnere*, to place. See **Ob-** and **Position**.

OPPORTUNE, seasonable. (F. - I.) Spelt *oportune* in Lydgate, Siege of Thebes, prol. 139. = *F. oportun*, 'timely'; Cot. = *L. opportunus*, convenient, seasonable; lit. near the harbour. = *L. op* (for *ob* before *p*), near; and *portus*, a harbour, port. Cf. *ini-portune*; and *L. Portianus*, the protecting deity of harbours. See **Ob-** and **Port** (2). Der. *opportune-ly*, *opportune-ness*; also *opportun-ly*, ME. *opportunitē*, Wyclif, Matt. xxvi. 16, from *F. opportunité* (Cot.), which from *L. acc. opportunitatem*.

OPPOSE, to resist, withstand. (F. - L. and Gk.) ME. *opposen*, used commonly in the special sense of to contradict in argument, as an examiner used to do in the schools; see Chaucer, C. T. 7179 (D 1597), where Tyrrwhitt prints *opposen*; Gower, C. A. i. 49; bk. i. 225. 'Aposen, or opoyan, Oppono.' Prompt. Parv. p. 13. = *F. opposer*; reflexively *s'opposer*, 'to oppose himself to resist, withstand, gainsay, to object, except, or protest against'; Cot. = *F. op* - *L. op* (for *ob* before *p*), against; and *F. posere*, to place. See **Ob-** and **Pose**. Der. *oppos-er*, *oppos-able*.

OPPOSITE, over against, contrary, adverse. (F. - L.) ME. *opposite*, Chaucer, C. T. A 1894. = *F. opposite*, 'opposite'; Cot. = *L. oppositus*, pp. of *opponere*, to set against. = *L. op* (for *ob* before *p*), against; and *pōnere*, to put, set; see **Ob-** and **Position**. Der. *opposite-ly*, *opposite-ness*; also *opposit-ly*, ME. *oppositio*, Chaucer, C. T. 11369 (F 1057), from *F. oppositio*, which from *L. acc. oppositum*.

OPPRESS, to press against, constrain, overburden. (F. - L.) ME. *oppressen*, Chaucer, C. T. 11723 (F 1411). = *F. presser*, 'to oppress'; Cot. = Late *L. oppressare*, to oppress; Ducauge = *L. op-press-us*, pp. of *opprimere*, to oppress, press upon; see **Ob-** and **Press**. Der. *oppress-ion*, Chaucer, C. T. 6471 (D 889), from *F. oppression*, which from *L. acc. opprēssionem*; *oppress-ive*, *oppress-ive-ly*, *oppress-ive-ness*; *oppress-er*, Hamlet, iii. 1. 71.

OPPROBRIOUS, reproachful, disgraceful. (L.) Spelt *opprobrius* in Trevisa, tr. of Higden, vii. 167; *opprobrius*, by a misprint, in The Remelie of Loue, ct. 41, pr. in Chaucer's Works, ed. 1561, fol. 323, back. = *L. opprobrius*, full of reproach. = *L. opprobrium*, reproach. = *L. op* (for *ob* before *p*), on, upon; and *probrum*, disgrace, infamy. Root uncertain. Der. *opprobrius-ly*, *-ness*. The sb. *opprobrium* is also sometimes used, having taken the place of the older word *opprobry*.

OPPUGN, to oppose, resist. (F. - L.) 'The true catholike faythe is, and euer hath been, *oppugned* and assaulted'; Sir T. More, Works, p. 571 h. = *F. oppugner*, 'to oppugne'; Cot. = *L. oppugnare*, to buffet, beat with the fists. = *L. op* (for *ob* before *p*), against; and *pugnare*, to fight, esp. with the fists, from *pugnus*, the fist. β. *Pugnus* is from a base *pug-*, appearing in *pug-il*, a boxer, pugilist. See **Ob-** and **Pugilist**. Der. *oppugn-er*; *oppugn-anc-y*, Shak. Troil. i. 3. 111.

OPTATIVE, wishful, wishing. (F. - I.) 'The name of a mood in grammar, sometimes expressive of wishing. In Palgrave, p. 84; and in Sherwood's Index to Cotgrave, where the *F. optatif* is also given. = *F. optatif* = *L. optātus*, expressive of a wish; the name of a mood. = *L. optatus*, pp. of *optare*, to wish; a frequentative verb from a base *opt-*, perhaps connected with *ap-ice*, to obtain; cf. Skt. *āp*, *ap*, to obtain, attain. Der. *optative-ly*; from the same source, *opt-ion*, *ad-opt*.

OPTIC, relating to the sight. (F. - Gk.) Formerly *optick*. 'Through *optick* glass'; Milton, P. L. i. 288. = *F. optique*, 'of, or belonging to, the eye-sight'; Cot. = Gk. *ὀπτικός*, belonging to the sight; cf. *ὀπτήρ*, a spy, eye-witness. From the base *Opt* (for *OQ*) occurring in Ionic *ὄψ-ω-α*, I have seen, *ὄψομαι*, I shall see; Boetian

ὄψ-θαλλος, for **ὄψταλ-ος* (cf. Skt. *akṣan*, the eye); also Lith. *ak-is*, eye, *L. oc-ulus*, Russ. *ok-o*, the eye. Der. *optic*, sb., an eye, as in 'the cleere casements of his own *optiques*'; Howell, Instructions for Foreign Travel, last sentence; *optics*, sb.; *optical*, *optick-al*, *optick-an*. Also *aut-op-ty*, *cat-op-tric*, *di-op-tric*, *sym-op-sis*; and see *ophthalmia*.

OPTIMISM, the doctrine that all is for the best. (L.; with Gk. suffix.) Added by Todd to Johnson's Dict. Coined by adding the suffix *-ism* (= Gk. *-ισμός*) to *optim-*, stem of *L. optimus*, best, OL. *optimus*; see Brugmann, ii. § 73. Perhaps related to *L. op-tis*, riches (Bretal). Der. *optim-ist*, with Gk. suffix *-ιστής*.

OPTION, choice, wish. (F. - L.) In Minshew. = *F. option*, 'option'; Cot. = *L. optiōnem*, acc. of *optio*, choice. Allied to *optiāre*, to wish; see **Optative**. Der. *option-al*, *option-al-ly*.

OPULENT, wealthy. (F. - L.) In K. Lear, i. 1. 88. = *F. opulent*, 'opulent'; Cot. = *L. opulentus*, wealthy. Extended from *op-*, stem of *opēs*, sb, pl., wealth, riches. Cf. Skt. *apnas*, wealth. Der. *opulence*; *opulenc-y*, Timon, v. 1. 38. From the same source are *e-op-y*, *e-op-ion*, *e-op-ulate*, &c.

OR (1), conjunction, offering an alternative. (E.) Short for *other*, *whether*, *either*, the older forms. 'Amys other elles' = amiss or else; P. Plowman, B. i. 175; where the Trin. MS. (printed by Wright) has 'amys outhir ellis'. 'Other catell other cloth' = either property or cloth; P. Plowman's Crede, ed. Skeat, l. 116. 'Authir to leuge lye, or to longe sitte' = either to lie long, or to sit long; Gawain and the Grene Knight, l. 88. β. This *other* or *outhir* is not the mod. E. *other*, nor allied to *either*; but seems to have been substituted for AS. *oððe*. Cf. AS. *oððe* ... *oððe*, either ... or. See N. E. D. Der. *n-or*.

OR (2), *ere*. (E.) The use of *or* for *ere* is not uncommon; see 'or ever I had seen that day'; Hamlet, i. 2. 183. Particularly in the phrase *or ere*, Temp. i. 2. 11; Macb. iv. 3. 173, &c. The forms *or*, *er*, or occur as exact equivalents in the same passage in the three texts of P. Plowman, C. viii. 66, B. v. 459, A. v. 232. All are from AS. *ær*, *ere*, or from its equivalents in various E. dialects. See **Ere**. ¶ It is probable that *or ere* arose as a reduplicated expression, in which *ere* repeats and explains *or*; and this was confused with *or'er*; whence *or ever*.

OR (3), gold. (F. - L.) A common heraldic term. = *F. or*, gold. = *L. aurum*, gold; see **Aureate**.

ORACH, **ORACHE**, a plant of the genus *Atriplex*, esp. mountain-spinach. (F. - L. - Gk.) Spelt *orech* in Turner, Names of Herbes, s. v. *Atriplex*; *orach* in Lyte, tr. of Dodoeus, bk. v. ch. 1; better spelt *arache* (see N. E. D.). = AF. *arache*, in Voc. 559, 1; MF. and *F. arache*, Cot. A heard form (Hatzfeld) for OF. **arrence* (not found). = *L. atriplicem*, acc. of *atriplex*, orach; Pliny, xix. 6. = Gk. *ἀτρίπλεξ*, *ἀτρίπλεξ*, orach; of unknown origin.

ORACLE, the utterance or response of a deity. (F. - I.) ME. *oracle*, Chaucer, Ho. of Fame, b. i. l. 11. = *F. oracle*, 'an oracle'; Cot. = *L. oraculum*, a divine announcement; formed with double dimin. suffix *-culu-* from *orāre*, to speak, announce, pray; from *ōr-* (for *ōs*), the mouth; see **Oral**. Der. *oracul-ar*, due to *L. oraculārius*, oracular; *oracul-ar-ly*, *-ness*.

ORAL, spoken, uttered by the mouth. (L.) In Blount's Gloss., ed. 1674. A coined word; formed with suffix *-al* (= *F. -al*, *-el*, *L. -alis*) from *ōr*, stem of *ōs*, the mouth. β. Allied to Skt. *āśāra*, the mouth; Icel. *ás*, the mouth of a river. Der. *oral-ly*; also *or-ac-le*, q.v., *or-al-ion*, q.v., *or-al-or*, q.v., *ori-fice*, q.v.; *ori-son*, q.v.; also *ad-ore*, *in-ex-or-able*.

ORANG-UTANG, a large ape. (Malay.) 'Orang-outang' is the name this animal bears in the E. Indies; *Pongo*, its denomination at Lowando, a province of Congo; J. E. tr. of Buffon, London, 1792. 'An *oran-outang* o'er his shoulders hngg'; Garth, Dispensary, c. v. l. 150 (1699). = Malay *orang utan*, 'the wild man, a species of ape'; Marsden, Malay Dict., p. 22. = Malay *orang*, a man, id.; and *utan*, *utan*, 'woods, a forest, wild or uncultivated parts of the country, wild, whether in respect to domestication or cultivation'; id. p. 364. Thus it means 'wild man.'

ORANGE, the name of a fruit. (F. - Ital. - Pers.) The pl. *oranges* is in Sir T. Elyot, Castel of Helth, b. ii. c. 7. 'Colour of *orange*' occurs in l. 11 of a 15th-century ballad beginning 'O mossie Quince,' pr. in Chaucer's Works, ed. 1561, fol. 344, back; and see *Orange* in Prompt. Parv. Lydgate has the pl. *orengis*, Minor Poems, p. 15; the sing. *orange* occurs in Allit. Poems, ed. Morris, B. 1044. = OF. *oreng* (14th century), Littré; later changed into *orange*, 'an orange'; Cot. 'The form should rather have been *narange*, but the initial *n* was lost, and *orange* became *orange* under the influence of *F. or* (*L. aurum*), gold; because the notion arose that the name denoted the golden colour of the fruit.' = Mital. *narancia*, an orange (Florio); also *arancia*, id., as now. Cf. Span. *naranja*, Port. *laranja* (for *naranja*), an orange. = Pers. *nāranj*, *nārin*, also *nārang*, an

orange; Rich. Pers. Dict. p. 1548; perhaps from Skt. *nāraṅga-s*, an orange-tree. Cf. Pers. *nār*, a pomegranate.

ORATION, a speech. (F.—L.) In Sir T. More, Works, p. 399 a. = F. *oration*, an oration, or harangue; Cot.—L. *oratio*, acc. of *oratio*, a speech.—L. *orare*, to speak, pray; from *or-*, stem of *ūs*, mouth.

ORATOR, a speaker. (F.—L.) Formerly *orator*, but now conformed to the L. spelling. ME. *orator*, Chaucer, tr. of Boethius, b. 4. pr. 4, l. 183.—AF. *orateur*, F. *orateur*, 'an orator'; Cot.—L. *orator*, acc. of *orator*, a speaker.—L. *orator*, to speak; see *Orator*. Der. *oratori-c-al*, *oratori-c-al-ly*; *orator-y*, ME. *oratoris*, Chaucer, C. T. 1907 (A 1905), from F. *oratoire*, 'an oratory' (Cot.), from L. *oratorium*, a place of prayer, neut. of *oratorius*, belonging to prayer; *orator-i-o*, from Ital. *oratorio*, an oratory, also an oratorio, from the same L. *oratorius*.

ORB, a sphere, celestial body, eye. (F.—L.) In Shak. Merch. Ven. v. 60; and earlier.—F. *orbe*, an orb; omitted in Cotgrave, but given in Sherwood's Index, and in use in F. in the 13th century (Littré). = L. *orbem*, acc. of *orbis*, a circle, circuit, orb. Root unknown. Der. *orb-ed*, Hambl. iii. 2, 166; *orbi-c-ul-ar*, Milton, P. L. iii. 718, from L. *orbiculāris*, circular; *orbi-c-ul-ar-ly*; also *orb-it*, Dryden, tr. of Virgil, xii. 1076, directly from L. *orbina*, a track, course, orbit, formed with suffix *-ita* from *orbi-*, decl. stem of *orbis*. Hence *orbit-al*.

ORB, ORK, a sea-monster. (L.) 'Seals and orks,' Milton, P. L. xi. 835. 'Epular', an Orke, a great sea-fish, mortal enemy to the whale; Cot.—L. *orca*, a sea-fish; perhaps the narwhal; Pliny, ix. 6. Holland's translation has: 'The Orca, other monstrous fishes... deadly enemies they be unto the foresaid whales.'

ORCHARD, a garden of fruit-trees. (L. and E.) ME. *orchard*, Ancr. Riwle, p. 378, l. 2 from bottom; *orchard*, Layamon, 12955. AS. *orced*, also spelt *orced*, Gen. ii. 8, 16; Wright, Popular Treatises on Science, p. 10, l. 3. The older form is *orgerd*, Alfred, tr. of Gregory's Pastoral, c. 40; ed. Sweet, p. 292, l. 4. [We also find *wyrtgeard*, to translate L. *promptuarium*, Ps. cxlii. 16, ed. Spelman.] Cognate with Goth. *aurtgarða*, a garden, John, xvii. 1; cf. *aurtja*, a gardener, husbandman, Luke, xx. 10. β. The latter element is merely the mod. E. *yard*; see *Yard* (1). The former element is merely borrowed from L. *hortus*, a garden, both in E. and Gothic; and, as L. *hortus* is cognate with E. *yard*, the form *ort-geard* merely repeats the idea of 'yard.' ¶ So in Braggman, i. § 767; but some have considered AS. *ort-geard* as wholly Teutonic, and have connected it with AS. *wyrt-geard* only (Dan. *wrt-geard*, Swed. *örtgeård*), a kitchen-garden, from AS. *wyrt*, Dan. *wrt*, Swed. *ört*, a wort. But the change from *wyrt* to *ort* (before A.D. 900) is incredible, and is now generally abandoned.

ORCHESTRA, the part of a theatre for the musicians. (L.—Gk.) In Holland, tr. of Suetonius, p. 242 (R.).—L. *orchestra*. = Gk. *ὀρχήστρα*, an orchestra; which, in the Attic theatre, was a space on which the chorus danced.—Gk. *ὀρχήστρα*, 1. dance. Cf. Skt. *ṛghāya*, to rage. Root uncertain. Der. *orchestr-al*.

ORCHIS, a name for certain plants. (L.—Gk.) In Holland, tr. of Pliny, b. xxvi. c. 10; and in Swinburne, Trav. through Spain, (1779), p. 233, l. 1.—L. *orchis* (Pliny). = Gk. *ὄρχις*, a testicle; hence applied to a plant with tubers of testicular shape. Der. *orchid-ic-ous*, a coined word, as if from *orchid-*, stem of *orchis* (but the L. *orchis* makes gen. *orchidis*, and Gk. *ὄρχις* makes gen. *ὄρχιδος*); also *orchid*, similarly coined. ¶ A similar mis-coining is seen in *ophidian*, for which see under *Ophioleide*.

ORDAIN, to set in order, arrange, regulate. (F.—L.) ME. *ordaynen*; P. Plowman, B. prol. 119; Rob. of Glouc. p. 236, l. 4864.—AF. *ordeiner*, Stat. Realm, i. 157; OF. *ordeiner*, later *ordonner*, as in Cotgrave.—L. *ordinare*, to set in order.—L. *ordin-*, stem of *ordo*, order; see *Order*. Der. *ordin-ance*, q.v.; *ordin-ate*, adj., ME. *ordinat*, Chaucer, C. T. 9160 (E 1284), from L. pp. *ordinātus*; *ordin-ate*, sb. (in mathematics); *ordin-ate-ly*; *ordin-al-ion*, in Phillips, ed. 1706, formed, by analogy with F. words in *-tion*, from L. *ordinatio*, an ordinance, also ordination. And see *ordin-al*, *ordin-ar-y*, *ordin-ance*.

ORDEAL, a severe trial, a judgement by test of fire, &c. (E.) The spelling is artificial; from about A.D. 1605; see N. E. D. It is also remarkable that this word from complete ignorance of its etymology is commonly pronounced *ord-al* in three syllables, though the *-deal* is related to the *dean* spoken of in *dealing cards*. ME. *ordal*, Chaucer, Troilus, iii. 1046. AS. *ordel*, *ordal*; the spelling *ordal* is rare, but occurs in the Laws of Edward and Guthrum, sect. ix, in Thorpe's Ancient Laws, l. 172; this form would answer to mod. E. *ordel*, or (by shortening due to want of stress) to a form *ordal*. The usual spelling is *ordal*, as in the Laws of Ethelred, sect. i (in Thorpe, i. 281), and sect. iv (id. l. 294), and see numerous references in Thorpe's Index; this form answers to

Chaucer's *ordal* (the *a* having been shortened by lack of stress); though the latter part of the word (*dāl*) answers to mod. E. *dole*. The orig. sense is 'a dealing out, separation, or discrimination; hence, a judgement, decision.' OFries. *ordel*; OSax. *urdēli*, a judgement, decision; Du. *ordel*, judgement; G. *urtheil*, OHG. *urteil*, judgement. β. The latter part of the word is (etymologically) the same as *Dole*; as shown by Du. *deel*, G. *theil*. The prefix is the Du. *oor-*, OSax. and G. *ur-*, answering to the OHG. prep. *ur*, Goth. *us*, out, out of, hence, thorough. It was common in AS., in such words as *or-mēte*, immense, *or-mid*, despondent, *or-sorg*, free from care, *or-triwe*, wanting in trust, *or-wēna*, wanting in hope, &c.; see Grein, ii. 356-360.

ORDER, arrangement, system. (F.—L.) ME. *ordre*; occurring four times on p. 8 of the Ancr. Riwle.—F. *ordre*, substituted for OF. *ordine* (Godefroy), by the not uncommon change of *n* to *r*; see *Coffer*.—L. *ordinem*, acc. of *ordo*, order, arrangement. β. Supposed to be connected with L. *ord-i*, to begin, esp. to begin to weave, to lay a warp; see Bréal, and Brugmann, ii. § 128. Der. *order*, verb, in Sir T. Wiat, Sat. ii. l. 87; *order-less*, K. John, iii. l. 253; *order-ly*, adj., Cymb. ii. 3, 52; *order-ly*, adv., Two Gent. i. l. 130; *order-li-ness*, *order-ing*. Also *dis-order*, *ordain*, *ordin-ance*, *ordin-ance*, *ordin-ate*, *ordin-al-ion*, *ordin-al*, *ordin-ar-y*, *in-ordin-ate*, *co-ordin-ate*, *sub-ordin-ate*.

ORDINAL, showing order or succession. (L.) In Phillips, ed. 1706; chiefly in the phr. 'an ordinal number.' 'Ordinal Numerals,' Minshew's Span. Grammar (1623), p. 12.—L. *ordinālis*, in order, used of an ordinal number.—L. *ordin-*, decl. stem of *ordo*, order; see *Order*. Der. *ordinal*, sb., 'a book of directions for bishops to give holy orders,' Blount's Gloss., ed. 1674, from Late L. *ordināle*, neut. of *ordinālis*.

ORDINANCE, an order, regulation. (F.—L.) ME. *orden-ance*, Rob. of Hume, tr. of Langtoft, p. 83, last line.—OF. *ordenance*, later *ordonnance* (Cotgrave).—Late L. *ordinantia*, a command.—L. *ordinant-*, stem of pres. part. of *ordinare*, to set in order; see *Ordain*. Doublet, *ordnance*.

ORDINARY, usual, customary. (F.—L.) 'The ordinary manner,' Sir T. More, Works, p. 583 d. *Ordinarily* occurs on p. 582 h.—F. *ordinaire*, 'ordinary'; Cot.—L. *ordinarius*, regular, usual.—L. *ordin-*, decl. stem of *ordo*, order; see *Order*. Der. *ordinary*, sb., from F. *ordinaire*, 'an ordinary' (Cot.), L. *ordinarius*, an overseer; *ordinari-ly*. Also *extra-ordinary*.

ORDINATE, ORDINATION; see *Ordain*.

ORDNANCE, artillery. (F.—L.) The same word as *ordin-ance*, which is the old spelling; see K. John, ii. 218; IIcn. V. ii. 4, 126; cf. Gower, C. A. ii. 195; bk. v. 2040. It sometimes referred to the bore or size of the cannon; cf. *Caliver*. 'Engin de telle ordnance, of such a bulk, size, or bore;' Cotgrave.

ORDURE, excrement. (F.—L.) In Shak. Hen. V. ii. 4, 39. ME. *ordure*, Chaucer, Pers. Tale, De Superbia (Six-text, Group I, 428).—F. *ordure*, 'ordure'; Cot.—OF. *ord* (fem. *orde*) 'filthy, nasty, foule, ... ugly, or loathsome to behold'; Cot. Cf. OF. *ordir*, 'to foule, defile, soil'; id. [So also Ital. *ordura* is from the adj. *ordo*, dirty, slovenly, soiled, deformed].—L. *horridus*, rough, shaggy, wild, frightful; see *Horrid*. So also Ital. *ordura* answers to M. Ital. *horrido*, mod. Ital. *orrido*, which Florio explains by 'horrid, hideous, ... enill fauoured, ... loathsome to behold.'

ORE, crude or unrefined metal. (E.) ME. *ore*, in Chaucer, C. T. 6646 (D 1064). From AS. *ōra*; 'hit is ēac berende on wegca *ōrum* āres and isernes,' it is futile in ores of lumps of brass and iron; Alfred, tr. of Bede, lib. i. c. 1. The word *ōra* was, sooner or later, entirely confused with the (unrelated) AS. *ār*, brass, also occurring in the above quotation; and the dat. case *ār*, meaning 'bronze,' occurs in Gregory's Pastoral, c. 37, ed. Sweet, p. 266. The change from AS. *ō* to long open *o* is seen again in E. *oar* from AS. *ōar*; whilst the change from AS. *ō* to the same is illustrated by AS. *flōr*, E. *floor*. β. The AS. *ōra* is cognate with Du. *oer*. But *ār* is cognate with Icel. *eir*, brass; OIIG. *ār*, brass; Goth. *aiz*, *aiz*, brass, coin, money, Mark, vi. 8; cf. *aizansmitha*, a copper-smith, 2 Tim. iv. 14; L. *æs*, bronze. Cf. Skt. *ayas*, iron; Max Müller, Lect. ii. 256.

OREAD, a mountain-nymph. (L.—Gk.) 'The Nymphs and Oreads,' Spenser, A Pastoral Aeglogue, l. 64.—L. *Oread-*, stem of *Orēas*, a mountain-nymph.—Gk. *Ὀρείας* (the same).—Gk. *Ὀρος*, a mountain. See *Organ*.

ORGAN, an instrument, esp. of music. (F.—L.—Gk.) In old books, the instrument of music is frequently called the *organo* or a pair of *organs*; *organe* or *orgoon* (answering to L. pl. *organa*) occurs in P. Plowman, C. xxi. 7; Chaucer, C. T. 12857 (B 4041); the pl. *organs* is in Chaucer, C. T. 15602 (G 134); see my note to P. Plowman, C. xxi. 7.—F. *organe*, 'an organ, or instrument where-with anything may be made or done'; Cot.—L. *organa*; orig. pl. of *organum*, an implement.—Gk. *ὄργανον*, an implement; allied to

ἔργον, a work; see **Work**. And see **Orgies**. Der. *organ-ic*, *organ-ical*, *organ-ically*, *organ-ism*, *organ-ist*, *organ-ize*, *organ-ization*. The AS. *organan*, sb. pl., used to translate L. *organum* in Ps. cxxxvi. 2 (ed. Spelman), can hardly be called an AS. word.

ORGIES, sacred rites accompanied with revelry; revelry, drunkenness. (F.—L.—Gk.) In Milton, P. L. i. 415; Drayton, Polyolbion, s. 6, l. 111. = *F. orgies*, 'the sacrifices of Bacchus'; Cot.—L. *orgia*, sb. pl., a nocturnal festival in honour of Bacchus, orgies.—Gk. *ἔργια*, sb. pl., orgies, rites; from sing. *ἔργον*, a sacred act; closely connected with *ἔργον*, work, action. See above. *ἔργον* the sing. *orgy* is comparatively rare.

ORGULLOUS, proud. (F.—OHG.) The reading in modern editions for *orgillous*, Shak. Troil. prol. 2. Palsgrave has: '*Orguylous*, *prowdie*, *orguillous*.' ME. *orgiulus*, O. E. Misc. p. 30, l. 23; cf. Sir T. Malory, Morte Arthure, bk. xxi. c. 1. Anglo-F. *orguillous*, Langtoft's Chron. l. 54.—OF. *orguillous* (11th cent.); later *orguillous*, 'proud'; Cot.—OF. *orguil*, *orguel*, *orgoel*, mod. F. *orgueil*, 'pride', id. [Cf. Span. *orgullo*, orig. *urgullo*, as shown by l. 1947 of the Poem of the Cid, Ital. *orgoglio*, pride.] From a supposed OHG. sb. **urguol*, pride; formed from OHG. *urguol*, remarkable, notable (Graf, iv. 153). See Diez, Scheler, Littre. Cf. AS. *orgelice*, arrogantly, in Ælfred, tr. of Boethius, c. 18, § 4; though connexion with this is uncertain. *Org* the OHG. word is compound; the prefix *ur-* answers to AS. *ur-*, Goth. *ur-*, out, and has an intensive force, as explained under **Ordeal**. *y*. The latter part of the word is not clear; the vowel suggests a connexion with AS. *göl*, and grade of *galan*, to sing loudly.

ORIEL, a recess (with a window) in a room. (F.—L.) 'It may generally be described as a recess within a building; Blount has *oriol*, the little waste room next the hall in some houses and monasteries, where particular persons dined, and this is clearly an authorized and correct explanation'; Halliwell's Dict., which see. Spelt *oriell* in the Squire of Low Degree, l. 93; in Ritson's Metrical Romances, vol. iii.—OF. *oriol*, *enriol*, a porch, alley, gallery, corridor; Godfrey. We find *le oriol* glossed by 'de la chambre', i.e. the oriel of a chamber, in Wright's Vocab. i. 166, l. 9. The Late L. form is *oriolum*, explained as a portico in Matt. Paris, in Ducange; see the citations in N. E. D. and Halliwell. *β*. Also specially applied to the small apartment in which it was the privilege of sick monks to dine; 'at non in infirmaria sed seorsim in *oriolo* monachi infirmi carnem comederunt'; Matt. Paris, v. 259; in Ducange. Also to an oriel-window, as in the Squire of Low Degree, l. 93, and in the Erl of Toulouse, l. 307; Ritson, Met. Rom. vol. iii. Of unknown origin; but the OF. *oriol* points to orig. L. *oriol*; see N. E. D. Perhaps the L. *oriol* is the same as in E. *oriol*; from L. *oriol*, a mouth, an entrance, an opening; cf. E. *whorl*, q.v. *¶* There is an article on the senses of the word *oriol* in the Archaeologia, vol. xxiii.

ORIENT, eastern. (F.—L.) ME. *orient*, in Chaucer, C. T. 14320 (B 3504). = F. *orient*. = L. *orient*, stem of *oriens*, the rising sun, the east; properly pres. part. of *oriri*, to rise. See **Origin**. Der. *orient-al*, Chaucer, On the Astrolabe, pt. i. sect. 5, l. 4, from F. *oriental*, *l. orientalis*; *orient-alist*.

ORIFICE, a small opening. (F.—L.) Spelt *orifis* in Spenser, F. Q. iv. 12. 22.—F. *orifice*, 'orifice'; Cot.—L. *orificium*, an opening, lit. 'the making of a mouth'. = L. *ori-*, decl. stem of *ori*, a mouth; and *-fic-*, for *-facere*, to make. See **Oral** and **Faot**.

ORIFLAMME, the old standard of France. (F.—L.) 'The *oriflamme*, a special rhyke that the Frenshe kynges use to bere before them in all battayles'; Fabyan's Chron. an. 1355, ed. Ellis, p. 467. = OF. *oriflamme*, 'the great and holy standard of France'; Cot.—Late L. *auriflamma*, the standard of the monastery of St. Denis in France. The lit. sense is 'golden flame', hence 'a golden banner'; so called because the banner was a red pennon with streamers, and was carried on a gilt pole. Cf. L. *flammula*, a little flame, also a small banner used by cavalry.—L. *auri-*, for *aurum*, gold; and *flamma*, a flame. See **Aureate** and **Flame**. *¶* But the Chanson de Roland, 2093, has *orie flambe* (L. *aurum flammam*), as if the flag itself were golden; and a drawing, showing the shape of the oriflamme, is given in Gautier's edition, p. 278.

ORIGAN, **ORIGANUM**, wild marjoram. (F.—L.—Gk.) [An older name is *organy*, mentioned in Cotgrave. We also find AS. *organe*, for which see Cockayne's Leechdoms, iii. 340, borrowed directly from L. *origanum*.] In Holland, tr. of Pliny, b. xx. c. 17; Spenser, F. Q. i. 2. 40.—F. *origan*, 'garden organy, wild marjoram'; Cot.—L. *origanum* (Pliny). = Gk. *ὀρίγανον*, *ὀρίγανος*, marjoram; lit. 'mountain-pride'. = Gk. *ὄρος*, for *ὄρεα*, from *ὄρος*, a mountain; and *γάνος*, brightness, beauty, ornament, delight. *β*. Gk. *ὄρος* is perhaps allied to Skt. *varshma*, height; *γάνος* is perhaps from the same root as L. *gaudere*, to rejoice. Cf. **Orad**.

ORIGIN, source, beginning. (F.—L.) In Hamlet, i. 4. 26; the adj. *original* is much older, in Chaucer, C. T. 12434 (C 500). = F.

origine, 'an original, beginning'; Cot.—L. *originum*, acc. of *origo*, a beginning.—L. *oriri*, to arise, begin. Allied to Gk. *ἄρριμ*, I stir up. Der. *origin-al* (as above), *origin-ally*, *origin-al-ity*, *origin-ate*, *origin-al-ion*, *origin-al-or*. And see *ori-ent*, *prim-ordial*.

ORIOLE, the golden thrush. (F.—L.) Called 'the golden oriole' in a translation of Buffon, London, 1792. The old names are golden thrush, witwail, wodewale, and heighaw.—OF. *oriol*, 'a heighaw, or witwail'; Cot.—L. *aureolus*, golden; extended from *aureus*, golden.—L. *aurum*, gold; see **Aureate**.

ORISON, a prayer. (F.—L.) ME. *orison*, *orisoun*, Rob. of Glouc. p. 235, l. 4846; Chaucer, C. T. 5016 (B 596). = AF. *orison*; OF. *orison*, *orison*, *oraison* (Burguy), later *oraison*, 'orison, prayer'; Cot.—L. *oratio*, acc. of *oratio*, a speech, prayer.—L. *orare*, to pray.—L. *or-*, from *ori*, the mouth; see **Oral**. Doublet, *oration*.

ORLE, in heraldry, an ordinary like a fillet round the shield within it, at some distance from the edge; in architecture, a fillet. (F.—L.) F. *orle*, fem. 'a hem, selvidge, or narrow border; in blazon, an *urle*, or open border about, and within, a coat of arms'; Cot.; Late L. *orla*, a border, edge; in use A.D. 1244 (Ducange). This answers to a L. form **orula*, not found, dim. of *ora*, border, edge, margin.

ORLOP, a deck of a ship. (Du.) '*Orlope*, the uppermost deck of a great ship, lying between the main and misen mast, and otherwise called the spare-deck; the second and lowest decks of a ship that has three decks, are likewise sometimes termed *orlopes*'; Phillips, ed. 1706. Also 'the second and lower deck of a ship'; id., ed. 1658. But properly applied only to the deck over the hold, which became the lower (or lowest) deck in ships having more decks than one. Contracted from *overloep*; spelt *overloope* in Naval Accounts of Hen. VII, p. 176; l. 21.—Du. *overloep*, 'a running over; *de overloep van een schip*, the deck of a ship, the orlope'; Sewel. So called because it runs over or traverses the ship; cf. Du. *overloopen*, 'to run over, to run from one side to the other'; Sewel.—Du. *over*, cognate with E. *over*; and *loopen*, to run, cognate with E. *leap*. See **Over** and **Leap**.

ORMOLU, a kind of brass. (F.—L.) '*Ormolu*, an alloy in which there is less zinc and more copper than in brass, that it may present a nearer resemblance to gold. . . . Furniture ornamented with *ormolu* came into fashion in France in the reign of Louis XV' [1715-1774]; Becton's Dict. of Univ. Information.—F. *or molu*, lit. pounded gold.—F. *or*, gold, from L. *aurum*; and *molu*, pp. of *molvere*, to grind, pound, OF. *moudre*, *molre*, from L. *molvere*, to grind; see **Aureate** and **Mill**.

ORNAMENT, that which beautifies, adornment. (F.—L.) ME. *ornament*; the pl. *ornamentes* occurs in Chaucer, C. T. 8134 (Sixtext, E 258); where it is remarkable that the Ellesmere and Camb. MSS. have *ornamentes*, and the Hengwrt MS. has *ornamentes*. [These forms answer to OF. *ornement*, an ornament, from the verb *ornare* (< L. *adorare*), to adorn.] Also *ornamentes*, pl., Allit. Poems, ed. Morris, B. 1799.—F. *ornement*, 'an ornament'; Cot.—L. *ornamentum*, an ornament; formed with suffix *-mentum* from *ornare*, to adorn. *β*. According to Bréal, a contracted form of *ordinare*, to set in order; see **Ordain**. Der. *ornament*, verb, added by Todd to Johnson; *ornament-al* (in 1646); *ornament-al-ly*, *ornament-al-ion*; also (from L. pp. *ornatus*) *ornate*; *ornate-ly*, *ornate-ness*. Also *ad-orn*.

ORNITHOLOGY, the science of birds. (Gk.) [In Blount's Gloss, ed. 1674, where it is noted as being 'the title of a late book'; viz. Fuller's *Ornithologie*, or the Speech of Birds; which is a different usage.] First truly used by Kay (1678) in his tr. of Willughby's *Ornithologia Libri Tres* (1676). = Gk. *ὀρνίθιον*, decl. stem of *ὄρνις*, a bird; and *-λογία*, allied to *λόγος*, a discourse; see **Logio**. *β*. The Gk. *ὄρνις* is interesting as being cognate with AS. *earn*, an eagle, Matt. xxiv. 28. A shorter form appears in Goth. *ara*, G. *aar*, an eagle; cf. also Russ. *orl*, an eagle. Named from its soaring; cf. Gk. *ὀρνυμι*, I stir up. Der. *ornithologic-al*, *ornitholog-ist*.

ORNITHORHYNCHUS, an Australian mammal. (Gk.) Lit. 'bird-snout'; so called from the resemblance of its snout to a duck's bill.—Gk. *ὀρνίθιον*, for *ὄρνις*, a bird (above); and *ῥύγχος*, a snout, muzzle.

ORPHAN, a child bereft of father or mother, or of both parents. (L.—Gk.) 'He will not love them *orphans*, as fatherless children'; Sir T. More, Works, p. 173 c; with a reference to John, xiv. [This form supplanted the older F. form *orphelin*, used by Chaucer, tr. of Boethius, b. ii. pr. 3, l. 21.] = L. *orphaneus*, John, xiv. 18 (Vulgate). = Gk. *ὀρφανός*, destitute, John, xiv. 18; A. V. 'comfortless.' Cf. Gk. *ὀρφανός*, with the same sense; whence *ὀρφανός*, one who brings up orphans. The shorter form *ὀρφανός* answers to L. *orbus*, deprived, bereft, destitute. Der. *orphan-age*, a coined word.

ORPIMENT, yellow trisulphide of arsenic. (F.—L.) ME. *orpiment*, Chaucer, C. T. 16291 (G 823). Lit. 'gold paint'. = F.

orpinant, 'orpinant': Cot. = *L. auripigmentum*, orpinant. — *L. auripigmentum*, gold; and *pigmentum*, a pigment, paint. See **Aureate** and **Pigment**. Der. *orpin*.

ORPINE, ORPIN, a kind of stone-crop. (F. — *L.*) Also called *live-long*; whence Spenser speaks of the 'orpine growing still,' i.e. growing continually; *Minopetnos*, l. 193. *M.E. orpin*; *Prompt. Parv.* = *F. orpin*, 'orpin, or live-long; also orpine, orpinant, or arsenick'; Cot. Merely a docked form of *F. orpinant*, orpinant; so called from its yellow flowers. See **Orpinant**.

ORREERY, an apparatus for illustrating the motions of the planets, &c. (Ireland.) 'Constructed at the expense of Charles Boyle, [second] earl of Orrery, about 1715 [rather 1713];' Haydon, *Dict. of Dates*. Orrery is the name of a barony in the county of Cork, in Ireland; the chief town in it is Bannewant. It derives its name from the *Orraighe*, or 'descendants of Orbi'; see *Cornac's Glossary*, ed. Stokes, ed. 1868, p. 128. (A. J. Mayhew.)

ORRIS, the name of a plant. (Ital. — *L.* — *Gk.*) 'The nature of the *orris*-root is almost singular;' Bacon, *Nat. Hist.* § 863. Spelt *orice* in Cotgrave, who explains *F. iris* by 'the rainbow, also, a flowerdeluce; *iris de Florence*, the flowerdeluce of Florence, whose root yields our orice-powder.' The Spanish term for *orris-root* is *raiz de iris florentina* = root of the Florentine iris. In Holland, tr. of Pliny, b. xxi. c. 7, we read: 'but as for the flour-de-lis [commonly called *iris*, Holland's note], it is the root only thereof that is comfortable for the odor.' It appears that *orris*, *orice*, and *orrice*, are English corruptions of the Ital. *iris*, or *ireas*. *Mital*, *iris*, 'a kinde of sweete white roote called orris-roote'; Florio, ed. 1598; cf. mod. Ital. *ireas*, corn-flag, sword-grass (Meadows). *B.* The form of the Ital. *iris*, *ireas* is not easy to explain; it occurs as late *L. yreos* in Synonyma Bartholomaei, p. 25; but it is certainly connected with *L. iris*, which is the very word in Pliny, b. xxi. c. 7; and this is borrowed from *Gk. iris*, 'the plant iris, a kind of lily with an aromatic root;' Liddell and Scott. *y. yreos* was specially used of the dried roots of the iris; see Lyte, tr. of Dioscorides, b. ii. c. 35. It is prob. short for *ipeos iris*, where *ipeos* is a variant of the gen. *ipeos* (see *Prellwitz*). See **Iris**.

ORT, a leaving, remnant, morsel left at a meal. (E.) Usually in the pl. *orts*, *Truill.* v. 2. 158; *Timon* iv. 3. 400. *M.E. ort*, sb. pl., spelt *ortus* in the *Prompt.* *Parv.* p. 371, which has: '*Ortus*, releef of bestys meyt,' i.e. orts, remnants of the food of animals. Not found in AS, but it is in general dialectal use, and is found in MDu, Low G., and Friesic. The Friesic is *ort* (Outzen); the Low G. is *ort*, esp. used of what is left by cattle in eating; cf. Low G. *ortstrot*, refuse-straw; Bremen Wörterbuch, iii. 272. The word is solved by the fuller form found in MDu, viz. *oorte*, *oortele*, a piece left uneaten at a meal, also *nausca* due to over-eating; Oudemans, v. 403. *B.* This is a compound word, made up of MDu. *oor*, cognate with AS. *or*, OHG. *ur* (mod. G. *er*), Goth. *us*, prep. signifying 'out' or 'without'; and MDu. *aet*, *actualis* (Hexham). Thus the sense is 'what is left in eating,' an 'over-morsel,' if we may so express it. For the prefix, see further under **Ordeal**; and see **Eat**. Cf. AS. *ort*, food; from the 3rd grade of *elan*, to eat; whence *ur-äl*. *y.* We may particularly note Swed. dial. *or-äte*, *ur-äte*, refuse folder, orts, from *ur*, *or*, the prefix corresponding to Du. *oor* above, and Swed. *äta*, *actualis*, food (Kietz). Dan. dial. *ored*, *orret*, an ort; cf. also NFries. *örte*, to leave remnants after eating. Also Bavarian *wrösen*, *wrezen*, to eat wastefully, *wriss*, *wrizz*, refuse; where *ur* is the OHG. form of the same prefix, and *wrösen* = *G. essen*, to eat; see Schmeller, *Bav. Wört.* i. 134. Also Norw. *orreta* (for *orreta*), orts; MDan. *orte*.

ORTHODOX, of the right faith. (F. — *L.* — *Gk.* or *L.* — *Gk.*) Blount's Gloss., ed. 1674, has *orthodox* and *orthodoxian*; so also in Cotgrave. = *F. ortholoxe*, 'ortholoxe, orthodoxall'; Cot. = Late *L. ortholoxus* (Lewis). = *Gk. ortholoxos*, of the right opinion. = *Gk. ortholoxos*, for *ortholoxos*, upright, right, true; and *doxa*, opinion. *B.* *Gk. doxa* is cognate with *L. arduus*, high, Irish *ard*, high. *y.* *Gk. doxa* is from *dokein*, to seem, allied to *L. decet*, it is fitting; see **Deorum**. Brugmann, ii. § 143. Der. *ortholoxus*, *Gk. ortholoxia*.

ORTHOPHY, correct pronunciation. (Gk.) The word occurs in *Ap. Wilkins*, Essay towards a Real Character, pt. iii. c. 1 (R.). This work appeared in 1668. Imitated from *Gk. orthophros*, correct pronunciation. = *Gk. orthos*, for *orthos*, right, true; and *phros*, a word. See **Orthodox** and **Epilo**.

ORTHOGRAPHY, correct writing. (F. — *L.* — *Gk.*) In rather early use. 'Of this word the true orthographic;' Remely of Love (15th cent.), st. 41, l. 6; *pr.* in Chaucer's Works, ed. 1561, fol. 323, back. The word was at first spelt *ortu*, as in French, but afterwards corrected. = *OF. orthographie*; Cot. only gives the verb *orthographier*; to orthographise, to write or use true orthography. = *L. orthographia* (Lewis). = *Gk. orthographia*, a writing correctly. = *Gk. orthos*, for *orthos*, right; and *grapho*, to write; see **Orthodox** and **Graphio**. Der. *orthographi-c*, *-al*, *-al-ly*; *orthograph-er*, *-ist*.

ORTHOPTEROUS, lit. straight-winged; an order of insects. (Gk.) Modern and scientific: coined from *ortho-*, for *orthos*, right, straight; and *-ptero-*, a wing. See **Orthodox** and **Diptera**. So also *orthoptera*.

ORTOLAN, the name of a bird. (F. — *Ital.* — *L.*) See Trench, *Select Glossary*, the word means 'haunting gardens,' and Trench cites *ortolan* in the early sense of 'gardener' from the State Papers, an. 1536, vol. vi, p. 534. = *OF. hortolan*, 'a delicate bird,' &c.; Cot. = *Mital. hortolan*, 'a gardener; also a dainty bird so called'; Florio. = *L. hortulanus*, a gardener, belonging to a garden. = *L. hortulus*, a little garden, dimin. of *hortus*, a garden, cognate with *E. yard* and *garth*; see **Court**, **Garth**, **Yard** (1). ¶ The change from *u* to *o* is common in Italian.

ORTS, the pl. of **Ort**, q. v.

OSCILLATE, to swing. (L.) In Blount's Gloss., ed. 1674. = *L. oscillatus*, pp. of *oscillare*, to swing, sway. = *L. oscillum*, a swing. *B.* Vanicek (with a reference to Corssen in Kuhn's Zeitschrift, xv. 156) identifies *oscillum*, a swing, with *oscillum*, a little mouth, a little cavity, a little image of the face, mask or head of Iacchus which was suspended on a tree (Lewis); with the remark that it meant a puppet made to swing or dance. If so, *oscillum* is a dimin. of *osculum*, the mouth, itself a dimin. from *os*, the mouth; see **Oral**. Cf. Verg. Georg. ii. 389. Der. *oscillation*, *oscillat-or-y*. And see *osculate*.

OSCULATE, to kiss. (L.) In Blount's Gloss., ed. 1674. = *L. osculatus*, pp. of *osculari*, to kiss. = *L. osculum*, a little mouth, pretty mouth; double dimin. (with suffix *-cul-*) from *os*, the mouth; see **Oral**. Der. *osculat-or-y*, *osculat-ion*.

OSIER, the water-willow. (F. — Late *L.*) In Shak. *L. L. L.* iv. 2. 112. *M.E. osyrr*; *Prompt. Parv.* p. 371; *osyrr*, K. Alisander, ed. Weber, 6186. = *F. osier*, 'the osier, red withy, water-willow tree'; Cot. Cf. *AF. osier*, an osier; A. Neckam; in Wright's Vocab. 1st Ser. p. 110. *B.* Origin uncertain; but obviously related to Late *L. osaria*, *osaria*, a bundle of osiers or twigs of the willow, in Irminon's Polypetichum (9th cent.); Phil. Soc. Trans., 1902; p. 543. Godefroy has *OF. assay*, an osier.

OSMIUM, a metal. (Gk.) Discovered in 1803 (Haydn). The oxide has a disagreeable smell; hence the name, coined from *Gk. osmē*, a smell; earlier form, *osmē*. Connected with *osmē* (*-ōsmē*), to smell, and with *L. odor*; see **Odour**.

OSPREY, the fish-hawk. (F. — *L.*) In Shaks. *Cor.* iv. 7. 34; cf. Two Noble Kinsmen, i. 1. 138. In the old texts, it is spelt *aspray* in both passages. Spelt *osprey*, *ospreia*, *osfraie* (F. *osfraie*), in Holland, tr. of Pliny, b. x. c. 3; all these forms are related to *osifrage*, also occurring in the same chapter. Spelt *aspray* in *Lydgate*. Assembly of Gods, 813. The name signifies 'bone-breaker'; from the bird's strength. *B.* The form *osfraie* is from *MF. osfraie*, 'the osprey'; Cot. The form *osprey* appears to be an altered form of an *OF. osfraie* (not found, but the form intermediate between *F. osfraie* and the *L.* word); perhaps by confusion with *F. prey*. All from *L. ossifragus*, *ossifragus*, the sea-eagle, osprey. = *L. ossifragus*, bone-breaking. = *L. ossi-*, decl. stem of *os*, a bone; and *frag-*, a stem of *frangere*, to break, cognate with *E. break*. See **Ossuous** and **Break**. Doublet, *ossifrage*.

OSSEOUS, bony. (L.) A late word; added by Todd to Johnson. = *L. ossens*, bony; by change of *-us* to *-ens* (common). = *L. oss-*, from *os*, a bone. *B.* Allied to *Gk. ossiōr*, Skt. *asthi*, a bone. Brugmann, i. § 703. Der. *ossi-ly*, to turn to bone, from *ossi-*, decl. stem of *os*, and *F. -ferre* (*for facere*), to make; *ossi-ferre* = *ossi-ferre*, Sir T. Browne, *Urn-burial*, c. v. § 4, from *L. ossuarius*, a receptacle for the bones of the dead. Also *ossi-fraga*, *os-prey*.

OSSIFRAGE, an osprey; also, the bearded vulture. (L.) In Levit. xi. 13; Deut. xiv. 12. = *L. ossifragus*, also *ossifragus*, a bone-breaker; see **Osprey**.

OSTENSIBLE, that may be shown, apparent. (L.) Late; see Todd's Johnson. Coined by adding the suffix *-bile* (F. *-bile*, *L. -bilis*) to *ostensi-*, for *ostensus*, pp. of *ostendere*, to show. *B.* *Ostendere* is for **ops-tendere*, where **ops* is related to *ob*, near, before, and *tendere* is to stretch; hence the sense is 'to spread before' one, to show. See **Ob-** and **Tend**. Der. *ostensi-bly*, *ostensi-bili-ty*; we also find *ostensive* = 'that serves to shew,' a term in logic; see Bacon, *Adv. of Learning*, bk. ii. § xiii. 3. And see *ostentat-ion*.

OSTENTATION, show, pomp. (F. — *L.*) '*Ostentacion* and shew;' Sir T. More, Works, p. 1191 c. = *F. ostentation*, 'ostentation'; Cot. = *L. ostentationem*, acc. of *ostentatio*, display. = *L. ostentare*, intensive form of *ostendere*, to show; see **Ostensible**. Der. *ostentationis*, in 1673; *ostentati-ous-ly*, *-ness*. We also find *ostent*, *Merch. Ven.* ii. 2. 205, from *L. ostentus*, display.

OSTEOLOGY, the science of the bones. (Gk.) Scientific. = *Gk. ostiō-*, decl. stem of *ostion*, a bone; and *-logia*, equivalent to *lógos*, discourse, from *lógos*, to speak. See **Ossuous** and **Logio**.

OSTLER, the same as **HOSLER**, q. v. (F.-L.) Wyclif has *ostler*, an innkeeper, Luke, x. 35.

OSTRACISE, to banish by a vote written on a potsherd. (Gk.) 'And all that worth from hence did ostracise;' Marvell, *Lachrymæ Musarum*; 1650 (R.). [The ab. *ostracisme* is in Minshew, ed. 1627, and the MF. *ostracisme* is in Cotgrave.] = Gk. *ostrakismos*, to banish by potsherds, to ostracise. = Gk. *ostrakon*, burnt clay, a tile, potsherd, tablet for voting; also, a shell, which appears to be the origin, meaning. β. Closely allied to Gk. *ostrakon*, an oyster, and to Gk. *ostron*, a bone. See **Oyster** and **Ossuous**. Der. *ostracism* (= F. *ostracisme*), from Gk. *ostrakismos*.

OSTRICH, a very large bird. (F.-L. and Gk.) ME. *ostryche*, Squire of Low Degree, l. 226; in Ritson, *Metr. Romances*, vol. iii. Earlier *ostrice*, Ancien Kivle, p. 132, note s. *Ostrice* is a weakened form of *ostruce*. = OF. *ostruce* (12th cent.), *ostruche*, Palsgrave, *ostruce*, Cotgrave, mod. F. *autruche*; see Littré. Cf. Span. *avestruz*, Port. *abestruz*, an ostrich. β. All from L. *avis struthio*, i.e. ostrich-bird. = L. *avis*, a bird; and *struthio*, an ostrich, borrowed from Gk. *στροφιων*, an ostrich. γ. For the L. *avis*, see **Aviary**. The Gk. *στροφιων* is an extension from *στροφος*, a bird; which is prob. allied to Lith. *strazdas*, a thrush; see **Throstle**. ¶ The L. *avis* also occurs as a prefix in the singular word *bustard* (= *avis tarda*); see **Bustard**. N.B. We find also the spelling *estridge*, 1 Hen. IV, iv. 1. 98.

OTHER, second, different, not the same. (E.) A. The word second is the only ordinal number of F. origin, till we come to *millionth*; it has taken the place of *other*, which formerly frequently had the sense of 'second'. B. We constantly meet with *thel* on, *thet* other = the one, the other (lit. that one, that other); these phrases are often spelt *ton*, *the tother*, the t being attached to the wrong word; and this explains the common prov. E. *the tother*, often used as *tother*, without *the*. It must be remembered that *thet* or *that* was orig. merely the neut. of the def. article. 'And ever whyll *that* on hie sorwe tolde *That* other wepte' = and ever, whilst the one told her sorrow, the other wept; Chaucer, C. T. 10890 (F 495). AS. *ōðer*, other, second, Grein, ii. 305. The long *ō* is due to older *on*, for *an*, as in *gūs* (goose) for *gans*; *tōð* (tooth) for *tanþ*; hence *ōðer* stands for *ander*. + Du. *ander*; Icel. *annarr* (for *anþarr*, by assimilation); Dan. *anden* (neut. *ander*, pl. *andere*); Swed. *andra*, next, second, other; G. *ander*; Goth. *anþar*. + Lithuan. *antras*, other, second (Nesselmann); Skt. *antara*-s, other. β. We also find Skt. *anya*-s, other; which at once shows the division of the word. [We must be careful, by the way, to separate Skt. *antara*-s, other, from Skt. *antara*-s, interior, connected with *antar* (L. *inter*), within.] In Skt. *an-tara*-s, Goth. *an-thar*, E. *o-ther*, the suffix is the usual comparative suffix appearing in Gk. *σώφρο-ν*, *σοφ-ος*, *σοφ-ος*, &c.; seen also in E. *whē-thar*, *ei-thar*, *hi-thar*, &c.; the Idg. form being *-TER-*. γ. The base *an* is perhaps the Idg. pronominal base found in Lithuan. *an-a*, that one (Nesselmann, p. 5), and in Russ. *on*, he. Thus the orig. sense is 'more than that,' or 'beyond that,' used in pointing out something more remote than that which was first contemplated; hence its use in the sense of 'second.' Dor. *other-wise*, MF. *other wise* = in another way, Will. of Valerme, l. 306; *an-other*.

OTTOSE, unemployed, idle, futile. (L.) First in 1794. = L. *otiosus*, unemployed. = L. *otium*, leisure.

OTTER, the water-weasel. (F.) ME. *oter* (with one t); Old Eng. Miscellany, ed. Morris, p. 70, l. 358. AS. *otter*, as a gloss to L. *turris* in *Elfric's* Gloss, Nomina Petrarum; Voc. 118. 42; spelt *oter*, id. 320. 21. Hence the adj. *yteren*, by vowel-change; Sweet's AS. Reader. + Du. *otter*; Icel. *ottr*; Dan. *odder*; Swed. *otter*; G. *otter*; Russ. *vidra*; Lithuan. *utras*; Gk. *utras*, a water-snake, hydra. β. The common Teutonic title is **otroz*, m.; Idg. types **udros*, m., **udra*, f.; closely related to *water*; cf. Gk. *utras*, water-snake, with *utras*, water. The sense is 'water-animal.' See **Water**, **Wet**. Doublet, *hydras*.

OTTO, a bad spelling of **ATTAR**, q. v. (Arab.) **OTTOMAN**, a low stuffed seat. (F.-Arab.) F. *ottomane*, an ottoman, sofa; 1 Hamilton, F. *ottoman*, Turkish, Turk. So named from *Okman* or *Osman*, the founder of the Ottoman or Turkish empire in A. d. 1299. From Arab. *othmān* (Devic).

OUBET, a hairy caterpillar. (E.) Also *oubit*, *woubit*, *woubet*; see The Oubit in Kingsley's Poems. Spelt *woubet*, Montgomery's Poems, S. T. S. p. 68, l. 268. ME. *wolbode*, *wolbode*, 'multitudes'; Catholicism Anglicum. = AS. *wulf*, wool, and *badda*, a beetle; Voc. 543. 10. See Notes on E. *Hyum*, p. 203.

OUCH, **NOUCH**, the socket of a precious stone, an ornament. (F.-OHG.) The orig. sense is 'socket of a gem,' but it is commonly used for gem or ornament. The true form is *nouch*, but the initial *n* is often dropped; see remarks upon the letter *N*. Spelt *ouches* in Exod. xxviii. xxxix; and in Shak. a Hen. IV, ii. 4. 53; *ouches* in Sir T. More, Works, p. 337 d. 'As a precious stone in

a riche *ouch*;' Sir T. Elyot, The Governour, b. iii. c. 30. ME. *nouch*, Chaucer, C. T. 8258 (E 382), after a word ending with a consonant; but an *ouch* (for a *nouch*) in C. T. 6325 (D 742). 'Nouches, monile;' Prompt. Parv. p. 359, and see Way's note; he cites: 'Fer-maglio, the hangyng *ouch*, or floure that women use to tye at the chaine or lace that they wear about their neckes,' W. Thomas, Ital. Grammar, 1548. So that one sense of the word is exactly mod. E. 'locket.' 'A golden lace or *nouches*;' Wyclif, 1 Macc. x. 89; where the A. V. has 'a buckle of gold.' = AF. *nouches*, Stat. Realm, i. 380; OF. *nouches*, *nouches*, a buckle, clasp, bracelet, given by Godefroy, s. v. *nouches*. [It is, indeed, obvious that the Low L. *nouchia*, which occurs in the Inventory of jewels of Blanche of Spain (cited in Way's note) is nothing but the F. *nouches* latinised.] The more correct Late L. form is *nusca* (Ducange). = MIG. *nusche*, *nuske*, OHG. *nusca*, *nuscha*, a buckle, clasp, or brooch for a cloak. Prob. ult. of Celtic origin; cf. Irish *nasc*, a tie, chain, ring; *nasgain*, 1 bind (Schade, Stokes).

OUGH (1), past tense of **Owe**, q. v. (E.)

OUGH (2), another spelling of **Aught**, q. v. (E.) Spelt *onst* in Wyclif, Luke, ix. 36.

OUNCE (1), the twelfth part of a pound Troy. (F.-L.-Gk.) ME. *unce*, Chaucer, C. T. 16224, 16589 (G 756, 1121). = OF. *unce* (12th cent.), mod. F. *once* (Littré). = L. *uncia*, (1) an ounce, (2) an inch. β. The orig. sense is 'a small weight'; allied to Gk. *ὄγκος*, bulk, mass, weight. Doublet, *inch*.

OUNCE (2), **ONCE**, a kind of lynx. (F.-L.-Gk.) In Shak. Mids. Nt. Dream, ii. 2. 30; Milton, P. L. iv. 344; and in Holland, tr. of Pliny, b. xxviii. c. 8, last section. ME. *unce*, King Alisaunder, 5228. = F. *once*, an ounce; OF. *once*, Suppl. to Godefroy, s. v. *once*; MF. *lonce*, 'the ounce'; Cot. Cf. Port. *onça*, Span. *onza*, Ital. *onzia*, an ounce. β. The OF. and MF. *lonce* show that the mod. F. *once* resulted from taking *lonce* to represent *fonce*, where *l* seemed to be the def. article. So also Florio (1598) gives an Ital. form *onza*; but *lonza* is in Dante, Inf. i. 32. All from a Late L. popular type **luncia*, for L. *lyncea*, f., lynx-like. = L. *lynx*, stem of *lynx*, a lynx. = Gk. *λύγξ*, a lynx; see **Lynx**. For F. o < Gk. v, cf. *gratto*, *tomb*, *torso*.

OUPE, **OUPEHE**, an elf. (E.) In Merry Wives, iv. 4. 49. A variant of **Oaf**, q. v. And see **Oaf** in E. D. D.

OUR, possessive pronoun of the 1st pers. plural. (E.) ME. *oure*, older form *ure*; Mavelok, l. 13. AS. *ūre*, gen. pl. of 1st personal pronoun; orig. meaning 'of us.' This gen. pl. was used as a possessive pronoun, and regularly declined, with gen. *ūres*, dat. *ūrum*, &c.; see Grein, ii. 633. It then completely supplanted the older AS. possess. pron. *ūser*, *usser* (Grein, ii. 633), cognate with G. *uns*er and Goth. *unsar*. β. Yet *ūre* is itself a contracted form for **ūser*, cognate with Goth. *unsara*, the Gothic form of the gen. pl. of the 1st pers. pronoun. Here *-ara* is the gen. pl. suffix, and a shorter form appears in Goth. *uns*, equivalent to E. *us*. γ. Briefly, *our* is the gen. pl. corresponding to the acc. pl. *us*; see **Us**. Dor. *our-s*, ME. *oures*, Chaucer, C. T. 13203 (B 1463), due to AS. *ūres*, gen. sing. of *ūre*, when declined as above; also *our-selves*, or (in regal style) *our-self*; see **Self**. ¶ As to the dispute as to whether we should write *ours* or *our's*, it cannot matter; we write *day's* for AS. *dagas* (gen. sing.), but *days* for AS. *dagas* (nom. pl.); thus marking the omission, strangely enough, only where the weaker vowel is omitted. The apostrophe is merely conventional, and better omitted.

OURANG-OUTANG, see **Orang-Outang**. (Malay.)

OUSEL, **OUZEL**, a kind of thrush. (E.) ME. *ousel*, Wright's Vocab. i. 164, l. 3; *ousel*, Trevisa, tr. of Higden, i. 237. AS. *ōsle*, gloss upon L. *merula*, Voc. 260. 26; older form *ōsle*, id. 32. 27. Here, as in AS. *ōðer*, other. Goth. *anþar*, the long *ō* stands for *an* or *am*; thus *ōsle* < **ansle* or **amsl*; in this case, for the latter. + G. *amsel*, OHG. *amsala*, a blackbird, *ousel*. The L. *merula* (whence E. *merle*) can stand for **mesula*, and may be connected with OHG. *amsala* by gradation. See **Merle**.

OUT, to eject, expel. (F.-L.) The word has come to us through Law French. 'Ousted, from the Fr. *oster*, to remove, or put out, as ousted of the possession (Pecks Case, Mich. 9 Car. 1. 3 Part Crokes Rep. fol. 249), that is, removed, or put out of possession;' Blount's Nomolexicon, ed. 1691. = AF. *ouster* (Bozon); OF. *oster*, 'to remove, withdraw,' Cot.; mod. F. *ôter*. Cf. Prov. *ostar*, *hoslar* (Bartsch). β. Of disputed origin; it has been proposed to derive it from L. *obstare*, to withstand, hinder, but this does not wholly suit the sense. Yet this is prob. right. Ducange has *obstare vel ostare viam*, to get in one's way, from which the change to the sense of 'to turn one out of the way' is not difficult. See Körting, § 6643; and cf. Romanisch *dustar* (**de-obstare*), to drive away flies, &c.; also Prov. *dousta*, to remove (Mistral). Der. *oust-er*.

OUT, without, abroad, completely. (E.) ME. *out*, prep.; ME. *oute*, older form *ūte*, adv., out. 'Out of alle charitee;' Chaucer, C. T., A 452. 'That hii ne ssolde out wende' = that they should not

go out; Kolb. of Glouc. p. 170. AS. *ūte*, *ūtan*, adv., out, without; Grein, i. 634. Formed with adv. suffix *-e* (or *-an*) from AS. *ūt*, adv. 'Elojan of hūse *ūt* = to fly out of the house; 'āt of earce' = out of the ark; Grein, ii. 633. (This shows the origin of the phrase out of from) + Du. *ūt*; Icel. *ūt*; Dan. *ūt*; Swed. *ut*; G. *aus*; OHG. *az*; Goth. *az*; whence *ūta*, adv. (= AS. *ūt*); *utana*, adv. and prep. (= AS. *ūtana*); + Skt. *ud*, up, out. It appears also in Gk. *ἐκπορεύομαι*, corresponding to E. *utter*, *outer*. All from Ildg. types *ūd*, *UI*, up, out. Der. *with-out*, *there-out*, *utter-out*, *ut-out*, *ut-m-out*, *ut-m-out* (double superlatives); see *Utter*, *Utmost*, *Uttermost*. Also as a prefix in numerous compounds, for which see below. (But not in *outrage*.)

OUTBALANCE, to exceed in weight. (Hybrid; E. and F.—L.) In Dryden, tr. of Ovid, Met. xiii. 397. From *Out* and *Balance*.

OUTBID, to bid above or beyond. (E.) In Shak. 2 Hen. IV, ii. 4. 363. See *Bid* (2).

OUTBREAK, an outburst. (E.) In Hamlet, ii. i. 33. See *Break*.

OUTBURST, a bursting forth. (E.) First in 1657, in imitation of *out-break*; but a good word. Neither in Rich. or Todd's Johnson. See *Burst*.

OUTCAST, one who is cast out, a wretch. (Hybrid; E. and Scand.) 'For yif it so be that a wikkid wight be . . . the more out cast (L. *abiection*)'; Chaucer, tr. of Boethius, b. iii. pr. 4. l. 31. See *Cast*.

OUTCOME, result, event. (E.) An old word; ME. *utcome*, a coming out, deliverance; Ancren Riwle, p. 80. See *Come*.

OUTCRY, a crying out, clamour. (Hybrid; F. and F.—L.) In Shak. Romeo, v. 3. 193; and in *Palsgrave*. See *Cry*.

OUTDO, to surpass. (E.) In Shak. Cor. ii. i. 150. See *Do*.

OUTDOOR, in the open air. (E.) First in 1765; a modern contraction for *out of door*. See *Door*.

OUTER, **UTTERMOST**; see *Utter*, *Uttermost*.

OUTFIT, equipment. (Hybrid; E. and Scand.) First in 1769; added by Todd to Johnson. See *Fit*. Der. *out-fitter*, *outfitting*.

OUTGO, to surpass. (E.) In Shak. Timon, i. i. 285; and *Palsgrave*. See *Go*. Der. *outgoing*, sb., expenditure. And see *outwent*.

OUTGROW, to grow beyond. (E.) In Shak. Rich. III, iii. i. 104. See *Grow*.

OUTHOUSE, a small house built away from the house. (E.) In Beaumont and Fletcher, The Coxcomb, iii. 1. 53. See *House*.

OUTLANDISH, foreign. (E.) Cf. AS. *ūtlendisc*, exiled, Levit. xiv. 22. = AS. *ūt*, out; and *land*, land. See *Land*.

OUTLAST, to last beyond. (E.) In Beaumont and Fletcher, Nice Valour, iv. i (Shamont). See *Last* (3).

OUTLAW, one not under the protection of the law. (Scand.) ME. *outlaw*, Chaucer, C. T. 17173 (H 224). AS. *ūtlanga*, *ūtlang*, an outlaw; see numerous references in Thorpe, Ancient Laws, index to vol. i. Borrowed from Icel. *ūtlangi*, an outlaw. See *Out* and *Law*. ¶ The word *law* is rather Scand. than E. Der. *outlaw*, verb, K. Lear, iii. 4. 172, from AS. *ūtlagian*, A. S. Chron. an. 1014; *outlawry* (with F. suffix *-rie* = *-erie*), Jul. Cæs. iv. 3. 173.

OUTLAY, expenditure. (E.) Not in Todd's Johnson; but a good word; orig. Northern; first in 1798. See *Lay*.

OUTLET, a place or means by which a thing is let out. (E.) An old word. ME. *outlete*, Owl and Nightingale, l. 1752; lit. 'a letting out' = AS. *ūtletan*, verb, to let out, let down; Luke, v. 5. See *Let* (1).

OUTLINE, a sketch. (Hybrid; F. and F.—L.) Used by Dryden; parallel bet. Painting and Poetry; repr. 1882, p. 139; and in The Tatler, no. 182, § 6. Lit. a line lying on the outer edge, a sketch of the lines enclosing a figure. See *Line*.

OUTLIVE, to live beyond. (E.) In Shak. Merch. Ven. iv. i. 269. See *Live*.

OUTLOOK, a prospect. (E.) 'Which owe's to man's short out-look all its charms'; Young's Night Thoughts, Night 8, l. 264 from end. See *Look*. Der. *out-look*, verb, to look bigger than, K. John, v. 2. 115.

OUTLYING, remote. (E.) Used by Sir W. Temple and Walpole; see Richardson. See *Lie* (1).

OUTPOST, a troop in advance of an army. (Hybrid; E. and F.—L.) Late; see quotation in Richardson. See *Post*.

OUTPOUR, to pour out. (Hybrid; E. and F.) In Milton, P. R. iii. 311; Sanson, 844. See *Pour*. Der. *outpouring*.

OUTRAGE, excessive violence. (F.—L.) ME. *outrage*, to be divided as *outrage*, there being no connexion with *out* or *rage*; Chaucer, C. T. 2014 (A 2012); Kolb. of Glouc. p. 46, l. 1062; MF. *outrage*, earlier *outrage* (Godefroy); MF. *outrage*, 'outrage, excess'; Cot. Cf. Ital. *oltraggio*, outrage. β. Formed with suffix *-age* (<L. *-ātum*) from OF. *oltra*, *outra*, beyond; spelt *oultre* in Cotgrave; cf.

Ital. *oltra*, beyond; from L. *ultra*, beyond. See *Uterior*. Der. *outrage*, verb, Spenser, F. Q. i. 6. 5; *outrag-e* *ou*, ME. *outrageous*; Chaucer, C. T. 3996 (A 3998), from OF. *outrageux*, spelt *outrageux* in Cotgrave; *outrageously*, *-ness*. Also *outré*, exaggerated, pp. of *outrier*, to pass beyond, from F. *outrier*, beyond.

OUTREACH, to reach beyond. (E.) In Beaumont and Fletcher, Love's Pilgrimage, v. 4 (Philippo). See *Reach*.

OUTRIDE, to ride faster than. (E.) In 2 Hen. IV, i. r. 36. See *Ride*. Der. *outrider*, one who rides forth, Chaucer, C. T. 166.

OUTRIGGER, a naval term. (E. and Scand.) A projecting spar for extending sails, a projecting rowlock for an oar, a boat with projecting rowlocks (ab. 1840). See *Rig*.

OUTRIGHT, thoroughly, wholly. (E.) Properly an adverb. 'The frene made the foolle maddde outright'; Sir T. More, Works, p. 483a. See *Right*.

OUTROAD, an excursion. (E.) Lit. 'a riding out.' In 1 Macb. xv. 41 (A. V.). For the sense of *road* = a riding, see *Inroad*.

OUTRUN, to surpass in running. (E.) In John, xx. 4 (A. V.); and in Tyndale's translation (1526). See *Run*.

OUTSET, a setting out, beginning. (E.) Used by Burke (R.). See *Set*.

OUTSHINE, to surpass in splendour. (E.) In Spenser, F. Q. v. 9. 21. See *Shine*.

OUTSIDE, the exterior surface. (E.) In King John, v. 2. 109. See *Side*.

OUTSKIRT, the outer border. (E. and Scand.) 'All that outskirte of Meathe'; Spenser, View of the State of Ireland; Globe ed. p. 668, col. 1, l. 27. See *Skirt*.

OUTSTRETCH, to stretch out. (E.) ME. *outstrecken*, pt. t. *outstraichte*, Rom. of the Rose, 1515. See *Stretch*.

OUTSTRIP, to outrun. (E.) In Hen. V, iv. i. 177. From *out*, and *strip*, to run fast. 'The swiftest Hound, when he is hallowed [i.e. urged on] *strippes* forth'; Gosson, School of Abuse, ed. Arber, p. 58. See *Strip*.

OUTVIE, to exceed, surpass. (E. and F.—L.) In Tam. of the Shrew, ii. 387. See *Vie*.

OUTVOTE, to defeat by excess of votes. (E. and F.—L.) 'Sense and appetite *outvote* reason'; South's Sermons, vol. iii. ser. 6 (R.). See *Vote*.

OUTWARD, towards the outside, exterior. (E.) ME. *outward*, earlier *utward*, adv., Ancren Riwle, p. 102, l. 3. AS. *ūteward*, *ūteward*, Exod. xxix. 20. = AS. *ūt*, adv., out; and *-ward*, suffix indicating direction. See *Out* and *Toward*. Der. *outward*, adj., Temp. i. 2. 104; *outward*, sb., Cymb. i. i. 23; *outward-ly*, Mach. i. 3. 54; *outward-s*, where the *s* answers to the ME. adv. suffix *-es*, Hamlet, ii. 2. 392; *outward-bound*, as to which see *Bound* (3).

OUTWEIGH, to exceed in weight. (E.) In Shak. Cor. i. 6. 71. See *Weigh*.

OUTWENT, went faster than. (E.) In Mark, vi. 33 (A. V.). From *Out*, and *went*, pt. t. of *Wend*.

OUTWIT, to surpass in wit. (E.) 'To *outwit* and deceive themselves'; South's Sermons, vol. ii. ser. 7 (R.). See *Wit*.

OUTWORKS, external or advanced fortifications. (E.) 'And stormed the *outworks* of his fortress'; Butler, Hudibras, pt. iii. c. 1, l. 136. See *Work*.

OUZEL, another form of *Ousel*, q. v.

OVAL, of the shape of an egg. (F.—L.) Spelt *ovall* in Minshieu, ed. 1627. = MF. *oval*, 'oval, shaped like an egg'; Cot. Formed with suffix *-al* (<L. *-ālis*) from L. *ōvum*, an egg; there was prob. a Late Latin *ōvalis*, adj., but it is not recorded. β. L. *ōvum* is cognate with Gk. *ōvōn*, an egg; and they answer to the Idg. types **ōwom*, **ōwion*, related by gradation to L. *avis*, a bird; see *Aviary*. Perhaps connected with E. *egg*; see *Egg*. Der. (from L. *ōvum*) *ov-ary*, Sir T. Browne, Vulg. Errors, b. iii. c. 28, § 5, from Late L. *ōvaria*, the part of the body where eggs are formed in birds (Ducange); *ov-ale*, i.e. egg-shaped, L. *ōvalis*, with suffix *-ālis* like the pp. suffix of the 1st conjugation; and see *oviform*.

OVATION, a lesser Roman triumph. (F.—L.) In Minshieu, ed. 1627. = F. *ovation*, 'a small triumph granted to a commander'; Cot. = L. *ovatio*, acc. of *ōvatio*, lit. shouting, exultation. = L. *ōvare*, to shout. + Gk. *ὠδὲν*, to shout, call aloud; from *ὠδαι*, *ὠδοί*, interjections of rejoicing, esp. in honour of Bacchus.

OVEN, a furnace, cavity for baking bread, &c. (E.) ME. *oven* (with *u* for *o*), Wyclif, Luke, xii. 28. AS. *ofen*, *ofn*, Grein, ii. 310. + Du. *oven*; Icel. *ofn*, later *ovnn*; of which an earlier form *ofn* is found; Swed. *ugn*; G. *ofen*; Goth. *uhns*. β. It would appear that the Teut. types are **uhno-*, **ufno-*; Ildg. type **uynos*. Allied to Skt. *ukhā*, a pot; and to Gk. *lrvos*, an oven; the older sense is remarkably preserved in AS. *ofnel*, a pot, a closed vessel.

OVER, above, across, along the surface of. (E.) ME. *over* (with *u* for *o*), Chaucer, C. T. 3920 (A 3922). AS. *ofer* (Grein). + Du.

over; Icel. *yfir*; also *of*, adv., exceedingly; Dan. *over*; Swed. *öfver*; G. *über*, OHG. *ubar*; Goth. *ufar*; Gk. *ὑπέρ*; L. *super*; Skt. *upari*, above. **β**. The prefixed *a* in L. *a-super* has not been satisfactorily explained; some think it is equivalent to Gk. *ὑπέρ*. The common Idg. base is **super-*, closely related to **uperas*, upper (Skt. *upara-*, L. *superus*, AS. *ufara*, Grein, ii. 614). **γ**. It is obvious that **uperas* is a comparative form; the superlative takes a double shape, (1) with suffix -*MO*, as in L. *summus* (from **sumos*), highest, AS. **ufema*, highest (only found with an additional suffix -*est* in *ufemyst*, written for **ufemes*, in Gen. xl. 17); and (2) with suffix -*TO*, as in Gk. *ὑψιστος*, highest. **δ**. The positive form is **upo-*; this appears in Skt. *upa*, near, on, under, Gk. *ὑπό*, under, L. *sub*, under, Goth. *uf*, under. A closely related adverbial form occurs in AS. *ufan*, above, G. *oben*, and *E. -ove* in *ab-ove*. The Goth. form *uf* appears to be further related to *E. up*, and *G. auf*, upon; so that there are two parallel Tentonic types, viz. UF (Goth. *uf*, G. *oben*, E. *ab-ove*) and UP (E. *up*, G. *auf*); with the parallel comparative forms seen in *over* and *upper*. **ε**. The senses of 'under' and 'over' are curiously mixed, as in L. *sub*, under, and *super*, above; Breal suggests that L. *sub* refers to an upward movement; cf. L. *surgere* (for **sub-regere*) to rise. **ζ**. We may further note ME. *over*, adj., with the sense of 'upper', Chaucer, C. T. 133; and ME. *overest*, with the sense of 'uppermost', id. 292 (A 290). And see Up, Sub-, Hypo-, Super-, Hyper-, Above, Sum, Summit, Supreme, Sovereign. Der. verbs, as *over-act*, *over-awe*, &c.; adverbs, as *over-board*, &c.; sbs., as *over-coat*, &c.; adjectives, as *over-due*, &c.; see below.

OVERACT, to act more than is necessary. (E. and I.-L.) Used by Ben Jonson; Catiline, ii. 3 (Curios). See **Act**.

OVERALLS, loose trousers worn above others. (E.) Modern; from **Over** and **All**.

OVERARCH, to arch over. (E. and F.-L.) In Milton, P. L. i. 304. See **Arch**.

OVERAWE, to keep in complete subjection. (E. and Scand.) In Shak. i Hen. VI. i. 1. 36. See **Awo**.

OVERBALANCE, to exceed in weight. (E. and F.-L.) 'For deeds allways overbalance words'; South's Sermons, vol. vii. ser. 13 (R.). See **Balance**. Cf. *out-balance*. Der. *overbalance*, sb.

OVERBEAR, to overwhelm. (E.) Much Ado, ii. 3. 157; pp. *overborne*, i Hen. VI. iii. 1. 53. See **Bear**. Der. *overbearing*, adj.

OVERBOARD, out of the ship. (E.) Rich. III, i. 4. 19. ME. *over bord*; Chaucer, C. T., ii. 922. See **Board**.

OVERBURDEN, to burden overmuch. (E.) Spelt *overburdein*, Sir T. More, Works, p. 824 b. See **Burden**.

OVERCAST, to throw over, to overcloud. (E. and Scand.) The orig. sense is 'to throw over', ME. *uerkasten*, Rob. of Brunne, tr. of Langtoft, p. 70. l. 14. The sense 'overcloud' is old; Chaucer, C. T. 1538 (A 1536). See **Cast**.

OVERCHARGE, to overburden, charge too much. (E. and F.-L.) The old sense is 'to overburden'; Gascoigne, Steel Glass, 1062; and Palsgrave. See **Charge**. Der. *overcharge*, sb.

OVERCLOUD, to obscure with clouds. (E.) In Dryden, tr. of Virgil, *Aen.* xi. 1193. See **Cloud**.

OVERCOAT, a coat worn above the rest of the dress. (E. and F.-L.) Modern; see **Coat**.

OVERCOME, to subdue. (E.) ME. *ouercomen*, Wyclif, John, xvi. 33. AS. *ofercuman*, Grein, ii. 314. = AS. *ofer*, over; and *cuman*, to come. Cf. Icel. *yfirkominn*, pp. *overcome*. See **Come**.

OVERDO, to do too much, to fatigue, to cook too much. (E.) ME. *overdoon*; 'That that is *overdoon*' = a thing that is overdone; Chaucer, C. T. 16113 (G 645). AS. *oferdūn*. = AS. *ofer*, over; and *dūn*, to do. See **Do**.

OVERDOSE, to dose too much. (E. and F.-L.) Modern; not in Todd's Johnson. See **Dose**.

OVERDRAW, to exaggerate in depicting. (E.) First in 1844. In this sense; not in Johnson. See **Draw**.

OVERDRESS, to dress too much. (E. and F.-L.) In Pope, Moral Essays, iv. 52. See **Dress**.

OVERDRIVE, to drive too fast. (E.) In Gen. xxxiii. 13 (A. V.); and in the Bible of 1551. AS. *oferdrifan*, Ælfred, tr. of Orosius, b. i. c. 7; ed. Sweet, p. 40, l. 1. See **Drive**.

OVERFLOW, to flood, flow over. (E.) We find the pp. *overflow*, inundated, Spenser, F. Q. iii. 5. 17. ME. *overfloun*, Wyclif, Luke, vi. 38. AS. *oferflōwan*, Luke, vi. 38. = AS. *ofer*, over; and *flōwan*, to flow; pt. t. *flōw*, pp. *flōwan*; so that the form *overflow* for the pp. is correct. See **Flow**. Der. *overflow*, sb.; *overflow-ing*.

OVERGROW, to grow over. (E.) Pp. *overgrown*, Sir T. More, Works, p. 74 d; Gawayn and Grene Knight, 2190. See **Grow**.

OVERHANG, to project over, impend. (E.) Contracted to *overhang*, Hen. V. iii. 1. 13. See **Hang**.

OVERHAUL, to draw over, to scrutinise. (E. and F.-L.)

Spenser has *overhaile*, to hale or draw over; Shep. Kal. Jan. 75. See **Hale**, **Haul**.

OVERHEAD, above one's head. (E.) In Shak. L. L. L. iv. 3. 281. See **Head**.

OVERHEAR, to hear without being spoken to. (E.) In Shak. Meas. iii. 1. 161. See **Hear**.

OVERJOYED, transported with gladness. (E. and F.-L.) In Shak. Much Ado, ii. 1. 230. See **Joy**. Der. *overjoy*, sb., 2 Hen. VI. i. 1. 31.

OVERLADE, to lade with too heavy a burden. (E.) 'For men may *overlade* a ship or barge'; Chaucer, Legend of Good Women, Cleop. 42. The pp. *overladen* is in Ancrén Kniwe, p. 368, l. 21. See **Lade**.

OVERLAND, passing over the land. (E.) First in 1800; not in Todd's Johnson. See **Land**.

OVERLAP, to lap over. (E.) Spelt *overlop* in 1726; not in Todd's Johnson. See **Lap**.

OVERLAY, to spread over, to oppress. (E.) Often confused with *overlie*; in particular, the pp. *overlain* is often confused with *overlain*, the pp. of *overlie*. Richardson confounds the two. Wyclif has '*overleying* of folkis' for L. *pressura gentium*; Luke, xxi. 25. See **Lay**.

OVERLEAP, to leap over. (E.) ME. *overlepen*, pt. t. *overleep*; P. Plowman, B. prol. 150, where the true sense is 'outtran', in conformity with the fact that ME. *lepen* (like G. *laufen*) commonly means 'to run'. AS. *oferhleanan*; the pt. t. *oferhleoþ* occurs in Ælfred's tr. of Bede, b. v. c. 6. = AS. *ofer*, over; and *hleanan*, to run, to leap. See **Leap**.

OVERLIE, to lie upon. (E.) Often confused with *overlay*; the pp. *overlain*, in the sense of 'oppressed', occurs in Gower, C. A. iii. 224; bk. vii. 3930. The verb *overlie* occurs in O. Eng. Homilies, ed. Morris, i. 53. l. 16. See **Lie** (1).

OVERLIVE, to outlive, survive. (E.) ME. *overliuen*, Wyclif, Exod. xxi. 22 (later text). AS. *oferlibban*, in Bosworth-Toller's Dict. See **Live**.

OVERLOAD, to load overmuch. (E.) Gascoigne has *overlodging*, Steel Glass, l. 1009. See **Load**. Doublet, *overlade*, q.v.

OVERLOOK, to inspect, also to neglect, slight. (E.) ME. *overloken*, in the sense 'to look over', or 'peruse'; Chaucer, Book of the Duchess, l. 232. See **Look**.

OVERMATCH, to surpass, conquer. (E.) ME. *ouermacchen*, Chaucer, C. T. 9096 (E 1220). See **Match**.

OVERMUCH, too much. (E.) Spelt *ouermuchel* in Chaucer, tr. of Boethius, b. iii. pr. 7; l. 13. See **Much**.

OVERPASS, to pass over. (E. and F.-L.) ME. *overpassen*, Chaucer, tr. of Boethius, b. v. pr. 6; l. 74. See **Pass**.

OVERPAY, to pay in addition. (E. and F.-L.) In All's Well, iii. 7. 16. See **Pay**.

OVERPLUS, to that which is more than enough. (E. and L.) In Antony, iii. 7. 51, iv. 6. 22; ME. *overplus*, Trevisa, tr. of Higden, i. 407. From *E. over*; and L. *plus*, more; see **Nonplus**. Doublet, *surplus*.

OVERPOWER, to subdue. (E. and F.-L.) Contracted to *oerpower*, Rich. II, v. 1. 31. See **Power**. Der. *overpower*, sb., i.e. excess of power, Bacon, Ess. 58.

OVERRATE, to rate too highly. (E. and F.-L.) Contr. to *oerrate*, Cymb. i. 4. 41. See **Rate**.

OVERREACH, to reach beyond, to cheat. (E.) ME. *ouer-rechen*, P. Plowman, B. xiii. 374. See **Reach**.

OVERRIDE, to ride over. (E.) ME. *overriden*, pp. *overriden*, Chaucer, C. T. 2024 (A 2022). AS. *oferidan*, to ride across (a ford); Ælfred, tr. of Bede, iii. 14. See **Ride**.

OVERRULE, to influence by greater authority. (E. and F.-L.) In K. Lear, i. 3. 16. See **Rule**.

OVERRUN, to spread or grow over, to outrun. (E.) ME. *overrennen*, Rob. of Brunne, tr. of Langtoft, p. 124, l. 10. See **Run**.

OVERSEE, to superintend. (E.) ME. *ouerseen*, P. Plowman, B. vi. 115. AS. *oferseon*, used in the sense to look down on, to despise; Ælfred, tr. of Boethius, c. 36, sect. 2. See **See**. Der. *oversee*, Tyndall, Works, p. 252, l. 6; *over-sight*, (1) superintendence, Bible, 1551; i Chron. ix. 31; (2) omission, 2 Hen. IV. ii. 3. 47.

OVERSET, to upset, overturn. (E.) ME. *ouersetten*, to oppress; O. Eng. Homilies, ed. Morris, ii. 51; and see Prompt. Parv. p. 373. AS. *ofersettan*, to spread over, cover, Ælfred, tr. of Boethius, b. ii. pr. 7; c. xviii. sect. 1. See **Set**.

OVERSHADOW, to throw a shadow over. (E.) ME. *overschadewen*, Luke, ix. 34. AS. *oferseadan*, Luke, ix. 34. See **Shadow**.

OVERSHOOT, to shoot beyond. (E.) The pp. *overshot*;

(better *overshoes*) is in Sir T. More, Works, p. 1134 b. Palsgrave has *overshoote my selfe*. See **Shoot**.

OVERSIGHT; see **Oversee**.

OVERSPREAD, to spread over. (E.) ME. *overspreden*, pt. t. *overspradde*; Chaucer, C. T. 2873 (A 2871); Layamon, 14188. AS. *oferspridan*, to overspread (Hosworth). = AS. *ofer*, over; and *spridan*; see **Spread**.

OVERSTEP, to step beyond, exceed. (E.) Contr. to *o'erstep*, Hamlet, ii. 2. 21. AS. *ofersteppan*. See **Step**.

OVERSTOCK, to stock too full. (E.) *O'erstock'd* is in Dryden, The Medal, 102. See **Stock**.

OVERSTRAIN, to strain too much. (F. and F. - L.) In Dryden, Art of Painting, § 54 (R.). See **Strain**.

OVERT, open, apparent, public. (F. - L.) 'The wey ther-to is so overt'; Chaucer, Illo. of Fame, b. ii. l. 210 = OF. *overt* (later *ouvert*), pp. of *ovrir* (later *ouvrir*), to open. β. The exact formation of the word is uncertain; but Littré's explanation is now accepted, that OF. *ovrir* was a perverted form of OF. *avrir*, to open; from L. *aperire*, to open; the change being due to frequent association with OF. *couvrir* (F. *couvrir*), to cover. (So Kötting, Hatzfeld.) For L. *aperire*, see **APERIENT**. ¶ Dix cites Prov. *abrir*, *ubrir*, Mital. *oprire* (Florio), to open, which he distinguishes from Span. *abrir*, mod. Ital. *aprire*, derived directly from L. *aperire*, to open. As to *ovrir*, he supposes this to be a shorter form of OF. *a-ovrir*, *a-uvrir*, to open, words of three syllables, occurring in the Livre des Rois. These forms arose from Prov. *adubrir* (Raymond, Lexique Roman, ii. 104), in which the prefixed *a-* (<L. *ad*) does not alter the sense, but is added as in *abhisat*, *afraucher*; whilst *ubrir* is from the L. *dē-aperire*, to open wide, lit. 'uncover', used by Celsus (White). He supports this by instancing mod. Prov. *dubrir*, Piedmontese *durvi*, Walloon *droui*, Lorraine *deurvi*, all corresponding to the same L. *dē-aperire*. L. *aperire* is for *ap-ner-ire*, parallel to Lith. *vz-ver-i*, to shut; just as L. *aperire* (for *ap-ner-ire*) is parallel to Lith. *at-ver-i*, to open; Brugmann, i. § 282. Cf. Skt. *er*, to cover. Der. *overt-ly*; *overt-ure*, meaning 'an open, unprotected place'; Spenser, Shep. Cal. July, 28, from OF. *overture*, later *ouverture*, 'an overture, or opening, an entrance, hole, beginning made, a motion made [i. e. proposal], also an opening, manifestation, discovery, uncovering', Cot.

OVERTAKE, to come up with, in travelling. (E. and Scand.) ME. *overtake*, Havelok, 1816; Ancren Riwle, p. 244, note g. = AS. *ofer*, over; and Icel. *taka*, to take. Cf. Icel. *yfirtak*, an overtaking, surpassing, transgression; which prob. suggested the E. word. See **Take**.

OVERTASK, to task too much. (E. and F. - L.) In Milton, Comus, 309. See **Task**. ¶ So also *over-tax*.

OVERTHROW, to throw over, upset, demolish. (E.) ME. *overthrowen*, King Alisaunder, 1113. See **Throw**. Der. *overthrow*, sb., Much Ado, i. 3. 69.

OVERTOF, to rise above the top of. (E.) Temp. i. 2. 81. See **Top**.

OVERTURE, a proposal, beginning. (F. - L.) All's Well, iv. 3. 46. Also 'a disclosure', K. Lear, iii. 7. 80. See **Overt**.

OVERTURN, to overthrow, upset. (E. and F. - L.) ME. *overturnen*, Ancren Riwle, p. 356, l. 16. See **Turn**.

OVERVALUE, to value too much. (E. and F. - L.) Contracted to *overvalue*, Cymb. i. 4. 120. See **Value**.

OVERWEENING, to think too highly, conceited. (E.) The pres. part. *overweening* occurs in the Aynbrite of Lwyd, ed. Morris, p. 169, l. 26; where *-weine* is the Kentish form for *-inge* (*-ing*). Shak. even uses the verb *overween*, 2 Hen. IV, iv. 1. 149. AS. *oferwēanin*, to be insolent. 'Insolesceret, *overwēanide*,' Corpus Gloss. 1099; spelt *overwēanide*, Epinal Gloss. 538. Lit. 'going beyond what is customary' = AS. *ofer*, beyond; *wēanian*, to be accustomed; see **Wean**. Thus it is only remotely connected with *ween*, q. v.

OVERWEIGH, to outweigh. (E.) ME. *overwēgan*; 'I have overweighed lit' = love outweighs it, Ancren Riwle, p. 386, l. 25. See **Weigh**. Der. *overweight*.

OVERWHELM, to turn over, bear down, demolish. (E.) ME. *overwhelmen*, Rom. of the Rose, 3775; Rob. of Brunne, tr. of Langtoft, p. 190, l. 10. 'The crille sall thaim over-wheleme'; St. Cuthbert, 4951. See **Whelm**.

OVERWISE, wise overmuch. (E.) In Benam. and Fletcher, Philaster, last line of Act iv. See **Wise**. Der. *overwise-ly*, *-ness*.

OVERWORK, excess of work. (E.) The verb to *overwork* is in Palsgrave. The sb. is, etymologically, the more orig. word. See **Work**. Der. *overwork*, verb; whence the pp. *overworked*.

OVERWORN, worn too much. (E.) In Twelfth Nt. iii. 1. 66. From *over*; and *worn*, pp. of *wear*. See **Wear**.

OVERWROUGHT, wrought to excess. (E.) In Dryden, Art of Poetry, c. i. l. 50. See **Overwork**.

OVIFORM, egg-shaped. (L.) Used by T. Burnet, Theory of

the Earth, 1750 (R.). = L. *ovif*, for *ovum*, an egg; and *form-a*, form. See **Oval** and **Form**. ¶ So also *oviduct*, Phillips, ed. 1706, from L. *ductus*, a conducting, a duct; see **Duct**. Also *ovi-parous*, Phillips, ed. 1706, from L. *oviparus*, egg-producing, from *parere*, to produce; see **Parent**. Also *ovid*, egg-shaped, a clumsy hybrid compound, from L. *ovo*, for *ovum*, an egg, and Gk. *elbos*, form.

OWE, to possess; hence, to possess another's property, to be in debt, be obliged. (E.) ME. *agen*, *awen*, *oyn*, *owen*, orig. 'to possess'; hence, to be obliged to do, to be in debt. 'The dette thet tu owest me' = the debt that thou owest me, Ancren Riwle, p. 126, l. 13. 'Hou myche owest thou?' Wyclif, Luke, xvi. 5. For this important verb, see Mätzner's O. Eng. Dict. p. 49, s. v. *agen*; or Stratmann, p. 23; or N. E. D. The sense 'to possess' is very common in Shakespeare; see Schmidt. AS. *āgan*, to have, possess, Grein, i. 19. The change from *ā* to *o* is perfectly regular, as in *būn*, boue, *stān*, stone; the g passes into w after *ā*, as usual. + Icel. *eiga*, to possess, have, be bound, own; Dan. *ie*, to own, possess; Swed. *äga*, to own, possess, have a right to, be able to; OHG. *eigan*, to possess; Goth. *agisan*, to possess. Teut. type **ai-g-an*. β. Further related to Skt. *ig*, to possess, to be able; whence *āig*, a proprietor, owner; the form of the root being EIK. Brugmann, i. § 701. ¶ It may be noted that the Goth. *āigan* has the old past tense *aiht*, used as a present tense; so also AS. *āh*.

OUGHT. The pres. tense of AS. *āgan* is *āh*, really an old past tense; the past tense is *āhte* (Goth. *aikta*), really a secondary past tense or pluperfect; this became ME. *ahle*, *aght*, *ought*, *oughte*, properly dissyllabic, as in 'ought' be; Chaucer, C. T. 16808 (G 1340); where Tyrwhitt has the inferior reading 'ought to be'. The pp. of AS. *āgan* was *āgen*, for which see **OWN** (1). Der. *ow-ing*, esp. in phr. *owing to*, i. e. due to, because of. Also *own* (1), *own* (2).

OWL, a nocturnal bird. (E.) ME. *oule*, Chaucer, Parl. of Foules, 343; pl. *oules*, ed. 599. AS. *ūle*, Levit. xi. 16. + Du. *uil*; Icel. *ugla*; Dan. *ugle*; Swed. *ugla*; G. *eule*, OIG. *uvela*. Teut. types **uwalon*, *uwalon*, f. β. Allied to L. *ulula*, an owl, Skt. *uluka*, an owl. All from an imitative root, signifying to hoot, howl, screech; cf. Gk. *blōw*, I howl, *blōwōvōv*, to howl, *blōwōv*, interjection; L. *ululere*, to howl, *ulucus*, a screech-owl. γ. With a prefixed *h*, added for emphasis, we get G. *heulen*, whence OF. *huller*; see **Howl**. Some-what similar is G. *uhu*, an owl, MICH. *hūwer*, OIG. *hūwo*; cf. F. *hoot*. Der. *owl-et*, dimin. form, also spelt *houlet*, Macb. iv. 1. 17; *owl-ish*.

OWN (1), possessed by any one, proper, peculiar, belonging to oneself. (E.) ME. *agen*, *awen* (North. E. *awin*), *owen*; later, contracted to *own* by omission of *e*. 'Right at min own coe, and be your gyde'; Chaucer, C. T. 806 (A 804). 'Thar *ownen* fre' = their own free property; Barbour, Bruce, lii. 752. AS. *āgen*, *own*, *gren*, l. 20; orig. the ip. of the anomalous strong verb *āgan*, to own, i. e. to possess; see **OWE**. + Icel. *eigin*, one's own; orig. the old ip. of *eiga*, to possess; Dan. and Swed. *eiga*, one's own; Goth. *agins*, property, possessions; a neut. sb. formed from the adj. which was orig. the old ip. of *āgan*, to possess. Thus the orig. sense is 'possessed' or 'held'. Der. *own*, verb, to possess; see *own* (2), *own* (3).

OWN (2), to possess. (E.) ME. *agnien*, *ahnieu*, *ohnien*, *ahnen*, *ohnen*; see Layamon, 11864, 5359; Ormulum, 5649. AS. *āgnian*, to appropriate, claim as one's own; Grein, i. 22. Formed with causal suffix *-ian* from *āgan*, contracted form of *āgen*, one's own; see **OWN** (1). + Icel. *eignan*, to claim as one's own; from *eigin*, own; Goth. *agignōn*, to make a gain of, lit. make one's own, 2 Cor. ii. 17; from *āgin*, one's own property. ¶ It is thus evident that the verb is a derivative from the adjective. Der. *own-er*, ME. *ownere*, Aynbrite of Lwyd, ed. Morris, p. 37, last line but one; *owner-ship*.

OWN (3), to grant, admit. (E.) 'You will not *own* it', i. e. admit it, Winter's Tale, iii. 2. 60. A peculiar development of *own* (2); as if 'to make one's own,' or 'to take to oneself.' ¶ The ME. *unnen* (AS. *unnan*), to grant, comes near to the sense of *own* (3); but it does not seem to have influenced it, and soon became obsolete.

OX, a ruminant quadruped. (E.) ME. *ox*, pl. *oxen*, Chaucer, C. T. 880 (A 887); *oxis*, Wyclif, Luke, xvii. 7. AS. *oxa*, pl. *oxen*, Grein, ii. 360. + Du. *ox*; Icel. *oxi*, also *oxi*; pl. *oxn*, *öxn*; Dan. *ox*, pl. *oxer*; Swed. *ox*; G. *ochse*, *ochse*, pl. *ochsen*; OHG. *okse*; Goth. *auksa*, *auksa*, 4-W. *gah*, pl. *gahan*; Skt. *uksha*, an ox, bull; also, 'a Vedic epithet of the Maruts who, by bringing rain, i. e. by sprinkling, impregnate the earth like bulls'; Benley. The Maruts are storms; see Max Müller, Lectures, ii. 416. Teut. base **oksan-*; Ild. base *uksha-*. β. The Skt. *uksha* is usually derived from *ukh*, to sprinkle. Further, *ukh* is allied to Gk. *typhō*, moist, as well as to Icel. *vötr*, moist, prov. E. *wakey*, moist (Halliwell); see Brugmann, ii. § 114; Benley, p. 108. See **Wake** (2). Der. *ox-eye*, a plant, *ox-eyed*, *ox-fly*, *ox-grass*; *ox-stall*; also *ox-lip*, q. v.

OXALIS, wood-sorrel. (L. - Gk.) In Holland, tr. of Pliny, b. xx.

c. 21. — *L. oxalis* (Pliny). — Gk. ὄξαλις, (1) a sour wine, (2) sorrel. So named for its sourness. — Gk. ὄξυς, sharp, keen, cutting, acid. Allied to *L. acer*, sharp, pungent; Brugmann, i. § 161, 536. Der. *oxali-*; cf. *ox-ide*, *oxy-gen*, *oxy-mel*, *oxy-tone*.

OXIDE, a compound of oxygen with a non-acid base. (Gk.) A coined word; from *ox-*, short for *oxy-*, part of the word *oxy-gen*; and *-ide*, due to Gk. *-ειδής*, like, which more commonly appears as *-id*, as in *ellipso-id*, *sphero-id*, *ovo-id*, and the like. See **OXYGEN**. Der. *oxid-ise*, *oxid-is-er*, *oxid-is-ible*, *oxid-at-ion*; all coined words.

OXLIP, the greater crowslip. (E.) In Mids. Nt. Dr. ii. 1. 250; Wint. Ta. iv. 4. 125. AS. *oxanslyppe*; see Cockayne's Leechdoms, iii. 340. — AS. *oxan*, gen. case of *oxa*, an ox; and *slyppe*, a slop, i.e. a piece of dung. [This confirms the etymology of *cowslip* already given; see **COWSLIP**.] It should therefore be spelt *ox-slip*.

OXYGEN, a gas often found in acid compounds. (F.—Gk.) The sense is 'generator of acids'; and it is a coined word. The discovery of oxygen dates from 1774 (Havdn); but the name is French. — F. *oxygène*; in 1787 (Hatzfeld). — Gk. ὀξύ- (written *oxy-* in Roman characters), for ὀξύς, sharp, keen, acid; and γεν-, to produce, base of γί-γνομαι, I am produced or born. See **OXALIS** and **GENERATE**. Der. *oxy-gen-ate*, *oxy-gen-ise*, *oxy-gen-us*; and see *ox-ite*.

OXYMEL, a mixture of honey and vinegar. (L.—Gk.) In early use; it occurs as AS. *oxmelle*; see Cockayne's A. S. Leechdoms, iii. 368. — L. *oxymeli* (Pliny). — Gk. ὀξύμελι, — Gk. ὀξύς, for ὀξύς, acid; and μέλι, honey. See **OXALIS** and **MELLIFFUOUS**.

OXYTONE, having an acute accent on the last syllable. (Gk.) A grammatical term. — Gk. ὀξύτονος, shrill-toned; also, as a grammatical term. — Gk. ὀξύς, for ὀξύς, sharp; and τόνος, a tone. See **OXALIS** and **TONE**.

OYER, a term in law. (F.—L.) An OF. law term. 'Oyer and terminer' [lit. to hear and determine], is a commission specially granted to certain persons, for the hearing and determining one or more causes. &c.; Blount's Law Dict., ed. 1691. Cf. AF. *oyer et terminer*; Stat. Reclam. i. 44 (1276); AF. *oyer*, as sb., a hearing, Year-books of Edw. I. i. 72. — AF. *oyez*, mod. F. *ouir*, to hear. — L. *audire*, to hear. See **AUDITION**. Der. *oyez*.

OYEZ, **OYES**, hear ye! (F.—L.) Henryson has: *oyes!* Parl. of Bkistis, l. 53. The first word of every proclamation by a public crier; now corrupted into the unmeaning *O! yes!* 'O yes,' a corruption from the F. *oyez*, i.e. hear ye, is well known to be used by the criers in our courts; &c.; Blount, Law Dict., ed. 1691. — AF. *oyez*, 2 p. pl. imp. of *oyer*, to hear; Stat. Reclam. i. 211 (1286); see **OYER**.

OYSTER, a well-known bivalve shell-fish. (F.—L.—Gk.) [The AS. form *ostre* was borrowed from Latin; cf. 'ostrea, ostre' in Voc. 261. 33. The diphthong shows the mod. E. form to be from the French.] ME. *oistre*, Chaucer, C. T. 182. — AF. *oyster*, Liber Albus, p. 244; OF. *oistre*, in the 13th cent. (Littré); whence mod. F. *huître*. — L. *ostrea*, more rarely *ostreum*. — Gk. ὀστρεον, an oyster; so called from its shell. — Gk. ὀστρεον, a bone, shell; akin to L. *os* (gen. *osis*), a bone. See **OSSEOUS**, **OSTRACUS**.

OZONE, a substance perceived by its smell in air after electric discharges. (Gk.) 'Ozone,' a name given in 1840 by M. Schönbein of Basel to the odour in the atmosphere developed during the electric discharge; Haydn. — Gk. ὄζω, smelling; pres. pt. of ὀζειν, to smell. Gk. ὄζων stands for ὀδ-ων, from the base ὀδ-, to smell, appearing also in L. *od-or*, smell; see **ODOUR**.

P

PABULUM, food. (L.) 'Pabulum' or food; Bp. Berkeley, Siris (1747), § 197 ('Todd'). — L. *pabulum*, food. Formed with suffix *-ulu-* from *pa-*, base of *pasce-re*, to feed (pt. *pā-ut*); see **PASTOR**. Der. *pabul-ous*, Sir T. Browne, Vulg. Errors, h. iii. c. 21. § 15; *pabul-ar*.

PACE, a step, gait. (F.—L.) ME. *pas*, *pas*, Rob. of Glouc. p. 149. l. 3129; Chaucer, C. T., A 825, 1033. — F. *pas*, L. *passum*, acc. of *passus*, a step, pace, lit. a stretch, i.e. the distance between the feet in walking. — L. *passus*, pp. of *pandere*, to stretch. See **EXPAND**. Der. *pac-er*, verb, a doublet of **PASS**, q. v.; *pac-er*, Spectator, no. 104.

PACHA, the French spelling of **PASHA**, q. v.
PACHYDERMATOUS, thick-skinned. (Gk.) Modern and scientific. — Gk. παχύς, for παχύς, thick; and δερμα-, stem of δάμα, a skin; with suffix *-ous* (= L. *-osus*). β. The Gk. παχύς is cognate with Skt. *baku-*, strong. γ. Gk. δάμα is a hide, 'that which is flayed off'; from Gk. δάπτειν, to flay, tear, cognate with F. **TEAR**, verb, q. v. Der. *pachyderm*, an abbreviation for *pachydermatous animal*.

PACIFY, to appease, make peaceful. (F.—L.) Spelt *pacifie*, Sir T. More, Works, p. 871 b. — F. *pacifier*, 'to pacifie'; Cot.—L. *pacifaire*, *pacifiari*, to make peace. — L. *pac-*, decl. stem of *pa-*, peace; and *-ficare*, for *facere*, to make; see **PEACE** and **FACT**. Der. *pacif-er*, spelt *pacifyer*, Sir T. More, Works, p. 872 d; *pacif-ic-at-ion*, from F. *pacification*, 'a pacification' (Cot.), which from L. acc. *pacificationem*, due to *pacif-ic-er*; *pacif-ic-at-or*, Bacon, Life of Hen. VII, ed. Lumby, p. 52, l. 10, from L. *pacificator*; *pacif-ic*, formerly *pacifick*, Milton, P. L. x. 860, from F. *pacifique*, 'pacificous' (Cot.), which from L. adj. *pacificus*, peace-making; *pacif-ic-al*, *pacif-ic-al-ly*.

PACK, a bundle, burden, set of cards or hounds, &c. (Low G.) ME. *pakke*, P. Plowman, B. xiii. 201; pl. *packes*, Ancren Riwle, p. 166, last line. — Low G. *pakke*, *pak*; Du. *pak*, a pack; cf. Icel. *pakki*, a pack, bundle; Dan. *pakke*; Swed. *packa*; G. *pack*. β. It appears to be a true Teutonic word, though few Teutonic words begin with *p*. There is no proof that it was suggested by the L. base *pac-*, as in pp. *pac-tus*, from *pangere*, to fasten. [We also find Irish *pac*, Gall. *pac*, from E.; Bret. *pac*, borrowed from Romanic; Ital. *pacco*, F. *paquet*, Late L. *pacus*, from Teutonic.] Der. *pack-er*, verb, ME. *pakken*, P. Plowman, B. xv. 184; *pack-er*, *pack-horse*, 2 Hen. IV, ii. 4. 177; *pack-ing*; *pack-man*; *pack-needle* or *pack-ing-needle*, ME. *pakkenede* or *paknedde*, P. Plowman, B. v. 212; *pack-saddle*, Cor. ii. 1. 99; *pack-thread* Romeo, v. 1. 47. Also *pack-age*, q. v., *pack-et*, q. v. ☞ Quite distinct from *bag*.

PACKAGE, a packet, small bundle. (Low G.) with F. suffix. A late word; added by Todd to Johnson; formed by adding F. suffix *-age* (< L. *-aticum*) to *pack*; see **PAOK**. Cf. *packet*.

PACKET, a small pack, package. (AF.—Low G.) In Hamlet, v. 2. 15. AF. *paquet*, Black Book of the Admiralty, 277 (1463); whence MF. *paquet*, *paquet*, 'a packet, bundle'; Col. Formid with dimin. suffix *-et* from ME. *pakke*, a pack; cf. Low G. *pakke*, a pack (Bremen Wörterbuch); MDu. *pack*, 'a pack' (Hessham); Icel. *pakki*. See **PACK**. Der. *packet-boat*, a boat for carrying mailbags, Evelyn's Diary, Oct. 10, 1641; now often shortened to *packet*. Doublet, *package*.

PACT, a contract. (L.) In Bacon, Life of Hen. VII, ed. Lumby, p. 7, l. 19; and p. 27, l. 30. — L. *pac-tum*, an agreement. — L. *pac-tus*, pp. of *paciscere*, to stipulate, agree; imperative form of OLat. *pacere*, to agree, come to an agreement about anything. — F. *PAK*, to bind; whence also Skt. *pā-*, to bind; cf. Gk. πᾶν, Iasten, L. *pangere* (pp. *pac-tus*), to fasten, fix. Brugmann, i. § 200; ii. § 79. Der. *pac-tion*, Fox's Martyrs, p. 272 (R.), from F. *pac-tion* (Col.) < L. *pac-tionem*, acc. of *pac-tio*, an agreement. Also *opac-tion*, *pac-ti-imp*, *imp-inge*. From the same root we have *pac-ty*, *pac-ty*, page (2), *pale* (1), *pay*, *pro-pag-ate*, *pale* (3), *pale* (1), *re-pay*.

PAD (1), a soft cushion, &c. (E.?) It was kept in the bands, having under him but only a pad of straw. Fox, Martyrs, p. 854 (R.). Spelt *padde*, Gascoigne, Fruits of War, st. 177. A stuffed saddle was called a *pad*; hence: 'Padde, saddle,' in Levins, ed. 1570. It also occurs in the sense of 'bundle'; see Halliwell. Of obscure origin. β. In the prov. E. sense of paw, or animal's foot, it agrees with MDu. *Low G.* and Pomeranian *pad*, sole of the foot; perhaps borrowed from Slavonic. Cf. Russ. *podushka*, sole of the foot; *podushka*, a cushion; also Lith. *padas*, sole of the foot. And cf. *Pod*. Der. *pad-verb*, *pad-ding*.

PAD (2), a thief on the high road. (Du.) We now speak of a *foot-pad*. The old word is a *padder*, Massinger, A New Way, ii. 1. 15 from end; Butler, Hudibras, pt. iii. c. 1, l. 5 from end. This means 'one who goes upon the *pad* or foot-path.' A *pad* is also a 'roadster,' a horse for riding on roads; Gay's Fables, no. 46; also (more correctly) called a *pad-nag*, i.e. 'road-horse' (R.). — Du. *pad*, a path; MDu. *padt* (Hexham); cf. Low G. *pad*. Cognate with E. *path*; see **PATH**. ☞ Many cant words are of Du. origin; see Beaum. and Fletcher, Beggar's Bush. Der. *pad-verb*, to tramp along.

PADDLE (1), to finger; to dabble in water. (E.) 1. It means 'to finger, handle'; Hamlet, iii. 4. 182; Oth. ii. 1. 259. It is a parallel formation to *patlle*, which is the frequentative of *pat*; and cf. *patler*. 2. The sense 'to dabble in water' is in *Palgrave*, who has: 'I paddled in the myrc'; cf. Low G. *pad-deln*, to tramp about (Danneil); frequent. of *pad-en*, to tread, or *pad-jen*, to take short steps (Brem. Wört.); from *pad*, the sole of the foot; see **PAD** (1). Der. *paddle*, sb., in the sense of broad-bladed oar, but there is probably some confusion with the word below; *paddl-er*, Beaum. and Fletcher, Wit at Several Weapons, i. 1. 20; *paddl-er*, *whet*.

PADDLE (2), a little spade, esp. one to clean a plough with. (E.) In Dent, xiii. 13 (A. V.). It seems to be a parallel form to *spadille*, the dimin. of *spade*. 'Others destroy mules with a *spadille*,' Mortimer's Husbands (R.); and see *spud* and *spittle-staff* in Halliwell. Cf. also Irish and Gael. *spadal*, a plough-staff, *paddle*; words borrowed from English. See **SPADE**. ☞ In the sense of 'broad-bladed oar,' see **PADDLE** (1).

PADDOCK (1), a toad. (Scand.) In Hamlet, iii. 4. 190; Mach. i. 1. 9. ME. *paddock*, King Alisaunder, 6126. Dimin. with suffix -*ok* or -*ock* (as in *hill-ock*, *bull-ock*), from ME. *padde*, a toad, frog; in Wyclif, Exod. viii. 9 (later version), one MS. has the pl. *paddis* for *padokis*, which is the common reading.—Icel. *padda*, a toad; Swed. *padda*, a toad, frog; Dan. *padde*, -*du*, *padde*, *pad*; FFries. *padde*. Cf. G. *schild-patt*, tortoise-shell. Origin obscure. Der. *paddock-toad*, a toad-stool.

PADDOCK (2), a small enclosure. (E.) 'Delectable country-seats and villas environed with parks, paddocks, plantations, &c.; Evelyn (Todd; no reference). Here *park* and *paddock* are conjoined; and it is certain that *paddock* is a corruption of *parrock*, another form of *park*. *Parrocks* (Kent) is now called *Paddock Wood*; Hasted, Hist. Kent, 8vo, v. 286. 'Parrocke, a lytell parke,' Palsgrave. See Wny's note to Prompt. Parv., p. 384. He adds that 'a fenced enclosure of nine acres at Hawsted (Suffolk), in which deer were kept in pens for the course, was termed the *Parrock*;' Cullum's Hawsted, p. 210. See also *parrock* in Jamieson, and *parrock* in Halliwell. [The unusual change from *r* to *d* may have been due to some confusion with *padlock*, a toad, once a familiar word; cf. *padlock* for *parridge*.] AS. *pearruc*, *pearruc*, a small enclosure. 'On ðisum lytlum *pearruc*;' in this little enclosure; Ælfric, tr. of Boethius, c. xviii. § 2, b. ii. prosa 7. Perhaps formed, with dimin. suffix -*oc* (=mod. *-ock*, as in *pad-ock* (1), *hill-ock*, *bull-ock*), from a verb **parran*, to shut, enclose; only found in ME. *parren*; see *Park*.

PADDY, rice in the husk. (Malay.) Malay *padi*, rice in the straw. (See Yalc.) It seems to have been sometimes confused with Hind. *bhāt*, boiled rice (Forbes), derived from the Skt. *bhaktā*, (properly) boiled rice; orig. pp. of *bhūy*, to divide, take, possess (Benfey).

PADISHAH, great king, emperor. (Turk.—Pers.) A title given by the Turks to the Sultan and other kings.—Turk. *padishāh*.—Pers. *padshāh*, an emperor, sovereign; Rich. Diet., p. 315. The Pers. *pad* answers to O.Pers. *pati* (=Skt. *pati*); master, lord; and *shāh* is 'king.' See *Despot* and *Shah*; also *Fasha*.

PADLOCK, a loose hanging lock. (E.) A padlock is a loose hanging lock with a staple, suitable for hamper, baskets, &c., when the case to which it is affixed is not made of a solid substance. It occurs in Pope's Dunciad, iv. 162. Todd quotes from Milton's Colasterion (1645): 'Let not such an unmerciful and more than legal yoke be padlocked upon the neck of any Christian.' Ben Jonson has *padlock* in The Staple of News, Act v. sc. 1 (Picklock). Minshew's Span. Dict. has: '*Candado*, a hanging locke, a padlocke' (1623); cf. *locchetto*, 'a padlocke' in Florio (1598). Of uncertain origin; perhaps formed by adding lock to prov. E. *pad*, a pannier (Halliwell), given as a Norfolk word. This word is more commonly written *ped*, ME. *pedde*. '*Pedde*, idem quod *panere*;' Prompt. Parv. Of unknown origin; see further under *Pedlar*.

PADUASOY, a rich silk. (F.) 'Her crimson *paduasoy*;' Goldsmith, Vicar of Wakefield, ch. iv. § 5. As if 'Padua silk;' from Padua (in Italy); and F. *soie*, silk, from L. *sēta*, a pig's bristle, hence strong hair, silk (like Span. *seda*). But really a popular perversion of F. *pau-de-soie*, a silken stuff (Ilatzfeld). Godfrey has *pout de soie* (1389); *poul de soie* (1394). The origin of *pau*- is unknown.

PÆAN, a hymn in honour of Apollo. (L.—Gk.) 'I have ever hung elaborate *pæans* on thy golden shrine;' Ben Jonson, Cynthia's Revels, A. v. sc. 2; near the end.—L. *pæan*, (1) a name of Apollo, (2) a religious hymn, esp. to Apollo.—Gk. *πᾶν*, *πᾶν*, (1) *pæan*, Pæon, the physician of the gods, who cured Ilades and Ares, Homer, Il. v. 401, 809; cf. Od. iv. 232; also Apollo; also his son Æsculapius; a deliverer, saviour; (2) a choral song, hymn, chant, song of triumph. Der. *pæan-y*, q. v.

PEDOBAPTISM, the same as *Pedobaptism*, q. v.

PAGAN, a countryman, hence, a heathen. (L.) In Shak. Rich. II, iv. 95. [The ME. form is *paien* or *pagen*, Chaucer, C. T. 4954 (B 534), from OF. *paien* (burguy); which from L. *pāgānus*.]—L. *pāgānus*, (1) a villager, countryman, (2) a pagan, because the rustic people were supposed to be unconverted at a time when townsmen were converts. See Trench, On the Study of Words.—L. *pāgānus*, adj. rustic, belonging to a village.—L. *pāgus*, a district, canton. β. Some connect it with L. *pagare* (pt. t. *pagi*), to fasten, fix, set, as being marked out by fixed limits; see *Pact*. Der. *pagan-us*, *pagan-ism*, *pagan-ise*; and see *pajmim*, *peasant*.

PAGE (1), a boy attending a person of distinction. (F.—Low Lat.—Gk.) ME. *page*, King Alisaunder, 838; Havelok, 1730.—F. *page*, 'a page;' Cot. [Cf. Span. *page*, Port. *pagem*, Ital. *paggio*.]—Late L. *pagium*, acc. of *pagus*, a servant (Ducange). β. See Littre, who does not admit the etymology suggested by Dietz, viz. that Ital. *paggio* might have been formed from Gk. *παῖδιον*, a little

boy, dimin. of *παῖς*, a boy, child; for which see *Pedagogue*. But Korting accepts this solution.

PAGE (2), one side of the leaf of a book. (F.—L.) 'If one leaf of this large paper were plucked off, the more *pages* took harme thereby;' Holland, tr. of Pliny, b. xiii. c. 12. [ME. *pagine*, Ancien Riwle, p. 286; an older form.]—F. *page*, 'a page, a side of a leaf;' Cot.—L. *pāgina*, a page, or leaf. β. Orig. 'a leaf;' and so called because the leaves were once made of strips of papyrus fastened together.—L. *pagere* (base *pag-*), to fasten; see *Pact*. ¶ We also find ME. *pagent* (with added *t*), Romance of Partenay, prol. 79. The three forms *page*, *pagine*, *pagent*, from L. *pāgina*, are parallel to the three forms *marge*, *margin*, *margent*, from L. *marginem*. Der. *pagin-al-ion*, a modern coined word.

PAGEANT, an exhibition, spectacle, show. (Late L.—L.) A. It orig. meant 'a moveable scaffold,' such as was used in the representation of the old mysteries. A picture of such a scaffold will be found in Chambers, Book of Days, i. 634. The Chester plays 'were always acted in the open air, and consisted of 24 parts, each part or *pageant* being taken by one of the guilds of the city. . . Twenty-four large scaffolds or stages were made, &c.; Chambers, as above; see the whole passage. Phillips, ed. 1706, defines *pageant* as 'a triumphal chariot or arch, or other pompous device usually carried about in publick shows.' B. ME. *pagent*; also *pagyn*, as in Wyclif's Works, ed. Arnold, i. 129. The entry 'pageant, *pagina*,' occurs in Prompt. Parv. p. 377; where there is nothing to show whether a *pageant* is meant or a page of a book, the words being ultimately the same; see *Pago* (2). But Wuy's excellent note on this entry is full of information, and should be consulted. He says: 'the primary signification of *pageant* appears to have been a stage or scaffold, which was called *pāgina*, it may be supposed, from its construction, being a machine *compagināta*, framed and compacted together. The curious extracts from the Coventry records given by Mr. Sharp, in his Dissertation on the Pageants or Mysteries performed there, afford definite information on this subject. The term is variously written, and occasionally appears as *payn*, *pagen*, approaching closely to the L. *pāgina*. The various plays or pageants composing the Chester mysteries . . . are entitled *Pagina prima*, . . . *Pagina secunda*, . . . and so forth; see Chester Plays, ed. Wright. A curious contemporary account has been preserved of the construction of the *pageants* [scaffolds] at Chester during the xvth century, "which *pageants* weare a high scafold with 2 rowmes, a higher and a lower, upon 4 wherles;" Sharp, Cov. Myst. p. 17. The term denoting the stage whereon the play was exhibited subsequently denoted also the play itself; but the primary sense . . . is observed by several writers, as by Higius, in his version of Junius's Nomenclator, 1585: "*Pegma*, lignea machina in altum educta, tabulatis etiam in sublime crescentibus *compaginata*, de loco in locum portatilis, aut que velut potest, ut in pompis fieri solet: *Eschaffaut*, a pageant, or scaffold." Palsgrave has: 'Pagiant in a playe, mystere;' and Cotgrave explains MF. *pegmate* as 'a stage or frame whereon *pageants* be set or carried.' See further illustrations in Wedgwood. C. We may conclude that, just as ME. *pagent* is used as a variant of *pagine*, in the sense of page of a book, so the ME. *pagent* (or *pagiant*, &c.) was formed, by the addition of an excrement *t* after *n*, from an older *pagen* or *pagin*, which is nothing but an Anglicised form of Late L. *pāgina* in the sense of scaffold or stage. For examples of excrement *t*, cf. *ancient*, *margent*, *tyrant*, *pheasant*. D. Though this sense of *pāgina* is not given by Ducange, it was certainly in use, as shown above, and a very clear instance is cited by Wedgwood from Munimenta Gildhallæ Londoniensis, ed. Riley, iii. 459, where we find: "parabatur *machina* satis palcra . . . in eadem *pāgina* erigebantur duo animalia vocata antelops;" showing that (in 1432) *machina* and *pāgina* were synonymous. E. The true sense of *pāgina* I take to have been simply 'stage' or 'platform;' we find one sense of L. *pāgina* to be a slab of marble or plank of wood (White). Cf. L. *pāginātus*, planked, built, constructed (White). Hence the derivation is from L. *pagere* (base *pag-*), to fasten, fix; see *Pago* (2). ¶ Note that another word for the old stage was *pāgma* (stem *pāgmat-*, whence MF. *pegmate* in Cotgrave); this is the corresponding and cognate Greek name, from Gk. *πάγμα* (stem *πάγμα-*), a platform, stage, derived from the base of Gk. *πάγνυμι*, I fix, cognate with L. *pagere*. Der. *pageant*, verb, to play, Shak. Troil. i. 3. 151; *pageant-r-y*, Pericles, v. 2. 6.

PAGODA, an Indian idol's temple. (Port.—Pers.) Spelt *pagotha* in Sir T. Herbert, Travels, ed. 1665, pp. 69, 393; *pagod* in Skinner, ed. 1671; *pagodes*, pl., in Hakluyt, Voy. ii. part 1. 221, 253.—Port. *pagoda*, now generally *pagode*; but both forms are given in the Eng.-Port. part of Veyra's Dict. Adapted from Pers. *but-kalāh*, an idol-temple; Rich. Diet. p. 241, col. 2; spelt *but-kalāh* in Palmer, Pers. Dict. col. 7c.—Pers. *but*, an idol, image, God, id. p. 241, col. 1; and *kadāh*, a habitation, id. p. 1175. β. The initial Pers.

sound is sometimes rendered by *p*, as in Devic. Yule suggests some confusion with Skt. *bhagavati*, f., lit. 'venerable,' as the name of a goddess.

PAH, PA, a fort. (New Zealand.) A Maori word, signifying a fort surrounded by a stockade. 'In Maori, the verb *pā* means to touch, to block up. *Pa* = a collection of houses to which access is blocked by means of stockades and ditches;' Morris, Austral English.

PAIGLE, the cowslip. (O. Low G. I.) 'Paggles, greene and yellow;' Tusser's Husbandry, § 43. 25 (E. D. S.). 'Paggill, a cow-sloppe;' Palsgrave. As *cowslip*, formerly *cowslip*, orig. meant 'cow-dung,' it is possible that *paigle* may have meant 'horsedung.' Woeste's Westphal. glossary gives *päen-wiessel*, a dung-beetle; and he notes that the Hannover form is *pagel-worm*, where *pagel* means 'dung;' evidently from Low G. *page*, MDu. *paghe* (Oudemans), a horse.

PAIL, an open vessel of wood, &c. for holding liquids. (F.—L.) MF. *paile*, *payle*. 'Payle, or mylke-stoppe [milk-pail];' Prompt. Parv. AF. *paile*; glossed by ME. *stoppe*; Nominale, ed. Skeat, l. 496.—OF. *paile*, a pan; 'a footless posnet, i. e. iron cooking-pot; saucepan;' Cot.—L. *patella*, dimin. of *patina*, a pan; see **PATEN**. β. or from AS. *paegel*, occurring as a gloss upon *l. gillo* in Wright's Vocab., where it is misprinted *weagel*; see Voc. 124. 2, and Toller's A. S. Dict. It is cognate with Du. and G. *pegel*, G. *paal*, a gauge for liquids; cf. Dan. *pegel*, half a pint. But it seems to have been French; note the final *-e*. Der. *paill-ful*.

PAIN, bodily suffering, anguish. (F.—L.—Gk.) ME. *peine*, *peyne*, King Alisaunder, 4522.—F. *peine*, 'a paine, penalty;' Cot.—L. *pæna*, punishment, penalty, pain.—Gk. *πῶν*, penalty. β. The L. word was borrowed from the Gk. very early. Idg. type **painā*; cf. OIrish *cín* (Ir. *cion*), a fault; Zend *kaēnē*, punishment, Pers. *kin*, revenge; Russ. *tsena*, a price; Gk. *riverē*, to pay a price. Brugmann, i. § 202. C. Fine (1). Der. *pain*, verb, ME. *peinen*, Chaucer, C. T. 139; *pain-ed*; *pain-ful* (with E. suffix *-ful* = *full*), formerly used with the sense of 'industrious,' see exx. in Trench, Select Glossary; *pain-ful-ly*, *pain-ful-ness*, *pain-less*, *pain-less-ness*; also *pains-taking*, adj., i. e. taking pains or trouble, Beaumont and Fletcher, Span. Curate, iv. 5 (Diego); *pains-taking*, sb. And see *pen-al*, *penance*, *pen-itent*, *pen-ish*, *pine* (2).

PAINTM; see **PAYNIM**.

PAINT, to colour, describe, depict. (F.—L.) ME. *peintre*, Chaucer, C. T. 11946, 11949 (C 12, 15); but the word must have been in use in very early times, as we find the derived words *peintunge*, *painting*, and *peinture*, a picture, in the Ancræn Riwle, p. 392, l. 17, p. 242, l. 14.—OF. *peint*, *paint* (mod. F. *peint*), pp. of *peindre*, *peindre* (mod. F. *peindre*), to paint.—L. *pingere*, to paint. Allied to Skt. *piñj*, to dye, colour; *piñjara*, yellow, tawny. β. The form of the root is PIEG, to colour; perhaps allied to √PEIK, to adorn, form, whence Skt. *piç*, to adorn, form, *piças*, an ornament, and Gk. *ποικίλος*, variegated. Der. *paint*, sb. (a late word), Dryden, to Sir Robert Howard, l. 8; *paint-er*, Romeo, l. 2. 41; *paint-ing*, in early use, ME. *peintunge*, as above. And see *picl-ure*, *de-pict*, *pig-ment*, *pi-mento*, or *pi-ment*, or *pine*, *paint*.

PAINTER, a rope for innooring a boat. (F.—L.) 'Painter, a rope employed to fasten a boat;' Hawkesworth's Voyages, 1773, vol. i. p. xxix; spelt *paynter*, Naval Accounts (1485), p. 37. β. Some have supposed it to have been corrupted (by assimilation to the ordinary sb. *painter*) from MF. *panter*, a snare, cap for catching birds; see Chaucer, Legend of Good Women, 131; Prompt. Parv. p. 381; spelt *panter*, Polit. Songs, ed. Wright, p. 344.—AF. *panter* (Godefroy); MF. *pantere*, a kind of snare for birds (Roquefort); *panthera*, 'a great swoop-net;' Cot. Cf. Ital. *pantera*, 'a kind of tramell or fowling-net,' Florio; *panthera*, 'a net or haie to catch conies with, also a kind of fowling-net;' id.—L. *panther*, a hunting-net for catching wild beasts; cf. *panthera*, an antler capture.—Gk. *πῶν*, catching all sorts of animals.—Gk. *πῶν*, neut. of *πῶν*, verb, and *θηρ*, a wild beast; see **PAN** and **PANTHER**. Cf. The Irish *peintreir*, Gael. *peintreir*, a gin, snare, are borrowed from F.; the ME. word occurs as early as the reign of Edw. II. It is remarkable that, in America, a *panther* is also called a *painter*; see Cooper, The Pioneers, cap. xxviii. γ. But ME. *panter* means 'net' rather than 'noose.' Perhaps *painter* represents MF. *peinteur*, 'the name of one of the ropes which passe over the top of a mast,' Cot.; or OF. *peintoir*, *pendoir*, in Godefroy, a perch for hanging clothes to dry, part of a belt to which a sword is hung, also strong cordage; from L. *pendere*, to hang. But the history is obscure.

PAIR, two equal or like things, a couple. (F.—L.) ME. *peire*, *peyre*, applied to any number of like or equal things, and not limited, as now, to two only. Thus 'a *peire* of bedes' = a set of beads, Chaucer, C. T. 159. 'A *pair* of cards' = a pack of cards; Ben Jonson, Masque of Christmas (Carol). 'A *pair* of organs' = a set of organ-pipes, i. e. an organ; see my note to P. Plowman, C. xxi. 7.

'A *pair* of stairs' = a flight of stairs. Yet we also find 'a *peyre* hose' = a pair of hose; Rob. of Glouc. p. 390, l. 8013.—F. *paire*, 'a paire, or couple of;' Cot.; F. *paire*, 'like, alike, equal, matching, even, meet;' Cot.—L. *paria*, neut. pl., and *parum*, acc. of *pār*, alike. See **PAR**, **PEER**. Der. *pair*, verb, Wist. Ta. iv. 4. 154. Also *um-pire*, q. v.

PAJAMAS, PYJAMAS, loose drawers. (Hind.—Pers.) Modern. Lit. 'leg-clothing.'—Hind. *pijāma*, *pājāma*, drawers.—Hind. *pāe*, leg, *pā*, foot; *jāmā*, garment (Forbes, Yule).—Pers. *pāi*, cognate with E. *foot*; *jāmā*, a garment. (Horn, § 412.) See *pyjamas* in Yule.

PAL, a brother, comrade. (Gipsy.) 'Pal is a common cant word for brother or friend, and it is purely Gipsy. On the Continent it is *prala* or *pral*;' C. G. Leland, Eng. Gipsies, vi.

PALACE, a royal house. (F.—L.) ME. *palais*, King Horn, ed. Lumby, 1256; *paleis*, Floriz and Blanchefleur, 87.—F. *palais*, 'a palace;' Cot.—L. *palātium*, formerly a building on the Palatine hill at Rome. 'On this hill, the *Collis Palatinus*, stood . . . the houses of Cicero and Catiline. Augustus built his mansion on the same hill, and his example was followed by Tiberius and Nero. Under Nero, all private houses had to be pulled down on the *Collis Palatinus*, in order to make room for the emperor's residence . . . called the *Palatium*; and it became the type of all the palaces of the kings and emperors of Europe;' Max Müller, Lectures on Language, ii. 276. β. The *Collis Palatinus* is supposed to have been so called from *Pales*, a pastoral deity; see Max Müller, as above. *Pales* was a goddess who protected flocks; and the name may have meant 'protector;' cf. Skt. *pālā*, one who guards or protects; *pāl*, to protect, cherish. Der. *palati-al* (Todd), formed with suffix *-al* from L. *palātium*; also *palat-in*, q. v.; *palad-in*, q. v.

PALADIN, a warrior, a knight of 'Charlemagne's household. (F.—Ital.—L.) In Blount's Gloss, ed. 1674.—F. *paladin*, 'a knight of the round table;' Cot.—Ital. *paladino*, 'a warrior, a valiant man at arms;' Florio.—L. *palatinus*; see **PALATINE**. Properly applied to a knight of a palace or royal household. Doublet, *palatine*.

PALÆO; see **PALEO**.

PALANQUIN, PALANKEEN, a light litter in which travellers are carried on men's shoulders. (Port.—Hind.—Skt.) 'A *palankeen* or litter;' Sir T. Herbert, Travels, 1665, p. 72. Spelt *palanke* in Terry's Voyage to East India, 1655, p. 155 (Todd); *palanquin* in Skinner, ed. 1671; *palanchine* in Hakluyt, Voy. ii. part i. 222.—Portuguese *palanquin*.—Hind. *palang*, a bed, bedstead; otherwise *pālki*; Forbes, Hindustani Dict.; and (in the Carnatic) *pallakki* (H. H. Wilson); Pali *palanko* (Yule). Cf. Pers. *palank*, *palang*, a bedstead; Rich. Dict. p. 335. All from Skt. *paryāṅka* (Prakrit *palāṅka*), a couch-bed, a bed; the change from *r* to *l* being very common.—Skt. *pari*, about, round (Gk. *πῶν*); and *āṅka*, a hook, the flank, &c. Apparently from the support given to the body. The Skt. *āṅka* is allied to L. *uncus*, a hook, AS. *angel*, a hook. See **PERI** and **ANGLE** (2).

PALATE, the roof of the mouth, taste, relish. (F.—L.) In Cor. ii. 1. 61. ME. *palet*, Wyclif, Lament, iv. 4; Prompt. Parv. p. 378.—AF. *palet*, *palate*, in Nominale, ed. Skeat, 29; OF. *palat*, in the 14th century; see Littre.—L. *palātium*, the palate. Root uncertain. ¶ The mod. F. *palais* answers to a Late L. *palātium*, which seems to have been used by mistake for *palātium*. See remarks in Max Müller, Lect. on Lang. ii. 276. Der. *palat-al*, *palat-able*, *palat-abl-y*. Also *palate*, verb, Cor. iii. 1. 104.

PALATINE, orig. pertaining to a palace. (F.—L.) Chiefly in the phr. 'count *palatine*,' where the adj. follows the sb., as in French; see Merch. Ven. i. 2. 49.—F. *palatin*, 'a general and common appellation, or title, for such as have any special office or function in a sovereign prince's palace;' Cot. He adds: 'Compte *palatin*, a count *palatine*, is not the title of a particular office, but an hereditary addition of dignity and honour, gotten by service done in a domestical charge.'—L. *palātīnus*, (1) the name of a hill in Rome, (2) belonging to the imperial abode, to the palace or court. See **PALEO**. Der. *palatin-ale*, from F. *palatinat*, 'a palatinity, the title or dignity of a count *palatine*, also a county *palatine*;' Cot. Doublet, *paladin*.

PALAUVER, a talk, parley. (Port.—L.—Gk.) Frequently used in works of travel, of a parley with African chiefs; a word introduced on the African coast by the Portuguese.—Port. *palavara*, a word, parole.—L. *parabola*; from Gk. See **PAROLE**, **PARABLE**.

PALE (1), a stake, narrow piece of wood for enclosing ground, an enclosure, limit, district. (F.—L.) ME. *paal*, Wyclif, Ezek. xv. 3 (earlier version); the later version has *stake*; Vulgate, *pasillus*. Dat. *pale*, Wyclif, Luke, xix. 43.—F. *pal*, 'a pale, stake, or pole;' Cot.—L. *pālus*, a stake. For **paleus*, from *pac-*, to fasten; as in *pac-isc*, to stipulate. Brugmann, ii. § 76. See **PACT**. Der. *pal-ing*, Blackstone's Comment. b. ii. c. 3 (K.); *pale*, verb, 3 Hen. VI. l. 4.

103; *im-pale*; also *pale-is-ade*, q. v. **Doublet, pole** (1). The heraldic term *pale* is the same word.

PALE (2), wan, dim. (F.-L.) ME. *palē*, Chaucer, C. T. 5065 (B 645).—OF. *pale*, *palle* (Burguy), later *pale* (Cot.), whence mod. F. *pale*.—L. *pallidum*, acc. of *pallidus*, pale. On the loss of the last two atonic syllables, see Brachet, *Introd.* § 50, 51. Allied to Gk. *palaios*, gray, and to E. *fallow*; see **Fallow** (2). Der. *pale-ly*, *pale-ness*, *pale-ist*. **Doublet, pallid**.

PALEOGRAPHY, the study of ancient modes of writing. (Gk.) Modern; coined from Gk. *παλαιός*, for *παλαιός*, old; and *γραφειν*, to write. *Παλαιός* is from *παλαι*, adv., long ago.

PALEOLOGY, archaeology. (Gk.) Modern. From Gk. *παλαιός*, for *παλαιός*, old; and *-λογία*, a discourse, which from *λόγος*, to speak. See **Paleography** and **Logio**. Der. *paleolog-ist*.

PALEONTOLOGY, the science of fossils, &c. (Gk.) Modern. Lit. 'a discourse on ancient creatures.' Coined from Gk. *παλαιός*, long ago; *όντος*, decl. stem of *ὢν*, existing; and *-λογία*, a discourse, which from *λόγος*, to speak. See **Paleography**, **Sooth**, and **Logio**. Der. *paleontol-ist*.

PALESTRA, a wrestling-school. (L.-Gk.) In Ilyly, Ephraim, ed. Arber, p. 447; *palestr-ai*, adj., Chaucer, *Troilus*, v. 304.—L. *palestra*.—Gk. *παλαίστρα*, a wrestling-school. = Gk. *παλαιός*, to wrestle; cf. *πάλη*, wrestling. Connected with Gk. *παλάμη*, the palm of the hand (Frellwitz). See **Palm** (1). Der. *palestr-al*, as above.

PALETOE, a loose garment. (F.) Modern. Borrowed from mod. F. *paletoe*, formerly *pallette*, for which see below. However, the word is by no means new to English; and the ME. *paltoke* is not an uncommon word; see numerous references in my note to P. Ploverman, B. xviii. 25, where the word occurs; and see Prompt. Parv., and Way's note; cf. AF. *paltoke* (below). This form was borrowed from OF. *pallette*, 'a long and thick yelt, or cassock, a garment like a short cloak with sleeves, or such a one as the most of our modern pages are attired in.' Cot. Explained by Dies as *palle-togue*, a cloak with a hood; from L. *palla*, a mantle, and Bret. *ist*, W. *tue*, a cap. B. Littre derives OF. *pallette* from MDu. *paltoke*, a mantle; but Franck says that this MDu. form was taken (with alteration) from the OF. word. Cf. Bret. *paltoke*, a peasant's robe; from L. *palla* and Bret. *ist*, a cap. See **Pall** (1). ¶ Way says that 'Sir Roger de Norwiche bequeaths, in 1370, *unum paltoke de veluete, cum armis meis*;' &c.

PALETTE, a small slab on which a painter mixes colours. (F.-L.) 'Palette, a thin oval piece of wood, used by painters to hold their colours;' Kersey, ed. 1715. The word is used by Dryden; see Todd (who gives no reference).—F. *palette*, 'a lingell, tenon, slice, or flat tool wherewith chirurgians lay salve on plaisters; also, the saucer or porringer, wherinto they receive blood out of an opened vein; also, a battlement.' Cot. Thus it orig. meant a flat blade for spreading things, and afterwards a flat slab for colours. (Cf. Ital. *palette*, 'a lingell, slice [such] as apothecaries use'; Florio; dimin. of *pala*, 'a spade'; id.—L. *pala*, a spade, shovel, flat-bladed 'peel' for putting bread into an oven; see **Peel** (3). **Doublet, pallet** (2).

PALFREY, a saddle-horse, esp. a lady's horse. (F.-Low L.-Gk. and C.) In early use. ME. *palfevrai*, O. Eng. Homilies, ed. Morris, i. 5, l. 20; *palfrei*, Chaucer, C. T. 2497 (A 2495).—OF. *palfrei* (13th century, Littre), MF. *palfrei*, 'a palfrey,' Cot.; mod. F. *palfrey*. Spelt *palefraid* in the 11th century; Littre.—Low L. *paraveridus*, a post-horse, lit. 'an extra post-horse' (Lewis). Brachet gives quotations for the later forms *paraveridus*, *parafredus*, and *palefraid* (10th century); and OF. *palefraid*—Low L. acc. *palefraidum*; every step being traced with certainty. β. The Low L. *paraveridus* is a hybrid formation from Gk. *παρά*, beside (hence extra); and Lat. L. *veridus*, a post-horse, courier's horse (Lewis). γ. Here *veridus* stands for *voridus*, from a Celtic type **vo-reidos*, a carriage-horse.—Celtic **vo* (Irish *fo*, W. *go*), prep. under, in; and **reidū*, Gaulish L. *rheda*, *reia*, a carriage. The Celtic **vo-reidos* occurs in W. *gorwydd*, a horse. The Celtic **reidū* is from the verb seen in Irish *riad-uim*, I travel, ride, cognate with E. *ride* (Stokes). ¶ The Low L. *paraveridus* is also the original of G. *pferrd*, Du. *paard*, a palfrey, horse.

PALIMPSEST, a manuscript which has been twice written on, the first writing being partly erased. (Gk.) *Palimpsestos* in Phillips (1706).—Gk. *παλινψηστος*, a palimpsest (manuscript); neut. of *παλινψηστος*, lit. scraped again.—Gk. *πάλημι*, for *πάλημι*, again, before the following ψ; and *ψάω*, rubbed, scraped, verbal adj. from *ψάω*, to rub, Ionic *ψάω*. Cf. Skt. *psā*, to eat.

PALINDROME, a word or sentence that reads the same backwards as forwards. (Gk.) Examples are *Ηannah, inadam, Eve*; Todd quotes *subi dura a rudibus* from Peacham, Experience in these Times (1638). 'Curious palindromes;' Ben Jonson, An Execution

upon Vulcan, Underwoods, lxi. l. 34.—Gk. *παλινδρομος*, running back again.—Gk. *πάλιν*, back, again; and *δρομος*, a running, from *δρομίν*, to run; see **Dromedary**.

PALINODE, a recantation, in song. (F.-L.-Gk.) 'You, two and two, singing a palinode;' Ben Jonson, Cynthia's Revels, last speech of Crites.—F. *palinodie*, 'a palinody, recantation, contrary song, unsaying of what hath been said;' Cot.—L. *palinodia*.—Gk. *παλινωδία*, a recantation, esp. of an ode.—Gk. *πάλιν*, back, again; and *ὁδός*, a song; see **Ode**.

PALISADE, a fence made of pales or stakes. (F.-L.) Shak. has the pl. *palisades*, 1 Hen. IV. ii. 3. 55; this is a pseudo-Spanish form; the mod. Span. word is *palizada*. Dryden has *palisades*, tr. of Virgil, b. vii. l. 214.—F. *palissade*, 'a palissade;' Cot.—F. *palis-er*, 'to inclose with pales,' id.; with suffix *-ade* < L. *-ita*.—F. *palis*, a 'pale, stake, pole,' id.; extended from *pale*, a pale. See further under **Pale** (1). Der. *palisade*, verb.

PALL (1), a cloak, mantle, archbishop's scarf, shroud. (L.) ME. *pal*, Layamon, 897, 1206; pl. *palles*, id. 2368. AS. *pell*, purple cloth; we find *pallas* and *sidas*—purple cloths and silks, as a gloss to L. *purpuratum et sricum* in Aldrich's Colloguy (the Merchant); see Thorpe, *Analecta*, p. 27.—L. *pallium*, a coverlet, pall, curtain, toga; allied to *palla*, a mantle, loose dress. Sievers, Gr. § 80. Der. *pall-ate*, q. v.

PALL (2), to become vapid, lose taste or spirit. (F.-L.) ME. *pallen*, 'Pallyn, as ale and drynke, Emuriol,' Prompt. Parv. Way, in the note on the passage, quotes from Lydgate's Order of Fools: 'Who forsaketh wyne, and drynketh the ale palled, Such foliasshe foolis, God lete hem never the!' [prosper]; Minor Poems, p. 168. He also cites from Palsgrave: 'I *palle*, as drinke or bloodie dotie, by longe standing in a thyuge, ie *apallys*. This drinke wyll *pall* (**apallys*) if it stande vncouered all nyght. I *palle*, I fade of freshesse in colour or beauty, ie *apallys*.' β. He also has: 'I *palle*, as drinke in colour or beauty, ie *apallys*.' γ. He also has: 'I *palle*, as drinke in colour or beauty, ie *apallys*.' Thus *pall* is merely an apocryphal form of *apall*, which meant both to wax pale and to make pale or to terrify. See **Appal**.

PALLADIUM, a safeguard of liberty. (L.-Gk.) 'A kind of *palladium* to save the city,' Milton, Of Reformation in England, B. 1 (Todd).—L. *Palladium*; Virgil, *Aen.* ii. 166, 183.—Gk. *Παλλάδιον*, the statue of Pallas on which the safety of Troy was supposed to depend.—Gk. *Παλλάς*, stem of *Παλλάς*, an epithet of Athene (Minerva).

PALLET (1), a kind of mattress or couch, properly one of straw. (F.-L.) ME. *pallette*, Chaucer, *Troil.* iii. 229.—AF. *pallette*, straw, lectuary, 475; F. *pallette*, a heap of straw, given by Littre as a provincial word. Cotgrave only gives *pallette*, 'a reek or stack of straw, also, bed-straw.' Dimin. of F. *paille*, 'straw'; Cot.—L. *palea*, straw, chaff. Allied to Skt. *pālāla*, straw; Russ. *polova*, chaff; Lith. *pela*, pl. chaff. See **Palliasse**.

PALLET (2), an instrument used by potters, also by gilders; also, a palette. (F.-Ital.-L.) See definitions in N. E. D.; it is, properly, a flat-bladed instrument for spreading plasters, gilding, &c., and for moulding; and is only another spelling of **Palette**, q. v.

PALLIASSE, a straw mattress. (F.-L.) Not in Todd's Johnson. The introduction of it is due to an attempt to represent the 'il mouillés' of the F. *palliasse*, which see in Littre. The MF. form in Cotgrave is *pallasse*, 'a straw-bed.' The suffix *-asse*, *asse* (< L. *-assa*) is a diminutive one; Brachet, *Etym. Dict.* *Introd.* § 272; and *pall-asse* is from *paille*, straw.—L. *palea*; see **Pallet** (1).

PALLIATE, to cloak, excuse. (L.) β. Being *palliated* with a pilgrim's coat and hypocritical sanctity; Sir T. Herbert, *Travels*, ed. 1665, p. 341. Properly a pp., as in 'certain lordes and citizens . . . in habite palliate and dissimuled;' Hall's Chron., Hen. IV. *introd.* § 11.—L. *pallidus*, cloaked, covered with a cloak.—L. *pallium*, a cloak, mantle. See **Pall** (1). Der. *palliat-ion*, *palliat-ive*.

PALLID, pale. (L.) 'Pallid death;' Spenser, F. Q. v. 11. 45.—L. *pallidus*, pale. See **Pale** (2). **Doublet, pale** (2).

PALL-MALL, the name of an old game. (F.-Ital.-L.) Discussed under **Mall** (2), q. v. See Notes on E. Etym., p. 204.

PALLOR, paleness. (L.) Used by Bp. Taylor, *Artificial Hand-someness*, p. 2 (Todd).—L. *pallor*, paleness.—L. *pallere*, to be pale. Cf. L. *pallidus*, pale; see **Pale** (2).

PALM (1), the inner part of the hand. (F.-L.) ME. *paume*, the palm of the hand, P. Ploverman, B. xvii. 141, 147, 150, 153.—F. *paume*, 'the palm of the hand'; Cot.—L. *palmā*, the palm of the hand.—Gk. *πάλημι*; Skt. *pañi* (old game, cf. **palmi*).—AS. *folm*; Grein, i. 311; Olrish *tām*; W. *llaw*. Brugmann, i. § 539 (2). Allied to AS. *folm* is E. *fumble*; see **Fumble**. Der. *palmate*, from L. *palmatus*, marked with the palm of the hand, shaped like the palm; *palm-ist-ry*, in Sir T. Browne, *Vulg. Errors*, bk. v. ch. 24, pt. 1; ME. *paumestry*, Lydgate, *Assembly of Gods*, 870.

PALM (2), the name of a tree. (L.) *AS. palm*, a palm-tree; borrowed directly from Latin. '*Palma*, palm-twig, *vel palm*;' Wright's Vocab. i. 32, col. 2. So called from some resemblance of the leaves to the out-spread hand; see **Palm** (1). ¶ We may note that the L. spelling has prevailed over the French, as in *palms*, &c. Der. *palm*-er, *M.E. palmere*, Chaucer, C. T. 13. King Horn, ed. Lumby, 1027, i.e. one who bears a palm-branch in token of having been to the Holy Land; *palm*-er-worm, Joel, i. 4, ii. 25, a caterpillar supposed to be so called from its wandering about like a pilgrim, and also simply called *palm* (see Eastwood and Wright's Bible Word-book); *Palm-sunday*, *M.E. palme-sunday*, O. Eng. Miscellany, ed. Morris, p. 39, l. 65, *AS. palm-sunnandæg*, Luke, xix. 29 (margin); *palm-y*, Hamlet, i. 1. 113; *palm-ary*, i.e. deserving the palm (as token of a victory). ¶ The *palm* or *palm*-worm might have been named from prov. *E. palm*, the catkin of a willow; but we also find *palm* in the sense of wood-louse, and in Holli-band's Dict., ed. 1593, a *palm* is described as 'a worme having a great many feet'; see Halliwell.

PALPABLE, that can be felt, obvious. (F.—L.) In Mach. ii. 1. 40; Chaucer, Ho. Fame, 866.—F. *palpable*, omitted by Cotgrave, but in use in the 15th century (Littre), and given by Palgrave, who has: 'Palpable, apte or mete to be felte, *palpable*.'—L. *palpabilis*, that can be touched.—L. *palpare*, to feel, *palpāri*, to feel, handle. β. An initial *s* has been lost, if it is related to Gk. *παλάειν*, I feel; Skt. *spālayā*, to strike, to touch. Der. *palpab-y*, *palpable-ness*, *palpabil-ty*. And see *palpitate*.

PALPITATE, to throb. (L.) In Minshew, ed. 1627. [It is not unlikely that the *v* verb to *palpitate* was really due to the sb. *palpitation*.]—L. *palpitatus*, pp. of *palpitare*, to throb; frequentative of *palpare*, to feel, stroke, pat. See **Palpable**. Der. *palpitat-ion*, from *F. palpitation*, 'a panting'; Cot.

PALSEY, paralysis. (F.—L.—Gk.) *M.E. palsey*, Wyclif, Matt. iv. 24; *Palsey*, Rob. of Brunne, Handlyng Synne, 1922; fuller form *parley*, Prick of Conscience, ed. Morris, 2996.—F. *paralyse*, 'the palsy'; Cot.—L. *paralysis*, acc. of *paralysis*, see **Paralysis**. Der. *palsy*, verb; *palsi*-ed, Cor. v. 2. 46.

PALTER, to dodge, shift, shuffle, equivocate. (Scand.) See Macb. v. 8. 20; Jul. Cæs. ii. 1. 126. Cotgrave, s.v. *harceler*, has: 'to haggle, hucke, hedge, or *palter* long in the buying of a commodity.' It also means 'to babble,' as in: 'One while his tongue it run and *paltered* of a cat, Another while he stammered styll upon a rat'; Gammer Gurton, ii. 3. Cf. prov. *E. palter*, to work carelessly, to go about aimlessly, to trifle. Prob. of Scand. origin. Cf. Swed. dial. *palta*, to go about, to hobble about, to toddle; *palter*, a poor wretch, who goes about aimlessly; from *pala*, to work slowly (Rietz). Perhaps of imitative origin; cf. *faller*.

PALTRY, mean, vile, worthless. (Scand.) In Shak. Merry Wives, ii. 1. 164; Marlowe, Edw. II, ii. 6. 57. Jamieson gives *paltrie*, *paltrie*, vile trash; Halliwell has *paltring*, a worthless trifle; Forby explains Norfolk *paltry* by 'rubbish, refuse, trash'; and Brockett gives *palterly* as the North. Eng. form of the adj. *paltry*. It stands for *palter-y* (North. *E. palter-ly*), formed with the adj. suffix -y (or -ly) from an old pl. *palter*-er (formed like *M.E. child*-er = children, *breth*-er = brethren), which is still preserved in Swed. and Danish. This account is verified by the G. forms; see below. The sense of *palter* is 'rags,' and that of *paltr-y* is 'ragged,' hence, vile, worthless, or, as a sb., trash or refuse.—Swed. *paltror*, rags, pl. of *paltra*, a rag; three gives *M.Swed. paltror*, old rags, with a reference to Jerem. xxxviii. 11; Dan. *pjaltr*, rags, pl. of *pjaltr*, a rag, tatter; hence the adj. *pjaltr*, ragged, tattered.—Low *E. palte*, *palte*, a rag, a piece of cloth torn or cut off; whence the adj. *paltring*, *paltring*, ragged, torn; Bremen Wörterb. iii. 287; Prov. *E. palter* (pl. *paltern*), a rag; whence *palterig*, *paltry* (Flügel). Cf. also *M.Du. palit*, a piece, fragment, as, *palt brode*, a piece of bread (Oudemans, Kilian); *N.Fries. palit*, a rag (Outzen). β. The origin is by no means clear; three connects *Swed. paltror* with *M.Swed. palt*, a kind of garment. See Rietz, s.v. *palt*. Possibly of Slavonic origin; cf. Russ. *palatno*, *palatno*, linen; which may be allied to *E. fold* (as of linen); cf. Skt. *pata*, woven stuff, piece of cloth. Der. *paltr-y*, *paltr-ness*.

PALUSTRAL, **PALUSTRINE**, of the marshes, marshy. (L.) Coined from *L. palustris*, marshy.—*L. palus*, a marsh, *marass*.

PAMPAS, plains in South America. (Span.—Peruvian.) *Pampas* is the Span. pl. of *pampa*, a plain. From the Peruv. *pampa*, a plain; hence *Moyu-bamba*, *Chuyu-bamba*, places in Peru, with *bamba* for *pampa* (wrongly). Garcilasso, in his Comment. on Peru, bk. vii. c. 4, complains that the Spaniards often mispronounced *pampa* as *bamba*.

PAMPER, to feed luxuriously, glut. (Yemish.) In Much Ado, iv. 1. 61. 'Oure *pampere*, pamperys'; Skelton, ed. Dyce, i. 19, l. 25. But the word was known to Chaucer: 'They were nat *forpampred* with owtrage'; *Ætas Prima*, l. 5. Wedgwood quotes from Reliquie

Antique, i. 41: 'Thus the devil farith with men and women; First, he stirith him to *pappe* and *pampe* her fleisch, desyringe delicious metis and drynkis.' Not found in AS., and prob. imported from the Netherlands. The form *pamp*-er is precisely the W. Yemish *pamperen*, to pamper (De Ho); a frequentative from *pamp* (as above), meaning to feed luxuriously; and this verb is a causal form from a sb. *pamp*, a nasalised form of *pap*.—Low *G. pampen*, more commonly *slampampen*, to live luxuriously; Bremen Wörterb. iv. 800.—Low *G. pamp*, thick pap, made of meal; also called *pampelby*, i.e. *pap*-broth; and, in some dialects, *pampe*; id. iii. 287. So also Low *G. (Altmark) pampen, pappen*, to cram oneself (Danneil); vulgar *G. pampen, pampeln*, to cram, pamper, from *pampe*, *pap*, thick broth; Bavarian *pampfen*, to stuff, *sich anpampfen, vollpampfen*, to cram oneself with pap or broth (Schmeller, i. 392). ¶ The use of the prefix *for*- in Chaucer is almost enough in itself to stamp the word as being of Teutonic origin. Der. *pamp*-er.

PAMPHLET, a small book, of a few sheets stitched together. (F.—L.—Gk.) Spelt *pamflet*, Testament of Love, bk. iii. ch. g. l. 54; ed. 1561, fol. 317 b, col. 1; *pamphlet* in Slak, 1 Hen. VI, iii. 1. 2. [The mod. *F. pamphlet* is borrowed from English (Littre).] Hoccleve has the form *pamphlet* (trisyllabic) in l. 1 of a poem addressed to Richard, duke of York. It is obviously formed, with the *F.* suffix -et, from the name *Pamphil*-us, as in other similar instances. Thus the OF. *Esop*-et meant a book by *Esop*, *Avion*-et meant one by *Avianus* (see note to P. Plowman, B. xii. 257), and *Chaton*-et one by Cato (Godefroy). Similarly, *Pamphil*-et or *Pamfil*-et meant one by *Pamphile*, i.e. *Pamphilus*. The allusion is to a medieval Latin poem (in 780 lines) of the 12th century referred to by Chaucer in C. T., F. 1110. The title is: 'Pamphil Mauriliianus Pamphilus'; there is an edition by Goldastus. See my note on the passage. [There was also a *Pamphila*, a female historian of the first century, who wrote numerous *epitomes*; see Suidas, Aul. Gellius, xv. 17, 23; Diog. Laertius, in life of Pittacus.] The earliest record of the word in England is in the Late *L. pamphletus*, a little book; in Richard of Bury, Philobiblon, c. 8 (A. D. 1344). Cf. *F. pamphile*, a name for the knave of clubs (Littre), due to the Gk. name *Pamphilus*; whence *Pam*, in Pope, Rape of the Lock, 349. Der. *pamphlet*-eer, Bp. Hall, Satires, b. ii. sat. 1. 1. 30; *pamphlet*-earing.

PAN, a broad shallow vessel for domestic use. (E. I.) '*Pannes* and pottes'; Sir T. Elyot, The Governour, b. i. c. 1. *M.E. panne*, Chaucer, C. T. 7196 (D. 1614). *AS. panne*, a pan; '*Patella, panne*;' '*Isen panne*' = an iron pan; '*fyr-panne*' = a fire-pan; *Alfric's* Vocab. Nomina Vasorum, in Voc. 123. 6; 124. 10, 11. And see *Alfred*, tr. of Gregory's Pastoral, c. xxi. ed. Sweet, p. 162, last line. [Irish *panna*, *W. pan*, are from *P.*] Cf. *Icel. panna*, Swed. *panna*, Dan. *pande* (for *panne*), Du. *pan*, *G. fenne*; also Low Lat. *panna*. β. Perhaps of Teut. origin. If not, it may be a corrupted form of *L. patina*, a shallow bowl, pan, bason. Der. *brain-pan*, with which cf. *M.E. panne* in the transferred sense of skull, Chaucer, C. T. 1167 (A. 1165); *knee-pan*; *pan-cake*, As You Like It, i. 2. 69, and in Palgrave; also *pannikin*, from *M.Du. panneken*, 'a small panne', Hexham; with *M.Du. diuin* suffix -ken. Also *pan*-tile, first in 1640 (N. E. I.).

PAN-, prefix, all. (Gk.) From Gk. *πᾶν*, neut. of *πᾶς*, all. The stem is *panv*-.

PANACEA, a universal remedy. (L.—Gk.) '*Panacea*, a medicine . . . of much vertue'; Udall, pref. to Luke, fol. 8, back. Oddly spelt *panachaea*, Spenser, F. Q. iii. 5. 32.—*L. panacea* = Gk. *πανακεια*, fem. of *πανακειος*, allied to *νακωειν*, all-healing.—Gk. *πᾶν*, neut. of *πᾶς*, all; and *αε*-, base of *αἰσιν*, I heal, *αἰος*, a cure, remedy.

PANCREAS, a fleshy gland under the stomach, commonly known as the sweet-bread. (L.—Gk.) '*Pancreas*, the sweet-bread'; Phillips, ed. 1706.—*L. pancreas* = Gk. *πᾶνκρεας*, the sweet-bread; lit. 'all flesh'.—Gk. *πᾶν*, neut. of *πᾶς*, all; and *απας*, flesh, for *σπῆξ*-as, allied to Skt. *kravya*-m, raw flesh, *L. cru-dus*, raw. See **Pan**- and **Crude**. Der. *pancreatic*, from the stem *pancreat*-.

PANDECT, a comprehensive treatise, digest. (F.—L.—Gk.) 'Thus thou, by means which thy ancestors never took, *A pandect* mak'st, and universal book'; Donne, Vpon Mr. T. Coryat's Crudities, l. 50. More properly used in the pl. *pandects*, as in Sir T. Elyot, The Governour, bk. i. c. 14. § 10.—MF. *pandectes*, 'pandects, books which contain all matters, or comprehend all the parts of the subject whereof they intreat'; Cot.—*L. pandectas*, acc. of pl. *pandecta*, the title of the collection of Roman laws made by order of Justinian, A. D. 529; see Gibbon, Rom. Empire, ch. 44. The sing. *pandecta* also appears; also *pandectis*, the true orig. form.—Gk. *πανδκτηρ*, all-receiving, comprehensive; whence pl. *πανδκτηραι*, *pandects* = Gk. *πᾶν*, neut. of *πᾶς*, all; and *δεν*-, base of *δένωμαι*, Ionic *δένωμαι*, I receive, contain. See **Pan**-.

PANDEMONIUM, the home of all the demons, hell. (Gk.)

In Milton, P. l. i. 756. Coined from Gk. *pán*, all; and *daipov-*, from *daipw*, a demon: see **Pan-** and **Demon**.

PANDER, PANDAR, a pimp, one who ministers to another's passions. (F.—Gk.) Commonly pandar; yet *pandar* is better. Much Ado, v. 2. 31; used as a proper name, Troil. i. 1. 98. ME. *Pandare*, shortened form of *Pandarus*; Chaucer uses both forms, Troil. i. 610, 618. —L. *Pandarus*, the name of the man 'who procured for Troilus the love and good graces of Chryseis; which imputation, it may be added, depends upon no better authority than the fabulous histories of Dictys Cretensis and Dares Phrygius.' Richardson. In other words, the whole story is an invention of later times. —Gk. *Pándarpos*, a personal name. Two men of this name are recorded: (1) a Lycian archer, distinguished in the Trojan army; see Homer (Il. ii. 827); (2) a companion of Æneas; see Smith's Classical Dict. Der. *pander*, vb., Hamlet, iii. 4. 88; *pander-ly*, adj., Merry Wives, iv. 2. 122; *pander-er* (sometimes used, unnecessarily, for the sb. *pander*).

PANDOURS, soldiers in a certain Hungarian regiment. (F.—Low L.—Teut.) 'Russars and pandours' (1768), Foote, Devil upon Two Sticks, ii. 1. —F. *pandour*; from a Serbo-Croatian form *pándur* (earlier *bándur*), a constable, catchpole, mounted policeman, watcher of vineyards (N.E.D.). —Low L. *bándurius*, a follower of a banner, watcher of vineyards. —Low L. *bandum*, a banner; of Teut. origin; see **Banner**.

PANE, a patch, a plate of glass. (F.—L.) 'A pane of glass, or wainscot;' Minshcu, ed. 1627. ME. *pane*, applied to a part or portion of a thing; see Prompt. Parv. p. 380, and Way's note. 'Vch pane of lat place had pre zatez' = each portion of that place had three gates; Allit. Poems, ed. Morris, i. 1034 (or 1033). —F. *pan*, 'a pane, piece, or pannell of a wall, of wainscot, of a glasse-window, &c.; also, the skirt of a gown, the pane of a hose, of a cloak, &c.' Cot.—L. *pannum*, acc. of *pannus*, a cloth, rag, tatter; hence, a patch, piece. Allied to *pinus*, the thread wound upon a bobbin in a shuttle; and to Gk. *πῆνος*, *πῆνη*, the wool. Also, to Goth. *fana*, and E. *vane*; see **Vane**. Der. *pan-ed*, in the phr. *paned hose*, ornamented breeches, which see in Nares; also *pan-el*, q. v. And see *pan-icle*.

PANEGRYRIC, a eulogy, encomium. (L.—Gk.) Spelt *panegyriche* in Minshcu, ed. 1627. —L. *panegyricus*, a eulogy; from *panegyricus*, adj., with the same sense as in Greek. —Gk. *πανηγυρικός*, fit for a full assembly, festive, solemn; hence applied to a festival oration, or panegyric. —Gk. *pán*, neut. of *pás*, all; and *-γῆρυς*, *-ῆς*, related to *ἀγορά*, a gathering, a crowd, *ἀγείρω*, to assemble. See **Pan-** and **Gregarious**. Der. *panegyric*, adj. (really an older use); *panegyric-al*, *panegyric-ally*, *panegyric-ise*, *panegyric-ist*.

PANNEL, PANNEL, a compartment with a raised border, a board with a surrounding frame. (F.—L.) In Shak. As You Like It, iii. 3. 89. ME. *pannel*, in two other senses: (1) a piece of cloth on a horse's back, to serve as a sort of saddle, Cursor Mundi, 14982; (2) a schedule containing the names of those summoned to serve as jurors, P. Plowman, B. iii. 315. The general sense is 'a little piece,' and esp., a square piece, whether of wood, cloth, or parchment, but orig. of cloth only. —OF. *panel*, MF. *panneau*, 'a pannell of wainscot, of a saddle, &c.' Cot.—Late L. *pannellus*, *panellus*, used in Prompt. Parv. p. 381, as equivalent to ME. *pancle*. Dimin. of L. *pannus*, cloth, a piece of cloth, a rag; see **Pano**. Der. *em-panel*, *im-panel*; see **Empanel**.

PANG, a violent pain, a throe. (E.) In the Court of Love, l. 1150, we find: 'The pang of love so straieth thaim to crye'; altered, in modern editions, to 'The pange of love.' In Prompt. Parv. p. 493, we find: 'Throue, womannys pronge, sekene, Erumpus'; i. e. a throe, a woman's pang. So also: 'These prongs myn herte asonder the do rende'; Coventry Myst. p. 287. But the pl. *pangus* is in 'The Tale of Isegrim, 963. The sense is 'a sharp stab, seveic prick.' It is clear that the word has lost an r; for the etymology, see **Prong**. In Skelton, Philip Sparowe, l. 444, the word occurs as a verb: 'What heyness dyd ne pange'; it is also a sb., id. l. 62. Cf. also: 'For there be in us certayne affectionate *pangues* of nature'; Udall, Luke, c. 4, v. 12. Both sb. and vb. are common in Shakespeare. Cf. M.D. *prange*, 'oppression, or constraint'; Ilexham.

PANGOLIN, the scaly ant-eater. (Malay.) See C. P. G. Scott and Yule. —Malay *peng-goling*. Lit. 'the creature that rolls itself up.' From Malay *goling*, a roller, that which rolls up; with the denominative prefix *pe-*, which becomes *peng-* before *g* (Marsden, Scott).

PANIC, extreme fright. (Gk.) When we speak of a *panic*, it is an abbreviation of the phrase 'a panic fear,' given in Blount's Gloss., ed. 1674. Camden has 'a *panical* feare'; Remaines, chap. on Poems (R.). —Gk. *πῶ πανικός*, used with or without *δέρμα* (=fear), *Panic fear*, i. e. fear supposed to be inspired by the god *Pan*. —Gk. *πανικός*, of or belonging to *Pan*. —Gk. *Pán*, a rural god of Arcadia, son of Hermes. Cf. Russ. *pan'*, a lord, Lithuan. *ponus*, a lord,

also, the Lord. Cf. Skt. *pā*, to cherish. Der. *panic-struck* or *panic-stricken*.

PANICLE, a form of inflorescence in which the cluster is irregularly branched. (L.) Modern and scientific. —L. *panicula*, a tuft, panicle. Double dimin. form from *pánuis*, the thread wound round the bobbin of a shuttle, a swelling; as to which see **Pano**. Der. *panical-ot-ed*, *panical-ate*.

PANNAGE, food of swine in woods; money paid for such food. (F.—L.) Obsolete; see Blount's Nomo-Lexicon, Todd's Johnson, &c. Also spelt *pannage*, and even *ponnage*; see Chaucer, The Former Age, 7. Anglo-F. *panage*, Year-Books of Edw. I. i. 63, ii. 135. —OF. *pasnage*, 'pawmage, mastage, monie . . . for feeding of swine with mast'; Cot.—Late L. *passaticum*, short for *pastinaticum*, *pastonaticum*, panage (Ducange). —Late L. *pastionäre*, to feed on mast, as swine. —L. *pastion-*, stem of *pastio*, a grazing, used in Late L. with the sense of right of pannage; —L. *pastum*, supine of *pasce*, to feed; see **Pastor**.

PANNEL, the same as **Panel**, q. v.

PANNIER, a bread-basket. (F.—L.) MF. *panier* (with one n), Havelok, 760. —F. *panier*, 'a pannier, or dosser'; Cot.—L. *pannarius*, a bread-basket. —L. *panis*, bread; allied to *pasce* (pt. t. *pā-ni*), to feed. See **Pastor**. Der. see *pantry* and *company*.

PANNIKIN, dimin. of **Pan**, q. v.

PANOPLY, complete armour. (Gk.) In Milton, P. l. vi. 527, 760. 'Than all your fury, and the *panoply*;' Ben Jonson, Magnetic Lady, A. iii. sc. 4. —Gk. *πανοπλία*, the full armour of an *ὀπλίτης*, or heavy-armed soldier. —Gk. *pán*, neut. of *pás*, all; and *ὄπλ-α*, arms, armour, pl. of *ὄπλον*, a tool, implement. —B. Gk. *ὄπλ-ων* is connected with *ἑω*, I am busy about (whence *ἑωμαι*, I follow); Brugmann, ii. § 657. Der. *panopli-ed*.

PANORAMA, a picture representing a succession of scenes. (Gk.) Late; added by Todd to Johnson. Invented by R. Barker, A.D. 1788 (Haydn). Coined to mean 'a view all round.' —Gk. *pán*, neut. of *pás*, all; and *ὄραμα*, a view, from *ὄραω*, I see, from *ὄρ-ω*, to protect. See **Pan-** and **Wary**. Der. *panoram-ic*.

PANSY, heart's-ease, a species of violet. (F.—L.) In Hamlet, iv. 5. 176. ME. *penses*, pl., Assembly of Ladies, l. 62 (and note). 'Pensy flour, pensee'; Palgrave. —F. *pensee*, 'a thought; . . . also, the flower pansie'; Cot. 'Thus, it is the flower of thought or remembrance; cf. *forget-me-not*. The F. *pensée* is the fem. of *penser*, pp. of *penser*, to think. —L. *pensare*, to weigh, ponder, consider; frequentative form of *pendere*, to weigh (pp. *pensis*). See **Pensive**.

PANT, to breathe hard. (F.—L.—Gk.) In Shak. Tw. Nt. iii. 4. 323. 'To pant and quake'; Spenser, F. Q. i. 7. 20. ME. *panten*; Prompt. Parv. p. 381. And see Skelton, Phylly Sparowe, l. 132. A hawk was said 'to *pante*' when it was short-winded; Book of St. Alban, fol. b.6, back. Obviously connected with F. *panteler*, to pant, a new formation from OF. *pantaisier* (below), MF. *pantiser*, 'to breathe very fast, to blow thick and short'; Cot. From the same OF. verb was formed MF. *pantois*, 'short-winded, oft-breathing, out of breath'; *pantois*, sb., 'short wind, pursuence, a frequent breathing, or a difficult fetching of wind by the shortness of breath; in hawks, we call it the *pantais*'; Cot. [In Sherwood's index to Cotgrave we find: 'The *panlasse* or *pantois* in hawks, le *pantais*.' This use of the term in hawking appears to be old. β. All from AF. *pantoiser*, to pant, Vie de St. Auban, 697; OF. *panteisier*, *pantaisier*, *pantoisier* (Godefroy), to breathe with difficulty; cognate with Prov. *pantaisa*(r), to dream, to be oppressed, to pant. —Late L. **phantaisiäre*, by-form of *phantasiäre*, to dream, see visions in sleep; imagine (Ducange). —Gk. *φαντασία*, a fancy; see **Fancy**. ¶ So G. Paris, in Romania, vi. 628; Köring, § 7111. Cf. Gascon *pantais*, to dream, to pant (Mistral); MF. *to panty*, Voc. 564. 7.

PANTALOON (1), a ridiculous character in a pantomime, buffoon. (F.—Ital.—Gk.) In Shak. As You Like It, ii. 7. 158; Tam. of Shrew, iii. 1. 37. —F. *pantalon*, (1) a name given to the Venetians, (2) a pantaloen; see Littré. —Ital. *pantalone*, a pantaloen, buffoon. 'The *pantalone* is the pantaloen of Ital. comedy, a covetous and amorous old dotard who is made the butt of the piece'; Wedgwood. The name, according to Zambaldi (Vocabulario Etimologico) was applied to the pantaloen as representing the old Venetian merchant; and Mahn (in Webster) says that St. *Pantaleone* was 'the patron saint of [rather, a well-known saint in] Venice, and hence a baptismal name very frequent among the Venetians, and applied to them by the other Italians as a nickname.' Lord Byron speaks of the Venetian name *Pantaleone* as being 'her very by-word'; Childe Harold, c. iv. st. 14. β. St. *Pantaleone's* day is July 27; he was martyred A.D. 303; Chambers, Book of Days, ii. 127. The name is also written *pantaleon* (as in Chambers), which is perhaps better. It is certainly Gk., and he is said to be known in the Greek church as *Pantaleimon*; from *παντ-*, for *pán*, all, and *λεῖμων*, pitying, merciful. The pres. pt. of *λεῖν*, to pity, would give a by-form *Pantelōon*. ¶ The

etymology advocated by Lord Byron is extraordinary, and indeed ridiculous, viz. Ital. *pante-leone* = the planter of the lion, i.e. the planter of the standard bearing the lion of St. Mark, supposed to be applied to Venice; see note 9 to c. iv of Childe Harold. Der. *pantaloons*.

PANTALOONS, a kind of trousers. (F.—Ital.—Gk.) 'And as the French, we conquered once Now give us laws for *pantaloons*;' Butler, Hudibras, pt. I. c. 3, l. 923; on which Bell's note says: 'The *pantaloons* belongs to the Restoration. It was loose in the upper part, and puffed, and covered the legs, the lower part terminating in stockings. In an inventory of the time of Charles II *pantaloons* are mentioned, and a yard and a half of lutestring allowed for them.' See also Blount's Gloss., ed. 1674.—F. *pantalon*, a garment so called because worn by the Venetians, who were themselves called *Pantalon*, i.e. *Pantaloons* (Litttré). See **Pantaloons**.

PANTHEISM, the doctrine that the universe is God. (Gk.) In Waterland, Works, vol. viii, p. 81 (R.). Todd only gives *pantheist*. Coined from *Pan* and *Theism*. And see **Pantheon**. Der. so also *pan-theist*, from *pan* and *theist*; hence *pantheistic*, *pantheistic-al*.

PANTHEON, a temple dedicated to all the gods. (L.—Gk.) 'One temple of *pantheon*, that is to say, all goddesses; Udall, on the Revelation, c. 16, fol. 311 B; and in Shak. Titus, i. 242.—L. *pantheon*.—(Gk. *πανθεῖον*, for *πανθεῖον λέον*, a temple consecrated to all gods.—Gk. *πανθεῖον*, neut. of *πανθεῖος*, common to all gods.—Gk. *πᾶν*, neut. of *πᾶς*, all; and *θεῖος*, divine, from *θεῖς*, god. See **Pan** and **Theism**.

PANTHER, a fierce carnivorous quadruped. (F.—L.—Gk.—Skt.) ME. *pantere*, King Allsunder, 6820; *panter*, O. Eng. Miscellany, ed. Morris, p. 23. [Cf. AS. *panðer* (sic); Grein, ii. 361.]—OF. *panther*, 'a panther'; Cot.—L. *panthera*; also *panthēr*.—Gk. *πανθήρ*, a panther. Foreign to Gk., and prob. of Skt. origin.—Skt. *paṇḍarika* = explained by Benfey as 'the elephant of the southeast quarter'; but also 'a tiger', according to the St. Petersburg Skt. Dict. ¶ A popular etymology from *πᾶν*, all, and *θηρ*, a beast, gave rise to numerous fables; see Philip de Thaur, Bestiaire, l. 224, in Wright's l'op. Treatises on Science, p. 82.

PANTLER, a servant who has charge of the pantry. (F.—L.) In Shak. 2 Hen. IV, ii. 4. 258. ME. *pantere*, Prompt. Parv.: *pantere*, Roh. of Brunne, tr. of Langtoft, p. 33. Altered from OF. *panetier*, 'a panter', Cot.; prob. by the influence of *but-ler*.—Late L. *panetarius* (*panitarius*, Prompt. Parv.).—Late L. *panēta*, one who makes bread; see **Pantry**.

PANTOMIME, one who expresses his meaning by action; a dumb show. (F.—L.—Gk.) 'L'antomime, an actor of many parts in one play,' &c.; Blount's Gloss., ed. 1674; so also in Butler, Hudibras, pt. iii. c. 2. 1287. [Such is the proper sense of the word, though now used for the play itself.]—F. *pantomime*, 'an actor of many parts in one play,' &c.; Cot.—L. *pantomimus*.—Gk. *παντομίμος*, all imitating, a pantomimic actor.—Gk. *παντο*, decl. stem of *πᾶς*, all, and *μίμος*, an imitator, from *μιμῶμαι*, I imitate. See **Pan** and **Mimic**. Der. *pantomimic*, *pantomimic-al*.

PANTRY, a room for provisions. (F.—L.) ME. *pantrye*, *pantrie*; Prompt. Parv.—OF. *paneterie*, 'a pantry'; Cot.—Late L. *panitiria*, *panitiria*, a place where bread is made (hence, where it is kept); Ducange.—Late L. *panēta*, one who makes bread.—L. *pan*, base of *panis*, bread. Cf. Skt. *pā*, to nourish. Der. from the same base, *panu-ier*, *cum-pan-y*, *ap-pan-ge*.

PAP (1), food for infants. (E.) 'An English infant, whiche liueth with *pappe*;' Hall's Chron. Hen. VI, an. 3. 56. The ME. *pappe* is only found in the sense of 'breast'; we have, however, '*papmote* for chylde', Prompt. Parv. p. 382. To be considered as an E. word, and perhaps of considerable antiquity, though seldom written down. β. Of imitative origin, due to a repetition of the syllable *pa*. 'Words formed of the simplest articulations, *ma* and *pa*, are used to designate the objects in which the infant takes the earliest interest, the mother and father, the mother's breast, the act of taking or sucking food; Wedgwood. ¶ Du. *pap*, 'pap sod with milke or flower'; Hexham; G. *pappe*, *pap*, *paste*.—L. *pāpa*, *pappa*, the word with which infants call for food. Cf. Dan. *pap*, Swed. *papp*, past-board; also Span. *papa*, Ital. *pappa*, *pap*, from L. *pāpa*. This is one of those words of expressive origin which are not necessarily affected by Grimm's law. See **Pap** (2), **Papa**.

PAP (2), a teat, breast. (E.) ME. *pappe*, Havelok, 2132; Ormulum, 6441. Probably a native word; see **Pap** (1). Cf. MSwed. *papp*, the breast; which, as Thre notes, was afterwards changed to *patt*. Still preserved in Swed. *patt*, the breast. So also Dan. *patte*, suck, give *patte*, to give suck. The Swedish dialects retain the old form *pappe*, *papp* (Rietz). So also NFrisic *pap*, *pape*, *pappe* (Outen); Lithuan. *pāpas*, the pap. β. Doubtless ultimately the same word as the preceding; and due to the infant's cry for food.

PAPA, a child's word for father. (F.—L.). Seldom written down; found in Swift, in Todd's Johnson (without a reference, but it occurs in his Directions for Servants, 1745, p. 13): 'where there are little masters and misses in a house, bribe them, that they may not tell tales to *papa* and mamma.' Spelt *pappe* by Steele in The Spectator, no. 479, § 4 (1712). Whilst admitting that the word might easily have been coined from the repetition of the syllable *pa* by infants, and probably was so in the first instance, we have no proof that the word is truly of native origin; the native word from this source took rather the form of *pap*; see **Pap** (1) and **Pap** (2). In the sense of father, we may rather look upon it as merely borrowed.—F. *papa*, *papa*; in Molière, Malade Imaginaire, i. 5 (Litttré); spelt *pappa* in 1552 (Hatzfeld).—L. *pāpa*, found as a Roman cognomen. Cf. L. *pappas*, a tutor, borrowed from Gk. *πάππας*, *papa*. Nausicaa addresses her father as *πάππας φίλε* = dear *papa*; Homer, Od. vi. 57. See **Pope**.

PAPAL, belonging to the pope. (F.—L.—Gk.) ME. *papal*, *papall*, Gower, C. A. i. 257; bk. ii. 2925.—F. *papal*, 'papall'; Cot.—Late L. *pāpālis*, belonging to the pope.—L. *pāpa*, a bishop, spiritual father. See **Pope**. Der. *pap-ac-y*, ME. *papacie*, Gower, C. A. i. 256; bk. ii. 2895, from Late L. *pāpātia*, papal dignity, formed from *pāpa*, stem of *pāpas*, *pappas*, borrowed from Gk. *πάππας*, *papa*, father. Also *pap-ist*, All's Well, i. 3. 56, from F. *pape*, *pope*; the word *pap-ism* occurs in Bale's Apology, p. 83 (R.); *pap-ist-ic*, *pap-ist-ic-al*.

PAPAW, a fruit. (Span.—WIndian.) 'The fair *papá*;' Waller, Battle of the Summer Islands, i. 52.—Span. *papaya* (Pineda). 'Cuban *papaya* (Oviedo, qu. by Litttré); from the Carib *abuhai*, explained by 'grosses *papaye*' (sic) in R. Breton, Dict. Caraïbe-François (Auxerre, 1665).

PAPER, the substance chiefly used for writing on. (F.—L.—Gk.—Egyptian.) ME. *paper*, Gower, C. A. ii. 8; bk. iv. 198. Chaucer has *paper-white* = as white as paper; Legend of Good Women, 1198.—OF. (and F.) *papier*.—L. *pāpīrum*, acc. of *pāpīrus*, paper. See **Papyrus**. Der. *paper-faced*, 2 Hen. IV, v. 4. 12; *paper-mill*, 3 Hen. VI, iv. 7. 41; *paper*, adj., *paper*, vb., *paper-ing*; *paper-hangings*, *paper-hang-er*, *paper-money*, *paper-need*, Isiah, xix. 7, *paper-stainer*; and see *paper-matched*.

PAPIER-MACHÉ, paper made into pulp, then moulded, dried, and jannaped. (F.—L.) First in 1753. F. *papier-mâché*, lit. chewed paper. The F. *papier* is from L. *pāpīrus*; and *mâché* is the pp. of *māchēre*, OF. *mascher*, from L. *masticāre*, to masticate. See **Paper** and **Masticate**.

PAPILIONACEOUS, having a winged corolla somewhat like a butterfly. (L.) Botanical; in Glossographia Nova (1719). Used of the bean, pea, &c.—L. *papilionaceus*, a coined word from *papilion*, stem of *papilio*, a butterfly. See **Pavilion**.

PAPILLARY, belonging to or resembling the nipples or teats. (L.) In 1667; see examples in Todd's Johnson; Phillips, ed. 1706, gives the sb. *papilla*, a teat or nipple.—L. *papilla*, a small pustule, nipple, teat; dimin. of *papula*, a pustule. Again, *papula* is a dimin. from a base *PAP*, to blow out or swell. Cf. Lithuan. *pāpas*, a teat, *pampū*, to swell, Gk. *παμφός*, a bubble, blister on the skin. See Prellwitz, s.v. *πῆμψι*. Der. *papul-ous*, full of pimples; from *papula*.

PAPYRUS, the reed whence paper was first made. (L.—Gk.—Egyptian.) In Holland, tr. of Pliny, bk. xiii. c. 11 [not 21].—L. *papyrus*.—Gk. *πάπυρος*, an Egyptian kind of rush or flag, of which writing-paper was made by cutting its inner rind (*βύβλος*) into strips, and pressing them together transversely. The word is not Gk., but of Egyptian origin. See **Bible**.

PAP, equal value, equality of real and nominal value or of condition. (L.) 'To be at *par*, to be equal'; Phillips, ed. 1706.—L. *pār*, equal. Der. *pari-ty*, q.v.; also *pair*, *peer* (1), *ap-par-el*, *compeer*, *disparage*, *disparity*, *non-par-ell*, *prial*, *umpire*.

PARA, beside; prefix. (Gk.) A common prefix.—Gk. *παρά*, beside. Allied to Skt. *parā*, away, from, forth, towards, *param*, beyond, *parē*, thereupon, further, *paratas*, further, &c. Also to E. *far*; see **Far**.

PARABLE, a comparison, fable, allegory. (F.—L.—Gk.) ME. *parable*, Chaucer, C. T. 6261 (D 679); Wyclif, Mark, iv. 2.—OF. *parable*, 'a parable'; Cot.—L. *parabola*, Mark, iv. 2.—Gk. *παράβολη*, a comparison; also a parable, Mark, iv. 2.—Gk. *παράβαλλειν*, to throw beside, set beside, compare.—Gk. *παρά*, beside; and *βάλλειν*, to throw, cast. Brugmann, ii. § 713. *Doublets*, *parle* (old form of *parley*), *parole*, *palaver*; also *parabola*, as a mathematical term, from L. *parabola*, Gk. *παράβολη*, the conic section made by a plane parallel to a side of the cone. Hence *parabol-ic*, *parabol-ic-al*, *parabol-ic-al-ly*. And see *parley*, *parole*, *palaver*.

PARACHUTE, an apparatus like an umbrella for breaking the fall from a balloon. (F.—L.) Modern; borrowed from F. *parachute*, coined from *para*-, as in *para-sol*, and *chute*; lit. that which parties

or guards against a fall. *Para-* represents Ital. *para-* (see *Parasol*, *Parapet*), from Ital. *parare*, to adorn, to guard; and *chute*, a fall, is allied to Ital. *caduto*, fallen, from *L. cadere*, to fall.

PARACLETE, the Comforter. (L.—Gk.) 'Braggynge Winchester, the Pope's paraclete in England'; *Bale*, Image, p. iii (R.).—*L. paracletus*.—(Gk. *παράκλητος*, called to one's aid, a helper, the Comforter (John, xiv. 16).—Gk. *παράκαλεῖν*, to call to one's aid, summon.—Gk. *παρά*, beside; and *καλεῖν*, to call. See *Para-* and *Calendar*.

PARADE, show, display. (F.—Span.—L.) In Milton, P. I. iv. 780.—F. *parade*, 'a boasting appearance, or show, also, a stop on horseback'; Cot. The last sense was the earliest in French (Littré).—Span. *parada*, a halt, stop, pause.—Span. *parar*, to stop, halt; a particular restriction of the sense 'to get ready' or 'prepare'.—*L. parare*, to prepare, get ready. *β.* The sense of 'display' in F. was easily communicated to Span. *parada*, because F. *parar* (= Span. *parar*) meant 'to deck, trimme, adorn, dress,' as well as 'to ward or defend a blow' (which comes near the Spanish use); see *Cotgrave*. See *Para*.

PARADIGM, an example, model. (F.—L.—Gk.) Phillips, ed. 1658, gives *paradigme*, the F. form.—F. *paradigme* (Littré).—*L. paradigma*.—Gk. *παράδειγμα*, a pattern, model; in grammar, an example of declension, &c.—(Gk. *παράδειγμα*, 1 exhibit, lit. show by the side of.—Gk. *παρά*, beside; and *δεικνυμι*, I point out. See *Para-* and *Diction*.

PARADISE, the garden of Eden, heaven. (F.—L.—Gk.—Pers.) In very early use; in Layamon, l. 2412.—F. *paradis*, 'paradise'; Cot.—*L. paradisi*.—Gk. *παράδεισος*, a park, pleasure-ground; an Oriental word in Xenophon, Hell. 4. 1. 15, Cyr. 1. 3. 14, &c., and used in the Septuagint version for the garden of Eden. See Gen. ii. 8 (LXX version); Luke, xxiii. 43 (Gk.). Cf. Heb. *pardes*, a garden, paradise. *β.* Of Pers. origin, the Heb. word being merely borrowed, and having no Heb. root.—Zend *pairi-daeza*, an enclosure, place walled in.—Zend *pairi* (= Gk. *περί*), around; and *diz* (Skt. *dik*), to mould, form, shape (hence to form a wall of earth); from *DIHEIGI*; see *Dough*. *γ.* It appears in other forms; cf. mod. Pers. and Arab. *fidans*, a garden, paradise, Palmer's Pers. Dict. col. 451, Rich. Dict. p. 1080; pl. *farādis*, paradises, Rich. Dict. p. 1075. For the Zend form, see Justi. And see Max Müller, Selected Essays, 1881; i. 130. Doublet, *parvis*.

PARADOX, that which is contrary to received opinion; strange, but true. (F.—L.—Gk.) In Ben Jonson, Cynthia's Revels, A. ii. sc. 1 (Amorphus' second speech). Spelt *paradoxe* in Minshew, ed. 1627.—F. *paradoxe*, 'a paradox'; Cot.—*L. paradoxum*, neut. of *paradoxus*, adj.—Gk. *παράδοχος*, contrary to opinion, strange.—Gk. *παρά*, beside; and *δόξα*, a notion, opinion, from *δοκέω*, to seem. See *Para-* and *Dogma*. Der. *paradoxical*, *paradoxical-ly*, Sidney, Apologie for Puetie, ed. Arber, p. 51, l. 6 from bottom; *paradoxical-ness*.

PARAFFINE, a solid substance resembling spermaceti, produced by distillation of coal. (F.—L.) 'First obtained by Reichenbach in 1830'; Haydn, Dict. of Dates. It is remarkable for resisting chemical action, having little affinity for other bodies; whence its name.—F. *paraffine*, having small affinity. Coined from *L. par-um*, adv., little; and *affinis*, akin, having affinity. See *Affinity*.

PARAGOGE, the addition of a letter at the end of a word. (L.—Gk.) In Glossographia Nova (1719). Examples are common in English; thus in *an-nu-d*, *an-cien-t*, *whil-l*, *tyran-t*, the final letter is paragogic. The word has 4 syllables, the final *e* being sounded.—*L. paragogē*.—(Gk. *παράγωγη*, a leading by or past, alteration, variety.—Gk. *παράγω*, to lead by or past.—Gk. *παρά*, beside, beyond; and *άγω*, to lead, drive, cognate with *L. agere*. See *Para-* and *Agent*. Der. *paragogical*, *paragogical-ly*.

PARAGON, a model of excellence. (F.—Ital.—Gk.) In Shak. Temp. ii. 1. 75; Hamlet, ii. 2. 320.—F. *paragon*, 'a paragon, or peerless one'; Cot. [MSpan. *paragon*, a model of excellence.]—Ital. *paragone*, 'a paragon, a match, an equal, a touch-stone'; Florio; *paragone*, to compare. The latter answers to Gk. *παράκρινος*, to rub against a whetstone (hence, probably, to try by a whetstone, to compare).—Gk. *παρά*, beside; *άκρινος*, a whetstone, allied to *άκis*, a sharp point. (VAK.) See Kirtling, § 6859; Tobler, in Zt. für roman. Philol. iv. 373. Der. *paragon*, vb., Oth. i. 1. 62.

PARAGRAPH, a distinct portion of a discourse; a short passage of a work. (F.—L.—Gk.) In Minshew, ed. 1627. But the word was in rather early use, and was corrupted in various ways, into *paragraft*, *pylerafte* (by change of *r* to *l*), and finally into *pillerow* or *pylerow*. *Pylerafte*, yui a booke, *paragraftus*? Prompt. Parv. p. 398; see Way's note for further examples. Even the sign ¶, which was used to mark the beginning of a paragraph, was called a *pillerow*; see Tusser's Husbandry, A Lesson, &c., st. 3.—F. *paragraphe*, 'a paragraft, or pillerow'; Cot.—Late L. *paragraftum*, acc. of *para-*

graphus, occurring in the Prompt. Parv., as above.—Gk. *παράγραφος*, a line or stroke drawn in the margin, lit. 'that which is written beside'.—Gk. *παρά*, beside; and *γράφειν*, to write. See *Para-* and *Grapho*. Der. *paragraftic*, *paragraftic-ly*.

PARAKEET, the same as *Parakitto*, q. v.

PARALLAX, the difference between the real and apparent place of a star. &c. (Gk.) In Milton, P. R. iv. 40; and Ben Jonson has 'no parallax at all'; i. e. no variation; Magnetic Lady, Act i. But since Milton's time, the word has acquired special senses; he may have used it for 'refraction'.—Gk. *παράλλαξις*, alternation, change; also, the inclination of two lines forming an angle, esp. the angle formed by lines from a heavenly body to the earth's centre and the horizon.—Gk. *παράλλασσεν*, to make things alternate.—Gk. *παρά*, beside; and *άλλάσσειν*, to change, alter, from *άλλος*, other, cognate with *L. alius*. See *Para-* and *Alien*. See *Parallel*.

PARALLEL, side by side, similar. (F.—L.—Gk.) In Shak. Oth. ii. 3. 355.—MF. *parallele*, 'parallel'; Cot.—*L. parallelus*.—Gk. *παράλληλος*, parallel, side by side.—Gk. *παρά* for *παρά*, beside; and *άλλος*, one another, only found in the gen., dat., and acc. plural. *β.* The decl. stem *άλλ-ηλο-* stands for *άλλ'άλλο-*, a reduplicated form; hence the sense is 'the other the other,' or 'one another,' i. e. mutual. *Άλλος* is cognate with *L. alius*, other. See *Para-* and *Alien*. Der. *parallel*, sb., Temp. i. 2. 74; *parallel*, vb., Macb. ii. 3. 67; *parallelism*; also *parallel-gram*, q. v., *parallel-iped*, q. v.

PARALLELOGRAM, a four-sided rectilinear figure, whose opposite sides are parallel. (F.—L.—Gk.) In Cotgrave.—OF. *paralelogramme*, 'a parallelogram, or long square'; Cot. [He uses only two f's.]—*L. parallelogrammum*, a parallelogram.—Gk. *παράλληλογράμμω*, a parallelogram; neut. of *παράλληλογράμμος*, adj., bounded by parallel lines.—Gk. *παράλληλος*, for *παράλληλος*, parallel; and *γραμμή*, a stroke, line, from *γράφειν*, to write. See *Parallel* and *Grapho*.

PARALLELOPIPED, a regular solid bounded by six plane parallel surfaces. (L.—Gk.) Sometimes written *parallelepipedon*, which is nearer the Gk. form. In Phillips, ed. 1706. A glaring instance of bad spelling, as it certainly should be *parallelepiped* (with *e* not *o*).—*L. parallelepipedum*, used by Boethius (Lewis).—(Gk. *παράλληλεπίπεδον*, a body with parallel surfaces.—Gk. *παράλληλος*, parallel; and *επίπεδον*, a plane surface. The form *επίπεδον* is neut. of *επίπεδος*, on the ground, flat, level, plane; from *επί*, upon, and *πίδω*, the ground. The Gk. *πίδω* is from the same root as *πῶς* (gen. *ποδ-ός*), the foot, and *L. foot*. See *Parallel*, *Epi-*, and *Foot*.

PARALOGISM, a conclusion unwarranted by the premises. (F.—L.—Gk.) In Minshew, ed. 1627.—F. *paralogisme*, cited by Minshew.—*L. paralogismus*.—Gk. *παράλογισμος*, a false reckoning, false conclusion, fallacy.—Gk. *παράλογίζομαι*, I misreckon, count amiss.—Gk. *παρά*, beside; and *λογίζομαι*, I reckon, from *λόγος*, a discourse, account, reason. See *Para-* and *Logio*.

PARALYSE, to render useless, deaden. (F.—L.—Gk.) Modern; added by Todd to Johnson's Dict. Todd cites: 'Or has taxation chill'd the agraish land And paralysed Britannia's bounteous hand?' London Cries, or Pict. of Tumult, 1805, p. 39.—F. *paralyser*, to paralyse; Littré. Formed from the sb. *paralyse*, palsy; see further under *Paralysis*.

PARALYSIS, palsy. (L.—Gk.) In Blount, ed. 1656.—*L. paralysis*.—Gk. *παράλυσις*, a loosening aside, a disabling of the nerves, paralysis.—Gk. *παράλυειν*, to loose from the side, loose beside, relax.—Gk. *παρά*, beside; and *άλυειν*, to loosen. See *Para-* and *Lose*. Der. *paralytic*, from F. *paralytique* (Cot.), which is *L. paralyticus* < Gk. *παράλυτικός*, afflicted with palsy (Matt. iv. 24). Doublet, *palsy*.

PARAMATTA, a fabric like merino, of worsted and cotton. (New S. Wales.) So named from *Paramatta*, a town near Sydney, New South Wales. Also *Paramatta*, on a river of the same name. Said to mean 'plenty of eels'; others explain it from *para*, fish, and *matta*, water. See Morris, Austral English.

PARAMOUNT, chief, of the highest importance. (F.—L.) In Minshew, ed. 1627. He also gives *paravail*, the term used in contrast with a lord paramount is supreme, esp. as compared with his tenant *paravail*, i. e. his inferior. 'Let him [the pope] no longer count himself lord paramount over the princes of the world, no longer hold kings as his servants *paravails*;' Hooker, A Discourse of Justification (R.). Neither words are properly adjectives, but adverbial phrases; they correspond respectively to OF. *par amont*, at the top (lit. by that which is upwards), and *par aval* (lit. by that which is downwards). Both are AF. phrases of law; see Blount's Law Lexicon. The prep. *par* = *L. per*; see *Per*, prefix. The F. *amont* is explained under *Amount*; and F. *aval* under *Avalanche*. Der. *paramount*, sb., Milton, P. L. ii. 508.

PARAMOUR, a lover, one beloved, now usually in a bad sense. (F.—L.) In Chaucer, C. T. 6036 (D 454). But orig. an adverbial phrase, as in: 'For *par amour* I louede hire first or thou;' id. C. T. 1157 (A 1155).—F. *par amour*, by love, with love.—L. *per*, by, with; and *amorem*, acc. of *amor*, love. See **PER-** and **AMOUR**.

PARAPET, a rampart, esp. one breast-high. (F.—Ital.—L.) In Shak. i Hen. IV. i. 3. 55.—*P. parapet*, a parapet, or wall breast-high; Cot.—*Ital. parapetto*, a cuirass, a breast-plate, a fence for the breast or hart; also, a parapet or wall breast-high; Florio. Lit. 'breast-defence'.—*Ital. para*, for *parare*, 'to adorn, . . . to ward or defend a blow, Florio; and *petto*, the breast.—*L. parāre*, to prepare, adorn; and *pectus*, the breast. See **PARRY** and **PETAL**.

PARAPHERNALIA, ornaments, trappings. (*L.* -*Gk.*) Properly used of the property which a bride acquires beyond her dowry. 'In one particular instance the wife may acquire property in some of her husband's goods which shall remain to her after his death, and not go to his executors. These are called her *paraphernalia*, which is a term borrowed from the civil law; it is derived from the Greek language, signifying *over and above her dowry*.' Blackstone's Commentaries, b. ii. c. 29 (R.). Formed from Late *L.* *parapherna*, a property of a bride, over and above her dowry, by adding *-alia*, the neut. pl. form of the common suffix *-alia* -*Gk.* *παράπηνα*, that which a bride brings beyond her dowry. -*Gk.* *πάρα*, beyond, beside; and *πάρα*, a dowry, lit. that which is brought by the wife, from *φέρειν*, to bring, cognate with *E. bear*. See *Para-* and *Bear* (1).

PARAPHRASE, an explanation or free translation. (F.—L., -Gk.). See Udal's translation of Erasmus' *'Paraphrase* vpon the Newe Testamente', 2 vols. folio, 1548-9.—MF. *paraphrase*, 'a paraphrase': Cot.—L. *paraphrasis*, acc. of *paraphrasis*.—Gk. *παράφρασις*, a paraphrase.—Gk. *παράφρασις*, to speak in addition, amplify, paraphrase.—Gk. *παρά*, beside; and *φράσις*, to speak. See **Para-** and **Phrase**. Der. *paraphrase*, vb., in Dryden, Cymon, l. 21; *paraphrast*, one who paraphrases, Gk. *παράφραστής*; *paraphrast-ic*, *paraphrast-ic-al*, *paraphrast-ic-al-ly*.

PARAQUITO, a little parrot. (Span.—L.—Gk.) In Shaks. 1 Hen. IV, ii. 3. 88; pl. *paraquitos*, Ford, Sun's Darling, A. i. sc. 1.—Span. *periquito*, a paroquet, small parrot; dimin. of *perico*, a parrot. β. Prob. the same as *Perico*, a pet-name for 'little Peter'; see Pineda; a dimin. from *Pedro*, Peter. See Parrot.

PARASANG, a distance of over three miles. (L.—Gk.—Pers.) 'Persian myles cauled *Parasange*;' R. Eden, ed. Arber, p. 342. From L. *parasanga* (Lewis).—Gk. *παράσαγγος*; of Pers. origin. Mod. Pers. *farsang*, *farseng*, a league (Horn, § 818). See Notes on E. Etym., p. 206.

PARASITE, one who frequents another's table, a hanger-on. (F.—L.—Gk.) In Shak. Rich. II, ii. 2. 70.—*F. parasite*, a parasite, a trencher-friend, small-eater; cf. *L. Parasitus*,—Gk. *παράσιτος*, eating beside another at his table, a parasite, toad-eater.—Gk. *παράσιος*, beside; and *σῖτος*, wheat, flour, bread, food, of unknown origin. ¶ The invidious use of the word is unoriginal; see Liddell. *Der. parasite*, from Gk. *παράσιτος*: *parasitic*-*ic*.

PARASOL, from *GK. parapolutos; parasiti-ical*.
PARASOL, a small umbrella used to keep off the heat of the sun. (*F.*—*Ital.*—*L.*) ‘Upon another part of the wall is the like figure of another great man, over whose head one officer holds a *parasol*.’ Sir T. Herbert, *Travels*, ed. 1665, p. 153. *F. parasol*, ‘an umbrella’; *Cot.*—*Ital. parasole*, an umbrella (*Torriano*).—*Ital. para-*, for *parare*, to ward off, parry; and *sole*, the sun. See **PARRY** and **SOLAR**. We find also *Span. parasol*, *Port. parasol*. *Q* Of similar formation is *F. para-pluie*, a guard against rain, an umbrella, from *pluie*, rain, *L. pluvia*.

PARBOIL, to boil thoroughly. (F.—L.) It now means 'to boil in part,' or insufficiently, from a notion that it is made up of *part* and *boil*. Formerly, it meant 'to boil thoroughly,' as Ben Jonson, Every Man, iv. 1. 16 (ed. Wheatley), on which Wheatley's note is, 'To parboyle, *prae-coquere*,' Levins, 'My liver's *par-boiled*,' i. e. burnt up; Webster, White Devil near the end, M.E. *parboillen*: '*Parboyled, parbullitus; Parboylm* meat, semibullio, parbullio;' Prompt. Parv. Here the use of *semibullio* shows that the word was misunderstood at an early time. —OF. *parboillir*, to cook thoroughly, also to boil gently (Godefroy); Cotgrave has: '*poor-boillir*, to parboile thoroughly.' —Late L. *parbullire* (as in the Prompt. Parv.); L. *perbullire*, to boil thoroughly. See *Per* and *Boil* (i).

PARCEL, a small part, share, division, small package. (F.—L.)
M.E. *parcel*, P. Plowman, B. x. 63; *parcelle*, Rob. of Brunne, tr. of Langtoft, p. 135, l. 13. The old sense is 'portion'.—F. *parcelle*, a parcel, particle, piece, little part.' Cot. Cf. Port. *parcela*, an article of an account. Formed from Late L. *particella*, preserved in Ital. *particella*, a small portion, a word given in Florio; a dimin. of the true L. form *particula*; see **PARTICLE**. Der. *parcel*, vb.

PARCENER, a co-heir. (F.—L.) A law term; see Blackstone, Comment. II. xi. The old spelling of **Partner**, *q. v.*

PARCH, to scorch. (F.-L.-Gk.?) ME. *parchen*, *paarchen*.
**Parche* pecyn or benys [← to parch peas or beans], frigo, ustillo; **Parche* parv. [Assimilated in form to the ME. *parchen*, to pierce]

prompt. par'vul. [Assimilated in form to the *M.E. perchen*, to pierce, an occasional form of *percen*, to pierce (F. *percer*); see *Piercer*.
A knygthe . . . percheite the syde of Iesu'; Religious Pieces, ed. Perry (E. Y. T. S.), p. 24; see another example in Halliwell, s. v. *perche*; and cf. *perche*, to pierce, Cathol. Anglicism, p. 276. *Perseuait*, i.e. piercing, was used as an epithet of sunbeams; Lydgate, Compl. of Black Knight, l. 28, has: 'Til fyry Tytan, with his *perseuait* heale.' The prov. *Perche* has means 'to pierce with cold'; cf. Milton, P. L. ii. 894-5. (Norm. dial. and Picard) *percher*, to pierce (Moisy, Corbillet); Wallowa: *percher*, to pierce (Sigart); variant of F. *percer*: **Piercer**.] **P** But the sense of *percher* seems too remote. I suggest that *M.E. parchen* really means 'to dry or harden like parchment,' and was formed from *OF. parche*, a familiar contraction for *parchement*; of which we have sufficient evidence. Or cast issuz Noe de l'arche, Si can gel truis escrit el *parche*, then Noe went out of the ark. As I find it written in the parchment; Barthele, Chrestomasthie, 1887, col. 309, l. 15; whence Span. *parche*, the parchment of a drum, and (probably) Rouchi *parche*, a page of a book (Hiccart). In a Vocabulaire du Haut Maime, by C. R. de M. (Paris, 1859), we are told that a *pea* that is elsewhere called *pois sans parchemin* is there called *pois sans parche*. Compare with this the earliest example of the E. verb in 1398:—'Saresines put peper into an ouen when it is new igadered and *percheith* and rustith it so, and benemeth [take away] the vertu of burginge and of springinge,' i.e. of souring.

PERGAMENT, the skin of a sheep or goat prepared for writing on. (F.—L.—Gk.) The *t* is excrescent. ME. *perchemin*, *perchemyn*; P. Plowman, B. xiv. 191, 193. F. *perchemin*, parchment. —L. *pergamina*, *pergamentum*, parchment orig. fem. of *pergamus*, adj., belonging to Pergamos; [Pergament was invented by Haimenes of Pergamus, the founder of the celebrated library at Pergamus, about 190 B.C.; Haydn.] —Gk. *περγαμηνή*, parchment; from the city of Pergamos in Asia, where it was brought into use by Crates of Mallos, when Ptolemy cut off the supply of bibulus from Egypt (Liddell and Scott). Crates flourished about A.C. 160. Either way, the etymology is clear. —Gk. *Πέργανος*, more commonly *Πέργανος*, Pergamos, in Mysia of Asia Minor; now called *Bergama*.

PARD, a panther, leopard, spotted wild beast. (L.—Gk.) **MF.** *pard*, Wyclif, Rev. xiii. 2. = *l. pardus*, a male panther; Rev. xiii. 2 (Vulgate).—Gk. *πάρος*, a pard; used for a leopard, panther, or ounce. An Eastern word; cf. Pers. *pārs*, *pārsh*, a pard; *panth*, a panther. *Kiech. Dict.* pp. 316, 325; Skt. *prḍāku*, a leopard. **Der.** *leo-pard*, *cameo-pard*.

PARDON, to forgive. (F.-L.) Common in Shakespeare. Rich. quotes 'nor pardoned a riche man' from the Golden Boke, c. 47. But the verb first appears in 1430, being the *Golden Boke* (in English) from the ME. sb. *pardoun*, *pardun*, *pardoun*, common der. occurring in Chaucer, C. T. 12866 (C 936). And see Chaucer's description of the *Pardoner*, l. 689. - F. *pardun*, sb., due to *pardoner*, sb., to grant, indulge, pardon. - L. *perdonare*, to remit a debt (used A.D. 819), to grant, indulge, pardon. - L. *per*, thoroughly; and *dönare*, to give, from *dönare*, a gift. See **PER** and **DONATION**. Der. *ardon*, sb. (but see above); *pardoner*; *pardurable*; *pardurable*.

PARE, to cut or shave off. (F.-L.) ME. *parere*. 'To wey penys with a peys and *pare* the heyenest:' to weigh penice with a weight, and pare down the heaviest; P. Plowman, B. v. 243. = F. *parer*, 'to deck, trimme, . . . also to pare the hoofe of a horse;' Cot. = L. *parāre*, to prepare. Der. *par-ing*. From L. *parire* we have *com-
pare*, *pre-pare*, *re-pair* (1), *se-par-ate*, *sever*, *em-per-or*, *im-per-ial*, *com-
par-at-ive*, *para-chute*, *para-pet*, *para-sol*, *rampart*, &c. And see
PARRY. **Parade**.

ΠΑΡΕΓΟΡΙΟΣ, assuaging pain; a medicine that assuages pain. (L.—Gk.) *Ἐπαγορεύω*, medicines that comfort, mollify, and assuage; Phillips, ed. 1706.—L. *παρεγορίως*, assuaging; whence *comp. pl. παρεγορία*.—Gk. *παρηγορῶν*, addressing, encouraging, soothing.—Gk. *παρηγορέω*, addressing, encouraging; cf. *παρηγορεῖν*, to address, exhort.—Gk. *παρά*, beside; and *δύω*, an assembly. Cf. *Gk. δύνω*, to assemble; and *ἑκατόν*.

PARENT, a father or mother. (F.—L.) In the Geneva Bible, 1561, Ephes. vi. i (R.). = F. *parent*, 'a cousin, kinsman, allie;' Cot. = L. *parens*, acc. of *parens*, a parent, lit. one who produces, formed from *parere*, to produce, of which the usual pres. part. is *pariens*. Brugemann; j. § 15. Der. *parent*-al, from L. *parentalis*; *parent*-al-ly, *parent*-less; also *parent*-age, in Levins, from F. *parentage*, 'parentage,' Cot.

PARENTHESIS, a phrase inserted in another which would appear complete without it. (Gk.) Spelt *parenthesis*, T. Heywood, *Love's Mistris*, Act i (last word). And in Cotgrave, to translate

MF. parentheses.—Gk. *παρθέσις*, a putting in beside, insertion, parenthesis.—Gk. *παρ*, for *para*, beside; *ἐν*, in; and *θέσις*, a placing, from √DHE, to place, set. See **Para-**, **In-**, and **Thesis**. Der. **parenthesis**—ic, extended from Gk. *παρθέσις*, put in beside, parenthetic; *parenthetic*—al, -ly.

PARERGON, an incidental or subsidiary work. (L.—Gk.) *L. parergon* (Pliny).—Gk. *παρέργον*, a by-work, subordinate work; neut. of *παρέργος*, subordinate.—Gk. *παρ*, for *para*, beside; and *έργον*, a work, cognate with *E. work*.

PARGET, to plaster a wall. (F.—L.) Nearly obsolete; once rather common. In Levins, Baret, Palsgrave, &c. *ME. pargeten*. *Pargeyn* walles, Gipsu, linio (*sic*); *Parget*, or playster for wallis, Gipsu, litura; Prompt. Parv., and see Way's note. It is frequently spelt *perget*.—OF. *pargeter*, to scatter (Chanson du Roland, 2634); variant of Norm. dial. *projeter*, to re-plaster (cf. *projet*, plaster); see *Moss*; also spelt (in OF.) *pargeter*, to roughcast a wall (Godefroy). [Cf. Walloon *pargete*, to outface (Kernacle).]—*L. prietate*, to cast forth.—*L. prō*, forth; and *iacere*, to cast. See **Pro-** and **Jet** (1). ¶ The form *parget* gave rise to a Late *L. perietate*; cf. *Periactio*, Anglice, to *perjet*; Vocab. 602. 7. See my Notes on *E. Etym.*, p. 206.

PARHELION, a mock sun, a bright light sometimes seen near the sun. (L.—Gk.) Spelt *parhelion* and *parelion* in Phillips, ed. 1706.—*L. parelion* (Lewis).—Gk. *παρήλιον*, a parhelion; neut. of *παρήλιος*, adj., beside the sun.—Gk. *παρ*, for *para*, beside; and *ἥλιος*, the sun. See **Para-** and **Heliocal**. ¶ The insertion of *h* is due to the aspirate in *ἥλιος*; it hardly seems to be needed.

PARIAH, an outcast. (Tamil.) Spelt *paria* in the story called *The Indian Cottage*, where it occurs frequently. From *‘Tamil paraiyan*, commonly, but corruptly, *pariah*, Malayālam *parayan*, a man of a low caste, performing the lowest menial services; one of his duties is to beat the village drum (called *parai* in Tamil), whence, no doubt, the generic appellation of the caste; H. H. Wilson, Glossary of Indian Terms, p. 401.

PARIAN, belonging to *Paros*. (Gk.) *Paros* is an island in the *Ægean sea*.

PARIETAL, forming the sides or walls, esp. applied to two bones in the fore part of the skull. (L.) In Phillips, ed. 1706.—*L. parietalis*, belonging to a wall.—*L. pariet-*, stem of *paries*, a wall. Der. *pellitory* (1), q.v.

PARISH, a district under one pastor, an ecclesiastical district. (F.—L.—Gk.) Orig. an ecclesiastical division. *ME. parische*, Chaucer, C. T. 493 (A 491).—*AF. parosse*, Laws of Will. I, i. 1; *F. paroisse*, a parish.—*L. parochia*, late form of *paracia*, a parish, orig. an ecclesiastical district.—Gk. *παροικία*, an ecclesiastical district, lit. a neighbourhood.—Gk. *παροικος*, neighbouring, living near to, together.—Gk. *παρ*, for *para*, beside, near; and *οἶκος*, a house, abode, cognate with *L. vicus*. See **Para-** and **Vicinage**. Der. *parish-ion-er*, formed by adding -er to *ME. parischen*, P. Plozman, B. xi. 67; this *ME. parischen* <OF. *paroisien* <Late *L. parochianus*, with the same sense as (and a mere variant of) *L. parochialis*; see **Parochial**. Also *paroch-i-al*. ¶ It follows that *parish-ioner* should rather have been spelt *parischeur*; also that the suffix -er was quite unnecessary. Indeed *Paroisien* survives as a proper name; I find it in the Clergy List, 1873.

PARITORY, the same as *Pellitory* (1).
PARITY, equality, resemblance, analogy. (F.—L.) In Cotgrave.—*F. parité*, 'parity'; Cot.—*L. paritatem*, acc. of *paritas*, equality.—*L. par-*, decl. stem of *par*, equal; with suffix -itas. See **Par**.

PARK, an enclosed ground. (E.) In early use; *ME. parc*, in Layamon, l. 1432 (later text). *Parc* <OF. *parc*, is a *F.* spelling, and is found in *F.* as early as in the 12th century; but the word is of *E.* origin, being a contraction of *ME. parrok*, from *AS. pearruc*, *pearruc*, a word which is now also spelt *padcock*. See further under **Padcock** (2). We find also Irish and Gaelic *paire*, *W. park* and *parque* (the latter preserving the full suffix), all from *E.* and *Du. park*, *Swed.* and *Dan. park*, *G. pferch* (an enclosure, sheepfold); also *F. parc*, *Ital. parco*, *Span. parque*, all from a Late *L. type parcius*, *pareus*, an enclosure. β. The *AS. pearruc* and Late *L. parcius* are from a base **par-*, which may be Teutonic, and possibly from an older base **parr-*. We actually find *ME. parren*, to enclose, confine; Havelok, 2439; Iwain and Gawain, 3228 (ed. Ritson). Also *AS. sparran*, to shut, fasten, as in *geþarrado dūre dūn*, thy door being shut, Matt. vi. 6. [Lindisfarne MS.]. See **Spar**. Der. *park-ed*, 1 Hen. VI, iv. 2. 45; *park-er*, i.e. park-keeper (Levinus); *park-keeper*; *impark*.

PARLEY, a conference, treating with an enemy. (F.—L.—Gk.) 1. *Shak.* has *parley* as a sb., *Macb.* ii. 3. 87; also as a verb, *Hamlet*, i. 3. 123. Prob. for *parlie*, as spelt in Eng. Garner, ed. Arber, iii. 375; and in Decker, Seven Deadly Sins, ed. Arber, p. 32.—OF. *parlie*, sb. f. 'tour de parole'; Godefroy.—OF. *parlet*, pp. f. of

F. parler, vb., to speak. 2. *Shak.* also has the vb. *parle*, to speak, *Lucrece*, l. 100, whence the sb. *parle*, a parley, *Hamlet*, i. 3. 6a. This is also from *F. parler*.—Late *L. parabolāre*, to discourse, talk.—Late *L. parabola*, a talk; *L. parabola*, a parable.—Gk. *παράβολος*, a parable; see **Parable**. Der. *par-ance*, borrowed from *F. parience*, formed from *F. pariant*, pres. part. of *parler*; *par-ia-ment*, q.v., *par-our*, q.v. And see *parole*, *palover*.

PARLIAMENT, a meeting for consultation, deliberative assembly. (F.—L.—Gk.; with *L. suffix*). *ME. parliament*, Havelok, 1006; Rob. of Glouc., p. 169, l. 3519; Chaucer, C. T. 2972 (A 2970). [The spelling *parliament* is due to Late *L. parliamentum*, frequently used in place of *parlamentum*, the better form.]—*F. parlement*, 'a speaking, parleying, also, a supreme court.' Cot. Formed with suffix -ment (= *L. -mentum*) from *F. parler*, to speak. See **Parley**. ¶ *AF. parlement*, *Stat. Realm*, l. 26 (1275); Late *L. parliamentum*, *Matt. Paris*, p. 696 (under the date 1246); Late *L. parliamentum*, *Matt. Westminster*, p. 352 (1253); see Stubbs, Select Charters, pt. vi.

Der. *parliament-ary*, *parliament-ary-an*.
PARLOUR, a room for conversation, a sitting-room. (F.—L.—Gk.) *ME. parlour*, Chaucer, *Troil.* ii. 82; *parlur*, *Ancren Riwe*, p. 50, l. 17.—OF. *parloir* (Litté), later *parloir*, 'a parlour'; Cot.—*F. parl-er*, to speak, with suffix -oir (-*eor*) <*L. -latrium*, so that *parloir* answers to a Late *L. *parolatrium*, a place to talk in; cf. *ME. dortour*, *F. dortoir* <*domitorium*, a place to sleep in. See further under **Parley**.

PARLOUS, old form of *Perilous*. (F.—L.) 'A *parlous* fear,' *Mids. Nu. Dr.* iii. 1. 74. See **Peril**.

PAROCHIAL, belonging to a parish. (L.—Gk.) In the Rom. of the Rose, 7687.—*L. parochialis*, *L. parochia*, another form of *paracia*, a parish.—Gk. *παροικία*; see **Parish**.

PARODY, the alteration of a poem to another subject, a burlesque imitation. (L.—Gk.) 'Satiric poems, full of *parodies*, that is, of verses patched up from great poets, and turned into another sense than their author intended them.' Dryden, Discourse on Satire [on the Grecian *Silli*]; in Dryden's Poems, ed. 1851, p. 365.—*L. parodia*.—Gk. *παρῳδία*, the same as *παρῳδή*, a song sung beside, a parody.—Gk. *παρ*, for *para*, beside; and *ὄδῳ*, an ode. See **Para-** and **Ode**. Der. *parody*, verb; *parodist*.

PAROLE, a word, esp. a word of honour, solemn promise; a pass-word. (F.—L.—Gk.) In Blount's Gloss., ed. 1674.—*F. parole*, 'a word, a term, a saying'; Cot. The same word as *Prov. parula* (Bartsch), *Span. palabra* (<*parabola* <*parabola*, by the frequent interchange of *r* and *l*), *Vort. palavra*; all from Late *L. parabola*, a discourse, *L. parabola*, a parable. See further under **Parable**. Doubtless, *parable*, *parle* (old form of *parley*), *palover*.

PARONYMOUS, allied in origin; also, having a like sound, but a different origin. (Gk.) Rather a dubious word, as it is used in two senses, (1) allied in origin, as in the case of *man*, *manhood*; and (2) unallied in origin, but like-sounding, as in the case of *hair*, *hare*.—Gk. *παρωνυμῶς*, formed from a word by a slight change; i.e. in the former sense.—Gk. *παρ*, beside; and *ὄνυμα*, a name, cognate with *E. name*. See **Para-** and **Name**. Der. *paronym-asia*, a slight change in the meaning of a word (in Dryden's pref. to *Annus Mirabilis*), from Gk. *παρωνυμασία*, better *παρωνυμασία*. Also *paronymy*, i.e. a paronymous word, esp. in the second sense.

PAROXYSM, a fit of acute pain, a violent action. (F.—L.—Gk.) 'Paroxysme, the access or fit of an ague'; *Minsheu*.—*F. paroxisme*, 'the return, or fit, of an ague'; Cot.—*L. paroxysmus*.—Gk. *παροξυσμός*, irritation, the fit of a disease.—Gk. *παροξύνειν*, to urge on, provoke, irritate.—Gk. *παρ*, for *para*, beside; and *ὄξύειν*, to sharpen, provoke, from *ὄξύς*, sharp. See **Para-** and **Oxygen**. Der. *paroxysm-al*.

PARQUETRY, a mosaic of wood-work for floors. (F.—Teut.) Modern.—*F. parquetrie*.—*F. parquetter*, to inlay a wooden floor.—*F. parquet*, a wooden floor; orig. a small enclosure; dimin. of *F. parc*, a park; see **Park**.

PARRAKEET; the same as *Parakeeto*, q.v.

PARRICIDE, (1) the murderer of a father; (2) the murder of a father. (F.—L.) 1. The former is the older sense. Both senses occur in Shakespeare, (1) *K. Lear*, ii. 1. 48; (2) *Macb.* iii. 1. 32.—*F. parricide*, 'a parricide, a murderer of his own father'; Cot.—*L. parricida*, for an older form *parricides* (Brugmann, ii. 190), a murderer of a relative.—*L. parr-*, a relative (cf. Gk. *παρ*, a relative; *Prellwitz*, s.v. *παρ*).—and -*cidas*, older form of -*cida*, i.e. a slayer, from *cit-*, a stem of *caed-ere* (pt. t. *cecid-i*), to cut, to slay. See **Cæsura**. 2. In the latter sense, it answers to *L. parricidium*, the murder of a father; formed from the same sb. and vb. ¶ There is the same ambiguity about *fratricide* and *matriicide*. Der. *parricide-al*.

PARROT, a well-known tropical bird, capable of imitating the human voice. (F.—L.—Gk.) In *Shak. Merch. Ven.* i. 1. 53. Spelt *parat* in Levins, ed. 1570; but *parrot* in Skelton; see his poem called

'Speke, Parrot.' = *F. perrot*, 'a man's proper name, being a diminutive or derivative of Pierre'; *Cot.* Cf. *F. perrouet*, 'a parrot'; *Cot.*; also spelt *parrouet*. *β.* The *F. Parrot* or *Pierrot* is still a name for a sparrow: much as *Philip* was the ME name for the same bird. The *F. perrouet* was probably an imitation of, rather than directly borrowed from, the Span. *perchito*, which may likewise be explained as a derivative of Span. *perico*, meaning both 'a parrot' and 'little Peter', dimin. of *Pedro*, Peter. *γ.* For the mod. Ital. *parrocchetto* we find in Florio the Mital. forms *parrocchetto*, *parochito*, 'a kind of parrots, called a *parochito*', which seems to be nothing but the Span. word adapted to Italian. We may refer all the names to *L. Petrus*, Peter. = *Gk. πέτρος*, a stone, rock; as a proper name, Peter.

PARRY, a defensive movement, in fencing. (*F.*—*L.*) '*Parrying*, in fencing, the action of saving a man's self, or staying off the strokes offered by another'; Bailey's Dict., vol. ii. ed. 1731. Older form *parree*, a fencing-bout; 'a *parree* of wit'; R. North, Examen, ed. 1749, p. 589 (Davies); = *F. parre*, used as equivalent to Ital. *parata*, a defence, guard; properly fem. pp. of *parer*, 'to deck, trick, trimme', also to ward or defend a blow; *Cot.* = *L. parare*, to prepare, deck. See *PARO*. Der. *par-a-chute*, *q.v.*, *para-pet*, *q.v.*, *para-sol*, *q.v.*, *ram-part*, *q.v.*

PARSE, to tell the parts of speech. (*L.*) 'Let the child, by and by, both construe and *parse* it over again'; Ascham, Schoolmaster, b. i. ed. Arber, p. 26. An old school term; to *parse* is to declare 'que *pars* orationis' = what part of speech, a word is. It is merely the *L. pars* used familiarly. See *PART*. Der. *pars-ing*.

PARSEE, an adherent of the old Persian religion, in India. (Pers.) Spelt *Persee*, Sir T. Herbert's Travels, ed. 1665, p. 55. = Pers. *pārsī*, a Persian; from *Pārs*, Persia; Palmer's Pers. Dict. col. 106.

PARSIMONY, frugality. (*F.*—*L.*) Spelt *parimonie* in Minshew, ed. 1627. = *MF. parsimonie*; *Cotgrave*. = *L. parsimonia*, better *parcimonie*, parsimony. = *L. parci*, for *parcus*, sparing; with suffix *-mōnia*, formed by joining the Idg. suffixes *-mōn* and *-yā*. Cf. *L. parcere*, to spare. Perhaps allied to *E. spare*; see *SPARE*. Der. *parsimoni-ous*, *-ly*, *-ness*.

PARSLEY, a well-known pot-herb. (*F.*—*L.*—*Gk.*) Formerly *persely*, Sir T. Eliot, Castel of Helth, b. iii. c. 5. ME. *percel*, *p.* *flowmate*, b. vi. 288; spelt *persely* in one of the MSS., id. A. vii. 273, footnote. = *F. persil*, 'parsley'; *Cot.* Spelt *persil* in the 13th cent.; Wright's Vocab. i. 139, col. 2. = Late *L. petrosillum*, at the same reference; contr. from *L. petro-elinum*, rock-parsley. = *Gk. πετρο-εἶλιον*, rock-parsley. = *Gk. πέτρος*, for *πέτρος*, a rock; and *εἶλιον*, a kind of parsley, whence *E. Celery*.

PARNEP, **PARNIP**, an edible plant with a carrot-like root. (*F.*—*L.*) Formerly *parnepe*; the pl. *parnespes* occurs in Sir T. Eliot, Castel of Helth, b. ii. c. 9. *Palgrave* rightly drops the *r*, and spells it *parnepe*; also spelt *passenepe*, *Pistyll* of Susan, 107. Corrupted from *OF. pastenague*, 'a parsnip'; *Cot.* [For the change from *q* to *p*, compare Lat. *quingue* with *Gk. πέντε* (five). The *r* is due to the sound of the *F.* *a*; the *t* was dropped, and the latter *a* was weakened, first to *e*, and then to *i*.] *Cotgrave* also gives *pastenade* and *pastenaille* with the same sense. = *L. pastināca*, a parsnip. *β.* *Pastināca* prob. meant 'that which is dug up', hence a parsnip, also a carrot; the root being the edible part. = *L. pastināre*, to dig up. = *L. pastinūm*, a kind of two-pronged dibble for breaking the ground. ¶ The change in the final syllable may have been influenced by the AS. *wēp*, *L. mīpes*, a kind of parsnip; cf. the later word *turnep* or *turnip*.

PARSON, the incumbent of a parish. (*F.*—*L.*) ME. *persone*, Chaucer, C. T. 480 (A 478). In the Ancien Riwle, p. 316, *persone* means person. It is certain that *parson* and *person* are the same word; for the Late *L. persona* is constantly used in the sense of 'person'. See *PERSONA* in Dugange; it means dignity, rank, a choir-master, curate, parson, body, man, person; and see Selden's Table Talk, s. v. *Parson*. The sense of *parson* may easily have been due to the mere use of the word as a title of dignity; cf. 'Laicus quidam magnæ personæ' = a certain lay-man of great dignity; Dugange. *β.* The ME. *persone* is from *OF. persone*, 'cure, recteur d'une paroisse, prieur, dignitaire, bénéficiaire ecclésiastique'; Godefroy. = *L. persona* (above). ¶ The quotation from Blackstone is better known than his authority for the statement. He says: 'A *parson*, *persona ecclesiæ*, is one that hath full possession of all the rights of a parochial church. He is called *parson*, *persona*, because by his person the church, which is an invisible body, is represented'; Comment. b. i. c. 11. This is the usual sense in E. civil law, but is hardly required by the etymology. See *PERSON*. Der. *parson-age*, a coined word with *F.* suffix, Bp. Taylor, vol. iii. ser. 7 (R.).

PART, a portion, piece. (*F.*—*L.*) ME. *part*, sb., Florio and Blanchefleur, ed. Lumby, l. 522; hence *parten*, vb., id. 387. = *F. part*, 'a part'; *Cot.* = *L. partem*, acc. of *pars*, a part. From the same root as *portion*. Brugmann, i. § 527. Der. *part*, vb., ME. *parten*, as

above; *part-ible*, from *L. partibilis*; *part-ly*, *Cot.* i. 1. 40; *part-ing*; and see *part-i-al*, *partake*, *part-i-ci-p-ate*, *part-i-ci-p-le*, *parti-san*, *part-i-tion*, *part-ner*, *part-y*; also *a-part*, *com-part-ment*, *de-part*, *im-part*, *re-part-ise*, *par-cel*, *parse*, *part-ion*.

PARTAKE, to take part in or of, share. (Hybrid; *F.*—*L.*, and Scand.) For *part-take*, and orig. used as *part take*, two separate words; indeed, we still use *take part* with the same sense. 'The breed which we breken, wher it is not [is it not] the delynge, or *part takynge*, of the body of the lord?' Wyclif, 1 Cor. x. 16 (earlier version; later version omits *part*). In the Bible of 1551, we find: 'is not the breade whiche we breake, *partakynge* of the body of Christ?' in the same passage. See further in a note by Dr. Chance in N. and Q. 4th Series, viii. 481. Similarly, we find *G. theilnehmen* = *theil nehmen*, to take a part. Indeed, *E. partake* may have been suggested by the corresponding Scandinavian word (viz. Dan. *deilige*, Swed. *deltaga*, to partake, participate) since *take* is a Scand. word. See *PART* and *TAKE*. Der. *partak-er*, spelt *partetaker* in Coverdale's Bible (1538), Heb. xlii. 8; *partak-ing*, spelt *partetaking*, *Palgrave*. **PARTERRE**, a laid-out garden, a system of plots with walks, &c. (*F.*—*L.*) 'Thus . . . was the whole *parterre* environ'd'; Evelyn's Diary, 8 Oct. 1641. = *F. parterre*, 'a floor, even piece of ground, part of a garden which consists of beds, without any tree'; *Cot.* = *F. par terre*, along the ground. = *L. per terram*, along the ground; see *PER* and *TERRACE*.

PARTHENOGENESIS, reproduction by a virgin. (*Gk.*) A term in zoology. = *Gk. παρθένος*, a virgin; and *γενεσις*, birth; see *GENESIS*.

PARTIAL, relating to a part only. (*F.*—*L.*) Frequently in the sense of taking one part in preference to others, hence, inclined in behalf of. 'That in thine own behalf maist *partiall* seeme'; Spenser, F. Q. vii. 6. 35. = *F. partial*, 'solitary', . . . also *partiall*, unequal, factious'; *Cot.* = Late *L. partialis*; formed with suffix *-ālis* from *L. parti*, decl. stem of *pars*, a part. See *PART*. Der. *partial-ly*; *partial-i-ty*, spelt *partialité*, Lydgate, Minor Poems, p. 120, from *F. partialité*, 'partiality'; *Cot.*

PARTICIPATE, to partake, have a share. (*L.*) In Shak. Tw. Nt. v. 245; properly a *part* or adj., as in *Cot.* i. 1. 106. = *L. participātus*, pp. of *participare*, to have a share, give a share. = *L. particip-*, stem of *participes*, sharing in. = *L. parti-*, decl. stem of *pars*, a part, and *capere*, to take. See *PART* and *CAPACIOUS*. Der. *participat-ion*, ME. *participasium*, Chaucer, tr. of Boethius, b. iii. pr. 10, l. 110, from *F. participation*, which from *L. acc. participatiōnem*; also *particip-ant*, from the stem of the pres. part.; also *particip-ple*, *q.v.*

PARTICIPLE, a part of speech. (*F.*—*L.*) So called because partaking of the nature both of an adjectival substantive and a verb. In Ben Jonson, Eng. Grammar, c. 6. ME. *participle*, Wyclif's Bible, Prologue, p. 57, l. 29. The insertion of the *t* is curious, and perhaps due to a misapprehension of the sound of the *F.* word; as in *principle* and *syllable*. = *F. participe*, 'a participle, in grammar'; *Cot.* = *L. participium*, a participle. = *L. particip-*, decl. stem of *participes*, partaking; see *PARTICIPATE*.

PARTICLE, a very small portion, atom. (*F.*—*L.*) In Shak. Jul. Cæs. ii. 1. 139. An abbreviation for *particula*, due to loss of stress in the last syllable. = *F. particule*, not in *Cot.*, but in use in the 16th cent. (Littre). = *L. particula*, a small part; double dimin. (with suffixes *-cu* and *-la*) from *parti-*, decl. stem of *pars*, a part. Der. *particul-ar*, ME. *particuler*, Chaucer, C. T. 11434 (F. 1122), from *F. particulier*, which from *L. particulāris*, concerning a part; *particul-ar-ly*; *particular-ise*, from *F. particulariser*, 'to particularize', *Cot.*; *particular-i-ty*, from *F. particularité*, 'a particularity', *Cot.* Doublet, *parcel*.

PARTISAN (1), an adherent of a party. (*F.*—*Ital.*—*L.*) 'These *partisans* of faction often try'd'; Daniel, Civil War, bk. ii. st. 4. = *F. partisan*, 'a partner, partaker'; *Cot.* = *Ital. partigiano*, formerly also *partegiano*, 'a partner'; Florio. Cf. Ital. *parteggiare*, 'to share, take part with'; Florio; answering to *F. partager*, to take part in. The form *partigiano* answers to a Late *L.* form *partensiānus*, not found; from *part-*, base of *purs*, a part; with suffixes *-ensi* and *-ānus*. See *PART*, *PARTITION*. Der. *partisan-ship*.

PARTISAN (2), **PARTIZAN**, a kind of halberd. (*F.*—*Ital.*—*L.*) In Hamlet, i. 1. 140. = *F. pertuisane*, 'a partisan, or leading-staff'; *Cot.* *β.* But the spelling *pertuisane* is an accommodated form, to make it appear as if derived from *F. pertuiser*, to pierce (cf. *pertuis*, a hole). = *Ital. partegiana*, 'a partesan, a iuelin', Florio; cf. Late *L. partēāna* (occurring A.D. 1488); *partisāna* (1493); *pertisāna* (1468). Supposed to be closely related to the word above, as if the weapon of a partisan (Körting, § 6882).

PARTITION, a separate part, something that separates. (*F.*—*L.*) In Shak. meaning (1) division, Mid. Nt. Dr. iii. 2. 210; (2) a party-wall, id. v. 168. Spelt *particoune* in Lydgate, Minor Poems,

p. 170. = *F. partition*, omitted by Cot., but occurring in the 14th cent. (Littre). = *L. partitio*, acc. of *partitio*, a sharing, partition. = *L. partiri*, to divide. = *L. parti*, decl. stem of *pars*, a part. See **Part**. Der. *partition*, vb. So also *partit-ive*, from *F. partiif* (Littre), as if from *L. partitius*, not used; hence *partit-ive-ly*.

PARTNER, a sharer, associate. (*F.*—*L.*) A curious corruption, due to the eye, i. e. to the misreading of MSS. and books. In many MSS. *e* and *t* are just alike, and the ME. word which appears as *partener* or *parcener* is really to be read as *parcener*, with *c*, not *t*. The spelling *parcener* occurs as late as in Cotgrave, as will appear; and even in Blackstone's Commentaries, b. ii. c. 12 (*R.*, s. v. *parcel*). For the spelling *partener*, see Wyckliff, 1 Cor. ix. 12; for the spelling *parcener*, id. Rev. xviii. 4. = *OF. parcener*, MF. *parsonnier*, 'a partner, or co-parcener'; Cot. = Late *L. partitio*, not found; but we find *partitio* sometimes used in the sense of 'common' or 'mutual', which seems to be a contracted form of it, and is the original of the *F.* form. = *L. partitio*, stem of *partitio*; see **Part**. This *partner* = *partitioner*. Der. *partnership*.

PARTLET, a gorget or loose collar, a garment for the neck and shoulders, esp. for women. (*F.*) ME. *partlet*, Henryson, Garmond of Gude Ladeis, st. 7. = *OF. palette*, dimin. of *paite*, a band of stuff (Godefroy); cf. MF. *palette*, 'the broad piece of leather that rames over-cross, or through, the top of a head-stall (for a horse)'; Cot. Cf. *paite*, 'a plate or band of iron for the strengthening of a thing'; Cot. Of obscure origin; see Notes on Eng. Etym., p. 208. The *r* is unoriginal. Perhaps a dimin. of Late *L. pata*, a kind of 'limbus' or border worn by some ecclesiastics (Ducauge). Or for **platelette*; cf. *OF. plate*, a flat piece (Godefroy); see **Plateau**.

PARTRIDGE, a well-known bird preserved for game. (*F.*—*L.*—*Gk.*) ME. *partriche*, *partriche*, Richard the Redclere, ed. Skene, iii. 38.—ONorm. *F. partrix*, in Moisy, Gloss. Comparatif Anglo-Normand; *F. partrix*, 'a partridge'; in which the second *r* is intrusive. = *L. perdix*, acc. of *perdis*. = *Gk. wipid*, a partridge; perhaps named from its cry or its noisy flight, as some connect it with (*Gk. wipid*, Skt. *pard* (Treilwitz)).

PARTURIENT, about to produce young. (*L.*) In Plautus's Gloss, ed. 1674. = *L. parturient*, stem of pres. part. of *parturire*, to be ready to bring forth young. Cf. *partur-ns*, fut. part. of *parere*, to produce; see **Parent**. Der. *partur-it-ion* = *F. parturition* (Littre); from *L.* acc. *parturitionem*, which comes from *parturire*.

PARTY, a company, faction, assembly. (*F.*—*L.*) ME. *partie*, King Alisaunder, 4756; *parti*, *party*, Cursor Mundi, 7470. = *F. partie*, 'a part, share, party, side'; Cot. We also find *F. parti*, 'a match, bargain, party, side'; Cot. The former is the fem. of the latter. = *L. partia*, fem. of *partitus*, pp. of *partiri*, to divide. = *L. parti*, decl. stem of *pars*, a part. See **Part**. Cf. Ital. *partita*, a share, part; Span. *partida*, a party of soldiers, crew, &c. Der. *party-coloured*, Merch. Ven. i. 3. 89; *party-verdict*, Rich. II. i. 3. 234.

PARVENU, an upstart. (*F.*—*L.*) Modern. = *F. parvenu*, lit. one who has arrived at a place, hence, one who has thriven; pp. of *parvenir*, 'to achieve, arrive, thrive'; Cot. = *L. peruenire*, to arrive. = *L. per-*, through; and *venire*, cognate with *E. come*. See **Per** and **Come**.

PARVIS, a porch; also, a room over a church-porch for a school. (*F.*—*L.*—*Gk.*—*Pctr.*) See Halliwell, and Prompt. Parv. p. 385. ME. *parvis* (= *parvis*), Chaucer, C. T. 312 (A 310); see note. = *OF. parvis*, 'the porch of a church; also (or more properly), the utter court of a palace or great house'; Cot. A variant of *OF. parvis*, *parvis*, *parvis* (Low *L. paravivus*), lit. paradise. = *L. paradisus*, paradise; also a church-porch, outer court. It is thus the same word as **Paradise**, q. v. Diez cites Neapolitan *paraviso* as a variant of Ital. *paradiso*. According to Littre, when the old mystery-plays were exhibited in the church-yard, the porch represented paradise. ¶ The *v* was inserted in *OF. parvis*, to avoid hiatus.

PASCH, the Jewish passover; Easter. (*L.*—*Gk.*—*Heb.*) ME. *paske*, P. Plowman, B. xvi. 139; Ormulum, 15850. AS. *pascha*; the gen. *pasches* is in the A. S. Chron. an. 1122. = *L. pascha*. = *Gk. pascha*, the passover, John, vi. 4. = *Heb. pasach*, a passing over, the passover; from *Heb. root pasach*, he passed over. See Exod. xii. 11, 27. Der. *pasch-ol*, from *F. paschal*, 'paschall'; Cot., from *L. paschalis*; *pasch-flower* or *pasque-flower*. (The *Heb.* is *samech*.)

PASHE, to dash, strike hard. (Scand.) 'As he was *pasching* it against a tree'; Ford, Lover's Melancholy, i. 1. And in Shak. Troil. ii. 3. 213, v. 5. 10. ME. *paschen*, P. Plowman, B. xx. 99. Cf. Swed. dial. *paska*, to dabble in water, *baska*, to beat (Rietz); Norweg. *baska*, to dabble in water, tumble, work hard, fight one's way on, *baska*, to box (Aasen); Dan. *bask*, to slap, thwack, drub; *baxes*, to box. From Swed. dial. *bas-a*, to beat. Cf. prov. *E. bash*, of which *pash* is a variant. Also *G. patschen*, to strike, to dabble; Low G. *bat*, a stroke, a blow. And see **Baste** (1), **Box** (3).

PASHA, **PACHA**, **PASHAW**, **BASHAW**, a prince, lord.

(Pers.) Spelt *bashaw* in Evelyn's Diary, Dec. 17, 1684; *basha* in Sir T. Herbert, Travels, ed. 1665, p. 139. = Pers. *bāshā*, *bāshāh*, 'a governor of a province, councillor of state, great lord, sometimes the grand vizir'; the same as *pādshāh*, 'an emperor, sovereign, monarch, prince, great lord'; Rich. Diet. pp. 234, 238, 315. = Pers. *pād*, *OPers. pād*, equivalent to the syllable *-pat* in *des-pot*; and Pers. *shāh*, whence the *E. shah*. See **Fadishah**.

PASQUE-FLOWER, see under **Pasch**.

PASQUIN, **PASQUINADE**, a lampoon, satire. (*F.*—*Ital.*) Formerly also *pasqui*, from MF. *pasquille*, 'a pasquill'; Cot. = *F. pasquin*, 'the name of an image or post in Rome, whereon libels and defamatory rimes are fastened, and fathered'; also, a pasquill'; Cot. [Hence *pasquinade*, which see in Littre.] = *Ital. Pasquino*, 'a statue in Rome on whom all libels are fathered'; Florio; whence *pasquinata*, a libel, the original of *F. pasquinade*. [In the 16th century, at the stall of a cobbler named *Pasquin* [Pasquino], at Rome, a number of idle persons used to assemble to listen to his pleasant sallies, and to relate little anecdotes in their turn, and indulge themselves in raillery at the expense of the passers-by. After the cobbler's death the statue of a gladiator was found near his stall, to which the people gave his name, and on which the wits of the time, secretly at night, affixed their lampoons;] Haydn, Dict. of Dates. 'The statue still stands at the corner of the Palazzo Braschi, near the Piazza Navona;' note in Gloss. to Bacon, Adv. of Learning, ed. Wright.

PASS, to walk onward, pace, move on. (*F.*—*L.*) In early use; Ancrer Kivle, p. 330, l. 20; Jayamon, 1341 (later text). = *F. passer*, to pass. = Late *L. passare*, to pass. = *L. passus*, a step; a pace. Diez considers *passare* to be a frequentative from *pandere*, to stretch; but it makes little ultimate difference, since *passus* is itself derived from the same verb, and meant, originally, 'a stretch'; hence the difference of space between the feet in walking. Either way, we are led to *L. passus*, pp. of *pandere*, to stretch. See **Paco**. Der. *pas*, sb., Hamlet, ii. 2. 77; *pass-book*, *pass-key*, *pass-word*; *pass-able*, Cor. v. 2. 13; *pass-able*, *pass-able-ness*; *pass-urge*, q. v.; *pass-er*, *passer-by*; *pass-ing*, Two Gent. i. 2. 17; *pass-ing*, adv., *L. L.* iv. 3. 103; *passing-bell*, Shak. Venus, 202; *pass-over*, Exod. xii. 11, 27; *pass-port*, q. v.; *past*; *pastime*, q. v.

PASSAGE, a journey, course. (*F.*—*L.*) ME. *passage*, King Horn, ed. Lumby, 1323. = *F. passage*, 'a passage'; Cot. = Late *L. passagium*, a right of passage, occurring A. D. 1095; Ducauge. [Cf. Ital. *passaggio*, Span. *passage*.] = Late *L. passare*, to pass; see **Pas**. Der. *passing-er*, in which the *n* is merely excrement before the following *g*, the old spelling being *passager*, as in North's Plutarch, ed. 1631, p. 24 (Life of Romulus), where we read that some 'hold a false opinion, that the vulturs are *passagers*, and come into these parts out of strange countries.' See *F. passager* in Cotgrave.

PASSERINE, relating to sparrows. (*L.*) Scientific. = *L. passerinus*, adj., formed from *passeri*, decl. stem of *passer*, a sparrow. **PASSION**, suffering, strong agitation of mind, rage. (*F.*—*L.*) In early use. ME. *passion*; spelt *passium*, O. Eng. Homilies, ed. Morris, i. 119, l. 6 from bottom. = *F. passion*, 'passion, perturbation'; Cot. = *L. passio*, acc. of *passio*, suffering, &c.; cf. *passus*, pp. of *pati*, to suffer; see **Patient**. Der. *passion-flower*, *passion-less*, *passion-week*; *passion-ate*, Mids. Nt. Dr. iii. 2. 220, from Late *L. passionatus*, occurring A. D. 1409 (Ducauge), with which cf. *F. passioné* (Cot.); *passion-ate-ly*, *passion-ate-ness*; *com-passion*. Also possible, *F. passibile*, from *L. passibilis*, capable of suffering; from *passi*, for *passus*, with suffix *-bilis*; hence *passibili-ty*. And see **Passive**.

PASSIVE, enduring, unresisting. (*F.*—*L.*) In Shak. Timon, iv. 3. 254. = *F. passif*, 'passive, suffering'; Cot. = *L. passivus*, suffering. = *L. passus*, pp. of *pati*, to suffer. See **Patient**. Der. *passive-ly*, *-ness*; *passiv-ity*, a coined word, in Bp. Taylor, vol. iii. ser. 10 (R.).

PASSPORT, a permission to travel. (*F.*—*L.*) 'A travelling warrant is call'd *Passport*, whereas the original is *passee per tout*'; Howell, Familiar Letters, b. iv. let. 19. 'They gave us our *pass-port*.' Hakluyt's Voyages, ed. 1598, vol. i. p. 71. Spelt *passaport*, Gascoigne, Fruits of War, st. 116. [Howell's remark is wrong; a *pass-port* and a *passee-per-tout* are different things; one is 'leave to quit a port', the other is 'permission to travel everywhere'; he probably means that the former word came to signify much the same as the latter. Dryden has 'with this *passee per tout* I will instantly conduct her to my own chamber'; Kind Keeper, Act v. sc. 1.] = *F. passe-port*, 'a passe, or passe-port, or safe conduct'; Cot. = *F. passer*, to pass; and *port*, a port, a seaport, from *L. acc. portum*, a port. See **Pass** and **Port** (2).

PASTE, dough prepared for pies, flour and water, &c. (*F.*—*L.*—*Gk.*) 'Paste for to make'; P. Plowman, B. xiii. 250. = *OF. paste*, 'paste, or dough'; Cot. Mod. *F. pâte*; Span. and Ital. *pasta*. = Late *L. pasta*, paste, used by Marcellus Empiricus, about A. D. 400 (Lewis). = *Gk. warrh*, a mess of food; strictly a fem. form from *warrhós*, besprinkled, salted, adj., formed from *warrhōn*, to strew,

sprinkle, esp. to sprinkle salt. Thus the orig. sense was 'a salted mess of food.' Der. *paste-board*; *past-y*, ME. *paste*, Chaucer, C. T. 4344. (A 4346), from OF. *pasté* (mod. F. *paîti*), 'a pie, or pastie', Cot.; *past-r-y*, used in Shaks. in the sense of a room in which pasties were made, Romeo, iv. 4. 2. 'Pastrye, *pistorium*, Levins, and formed accordingly on the model of *past-r-y* and *bull-r-y* (i.e. *bull-r-y*), but now applied to articles made of paste; *pastry-cook*; *past-y* (as applied to oyster-pasties), from mod. F. *paîti*.

PASTEL, a roll of coloured past used like a crayon, a coloured crayon. (F.-Ital.-L.) An artist's term.—F. *pastel*, 'a pastel, crayon'; Hamilton.—Ital. *pastello*, 'a little bit of paste'; Baretti. Also 'a pastel'; Meadows. The pastel was named from being shaped like a roll of bread.—L. *pastillum*, acc. of *pastillus*, a little loaf or roll. Dimin. of *pastus*, food.—L. *pastus*, pp. of *pascere*, to feed. See **PASTOR**. Sometimes written *pastil*, very like *pastille*. However, *pastel* and *pastille* are doublets: and neither is at all related to *pasty* or *paste*, which are from Gk. Doublet, *pastille*.

PASTERNE, the part of a horse's foot from the fetlock to the hoof. (F.-L.) Spelt *pasterne* in Levins, ed. 1570. Palsgrave has: 'Pastron of an horse, *pasturan*.'—MF. *pasturon*, 'the pastern of a horse'; Cot. Mod. F. *pduron*. So called because when a horse was turned out to pasture, he was tethered to a peg by a cord passing round the *pastern*; the tether itself was called *pasture* in Old French. 'Le suppliant frappa icellui Godart deux ou trois coups par le costé d'unes cordes appelees *pastures*' = the petitioner beat this Godart twice or thrice on the side with cords called *pastures*; in a passage dated A.D. 1460, in Ducange, s.v. *pasturille*, and cited by Littré.—OF. *pasture*, 'pasture, grasse, fodder'; Cot. See further under **PASTURE**. Thus OF. *pasturon* was formed from *pasture*, a tether, by adding the suffix *-on*, which gave various meanings to the sb.; see Brachet, *Introd.* § 231. So also Ital. *pasturale*, the pastern, from *pastura*, a pasture. Hence we may explain a passage in Beaumont and Fletcher, The Chances, i. 8, 16, viz. 'She had better have worn *pasterns*.' It means tethers, or cloys tied to her foot; i.e. she had better have been tethered up. Indeed Kersey, ed. 1715, gives: '*Pastern*, the hollow of a beast's heel, the foot of a horse, that part under the fetlock to the hoof; also, a *shackle* for a horse.' It is remarkable that this sense should have been retained in English, though unnoticed in Cotgrave's F. Dict.

PASTILLE, a small cone made of aromatic substances, to be burnt to purify the air of a room. (F.-L.) Modern. Borrowed from F. *pastille*. Cot. gives: '*Pastilles*, little lumps or loaves of wood, &c.'—L. *pastillum*, acc. of *pastillus*, a little loaf or roll. Dimin. from *pastus*, food. Also spelt *pastil*; cf. Walloon *pastil*, a pastille (Remacle). See **PASTEL**, which is a doublet.

PASTIME, amusement. (Hybrid; F.-L.; and E.) In Shaks. Temp. v. 38. For *past-time*. Spelt *pastime* in Sir T. Elyot, The Governor, b. i. c. 22. It is a sort of half translation of F. *passer-temps*, 'pastime'; Cot. We also find, in old authors, the form *pastourice* or *pastians*, which is the F. *passer-temps* Anglicised. Gawain Douglas has *pastians*, *Prolog.* to *Keneid*, bk. xii. l. 212.

PASTOR, a shepherd. (L.) In Hamlet, l. 3, 47; spelt *pastour* in Skelton, ed. Dyce, l. 203, l. 23.—L. *pastor*, a shepherd, lit. feeder; cf. *past-us*, pp. of *pascere*, to feed, an inceptive verb, pt. t. *pāsi*-it, = /IA to feed; whence also E. *food*; see **FOOD**. Der. *pastor-ol*, in Sir P. Sidney, Apology for Poetrie, ed. Arber, p. 43, l. 16, from F. *pastoral*, 'pastoral, shepherdly', Cot. from L. *pastor-ālis*; *pastor-ship*; *pasture*, Cursor Mundi, 18445, from OF. *pasture* (mod. F. *paître*), 'pasture' (Cot.), which from L. *pastura*, a feeding, like *pastūrus*, fut. part. of *pasci*, to browse, from *pascere*, to feed; *pastur-able*, from OF. *pasturable*, 'pasturable'; Cot.; *pastur-age*, from OF. *pasturable* (mod. F. *paissance*), 'pasturage'; Cot. And see *pastern*, *pastum*.

PASTY, a patty, a pie; see **PASTA**.

PAT (1), to strike lightly, tap. (E.) 'It is childrens sport, to prove whether they can rubbe upon their breast with one hand, and *pat* upon their fore-head with another'; Lord Bacon, Nat. Hist. § 63. ME. *pat*, sb. 'And gafe his sone soche a *patte*'; Sir Eglamour, 1241 (in Thornton Romances). Of imitative origin; like *tap*. Not in AS.; but a parallel formation to AS. *plattan*, to strike. 'Hi *plattan* hyne' = they smote him with their hands, John, xix. 2. So also Swed. dial. *pätta*, to pat, to strike lightly and often (Rietz), allied to Swed. *pätta*, to tap, *pätta*, a tap, pat; MDu. *pletten*, to beat (Kilian). Cf. MF. (Gascon) *patat*, 'a tack, clack, knock, flap'; Cot.; Prov. *pat*, to beat, to tap, to pat, allied to *pat*, an animal's paw. Also Bavarian *patzen*, to pat, *patzen*, a pat on the hand; Schmeller; see **PATROL**. And see **PATCH** (1). Körting, § 6917. Der. *pat*, sb.; *pat-er*.

PAT (2), a small lump of butter. (E.) Cf. Irish *pait*, a lump, *paitog*, a small lump of butter; Gael. *pait*, a lump, *paitcach*, lumpy, *paitog*, a small lump of butter; all from E. *pat*. Thus the orig.

sense is 'lump.' Prob. from the vb. *pat*, above; as being padded into shape; as *dab*, a small lump, is from *dab*, verb. Cf. prov. F. (Berry) *pater*, to stick to the shoes, said of mud.

PAT (3), quite to the purpose. (E.) Orig. an adv., as in 'Pat he comes', K. Lear, i. 2. 146; 'it will fall [happen] *pat*', Mids. Nt. Dr. v. 188; 'now might I do it *pat*', Hamlet, iii. 3. 73. This can hardly be other than the same word as *pat*, a tap; see **PAT** (1); cf. *dab*, an adept, from *dab*, verb, and the phrase to *hit pat*, to hit with a flat blow; see exx. in N. E. D. B. But the sense may have been affected by Du. *pas*, pat, convenient, in time, which is used in exactly the same way as E. *pat*; cf. *komt het te pas*, 'if it comes convenient', i.e. *pat*, *te pas diene*, 'to serve just at the time'; Hlexham. So also G. *pass*, pat, fit, suitable; zu *pas*,e, apropos; *passen*, to fit, suit, to be just right. These are not true Teutonic words, but borrowed from F.; cf. 'se *passer*, whence il se *pas*se à peu de chose, he is contented, he maketh shift, he doth well enough'; Cot.

PATCH (1), a piece sewn on a garment, a plot of ground. (E.?) ME. *pacche*, *pacche*, Wyclif, Mark, ii. 21; Prompt. Parv. p. 377. The letters *ick* really appear as *eck* in old MSS.; the spelling *ick* is of later date, and sometimes due to the editors. The letters *ick* answer to an AS. *ec*, as in ME. *strecken*, to stretch, from AS. *strecan*. B. It seems to be a by-form of *platch*. We find: '*Platch*, a large spot, a patch, or piece of cloth sewed on to a garment to repair it'; Dialect of Banffshire, by W. Gregor; cf. prov. E. *plack*, a plot of ground, E. D. D.; Low G. *plakke*, *plakk* (1), a spot; (2) a piece, both a piece torn away, and a patch put on; (3) a piece of land (cf. E. *patch* of ground); ME. *plekke*, a plot of ground. Hence the verb *placken*, to patch, fasten. Frisch, from Alberi Lexicon, cites: *ick plack*, reconcomie, resarcinio; *ick setze einen placken* an, assuo; Bremen Wörterbuch. The orig. sense of *placken* was 'to strike'; cf. MDa. *placken*, (1) to strike, (2) to plaster, besmear with lime or chalk, (3) to spot, to stain; *placke*, mod. Du. *plek*, a spot (een *mooi plek gronde*, a fine spot [patch] of ground, Sewel); see Oudemans. Y. With a change of *kk* to *tt*, we have Dan. *plette*, to strike, AS. *plattan*, to strike with the hands; and Goth. *plats*, a patch, Mark, ii. 21, where Wyclif has *pacche*. The AS. *placc* means an open space, lit. 'a place'. The phrase 'in the corners of the streets' (Lat. in *angulis platearum*) is glossed by 'huomum *dierra placena vel worbum*' in the Northumb. version of Matt. vi. 5. Here the AS. *placc* is, apparently, merely Englished from L. *placca*; see **PLAQUE**. It is remarkable that the Norman dialect has *plache* (for *place*) in the sense of 'plot of ground.' Der. *patch*, verb, Tw. Nt. l. 5, 52; *patch-work*.

PATCH (2), a paltry fellow. (E.) In Shaks. Temp. iii. 2. 71, Com. Err. iii. 1. 32, Merch. Ven. ii. 5. 46; &c. 'In these passages, the word is by most commentators interpreted . . . "a domestic fool," supposed to be so called from his parti-coloured dress'; Schmidt. 'Wolsey we find had two fools, both occasionally called *patch*, though they had other names; see Douce, Illustrations of Shaks., i. 258'; Nares. 'To *patch*, the sole, in reward, 6s. 8d.'; Excerpta Historica, p. 88 (1492). The supposition that *patch* is a nick-name from the dress is most probably right; if so, the derivation is from *patch* (1); see above. In Mids. Nt. Dr. iii. 2. 9, the word merely means clown, or an ill-dressed mechanic. It is independent of Ital. *pazzo*, a fool, madman, which is used in a much stronger sense. Der. *patch-ock*, a dimin. form (cf. *bull-ock*, *hill-ock*); 'as very *patchokes* [clowns] as the wild Irish', Spenser, View of the State of Ireland, Globe ed. p. 636, col. 2; this is the word spelt *pajock* in Shaks. Hamlet, iii. 2. 295.

PATCHOULI, the name of a scent. (F.-Dravidian.) F. *patchouli*; of obscure origin. Apparently from E. *patcha-leaf*, i.e. green leaf, imitating the vernacular (Bengali) *patcha-piti*, where *piti* is Hind. for 'leaf'. Or from Dravidian words meaning 'green leaf'. Cf. Tamil *patchekai*, green, *itai*, leaf (Knight); Malayālam *patchekila*, green leaf (Gunder); Canarese *patchaka*, green, *yela*, leaf (Reeve). Wilson gives the Telugu name as *patchaku*, with the same sense, from Telugu *ku*, a leaf.

PATE, the head. (F.-L.) In Spenser, Shep. Kal., June, l. 16. ME. *pate*; 'bi *pate* and by *polle*', Polit. Songs, ed. Wright, p. 237, in a song of the time of Edw. II. The etymology may be disguised by the loss of *l*; *pate* may stand for *plate*, i.e. the crown of the head.—MF. *pate*, not recorded in the special sense here required, but Cotgrave gives: '*Pate*, a plate, or band of iron, &c. for the strengthening of a thing,' which suggests the loss of *l*. Cf. G. *platte*, a plate, bald pate in vulgar language, the head (Flügel); MHG. *plate*, a plate, the shaven crown of the head. B. Cf. also Late L. *plattis*, the clerical tonsure from ear to ear (Ducange); MDu. *platte bruyne*, 'flat-crowned, or bald-pate'; Hexham; *platin*, the shaven crown, Kilian. Y. Even in Irish, we find *plata*, a plate; *plait*, the forehead, *platin*, a little pate, a skull, the crown of the head (with the usual change of *a* to *ar*); O'Reilly. These words

were prob. borrowed from OF. or ME. We may note a similar change in sense in the word *erown*, meaning (1) the clerical tonsure, (2) the top of the head, esp. if bald. See **FLATE**.

PATEN, the plate for the bread in the eucharist. (F.—L.—Gk.) Spelt *patine* in Cotgrave; Shak. has *patines* = plates of metal, *Merch. Ven.* v. 59. ME. *paten*, a paten, *Havelok*, 187. —OF. *patene*, the patine, or cover of a chalice; Cot.—Late L. *patena*, the paten in the eucharist; L. *patena*, *patina*, a wide shallow bowl, basin. —Gk. *patērion*, a kind of flat dish. So named from its flatness; from *patēr*, to spread out, whence Gk. *patērion*, I spread out; cf. L. *patere*, to lie open, spread out, extend; see **PATENT**. Brugmann, i. § 120, note. Doublet, *pan* (7).

PATENT, lit. open, hence conspicuous, public; gen. as sb., an official document conferring a privilege. (F.—L.) The use as an adj. is less common, but it occurs in Cotgrave. ME. *patente*, sb., a patent, Chaucer, C. T. 12271 (C 337). [The patent was so called because open to the inspection of all men.] —OF. *patent* (fem. *patente*), 'patent, wide open, discovered.' Cot.—L. *patent*, stem of pres. part. of *patere*, to lie open. —PET, to spread out; whence also Gk. *patērion*, I spread out, unfold, unfurl, and F. *paten*. Der. *patent*, vb. (modern); *patentee*, when the suffix = F. *-é* < L. *-itūs*. And see *pace*, *pass*, *paten*, *pan*, *petal*, *fathom*, *ex-pand*, *compass*, *surpass*, *trepasse*.

PATERA, a flat round ornament, in bas-relief. (L.) L. *patera*, a flat saucer. —L. *patera*, to lie open. Cf. **PATEN**.

PATERNAL, fatherly. (F.—L.) In Shak. King Lear, i. 1. 115. —F. *paternel*, 'paternal.' Cot.—Late L. *paternalis*, extended from L. *paternus*, paternal, fatherly. Formed with *lig.* suffix -*no*- from *pater*, a father. Formed with suffix -*ter*; but probably not from *patēr*, to guard, feed, cherish; cf. Skt. *pā*, to protect, cherish, and E. *found*. —Gk. *patēr*, E. *father*; see **FATHER**. Der. *paternal-ly*; also *patern-ity*, from F. *paternité*, 'paternity, fatherhood,' Cot., from L. acc. *paternitatem*. Also *pater-noster*, Chaucer, C. T. 3485, so called from the first two words, *pater noster*, i.e. Our Father. And see *patri-arch*, *patri-cian*, *patri-monium*, *patri-ot*, *patri-istic*, *patri-on*.

PATH, a way, track, road. (L.) ME. *path*, *paþ*, P. Plowman, B. xiv. 360; pl. *pathes*, *Havelok*, 268. AS. *paþ*, *pað*, a path, Grein, ii. 361. +Du. *pad*; G. *pfad*. Der. *path-less*, *path-way*.

PATHOS, emotion, deep feeling. (Gk.) In South's Sermons, vol. iv. ser. 1 (R.); and in Phillips, ed. 1706. [But the adj. *pathetical* is in earlier use, occurring in Cotgrave, and is oddly used by Shak. As *Yon Like It*, iv. 1. 196, &c.] —Gk. *pathos*, suffering, deep feeling; from *pathō*, used as 2 aor. infin. of *πάσχειν*, to suffer (as if for **pathō*), Allied to *pathōs*, grief; from the weak grade *pathō* (for **pathō*). Der. *path-et-ic*, from MF. *pathetique*, 'pathetical, passionate,' Cot., from L. *pathēticus* (Lewis), from Gk. *pathētikos*, extended from *pathō*, subject to suffering; *path-et-ic-al*, *path-et-ic-al-ly*, *path-et-ic-al-ness*. Also *patho-logy*, in Blount's Gloss., ed. 1674, from MF. *pathologie*, 'that part of physic which treats of the causes, qualities, and differences of diseases,' Cot., from Gk. *pathologēia*, to treat of diseases; which is from *pathō*, for *pathōs*, and *lógos*, to speak. Hence *patho-log-ic*, Gk. *pathologikós*, *patholog-ic-al*, *patholog-ist*.

PATIENT, bearing pain, enduring, long-suffering. (F.—L.) ME. *patient*, *patient*, Chaucer, C. T. 486 (A 484). —OF. *patient*, 'patient.' —L. *patient*, stem of pres. part. of *pati*, to suffer. Der. *patient-ly*; *patience*, ME. *pacience*, Ancren Riwle, p. 180, from F. *patience*, L. *patientia*. And see *passion*.

PATINE, a round plate; see **PATEN**.

PATOIS, a vulgar dialect, esp. of French. (F.—L.) In Smollett, France and Italy, let. 21 (Davies). Borrowed from F. *patois*, 'gibberish, clownish language, rustical speech;' Cot. *Patois* perhaps stands for an older (doubtful) *patrois*; see Godefroy, Diez and Littre. —Late L. *patriensis*, one who is indigenous to a country, a native; so that *patois* is the 'speech of the natives.' —L. *patria*, one's native country. See **Patriot**.

PATRIARCH, a chief father. (F.—L.—Gk.) The lit. sense is 'chief father.' ME. *patriarche*, O. Eng. Homilies, ed. Morris, i. 131, l. 4; *patriarche*, P. Plowman, B. xviii. 138. —OF. *patriarche*, 'a patriarch,' Cot.—L. *patriarcha*, also *patriarchēs* = Gk. *πατριάρχης*, the father or chief of a race. —Gk. *patr-*, short for *patēr*, a lineage, race, from *patēr*, for *patēr*, a father; and *archē*, to rule. See **FATHER** and **ARCHE**. Der. *patriarch-al*, *patriarch-ic*, *patriarch-ate*. —The ecclesiastical historian Socrates gives the title of *patriarch* to the chiefs of Christian dioceses about A. D. 440; Haysd.

PATRICIAN, a nobleman in ancient Rome. (L.) In Shak. Cor. 1. 1. 68, 75. Formed with suffix -*an* (< L. *-ānus*) from L. *patri-cian*, *patrician*, noble; sb., a patrician, a descendant of the *patri*, senators, or heads of families. —L. *patri-*, for *pater*, a father. See **PATERNAL**.

PATRIMONY, an inheritance, heritage. (F.—L.) ME. *patri-*

mony, P. Plowman, C. xlii. 234; spelt *patrimoine*, id. B. xx. 253. —F. *patrimoine*, 'patrimony.' Cot.—L. *patrimonium*, an inheritance. Formed (with suffix -*mōn-ia* = *lig.* -*mōn-ya*) from *patri-* decl. stem of *pater*, a father, cognate with E. *father*. See **PATERNAL** and **FATHER**. Der. *patrimonial*.

PATRIOT, one who loves his fatherland. (F.—Late L.—Gk.) 'A patriot, or country-man;' Minshew, ed. 1627. —OF. *patriote*, 'a patriot, one's countryman;' Cot.—Late L. *patriōta*, a native. —Gk. *πατριώτης*, properly, a fellow-countryman. —Gk. *πατρις*, belonging to one's father, hereditary. —Gk. *πατρι-*, for *patēr*, a father. Der. *patriot-ic*, Gk. *πατριώτικος*, *patriot-ic-al-ly*, *patriot-ism*; also *com-patriot*, ex-patriate, re-pair (2). —The peculiar use of *patriot* in its present sense arose in French.

PATRISTIC, pertaining to the fathers of the Christian church. (F.—Gk.) From F. *patristique*, which see in Littre. Coined from Gk. *πατρι-* for *patēr*, a father; with suffix -*istikós*. ¶ Not a well-made word.

PATROL, to go the rounds in a camp or garrison; a going of the rounds. (F.—Teut.) It occurs, spelt *patroll*, in Phillips, ed. 1706, both as a sb. and verb. 'And being then upon patrol;' Butler, Hudibras, pt. ii. c. 3, l. 801. —MF. *patrouille*, 'a still night-watch in warre,' Cot. Lit. a paddling about, tramping about; from MF. (Picard) *patrouiller*, 'to paddle or pudder in the water;' Cot. The same word (with inserted *r*) as *patrouiller*, 'to slasher, to paddle or dabble in the feet;' Cot. β. Formed, as a sort of frequentative verb, from OF. *pate* (mod. F. *patte*), 'the paw, or foot of a beast;' Cot. [Cf. Span. *pata*, a paw, beast's foot; *patullar*, to run through mud; *patulla*, a patrol, patricular, to patrol; Ital. *pattinglia*, patrol, watch, sentry (showing that the *r* is inserted).] γ. Prob. from a Teutonic base *pat-* appearing in Bav. *patzen*, to pat; EFries. *patjen*, to splash; G. *patsechen*, an instrument for striking the hand, *patsechen*, web-foot of a bird, *patsechen*, to strike, dabble, walk awkwardly. See **PAT** (1). The suffix -*ouiller* represents L. *-uclāre*.

PATRON, a protector. (F.—L.) ME. *patron*, Rob. of Glouc. p. 471, l. 9673. —F. *patron*, 'a patron, protector.' —L. *patronus*, acc. of *patronus*, a protector, lit. one who takes the place of a father. —L. *pater*, for *pater*, a father, cognate with E. *father*. See **PATERNAL**. Der. *patron-age*, from MF. *patronage*, 'patronage,' Cot.; *patron-ess*, Cor. v. 5; *patron-ise*. Doublet, *pattern*.

PATRONYMIC, derived from the name of a father or ancestor. (F.—L.—Gk.) 'So when the proper name is used to note one's parentage, which kind of nouns the grammarians call *patronymics*;' Ben Jonson, Eng. Grammar, b. ii. c. 3. —MF. *patronymique*, 'derived of the fathers or ancestors names;' Cot. —L. *patronymicus*, = Gk. *πατρωνυμικός*, belonging to the father's name. —Gk. *πατρωνυμία*, a name taken from the father. —Gk. *πατρ-*, for *patēr*, a father; and *ωνυμία*, a name, usually spelt *ωνομα*. The *o* results from the doubling of the *o*. The Gk. *πατρ-* is cognate with E. *father*; and Gk. *ωνομα* is cognate with E. name. Der. *patronymic*, sb.

PATTEN, a wooden sole supported on an iron ring; a clog. (F.—Teut.) 'Their shoes and pattens;' Camden's Remaines, On Apparel (R.). Spelt *paten*, *pain* in Minshew, ed. 1627; *paten*, Palsgrave. —F. *patin*, 'a patten, or clog; also, the footstall of a pillar.' Cot.—OF. *pate*, *patte*, mod. F. *patte*, 'the paw or foot of a beast, the footstall of a pillar;' Cot. See **PATROL**. Cf. Ital. *patino*.

PATTER, to strike frequently, as hail. (F.) 'Or pattering hail comes pouring on the main;' Dryden, tr. of Virgil, Æn. ix. 910. A frequentative of *pat*, with the usual suffix -*er*; the double *t* being put in to keep the vowel short. See **PAT** (1). A dialectal (Lonsdale) variant is *pattle*, to pat gently (Peacock). Cf. Swed. dial. *padra*, to patter as hail does against a window (Rietz). ¶ It is probable that ME. *pateren*, in the sense 'to repeat prayers,' was coined from *pater*, the first word of the *pater-noster*. 'And *pater* in my *pater-noster*;' P. Plowman's Crede, ed. Skeat, l. 6; so also in the Rom. of the Rose, l. 6794. Hence *patter*, to prattle, and *patter*, sb. talk.

PATTERN, an example, model to work by. (F.—L.) In many parts, as in Lincolnshire and Cambs, the common people say *patron* for *pattern*; and rightly. 'Patron, a pattern;' Peacock, Manley Words (Lincoln); E. D. S. ME. *patron*; Chaucer, Book Duch. 910. 'Patrone, form to work by, patron or example, Exemplar;' Prompt. Parv. 'Patrons of blacke paper;' Eng. Gilds, ed. Tomlin Smith, p. 321. —F. *patron*, 'a patron, protector,' also a pattern, sample; Cot. See **PATRON**. Doublet, *patron*.

PATTY, a little pie. (F.—L.—Gk.) Mod. F. *pâté*; OF. *pasté*, a pasty. See **PASTE**. Doublet, *pasty*. Der. *patty-pan*.

PAUCITY, fewness in number. (F.—L.) Spelt *paucitē* in Minshew, ed. 1627. —F. *paucité*, 'paucity;' Cot. —L. *paucitatem*, acc. of *paucitas*, fewness. —L. *pauci*, for *paucus*, few; with suffix -*itas*. β. Allied to Gk. *paûpos*, small; and to E. *few*; see **FEW**.

PAUNCH, the belly. (F.—L.) ME. *paunche*, P. Plowman,

ll. xiii. 87.—O. North F. *panche*; OF. *fance*, 'the paunch, maw, belly'; Cot.—L. *panticum*, acc. of *pantes*, the paunch.

PAUPER, a poor person. (L.) In Phillips, ed. 1706.—L. *pauper*, poor. **β**. The syllable *pa-* is the same as *pa-* in *paucus*, few, Gk. *ma-por*; see **PAUCITY**. The second element in *pauper* is probably allied to *parire*. See **PARO**. Der. *pauper-ize*, *pauper-ism*; and see **POOR**, **POVERTY**.

PAUSE, a stop, cessation. (F.—L.—Gk.) In Shak. Hamlet, ii. 5. 509. Earlier, spelt *pauses*, in Prompt. Parv. = F. *pauses*, 'a pause, a stop'; Cot.—Late L. *pausa*, a pause, adapted from Gk. *pausis*, a pause, stopping, ceasing, endl.—Gk. *pauso*, I make to cease; *pausapa*, I cease. See **FEW**. Der. *pause*, vb, Much Ado, iv. 1. 202. Doublet, *pose*, q.v.

PAVE, to floor, as with stones. (F.—L.) ME. *paven* (with *u-v*), Chaucer, C. T. 16094 (G 646).—OF. *paver*, later *paver*, 'to pave'; Cot.—Late L. *pavire*, for L. *pavire*, to beat, strike, also, to ram, tread down. Der. *pave-ment*, ME. *pavement* (with *u-v*), and trisyllabic), Rob. of Glouc. p. 476, l. 9791, *pavement*, Chaucer, C. T. 7686 (D 2104), from F. *pavement* (Cot.), which from L. *pavimentum*, a hard floor, from *pavire*, to ram; also *pavi-or* (where the *-i-* is an English insertion, as in *law-ye-r*, *hous-ye-r*, *may-ye-r*, intended to give the word a causal force), from F. *paver*, 'a paver', Cot.

PAVILION, a tent. (F.—L.) The spelling with *li* is intended to represent the sound of the F. ll. ME. *pavillon* (with *u-v*), Rob. of Glouc. p. 272, l. 5510.—F. *pavillon*, 'a pavilion, tent'; Cot. So called because spread out like the wings of a butterfly.—L. *pavilinum*, acc. of *pavilio*, (1) a butterfly, (2) a tent. 'Cubicula aut tentoria, quos etiam paviliones uocant'; Augustine, cited in Ducange. Der. *pavilion-ed*, Ilcn. v. i. 2. 129; also *pavilion-ac-cous*, q.v.

PAVIN, PAVAN, a Spanish dance. (F.—Span.—L.—Pers.—Tamil). See exx. in Nares.—F. *pvane*, 'a pavan'; Cot.—Span. *pavana*, 'a dance called a pavin, playing'; Minsieu. Prob. from a Late L. *pavimus*, peacock-like, from the row of stately dancers (Scheler); cf. Span. *pava*, a peacen, *pavo*, a peacock, *pavonear*, to walk with affected dignity.—Late L. *pavus*, L. *pavo*, a peacock. See **PEACOCK**.

PAVISE, a large shield. (F.—Ital.) Obsolete. See examples in N. E. D., Halliwell and R. Also spelt *pavese*, *pavish*, *pavisse*, *pavice*, *pavys*. 'That impenetrable pavise,' Sir T. More, Works, p. 1179 c. Spelt *pavisa*, Reliquia Antiqua, ii. 22; *paves*, Skelton, ed. Dyce, l. 8, l. 48; *pavys*, Lydgate, Minor Poems, p. 204.—OF. *pavais*, F. *pavois*, 'a great shield'; Cot. Cf. Span. *paves*, Mital. *paves* (Florent).—Late L. *pavensis*, a large shield, occurring A.D. 1299. Usually said to have been named from the city of Pavia, in the N. of Italy. Godefrey has the adj. *pavinus*, *pavinio*, *pavois*, *pavais*, 'de Pavie'; *ecus pavinis*, shields of Pavia.

PAW, the foot of a beast of prey. (F.—Teut.) ME. *pawe*, Sir Isambard, l. 181, in the Thurston Romances, ed. Halliwell; *pawe*, Rich. Cœur de Lion, l. 1082, in Welser's Met. Romances. (Hence W. *pawer*, a paw, claw, Corn. *paw*, a foot (found in the 15th century); Bret. *pad*, *paw*, a paw, being from F.)—AF. *pawe*, OF. *poe*, a paw; the same word as Prov. *pauia*, Catalan *pata*, a paw. Perhaps from a Teut. source; cf. Low G. *pote*, a paw (Bremen Wörterbuch), the same word as Du. *poet*, G. *pfoet*. Perhaps from an imitative root; see **PAT** (1). Or related to *potter*; see *poet* in Franck. Der. *paw*, verb, Job, xxxix. 21.

PAWL, a short bar, which acts as a catch to a windlass. (F.—L.) A mechanical term; borrowed from OF. *paul* (Godefrey), variant of *pal*, a stake.—L. *pilum*, acc. of *pilus*, whence also E. *pale*; see **PALE** (1), **POLE**. Cf. W. *paul*, a pole, stake, bar, from E.; Du. *pal*, Swed. *pall*, a pawl; from F. or E. Der. *pawl-vindlass* (Halliwell).

PAWN (1), a pledge, something given as security for the repayment of money. (F.) Spelt *pawn* in Minsheu, ed. 1627; Levins (ed. 1870) has the verb *pawne*—F. *pan*, 'a pawn, piece, or pannel of a wall'; also a pawn, or gage, also the skirt of a gown, the pane of a hose, of a cloak, &c.; Cot. **β**. But we must distinguish the senses. In the sense of 'pane' or 'skirt', F. *pan* is of L. origin.—L. *pannum*, acc. of *pannus*, a cloth, rag, piece; see **PANE**. **γ**. In the sense of 'pawn or gage', OF. *pan* is rather from Teutonic; from Du. *pand*, a pledge; cf. G. *pfand*, OHG. *pfant*, a pledge. **δ**. Kluge connects G. *pfand* with OF. *paner*, *panner*, to seize upon, which Godefrey connects with OF. *panir*, *panuir*, to seize upon, despoil; which looks like an adaptation of OHG. *pfant-jaw*; cf. MHG. *pfanten*, *pfenteu*, to pledge, also to rob of. I see no reason why all the forms may not be ultimately referred to L. *pannus*, a piece of cloth or of clothing, as being the readiest article to seize upon as a pledge. Der. *pawn*, vb, *pawn-er*, *pawn-broker*.

PAWN (2), one of the least valuable pieces in chess. (F.—L.) ME. *pawne*, Chaucer, Book of the Duchess, l. 661 (Thynne); but spelt *poun*, *poun* in the Tanner and Fairfax MSS. (Chaucer Soc.)—OF. *paon*, a pawn at chess (Roquefort); spelt *poun* in the 12th cent.

(Littre); but also *peon*, *pehon*, *pedon* (Godefrey); whence also F. *pion*, explained by Cotgrave as 'a pawn at chess'. [Cf. Span. *peon*, a foot-soldier, a pawn, Port. *pão*, one of the lower people, a pawn, Ital. *pedone*, 'a footman' (Florent), *pedone*, 'a pawn at chess', id.]—Late L. *pedonem*, acc. of *pedo*, a foot-soldier; from *ped-*, stem of *pes*, a foot, cognate with F. *foot*. **¶** For the form, cf. E. *faun*, F. *faon*; from Late L. *faūnem*. Der. *pion-er*, q.v.

PAWNEE, drink; as in *brandy-pawnee*, Thackeray, Newcomes, ch. i. (Hind.—Skt.) Hind. *pāni*, water (also in Bengali, and other dialects); Wilson, Gloss. of Indian Terms, p. 397.—Skt. *pāniya-*, drink (Macdonell), allied to *pāna*, drinking, beverage (Benfey).—Skt. *pā*, to drink; cf. E. *potation*.

PAX, a thin tablet bearing a picture of Christ, kissed by the congregation. (L.) In Shak. Ilcn. V. iii. 6. 42. 'Paxe to kysse'; Palsgrave.—L. *pax*, peace; with reference to the kiss of peace. See **PEACE**. See Hone's Year-book, 321.

PAXWAX, the strong tendon in the neck of animals. (E.) Still common provincially; also called *paxwaxy*, *paxwax*, *faxwax*, *fixfax*. ME. *paxwax*, Prompt. Parv.; see Way's note. Ilc quotes: 'Le vendon, the fax-wax,' MS. Harl. 219, fol. 150. Again he says: 'Gautier de Bibhes-wort [Bibbesworth] says, of a man's body, *Et si ad le wenne [fix wex] au col derre*, i.e. and he has paxwax at the back of his neck. The orig. form is *fax-wax* or *fec-wax*, and it exactly corresponds to the equivalent G. *haarwachs*, lit. 'hair-growth'; presumably because the tendon is situate just where the hair ends. Compounded of ME. *fax*, hair, as in *Fair-fax* = fair-hair; and *wax*, growth.—AS. *feax*, *feax*, hair, Luke, vii. 38; and *wexan*, to grow; see **WAX** (1). The AS. *feax*, OHG. *fahs*, is related to Gk. *féxēs*, to comb; see **PEOTIAL**.

PAY (1), to discharge a debt. (F.—L.) ME. *paieu*, Ancien Kiwe, p. 108, l. 9; Layamon, 2340 (later text). It often has the sense of 'please' or 'content' in old authors. 'Be we paid with these things'—let us be contented with these things, Wyclif, i Tim. vi. 8.—OF. *paier* (also *payer*), later *payer*, 'to pay, satisfy, content'; Cot.—L. *pācere*, to appease, pacify; Late L. *pācere*, to pay (A.D. 1338).—L. *pāce*, stem of *pax*, peace. See **PEACE**. Der. *pay*, sb, ME. *paie*, satisfaction, P. Plowman, B. v. 556; *pay-able*, *pay-er*, *pay-ee* (—F. *payé*, pp.), *pay-master*; *pay-ment*, ME. *paiement*, Chaucer, C. T. 5713 (D 131), from OF. *paiement*, later *payement*, 'a payment', Cot.

PAY (2), to pitch the seam of a ship. (F.—L.) A nautical term, as noticed by Skinner, ed. 1671; and in the proverb: 'the devil to pay, and no pitch hot.' 'To pay a rope, *een kabl teeren*, lit. to tar a cable; Sewel's Eng.-Du. Dict. 1754.—AF. *peier*, answering to O. North F. *peier*, to cover with a plaister (a peculiar use, in Wace; see Godefrey); OF. *peier*, to pitch.—L. *pācere*, to pitch.—L. *pāce*, stem of *pax*, pitch; see **PITCH**. Cf. ME. *peys*, pitch, K. Alisaunder, 1620; from AF. *peis*, OF. *pois*, pitch; from L. acc. *pis-m*.

PAYNIM, PAINIM, a pagan. (F.—L.) 'The *paynim* bold,' Spenser, F. Q. i. 4. 41; cf. Fairfax, tr. of Tasso, xviii. 80. ME. *paynim*. 'The *paynyms* hii ouercome'—they overcame the pagans; Rob. of Glouc. ed. Hearn, p. 401; where the better reading is *pagans*, i.e. pagans, as in ed. W. A. Wright, l. 8283. This E. use of the word is due to a singular mistake. A *paynim* is not a man, but a country; it is identical with *paganismus*, which was formerly extended to mean the country of pagans, or heathen lands. It is correctly used in King Horn, ed. Lumby, l. 803, where we find 'a geaunt . . . fram *paynyne*'—a giant from heathen lands.—AF. *paenime*, heathen lands, Life of Edw. Conf. 336; OF. *painenisme*, spelt *paenime* in Cotgrave, who explains it by 'paganisme.' [The sense is borrowed from that of OF. *paénie*, *paénie*, the country inhabited by pagans (Burguy).]—Late L. *pāganismus*, paganism; formed with suffix *-ismus* (Gk. *-ισμος*) from L. *pāgin-u*, a pagan. See **PAGAN**. **¶** When a writer, wishing to use fine language, talks of a *paynim*, he had better say a *pagan* at once.

PEA, a common vegetable. (L.) [We now say *pea*, with pl. *peas*. This is due to mistaking the *c* of the older form for a plural termination; just as when people say *shay* for *chaise*, *Chinee* for *Chinese*, &c. Other words in which the same mistake is made are *cherry* (F. *cerise*), *cherry* (formerly *sherry*).] ME. *pees*, pl. *pesen* and *pees*. 'A *pees-lof*'—a loaf made of peas, P. Plowman, B. vi. 181; pl. *pees*, ed. 189; *pesen*, ed. 198. A later spelling of the pl. is *peason*; see examples in Nares. Shak. has *peas-cod*=*yea-pod*, Mide, Nt. Dr. iii. 1. 191; and otherwise only in the form *pease*. We also find *peascodes* in Lydgate, London Lyckpeny, st. 9. AS. *fiſe*, pl. *piſau* (Bosworth). Not an E. word, but borrowed from L. *pisa*, later by-form of L. *pīsum*, a pea. [The vowel-change from *i* to *ea* occurs again in the case of *pear*, q.v.] **¶** Gk. *wicos*, a pea.—**¶** PEIS, to grind, pound, whence L. *pinser*, to pound, Skt. *piśh*, to grind; with reference to its round shape. Cf. Russ. *pesok*, sand. Der. *pea-pod*, *peas-cod*.

PEACE, quietness, freedom from war. (F.—L.) ME. *pais*, occurring as early as in the A. S. Chron. an. 1135.—OF. *pais*, later *paix*, 'peace'; Cot.—L. *pācem*, acc. of *pax*, peace, orig. a compact made between two contending parties.—L. *pāc-*, seen in *pāc-isci*, to make a bargain; cf. OL. *pāc-ere*, to bind, to come to an agreement; see *Paot*. Der. *peace*, interj.; *peace-able*, Much Ado, iii. 3. 61; *peace-able-y*, *peace-able-ness*; *peaceful*, K. John, ii. 340, *peace-ful-ly*, *peace-ful-ness*, *peace-maker*, As You Like It, v. 4. 108; *peace-offering*, *peace-officer*. Also *ap-pensu*, pay (1), *paci-ty*.

PEACH (1), a delicious fruit. (F.—L.—Pers.) 'Of Peaches,' Sir T. Elyot, Castel of Helth, b. ii. c. 7. ME. *peche*, *peche*, Prompt. Parv. p. 395; where it is also spelt *peske*, a form due to Late L. *peca*.—OF. *pesche*, 'a peach'; Cot. [Cf. Port. *pêcego*, Ital. *persica*, shorter form *pesca*, a peach.]—L. *Persicum*, a peach, Pliny, xv. 11. 12; so called because growing on the *Persicus* or peach-tree; where *Persicus* stands for *Persica arbor*, the Persian tree.—Pers. *Pārs*, Persia. See *Parsoe*. Der. *peach-coloured*, *peach-tree*.

PEACH (2), to inform against. (F.—L.) From ME. *apechen*, by loss of *a*; and *apechen* is a variant of *impechen*, to impeach, with *a* (<L. *ad*) for *im* (<L. *in*); see *Impeach*.

PEACOCK, a large gallinaceous bird with splendid plumage. (Hybrid; L.—Gk.—Pers.—Tamil; and E.) ME. *pecock*, but also *pecock* and *peokok*. In P. Plowman, B. xii. 241, where the text has *pekok*, two other MSS. have *pekok*, *pekok*. In Chaucer, C. T. 104, the MSS. have *pekok*, *pekok*. We also find *po* used alone, Politt. Songs, ed. Wright, p. 159. The form *pekok* is due to AS. *pēa*, variant of AS. *pīaw*, a peacock, which is not a true E. word, but borrowed from L. *pīaw*. 'Pīaw, Pīaw, pawe,' Allric's Gloss., Nomina Avium, in Voc. 131. 9. Here *pīaw* is the AS. form, whilst *pāus*, *pāus*, are *l.* forms. From L. *pīaw* come also Du. *pauw*, C. *pīaw*, F. *pauw*, &c. β. The L. word is not a native one, but borrowed from Gk. *peas*, *peas*, where the aspirate is a relic of the digamma, from a form *peās*. See Liddell and Scott, and Curtius, ii. 101. The curious change from initial *t* to *p* indicates that both words are from a foreign source.—Pers. *tīawus*, *tīaw*, Arab. *tīawūs*, a peacock; Rich. Diet. p. 961.—OTamil *tīkēi*, *tīkēi*, a peacock; Max Müller, Lect. i. 233. γ. The latter element of the word is E. *cock*, a native word of imitative origin. ¶ 'The name is Tamil, *tīkēi*; and the peacock is still called by it in Ceylon;' Oxford Helps to the Study of the Bible. Der. *peu-ken*, similarly formed; ME. *peken*, *peken*, P. Plowman, B. xii. 240.

PEA-JACKET, a coarse thick jacket often worn by seamen. (Hybrid; Du. and F.) Prob. of modern introduction. The latter element is the ordinary word *jacket*. The former element is spelt so as to resemble *pea*, a vegetable, with which it has nothing to do. It is borrowed from Du. *pīe*, *pīe*, a coat of a coarse woollen stuff; the word *jacket* being a needless explanatory addition. 'Een *pīe*, a *pie-gowne*, or a rough gowne, as soldiers and seamen wear;' Hexham, 1658. As the Du. *pīe* is pronounced like E. *pie*, it should rather be called a *pie-jacket*, as the form *pie-gowne* suggests. The material of which the jacket is made is called *pīe-laken*, where *laken* is cloth. β. The Du. *pīe* is the same word as Low G. *pīe*, a woollen jacket, called *pīge*, *pyke* in the Osnaabrück dialect (Bremen Wörterbuch). Prob. from F. *pīe*, a mappie; cf. F. *pīe*, spotted. The variant *pyke* may be immediately from L. *pīca*. See *Pie* (1). ¶ Cf. ME. *coustiepy* (short coat), Chaucer, C. T. 292 (A 290).

PEAK, a sharp point, top. (Low G.) 'Seleucia, which is a great promontory, or *peake*;' Udall, on Acts, xiii. 4. Also *peake* in Palsgrave. Apparently a variant of *pīke*, q.v. Cf. dial. of Normandy *pee*, a hob (or mark) in the game of quoits (Godefroy, Moisy); also Low G. *peek*, a pike, a pointed weapon. Allied to *Peok*, q.v., and *Plok*, q.v. Der. *peak-ed*, not quite the same word as ME. *pīked* (Prompt. Parv.) though used in the same sense; the ME. form answers rather to mod. E. *pīke*, sb., with the suffix *-ed* added. Also (probably) *peak*, verb, to become thin, dwindle, Mach. i. 3. 23. ('*E. peaked*, thin, Dorsetshire (Halliwell).')

PEAL, a loud sound, summons, chime of bells, sound of a trumpet. (F.—L.) 'A *peale* of gunnes, &c.,' Levins. 'Peale of bellies,' Palsgrave. 'Of the sweete *pele* and melody of bellies;' Monk of Evesham, c. lvii, ed. Ather. A shortened form of ME. *apels*, lit. 'appeal'; see 'apele of bellis,' in Prompt. Parv. p. 13.—AF. *apel*, an appeal; 'Le clerke suer le dreynie *apel*,' the clerk rings the last peal; Wright, Vol. of Vocab., i. 149.—OF. *apeler*, to call. We speak of a trumpet's *peal*; compare this with F. *appel*, a call with drum or trumpet (Hamilton). β. Besides the form *apel*, mod. F. *appel*, there was a later derived form *appeau*, now used in the sense of 'bird-call' (Hamilton). 'Coggrave has: 'Appenu, as *Appel*, also a bird-call; Appenu, chimes, or the chiming of bells.' This at once explains our common use of the phrase 'a peal of bells.' Note also ME. *apel*, 'an old term in hunting music, consisting of three long moots;' Halliwell. This etymology is noticed by Minshew,

ed. 1627; he has: 'a peal of bells, from the F. *appeller*, i.e. vocare.' See *Appeal*. Der. *peal*, verb.

PEAN, the same as *Peon*, q.v. (L.—Gk.)

PEAR, a well-known fruit. (L.) ME. *pere*, Chaucer, C. T. 10205 (E 2331). AS. *perre* or *peru*; Allric's Grammar, 6, 9 (Hosworth); spelt *pere*, Voc. 269. 33. (The AS. *pirige*, a pear-tree, occurs in 'Pirus, pirige,' Allric's Gloss., in Voc. 269. 32. Hence ME. *pery*, a pear-tree, Chaucer, C. T. 10199 (E 2325), or *pirie*, P. Plowman, B. v. 16.]—Late L. *pīra*, fem. sing., for L. *pīra*, pl. of L. *pīrum*, a pear, Pliny, xv. 15, 16; whence also Norm. dial. *peire* (Moisy); F. *poire*. ¶ The vowel-change from *i* to *e* appears again in Ital. *pera*, a pear. Der. *pear-tret*, *per-y*.

PEARL, a well-known shining gem. (F.—L.) ME. *perle*, Allit. Poems, ed. Morris, A. 1.—F. *perle*, 'a pearle, an union, also a berrie;' Cot. β. Of disputed etymology, but prob. Latin. It is best to collect the forms; we find Ital., Span., Prov., *perla*, Port. *perola*, sometimes *perla*; OHG. *perala*, *perla*, *berala*, *berla*. All prob. from Late L. *pīrula*, pl. of *pīrula*, found in Isidore of Seville, in the 7th century. γ. Dies explains *pīrula* as prob. meaning a little pear, from *pīrum*, a pear; the change of vowel is well seen in Ital. *pera*, a pear. See *Peor*. This is perhaps the best solution; the change of sense from 'pear' to 'pearl' may easily have been suggested by the use of the L. *bacca*, which meant (1) a berry, (2) an olive-berry, (3) any round fruit growing on a tree, (4) a pearl (Horace, Epod. viii. 14). Dies also draws attention to Span. *perilla*, (1) a little pear, (2) a pear-shaped ornament. Perhaps we may add MItal. *peradu*, 'a little button or tassell of wooll on the top and middle of a knit cap;' Florio. And observe the sense of 'berry' which Cotgrave assigns to F. *perle*. 8. But it may be that a form *perla* (for *perla*?) was a corruption of Late L. *pērna*, a pearl (see *pērna* in Duc; cf. Norm. dial. *pērna*, a pearl (from Sicil. *pērna*), MItal. *pērna*, 'a shell-fish called a nakre;' Florio.—L. *pērna*, a sea-mussel. See *perne* in Moisy. Der. *pearl-y*, *pearl-ness*; *pearl-ash*, a purer carbonate of potash, named from its pearly colour.

PEARL-BARLEY. (F.—L.; and E.) A translation of F. *orge perlé*, lit. 'pearled barley'; but this looks like an adaptation of MF. *orge perlé*, lit. 'peeled barley;' Cot. See *Peel* (1) and *Barley*.

PEASANT, a countryman. (F.—L.) The *t* is excrement, as in *ancien-t*, *tyran-t*, but it occurs in OF. In Gascoigne, Steele Glas, l. 647.—OF. *paissant*, 'a peasant, boor;' Cot.; Norm. dial. *paissant* (Moisy). Mod. F. *payan*, a peasant, and the more correct OF. form *paissan*, answer to Ital. *paiano*, Span. *payano*, one born in the same country, a compatriot. β. Formed with suffix *-an* (=Ital. *-ano*, L. *-anus*) from OF. *pais* (mod. F. *pays*), a country; answering to Ital. *paese*, Span. *pais*, Port. *pais*, *paiz*. All these latter forms answer to Late L. *pāgenum*, acc. of *pāgenus*, for *pāgenus ager*, country.—L. *pīgus*, a village. See *Pagan*. Der. *peasant-ry*, Bacon, Life of Hen. VII, ed. Lumby, p. 72, l. 16, a coined word.

PEAT, a vegetable substance like turf, found in boggy places, and used as fuel. (C.) 'There other with their spades the *peats* are squaring out;' Drayton, Polyolbion, s. 25. l. 143. 'Turf and peat . . . are cheap fuels;' Bacon, Nat. Hist. § 775. Spelt *peit*, Gloss. to Leslie's Hist. of Scotland (1596); S. T. S. Very common in Northumbrian. ME. *pete*, in comp. *pete-pot*, a hole out of which peats have been dug; Wyntoun, viii. 24. 46 (Jamieson). Latinised as *peta* (Ducange); whence also *petiria*, a place whence peats were dug. Ducange quotes: 'Cum suis . . . turbaris, tresidiis, *petariis*, &c.; and again, 'Cum . . . *petariis*, turbaris, carbonariis' (1503). As a *peat* often meant 'a piece of cut turf,' it is likely that the Late L. *peta* was a by-form of Late L. *petia*, 'a piece,' from a Celtic source. We find OGael. *pett* (book of Deer), borrowed from British; cf. W. *peth*, a thing, a piece; cognate with Gael. *cuid*, which see in Macbain. See Thurneysen, Keltoromanisches, p. 76. See *Pieoe*.

PEBBLE, a small round stone. (E.) In Shak. Cor. v. 3. 58; a *pebble-stone*, Two Gent. ii. 3. 11. ME. *pebbel*, Allit. Poems, ed. Morris, A. 117; *pebbel-ston*, Wyclif, Prov. xv. 17. AS. *papol-stūn*, a pebble-stone; Allric's Homilies, i. 64, l. 3. Cf. AS. *pebbel*, Birch, 'art. Saxon. ii. 403. Der. *pebbly*, *pebbled*.

PECCABLE, liable to sin. (L.) Rare; Rich. gives quotations for *peccable* and *peccability* from Cudworth, Intellectual System (first ed. 1678, also 1743, 1820, 1837, 1845), pp. 564, 565. Englishted from L. **peccabilis*, a coined word from *peccāre*, to sin. Brugmann, i. § 585. Der. *peccability-ty*. See *Peccant*.

PECCADILLO, a slight offence, small sin. (Span.—L.) In Blount's Gloss., ed. 1674.—Span. *peccadillo*, a slight fault, dimin. of *pecado*, a sin.—L. *peccatulum*, a sin; orig. neut. of *peccatus*, pp. of *peccāre*, to sin. See *Peccant*.

PECCANT, sinning. (F.—L.) Used in the phrase 'peccant humours;' Bacon, Advancement of Learning, ed. Wright, bk. i. 4. 12, 5. 12; p. 37, l. 32, p. 43, l. 28.—F. *peccant*, 'sinning; l'humour

peccant, the corrupt humour in the body; 'Cot.—*L. peccant*, stem of pres. part. of *peccare*, to sin. Der. *peccant-ly*, *peccant-y*; and see *pecc-able*, *pecc-ad-illo*.

PECCARY, a hog-like quadruped of S. America. (F.—Carib-bean.) 'Peccary, a sort of wild hogs, called here [at Bahia] *pica*;' W. Dampier, New Voy. iii. 176; spelt *peccary*, id. i. 9 (1699).—F. *peccari*, a peccary. A S. American word.—Carib. *pekkira*, the name used in Guiana; see N. and Q. 9 S. iv. 496. Cf. *pekkira*, 'which is the name given to this quadruped in Oronoko;' Clavigero's Hist. of Mexico, tr. by Cullen, 1787, ii. 319. It is also called, in different parts of America, *saino*, *cojame*, and *tatambo* (id.). And cf. Span. *peccare* (Pinella). See my Notes on Eng. Etymology, p. 209.

PECK (1), to strike with something pointed, to snap up. (E.?) A mere variant of *pick*. In Chaucer, C. T. 14973 (Six-text, B 4157) we have: '*Pikke* hem up right as they growe,' in MS. C., where most MSS. have *Pecke* or *Pek*. *Pick* is the older form; see *Pick*. Some Swed. dialects have *pekkra* for *picka*; cf. W. Flem. *pekkhen* (De Bo); for Du. *pekken*. Der. *peck-er*, *wood-peck-er*.

PECK (2), a dry measure, two gallons. (F.—Low G.?) ME. *pekke*, Chaucer, C. T. 4008. Cf. AF. *pek*, Liber Albus, p. 335; OF. *pek* (Godefroy). The word is somewhat obscure, but it is probably related to *peck*, to snap up. As in the case of most measures, the quantity was once indefinite, and prov. E. *peck* merely means 'a quantity'; we still talk of 'a *peck* of troubles.' In particular, it was a quantity for eating; cf. prov. E. *peck*, meat, victuals, from the prov. E. verb *peck*, to eat. 'We must scart before we *peck*,' i.e. scratch (work) before we eat; Halliwell. Hence slang E. *pecker*, appetite. β. Similarly Scheler derives *peccotin*, a peck, a measure, from the verb *peccot*, to peck as a bird does; and *peccoter* is itself a mere extension from the Teut. root appearing also in E. *peck* and *pick*.

PECTINAL, comb-like, applied to fish with bones like the teeth of a comb. (L.) Sir T. Browne speaks of *pectinalis*, i.e. pectinal fish; Vulg. Errors, b. iv. c. 1, last section. Coined from *L. pectin*, decl. stem of *pecten*, a comb.—*L. pectere*, to comb.—Gk. *pektriv*, to comb; lengthened form from *pekta*, to comb, to card wool, to shear. β. From *PEK*, to pluck, pull hair, comb; preserved also in Lithuanian *pek-ti*, to pluck, pull hair. From the same root is AS. *fax*, a head of hair, whence *faifax*, i.e. fair hair. Der. Hence also *pectin-ate*, *pectin-al-nd*; and see *pusaxus*.

PECTORAL, belonging to the breast or chest. (F.—L.) In Minshew, ed. 1627.—F. *pectoral*, 'pectoral'; Cot.—*L. pectoralis*, belonging to the breast.—*L. pector-*, for *pectos*, stem of *pectus*, the breast. Der. *pectoral-ly*, *ex-pector-ate*.

PECULATE, to pilfer, steal. (L.) 'Peculator, that robs the prince or common treasure;' Blount's Gloss, ed. 1674.—*L. peculatus*, pp. of *peculatus*, to appropriate to one's own use. Formed as if from *peculium*, with the same sense as *peculium*, private property, and allied to *pecunia*, property; see *Peculiar*, *Pecuniary*. Der. *peculat-ion*, *peculat-or*.

PECULIAR, appropriated, one's own, particular. (F.—L.) In Levins; and in Shak. Oth. i. 1. 60.—MF. *peculier*, 'peculiar'; Cot.—*L. peculiarius*, relating to property, one's own.—*L. peculium*, property; allied to *pecunia*, property, money, from which it differs in the suffix. See *Pecuniary*. Der. *peculiar-ly*, *peculiar-i-ty*.

PECUNIARY, relating to property or money. (F.—L.) Spelt *pecuniarie* in Minshew, ed. 1627.—MF. *pecuniarie*, 'pecuniary'; Cot.—*L. pecuniarius*, belonging to property.—*L. pecunia*, property. β. Formed from *pecu-*, as appearing in OL. *pecu*, cattle, and in *L. plu. pecu-a*, cattle of all kinds, sheep, money; the wealth of ancient times consisting in cattle.—Skt. *paṇi*, cattle; Goth. *faiku*, property; AS. *frōh*, G. *vich*, cattle. Der. *pecuniari-ly*.

PEDAGOGUE, a teacher, pedant. (F.—L.—Gk.) In Caxton's Golden Legend, St. Eutrope, § 1.—MF. *pedagogue*, 'a schoolmaster, teacher, pedant'; Cot.—*L. pedagogus*, a preceptor.—Gk. *paidagōgos*, at Athens, a slave who led a boy to school, hence, a tutor, instructor.—Gk. *paid-*, stem of *paio*, a boy; and *didagōgos*, leading, guiding, from *didao*, to lead. β. The Gk. *paid* is for *paidis*, i.e. *paid-is*, from a probable *PEU*, to beget, whence *L. pu-er*, a boy, Skt. *pu-tra*, a son. The Gk. *didao*, to lead, is cognate with *L. agere*, whence E. *Agent*, q. v. Der. *pedagog-ic*; *pedagog-y*, MF. *pedagogis* (Cot.).

PEDAL, belonging to the foot. (L.) 'Pedals, or low keyes, of organs;' Sherwood, index to Cotgrave. Now chiefly used as a sb., as the *pedal* of an organ, i.e. a key acted on by the foot.—*L. pedalis*, (1) belonging to a foot, (2) belonging to a foot-measure (whence the old use, as in Blount).—*L. ped-*, stem of *pes*, a foot; cognate with E. *Foot*, q. v.

PEDANT, a schoolmaster, vain displayer of learning. (F.—Ital.—Gk.?) In Shak. L. L. iii. 179.—MF. *pedant*, 'a pedant, or ordinary schoolmaster'; Cot. Borrowed from Italian (Littre).—

Ital. *pedante*, 'a pedante, or a schoolmaster, the same as *pedagogo*;' Florio. β. *Pedante* is a pres. participial form as if from a verb **pedare*, which, as Diez suggests, is probably not the Mital. *pedare*, 'to foot it, to track, to trace, to tread or trample with one's feet' (Florio), but rather **pedire*, an accommodation of the Gk. *paid-euein*, to instruct, from *paid-*, stem of *paio*, a boy. See *Pedagogue*. Diez cites from Varchi (Ercol., p. 60, ed. 1570), a passage in Italian, to the effect that 'when I was young, those who had the care of children, teaching them and taking them about, were not called as at present *pedanti* nor by the Greek name *pedagogi*, but by the more honourable name of *ripilitori* ['ushers].' Der. *pedant-ic*, *pedant-i-al*, *pedant-ry*.

PEDDLE, to deal in small wares. (E.) Rp. Hall contrasts '*pedling* barbarisms' with 'classick tongues'; Satires, bk. ii [not iii]. sat. 3. l. 25. Here *pedling* means 'petty,' from the verb *peddle* or *pedle*, to deal in small wares; a verb coined from the sb. *pedlar*, a dealer in small wares, which was in earlier use. See *Pedlar*.

PEDESTAL, the foot or base of a pillar. (Span.—Ital.—L. and G.) Spelt *pedestall* in Minshew, ed. 1627.—Span. *pedestal*, 'the base or foot of a pillar,' Minshew. Cf. MF. *ped-stal* in Cotgrave. As the Span. for 'foot' is *pie*, it is not a Span. word, but borrowed wholly from Ital. *pedestallo*, 'a footstall or a threshold [threshold] of a door'; Florio. Lit. 'foot-support.' β. A hybrid compound; from Ital. *pie*, 'a foot', a base, a footstall or foundation of anything' (Florio), which is from *L. ped-*, acc. of *pes*, a foot; and Ital. *stallo*, a stable, a stall, from OHG. *stal*, G. *stall*, a stable, stall, cognate with E. *stall*. See *Foot* and *Stall*. γ. *Footstall* (G. *fussgestell*) is a better word.

PEDESTRIAN, going on foot; an expert walker. (I.) Properly an adj. Blount's Gloss, ed. 1674, gives the form *pedestrial*. Both *pedestrian* and *pedestrial* are coined words, from *L. pedestri*, decl. stem of *pedes*, one who goes on foot. Formed, it is supposed, from **pedit-ter*, i.e. by adding the suffix *-ter* (Idg. *-ter*) to *pedi-*, stem of *pes*, one who goes on foot. *Pedit-ter* is from *ped-*, stem of *pes*, a foot; and *it-um*, supine of *ire*, to go, from *EX*, to go. Cf. *com-er* (stem *com-it-*), a companion, one who 'goes with' another. The *L. pes* is cognate with E. *foot*; see *Foot*. Der. *pedestrian-ism*.

PEDICEL, **PEDICLE**, the foot-stalk by which a flower or fruit is joined on to a tree. (F.—L.) *Pedicle* is modern, from mod. F. *pedicelle*; not a good form, since *L. pediculus* means 'a little louse,' *Pedicle* is the better word, as used by Bacon, Nat. Hist. § 592.—MF. *pedicule*, 'the stalk of a leaf, or of fruit,' Cot.—*L. L. pediculum*, acc. of *pediculus*, a little foot, foot-stalk. Double dimin. from *pedi*, decl. stem of *pes*, cognate with E. *foot*.

PEDIGREE, a register of descent, lineage, genealogy. (F.—I.) In Shak. Hen. V. ii. 4. 90. Spelt *pedegree* in Minshew (1627); *pedigree* in Levins (1570); *pedigree* in Falsgrave (1530). In the Prompt. Parv. A. D. 1440, we find the spellings *pedegru*, *pedegru*, *pedegru*, *pedegru*, *pedegru*, *pedegru*, and it is explained by 'lyne of kynrede and anwettery, *Stemma*, in *scalis*.' In the Appendix to Heame's ed. of Rob. of Gloucester, p. 585, he cites from a MS. of Rob. of Glouc. in the Herald's Office, a piece which begins: '*A pedigree*, fro William Conquerour. v. vn. to kyng Henry the vi.' The last circumstance mentioned belongs to A. D. 1431, so that the date is about the same as that of the Prompt. Parv. Wedgwood cites from the Rolls of Winchester College, temp. Henry IV, printed in Proceedings of the Archaeological Institute, 1848, p. 64, a passage relating to the expenses 'Stephani Austinwell . . . ad loquendum . . . de evidenciis scrutandis de *pe de gre* progenitorum haredum de Husey.' Lydgate has *pedegree*; in Polit. Poems, ed. Wright, il. 138; A. D. 1426; also *pedegree*, Hors. Shepe and Goos, l. 9; *pe de grewe*, Troybook, fol. E. e. 1, back, l. 7. Thus the word does not appear till the 15th century. β. From AF. *pee de grue*, lit. 'foot of a crane'; so named from a three-line mark (like the broad arrow, or a bird's foot), which was used in denoting succession in pedigrees; indeed, the symbol *u* is still in use as the 'pedigree-sign'—*L. pedem*, acc. of *pes*, a foot; *de*, of; *gruem*, acc. of *grus*, a crane, related to E. *Crane*. γ. First explained by Mr. C. Sweet, in The Athenaeum, March 30, 1895. See my Notes on Eng. Etymology.

PEDIMENT, an ornament finishing the front of a building. (F.—L.) *Fronton*, in architecture, a member that serves to compose an ornament, raised over cross-ways, doors, niches, &c., sometimes making a triangle, and sometimes part of a circle; it is otherwise called a *pediment*, and *fascium* by Vitruvius; β. Phillips, ed. 1706. Evelyn, Hist. of Architecture, 1696, speaks of the *fronton*, 'which our workmen call *pediment*.' The older form was *periment*, as shown in the N. E. D.; and this was said to be a workman's term, and 'corrupt English.' β. I think it is likely that a *periment* was simply a mistaken way of pronouncing *operiment*, given in the N. E. D. with the sense of 'a covering,' and recorded with that sense in Blount's Glossographia, ed. 1656, and in Phillips, ed. 1658.—*L. operimentum*, a covering.—*L. operire*, to cover; see *Cover*. γ. When the

source of (a) *pediment* but lost sight of it seems to have been associated with the *L.* (*im*) *pedimentum*, whence the form *pediment*.

PEDLAR, PEDLER, PEDDLER, a hawker, one who travels about selling small wares. (F.) The verb to *peddle*, to sell small wares, is later, and a mere derivative from the sb. We find *pedlar* in Cotgrave, to explain F. *mercator*, and *pedlar* in Sherwood's index. But a shorter form was *peddler* or *peddler*, appearing as late as in Lewis, ed. 1570; although, on the other hand, *pedlere* occurs as early as in P. Plowman, B. v. 258; and Lydgate has: 'as *pedlere* to his pake'; Minor Poems, p. 30. The Prompt. Parv. gives: '*Peddare*, shapmann, i.e. chapman, hawker. '*Peddare*, caltharius [basket-maker], *piscarius*' [one who sells fish hawked about in baskets]; Prompt. Parv.; formed from *pedde*, explained by 'panere', i.e. a pannier; id. See Way's excellent illustrative note. β . As Way remarks, in the Eastern counties, a pannier for carrying provisions to market, esp. fish, is called a *ped*; 'the market in Norwich, where wares brought in from the country are exposed for sale, being known as the *ped-market*; and a dealer who transports his wares in such a manner is termed a *pedder*'. Perhaps *pedlar* is due to a dimin. from *peddle*, i.e. little 'ped', which is not recorded. The word *peddler* is old, and is spelt *peddare* in the Aucrén Riwle, p. 66, l. 17, where it has the exact sense of pedlar or hawker of small wares. And see Lowland Sc. *peddler*, a pedlar (Jamieson). Cf. 'A *hake* is a wicker pad, wherein they vse to carry fish'; Gloss by E. Kirke to Spenser, Shep. Kal. November, l. 16. See *Padlook*. Der. *peddle*, vb., q. v.

PEDOBAPTISM, infant baptism. (Gk.) In Blount's Gloss, ed. 1674. A coined word, as if from *L.* *paedobaptismus*, Latinised form of Gk. *παδοβαπτισμός*; from *παδο*, decl. stem of *pais*, a boy; and *βαπτισμός*, baptism. See *Pedagogue* and *Baptism*. Der. *pedobaptist*.

PEDUNCLE, a flower-stalk. (L.) Modern; cf. F. *pedoncule*; used in 1798 (Hatzfeldt). = *L.* *pedunculus*, variant of *pediculus*, a foot-stalk or pedicel. = *L.* *ped*, stem of *pēs*, a foot. See *Pedal*, *Pedocel*.

PEEL (1), to strip off the skin or bark. (F.—L.) In Shak. Merch. Ven. i. 3. 85. [Two F. verbs are mixed up here, viz. F. *peler* and F. *piller*. It is true that *peler* and *piller* are now well distinguished in French, the former meaning 'to peel, strip', and the latter 'to plunder', a sense preserved in F. *pillage*. But in OF, they were sometimes confused, and the same confusion appears in ME, *pillen*, *pillen*, used in the sense of 'peel'. 'Rushes to *pille*' = to peel rushes, P. Plowman, C. x. 81; *pilled* = bald, Chaucer, C. T. 3933 (A 3935). A clear case is in Palsgrave, who has: 'I *pill* rysshes, *le pille* des ionez.' For further remarks on *pill*, see *Pillage*.] We may consider *peel*, in the present place, as due to *peler* only. = F. *peler*, 'to pill, pare, bark, unring, unskin'; Cot. [Cf. Span. *pelar*, Ital. *pelare*, to strip, peel, Mital. *pellare*, 'to vnskin', Florio. = OF. *pel*, skin. = *L.* *pellere*, acc. of *pellis*, skin; see *Fell* (2).] But some senses of F. *peler* are due to *L.* *pilare*, to deprive of hair, make bald. = *L.* *pilus*, hair. Der. *peel*-ed; *peel*, sb.

PEEL (2), to pillage. (F.—L.) '*Peeling* their provinces,' i.e. robbing them; Milton, P. R. iv. 136. This is not the same word as the above, but another spelling of the old verb *pilt* (F. *piller*), to rob. See *Pillage*, and see remarks under *Peel* (1).

PEEL (3), a fire-shovel. (F.—L.) Once a common word. '*Pele* for an ouyn, *pelle* a four'; Palsgrave. = F. *pelle*, also spelt *pale*, 'a fire-shovel', Cot. = *L.* *pila*, a spade, shovel, peel. See *Paletto*. Der. *pal-ette*.

PEEL (4), a small castle. (F.—L.) Used by Burns, The Five Carlines, st. 5; see Jamieson. ME. *pel* (also *pele*, *pell*), Chaucer, Ho. of Fame, l. 1310 (iii. 220); *pell*, pl. *peils*, Inubour, Bruce, x. 137, 147. = OF. *pel* (given in Godefroy under *pal*), a stake, pale, stock, stockade. (The original *peils* were stockades or wooden structures; the name was retained after stone was used; see an Essay on the word *pel* by G. Neilson, of Glasgow.) = *L.* *pilum*, acc. of *pilus*, a stake; see *Pale* (1). \parallel Different from ME. *pile*, P. Plowman, C. xii. 366; cf. 'I dwell in my *pyle* of ston', 'Torrent of Portugal, ed. Halliwell, 573; 'Grete *pylis* and castells'; Cov. Mysteries, p. 210. See *Pile* (2).

PEEP (1), to chirp, or cry like a chicken. (F.—L.) In Isaiah, viii. 19, x. 14; see Bible Wordbook. 'Now, suete bird, say ones to me *pepe*!' Kingis Quair, st. 57. Cf. 'A *pepe* of chekenys (chickens); Book of St. Alban's, fol. f. 7, l. 4. An imitative word, but it seems nevertheless to have been borrowed from F. = OF. *pepier*, 'to peep, cheep, or pule, as a young bird in the nest'; Cot.; also *pipier* (Godefroy). Allied to *pipier*, 'to whistle, or chirp, like a bird'; id.; cf. *pipie*, 'the peeping or chirping of small birds'; kl. The latter form (*pipier*) represents a Folk-L. **pipiare*, allied to *L.* *pipare*, *pipare*, to peep, chirp. Of imitative origin; due to repetition of the syllable *pi*. Cf. Gk. *πῖπῖον*, *πῖπῖον*, to chirp. See *Pipe* (1).

PEEP (2), to look out (or in) through a narrow aperture, to look

silly. (F.—L.) 'Where dawning day doth never *peep*;' Spenser, F. Q. i. 1. 39. 'To *peep*, inspicere'; Lewis, ed. 1570. It seems to have arisen from the sound *peep* used as an interjection. In his Du. dial. Dict., Molesma explains how the exclamation *piep!* is made (as a slight guide) by a hider in the game of *peep-bo*, *bo-peep*, or hide and seek; whence Du. dial. *piepen*, (1) to cry *piep!* (2) to peep out. Prob. *al'sgrave* refers to this when he says: 'I *peke* or *piep*, *je pipie* *hor*,' i.e. I peep out. The F. *pipier* usually meant 'to pipe'; Cot. gives: '*pipier*, to whistle, chirp like a bird, coucen, deceive, cheat.' β . The old phrase 'at peep of day' answers to MF. *a la pipe du jour*, which Palsgrave explains by 'at *dawne-pype*'; p. 804, col. 1; which has reference to the chirping of birds at day-break. All from *L.* *pipare*, to chirp; see *Peep* (1), *Pipe* (1). See my Notes on Eng. Etymology. Der. *peep-bo* or *bo-peep*, a game of hide and seek; in its simplest form, a nurse says *peep* to an infant, in a squeaky voice, with her face behind her apron, and then *bo!* suddenly in a louder one, uncovering her face at the same time. Compare: '*Bo, Doe*, cucullus lugubris oculos faciemque obstruens; *Kijke-boe*, lusus puerilis, in quo aliquis oculi, manus linteoce, etc., oblecti, subito infantis in gratiam detegitur'; Ten Kate, *Alneiding tot de Kennisse van het verhevene Ducl der Nederduitsche Sprake*; 1723, vol. i. p. 279. Also W. Flem. *piepbeu*, *peep-bo* (De Bo).

PEER (1), an equal, a nobleman. (F.—L.) The orig. sense is 'equal'; the *twelve peers* of France were so called because of equal rank. ME. *pere*, Chaucer, C. T. 10990 (F 678); *per*, Havelok, 2241. = OF. *per*, *peer*, later *pair*, 'a peer, a paragon, also a match, fellow, companion'; Cot.; or, as an adj., 'like, equal'; id. [Cf. Span. *par*, equal, also a peer; Ital. *pare*, *pari*, alike, *pari*, a peer.] = *L.* *parem*, acc. of *par*, equal. See *Par*, *Pair*. Der. *peer-ess*, a late word, with fem. suffix -ess, of F. origin, Pope, Moral Essays, ii. 70, iii. 140; *peer-age*, used in 1671 (see N. E. D.) in place of the older word *peer-dom*, used by Cotgrave to translate F. *parrie*; also *peer-less*, Temp. iii. 1. 47; *peer-lessly*, *peer-lessness*.

PEER (2), to look narrowly, to pry. (F.?) '*Peering* [quanto, *Pring*] in maps for ports'; Merch. Ven. i. 1. 19. Of obscure origin; apparently altered, by confusion with *peer* (3), from ME. *pien*. 'Riht so doth he, whau that he *piereh* Ad toteth on hire womanhiede'; = so does he, when he peers and looks upon her womanhood; Gower, C. A. iii. 29; bk. vi. 819. 'And prynlyth *piereh* till þe dame passe' = and privily peers, or spies, till the mother-bird leaves the nest; Rich. Rededes, ed. Skeat, iii. 48. Cf. E. Fries. *pien*, Westphal. *pien*, Low G. *pien*, to look closely; esp. Westphal. *pien* *na wot*, to peer after something. Cf. also the parallel forms *pien*, *pien*; see Hreem. Wörterbuch. For the loss of *i*, cf. *Patoh*. = Swed. *piira*, to blink; Dan. *piire*, to blink. The orig. sense of Low G. *pien* is to draw the eyelids together, in order to look closely. And see *Peor* (3).

PEER (3), to appear. (F.—L.) Distinct from the word above, though prob. sometimes confused with it. It is merely short for *appear*. ME. *peren*, short for *aperen*. 'There was I bidden, on pain of death, to *pere*'; Court of Love (16th cent.), l. 55. Cf. 'When daffodils begin to *peer*;' Shak. Wint. Ta. iv. 3. 1. As the ME. *aperen* was usually spelt with one *p*, the prefix *a* easily dropped off, as in the case of *peal* for *appeal*; see *Peal*. Cf. Chaucer, Troil. ii. 909, where to *apere* is also written *tupere*; see further under *Appear*. \parallel In F. the simple verb *paraître* (l. *parre*) was used in a similar way. '*Paraître*, to appear, to peep out, as the day in a morning, or the sun over a mountain'; Cot.

PEEVISH, cross, ill-natured, fretful. (F.) ME. *peuiche*; spelt *peuiche* in P. Plowman, C. ix. 151, where four MSS. have *peuiche*; the sense being 'ill-natured'. It occurs also in G. Douglas, tr. of Virgil, *Æn.* xi. 468 (Lat. text), where we find: 'Sik an *peuiche* and cative saule as thine'. Such a perverse and wretched soul as thine. And again, Arms is called 'thys *peuiche* man of weil' [war], where it answers to *L.* *improbus*; *Æn.* xi. 765. Kay, in his North-country Words, ed. 1691, gives: '*Peewish*, witty, sultry'. Florio explains *schiforza* by 'coynes, quaintnes, *peewishness*, fondnes, frowardnes'. *Peewish* in Shak. is silly, childish, thoughtless, forward. *Peewishness* = waywardness, Spenser, F. Q. vi. 7. 37. Thus the various senses are childish, silly, wayward, froward, uncouth, ill-natured, perverse, and even witty. All of these may be reduced to the sense of 'childish', the sense of witty being equivalent to that of 'forward', the child being *toward* instead of *froward*. β . A difficult word; but prob. of onomatopoeitic origin, from the noise made by fretful children. The origin is illustrated by Lowland Sc. *peu*, to make a plaintive noise, used in the Complaint of Scotland, ed. Murray, vi. 39, to denote the plaintive cry of young birds: 'the chekynys [chickens] began to *peu*. *Peewish* answers to MDan. *piwren*, tearful; adj. from *piwre*, to whimper (Kalkar); and Wedgwood cites Dan. dial. *piwre*, to whimper or cry like a child; cf. Low G. *pu-en*, to whimper. Cf. F. *piuler*, 'to peep or cheep as a young bird, also to

pule, or howle as a young whelp; Cot. Cf. **Pewit**. In this view, the suffix *-ish* has the not uncommon force of 'given to, as in *thievish*, *moorish*. Similarly, from Gael. *ping*, a plaintive note, we have *pingach*, having a querulous voice, mean-looking. Der. *pevish-ly*, *-ness*.

PEEWIT, another spelling of **Pewit**. (F.)

PEG, a wooden pin for fastening boards, &c. (F. ?) ME. *pegge*; 'Pegge, or pyne of tymlyr'; Prompt. Parv. The nearest form is Swed. dial. *pegg*, variant of Swed. *pegg* (below); cf. Dan. *fig* (pl. *figge*), weakened form of *pik*, a pike, peak; Swed. *pegg*, a prick, prick; from *pik*, a pike. Cf. also W. *pig*, a peak, point; Corn. *peg*, a prick. *β*. Perhaps we may also compare Du. and Low G. *pegel*, a measure of liquid capacity, such as was marked by the pags in a 'peg-tankard'. Der. *peg*, verb, I amp. i. 2. 295; *pegg-ed*.

PEISE, PEIZE, to weigh, to poize. (F.-L.) 'To *peize* the time, i.e. to weight or retard it'; Shak. Merch. Ven. iii. 2. 22. ME. *peisen*, to weigh; P. Plowm. A. v. 131. -AF. *peiser*, Stat. Realm. i. 218; OF. *poiser*. See **Poise**, of which it is a doublet.

PEITREL, the AF. form of **Pitrel**, q.v. In Baret; 1580. Gaimar has AF. *peitrel*, pl.; i. 6385.

PEJORATIVE, depreciatory. (L.) From Late L. *pejorāt-us*, pp. of *pejorāre*, to impair. -F. *pejor*, from *peior*, worse, used as the comp. of *malus*, bad. See **Peessimist**. Cf. mod. F. *pejoratif*.

PEKOE, a kind of black tea. (Chinese.) 'Pekoa Hohea'; H. Carey, Chrononhotontologos, A. i. -Chinese (Amoy dialect) *pek-ho*; from *pek*, white, *ho*, down; the tea being picked young, with the down still on the leaves (N. E. D.).

PELAGONIUM, a flower of the order Geraniaceae. (Gk.) From Gk. *πελαγός*, a stork; from the resemblance of the beaked capsules to a stork's bill. Perhaps from *πελ-ός*, dusky, and *ἀγρός*, white.

PELERINE, a kind of lady's tippet. (F.-L.) F. *pelarine*, a tippet. -F. *pelérin*, a pilgrim. -L. *peregrinum*, acc. of *peregrinus*; see **Pilgrim**.

PELF, lucre, spoil, booty, gain. (F.) 'But all his minde is set on mucky *pelef*.' Spenser, F. Q. iii. 9. 4. ME. *peľfyr*, *peľfeyr*; 'Spolium'; Prompt. Parv. *Pelf*, property; St. Cuthbert, 5989. *I'elf*, to rob, occurs as a verb, Cursor Mundi, l. 6149. -OF. *peľf*, booty, allied to *peľfeyr*, to pilfer (Godefroy); cf. also OF. *peľf*, to pillage. Der. *peľf*. Of unknown origin.

PELICAN, a large water fowl. (F.-L.-Gk.) In Hamlet, iv. 5. 146. Spelt *pelican*, Ancren Riwle, p. 118. -F. *pelican*, 'a pelican'; Cot. -L. *pelicanus*, *pelicanus*, -Gk. *πελικάνα* (gen. *πελικάνα*), *πικέας*, *πικέας*, strictly, the wood-pecker, the joiner-bird of Aristophanes, Av. 884, 1155; also a water-bird of the pelican kind. The wood-pecker was so called from its pecking; and the pelican from its large bill. -Gk. *πελικάνα*, I hew with an axe, peck. -Gk. *πικέας*, an axe, hatchet. -Skt. *paraqu*, an axe, hatchet.

PELISSE, a silk habit, worn by ladies. (F.-L.) Formerly a furled robe. Of late introduction; added by Todd to Johnson. [The older F. form is *pelich*, q.v.] -F. *pelisse*, formerly also *pelice*, 'a skin of fur'; Cot. -L. *pellicca*, *pelliccia*, fem. of *pelliccus*, *pellicius*, made of skins. -L. *pellis*, a skin, cognate with F. *fell*, a skin; see **Pell** and **Fell** (2). Der. *sur-plice*. Doublet, *pilch*.

PELL, a skin, a roll of parchment. (F.-L.) ME. *pell*, *pel* (pl. *pellis*); King Alisaunder, 7081. -OF. *pel* (Burguy); mod. F. *peau*, a skin. -L. *pellēm*, acc. of *pellis*, a skin, cognate with F. *fell*, a skin; see **Fell** (2). Der. *pel-isse*, *pel-icle*, *pel-i* (2), *sur-plice*, *pell* (1).

PELLET, a little ball, as of lint or wax, &c. (F.-L.) ME. *pellet*. Formerly used to mean a gun-stone, or piece of white stone used as a cannon-ball. 'As pale as a *pellet*,' P. Plowman, B. v. 78. 'A *pellet* out of a goume' [gun], Chaucer, H. of Fame, iii. 553. -OF. *pelote*, 'a hand-ball, or tennis-ball'; Cot. Cf. Span. *pelota*, a ball, cannon-ball, Ital. *pillotta*, a small ball. All diminutives from L. *pilula*, a ball. Der. *pellet-ed*, *plat-on*, q.v.

PELLICLE, a thin film. (F.-L.) 'A *pellicle*, or little membrane'; Sir T. Browne, Vulg. Errors, b. iii. c. 27, part 10. -F. *pellicule*, 'a little skin'; Cot. -L. *pellicula*, a small skin or hide; doublet dimin. from *pellis*, a skin. See **Pell**.

PELLITORY (1), **PARITORY**, a wild flower that grows on walls. (F.-L.) Often called *pellitory of the wall*, a tautologous expression; spelt *pellitorie of the wall* in Baret (1580). *Pellitory* stands for *paritory*, by the common change of *r* to *l*. ME. *paritorie*, Chaucer, C. T. 16049 (G 581). -OF. *paritoire*, 'pellitory of the wall'; Cot. -L. *parietaria*, *paritory*; properly fem. of adj. *parietarius*, belonging to walls. -L. *pariet-*, stem of *paries*, a wall.

PELLITORY (2), **PELLETIER**, the plant pyrethrum. (Span. -L.-Gk.) ME. *peľeyr*, Prompt. Parv. Sometimes called *pellitory of Spain*, because it grows there (Prior). It is the *Anacyclus pyrethrum*, the name of which has been assimilated to that of the plant above, which was earlier known. On account of this it is called by

Cotgrave 'bastard pellitory, or right pellitory of Spain'; but the name is not from MF. *pyreth* (Cot.), but from Span. *pelitre*, pellitory of Spain. -L. *pyrethrum*. -Gk. *πυρεθρον*, a hot spicy plant, feverfew (Liddell). So named from its hot taste. -Gk. *πυρ*, fire, cognate with F. *fire*; with suffix *-ōn*, denoting the agent. See **Fire**.

PELL-MELL, promiscuously, confusedly. (F.-L.) In Shak. K. John, ii. 406. -MF. *pele-melle* (mod. F. *pèle-mèle*), 'pell-mell, confusedly'; Cot.; also spelt *pell-melle* in the 13th cent. (Littré). The apparent sense is 'stirred up with a shovel'; as if from F. *pelle*, a shovel, fire-shovel (E. *peet*), from L. *pāla*, a spade, peck, shovel, and OF. *meler*, to mix. But orig. it was only a reduplicated form of *melle*; in fact, *melle-melle* and *melle-melle* also occur. See Körtling, § 6214. From Late L. *misculāre*, extended from *miscere*, to mix. See **Peel** (3) and **Medley**.

PELLUCID, transparent. (F.-L.) In Blount's Gloss., ed. 1674. 'Such a diaphanous *pellucid* dainty body'; Howell, Letters, v. i. sec. 1. let. 29 (1621). -F. *pellucide*, 'bright, shining'; Cot. -L. *pellucidus*, transparent. -L. *pellucere*, *pellucere*, to shine through. -L. *per*, through; and *lucere*, to shine, allied to *lux*, light. See **Per** and **Lucid**.

PELT (1), to throw or cast, to strike by throwing. (L.) 'The chidden billow seems to *pel* the clouds'; Oth. ii. 1. 12. ME. *pelten*, *pillen*, *pulten*, to thrust, strike, drive; pt. t. *pelte*, *pillte*, *pultte*; pp. *pelte*, *pillte*, *pultte*. 'And hire offer eare *pitte* hire tail *per-inne*' - and in her other ear she [the adder] thrusts her tail; O. Eng. Homilies, ed. Morris, ii. 197. 'Fikenhild aȝen hire *pelte* Wiȝ his swerdes hiltte' - Fikenhild pushed against her with his sword-hilt; King Horn, ed. Lumby, 1415. The pp. *pillt* = thrust, put, is in Gen. and Exodus, ed. Morris, 2214. The pp. *ipult* = cast, thrown, is in Layamon, 10839 (later text). See further examples in Stratmann, to which add, from Halliwell: 'With grete strokes I shalle hym *pelte*,' MS. Ashmole 61; which comes very near the mod. usage. The sense of 'drive' comes out in the common mod. E. phrase *full pelte* = full drive. *β*. The easiest way of interpreting the vowel-sounds is to refer the word to an AS. form **pyltan*, to thrust, drive, not recorded. This would give ME. *pulten* or *piltten*; cf. AS. *pyt*, a pit, whence ME. *put*, *pit*. The *e* is a dialectal variety, like Kentish *peet* for *pit*. *γ*. Just as *pyt* is from L. *puteus*, such a form as AS. **pyltan* would result from **pult-jan*, from L. *pultire*, to beat, strike, knock. *δ*. L. *pultāre*, like *pulsāre*, is an iterative form from *pellere* (pp. *pulsus*), to drive; see **Pulsate**. The simple L. *pellere* appears, perhaps, in Havclowl, 810: 'To morwen shal ich forth *pelte* - to-morrow I shall drive forth, i.e. rush forth. Der. *pelting*, *pelte*, sb.

PELT (2), a skin, esp. of a sheep. (F.-L.) Used in the North for the skin of a sheep; in hawking, a *pelte* is the dead body of a fowl killed by a hawk (Halliwell). 'The skin of a beast with the hair on (Webster). And see E. D. D. ME. *pelte*. 'Off shepe also comythe *pelte* and eke felle' [skin]; The Hors, Shepe, and Goos, l. 43 (by Lydgate), in Political, Religious, and Love Poems, ed. Furnivall. We also find prov. E. *peltry*, a skin (E. D. D., s. v. *pelte*); formerly *pelte-ware*, as in Berners, tr. of Froissart, vol. ii. c. 170 (K.); Hakluyt's Voyages, l. 192, l. 11 from bottom, where it occurs in a reprint of The Iliad of E. Polyece, l. 309. *β*. As *peltry* = MF. *pelleterie*, 'the trade of a skinner, or peltmonger'; Cot. from MF. *pelletier*, 'a skinner'; so *pelte* answers to OF. *pelote*, *pellete*, a small skin (Godefroy), the sense 'sheep's skin' being preserved in Norm. dial. *pellette* (pron. *plett*), a sheep-skin (Moisy). Dimin. of OF. *pel*, a skin; see **Pell**.

PELTATE, lit. 'shield-shaped'. (L.-Gk.) In botany; said of a leaf. -L. *pelatus*, furnished with a *pelta*, or light shield. -Gk. *πέλας*, a light shield; prob. allied to *πέλας*, skin, hide, and to E. *fell* (2).

PELVIS, the bony cavity in the lower part of the abdomen. (L.) In Phillips, ed. 1706. -L. *pelvis*, lit. a basin; hence, the pelvis, from its shape. Allied to Gk. *πέλος*, *πέλας*, a wooden bowl, cup.

PEMMICAN, a preparation of dried meat. (N. Amer. Indian.) A Cree word; see Cree Dict. by Lacombe. -Cree *pinikhan*, *pinican*, a bag filled with a mixture of fat and meat; from *pinny*, grease. Cf. Algonkin *pinmie*, grease (Cuq). The *e* is an error for *i*.

PEN (1), to shut up, enclose. (L.) ME. *pennen*, O. Eng. Homilies, ed. Morris, ii. 43; also *pinnen*, see P. Plowman, C. vii. 219, and footnote. AS. *pennian*, only recorded in the comp. *un-pennian*, to un-pen. 'Ac gil so pynding wief *unpennad*' - but if the water-dam is unfasted or thrown open; Ælfred, tr. of Gregory's Pastoral, ed. Sweet, c. xxxviii, p. 276. Cf. Low G. *pennen*, to bolt a door, from *penn*, a pin, *peg*. *Pennian* is thus connected with *pin*, and is ultimately of Latin origin. See **Pin**. Note EFries. *penn*, *pinne*, *penn*, *pin*, a peg, a pin. Der. *pen*, sb., Merry Wives, iii. 4. 41; Allit. Poems, ed. Morris, B. 322. The verb *to pen* seems to have been connected with *pindar* at an early period; but *pindar* is related to a pound for cattle. See **Pinfold**.

PEN (2), an instrument used for writing. (F.—L.) ME. *penne*, Politt. Songs, ed. Wright, p. 156, l. 15; P. Plowman, B. ix. 39.—OF. *penne*, 'a quill, or hard feather, a pen-feather'; Cot.—L. *penna*, a feather; in Late L. a pen. **β**. The old form of *penna* was *pesna* (Festus); for *pesna* or **pesna*, formed with suffix *-na* or *-na* from **PET*; to fly; whence also E. *feath-er*, *im-pet-us*, *pet-it-ion*, &c. See Feather. Brugmann, i. § 762 (2). Der. *pen*, vb., Skelton, Phyllyp Sparowe, l. 810; *pen-knife*, *pen-man*, *pen-man-ship*; *pen-n-er*, a case for pens, Chaucer, C. T. 9753 (E 1879); *pen-n-ate*, from L. *pennatus*, winged; *pen-n-on*, q. v. Also *pinn-ae-le*, *pinn-ae*, *pinn-ion*. Doublet, *pinn*.

PENAL, pertaining to or used for punishment. (F.—L.—Gk.) In Levius, 1570.—MF. *penal*, 'penal'; Cot.—L. *penalis*, penal.—L. *pena*, punishment. **α** Gk. *penai*, a penalty, requital. See Pain. Der. *penal-ty*, L. L. i. 1. 123, from MF. *penalis*, not in Cotgrave, but in use in the 16th century (Littre), coined as if from a L. **penalitas*. Also *pen-ance*, *pen-it-ence*, *pen-ish*.

PENANCE, repentance, self-punishment expressive of penitence. (F.—L.—Gk.) ME. *penance*, Rob. of Brunne, tr. of Langtoft, p. 303, l. 14; *penaunce*, in the sense of penitence or repentance, Wycliff, Matt. iii. 2.—OF. *penance*, older form *penance*; formed from L. *penitentia*, penitence, by the usual loss of medial *t* between two vowels. It is thus a doublet of penitence; see Penitent.

PENATES, household gods. (L.) L. *Penates*; allied to *penes*, with, in the house of; see Penetrate.

PENCHANT, a strong inclination, bias (in favour of). (F.—L.) In Dryden, Marriage-a-la-Mode, lii. 1.—F. *penchant*, sb.; orig. pres. part. of *pencher*, to lean, lean towards.—Late L. type **pendicare*; from L. *pendere*, to hang.

PENCIL, a small hair-brush for laying on colours, a pointed instrument for writing without ink. (F.—L.) The old use of a *pencil* was for painting in colours; see Trench, Select Glossary. ME. *penstil*; 'With sotil penstil was depeynt this storie'; Chaucer, C. T. 2051 (A 2049).—OF. *pincel* (13th century, Littre), later *pinceau*, 'a pensill, a white-liner's brush'; Cot.—L. *penicillus*, a small tail, also, a painter's brush; dimin. of *peniculus*, a little tail, which again is a doublet of *penis*, a tail. For **pen-nis*; cf. Skt. *pana*, Gk. *πῶς*; Brugmann, i. § 877. Der. *pen-cil*, vb.; *pen-cill-ed*, Timon, i. 1. 129.

PENDANT, anything hanging, esp. by way of ornament. (F.—L.) 'His earerings had *pendants* of golde'; Hakluyt's Voyages, i. 346, l. 12. 'It was a bridle.' With curious corbes and *pendants* graven faire'; Spenser, F. Q. iv. 10, 6.—F. *pendant*, 'a pendant'; Cot.—F. *pendant*, hanging, pres. part. of *pendre*, to hang.—L. *pendere*, to hang; allied to *pendens*, to weigh. **β**. The L. *pendere* is further allied to Gk. *ἐκpendῆν*, a sling, Skt. *spand*, to tremble, throbb, vibrate.—**γ** SPHED, SPHENI, to tremble, vibrate. Der. *pend-ant*, hanging, Latinized form of F. *pendant*; *pend-ing*, Anglicized form of F. *pendant*, as shown by the F. phrase *pendant cela*, 'in the mean while, in the mean time'; Cot.; *pend-ence* (rare); *pend-ul-ous*, q. v., *pend-ul-um*, q. v., *pen-sile*, q. v. Also (from L. *pendere*) *ap-pend*, *com-pend-i-ous*, *de-pend*, *ex-pend*, *in-pend*, *per-pend*, *per-pend-ic-u-lar*, *-pend*, *sub-pend*, *sus-pend*, &c. Also (like *pen*, *penus*) *pen-sion*, *pen-sive*, *com-pen-sation*, *dis-pense*, *ex-pense*, *pre-pense*, *pro-pen-s-i-ty*, *recom-pense*, *sub-pen-s-ion*; see also *poise*, *avoir-du-pois*, *counter-poise*, *pan-s-y*, *pent-house*, *pender*, pound (1), *pre-pend-er-ate*, *spencer*.

PENDULOUS, hanging, impending. (L.) In Shak. K. Lear, iii. 4. 69. Englished directly from L. *pendulus*, hanging, by change of *-o* to *-ous*, as in *ardu-ous*, &c.—L. *pendere*, to hang; see Pendant. Der. *pendulous-ly*, *-ness*.

PENDULUM, a hanging weight, vibrating freely. (L.) 'That the vibration of this *pendulum*'; Butler, Hudibras, pt. ii. c. 3, l. 1024.—L. *pendulum*, neut. of *pendulus*, hanging; see Pendulous.

PENETRATE, to pierce into. (L.) In Palgrave, ed. 1530.—L. *penetratus*, pp. of *penetrare*, to pierce into. **β**. L. *penetrare* is a compound. The part *pen-* is from the base of *penes*, with, *penitus*, within, *pen-us*, the inner part of a sanctuary; [prob. connected with *penus*, stored food, provisions kept within doors, Lithuan. *penas*, fodder.] 'The idea "stores, store-room"' furnishes the intermediate step from *penus* to *penetrare*; Curtius, i. 336. **γ**. The suffix *-trare*, to pass beyond, is the same as in *in-trare*, to enter, connected with L. *in-trā*, within, *ex-trā*, without, *trans*, across; allied to Skt. *tara-*, a crossing. Der. *penetra-ble*, Hamlet, iii. 4. 36, immediately from L. *penetrabilis*; *impenetrable*; *penetrabl-y*, *penetrable-ness*, *penetrability*; *penetrating*; *penetrat-ive*, from MF. *penetratif*, 'penetrative' (Cot.); *penetrat-ive-ly*, *penetrat-ive-ness*; *penetrat-ion*, Milton, P. L. iii. 585, immediately from L. *penetratio*.

PENGUIN, PINGVIN, the name of an aquatic bird. (C.?) 'As Indian Britons were from *pinguins*'; Butler, Hudibras, pt. i. c. 2, l. 60. It occurs still earlier, in the 15th note (by Selden) to Drayton's Polyolbion, song 9, ed. 1613, where we find: 'About the

year 1170, Madoc, brother to David ap Owen, Prince of Wales, made this sea-voyage [to Florida]; and, by probability, those names of *Capo de Breton* in Norumbeg, and *penguin* in part of the Northern America, for a white rock and a white-headed bird, according to the British, were relics of this discovery.' Certainly, the form *penguin* bears a striking resemblance to W. *pen gwyn*, where *pen* = head, and *gwyn* = white; and if the name was given to the bird by W. sailors, this may be the solution. We can go still further back, and show that the word existed in Sir F. Drake's time. Yule quotes from Drake's Voyage by F. Fletcher (Hakluyt Soc.), p. 72, with reference to the year 1578: 'In these Islands we founde greate relief and plenty of good victuals, for infinite were the number of fowle which the Welsh men named *Penguin*, and Maglianus [Magellan] termed them *geese*.' In a tract printed in 1588, and reprinted in An English Garner, ed. Arber, vol. ii. p. 119, we read that: 'On the 6th day of January, 1587, we put into the straits of Magellan; and on the 8th, we came to two islands named by Sir F. Drake, the one Bartholomew Island, because he came thither on that Saint's day; and the other *Penguin Island*, upon which we powdered [salted] three tons (!) of *penguins* for the victualing of our ship'; cf. Hakluyt, Voy. iii. 805, 806, 849. We find in the same, iii. 161: 'Insula est ea, quam vestri *Penguin* vocant, ab animis eiusdem nominis multitudine,' in a letter dated Aug. 6, 1583. The etymology is open to the objection that the penguin's head is black, but the name may have been transferred to the penguin from the great auk, which has white patches below its eyes, or the puffin, with a whitish head. **2**. Another story (in Littre) is that some Dutchmen, in 1598, gave the name to some birds seen by them in the straits of Magellan, intending an allusion to L. *pinguis*, fat. But this will not account for the suffix *-in*, and is therefore wrong; besides which the 'Dutchmen' turn out to be Sir F. Drake's men, some of whom named the island at least 20 years earlier than the date thus assigned. The F. *pingouin* is derived from the E. word.

PENINSULA, a piece of land nearly surrounded by water. (L.) Cotgrave has '*peninsule*, a peninsula.'—L. *peninsula*, a piece of land nearly an island.—L. *pen-^{is}ula*, *pen-^{is}le*, almost; and *insula*, an island; see Isle. Der. *peninsul-ar*, *peninsul-ate*.

PENITENT, repentant, sorry for sin. (F.—L.) ME. *penitent*, Chaucer, C. T. Peisones Tale (I 81).—OF. *penitent*, 'penitent'; stem of pres. part. of *penitère*, to cause to repent, frequentative form of *penire*, the same as *penire*, to punish; see Punish. Der. *penit-ent-ly*, *penitence*, OEng. Homilies, ed. Morris, ii. 61, l. 5 (doublet, *penance*); *penit-ent-ial*, *penit-ent-ial-ly*, *penit-ent-ial-ry*.

PENNON, PENNANT, a small flag, banner, streamer. (F.—L.) *Pennant* is merely formed from *pennon* by the addition of *t* after *n*, as in *ancient*, *tyrant*, &c. It occurs in Drayton, Battle of Agincourt, st. 70. *Pennon* is in Shak. Hen. V. iii. 5. 49. ME. *penon*, *penoun*, Chaucer, C. T. 980 (A 978).—MF. *pennon*, 'a pennon, flag, streamer; les pennons d'une Ariche, the feathers of an arrow.' Cot. [Cf. Span. *pendon*, a banner (with excrement *d*); Ital. *pennone*, a pennon, of which the old meaning was 'a great plume or bunch of feathers' (Florio).] Formed, with suffix *-on*, from L. *penna*, a wing, feather; whence the sense of 'plume,' and lastly, of streamer or standard. See Pen (2). Der. *pennon-ed*, a dimin. form, from MF. *pennoncel*, 'a pennon on the top of a lancer, a little flag or streamer'; Cot.

PENNY, a copper coin, one twelfth of a shilling. (L.?) with E. suffix. Formerly a silver coin; the copper coinage dates from A. D. 1665. ME. *peni*, Havelock, 705; pl. *penies*, Havelock, 776, also *penis* (pronounced like mod. E. *peace*) by contraction, P. Plowman, B. v. 243. The mod. E. *peni* is due to this contracted form. AS. *pening*, a penny, Mark. xii. 15, where the Camb. MS. has *penig*, by loss of *n* before *g*; the further loss of the final *g* produced ME. *peni*. A by-form is *pending* (A. D. 833), Thorpe, Diplomatarium, p. 471, l. 26; as if formed from the base *pend* with dimin. suffix *-ing*. **β**. This *pend*. Du. *pand*, a pawn, pledge, OIlg. *pfant*, G. *pfand*; a word possibly of L. origin; see Pawn (1). In this view, a *penny* is a little pledge, 'a token.' +Du. *penning*; Icel. *penningr*; Dan. and Swed. *penning*; G. *pfennig*, OIlg. *pfantinc*, *pfantinc*, from *pfant*. Der. *penny-weight*, *penny-worth*, *penni-less*.

PENNY-ROYAL, a herb. (F.—L.) In Sir T. Elyot, Castel of Helth, b. ii. c. 9, it is spelt *penyroyall*; but the first part of the word is a singular corruption of the old name *pulio* or *pulial*; we find Cotgrave translating MF. *pulege* by 'penny royall, pulial royall,' the name being really due to L. *pulegium* *regium*, penny-royal (Pliny, b. xx. c. 14), a name given to the plant (like E. *flac-bane*) from its supposed efficacy against fleas; from L. *pulex*, a flea. The form *pulegium* is short for *pulegium*, whence the dimin. **pulegi-olum* > OF. *pulio*, whence ME. *pulio*. And *regium* is the neuter of *regius*, royal; from *reg-*, stem of *rex*, a king. See Puce and Royal. So also **Origanum*, *pulio* real, wdc-mint; i.e. wood-mint; Voc. 557. 20.

PENSILE, suspended. (F.—L.) 'If a weighty body be *pensile*.'

Bacon, Nat. Hist. § 763. — *MF. pensil*, 'sleightly hanging'; *Cot.* — *L. pensilis*, pendent; from **pens-um*, unused supine of *pendere*, to hang; see *Pendant*.

PENSION, a stated allowance, stipend, payment. (*F.* — *L.*) In Shak. *K. Lear*, ii. 4. 217; *pension* in *Palgrave*. — *F. pension*, 'a pension'; *Cot.* *L. pensio*, acc. of *pensio*, a payment. — *L. pensus*, pp. of *pendere*, to weigh, weigh out, pay; orig. to cause to hang, and closely connected with *pendere*, to hang; see *Pendant*. Der. *pension*, vb., *pension-er*, Mid. Nt. Dr. ii. 1. 10; *pension-ary*. And see *Pensive*.

PENSIVE, thoughtful. (*F.* — *L.*) *ME. pensif*, Gower, C. A. ii. 65; bk. iv. 1906. — *F. pensif*, 'pensive'; *Cot.* Formed, as if from a *L. *pensius*, from *pendere*, to weigh, ponder, consider; intensive form of *pendere* (pp. *pensus*), to weigh; see *Pension*. Der. *pensive-ly*, *-ness*. And see *Fansy*.

PENT, for penned, pp. of *Pen* (1), q. v.

PENTACLE, a magical figure. (*F.* — *Gk.*) 'Their raven's wings, their lights, and pentacles'; *B. Jonson*, *The Devil an Ass*, i. 2. 8. See *Nares*. — *OF. pentacle*, a pentacle; also a candlestick with five branches. Variant of *ME. pentangel*, in the same sense, Gawain and the Greute Knight, 620. — (*Gk. πέντε*, five, cognate with *E. five*; and *L. suffix -aculum* (cf. *Ital. pentacolo* in *Florio*), in place of *L. angulus*, an angle, as in *rect-angle*. ¶ Ignorance of *Gk.* caused the substitution of a *pentacle* with six points for the *pentangle* of five points; see *Notes* on *Eng. Etym.*, p. 212.

PENTAGON, a plane figure having five angles. (*F.* — *L.* — *Gk.*) The adj. *pentagonalis* is in *Minshew*, ed. 1627. — *F. pentagone*, 'five-cornered'; *Cot.* — *L. pentagonus*, *pentagōnus*, *pentagonal* — *Gk. πεντάγωνος*, *pentagonal*; neut. *πεντάγωνον*, a pentagon. — *Gk. πέντα*, for *πέντε*, five, cognate with *E. five*; and *γωνία*, a corner, angle, lit. a bend, from *γων*, a knee, cognate with *E. knee*. See *Five* and *Knee*. Der. *pentagon-al*.

PENTAMETER, a verse of five measures. (*L.* — *Gk.*) In *Skelton's* Poems, ed. Dyce, i. 193, l. 6. — *L. pentameter*. — *Gk. πενταμετρος* — *Gk. πέντα*, for *πέντε*, five, cognate with *E. five*; and *μετρον*, a metre. See *Five* and *Metre*.

PENTATEUCH, the five books of Moses. (*L.* — *Gk.*) In *Blount's* Gloss, ed. 1674. Spelt *pentateuches* in *Minshew*, ed. 1627; *pentateuchus* in *Palgrave*. — *L. pentateuchus* — *Gk. πέντα*, for *πέντε*, five, cognate with *E. five*; and *τέχνη*, a tool, implement, in late *Gk.*, a book. Hence applied to the collection of the five books of Moses. β. *Τέχνης* is allied to *τεχνον*, to prepare, get ready, make; allied to *τέκος*, *τέχος*, an instrument for working stones with, a mason's pick or hammer, whence *τεχνίτης*, to work stones. *Brugmann*, i. § 780. Der. *pentateuch-al*.

PENTECOST, Whitsuntide; orig. a Jewish festival on the fiftieth day after the Passover. (*L.* — *Gk.*) *ME. pentecoste*, *OE. Homilies*, ed. Morris, i. 89, l. 5. *AS. pentecosten*, rubric to John vi. 44. — *L. pentecostin*, acc. of *pentecostis* — *Gk. πεντηκοστή*, *Pentecost*, days, ii. 1; lit. fiftieth, fem. of *πεντηκοστή*, fiftieth (*ήμπερα* = day, being understood) — *Gk. πενήκοντα*, fifty. — *Gk. πέντε*, for *πέντε*, five; and *-κοστή*, tenth. Again, *-κοστή* is short for **δέκοστή*, tenth, from *δέκα*, ten, cognate with *E. ten*. See *Five* and *Ten*. Der. *pentecost-al*.

PENTHOUSE, a shed projecting from a building. (*F.* — *L.*) In Shak. *Much Ado*, iii. 3. 110. A corruption of *pentice* or *pentis*, due to an effort at making sense of one part of the word at the expense of the rest, as in the case of *crayfish*, &c. *ME. pentice*, *pentis*. 'Pentice of an house ende, *Appendicium*.' Prompt. Parv. *Caxton*, in the Boke of the Fayt of Armes, explains how a fortress ought to be supplied with fresh water, cisterns being provided 'where men may receiue inne the rayne-watres that fallen doune along the thackes of *thappentyzes* and houses'; Part ii. c. 17 (Way's note). Here *thackes* = *thatches*; and *thappentyzes* = *the appentices*, showing that *pentice* stands for *appentice*, the first syllable having been dropped, as in *peal* for *appeal*. Way further quotes from *Palgrave*: 'Penthouse of a house, *appentis*;' and from the *Catholicon*: 'A pentis, *appendix*, *appendicium*.' Also spelt *pendiz*, *Met. Homilies*, ed. Small, p. 63. The *AF. pl. pentiz* occurs in *Liber Albus*, p. 271; and *appentices*, *pl.*, at p. 288. — *MF. apentis*, *appentis*, 'a penthouse'; *Cot.* — *L. appendicium*, an appendage; allied to *appendix*, an appendage; see *Append*. ¶ Thus a *penthouse* is an 'appendage' or out-building. See the next word.

PENTROOF, a roof with a slope on one side only. (Hybrid; *F.* — *L.* and *E.*) Given in *Cent. Dict.* I notice it because the *F.* original of this *pent-* may have affected the sense of *pendente*. Compounded of *F. pente*, a slope; and *E. roof*. The *F. pente* is formed from *pendere*, to hang, like *vente* from *vendre*, to sell. — *L. pendere*, to hang; see *Pendant*.

PENTULTIMATE, the last syllable but one. (*L.*) A grammatical term; coined from *L. pen-ae*, almost; and *ultima*, fem., last. See *Ultior*. Der. *penult*, the contracted form.

PENUMBRA, a partial shadow beyond the deep shadow of an eclipse. (*L.*) In *Kersey*, ed. 1721. Coined from *L. pen-ae*, almost; and *umbra*, a shadow. See *Umbrella*.

PENURY, want, poverty. (*F.* — *L.*) In *great penury* and *misery*; *Fabyan's Chron.* vol. i. c. 157. 'For lacke and penury'; *Caxton*, *Golden Legend*, *Moses*, § 17. — *MF. penurie*, 'penury'; *Cot.* — *L. penuria*, want, need. Allied to *Gk. πείνα*, hunger. Der. *penurious* (*Levin*); *penuri-ous-ness*.

PEON, a foot-soldier, orderly, messenger. (Port. — *L.*) See quotations in *Yule*. [Also, in *Spain*, a serf; from the cognate *Span. peon*.] — *Port. pido*, a pawn at chess; one of the lower people. — *Late L. pedonem*, acc. of *pedo*, a foot-soldier; see *Pawn* (2). Altered to the *Span.* spelling.

PEONY, **PEONY**, a plant with beautiful crimson flowers. (*L.* — *Gk.*) The mod. *E. peony* answers to the *AS. peonie*, *Leechdoms*, i. 168; *L. padnia*. [The *ME.* forms were *pieone*, *pieone*, *pieone*; *P. Plowman*, A. v. 155; B. v. 312; later, *peony*, *Palgrave*. — *OF. piane* (mod. *F. piovine*); *Littre*.] — *L. padnia*, medicinal, from its supposed virtues; fem. of *Paonius*, belonging to *Paon*, its supposed discoverer. — *Gk. Παιών*, *Paon*, the god of healing. See *Paon*.

PEOPLE, a nation, the populace. (*F.* — *L.*) *ME. peple*, *P. Plowman*, A. i. 5; spelt *peple*, *id.* B. i. 5; spelt *peple*, *people*, *peple*, *Chaucer*, C. T. 8871 (Six-text, E. 995). [The spelling with *eo* or *oe* is due to *AF. peple*, *people* (later *peple*).] — *OF. peuple*, mod. *F. peuple*, *people*. — *L. populum*, acc. of *populus*, *people*. β. *Pe-pul-us* appears to be a reduplicated form; cf. *L. ple-bes*, *people*. Allied to *ple-nus*, full, *E. full*. See *πλην* in *Prellwitz*. And see *Populose*.

PEPPER, the fruit of a plant, with a hot pungent taste. (*L.* — *Gk.* — *Skt.*) *ME. peper* (with only two *p's*), *P. Plowman*, B. v. 312. *AS. pipor*; *A. S. Leechdoms*, ed. Cockayne, iii. 341. — *L. pipor*. — (*Gk. πέρρι* — *Skt. pipali* (1) long pepper; (2) the fruit of the holy fig-tree; *Heufey*, p. 552. Cf. *Pers. pulpal*, pepper; *Palmer's Dict.* col. 114. Der. *pepper-corn*, *pepper-mini*).

PEPSINE, one of the constituents of the gastric juice, helpful in the process of digestion. (*F.* — *Gk.*) From mod. *F. pepsine*, formed with suffix *-ine* from *Gk. πύω*, base of *πέω*, digestion; for **πύω* < **πύω*-tis, related to *πύω*, to cook. (¶ *PEPO*.) See *Cook*. Der. So also *pept-ic*, i. e. acting in digestion, from *Gk. πεπτικός*; whence *dys-peptic*.

PER, prefix, through. (*L.*) *L. per*, through; whence *F. per-*, *par-*, as a prefix. Orig. used of spaces traversed; allied to *Gk. παρά*, *para*, by the side of, *Skt. para*, away, from, forth, *param*, beyond, and to *E. from*. Also to *Goth. fair-*, *G. ver-*, prefix. The prefixes *para-* and *peri-*, both *Gk.*, are nearly related. See *Curtius*, i. 334, 338.

PERADVENTURE, perhaps. (*F.* — *L.*) The *d* before *v* is an insertion, as in *adventure*. *ME. peraventure* (with *u* = *v*), *Rob. of Glouc.* p. 358, l. 7373; often shortened to *perantur* or *parantur*, spelt *parantur* in the same passage, in *MS. Cotton*, *Calig. A. xi.* — *F. par*, by; and *adventure*, *adventure*. — *L. per*, through, by; and see *Adventure*.

PERAMBULATE, to walk through or over. (*L.*) Prob. made from the earlier sb. *perambulation*; *Lambard's* 'Perambulation of Kent' was printed in 1576. Cf. *L. perambulāre*, pp. of *perambulare*, lit. to walk through. — *L. per*, through; and *ambulare*, to walk; see *Per* and *Ambule*. Der. *perambulat-ion*, also *perambulat-or*, an instrument for measuring distances, as in *Phillips*, ed. 1706, but now used to mean a light carriage for a child, and sometimes shortened to *pram*.

PERCEIVE, to comprehend. (*F.* — *L.*) *ME. perceyuen* (with *u* = *v*), also *parceyuen*, *P. Plowman*, B. xviii. 241. — *OF. perceiv*, stressed stem of *percevoir* (*Godefroy*). *Cot.* gives only the *MF. pp. perceus*. [The mod. *F.* has the comp. *apercevoir*, with the additional prefix *a* < *L. ad*.] — *L. percipere*, to apprehend. — *L. per*, through, thoroughly, and *capere*, to take, receive. See *Per* and *Capacious*. Der. *perceive-er*, *perceive-able*. Also *percept-ion*, from *F. perception*, 'a perception' (*Cot.*), from *L. percipiōnem*, acc. of *percipio*, like the *pp. percipit*; also *percept-ive*, *percept-ive-ly*, *percept-ive-ity*, *percept-ive-ness*; *percept-ible*, *F. perceptible*, 'perceptible' (*Cot.*), from *L. percipibilis*, perceivable; *percept-ibil-ly*, *percept-ibil-ity*. Also *perceptant*, from the stem of the pres. part. of *percipere*.

PERCH (1), a rod for a bird to sit on; a long measure of five and a half yards. (*F.* — *L.*) The orig. sense is 'rod'; whether for measuring or for a bird's perch. *ME. perche*, *Chaucer*, C. T. 2206 (A 2204). — *F. perche*, 'a perch'; *Cot.* — *L. perica*, a pole, bar, measuring-rod. Der. *perch*, vb., *Rich. III.*, i. 3. 71, *ME. perchen*, *Chaucer*, *Ho. Fame*, 1901; *perch-er*.

PERCH (2), a fish. (*F.* — *L.* — *Gk.*) *ME. perche*, *Prompt. Parv.* p. 393; *King Alisander*, 5446. — *F. perche* — *L. perca* — (*Gk. πέσκα*, a perch; so named from its dark marks. — *Gk. πέσκα*, *πέσκα*, spotted, blackish. — *Skt. perpi*, spotted, pied, esp. of cows; *Curtius*, i. 340. β. Further allied to *OHG. forh-ana*, *G. for-elle*, *AS. for-na*, a trout.

PERCHANCE, by chance. (F.-L.) In Shak. Temp. ii. 2. 17; ME. *perchance*, Hampole, Prick of Conscience, 2489. [Another ME. phrase is *per cas* or *parcas*, Chaucer, C. T. 12819 (C. 885); from F. *par cas*; see **CASE**.]—F. *par*, by; and *chance*, chance; see **Per-** and **Chance**.

PERCIPIENT; see under **Perceive**.

PERCOLATE, to filter through. (L.) In Bacon, Nat. Hist. § 396. Prob. suggested by the sb. *percolation*, in Bacon, Nat. Hist. § 3. —L. *percolatus*, pp. of *percolare*, to strain through a sieve.—L. *per*, through; and *colare*, to filter, from *colum*, a filter. See **Per-** and **Colander**. Der. *percolat-ion*, *percolat-or*.

PERCUSSION, a shock, quick blow. (L.) Bacon has *percussio*, Nat. Hist. § 163; *percussed*, id. 164; *percuteut*, id. 190. Formed by analogy with F. sbs. in *-ion*, from L. *percussio*, a striking.—L. *percussus*, pp. of *percutere*, to strike violently.—L. *per*, thoroughly; and *quater*, to shake, which becomes *-cutere* in compounds. See **Quash**. Der. *percuss-ive*; *percuti-ent*, from the stem of the pres. participle.

PERDITION, utter loss or destruction. (F.-L.) ME. *perdition*, Wyclif, 2 Pet. ii. 1.—F. *perdition*; Cot. —L. *perditionem*, acc. of *perditio*, destruction; cf. L. *perditus*, pp. of *perdere*, to lose utterly, to destroy.—L. *per*, thoroughly, or away; and *-dere*, to put, place, representing Idg. **dh₂*, weak grade of **h₁liff*, to place; see **Do**. ¶ L. *per-dere* = L. *do for*. Der. *per-di-ly*, hidden; from F. *perdu*, pp. of *perdre*, to lose, from L. *perdere*.

PURDURABLE, long-lasting. (F.-L.) In Shak. Othello, i. 3. 343; Chaucer, C. T. B 2699.—OF. *perdurable*, 'perdurable, perpetual'; Cot. —L. *perdurāre*, to endure; with suffix *-ilis*.—L. *per*, through, throughout; and *durare*, to last, from *durus*, hard, lasting. See **Dure**. Der. *perdurabl-ly*, *perdurā-ly*.

PEREGRINATION, travel, wandering about. (F.-L.) In Cotgrave.—F. *peregrination*, 'peregrination'; Cot. —L. *peregrinatio*, acc. of *peregrinatio*, travel.—L. *peregrinari*, to travel.—L. *peregrinus*, foreign, abroad; see **Pilgrim**. Der. *peregrinate*, verb, rare, from L. pp. *peregrinatus*; *peregrinat-or*. Also *perrigrate*, adj., L. L. v. 1. 18.

PEREMPTORY, authoritative, dogmatical. (F.-L.) In Spenser, F. Q. iii [not iv], 8. 16. AF. *peremptorie*, Liber Allius, p. 217; MF. *peremptoire*, 'peremptory'; Cot. —L. *peremptorius*, destructive; hence, decisive.—L. *peremptor*, a destroyer; cf. L. *peremptus*, pp. of *perimere*, older form *peremere*, to take entirely away, destroy.—L. *per*, away (like Skt. *pari*, from); and *emere*, to take, also to buy. See **Per-** and **Example**. Der. *peremptor-ly*, *-ness*.

PERENNIAL, everlasting. (L.) In Evelyn's Diary, Nov. 8, 1644. Coined by adding *-al* (= L. *-ilis*) to *perennis*, for *perennis*, everlasting, lit. lasting through a year.—L. *per*, through; and *annus*, a year, which becomes *-enit* in compounds. See **Per-** and **Annual**. Der. *perennial-ly*.

PERFECT, complete, whole. (F.-L.) ME. *parfit*, *parfit*, Chaucer, C. T. 72. [The word has since been conformed to the L. spelling.]—OF. *parfait*, ME. *parfait* (Cot.); mod. F. *parfait*. —L. *perfectus*, complete; orig. pp. of *perficere*, to complete, do thoroughly.—L. *per*, thoroughly; and *-ficere*, for *facere*, to make. See **Per-** and **Fact**. Der. *perfect-ly*, *-ness*; *perfect*, vb. Temp. i. 2. 79; *perfect-ible*, *perfect-ibil-ly*; *perfect-or*; *perfection-ist*.

PERFIDIOUS, faithless, treacherous. (L.) In Shak. Temp. i. 2. 68. Not a F. word, but formed (by analogy with words of F. origin) directly from L. *perfidiosus*, treacherous.—L. *perfidia*, treachery.—L. *perfidus*, faithless, lit. one that goes away from his faith.—L. *per*, away (like Skt. *pari*, from); and *fides*, faith. See **Per-** and **Faith**. Der. *perfidious-ly*, *-ness*; also *perfid-ly* in Phillips, ed. 1706, F. *perfidie*, in Molire (Littre), from L. *perfidia*.

PERFOLIATE, having the stem passing through the leaf. (L.) 'Perfoliatus, the herb thorough-wax'; Phillips, ed. 1706. Botanical.—L. *per*, through; and *foli-um*, a leaf; with suffix *-ate* (= L. pp. suffix *-atus*). See **Per-** and **Folio**. ¶ Cf. MF. *perfoliate*, 'through-wax, an herb'; Cot.

PERFORATE, to bore through. (L.) Bacon uses *perforare* as a pp., Nat. Hist. § 470. 'A cros perforatid,' Book of St. Albans, pt. ii, fol. c. 3.—L. *perforatus*, pp. of *perforare*, to bore through.—L. *per*, through; and *forare*, to bore, cognate with E. *bore*. See **Per-** and **Bore** (1). Der. *perforat-ion*, *-or*.

PERFORCE, by force, of necessity. (F.-L.) In Spenser, F. Q. i. 8. 38; spelt *perforce*, Lord Berners, tr. of Froissart, vol. ii. c. 38 (R.). —F. *par*, by (< L. *per*); and *force*, force. See **Per-** and **Force**.

PERFORM, to achieve. (F.-L.) Cf. MF. *performe*, 'to perform, consummate, accomplish'; Cot. —F. *par* (< L. *per*), thoroughly; and *fournir*, to provide, furnish, a word of OHG. origin. See **Per-** and **Furnish**. ¶ The ME.

form *parfournen* is thus accounted for; the ME. *parfournen* is prob. due to association with *furn*, with which it has no real connexion. Der. *perform-er*; *perform-ance*, Macb. ii. 3. 33, a coined word.

PERFUME, to scent. (F.-L.) The verb is the original word, and occurs in Shak. Temp. ii. 1. 48.—F. *parfumer*, 'to perfume'; Cot. Lit. 'to smoke thoroughly.'—F. *par* (< L. *per*), through; and *fumer*, to smoke, from L. *fūmare*, vb. formed from *fūmus*, smoke. See **Per-** and **Fume**. Der. *perfume*, sb., F. *parfumer*; *perfum-er-y*.

PERFUNCTORY, done in a careless way. (L.) 'In a careless perfunctory way'; Howell, Foreign Travel, § 4, ed. Arber, p. 27. Enghlished from L. *perfunctōrius*, done in a careless way, done because it must be done; allied to *perfunctus*, pp. of *perfungi*, to perform, discharge thoroughly.—L. *per*, thoroughly; and *fungi*, to perform. See **Per-** and **Function**. Der. *perfunctori-ly*, *-ness*.

PERHAPS, possibly. (Hybrid; L. and Scand.) In Hamlet, i. 3. 14. A clumsy compound, which took the place of the ME. *per cas*, and formed also on the model of *perchance*; see **Perchance**. The *per* is rather from the F. *par* than the L. *per*, but it makes no difference. *Haps* is the pl. of *hap*, a chance, a word of Scand. origin. See **Hap**. Spelt *perhapis*, Roy, Rede me, ed. Arber, p. 98.

PERI, a fairy. (Pers.) See Moore's poem of 'Paradise and the Peri,' in Lalla Rookh.—Pers. *pārī*, a fairy; Palmer's Pers. Dict. col. 112. See **Iron**, § 310.

PERI, prefix, round, around. (Gk.) Gk. *peri*, around, about.—Skt. *pārī*, round about. Also allied to L. *per* in *permagnum*, &c.

PERIANTE, the floral envelope, whether calyx or corolla, on both. (Gk.) Botanical.—Gk. *peri*, around; and *anthos*, flower.

PERIAPT, an amulet. (F.-Gk.) In Shak. 1 Hen. VI, v. 3. 2.—MF. *periapte*, 'a medicine hanging about any part of the body'.

Gk. *periaptos*, an amulet; neut. of *periaptos*, fitted or fastened round.—Gk. *periaptēv*, to fasten round. —Gk. *peri*, round; and *aptēv*, to fasten.

PERICARDIUM, the sac which surrounds the heart. (L.-Gk.) In Phillips, ed. 1706. Anatomical.—Late L. *pericardium*.—Gk. *perikardion*, the membrane round the heart.—Gk. *peri*, round; and *kardia*, cognate with E. *heart*. See **Peri-** and **Heart**.

PERICARP, a seed-vessel. (Gk.) Botanical.—Gk. *perikarpion*, the shell of fruit.—Gk. *peri*, round; and *karpis*, fruit, allied to E. *harvest*. See **Peri-** and **Harvest**.

PERICRANIUM, the membrane that surrounds the skull. (Late L.-Gk.) The pl. *pericrania* occurs in Beaman and Fletcher, The Chances, iii. 2. 10.—Late L. *pericranium*.—Gk. *perikranion*, neut. of *perikranios*, passing round the skull.—Gk. *peri*, round; and *kranion*, the skull. See **Peri-** and **Cranium**.

PERIGEE, the point of the moon's orbit nearest the earth. (F.-L.-Gk.) Scientific. In Blount's Gloss, ed. 1674. Opposed to *apogee*.—MF. *perigée*; Cot.—Late L. *perigium*.—Late Gk. *perigeev*, neut. of *perigeev*, near the earth. Coined from Gk. *peri*, about (here near); and *gē*, the earth, which appears in *geo-graphy*, &c.

PERIHELION, the point of a planet's orbit nearest the sun. (Gk.) Scientific. In Phillips, ed. 1706. Opposed to *aphelion*.—Gk. *peri*, around (here near); and *hēlios*, the sun. See **Peri-** and **Aphelion**.

PERIL, danger. (F.-L.) ME. *peril*, Ancien Riwle, p. 104. 1. 24.—OF. *peril*, 'peril'; Cot. —L. *periculum*, *periculum*, danger; lit. a trial, proof.—L. *periri*, to try, an obsolete verb of which *peritus*, experienced, is common. ¶ Allied to Gk. *perilōv*, I try, prove, *perilōv*, I press through, pass through, as well as to Gk. *farav*, to travel, here; see **Fare**. Thus a *peril* is a trial which one passes through. Der. *peril-ous*, Chaucer, C. T. 13925 (B 3109); *peril-ous-ly*, *-ness*.

PERIMETER, the sum of the lengths of all the sides of a plane figure. (L.-Gk.) Lit. the 'measure round.' In Blount's Gloss, ed. 1674.—L. *perimetros* (Lewis).—Gk. *perimetron*, the circumference of a circle; hence, the perimeter of a plane figure.—Gk. *peri*, round; and *metron*, a measure; see **Peri-** and **Metre**.

PERIOD, the time of a circuit, date, epoch. (F.-L.-Gk.) In Shak. it often means 'conclusion, end'; Rich. III, ii. 1. 44; K. Lear, iv. 7. 97, v. 3. 204.—OF. *periode*, 'a period, perfect sentence, conclusion'; Cot. —L. *periodus*, a complete sentence.—Gk. *periōdos*, a going round, way round, circuit, compass, a well-rounded sentence.—Gk. *peri*, round; and *ōdos*, a way. See **Peri-** and **Exodus**. ¶ The sense of 'time of circuit' is taken directly from the orig. Gk. Der. *period-ic*; *period-ic-al* (Blount, 1674), *period-ic-al-ly*, *period-ic-ly*.

PERIPATETIC, walking about. (L.-Gk.) 'Peripatetic, that disputes or teaches walking, as Aristotle did; from whence he and his scholars were called *peripateticks*.' Blount's Gloss, ed. 1674.—L. *peripateticus*.—Gk. *peripatētikos*, given to walking about, esp. while disputing; Aristotle and his followers were called *peripatētikoi*.—Gk. *peripatēv*, I walk about.—Gk. *peri*, about; and *patēv*, I walk, from *pātōs*, a path, which is allied to L. *pōns*; see **Pontoon**.

PERIPHERY, circumference. (L.—Gk.) In Blount's Gloss., ed. 1674. ME. *periferie*; 'This air in *periferies* three Devided is', Gower, C. A. iii. 93 (bk. vii. 263); where the sidonote is: 'Nota qualiter aer in tribus *periferiis* diuiditur.'—L. *periferia*, *peripheria*.—*περίφεια*, the circumference of a circle.—Gk. *περί*, round; and *φέρω*, to carry, cognate with *E. bear*. See **Peri-** and **Bear** (1).

PERIPHERASTIS, a roundabout way of speaking. (L.—Gk.) '*Periphrasis*, circumlocution.' Blount's Gloss., ed. 1674; but this is rather a F. form. 'The figure *periphrasis*,' Puttenham, *Arte of Poesie*, bk. iii. c. 18.—L. *periphrasis*.—Gk. *περίφρασις*.—Gk. *περί*, round; and *φράσις*, a speech, phrase. See **Peri-** and **Phrase**. Der. *periphrase*, vb.; *periphrastical*, adj., from Gk. *περίφραστικός*; *periphrastical*.

PERISH, to come to naught. (F.—L.) ME. *perissen*, Cursor Mundi, 8789; *perischen*, Wyclif, John, vi. 27.—F. *periss*, stem of some parts of the verb *perir*, 'to perish'; Cot. 'The stem *peris* is formed as if from a L. **perisere*, an imaginary inceptive form.—L. *perire*, to perish, come to naught.—L. *per*, thoroughly, but with a destructive force like that of *E. for*; and *ire*, to go; thus *perire* = to go to the bad. *Ire* is from **EI*, to go; cf. *Skt. i*, to go. And see **Per-** (2). Der. *perish-able*, *perish-ably*, *perishable-ness*.

PERITONEUM, the membrane lining the abdominal cavity and investing its viscera. (Gk.) Late L. *peritonæum*, from Gk. *περιτόναιον*, the peritoneum; neut. of *περιτόναιος*, stretched around.—Gk. *περί*, around, and *τόναιος*, 2nd grade of *τόναιος*, base of *τόναιος* (for **τόναιος*), to stretch. See **Tone**. Der. *peritonitis*, inflammation of the peritoneum.

PERIWIG, a peruke. (F.—Ital.—L.) In Shak. Two Gent. iv. 4. 196. 'The i after r is corruptly inserted; Minshew, ed. 1627, gives the spellings *peruigge* and *peruigke*. Of these forms, *peruigge* is a weakened form of *peruicke* or *peruick*; and *peruick* is a corrupted form of *peruke* or *peruque*; see **Peruque**. Du Wes has: 'the *peruighe*, la *peruque*;' Supp. to Palsgrave, p. 902, col. i. β. The form *peruigge* gave rise to a notion that *peri-* was a prefix, like Gk. *περί*; see **Peri-**. Hence, it was sometimes dropped, the resulting form being *wig*. See **Wig**.

PERIWINKLE, (1), a genus of evergreen plants. (L.) Formed with dimin. suffix *-le*, and insertion of i, from ME. *peruwinke* (= *peruwinke*), a periwinkle; Polit. Songs, ed. Wright, p. 218, l. 11. AS. *peruwinca*, as a gloss to L. *vinca*, in Voc. 322. 32.—L. *peruina*, also called *vinca peruina*, or (in one word) *vinca peruina* (Lewis). β. The name was doubtless orig. given to a twining plant, as it is clearly allied to *nereine*, to bind; the prefix *per* being the usual L. prep.

PERIWINKLE (2), a small univalve mollusc. (F.—with Gk. prefix.) In Levens; and Palsgrave has: '*Periuyncke*, a shellfish.' A corrupt form, due to a confusion with the word above. The best name is simply *winkle*, as in Holland, tr. of Pliny, b. ix. c. 32. *Peruwinke* is in Drayton, Polyolbion, song 25, l. 19; and is a corruption of the AS. name *peruwincla*; cf. *sca-snæl*, vel *pinewincian*, i.e. sea-snail, or periwinkles, in Voc. 122. 24. Cf. prov. E. *peny-winkle*, a periwinkle (E. D. D.); directly from AS. *peruwincla*. The prefix *pine-* is from L. *pina*, Gk. *πίνα*, a kind of mussel. See **Winkle**.

PERJURE, to forswear (oneself), swear falsely. (F.—L.) The prefix has been conformed to the L. spelling. Shak. has *perjured*, Oth. v. 2. 63; also *perjure*, to render perjured, Antony, iii. 12. 30; also *perjure*, a perjured person, L. L. L. iv. 3. 47; *perjury*, L. L. L. iv. 3. 62. Skelton has *periuured*, perjured; How the Doughty Duke of Albany, &c., l. 125. So also in Dictes and Sayings, pr. by Caxton, fol. 6, l. 10.—F. *parjurer*; whence *se parjurer*, 'to forswear himself'; Cot. Cf. F. *parjure* (also MF. *perjure*), a perjured person; Cot.—L. *perjūrare*, to forswear; *perjūrus*, a perjured person.—L. *per-*, prefix used in a bad sense, exactly equivalent to the cognate *E. for-* in *forswear*; and *iūrare*, to swear. See **Per-** and **Jury**. Der. *perjury*, AF. *perjurie*, Philip de Thauin, Bestiary, 1310, from L. *perjūrium*; *perjur-er*.

PERK, to make smart or trim. (F.—L.) 'To be *perked up* [dressed up] in a glistering grief'; Hen. VIII, ii. 3. 21. Prov. E. *perk*, a perch; also, to perch, sit; *perk up*, to become brisk; *perked up*, elated; see E. D. D. [Cf. W. *perc*, compact, trim; *percu*, to trim, to smarten; *percu*, smart; prob. from E.] ME. *perken*, to trim its feathers, as a bird; 'The papiayes *perken*' (another MS. *perchyn*); The Pistill of Susan, 81 (S. T. S.). From the sh. *perke*, a perch; cf. 'an hawk's *perke*', Cavendish, Life of Wolsey, p. 81; ed. F. S. Ellis.—North F. *perque* (Norm. dial. *perque*, Moisy), a perch.—L. *perlica*, a perch. See **Peroh** (1).

PERMANENT, enduring. (F.—L.) In Spenser, F. Q. vii. 6. 2; and in Skelton's Poems, ed. Dyce, i. 199, l. 19.—F. *permanent*, 'permanent'; Cot.—L. *permanens*, stem of pres. part. of *permanere*, to endure.—L. *per*, thoroughly; and *manere*, to remain. See **Per-** and **Mansion**. Der. *permanently*; *permanence*.

PERMEATE, to penetrate and pass through small openings or pores, pervade. (L.) In Phillips, ed. 1706. Sir T. Browne has

'*permeant parts*, Vulg. Errors, b. ii. c. 5. § 8 (in speaking of gold).—L. *permeatus*, pp. of *permeare*, to pass through.—L. *per*, through; and *meire*, to pass, go. See Gk. *μέω* in Prellwitz. Der. *permeation*; *permeant* (from the stem of the pres. part.); *permeable*, from L. *permeabilis*.

PERMIAN, an epithet given to a certain system of rocks. (Russian.) So named from *Perm*, in E. Russia (ab. 1841).

PERMIT, to let go, let pass, allow. (L.) In Skelton, Magnificence, l. 58. 'Yet his grace . . . wolde in no wise *permyt* and suffre me so to do'; State Papers, vol. i. Wolsey to Henry VIII, 1527 (R.).—L. *permittere* (pp. *permissus*), to let pass through, lit. to send through.—L. *per*, through; and *mittere*, to send; see **Per-** and **Mission**. Der. *permit*, sb.; also (like pp. *permissus*) *permissible*, *permiss-ible*, *permiss-ion*, Oth. i. 3. 340; *permiss-ive*, Meas. for Meas. i. 3. 38; *permiss-ive-ly*.

PERMUTATION, exchange, various arrangement. (F.—L.) ME. *permutacion*, P. Plowman, B. iii. 256.—F. *permutation*, 'permutation'; Cot.—L. *permutatio*, acc. of *permutare*, a changing.—L. *permutare*, to change, exchange.—L. *per*, thoroughly; and *mutare*, to change; see **Per-** and **Mutation**. Der. *permut*, vb., P. Plowman, B. xlii. 110, from L. *permutare*; *permut-able*, *permut-ably*, *permutability*.

PERNICIOUS, hurtful, destructive. (F.—L.) In Shak. Meas. for Meas. ii. 4. 150; *pernycious*, Sir T. Flyot, 'nastel of Helth', bk. ii. c. 3.—F. *pernicieux*, 'pernicious'; Cot.—L. *pernicius*, destructive.—L. *pernicius*, destruction.—L. *per*, thoroughly; and *nici*, for *neci*, decl. stem of *nox*, violent death. See **Interneecio**. Der. *perniciou-ly*, *ness*.

PERORATION, the conclusion of a speech. (F.—L.) In Shak. 2 Hen. VI, i. 1. 105.—F. *peroration*, 'a peroration'; Cot.—L. *peroratio*, acc. of *perorare*, the close of a speech.—L. *perorare*, to speak from beginning to end, also, to close a speech.—L. *per*, through; and *orare*, to speak; see **Per-** and **Oration**.

PERPENDICULAR, exactly upright. (F.—L.) ME. *perpendicular*, Chaucer, On the Astrolabe, pt. ii. § 23, l. 28.—F. *perpendiculaire*; Cot.—L. *perpendicularis*, according to the plumb-line.—L. *perpendicularis*, a plummet; used for careful measurement.—L. *perpendere*, to weigh or measure carefully, consider.—L. *per*, through; and *pendere*, to weigh. See **Per-** and **Pension**, **Pendant**. Der. *perpendicular-ly*, *perpendicular-i-ty*. Also *perpend*, to consider, Hamlet, ii. 2. 105, from *perpendere*.

PERPETRATE, to execute, commit. (L.) Orig. a pp. 'Which were *perpetrate* and done'; Hall, Hen. VI, an. 31 (end).—L. *perpetratus*, pp. of *perpetrare*, to perform thoroughly.—L. *per*, thoroughly; and *patrare*, to make, accomplish. Der. *perpetrat-er*, from L. *perpetrator*; *perpetrat-ion*.

PERPETUAL, everlasting. (F.—L.) ME. *perpetuel*, Chaucer, C. T. Pers. Tale (l. 137).—F. *perpetuel*, 'perpetually'; Cot.—L. *perpetuū*, universal; later used in same sense as *perpetuarius*, permanent.—L. *perpetuus*, continuous, constant, perpetual.—L. *perpet-*, stem of *perpes*, lasting throughout, continuous.—L. *per*, throughout; and *pet-*, as in *pet-ere*, to seek, to direct one's course. See **Per-** and **Petition**. Der. *perpetual-ly*, ME. *perpetually*, Chaucer, C. T. 1344 (A 1342); *perpetu-ate*, Palsgrave, from L. pp. *perpetuatus*; *perpetu-at-ion*; *perpetu-i-ty*, from F. *perpetuité*, 'perpetuity' (Cot.), from L. acc. *perpetuitatem*.

PERPLEX, to embarrass, bewilder. (F.—L.) 'In such *perplexed* plight'; Spenser, F. Q. iii. 1. 59. Minshew gives only the participial adj. *perplexed*, not the verb; and, in fact, the form *perplexed* was really first in use, as a translation from the French. Spelt *perplexid* in Dictes and Sayings, pr. by Caxton, fol. 1.—F. *perplex*, 'perplexed, intricate, intangled'; Cot.—L. *perplexus*, entangled, interwoven.—L. *per*, thoroughly; and *plexus*, entangled, pp. of *plectere*, to plait, braid. See **Per-** and **Plait**. Der. *perplex-i-ty*, ME. *perplexitee*, Gower, C. A. iii. 348, bk. viii. 2190, from F. *perplexité*, which from L. acc. *perplexitatem*.

PERQUISITE, an emolument, small gain. (L.) Applied to a special allowance as being a thing sought for diligently and specially obtained. '*Perquisite* (L. *perquisitum*) signifies, in Bracton, anything purchased, as *perquisitum facere*, lib. ii. c. 30, num. 3, and lib. iv. c. 22. *Perquisites* of Courts, are those profits that accrue to a lord of a manor, by virtue of his Court Baron, over and above the certain and yearly rents of his land; as, fines for copyhold, waives, estrays, and such like.' Blount's Gloss., ed. 1674.—L. *perquisitum*, as above; properly neut. of *perquisitus*, pp. of *perquirere*, to ask after diligently.—L. *per*, thoroughly; and *quarere*, to seek; see **Per-** and **Query**.

PERRUQUE, variant of *Peruke*, q. v.

PERRY, the fermented juice of pears. (F.—L.) In Phillips, ed. 1706. '*Perrie*, drinke of peares'; Minshew, ed. 1627. ME. *perrey*; '*Piretum*, *perrey*'; Voc. 603. 11.—OF. *perre*, perry, supp. to Gode-

froy; mod. F. *poiré*, 'perry, drink made of pears'; Cot. Cf. Norm. dial. *péré*, perry (Robin). Formed with suffix -*é* (<L. *-atus*, i.e. made of) from OF. *peire*, F. *poire*, a pear. = L. *pirum*, a pear; see **PEAR**.

PERSECUTE, to harass, pursue with annoyance. (F.-L.) The sb. *persecution* is older in E. than the vb., and is spelt *persecucion* in Wyclif, Second Prologue to Apocalypse, l. 1. Shak. has *persecute*, All's Well, i. 1. 16. = MF. *persecuter*, 'to persecute, prosecute'; Cot. Formed as if from a late L. *persecutarius*, from L. *persecutus*, pp. of *persequi*, to pursue, follow after. = L. *per*, continually; and *sequi*, to follow. See **PER-** and **SEQUENCE**. Der. *persecution*.

PERSEVERE, to persist in anything. (F.-L.) Formerly accented and spelt *perseuer*, Hamlet, i. 2. 92. MF. *perseueren* (with *u* - *u*), Chaucer, C. T. 15585 (G 117). = OF. *perseuerer*, 'to persevere'; Cot. = L. *perseuerare*, to adhere to a thing, persist in it. = L. *perseuerus*, very strict. = L. *per*, thoroughly; and *seuerus*, strict; see **PER-** and **SEVERE**. Der. *perseverance*, MF. *perseuerance*, Aynbite of lhwyt, p. 168, l. 22, from OF. *perseuerance*, L. *perseuerantia*.

PERSEVERE, light banter. (F.-L.) In Greville's Memoirs, Mar. 15, 1831 (Cent. Dict.) = F. *perseflage*, banter (1735). = F. *persifler*, to jeer. = L. *per*, through, thoroughly; *sifflare*, to hiss, from *sibilus*, adj., hissing. See **SIBILANT**.

PERSIMMON, a date-plum, the fruit of a tree of the genus *Diospyros*. (N. Amer. Indian.) Chiefly in use in N. America; said to be a Virginian Indian word. 'The fruit like medlers, they call *putchamims*, they cast vpon lurdles on a mat, and perseute them as prunes'; Capt. Smith, Works, ed. Arber, p. 57. (The preceding sentence treats of fruits that are dried to keep.) Spelt *persimmins* in 1612; not stressed on the second syllable (N. E. D.). The second element is the suffix *-min*, i.e. grain, small fruit, N. E. D. = Algonkin *pasimino*, to cause fruits to dry; from *paw*, to be dry (Cuog).

PERSEVERE, to continue steadfast, persevere. (F.-L.) In Shak. All's Well, iii. 7. 42. = F. *persister*, 'to persist'; Cot. = L. *persistere*, to continue, persist. = L. *per*, through; and *sistere*, properly to make to stand, *sed*, a causal form from *stare*, to stand. See **PER-** and **STAND**. Der. *persistent*, from the stem of the pres. part; *persistence*; *persistency*, 2 Hen. IV, ii. 2. 50.

PERSON, a character, individual, body. (F.-L.) ME. *persone*, (1) a person, Chaucer, C. T. 10339 (F 25); (2) a person, id. 480; earliest *persun*, Aucun Kniwe, p. 126, l. 15. = OF. *persone*, F. *personne*, a person, wight, creature; Cot. = L. *persōna*, a mask used by an actor, a personage, character, part played by an actor, a person. The large-mouthed masks worn by the actors were so called from the resonance of the voice sounding through them; at any rate, in popular etymology. Perhaps the long *i* in *persōna* was due to the Gk. *epiōnōm*, a mask, a dramatic character; but Walde (whom see) connects it with Gk. *psōn*, a zone. As if from L. *psōnāre*, to sound through. = L. *per*, through; and *sonāre*, to sound, from *sonus*, sound. See **PER-** and **SOUND**. (3) Doubtful, *parson*, q. v. Der. *personable*, Spenser, F. Q. iii. 4. 5; *personage*, id. F. Q. iii. 2. 26, from MF. *personage* (Cot.); *personall*, Macb. i. 3. 91, from MF. *personall*, L. *personālis*; *personallity*; *personall-i-ty*, also in the contracted form *personality*, with the sense of personal property; *person-ate*, Timon, i. 1. 69, from L. *pp. personatus*; *person-ation*, *person-at-or*; *person-ify*, a coined and late word, in Johnson's Dict.; whence *person-ification*.

PERSPECTIVE, optical, relating to the science of vision. (F.-L.) Properly an adj., as in 'the perspective or optike art'; Minshew, ed. 1627; but common as a sb., accented *perspective*, in the sense of an optical glass or optical delusion; see Rich. II, ii. 2. 18; also Skelton's Poems, ed. Iyde, i. 25, l. 32. = F. *perspective*, sb. f., 'the perspective, prospective, or optike art'; Cot. = L. *perspectiva* (not found), sb. f., the art of thoroughly inspecting; fem. of *perspectus*, relating to inspection. = L. *perspectus*, clearly perceived, pp. of *perspicere*, to see through or clearly. = L. *per*, through; and *specere*, to see, spy. See **PER-** and **SPY**. Der. *perspective-ly*, Hen. V, v. 2. 347. And see **PERSPICACITY**, **PERSPICUOUS**.

PERSPICACITY, keenness of sight. (F.-L.) In Minshew, ed. 1627; and in Cotgrave. = F. *perspicacité*, 'perspicacity, quick sight'; Cot. = L. *perspicacitatem*, acc. of *perspicacitas*, sharp-sightedness. = L. *perspicit*, from *perspicax*, sharp-sighted; with suffix *-itas*. *Perspicax* is formed with suffix *-ax* from *perspicere*, to see through; see **PERSPECTIVE**. Der. *perspicacious*, a coined word, as an equivalent to L. *perspicax*; *perspicaciously*, *-ness*. And see **PERSPICUOUS**.

PERSPICUOUS, evident. (L.) In Shak. Troil. i. 3. 324. Taken immediately (by change of *-in* to *-ous*, as in *arduous*, &c.) from L. *perspicuus*, transparent, clear. = L. *perspicere*, to see through; see **PERSPECTIVE**. Der. *perspicuously*, *-ness*; also *perspicuity*, from F. *perspicuité*, 'perspicuity', Cot.

PERSPIRATION, a sweating. (F.-L.) The verb *perspire* is prob. later, and due to the sb.; it occurs in Sir T. Browne, Vulg.

Errors, b. iv. c. 7. § 4: 'A man in the morning is lighter in the scale, because in sleep some pounds have perspired.' The sb. is in Cotgrave; *perspirable* is in Minshew, ed. 1627. = F. *perspiration*, 'a perspiration, or breathing through'. = L. *perspirationem*, acc. of *perspiratio*, not given in Lewis's Dict., but regularly formed from *perspirare*, to breathe or respire all over. = L. *per*, through; and *spirare*, to breathe; see **PER-** and **SPIRIT**. Der. *perspiral-ory*; also *perspire*, verb, answering to L. *perspire*.

PERSUADE, to prevail on, convince by advice. (F.-L.) Common in Shak., Meas. for Meas. i. 2. 191; *persuade* in Falgrave. = F. *persuader*, 'to persuade'; Cot. = L. *persuadere* (pp. *persuadus*), to persuade, advise thoroughly. = L. *per*, thoroughly; and *suadere*, to advise; see **PER-** and **SUASION**. Der. *persuad-er*; also (from pp. *persuadus*) *persuas-ible*, from F. *persuasible*, 'persuadable', Cot.; *persuasible-ness*, *persuasibility*; also *persuasion*, Temp. ii. 1. 235; Skelton, Garland of Laurel, l. 34, from F. *persuasion*, 'persuasion', Cot.; *persuasive*, from F. *persuasif*, 'persuasive', Cot.; *persuasive-ly*, *persuasive-ness*.

PERT, forward, saucy. (F.-L.) In Shak. it means 'lively, alert', L. l. l. v. 2. 272. 'Pert, saucy', Falgrave, p. 320. MF. *pert*, which, however, has two meanings, and two sources; and the meanings somewhat run into one another. 1. In some instances, *pert* is certainly a corruption of *apert*, and *perly* is used for 'openly' or 'evidently'; see Will. of Palerne, 4930, also 53, 96, 156, 180, &c. In this case, the source is the F. *apert*, open, evident, from L. *aperitus*, pp. of *aperire*, to open; see **APERIENT**. 2. But we also find 'proud and pert', Chaucer, C. T. 3048 (A 3950); 'stout he was and pert', Li Beaus Discours, l. 123 (Ritson). This is likewise short for F. *apert*, better spelt *apert*, 'expert, ready, prompt, active, nimble', Cot.; OF. *aperti*, *apert* (Godefroy); from L. *expertus*, expert; see **EXPERT**. 3. It is the latter sense that now prevails. See **MALAPERT**. Der. *per-ly*, Temp. iv. 58; *per-ness*, Pope, Dunciad, l. 112. **PERTAIN**, to belong. (F.-L.) ME. *parteuin*, Will. of Palerne, 1419; Wyclif, John, x. 13. Not a common word. = OF. *partenir*, to pertain; in Godefroy and Burguy, but not in Cotgrave. (It seems to have been supplanted by the comp. *apartenir*; see **APPERTAIN**). = L. *pertinere*, to pertain. See **PERTINENT**.

PERTINACITY, obstinacy. (F.-L.) Phillips, ed. 1706, gives both *perlinacity* and *perlinacy*; Minshew, ed. 1627, has only the latter form, which is the common one in old authors, though now disused. *Pertinacity* is from F. *perlinacité*, omitted by Cotgrave, but occurring in the 13th century (Godefroy). *Pertinacy* is from F. *perlinace*, cited by Minshew, but not found in Cotgrave or Littré. *Pertinacity* is a coined word; *perlinacy* (F. *perlinace*) is from L. *perlinacia*, *perseverance*. = L. *perlinaciā*, for *perlinax*, very tedious. = L. *per-*, very; and *tenax*, tedious, from *tenere*, to hold. See **PER-** and **TENABLE**. Der. *perlinaci-ous*, Milton, Apology for Smectymnus (K.), a coined word, to represent L. *perlinax*, just as *perspicacious* represents *perspicax*; *perlinaci-ously*, *-ness*.

PERTINENT, related or belonging to. (F.-L.) In Shak. Wint. Tale, i. 2. 221. = F. *pertinent*, 'pertinent'; Cot. = L. *pertinens*, stem of pres. part of *pertinere*, to belong. = L. *per*, thoroughly; and *tenere*, to hold, cling to; see **PER-** and **TENABLE**. Der. *pertinent-ly*, *pertinence*; and see *perlinacity*.

PERTURB, to disturb greatly. (F.-L.) ME. *parturban*, Chaucer, C. T. 908 (A 906). = F. *parturber*, 'to perturb, disturb'; Cot. = L. *perturbare*, to disturb greatly. = L. *per*, thoroughly; and *turbare*, to disturb, from *turba*, a crowd. See **PER-** and **TURBID**. Der. *perturb-ation*, spelt *perturbacion*, Bp. Fisher, On the Seven Psalms, Ps. 38, ed. Mayor (E. E. T. S.), p. 53, l. 21, from F. *perturbation* (Cot.), which is from L. acc. *perturbationem*.

PERUKE, an artificial head of hair. (F.-Ital.-L.) The same word as *perwig*, which, however, is a corrupt form of the word; see **PERIWIG**. For the form *peruke*, R. refers to a poem by Cotton to John Bradshaw, l. 185; and Todd refers to Bp. Taylor, Artificial Handsomeness, p. 44; and Cooper's Lat. Dict. (1565) has: 'Capillamentum, A false peruke.' = F. *peruque*, 'a lock of hair'; Cot. = Ital. *parrucca*, Mital. *perucca*, 'a perwigge', Florio; who also gives the form *perucca*. *B. per* the same word with Span. *peluca*, a wig, Port. *peruca*; Littre also cites Sardinian *pilucca*, and other forms. The key to the etymology is in remembering the frequent interchange of *p* and *f*; the true forms are those with *p*, such as Span. *peluca*, Sardinian *pilucca*. These are closely related to Ital. *piluccare*, now used in the sense 'to pick a bunch of grapes', but formerly 'to pick or pull out hairs or feathers one by one'; Florio. 3. The true old sense of *pilucca* was probably 'a mass of hair separated from the head', thus furnishing the material for a peruke. Cf. also Ital. *pelluzzo*, very soft down, Mital. *pellucare*, *pellucare*, 'to pluck off the hairs or skin of anything, to pick out hairs'; Florio. Also F. *peluche*, 'shag, plush', Cot.; see **PLUSH**. 8. The Mital. *pelucare* and Sard. *pilucca* are formed (by help of a dimin. suffix

-ucca) from Ital. *pel-o*, hair. — *L. pilum*, acc. of *pilus*, a hair. Doublets, *perwig*, *wig*.

PERUSE, to examine, read over, survey. (Hybrid; *L. and F.* — *L.*) In Shak. in the sense 'to survey, examine,' *Com. Errors*, i. 2. 13; also 'to read,' *Merch. Ven.* ii. 4. 39. 'That I *perused* then'; *G. Turberville*, *The Lover to Cupid for Mercy*, st. 12. 'Thus hanyng *perused* the effecte of the thirde booke, I will likewise *peruse* the fourth'; *Jp. Gardiner*, *Explication*, &c., Of the Presence, fol. 76 (R.). 'To *peruse*, *perusi*'; *Levins*, ed. 1570. And see *Skelton*, *Phyllip Sparowe*, l. 814. *β.* The older senses of the word are nearer to the etymology. Thus, in the Naval Accounts of Henry VII (1485-8), p. 57, there are notes of a ship's fittings that were 'spent and *perused*,' i.e. used up, 'in a volage into Lumbardy.' *Fitzherbert*, in his *Husbandry*, § 131, l. 15 (E.D.S.) has a similar usage. In giving directions for stacking faggots, he shows how to lay them in courses 'and so to *peruse* them [go through with them], tyll thou haue layd all up;' which shows a truer use of the word. So also in § 124, l. 35. In § 49, l. 23, a shepherd is bidden to *peruse* all his sheep, i.e. to examine them separately, 'tyll he haue doone.' See also § 30, l. 7. *γ.* A coined word, from *Per-* and *Use*. *L.* in imitation of OF. *paruser*, 'up entertainment, achieve, consumer'; *Godfrey*. He quotes: '*paruser sa vie en secreté*,' to lead his life in safety. The difficulty lies solely in the change of sense. The old sense seems to have been 'to go through one by one,' and so to 'use up (things) till all were done with.' Thus, in *Cavendish's* *Life of Wolsey*, p. 36, some maskers paid certain compliments to all the ladies in turn, thus '*perusing* all the ladys and gentylwomen;' and again, at p. 65, a certain choir was directed to use a particular set of words in a litany; 'and so *perused* the lettarye thourough.' It may further be noted that compounds with *per* were once far more common than they are now. I can instance *peract*, *Dr. Henry More*, *Poems* (Chertsey Worthies Library), p. 133, l. 31; *perdure*, *perfixt*, *perplanted*, *perquire*, *perway*, all in *Halliwell*; *percurate*, *pertract*, *Andrew Bore*, *Introduction of Knowledge*, ed. *Furnival*, p. 144, l. 32, p. 264, l. 25; *peruagiate*, *peruigilate*, both in *Minshew*; *peraction*, *perarate*, *pereruciate*, *perduction*, *perendinate*, *perfection*, *perfection*, *perfection*, *perfusion*, *pergraphical*, *perpersion*, *perpilation*, *perise*, *perstringe*, *perterbrate*, *peruagation*, all in *Bloom's* *Gloss*, ed. 1674. *Der. per-us-al*, *Hamlet*, ii. 1, 50.

PERVADE, to penetrate, spread through. (*L.*) '*Pervade*, to go over or through'; *Phillips*, ed. 1706. — *L. pervadere*, to go through. — *L. per*, through; and *uadere*, to go, allied to *E. wade*. See *Per-* and *Wade*. *Der. per-vas-ive* (rare), like the pp. *peruases*, *Shenstone*, *Economy*, pt. iii.

PERVERT, to turn aside from the right, to corrupt. (*F.-L.*) *ME. peruerter* (with *v* for *u*), *Chaucer*, tr. of *Boethius*, bk. ii. pr. i. l. 9. *F. pervertir*, 'to pervert, seduce'; *Cot.-L. peruertere*, to overturn, ruin, corrupt (pp. *peruversus*). — *L. per*, thoroughly; and *uertere*, to turn; see *Per-* and *Verse*. *Der. pervert-er*; also *perverse*, *Fabian's Chron.* vol. i. c. 112, in the description of *Brunchchildis*, from *F. peruers*, 'perverse, cross' (*Cot.*), which from *L. per*, *peruersus*; hence *perverse-ly*, *perverse-ness*, *peruers-i-ty*, *peruers-iou*. Also *pervert-ible*.

PERVICACIOUS, wilful, obstinate. (*L.*) 'Why should you be so *peruicacious* now, Pug?' *Dryden*, *Kind Keeper*, A. ii. sc. 2 (ed. *Scott*). Coined by adding -ous to *peruicaci-*, from *peruicax*, wilful, stubborn; allied to *peruicax*, stubborn. *β.* Perhaps from *per-*, thoroughly, and the base *ui-*, weak grade of *ui-*, as seen in *ui-ci*, pt. t. of *uincere*, to conquer (*lral*). See *Per-* and *Victor*.

PERVIOUS, penetrable. (*L.*) In *Dryden*, tr. of *Ovid*, *Meleager*, l. 146. Borrowed directly from *L. peruius*, passable, by change of -us to -ous, as in *arduous*, &c. — *L. per*, through; and *ui-*, a way; hence, 'affording a passage through.' See *Per-* and *Voyage*. *Der. peruius-ly*, -ness.

PESETA, a silver coin of modern Spain. (*Span.-L.*) Worth a silver real, or about qjd. — *Span. peseta*; dimin. of *pesa*, a weight, allied to *peso*, a weight, a *Span. dollar*. *Peso* is from *L. pensum*, a portion weighed out to spinsters. — *L. pensus*, pp. of *pendere*, to weigh; see *Poise*.

PESSIMIST, one who complains of everything as being for the worst. (*L.*) Modern; not in *Todd's* *Johnson*. Formed with suffix -ist (= *L. -ista*, from *Gk. -istes*) from *L. pessimus*, worst. [So also *optimist* from *optim-us*, best.] *β.* *Pessimus* is connected with comp. *peior*, worse; see *Impair*. *Brugmann*, ii. § 73.

PEST, a plague, anything destructive or unwholesome. (*F.-L.*) 'The hellish *pest*;' *Milton*, *P. L.* ii. 735. — *F. peste*, 'the plague, or pestilence'; *Cot.-L. pestem*, acc. of *pestis*, a deadly disease, plague. *Der. pest-house*; *pesti-ferous*, *Sir T. Elyot*, *The Governor*, b. i. c. 4. § 2, Englished from *L. pestiferus* (the same as *pestifer*), from *pesti-*, for *pestis*, and *-fer*, bringing, from *ferre*, to bring, cognate with *E. Bear* (1); also *pesti-lent*, q. v.

PESTER, to encumber, annoy. (*F.-L.*) The old sense is to 'encumber' or 'clog.' 'Neither *combed* with our greates multitude, nor *pestered* with to much baggage;' *Brende*, tr. of *Q. Curtius*, fol. 23 b (1592). '*Pestered* [crowded] with innumerable multitudes of people;' *North's Plutarch* (in *Shakespeare's* *Plutarch*, ed. *Skeat*, p. 175). Hence *pesterous*, cumbersome, in *Bacon*, *Life of Hen. VII*, ed. *Lumby*, p. 196, l. 29 (wrongly explained as *pestiferous*). A shortened form of *impeter*, by loss of the first syllable, as in the case of *plans* for *defence*, *port* for *disport*, *story* for *history*, &c. *Cotgrave* explains the *F. pp. empesir* as 'impetered, intricat, intangle, incumbered.' — *MF. empesir*, to 'pestic, intricate, intangle, trouble, incumber.' *Mod. F. empesirer*. *β.* '*Empesir* signifies properly to hobble a horse while he feeds asfield, and *depesir* is to free his legs from the bonds. These words come from the mediæval *L. pasturium*, a clog for horses at pasture. *Pasturium* (derived from *pastum* from *pascere*, to feed) is common in this sense in the Germanic laws: 'Si quis in exercitu aliquid furaverit, *pastorium*, capistrum, frenum,' &c. (*Lex Bavar. tit. II. vi. 1*). So also in the *Lex Longobard. tit. I. xx. 5*: 'Si quis *pastorium* de caballo alieno tulerit;' *Brachet*. *γ.* Thus *empesirer* represents Late *L. *impastoriare*, regularly formed from *in*, prep., and *pasturium*, a clog. *Pasturium* is a derivative from *pastus*, pp. of *pascere*, to feed, inceptive form from a base *pa-*; see *Pastor*. *¶* Unconnected with *pest*; but connected with *Pastern*, q. v.

PESTIFEROUS, see under *Pest*. **PESTILENT**, bringing a plague, hurtful to health or morals. (*F.-L.*) In *Hamlet*, iii. 2. 315. [The sb. *pestilens* is much older; *ME. pestilence*, *P. Plowman*, B. v. 13.] — *F. pestilent*, 'pestilent, plaguy'; *Cot.-L. pestilent*, stem of *pestilens*, unhealthy; we also find an old rare form *pestilensius*. *β.* *Pestilens* is formed as a pres. part. from a verb **pestilire* not in use, but founded on the adj. *pestilis*, pestilential. This adj. is formed with suffix -i- from *pesti-* decl. stem of *pestis*, a plague; see *Pest*. *Der. pestilensius*, sb. (as above), from *F. pestilencia* < *L. pestilentia*; *pestilenti-ly*, *pestilenti-al*.

PESTLE, an instrument for pounding things in a mortar. (*F.-L.*) *ME. pestel*, *Tale of Gamelyn*, l. 122. '*Pestel*, of stampynge, *Pila*, *pistillus*, *pistellus*;' *Prompt. Parv.-OF. pestel* (*Godfrey*), later *pestel*, 'a pestle or pestell'; *Cot.-L. pistillum*, a pestle; regularly formed, as a dimin. of an unused sb. **pistrum*, from *piston*, supine of *pisere*, to pound, rarely spelt *pisere*. See *Pistil*, *Piston*.

PET (1), a tame and fondled animal, a child treated fondly. (*F. f*) 'The love of cronies, *petts*, and favourites;' *Tatler*, no. 266, Dec. 21, 1710. Cf. also *pet*, as in *Shak. Tam. Shrew*, i. 1. 78. 'Pretty *pet*;' *Gascoigne*, *Flowers*, *III* Question; *Works*, ed. *Hazlitt*, l. 48. *Ray* (A.D. 1691) calls *pet* a North-country word, and explains a *pet-lamb* as 'a cade lamb.' [Cf. *Irish pet*, sb. a pet, adj. petted; *Gael. peata*, a pet, a tame animal; borrowed from *E.*] Of uncertain origin. Perhaps suggested by *MF. peton*, 'a little foot, the slender stalk of a leaf; *mon peton*, my pretty springall, my gentle imp (any such flattering or dandling phrase, bestowed by nurses on their suckling babies)'; *Cot.* Used by *Rabelais*; see *Hatzfeld*. Usually considered as a derivative of *F. pied*, a foot; from *L. ped-em*, acc. of *pēs*, a foot. Cf. also *F. petiot*, a dear little child (*Godfrey*); *Norm. dial. petiot* (*Moisy*); and see *Petty*. *Der. pet*, verb; *pett-ad*; and probably *pet* (2), q. v.

PET (2), a sudden fit of peevishness. (*F. f*) 'In a pet of temperance;' *Milton*, *Conus*, 721. *Shak.* has *pettish*, adj., i.e. capricious, *Troil.* ii. 3. 139; spelt *petish*, *Levins*. There was also an old phrase 'to take the *pet*,' or 'to take *pet*.' *Cotgrave* translates *F. se mescontenter de by* 'to take the *pet*, to be ill satisfied with.' The simplest and most probable derivation is from *Pet* (1), q. v. A *pet* is a spoilt child; hence *pettish*, capricious; to take the *pet*, to act like a spoilt child; whence, finally, the sb. *pet* in its new sense of 'capricious action' or peevishness. *Der. pett-ish*, *pett-ish-ly*, *pett-ish-ness*.

PETAL, a flower-leaf; part of a corolla. (*Gk.*) '*Petala*, among herbalists, those fine coloured leaves of which the flowers of all plants are made up;' *Phillips*, ed. 1706. Here *petala* is the *Greek* plural form, showing that the word was taken from the *Greek* immediately. — *Gk. πέταλον* (pl. *πέταλα*), a leaf; properly neut. of *πέταλος*, spread out, broad, flat. *Πέτα-los* is formed with suffix -los from the base *pet-* (whence also *pet-annum*, I spread out). (*Cf. L. patulus*, spreading, *pat-ire*, to lie open, be spread out = *✓PET*, to spread out; see *Fathom*. *Der. petal-oid*.)

PETARD, a war-engine, a case filled with explosive materials. (*F.-L.*) In *Hamlet*, iii. 4. 207; spelt *petar* in the quarto ed. of *Hamlet*, and by all editors down to *Johnson*. *Cotgrave* has both *petard* and *petarre*. — *F. petari*, *petard*, 'a petard or petarre; an engine . . . wherewith strong gates are burst open.' *Lit.* 'explosive.' Formed with suffix -art or -ard (of Germanic origin, from *G. hart*, hard, *Brachet*, *Introd.* § 196) from the verb *petar*, to break wind. — *F. pet*, a breaking wind, slight explosion. — *L. peditum*, a breaking

wind. = *L. petiolus*, pp. of *pedere* (contracted from **peziere*), to break wind. See Brugmann, i. § 857. ¶ The E. form *petar* arose from the fact that the *OK.* pl. of *petard* was *petars*.

PETIOLE, the footstalk of a leaf. (F.—L.) Modern; botanical. = *F. petiole*, a petiole. = *L. petiolum*, acc. of *petiolus*, a little stem or stalk. Usually considered as a derivative of *L. pēs*, a foot.

PETITION, a prayer, supplication. (F.—L.) *ME. petition*, *petition*; Kob. of Brunne, tr. of Langtoft, p. 313, l. 18. = *F. petition*, 'a petition'; Cot. = *L. petitionem*, acc. of *petitio*, a suit; cf. *petitus*, pp. of *petere*, to attack, ask; orig. to fall on. = *✓PET*, to fly, fall; whence also *E. feather*; see *Feather*, *Impetus*. Der. *petition*, vb., *petition-ar-y*, *petition-er*, *petition-ing*.

PETREL, **PETEREL**, a genus of ocean-birds. (F.—G.—L.—Gk.) For the form *petrel*, see Todd. 'The *petrel* is a bird not much unlike a Swallow. They fly sweeping like Swallows, and very near the water'; W. Dampier, *A New Voyage*, iii. 97. The spelling *petrel* is also used in a translation of Buffon's *Nat. Hist.*, London, 1792, where we are told that the stormy petrels 'sometimes hover over the like swallows, and sometimes appear to run on the top of it'; vol. ii. p. 128. From the latter peculiarity they take their name. = *F. pétrel* (sometimes *pétrelle*); Littré cites a letter written by Buffon, dated 1782, who gives his opinion that *pétrel* is a better spelling than *pétrelle*, because the derivation is from the name *Peter*, which is pronounced, he says, as *Pétre*. (The usual *F.* word for *Peter* is *Pierre*.) β. Thus *pétrel* is formed as a diminutive of *Pétre* or *Peter*; and the allusion is to the action of the bird, which seems to walk on the sea, like *St. Peter*. The G. name *Peterwagel* (lit. *Peter-fowl* = *Peter-bird*) gives clear evidence as to the etymology. = *G. Peter*, = *L. Petrus*, *Peter*. = *Gk. Πέτρος*, a rock; a name given to the apostle by Christ; see John i. 42, in the orig. Gk. text. See *Petrify*. ¶ The *F. Pétre* was prob. borrowed from *G. Peter*, not from the *L.* directly. Or the *F.* word may have been borrowed from *E.*; in which case *E. petrel* is from *L. Petrus*.

PETRIFY, to turn into stone. (F.—Gk. and *L.*) Properly transitive; also used intransitively. 'When wood and many other bodies do petrify'; Sir T. Browne, *Vulg. Errors*, bk. ii. c. 1. § 2. = *F. pétrifier*, 'to make stony'; Cot. Formed as if from *L. *petrificare*, a coined word, to make stony. = *L. petri*, for *petra*, a rock, and *-ficare*, for *facere*, to make. β. The *L. petra* is merely borrowed from *Gk. πέτρα*, a rock; cf. *Gk. πέτρα*, a mass of rock, a stone. Der. *petrification*, as if from *L. pp. *petrificatus*, but the older word is *petrification*, from *F. petrification*, 'a petrification, a making stony' (Cot.); *petrification-ist*; also *pétrifie*, adj.; Milton, *P. L.* x. 204.

PETROLEUM, rock-oil. (L.—Gk.) Minsheu, ed. 1627, explains *petrol* or *petroleum* as 'a kind of marle or chaulky clay'; this is the same word, differently applied. Coined from *L. petra*, for *petra*, a rock, a word borrowed from *Gk. πέτρα*; and *L. oleum*, oil, from *Gk. ἔλαιον*, oil. See *Petrify* and *Oil*. Cooper's *Thesaurus* (1865) has the form *petroleum*. ¶ There is a curious mention of rock-oil in Plutarch's *Life of Alexander*; see North's *Plutarch*, ed. 1671, p. 702.

PETRONEL, a large horse-pistol. (F.—L.) 'Their peeces then are called *petronels*.' Gascoigne, *Weedes*; The Continuance of the Author, upon the Fruite of *Pettors*, st. 7; Works, ed. Hazlitt, i. 408. Spelt *petronel*, in Ben Jonson, *Every Man*, ed. Wheatley, iii. 1; some edd. have *petronel*. = *MF. petrinell*, 'a petrouell, or horse-man's piece'; Cot. β. Wedgwood remarks that they are said to have been invented in the Pyrenees; Godefroy gives also *poitrinell* (1585), and says that it was fired by resting the butt-end against the chest (so also Fairholt). Cf. *Ital. pietranello*, 'souldiers serving on horseback, well armed with a pair of cuirasses and weaponed with a fire-locke-piece or a snapshance or a *petronel*'; Florio. From *OK. petrine*, *poitrine*, the chest, allied to *AF. petral*, a pottrel; both are from *L. pector-*, for **pectos*, stem of *pectus*, the breast; see *Pottrel*.

PETTO, the breast. (*Ital.*—*L.*) In the phr. in *petto*, within the breast, in secret. = *Ital. petto*, breast. = *L. pectus*, breast.

PETTY, small, insignificant. (F.—C.) Common in Shak.; see *Merch. Ven.* i. 1. 12, &c. *ME. petit*, *P.* Ploverman, B. xiv. 242. = *F. petit*, 'little, small, . . . meane, petty'; Cot. β. Perhaps of Celtic origin; Littré connects it with *Sardinian piticu*, *Wallachian pitie*, a dwarf, *Oldal. pietro*, *petitto*, Prov. and Catalan *petit*, *Wallachian piti*, small, little, &c. All from a Gaulish stem **petti-* = Celtic **petti-*, which occurs again in *Pieco*. Der. *petti-ly*; *petti-ness*. *Henry V.* iii. 6. 136; *petti-er*, i. e. little coat, As You Like It, i. 3. 15 (see *Coat*); *petti-fagger*, Marston, *The Malcontent*, A. i. sc. 6 (R.), spelt *petti fagger* in Minsheu, ed. 1627, whence prov. *F. fig*, to hunt in a servile manner, to flatter for gain, used by Dekker (Halliwell), equivalent to *MDu. facker*, 'a monopolist, or an engrosser of wares and commodities', *Hexham*; and *facker* is prob. a corruption of the surname *Fugger*, Englished as *fogger*

(N. E. D.). Also *petti-toes*, usually pig's trotters, sometimes human feet (jocularly), as in Shirley, *Maid's Revenge*, iv. 1; see below.

PETTITTOES, pig's trotters. (F.—C. and *L.*) Understood as *petty-toes*, whence the present sense (see end of last article). But this is popular etymology. It formerly meant giblets or garbage (see N. E. D.) = *MF. petitos*, 'garbage of fowls'; Cot.; pl. of *petitoye*, the same, *Plasgrave*, p. 224; *petitoye*, the same, Cot. (s. v. *eye*). Here *oye* (*F. oie*) is from *Late L. auea*, a goose; for *L. auca*, **auca*, from *avis*, a bird.

PETULANT, peevish. (L.) In Ben Jonson, *Epigram 2* (To My Book), l. 5. = *L. petulant-*, stem of *petulan*, forward, pert, petulant; lit. 'ready to attack in a small way', as it answers to the form of a pres. part. of **petulāre*, a dimin. of *petere*, to attack, seek. See *Petition*. Der. *petulant-ly*; also *petulance*, from *F. petulance*, 'petulance'; Cot.; *petulance-y*.

PETUNIA, a plant or flower; of the order *Solanaceæ*. (F.—Port.—Brazil.) *F. petunia* (Hatzfeld). Formed with suffix *-ia* from *F. petum*, *MF. petum*, 'tobacco'; Cot.—Port. *petum* (Hatzfeld). = *Guarani* (Brazil) *peti*, tobacco (with nasalized i); *P. Kestivo*, *Vocab. de la Lengua Guarani*.

PEW, an enclosed seat in a church. (F.—L.—Gk.) *ME. puwe*. 'Yparoked in *puwes*' = enclosed in pews; *P. Ploverman*, C. vii. 144. Cf. *AF. pui*, a stage, platform; in *Libre Customarum*, p. 216. = *OK. puie*, an elevated place, *MF. puys*, f., 'an open and outstanding terrace or gallery, set out on the outside with rails to lean on'; Cot. Cf. *Span. poyo*, a stone-bench near a door, *Ital. poggio*, a hillock. [Prob. orig. applied to a raised desk to kneel at.] = *L. podium*, pl. of *podium*, an elevated place, a balcony next the arena, where the emperor and other distinguished persons sat. [The loss of *d* and change of *po-* to *OF. puie*, are regular.] = *Gk. πόδιον*, a little foot; whence the senses of footstool, support for the feet, gallery to sit in, &c., must have been evolved; for there can be no doubt as to the identity of the *Gk.* and *L.* words. = *Gk. πόδι*, from *pes*, a foot; with dimin. suffix *-ion*. *Gk. πόδι* is cognate with *F. foot*; see *Foot*. Der. *pew-fellow*, *Rich. III.* iv. 4. 58. ¶ The *Du. puy*, 'a pae' (*Hexham*), is borrowed from *MF. puys*.

PEWEE, **PEEWIT**, the lapwing. (L.) '*Pewee* or *Puet*, a kind of bird'; Phillips, ed. 1706. '*Ken Pieuwit*, *uget*, [or] *Kieuwit*, a puet, or a lap-winkle'; *Hexham's Du. Diet.* ed. 1658. Spelt *puywit*, Skelton, *Philip Sparrow*, l. 430. Named from its cry. So also *Du. piewit* or *kiewit*, *G. kibitz*; *Westphal. piwik*, *piwit*. See *Peeviah*.

PEWTER, an alloy of lead with tin or zinc. (F.—E.?) *ME. pewtir*, *pewtir*. '*Pewtir*, metallic.' Prompt. Parv. '*Pewter* pottes,' Lydgate, *London Lykpeny*, st. 12. 'xij pottes de pewte,' Earl of Derby's Expeditions, 1390-1, p. 101. = *OK. petre*, *petra*, *piantre*, a kind of metal (Roquefort). *Petre* stands, as usual, for an older form **petre*; cf. *Span. petra*, *Ital. petro*, *pewter*. *Dix* remarks that the Italians believe their word *petro* was borrowed from England; but he rejects this solution, on the ground that the form *pewter* could not well become *petro* in Italian. The *Low I.* form is *petrum*; as in '*vasorum de petro*, *York Wills*, ii. 146 (1450). The solution is, probably, that the *Ital.*, *Span.*, and *OF.* forms have lost an initial *s*, owing to the difficulty of sounding the initial *s*; and the original word really does appear in *L.* in the form *spelter*. '*Spelter*, a kind of metal, not known to the ancients, which the Germans call *zink*;' Blount's *Gloss.*, ed. 1674; whence *OK. speltre*, *spiantre*, a kind of metal (Godefroy). Cf. *MDu. pewter* or *spelter*, *pewter*; *Hexham*. Zinc and pewter are often confounded. See *Spelter*. Der. *pewter-er*, Prompt. Parv.

PH

PHAEON, a kind of carriage. (F.—L.—Gk.) Properly *Phaeon*, but we took the word from French. Spelt *phaeton* (trissyllabic) in Young, *Night Thoughts*, bk. v. l. 825. = *F. phaeton*, a phaeton; occurring in a work written in 1792 (Littré). = *F. Phaethon*, proper name. = *L. Phaethon*, *Gk. φαίθων*, son of Helios, and driver of the chariot of the sun. = *Gk. φαίθω*, radiant, *pres. part.* of *φαίθω*, to shine; allied to *φαείν*, to shine, = *✓PHĀ*, to shine; see *Phantom*.

PHALANX, a battalion of troops closely arrayed. (L.—Gk.) In Minsheu, ed. 1627; and Milton, *P. L.* i. 550, iv. 979. 'This legion he called the *phalanx*;' Holland, tr. of Suetonius, *Nero*, ch. 19. = *L. phalanx*. = *Gk. φάλαγξ*, a line of battle, battle-array, a battalion. See *Planck*. Der. *phalanger*, a marsupial mammal, in a tr. of Buffon, i. 292 (1792); named *phalanger* (F.) by Buffon (see Littré) from the structure of the hind feet; from *F. phalange* =

finomie), spelt *phismy* in Palsgrave; and *phismy* is short for *Physiognomy*, q. v.

PHLEBOTOMY, blood-letting. (F.—L.—Gk.) Spelt *phlebotomy* in Minshew, ed. 1627; *phlebotomy* in Dictiones and Sayings, pr. by Caxton, fol. 17, l. 10. = F. *phlebotomie*, 'phlebotomy, blood-letting'; Cot.—L. *phlebotomia*. = Gk. *phlebotomia*, blood-letting, lit. cutting of a vein. = Gk. *phlebo-*, from *phlêv*, a vein; and *tomê*, cutting. β. The sh. *phlêv* is from *phlêv*, to gush, overflow, from the base *phlê-*, allied to L. *flere*, to weep. Brugmann, ii. § 590. γ. For Gk. *trêmno*, see *TOME*. And see *FLUAM*.

PHLEGM, slimy matter in the throat, sluggishness, indifference. (F.—L.—Gk.) Spelt *phlegma* in Cotgrave. R. quotes from Arbutnot, On Aliments, c. 6: 'Phlegm among the ancients signified a cold viscous humour, contrary to the etymology of the word, which is from *phlêv*, to burn; but amongst them there were two sorts of *phlegm*, cold and hot.' The use of the word was due to the supposed influence of the four 'humours,' which were blood, choler, phlegm, and gall; phlegm causing a dull and sluggish temperament. Chaucer, C. T. 625, has *sawcifestem*, a word formed from L. *salsum phlegma*, salt phlegm. = F. *phlegme*, 'a flegme'; Cot.—L. *phlegma*. = Gk. *phlêgma*, base *phlêgmato-*, (1) a flame, (2) inflammation, (3) phlegm. = Gk. *phlêgma*, to burn. β. Gk. *phlêgma* (from *phlêv*) is allied to L. *flamma* (for 'flama, from the base *flag-* in *flagrare*, to burn). Thus *phlegm* is almost a doublet of *flame*. See *FLAME*, *FLAGRANT*. Der. *phlegmat-ic*, misused by Mrs. Quickly in *Mrs. Wives*, l. 4. 79, from the Gk. adj. *phlêgmaticus*, from the base *phlêgmato-*; *phlegmat-ic-al*, *phlegmat-ic-al-ly*.

PHLOX, the name of a flower. (Gk.) It means 'flame,' from its colour. In Phillips, ed. 1706. = Gk. *phlôx*, a flame. = Gk. *phlôx*, and grade of *phlôx*, as in *phlôv*, to burn; see *Phlegm*.

PHOCINE, pertaining to the seal family of mammals. (L.—Gk.) Scientific. = L. *phoca*, a seal. = Gk. *phôv*, a seal; Homer, Od. iv. 684.

PHOENIX, the same as *Phoenix*, q. v.

PHOLAS, a mollusc that makes holes in stones. (Gk.) Modern. = Gk. *pholâs*, lurking in a hole; allied to *pholâs*, a lurking-hole, a den. From a stem **phol-*, for **phol-*, where **phol-* is allied to Tent. **hau-*, whence Gk. *bauein*, to live, and AS. *bûan*, to live; see *Booth*. (So Prellwitz.)

PHONETIC, representing sounds. (Gk.) Modern; not in Todd's Johnson; the science of sounds was formerly called *phonics*, spelt *phonics* in Blount's Gloss., ed. 1706. = Gk. *φωνητικός*, belonging to speaking. = Gk. *φωνή*, I produce a sound. = Gk. *φωνή*, a sound; formed with suffix *-v* (lôg. -v) from *phō*, allied by gradation to *phō* in *phōv*, I speak. = Gk. *phōv*, to speak; whence also F. *ban*. See *BAN*. Der. *phonetic-al*, *phonetic-al-ly*; also, from sh. *phōn*, *phōn-ics* (as above); *phono-graphy*, from *phōv*, to write; *phono-graph*, *phono-graph-er*, *phono-graph-ic*, *phono-graph-ic-al*; also *phono-logy*, from *phōv*, a discourse, from *phōv*, to speak; *phono-type*, *phono-type-y*. Also, from Gk. *phōv*, *anthem* = *anti-phōn*.

PHOSPHORUS, a yellowish wax-like substance, of inflammable nature. (L.—Gk.) In Phillips, ed. 1706. Discovered in 1667 (Haydn). 'The very *phosphorus* of our hemisphere'; Congreve, Double-Dealer, ii. 1 (Lady Froth). = L. *phosphorus*. = Gk. *φωσφῆρος*, bearing, bringing, or giving light. = Gk. *phōs*, light, equivalent to *phōs*, light, from the base *phō-*, to shine; and *-phōs*, bringing, from *phōv*, to bring. From Gk. *phōs*, to shine; and Gk. *phōs*, to bring, bear. With Gk. *phōs*, cf. Irish *bán*, white; and see *Bale-fire*. Der. *phosphor-ic*, *phosphor-ous*, *phosphur-et*, *phosphur-et-ed*, *phosphor-escent*.

PHOTOGRAPHY, the art of producing pictures by the action of light. (Gk.) Modern; Fox Talbot's photographs took the place of the old Daguerotypes about 1839 (Haydn). = Gk. *phōto-*, decl. stem of *phōs*, light; and *gráphō*, to write (hence, to produce impressions). The Gk. *phōs* is equivalent to *phōs*, light (above). Der. *photograph*, short for *photographed picture*; *photograph-ic*, *photograph-er*. So also *photo-meter*, an instrument for measuring the intensity of light; see *Metro*.

PHRASE, part of a sentence, a short sentence. (F.—L.—Gk.) Frequent in Shak. Merry Wives, i. 1. 151, i. 3. 33, &c. = F. *phrase*, not in Cotgrave, but cited in Minshew; Littre cites the spelling *phrase* in the 16th century. = L. *phrasis*. = Gk. *phrâsis*, a speaking, speech, phrase. = Gk. *phrâsis* (i. e. *phrâsis*), to speak. β. The Gk. base *phrâ-* is probably allied to Irish *bard*, a poet; see *Bard*. Cf. Gk. *phrâ-*, shrewd. Der. *phras-e*, vb., IIen. VIII. i. 1. 34; *phras-est*, Shak. Lover's Complaint, 226; *phras-e-o-logy*, Spectator, no. 616, a strange compound, in which the *o* is inserted to fill out the word, and conform it to other words in *-ology*; *phras-e-o-logi-c-al*. Also *antiphrasis*, *para-phrase*, *peri-phrasis*.

PHRENOLOGY, the science of the functions of the mind. (Gk.) 'Phrenology, a compound term of modern formation, in very common

use, but not very clearly explained by those who employ it,' Richardson. = Gk. *phrênê*, decl. stem of *phrênê*, the mind; and *-λογία*, from *lôgos*, a discourse, which from *lêv*, to speak. Der. *phreno-logi-c-al*, *phrenolog-ist*.

PHTHISIS, consumption of the lungs. (L.—Gk.) In Phillips, ed. 1706. [The disease was formerly called 'the phtisis,' as in Blount's Gloss., ed. 1674. This is an adjectival form, from L. *phtisica* (passive), fem. of *phtisicus* = Gk. *phthisis*, consumptive. The difficulty of sounding *pht* was easily got over by the substitution of *t* for the compound sound; hence Phillips has 'Phtisis, the phtisis or tisis; and it is still called 'the tisis.' The spelling *typh* occurs as early as in Hampole, Pricke of Conscience, 701. So also Ital. *tisica*, Span. *tisica*, *tisis*, consumption. Milton speaks of 'a broken-winded tizzic'; Animagiversions on the Remonstrant's Defence (R.).] = L. *phtisis*. = Gk. *phthisis*, consumption, a decline, decay. = Gk. *phthisis*, to decay, wane, dwindle. The Gk. *ph* answers to Skt. *ksh*, and *phthisis* is allied to Skt. *kshiti*, to destroy, whence pp. *kshita*, decayed, and *kshitis* = *phthisis*; Curtius, ii. 370. Brugmann, i. § 652. Der. *phtisist-c-al*, *phtisist-c-al-ly*.

PHYLACTERY, a charm, amulet, esp. among the Jews, a slip of parchment inscribed with four passages from scripture. (F.—L.—Gk.) Spelt *phylactere* in Tyndall's version, A. D. 1526; ME. *flactere*, Wyclif, Matt. xxiii. 5. = OF. *flactere*, *flactere*, forms given in Littre, a. v. *phylactere*; Cotgrave spells it *phylactere*. [The c. omitted in Wyclif and Tyndall, was afterwards restored.] = L. *phylactarium*, *phylactery*. = Gk. *phylaktêrion*, a preservative, amulet; Matt. xxiii. 5. = Gk. *phylaktêr*, a guard, watchman. = Gk. *phylaktêr* (fut. *phylaktês*, from *phylak-*) to guard. Cf. *phlôx*, a watchman, guard.

PHYLLOPHOBIOUS, leaf-bearing. (Gk.) Modern. = Gk. *phyllophobos*, bearing leaves. = Gk. *phyllo-*, for *phyllo-*, a leaf; *phob-*, and stem of *phob-*, as in *phobos*, to bear, cognate with F. *bear* (1). β. Gk. *phyllo-* = L. *folium*, a leaf. The prefix *phyllo-* occurs in many scientific words, as in *phyllo-sera*, the insect that attacks grapes, lit. 'leaf-drying' or 'leaf-withering,' from Gk. *phyllo-*, dry.

PHYSIC, the art of healing diseases; hence, a remedy for disease. (F.—L.—Gk.) 'Throw *physic* to the dogs,' Macb. v. 3. 47. 'A doctor of *physic*,' Chaucer, C. T. 413. Spelt *physic*, Seven Sages, ed. Weber, 186. = OF. *physic*, *physique*. 'Physique' used a science par le [la] quelle on connoist toutes les manieres du cors de l'homme, et par le quelle on garde le [la] santé du cors et remue les maladies; Alebrant, fol. 2 (13th cent.; cited in Littre). In Cotgrave's time, the word had a more 'learned' meaning; he gives 'Physique, natural philosophy,' and 'Physicien, a natural philosopher.' = L. *physica*, *physic*, natural science. = Gk. *phusikê*, fem. of *phusikos*, natural, physical. = Gk. *phusis*, for *phusis*, nature, essence of a thing; with suffix *-kos*. β. Gk. *phusis* = *phōs*-tis, formed with suffix *-tis* (lôg. -ti) from the base *phō* appearing in *phōv*, to produce, also, to grow, wax. = Gk. *phōv*, to grow, to be; whence also Skt. *bhū*, to be, I. *fore*, and E. *be*. See *Be*. Der. *physic*, verb, As You Like It, i. 1. 92; *physic-s*, *physic-al*, *physic-ly*, *physic-ist*. Also *physic-ian*, ME. *physician*, *physician*, spelt *physician* in King Alisaunder, ed. Weber, 3504, from OF. *physicien*, coined as if from L. **physiciānus*. Also *physiognomy*, q. v.; *physiology*, q. v.; cf. *phyto-id*.

PHYSIOGNOMY, visage, expression of features. (F.—L.—Gk.) Lit. 'the art of knowing a man's disposition from his features;' but frequently used as merely equivalent to features or face. Sometimes shortened to *phiz*, as in Congreve, The Old Bachelor, iv. 4 (Belinda). ME. *finomie*, *visnomie*; also *finamy*, *finamy*. 'The fairest of *finamy* that fourmeed was euer'; Allit. Morte Arthure, ed. Brock, 3331; cf. l. 1114. = OF. *phisionomie*, which occurs in the 13th century (Littre); Cotgrave has 'Physiognomie, physiognomic, a guess at the nature, or the inward disposition, by the feature, or outward lineaments;' and he gives *physionomie* as an old form of the word. The mod. F. is *physiognomie*. [Observe that, though the *g* is now inserted in the word, it is not sounded; we follow the F. pronunciation in this respect.] Cf. Ital. and Span. *finonomia*, features, countenance. Formed as if from a L. **physiognōmia*, but really corrupted from a longer form *physiognōmōnia*, which is merely the L. form of the Gk. word. = Gk. *φυσιογνωμονία*, the art of reading the features; for which the shorter form *φυσιογνωμία* is occasionally found. = Gk. *φυσιογνωμον*, skilled in reading features, lit. judging of nature. = Gk. *phusis*, extended from *phōs*, from *phōs*, nature; and *γνώμων*, an interpreter; see *Physio* and *Gnomon*. Der. *phiz*, *physiognom-ist*.

PHYSIOLOGY, the science of nature. (F.—L.—Gk.) In Blount's Gloss., ed. 1674. = F. *physiologie*, in Cotgrave. = L. *physiologia*. = Gk. *φυσιολογία*, an inquiry into the nature of things. = Gk. *phusio-*, extended from *phōs*, from *phōs*, nature; and *-λογία*, a discourse, from *lôgos*, speech, which from *lêv*, to speak. See *Physios* and *Legend*. Der. *physiologi-c-al*, *physiologi-c-al-ly*.

PHYTOID, plant-like; resembling plants. (Gk.) A term

in zoology. = Gk. *φύσις*, a plant; and *εἶδος*, form, appearance. Gk. *φύσις* (lit. 'product') contains the same base as *φύσις*, nature; see *Physio*, *Be*.

PI-PY

PIACULAR, expiatory, or requiring expiation. (L.) Little used now. Blount, ed. 1694, has both *piacular* and *piaculous*. = L. *piaculāris*, expiatory. = L. *piaculum*, an expiation; formed, with suffixes *-culu-*, from *piare*, to expiate, propitiate, make holy. = L. *pius*, sacred, pious; see *Pious*, *Expiate*.

PIANOFORTE, PIANO, a musical instrument. (Ital. - L.) Generally called *piano*, by abbreviation. Added by Todd to Johnson's Dict. Invented A.D. 1717; first made in London, 1766 (Haydn). So called from producing both *soft* and *loud* effects. = Ital. *piano*, soft; and *forte*, strong, loud. = L. *piānus*, even, level (hence, smooth, soft); and *fortis*, strong. See *Plain* and *Force* (1). Der. *pian-ist*, a coined word.

PIASTRE, an Italian coin. (F. - Ital. - L. - Gk.) '*Piastre*, a coin in Italy, about the value of our crown; Blount's Gloss., ed. 1674. = F. *piastre*, in Cot. = Ital. *piastro*, 'any kind of plate or leaf of metal'; *piastro d'argento*, 'a coin or plate of silver used in Spain' (Florio). [But the form of the word is Italian.] Closely allied to Ital. *piastro*, 'a plaister'; Florio. Cf. also Ital. *plasma*, 'a kind of coin or plate of silver in Spain', id. In fact, the word is a mere variant of *Plaster*, q.v. The lamina of metal was likened to a plaster or 'flattened piece'.

PIAZZA, a square surrounded by buildings; a walk under a roof supported by pillars. (Ital. - L.) Properly pronounced *piatza*, as in Italian, with the Ital. vowel-sounds. First in Foxe (1583); described in Blount's Gloss., ed. 1674, at which time it was applied to the piazza in Covent Garden. 'The piazza or market-stead'; Foxe, Martyrs, p. 1621, an. 1555 (R.). = Ital. *piazza*, 'a market-place, the chiefest street or broad way or place in a town'; Florio. = Folk-L. **Mattea*, for L. *platea*; see *Place*. Doublet, *place*.

PIBROCH, the music of the bag-pipe, a martial tune. (Gaelic - F. - L.) '*Pibrochs* or airs; Smollett, Humphry Clinker, letter dated Sept. 3. 'The *pibroch* resounds, to the piper's loud number, Your deeds on the echoes of dark Loch na Garr'; Byron, *Lachin u' Gair* (1807). '*Pibroch* is not a bag-pipe, any more than duet means a fiddle'; Edinb. Review, on the same. = Gael. *piobairachd*, 'the art of playing on the bag-pipe, piping; a pipe-tune, a piece of music peculiar to the bag-pipe,' &c. = Gael. *piobair*, a piper. = Gael. *piob*, a pipe, a bag-pipe; from E. *pipe*; see *Pipe*.

PICA, a kind of printer's type. (L.) See *Pie* (1) and (2).

PICADOR, in bull-fighting; a horseman armed with a light lance. (Span. - Teut.) Span. *picador*; lit. 'pricker'; from *picar*, to prick; see *Piccadill*.

PICANINNY, PICCANINNY, a baby, a child, esp. among the negroes. (Span.) Spelt *pequeñeces* in Steadman's Surinam, i. 258; dimin. of *pequeño*, small, little. = Span. *pequeño*, small; allied to Ital. *piccolo*, small. Of uncertain origin.

PICCADILL, PICKADILL, a piece set round the edge of a garment, whether at the top or bottom; most commonly the collar; Nares. (F. - Span. - Teut.) See *Piccadell* in Nares. '*Pickadill*, the round hem, or the several divisions set together about the skirt of a garment, or other thing, also a kind of stiff collar, made in fashion of a band'; Blount's Gloss., ed. 1674. Also in Minshew, ed. 1627. = F. *piccadille*, *picadille*; Cot. explains the pl. *picadilles* by 'picadilles', the several divisions or pieces fastened together about the brim of the collar of a doublet. 'The form of the word shows it to be of Spanish origin; it is formed, with dimin. suffix *-illo*, from Span. *picado*, pp. of *picar*, to prick, to pierce with a small puncture (Neuman). Cf. *picada*, a puncture, incision made by puncture; *picadura*, a puncture, an ornamental gusset in clothes (Neuman). = Span. *pica*, a pike, a long lance, a word of Teut. origin; see *Pike*. Der. *Piccadilly*, the street so named, according to Blount and Nares; first applied to 'a famous ordinary near St. James's'.

PICHA, a small copper coin in the E. Indies. (Marāthī.) From Hind. and Marāthī *paishā*, a copper coin, of varying value; the Company's *paishā* is fixed at the weight of 100 grains, and is rated at 4 to the *anna*, or 64 to the rupee; H. H. Wilson, Gloss. of Indian Terms, p. 389. And see *Yule*.

PICK, to prick with a sharp-pointed instrument; hence, to peck, to pierce, to open a lock with a pointed instrument, to pluck, &c. (E.) The sense 'to choose' or 'gather flowers' is due to a niceness of choice, as if one were picking them out as a bird with its beak. All the senses ultimately go back to the idea of using a sharply pointed instrument. ME. *pihken*, *picken*, Chaucer, C. T. 14973; in the Six-

text edition (B 4157) the Camb. MS. has *pihke*, where the rest have *pehke*. 'Get wolde he teteren and *pihken* mid his bile' = yet would tear in pieces and pluck with his bill; where another MS. has *pihken* for *pihchen*; Ancrén Riwle, p. 84. β. Allied to ME. *pihen* (with one k), as in 'to *pyhen* and to weden it'; P. Plowman, B. xvi. 17; AS. *pician*, to pick. 'And lēt him *pician* ūt his eagan' = and caused his eyes to be picked out; Two Saxon Chronicles, ed. Earle, an. 796, p. 267. From AS. *pic*, a point, pike; see *Pike*. γ. Cf. also Icel. *pihka*, to pick, to prick; Du. *pihken*, to pick; G. *pihen*, to pick, peck. [Also Irish *piocaim*, I pick, pluck, nibble; Gael. *pioic*, to pick, nip, nibble; W. *pigo*, to pick, peck, prick, choose; Corn. *piga*, to prick, sting; from E.] Der. *pick-er*, Hamlet, iii. 2. 348; *pick-lock*, *pick-pocket*, *pick-purse*, Chaucer, C. T. 1900; also *pickax* q.v., *picket*, q.v., *piquet*. Also *pick-fork* = ME. *pykheforke*, Prompt. Parv. Perhaps *pick-le*, *pic-nic*. Doublets, *pick* (1), *pick*, verb.

PICKAX, a tool used in digging. (F. - Teut.) A *pickax* is not an ax at all, but very different; the name is an ingenious popular adaptation of the ME. *pihois* or *pikeys*; see my note to P. Plowman, C. iv. 465. '*Pyheys*, *mattokke*'; Prompt. Parv. 'Mattok is a *pyheys*, Or a *pyke*, as sum men seys'; Rob. of Brunne, Handlyng Synne, 940. The pl. appears as *pikeys* in the Paston Letters, ed. Gardner, i. 106; and as *pikeys*, Riley, Memorials of London, p. 284. = AF. **pikeys*; OF. *picais*, MF. *piequis*, 'a pickax'; Cot. = OF. *piquer*, 'to prick, pierce, or thrust into'; Cot. = F. *pie*, 'a mason's pickax'; Cot.; still called 'a pick' by English workmen. = Late L. *pica*, a pickax; of Teut. origin; see *Pike*.

PICKET, a peg for fastening horses; a small outpost. (F. - Teut.) The sense of 'outpost' is secondary, and named from the *picketing* of the horses, i.e. fastening them to pegs. Not in early use; in Phillips, ed. 1706. = F. *piquet*, spelt *piquet* in Cotgrave, who explains it as 'a little pickax, also the peg or stick thrust down into the earth by a surveyor that measures with cord or a chain.' Dimin. of *pie*, a pickax (above). Der. *picket*, verb. Doublet, *piquet*.

PICKLE, a liquid in which some eatables are preserved. (E. 1) ME. *pihil*, *pykil*. '*Pykil*, sawce, *Picula*'; Prompt. Parv. Cf. Du. *pekel*, pickle, brine; Low G. *pekel*, the same (Bremen Wörterb.). β. Origin uncertain; the old story that *pickle* took its name from its inventor, whose name is given as *William Beukeler* in Pennant's British Zoology, vol. iii, and as *William Böckel* in the Bremen Wörterbuch, is an evident fable; b would not thus become p. By way of mending matters, the name is turned into *Pökel* in Malin's Webster, to agree with G. *pekel*, pickle; but then *Pökel* will not answer to the Du. form *pekel*. γ. Wedgwood's suggestion is preferable to this, viz. that the name is E., and is the frequentative of the verb to *pick*, in the sense 'to cleanse', with reference to 'the gutting or cleansing of the fish with which the operation is begun.' The prov. E. *pickle*, to pick, to peck at, is still in use; and the Prompt. Parv. has '*pykelyng*, purgalioc', derived from '*pykyn*, or clensyn, or cullyn owte the onclene, purgo, purgulo, segrego.' Also '*pykyng*, or clensynge, purgacio.' See *Pick*. Der. *pickle*, sb., brine; whence the phr. a *rod* in *pickle*, i.e. a rod soaked in brine to make the punishment more severe; also to be in a *pickle*, i.e. in a mess.

PICNIC, an entertainment in the open air, at which each person contributes some article to the common table. (F. - Teut.) Added by Todd to Johnson's Dict. The word found its way into French as early as 1693 (Ménage), and was then spelt as *piquenique*. It also found its way into Swedish before 1788, as we find in Widenroth's Swed. Dict. of that date the entry '*picknick*, an assembly of young persons of both sexes at a tavern, where every one pays his club; i.e. his share. β. A coined word; from Teut. elements; there can be little doubt that the first element is MDu. *picken*, to pick up (as a bird), to reap; cf. E. *pick*. γ. The latter element is difficult to explain; in reduplicated words, with riming elements, one of the elements is sometimes unmeaning, so that we are not bound to find a sense for it. At the same time, we may, perhaps, assign to *nique* the sense of 'trifle'; cf. MF. *niquet*, 'a knick, snap with the teeth or fingers' [Du. *knikken*, to snap], a trifle, matter of small value; Cot. Cf. E. *knick-knacks*, trifles, spelt *nick-nacks* in Hotten's Slang Dictionary. Indeed *Knock* calls a picnic a *knicknack*; Nabob, Act I; see Davies, Snip, Glossary.

PICOTEE, a variety of the carnation. (F. - Teut.) Lit. 'spotted.' = F. *picoté*, spotted; pp. of *picoter*, to spot. = F. *piquer*, to prick. = F. *pie*, a pickax. Of Teut. origin; see *Pike*.

PICRIC, as in *picric acid*, used in dyeing. (Gk.) Formed by adding *-ic* to Gk. *πικρὸν*, bitter. Allied to Gk. *πικρὸν*, to cut, shear, and to *πικρῶς*, variegated, AS. *fah*, variegated (Frellinger).

PICTURE, a painting, drawing. (L.) 'The *picture* of that lady's head'; Spenser, F. Q. ii. q. 2. Englished (in imitation of F. *peinture*, a picture) from L. *pictura*, the art of painting, also a picture. = L. *pict-us*, pp. of *pingere*, to paint; see *Paint*. Der.

picur-esque, in Johnson's Dict., ed. 1755, s.v. *Graphically*, Englished from Ital. *pittoresco*, like what is in a picture, where the suffix is the L. *-icus*, Gk. *-ikos*, cognate with AS. *-ice*, E. *ish*; hence *picture-sque*, *-ness*. Also *picior-i-al*, Sir T. Browne, *Vulg. Errors*, b. iii. c. 24. § 2, formed with suffix *-al* from L. *picior-i-us*, pictorial, from *picior-i*, decl. stem of *picior*, a painter, related to *picus*, pp. of *pinger*.

PICUL, the same as **PICUL**, q. v.

PIDDLE, to trifle with. (Scand.) 'Neuer ceasynge piddelynge about your bowe and shantes;' Ascham, *Topophilus*, ed. Arber, p. 117. Perhaps a weakened form of *pittle*, to keep picking at, to trifle with (see E. D. D.) = Swed. *pittla*, to keep picking at, frequent. of Swed. *peta*, to pick, poke (Kietz). Hence *piddling*, paltry, used as an adj.; see E. D. D.

PIC (1), a magpie; mixed or unsorted printer's type. (F.—L.) The unsorted type is called *pie* or *pi*, an abbreviation of *pica*; from the common use of *pica*-type. It is ultimately the same word as *pie* = magpie, as will appear; see **PIC** (2). ME. *pie*, *pye*, a magpie; Chaucer, C. T. 10964 (F 650) = F. *pie*, 'a pie, pyannat, meggatapy'; Cot. (See **MAGPIE**). = L. *pica*, a magpie. β. Doubtless allied to L. *picus*, a woodpecker; and prob. to Skt. *pika*, the Indian cuckoo. Note also Irish *pighead*, Gael. *pighead*, a magpie, Gael. *pighead*, a robin, W. *pi*, *piog*, *piogen*, a magpie; from E. or L. Der. *pi-ed*, variegated like a magpie, L. L. v. 2. 904; *pi-ed*-ness, variegation, Wint. Tale, iv. 4. 87; and see *pie-bald*.

PIC (2), a book which ordered the manner of performing the divine service. (F.—L.) 'Moreover, the number and hardness of the rules called the *pie*;' Introd. to Book of Common Prayer, 1661. Here, as in the case of **PIC** (1), the word *pie* is a F. form of the L. *pica*, which was the old name for the Ordinal: 'quod usitato vocabulo dicitur *Pica*, sine directorium sacerdotum,' Sarum Breviary, fol. 1, cited in Procter, *On the Book of Common Prayer*, p. 8. The name *pica*, lit. magpie, was perhaps given to these rules from their 'pied' appearance, being printed in the old black-letter type on white paper, so that they resembled the colours of the magpie. β. The word *pica* is still retained as a printer's term, to denote certain sizes of type; and a hopeless mixture of types is *pie*. ¶ In the oath 'by cock and pie,' *Merry Wives*, i. 1. 316, *cock* is for the name of God, and *pie* is the ordinary or service-book.

PIC (3), a pastry. (F.—L.) ME. *pie*, Chaucer, C. T. 386 (A 384). Probably the same as **PIC** (2); the name may be due to a medieval pleasantness, as denoting the miscellaneous nature of the contents. In the *Halves Book*, ed. Furnivall, pt. ii. p. 37, l. 51, we find the L. pl. *pias* (= *pieces*) apparently in the sense of pies or pasties; the next word is *pastilli*, i.e. pasties; cf. 'pyes et pastellis' in quot. dated 1303 in N. E. D. ¶ Gael. *pioghe*, a pie, is from E.

PICBALD, of various colours, in patches. (Hybrid: F.—L.; and C.) 'A *piebald* steed,' Dryden, tr. of Virgil, *Æn.* ix. l. 54. Richardson quotes it in the form 'A *pie-bald* steed,' which is a correct old spelling. Compounded of *pie* and *bald*. β. Here *pie* signifies 'like the magpie,' as in the word *pie*. *Bald*, formerly *half'd* or *ball'd*, signifies 'streaked,' from W. *bal*, having a white streak on the forehead, said of a horse. See further under **PIC** (1) and **Bald**. ¶ A like compound is *skew-bald*, i.e. streaked in a skew or irregular way.

PICEER, a portion, bit, single article. (F.—C.) ME. *pece*, Rob. of Glouc. p. 555, l. 11590; the spelling *pice* is rarer, but occurs in Gower, C. A. i. 395; bk. iii. 465.—OF. *picea*, mod. F. *picee*, a piece. [Cf. Span. *pieza*, a piece; Prov. *pessa*, *peça* (Bartsch); Port. *peça*; Ital. *pezza*.] = Late I. *pettia*, *pettia*; allied to Late L. *petium*, a piece of land, used as early as A.D. 730. From a Gaulish type *petti-*, answering to O.Celtic type *petti-*, a piece, a portion; evidenced by W. *peth*, a piece, a thing, Corn. *peth*, Bret. *pez*, a piece; cf. *petti-*, as in Irish and Gael. *cuid*, *Olirish cuid*, a piece, share. So Thurneysen, Stokes, Körtling. Der. *piece*, vb., Hen. V. prol. 23; *piece-less*, *piecer*, *piece-work*; also *piece-meal*, q. v.

PIECE-MEAL, by portions at a time. (Hybrid: F. and E.) ME. *pece-male*; Rob. of Glouc. has by *pece-male*, p. 216, l. 4422. The sense is retuplicated, meaning 'by piece-pieces.' For the first element, see **PICEER**. β. The second element is the ME. termination *-male*, found also in *flokmele*, in a flock or troop, lit. 'in flock-pieces,' Chaucer, C. T. 7962 (E 86); *lim-male*, limb from limb, lit. 'in limb-pieces,' Layamon, 25618. A fuller form of the suffix is *-melum*, as in *wukmelum*, week by week, Ormulum, 536; *hityl-melum*, by heaps, Wyclif, Wisdom, xviii. 23. See Koch, *Eng. Gram.* ii. 292. ME. *-melum* = AS. *melum*, dat. pl. of *māl*, a portion; and see **Meal** (2).

PIEPOWDER COURT, a summary court of justice formerly held at fairs. (F.—L.) Explained in Blount's *Nomolexicon*, ed. 1691; he says, 'so called because they are most usual in summer, and suitors to this court are commonly country-clowns with dusty feet.' At any rate, the L. name was *curia pedis pulverisati*, the court

of the dusty foot; see Ducange, s.v. *curia*. And see AF. *pe-poudroux* in Liber Albus, p. 67; i.e. F. *pie* *poudroux*. The E. *piepowder* is an adaptation of OF. *pie* *poudr*, i.e. dusty foot. = F. *pie*, a foot, from L. acc. *pedem*; and OF. *poudr*, dusty, pp. of *poudrier*, *poudrer*, to cover with dust, from *poudre*, *poudre*, dust. See **Foot** and **Powder**. ¶ Blount refers us to the statute 17 Edw. IV. cap. 2; &c. Cf. 'Les pielez... qe lem appelle *pepoudroux*;' Black Book of the Admiralty, li. 22.

PIER, a mass of stone-work. (F.—L.—Gk.) In Shak. Merch. Ven. i. 1. 19. ME. *pere*. 'Pere, or pyle of a brygge [bridge], or other fundament' [foundation]; Prompt. Parv. Early E. *pere*, Birch, Cart. Saxon. iii. 650 = AF. *pere*, a stone; Langtoft, i. 124. = L. *petra*, stone; see **Petrify**. (And see the Supplement.) Der. *pier-glass*, orig. a glass hung on the stone-work between two windows.

PIERCE, to thrust through, make a hole in, enter. (F.—I. ?) ME. *percer*, Rob. of Glouc. p. 17, l. 391. = F. *percer*, to pierce, gore; Cot. OF. *percier* (Roland-song). β. Origin uncertain; the suggestion in Diez, that *percer* is contracted from OF. *peruisier*, with the same sense, is ingenious, but somewhat violent; Hatfield equates *percer* to a Late L. type *peruisiure*, which may have become *peruisiure*. *Peruisiure*, occurring in the 12th century, is from *peruis*, a hole, and is parallel to Ital. *perugiare*, to pierce, from *perugiolo*, a hole; and to Prov. *peruare*, to pierce. γ. The Ital. *perugiare* answers to a Late L. type *perusiare*, from L. *perusinus*, pp. of *perundere*, to thrust through, bore through, pierce, a compound of *per*, through, and *undere*, to beat; see **Couture**. δ. The suggestion above is supported by these considerations: (1) that the L. *per*, through, seems certainly to be involved in F. *percer*; and (2) that L. *perundere* gives the right sense. Ennius has *latus perudit hasta*, which is exactly 'the spear pierced his side.' ¶ Hartsch suggests a type *per-litire*, to go through; see Körtling, §§ 7057, 7082. Der. *piere-er*; also *piece-able*, spelt *perceable* in Spenser, F. Q. i. 1. 7.

PIERY, the quality of being pious. (F.—L.) In Shak. Timon, iv. 1. 15; Lyly, *Euphues*, p. 103. = F. *piet*, piety; omitted by Cotgrave, but given in Sherwood's index. = L. *pietatem*, acc. of *pietatis*, piety. Formed with suffix *-ias*, from *pie*, for *pias*, pious; see **Pious**. Doublet, *piety*.

PIG, a porker, the young of swine. (E) ME. *pigge*, Ancræn Riwle, p. 204, l. 9. Cf. prov. E. *peg*, a pig (Berks.). Perhaps the AS. form was *peoga* (for *peg-ga* ?). Cf. also the AS. form *peog*; as in 'of swinforda oðr *peog*es forð'; Birch, Cart. Saxon. iii. 223. But the connexion is doubtful. Allied to MDu. *pigge*, 'a pigge,' Hexham; and perhaps to Du. *bigge*, *big*, a pig; Low L. *bigge*, a pig; also, a little child; 'de biggen *lopet* woren under de vôte,' the children run under one's feet; Bremen Wörterbuch. Der. *pig*, verb; *pigge-ih*, *pigge-ry*; *pig-head-ed*, used by Ben Jonson, *News from the New World* (near beginning), *pig-tail*; *pig-nut*, Temp. ii. 2. 172. Also *pig-iron*: 'A *sow* of iron is an ingot; *I'ano di metallo*, a mass, a *sow* or ingot of metal (Florio). When the furnace in which iron is melted is tapped, the iron is allowed to run into one main channel, called the *sow*, out of which a number of smaller streams are made to run at right angles. These are compared to a set of pigs sucking their dam, and the iron is called *sow* and *pig* iron respectively. Probably the likeness was suggested by the word *sow* having previously signified an ingot.—Wedgwood. But probably the original use of *sow* and *pig* referred merely to size. Add to this, that *sow* may very well have been applied jocularly to an ingot, owing to its bulk and weight. Ray mentions these *sows* and *pigs* in his 'Account of Iron-work;' see Ray's Glossary, ed. Skeat (E. D. S.), Gloss. B. 15, p. 13.

PIGEON, the name of a bird. (F.—L.) Spelt *pyone* (= *pyon*) in the Prompt. Parv. p. 396; *pygon* in Caxton, tr. of Reynard the Fox (1481), ed. Arber, p. 58. = F. *pigeon*, 'a pigeon, or dove'; Cot. [Cf. Span. *pichon*, a young pigeon; Ital. *piccione*, *pippione*, a pigeon.] = L. *pipitum*, acc. of *pipio*, a young bird, lit. 'a chirper' or 'piper.' = L. *pipere*, to chirp, cheep, pipe; see **Pipe**, **Peep**. Of imitative origin, from the cry *pi*, *pi* of the young bird. Der. *pigeon-hole*, *pigeon-hearted*; *pigeon-livered*, Hamlet, ii. 2. 605.

PIGGIN, a small wooden vessel. (E.) 'Piggin, a small wooden cylindrical vessel, made with staves and bound with hoops like a pail;' Brockett. Cotgrave translates F. *trayer* by 'a milking pail, or piggin.' [Iij] *piggin*s, Lanc. and Ches. Wills, p. 113 (1541). [Cf. Gael. *pigeon*, a little earthen jar, pitcher, or pot; diminutive of *piegadh* (also *pieg*), an earthen jar, pitcher, or pot; Irish *pigin*, a small pail, *pieghead*, an earthen pitcher; W. *pycin*, a piggin; all from E.] Extended from *pig*, in the sense of 'earthen vessel,' as in G. Douglas, tr. of Virgil, bk. vii. ch. 14, l. 25. The suffix is the E. *-en*, as in *wood-en*; or, possibly, Gael. *-an*, dimin.

PIGHT, old form of *pitched*; see **Pitch** (2).

PIGMENT, a paint, colouring matter. (L.) In Blount's Gloss.,

ed. 1674.—*L. pigmentum*, a pigment; formed with suffix *-mentum* from *pig-*, base of *pingere*, to paint; see **Paint**. Der. *or-piment*, *or-pine*. Doublet, *pimento*.

PIGMY, the same as **Pygmy**, q.v. (F.—L.—Gk.)

PIKE, a sharp-pointed weapon, a fish. (E.) 1. ME. *pike*, *pyke*, in the sense of a pointed staff, P. Plowman, R. v. 482; spelt *pie*, in the sense of spike, Layamon, 3073a. AS. *pie*: 'Acisculum, *pie*;' Voc. 3. 13. And cf. Northumb. *horn-pie*, as a gloss to *L. pinnam*. Luke, iv. 9. (Hence Irish *pie*, a pike, fork; *picidh*, a pike or long spear, a pickax; Gael. *pie*, a pike, weapon, pickax; W. *pie*, a point, pike, bill, beak, *picell*, a javelin; Bret. *piek*, a pick, pickaxe.) 2. The orig. sense is 'sharp point' or 'spike'. Allied to **Spike**, **Spoke**, and see **Pick**. 3. ME. *pike*, a fish; 'Bet is, quod he, a *pyk* than a *pikeret*,' Chaucer, C. T. 9293 (E 1419). So called from its sharply-pointed jaws; see **Hake**. The young pike is called a *pikeret*, or *pikeret* (Nares), formed with dimin. suffixes *-er* and *-el*, like *cock-er-el* from *cock*. Der. *piek-ed*, old form of *peaked*, Rob. of Brunne, tr. of Langtoft, p. 328, l. 8; *pike-head*, Spenser, F. Q. i. 7. 37; *pike-man*; *pike-staff*, i.e. *pick-staff* or staff with a spike. ME. *pyk-staf*, P. Plowman, R. v. 105. Also *pick*, vb., *peck*, *pick*, vb.; *pickax*; *picardill*, *pickel*, *piquet*, *picnic*. Doublets, *peak*, *pick*, sb., *pique*, sb.

PIKUL, the name of a weight. (Malay.) See **Pecul** in sb.—Malay *pikul*, the Malay name for the Chinese weight of 100 catties or *katis*. About 133 pounds avoirdupois. See **Caddy**.

PILASTER, a square pillar or column, usually set in a wall. (F.—Ital.—L.) Spelt *pilaster*, *pillaster* in Phillips, ed. 1706. *Pilaster* in Chapman, tr. of Homer, Od. vii. 121. Also in Cotgrave.—F. *pilastre*, 'a pilaster or small pillar'; Cot.—Ital. *pilastro*, 'any kind of pillar or pilaster'; Florio. Formed with suffix *-stro* from *ital. pila*, 'a flat-sided pillar'; Florio.—*L. pila*, a pillar; see **Pile** (2). Der. *pilaster-ed*.

PILAU, an Oriental dish; see **Pillau**.

PILCHE, a furried garment. (L.) For the various senses, see N. E. D. It orig. meant a warm furried outer garment. ME. *pilche*, Ancrer Riwle, p. 362, last line. AS. *pylce*, in Scraduiga, ed. Bouterwek, p. 20, l. 28; *pylce*, Voc. 328. 11.—*L. pellicea*, fem. of *pellis*, made of skins; see further under **Pelisse**. Cf. Felt. Doublet, *pelisse*.

PILCHARD, the name of a fish. (E.?) 'A *Pilcher* or *Pilchard*,' Minshew, ed. 1627; *pilchard*, Barett, ed. 1580. 'Pylicher, a fysshe, sardine,' Palsgrave. Spelt *pilcher* in Shak. Tw. Nt. iii. 1. 39 (first folio). Of uncertain origin; cf. Irish *pisleir*, a pilchard (from E.). 2. The prov. E. *pick* means to filch, to pick; see E. D. D. and N. E. D.; whence *pick-er* might be derived.

PILCROW, a curious corruption of **Paragraph**, q.v. And see Notes on E. Ktym., p. 215.

PILE (1), a tumour, lit. a ball; only in the pl. *piles*. See **Piles**.

PILE (2), a pillar; a heap. (F.—L.) ME. *pila*, *pyle*, P. Plowman, R. xix. 360; C. xii. 366.—F. *pila*, 'a pile, heap, or stack'; Cot.—*L. pila*, a pillar; a pier or mole of stone. Der. *pila-driver*; also *pillar*, q.v., *pil-aster*, q.v. ¶ *Pile* in the heraldic sense is an imitation of a sharp stake; see **Pile** (3). In the old phrase *cross and pile*, equivalent to the modern *head and tail*, the allusion is to the stamping of money. One side bore a cross; the other side was the under side in the stamping, and took its name from the *pila* or short pillar (*L. pila*) on which the coin rested. Thus Cot. translates F. *pila* (which here = *pila*, not *pila*) by 'the *pila*, or under-iron of the stamp, wherein money is stamped; and the *pila-side* of a piece of monie, the opposite whereof is a cross; whence, *Il n'ay croix ne pile*'—I have neither cross nor pile.

PILE (3), a stake. (L.) ME. *pila*, P. Plowman, R. xvi. 86. AS. *pil*, a pointed stick, something pointed.—*L. pilum*, a javelin; orig. a pestle. For **pila-lom* = *L. pinsere*, to pound+Sk. *pish*, *pinish*, to pound. ¶ The heraldic *pila* is a sharp stake; from F. *pila*, m. 'a javelin'; Cot.; from *L. pilum*. Brugmann, ii. § 76.

PILE (4), a hair, fibre of wool. (L.) In Shak. All's Well, iv. 5. 103; cf. *three-piled*, *L. L. v. 2. 407*. Directly from *L. pilus*, a hair (the F. form being *poil*). Cf. Gk. *πῖλος*, felt. Brugmann, ii. § 76. Der. *pil-ose*, *three-piled*. Also *pil-at-or-y*, *pl-ush*, *per-uke*, *per-i-wig*.

PILES, hemorrhoids. (L.) In Minshew, ed. 1627. Spelt *pyles* in Sir T. Elyot, Castel of Helth, b. iii. c. 9. Small tumours; directly from *L. pila*, a ball. Cf. MF. *pila*, 'a ball to play with'; Cot.

PILFER, to steal in a small way, filch. (F.) In Shak. Hen. V. i. 142.—OF. *pelfrer*, to pilfer.—OF. *pelfre*, booty, pelf. See **Pelf**. Der. *pilfer-ings*, K. Lear, ii. 2. 151.

PILGRIM, a wanderer, stranger. (Ital.—L.) ME. *pilgrim*, Chaucer, C. T. 26; earlier forms *pilgrim*, *pelgrim*, Layamon, 30730, 30744. [The final *m* is put for *n*, by the frequent interchange between liquids.]—Ital. *pellegrino*, 'a wanderer, pilgrim, stranger';

Florio. (Cf. Prov. *pellegrins*, a pilgrim (Bartsch), Port. and Span. *peregrino*).—*L. peregrinus*, a stranger, foreigner; used in Heb. xi. 13, where the A. V. has 'pilgrims.' Orig. an adj. signifying strange, foreign, formed from adv. *pergrat*, away from home; allied to the sb. *perger*, a traveller. This sb. was also orig. an adj. signifying 'on a journey,' abroad or away from home, lit. 'passing through a (foreign) country'.—*L. per*, through; and *ager*, a land, country, cognate with E. *acre*. The vowel-change from *a* in *ager* to *e* in *perger* is regular. See **Per-** and **Aore**. Der. *pilgrim-ager*, Chaucer, C. T. 12; formed with suffix *-age* in imitation of OF. *pelerinage*, 'a peregrination or pilgrimage'; Cot. Doublet, *peregrine*, chiefly used of the *peregrine* or 'foreign' falcon, Chaucer, C. T. 10742 (K 428). And see **Peregrination**. ¶ The form is Italian, notwithstanding its early use; due to the fact that English pilgrims frequently went (like King Alfred) to Rome. The OF. *pelerin* had no *g*; but cf. Roumansh *pelegrin*.

PILL (1), a little ball of medicine. (L.) 'Pocyns, electuaries, or *pylles*,' Sir T. Elyot, Castel of Helth, b. iii. c. 5. Contracted, like MDn. *pille*, a pill, Late *L. pilla*, from *L. pilula* (as recipes were in Latin). The Late *L. pilla* occurs in Gemma Gemmarum, Colonie, 1507. The same book has the spelling *pillula*. Cf. OF. *pila*, a pill; F. *pilule*, 'a physical pill'; Cot.—*L. pilula*, a little ball, globule, pill. Dimin. of *pila*, a ball; see **Piles**.

PILL (2), to rob, plunder. (F.—L.) Also spelt *peel*; see **Peel** (2). [But the words *peel*, to strip, and *peel*, to plunder, are from different sources, though much confused; we even find *pill* used in the sense 'to strip.' The sense of 'stripping' goes back to *L. pellis*, skin, as shown under **Peel** (1).] ME. *pillen*, most MSS. *pillen*, Chaucer, C. T. 6944 (D 1362); also *pillen*, Rob. of Brunne, tr. of Langtoft, p. 42, l. 9.—F. *pillier*, 'to pill, ravage, ransack, rifle, rob'; Cot.—*L. type* *piliare*, from *L. pilare*, to plunder, pillage; a rare verb, used by Ammianus Marcellinus; a later use of *piliare*, to deprive of hair; from *pilus*, a hair. Der. *pill-age*, plunder; we find 'such as delyte them in *pyllage* and robbery' in Fabyan, Chron. vol. i. c. 114, ed. Ellis, p. 37; from F. *pillage* (as if from a *L. *pilaticum*). Hence *pill-ag-er*, for which *pill* was formerly used, spelt *pillour* in Chaucer, C. T. 1009 (A 1007).

PILLAGE, plunder; see under **Pill** (2).

PILLAR, a column, support. (F.—L.) In early use. ME. *pilar*, O. Eng. Homilies, ed. Morris, i. 281, l. 29.—OF. *pilar* (Littre), later *pillier*, 'a pillar'; Cot. [Cf. Span. and Port. *pilar*, a pillar.]—Late *L. pilare*, a pillar; formed (with adj. suffix) from *L. pila*, a pier of stone; see **Pile** (2).

PILLAU, PILAU, a dish of meat or fowl with rice and spices. (Pers.) In Terry, Voy. to India, p. 195 (Pegge).—Pers. *pillau*, the same; Rich. Dict., p. 335.

PILLION, the cushion of a saddle, a cushion behind a saddle. (C.—L.) Spenser speaks of a horseman's 'shamuck-pillion (shank-pillion) without stirrups.' View of the State of Ireland, Globe ed. p. 639, col. 2, l. 21. [Not the same word as *pylion*, a kind of hat, in P. Plowman's Crede, 839; which is from *L. pylus*.] *Pyllion* for a woman to ryde on,' Palsgrave. Lowl. Sc. *pyliane* (1503); N. E. D.; prob. borrowed from Gaelic. Cf. Irish *pillin*, *pillin*, a pack-saddle; Gael. *pillcan*, *pillin*, a pack-saddle, riding-cloth; allied to Irish and Gael. *peall*, a skiu; all from *L. pellis*, a skin. See **Peel**, **Fell** (2).

PILLORY, a wooden frame with an upright post, to which criminals were fastened for punishment. (F.) ME. *pillory*, Politt. Songs, ed. Wright, p. 345; *pillory*, P. Plowman, R. iii. 78, C. iv. 79 (see my note on the line).—F. *pillori*, 'a pillory'; Cot. 2. Of unknown origin; other remarkable variants occur, viz. OF. *pilorin*, *pellorin*, Port. *pelourinho*, Prov. *espilorin*, Late *L. pilloricum*, *spiloricum*, &c., cited by Littre and Scheler. There seems to have been a loss of initial *s*.

PILLOW, a cushion for the head. (L.) ME. *pillow*, Gower, C. A. i. 142; bk. i. 2986. The change from ME. *-ow* to E. *-ow* is regular; cf. *arrow*, ME. *arwe*. But it is less easy to explain the ME. form, as the usual AS. form is *pyle*, Alfred, tr. of Orosius, b. v. c. 11. § 1. However, there is a by-form *pylu*, which is more correct; it occurs in the gloss: 'cervical, *pylu*;' Napier's glosses, 29. 4. This AS. *pylu* is from a type **pulwi*; from *L. pulvinus*, acc. of *pulvinus*, a cushion, pillow, bolster; a word of uncertain origin. 2. The *L. pulvinus* also gave rise to Du. *peulne*, a pillow; OHG. *phulwi*, MHG. *phulwe*, G. *pfühl*, a pillow; Westphalian *pül*. Der. *pillow*, vb., Milton, Ode on Christ's Nativity, l. 231; *pillow-case*.

PILOT, one who conducts ships in and out of harbour. (F.—Ital.—Gk.) Spelt *pylot* in Gascoigne, Voyage into Holland, A. D. 1572, l. 44; cf. Maeb. i. 3. 28.—MF. *pylot*, 'a pilot or steersman'; Cot. Mod. F. *pilote*; whence *piotier*, to take soundings, a word used by Palsgrave, ed. 1823, p. 709. Corrupted from OF. *pedot*, a pilot (Godefroy).—Mital. *pedota*, 'a pilot or guide by sea'; Florio.—Late

Gk. **πηδάρης*, a steersman; regularly formed, with suffix -*της* (of the agent) from *πηδᾶν*, a rudder, the blade of an oar. Körtling, § 6986. Der. *pilot*, vti., *pilot-ages*, *pilot-cloth*, *pilot-fish*.

PIMENTO, all-spice or Jamaica pepper; or, the tree producing it. (Port.—L.) Also called *pimenta*; both forms are in Todd's Johnson.—Port. *pimenta*, pepper (Vieyra); there is also (according to Malin) a form *pimento*. The Spanish has both *pimenta* and *pimento*; but the E. word clearly follows the Port. form. β. The (F.) *piment* meant 'a spiced drink,' and hence the ME. *piment*, Rom. of the Rose, 6027. All these forms are from L. *pimentum*, (1) a pigment, (2) the juice of plants. See **Pigment**.

PIMPE, a pandar, one who procures gratification for the lust of others. (F.—L.) Not an old word. **Pol.* Let me see; where shall I chuse two or three for *pimps* now? Middleton, A Mad World, Act iii (end). Of unknown origin; but perhaps suggested by MF. *pimprement*, *pimpreau*, 'a grig (kind of eel); also, a knave, rascal, varlet, scoundrell;' Cot. So also OF. *pimprel*, a small eel, a lively fellow, in an unfavourable sense (Godefroy). Cf. Norm. dial. *pimpreau*, *pimpreau*, a kind of small eel (Moisy); Late L. *pimprella*, *pipella* (Ducange). β. Or perhaps allied to MF. *pimper*, 'to spruce, or finic it;' Cot. Allied to the Prov. verb *pimper*, to render elegant, from the Prov. sh. *pimpa*, equivalent to F. *pigeau*, meaning (1) a pipe, (2) a bird-call, (3) a snare; with an allusion to an old proverb *piper en une chose*, to pipe in a thing, i.e. to excel in it. Hence *pimper* came to mean (1) to pipe, (2) to excel, (3) to beautify or make smart. Cf. also F. *pimpe*, 'spruce' (Cot.), especially applied to ladies whose dress attracted the eye (Littre).

γ. Thus *pimper* is from *piper*, to pipe; see **Pipe**.
PIMPERNEL, the name of a flower. (F.—L.) Spelt *pimpernel* in Sir T. Elyot, Castel of Helth, b. iii. c. 6. **Hec pimpreulla*, *pimpernelle*;' Voc. 645, 10. **Pimponella*, *pimpernelle*; Voc. 603, 7. Also: **Pimprelle*, (AF.) *pimpre*, (ME.) *brides-tung*;' Voc. 557, 35.—MF. *pimprelle*, *pimprelle*, 'the burnet;' Cot.; mod. F. *pimpernelle*; Norm. dial. *pimprelle* (Moisy). Cf. Span. *pimprella*, burnet; Ital. *pimprella*, *pimprelle*; Late L. *pimprella* (Hatzfeld). β. Diez derives it from L. **bipinella* < **bipennia*, a dimin. from *bipennis*, i.e. double-winged. The *pimprelle* was confused with burnet (see Prior), and the latter (*Poterium sanguisorba*) has a feather-like arrangement of its leaves. Cf. Rosa *pimprella* (L.). γ. If this is right (which is highly doubtful), we trace the word back to *bi-*, for *bi*, twice; and *penna*, a wing; see **Bi-** and **Pen-**. 8. Diez also cites Catalan *pampinella*, l'edimoutse *pampinella*, but regards these as corrupter forms, since we can hardly connect *pimprelle* with L. *pampinus*, a tendril of a vine.

PIMPLE, a small pustule. (Scand.?) Spelt *pimpel* in Minshew, ed. 1627; *pimple* in Haret (1580). Prov. E. *pumple* (E. D. D.). **Pimples* or little wheales;' Udall, tr. of Erasmus' Apophthegmes, Diogenes, § 6. **Pymple*, pustule;' Palsgrave. [The alleged AS. *pimpel* is Lye's misprint for *winpel*; Voc. 125, 8.] Apparently not an E. word, but perhaps Scand. Prob. allied to Norw. *pump-en*, swollen up, particularly in the face (Ross). There seems to have been a Scand. strong verb **pimpa* (pt. t. **pamp*, pp. **pump-in*), of which traces are found in Swed. dial. *pimp-ug*, swelling out, full-pump; pregnant; Dan. dial. *pamp-er*, a thickset man, Norw. *pump*, a small fat man (Ross); cf. Bavar. *pampfen*, to stuff, *pumpf-grob*, very coarse or thick, *pumpet*, thick-set. Hence perhaps also F. *pompette*, 'a pumple or pimple on the nose, or chin,' Cot. Cf. **Pamper**.

PIN, a peg, a small sharp-pointed instrument for fastening things together. (L.) ME. *pinne*, Chaucer, C. T. 196, 10630 (F 316). AS. *pin*, a pin, also a pointed style for writing (Toller). The ME. *pinne* or *pin* often means 'a peg' rather than a small pin in the modern sense. β. We also find Irish *pinne*, a pin, peg, spigot, stud, *pin*, a pin, peg; Gael. *pinne*, a pin, peg, spigot; W. pin, a pin, style, pen; Du. *pin*, pin, peg; MDu. *pense*, a wooden pin, peg (Hexham); *pinne*, a small spit or ironish staff, the pinnacle of a steeple (id.). Swed. *pin*, a peg, Dan. *bind*, a (pointed) stick; Icel. *pinni*, a pin; G. *pin*, to pin; *pin*, a peg. γ. All borrowed words from L. *pinna*, a wing, fin, pinnacle; cognate with E. *fin*. See Brugmann, ii. § 66 (note). Der. *pin*, verb, L. L. v. 2. 321, ME. *pinnen*, Prompt. Parv.; *pin-afore*, so called because formerly pinned in front of a child, afterwards enlarged and made to tie behind; *pin-case*, Skelton, Elinor Kummynge, 529; *pin-cushion*; *pin-money*, Spectator, no. 295; *pin-point*; *pin-er*, (1) a pin-maker, (2) the lappet of a head-dress, Gay, Shepherd's Week, Past. 5, l. 58; *pin-t-le* (= *pin-et-el*), a little pin, a long iron bolt (Webster). And see *pin-ac-le*, *pin-ate*, *pin-on*. ¶ The sense of peg or pointed instrument arose from that of 'pinnacle,' as in *pinna templi*, Luke, iv. 9.

PINCH, to nip, squeeze, gripe. (F.) ME. *pinchen*, Chaucer, C. T. 328 (A 326); P. Plowman, B. xiii. 371. O. North. F. *pinchier*, Norm. dial. *pincher*, Moisy; Guernsey *pincher*, Métivier; F. *pincer*, 'to pinch, nip, twitch;' Cot. β. This is a nasalised form of M. Ital.

picciare, *pizzare*, 'to pinch, to snip' (Florio), mod. Ital. *pizzicare*, to pinch; see Diez for other related forms. γ. These verbs are allied to the sb. which appears as Ital. *pinza*, a sting, a pinc, *pinzette*, pincers. 8. The orig. sense seems to have been 'a slight pricking with some small pointed instrument;' the word being formed from a base *pie* (probably Teut.) allied to E. *pick*; see **Pick**. Cf. Du. *pien*, *pien*, to pinch (Hexham). Der. *pinch-er*; *pinch-ers* or *pinners*, ME. *pinners*, Voc. 627, 19; with which cf. F. *pinces*, 'a pair of pincers;' Cot. And cf. **Pink** (1).

PINCHBECK, the name of a metal. (Personal name.) It is an alloy of copper and zinc, to resemble gold. Added by Todd to Johnson's Dict.; also in Ash's Dict., ed. 1775. So named from the inventor, Mr. Christopher Pinchbeck, the elder, a London watch-maker (sb. 1670-1732). See Notes and Queries, Ser. I. vol. xii. p. 341; Ser. II. vol. xii. p. 81. Cf. Mason's Ode to Mr. Pinchbeck (the younger) on his patent snuffers (1776). β. The name was probably taken from one of the villages named East and West Pinchbeck, near Spalding, Lincolnshire.

PINDER, **PINNER**, one who impounds stray cattle. (L.) See the anonymous play, 'A pleasant conceited Comedie of George-a-Greene, the pinner of Wakefield,' London, 1599. Spelt *pinder* in the reprint of 1632. ME. *pinder*, *pinner*; spelt *pyndare*, *pinnar* in Prompt. Parv. p. 400; and see Way's note. Formed, with suffix -*er* of the agent, from AS. *pyndan*, to pen up; *Elfrid*, tr. of Gregory's Pastoral Care, c. xxxix, ed. Sweet, p. 282, l. 13. *Pyndan* is formed (with the usual vowel-change from *u* to *y*) from the AS. sh. *pund*, a pound for cattle; see **Pound** (2), **Pinfold**. ¶ The spelling *pinner* is due to a supposed connexion with the verb *to pen up*; but there is no real relationship. See **Pen** (2).

PINE (1), a cone-bearing, resinous tree. (L.) ME. *pine*, Legends of the Holy Rood, ed. Morris, p. 70, l. 307; spelt *pine*, Gower, C. A. ii. 161; bk. v. 1010. AS. *pin*; *pin-treow*, a pine-tree; Voc. 138, 3.—L. *pinus*. β. *Pinus* is allied to Gk. *pinus*, a pine, Skt. *pitru-ditr*, lit. 'resin-tree,' and to L. *pinu-ita*, phlegm, also 'resin.' See **Pip** (1). Der. *pine-apple*, because the fruit resembles a pine-cone, which was called a *pine-apple* in ME.; cf. Palladius on Husbandry, bk. iii. 1049, where a pine is called *pinappultrae*; *pine-cone*; *pine-ry*, a place for pine-apples, a conical wood. Also *pin-ace*.

PINE (2), to suffer pain, waste away, be consumed with sorrow. (L.) ME. *pinen*, almost always transitive, signifying 'to torment;' Rom. of the Rose, 3511; Chaucer, C. T. 15065 (B 4249); merely formed from the sb. *pine*, pain, torment, Chaucer, C. T. 1326 (A 1324). AS. *pinian*, to torment, A.S. Chron. an. 1137; AS. *pin*, pain, torment, A.S. Chron. an. 1137. See also *pinian*, verb, in Toller. β. Not a Teut. word, but borrowed from L. *poena*, pain; see **Pain**. Hence also G. *pin*, Du. *pin*, &c.

PINFOLD, a pound for cattle. (E.) In Shaks. K. Lear, ii. 2. 9. For *bind-fold*, i.e. pound-fold; see P. Plowman, B. xvi. 264, C. xix. 282, where we find *poundfold*, *pondfold*, *pyndfold*. See **Pound** (2), **Pinder**. The AS. variant *pinfold* occurs in Birch, Cart. Saxon. iii. 309.

PINION, a wing, the joint of a wing. (F.—L.) Used in Shaks. to mean 'feather,' Antony, iii. 12, 4; he also has *nimble-pinioned* = nimble-winged, Rom. ii. 5, 7. ME. *pinion*. 'Pynyon of a wyngge, *pinula*;' Prompt. Parv. = F. *pinion*, only given by Cotgrave in the sense of 'a small, cop, or small pinnacle on the ridge or top of a house, like mod. F. *pinion*, a gable-end. The sense of the E. word was derived from OF. *pinion*, a feather (Godefroy, s. v. *pennon*); and the Span. *pinon* means 'pinion,' as in English. β. Both F. *pinion* and Span. *pinon* are derivatives from L. *pinna*, variety of *penna*, a wing; whence E. *pen* (1); confused with L. *pinna*, a fin. The Late L. *pinna* means 'a peak,' whence the sense of F. *pinion*; the same sense appears in L. *pinaculum*. See **Pin**, **Pinna**, &c. ¶ The E. *pinion*, in the sense of 'a small wheel working with teeth into another,' is really the same word; it is taken from F. *pinion*, with the same sense (Littre), which is from L. *pinna*, in the sense of 'float of a water-wheel.' Cotgrave gives 'pinion, the pinion of a clock.' Der. *pinion*, verb, lit. to fasten the pinions of a bird, hence, to tie a man's elbows together behind him, K. Lear, iii. 7. 23.

PINK (1), to pierce, stab, prick. (E.) Esp. used of stabbing so as to produce only a small hole, as, for instance, with a thin rapier. The word, though unusual, is still extant. **Pink*, to stab or pierce; in the days of rapier-wearing a professed duellist was said to be 'a regular *pink* and driller;' Slang Dictionary. Todd quotes from Addison's Drummer, iv. 2. 'They grew such desperate rivals for her, that one of them *pinked* the other in a duel.' Cotgrave has: **Eschiffeur*, a cutter or *pink*. Shaks. has *pink'd forringer*, i.e. a cap reticulated or pierced with small holes, Hen. VIII. v. 4. 50. ME. *pinkin*, to prick. **Heo pyntkes with heore penne on heore parchemyn* = they prick with their pens on their parchment; Polit. Songs, ed. Wright, p. 156. β. It is best to regard *pink* as the regular nasalised

form of *pick*, in the sense 'to peck, prick'; see *Pick*. In fact, the E. *pink*, to cut silk cloth in round holes or eyes (Bailey), is parallel to MF. *pieger*, with the same sense (Cotgrave). See also *Pinoch*, which is an allied word.

PINK (2), half-shut, as applied to the eyes. (Du.) Obsolete. 'Plumpy Bacchus, with pink eye;' Shak. Ant. ii. 7. 121. It means 'winking, half-shut;' from MDu. *pinken*, or *pink-oogen*, 'to shut the eyes, Hexham; where *ooge* = eye. The notion is that of bringing to a point, narrowing, or making small. Cf. prov. E. *pink*, to contract the eyes. The same notion comes out in the verb *to pink*; also in prov. E. *pink*, a minnow, i.e. a very small fish. See also *Pink* (3).

PINK (3), the name of a flower, and of a colour. (E.) Spelt *pinche*, as the name of a flower, Spenser, Shep. Kal. April, l. 136. [The name of the colour is due to that of the flower, as in the case of violet, mauve. Again, the phrase 'pink of perfection' is prob. due to Shakespeare's 'pink of courtesy,' a forced phrase, as remarked by Mercutio; Romeo, ii. 4. 61.] The flower seems to have been named from the delicately cut or peaked edges of the petals; see *Pink* (1) and *Pink* (2). Cf. 'The lagged pinkes'; Baret (1580). See also Lyte, tr. of Dodocens, bk. i. c. 7. The use of *pink* in the sense to pierce, to cut silk cloth into round holes or eyes, has already been noted; see *Pink* (1). We may note 'pink'd porringer,' i.e. cap ornamented with eyelet-holes, in Shak. Hen. VIII, v. 4. 50. Cf. MF. *pince*, 'a pink,' Cotgrave (see also *pinces*); from *pinzer*, to pinch, nip.

PINK (4), a kind of boat. (Du.) See Nares. 'Hoy's, *pinkes*, and sloops;' Calibre, The Borough, let. 1, l. 52. 'A *Pinke*, a little ship;' Baret (1580).—Du. *pink*, a fishing-boat. Short for MDu. *espíncke*, as shown by Hexham, who has: '*Espincke*, or *pincke*, a pink, or a small fisher's boat' (whence also F. *pingue*, Span. *pingue*, a pink). This is the same word as Swed. *espín*, Icel. *espíngr*, a long boat; formed with suffix *-ing* from *esp*, signifying 'aspén,' of which wood it must have been first made. Cf. Icel. *espí*, aspen-wood; MDu. *espe*, 'an aspe-tree;' Hexham. See *Aspen*.

PINK-EYED, having small eyes. (Hybrid; Du. and E.) 'Them that were *pink-eyed* and had very small eyes, they termed *ocella*;' Holland, tr. of Pliny, b. xi. c. 37 (on the Eye). See Nares. 'Plumpy Bacchus, with pink [half-closed] cyne;' Antony, ii. 7. 121.—Du. *pinken*, to wink. Hexham has: '*pincke*, light, or an eye; *pincken*, ofte [or] *pinck-oogen*—, to shut the eyes; *pinpooge*, ofte [or] *pinpoogen*, pink-eyes, or pink-eyed.' See *Pink* (2).

PINNACE, a small ship. (F.—Ital.—L.) In Shak. Merry Wives, i. 3. 89.—F. *pinasse*, 'the pitch-tree; also, a pinnaee;' Cot.—Ital. *pinaccia*, *pinazza*, 'a kind of ship called a pinnaee;' Florio. So called because made of pine-wood.—L. *pinus*, a pine; see *Pine* (1). There is also an OF. *espinnace*, a pinnaee (Ducange, s.v. *spinnacia*), found in 1451; perhaps it obtained its initial *es-* by confusion with MDu. *espíncke*; see *Pink* (4). Cf. the form *espyns* in Harbour, Bruce, xvii. 719.

PINNACLE, a slender turret, small spire. (F.—L.) ME. *pinacle*, Gower, C. A. ii. 124; bk. iv. 3662; spelt *pyncle*, Wyclif, Matt. iv. 5.—F. *pinacle*, 'a pinnacle, a spire;' Cot.—L. *pinnaclum*, a pinnacle, peak of a building; Matt. iv. 5 (Vulgate). Double dimin. (with suffixes *-cu-lu-*), from *pinna*, a wing, fin; Late L. a pinnacle (Luke, iv. 9). See *Pin*.

PINNATE, feather-like. (L.) A botanical term. '*Pinnata folia*, among herbalists, such leaves as are deeply indented, so that the parts resemble feathers;' Phillips, ed. 1706.—L. *pinna*, substituted for *pennatus*, feathered.—L. *penna*, a feather. See *Pen* (2).

PINT, a measure for liquids. (F.—Span.—L.) ME. *pinthe*, *pynte*; Prompt. Parv.—F. *pinthe*, 'a pint;' Cot.—Span. *pinta*, a spot, blemish, drop, mark on cards, pint. So called from the pint being marked by a mark outside (or inside) a vessel of larger capacity.—Late L. *pineta*, a pint (A. D. 1249); for L. *pineta*, fem. of *pinetus*, painted, marked, *pd* of *pingere*, to paint. Cf. Span. *pinitor*, a painter, *pintura*, a painting.

PIONEER, a soldier who clears the way before an army. (F.—L.) Formerly written *pioner*, Hamlet, i. v. 163. This may have been merely an E. modification, as the whole word appears to be F. Richardson quotes the spelling *pyoner* from Berners' tr. of Froissart, vol. i. c. 138.—F. *pionnier*, 'a pioneer;' Cot. B. F. *pionnier*, OF. *peonier*, is a mere extension of F. *pion*, OF. *peon*, a foot-soldier; with the more special meaning of foot-soldier who works at digging mines. For the etymology of OF. *peon*, see *Pawn* (2).

PIONNY, the same as *Peony*, q.v.

PIOUS, devout. (F.—L.) In Macb. iii. 6. 12, 27; Hamlet, iii. i. 48.—F. *pieux* (fem. *pieuse*); 'pious, godly;' Cot. The OF. form was *pius* (Littré), directly from L. *pius*, holy; not from a form **piōus*. Brugmann, li. § 433. Der. *piouus-ly*; *piety*, Timou, iv. 1. 15, a coined word, and a doublet of *piety*, q.v.; *piet-ist*, borrowed from G. *pietist*,

the name of a Protestant sect in Germany instituted about 1689 (Haydn), and taking their name from their *collegia pietatis*, the word being a mere coinage (with suffix *-ist*) from a part of the stem (*piet-*) of L. *pietūs*. And see *piety*.

PIP (1), a disease of fowls, in which a horny substance grows on the tip of the tongue. (Du.—L.) ME. *pyppe*, *pyppe* (once dissyllabic). '*Pyppe*, skenesse [sickness], *Pituita*;' Prompt. Parv. '*Pyppe*, a sickness, *pyppe*;' Palagrace.—MDu. *pyppe*, the pip; Hexham. Cf. also Walloon, *pipie* (Sigart), MF. *pipie*, 'pip;' Cot.; Norm. dial. *pipie*, pip; Span. *pipita*, the pip (Neuman); Ital. *pipita*, Port. *pevide* (in the phrase *pevide de gallinhas*, the pip). β. All from L. *pituita*, phlegm, rheum, the pip; which must have passed into the form **pituita*, whence **pipita*, Late L. *pipida*, and afterwards into that of *pipida*. We find also OHG. *phiphis*, the pip, cited by Diez; Du. *pip*; Swed. *pip*, &c. γ. L. *pituita* is formed (with suffix *-ita*, like *-itus* in *erinitus*) from a stem *pitu-*; for which see *Pine* (1).

PIP (2), the seed of fruit. (F.—L.—Gk.) This is nothing but a contraction of the old name *pipin* or *pepin*, for the same thing. *Pipin* is in Cotgrave; *pepin* in Holland, tr. of Pliny, b. xv. c. 14, ed. 1634, p. 438 l.; h. xvii. c. 10, p. 511 a, b.—MF. *pepin*, a pipin or kernel, the seed of fruit; Cot. Allied to Span. *pipita*, a pip, kernel; and prob. to Span. *pepino*, a cucumber. β. It is conjectured that the name was first applied to the pips of the melon or cucumber, and that the derivation is, accordingly, from L. *pepō*, a melon, borrowed from Gk. *πέπων*, a melon, orig. an adj. signifying 'ripe.' The Gk. *πέπων* meant 'ripened by the heat of the sun,' lit. 'cooked,' from *πῆναι*, base of *πέπων*, to cook, allied to Skt. *pach*, to cook, and to L. *coquere*; see *Cook*. Körting, § 7023. ¶ The odd resemblance between Span. *pipita*, a pip, and *pepita*, the pip in fowls, is due to mere confusion; see *Pip* (1). They are not connected. See *Pippin*.

PIP (3), a spot on cards. (F.—L. 7) Cf. prov. E. *pip*, a spot on a dress, or on the face. But the old spelling is *peep*, or *peepe*, as in Shakespeare, Tann. Shrew, i. 2. 33. It sometimes meant a small blossom. Perhaps from the verb *to peep*; cf. prov. E. *peep*, a peep-hole, or an eye. See *Peep* (2).

PIPE, a musical instrument formed of a long tube; hence, any long tube, or tube in general. (L.) The musical sense is the orig. one. ME. *pipe*, Wyclif, Luke, vii. 32; Chaucer, C. T. 2752. The pl. *pipen* is in Layamon, 5110. AS. *pipe*, a pipe, A. S. Leechdoms, ed. Cockayne, li. 126, l. 3; and in comp. *sang-pipe*, a song-pipe, in the Glosses to Prudentius, 130. An imitative word; but borrowed from Latin.—Late L. *pipa*, a pipe; from L. *pipare*, to chirp. β. It well denotes a 'peeping' or chirping sound; the pipe was frequently used to imitate and decoy birds. It is very widely spread. We find Irish and Gael. *pipa*, a pipe, flute, tube; Irish *pipe*, a pipe, tube; W. *piob*, a pipe, tube, *pioban*, to pipe, pipe, to chirp, squirt. Also Du. *pippe*, Icel. *pipa*, Swed. *pipa*, Dan. *pipe*, G. *pfaffe*. Cf. also L. *pipire*, to peep or chirp as a young bird, Gk. *πῆναι*, to chirp. All from the repetition *pi-pi* of the cry of a young bird. Der. *pipe*, verb, Chaucer, C. T. 3874 (A 3876): *pipe-er*, *pipe-ing*; *pipe-day*; and see *pip-kin*, *pip-roch*. See also *peep* (1), *peep* (2). For *pipe*, 'a tun,' see below. Doublet, *pipe*.

PIPKIN, a small earthen pot. (L.; with E. suffix.) 'A *pipkin*, or little pot;' Minshew, ed. 1627. A dimin. (with suffix *-kin*) of E. *pipe*, in the sense of a vessel, chiefly applied to a cask of wine. 'I *pipe* vinei rubet;' York Wills, iii. 14 (1400). This particular sense may have been imported. It occurs in French, Spanish, Provençal, and Dutch. 'A *pipe*, a measure called a pipe, used for corn as well as wine;' Cot. Span. *pipa*, Prov. *pipa*. 'Een *pijpe* met oyle ofte wijn, a pipe or caske with oyle or wine;' Hexham.

PIPPIN, a kind of tart apple. (F.—L.—Gk.?) In Shak. Merry Wives, i. 2. 13; and in Minshew, ed. 1627. Cotgrave explains F. *ronette* as 'the apple called a *pipkin*, or a kind thereof.' Spelt *peppin*, Babees Book, p. 122, l. 79. AF. *peppins*, pl.; Wright's Vocab., 1st Ser. p. 150. Sometimes said to be named from *pip* (3), because of the spots upon it, which falls to explain the suffix *-in*. We must rather connect it with *pip* (2), of which the old spelling was actually *pipin*, as has been shown. That is, it was named with reference to the pips inside it (not outside); 'prob. an apple raised from the *pip* or seed,' Wedgwood; cf. Norm. dial. *pepin*, an apple raised from seed (Robin). See *Pip* (2). Hence we find: 'To plante trees of greynes and *peppins*;' Arnold's Chron., 1502; ed. 1811, p. 167. ¶ Hexham has MDu. *pippink*, *pippink*, a pipping, an apple so called; 'also *pupping*, an apple called a *pippink*.' But the Du. word seems to have been borrowed from E. Thus Sewel's Du. Dict. has yet another form *pippling*, with the example '*Engelsche pipplingen*, English pippins.'

PIQUE, wounded pride. (F.—Tent.) Oddly spelt *pique* in Cotgrave, who is an early authority for it.—MF. *piegue*, *piegue*, 'a pique; also, a pikeman; also a pique, debate, quarrel, grudge;' Cot. β. Of Tent. origin; see *Pike*. Der. *piquer*, verb; *piqu-ant* (as in '*piquant sauce*,'

Howell, Familiar Letters, vol. i, sect. 5, let. 38 [not 36], where, by the way, the spelling is *pickant*, from F. *piquant*, pres. part. of *piquer*, verb. Hence *piquant-ly*, *piquancy*.

PIQUET, a game at cards. (F.—Teut.) '*Piquet*, or *Pichet*, a certain game at cards, perhaps so called from *pique*, as it were a small contest or scuffle'; Phillips, ed. 1706. This is ingenious, and perhaps true; Littré says the game is supposed to have been named from its inventor; but Hatzfeldt derives it from F. *piquer*, v.b., to prick, to vex. Darmesteter derives it from the phrases *faire pique*, future *piqu*, employed in the game. Cf. F. *pic*, 'a pickaxe, a thrust'; Cot.; MF. *pieque*, 'a spade at cards'; id.; whence prov. E. *pick*, a spade (or a diamond) at cards. In any case, *piquet* is a doublet of *Picket*, q.v.

PIRATE, a sea-robber, corsair. (F.—L.—Gk.) In Shak. Merch. Ven. i. 3. 25.—F. *pirate*, 'a pirate'; Cot.—L. *pirata*.—Gk. *ὑεπαρής*, one who attempts or attacks, an adventurer (by sea). Formed with suffix -*της* from *ὑεπα-ω*, I attempt.—Gk. *ὑεπα*, an attempt, trial, essay. For **uip-a*; and allied to E. *ex-per-i-ence* and *fara*; see *Fare*, *Experience*. Der. *pirat-ic-ly*, *pirat-ical-ly*; *pirate*, verb; *piracy*.

PIROGUE, a sort of canoe. (F.—W. Indian.) Sometimes spelt *piragua*, which is the Span. spelling. '*Piragua*, or large Canoa'; W. Dampier, A New Voyage, i. 3 (1699). Both F. *piroque* and Span. *piragua* are from the native W. Indian name. The word is said by Oviedo to be Caribbean. 'Llamanlos los Caribes *piraguas*'; Oviedo, 1851, i. 271.

PIROUETTE, a whirling round, quick turn, esp. in dancing. (F.) Formerly used as a term in horsemanship. '*Pirouette*, a turn or circumvolution, which a horse makes without changing his ground'; Bailey's Dict., vol. ii. ed. 1751.—F. *pirouette*, 'a whirling, also a whirling about'; Cot. β. Origin unknown, according to Littré; but in Métyer's Dict. Franco-Normand appears the Guernsey word *pirone*, a little wheel or whirling, a child's toy, also Norm. dial. *piroue*, a top (Robin), of which *pirouette* is obviously the diminutive. [The spelling has prob. been affected by confusion with F. *roue* (L. *rota*), a wheel.] Prob. allied to Ital. *pirolo*, a peg, a child's top; origin unknown. Cf. also ME. *pirle*, *prille*, a whirling, child's toy; Prompt. Parv. p. 413; MF. *pirvallet*, a whirling (Cot.); Ital. *pirlo*, 'a top or a giggle, also a twirl'; Florio. Der. *pirouette*, vb.

PISCES, the fish; a zodiacal sign. (L.) ME. *Pisces*, Chaucer, C. T. 6286 (1704).—L. *piscis*, pl. of *piscis*, a fish; cognate with E. *Fish*, q.v. Der. *pisc-ine*; *pisc-ina*, a basin, from L. *pisc-ina*, a fish-pool, basin; *piscivorous*, fish-eating, from L. *vorare*, to devour; *pisc-at-ory*, from L. *piscatōrius*, belonging to fishing, from *piscator*, a fisherman, formed from *piscari*, to fish.

PISH, an interjection, expressing contempt. (E.) In Shak. Oth. ii. 1. 270; iv. 1. 42. Of imitative origin; it begins with expulsion of breath, as in *pooh*! and ends with a hiss.

PISMIRE, an ant. (Hybrid; F. and E.) In Shak. 1 Hen. IV. i. 3. 240. 'The old name of the ant, an insect very generally named from the sharp urinous smell of an ant-hill'; Wedgwood. ME. *pisse-mire* (four syllables), Chaucer, C. T. 7407 (1825).—ME. *pisse-mire*, and *mire*, an ant, Bestiary, 234. See *Pias*. β. The AS. *mire*, given in Benson's A.S. Dict., is unauthorised, but may be correct; still, the usual E. form is *emmet* or *ant*. Cf. Du. *mier*, MDu. *mire*, EFries. *mire*, an ant; Teut. type **mir-in-*. γ. We also find the somewhat similar (but unrelated?) forms: Swed. *myra*, Dan. *myre*, Icel. *murr*, an ant. Also Irish *moirbh*, W. *mor-grugyn*, Bret. *merienue*, Russ. *murr-uvai*, Gk. *μύρ-μύρ*, Pers. *mūr*, all meaning 'ant'. The Cornish *murrian* means 'ants'. δ. Wedgwood notes a similar method of naming an ant in the Low G. *miegemke*, an ant; from *migen* = L. *mingere*. And cf. Pomeran. *pismiren*, pl., pismires.

PISS, to discharge urine. (F.) ME. *pissen*, Mandeville's Travels, ed. Halliwell, ch. 23, p. 249.—F. *pisser*; supposed to be a Romance word, and of imitative origin. Der. *pis*, sb., Chaucer, C. T. 6311 (D 729); *pis-mire*, q.v.

PISTACHIO, **PISTACHO**, the nut of a certain tree. (Span.—L.—Gk.—Pers.) In Sir T. Herbert's Travels, ed. 1665, p. 80. Spelt *piachoe* or *piachoe-nut* in Phillips, ed. 1706.—Span. *piachach* (with *ch* as in English), a pistachio, pistachio-nut.—L. *pistacium*.—Gk. *πιστάχιον*, a nut of the tree called *πιστάχιον*.—Pers. *pištā*, *pištān*, the pistachio-nut; Rich. Dict. pp. 331, 332. Cf. Ital. *piastachio*, whence the form *piachach*.

PISTIL, the female organ in the centre of a flower. (L.) In Ash's Dict., ed. 1775. Named from the resemblance in shape to the pestle of a mortar.—L. *pistillum*, a small pestle; dimin. of an obsolete form **pistrum*, a pestle.—L. *pistum*, supine of *pisere*, to pound. Cf. Skt. *pisā*, to pound. (✓ PIS.) See *Pestle*. Doublet, *pestle*.

PISTOL, a small hand-gun. (F.—Ital.) In Shak. Merry Wives, v. 2. 53; and as a proper name.—F. *pistole*, 'a pistol, a great

horseman's dag'; Cot. [Here *dag* is an old name for a pistol.] Shortened from F. *pistole*, the same. β. We also find Ital. *pistolese*, 'a great dagger,' in Florio; and it seems to be agreed that the two words are closely connected; that the word *pistolese* is the older one; and that the name was transferred from the dagger to the pistol, both being small arms for similar use. The E. name *dag* for *pistol* confirms this; since *dag* must be the F. *dague*, a dagger. γ. The Ital. *pistolese* is known to have been named from a town in Tuscany, near Florence, now called *Pistoja*. The old name of the town must have been *Pistolia*; and this is rendered extremely probable by the fact that the old Latin name of the town was *Pistorium*, which would easily pass into *Pistolia*, and finally into *Pistoja*. 'Pistols were first used by the cavalry of England about 1544'; Haydn. Der. *pistol*, vb., Tw. Nt. ii. 5. 42; *pistol-et*. Doublet, *pistole*.

PISTOLE, a gold coin of Spain. (F.—Ital.) In Dryden, The Spanish Friar, A. v. Sc. 2. 'The dimin. form *pistole* is, in Beaum. and Fletcher, The Spanish Curate, Act i. sc. 1 (Jamie). Yet the word is not Spanish, but French. The forms *pistole* and *pistole*, in the sense of 'pistole,' are the same as *pistole* and *pistole* in the sense of *pistol*.—MF. *pistole*, 'a pistol, a dag, or little pistol, also, the gold coin termed a pistolet'; Cot. Diez cites from Claude Fanchet (died 1599) to the effect that the crowns of Spain, being reduced to a smaller size than French crowns, were called *pistoles*, and the smallest *pistoles* were called *bidets*; cf. *Ridet*, a small pistol; Cot. Thus the name is one of jocular origin; and the words *pistole* and *pistol* are doublets. *Pistol*, being more Anglicized, is the older word in English.

PISTON, a short cylinder used in pumps, moving up and down within the tube of the pump. (F.—Ital.—L.) In Bailey's Dict., vol. ii. ed. 1731.—F. *piston*, 'a pestle, or pounding-stick'; Cot. In mod. F. 'a piston'.—Ital. *pistone*, a piston; the same word as *pestone*, a large heavy pestle.—Ital. *pestare*, to pound.—Late L. *pistāre*, to pound; allied to *pistum*, pp. of *pisere*, *pisere*, to pound. See *Pestle*, *Pistil*, *Pea*.

PIT, a hole in the earth. (L.) ME. *pit*, Wyell, Luke xiv. 5; *put*, Ancren Riwle, p. 58, l. 4. AS. *pytt*, *pytt*; Luke xiv. 5.—L. *puteus*, a well, *pit*; Luke xiv. 5 (Vulgate). β. Perhaps orig. a well of pure water, a spring; and so connected with L. *puteus*, pure, from the same root as *pūrus*; see *Pure*. Der. *pit*, verb, to set in competition, a phrase taken from cock-fighting. γ. A *pit* is the area in which cocks fight; hence, to *pit* one against the other, to place them in the same *pit*, one against the other, for a contest; Richardson. The *pit* of a theatre was formerly called a *cock-pit*; Hen. V. prol. 11. Also *pit-fall*, Macb. iv. 2. 35; *pit-nar*, *cock-pit*; Hen. V. prol. 11.

PITAPAT, with palpitation. (F.) In Dryden, Epilogue to Tamerlane. A repetition of *pat*, weakened to *pit* in the first instance. Sir T. More says the old folks 'walked *pit-pat* upon a paire of patens'; Works, p. 94 d. See *Pat*.

PITCH (1), a black sticky substance. (L.) ME. *pitch*, *pych*; Rob. of Glouc. p. 410, l. 8485; O. Eng. Homilies, ed. Morris, l. 251, l. 24; older form *pih*, id. i. 269, l. 22. AS. *pic*, Exod. ii. 3.—L. *pic-*, stem of *pice*, *pitch*. Hence also Gk. *πίχ-*, allied to Gk. *πικρα* (for *πικ-ρα*). Cf. *Pine* (1). Der. *pitch*, verb; *pitch-y*, All's Well, iv. 4. 24. Also *pay* (2).

PITCH (2), to throw, to fall headlong, to fix a camp, &c. (F.) Spelt *pytche* in Palsgrave. A palatalized form of *pick*, to throw. Cor. i. 1. 204; esp. used of throwing a pike or dart. 'I *pyche* with an arrowe, *je darde*'; Palsgrave. It was particularly used of forcibly plunging a sharp peg into the ground; hence the phrase 'to *pitch* a camp,' i.e. to fasten the poles, tent-pegs, palisades, &c. 'At the cest Julius schal *pyche* tentis'; Wyell, Numb. ii. 3, where the later version has 'settle tentis.' The old pt. t. was *pychte* or *pyghte*, pp. *pyht*, *pyght*. 'A spere that is *pyght* into the erthe,' Mandeville's Travels, ed. Halliwell, p. 183. 'He *pyghte* him on the pomel of his heed'—he pitched [fell] on the top of his head; Chaucer, C. T. 2691 (A 269). 'Ther he *pyhte* his staf'—there he fixed his staff; Layamon, 20633. Allied to *pick*, verb; and probably related to *pie*. See *Pick*, *Pike*. Der. *pitch*, sb., Tw. Nt. i. 1. 12; *pitch-fork*, allied to ME. *pytforke* = pick-fork, Prompt. Parv. 'pick-pipe'.

PITCHER, a vessel for holding liquids. (F.—OHG.—L.) ME. *pycher*, *pycher*; English Gilds, ed. Toulmin Smith, p. 354, l. 12; *pycher*, Sir Perceval, l. 454; in Thornton Romances, ed. Halliwell.—OF. *pycher*, *pycher*, a pitcher; spelt *pychier* in Cotgrave, who gives it as a *Languecye* word. Cf. OP. *pychiers*, *pychiers* (Bartsch); Prov. *pychit*, *pychit* (Mistral); Haut-Maine *pyche*; Span. and Port. *pychel*, a tankard, Ital. *pycherro*, *bicchiero*, a goblet, beaker.—OHG. *pechāri* (G. *becher*).—Late L. *bicarium*, a goblet, beaker, wine-cup. The suggested connexion with Gk. *Bicos*, an earthen wine-vessel, is by no means certain. See *Beaker*, which is a doublet. Der. *pitcher-plant*.

PITH, the soft substance in the centre of stems of plants, marrow. (E.) ME. *piþh*, *piþa*, Chaucer, C. T. 6057 (D 475). AS. *piþa*, Ælfred, tr. of Boethius, c. xxiv, l. 10; lib. iii, pr. 11. 4-Du. pit, pith; MDu. *piþe* (Hexham); Low G. *peðik*, pith (Bremen Wörterbuch). Der. *piþ-y*, Tam. Shrew, iii. l. 68; *piþ-i-ly*, *piþ-i-ness*; *piþ-less*, 1 Hen. VI. ii. s. 11.

PITANCE, an allowance of food, a dole, small portion. (F.) ME. *pitance*, with one *t*, *pitance*, P. Plowman, C. x. 92; Ancrén Riwele, p. 1149, l. 5.—F. *pitance*, 'meat, food, victual of all sorts, bread and drink excepted'; Cot. *β*. Of disputed etymology; cf. Span. *pitanza*, a pitance, the price of a thing, salary; Ital. *pitanza*, a pitance, portion. In all probability the Ital. *pitanza* is a popular corruption due to a supposed connexion with *pietà*, pity, mercy, as if to give a pitance were to give alms. The Lombard form is still *pitance* (Dierz). Dierz connects *pitance* with OF. *pité*, a thing of little worth, which he further connects with *petit*, small; see *Piece*. *γ*. The Span. *pitar* means to distribute allowances of meat, &c., and is clearly a connected word; this seems at once to set aside any connexion with *pity* or *piety*. But Dugange gives the Late L. *pitantia* as a pitance, a portion of food (given to monks) of the value of a *pieta*, which he explains to be a very small coin issued by the counts of Poitiers (*moneta comitum Pictavensium*). This answers to OF. *pité*, 'the half of a maille, a French farthing'; Cot. *β*. This brings us back to the same OF. *pité*, but suggests a different origin for that word, viz. Late L. *pieta*, a Poitiers coin. And this L. *pieta* is supposed to be due to Late L. *Pictava*, i.e. Poitiers (5th cent.).

PITY, sympathy, mercy. (F.—L.) ME. *pit*, Floriz and Blancheflor, ed. Lumby, 539; Ancrén Riwele, p. 368, l. 14.—OF. *pit* (*piu*), 13th cent. (Littre); *pitit*, 12th cent. (id.)—L. *pitātem*, acc. of *pietas*; see *Piety*. Der. *pit-y*, verb, as You Like It, ii. 7. 117; *pit-able*, *pit-able-ness*; *pit-ful*, All's Well, iii. 2. 130; *pit-ful-ly*, *pit-ful-ness*; *pit-less*, As You Like It, iii. 5. 40; *pit-less-ly*, *pit-less-ness*; *pit-ing-ly*. Also *pit-ous*, a corruption of ME. *pit-ous*, Chaucer, C. T. 8956 (E 1080), spelt *pitous*, Rob. of Glouc., p. 204, l. 4180, from OF. *pitous*, mod. F. *pitieux*, 'pitiful, merciful', Cot.; from Late L. *pitiosus*, merciful. And hence *pitous-ly*.

PIVOT, a pin upon which a wheel or other object turns. (F.—Ital.—Late L.) In Cotgrave. *β*. *pivo*, 'the pivot or, as some call it, the tampion of a gate, or great door, a piece of iron, &c., made, for the most part, like a top, round and broad at one end and sharp at the other, whereby it enters into the *crappoudaine* [iron wherein the pivot plays]; and serves as well to bear up the gate as to facilitate the motion thereof'; Cot. Formed, with dimin. suffix *-ot*, from Ital. *piva*, a pipe.—Late L. *pipa*, a pipe; connected with L. *pipare*, *pipire*, to chirp as a bird; see *Pipe*. *β*. The Ital. *piva* meant (1) a pipe, (2) a tube with a fine bore, and so came to mean a solid peg, as well shown in the Ital. dimin. form *pivolo*, or *pivolo*, 'a pin or peg of wood, a setting or peaking stick to set ruffles with, also a gardeners' tool to set herbes with called a dibble'; Florio. *¶* Much disputed; see Dierz; and see the articles *piva* and *pivolo* or *pivolo* in Florio.

PIX, an old form of *Pix*, q.v.

PIXY, a fairy (Scand.). 'If a *pixie*, seek thy ring'; Scott, Pirate, ch. 23 (song). Also *pixy*, which is an older form.—Swed. dial. *pyss*, *pysske*, a little goblin (Rietz); cf. Norw. *pyssk*, an insignificant person (Ross). See Notes on F. Etym., p. 218; and E. D. I.

PLACABLE, forgiving, easy to be appeased. (L.) In Minshew, ed. 1627; and in Milton, P. L. xi. 151. Taken directly from I. *placabilis*, easily appeased; formed with suffix *-bilis* from *placāre*, to appease. Allied to *placere*; see *Pleasure*. Der. *placabil-y*, *placabile-ness*. Also *placabil-ty*, Sir T. Elyot, The Governour, b. ii. c. 6.

PLACARD, a bill stuck up as an advertisement. (F.—Du.) In Minshew, ed. 1627; he notes that it occurs in the 2nd and 3rd years of Philip and Mary (1555, 1556).—F. *placard*, *placuard*, 'a placard, an inscription set up; also a bill, or libell stuck upon a post; also, rough-casting or parqueting of walls'; Cot. The last is the orig. sense. Formed with suffix *-ard* (of OHG. origin, from G. *hart* = E. *hard*) from the verb *placuer*, 'to parge or to rough-cast, also, to clap, slat, stick, or paste on'; Cot.—Du. *plakken*, to paste, glue; formerly also 'to dawbe or to plaster'; Hexham. [The Du. *plakkaat*, a placard, is merely borrowed back again from the French.] The Du. *plakken* is prob. of imitative origin (Franck). Der. *placard*, verb. And see *plack*, *plaque*, *placket*.

PLACE, a space, room, locality, town, stead, way, passage in a book. (F.—L.—Gk.) In early use. In King Horn, ed. Lumby, 718.—F. *place*, 'a place, room, stead, . . . a faire large court'; Cot.—Folk-L. *plattia*; L. *platea*, a broad way in a city, an open space, courtyard. Sometimes *platea*, but properly *platea*, not a true L. word, but borrowed.—Gk. *πλατεια*, a broad way, a street; orig. fem. of *πλατός*, flat, wide.—Lithuan. *platus*, broad; Skt. *prathu-*, large, great; cf. Skt. *prath*, to spread out. And prob. allied to *Flat*.

Hence also *plant*, q.v. Der. *place*, verb, K. Lear, i. 4. 156; *place-er*; *place-man*, added by Todd to Johnson. And see *plaine*, *plaine*, *Doublet*, *plazza*.

PLACENTA, a substance in the womb. (L.) Called *placenta uterina* in Flavius, ed. 1706.—L. *placenta*, lit. a flat cake.—Gk. *πλακων*, a flat cake; cf. *πλαγ*, a flat surface. Der. *placent-ald*.

PLACID, gentle, peaceful. (F.—L.) In Milton, P. R. iii. 217.—F. *placide*, 'calm'; Cot.—L. *placidus*, gentle, lit. pleasing.—L. *placire*, to please; see *Pleasure*. Der. *placid-ly*; *placid-i-ty*, directly from L. *placiditas*, the F. *placidité* being late.

PLACK, a small copper coin, worth 4 pennies Scots. (F.—Du.) First used, spelt *plak*, of a somewhat different coin, in the reign of James III of Scotland (1460–88). Dugange has *placa* as the Latinized form (1426).—F. *plaque*, a coin; 'En ce temps (1426) courroit une monnoie a Paris nommee *plagues*'; qu. in Hatfield. Also a flat plate (Cot.).—F. *plaqueur*, 'to lay flat upon'; Cot.—Du. *plakken*, to paste, glue, &c. Cf. MDu. *placke*, 'a French sous'; Hexham. See *Placard*.

PLACKET, an apron, petticoat, a woman; a slit in a petticoat. (Du.) See Troll. and Cress. ii. 3. 22; K. Lear, iii. 4. 100. A variant of *placard*; see N. E. D.—Du. *plakkaat*, a placard; from Du. *plakken*, to stick up; with F. suffix *-ard*; and see *Placard*.

PLAGIARY, one who steals the writings of another, and passes them off as his own. (F.—L.) Spelt *plagiarius* in Minshew, ed. 1627, with the same definition as in Cotgrave (given below). [Sir T. Browne uses the word in the sense of *plagiarism*, Vulg. Errors, b. i. c. 6. § 7, yet he has *plagiarism* in the very next section. Bp. Hall has *plagiary* as an adj., Satires, b. iv. sat. 2. l. 84.]—F. *plaginaire*, 'one that steals or takes free people out of one country, and sells them in another for slaves'; also a book-stealer, a book-theft; Cot.—L. *plagiarius*, a man-stealer, kidnapper.—L. *plagium*, kidnapping; whence also *plagiare*, to steal or kidnap a free person; lit. to ensnare, net.—L. *plaga*, a net. Der. *plagiar-ize*, *plagiar-ism*, *plagiarist*.

PLAGUE, a pestilence, a severe trouble. (F.—L.) ME. *plage* (not common), Wyclif, Rev. xvi. 21, to translate I. *plagam*; the pl. *plagis* (= *plages*, *plagues*) is in Wyclif, Gen. xii. 17, where the Vulgate has the L. abl. *plāgā*.—OF. *plage*, *plague* (Godefroy). But the E. word was prob. taken directly from Latin, and spelt with final *-ue* at a later date.—L. *plāga*, a stroke, blow, stripe, injury, disaster.—Gk. *πληγή*, a blow, plague, Rev. xvi. 21. From the base *πληγ-*, as in *πληγή*, a blow, and in *πλησσειν* (for *πληγ-ειν*), to strike; cf. Lithuan. *plakti*, to strike; L. *plangere*, to strike. See Brugmann, i. § 569. *¶* The spelling *plage* occurs as late as in the Bible of 1557, Rev. xvi. 21. The *u* was introduced to keep the g hard. Der. *plague*, vb., Temp. iv. 192; spelt *plage* in Caxton's Reynard the Fox, p. 70, l. 9; *plague-mark*, *plague-spot*. And see *Plaint*.

PLAICE, a kind of flat fish. (F.—L.) ME. *plaise*, *plage*; Havelok, 896. Spelt *place*, *plaise* in Minshew, ed. 1627.—OF. *plais*, noted by Littre, s. v. *plis*; he also gives *plaise* as a vulgar F. name of the fish, the literary name being *plie*, as in Cotgrave.—Late L. *platissa*, (Voc. 40, 79, 24, 28); for I. *platessa*, a plaice (Lewis); whence the F. forms by the regular loss of *t* between vowels, and before a stressed vowel. *β*. So called from its flatness; from the base PLAT, flat, which appears also in Gk. *πλατός*, flat, broad. See *Place*. Cf. *Flounder* and *Flawn*.

PLAID, a loose outer garment of woollen cloth, chiefly worn by the Highlanders of Scotland. (Gael.—L.) Spelt *plad* in Sir T. Herbert, Travels, p. 313, who speaks of a 'Scotch *plad*'; also in Phillips, ed. 1706, and in Kersey, ed. 1715. 'Heland [Highland] *plaidis*.' Ane littil Interlud (Hannatyne MS.); l. 32. *Plaid* is in Johnson.—Gael. *plaid*, a blanket; cf. Irish *plaid*, a plaid, blanket. *β*. Macleod and Dewar consider *plaid* to be a contraction of Gael. (and Irish) *peallaid*, a sheep-skin. Cf. Gael. *peall*, a shaggy hide, a little covering. These words are from Gael. (and Irish) *peall*, a skin, hide, also a covering or coverlet. All from L. *pellis*, a skin; cognate with E. *fell*. See *Fell* (2). Der. *plaid-ed*.

PLAIN, flat, level, smooth, artless, evident. (F.—L.) ME. *plein*, *plain*. 'Thing that I speke it moot be bare and *pleyn*'; Chaucer, C. T. 11032 (F 720). 'The centre was so *pleyn*.' Will. of Palerne, 2217. 'Upon the *pleyn* of Salesbury'; Rob. of Glouc. p. 7, l. 155; where it is used as a sb.—F. *plain*, 'plain, flat'; Cot.—L. *plān-um*, acc. of *plānus*, plain, flat. *β*. Idg. type **plā-nos*; cf. Celtic type **plā-ros*, flat surface, W. *llawr*; see *Floor*. Prob. **plā-* is lengthened from **pel-*; see *pel-avos* in Prellwitz. Der. *plain*, sb., *plain-ly*, *plain-ness*; *plain*, adv.; *plain-dealer*, Com. of Errors, ii. 2. 88; *plain-deal-ing*, adj., Much Ado, i. 3. 33; *plain-deal-ing*, sb., Timon, i. 1. 216; *plain-hearted*; *plain-song*, Mids. Nt. Dr. iii. 1. 134; *plain-spoken*, Dryden, Preface to All for Love, § 3; *plain-work*. Also *ex-plain*. And see *plan*, *plane* (1), *planisphere*, *placenta*, *piano*.

PLAINTE, a lament, mourning, lamentation. (F.—L.) ME. *plainte*, Havelok, 134; Ancrén Riwele, p. 96, l. 18.—OF. *plainte* (11th

century, Littre), later *plainte*, 'a plaint, complaint'; Cot.—Late L. *placenta*, a plant; closely allied to L. *placētus*, lamentation. Both are allied to *placētus* (sem. *placenta*), pp. of *plangere*, to strike, beat, esp. to beat the breast as a sign of grief, to lament aloud. A nasalized form from the base PLAC, to strike; see **PLAGUE**. Der. *plaintiff*, q.v., *plaintive*, q.v.; also *com-plain*. The verb to *plain*, i.e. to mourn, is perhaps obsolete; it is equivalent to F. *plaindre* from L. *plangere*; see K. Lear, iii. 1. 39.

PLAINTIFF, the complainant in a law-suit. (F.—L.) It should have but one f. ME. *plaintif*; spelt *plaintif*, Eng. Gilds, ed. Toulmin Smith, p. 360, l. 18.—F. *plaintif*, 'a plaintiff'; Cot. Formed with suffix -if (L. -ius) from L. *placētus*, pp. of *plangere*, to lament, hence, to complain; see **PLAINT**. Doublet, *plaintive*.

PLAINTIVE, mournful. (F.—L.) Really the same word as the above, but differently used. In Daniel, Sonnet iv, To Delia.—F. *plaintif*, fem. *plaintive*, adj., 'lamenting, mournful'; Cot. See **PLAINTIFF**. Der. *plaintive-ly*, -ness.

PLAIT, a fold, braid; to fold together, interweave. (F.—L.) Minshew, ed. 1627, has 'to plait or wreath'. Shak. has *plait*, Romeo, i. 4. 89. For *plaited*, in K. Lear, i. 1. 183, the quartos have *plaited*, the folios *plighted*. Cotgrave translates F. *plier* by 'to fould, plait'. ME. *plaiten*, *pletten*, verb; *plait*, sb. 'Playe of a clothe, Plica; Playtyd, Plicatus; Playtyng, Plico'; Prompt. Parv. The pt. t. *plaited* is in P. Plowman, B. v. 212; spelt *pletid*, id. A. v. 126. The verb is formed from the sb., which alone is found in French.—OF. *plait*, *plet*, a fold (Hugury); Godefroy gives *plait* only; the mod. F. word is *pli*; Littre, s.v. *pli*, gives an example of the use of the form *plait* in the 13th century.—Late L. *plētum*, for *plētium*, by-form of L. *plētum*, acc. of *plētus*, pp. of *plēre*, to fill. The F. verb *plier* = L. *plēre*, and also appears as *plyer*, 'to plie'; Cot. See **PLY**. Der. *plait-er*. Doublets, *plait*, *plight* (2).

PLAN, a drawing of anything on a plane or flat surface; esp. the ground-plan of a building; a scheme. (F.—L.) In Phillips, ed. 1706; Pope, Essay on Man, l. 6.—F. *plan*, 'the ground-plan of a building'; Cot.—F. *plan*, adj. (sem. *plane*), flat, which first occurs in the 16th century (Littre); a 'learned' form of F. *plain*. A late formation from L. *planus*, plain, flat; the earlier F. form being *plain*; see **PLAIN**. Der. *plan*, verb, Pope, Satires from Horace, Ep. II. l. 374. Hence *plan-er*.

PLANE (1), a level surface. (F.—L.) In Phillips, ed. 1706, who speaks of 'a geometrical plane', 'a vertical plane', &c.—F. *plane*, fem. of the adj. *plan*, flat; with the E. sense of 'a plane', it occurs in Forcadel, *Éléments d'Euclide*, p. 3 (Littre), in the 16th century. See **PLAN**. We also find F. *plane* as an adj., as 'a plane surface'. See **PLANE** (2). Der. *planei-sphere*, q.v.

PLANE (2), a tool; also, to render a surface level. (F.—L.) 1. The carpenter's plane was so called from its use; the verb is older than the sb. in Latin. We find ME. *plane*, sb., a carpenter's tool, in the Prompt. Parv. This is the F. *plane* (Cot.), from Late L. *plāna*, a carpenter's plane (Lewis). 2. The verb is ME. *planen*, Chaucer, C. T. D. 1758; spelt *planyn* in the Prompt. Parv.—F. *planer*, to plane.—L. *planare*, to plane (Lewis). ¶ Lewis gives Corippus as the authority for the verb *planare*; Prof. Mayor gives me a reference to St. Augustine, de gen. c. Mauch. i. § 13. See **PLAIN**.

PLANE (3), **PLANE-TREE**, the name of a tree, with spreading boughs. (F.—L.—Gk.) MF. *plane*; Wyclif, Gen. xxx. 37; Squire of Iow Degree, ed. Kitson, l. 40; *plane-leef*, leaf of a plane, Trevisa, tr. of Higden, i. 187, l. 9.—F. *plane*, 'the great maple'; Cot.—L. *platannus*, acc. of *platanus*, a plane.—Gk. *πλάτανος*, the oriental plane; named from its broad leaves and spreading form (Liddell).—Gk. *πλάτος*, wide, broad. See Brugmann, i. § 444. ¶ Sometimes called *platane* (an inferior form) from L. *platanus*; ME. *platan*, Trevisa, tr. of Higden, ii. 303.

PLANET, a wandering star. (F.—L.—Gk.) So called to distinguish them from the fixed stars. ME. *plane*, Rob. of Glouc., p. 112, l. 2436.—OF. *planete*, 13th cent. (Littre); mod. F. *planète*.—L. *planētis*.—Gk. *πλανήτης*, a wanderer; lengthened form of *πλάνης*, a wanderer, of which the pl. *πλάνητες* was esp. used to signify the planets.—Gk. *πλανάω*, I lead astray, cause to wander; pass. *πλανώμαι*, I wander, roam.—Gk. *πλάνω*, a wandering about. Der. *planet-ary*, Timon, iv. 3. 108; *planet-oid* (see **ASTEROID**); *planet-stricken* or *planet-struck*, see Hamlet, i. 1. 162.

PLANE-TREE; see **PLANE** (3). **PLANGENT**, clashing, dashing, resounding, striking. (L.) Rare. In Sir H. Taylor, Philip van Artevelde, Part I, l. 1. 97: *I. plangent*, stem of *plangens*, pres. pt. of *plangere*, to strike; see **PLAINT**. **PLANISPHERE**, a sphere projected on a plane. (Hybrid; L. and Gk.) 'Planisphere, a plain sphere, or a sphere projected in plano; as an astrolabe'; Blount's Gloss, ed. 1674. A barbarous hybrid compound. From *plāni*, for L. *planus*, flat; and *sphere*, a word of Gk. origin. See **PLAIN** and **Sphere**.

PLANK, a board. (F.—L.) ME. *planks*, Will. of Palerne, 2778; Rob. of Brunne, Handlyng Synne, 5261.—North F. (Picard) *planke*; Norm. dial. *plangu*.—L. *placca*, a board, plank. So called from its flatness; it is a nasalized form from the base PLAK, with the idea of flatness. Cf. Gk. *πλακά* (gen. *πλακά-ος*), a flat stone; *πλακ-ίος*, made of board. See **PLAIOENTA**. Der. *plank*, verb. For The Central F. form *plancher* accounts for *plancher*, Meas. for Meas. iv. 1. 30.

PLANT, a vegetable production, esp. a sprout, shoot, twig, slip. (L.) ME. *plante*, Chaucer, C. T. 6345 (D 763). AS. *plantan*, the pl. *plantan* occurs in the entry 'Plantaria, gesāwena plantan' in Voc. 149. 22.—L. *planta*, a plant; properly, a spreading sucker or shoot. From the base PLAT, spreading, seen in Gk. *πλάτος*, spreading, broad. See **PLATE**. ¶ The L. *planta* also means the flat sole of the foot; hence 'to plant one's foot', i.e. to set it flat and firmly down. Der. *plant*, verb, Chaucer, C. T. 6346 (D 764); AS. *geplantian*, Mercian version of Psalm, ciii. 16; *plant-er*; *plant-at-ion*, see Bacon, Essay 33, Of Plantations, from L. *plantāre*, a planting, which from *plātūre*, to plant. Also *plant-ing*, *plant-ain*, *plant-grade*.

PLANTAIN (1), the name of a plant. (F.—L.) ME. *plantain*, Chaucer, C. T. 16049 (G 581).—F. *plantain*, 'plantain, waybread'; Cot.—L. *plantāginem*, acc. of *plantāgo*, a plantain; Pliny. β. So named from its flat spreading leaf, and connected with *planta*; see **PLANT**. So also arose the ME. name *waybred*, AS. *wegbrēde*, 'properly way-bread, but called way-bread,' Cockayne's A.S. Leechdoms, vol. ii. Glossary; however, the AS. -brēde represents the sb. *brēda*, breadth. So also the G. name *wegbreit*.

PLANTAIN (2), a tree resembling the banana. (F.—Span.—L.) 'Oranges and plantains, which is a fruit that groweth upon a tree'; Hakluyt, Voy. vol. ii. pt. 2, p. 129.—OF. *plantain*, variant of *planta*, orig. a plane-tree (Godefroy).—Span. *plantano*, a plantain; variant of *platano*, (1) a plane-tree, (2) a plantain.—L. *plantanum*, acc. of *plantanus*, a plane. See **PLANE** (3).

PLANTIGRADE, walking on the sole of the foot. (L.) Scientific. Coined from *plantis*, for *planta*, the sole of the foot, also a plant; and *grad-i*, to walk. See **PLANT** and **GRADE**. For the form *plantis*, cf. L. *plantis-ger*, bearing shoots.

PLAQUE, an ornamental plate, a (metal) tablet for a wall. (F.—Du.) Modern; F. *plaque*, sb.; from *plaquer*, vb., to plate; MF. *plaquer* to fix, fasten up.—Du. *plakken*, to paste up; see **PLACK**, **PLACARD**.

PLASH (1), a puddle, a shallow pool. (F.) MF. *plascas*, Allit. Morte Arthure, ed. Brock, 2798; Prompt. Parv. AS. *plasc*, Birch, Cart. Saxon. iii. 356; now *Plask* Park, near Cardington, Salop; cf. EFries. *plasc*, a shallow pool.—MDu. *plasking*; 'een plas ofte [or] plasc, a splash of water; een plascgen, a sudden flash [flush] of rain; cf. *plascchen in't water*, to splash, or plunge in the water'; Hexham. Hence OF. *plasc*, *plascis*, a pool (Godefroy). β. Cf. also G. *platschen*, to splash, dabble, Dan. *pladske* (for **platske*), to splash, dabble about, Swed. *plaska* (for **plaska*), to dabble, showing that a *t* has been lost before *s*, the Du. *plask* standing for **plat-sch*. y. The various forms are extensions from the base PLAT, to strike, beat, appearing in AS. *plattin*, to strike with the palm, slap, John, xix. 3; also in Swed. dial. *platta*, to strike softly, slap, whence the frequentative *plåtta*, to tap with the finger-points (Rietz).

PLASH (2), another form of **PLEASH**, q.v. In Nares.

PLASTER, a composition of lime, water, and sand, for walls; an external medical application for wounds. (L.—Gk.) ME. *plastre*, Chaucer, C. T. 10950 (F 636). [This is a F. spelling, from OF. *plastre*, used in the 13th and 14th century (Littre). The spelling *plaster* in English answers to the occasional 14th cent. F. spelling *plastre*.] AS. *plaster*, a plaster for wounds; Cockayne's Leechdoms, i. 298, l. 12.—L. *plastrum*, a plaster; the first syllable being dropped; cf. Late L. *plastrum*, made of plaster (Ducauge).—Gk. *ἐμπλάστρον*, a plaster; a form used by Galen instead of the usual word *ἐμπλάστρον*, a plaster, which is properly the neut. of *ἐμπλάστρον*, daubed on or over.—Gk. *ἐμπλάσσειν*, to daub on.—Gk. *ἐμ- for ἐν*, in, before the following *w*; and *πλάσσειν*, to mould, form in clay or wax. See **IN** and **PLASTIC**. ¶ Cf. ME. *emplaster*, sb., Reliq. Antiq. i. 54. Der. *plaster*, verb, ME. *plasteren*, Prompt. Parv., from MF. *plastrer* (F. *plâtrer*), 'to plaster', Cot. Also *plaster-er*, *plaster-ing*. And see *piastre*.

PLASTIC, capable of moulding; also, capable of being moulded. (L.—Gk.) Used in the active sense by Pope, Essay on Man, iii. 9; Dunciad, i. 101.—L. *plasticus*.+Gk. *πλαστικός*, fit for, or skilful in moulding. Formed with suffix -ικ-ος from *πλασ-ειν*, formed, moulded.—Gk. *πλάσσειν*, to mould. β. Gk. *πλάσσειν* appears to be put for **πλά-γειν*, and to be related to E. *fold*, vb. Der. *plastic-ly*, from mod. F. *plastique* (Littre).

PLAT (1), **PILOT**, a patch of ground. (E.) Now commonly written *plot*, which is also the AS. form. Spelt *plat* in a Kings ix.

36, A.V. 'So three in one small flat of ground shall ly;' Herrick, *Hesperides*; to Anthea. 'A garden *platte*;' Udall's *Erasmus*, Luke xlii. 50, fol. 182, b. See further under *Plot*, *Patch*. The spelling *plat* is prob. due to ME. *plat*, *F. plat*, flat; for which see *Plate*.

PLAT (3), to plait. (F.-L.) In Shak. *Romeo*, i. 4. 89. The same as *Plait*, q.v.

PLATANE, a plane-tree; see *Plane* (3).

PLATE, a thin piece of metal, flat dish. (F.-L.) ME. *plate*, Chaucer, C. T. 2123 (A 2121). = OF. *F. plate*, in use in the 12th century; see Littré. Hamilton, s.v. *flat* (flat), gives *Vaiselle plate*, hammered plate; particularly, plate, silver plate. *Plate* is merely the fem. of *F. plat*, flat. Cf. Late L. *plata*, a lamina, plate of metal; Ducange; and esp. Span. *plata*, plate, silver (whence *La Plata*), but the Span. word was derived from the French; Littré.—Late L. *platin*, a lamina, 'plate of metal'; fem. of Folk-L. **plattus*, flat; whence Du. and Dau. *plat*, G. and Swed. *platt*, are borrowed. Allied to Gk. *πλάτος*, broad; see *Place*. Der. *plate*, vb., Rich. II, i. 3. 28; *plate-glass*, *plat-ing*. And see *plait-er*, *plat-ear*, *plat-form*, *plat-ing*, *plat-it-ule*.

PLATEAU, a flat space, tableland. (F.-L.) 'A rising ground or flatish hill . . . called a *plateau*;' Annual Register (1807), p. 11, col. 2.—*F. plateau*; Cotgrave gives the pl. *plateaux*, 'flat and thin stones'. The mod. *F. plateau* also means 'tableland'; Hamilton. OF. *platei*, a small plate, used in the 12th century; Littré. Dimin. of *plat*, a platter, dish, which is a sb. made from the adj. *plat*, flat. See *Plate*. Doublet, *platter*, q.v.

PLATFORM, a flat surface, level scaffolding. (F.-L.) In Shak. meaning (1) a terrace, Hamlet, i. 2. 213; (2) a scheme, plan, i. Hen. VI, ii. 1. 77.—*F. platforme*, 'a platform, modell'; Cot.—*F. plate*, fem. of *plat*, flat; and *forme*, form; so that the sense is 'ground-plan'. See *Plate* and *Form*.

PLATINA, a heavy metal. (Span.—F.-L.) Added by Todd to Johnson's Dict.—Span. *platina*, so called from its silvery appearance.—Span. *plata*, silver. See *Plate*. Now called *platinum*.

PLATTITUDE, a trite or dull remark. (F.-L.) Modern. Not in Todd's Johnson.—*F. platitude*, flatness, insipidity (Hamilton). A modern word, coined (on the model of *latitude*) from *F. plat*, flat. See *Plate*.

PLATOON, a group of men, sub-division of a company of soldiers. (F.-L.) 'Platoon', a small square body of 40 or 50 men, &c.; Bailey's Dict., vol. ii. ed. 1731. Adapted from *F. peloton*, 'pronounced *plou-ton*, a ball, tennis-ball, group, knot, platoon'; Hamilton. Formed, with suffix -on, from MF. *pelote*, a ball; whence also *F. pellet*. See *Pellet*.

PLATTER, a flat plate or dish. (F.-L.) ME. *plater* (with one r), Wyclif, Matt. xxiii. 25. AF. *plater*; N. Bozon, p. 33. A parallel formation to OF. *platei*, a plate (Burgny), which is the origin of mod. *F. plateau*, still used in the sense of 'waiter, tray, tea-board'; Hamilton. See *Plateau*.

PLAUDIT, applause. (L.) The form *plaudit* is due to misreading the L. *plaudite* as if it were an E. word, in which the final *e* would naturally be considered as silent. Sometimes the pronunciation in three syllables was kept up, with the singular result that the suffix -ity was then occasionally mistaken for the ordinary E. suffix -ity. Hence we find 3 forms; (1) the correct Latin form, considered as trisyllabic. 'After the *plaudite* stryke up Our plausible assente;' Drant, tr. of Horace, Art of Poetry, Av. (2) The form in -ity. 'And give this virgin crystal *plaudities*;' Cyril Tourneur, The Revenger's Tragedy, Act ii. sc. 1 (R.). (3) The clipped E. form. 'Not only the last *plaudit* to expect;' Denham, Of Old Age, pt. iv. l. 44.—L. *plaudite*, clap your hands; a cry addressed by the actors to the spectators, requesting them to express their satisfaction. It is the imperative pl. of *plaudere*, to applaud, also spelt *plödere*; see *Plausible*. Der. *plaudit-or-y*, an ill-coined word, neither French nor Latin.

PLAUSIBLE, deserving approval, specious. (L.) In Shak. it means 'contented, willing'; Meas. iii. l. 253. Englished from L. *plausibilis*, praiseworthy. Formed, with suffix -ibilis, from *plausi-*, for *plausus*, pp. of *plaudere*, *plaudere*, to strike, beat, clap hands, applaud. Der. *plausib-ly*, *plausibil-ly*, *plausible-ness*. And see *plaudit*, *ap-plaud*, *ex-plode*.

PLAY, a game, sport, diversion. (E.) ME. *play*, Chaucer, C. T. 8906 (E 1330). AS. *plega*, a game, sport, Grein, i. 361. *Be* may note how frequently the AS. *plega* was used in the sense of fight, skirmish, battle. Thus *asc-plega*, ash-play, is the play of spears, i.e. fighting with spears; *sword-plega*, sword-play, fighting with swords. Even in the Bible, 2 Sam. ii. 14, to play really means to fight; but this is due to the use of *ludere* in the L. version; Wyclif uses the same word. To play on an instrument is to strike upon it. Cf. 'sympanan *plegiendru*' = of them that strike the timbrels;

AS. version of Ps. lxxvii. 27, ed. Spelman. And again, '*plegað mid handum*' = clap hands; Ps. xli. 1. Thus the orig. sense of *plega* is a stroke, blow, and *plegian* is to strike, to clap hands. Perhaps of imitative origin. ¶ E. Müller connects AS. *plega* with G. *pflegen*, care; the form answers, and the verb may have meant 'to be busy with.' See note in N.E.D.; and see *Plight*. Der. *play*, verb, ME. *pleyen*, Chaucer, C. T. 3333, AS. *plegian* (above). Also *play-bill*, -book, -fellow, -house (AS. *pleg-hūs*, in Mone, Quellen, p. 366), -mate, -thing; *play-er*, *play-ing*, *play-ing-card*; *play-ful*, ME. *pleiful*, Old Eng. Homilies, ed. Morris, i. 205, l. 20; *play-ful-ly*, *mess*.

PLEA, an excuse, apology. (F.-L.) ME. *plee*, Chaucer, Parl. of Foules, 485; *ple*, Rob. of Glouc. p. 471, l. 9679; *play*, Eng. Gilds, ed. Toulmin Smith, p. 350, l. 13.—AF. *plee*, N. Bozon, p. 157; OF. *ple*, *plai*, occasional forms of OF. *plait*, *plaid*, a plea. Littré cites the pl. forms *plez*, *plais*, *plaz* (12th century) from Ducange, s.v. *Placitum*. Cotgrave gives *plaid*, 'sute, controversie, . . . also a plea, or a pleading, also, a court of pleading'.—Late L. *placitum*, a judgement, decision, decree, sentence; also a public assembly, conference, or council, so called because of the decisions therein determined on; L. *placitum*, an opinion. [The order of ideas is: that which is pleasing to all, an opinion, decision, conference for obtaining decisions, public court, law-court, proceedings or sentence in a law-court, and finally pleading, plea. The word has run a long career, with other meanings beside those here cited; see Ducange.]—L. *placitum*, neut. of *placius*, pp. of *placere*, to please; see *Pleaso*. Der. *plead*.

PLEACH, **PLASH**, to intertwine boughs in a hedge, to strengthen a hedge by enweaving boughs or twigs. (F.-L.) 'The hedge to *plash*;' Hood, The Lay of the Labourer, st. 5. 'The *pleached* bower;' Much Ado, iii. 1. 7. ME. *plechen*, used in the sense 'to propagate a vine'; Palladius on Husbandry, ed. Lodge, b. iii. l. 330.—OF. *plecier*, *plessier*, later, *plesser*, 'to plash, to bow, fold, or plait young branches one within another, also, to thicken a hedge or cover a walk by plashing'; Cot. Norm. dial. *plesser* (Moisy). Formed from a Late L. type **plectiare*, later *plessare*, to pleach; from Late L. **plectia*, later *plessa*, a thicket of interwoven boughs, occurring A.D. 1215 (Ducange). We also find *plessium*, a pleached hedge; and numerous similar forms. *Be* All from L. *plectere*, to weave. *Plect-ere* is extended from the base *PLEK*, to weave, appearing in Gk. *πλέκω*, to weave, and in L. *plectere*, to fold. See *PLY*, *PLAIT*. The form *pleach* answers to an OF. dial. form *plechier*.

PLEAD, to urge an excuse or plea. (F.-L.) ME. *pleden*. 'Pledours shulde peyennen hem to *plede* for such'—pleaders should take pains to plead for such; P. Ploverman, B. vii. 42. [We also find the form *pleten*, id. vii. 39.] Also *plaiden*, Owl and Nightingale, 184.—OF. *plaidier*, 'to plead, argue, or open a case before a judge, also, to sue, contende, goe to law'; Cot.—OF. *plaid*, a plea; see *Plea*. ¶ The form *pleten* is due to OF. *plet*, an occasional form of *plait* which preserves the t of L. *placitum*. Der. *plead-er* = ME. *plemour*, as above, from *F. plaidier*, 'a lawyer, arguer, pleader,' Cot. Also *plead-ing*, *plead-ing-ly*.

PLEASE, to delight, satisfy. (F.-L.) MF. *pleesen*, P. Ploverman, B. xiv. 220; Chaucer, C. T. 11019 (F 707).—OF. *pleisir*, *plaisir*, mod. *F. plaître*, to please.—L. *placere*, to please. Allied to *placere*, to appease. Der. *pleas-er*, *pleas-ing*, *pleas-ing-ly*. Also *pleas-ant*, ME. *pleasunt*, Wyclif, Heb. x. 8, from OF. *pleasant*, pres. part. of *pleisir*, to please. Hence *pleas-ant-ly*, -ness; also *pleasant-r-y*, Walpole, Anecdotes of Painting, vol. i. c. 3 (R.), from *F. plaisanterie*, 'jeasting, merriment,' Cot. And see *pleas-ure*, *plac-able*, *plac-id*, *com-pli-cent*, *dis-pleas*, *plea*, *plead*.

PLEASURE, agreeable emotion, gratification. (F.-L.) Formerly *pleasure*, as in The Nut-brown Maid (about A.D. 1500), l. 93; see Spec. of Eng. ed. Skeat, p. 102. Also *pleasure*, Skelton, Phyllip Sparowe, 1004; id. p. 147. Formed, by the curious change of -ir into -ure, from ME. *pleisir* (spelt *pleysir*), Flower and Leaf, l. 113; *pleysir*, Caxton, Hist. Troye, leaf 331.—*F. plaisir*, the pleasure; the same change occurs in *leis-ure*, whilst in *treas-ure* the suffix takes the place of -or. The object seems to have been to give the word an apparent substantival ending.

Be Again, the *F. plaisir* is merely a substantival use of the OF. infin. *plaisir*, to please; just as *F. loisir* (leisure) is properly an infinitive also. See *Pleaso*. Der. *pleasure*, verb, in Tottell's Miscellany, ed. Arber, p. 128, l. 16 of Poem on the Death of Master Deuero; also *pleasure-boat*, *pleasure-ground*; *pleasure-able*, a coined word; *pleasure-ably*, *pleasure-able-ness*.

PLEBEIAN, the same word as *Plait*, q.v.

PLEBEIAN, pertaining to the common people, vulgar. (F.-L.) In Shak. Cor. i. 9. 7; ii. l. 10; &c.—OF. *plebeian*, mod. *F. plebéien*; omitted by Cotgrave, but in use in the 14th century; Littré. Formed with suffix -en (< L. -anus) from L. *plebeius*, plebeian.—L. *plebs*, old stem of *plēbs*, more usually *plebs* (stem *plēbi-*), the people. *Be* *plebs*

orig. meant 'a crowd, a multitude,' and is connected with *plē-rigus*, very many, *plē-nus*, full; (Gk. *πληθος*, a multitude, *πληρης*, full. See **Plenary**. Der. *plebeian*, sb.

PLECTRUM, a small instrument for plucking the strings of a lyre or harp. (L.—Gk.). L. *plectrum*. = Gk. *πληκτρον*, an instrument to strike with. — Gk. *πληκτρον* (for **πληκτρον*), to strike; cf. pt. t. *πληκτρον*. Allied to *πληκτρον*, a stroke, L. *plaga*; see **Plague**.

PLEDGE, a security, surety. (F.—OlowG.) ME. *plegge*, a hostage, Trevisa, iii. 129, l. 6, and 321, l. 8; Eng. Gilds, ed. Toulmin Smith, p. 382, l. 36; also a security, Prov. Parv.—OF. *plege*, 'a pledge, a surety,' Cot.; mod. F. *pleige*. Connected with OF. *plevir* (Burguy), later *plevir*, 'to warrant, assure,' Cot.; see **Replevy**. 6. Of uncertain etymology; but Kluge proposes to derive it from OSax. *plegan*, to attend to, to promise, to pledge oneself; cf. OHG. *pflegan*, to answer for (G. *pflegen*); also AS. *plēon*, to risk; *pleoh*, risk (Frank). See **Flight** (1). Der. *pledge*, verb, 3 Hen. VI, iii. 3. 250; *pledger*.

PLEIAD, one of the group of stars in the constellation Taurus, called the Pleiades. (L.—Gk.). 'The sweet influences of Pleiades,' Job xxxviii. 31.—L. *Pleiades*, pl. = Gk. *Πλειάδες*, a group of seven stars in the constellation Taurus; Ionic *Πληϊάδες*. (Not, as fabled, allied to *πλεῖν*, to sail.)

PLEIOCENE, more recent; **PLEISTOCENE**, most recent. (Gk.) Terms in geology referring to strata. Coined from Gk. *πλειον*, more, *πλειστον*, most; and *καινος*, recent, new. β. Gk. *πλειον*, *πλειστον* are comp. and superl. forms from *πολος*, much, allied to *πλεον*, full; see **Plenary**. The adj. *καινος* is allied to Skt. *kanyā*, a maiden; Brugmann, i. § 647.

PLENARY, full, complete. (Late L.—L.) Spelt *plenarius* in Minshew, ed. 1627. Englied from Late L. *plenarius*, entire, occurring in St. Augustine (N. E. D.); which is extended, with suffix *-arius*, from L. *plenus*, full. β. L. *plē-nus* is connected with Gk. *πλεον*, full, *πλη-με-μ*, I fill; from the base **plē*, to fill. √ **PEL**; cf. E. Full, q.v. Der. *plenipotent*, *-ary*, q.v., *pleni-tude*, q.v., *plenty*, q.v. From the same root are *com-plete*, *com-ple-mēt*, *de-plet-ion*, *ex-plet-ive*, *im-ple-mēt*, *re-plet*, *re-plen-ish*, *sub-ple-mēt*, *sup-ple*, *ac-com-plish*, *ple-beian*, *plu-ral*, &c. Also (of Gk. origin) *pleo-nasm*, *ple-thora*, *plei-o-cene*, *police*. Also full, q.v.

PLENIPOIENTIARY, having full powers. (L.) Sometimes used as a sb., but properly an adj., as in 'the plenipotentiary ministers' in Howell, Famil. Letters, bk. ii. let. 44. Dec. i. 1643. Coined from L. *plēni*, for *plēnus*, full; and *potenti*, decl. stem of *potens*, powerful; with suffix *-arius*. See **Plenary** and **Potent**. Cf. Milton has *plenipotenti*, P. L. x. 404.

PLENITUDE, fulness, abundance. (F.—L.) In Shak. Complaint, 302.—OF. *plenitude*, 'plenitude,' Cot. = L. *plenitudo*, fulness. = L. *plēni*, for *plēnus*, full; with suffix *-itudo*. See **Plenary**, **Plenty**.

PLENTY, abundance. (F.—L.) In early use. ME. *plēntē*, *plēntē*, Andreu Riwe, p. 194, l. 6.—OF. *plēntē*, *plēntē*, later *plēntē*, 'plenty,' Cot. = L. *plenitudo*, acc. of *plēnitas*, fulness. = L. *plēni*, for *plēnus*, full; with suffix *-itudo*. See **Plenary**, **Plenitude**. Der. *plēnti-ous*, ME. *plēntius*, Rob. of Glouc. p. 23, l. 531, frequently spelt *plēntious* (= *plēntivous*), Wyclif, Matt. v. 12, l. 1. Thess. iii. 12, from (OF. *plēntivous*; this form appears to be made with suffix *-ous* (= L. *-ōsus*) from OF. *plēntif*, answering to a L. form **plēntivus*. Hence *plēnti-ously*, *-ness*. Also *plēntif*, Hamlet, ii. 2. 202; *plēnti-ful-ly*, *-ness*.

PLEONASM, redundancy of language. (L.—Gk.) Spelt *pleonasmē* in Minshew, ed. 1627. = L. *pleonasmus* (Lewis). = Gk. *πλεονασμος*, abundance, *pleonasm*. = Gk. *πλεονάζειν*, to abound, lit. to be more. = Gk. *πλεον*, uent. of *πλεον*, *πλεον*, more. See **Pleio-cene**. Der. *pleonast*, from Gk. **πλεοναστικός*, redundant; *pleonast*-ic-al-ly.

PLESIOSAURUS, an extinct genus of Reptilia. (Gk.) The name signifies 'like a lizard.' = Gk. *πλεσιον*, near, allied to *πλεον*, near; and *σαυρος*, a lizard.

PLETHORA, excessive fulness, esp. of blood. (L.—Gk.) 'Fulness, in greek *plethora*, in latine *plenitudo*,' Sir T. Elyot, Castel of Helth, b. iii. c. 1. 'The o is long. A Latinized spelling of Gk. *πληθος*, fulness. = Gk. *πληθος*, a throng, crowd; with the suffix *-ia*. β. Gk. *πληθος* (like *πληθος*, full) is from the base *πλη*, seen in *πλη-με-μ*, I fill; see **Plenary**. Der. *plethoric*.

PLEURISY, inflammation of the *pleura*, or membrane which covers the lungs. (F.—L.—Gk.) [Quite different from *pleury*, q.v.] Spelt *pleuritis* in Baret, ed. 1580, and in Cotgrave. = MF. *pleuritis*, 'a pleurisy,' Cot. = L. *pleuritis*, another form of *pleuritis*. = Gk. *πλευριτις*, *pleuritis*. = Gk. *πλευρά*, a rib, the side, the *pleura*. Der. *pleuritic*, from Gk. *πλευριτικός*, suffering from pleurisy; *pleuritic*-al. Also *pleuro-pneumonia*, inflammation of the *pleura* and lungs, from Gk. *πνεύμων*, a lung; see **Pneumatic**.

PLIABLE, **PLIANT**, **PLIERS**; see under **Ply**.

PLIGHT (1), an engagement, promise; usually as a verb, to pledge. (E.) ME. *plight*, *pligt* (1) danger, Layamon, 3807; (2) engagement, Story of Genesis and Exodus, ed. Morris, 1269. AS. *plikt*, risk, danger, used to translate L. *periculum* in Ælfric's Collogy, in the Merchant's second speech; whence the verb *pliktian*, to endanger (and later, to promise under peril of forfeiture); see Toller. β. The sb. *plikt* is formed with the substantival suffix *-ia* (Idg. *-ia*) from the strong verb *plikan* (<**plēh-an*), to risk, imperil, in Ælfric's tr. of Gregory's Pastoral Care, ed. Sweet, p. 229, l. 20; the pt. t. *pleah* occurs in the same, p. 37, l. 7.—OFries. *plicht*, peril, risk, care; we also find the OFries. *ple*, *pli*, danger, answering to AS. *plioh*, danger, in Ælfric, tr. of Gregory, p. 393, l. 9; MDu. *plicht*, 'duty, debt, obligation, administration, office, custom, or use,' Hexham; cf. *plegen*, 'to be accustomed, to experiment, or trie' (i.e. to risk); id.; G. *pflicht*, duty, obligation, faith, allegiance, oath; from the OHG. strong verb *plegan*, to promise or engage to do. ¶ The base is *pleh*, whence **pleh-i>plih-i*; perhaps the same base occurs in *pleg-an*, to play. Der. *plight*, verb, ME. *plizten*, *plichten*, P. Plowman, B. vi. 35, AS. *pliktian*, weak verb, to imperil, Laws of King Cnut (Secular), § 67; in Thorpe's Ancient Laws, i. 410; *plight-er*, Antony, iii. 13, 126.

PLIGHT (2), to fold; as sb., a fold; also, a state, a condition. (F.—L.) Shak. has 'plighted cunning,' K. Lear, i. 1. 283; where the quarto editions have *plated*. Spenser has 'with many a folded plight'; F. Q. ii. 3. 26; also *plight* (= *plighted*) as a pp. meaning 'folded' or 'plaited,' F. Q. ii. 6. 7, vi. 7. 43. Palsgrave has: 'I *plyght* or fold; I *plyght* a gowne, I set the *plyghts* in orde.' β. The word is really misspelt, by confusion with *plight* (1), and should be *plite*, without *gh*. Chaucer has the verb *pliten*, to fold, Troilus, ii. 697, 1204. It is clearly a more variant of *plait* or *pleat*, due to the feminine form of the L. pp.; whereas *plait* is from the masculine. See **Plait**. γ. ME. *plyte*, state, condition, is the same word; 'To bringe our craft al in another *plyte*,' Chaucer, C. T., G. 952. Palsgrave has: '*Plyte* or state.' = AF. *plyte*, state, condition; given by Godefroy as a doubtful word in Littleton, Instit. 306; but it is merely the fem. of OF. *plait*, a fold, plait, also 'manière d'être, situation,' Godefroy. See Littleton's Tenures, ed. 1612, foll. 69 and 83 back; and see Roquefort, who explains *plyte*, *pliste*, as 'condition, state.' = Folk-L. type **plecia*, for *plicia*, by-form of *pliatia*, fem. of *pliatius*, pp. of *pliatre*, to fold. Cf. F. lit < L. *lectum*. ¶ *Plite* of lawne, &c., seemeth to be a certayne measure, or quantitie thereof. Anno 3 Edw. IV, cap. 5; Minshew.

PLINTH, the lowest part of the base of a column. (L.—Gk.) '*Plinthe*, the neather part of a pillars foot, of the forme of a four-square bricke or tile,' Minshew, ed. 1627. Cotgrave gives F. *plinthe*, 'a plinth,' &c. = L. *plinthus* = Gk. *πλινθος*, a brick or tile, a brick-shaped body, a plinth. Cognate with E. Flint, q.v.

PLEIOCENE; see **Pleio-cene**.

PLIOD, to trudge on laboriously, labour unintermittingly. (E.) In Shak. Sonnet 50, Merry Wives, i. 3. 91, All's Well, iii. 4. 6. 'The primitive sense of *pliod* is to tramp; through the wet, and thence, figuratively, to proceed painfully and laboriously,' Wedgwood. It particularly means to wade through mud; the F. D. D. gives *plodder*, mud; also, to walk through mud; *plod*, *plowd*, to walk through mire and water. The ME. sb. *plod* (dat. *plodde*) meant a filthy pool or puddle; 'In a foul *plodde* in the strete subthe me hym along' = people then threw him into a foul puddle in the street; Rob. of Glouc. p. 536, l. 11077. So also Northern *plud*, a puddle; E. D. D.; cf. Irish *plod*, *plodan*, a pool, standing water, *plodack*, a puddle; Gael. *plod*, a pool, standing water, *plodan*, a small pool; the Irish and Gael. forms being from ME. *plod* (Macbain). Cf. also EFrise. *pludern*, to splash about in water; Dan. dial. *pludder*, Dan. *pladder*, mud; Low G. *plodder*, to splash about in water (cf. *plad*, to wade, in Nares). Of imitative origin; see **Plash** (1). Der. *plodd-er*, *plodd-ing-ly*.

PLOT (1), a conspiracy, stratagem. (F.—L.) An early instance of the word seems to be in Spenser, F. Q. vii. 6. 23 (about A.D. 1590); he also has *plot* as a verb, id. iii. 11. 20. Perhaps shortened from *complot*, used in exactly the same sense, both as a sb. and verb. The sb. *complot* is in Shak. Rich. III, iii. 1. 192; and the pp. *complotted* in Rich. II, i. 1. 96. We have numerous examples of the loss of an initial syllable, as in *fence* for *defence*, *sport* for *disport*, *story* for *history*. Shak. has both *plot* and *complot*, and both words are employed by him both as sb. and verb. Minshew, ed. 1627, gives *complot*, but does not recognise *plot*, except as a ground-plan. = F. *complot*, 'a complot, conspiracy,' whence *comploter*, 'to complot, conspire,' Cot. The OF. *complot* means (1) crowd, in the 12th century, (2) a battle, (3) a plot; and is of disputed origin. β. *Complot* and *plot* are nearly of the same date, and were sometimes associated. Shak. has: 'To *plot*, contrive, or *complot* any ill,' Rich. II, i. 3. 189. Chapman has: 'All *plots* and *complots* of his villany,' Alphonso,

v. 4. γ. But it is not unlikely that *plot* was sometimes an abbreviation of *platform*, a variant of *platform*, i. e. a plan, orig. a map or sketch of a place; it occurs in Gascoigne's *Art of Venerie*, l. 40 (1575). It is certain that *plat* was used as an abbreviation of *platform*, a map; as in Higgins, *Mirror for Mag.*, ed. 1815, l. 315 (1574). Cf. 'I am devising a platform in my head,' Lyly, *Campaspe*, Act v. Sc. 4. 'The plat and fabrick of our purpose;' Letters of Kminet Men, ed. Sir H. Ellis (Camden Soc.), p. 155. 'The Captain did plot out and describe the situation of all the lands;' Hakluyt, *Voy. iii.* 98 (we now say *plot out*). See *Platform*; and see Notes on E. Etym., p. 219. Der. *plot*, verb; *plott-er*.

PLAT (2), **PLAT**, a small piece of ground. (E.) A *plot* is a patch of ground; and it also meant, in M.E., a spot on a garment. 'Many foule *plottes*' = many dirty spots (on a garment); P. Plowman, B. xiii. 318. [In the *Prompt. Parv.* p. 405, we are told that *plot* means the same as *plek*; and we also find 'Plecke, or *plotte*, portuncula.' Way's note adds that 'Pleek is given by Cole, Ray, and Grose as a North-Country word, signifying a place, and is likewise noticed by Tim Bobbin;' and he correctly refers it to AS. *plac*, Matt. vi. 5 (Northumb. version).] The expression 'plot of floures fair' occurs in the *Flower and the Leaf*, l. 499 (15th century). AS. *plot*, a patch of ground; A. S. Leechdoms, ed. Cockayne, iii. 286, l. 19 (the same passage is in Schmid, *Die Gesetze der Angelsachsen*, App. XI, l. 5; p. 408, ed. 1858). Cf. Goth. *plots*, a patch, Mark ii. 21; MDu. *plots*, 'a peccor or a patch of cloth'; Hexham; Dan. *plet*, a sp'4, plot; *græs-plot*, a grass-plot. We also find AS. *plott*, a plot of land (Toller). ¶ For the spelling *plat*, see *Plat* (1).

PLOUGH, an instrument for turning up the soil. (E.) ME. *plough*, *plow*, *plow*; Chaucer, C. T. 889 (A 887); *Ilavoclo*, 1017. The traces of it in AS. are but slight; we find *plōh* = a plough-land, in A. S. Leechdoms, ed. Cockayne, iii. 286, l. 19, where is the phrase 'ne *plot* ne *plōh*' = neither plot of ground nor plough-land. EFries, *plig*, + Icel. *pligr*, a plough (the usual Norse word being *arbr*); Swed. *plug*, Dan. *plow*. We find also OFries. *plōch*, G. *plug*, OHG. *pluoc*. The Lithuan. *plugas*, Russ. *pluga*, a plough, are borrowed words from the Teutonic. Der. *plough*, verb, Cor. iii. 1. 71; *plough-er*, see Latimer's Sermon on the Ploughers; *plough-able*; *plough-boy*; *plough-iron*, 2 Hen. IV. v. 1. 20; *plough-man*, ME. *ploughman*, Chaucer, C. T. 531 (A 529); *plough-shere*, spelt *plowh-schere* in Trevisa, ii. 353, and derived from the word to *shear*.

PLUVER, the name of a wading bird. (F.-L.) ME. *plouer* (with *u* for *v*), P. Plowman's Crede, ed. Skeat, 764; Gower, C. A. iii. 33; bk. vi. 943; *Prompt. Parv.* = OF. *pluvier*, in the 13th century (Littre), later *pluvier*, 'a plover'; Cot. *Pluvier* as if from a Late L. type **pluvius*, equivalent to L. *pluvialis*, belonging to rain, because these birds were said to be most seen and caught in a rainy season. = L. *pluvius*, rain. = L. *pluit*, it rains. See *Pluvial*. ¶ We derive it from the F. *pluvier*, pour ce qu'on le prend mieux en temps pluvieux qu'en nulle autre saison'; Belon, *Oyseaux*, 260; cited in Pennant, *Zoology*, vol. ii (R.). Perhaps it was only a fancy. Wedgwood remarks that the G. name is *regenfeifer*, the rain-piper.

PLUCK, to pull away sharply, to snatch. (E.) ME. *plucken*, P. Plowman, B. v. 591; xii. 249; Wyclif, Matt. xii. 1. AS. *pluccan*, Matt. xii. 1. + MDu. *plukken*; Icel. *plökka*, *plukka*, perhaps a borrowed word; Dan. *plukke*; Swed. *plukka*; G. *plücken*. β. Some think the word to be not orig. Teutonic, but borrowed from Late L. **piluccare* (whence Ital. *piluccare*, to pluck out hair), from L. *pilus*, a hair; see *Pile* (3). This is doubtful. Der. *pluck*, sb., a butcher's term for the heart, liver, and lights of an animal, prob. because they are plucked out after killing it; Skinner, ed. 1671, has 'pluck, a sheep's pluck, i. e. cor animalis, an animal's heart. Hence *pluck* in the sense of 'spirit, courage'; whence the adj. *plucky*. Cf. the phrase 'pluck up thy spirits', Tarn. *Shrew*, iv. 3. 38; 'pluck up, my heart,' Much *Ado*, v. 1. 207.

PLUG, a block or peg used to stop a hole. (Du.) Skinner, ed. 1671, has 'a plug, or *plug*;' but that the initial *s* is a true part of the word may be doubted. The word is also in Hexham, ed. 1658, and was probably borrowed from Dutch. = MDu. *plugges*, 'a plugge, or a wooden pegge;' also *pluggen*, 'to plugge, or pegge;' Hexham. Mod. Du. *plug*, a peg, bung. We find also Swed. *plugga*, a plug; G. *pflock*, a wooden nail, plug, peg, pin; Low G. *plugga*, *plagge*, a peg (Lübben). Der. *plug*, verb.

PLUM, the name of a fruit. (L.-Gk.) ME. *ploume*, *ploume*, *Prompt. Parv.* 'Piries and *plumtrees*' = pear-trees and plum-trees, P. Plowman, B. v. 16. AS. *plūma*, Alfric's Grammar, ed. Zupitza, p. 20; cf. *plūm-sā*, lit. plum-sloe, *plūm-treow*, plum-tree, in Alfric's Gloss, Nomina Arborum. Here *plūm-sā* translates L. *pruniculus*, and *plūm-treow* translates *prunus*. β. The AS. *plūma* is a mere variation of L. *prūna*, pl. of *prunum*, a plum, with change of *r* to *l*, and of *n* to *m*. The change from *r* to *l* is very common, and hardly needs illustration; the Span. *coronel* = E. *colonel*; cf. Westphal. *plūme*, *prūme*, a plum; and

L. *plūmum* in the Corpus Glossary, l. 1600. The change from *n* to *m* is not infrequent, as in *lime-tree* for *lime-tree*, *venom* for L. *venenum*, *vellum* for F. *velin*, *megrin* from F. *migrains*. Thus *plum* is a doublet of *prune*; see *Prune*, which is of Gk. origin. The Swed. *plommon*, Dan. *blomme*, G. *pfauwe*, are all alike due to *prunum*. Der. *plum-tree*, as above; *plum-cake*, *plum-pudding*. Doublet, *prune* (2).

PLUMAGE, the whole feathers of a bird. (F.-L.) 'Praning his *plumage*, cleansing every quill;' Drayton, *Noah's Flood* (the dove); *plumage*, Book of St. Alban's, fol. a. 7, back. = F. *plumage*, 'feathers'; Cot. = F. *plume*, a feather; see *Plume*.

PLUMB, a mass of lead hung on a string to show a perpendicular direction. (F.-L.) 'Plumbe of lead [lead], *Plumbum*;' *Prompt. Parv.* The older spelling is *plomb*, shortened to *plom* in the comp. *plomreule*, a plumb-rule, Chaucer, On the Astrolabe, ed. Skeat, pt. ii. § 38, l. 6. = F. *plomb*, 'lead, also, a carpenter's plummet or plumb-line'; Cot. = L. *plumbum*, lead. β. Probably cognate with Gk. *μολύβδος*, *molubdos*, lead. Der. *plumb*, verb, to sound the depth of water with a plumb-line, from F. *plumber*, 'to sound,' Cot.; *plumb-line*, *plumb-rule*, used by Cot. to translate F. *plomber*; *plumb-er*, also spelt *plummer*, as by Cot. to translate F. *plomber*; *plumb-er-y*, i. e. plumber's shop, Bp. Hall, *Satires*, Bk. v. sat. 1. l. 5, from end. Also *plumb-an*, *plumb-a-ous*, leaden, both formed from L. *plumbus*, leaden. Also *plumbago*, q.v.; *plumm-et*, q.v.; *plump* (2), *plunge*.

PLUMBAGO, black-lead. (L.) A mineral resembling lead, but really different from it. In Ash's Dict., ed. 1777, but only as a botanical term, 'lead-word' = L. *plumbago*, a kind of leaden ore; black-lead. = L. *plumbum*, lead. Cf. *lumb-ago*, from L. *lumbus*.

PLUME, a feather. (F.-L.) In Shak. Cor. iii. 3. 136; the ME. pl. *plumes* occurs in Richard the Redeles, iii. 49. = F. *plume*, 'a feather, plume of feathers'; Cot. = L. *pluma*, a small soft feather, piece of down. β. Prob. so called from its floating in the air; from *PLUUGH*, to fly; see *Fly* (1). Brugmann, l. 5. 681 (d). Der. *plume*, verb, esp. in pp. *plumed*, K. Lear, iv. 2. 57; Oth. iii. 3. 349; *plum-ose*; also *plum-age*, q.v.

PLUMMET, a leaden weight, a plumb-line. (F.-L.) ME. *plummet*, Wyclif, Deeds [Acts], xxvii. 28. = OF. *plummet* (Godefroy); MF. *plombet*, 'a plummet,' Cot. Dimin. of *plomb*, and it thus means 'a small piece of lead.' See *Plumb*.

PLUMP (1), full, round, fleshy. (E.) 'Plump Jack,' 1 Hen. IV. ii. 4. 527; 'plumpy Bacchus,' Antony, ii. 7. 121. MF. *plump*, rude, clownish (as in Dutch), Caxton, tr. of Reynard the Fox, ed. Arber, p. 100, l. 12. The word is in rather early use as a sb., meaning 'a cluster, a clump,' applied either to a compact body of men, or to a clump of trees. 'Preside into the *plumps*' = be pressed into the throng; Morte Arthure, ed. Brock, 2199. Though it cannot be traced much further back, the word may be E., as the radical verb is preserved in the prov. E. *plim*, to swell, to swell out; used in many dialects; so also prov. E. *plum*, *plump*, to swell; see E. D. D. β. Hence *plump* means orig. 'swollen,' and since that which is swollen becomes tight and firm, we find *plump* further used in the sense of 'hard'; as 'the ways are *plump*' = the roads are hard (Kent); E. D. S. Gloss. B. 11; C. 5. In Oxfordshire the word *plim* is also used as an adj., in the sense of *plump*. The word appears in other Teutonic tongues. Cf. EFries. and Low G. *plump*, bulky, thick. + MDu. *plomp*, 'rude, clownish, blockish, or dull'; Hexham. This is a metaphorical use, from the notion of thickness; Swed. *plump*, clownish, coarse; Dan. *plump*, clumsy, vulgar; G. *plump*, heavy, clumsy, blunt. Der. *plump-ly*, *plump-ness*. Also *plump-er*, a vote given at elections, when a man who has a vote for two separate candidates gives a single vote to one, thus (in my opinion) swelling out that candidate's number of votes as compared with the rest; see Todd's Johnson. Also *plump-y*, as above. Also *plump*, sb., a cluster, as above; *plump* or *plump out*, verb, to swell out.

PLUMP (2), straight downward. (F.-L.) Formerly also *plumb*. 'Plumb down he drops,' Milton, P. L. ii. 933; cf. 'Which thou hast perpendicularly fell,' K. Lear, iv. 6. 54. 'They do not fall plumb down, but decline a little from the perpendicular;' Bentley, Sermon 2 (Todd). Of French origin; but altered to *plump* by the influence of *plump* (3) below. Really due to *plumb*, and derived from F. *plomb*, L. *plumbum*, lead. 'To fall like lead' must have been a favourite metaphor from the earliest times, and Dietz shows, in his article on Ital. *piombare*, to fall like lead, that this metaphor is widely spread in the Romance languages. Cf. Ital. *cadere a piombo*, to fall plumb, lit. like lead; F. *à plomb*, 'down-right'; *à plomb sur*, 'direct, or downright'; Cot. See *plumb* in N. E. D., and *Plumb* (above).

PLUMP (3), vb., to fall heavily down. (E.) 'It will give you a notion how Dulciss *plumps* into a chair;' Spectator, No. 492. Apparently of imitative origin; cf. prov. E. *plump*, a plunge; also, to plunge heavily, to sink. ME. *plumpen*; 'Plump hym in water';

Liber Cure Corcorum, p. 51. †EFries. *plumpen*, to fall heavily, *plumpen*, to plunge into water; so also *Du. plompen*, *G. plumpen*, *Swed. plumpa*, to fall heavily. Under the influence of this word, the adv. *plumb*, 'straight downward', became *plump*; see **PUMP** (2).

PLUNDER, to rob, pillage. (G.) A note in Johnson's Dict. (ed. Todd) says that 'Fuller considers the word as introduced into the language about 1642.' R. gives a quotation for it from Frynne, Treachery and Disloyalty, pt. iv. pp. 28, 29 (not dated, but after A. D. 1642, as it refers to the civil war). He also cites a quotation (dated 1642; but it first occurs in 1632, in the Swedish Intelligencer, ii. 179 (N.E.D.)). Hexham, in his *Du. Dict.*, ed. 1658, gives *MDu. plunderen*, *plonderen*, 'to plunder, or to pillage'; the mod. *Du.* spelling is *plunderen*. It is one of the very few G. words in English, and seems to have been introduced directly rather than through the Dutch. — *G. plündern*, to plunder, pillage, sack, ransack; provincially, to remove with one's baggage. Derived from the G. sb. *plunder*, trumpany, trash, baggage, lumber; the E. keeping the vowel of the sb. β. Connected with *Low G. plunnen*, formerly also *plunden*, rags; *Bremen Wörterbuch*. The orig. sense of the sb. was 'rags', hence, worthless household stuff; the verb meant, accordingly, to strip a household even of its least valuable contents. The *Dan. plündre*, *Swed. plundra*, *Du. plunderen*, are all alike borrowed from the G. or Low G. ¶ See **Trench**, Eng. Past and Present. He says that 'plunder was brought back from Germany about the beginning of our Civil Wars, by the soldiers who had served under Gustavus Adolphus and his captains.' And again, 'on *plunder*, there are two instructive passages in Fuller's Church History, b. xi. § 4, 33; and b. ix. § 4; and one in Heylyn's Animadversions thereupon, p. 196.' Der. *plunder*, sb., which seems to be a later word in E., though really the original word; *plunderer*.

PLUNGE, to cast or fall suddenly into water or other liquid. (F.—L.) *ME. ploungen*; 'and wunen [imagine] that it might blisful thing to ploungen him in voluptuous delyt'; Chaucer, tr. of Boethius, b. iii, pr. 2, l. 29. = *F. plonger*, 'to plunge, dive, duck'; Cot. Formed from a Late L. type **plumbicare*, not found, but the existence of which is verified by the Picard *plonger*, to plunge, dive, due to the same form; see **DIEZ**, s.v. *piombare*. β. Thus *plonger* is a frequentative of *plomber*, to cover with lead, to sound the depth of water; from *F. plomb*, lead; see **PLUMB**. Cf. Ital. *piombare*, 'to throw, to hurl, ... to fall headlong as a plummet of lead'; Florio; also Roumanssch *plumbar*, to fall heavily (Carlgist). Cf. *AF. se plunge*, plunges, *Bestiar*, 332. See also **PUMP** (2). Der. *plunge*, sb., *plung-er*, *plung-ing*.

PLUPERFECT, the name of a tense in grammar. (L.) In the Grammar prefixed to Cotgrave's *F. Dict.* will be found the expression 'the praterperfect tense'; he gives 'J'avais esté, I had been', as an example. The E. word is a curious corruption of the L. name for the tense, viz. *plusquamperfectum*. We have dropped the syllable *quam*, and given to *plus* the F. pronunciation. — *L. plus*, more; *quam*, than; and *perfectum*, perfect. See **PLURAL** and **PERFECT**.

PLURAL, containing or expressing more than one. (F.—L.) A term in grammar. In *Shak. Merry Wives*, iv. 1. 59. *ME. plural*; 'Je plural nomlire'; Trevisa, li. 171, l. 25; *plured*, id. li. 173, l. 11. — *OF. plurel* (12th century, Littré); mod. *F. pluriel*. — *L. plurālis*, plural; because expressive of 'more' than one. — *L. plur-*, decl. base of *plus*, more, anciently spelt *plous*. Connected with *Gk. πλῆ-ος*, full, *πλεον*, more; see **PLENARY**. *Brugmann*, li. § 135. Der. *plural-ly*, *plural-ism*. Also *plural-ity*, *ME. pluralité*, *P. Plowman*, C. iv. 33, from *F. pluralité*, 'plurality, or moreness'; Cot., which from *L. ecc. plurālitatem*. And see **PLURISY**.

PLURISY, superabundance. (*L. is misformed*.) *Shak. has plurisy* to express 'plethora'; *Hamlet*, iv. 7. 118. So also in *Massinger*, The Picture, iv. 2 (Sophia); 'A plurisy of ill blood you must let out.' And in *The Two Noble Kinsmen*, v. 1. 66; and in *Ford*, *Fancies Chaste and Noble*, A. iv. sc. 1; 'Into a plurisy of faithless impudence.' Formed as if from *L. pluri-*, decl. stem of *plus*, more; by an extraordinary (prob. an ignorant) confusion with **PLEURISY**, q.v.

PLUSH, a variety of cloth-like velvet. (F.—L.) 'Waistcoats of silk plush laying by'; *Chapman*, tr. of Homer's *Iliad*, b. xxiv, l. 576. And in *Cotgrave*. — *F. peluche*, 'shag, plush'; Cot. [Thus the E. has dropped e; the word should be *peluck*. The form *pluche* occurs in *Walton* (Remacle); and *deCotgrave* gives *pluchine* as a variant of the dimin. form *peluchine*.] Cf. *Span. pelusa*, down on fruit, nap on cloth; Ital. *peluzzo*, fine hair, soft down. All from the fem. of a Late L. type **pilicinus*, hairy (not found), from *L. pilus*, hair. See **PERUKE**. ¶ The *Du. pluiz*, fluff, plush, *G. plüsch*, are mere borrowings from French.

PLUVIAL, rainy. (F.—L.) Little used. '*Pluviall, rainie*,' *Minshew*, ed. 1627. — *F. pluvial*, 'rainy'; Cot. — *L. pluvialis*, rainy. — *L. pluvia*, rain. — *L. plu-it*, it rains. — *PLU*, to float, swim. Cf. *Gk. πλῆν*, to swim, *Brugmann*, i. § 381. Der. We also find

pluvios, Sir T. Browne, *Vulg. Errors*, b. v, c. 24, part 4, Englished from *L. pluvius*, rainy. And see **POVER**.

PLY, to bend, to work at steadily, urge. (F.—L.) *ME. plien*, to bend, *Chaucer*, C. T. 9045; to mould, as wax, id. 934. *E. 1169*, 1430). Since moulding wax, &c. requires constant and continued application of the fingers, we might hence obtain the metaphor of toiling at; as in to *ply* a task, to *ply* an oar; but these extensions are really due to the use of *plien* for *ME. aplien*, to apply. — *F. plier*, 'to fold, plait, ply, bend, bow, turne'; Cot. — *L. plicare*, to fold. † *Gk. πλῆν*, to weave; *Russ. plete*, to plait, wind; *G. flechten*, strong verb, to braid, plait, twist, entwine. All from *PLEK*, to weave, plait. Der. *pli-able*, spelt *plyable* in *Fabian's Chron.* b. i, c. 147, ed. Ellis, p. 133, l. 31, from *F. pliable*, 'pliable'; Cot.; *pliably*, *pliability*, *pliable-ness*; *pli-ant*, *Oth. i. 3. 151*, from *F. pliant*, pres. part. of *plier*; *pliant-ly*, *pliant-ness* or *pliancy*; *pliers* or *ply-ers*, pincers for bending wire. From *L. plicare* we also have *ap-ply*, *im-ply*, *re-ply*; *accom-plice*, *ap-plic-at-ion*, *com-ple-ate*, *com-plex*, *ex-ple-ate*, *ex-ple-it*, *im-ple-ate*, *im-ple-it*, *in-ex-ple-able*, *per-plex*; also *de-pley*, *dis-pley*, *em-pley*. Also *sim-ple*, *sim-ple-ity*, *sim-ple-ify*; *double*, *du-ple-ity*, *du-ple-ate*; *tri-ple*, *tri-ple-ity*, *tri-ple-ate*; *quadru-ple*, *multi-ple*, *multi-ple-ity*, &c. Also *plait*, *pleach*, *pleat*, *plight* (2), *splay*, *sup-ple*, *sup-ple-ate*, *sup-ple-ant*, &c. And see **FLAX**. See also **APPLY**.

PNEUMATIC, relating to air. (L.—Gk.) *Bacon* speaks of 'pneumaticall substance in some bodies'; *Nat. Hist.* § 842. — *L. pneumaticus*. — *Gk. πνευματικός*, belonging to wind, breath, or air. — *Gk. πνευματ-*, stem of *πνέω*, wind, air. — *Gk. πνέω*, to blow, breathe; for *πνέω* (*bas πνέω*). See **NEEDING**. Der. *pneumatical*, *-al-ly*; *pneumatics*. And see **PNEUMONIA**.

PNEUMONIA, inflammation of the lungs. (Gk.) *Modern*. Todd adds to Johnson only the word '*pneumonics*, medicines for diseases of the lungs'; but omits *pneumonia*. The o is short. — *Gk. πνευμονία*, a disease of the lungs. — *Gk. πνευμον-*, stem of *πνέω* (*also πνέω*), a lung. — *Gk. πνέω*, to breathe. See **PNEUMATIO** and **PULMONARY**. Der. *pneumon-ic*.

POACH (1), to dress eggs. (F.—OLow G.) Formerly *poeche*. 'Eggs well poched are better than roasted.' They be moste holse-some when they be poched'; Sir T. Eliot, *Castel of Helth*, b. li, c. 17. Spelt *poche* in *Palgrave*; *Levins*; *Bacon*, *Nat. Hist.* § 53; and in *Cotgrave*. — *F. pocher*; *Cotgrave* gives '*Poché*, poched, thrust or digged out with the fingers; *ouef poché*, a poched egg.' Here two verbs have been confused; for the former sense see **POACH** (2). β. Littre unhesitatingly derives *pocher* from *F. poche*, a pouch, pocket; and Scheler explains that 'a poached egg' means 'an egg dressed in such a manner as to keep the yolk in a rounded form, and that the sense rests upon that of 'pouch.' In this view, it is, in fact, 'a poached egg.' Hatzfeld explains it still more simply by supposing that the egg is likened to a pouch, because the art is to dress it in such a way as not to let the yolk escape. Cf. *eyron en poche*, i.e. eggs in pouch; *Two Cookery Books*, ed. T. Austin, p. 24. See **POUCH**.

POACH (2), to intrude on another's preserves, for the purpose of stealing game. (F.—OLow G.) 'His greatest fault is, he hunts too much in the parishes. Would he would leave off poaching!' *Beaumont and Fletcher*, *Milaster*, iv. 1 (Thrasiline). — *F. pocher*; '*pocher le labour d'autrui*, to poach into, or incroach upon, another man's im-ploiment, practise, or trade; &c.' β. There is here some difficulty in assigning the right sense to *F. pocher*. *Cotgrave* gives it only as meaning 'to thrust, or dig at with the fingers'; perhaps from *Low G. poken*, to thrust into; see **POKE** (2). Cf. *prov. E. poach*, to tread into holes. γ. The *MF. pocher* is also spelt *pocher*, as it fruit with le ponce; '*pocher*, presser avec le ponce'; *Corbillet*; perhaps from *L. pollicem*, acc. of *pollex*, the thumb; cf. *OF. pochier*, *pochier*, the thumb, from the *L. adj. pollicaris*. Der. *poch-er*.

POCK, a small pustule. (E.) We generally speak of 'the small pox'; but the spelling *pox* is absurd, since it stands for *pocks*, the pl. of *pock*, a word seldom used in the singular. [We might as well write *sox* as the pl. of *sack*; indeed, I have seen that spelling used for abbreviation.] The word *pock* is preserved in the *adj. pocky*, *Hamlet*, v. 1. 181. The term *small pox* in *Beaumont and Fletcher*, *Fair Maid of the Inn*, ii. 2 (Clown), is spelt *pocks* in the old edition, according to Richardson. *Cotgrave* explains *F. morbilli* by 'the small pox,' but in *Sherwood's Index* it is 'the small pocks;' and in fact, the spelling *pocks* is extremely common. The pl. was once dissyllabic. *Fabian* has: 'he was vrywyth with the sykenesse of *pockes*,' vol. ii. an. 1463, ed. Ellis, p. 653. *ME. pokke*, pl. *pokkes*, *P. Plowman*, B. xx. 97. *AS. poc*, *pocce*, a pustule. [*Gf. poc sy* on *eggan* = if there be a pustule on the eye; *A.S. Leechdoms*, ed. Cockayne, iii. 4. The nom. pl. is *poces*; *Vocab. s. 20*. 25. †EFries. *pok*, *poke*; *Du. pock*; *G. pocke*, a pock. Perhaps related to **POKE** (1), with the notion of 'bag.' ¶ *Macabain* derives *Gael. buaid*, a pustule,

from Brittonic *L. buccinus*, from *L. bucca*, the puffed cheek. If this be so, it is unconnected with *E. poch*. Der. *pou* (= *poch*); *poch-y*.

POCKET, a small pouch. (F.—L.—Gk.) ME. *poket*, Prompt. Parv. 'Cered *pokets*' = small waxed bags; Chaucer, C. T. 16276 (G 808). From North F. (Norm. dial.) *poquette*, variant of *pouquette*, a little bag; also in the form *pouquet*, m.; Moisy, Métivier gives the modern Guernsey form as *pouquette*, dimin. of *pouque*, a sack or pouch. He cites a Norman proverb: 'Quant il pleut le jour Saint Marc, Il ne faut ni *pouque* ni sac'—when it rains on St. Mark's day (April 25), one wants neither poke nor bag. It is therefore a dimin. of O. North F. *pogue*, Parisian F. *poch*.—Icel. *poki*, a bag; MDu. *poke*, a bag, Hexham; see *Pouch*, **POKE** (1). Der. *pocket*, verb, Temp. ii. 1. 67; *pocket-book*, *pocket-money*.

POD, a husk, a covering of the seed of plants. (E.) 'Pod, the husk of any pulse; ' Phillips, ed. 1706. 'Perhaps it merely meant 'bag'; being related to *pad*, a cushion, i.e. a stuffed bag, and to *pudding*, of which the old meaning was 'sausage', i.e. stuffed skin. β. The nearest word, in form, is MDu. *puden*, pl. 'huskes, pillen, or shales', i.e. shells. Cf. also AS. *puðuc*, a wen (Toller); Westphal. *puddel*, a lump, a pudding; Low G. *puddig*, thick, E. dial. *poddy*. Der. *pod-war*, plants having pods; R. Scot. Disc. of Witchcraft, b. xii. c. 6. See **Pudding**.

POEM, a composition in verse. (F.—L.—Gk.) In Hamlet, ii. 2. 419.—F. *poème*, 'a poem'; Cot.—L. *poëma*.—Gk. *poïma*, to make; see **Poet**.

POESY, poetry, a poem. (F.—L.—Gk.) ME. *poesie*, Gower, C. A. ii. 36, bk. iv. 1038.—MF. *poésie*, 'poesie'; Cot.—L. *poësin*, acc. of *poësis*, poetry.—Gk. *poïesis*, a making, poetic faculty, poem.—Gk. *poëin*, to make; see **Poet**. Der. Hence 'a *posy* on a ring', Hamlet, iii. 2. 162, because such mottoes were commonly in verse; see examples in Chambers, Book of Days, i. 221. *Posy* stands for *poesy*, by contraction. See **Poey**.

POET, a composer in verse. (F.—L.—Gk.) ME. *poete*, Wyclif, Deeds [Acts], xvii. 28; Gower, C. A. iii. 374, note; bk. viii. 2942.—F. *poète*, 'a poet, maker'; Cot.—L. *poëta*.—Gk. *poietēs*, a maker, composer, versifier; formed with suffix *-της* (Idg. *-tā*) denoting the agent, from *poieō*, to make. Der. *poet-ic*, Gk. *poietikos*; *poetic-al*, As You Like It, iii. 3. 16; *poetic-al-ly*, *poet-ize*, a coined word. Also *poet-aster*, in Ben Jonson, as the name of a drama, answering to a L. form **poëtaster*, formed from *poiet-a* with the double suffix *-aster*, with which cf. MF. *poëtaster*, 'an ignorant poet', Cot. Also *poet-ess*, North's Plutarch, pt. ii. p. 25 (R.), formed with F. suffix *-ess* (= L. *-issa* Gk. *-issa*). Also *poet-ry*, ME. *poetrye*, Prompt. Parv., from MF. *poëterie*, 'poetry', Cot. From the same Gk. verb. *onomato-paia*, *pharmaco-paia*.

POIGNANT, stinging, sharp, pungent. (F.—L.) MF. *poinant*, Chaucer, C. T. Pers. Tale, Group I, 130; now conformed to the F. spelling.—F. *poignant*, 'pricking, stinging', Cot.; pres. part. of F. *poindre*, to prick.—L. *pungere* (pt. t. *pu-pug-i*), to prick; base PEUG. See **Pungent**, **Point**. Der. *poignant-ly*, *poignancy*. Doublet, *pungent*.

POINT, (1) a dot, prick; (2) a sharp end. (F.—L.) 1. ME. *point*, Ancien Riwle, p. 178, l. 7.—F. *point* (*point* in Cotgrave), 'a point, a prick, a centre'; Cot.—L. *punctum*, a point; orig. neut. of pp. of *pungere*, to prick, pt. t. *pupugi*. See **Pungent**, 2. ME. *point*, Chaucer, Good Women, 1795.—F. *pointe*, MF. *pointe*, 'the point of a weapon'; Cot.—L. *puncta*, fem. of pp. of *pungere*. The two forms are confused in E. Der. *point*, verb, ME. *pointen*, P. Plowman, C. ix. 298; *point-ed*, *point-ed-ly*, *point-ed-ness*; *point-er*, a dog that points; *point-ers*, pl., the stars that point to the pole, Greene, Looking-glass for London, ed. Collins, iii. 1. 67; *point-ing*: *point-less*; *point-s-man*, a man who attends to the points on a railway. Also *point-device*, L. L. v. 1. 21, shortened form of the phrase at *point device*—with great liberty or exactitude, as: 'With limbs [limbs] wrought at *point-devise*'; Rom. of the Rose, l. 830; a translation of OF. *à point devis*, according to a point [of exactitude] that is devised or imagined, i.e. in the best way imaginable. (The OF. *a point devis* does not appear, but see *a point* in the Supp. to Godfrey.) Also *point-blank*, with a certain aim, so as not to miss the centre, which was a blank or white spot in the old butts at which archers aimed; Merry Wives, iii. 2. 34.

POISE, to balance, weigh. (F.—L.) ME. *poisen*, *poisen*, to weigh, P. Plowman, B. v. 217 (and various readings).—OF. *poiser* (Supp. to Godfrey, s.v. *peser*), later *peser*, 'to please, poise, weigh'; Cot. [Cf. OF. *pois*, *peis*, a weight; now spelt *poise*, by confusion with L. *pondus*, from which it is not derived.]—L. *pensare*, to weigh, weigh out.—L. *pensum*, a portion weighed out as a task for spinners, a task; Late L. *pensum*, *pensa*, a portion, a weight.—L. *pensus*, pp. of *pensare*, to weigh, weigh out; allied to *pensere*, to hang; see

Pendent, Pensive. Der. *poise*, sb., used in the sense of weight, Sir T. Elyot, Castel of Helth, b. ii. end of c. 33. Also *avoir-du-poise*, q.v. The form *poise* is from AF. *poiser* = OF. *poiser*.

POISON, a deadly draught. (F.—L.) Merely 'a potion'; the bad sense is unoriginal. In early use; spelt *poison*, Rob. of Glouc. p. 122, l. 2605; *poisun*, Halli Meidenhad, ed. Cockayne, p. 23, l. 16.—F. *poison*, 'poison'; Cot.—L. *poitōnē*, acc. of *poitō*, a drink, draught, esp. a poisonous draught.—L. *poitāre*, to drink; *poitōs*, drunken. β. *Pōtōs* is formed with Idg. suffix *-to* from *pō-*, a grade of **pō*, to drink; cf. Skt. *pā*, to drink; Gk. *πόω*, to drink, *πόω-μα*, drink. Brugmann, i. § 172. Der. *poison*, verb, ME. *poisonen*, K. Alisaunder, 600; *poison-er*, *poison-ous*, *poison-ous-ly*, *-ness*. Doublet, *poison*.

POITREL, PETREL, armour for the breast of a horse. (K.—L.) *Poytrel* (Palsgrave); also *petrel* in Levins. [ME. *petrel*, Chaucer, C. T. 16032 (G 564).]—OF. *poitral*, MF. *poietral*, *poietrail*, 'a petrel for a horse'; Cot.—L. *pectorale*, belonging to the breast; neut. of *pectorilis*. See **Pectoral**. ¶ The form *petrel* is from AF. *petrel*, Gaimar, 6385.

POKE (1), a bag, pouch. (Scand.) 'Two pigges in a *poke*' = two pigs in a bag, Chaucer, C. T. 4276 (A 4278). Havelok, 555. [Cf. Irish *poc*, a bag; Gael. *poca*, a bag; from E. or Scand.] Prob. from Icel. *poki*, a bag; cf. MDu. *poke*, 'a poke, sack', Hexham. The relationship to AS. *pōka*, *pōkha*, a bag, is not clear. Der. *poke-et*. Doublet, *pouch*.

POKE (2), to thrust or push, esp. with something pointed. (E.) ME. *poken*, Chaucer, C. T. 4167 (A 4169); *pukken*, P. Plowman, B. v. 620, 643. [Not in AS.; cf. Irish *poc*, a blow, a kick; Corn. *poc*, a push, shove; Gael. *puc*, to push, jostle; from E.]—Du. *poken*; F. *prier*, *pokern*, frequently, to keep on poking about; Low G. *poken*, to thrust into; Pomeran. *pōken*; G. *pochen*. Cf. MDu. *poke*, a dagger, lit. 'a thruster'; Hexham. Teut. base **puk*; perhaps imitative. Der. *poke*, sb., *pok-er*; and see *puck-er*.

POLACK, a Pole, an inhabitant of Poland. (Polish.) In Shak. Hamlet, ii. 2. 63.—Pol. *Polak*, a Pole. Cf. *Polka*, Poland.—Pol. *pol*; Russ. *pol*, a field, plain, flat country; allied to E. *field*.

POLDNAVY, POLEDNAVY, a coarse cloth or canvas. (Breton.) See Nares, s.v. *Poldnavy*; and Halliwell. Named from Bret. *Pouldavid*, a small village near Douarnenez, in Finistère.—Bret. *poul*, pool; *David*, David.

POLE (1), a stake, long thick rod. (L.) ME. *pole*, P. Plowman, B. xviii. 52. The E. long o presupposes an AS. **āl*, as in *stone* from AS. *stān*, &c. Thus *pole* = AS. **pāl*. We find '*Palus*, pal' in Voc. 334. 2; where the *a* is long in both words. Merely a borrowed word, from L. *pālus*, a stake. Cf. W. *pawl*, a pole. See **Pale** (1). ¶ Similarly the G. *pfahl*, a stake, is merely borrowed from the Latin. Doublets, *pale* (1), *pawl*.

POLE (2), a pivot, either end of the axis of the earth. (F.—L.—Gk.) 'The north pole'; L. L. v. 2. 699. ME. *pol*, Chaucer, On the Astrolabe, pt. i. § 14, l. 6.—MF. *pol*, 'a pole; *pol* *arique*, the north pole'; Cot.—L. *polus*, acc. of *polus*, a pole.—Gk. *πόλος*, a pivot, hinge, axis, pole.—Gk. *πέλος*, to be in motion; the *poles* being the points of the axis round which motion takes place. Allied to Russ. *koleso*, a wheel, (✓QEL). Brugmann, i. § 652. Der. *pol-ar*, Milton, P. L. v. 269, from L. *polāris*; hence *polar-ity*, *polar-ize*, *polar-iz-at-ion*.

POLE-AXE, a kind of ax. (E.; also L. and E.) Spelt *polaxe* in Palsgrave. ME. *pollaxe*, Chaucer, C. T. 2546 (A 2544); Rich. Cœur de Lion, 6870. β. *AX* (more correctly *ax*) is from AS. *ax*; see **AX**. γ. The prefix has changed; orig. *poll-ax*, a weapon for striking one on the poll or head. But later altered to *pole-ax*, and in the cognate Westphal. *pāl-axe*, it is clearly Westphal. *pāl*, a pole; denoting an ax fastened to a pole. The Low G. *pollex* (as if from *poll*, the poll, the head) is also spelt *bollex*, which seems to represent the obs. E. *bole-ax* (N. E. D.), Icel. *bolboxi*, from the *bole* of a tree. See **Poll**.

POLE-CAT, a kind of weasel which emits a disagreeable odour. (Hybrid; F.—L. and E.) ME. *polcat*, Chaucer, C. T. 12789 (C 855); also *puklat*, Gower, 601. 13. For the latter syllable, see **Cat**. The former syllable, ME. *pol-*, represents the OF. *poile*, *poule*, a hen; the form *poile* occurs in OF. *poletier*, variant of *pouletier*, a seller of poultry; and the mod. E. *poul-tray* is sounded with the *poul-* = *poile* in *poile-cat*. The *poile-cat* is well known as a chicken-thief; cf. the quotation from Chaucer above. See further under **Poult**.

POLEMICAL, warlike, controversial. (Gk.) In Blount's Gloss., ed. 1674. Formed with suffix *-al* (= L. *-ālis*), from Gk. *πολεμικός*, warlike.—Gk. *πόλεμος*, war. β. Formed with suffix *-ic* = *-ios* (like *ἀν-ε-μος* = L. *an-i-mus*) from *πολ-*; perhaps allied to L. *pell-ere*, to drive. Der. *polemic-al-ly*; also *polemic-*, from Gk. *πολεμικός*.

POLICE, the regulation of a country with respect to the preservation of order; hence, the civil officers for preserving order. (F.—L.—Gk.) The expression *the police* signifies *the police-force*, i.e.

the force required for maintaining *police*, or public order. The sb. is in Todd's Johnson; but we already find the expression 'so well as *policed* [regulated] kingdom' in Howell, Instructions for Foreign Travel, ed. Arber, p. 78, last line but one; A.D. 1642. — *F. police*, 'policy, polittick regiment, civil government'; Cot. — *L. politia*, — Gk. *πολιτεια*, citizenship, polity, condition of a state. — Gk. *πολιτης*, a citizen. — Gk. *πολις*, for *πολις*, a city; with suffix *-ης*. β. Related to Gk. *πολις*, much. *Skt. puri*, a town. From the same root as *Plenary*. With *Skt. puri*, cf. Indian *poor* in *Bhuri-poor*, *Fulch-poor*, &c. And see *Full*. *Der. pol-ic-y*, *M.E. police*, Chaucer, C. T. 12534 (C. 600), answering to *OF. policie* (< *L. politia*), a learned form of *F. police*. Also *polity*, in Hooker, Eccl. *Polity*, from *L. politia*; *politic*, spelt *polittick* in Minshew, from *L. politicus*, Gk. *πολιτικος*; *politic-ly*; *politics*, spelt *politticks* in Minshew; *politic-al*, Minshew; *politic-ally*; *politic-i-an*, used as adj. in Milton, Samson, 1195. And see *acro-polis*, *metro-polis*, *cosmo-polite*.

POLICY, a warrant for money in the public funds, a writing containing a contract of insurance. (F. — Late L. — Gk.) [Quite distinct from *policy* as connected with *Polio* q.v.] 'A policy of insurance is a contract between A and B' Blackstone. And see *Phillips'* Dict., ed. 1706. The form is prob. due to confusion with *policy* in the other sense, or the final syllable may have been taken to the Span. or Ital. form. — *F. police*, a policy; *police d'assurance*, policy of insurance. Hamilton. Cf. Span. *poliza*, a written order to receive a sum of money; *poliza de seguro*, a policy of insurance; *Mital. poliza*, a schedule (Florio); *Ital. polizza*, a bill, ticket, invoice. β. The Port. form is *apólice*, a government security (Vieyra); *MSpan. pólice* (Minshew). These forms (and *Mital. pólice*, *plúice*) prob. represent late *L. apólice*, *apólice*, 'cantic de sumpta pecunia'; Ducange. Cf. Port. *apólice*, a plain proof. All from late Gk. *ἀπόδειξις*, a showing forth, a proof. — Gk. *ἀποδείκνυμι*, I point out. — Gk. *ἀπό*, from, forth; *δείκνυμι*, I show. (See Korting, § 6294.) ¶ This is to be preferred to the solution in *Dicz*, who refers it to late *L. polyptichum*, a register; Gk. *πολυπτεχον*, a piece of writing in many folds, a long register; from *πολύ*, much, and *πτεχον*, for *πτύξ*, a fold, leaf, *πτύσσων*, to fold. See Notes on E. Etym., p. 220.

POLISH, to make smooth, glossy, or elegant. (F. — L.) *M.E. polischen*, Chaucer, C. T. 1456 (E 1582); sometimes contracted to *polischen*, as in P. Plowman, li. v. 482. 'A marble stone *polished*': Caxton, Reynard the Fox, ed. Arber, p. 11. — *F. poliss-*, stem of *polissant*, pres. part. of *polir*, to polish. — *L. polire*, to polish, to make smooth. *Der. polish-er*; also *polite*, in *Phillips*, ed. 1706, from *L. politus*, pp. of *polire*; *polite-ly*, *polite-ness*.

POLKA, a dance. (Polish.) Said to have been first danced by a Bohemian peasant-girl in 1831, and to have been named *polka* at Prague in 1835. — *Pol. Polka*, a Polish woman. Similarly, another dance is called the *Polonaise*, lit. Polish woman; another the *Crocoviene*, lit. woman of Cracow; another the *Mazurka*, q.v.

POLL, the head, esp. the back of it, a register of heads or persons, the voting at an election. (Olow G.) All the meanings are extended from *poll*, the rounded part of the head; hence, a head, person, &c. *M.E. pol*, pl. *polles*. 'Pol bi pol' = head by head, separately, P. Plowman, li. xi. 57. 'Bi pate ant by *polle*' = by pate and poll; *Polit. Songs*, ed. Wright, p. 237, in a MS. of the reign of Edw. II. [Not in AS.] An Olow G. word, found in *MDu. polle*, *pol*, or *bol*, 'the head or the pate'; *Hexham*; also in *Low G. polle*, the head, *Bremen Wörterbuch*; *Swed. dial. pull* (Reitz), *Dan. puld* (for *pull*), the crown of the head. Cf. *EFries. pol*, round, full, fleshy. *Der. pull*, verb, to cut off the hair. Num. i. 2, ix. 47; *pull-tax*, a tax by the head, i.e. on each person. Also *polle-axe*, formerly *pollax*, Chaucer, C. T. 2546, *Olow G. pollex*, *Bremen Wörterbuch*, from *Olow G. polle*, the poll, head, and *axe*, an ax (later altered to *pole*, with reference to the handle); hardly the same as *Iscl. bolxi*, which is rather an ax for lopping branches, from *bolr*, *bulr*, the trunk of a tree. Also *poll-ard*, used as a sb. in Bacon, Nat. Hist. § 424, and in Sir T. Browne, Cyrus Garden, c. iii. § 13, in which the use of the suffix *-ard* gives the sense of 'round-headed'; it is, etymologically, the same as in *drunk-ard*, i.e. *F. -ard*, from *OHG. -hart*, hard. And see *Pole-axe*.

POLLEN, the powder on the anthers of flowers. (L.) In Johnson it is also used for fine flour. — *L. pollens*, *pollis*, fine flour. Connected with Gk. *πᾶλῃ*, fine sifted meal; *L. pal-ae*, straw; *pal-uis*, dust.

POLLOCK, **POLLOCK**, a kind of codfish, the whiting. (E.) In Carew (Survey of Cornwall); Todd's Johnson. Cf. Gael. *pollag*, a kind of fish, the gwyniad (i.e. whiting); Irish *pollóg*, a pollock; borrowed from E. Prob. from *poll*, the head (above); cf. *E. poll-ard*, which is a name of the chub. (Doubtful.)

POLLUTE, to defile, taint, corrupt. (L.) In Shak. Lucrece, 844, 1063, 1246. Milton has *pollute* as a pp., Hymn on Chastity's Nativity, 41; but we already find *polluted* in Skelton, Ware the Hauke, 44, 161, 174; *polluted* in the Coventry Mysteries, p. 154; and *pollut*

in Chaucer, tr. of Boethius, bk. i. pr. 4. 180. — *L. pollutus*, pp. of *polluere*, to defile. — *L. pol-*, a prefix, of which the older form was *por-* or *pori-* towards; and **luere*, to defile (distinct from *luere*, to wash), the origin of the sb. *lute*, filth. *Der. pollut-ion*, Lucrece, 1157, from *L. acc. pollutionem*.

POLO, a game; hockey on horseback. (Balti.) 'It comes from Balti; *polo* being properly, in the language of that region, the ball used in the game'; Yule. Balti is in the high valley of the Indus.

POLONY, a kind of sausage. (Ital.) In Thackeray, Newcomes, xviii. § 1. A corruption for *Bologna sausage*; which city is 'famous for sausages'; Evelyn's Diary, May 21, 1645. So also 'Bologna sausages'; Chapman, The Ball, Act iii. And *Bolony*, Bologna; Webbe's Trav., ed. Arber, p. 30. See Hotten's Slang Dict.

POLTROON, a dastard, coward, lazy fellow. (F. — Ital. — L.) In Shak. 3 Hen. VI, i. 1. 62. Earlier, spelt *pultrone*, in Skelton, The Doughty Duke of Albany, l. 170. — *F. poltron*, 'a knave, rascal, varlet, scoundrel, dastard, sluggard'; Cot. — *Ital. poltrone*, 'a poltroon, an idle fellow, a lazy companion, a dastard'; Torriano. — *Ital. poltro*, 'a colt, ... also a bed or a couch'; Florio. He also gives *poltrare*, *poltrire*, *poltraggiare*, *poltronaggiare*, 'to play the coward, to loiter or wallow in idleness, to lie idle a bed'. β. The old sense is clearly a sluggard, one who lies in bed; from *poltro*, a bed, couch. *Poltro* orig. meant 'a colt'; and afterwards a bedstead; cf. *MF. poltre*, 'a filly'; Cot.; *F. poure*, a beam, from the support it gives (like *E. elash-horse*). — Late *L. pullitrum*, acc. of *pullitrus*, a colt (Ducange). — *L. pullus*, a colt, a foal; see *Foal*. For the change of sense, cf. *puller*, *chevron*. *Der. poltroon-er-y*, a clumsy word; it should rather be *poltron-er-y* — *F. poltronie*, 'knavery', Cot.

POLY, many; prefix. (L. — Gk.) *L. poly-*, for Gk. *πολύ*, from *πολύς*, for *πολύς*, much. Cognate with *Skt. puru-*, much; and closely allied to Gk. *πᾶς*, full, and *E. full*; see *Full*.

POLYANTHUS, a kind of flower. (L. — Gk.) A kind of primrose bearing many flowers; lit. 'many-flowered'. In Thomson, Spring, 532. A Latinized form of Gk. *πολυάνθος*, more commonly *πολυανθής*, many-flowered. — Gk. *πολύ*, many; and *άνθος*, a flower. See *Poly-* and *Anth-*.

POLYGAMY, marriage with more than one wife. (F. — L. — Gk.) *Polygamie* in Minshew, ed. 1627. — *F. polygamie*, 'polygamy, the having of many wives'; Cot. — *L. polygamia*, — Gk. *πολυγαμία*, a marrying of many wives. — Gk. *πολύ*, much, many; and *-γαμία*, a marrying, from *γάμος*, marriage. See *Poly-* and *Bigamy*. *Der. polygam-ous*, *polygam-ist*.

POLYGLOT, written in or speaking many languages. (Gk.) Howell applies it to a man; 'A *polyglot*, or linguist'; Familiar Letters, b. iii. let. 8, near the end. Coined from *poly* — Gk. *πολύ*, many; and *γλῶττα* — *γλῶσσα*, the tongue. See *Poly-* and *Glotifia*.

POLYGON, a plane figure having many angles. (L. — Gk.) Spelt *polygone* in Blount's Gloss, ed. 1674. — *L. polygonum* (White). — Gk. *πολύγωνον*, a polygon. — Gk. *πολύ*, many; and *-γωνία*, a corner, angle, allied to *γωνία*, the knee; see *Poly-* and *Knee*. *Der. polygon-al*, *polygon-ous*. We also find *polygon-y*, knot-grass, Spenser, F. Q. iii. 5. 32, from *L. polygonum* or *polygonum*, Gk. *πολύγωνον*, knot-grass, so called from its many bends or knots.

POLYHEDRON, a solid body with numerous sides. (Gk.) Mathematical; coined from *poly* — Gk. *πολύ*, many; and *-εδρον*, from *ἔδρα*, a base, from *ἔδω*, cognate with *E. sit*. See *Poly-* and *Sit*. *Der. polyhedr-al*.

POLYNOMIAL, an algebraical quantity having many terms. (Hybrid; F. — L. and Gk.) Mathematical; an ill-formed word, due to the use of *binomial*; from *F. polynôme*, *binôme*. — Gk. *πολύ*, many; and *L. nóm-en*, a name. It should rather have been *polynimial*, and even then would be a hybrid word. See *Poly-* and *Binomial*.

POLYPUS, an animal with many feet; &c. (L. — Gk.) The pl. *polypi* is in Holland, tr. of Pliny, b. ix. c. 30, near beginning. — *L. polypus* (gen. sing. and nom. pl. *polypi*); a polypus. — Gk. *πολύπους*, occasional form of *πολύπους*, lit. many-footed. — Gk. *πολύ*, many; and *πούς*, cognate with *E. foot*. See *Poly-* and *Foot*. ¶ Cf. *F. polype*, Ital. and Span. *polipo*; all false forms, due to treating the Gk. ending *-πους* as if it were *-πος*. Cf. *poly-podi-um*, a fern.

POLYSYLLABLE, a word of many syllables. (Gk.) In Blount's Gloss, ed. 1674. A coined word; ultimately of Gk. origin. The spelling *syllable* is due to French. See *Poly-* and *Syllable*. *Der. polysyllab-ic*, from *L. polysyllabus* — Gk. *πολύσλλαβος*, having many syllables.

POLYTECHNIC, concerning many arts. (F. — Gk.) From *F. polytechnique* (1795). — Gk. *πολύ*, many; and *τεχνικ-ός*, belonging to the arts, from *τέχνη*, art; see *Technical*.

POLYTHEISM, the doctrine of a plurality of gods. (Gk.) In Johnson's Dict. Coined from Gk. *πολύ*, much, many; and *θεός*, a god; with suffix *-ism* — Gk. *-ισμος*. See *Poly-* and *Theism*. *Der. polythe-ist*, *polythe-ist-ic-al*.

POMADE, POMMADE, a composition for dressing the hair. (F.—Ital.—L.) Properly with two m's. 'Pommade, an ointment used by ladies'; Blount's Gloss, ed. 1674.—F. *pommade*, 'pomatum, or pomata, an ointment'; Cot. So called because orig. made with apples; cf. F. *pomme*, an apple.—Ital. *pomada*, *pomata*, 'a pomado to supply ones lips, lip-salve'; Florio. Formed with participial suffix *-ata* from *pomo*, an apple.—L. *pōmum*, an apple, the fruit of a tree. Doublet, *pomatum*, Ben Jonson, *Sejanus*, ii. 1, which is a Latinized form. And see *pomegranate*, *pomme*.

POMANDER, a globe-shaped box for holding perfumes. (F.—L. and Span.—Arab.) Spelt *pomauder*, Skelton, *Garl. of Laurel*, 1027; 'Pommandre, to smell to'; Palgrave. For *pomamber*; spelt *pomeamber* in *Bullein*, Dial. against Kever (1578); p. 49, l. 25, but also *pomeander*, p. 53, l. 29. ME. *pomum ambre*; Medical Works of 14th Cent., ed. Henslow, p. 122.—AF. *pomme ambre*, for OF. *pomme d'ambre*, 'apple of amber'; see my Notes on E. Etym., p. 223. See **Pommel** and **Amber**.

POMEGRANATE, a kind of fruit. (F.—L.) 'Of pomegranates'; Sir T. Elyot, *Castel of Helth*, b. ii. c. 7. ME. *pome-garnade*, Lydgate, *Minor Poems*, p. 15; *pomgarnet*, Trevisa, i. 107, l. 7.—OF. *pome grenate*, which was turned into *pome de grenate* by some confusion or misunderstanding of the sense. In Li Contes del Graal, a poem of the 12th century, we find 'Dates, figues, et noiz mugates, Girofle et pomes de grenates'; see Bartsch, *Chrestomathie Française*, col. 172, ll. 4, 5. Cf. Ital. *pomo granato*, a pomegranate; Florio.—L. *pōmum*, an apple, and *grānātum*, used also alone to signify a pomegranate. B. *Grānātum* is neut. from *grānātus*, filled with grains or seeds; the fruit abounding in hard seeds. *Grānātus* is formed, with pp. suffix *-itus*, from *grān-um*, a grain, seed. See **Grain**.

POMMEL, a knob, the knob on a sword-hilt, a projection on a saddle-bow. (F.—L.) ME. *pommel*, a boss; P. Plowman's Crede, l. 562.—OF. *pommel* (Harguy), later *pommelneau*, 'the pommel of a sword, &c.'; Cot. Lit. 'small apple'. Formed with dim. suffix *-el* (L. *-ellus*) from *pōmum*, an apple. DER. *pommel*, verb, to beat with the handle of a sword or any blunt instrument or with the fists. Cf. '[He]... all too pommelled the same with his handes'; Udall, tr. of Erasmus's *Apophthegmes*, Aug. Cæsar, § 7.

POMP, great display, ostentation. (F.—L.—Gk.) ME. *pompe*, in Chaucer, C. T., A 525.—F. *pompe*, 'pomp'; Cot.—L. *pompā*, a solemn procession, pomp.—Gk. *πόμπε*, a sending, escorting, solemn procession.—Gk. *πέμψω*, to send. DER. *pompous*, in Palgrave, from F. *pompueux*, L. *pompōsus*, full of pomp; *pompous-ly*, *-ness*; *pompous-ly*.

POMPELMOOSE, a shaddock. (Du.) In Stedman's *Surinam*, i. 22.—Du. *pampelmose*, a shaddock (Caliche).

PONCHO, a sort of cloak, resembling a narrow blanket with a slit in the middle for the head to go through. (Span.—Araucan.) The form *poncho* is Spanish; but it is adapted from an Araucan name *pontho* or *poncho*; D. D. Granada, *Vocab. of La Plata words* (Montevideo, 1890). The Araucans are the Indians in the S. of Chili. (Notes on Eng. Etym., p. 224.)

POND, a pool of water. (E.) ME. *pond*, *ponde*, Trevisa, i. 69, l. 4; pl. *ponds*, id. l. 61, l. 5. *Pond* is a pool of standing water; strictly, one caused by damming water up. It is a variant of *poind*, an inclosure. Thus the Irish poet (borrowed from E.) means both 'a pound for cattle' and 'a pond'. See **Found** (2).

PONDER, to weigh in the mind, consider. (L.) 'In balance of unequal (unequal) weight he [Love] pondereth by ayme'; Surrey, *Description of the Fickle Affections*, l. 8; in *Tottell's Miscellany*, 1557, ed. Arber, p. 6; and see Skelton, ed. Dyce, l. 132, l. 1. Lydgate has *ponder*, imp. s., in *Assembly of Gods*, l. 134.—L. *pōndere*, to weigh.—L. *pōnder-*, decl. base of *pōndus*, a weight; see **Found** (1). DER. *ponder-er*, L. From the stem *pōndere* we also have *ponder-ous*, Sir T. Elyot, *The Governour*, b. i. c. 1, from F. *pōnderous*, L. *pōnderosus*; *ponderously*, *-ness*; *ponderous-ly*, from F. *pōnderosité*, 'ponderosity'; Cot. from L. acc. *pōnderosūlēm*. Also *ponder-able*, in Sir T. Browne, *Vulg. Errors*, b. iii. c. 27, part 11, from L. *pōnderābilis*, that can be weighed; *ponderabil-ly*, *-in-ponderable*.

PONIENT, western. (F.—L.) In *Levins*; and in *Milton*, P. L. x. 704.—F. *ponent*, 'the west'; Cot.—L. *pōnēt-*, stem of pres. part. of *pōnere*, to lay, abate; with reference to *sunset*. See **Position**.

PONIARD, a small dagger. (F.—L.; with G. suffix.) In *Hamlet*, v. 2. 157.—F. *poignard*, 'a poinadoe, or poniard'; Cot. Formed, with suffix *-ard* < OIIG. *hart* (li. hard), from F. *poing*, the fist. Similarly, Ital. *pugnale*, a poniard, is from *pugno*, the fist. Cf. also Span. *puño*, fist, handfist, hilt, *puñal*, a poniard, *puñala*, a blow with the fist. B. The F. *poing*, Ital. *pugno*, Span. *puño*, are from L. *pugnus*, the fist; see **Pugnacious**.

PONTIFF, a Roman high-priest, the Pope. (F.—L.) The pl. *pontifes* is in *Bacon*, *Nat. Hist.* § 771.—F. *pontif*, *pontife*, 'a chief

bishop'; Cot.—L. *pontificem*, acc. of *pontifex*, *pontufex*, a Roman high-priest; in eccl. Lat., a bishop.—L. *pōnti-*, decl. stem of *pōns*, orig. a path, way, later a bridge; and *-fex* (stem *-fo-*), a maker, from *facere*, to make. Cf. Gk. *πόρτος*, the sea. Brugmann, i. § 140. ¶ The reason for the name is not known; the lit. sense is 'path-maker'; hence, perhaps, one who leads to the temple, or leads the way in a procession. DER. *pontific-āl*, in *Levins*, from F. *pontifical*, L. *pontificalis*, from the stem *pōntif-*; *pontific-ate*, from F. *pontifical*, 'a prelature', Cot., from L. *pontificaliū*.

PONTOON, a buoyant vessel, for the quick construction of bridges. (F.—L.—C.) Formerly *ponton*. 'Ponton, a floating bridge'; Phillips, ed. 1706.—F. *ponton*, 'a wherry, or ferry-boat'; hence, a bridge of boats; Cot.—L. *pōntōnem*, acc. of *pōnto*, a boat; hence, a bridge of boats. Of Celtic origin; see **Punt**.

PONY, a small horse. (F.—L.) In *Johnson*. Explained as 'a little Scotch horse' in *Boyer's Dict.*, A. D. 1727 (*Wedgwood*).—OF. *poulenet*, a little colt (*Godefroy*); dimin. of *poulain*, a colt.—Late L. *pūllānus*, a colt (*Ducange*).—L. *pūllus*, a foal. The l. is lost before *n*, as in *Colney Hatch*. Cf. *Lowl*, Sc. *ponney*. See **Foal**.

POODLE, a fancy dog with curly hair. (G.) One of the very few G. words in English. Modern; not in *Johnson*. It occurs in *Miss Swanwick's* tr. of Goethe's *Faust*, 1864, p. 37.—G. *pudel* (Goethe), a poodle; Low G. *pudel*, *pudel-hund*, so called (it may be presumed) because he looks fat and clumsy on account of his thick hair; allied to Low G. *pudeln*, to waddle, used of fat persons; cf. Low G. *pudel-dikk*, unsteady on the feet, *puddig*, thick; Bremen Wörterbuch. Dannel gives Low G. *puddele*, a little dog just beginning to walk.

POOH, an interjection of disdain. (F.) Spelt *puh*! Marston, *What You Will*, A. ii. sc. 1. Adapted from MF. *puoc*, 'faugh!' Cot. Cf. *Icel. pui*, *puih*! Cf. *puif*, said the foxe'; Caxton, tr. of *Keynard the Fox*, ed. Arber, p. 59. So also *buif*! Chaucer, C. T. 7516 (D 1934); *bawf*! P. Plowman, B. xi. 135. Due to blowing away from one. See **Puff**.

POOL (1), a pond, small body of water. (E.) ME. *pol*, *pool*; dat. *pole*, *Layamon*, 21748; pl. *poles*, *Havelock*, 2101. AS. *pōl*, *Alfred*, tr. of Gregory's *Pastoral Care*, ed. Sweet, p. 278, l. 15. [Irish *poll*, *pult*, a hole, pit, mire, dirt; Gael. *poll*, a hole, pit, mire, bog, pond, pool; W. *pull*, a pool; Corn. *poll*, a pool, pond, mire, pit; Manx, *poll*; Bret. *poll*; are all borrowed words.] + Du. *poel*, a pool; G. *puhl*; OHG. *pfuol*. Teut. type **pōlōz*; cf. Lith. *balas*, a swamp. Brugmann, i. § 567.

POOL (2), the receptacle for the stakes at cards. (F.—L.) Formerly also spelt *poule*, as in *Todd's Johnson*.—F. *poule*, (1) a hen, (2) a pool, at various games; *Hamilton*. It seems to be so named, because the stakes are regarded as eggs, to be gained from the hen.—Late L. *pūlla*, a hen (*Ducange*); fem. of *pūllus*, a young animal, allied to Gk. *πῦλλος*, and E. *foal*; see **Foal**, **Pony**.

POOP, the stern of a ship; a deck above the ordinary deck in the after-part of a ship. (F.—Ital.—L.) In *Shak.* 1 Hen. IV, iii. 3. 29. Surrey (iv. 746) has *poops* to translate L. *puppis* in *Virgil*, *Aen.* iv. 554.—F. *poops*, *poups*, 'the poop or hinder part of a ship'.—Ital. *poppa*, poop (*Hatzfeld*).—L. *puppim*, acc. of *puppis*, the hinder part of a ship, a ship. DER. *poop*, verb, to strike a ship in the stern, to sink it, *Pericles*, iv. 2. 25.

POOR, possessed of little, needy, weak. (F.—L.) In early use. Also *poor*, as in *Roy*, *Rede Me*, ed. Arber, p. 76 (1528). ME. *poore* (perhaps *poore*). O. Eng. *Homilies*, ed. Morris, 2nd Ser. p. 47, l. 18; *Ancren Riwle*, p. 260, l. 3.—OF. *poore*, *poor*; cf. F. dial. *poore* (Berry).—L. *pauperem*, acc. of *pauper*, *poor*. B. L. *pauper* means 'provided with little, or' 'preparing little for oneself'; from *pau-*, little, few, as seen in L. *paucus*, Gk. *πῶς-ος*, *Few*; and *-per*, providing, connected with L. *par-are*, to provide, prepare. DER. *poor-ly*, *poor-ness*, *poor-house*, *-laws*, *-rate*, *-spirited*; *poverty*, q. v.

POPE, to make a sharp, quick, sound; to thrust suddenly, move quickly, dart. (E.) 'Popped in between' the election and my hopes; *Hamlet*, v. 2. 65. 'A pops me out from 500 pound'; *K. John*, i. 1. 68. 'To poppe, coniectare'; *Levins*. 'I poppe, or strike in-to a thing'; Palgrave. Chaucer has 'A joly popper', i. e. thruster, dagger; C. T. 3929 (A 3931). The word is of imitative origin; and allied to ME. *poppen*, to make a loud sound, as in blowing a horn; see Chaucer, C. T. 15405 (B 4890). Hence *popper* in the sense of 'pop-gun'; *Prompt Parv.* Cf. **Puff**. DER. *pop*, sb.

POPE, the father of a church, the bishop of Rome. (L.) ME. *pope*, Owl and Nightingale, 746. In *Layamon*, 14886, the older version has the dat. *papen*, where the latter version has *pope*. These forms show that the word was not taken from the F. *pape*, but from AS. *pāpa* (dat. *pāpan*), which was borrowed immediately from the Latin. The AS. homily on the Birthday of S. Gregory (ed. Elstob) begins with the words 'Gregorius se hālgas pāpa'—Gregory, the holy pope.—L. *pāpa*. + Gk. *πάππας*, voc. of *πάππας*, *pāpapas*,

papa, father. See **Papa**. Der. *pope-dom*, AS. *pāpōdōm*, A.S. Chron., an. 1124; *pap-er*, Titus Andron., v. 1. 76; *pap-er-y*.

POPINJAY, a parrot; a mark like a parrot, put on a pole to be shot at; a cockcomb. (F.—G. and L.; with modified suffix.) ME. *popinyng*, Chaucer, C. T. 13299, where the Ellesmere MS. has *papey* (= *papeyng*); Six-text ed., Group B, 1559. The pl. *papeynges* occurs in Allit. Poems, ed. Morris, B. 1405. Thus the *p* is excrescent, as in other words before a *f*-sound; cf. *messenger* for *messager*, *passenger* for *passager*, &c.—AF. *papey*, Royal Wills, ed. Nichols, p. 35 (1355); OF. *papegai*, *papegay*, 'a parrot or popinjay'; also a wooden parrot, . . . whereat there is a general shooting once every year; Cot. Mod. F. *papegai*, *papegant*; the last spelling has a needless suffix *t*, and is due to OF. *papegan*, found in the 13th century (Littre). Cf. Span. *papagayo* (whence Arab. *babaghā*), Port. *papagaio*, Ital. *papagalio*, a parrot. B. It is clear that we have here two distinct forms; (1) F. *papegai*, Span. *papegai*, *papagaio*, in which the base *papa-* is modified by the addition of *-gai*, Span. *-gayo*, due to a popular etymology which regarded the bird as chattering like the jay; and (2) OF. *papegay*, Ital. *papagalio*, in which the bird is regarded as a kind of cock, L. *gallus*; and the latter form appears to be the older; i.e. jay was substituted for 'cock,' because the jay seemed to come nearer than the cock to the nature of a parrot. Y. I adopt the suggestion of Wedgwood, that the syllables *pape-* are imitative, and were suggested by the Bavarian *papeln*, *papellen*, or *pappeln*, to chatter, whence the sb. *pappel*, a parrot, lit. a babbler; Schmeller, i. 398, 399. B. Bav. *pappeln* is cognate with E. *Babble*, q.v. Cf. *bubblaycock* (i.e. babble-jack), the Lowland Scotch name for a turkey-cock; so named from the gobbling sound which it makes.

POPULAR, a kind of tall tree. (F.—L.) ME. *poplere*, Chaucer, C. T. 2923 (A 2921); *popler*, Palladius on Husbandry, b. iii. l. 194.—OF. *poplier* (13th cent.), mod. F. *peuplier*, a poplar; Littre. Formed with suffix *-ier* (L. *-arius*) from OF. *peuple* (not recorded), later form *peuple*, 'the poplar'; Cot. Cf. prov. E. *popple*, a poplar; Nares, ed. Halliwell.—L. *populum*, acc. of *populus*, a poplar. Cf. OF. *popelin*, *popelina*, a poplar; Godefroy.

POPILIN, a fabric made of silk and worsted. (F.) Added by Todd to Johnson's Dict.—F. *popeline*, of which an older form was *popeline*, first mentioned in A.D. 1667 (Littre). F. Origin unknown; it has been supposed to be connected with *p. papal*, papal, because it may have been first made at Avignon, where there was once a papal court, A.D. 1309–1408. The chronology does not bear out this suggestion. Cf. Span. *popelino*, *populina*, poplin. Y. The spelling *popeline* separates it from *Poppeling* or *Popperringen*, near Ypres, in W. Flanders; with which some would connect it.

POPPY, the name of a flower with narcotic properties. (L.) ME. *popi* (with one *p*), Gower, C. A. ii. 102; bk. iv. 307. AS. *popig*; 'l'apauer, *popig*, Voc. 134. 33; also *popage*, Voc. 16. 17. Merely borrowed from L. *papiuer*, a poppy, by change of *u* (*w*) to *p*, and loss of *-er*.

POPULACE, the common people. (F.—Ital.—L.) 'And calm the peers, and please the populace'; Daniel, Civil Wars, b. vii. st. 78.—F. *populace*, 'the rascally people'; Cot.—Ital. *popolazzo*, *popoluccio*, 'the grosse, base, vile, common people'; Florio. Formed with the depreciatory suffix *-azzo*, *-uccio*, from Ital. *popolo*, the people.—L. *populum*, acc. of *populus*, the people; see **People**.

POPULAR, belonging to, or liked by the people. (F.—L.) In Temp. i. 2. 92.—F. *populaire*, 'popular'; Cot.—L. *popularis*, adj., from *populus*, the people; see **People**. Der. *popular-ly*, *-ly*, *-ize*.

POPULATE, to people. (L.) In Livins, ed. 1570. 'Great shoales of people, which gue on to *populate*;' Bacon, Essay 58.—Late L. *populatus*, pp. of *populare*, to people; (whereas the classical L. *populuri* means to ravage, destroy).—L. *populus*, people; see **People**. Der. *populit-ian*, in Bacon, Essay 29, § 5, from Late L. *populitiorum*, acc. of *populitio*, a population (White). Also *popul-ous*. Rich. II. v. 3, from F. *populeux*, 'populous'; Cot., which from L. *populus*, full of people; *popul-ous-ly*, *-ness*.

PORCELAIN, a fine kind of earthenware. (F.—Ital.—L.) In Dryden, Annus Mirabilis, st. 20; spelt *porcellain*, Sir T. Herbert, Travels, ed. 1665, pp. 391, 396; *porcellane*, Hakluyt, Voy. ii. 1. 229, l. 4; and see extract from Florio below. *Porcelain* was so named from the resemblance of its finely polished surface to that of the univalve shell of the same name, called in English the Venus' shell; as applied to the shell, the name goes back to the 13th century, when it occurs in the F. version of Marco Polo in place of the Ital. name (Littre). Cotgrave gives *porcelaine*, *porcelaine*, 'the purple fish, also, the sea-snail, or Venus shell.'—Ital. *porcellana*, 'a purple fish, also, a kind of fine earth called porcelain, whereof they make fine China dishes, called *porcelline* dishes'; Florio, ed. 1598. B. Again, the shell derived its name from the curved shape of its

upper surface, which was thought to resemble the raised back of a little hog. [It is very easy to make a toy-pig with a Venus' shell and some putty; and such toys are often for sale.]—Ital. *porcella*, 'a sow-pig, a porcelino'; *porcello*, 'a young hog, or pig, a porcelino'; Florio. Dimin. of Ital. *porca*, a hog.—L. *porcum*, acc. of *porcus*, a pig; see **Pork**.

PORCH, a portico, covered way or entrance. (F.—L.) ME. *porche*, Kob. of Glouc., p. 271, l. 6841.—F. *porche*, a porch.—L. *porticum*, acc. of *porticus*, a gallery, arcade, porch; for the letter-changes, see **Arch**, see **Arch**. Cf. E. *porch*, from F. *porche*, L. *portico*. B. Sometimes derived from *porti*, for *porta*, a gate, door; see **Port** (2); but this is doubtful; see Walde. Doublet, *portico*.

PORCINE, relating to swine. (L.) In Todd's Johnson, who quotes an extract dated 1660.—L. *porcinus*, adj., formed from *porcus*, a pig; see **Pork**.

PORCUPINE, a rodent quadruped, covered with spines or quills. (F.—L.) a. In Shakespeare, old edd. have *porpentine*; a spelling which also occurs in Ascham, Tokophilus, ed. Arber, p. 31. Levinus has *porpin*. Huloet has: '*Porpyne*, beaste, havinge prickes on his backe.' The Prompt. Parv. has: '*Porck-poynt*, *porpoynte*, *porpoynt*, beste, Histrix'; p. 400. '*Porkeyn*, a beest, *porc espyn*;' l'alsgrave. B. We thus see that the animal had two very similar names, (1) *porkeyn*, shortly *porpin*, easily lengthened to *porpint* by the usual excrescent *t* after *n*, and finally altered to *porpentine* as a by-form of *porkeyn*; and (2) *porck-poynt*, *porpoynt*; the latter of which forms would also readily yield *porpentine*. Y. We conclude that *porpentine* is late; that *porpint* was little used, and simply meant a 'pork' or 'pig' furnished with points or sharp quills; and that the modern *porcupine* is due (by substitution of obscure *u* for obscure *e*) to the ME. form *porkeyn*, pronounced in three syllables, and with the long *e*. B. The ME. *porkeyn* is obviously derived from OF. *porc espin*, a word known to l'alsgrave, A.D. 1530, but now obsolete, and supplanted by *porcispin*, in the 13th century *porc esti* (Littre), a form which is also given by Cotgrave, who has: '*Porc-espis*, a porcupine.' a. Thus the OF. names for the animal were also double; (1) *porc-epi* = *porc-epie*, the pig with spikes (see **Spike**); and (2) *porc-estipin*, the pig with spines. The English has only to do with the latter, which, though obsolete in French, is preserved in Span. *puercos espin*, Port. *porco espinho*. B. Finally, the F. *porc* is from L. *porcus*; and OF. *epin* is a by-form of OF. *épine* (F. *épine*), from L. *spina*, a thorn. See **Pork** and **Spine**.

¶ Holland, in his tr. of Pliny, b. viii. c. 35, has *porck-pen*, where *pen*, i.e. quill, is an ingenious substitution for *epine*.
PORE (1), a minute hole in the skin. (F.—L.—Gk.) ME. *porc*, Prompt. Parv. p. 409; Lanfranc, Chirurgie, p. 43, l. 11. The pl. *porus* (= *poros*) is in Trevisa, i. 53.—F. *porc*, 'a pore'; Cot.—L. *porum*, acc. of *porus*, a pore.—Gk. *poros*, a furrow, passage, way, pore.—AFER, to fare; see **Fare**. Brugmann, i. § 474. Der. *porous*, from F. *poroux*, 'pory', Cot.; *porous-ly*, *-ness*; *porous-ly*, *pori-form*.
PORE (2), to look steadily, gaze long. (E.?) ME. *poren*, Chaucer, C. T. 185, 5877, 16138 (A 185, D 295, G 676). Apparently a native word; cf. prov. E. *porc*, to cram, to thrust, to intrude; North Fries. *porre*, to stick, stir, provoke; Du. *porren*, to poke, thrust; EFries. *puren*, *porren*, to stick, thrust, bore, stir, vex; Low G. *purren*, to poke about, clean out a hole; Norw. *pora*, to finger, poke, stir, thrust; W. Flem. *peuren*, to poke after (De Ro); Swed. dial. *pora*, *pura*, *påra*, to work slowly and gradually, to do anything slowly; Kietz. B. The idea seems to be that of poking or thrusting about in a slow and toilsome way, as in the case of clearing out a stopped-up hole; hence to *porc* over a job, to be a long while about it. Y. We also find Gael. *purr*, to push, thrust, drive, urge, Irish *purraim*, I thrust; from ME. *pourren*, *porren*; cf. Lowl. Sc. *porr*, to stab.

PORK, the flesh of swine. (F.—L.) ME. *pork*, Rich. Coer de Lion, 3049.—F. *porc*, 'a porky hog; also pork, or swines flesh'; Cot.—L. *porcum*, acc. of *porcus*, a pig.—Lithuan. *parzasas*, a pig (Nesselmann), Irish *orc*, with the usual loss of initial *p*.—AS. *ferah*, a pig; whence F. *farrou*. Brugmann, i. § 474. Der. *porc-er*, a young pig, Pope, tr. of Homer, Od. xvii. 201; lit. an animal that supplies pork; substituted for the older term *porc-et*, from OF. *porquet*, 'a young pork'; Cot., dimin. of *porc*. Also *porc-ine*, q.v. And see *porc-u-pine*, *por-poise*, *porc-el-ain*.

PORPHYRY, a hard, variegated rock, of purple and white colour. (F.—L.—Gk.) ME. *porphreie*, Chaucer, C. T. 16243 (G 775).—OF. *porphyrie* (?), not found; Cotgrave has only *porphyre*, 'porphyry'; but the E. form appears fuller and older. Abbreviated from L. *porphyrites*, porphyry.—Gk. *porphyros*, porphyry; so named from its purple colour. Formed with suffix *-itis*, signifying 'resemblance,' from *porpos*, *porpōpa*, the purple-fish, purple-dye; cf. *porpōpeos*, purple; see **Purple**. Der. *porphyrit-ic*, from L. *porphyrit-ic*.

PORPOISE, PORPES, the hog-fish. (F.—L.) Spelt *porpesse* in Ray, On the Creation, pt. i. (R.); *porpesse*, *porpus*, in Minshew; *porpesse*, Spenser, Colin Clout, l. 249. ME. *purpes*, Prompt. Parv. = AF. *purpes*, Liber Albus, p. 236; *porpes* (Godefroy, s. v. *porpes*); OF. *porpes*, a porpoise; a term now obsolete in F. (except Guernsey *porpesse*), and supplanted by the name *marsoin* (lit. mer-swine), borrowed from G. *meerschuin*. For *porpe-pis*, *l. porcum*, acc. of *porcus*, a pig; and *pisces*, acc. of *pisces*, a fish, cognate with E. *fish*. See **Pork** and **Fish**. So also Mital. *pesce-porca*, 'a sea-hogge, a hogge-fish'; Florio. The mod. Ital. name is *porco marino*, marine pig; Span. *puerco marino*. Cf. Guernsey *porpesse*, a porpoise.

PORRIDGE, a kind of broth. (F.—Teut.) In Shak. Temp. II. i. 10. Apparently it took the place of the older word *potage* (Palsgrave). ME. *potage*, occurring as early as in Ancræn Riwle, p. 412; whence also prov. E. *poddish*. Cotgrave has F. *potage*, 'pottage, porridge'; formed with suffix *-age* (L. *utrum*) from Low L. *potius*, a pot, of Teut. origin. = Low G. *poti*, Du. *pot*; see **Pot**. (There was an intermediate form, represented by prov. E. *poddish* and by *podeck* in Tyndale's Obedience of a Christian Man, 1528, fol. 109, qu. in Brand's Antiq., ed. Ellis, iii. 384.) β. It may have been influenced by ME. *porree*, *poré*, also with the sense of 'pottage.' We find, 'Porree, or purree, pottage,' Prompt. Parv.; and Way's note gives the spelling *porray*. Way adds: 'this term implies generally pease-pottage, still called in French *purée*; . . . according to the Oritus, it seems to have denoted a pottage of leeks; *porum est cibus le poris factus*, Anglicæ *porray*'; he also notes the Late L. form *porraia* = OF. *porra*, *porree*, 'beets, also pot-herbs, and thence also, pottage made of beets or with other herbs'; Cot. = Late L. *porraia* (also *porraia*) *portia* made with leeks; Ducange. Cf. Ital. *porrata*, leek-soup. Formed with L. *porra* fem. suffix *-ita*, from L. *porrum* or *porru*, a leek. γ. *Porrum* stands for an older form *porsum*, as shown by the cognate Gk. *πόρων*, a leek. Der. *porring-er*, q. v.

PORRINGER, a small dish for porridge. (F.—Teut.) In Shak. Tam. Shrew, iv. 3. 64; Bacon, Nat. Hist. § 31. '16 *porringers*,' temp. Hen. VIII. in Strutt, Manners and Customs, iii. 65; *porreger*, Jarry Wills, p. 115 (1222); *porrynger*, id., p. 136; *podding*, id., p. 142. The last is the intermediate form between *porringer* and *porringer*. Suggested by, or corrupted from, *portanger* (Palsgrave), a dish for *portage*; spelt *portenger* ab. 1450, Excerpta Historica, p. 418, l. 1 (ed. 1831). For **portanger*, with inserted *n*, as in *messenger* for *mesenger*. Cf. F. *putager*, 'of, or belonging unto, pottage'; Cot. The ME. *portenger* meant 'a maker of pottage'; Piers Plowman, B. v. 157. See **Porridge**.

PORT (1), demeanour, carriage of the body. (F.—L.) ME. *port*, Chaucer, C. T. 69, 138. = F. *port*, 'the carriage, behaviour, or demeanour of a man'; Cot. Cf. Ital. *porta*, carriage; Span. *porta*, deportment. A sb. due to the F. verb *porter*, to carry. = L. *portare*, to carry. Allied to **Fare**. Der. *port*, verb, to carry, little used except in the phr. 'to port arms,' and in Milton's expression 'ported spears,' J. L. iv. 980. Also *port-able*, Mach. iv. 3. 89, from L. *portabilis*, that can be carried or borne; *port-able-ness*; *port-age*, Prompt. Parv., from F. *portage*, 'portage, carriage,' Cot. Also *port-er*, in the sense of 'carrier of a burden' (Phillips, ed. 1706), substituted for ME. *portour* (Prompt. Parv.), from OF. *portour*, F. *porteur*, 'a carrier,' Cot. And hence *porter*, the name of malt-liquor, so called because it was a favourite drink with London porters, supposed to be not older than A.D. 1750, see Todd's Johnson; also *porter-age*, a coined word. *Port-folio*, a case large enough to carry folio paper in, a coined word, with which cf. F. *portefeuille*. *Port-manteau*, Middleton, Widow, iv. 2, from F. *port-manteau* (Cot.), lit. that which carries a mantle (see **Mantle**); but we also find *port-mantua*, Dryden, Kind Keeper, Act i. sc. 1, and *portmantue*, used by Cot. to translate F. *portmanteau*; here *port-mantua* is not quite the same word, but is derived from F. *port-er* and *Mantua*, q. v. Also *port-mantle*, Howell, Letters, vol. i. sec. 3, let. 15. Also *port-ly*, Merc. of Ven. i. 1. 9; *port-li-ness*. From the L. *portare* we also have *com-port*, *de-port*, *de-port-meni*, *dis-port* (and *sport*), *ex-port*, *in-port*, *in-port-ant*, *pur-port*, *re-port*, *sup-port*, *trans-port*.

PORT (2), a harbour, haven. (L.) ME. *port*; Rob. of Glouc. speaks of 'the fif ports,' now called the Cinque Ports, p. 51, l. 1169. The pl. *ports* (for *portia*) occurs in Layamon, 24415. A. S. *port*; 'to fām port' = to the haven, Ælfred, tr. of Bede, b. iv. c. 1, near the end. = L. *portus*, a harbour; cognate with E. **Ford**. β. Closely allied to L. *porta*, a gate; see **Port** (3). Der. (from L. *portus*), *in-port-une*, *op-port-une*.

PORT (3), a gate, entrance, port-hole. (F.—L.) 'So, let the *ports* be guarded,' Cor. i. 7. 1. ME. *port*, Trevisa, tr. of Higden, i. 213. = F. *porte*, 'a port or gate'; Cot. = L. *porta*, a gate. β. Formed with suffix *-a* from the base *por* seen in Gk. *πόρος*, a ford, way; from *√PER*, to pass through, fare, travel; see **Fare**.

¶ Though *port* is not common in ME., there is an A.S. form *porte* (Grein), borrowed directly from L. *porta*. Der. *port-er*, ME. *porter*, Floriz and Blanchevelin, ed. Lumby, l. 138, from OF. *portier*, L. *portarius* (Lewis); whence (with fem. suffix *-ess* = F. *-esse* < L. *-issa*, Gk. *-issa*), *porter-ess*, or shortly *port-r-ess*, Milton, P. L. ii. 746. Also *port-al*, Hamlet, iii. 4. 136, from OF. *portial* (Burguy), L. *portile*, a vestibule, porch. Also *port-hole*, Dryden, Annus Mirabilis, st. 188. Also *port-cullis*, q. v. (but perhaps not *portico*, *porch*). And see *port* (1), *port* (2), *port* (3), and *port* (4).

PORT (4), a dark purple wine. (Port.—L.) So called from *Oporto*, in Portugal; *port* being merely an abbreviation from *Oporto wine*. = Port. *o porto*, the port; where *o* is the def. art. = Span. *lo* < L. *illum*; and *porto* is from L. *portum*, acc. of *portus*, a port. See **Port** (2).

PORTCULLIS, a sliding door of cross-timbers pointed with iron, let down to protect a gateway. (F.—L.) ME. *porte-culys*, Rom. of the Rose, 4168. = AF. *porte culier*, Excerpta Historica, p. 73 (A.D. 1250); OF. *porte coléier* (13th cent., Littré), later *porte coulisse*, or simply *coulisse*, 'a portcullis'; Cot. = F. *porte*, from L. *porta*, a gate; and OF. *coléier*, answering to a Late L. **colātia* (not found), with the sense of flowing, gliding, or sliding, regularly formed from *colātus*, pp. of *colāre*, to flow, orig. to strain through a sieve. See **Port** (3) and **Colander** and **Cullis**. We find the Late L. forms *colātissim*, *colācius*, *portu colācia* (port-cullis) from the same source.

PORTE, the Turkish government. (F.—L.) The Turkish government is officially called the *Sublime Porte*, from the *port* (gate) of the sultan's palace, where justice was administered; Webster. See **Port** (3). It is a perverted F. translation of *Habîl Ali*, lit. 'the high gate,' the chief office of the Ottoman government; Wedgwood. Cf. Arab. *bāb*, a gate, 'āyī, high; Kich. Dict. pp. 224, 1027.

PORTEND, to betoken, presage, signify. (L.) In K. Lear, i. 2. 113; Spenser, F. Q. v. 7. 4. = L. *portendere*, to foretell, predict. = L. *por*, for O.L. *port*, towards; and *tendere*, to stretch forth; so that *portend* is 'to stretch out towards,' or point out. See **Position** and **Tend**. Der. *portent*, Oth. v. 2. 45; F. *portent*, 'a prodigious or monstrous thing,' Cot., which from L. *portentum*, a sign, token; formed from *portentus*, pp. of *portendere*. Hence *portent-ous*, from F. *portentueux*, 'prodigious,' Cot., which from L. *portentivus*.

PORTER (1), a carrier. (F.—L.) See **Port** (1).

PORTER (2), a gate-keeper. (F.—L.) See **Port** (3).

PORTER (3), a dark kind of beer, orig. *porter's beer* (Wedgwood); see **Port** (1).

PORTESSE, PORTOS, PORTOUS, a breviary. (F.—L.) Spelt *portesse* in Spenser, F. Q. i. 4. 19. 'Portos, booke, portifolium, breviarium;' Prompt. Parv. MF. *portos*, *portos*, *portos*, *portors*, P. Plowman, B. xv. 122, and footnotes; and see note to the line for further examples. All various corruptions of OF. *port-hors*, i.e. that which one carries abroad, a word compounded with the F. equivalent of L. *portifolium*, a breviary. This OF. *portors* is given by Godefroy; and occurs in la Cief d'Amors, l. 102. Compounded of F. *porter*, from L. *portare*, to carry; and F. *hors*, older form *fors*, out of doors, abroad, from L. *foris*, abroad, adv., due to sb. pl. *fores*, doors. See **Port** (1) and **Door**.

PORTICO, a porch. (Ital.—L.) In Chapman, tr. of Homer, Od. iv. 405, 410. = Ital. *portico* = L. *porticum*, acc. of *porticus*, a porch; see **Porch**. Doublet, *porch*.

PORTION, a part, share. (F.—L.) ME. *portion*, *portium*, *portium*, Wyclif, Luke xv. 12. = F. *portion* = L. *portio*, acc. of *portio*, a share, lit. 'a sharing'; closely allied to *part*, stem of *pars*, a part; see **Part**. Der. *portion*, vb.; *portion-ed*, *portion-er*, *portion-less*; and see *apportion*.

PORTLY, orig. of good demeanour; see **Port** (1).

PORTRAIT, a picture of a person. (F.—L.) In Shak. Merch. of Ven. ii. 9. 54; spelt *portrait*, Spenser, F. Q. ii. 1. 39. = MF. *portraict*, 'a portrait'; Cot. = MF. *portraict*, *portrait*, pp. of *portraire*, to portray; see **Portray**.

PORTRAY, to draw, depict. (F.—L.) ME. *portreye*, Chaucer, C. T. 96; *portreyen*, King Alisaunder, l. 1520. = OF. *portraire*, later *portraire*, 'to portray, draw,' Cot.; mod. F. *portraire* = Late L. *prōtrahere*, to paint, depict; L. *prōtrahere*, to drag or bring forward, expose, reveal. = L. *prō*, forward; and *trahere*, to draw; see **Pro** and **Trace** (1). Der. *portrait*, q. v.; whence *portraiture*, ME. *portreiture*, Gowar, C. A. ii. 83, bk. iv. 2431, from OF. *portraiture*, MF. *portraiture*, 'a portraiture,' Cot., as if from L. *prōtractura*. And see *protract*.

POSE (1), a position, attitude. (F.—L.—Gk.) We speak of 'the pose of an actor'; see Webster. Quite modern; not in Todd's Johnson; but the word is of importance. = F. *pose*, 'attitude, posture,' Hamilton; MF. *pose*, 'a pause, intermission, stop, ceasing, repose, resting'; Cot. = F. *poser*, 'to place, set, put,' Hamilton; 'to pu',

pitch, place, to seat, settle, plant, to stay, or lean on, to set, or lay down; Cot. = Late L. *posuere*, to cease; also, to cause to rest, and hence used in the sense of L. *ponere*, to place (Ducange); L. *posuere*, to halt, cease, pause, to repose (in the grave), as in the phr. *posuit in pace* (here) rests in peace (Lewis). = L. *posuere*, a pause; a word of (Greek) origin; see **Pause**. Cf. Ital. *posare*, to put, lay down, rest, from *posare*; Span. *posar*, to lodge, *posada*, an inn. ¶ One of the most remarkable facts in F. etymology is the extraordinary substitution whereby the Late L. *posuere* came to mean 'to make to rest, to set,' and so usurped the place of the L. *ponere*, to place, set, with which it has no etymological connexion. And this it did so effectually as to restrict the F. *pondre*, the true equivalent of L. *ponere*, to the sense of 'to lay eggs' whilst in all compounds it completely thrust it aside, so that *compansaire* (i.e. F. *composere*) took the place of L. *compnere*, and so on throughout. 2. Hence the extraordinary result, that whilst the E. verbs *compose*, *depose*, *impose*, *propose*, &c. exactly represent in sense the L. *componere*, *deponere*, *imponere*, *proponere*, &c., we cannot derive the E. verbs from the L. ones, since they have (as was said) no real etymological connexion. Indeed, these words are not even of L. origin, but Greek. 3. The true derivatives from the L. *ponere* appear in the verbs *compound*, *exponend*, &c., in adjectives such as *ponent*, *compent*, and in the substantives, such as *position*, *composition*, *deposition*; see under **Position**. Der. *pose*, verb, to assume an attitude, merely an E. formation from the sb. *pos*, an attitude, and quite modern. Also (from F. *poser*) the compounds *ap-pose*, *com-pose*, *dis-pose*, *inter-pose*, *in-pose*, *op-pose*, *ap-pose*, *pro-pose*, *trans-pose*, *re-pose* (in which the sense of L. *posuere* appears), *sup-pose*, *sub-pose*.

POSE (2), to puzzle, perplex by questions. (F. = L. and Gk.) 'Say you so? then I shall pose you quickly!' Meas. for Meas. ii. 4. 51. Here, as in the case of *peut*, the prefixed syllable *ap-* has dropped off; the older form of the verb was commonly *ap-pose*, ME. *apposen*, *aposen*; see examples in N. E. D., or in Richardson, s.v. *Ap-pose*. To *ap-pose* was to question, esp. in a puzzling way, to examine. 'When Nicholas Clifforde sawe himselfe so sore *ap-posed* [posed, questioned], he was shamfast;' BERNERS, Froissart's Chron. c. 373 (R). 'She would *ap-pose* nice touching my learning and lesson;' Stow's Chronicle, an. 1043. And see Chaucer, C. T. 7179, 15831 (D 1597, G 363); P. Plowman, B. i. 47, iii. 5, vii. 138, xv. 376. β. The word appears at first sight to answer to F. *ap-pose*, but that verb is not used in any such sense; and it is really nothing but a corruption of *oppose*, which was used convertibly with it. Thus we find 'Aposen, or oposen, Opponere,' Prompt. Parv., p. 13. 'I *oppose* oue, I make a tryall of his lernyng, or I laye a thyng to his charge, *Je opose*. I am nat to lerne nowe to *oppose* a fellowe, *Je apposer vng gallant*;' Palsgrave. [Here the OF. *ap-pose*, *ap-pose*, is, in the same way, a corruption of F. *op-pose*.] 'Bot sche, which all honoure supposeth, The fals prestis than *opposeth* [questions], And axeth [asks]'; &c.; Gower, C. A. i. 71, bk. i. 879. γ. The word arose in the schools; the method of examination was by argument, and the examiner was the umpire as to questions put by an *opponent*; hence to examine was also to *oppose*, or *pose*. 'Opponere, in philosophicis vel theologicis disputationibus contra argumentari; argumentum contra quelcunq;' Ducange, ed. Migne. For the etymology, see **Oppose**. 8. Lastly, the confusion can be accounted for, viz. by confusion of *opponere*, to question, argue, with the word *apposere*, applied to a neat answer; see **Apposite**, which really answers to L. *apposuit*. Der. *pos-er*, Bacon, Essay 32; on which Mr. Aldis Wright says: 'an examiner, one who *poses* or *puts* questions; still in use at Eton and Winchester.' Hence also ME. *posen*; to put a case, Chaucer, C. T. 1164 (A 1162). Der. puzzle, q. v.

POSE (3), a cold in the head. (C.) Probably obsolete; noted by Ray (1691). ME. *pose*, Chaucer, C. T. 4150 (A 4152). AS. *ge-pōs*, a cough; 'wid *geposas*, for coughs; L. ad tussim gravem;' A.S. Leechdoms, ed. Cockayne, i. 148. Not an E. word; but borrowed from an OldIrish word represented by W. *pōs* or *penach*, a cough; allied to Irish *cas-achdach*, Russ. *kash-ete*, prov. E. *hoar-e*, a cough; Skt. *kis*, to cough. (✓) QAS; the *q* becomes *c* in Irish, but *p* in Welsh.)

POSITION, a situation, attitude, state, place. (F. = L.) In Shaks. Tw. Nt. ii. 3. 130. ME. *posicion*, Chaucer, tr. of Boethius, b. v. pr. 4. l. 30. = F. *position*, 'a position'; Cot. = L. *positum*, acc. of *positio*, a putting, placing; cf. L. *positus*, pp. of *ponere*, to place, put. β. L. *ponere* (pp. *positus*) is generally thought to stand for 'pos-sinere' (Breal), where 'pos-' is a variation of what appears to be an old prep. (*pos*); and *sinere* (pp. *situs*) is to let, allow, on which see **Sit**. The prefix *pos-*, *port-*, is prob. allied to Gk. *pori*, towards. Der. *com-position*, *de-position*, *dis-position*, *in-position*, *inter-position*, *op-position*, *pro-position*, *sup-position*, *trans-position*. Also (from L. *ponere*) *pon-ent*, *com-ponent*, *de-ponent*, *ex-ponent*, *op-ponent*; *com-pound*, *ex-pound*, *post-pone*. And see *ap-posite*, *com-posite*, *de-posit*,

ex-posit-or; also *post*, *positive*, *post-ure*, *com-post*, *im-postor*, *pro-voat*, &c. And see remarks under **Post** (1).

POSITIVE, actual, undoubted, decisive, certain. (F. = L.) The lit. sense is 'settled'; hence, certain. ME. *positif*, Chaucer, C. T. 1169 (A 1167). = F. *positif*, omitted by Cotgrave, but in use in the 14th century. = L. *positivus*, settled, esp. by agreement. = L. *positus*, pp. of *ponere*, to place; see **Position**. Der. *positive-ly*, *-ness*. Also *positive-ism*, due to Comte, born in 1798, died 1857.

POSNET, an iron pot, saucpan. (F. = Low G.) A dialect word; see E. D. D. ME. *posnet*, Prompt. Parv.; Way's note quotes the form *posnet* from Horman; spelt *posnet*, Rel. Antiq. i. 54. = OF. *posnet* (Godefroy), dimin. of *poson*, *posson*, a pot. = Late L. type **positiōnem*, acc. of **positio*; from Late L. *posit-us*, a pot. = Low G. *post*. See **Post**.

POSSE, power. (L.) See Butler, Hudibras, iii. 2. 1166. 'Possess ennuits, or power of the county;' Blount's Nomo-lexicon, ed. 1691.

1. *posse*, to be able; used as sb. See **Possible**. **POSSESS**, to own, seize, have, hold. (L.) The verb is probably due to the sb. *possession*, which was in earlier use, occurring in Chaucer, C. T. 2244 (A 2242), and in Robert of Brunne, tr. of Laing-toft, p. 239, l. 389. *Possess* is extremely common in Shaks.; see L. i. l. v. 2. 385, &c. = L. *possidere*, pp. of *possidere*, to possess, to have in possession. β. Procl. derived from L. *pos-*, towards; and *sedere*, to sit, remain, continue; as if the sense were 'to remain near,' hence to have in possession. See **Position**, § β, and **Sit**. Der. *possession-ed*, Much Ado, i. 1. 193; *possession-er*, Merch. Ven. i. 3. 75, from L. *possessor*; *possession-ive*, from L. *possessivus*; *possessive-ly*. Also *possession-ion*, ME. *possessionion*, *possession*, as above, from F. *possession*, 'possession,' Cot., from L. acc. *possessionem*. Also ME. *possession-er*, P. Plowman, B. v. 144.

POSSET, a drink composed of hot milk, curdled by some strong infusion. (F. and E.) In Shaks. Merry Wives, i. 4. 8; v. 5. 180; Macb. ii. 2. 6. ME. *posset*, Voc. 666, 9; *posset*, Voc. 793, 15; *poshet*, Voc. 567, 22; cf. MF. *possette*, 'a posset of ale and mylke;' Palsgrave (not otherwise known). β. But we also find what is prob. an older form; ME. *poshoote*, Voc. 625, 18; *poshoote* of milke, Cookery Books, ed. Austin, p. 15; *poshoote* of ale, ib. p. 36. γ. The latter element seems to be the ME. *hote*, *hot*, cf. ME. *posul* in Prompt. Parv. But this leaves the former element unexplained, unless it can be equated to Norm. dial. *posus*, pap., OF. *posus*, *posis*, *pos*, *pos*, pap. Cf. prov. E. *posset*, pottage; and (for the phonology) cf. ME. *posset*, to push about, from OF. *posuler* (L. *posuere*). [Cf. W. *poset*, curdled milk, posset; Irish *posuid*, a posset; from F.] Der. *posset*, vb., to curdle, Hamlet, i. 5. 68.

POSSIBLE, that may be done, that may happen. (F. = L.) MF. *possible*, Chaucer, C. T. 8832 (E 956). = F. *possible*, 'likely, possible,' Cot. = L. *possibilis*, that may be done, possible. β. Not well formed; it should rather have been **potibilis*; the form *possibilis* is due to the influence of *posse*, to be able, whence *possum*, I am able. L. *possum* (short for *potissum*) is due to *potis*, powerful, properly 'lord' or 'master,' cognate with Skt. *pati-*, a master, owner, governor, lord, husband, Lithuan. *patis*, a husband (Nesselmann), Russ. *-pode* as seen in *gos-pode*, the Lord. Brugmann, i. § 158. See **Potent**. And see **Host** (1). Der. *possib-ly*, *possibil-ity*, ME. *possibilitie*, Chaucer, C. T. 1293 (A 1291), from F. *possibilitie* (Cot.), which from L. acc. *possibilitatem*.

POST (1), a stake set in the ground, a pillar. (L.) ME. *post*, a pillar; see Chaucer, C. T. 214. In very early use; see Layamon, 28032. AS. *post*; 'Basis, post,' Voc. 164, 32; and see Judges, xvi. 3. = L. *postis*, a post, a door-post. β. The orig. sense was 'something firmly fixed'; cf. L. *postus*, a form used by Lucretius for *positus*, pp. of *ponere*, to place; see **Position**, and see **Post** (2).

POST (2), a military station, a public letter-carrier, a stage on a road, &c. (F. = L.) Shaks. has *post*, a messenger, Temp. ii. 1. 248; a post-horse, Romeo, v. 1. 21. 'A *post*, runner, Veredarius;' Levins, ed. 1570. *Post* originally signified a fixed place, as a military post; then, a fixed place on a line of road where horses are kept for travelling, a stage, or station; thence it was transferred to the person who travelled in this way, using relays of horses, and finally to any quick traveller; Eastwood and Wright, Bible Wordbook. See Job, ix. 25; Jer. li. 31. Four men are mentioned in 1491 as 'lying as *posts*, i.e. messengers;' Excerpta Historica, p. 113. = F. *poste*, masc. 'a post, carrier, speedy messenger,' Cot.; fem. 'post, posting, the riding post, as also, the furniture that belongs unto posting;' id. Cf. Ital. *posta*, a post, station; Span. *posta*, post, sentinel, post-house, post-houses. = Late L. *posta*, a station, site; fem. of *positus*, a shortened form (used by Lucretius) of *positus*, placed, pp. of *ponere*, to place. See **Position**, and **Post** (1). Der. *post*, vb., L. L. iv. 3. 188; *post*, adv., in the phr. 'to travel *post*;' *post-boy*, *-chaise*, *-haste*, *-horse*, *-man*, *-mark*, *-master*, *-office*, *-paid*, *-town*. Also *post-al*, a modern coined word, from F. *postal*, also modern. Also *post-oge*, an E. coinage, not used in

French, but used by Dryden ; see his Spanish Friar, A. ii. sc. 2 (end).
And see *post-illion*.

POST-, *prefix*, after, behind. (L.) *L. post*, prep., after, behind.
POST-DATE, to date a thing after the right time. (L.) 'Those, whose *post-dated* loyalty now consists only in decrying that action ;' South, vol. iii. ser. 2 (R.). From **Post-** and **Date**. Similarly are formed *post-diluvial*, *post-diluvian*, &c.

POSTERIOR, hinder, later, coming after. (L.) In Shak. *posterior*, coming after. I. L. L. v. 1. 94, 96, 126.—I. *posterior*, comp. of *post*, after, following.—L. *post*, after; see **Post**-, prefix. Hist. end of § 115, has *posterior*, answering to MF. *posterior*, hinder, Cot., from the L. acc. *posteriorem*. s. pl., for *posterior parts*; *posterior-ly*, *posterior-i-ty*. *postern*, *posthumous*, *postil*. And see **posterior**.

POSTERITY, succeeding generations, future race of people. (F.—L.) Spelt *posteritē*, Spenser, Ruines of Rome, 434; *posteryty*, in Caxton, Golden Legend, Adam, § 7. — MF. *posteritē*, 'posterity'; Cot.—L. *posteritūtem*, acc. of *posteritās*, futurity, posterity. = L. *poster-*, for *posterus*, following after; see **Posterior**.

POSTERN, a back-door, small private gate. (F.—L.) ME. *posterne*, Rob. of Glouc. p. 19, l. 447; spelt *postorne*, K. Alisaunder, 4593. —OF. *posterle*, also *postorne* (by change of *l* to *n*), Burguy; later *poterne*, 'a posterne, or posterne-gate, a back-door to a fort.' Cot.—L. *posterula*, a small back-door, postern; formed with dimin. suffix *-la* from *posternus*, behind; see **Posterior**.

POSTHUMOUS (better **POSTUMOUS**), born after the father's death, published after the author's decease. (L.) The spelling with k is false; see below. Shak. has *Posthumus* as a name in *Cymb.* i. 1. 41, &c. Sir T. Browne has '*posthumous* memory'; *Urmburial*, v. 5. § 12.—*L. postumus*, the last; esp. of youngest children, the last-born; hence, late-born, and, as sb., a posthumous child. **β.** In accordance with a popular etymology, the word was also written *posthume*, as if derived from *post humum*, lit. after the ground, which was forced into the meaning 'after the father is laid in the ground or buried'; and, in accordance with this notion, the sense of the word was at last chiefly confined to such a usage. Hence also the *F.* spelling *posthume*, *Port. posthumo*; but Span. and Ital. have *postumo*; all in the usual sense attached to *E. posthumous*. **γ.** The *I.* *postumus* = '*post-tu-mus*', a superlative formed from *post*, behind; cf. *l. ot-tu-mus*, best. See **Posterior**. Der. *post-humous-ly*.

POSTILL, an explanatory note on the Bible, marginal note or commentary. (P. 1.) M.E. *postille*, Wyclif, Gen. prologue to Isaiah, ed. Forshall and Madden, p. 225; the word is now obsolete, except in theological writings. — F. *postille*, 'a postill, gloss, compendious exposition', Cot. [Hence, with prefix *ap-* (as before *p*) was formed M.P. *apostille*, 'an answer to a petition, set down in the margin thereof; and, generally, any small addition unto a great discourse in writing', Cot.] — Late L. *postilla*, a marginal note in a bible, in use A.D. 1228; DuCange. β. The usual derivation, and doubtless the correct one, is that of DuCange, viz. from L. *post illa*, i.e. *post illa verba*, after those words; because the glosses were added after the words. Cf. Ital. and Port. *postilla*. Sp. *postilla*, a marginal

afterwards. Cf. Ital. and Port. *postilla*, Span. *postila*, a marginal note. Der. *postil*, verb, to write marginal notes, to comment on, annotate, Bacon, Life of Hen. VII, ed. Lumby, p. 193, l. 3.

POSTILLION, a post-boy, rider of post-horses in a carriage. (F.-Ital. -L.) 'Those swift *postillions*, my thoughts;' Howell, *Famil. Letters*, vol. i. let. 8; A.D. 1619. And in Cotgrave = F. *postillon*, 'a postillon, guide, posts-boy;' Cot. Introduced in the 16th cent. from Ital. *postigione*, 'a postillion,' Florio (and see Brachet). Formed with suffix *-igione* (= L. *-il-i-ōnem*) from Ital. *post-a*, a messenger, post: see **Post** (2).

POST-MERIDIAN, POMERIDIAN, belonging to the afternoon. (L.) Howell uses the form *pomeridian*, speaking of his 'privat pomeridian devotions'; *Famil. Letters*, vol. i. sect. 6. let. 32. — *I.* *pūmeridiānus*, also *postmeridiānus*, belonging to the afternoon. — *I.* *post*, after; and *meridiānus*, belonging to midday. See *Post-* and *Meridian*.

POST-MORTEM, after death. (L.) A medical term. — I., *post*, after; *mortem*, acc. of *mors*, death. See **Post-** and **Mortal**.

POST-OBIT, a bond by which a person receiving money undertakes to repay a larger sum after the death of the person who leaves him money. (L.) A law term. Shortened from L. *post obitum*, after death. See **Post and Obit**.

POSTPONE, to put off, delay. (L.) *Postponed* is in Blount's Nomolexicon, ed. 1691, q.v. '*Postpone*, to let behind or esteem less, to leave or neglect'; Phillips, ed. 1706. 'Thow didst *postpone*:' How Dumbarr was desyred to beane Freir, l. 28. [Formerly, the form was also *postpose*, which occurs in Howell, *Famil. Letters*, vol. i. sect. 4, let. 15, cited by Richardson with the spelling *postpone*. This is from *F. postposere*, 'to set or leave behind'; Cot. He also has: '*Postpone*, postponed,'] = L. *postponere*, to put after. — L. *post*, after: and

pōnere, to put; see **Post-** and **Position**. Der. *postpone-ment*, a clumsy word, with F. suffix *-ment*.

POSTSCRIPT, a part added to a writing after it was thought to be complete. (L.) In Shak. Hamlet, iv. 7. 53. From *L. postscriptum*, that which is written after; from *post*, after, and *scriptus*, pp. of *scribere*, to write. See **Post-** and **Scribe**.

POSTULATUM, a proposition assumed without proof, as being self-evident. (L.) ‘*Postulates and entreated maxims:* Sir T. Browne, *Vulg. Errors*, b. vi. c. 6. § 6. i. *postulatum*, a thing demanded; hence also, a thing granted; neut. *postulatus*, pp. of *postulare*, to demand. β. It seems probable that *postulate* stands for ‘*por-stūre*, allied to *poscere*, for ‘*por-scere*, to ask. γ. It is further proposed to assume for *poscere* a still older form ‘*por-se-are*,’ bringing it into alliance with *precari*, to pray, *pro-* + *car-*, from *prae-car-*, to beseech, *precari*, to pray; see *Præ-* § Irregularity, ii. §§ 8(7), 502. Der. *postulate*, verb, Sir T. Browne, *Vulg. Errors*, b. ii. c. 3. mot 4d. last section; *postulat-ory*, id. b. ii. c. 6. § 2.

POSTURE, position, attitude. (F.—L.) In Shak. Wint. Tale, v. 3. 23.—F. *posture*, 'posture'; Col.—L. *positūra*, position, arrangement; allied to *posit-us*, pp. of *pōnere*, to place; see **Position**. Der. *posture-master*: *posture*, verb.

POSY, a verse of poetry, a motto, a bouquet or nosegay. (F.—L.—Gk.) The word, in all its senses, is merely a contraction of **POEY**. *q. v.* 1. It was usual to engrave short mottoes on knives

and on rings; and as these were frequently in verse, they were called *poems*. Thus, in Shak. Merch. Ven. v. 148, we have, "a ring . . . *poesy*," i.e., like cutler's *poetry* upon a knife, *Love me, and leave me *poesy**," see note to the line in Wright's edition. So also in Hamlet, "the *poesy* of a ring," iii. 2. 162. See Chambers, Book of Days, i. 221, for examples such as "In thee, my choice, I dook of joy;" &c. As these inscriptions were necessarily brief, any short inscription was also called a *poey*, even though neither in verse nor poetically expressed. Thus, Udall, on St. Luke, c. 23, v. 38, speaking of the handwriting above the cross, calls it "a super-scription or *poies* written on the top of the crosse (R.)." So also in the following: "And the tente was replenished and decked with this *poey*. After blisse labour commeth victorious rest;" Hall's Chron. Hen. V. an. 7. § 2. And see Lydgate, Minor Poems, p. 65, l. 20. [Another old name for a motto was a *reason*; see Fabyan's Chron. Hen. V. an. 8, ed. Ellis, p. 587.] 2. Mr. Wedgwood well accounts for *poey* in the sense of bouquet, as follows: "A nosegay was probably called by this name from flowers being used enigmatically, as is still common in the East. Among the traits mentioned in the Catalogue of Heber's MSS. no. 1442, is "A new years guffe, or a *posie made upon certain flowers* presented to the Countesse of Pembroke;" by the author of Chloris, &c.," see Notes and Queries, Dec. 19, 1868 (4 S. ii. 577). So also in Beaumont and Fletcher, Philaster, Act i. s. [i. s. 2 in Darley's ed.]; "Then took he up his garland, and did shew What ever flower, as country people hold it Did signify;" and see Hamlet, iv. 5. 175. To this I may add, that a *poey* was even sometimes expressed by precious stones; see Chambers, as above. The line "And a thousand fragrant *poies*" is by Marlowe; The Passionate Shepherd, st. 3. See Pattenham, Arte of E. Poesie, bk. i. c. 30. Doublet, *poesy*.

POT, a vessel for cooking, or drinking from. (F.) *ME. pot*, Ancrerre *pot*.
 Riwle, p. 368, l. 21. [Cf. Irish *pot, potadh*, a pot, vessel; Gaelic *pot*.
pot; W. *pot*; all from F.] *AS. pot*; Leechdoms, i. 378, §FFRica.
Du. pot; Low G. *pot*; Icel. *pottr*, Swed. *potta*, Dan. *potte*. Teut.
 type **puttoz*. Hence Low I. *pottus*, also spelt *potus* (as if from I.).
putāre, to drink) F. *pot*, Bret. *pōd*, Span. *pot*. ¶ The phrase

Low Degree, 448; my Notes on Eng. Etym., p. 226; Brand, Pop. Antiq., ii. 58. Der. *pot-ash*, i.e. *ash* obtained from the *pot*, so called because the alkaline salt was obtained by burning vegetable substances; Chaucer mentions fern-ashes, as used for making glass, C.T. 10596 (F 255); **Pot-ashes* (amio 12 Car. 2. cap. 4) are made of the best wood or fern-ashes; Blount's Nomenclicon, ed. 1691; perhaps also from Du. *polasch* (from *pot* and *asch*, ashes), G. *pottsche* (from *a-sche*, ashes); Latinized in the form *potassa*, whence *potassum*. We find *pot-ashes* in Arnold's Chron. (1593); ed. 1811, p. 187. Also *pot-herb*, *pot-shard*, *pot-spade*, etc. (see *pot*, verb); *pot-ter*, M.F.E.S. 1000; Cursor; 16536 (ed. Irlis). *pot-ter*, *pottery*, M.F.E.S. 1000; Cursor; 16536 (ed. Irlis). *pot-ter*, *pottery*, M.F.E.S. 1000; Cursor; 16536 (ed. Irlis).

POTABLE, that may be drunk. (F.-L.) In Shakh, a Hen. IV, iv. 5. 163. — *F. potable*, 'potable, drinkable'; Cot.-L. *potabilis*, drinkable; formed with suffix *-bilis* from *pōtā-re*, to drink. — *pōtū*, drunken; formed with suffix *-tus* from a base *pō-*, as in Gk. *wū-μa*, drink; cf. Skt. *pā*, to drink, Gk. *wū-tros*, a drinking, *wū-ars*, drink. Der. *q-tallā-nā*, and see *q-tallā-nā*.

POTASH, POTASSIUM; see under Pot.

POTATION, a draught. (L.) Not a F. word. In Shak. Oth.
II h 2

ii. 3. 56. Spelt *potacion*, Coventry Myst., p. 138. = *L. pōtationem*, acc. of *pōtato*, a drinking. — *L. pōtare*, to drink. — *L. pōtus*, drunken; see *Potable*.

POTATO, a tuber of a plant much cultivated for food; the plant itself. (Span. — Hayti.) In Shak. Merry Wives, v. 5. 21. 'Potatoes, natives of Chili and Peru, originally brought to England from Santa Fé, in America, by Sir John Hawkins, 1563; others ascribe their introduction to Sir Francis Drake, in 1580; while their general culture is mentioned by many writers as occurring in 1592; Haydn, Dict. of Dates. They are also mentioned by Ben Jonson, Cynthia's Revels, Act ii. sc. 1. — Span. *patata*, a potato; also *batata*, which is a better form. — Hayti *batata*. 'Peter Martyr, speaking of Haiti, says (in Decad. 2. c. 9), "Effodiant etiam e tellure suapte naturā nascentes radices, indigene batatas appellant, quas ut vidi insubres napes existimavi, aut magna terre tubera." ... Navagerio, who was in the Indies at the same time, writes in 1526, "To lo vedute molte cose dell' Indie ed ho avuto di quelle radice che chiamano batatas, e le ho mangiate; sono di sapor di castagno." Doubtless these were sweet potatoes or yams, which are still known by this name in Spanish. — Wedgwood. Spelt *batata* (as a Hayti word) in R. Eden's books on America, ed. Arber, p. 131; also *batata*, p. 159.

POTCH, to thrust, poke. (F. — L.) In Shak. Cor. i. 10. 15. merely a variant of *Pouch* (2).

POTTEEN, a whiskey illicitly distilled in Ireland. (Irish — E.) From Irish *poitín*, a little pot; dimin. of *pot*, a pot. — *E. pot*; see *Pot*.

POTENT, powerful. (L.) In Shak. Temp. i. 2. 275. Rich. gives a quotation from Wyatt, showing that the word was used in 1539. — *L. potent-*, stem of *potens*, powerful, pres. part. of *possum*. I am able; see *Possible*. Der. *potens-y*, Hamlet, iii. 4. 170, a coined word, due to *l. potentia*, power; *potent-ail*, ME. *potencyul*, Chaucer, House of Fame, b. iii. l. 1; [but only in Thynne's edition of 1532, and later ed.; MS. *potierul*, from *F. potentil*, 'strong, forcible', Cot., which from *l. potentia*, forcible (only found in the derived adverb *potentially*), formed with suffix *-ail* from the sb. *potentia*; whence *potential-ly*, *potential-ily*. Also *potent-ate*, *l. l. l. v. 2. 684*, from *F. potentat*, 'a potentate, great lord', Cot., which from Late *l. potentatū*, a supreme prince (Ducange), from *potentare*, to exercise authority (id.). Also *omni-potent*, q. v.; and *armi-potent*, Chaucer, C. T. 1084 (A 1082). Doublet, *puissant*, q. v.

POTHER, bustle, confusion, constant excitement. (E.) In Pope, Horace, Sat. ii. 2. 45. 'To make a *potther*, to make a noise or bustle'; Bailey's Dict., vol. i. ed. 1735. Older form *pudder*. 'Puddier, noise, bustle; to keep a *pudder* about trifles'; Phillips, ed. 1706. Spelt *pudder* in ed. 1623 of Shak. Cor. ii. 1. 234; *pudder* in K. Lear, iii. 2. 50. ME. *puðeren*, apparently in the sense 'to poke about'; see Ancr. Kniwe, p. 214, note c. Another form is *potter*; 'To *potter*, to stir or disorder anything'; Bailey, vol. i. 'Potter, to stir, poke, confuse, do anything inefficiently'; also 'Potther, to shake, to poke, West'; Halliwell. See *Potter*. The sense 'to stir about' seems the orig. one; hence that of 'turmoil' as the result of stirring. ¶ Prob. confused with *pudder*, *pudder*, dust, dialect forms of *pudder*; indeed, Butler has *potther* in Hudibras, i. 1. 32, but *pudder* in the same, iii. 1. 1055. See *Powder*. And see *Bother*.

POTION, a drink. (F. — L.) In Shak. Romeo, v. 3. 244. ME. *potioun*, K. Alisaunder, 3509. — *F. potion*, 'a potion'; Cot. = *l. pōtiōnem*, acc. of *pōtio*, a drink; see *Poison*. Doublet, *poison*.

POTTAGE, broth, thick soup. (F. — Teut.) ME. *potage*, Ancr. Kniwe, p. 412, l. 27. — *F. potage*, 'pottage, porridge'; Cot. Formed, with suffix *-age* (*l. -aticum*), from *F. pot*, which is from a Teut. source; see *Pot*. Doublet, *porridge*.

POTTER, to go about doing nothing. (E.) A provincial word, but in common use. 'Potter, to go about doing nothing, to saunter idly; to work badly, do anything inefficiently; also, to stir, poke, North; also, to confuse, disturb, Yorksh.'; Halliwell. 'To stir or disorder anything'; Bailey's Dict., vol. i. ed. 1735. It is the frequentative form, with the usual suffix *-er*, of *E. put*, to thrust; see *Put*. Cf. also MDu. *poteren*, 'to search one thoroughly' (Ilexham), from the notion of poking a stick into every corner; Du. *puteren*, to fumble, to poke about; Norw. *puta*, MSwed. *putta*, to poke. See *Potter*. And cf. E. dial. *putter*, to potter about.

POTTLE, a small measure, basket for fruit. (F. — Teut.) ME. *potel*, to translate *l. lugulent*; Wyclif, Isaiah, x. 33. — OF. *potel*, a small pot, a small measure (Godefroy); cf. AF. *potel*, Stat. Realm, l. 321. Dimin. of *F. pot*, from Low G. *put*; see *Pot*.

POTWALLOWER, lit. one who boils a pot. (Hybrid; E. and F. — Teut.) 'Potwallower, a voter in certain boroughs in England, where all who boil (wallow) a pot are entitled to vote'; Webster. Corrupted to *pot-wallowers* (Halliwell); also found as *pot-walliners*, given as a Somersetshire word in Upton's MS. additions to Junius (Halliwell). *Wallow*, to boil fast, is from ME. *walopen*, to gallop.

Golding has: 'seething a-wallow', i.e. boiling rapidly; tr. of Ovid, fol. 82. (Prob. confused with ME. *wallen*, AS. *weallan*, to boil.) See *Pot* and *Gallop*.

POUCH, a poke, or bag. (F. — Scand.) ME. *pouche*, Chaucer, C. T. 3929 (A 3931). — OF. *pouche*, found in the 14th cent. as a variant of *poker*, 'a pocket, pouch, or poke'; Cot. See Littré; and *pouche*, variant of Norm. dial. *pouque*, a pouch; Moisy. Of Scand. origin; see *Poke* (1). Der. *pouch*, verb. Doublet, *poke* (1).

POULT, a chicken, fowl. (F. — L.) *Poult* is used by W. King (died A.D. 1712), in a poem on The Art of Cookery, l. 33. Also in Chapman, Revenge for Honour, i. 1. 21. ME. *pult*, Prompt. Parv. — *F. poulet*, 'a chicken'; Cot. Dimin. of *poule*, a hen. — Late *l. pulla*, a hen; fem. of *pullus*, a young animal, cognate with *E. foal*, q. v. Der. *poult-er*, one who deals in fowls, 1 Hen. IV, ii. 4. 480, ME. *pult*, Prompt. Parv., AF. *pultier*, Liber Albus, p. 465; whence the later form *poult-er-er* (Dekker, Honest Whore, pt. ii. iii. 5); by the unnecessary reduplication of the suffix *-er*, denoting the agent. Also *poult-ry*, ME. *pultrie*, Prompt. Parv., AF. *poultre*, *pultrie*, Liber Albus, p. 231, formed with *F. suffix -rie*, as in the case of *poult-ry*, &c. And see *Pullet*. Doublet, *pullet*.

POULTICE, a soft plaster applied to sores. (F. — I.) In Shak. Romeo, ii. 5. 65. Gascoigne, Steel Glas, 997 (ed. Arber, p. 77), has the pl. form *pultices*. Burton has the pl. *pulties*, Anat. Mel. ii. 4. l. 5. Formed, with suffix *-ice* (*-ess*, *-is*) from MF. *pulte*, 'a poultice', Cot. — *l. nom. pultis*, acc. of *pultis*, a thick pulp, or pap-like substance. + Gk. *μύλον*, porridge. ¶ Godefroy also has OF. *pols*, *pous*, from *l. nom. pultis*, pap; sometimes used in the sense of 'poultice'; as, 'Cil qui ... metent ... lor *pols* mollificatives sur toutes plaies'. Cf. Ital. *pouiglia*, 'a pultis'; Florio. The form may have been due to *l. pl. pultes*. Der. *poultice*, verb.

POUNCE (1), to seize with the claws, as a bird, to dart upon suddenly. (F. — L.) Orig. a term in hawking. A hawk's claws were called *pounces*, as in Spenser, F. Q. i. 11. 19; hence to *pounce upon*, to seize with the claws, strike or pierce with them. G. Douglas speaks of an eagle's *pounsey*, Aen. xiii. ch. 5 (near end); and a hawk's *pounces* are mentioned in the Book of St. Alban's, fol. a 8. The orig. sense of the verb was 'to pierce', to prick, to adorn with pierced work. A *pounce* is also a punch or stamp; see Narcs. In Chaucer, Pers. Tale, De Ira, Group I, l. 421, we read of 'pounsed and daggid clothynge' in three MSS., whilst two others have 'pounsed and daggid clothynge'. β. Here *pounsed* has the same sense, but is a derivative word, being made from the sb. *pounson* or *punsoun*, a bodkin or dagger; for which see Harboure's Bruce, i. 545, and my note on the line. The form *pounson* answers to Late *l. acc. punctionem*, OF. *pouçon*, F. *pouçon*, a punch or punction for piercing holes. We must refer the verb *pounsen* and the sb. *pounce* to the OF. *pou-ou* (above). [The mod. F. *poucer* is related to *Pounce* (2).] γ. We have, however, parallel forms in other languages, viz. Span. *punchar*, to prick, punch, *puncha*, a thorn, prickle, sharp point, exactly equivalent to the *pounce* or talon of the hawk; mod. Prov. *poucha*, to prick; Ital. *punzicare*, to prick slightly (which presupposes a form *punzic*, to prick); *punzone*, a puncher. 8. The OSpan. *pungar*, Span. *punchar*, answer to a Late *l. punctionem*, to prick, not found, but readily formed from *punctus*, pp. of *pungere*, to prick. See *Point*, *Pungent*, *Punch* (1).

POUNCE (2), fine powder. (F. — L.) Merely a doublet of *pumice*, and orig. used for powdered pumice-stone, but afterwards extended to other kinds of fine powder, and to various uses of it. 'Long effeminate pouldred [powdered] pounced hair'; Prynn, Histrio-Mastix, pt. i. Act vi. sc. 15. 'Pounce, a sort of powder strew'd upon paper to bear ink, or to soak up a blot'; Phillips, ed. 1706. — *F. ponce*; 'pierre ponce, a pumice stone', Cot. 'Ponce, pumice'; Hamilton. — *l. pumiceum*, acc. of *pumex*, pumice; whence *ponce* (= *pom-er*) is regularly formed. Der. *ponce*, to sprinkle with pounce (F. *poncer*); *ponce-box*; *ponce-et-box*, 1 Hen. IV, i. 3. 38. Doublet, *pumice*.

POUND (1), a weight, a sovereign. (L.) The sense of 'weight' is the orig. one. ME. *pund*, later *pound*, frequently with the pl. the same as the singular, whence the mod. phrase 'a five-pound note'. 'An hundred pund' = a hundred pounds, Havelok, 1633. AS. *pund*, pl. *pund*, a weight, a pound; see Luke xix. 16, John xii. 3. — *l. pondus*, a pound, used as an indeclinable sb., though orig. meaning 'by weight'; allied to *pondus*, a weight. Hence also were borrowed G. *pfund*, &c. Allied to *pender*, to weigh; and to *pendere*, to hang; see *Pendant*. Der. *pound-age*; see Blount's Nomenclon, ed. 1691. And see *pounder*.

FOUND (2), an enclosure for strayed animals. (E.) The same word as *pound*. 'Which thus in *pound* was pent'; Gascoigne, A Deuise for Viscount Mountacute; see Gascoigne's Works, ed. Hazlitt, i. 84, l. 1. Rich. has the reading *pond*. ME. *pond*; in the comp. *pond-folde* (other readings *ponfolde*, *punfolde*, *pyn-*

fold, P. Flouman, B. v. 633; with the sense 'pinfold' or 'pound.' AS. *pund*, an enclosure; the compound *pund-brocc*, explained by *infrastructa parci* as the breaking into an enclosure, occurs in the Laws of Hen. I., c. 40; see Thorpe's Ancient Laws, vol. i. p. 540. Hence AS. *forpyndan*, to shut in, repress; Grein, i. 329. Cf. Icel. *pynda*, to shut in, torment. [Irish *point*, a pound for cattle, a pond, is borrowed from E.] Der. *pound*, verb, Cor. i. 4. 17; *im-pound*, also *fin-fold*, K. Lear, ii. 2. 9. For *find-fold* = *pound-fold*, as shown by M.E. *pyndfold* cited above, the vowel *i* being due to the *y* in the derived AS. *pyndan*; as also in *find-ar*, q.v. Doublet, *pound*.

POUND (3), to beat, bruise in a mortar. (E.) Here the *d* is excrement; it stands for *poun*, from an older form *pūn*. Cf. *scoun-d* for M.E. *soun*; *goun-d*, vulgar form of *gown*. ME. *pounen*, to bruise, Wyclif, Matt. xxi. 44, earlier version. AS. *pūnian*, to pound, Liber Scintillarum, p. 95, l. 18; the pp. *gepūnod* occurs as a various reading for *geknued* (=knocked, pounded) in Cockayne's Leechdoms, l. 176, footnote 4. Der. *pound-er*.

POUR, to cause to flow, send forth, utter, flow. (F.-L.) 'I poore out the lycoure;' Palgrave. ME. *pourer*, P. Flouman, B. v. 220; often used with *out*, Gower, C. A. l. 302; bk. iii. 679. The original sense in *P* was to purify, clarify, esp. by wringing or squeezing out; cf. Lowl. Sc. *poor*, to drain off water, E. D. D. -OF. *pur*, to clarify, also to pour out or to drip; so also *depur*, to drip or run off; Norm. dial. *pur*, to pour, flow, drip, as in *pur saut elle eue pur* en un autre vessel, let this water be then poured into another vessel; Guernesy, *Jo l'edre qui pur dant l'auge*, I hear the cider pouring into the trough (Moisy).—Late L. *pārīre*, to purify.—L. *pārīre*, pure. ¶ The development of the vowel is exceptional; observe that it rhymes with *shower*, *flower*, in Pope, Messiah, 13, and in Gay, The Fan, i. 97; cf. E. *flower* from AF. *flur*; the sound may have been affected by *poir*, sb., and *poir*, verb. See **Pure**.

POURPOINT, PUREPOINT, a quilted doublet. (F.-L.) ME. *purpoint*; Paston Letters, i. 482.—F. *pourpoint*, 'a doublet'; Cot. A corruption of OF. *porpoint* (Godefroy), by the frequent confusion of *pour* and *par*.—Late L. *perpunctum*.—L. *perpunctus*, pp. of *perpungere*, to pierce with a needle; hence, to quilt.—L. *per*, through; *pungere*, to prick. Cf. Norm. dial. *parpoint*, to quilt.

POURTRAY, the same as **Portray**, q.v.
POUT (1), to look sulky or displeased, to puff out the lips or cheeks. (E.) In Shak. Cor. v. 1. 52. ME. *pouten*, in Reliquiae Antiquae, ii. 211. [Cf. W. *pout*, to pout, to be sullen, which I suppose to be a form borrowed from English.] For the derivative *cel-pout*, see **Pout** (2) below. We also find Du. *put-aal*, an eel-pout, *put*, a frog (from its swollen shape); Swed. *puta*, a cushion, Dan. *pule*, a pillow. Cf. Swed. dial. *puta*, to be blown out, to be swollen out (Rietz). Der. *pout* (2), *pout-er*, *pout-ing*.

POUT (2), a kind of fish. (E.) 'It has the power of inflating a membrane which covers the eyes and neighboring parts of the head.' Webster. 'Pout, or eel-pout;' Minshew. We find AS. *ele-pūten*, eel-pouts, in Ælfric's Colloquy (Fisherman), in Voc. 94. 7. *Pūta* is lit. 'pouter,' from a verb **pūtan*, to pout, found in the cognate Swed. dial. *puta*, to be blown out or inflated (Rietz); and see Ælfric's *pūt-til*, an eel-pout, in Koolman. Cf. Skt. *bud-bud-a*, a bubble, from an imitative root *BEU-*; cf. the root *BHEU* in Gk. *quodas*, I puff out. ¶ The Sc. *pout*, chicken (Jamieson) = *poult*, q.v.

POVERTY, the state of being poor. (F.-L.) In early use. ME. *poverti* (with *u* = *v*), O. Eng. Homilies, ed. Morris, i. 143, last line.—OF. *pouerte*, later *pouverté*, 'poverty,' Cot. Mod. F. *pauvreté*.—L. *paupertatem*, acc. of *paupertas*, poverty.—L. *pauper*, poor; see **Poor**.

POWDER, dust. (F.-L.) ME. *poudre*, Rob. of Glouc. p. 345, l. 7080.—F. *poudre*, 'powder,' Cot., who also gives the spelling *pouldre*. OF. *poldre*, *puldre*, in Burguy and Supp. to Godefroy. Formed with excrement *d* after *i*; the oldest form is *polre*.—L. *pulverem*, acc. of *pulvis*, dust. Allied to *pollen*, fine meal, *palea*, chaff; Gk. *wā-n*, meal. See **Pulverise**. Der. *powder*, verb, ME. *powderen*, Rich. Redeles, Pass. i. l. 46; *powder-y*.

POWER, might, ability, strength, rule. (F.-L.) ME. *poër*, Popular Treatises on Science, ed. Wright, p. 133, l. 36; also *poer*, Allit. Poems, ed. Morris, B. 1654. Hence *power*, where the *w* is used to avoid the appearance of an hiatus; Prick of Conscience, 5884.—AF. *poër*, Stat. Realm, i. 28; OF. *poër*, also *pooir*, and (in order to avoid hiatus) *pouvoir*, power; mod. F. *pouvoir*. The OF. *poër* stands for *poter*, as shown by Ital. *potere*, power; cf. also Span. *poder*, power. β. The word is merely due to a substantial use of an infinitive mood, as in the case of *leisure*, *pleasure*; the Ital. *potere*, Span. *poder*, are both infinitives as well as sbs., with the sense 'to be able.'—Late L. *potēre*, to be able, which (as shown by Diez) took the place of L. *posse* in the 8th century. The L. *posse* is itself a contraction for *pot-esse*, used by Plautus and Lucretius; and *pot-esse*, again, stands for *poti-esse*, to be powerful; from *potis*, powerful, and

esse, to be. See **Possible** and **Essence**. Der. *power-ful*, Spenser, F. Q. iv. 10. 36; *power-ful-ly*, *power-ful-ness*; *power-less*, *power-less-ly*, *power-less-ness*. Doublet, *posse*.

POX, an eruptive disease. (E.) Written for *poxy*, pl. of *pock*, a pustule; see **Pock**. Cf. 'small *poxes*;' Sir T. Elyot, Castel of Helth, bk. iv. [iii. in the head-line], ch. 6.

PRACTICE, a habit of doing things, performance. (F.-L.—Gk.) Spelt *practyse* in Palgrave. A back-formation from the verb to *practyse* (in the same).—OF. *practier*, to practise (Godefroy).—Late L. type **practiciere*, for Late L. *practiciere*, to practise.—L. *practicus* (below).

β. But the older form of the sb. was *praktike*. ME. *praktike*, Chaucer, C. T. 5769 (D 187); *practique*, Gower, C. A. ii. 89; bk. iv. 2612.—OF. *practique*, 'practise, experience,' Cot.—L. *practica*, fem. of *practicus*.—Gk. *πρακτικός*, fit for business, practical; whence *ἡ πρακτική* (*praktikē*), practical science, practice.—Gk. *πρακτός*, to be done; verbal adj. of *πράσσειν* (= **prassein*), to do, to accomplish. From a base *prd-*; Brugmann, ii. § 86.

Der. *practise*, verb, K. John, i. 214, as above (cf. *practitioner* = *practis-er*, in Chaucer, C. T. 424); *practis-er*. Also *practic-able*, used by Bp. Taylor, vol. iii. ser. 2 (R.), formed from MF. *practiquer*, 'to practise,' Cot.; hence *practic-able*, *practic-abil-ty*; also *practic-al*, North's Plutarch, pt. ii. p. 18 (R.), *practic-al-ly*, *ness*. Also *practitioner-er*, formed with a needless suffix *-er* from the older term *practician*, with the same sense (both *practitioner* and *practitioner* are in Minshew), from MF. *practicien*, 'a practitioner or practitioner in law,' Cot. And see **pragmatic**.

PRAETOR, PREFTOR, a Roman magistrate. (L.) In Shak. Jul. Cæs. i. 3. 143.—L. *praetor*, lit. a goer before, a leader; contracted form of **pra-ior*.—L. *pra*, before; and **ior*, a goer, from *it-um*, supine of *ire*, to go, which in **EI*, to go. See **Pre** and **Itinerant**. Der. *praetor-ium*, the praetor's hall, Mark xv. 16; *praetor-i-an*; *praetorship*.

PRAGMATIC, well-practised, fit for business, active. (F.-L.—Gk.) 'These *pragmatic* young men;' Ben Jonson, The Devil is an Ass, Act i. sc. 3, end of Fitzdottrel's long speech. 'Pragmaticall,' practised in many matters; Minshew, ed. 1627.—F. *pragmatique*; chiefly in the phrase *la pragmatique sanction*, 'a confirmation of a decree made in the council of Basil,' &c., Cot.—L. *pragmaticus*.—Gk. *πραγματικός*, skilled in business.—Gk. *πραγμα*, stem of *πράσσειν* (= **prassein*), a deed, thing done.—Gk. *πράσσειν* (= **prassein*), to do; see **Practice**. Der. *pragmatic-al*, *-al-ly*. Note also *praxis*, an example for exercise, from Gk. *πράξις*, a deed, action.

PRAIRIE, an extensive meadow or tract of grass. (F.-L.) A word imported from America in the 18th cent. 'The wondrous, beautiful *prairies*;' Longfellow, Evangeline, pt. ii. iv. 12.—F. *prairie*, 'a meadow, or meadow ground;' Cot.—Late L. *prātūria*, meadow-land; used A. D. 832; Ducange.—L. *prāt-um*, a meadow; with adj. fem. suffix *-āria*.

PRAISE, commendation, tribute of gratitude. (F.-L.) ME. *preis*, *preys*, Chaucer, C. T. 14565 (B 3837). [The verb *preisen*, to praise, is found much earlier, in the Ancien Riwle, p. 64, l. 22.]—OF. *preis*, price, value, merit; from OF. *preisier*, to praise.—L. *pretiāre*, to price, prize, value; from *pretium*, price, value; see **Price**. Der. *prais-er*; *praise-worthy*, Much Ado, v. 2. 90; *praise-worthy-ness*. Also *ap-praise*, *dis-praise*, *ap-prec-iate*, *de-prec-iate*; *precious*. Doublets, *price*, *prize* (3).

PRAM, a flat-bottomed boat. (F.—Du.—Slav.) Spelt *prame* in Johnson's Dict.—F. *prame* (1753), Hatzfeld; but AF. *prame* occurs in The Earl of Derby's Expeditions, p. 42, l. 24.—Du. *praam*.—OCHSlavon. *prami*; Polish *pram*, a boat, vessel; from the Idg. **PAR*, whence also Goth. *far-an*, to travel, E. *fare* (Kluge).

PRANCE, to strut about; in mod. E., to bound gaily, as a horse. (E.) Spelt *prance* in Spenser, where it is used of a giant stalking along; F. Q. i. 7. 11. In Shak. it is used of a young man, i. Hen. VI. ii. 1. 24. The old sense is to strut about, as if for display; and the word is a variant of *prank*. Used of a horse, Skelton, Bowge of Courte, l. 411. ME. *prancken*; 'the horse may pryk and *prancke*,' Lydgate, Horse, Sheep, and Goose, l. 29. Also *prancken*, Gower, C. A. iii. 41; bk. vi. 1191. Allied to *prank* (below); cf. Dan. dial. *prandse*, *prandse*, to go proudly, as a prancing horse; *prank*, proud; Swed. dial. *prångsa*, Swed. *prunka*, to show off; Dan. dial. *pranje*, *pranne*, to prance. So also MDu. *pronken*, 'to make a fine show, to brag, strut; *lange strant gaan pronken*, to strut along, to walk proudly along the streets;' Sewel. See **Frank**. Der. *pranc-ing*.

FRANK (1), to deck, to adorn. (E.) The old senses are to display gaudily, set out ostentatiously, to deck, dress up. 'Some *pranche* their rufes;' Spenser, F. Q. i. 4. 14. ME. *pranken*; 'Pranky, as clothes, *placatus*,' Prompt. Parv. 'I *pranke* ones gowne, I set the plyghes [pleats] in order, *i met les plies dune robe à poynt*. Se yonder olde man, his gowne is *pranked* as if he were but a yonge man;' Palgrave. 'Pranked with pletes;' Skelton, Elinour Kum-

myng, 69; *prank*, a fold, pleat, Prompt. Parv. β. Closely connected with *prink*, used in the same sense; see examples in Nares. 'But mark his plumes, The while to *prinkle* he dayes and nights consumes'; (insouciance, Weeds, Farewell with a Mischief, st. 6, ed. Hazlitt. [Here Rich. reads *prank*.] *Prink* is a nasalised form of *prick*; cf. Lowland Scot. *prink* (lit. to prick), to be spruce; 'a bit *prinkin* bodie, one attached to dress, self-conceited,' Jamieson; *prick*-*ma-dainty*, *linal*; *prink*, *primp*, to deck, to prick. See *Prick*. γ. Allied words are MDu. *pronck*, 'shew, or ostentation,' Hexham; *princken*, to display one's dress, *proncepinken*, *proncepinken*, to glitter in a fine dress, Oudemans. Without the nasal, we have MDu. *pryken*, 'to make a proud shew'; Sewel. Cf. also Low G. *prunken*, to make a fine show, *prunk*, show, display, Bremen Wörterbuch; G. *prunk*, show, parade; Dan. and Swed. *prunk*, show, parade; and perhaps G. *prungen*, Dan. *prange*, to make a show. β. The forms suggest a Teut. type **prankan*, str. vb. (pt. t. **prank*, pp. **prunknan*). Der. *prank* (2), *prance*.

PRANK (2), a trick, mischievous action. (L.) In Shak. Hamlet, ii. 2; K. Lear, i. 4. 259. Oth. ii. 1. 143; (Skelton, Why Come Ye Nat to Courte, 366. 'Pranke, *taut*, *finest*;' Palsgrave. Mr. Wedgwood well says: 'A *prank* is usually taken in a bad sense, and signifies something done in the face of others that makes them stare with amazement.' It is, in fact, an act done 'to show off;' and is the same word as *prank*, show; see above.

PRATE, to talk idly. (Low G.) ME. *praten*, Iyldgate, Minor Poems, ed. Halliwell, p. 155; Coventry Plays, ed. Halliwell, 353. (Stratmann). Cf. MSwed. *prata*, to talk (Ihre); Dan. *prate*, to prate; also Swed. *prat*, Dan. *prat*, talk, prattle;—MDu. *praten*, 'to prate,' Hexham; mod. Du. *prat*, tattle; Low G. *praten*, to prate, *prant*, tattle, Bremen Wörterbuch. Perhaps of imitative origin, from a base **prat*. Der. *prate*, sb., *prat-er*, *prat-ing*. Also *pratt-le*, Temp. iii. 1. 57, the frequentative form, with the usual suffix -le; cf. Low G. *practeln*, to prattle (Schaumbach); *prattle*, sb., Rich. II, v. 2. 26; *pratt-er*.

PRAWN, a small crustacean animal, like the shrimp. (Scand.?) ME. *prawe*, Prompt. Parv. Of doubtful origin. Florio has: 'Parnocchie, a fish called shrimps or prawns;' where *parnocchie* can hardly be other than a dimin. form of *perna*, a sea-mussel (lit. a ham), whence Mital. *perna*, 'a shell-fish called a nakre or narre,' Florio; also Span. *perna*, flat shell-fish. But we cannot connect *prawn* with *perna*. β. We find also prov. *prankle*, a prawn, and *prankle*, to prance (Isle of Wight). This suggests a connexion between *prawn* and *prance*; with a possible allusion to its bright appearance or quick movements; cf. Jutland *pranni*, to strut, *pranni*, a showy person (Feilner).

PRAY, to entreat, ask earnestly. (F.—L.) In early use. ME. *preien*, *preyen*; (O. Eng. Homilies, ed. Morris, i. 287, l. 9; Havoclok, 1440.—AF. and OF. *preier*, later *prier*, 'to pray,' Cot.—L. *precari*, to pray.—L. *prec-*, stem of *prex*, a prayer; see **PRECARIOUS**. Der. *pray-er*, ME. *priere*, *preyere*, Chaucer, C. T. 231, 1206 (A 1204), from OF. *preiere*, *priere*, mod. F. *prière* (Ital. *preghiera*), from L. *precāria*, fem. of *precarius*; see **PRECARIOUS**. Hence *prayer*-ful, *prayer-less*.

PRE-, prefix, beforehand. (F.—L.) Used both as a F. and L. prefix; OF. *pre-*, L. *pre-* (in *pre-hendere*), usually *prae*—L. *prae*, prep., before; for **prai*, a locative form. Closely connected with *pro*; see **PRO**. Also allied to the prefixes *per-*, *para-*, *pur-*. Hence numerous compounds, of which several, like *pre-cantion*, are of obvious origin.

PREACH, to pronounce a public discourse on sacred matters. (F.—L.) ME. *prechen*, Ancru Riwle, p. 70, ll. 22, 24.—OF. *precher* (*prescher* in Cot.), mod. F. *prêcher*—L. *praedicare*, to make known in public, declare publicly.—L. *prae*, before, before men, publicly; and *dicere*, to proclaim, allied to *dicere*, to say. See **PRO** and **DICTION**. Der. *preach-er*, *preach-ing*; *preach-ment*, 3 Hen. VI, i. 4. 72. Doublet, *predicate*, vb.

PREAMBLE, an introduction, preface. (F.—L.) ME. *preamble*, Chaucer, C. T. 6413 (D 831).—OF. *preamble*, 'a preamble, preface, prologue'; Cot.—L. *praebulus*, adj.; from *praebulare*, to walk before.—L. *prae*, before; and *ambulare*, to walk; see **PRE** and **AMBLE**. Der. *praebul-at-ion*, Chaucer, C. T. 6419 (D 837).

PREBEND, a portion received for maintenance by a member of a cathedral church. (F.—L.) Defined in Minshew, ed. 1627.—OF. *prebende*, 'a prebendary,' Cot.; mod. F. *prébende*, a prebend.—L. *praebenda*, a payment to a private person from a public source; fem. of *praebendus*, fut. pass. part. of *praebere*, to afford, supply, give.—L. *prae*, before; and *habere*, to have; whence *præbiter*, to hold forth, proffer, offer, contracted to *præbire*. See **PRE** and **HABIT**. Der. *prebend-er*; *prebend-ary*, Spencer, Mother Hubbard's Tale, 422.

PRECARIOUS, uncertain, held by a doubtful tenure. (L.)

'Powers which he but precariously obeys;' Sir T. Browne, Vulg. Errors, b. i. c. 10, near end of § 10. Formed (by change of *su* to *su-*, as in numerous instances) from L. *precarius*, obtained by prayer, obtained as a favour, doubtful, precarious.—L. *precari*, to pray.—L. *prae-*, stem of *prae*, a prayer.—G. *frag-en*, to ask; Goth. *frāh-an*, AS. *frig-nan*, to ask; Lith. *prausti*; Russ. *prositi*; Pers. *persidan*; Skt. *prāch*, to ask; W. *erchi* (for **perchi*), to ask. (✓PREK). Brugmann, i. § 607. Der. *precarius*-ly, *-ness*.

PRECAUTION, a caution taken beforehand. (F.—L.) In Minshew, ed. 1627.—ME. *precaution*, 'a precaution,' Cot. Mod. F. *précaution*—L. *praecautio*, acc. of *praecautio*; comp. of *prae*, before, and *cautio*, a caution; see **PRE** and **CAUTION**. Der. *precautionary*, **PRECEDE**, to go before. (F.—L.) In Hamlet, i. 1. 122; and in Palsgrave.—MF. *preceder*, 'to precede,' Cot.; mod. F. *préceder*—L. *praecedere*, to go before; comp. of *prae*, before, and *cedere*, to go; see **PRE** and **CEDERE**. Der. *preced-ence*, 1. L. iii. 83, from MF. *precedencia*, 'precedence,' Cot., which from L. *praecedentia*, a going forward, an advance; *preced-ent-y*. Also *preced-ent*, adj., Hamlet, iii. 4. 98, from MF. *praecedent*, 'precedent, foregoing,' Cot.; *preced-ent-ly*. Hence, with a change of accent, *preced-ent*, sb., Temp. i. 1. 291 (spelt *presidente*, Skelton, ed. Dyce, i. 7. l. 23), *precedent-ed*, *un-precedent-ed*, *preced-ing*. Also *precess-ion*, q.v.

PRECENTOR, the leader of a choir. (L.) In Todd's Johnson, with a quotation dated A.D. 1622.—L. *praecentor*, a leader in music, precentor.—L. *prae*, before; and *cantor*, a singer, from *cantare*, to sing, chant; see **PRE** and **CHANT**.

PRECEPT, a rule of action, commandment, maxim. (F.—L.) ME. *precept*, Wydulf, Acts, xvi. 24.—OF. *precept*; MF. *precepte*, 'a precept,' Cot.; mod. F. *précepte*—L. *praecipitum*, a precept, rule; orig. neut. of *praecipuus*, pp. of *praecipere*, to take beforehand, also, to give rules.—L. *prae*, before; and *capere*, to take; see **PRE** and **CAPTURE**. Der. *precept-ive*; *precept-ial*, Much Ado, v. 1. 24; *precept-or*, from L. *praecceptor*, a teacher; *precept-or-y*, *precept-ry*, *-ness*.

PRECESION, a going forward. (L.) Chiefly in the phrase *precession of the equinoxes*, defined in Phillips, ed. 1706. From L. *praecessio*, acc. of *praecessio*, a late word; cf. *processus*, pp. of *praeire*; see **PRECEDE**.

PRECINCT, a territorial district. (L.) Spelt *precynct* in Fabyan, Chron. vol. i. c. 172, ed. Ellis, p. 168, l. 27; *precinct*, Will of Hen. VI, Royal Wills, ed. Nichols, p. 299.—Late L. *praecinctum*, a boundary; Ducange.—L. *praecinctum*, neut. of *praecinctus*, pp. of *praecingere*, to enclose, surround, gird about.—L. *prae*, before, used as an augmentative, with the sense of 'fully;' and *cingere*, to gird; see **PRE** and **CINCTURE**.

PRECIOUS, valuable, costly, dear. (F.—L.) ME. *precious*, P. Plowman, A. ii. 12 (footnote); Wydulf, 1 Pet. ii. 6.—OF. *precios*, *preciosus*, mod. F. *précieux*, precious.—L. *pretiosus*, valuable.—L. *pretium*, a price, value; see **PRIORE**. Der. *precious-ly*, *-ness*.

PRECIPICE, a very steep place, an abrupt descent. (F.—L.) In Minshew, and in Shak. Hen. VIII, v. 1. 140.—MF. *precipice*, mod. F. *précepice* (Littre).—L. *praecipitum*, a falling headlong down; also, a precipice.—L. *praecipiti*, decl. stem of *praecipere*, head-for-most.—L. *prae*, before; and *capiti*, decl. stem of *caput*, the head; see **PRE** and **CAPITAL**. Der. *precipit-ous*, Sir T. Browne, Vulg. Errors, b. iii. c. 6, last §, from MF. *precipiteus*, 'headlong,' Cot.; *precipit-ous-ly*, *-ness*. Also *precipit-ate*, adj., properly a pp., from L. *praecipitare*, to cast headlong; used as a verb in Minshew, and in Shak. K. Lear, iv. 6. 50; *precipit-ate-ly*; *precipit-ant*; *precipit-ance*, *precipit-ancy*; also *precipit-at-ion*, from MF. *praecipitation*, 'precipitation,' Cot.

PRECISE, definite, exact. (F.—L.) We find *præcisely*, adv., in Fabyan, Chron. vol. i. c. 245; ed. Ellis, p. 287, l. 44.—OF. *precis*, fem. *precise*, 'strict, precise,' Cot. Mod. F. *précis*—L. *praecisus*, cut off, shortened, brief, concise; the sense of 'strict' arose from that of 'concise,' because an abstract is precise, to the exclusion of irrelevant matter.—L. *praecidere*, to cut off near the end.—L. *prae*, before, in front; and *cadere*, to cut. See **PRE** and **CESURA**. Der. *precise-ly*, *-ness*; *precis-ion*, a late word. Also *precis-ian*, a precise person; a coined word; see Nares.

PRECLUDE, to hinder by anticipation, shut out beforehand. (L.) First in 1618; used by Pope and Burke; see Todd's Johnson and Richardson.—L. *praeccludere*, to close, shut up, hinder from access.—L. *prae*, in front; and *cludere*, to shut; see **PRE** and **CLAUDE**. Der. *preclud-ion*, *preclud-ive*.

PRECOCIOUS, premature, forward. (L.) 'Many precocious trees;' Sir T. Browne, Vulg. Errors, b. ii. c. 6, part 4. [Evelyn, as cited in R., uses *præcoce*, answering to mod. F. *précoce*.] A coined word; from *præco-*, decl. stem of *præco-*, ripe before its time, premature; also spelt *præcoquus*, *præcoquus*—L. *prae*, before; and *coquere*, to cook, to ripen; see **PRE** and **COOK**. Der. *precocious-ly*, *-ness*; *præco-ci-ty*.

PRECONCEIVE, to conceive beforehand. (F.—L.) Used by Bacon, Colours of Good and Evil, sec. 5, § 2. Coined from **Pre-** and **Conceive**. Der. **preconception**; from **Pre-** and **Conception**.

PRECONCERT, to concert or plan beforehand. (F.—Ital.—L.) 'Some preconcerted stratagem;' Warton, Hist. of E. Poetry, iii. 138, ed. 1840. Coined from **Pre-** and **Concert**.

PRECURSOR, a forerunner. (L.) In Shak. Temp. i. 2. 201. —L. *precursor*, a forerunner. —L. *pra*, before; and *cursor*, a runner, from *curre*, to run; see **Pre-** and **Course**. Der. *precursor-y*; note also *precure*, a forerunning, Hamlet, i. 1. 121.

PREDATORY, given to plundering. (L.) Rich. gives a quotation from Reliquiae Wottonianae, p. 455. First in Puttenham, Arte of E. Poesie, bk. i. c. 18. Englished from L. *prædatorius*, plundering; from *prædator*, a plunderer. —L. *prædāri*, to plunder, get booty. —L. *præda*, prey, booty; see **Prey**.

PREDECESSOR, one who has preceded another in an office. (L.) In Shak. Hen. V. i. 1. 181; also an ancestor, Hen. V. i. 2. 248. Spelt *predecessor* (as if from F.) in Du Wes; printed with Palsgrave, p. 897, l. 3. —L. *prædecessor*, a predecessor. —L. *pra*, before; and *decessor*, one who retires from an office; cf. *decessus*, pp. of *decidere*, to depart, which is compounded of *dē*, from away, and *cedere*, to go. See **Pre-**, **De-**, and **Cede**.

PREDESTINE, to destine by fate. (F.—L.) [We find *predestinatus* in Chaucer, tr. of Boethius, b. iv. pr. 6, l. 19. *Predestinatus* is well used as a pp. in 'They were predestinated to suffer yet more plagues,' Hall's Chron. Hen. V. an. 4, § 2. 'From our predestin'd plagues that privileged be;' Dryden, Polyolbion, song 2. *Predestin'd* is Englished from MF. *predesiné*, 'predestined, predestinated.' Cot.—L. *prædestinatus*, pp. of *prædestinare*, to determine beforehand. —L. *pra*, before; and *destinare*, to destine; see **Pre-** and **Destine**. Der. *predestin-ate*, as above, from L. *prædestinatus*; *predestin-at-on*, *predestin-at-ion*, as above, from MF. *predestinatio*; *Also predestin-ar-ion*, a coined word.

PREDETERMINE, to determine beforehand. (F.—L.) 'But he did not predetermine him to any evil;' Bp. Taylor, vol. i. ser. 9 (R.). Coined from **Pre-** and **Determine**. Der. *predetermin-ate*, *predetermin-at-ion*.

PREDICATE, to affirm one thing concerning another. (L.) A term in logic. 'Which may as truly be predicated of the English play-haunters now, as of the Romans then;' Frynne, Histrio-Mastix, pt. i. Act vi. sc. 2 (R.). —L. *prædicatus*, pp. of *prædicare*, to publish, proclaim; see **Preach**. Der. *prædicat-ion*, *prædic-able*, *prædic-ive*. Also *predica-ment*, one of the most general classes into which things can be distributed; see Tyndale, Obedience of a Christian Man (1528), in Specimens of English, ed. Skeat, p. 176, l. 317, from Lat. *prædicamentum*. Doublet, *preach*.

PREDICT, to tell beforehand, prophesy. (L.) In Milton, P. R. iii. 356. Shak. has *predict* as a sb., with the sense of 'prediction;' Sonnet xiv. 8. —L. *prædictus*, pp. of *prædicare*, to tell beforehand. —L. *pra*, before; and *dicere*, to say; see **Pre-** and **Diction**. Der. *predict-ion*, Mach. i. 3. 55, from MF. *prediction*, 'a prediction,' Cot.—and this sb. probably suggested the verb to *predict*, as it is in earlier use. Also *predict-ive*, from L. *prædictivus*.

PREDILECTION, a choosing beforehand, partiality, choice. (F.—L.) A late word, added by Todd to Johnson's Dict.—F. *prædilection* (first in 1519). Coined from L. *pra*, before, beforehand; and *dilectio*, choice, love, from *diligere*, to choose out from others, to love. *Diligere* is compounded of *di-*, for *dis-*, apart; and *legere*, to choose. See **Pre-**, **Dis-**, and **Legend**.

PREDISPOSE, to dispose beforehand. (F.—L. and Gk.) In Phillips, ed. 1706.—F. *prædisposer* (15 cent.). Coined from L. *pra*, beforehand; and F. *disposer*. See **Pre-** and **Dispose**. Der. *prædispos-ition* (but see **Pose** and **Position**, where the difference in origin of these two words is explained).

PREDOMINATE, to rule over, reign. (L.) In Shak. Merry Wives, ii. 2. 294; Timon, iv. 3. 142. Coined from **Pre-** and **Dominare**. Der. *predomin-ant*, in Minshew, ed. 1627, from domin-ant, stem of pres. part. of *domināri*, to rule; *predomin-ance*; *predomin-ancy*. Bacon, Colours of Good and Evil, vii. § 3.

PRE-EMINENCE, eminence above the rest. (F.—L.) Spelt *preeminence* in Palsgrave; *prehemine*, Bacon, Essay ix. § 12; *pre-eminence*, Skelton, Why Come Ye Nat to Court, 406.—MF. *præ-eminence*, 'prehemine,' Cot. [The insertion of *h* was due to a wish to avoid the hiatus.] —L. *præ-eminencia*, a surpassing, excelling. —L. *pra*, before; and *eminencia*, eminence; see **Pre-** and **Eminence**. Der. *pre-emin-ent*, from L. *præ-eminens*, stem of the pres. part. of *præ-eminere*, to excel; *pre-emin-ent-ly*.

PRE-EMPTION, a purchasing before others. (L.) 'Right of preemption of first choice of wines in Bourdeaux;' Howell, Famil. Letters, b. ii. let. 55 [not 14]; dated 1634. Coined from L. *pra*,

before; and *emptio*, a buying, allied to *emptus* or *emptus*, pp. of *emere*, to buy; see **Pre-** and **Example**.

PRE-ENGAGE, to engage beforehand. (F.—L.) Todd gives two quotations for this word from Dryden, both without references. The former is from Cymon, l. 246. From **Pre-** and **Engage**. Der. *pre-engagement*.

PRE-EXIST, to exist beforehand. (L.) 'But if thy pre-existing soul;' Dryden, On Mrs. Killigrew, l. 29. From **Pre-** and **Exist**. Der. *pre-exist-ent*, *pre-exist-ence*.

PREFACE, the introduction to a book. (F.—L.) In Shak. 1 Hen. VI. v. 5. 11; Chaucer, C. T., G 271.—OF. and MF. *preface*, fem. 'a preface,' Cot.; mod. F. *préface*. Cf. Ital. *prefazio*, Span. *prefacio*, corresponding to an OF. *præface* of the masc. gender. β. Suggested by L. *præfatio*, a preface, which produced the Ital. *prefazione* and Span. *prefación*, and would have given the F. form *præfation*. —L. *præfari*, to say beforehand. —L. *pra*, before; and *fari*, to speak. See **Pre-** and **Fate**. Der. *præface*, verb; *præfat-or-y*, as if from a L. *præfatorius*.

PREFECT, a governor, one placed in office, president. (F.—L.) ME. *prefect*, Chaucer, C. T. 15830 (G 362), (where it is translating from Latin). —OF. and MF. *prefect*; mod. F. *préfet*. —L. *præfectus*, a prefect, one set over others. —L. *pra*, before; and *factus*, made, set, pp. of *facere*, to make; see **Pre-** and **Fact**. Der. *præfect-ship*; also *præfect-ure*, from mod. F. *préfecture*, L. *præfectura*, a prefectship.

PREFER, to regard before others, esteem more highly, to advance or exalt. (F.—L.) Common in Shak. Cor. iii. 1. 152, &c.; spelt *preferre* in Palsgrave.—OF. *preferre*, 'to prefer, like better,' Cot.—L. *præferre* (pres. t. *præfero*), to carry in front; also to set in front, *præfer*. —L. *pra*, before; and *ferre*, cognate with E. *bear*; see **Pre-** and **Bear** (1). Der. *præfer-able*, from MF. *præferable*, 'preferable,' Cot., also written *præfer-ible*; *præfer-abil-y*, *præfer-able-ness*; *præfer-ence*, from MF. *præference*, 'preference;' Cot.; *præfer-ment*, Oth. i. 1. 36.

PREFIGURE, to suggest by types. (F.—L.) 'Prefigured by the temple of Solomon;' Bale, Vinyage of both Churches (1550), pt. i (R.). From **Pre-** and **Figure**; but suggested by Late L. *præfigurare* (Lewis). Der. *præfigur-ment*, *præfigur-at-ion*, *præfigur-ive*.

PREFIX, to fix beforehand. (F.—L.) 'I prefixe, *præface*;' Palsgrave. Spenser has the pp. *prefixed*, Sonnet 46, l. 1; Lydgate has *prefixed*, Assembly of the Gods, 549. This is due to the MF. *præfix*, 'prefixed, limited;' Cot.—L. *præfixus*, pp. of *præfigere*, to fix in front. —L. *pra*, before; and *figere*, to fix; see **Pre-** and **Fix**. Der. *præfix*, sb., lit. that which is prefixed.

PREGNANT (1), pressing, urgent, cogent; as a proof or reason. (F.—L.) 'A pregnant argument;' Chaucer, Troilus, b. iv. 1179.—OF. *pregnant*, *pregnant*, 'pregnant, pithy;' Cot. Here *pregnant* is the pres. pt. of OF. *preindre*, *prembre*, to press (Godefroy). —L. *premere*, to press; see **Press**.

PREGNANT (2), fruitful, with child; imaginative. (F.—L.) In Milton, P. L. ii. 779.—L. *prægnantem*, acc. of *prægnans*, pregnant. *Prægnans* has the form of a pres. part. from a verb *prægnare*, to be before a birth, to be about to bear. —L. *pra*, before; and *gnare*, to bear, of which the pp. *gnātus*, usually spelt *nātus*, born, is in common use. See **Pre-** and **Natal**. Der. *prægnant-ly*; *prægnant-y*, 2 Hen. IV. i. 2. 192.

PREHENSILE, adapted for grasping. (L.) Modern; not in Todd's Johnson. Coined with suffix *-ilis* from *prehens-us*, usually *prehens*, pp. of *prehendere*, also *prehendere*, to lay hold of. —L. *pra*, before; and (obsolete) *hendere*, to seize, get, cognate with E. *get*; see **Pre-** and **Get**. Der. *præhension*, *præhension* (1).

PRE-HISTORIC, before history. (F.—L.) Modern; from **Pre-** and **Historic**.

PREJUDICE, to judge beforehand. (F.—L.) In Bacon, Life of Hen. VII. ed. Lumby, p. 8, l. 17.—MF. *prejuger*, 'to prejudicate, prejudice,' Cot.—L. *præiudicare*; from *pra*, before; and *iudicare*, to judge; see **Pre-** and **Judge**. Der. *præjudicial*, All's Well, i. 2. 8, from L. *præiudicatus*, pp. of *præiudicare*; *præjudic-at-ion*, *præjudic-ive*; and see *præjudice*.

PREJUDICE, a prejudgement, an ill opinion formed beforehand. (F.—L.) In Shak. Hen. VIII. i. 1. 182, ii. 4. 154. ME. *prejudice*, Shoreham's Poems (Percy Soc.), p. 36, l. 21.—OF. *prejudice*, 'a prejudice,' Cot.—L. *præiudicium*, a judicial examination previous to a trial; also, a damage, prejudice. —L. *pra*, before; and *iudicium*, a judgement. See **Prejudice**; also **Pre-** and **Judicial**. Der. *præjudice*, verb, 1 Hen. VI. iii. 3. 91; *præjudic-ial*, 3 Hen. VI. i. 1. 144; *præjudic-ial-ly*.

PRELATE, a bishop, church dignitary. (F.—L.) In early use; in Layamon, 24502; pl. *prælaz* (for *prælatus*), Ancræn Riwle, p. 10. l. 8.—OF. *prælāt*, 'a prelate,' Cot.—L. *prælatus*, set above, used as pp. of the verb *præferre*, to prefer, advance, but from a different root.—L. *pra*, before; and *lātus*, for *lātus* (—Gk. *λατρός*), from

✓**TEL**, to lift; see **Pre-** and **Elate**. Der. *prelat-ic*, little used; *prelat-ic-al*, Milton, Reason of Church Government, b. ii. sect. 3. ch. 1 (R.); *prelat-ic-ly*; *prelat-ist*; *prelacy*, Skelton, Why Come Ye Nat to Courte, 500.

PRELIMINARY, introductory. (F.—L.) In Blount's Gloss., ed. 1674. 'Some preliminary considerations,' Bp. Taylor, vol. iii. ser. 3 (R.). Coined from **Pre-**, q. v., and **MF. liminaire**, 'set before the entry, or at the beginning of, dedicatory,' Cot. From **L. liminarius**, acc. of *liminaris*, of or belonging to a threshold, coming at the beginning.—**L. limin-**, decl. stem of *limen*, a threshold, allied to *limes*, a boundary; see **Limit**. Der. *preliminary-ly*.

PRELUDE, an introduction to a piece of music, a preface. (F.—L.) The *L. form prelium* was once in use, and is the form given in *Minshew*, *Cotgrave*, and *Blount*. In *Dryden*, *Britannia Rediviva*, 187, *prelude* seems to be used as a verb.—**MF. prelude**, 'a prelium, preface, preamble,' Cot.—Late **L. *preludium**, **preludium*, a prelude, perhaps a coined word; it is not in *Ducange*.—**L. preludere**, to play beforehand, also, to give a prelude beforehand, which is just *Dryden's* use of it.—**L. pra-**, before; and *ludere*, to play; see **Pre-** and **Ludicrous**. Der. *prelude*, verb; *prelusive*, from *pp. praelus-us*, with suffix *-ive*.

PREMATURE, mature before the right time, happening before the proper time. (L.) In Blount's Gloss., ed. 1674. Not **F.**, but Englished from **L. praematurus**, too early, untimely, premature.—**L. pra-**, before; and *maturus*, ripe; see **Pre-** and **Mature**. ¶ *Cotgrave* only gives the **MF. sh. prematurlité**, 'prematurity.' Der. *prematurlé-ly*, *prematurlé-ness*.

PREMEDITATE, to meditate beforehand. (L.) In *Shak. Hen. V.* iv. 1. 170.—**L. praemeditatus**, *pp. praemeditari*; see **Pre-** and **Meditate**. Der. *premeditation*, in *Sir T. Elyot*, *The Governour*, b. ii. c. 1. § 13, from **MF. premeditation**, 'premeditation,' Cot., from **L. acc. praemeditationem**.

PREMIER, chief or first, a chief, a prime minister. (F.—L.) The law-phrase *premier seisin*, first possession, was in use in common law; *Minshew* notes this use of it, A. D. 1627. Rich. quotes 'the Spaniard challenge the premier place' from *Camden's Remains*.—**F. premier**, 'prime, first,' Cot.—**L. primarius**, acc. of *primarius*, chief, principal; formed with suffix *-arius* from *primus*, first. See **Prime** (1). Der. *premier-ship*.

PREMISE, **PREMISS**, a proposition, in logic, proved or assumed for the sake of drawing conclusions; one of the two propositions in a syllogism from which the conclusion is drawn. (F.—L.) The spelling *premise* stands for *premiss*, the true **F.** spelling; the spelling *premiss* is perhaps due to the **L.** form, but may also be for *premiss*. *Minshew* has 'the premisses'; but the correct pl. *premisses* is in *Chaucer*, tr. of *Boethius*, b. iii. pr. 10, l. 83.—**OF. premiss** (mod. **F. prémiss**), omitted by *Cotgrave*, but in use in the 14th century (*littré*).—**L. praemissa** (*sententia* being understood), a premiss, lit. that which is sent or put before.—**L. pra-**, before; and *missus*, *pp. mittere*, to send; see **Pre-** and **Missile**. Der. *premiss*, verb, orig. 'to send before,' as in *Shak. 2 Hen. VI.* v. 2. 41, from **F. pre** (<**L. pra-**), before; and *mis* (*sem. misse*), *pp. of mittere* (<**L. mittere**), to send, to put. Also *premisses*, s. pl., the adjuncts of a building, a sense due to the custom of beginning leases with the *premisses* setting forth the names of the grantor and grantee of the deed, as well as a description of the thing granted; later, the sense was transferred from the description of these to that of the thing leased only, and came to be used in the present vague way; so in *Blount's Nomolexicon*, 1691. *Wedgwood* explains it more simply 'from the use of the term in legal language, where the appurtenances of a thing sold are mentioned at full in the first place, and subsequently referred to as the premisses,' i. e. the things premised or mentioned above. Thus, in *Lady Margaret's Will* (1508) we find: 'All which manors, lands, and tenements, and other the premisses, we lately purchased.' *Royal Wills*, ed. *Nichols*, p. 378. See examples in *Caxton's* print of the Statutes of *Hen. VII.*; fol. a. 6, &c.

PREMIUM, profit, bonus, reward, payment for a loan, &c. (L.) In *Blount's* Gloss., where he not only explains it by 'recompence,' but notes the mercantile use of it in insurances.—**L. praemium**, profit, lit. 'a taking before,' for **praenium* (<***praenium**)—**L. pra-**, before; and *enere*, to take, also to buy; see **Pre-** and **Example**.

PREMONISH, to warn beforehand. (F.—L.) In *Minshew*, ed. 1627. A coined word, from *pra-*, before; and *monish*, a corrupted form of *MF. monest*, to warn, *Wyclif*, 2 *Cor.* vi. 1; just as *admonish* is corrupted from *MF. amonest*. See **Pre-**, **Admonish**, and **Monition**. Der. *premonition*, *Chapman*, tr. of *Homer*, *Od.* ii. 331, coined from *pra-* and *monition*. Also *premonition-ly*; *premonition-or*, from **L. praemonitor**; *premonition-or-y*, *premonition-or-ily*. Also *premonition-nent* (obsolete), used by *Hale* (R.).

PRENTICE, short for *Apprentice*, q. v.

PREOCCUPY, to occupy beforehand. (F.—L.) In *Shak. Cor.*

ii. 3. 240.—**MF. preoccuper**, 'to preoccupate, anticipate,' Cot.—**L. praecipere**, from *pra-*, before, and *occupare*, to occupy; see **Pre-** and **Occupy**. ¶ The peculiar ending of *occupy* is discussed under that word. Der. *preoccupat-ion*, from **MF. preoccupacion** (*Minshew*), 'a preoccupacion,' Cot.; also *preoccupancy*.

PREORDAIN, to ordain beforehand. (F.—L.) In *Milton P. R.* i. 127. From **Pre-** and **Ordain**; cf. **MF. preordonner**, to preordinate, or fore-ordain, Cot. ¶ The adj. *preordinatus* (*L. praordinatus*) occurs in *Sir T. Elyot*, *The Governour*, b. ii. c. 12. § 3; and see *Palsgrave*. Der. *preordinat-ion*, used by *Hale* (R.); **MF. preordination** (*Hatzfeld*); from **MF. pre-** and *ordination*.

PREPARE, to make ready beforehand, arrange, provide. (F.—L.) In the Bible of 1557, *Luke* iii. 4; and in *Palsgrave*.—**MF. preparer**, 'to prepare,' Cot.—**L. praeparare**; comp. of *pra-*, beforehand, and *parare*, to get ready; see **Pre-** and **Parade**. Der. *preparer*, *prepar-ed*, *prepar-ed-ly*, *-ness*. Also *preparat-ion*, *Sir T. Elyot*, *The Governour*, b. ii. c. 1. § 1, from **MF. preparation**, 'a preparation,' Cot.; *preparat-ive*, *ME. preparatif*, *Lydgate*, *Minor Poems*, p. 168, from **MF. preparatif**, 'a preparative, or preparation,' Cot.; *preparat-ive-ly*; *preparat-or-y*, suggested by **MF. preparatoire**, 'a preparatory,' Cot. Also *prepare*, sb., 3 *Hen. VI.* iv. 1. 131.

PREPAY, to pay beforehand. (F.—L.) Modern; not in *Todd's Johnson*. From **Pre-** and **Pay**. Der. *prepay-d*, *pre-pay-ment*.

PREPENSE, premeditated, intentional. (F.—L.) 1. As if from **F. pre** (*L. pra-*), beforehand, and **F. penser**, to think. 2. But in the phrase 'malice prepense,' formerly written 'malice prepsend,' it is an altered form of **AK. purposus**, *pp. of purposer*, to meditate on, with prefix *pur-* (*F. pour-*), from **L. pri-**. See my Notes on *Eng. Etym.*, p. 230; *Elyot's* *Governour*, ed. *Croft*, ii. 375; and the *Laws of Will. I.* § 2. The expression 'prepsend murder' occurs in the *Stat. 12 Hen. VII.* cap. 7; see *Blount's Nomolexicon*, ed. 1691. 'Malice prepsend is malice forethought,' *Blount's Gloss.*, ed. 1674. See **Pansy**. Der. *prepsend-ly*.

PREPONDERATE, to outweigh, exceed in weight or influence. (L.) In *Blount's* Gloss., ed. 1674.—**L. praeponderatus**, *pp. of praeponderare*, to outweigh.—**L. pra-**, before, hence, in excess; and *ponderare*, to weigh, from *ponder*, decl. base of *pondus*, a weight; see **Pre-** and **Ponder**. Der. *preponderat-ion*; *preponder-ant*, *preponder-ance*.

PREPOSITION, a part of speech expressing the relation between objects, and governing a case. (F.—L.) In *Minshew*, ed. 1627; and in *Palsgrave*, p. xxiv.—**MF. preposition**, 'a preposition, in grammar,' Cot.—**L. praepositionem**, acc. of *praepositio*, a putting before; in grammar, a preposition.—**L. pra-**, before; and *positio*, a putting, placing; see **Pre-** and **Position**. Der. *preposition-al*.

PREPOSSESS, to possess beforehand, preoccupy. (L.) 'Prepossesses the hearts of His servants,' Bp. Taylor, vol. iii. ser. 10 (R.). From **Pre-** and **Possess**. Der. *prepossession-ing*, *prepossession-ion*.

PREPOSTEROUS, contrary to nature or reason, absurd. (L.) 'Preposterous, preposterus,' *Levinus*, ed. 1570.—**L. praeposterus**, reversed, inverted; lit. the last part forwards, hind side before.—**L. pra-**, before, in front; and *posterus*, latter, coming after; see **Pre-** and **Posterior**. Der. *preposterous-ly*, *-ness*.

PREROGATIVE, an exclusive privilege. (F.—L.) In *Spenser*, *F. Q.* iv. 12. 31; *ME. prerogatif*, *Lydgate*, *Minor Poems*, p. 118.—**MF. prerogative**, 'a prerogative, privilege,' Cot.—**L. praerogativum**, a previous choice or election, preference, privilege. Orig. fcm. of *praerogativum*, one who is asked for an opinion before others.—**L. pra-**, before; and *-rogativum*, allied to *rogatus*, *pp. of rogare*, to ask. See **Pre-** and **Rogation**.

PRESAGE, an omen. (F.—L.) In *Shak. King John*, i. 28; as a verb, *Merch. Ven.* iii. 2. 175.—**MF. presage**, 'a presage, divining,' Cot.—**L. praesagium**, a presage.—**L. praesagire**, to perceive beforehand.—**L. pra-**, before; and *sagire*, to perceive quickly. See **Pre-**, **Sagacious**. Der. *presage*, verb, answering to **MF. presagier**; *praesager*, *Shak. Sonn.* 23.

PRESBYTER, a priest, elder of the church. (L.—Gk.) 'Presbyters, or fatherly guides,' *Hooker*, *Eccle. Polity*, b. v. s. 78 (R.).—**L. presbyter**.—**Gk. πρεσβύτερος**, elder; comp. of *πρεσβύς*, old; see 1 *Pet. v. 1*. Cf. **L. presens**, ancient. See **Priest**. Der. *Presbyter-ian*, a term applied to tenets embodied in a formulary A. D. 1560, *Haydn*, *Dict. of Dates*, which see; *Presbyter-ian-ism*. Also *presbyter-y*, 1 *Tim. iv.* 14, where the Vulgate has *presbyterium*, from **Gk. πρεσβυτήριον**.

PRESCIENCE, foreknowledge. (F.—L.) In *Chaucer*, tr. of *Boethius*, b. v. pr. 3. l. 17.—**OF. prescience**, 'a prescience,' Cot.—**L. praescientia**, foreknowledge.—**L. pra-**, before; and *scientia*, knowledge; see **Pre-** and **Science**. Der. *prescient*, *Bacon* (see R.), a later word, from *praescient-*, stem of *pres. part. praescire*, to know beforehand.

PRESERVE, to give directions, appoint by way of direction. (L.) In Lewis, ed. 1570. = *L. prescribere*, to write beforehand; see appoint, prescribe. = *L. prae*, before; and *scribere*, to write; see **Pre** and **Scribe**. Der. *prescriber*; *prescript* (= prescribed); More's Utopia (English version), b. ii. c. 5; ed. Arber, p. 89, from *pp. prescriptus*; hence also *prescript*, sb., *prescriptible*. *Prescription*, Cor. ii. 1. 127, from MF. *prescriptio*, 'a prescription', from *L. acc. prescriptum*, from nom. *prescriptio*, a prescribing, precept, whence the medical use readily follows. Also *prescript-ive*, from *L. prescriptus*.

PRESENCE, a being present or within view, mien, personal appearance, readiness. (F.—L.) ME. *presence*, Chaucer, C. T. 5095 (B 675). = OF. *presence*. = *L. praesentia*, presence. = *L. praesent-*, stem of *praesens*, present; see **Present** (1). Der. *presence-chamber*.

PRESENT (1), near at hand, in view, at this time. (F.—L.) ME. *present*, Wyclif, 1 Cor. iii. 22. = OF. *present*. = *L. praesent-*, stem of *praesens*, present, lit. being in front, hence, being in sight. = *L. prae*, before, in front; and *-sens*, being (cognate with Skt. *sant-*, being, for *-sens*, pres. pt. of *esse*, to be (✓ES); see **Pre**, **Absent**, and **South**. Der. *present-ly*, Temp. i. 2. 125; *presence*, q.v.; *present* (2), q.v.

PRESENT (2), to give, offer, exhibit to view. (F.—L.) ME. *presente*, Rob. of Brunne, tr. of Langtoft, p. 63, l. 21; Chaucer, C. T. 12190 (C 265). = OF. *presenter*, 'to present'. Cot. = *L. praesentare*, to place before, hold out, present; lit. 'to make present'. = *L. praesent-*, stem of *praesens*, present; see **Present** (1). Der. *present-er*, present-ation, *present-ation*, As You Like It, iv. 4. 112, from MF. *praesentatio*, 'a presentation', Cot. from *L. acc. praesentationem*; *present-ee*, one who is presented to a benefice, from MF. *pp. praesent* (Cot.); *present-ment*, Hamlet, iii. 4. 54, and (as a law-term) in Blount's Nomoclement, ed. 1691. Also *present*, sb., ME. *present*, Ancien Riwle, p. 114, l. 2, p. 152, l. 12; from OF. *present*, 'a present, gift', Cot.

PRESENTIMENT, a perceiving beforehand, a conviction of some future event. (F.—L.) 'A presentiment of what is to be hereafter.' Butler, Analogy of Religion, pt. i. c. 6. § 11. = OF. *presentiment*, 'a fore-seeing', Cot.; suggested by *L. praesentire*, to perceive beforehand; see **Pre** and **Sentiment**.

PRESERVE, to guard, keep, save. (F.—L.) ME. *preserven* (with u = v), Gower, C. A. iii. 221; bk. vii. 3856. = OF. *preserver*, 'to preserve'. Cot. = *L. prae*, beforehand; and *servare*, to keep; see **Pre** and **Serve**. Der. *preserve*, sb.; *preserver*; *preserv-ation*, Temp. ii. 1. 7, from OF. *preservation*, omitted by Cotgrave, but in use in the 14th century (Littre); *preserv-ative*, Sir T. Elyot, The Governor, b. iii. c. 4. § 1, Lydgate, Minor Poems, p. 91, from MF. *preservativ*, 'preservative', Cot.; *preserv-at-ory*.

PRESIDE, to superintend, have authority over others. (F.—L.) In Cotgrave. = MF. *presider*, 'to preside, govern', Cot. = *L. praesidere*, to sit before or above, to preside over. = *L. prae*, before; and *sedere*, to sit, cognate with E. *sit*; see **Pre** and **Sit**. Der. *president*, Wyclif, Deeds [Acts], xxiii. 24, 26, from OF. *president*, 'a president', Cot., from *L. praesident-*, stem of pres. part. of *praesidere*; *presidentship*; *presidency*; *presidential*.

PRESS (1), to crush strongly, squeeze, drive forcibly, urge, push. (F.—L.) ME. *pressen*, *pressen* (with voiceless s), Chaucer, C. T. 2582 (A 2580). = F. *presser*, 'to press, strain'. Cot. = *L. pressare*, to press; frequentative formed from *press-um*, supine of *premere*, to press. Der. *press*, sb., ME. *presse*, Chaucer, Fortune, l. 52; Ancien Riwle, p. 168, last line, from F. *presse*, 'a press, throng'. Cot.; *press-er*, *press-ing-ly*; *press-ure*, Prompt. Parv., from OF. *pressure*, 'pressure', Cot., from *L. pressura*, allied to *pp. pressus*. Also *press-fat*, a pressing-vat, Haggai, ii. 16; see **Fat** (2) and **Vat**. Also *print*, *im-print*.

PRESS (2), to hire men for service, to engage men by earnest-money for the public service, to carry men off forcibly to become sailors or soldiers. (F.—L.) It is certain, as Wedgwood has shown, that *press* is here a corruption of the old word *prest*, ready, because it was customary to give earnest-money to a soldier on entering service, just as to this day a recruit receives a shilling. This earnest-money was called *prest-money*, i.e. ready money advanced, and to give a man such money was to *imprest* him, now corruptly written *impress*. 'At a later period, the practice of taking men for the public service by compulsion made the word to be understood as if it signified to force men into the service, and the original reference to earnest-money was quite lost sight of.' Wedgwood. β. *Prest* was once a common word for ready money advanced, or ready money on loan. 'And he sent thyder iii. somers [sumpter-horses] laden with nobles of Castel [Castile] and florenys, to gyve in prest [as ready money] to knyghtes and squyers, for he knewe well otherwyse he sholdo not have them come out of theyr houses;' Berners, tr. of

Froissart, vol. ii. c. 64 (R.). 'Requiring of the city a *prest* [an advance] of 6000 marks.' Bacon, Life of Hen. VII, ed. Lumby, p. 18, l. 28. See also Skelton, Colin Clout, 350-354, and Dyce's note; North's Plintarch, ed. 1594, p. 638. Both *prest-money* and *imprest-money* are in Minshew, ed. 1627; and Cotgrave explains MF. *imprestance* by 'prest, or imprest money, received and to be employed for another.' = MF. *prester*, 'to lend, also, to trust out [advance] or sell unto daies' [unto an appointed time], Cot. Cf. OF. *prest*, 'prest, ready, full light, furnished, . . . prompt, mere at hand', id. Ital. *prestare*, 'to lend', Florio; *imprestare*, 'to lend or give to lone', id. (Mod. F. *prêter*. = *L. praestare*, to come forward or stand before, surpass, to become surety for, give, offer, furnish, provide. = *L. prae*, before; and *stare*, cognate with E. *stand*; see **Pre** and **Stand**. Der. *im-prest*, *im-prest-ment*; also *press-gang*, q.v.

PRESS-GANG, a gang of men employed to 'press' sailors into the public service. (F.—L.; and E.) In Johnson's Dict. This word seems to be of rather late formation, and also to be associated with the notion of compulsion or pressing; at the same time, it certainly took its origin from the verb *press*, in the sense of 'to hire men for service'; see therefore **Press** (2), as orig. quite distinct from **Press** (1). Cf. *press-money*, K. Lear, iv. 6. 87. And see **Gang**.

PRESTIGE, a delusion; also, influence due to former fame or excellence. (F.—L.) This word is in the very rare position of having achieved a good meaning in place of a bad one: the reverse is more usual, as noted in Trench, Study of Words. Cf. mod. F. *prestige*, 'fascination, magic spell, magic power, prestige,' Hamilton. In some authors it had a bad sense, in E. as well as in F., but it is not an old word with us. 'Prestiges, illusions, impostures, juggling tricks;' Phillips, ed. 1706. = F. *prestige*; Cot. gives pl. *prestiges*, 'deceits, impostures, juggling tricks,' = *L. praestigium*, a deceiving by juggling tricks, a delusion, illusion; we also find *L. pl. praestigia*, tricks, deception, trickery. β. For **praestrigium*, the second *r* being lost; Brugmann, i. § 483. = *L. praestrigere*, to blind fast, to dull, dim, blind. = *L. prae*, before; and *stringere*, to blind. See **Stringent**.

PRESTO, quickly. (Ital.—L.) 'Well, you'll come? Presto!' Ben Jonson, The Case is Altered, i. 1. = Ital. *presto*, adv., quickly. = *L. praesto*, at hand, ready, present. = *L. prae*, before; and *stare*, to stand. See **Pre** and **State**.

PRESUME, to take for granted, suppose, to act forwardly. (F.—L.) 'When she presumed tasten of a tree;' Oocleve, Letter of Cupid, st. 51. l. 355 (A.D. 1402). [*Presumption*, ME. *presumcion*, occurs earlier, spelt *presumcion*, Ancien Riwle, p. 208, l. 20.] = OF. *presumer*, 'to presume, or think too well of himself, . . . to presume, think, ween, imagine'; Cot. = *L. praesumere*, to take beforehand, anticipate, presume, imagine. = *L. prae*, before; and *sumere*, to take; where *sumere* is from *emere*, to take, buy; the prefix was prob. sub-. See **Pre** and **Example**. Der. *presuming*, *presum-able*, *presum-able-y*; *presumpt-ion* (as above), from OF. *presumption* (13th cent., Littre), later *presomption*, 'presumption', Cot. from *L. praesumptionem*, acc. of *praesumptio*, allied to *praesumptus*, pp. of *praesumere*. Also *presumpt-ive*, Daniel, Civil War, b. iii. st. 17, from MF. *presumptif*, 'likely'. Cot.; *presumpt-ive-ly*; *presumpt-u-ous*, Skelton, ed. Dyce, i. 131, l. 160, Lydgate, Minor Poems, p. 175, spelt *presumptione* in Lewis, from OF. *presumptiuus* (13th cent. *presumptiuus*, 14th cent. *presumptiuus*, Littre), which from *L. praesumptiuus*, *praesumptiuus*. Hence *presumptuous-ly-ness*.

PRESUPPOSE, to suppose beforehand. (F.—L. and Gk.) 'Wherefore it is to presuppose;' Fabyan, Chron. an. 1284-5, ed. Ellis, p. 380; and in Palgrave. = OF. *presupposer*, 'to presuppose'; Cot. See **Pre** and **Suppose**. Der. *presuppos-ition* (really from a different root; see **Pose**, **Position**).

PRETEND, to affect to feel, to feign. (F.—L.) ME. *pretenden*, to lay claim, Chaucer, Troilus, b. iv. l. 922. = OF. *pretendre*, 'to pretend, lay claim to'; Cot. = *L. praetendere*, to spread before, hold out as an excuse, allege, pretend. = *L. prae*, before; and *tendere*, to stretch, spread; see **Pre** and **Tend**. Der. *pretend-er*, esp. used of the Old and Young Pretenders, so called because they laid claim to the crown. Also *pretence*, Mach. ii. 3. 137 (first folio), a mistaken spelling for *pretense*, from Late *L. praetensus*, pp. of *praetendere* (the usual *L.* supine is *praetentum*, but *tendere* gives both *tensum* and *tentum*); the right spelling *pretense* is in Spenser, F. Q. iv. 5. 23, with which cf. *pretensed*, i.e. intended, in Robinson's tr. of More's Utopia, ed. Arber, p. 20, l. 7. Cf. MF. *pretente*, 'a pretence'; Cot. Also *pretension*, Bacon, Of a War with Spain (R.), formed as if from *L.* type **praetensio*.

PREFERT, prefix, beyond. (L.; or F.—L.) OF. *prefert-*, prefix, from *L. praeter*, beyond, which is a compar. form of *prae*, before, with Idg. suffix *-ter-*.

PRETERIT, PRETERITE, past; the past tense. (F.—L.)

ME. *preterit*, Chaucer, tr. of Boethius, b. v. pr. 6, l. 13. — **OF.** *preterit*, m. *preterite*, f.m. 'past, overpast,' Cot. — **L.** *praeteritus*, pp. of *praeterire*, to pass by. — **L.** *praeter*, beyond; and *ire*, to go, from *ire* to go.

PRETERMIT, to omit. (**L.**) In Minshew, ed. 1627. — **I.** *pretermittre*, to allow to go past, let slip. — **L.** *praeter*, past, beyond; and *mittere*, to let go, send; see **Preter-** and **Mission**. **Der.** *pretermis-ion*, from MF. *pretermis-ion*, 'a pretermis-ion,' Cot., from **L.** acc. *pretermis-ionem*.

PRETERNATURAL, supernatural, extraordinary. (**L.**) 'Simple aire, being preternaturally attenuated;' Bacon, Nat. Hist. § 30. From **Preter-** and **Natural**. ¶ So also *preter-perfect*, *preterm-perfect*, *preter-pluperfect*.

PRETEXT, a pretence, false reason. (**F.** — **L.**) In Shak. Cor. v. 6. 20. — **MF.** *pretextus*, m. 'a pretext,' Cot. — **L.** *praetextum*, a pretext; orig. neut. of *praetextus*, pp. of *praetexere*, lit. 'to weave in front.' — **L.** *pra-*, before; and *texere*, to weave; see **Pre-** and **Text**.

PRETOR, PRETORIAL; see **Pretor**.

PRETTY, pleasing, tasteful, beautiful. (**F.** — **L.** — **Gk.**) Spelt *prætie* in Minshew and Levins. **ME.** *præti*, *praty*, Prompt. Parv.: Destruction of Troy, ed. Pantan and Donaldson, 2622, 10815, 13034. The old senses are 'comely' and 'clever,' as used in the above passages; but the true sense was rather 'tricky,' 'cunning,' or 'full of wiles'; though the word has acquired a better sense, it has never quite lost a sort of association with pettiness. **AS.** *prætig*, *prattig*, tricky, deceitful; 'Wille ge beon prætigge,' tr. of L. 'Vultis esse vesperilles;' Ælfric's Colloquy, in Voc. 101. 1. A rare word; formed with the usual suffix *-ig* (as in *stūnig*, *E. stony*) from a sb. *præt*, *pratt*, deceit, trickery; see *prattas*, as a gloss to *L. aris* (in a bad sense), Mone, Quellen, p. 347, col. 1. So also we have Lowland Scotch *pratt*, *pratt*, tricky, from *præt*, a trick, used by G. Douglas (Jamieson). — **EFries.** *prætig*, *prattig*, droll, pleasant, from *præt*, a trick; W. Flem. *prætig*; Icel. *prætting*, tricky, from *prætta*, a trick, *prætta*, to cheat, deceive; Norweg. *prætten*, *prættrick*, tricky, roguish, from *prætta*, a trick, piece of roguery, *prætta*, to play a trick (Aasen). So also MDu. *prattie*, *pratt*, *pratt*, a trick, deceit. ¶ Possibly all from **L.** *practica*; cf. **E.** *practice*, in the sense of 'guile.' **Der.** *prætti-ly*, spelt *prætly*, Court of Love, 420; *prætti-ness*, Hamlet, iv. 5. 189; also *prætti*, adv.

PREVAIL, to overcome, effect, have influence over. (**F.** — **L.**) Spelt *prevailre* in Levins; *prevailre* in Minshew. — **OF.** *prevail*, 1. p. of *prevailre*, 'to prevail,' Cot. — **I.** *prevailre*, to have great power. — **L.** *præ*, before, hence expressive of excess; and *valere*, to be strong, have power; see **Pre-** and **Valiant**. **Der.** *prevail-ing*: *prevail-ent*, Milton, P. l. vi. 411, from **L.** *prevailent*, stem of pres. part. of *prevailre*; *prevail-ence*, from **OF.** *prevailence* (Cot.), from Late **L.** *prevailentia*, superior force; *prevailence-y*. Also *prevail-ment*, Mids. Nt. Dr. i. 1. 35.

PREVARICATE, to shift about, to quibble. (**L.**) 'When any of us hath prevaricated our part of the covenant,' i.e. swerved from it, Bp. Taylor, vol. ii. ser. 5 (K.). [*Prevaricator* and *prevarication* are both in Minshew's Diet.; but not the verb.] — **L.** *prævariciātus*, pp. of *prævariciāre*, to spread the legs apart in walking, to straddle, to walk crookedly; hence to swerve, shuffle, &c. — **L.** *præ*, before, here used as an intensive prefix; and *varicare*, straddling, extended (with suffix *-ia*) from *varus*, bent, grown awry (esp. of the legs). Cf. **L.** *varus* as a proper name, orig. a nickname. See **Varicose**. **Der.** *prevarical-or*: *prevarication*, from MF. *prevarication*, 'prevarication,' Cot.

PREVENT, to hinder, obviate. (**L.**) The old sense is 'to go before, anticipate;' Tw. Nt. iii. 1. 94; Hamlet, i. 2. 305; Spenser, F. Q. vi. 1. 38, vi. 8. 15; and in Palgrave. Cf. MF. *prevénir*, 'to prevent, outstrip, anticipate, forestall;' Cot. — **L.** *prævenit-us*, pp. of *prævenire*, to come or go before. — **L.** *præ*, before; and *venire*, cognate with **E.** *come*; see **Pre-** and **Come**. **Der.** *prevent-ion*, from MF. *prevénition*, 'a prevention, anticipation,' Cot. Also *prevent-ive*, adj., Phillips, ed. 1706, a coined word; *prevent-ive*, sb.

PREVIOUS, going before, former. (**L.**) 'Som previous meditations;' Howell, Famil. Letters, vol. 1. sect. 6. let. 32, § 3; A.D. 1635. Englished (by change of *-us* to *-ous*, as in *ardu-ous*, &c.) from **L.** *prævious*, on the way before, going before. — **L.** *præ*, before; and *via*, a way; see **Pre-** and **Voyage**. **Der.** *previous-ly*.

PREWARN, to warn beforehand. (Hybrid **L.** and **E.**) 'Comets prewarn;' Two Noble Kinsmen, v. 1. 51. A coined word; see **Pre-** and **Warn**.

PRIY, booty, spoil, plunder. (**F.** — **L.**) **ME.** *preis*, *preye*, Rob. of Glouc. p. 270, l. 5466; p. 303, l. 6163; *præie*, O. Eng. Homilies, ed. Morris, l. 273, l. 6. — **OF.** *preis*, *preie*; mod. F. *preis*, prey. — **L.** *præda*, booty. **E.** *Præda* is thought to stand for 'præ-hid-a,' that which is got or seized beforehand; from *præ*, before, and *hid-*, base

of *-hendere*, to seize, cognate with **E.** *get*. Similarly *prenders* is short for *prehenders*, as is well known. See **Pre-** and **Get**. See **Pre-datory**. From **L.** *præda* we also have **W.** *praid*, flock, herd, booty, prey, Gael. and Irish *spreidh*, cattle of any kind. **Der.** *prey*, vb., Rich. III. i. 1. 133.

PRIAL, three of a sort, at cards. (**F.** — **L.**) An unmeaning corruption of *pair-royal*. See *Pair-royal* in Nares, who fully illustrates it. Fuller has: 'that parol of armies;' Pisgah Sign of Palestine, bk. iv. ch. 2. § 22.

PRICE, value, excellence, recompence. (**F.** — **L.**) **ME.** *pris*, Havelok, 283; Ancren Riwe, p. 392, l. 15. — **OF.** *pris*, *preis*; mod. F. *pris*. — **L.** *pretium*, price. See **Precious**. **Der.** *price-less*; *price-ous*, *prize* (2), verb. Doublet, *praise*.

PRICE, a sharp point, puncture, sting, remorse. (**E.**) **ME.** *prise*, *pricke*, *prikk*, Ancren Riwe, p. 228, last line. **AS.** *pricu*, a point, dot, Ælfred, tr. of Boethius, b. ii. pr. 7, cap. xviii. § 1; *prica*, a point, jot, title, Matt. v. 18; *prician*, v., to prick, Ælfric's Hom. ii. 88. — MDu. *prick*, a prick, whence mod. Du. *prikkel*; see Kilian; Dan. *prík*, a dot; *prikke*, to mark with dots; Swed. *prick*, a point, dot, prick, title; *pricka*, to point, to mark with pricks; Low G. *prík*, a dot; *priken*, to prick. A thorn from a Tent. base **prék* - to prick, dot; cf. OSax. *prék*, a thorn (Galleé); MDu. *prék*, a prick (Hexham); Cornwall *prickle*, to prick. **Der.** *prick*, verb, **ME.** *priken*, *prikken*, Havelok, 2639, P. Plowman, B. xviii. 11; **AS.** *prician* (above); hence *prick-er*. Also *prick-le*, ONorthumb. *prickle*, Matt. v. 18 (Lindisfarne MS.), a dimin. form, with the orig. sense 'a little dot' or 'speck.' Hence *prick-ly*, which seems to be formed from *prickle* rather than from *prick* with suffix *-ly*; *prick-i-ness*. Also *prick-et*, Spenser, Shep. Kal., Dec. 1. 27, a buck in his second year, so named from his young horns; also *prick-song*, Rom. and Juliet, ii. 4. 21, for *pricked song*, i.e. song pricked down or written, spelt *pricked song*, Bury Wills, p. 18, l. 27.

PRIDE, the feeling of being proud. (**F.** — **L.**?) **ME.** *pride*, *pryde*, P. Plowman, B. v. 15; spelt *pruide*, id. A. v. 15; *prude*, id. C. vi. 118, Ancren Riwe, p. 140, l. 6. **AS.** *prýta*, pride, Ælfric's Homilies, ii. 220, l. 32. (Thus *pride* is a weakened form of *prýta*.) **β.** The **AS.** *prýta* is regularly formed from the adj. *prýt*, proud, with intonation of *ü* to *y*; see **Proud**. We find also **AS.** *prýtung*, pride; Mone, Quellen, p. 355, col. 1. Cf. Icel. *prýði*, an ornament, from *prýðr*, proud; both borrowed from **E.**, but they exhibit the length of the vowel. **Der.** *pride*, vb. reflexive.

PRIEST, a presbyter, one in holy orders, above a deacon and below a bishop. (**L.** — **Gk.**) **ME.** *preest*, Chaucer, C. T. 505; *preost*, Ancren Riwe, p. 16, l. 25. **AS.** *prōst*, Laws of K. Edgar, i. 2 (see Thorpe's Ancient Laws, i. 262); and, earlier, in the Gk. of Ethelbert, § 1 (id. p. 2). Contracted from **L.** *presbyter* (< **Gk.** *πρεσβύτερος*), as clearly shown by the **OF.** *prestre* (13th cent.), mod. F. *prêtre*; OSax. *prīstar*, G. *prīster*. Cf. *Prester John* in Mandeville's Travels, where *prester* (like **AS.** *prōst*) seems to have arisen from **prester*, for **prēb(y)ster*, a mistaken form of *presbyter*. **β.** *πρεσβύτερος* is comp. of *πρεσ-*, Doric *πρεσ-*, old; cf. **L.** *pris-cus*, ancient. **Der.** *priest-ess* (with **F.** suffix); *priest-hood*, **AS.** *prōst-hūd*, Ælfred, tr. of Bede, b. i. c. 7 (near beginning); *priest-craft*; *priest-ly*, Pericles, iii. 1. 70; *priest-li-ness*; *priest-ridden*. Doublet, *presbyter*.

PRIG (1), to steal. (**E.**) This is a cant term of some antiquity; *prig*, sb., a thief, occurs in Shak. Wiut. Ta. iv. 3. 108. It arose in the time of Elizabeth, and is merely a cant modification of **E.** *prick*, which orig. meant to ride, as in Spenser, F. Q. i. 1. 1, P. Plowman, B. xviii. 11, 25. Hence it came to mean to ride off, to steal a horse, and so, generally, to steal. This we learn from Harman's Caveat, 1567, where we find: 'to prygge, to ryle,' p. 84, col. 3; and at p. 42: 'a prigger of prancers be horse-stealers; for to priggie signifieth in their language to steale, and a prancer is a horse.' Again, at p. 43, he tells how a gentleman espied a pryggar, and charged 'this pritty priggig person to walke his horse well' for him; whereupon 'this peltynge pryggar, proude of his praye, walkethe his horse vp and downe tyll he sawe the Gentleman out of sighte, and leapes him into the saddell, and awaye he goeth a-mayne.' That is how it was done. We find a similar weakening of *k* to *g* in Lowl. Sc. *prigga-trout*, a banstickle, or stickleback (evidently for *pricker-trout*), and in Lowl. Sc. *prigga-daintie*, the same as *prick-daintie*, one who dresses in a finical manner (or as we now say, a *prig*). Halliwell also gives *prygman*, a thief, which occurs in Awdeley's Fraternity of Vocabondes, ed. Furnivall, p. 3; and *prig*, to ride, in Dekker's Lanthorne, sig. C. ii. So also *trigger* stands for *tricker*.

PRIG (2), a pert, pragmatical fellow. (**E.**) 'A cane is part of the dress of a prig;' Tatler, no. 77 (1709). From the verb to *prick*, in the sense to trim, adorn, dress up; Latimer (Works, i. 253, Parker Soc.) speaks of women having 'much pricking,' and inveighs against their 'pricking up of themselves.' Cf. Lowl. Sc. *prig-me-daintie* for

prick-me-dainty, a prig, which occurs in Udall, Roister Doister, ii. 3, ed. Arber, p. 36. See **PRIG** (1).

PRIM, precise, affectedly neat or nice. (F.—L.) Bailey (vol. i. ed. 1735) has: 'to *prim*, to set the mouth conceitedly, to be full of affected ways.' Phillips, ed. 1706, has: 'to *prim*, to be full of affected ways, to be much conceited.' An older example is *prym*, sb. a neat girl, in Barclay's Fifth Eclogue, cited in Nares. [From the E. word are derived the Lowland Scotch *prim* (with excrement p), to assume prudish or self-important airs, to deck oneself in a stiff and affected manner (Jamieson); and *primzie*, demure, in Burns, Hallowe'en, st. 9.] **β**. The sense of 'slender' or 'delicate' is the orig. one, as shown in Cotgrave.—MF. *prim*, masc., *prime*, fem., 'prime, forward'; also *prin*, 'thin, subtil, piercing, sharp'; also *prime*, both masc. and fem., 'thin, slender, exile, small'; as *cheveux primes*, smooth or delicate hair; Cot. This last example comes sufficiently near to the E. use. **γ**. The MF. *prim* (corrupter form *prin*) is from the L. masc. acc. *primus*; the form *prime* answers to the L. fem. *prima*. The nom. case is *primus*, first, chief; see **PRIME** (1). So also mod. Prov. *prim*, m., *prima*, f., fine, delicate (Mistral). Cf. also prov. E. *prime*, to trim trees; and the phrase 'to *prime* a gun'; see **PRIME** (2). **¶** The sense of 'thin' as derived from that of 'first' or 'foremost' is hard to account for; perhaps there is an allusion to the growth of newly grown shoots and buds; cf. *filer prim*, 'to run thin, or by little and little'; Cot. In E., it is possible that the sense of *prim* was affected by some confusion with the old verb *prink*, to adorn, dress well, be smart and gay, to be pert or forward (Halliwell); which is merely a nasalised form of the verb to *prick*, used in the sense of 'to trim' by Falsgrave and others; cf. Lowland Scotch *prickmalerie*, stuff and precise, *prickmeddint*, finical (Jamieson). Der. *prim-ly*, *prim-ness*.

PRIME (1), first, chief, excellent. (F.—L.) ME. *prime*, properly an adj. (as in Temp. i. 2. 72), but almost always used of 'prime', the first canonical hour, as in Ancrén Wriete, p. 20, Chaucer, C. T. i. 1506 (C 662), &c.—F. *prime*, 'the first hour of the day'; Cot. [A fem. form, the OF. masc. being *prim*.]—L. *prima*, i. e. *prima hora*, the first hour; fem. of *primus*, first. **β**. *Prime* is a superl. form, and stands for **primus*; cf. *pris-eus*, ancient; Brugmann, i. § 868, ii. § 72. The suffix is the same as in *min-imus* (where *-mus* is the Idg. superl. suffix *-mo-*, appearing also in AS. *for-na*, Goth. *for-na*, first. See **PRIOR**. Der. *prime*, sb., as already explained; *prime-number*, *prime-minister*; *prim-ary*, Phillips, ed. 1706, from L. *primarius*; *prim-arily*. Also *prim-ate*, ME. *primat*, Layamon, 2975b, from OF. *primat*, 'a primat or metropolitan', Cot., which from L. *primatensis*, acc. of *primatus*, a principal or chief man; *prim-ate-ry*; *prim-ac-y*, from AF. *primacie*, Polist. Songs, ed. Wright, p. 311; cf. MF. *primace*, 'primacy', Cot. Also *prim-er*, P. Plowman, C. vi. 46, from OF. *primer*, variant of *premier* (see Supplement to Godfrey), from L. *primarius*, primary; and hence, an elementary book. Also *prima-donna*, from Ital. *prima*, first, chief, and *donna*, lady, L. *domina*; see **DAME**. Also *prim-al*, Hamlet, iii. 3. 37; *prim-y*, id. i. 3. 7; *prim-er-o*, q. v. And see *prim-eal*, *prim-ive*, *primogeni-ture*, *prim-ordial*, *prim-rose*, *prince*, *princ*, *pristine*, *prist*, *presbyter*, *premier*, and *prime* (2).

PRIME (2), to put powder on the nipple of a fire-arm, to make a gun quite ready. (F.—L.) 'Neither had any [of us] one piece of ordnance *primed*;' Hakluyt's Voyages, vol. ii. pt. ii. p. 61. It is not quite clear how the word came into use; perhaps we may look upon *prime* as expressing 'to put into *prime* order,' to make quite ready; from *prime* in the sense of 'ready'; see Nares. But whatever the exact history may be, we may be sure that the etymology is from the F. adj. *prime*. Cf. prov. E. *prime*, to trim trees (Halliwell). See **PRIME** (1), and **PRIM**. Der. *prim-ing*.

PRIMERO, an old game at cards. (Span.—L.) Cotgrave translates MF. *prime* by 'primero at cards,' &c.; and see Shak. Merry Wives, iv. 5. 104.—MSpan. *primera*, 'the game called Primero at cards,' Minshew (1623); the E. form being incorrect. Fem. of Span. *primero*, first. But the game is obsolete, and little is known about it; it probably derives its name from some chief or principal card.—L. *primarius*, primary; from *primus*, first; see **PRIME** (1).

PRIMEVAL, original, lit. belonging to the first age. (L.) Also spelt *primæval*. In Pope, Dunciad, iv. 630. A coined word; an older form was *primevons*, in Blount's Gloss, ed. 1674.—L. *primevus*, primeval.—L. *prim*, for *primus*, first; and *anum*, an age. See **PRIME** (1) and **AGE**.

PRIMITIVE, original, antiquated. (F.—L.) In Shak. Troil. v. i. 60.—F. *primitif*, masc., *primitive*, fem., 'primitive,' Cot.—L. *primitivus*, earliest of its kind; extended from *primus*, first. See **PRIME** (1). Der. *primitive-ly*, *mess*.

PRIMOGENITURE, a being born first, the right of inheritance of the eldest-born. (F.—L.) Blount, in his Gloss, ed. 1674,

says that the word is used by Sir T. Browne; see his Vulgar Errors, bk. vii. c. 5. § 2.—MF. *primogeniture*, 'the being eldest, the title of the eldest,' Cot. Formed as if from a L. **primogenitura*.—L. *primogenitus*, first-born.—L. *primo*, for *primus*, first; and *genitus*, pp. of *gignere* (base *gen*), to beget, produce. See **PRIME** (1) and **GENUS**.

PRIMORDIAL, original. (F.—L.) Used as an sb., with the sense of 'beginning,' by Skelton, Why Come Ye Nat to Courte, l. 486.—F. *primordial*, 'original,' Cot.—L. *primordiālis*, original.—L. *primordialis*, an origin.—L. *prim*, for *primus*, first; and *ordiri*, to begin, allied to *ordo*, order. See **PRIME** (1) and **ORDER**.

PRIMROSE, the name of a spring flower. (F.—L.) A. 'Two noble *primroses*;' Ascham, Scholemaster, pt. i., ed. Arber, p. 66. Cf. *Primrose*, *primula*; Prompt. Parv.—F. *prime rose*, lit. first rose, so called because it comes early in the spring.—L. *prima rosa*; see **PRIME** (1) and **ROSE**. B. The above is the popular and obvious etymology of the word as it stands; but *primrose* is, historically, a corruption (due to popular etymology) of ME. *primerole*, a primrose, Chaucer, C. T. 3268; from OF. *primerole* (Godefroy). This answers to a Late L. type **primulata*, a regular dimin. of Late L. *primula*, a primrose (see Prompt. Parv.), now the botanical name. Again, *primula* is a dimin. form from *primus*; see **PRIME** (1), as before. **¶** The name *primrose* was sometimes given to the daisy.

PRINCE, a chief, sovereign, son of a king. (F.—L.) ME. *prince*, St. Marharete, ed. Cockayne, p. 2, l. 15.—F. *prince*, Cf. Ital. *principe*.—L. *principem*, acc. of *princeps*, taking the first place, hence, a principal person.—L. *prin-* (for *prince* before c), from *primus*, first; and *capere*, to take. See **PRIME** (1) and **CAPITAL**. Der. *prince-dam*; *prince-ly*, Temp. i. 2. 86, *prince-ly*, adv., *prince-lyness*. Also *prince-ess*, ME. *princesse*, Prompt. Parv., from F. *princesse*, Cot. And see **PRINCIPAL**, **PRINCIPAL**.

PRINCIPAL, chief. (F.—L.) ME. *principal*, *pryncipal*, Rob. of Glouc., p. 446, l. 9154.—F. *principal*, 'principal,' Cot.—L. *principālis*, chief; formed with suffix *-ālis*, from *princeps*, stem of *princeps*; see **PRINCE**. Der. *principal-ly*, ME. *pryncipalitee*, Prompt. Parv., from OF. *pryncipalitee*, which from L. acc. *principālitem*, orig. meaning 'excellence.'

PRINCIPLE, a fundamental truth or law, a tenet, a settled rule of action. (F.—L.) Used by Spenser with the sense of 'beginning,' F. Q. v. 11. 2. 'The i is an E. addition to the word, as in *participle*, syllable.—F. *principe*, 'a principle, maxime; also, a beginning,' Cot.—L. *principium*, a beginning.—L. *princeps*, decl. stem of *princeps*, chief; see **PRINCE**. Der. *principle-ed*, *un-principled*.

PRINT, an impression, engraving, impression of type on paper. (F.—L.) It would appear that *print* is short for *emprint*, or rather for the F. form *emprunte*; cf. in *emprunte*, i. e. in print, in Dices and Sayings, pr. by Caxton, fol. 73 back, l. 3. The use of the word is much older than the invention of printing. ME. *printe*, *prente*. In Chaucer, C. T. 6186, Six-text, D 604, the Wife of Bath says: 'I hadde the *prente* of seynt Venus seal.' In three MSS. it is spelt *printe*; in one MS. it is *prente*. It is also spelt *prente*, in the Prompt. Parv. 'And to a badde peny, with a good *prente*;' P. Plowman, C. xviii. 73. Formed, by loss of the first syllable, from OF. *emprunte*, 'a stamp, a print,' Cot., in use in the 13th century (Littre).—OF. *emprunte*, fem. of *emprunt*, pp. of *emprandre*, 'to print, stamp,' Cot.—L. *imprimere*, to impress.—L. *im-*, for in before p, upon; and *primere*, to press. See **IM-** (1) and **PRESS**. **¶** The MDu. *print*, a print, was prob. borrowed from English rather than from French. Der. *print*, verb, ME. *prenten*, Prompt. Parv., later *printe*, Surrey, in Tottel's Miscellany, ed. Arber, p. 7, l. 14. Also *print-er*, *print-ing*, *im-print*.

PRIOR (1), former, coming before in time. (L.) The use of *prior* as an adj. is modern; see example in Todd's Johnson.—L. *prior*, sooner, former. **β**. It is a comparative form from a positive *pris-*; cf. Gk. *πρῶτος*, former, Skt. *prā-ta-ma*, first; and see **PRO-**. Der. *prior-ty*, Cor. l. i. 251, from F. *priorité*, 'priority,' Cot., from Late L. acc. *prioritatem*. And see **PRIOR** (2), **PRISTINE**.

PRIOR (2), the head of a priory or convent. (F.—L.) Now conformed to the L. spelling. ME. *priour*, Rob. of Brunne, tr. of Langtoft, p. 333, l. 10.—OF. *priour*, later *prieur*, 'a prior,' Cot.—L. *priorem*, acc. of *prior*, former, hence, a superior; see **PRIOR** (1). Der. *prior-ess*, Chaucer, C. T. 118, from OF. *prieoresse*, given by Littre, s.v. *prieure*. Also *prior-y*, ME. *prieur*, Havelok, 2581; *prior-ship*.

PRIZE, **PRIZE**, a lever. (F.—L.) '*Prise*, a lever;' Halliwell. It occurs in the legend of St. Erkenwald, l. 70. Hence 'to *prise* open a box,' or, corruptly, 'to *pry* open.' This seems to be nothing but a derivative of F. *prise* in the sense of a grasp, or hold; cf. *prise*, 'a lock or hold in wrestling, any advantage,' Cot.—F. *prise*, fem. of *pris*, pp. of *prendre*, to seize.—L. *prendere*, *prehendere*, to seize; see **PREHENSILE**. See **PRIZE** (1).

PRISM, a solid figure whose ends are equal and parallel planes,

and whose sides are parallelograms. (L.—Gk.) In Blount's Gloss., ed. 1674.—L. *prisma*.—Gk. *πρίσμα* (stem *πρίσματος*), a prism, lit. a thing sawn off.—Gk. *πρίσιον* (for *πρίσιον*), to saw. (Gk. *πρίσιον*). Der. *prism-at-ic*, Pope, Essay on Criticism, 311; *prism-at-ic-all*, Blount; *prism-at-ic-ly*.

PRISON, a goal, a place of confinement. (F.—L.) ME. *prison*, *prison*, Rob. of Glouc., p. 37, l. 875; *prison*, Ancr. Riwle, p. 126, l. 1; A. S. Chron. an. 1137.—OF. *prison*, *prison*; F. *prison*, 'a prison.' Cot. Cf. OProv. *prison* (Bartsch); Span. *prisión*, a seizure, prison; Ital. *prigione*.—L. acc. *prisonem*, acc. of *priso*, a seizing; with loss of *n* before *s*. β. *Priso* is short for *prehensio*, formed from *prehensum*, supine of *prehendere*, to seize; see **PREHENSILE**. Der. *prison-er*, Will. of l'Alerne, 1267; in Gen. and Exod., ed. Morris, 2042, it means 'the keeper of a prison,' a gaoler.

PRISTINE, ancient, former. (F.—L.) In Mach. v. 3. 52. [Formerly, the word *pristine* was also in use; Sir T. Elyot, The Governour, b. i. c. 2. § 13.]—MF. *pristine*, 'former, old, ancient;' Cot.—L. *pristinus*, ancient, former. β. The syllable *prist-* occurs also in *priscus*, ancient; cf. Gk. *πρῆστος*, old; and see **PRIME** (1). γ. The suffix *-tinus* is the same as in *cras-tinus*, *dū-tinus*; perhaps from *ten-*, base of *ten-ere*, to hold.

PRIVATE, apart, retired, secret, not publicly known. (L.) Common in Shak.; and see Minshew and Levis.—L. *privatus*, apart; pp. of *privare*, to bereave, make single or apart.—L. *privus*, single. Der. *private-ly*, *private-ness*; *private-ive*, causing privation, in Blount's Gloss., ed. 1674, from F. *privatif*, or directly from L. *privatus*; *private-ive-ly*; *privacy*, Minshew, a coined word, the MF. word being *privauté* (Cot.). Also *privat-ion*, from F. *privation*, 'privation,' Cot. Also *privat-er*, in Phillips, ed. 1706, an armed private vessel; a coined word. And see *privilege*, *de-privé*. Doublet, *privé*, q.v.

PRIVET, a half-evergreen shrub. (F.—L.) Also called *prim-print*, *prim*, and *prim-er*.—*Mondkout*, (privet, prime-print, or white-within), 'Heckham's Du. Dict. 'Prinet or primprint'; Holland's Pliny, Index to vol. ii. 'Prinet or primprint'; Toppell's Hist. of Serpents, p. 103. (Halliwell).—*Prinet* or *primprint* [misprinted *primprint*], tree; Minshew, ed. 1627. Cotgrave explains MF. *freillon* and *treason* by 'privet, primprint.' Florio, ed. 1598, explains *lit. ligustrum* by 'the privet or primprint tree.' In Tusser's Husbandry, ed. Herbage (E.D.S.), § 15, st. 42, we find the forms *prim* and *primet*. In the Grete Herball (as cited in Prior, Popular Names of British Plants), we find the form *primet* applied to the *privet*; the confusion being due to the fact that the Lat. *ligustrum* was applied to both plants. 'Ligustrum, a primrose;' Voc. 522. 41; so also OF. *primrose*, 'ligustrum.' Godfrey. β. It thus appears that the orig. short name was *prim*, whence the dimin. *primet*, corruptly *privet*, or (by elision of the *e*) *prim* or *print*. The form *prim-print* (= *prim-print-et*) is a reduplicated one. And the syllable *prim-* is clearly due to a connexion with OF. *primrole*; perhaps from association with spring-time. See **PRIME** (1). γ. Sometimes said to be so named from its being formally cut and trimmed; cf. prov. F. *prime*, to trim trees; see **PRIM**; but this seems to be baseless and will not explain why the OF. name was *primrole*. The mod. Prov. *primet*, adj., means 'very small.' ¶ No connexion with the river called *Prifetes-fild*, A. S. Chron. an. 755, or with *Privet*, near Peterfield, Hants.

PRIVILEGE, a prerogative, peculiar advantage. (F.—L.) ME. *privilege* (with *u*—*v*); earliest form *privilegium*, A. S. Chron. an. 1137.—OF. *privilege*, 'a privileged;' Cot.—L. *privilegium*, (1) a bill against a person, (2) an ordinance in favour of a person, a privilege. β. Properly a law relating to a single person.—L. *privus* for *primus*, single; and *ligi-*, decl. stem of *lex*, a law. See **PRIVATE** and **LEGAL**.

PRIVY, private. (F.—L.) ME. *privus*, *privee* (with *u*—*v*), Layamon, 6877, later text.—OF. *privus*, *privee* (mod. F. *privé*); a pp. form.—L. *privatus*, private; see **PRIVATE**. Der. *privy-council*, *privy-council-our*, *privy-purse*, *privy-seal*. Also *privy*, sb., ME. *privus*, *privee*, Chaucer, C. T. 9828 (R 1954); *privy-ly*; *privy-ty*, ME. *privite* (= *privitee*), Ancr. Riwle, p. 152, l. 14.

PRIZE (1), that which is captured from an enemy, that which is won in a lottery or acquired by competition. (F.—L.) 'As his own prize,' Spenser, F. Q. iv. 4. 8.—F. *prise*, 'a taking, a seizing, ... a booty, or prize;' Cot. Orig. fem. of *pris*, pp. of *prendre*, to take.—L. *prehendere*, to take, seize; see **PREHENSILE**. Der. *prize-court*, *fighter*, *money*.

PRIZE (2), to value highly. (F.—L.) In Shak. Temp. i. 2. 168. ME. *prisen*, to set a price on, Prompt. Parv.—F. *prise*, 'to prise, esteem, ... to set a price on.'—OF. *pris*, 'a price, rate,' id.; mod. F. *prise*.—L. *pretium*; see **PRIO**. Der. *prize*, sb., Cymb. iii. 6. 77. **PRIZE** (3), to open a box; see **PRIO**.

PRO-, prefix, before, forward, in front. (L.; or Gk.; or F.—L.)

This prefix may be either F., L., or Gk. If F., it is from Latin.—L. *prō-*, prefix, before; whence *prō* (= *prūd*), an ablative form, used as a preposition.—Gk. *prō-*, prefix, and *prō*, prep., before; Skt. *prā-*, prefix; *prā*, before, away. All allied to F. *for*, prep.; see **FOR** (1). Der. Cf. *prē-*, prefix; *prone*, *prout*, *provoat*, &c.

PROA, **PROW**, **PRAU**, a small vessel or ship. (Malay). Sir T. Herbert, Travels, ed. 1665, p. 385, notes *prau* as a Malay word. 'Prawes and boats;' (1599) J. Davis, Voy., Hakluyt Soc. p. 143. It is gen. spelt *prau* in mod. books of travel.—Malay *prau*, 'a general term for all vessels between the sampans or canoe, and the kapal or square-rigged vessel;' Marsden's Dict., p. 222.

PROBABLE, that may be proved, likely. (F.—L.) In Shak. As You Like It, iii. 5. 11.—F. *probable*, 'probable, provable;' Cot.—L. *probabilem*, acc. of *probabilis*, that may be proved; formed with suffix *-bilis* from *prōba-re*, to prove; see **PROVE**. Der. *probabil-ty*; *probabili-ty*, from F. *probabilité*, 'probability;' Cot. And see **PROBATION**.

PROBATION, a trial, time of trial or of proof. (F.—L.) In Shak. even used with the sense of 'proof,' Macb. iii. 1. 80. ME. *probacion*, Caxton, Golden Legend, Of the Resurrection, § 1.—F. *probation*, 'a probation, proof;' Cot.—L. *probationem*, acc. of *probatio*, a trial, proof.—L. *probare*, to prove; see **PROVE**. Der. *probation-al*, *probation-ary*, *probation-er*. Also *probate*, proof of a will; 'probates of testaments,' Hall's Chron., Hen. VIII. an. 17, § 21, from L. *probatus*, pp. of *probare*. Also *probation-ly*, *probat-ory*. And see *probable*, *probe*, *probit*.

PROBE, an instrument for examining a wound. (L.) 'Probe, a chirurgians proof,' &c.; Minshew, ed. 1627. Apparently a coined word; cf. L. *proba*, a proof.—L. *probare*, to prove; see **PROVE**. ¶ Similarly, Span. *tenta*, a probe, is from L. *tentare*, to search into. Der. *probe*, verb, Dryden, Hind and Panther, iii. 80.

PROBITY, uprightness, honesty. (F.—L.) In Blount's Gloss., ed. 1674.—F. *probité*, 'honesty;' Cot.—L. *probitatem*, acc. of *probitas*, honesty.—L. *probi-*, for *probus*, honest; with suffix *-itas*. Root uncertain. See **PROVE**.

PROBLEM, a question proposed for solution, esp. a difficult one. (F.—L.—Gk.) ME. *probleme*, Chaucer, C. T. 7801 (D 2219).—OF. *probleme*, 'a problem,' Cot. Mod. F. *problème*.—L. *problēma*.—Gk. *πρόβλημα*, anything thrown forward, a question put forward for discussion.—Gk. *prō-*, forward; and *βλήμα*, a casting, formed with suffix *-ma* from *βαλ-*, lengthened grade of *βαλ-*, whence also *βάλλειν*, to cast. See **PRO-** and **BELEMITA**. Der. *problemat-ic*, from the stem *πρόβλημα*; *problemat-ic-ly*.

PROBOSCIS, the trunk of an elephant. (L.—Gk.) 'Their long snout or trunk, which the Latins call a *proboscis*;' Holland, tr. of Pliny, li. viii. c. 7.—L. *proboscis*.—Gk. *πρόσθις*, an elephant's trunk; lit. 'a front-feeler.'—Gk. *prō-*, before, in front; and *όσθις*, to feed. See **PRO-** and **BOTANY**.

PROCEED, to advance. (F.—L.) ME. *proceden*, Gower, C. A. i. 17; prol. 405.—OF. *proceder*, 'to proceed,' Cot.—L. *prōcedere*.—L. *prō-*, before; and *cedere*, to go; see **PRO-** and **CEDERE**. Der. *proceed-ing*, Two Gent. ii. 6. 41; *proceed-ure*, from MF. *procedure*, 'a procedure,' Cot.; *proceed-s*, sb. pl. Also *process*, ME. *processus*, Chaucer, C. T. 2969 (A 2967). OF. *process* (14th cent.), later *prociis* (mod. F. *procès*), 'a process or suite,' Cot., from L. *processus*, acc. of *processus*, a progress, which from *processus*, pp. of *procedere*. Also *process-ion*, ME. *processiun*, *processiun*, Layamon, 1823, from F. *procession* < L. acc. *processiōnem*, an advance. Hence *process-ion-al*.

PROCLAIM, to publish, announce aloud. (F.—L.) ME. *proclamen*, Gower, C. A. i. 6; prol. 88.—F. *proclamer*, 'to proclaim,' Cot.—L. *prōclāmāre*.—L. *prō-*, before; and *clāmāre*, to cry aloud; see **PRO-** and **CLAIM**. Der. *proclaim-er*; *proclam-at-ion*, All's Well, i. 3. 180, from F. *proclamation* < L. acc. *prōclāmātiōnem*.

PROCLITIC, a monosyllable which is so closely connected with the following word as to have no independent accent. (Gk.) In Greek grammar; from a form *πρόκλητικός*, coined (like *ἐγκλητικός*) from *πρόκληναι*, to lean forward.—Gk. *prō-*, before, forward; and *κλίνειν*, to lean, cognate with L. *lean*; see **LEAN** (1).

PROCLIVITY, a tendency, propensity. (L.) Spelt *proclivitate* in Minshew, ed. 1627; he also has the obsolete adj. *proclive* = *proclive*. Englished directly from L. *proclivitas*, a declivity, propensity.—L. *proclivus*, sloping forward or downward.—L. *prō-*, before; and *clivus*, a slope, hill, allied to *clināre*, to bend, incline, which is allied to L. *lean*. See **PRO-**, **DECLIVITY**, and **LEAN** (1).

PROCONSUL, orig. the deputy of a consul. (L.) In Cymb. iii. 7. 8; and in Caxton, Golden Legend, St. John, § 6.—L. *proconsul*.—L. *prō-*, in place of; and *consul*; see **PRO-** and **CONSUL**. ¶ Similarly, *pro-prator*. Der. *proconsul-ate*, *proconsul-ar*.

PROCRASTINATE, to postpone, delay. (L.) In Shak. Com. Errors, i. 1. 159.—L. *procrastināt-us*, pp. of *procrastinare*, to put off

till the morrow, delay.—*L. pro-*, forward, hence, off; and *crastin-us*, put off till the morrow, belonging to the morrow. *β. Crastinus* is compounded of *cras*, to-morrow, and *-inus*, perhaps allied to *tenuis*, lit. stretching or reaching onward, from *†TEN*, to stretch. *Der. procrastin-ation*, from *F. procrastination*, 'a procrastination, delay,' Cot. <*L. acc. procrastinationem*; *procrasinat-or*.

PROCREATE, to generate, propagate. (*L.*) In Minshew, ed. 1627.—*L. procreare*, pp. of *procreare*, to generate, produce.—*L. pro-*, forth; and *creare*, to create, produce; see **Pro-** and **Create**. *Der. procreat-ion*, Chaucer, C. T. 9322 (E 1448), from OF. *procreation* <*L. acc. procreatio-nem*. Also *procreat-or*, *procreat-ive*; *procreant*, Mach. i. 6. 8, from *procreant-*, stem of pres. part. of *L. procreare*.

PROCTOR, a procurator, an attorney in the spiritual courts, an officer who superintends university discipline. (*L.*) In Minshew, ed. 1627. *ME. proketour*, spelt *proketoure* in Prompt. Parv., where it is explained by *L. procurator*. And, whilst *proctor* is a shortened form of *proketour* (in three syllables), the latter is in its turn an abbreviated form of *procurator*. See further under **Procure**. *Der. proctor-ship*; *proctor-i-al* proxy. *Doubtlet, procurator*.

PROCUMBENT, prostrate, lying on the ground. (*L.*) Kersey, ed. 1715, gives *procumbent leaves* as a botanical term.—*L. procumbent-*, stem of pres. part. of *procumbere*, to incline forward.—*L. pro-*, forward; and *-cumbere*, to lean or lie upon (only used in compounds), a nasalized form of *cubare*, to lie down. See **Pro-** and **Inobus**.

PROCURE, to obtain, cause, get. (*F.-L.*) *ME. procurer*, Kob. of Brunne, p. 257, l. 20.—*F. procurer*, to procure, get.—*L. procurare*, to take care of, attend to, manage.—*L. pro-*, for, in behalf of; and *cūrāre*, to take care of, from *cūra*, care. See **Pro-** and **Cure**. *Der. procur-able*, *procur-er*, *procur-ess*, *procurer-mend*. Also *procur-at-or*, *ME. procurator*, also *procurator*, *procurator*, Chaucer, C. T. 7178 (D 1596, Six-text edition), from OF. *procurator*, in use in the 13th century (Littré), mod. *F. procurateur*, from *L. procuratōrem*, acc. of *procurator*, a manager, agent, deputy, vicar, administrator; the more usual *F. form* is *procurer* (see Cotgrave), and the more usual *F. form* is the much abbreviated *proctor*, q.v. Also *procurat-ion*, Minshew, ed. 1627, from *F. procuratio*, 'a procuratio, a warrant or letter of attorney,' Cot. Also *proxy*, q.v.

PROD, a pointed stick for making holes, a skewer, peg. (Scand.) A variant of *brod*, a goad, short nail, awl. 'A *brod*, stinulus; Catholicon Anglicum (1483).—Norw. & MSwed. *brodd*, Icel. *broddr*, a prick, goad; see **Brad**. *Der. prod*, vb. 'to poke.'

PRODIGAL, wasteful, lavish. (*F.-L.*) Spelt *prodigall* in *Leviens* and *Palgrave*. 'Some *prodigallie* spend and waste all their goodliks;' Golden Boke, c. 45. [The sb. *prodigalitie* (so spelt) occurs in Gower, C. A. iii. 153; bk. vii. 2026.]—*F. prodigal*, 'prodigall,' Cot.—Late *L. *prodigālis*, not found, though the sb. *prodigālis* occurs; see *Ducange*.—*L. prodīgus*, wasteful.—*L. prodīgere*, to drive forth or away, squander, waste.—*L. pro-*, forth, older form of *pro-*, allied to *pro-*, prefix; and *agere*, to drive. See **Pro-** and **Agent**. *Der. prodigal-ly*; *prodigal-i-ty*, from *F. prodigalité*, 'prodigality,' from *L. acc. prodigālitatem*.

PRODIGY, a portent, wonder. (*F.-L.*) In Shak. Jul. Cæs. i. 3. 28, ii. 1. 198. Formed from *F. prodige*, 'a prodigy, wonder,' Cot.; by the addition of the *-y* so often appearing in words borrowed from French; thus we have *continence*, *excellency*, *fragrancy*, as well as *continence*, *excellence*, *fragrance*; the *F. form* answering to a possible AF. form **prodigie*.—*L. prodīgium*, a sb. showing beforehand, sign, token, portent.

β. Of uncertain origin; but prob. for *prodīgum* and **agium* means 'a saying,' as in the compound *ad-agium*, a saying, adage. Brugmann, i. § 759. In this case, the orig. sense is 'a saying, belch-word,' hence a sign, prophecy, or token. See **Pro-** and **Adage**. *Der. prodigi-ous*, Spenser, F. Q. iv. i. 13, from *F. prodigieux*, 'prodigious,' Cot., which from *L. prodīgiosus*; *prodīgiosus-ly*, -ness.

PRODUCE, to lead or bring forward, bear, yield, cause. (*L.*) In Shak. All's Well, iv. i. 6; and in *Palgrave*.—*L. producere*, to bring forward.—*L. pro-*, forward; and *ducere*, to lead, whence *E. duke*. See **Pro-**, **Duke**. *Der. produc-er*; *produce*, sb., formerly *produce*, as shown by an extract from Dryden, Ep. to John Dryden, 118, in Todd's Johnson. Also *produc-ile*, *produce-ible*-ness. Also *product*, sb., Pope, Messiah, 94, accented *product*, Milton, P. L. xi. 683, from *productus*, pp. of *producere*. Also *product-ion*, from *F. production*, 'a production, proof, evidence,' Cot., which from *L. acc. productiō-nem*, orig. a lengthening, but in Late *L.*, the production of a document and even the document or proof itself. Also *product-ive*, *product-ive-ly*, *product-ive-ness*.

PROEM, a prelude, preface. (*F.-L.-Gk.*) Chaucer has the

spelling *prohems*, C. T. 7919 (E 43), where the *h* is merely inserted to keep the vowels apart.—OF. *proème*, 'a proem, preface,' Cot.; mod. *F. proème*.—*L. proemium*.—Gk. *προῖον*, an introduction, prelude.—Gk. *πρῶ*, before; and *εἰς*, a way, from *et-*, and grade of *†EI*, to go, with *ldg. suffix -mo-*. See **Pro-** and **Itinerant**.

PROFANE, unholy, impious. (*F.-L.*) Commonly spelt *profane* in the 16th century; see Rich. II, v. 1. 25 (first folio); and Robinson's tr. of More's Utopia, ed. Arber, p. 145, l. 6.—*F. profane*, 'profane,' Cot.—*L. profānus*, unholy, profane. *β.* The orig. sense seems to have been 'before the temple,' hence, outside of the temple, secular, not sacred.—*L. pro-*, before; and *fānus*, a fane, temple. See **Pro-** and **Fane**. *Der. profane*, verb, Rich. II, iii. 3. 81; *profane-ly*, *profane-ness*; *profan-at-ion*, Meas. for Meas. ii. 2. 128, from *F. profanation*, 'a profanation or profaning,' Cot., from *L. acc. profanatiō-nem*. Also *profan-i-ty*, Englished from *L. profānitās*.

PROFESS, to own freely, declare openly, undertake to do. (*F.-L.*) Not orig. from *F. professer*, for this is a late form, in *Palgrave*. The *ME. word* is *professed*, used as a pp.; 'Which in hire ordre was *professed*,' Gower, C. A. ii. 157; bk. v. 890. This is Englished from OF. *profes*, masc., *professe*, fcm., applied in the same way; 'Qui devant iert nonain *professe*' = who was before a professed nun; Rom. de la Rose, 8844 (Littré).—*L. professus*, manifest, confessed, avowed; pp. of *profiteri*, to profess, avow.—*L. pro-*, before all, publicly; and *fateri*, to acknowledge. See **Pro-** and **Confess**. *Der. profess-ed* (see above); *profess-ed-ly*; *profess-ion*, *ME. professioun*, *profess-ion*, Andrew Riwle, p. 6, l. 20, from *F. professiun*; *profess-ion-al*, *profess-ion-al-ly*; *profess-or*; 1 Hen. VI, v. 1. 14, *ME. professor*, Trevisa, tr. of Higden, i. 7, from *L. professor*, a public teacher; *profess-or-ial*, *profess-or-ship*.

PROFFER, to offer, propose for acceptance. (*F.-L.*) *ME. profren* (with one *f*), Chaucer, C. T. 8028 (E 152); *profrenen*, K. Alisaunder, 3539.—OF. *proffrir*, *porffrir* (Godfrey), also *AF. proffrer* (Bozon).—OF. *por-*, prefix, *L. pro-*; and *offrir*, *offrir*, from *L. offerre*, to offer. See **Pro-** and **Offer**. *¶* Not from *MF. proferer*, 'to produce,' Cot.; as the sense and usage show. The senses of *proffer* and *offer* are very near together. *Der. proffer-er*.

PROFICIENT, competent, thoroughly qualified. (*L.*) In Shak. 1 Hen. IV, ii. 4. 19.—*L. proficiens*, stem of pres. part. of *proficere*, to make progress, advance.—*L. pro-*, forward; and *facerē*, to make; see **Pro-**, **Fact**, and **Profit**. *Der. proficiēce*, *proficiēcy*.

PROFILE, an outline, the side-face. (*Ital.-L.*) [Not a *F.*, but an *Ital. word*. The *F. word* was formerly spelt *profil* or *profil*, which forms see in Cotgrave; hence *ME. profilled*, bordered, Chaucer, C. T. 193.] 'Draw it in *profile*,' Dryden, Parallel of Poetry and Painting, § 9. 'Profile (*Ital. profilo*) that design which shows the side, ... a term in painting;' Blount's Gloss, ed. 1674.—*Ital. profilo*, 'a border, a limning or drawing of any picture;' Florio. Hence *profilare*, 'to draw, to limne, to paint; id.—*Ital. pro-*, before (= *L. pro-*); and *filo*, 'a thread, a line, a stroke' [stroke], Florio; from *L. filum*, a thread. Thus the sense is a 'front-line' or outline. See **Pro-** and **File** (1). *¶* The mod. *F. profil* is (like the *E. word*) from the *Italian*. *Der. profile*, vb.; and see *put* (3).

PROFIT, gain, benefit. (*F.-L.*) *ME. profit*, I. Plowman, B. prol. 169.—*F. profit*, 'profit,' Cot. [*Cf. Ital. profitto*.]—*L. profectum*, acc. of *proficetus*, advance, progress.—*L. profectus*, pp. of *proficere*, to make progress, advance, be profitable.—*L. pro-*, before; and *facerē*, to make; see **Pro-** and **Fact**. *Der. profit*, vb. *ME. profiten*, Wyclif, Heb. iv. 2, from *F. profiter*; *profit-able*, Wyclif, 2 Tim. iii. 16; *profit-abi-ly*, *profit-able-ness*; *profit-ing*, *profit-less*.

PROFUGATE, dissolute. (*L.*) Minshew gives 'to profugate, to overthrow, to vndoe, to put to flight,' ed. 1627. But it is properly a pp. used as an adj. Cf. 'thy father, ... which hath *profugate* [put to flight] and discomfited so many of them;' Hall's Chron., 11en. VI, an. 31.—*L. profugitus*, pp. of *profugere*, to dash to the ground, overthrow; whence *profugatus*, cast down, abandoned, dissolute.—*L. pro-*, forward; and *fugere*, to strike, dash. See **Pro-** and **Efficit**. *Der. profug-i-ly*, -ness, *profugacy*.

PROFOUND, deep, low, abstruse, occult. (*F.-L.*) In Early Eng. Poems and Lives of Saints, ed. Farnival (Phil. Soc.), xvii. 221; and in Fisher's Works, ed. Mayor, p. 37, ll. 12, 16.—*F. profond*, 'profound,' Cot.—*L. profundum*, acc. of *profundus*, deep.—*L. pro-*, forward, hence, downward, far, deep; and *fundus*, the ground, bottom, cognate with *E. bottom*. See **Pro-**, **Found** (1), and **Bottom**. *Der. profound-ly*, *profound-ness*; also *profound-i-ty*, formerly *profoundty*, Fisher, On the Seven Psalms, ii. c. 138, l. 28, from *F. profundité*, 'profoundity,' Cot.

PROFUSE, liberal to excess, lavish. (*L.*) 'A rhetoric so *profuse*,' Chapman, tr. of Homer, Od. iii. 172.—*L. profusus*, pp. of *profundere*, to pour out.—*L. pro-*, forth; and *fundere*, to pour; see **Pro-** and **Fuse**. *Der. profus-ly*, *profuse-ness*; *profus-ion*, from *L. profusio*. **PROG**, to search for provisions; as sb., provisions. (*L.*) The sb.

is from the verb. Orig. 'to beg, demand'; see Todd's Johnson. App. a weakened form of ME. *prohken*; 'Prokyn, or styfly askyn, procor'; Prompt. Parv. Prob. a monkish word; adapted from L. *procare*, *procarī*, to demand.—L. *procus*, a suitor.—L. *pro-*, and grade of *prec-*, in *prec-ari*, to pray. See *PRAY*. Perhaps influenced by ME. *proccren*, *proker*, to procure, obtain; see Gloss. to Hist. of Troy and to Alexander and Dindimus, short for *proccren*; and a doublet of E. *Procure*.

PROGENITOR, a forefather, ancestor. (F.—L.) Now conformed to the L. spelling; but formerly *progenytour*, Sir T. Eliot, Castel of Helth, h. ii. c. 7; Fabyan, Chron. an. 1336-7, ed. Ellis, p. 416; Caxton, Reynard, p. 91.—F. *progeniteur*, 'a progenitor', Cot.—L. *progenitorem*, acc. of *progenitor*, an ancestor.—L. *prō-*, before; and *genitor*, a parent, from *gēn-*, to beget, with suffix denoting the agent; see *PRO* and *GENUS*. See *Progeny*.

PROGENY, descendants, a race, offspring. (F.—L.) ME. *progenie*, Gower, C. A. ii. 166; bk. v. 1161; *progenye*, Wyclif, Gen. xlii. 7.—OF. *progenie*, 'a progeny'; Cot.—L. *progeniem*, acc. of *progenis*, lineage, progeny.—L. *prō-*, forth; and stem *gen-*, as in *gen-us*, kin, from *gēn-*, to beget. See *Progenitor*.

PROGNOSTIC, a foreshowing, indication, presage. (F.—L.—Gk.) 'The which . . . they adjoined for *prognostikys* and tokens of the kynghes deth'; Fabyan, Chron. b. i. c. 246; ed. Ellis, p. 289.—OF. *pronostique* (14th cent.), *prognostique*, Cot.; mod. F. *pronostic* (Littre).—L. *prognōstikōn*.—Gk. *προγνωστικόν*, a sign or token of the future.—Gk. *prō-*, before; and *γνωστικός*, neut. of *γνωστικός*, good at knowing, which from *γνωστός*, *γνωτός*, known, *γνώω*, to know. See *PRO* and *GNOSTIC*. Der. *prognostic*, adj. from Gk. *προγνωστικός*; *prognostic-ate*, spelt *prognosticate* in Palgrave; *prognostic-al-ion*, spelt *prognostication* in Sir T. Eliot, Castel of Helth, b. iii. c. 4, from OF. *prognostication* or *prognostication*, 'a prognostication'; Cot.; *prognostic-al-ior*.

PROGRAMME, PROGRAM, a public notice in writing, a sketch of proceedings. (F.—L.—Gk.) The etymological spelling is *programme*, according to F. *programme*; but it is quite a modern word. We find the L. form *programma* in Phillips, ed. 1706, and in Todd's Johnson.—Gk. *πρόγραμμα*, a public notice in writing.—Gk. *πρόγραμμι*, to give public notice in writing.—Gk. *prō-*, before, publicly; and *gramma*, to write. See *PRO* and *GRAPHIC*.

PROGRESS, advancement. (F.—L.) In Spenser, F. Q. iii. 11. 20; Court of Love, 1667.—MF. *progrez*, 'a progression, going forward'; Cot. Mod. F. *progrès*.—L. *progressus*, acc. of *progressus*, an advance.—L. *progressus*, pp. of *progredi*, to advance.—L. *prō-*, forward; and *gredi*, to walk, step, go. See *PRO* and *GRADE*. Der. *progress*, vb., accented *prōgress*, cf. John, v. 2. 46; *progress-ion*, Chaucer, C. T. 3015 (A 3013), from F. *progression* (not in Cotgrave, but found in 1475, see Hatzfeld), from L. *ac-* *progressionem*; *progress-ion-al*, Blount, ed. 1674; *progressive*, Phillips, ed. 1706; *progressive-ly*, -ness.

PROHIBIT, to hinder, check, forbid. (L.) In Minshew, ed. 1627, and in Palgrave.—L. *prohibere*, pp. of *prohibere*, to prohibit; lit. to hold before or in one's way.—L. *prō-*, before; and *habere*, to have, hold; see *PRO* and *HABIT*. Der. *prohibit-ion*, Cymb. iii. 4. 79, from F. *prohibition*, 'a prohibition', from L. *ac-* *prohibitionem*; *prohibit-ive*; *prohibit-ory*, from L. *prohibitivus*.

PROJECT, sb., a plan, purpose, scheme. (F.—L.) In Shak. Much Ado, iii. 1. 55.—MF. *project*, 'a project, purpose', Cot. Mod. F. *projet*.—L. *prædictum*, acc. of *prædictus*, pp. of *prædicere* (to fling forth, cast out, hold out, extend; whence the sense to set forth, plan, not found in classical Latin.—L. *prō-*, forward; and *iacere*, to throw; see *PRO* and *JET* (1). Der. *project*, verb, to cast forward, Spenser, F. Q. vi. 1. 45; also, to plan, accented *prōject*, Antony, v. 2. 121; *project-ion*, also in the sense of 'plan' in Hen. V. ii. 4. 46, from F. *projection*, 'a projection', extending out; Cot.; *project-ory*; *project-ile*, in Phillips, ed. 1706, a coined word.

PROLATE, extended, elongated in the direction of the polar axis. (L.) Chiefly in the phrase 'prolate spheroid', Bailey's Dict., vol. i. ed. 1735. [*Prolate* is used as a verb by Howell; see Rich. and Todd's Johnson.]—L. *prolatus*, lengthened, extended.—L. *prō-*, forward; and *latus* (for *latus*), borne, from *TEL-*, to lift, bear; see *PRO* and *OBlate*.

PROLEPSIS, anticipation. (L.—Gk.) A rhetorical term; in Phillips, ed. 1706. (Blount, ed. 1674, gives *prolepsis*, from MF. *prolepsis* in Cotgrave.)—L. *prolepsis*,—Gk. *πρόληψις*, an anticipation or anticipatory allusion.—Gk. *prō-*, before; and *λήψις*, a seizing, catching, taking, from *λήφω*, fut. of *λαμβάνω*, to seize. See *PRO* and *CATAlepsy*. Der. *prolept-ic*, as in 'proleptic disease', a disease that always anticipates, as if an ague come today at 4 o'clock, tomorrow an hour sooner, Phillips, ed. 1706, from Gk. *πρόληπτικός*, anticipating; *prolept-ic-al*, Blount's Gloss, ed. 1674; *prolept-ic-al-ly*.

PROLETARIAN, belonging to the lower orders, vulgar. (L.) 'Low proletarian tything men'; Butler, Hudibras, i. 1. 720. Formed with suffix -an from L. *proletari-us*, a citizen of the lowest class, but regarded as useful as being a parent.—L. *prōlēs*, for *prolēs*, offspring; with suffix -arius; see below.

PROLIFIC, fruitful. (F.—L.) Spelt *prolifick*, in Phillips, ed. 1706, and in Bp. Taylor, vol. i. ser. 23 (R.).—F. *prolifique*, 'fruitful', Cot.—Late L. **prolificus*, not recorded, though Ducange gives the derivatives *prolifitarius* and *prolifitatus*; it means 'producing offspring'.—L. *prōlēs*, for *prolēs*, offspring; and *-ficus*, making, from *facere*, to make; see *Fact*. β. L. *prōlēs* = *pro-olēs*; from *pro-*, before; and *-olere*, to grow, whence the inceptive form *olere*, appearing in *ad-olere*, to grow up; see *Adolescent*, *Adult*. Cf. *sub-olēs*, *ind-olēs*. Der. *prolif-al*, Blount's Gloss, ed. 1674.

PROLIX, tedious, lengthy. (F.—L.) 'A lunge and prolize exhortation'; Hall's Chron., Hen. VII, an. 6. § 3. G. Douglas has the corrupt form *prolix*, Palace of Honour, pt. ii. st. 18, ed. Small. [The sb. *prolixity*, ME. *prolixite*, is in Chaucer, C. T. 10719 (F 408), and Troilus, b. ii. l. 1564.]—F. *prolix*, 'prolix', Cot.—L. *prolixus*, extended, prolix. β. *Prolixus* must be compared with *elixus*, soaked, boiled, allied to OL. *lixa*, water, and *liqū*, *liqūere*, to flow. We then get the true sense; *prolixus* means 'that which has flowed beyond its bounds', and the usual sense of 'broad' or 'extended' is clearly due to the common phenomenon of the enlargement of a pond by rain.—L. *prō-*, forward; and *-lixa*, supplying the place of the unrecorded pp. of *liqū*, to flow. See *PRO* and *LIQUID*. Der. *prolix-ity* (see above), from OF. *prolixite*, in use in the 13th cent. (Littre); from L. acc. *prolixitatem*, Brugmann, i. § 665.

PROLOCUTOR, the speaker, or chairman of a convocation. (L.) 'Prolocutor of the Convocation house, is an officer chosen by persons ecclesiastical, publicly assembled by the Kings Writ at every Parliament'; Minshew, ed. 1627.—L. *prolocutor*, an advocate.—L. *prō-*, before, publicly; and *locutor*, a speaker, allied to *locūtus*, pp. of *loqui*, to speak. See *PRO* and *LOQUACIOUS*.

PROLOGUE, a preface, introductory verses to a play. (F.—L.—Gk.) ME. *prologue*, Gower, C. A. prol. And see MSS. of the Cant. Tales.—F. *prologue*, 'a prologue, or fore-speech', Cot.—L. *prologus*.—Gk. *πρόλογος*, a fore-speech.—Gk. *prō-*, before; and *λόγος*, a speech; see *PRO* and *LOGIC*.

PROLONG, to continue, lengthen out. (F.—L.) ME. *prolongen*. 'Prolongye or prolongy, or put for a-wey'; Prompt. Parv. p. 417.—F. *prolonger*, 'to prolong, protract', Cot.—L. *prolongāre*, to prolong.—L. *prō-*, forward, onward; and *longus*, long. See *PRO* and *LONG*. Der. *prolong-al-ion*, from F. *prolongation*, 'a prolongation', Cot.; cf. L. pp. *prolongatus*. Doublet, *prolong*.

PROMENADE, a walk, place for walking. (F.—L.) In Blount's Gloss, ed. 1674, we find both *promenade* and *pourennade*.—F. *promenade*, formerly *pourennade*; Cot. gives only the latter form. Formed from OF. *pourenner* or *promener*, to walk, both of which forms are given in Cotgrave, the prefix being really the same (L. *prō-*) in either case. The suffix -ade is borrowed from the Prov. suffix -ada, for L. -ata, the fem. form of -itus, the pp. suffix of the 1st conjugation.—L. *promināre*, to drive forwards, orig. to drive on by threats.—L. *prō-*, forward; and Late L. *mināre*, to drive on, allied to L. *minari*, to threaten. See *PRO* and *Menace*. Der. *promenade*, verb. Cf. *e-minent*, *im-minent*.

PROMINENT, projecting, conspicuous, eminent. (F.—L.) 'Some prominent rock'; Chapman, tr. of Homer, Iliad, xvi. 389.—F. *prominent*, 'prominent'; Cot.—L. *prominētis*, stem of pres. part. of *prominere*, to project.—L. *prō-*, forth; and *-minere*, to jut, project. See *Menace*. Der. *prominent-ly*; *prominence*, from F. *prominence*, 'a prominence', Cot.

PROMISCUOUS, mixed, confused. (L.) In Minshew, ed. 1627; and in Cotgrave, to translate F. *promiscue*.—L. *promiscuus*, mixed.—L. *prō-*, lit. forward, but here of slight force; and *nusc-ere*, to mix, whence E. *mix*. See *PRO* and *Miscellaneous*. Der. *promiscuous-ly*, -ness.

PROMISE, an engagement to do a thing, an expectation. (F.—L.) For *promis* or *promessa*. 'And this is the promise that he hath promised vs'; Bible, 1551, 1 John, ii. 25. 'Fayre behestis and promysys'; Fabyan, Chron. an. 1336-7.—F. *promesse*, 'a promise', Cot. [Cf. Span. *promesa*, Ital. *promessa*, a promise.]—L. *promissa*, fem. of *promissus*, pp. of *promittere*, to send or put forth, to promise.—L. *prō-*, forth; and *mittere*, to send; see *PRO* and *Mission*. Der. *promise*, verb (as above); *promis-er*, *promis-ing*, *promis-ing-ly*; *promiss-ory*, formed with suffix -y (<L. -ius) from the (rare) L. *promissor*, a promiser.

PROMONTORY, a headland, cape. (L.) In Shak. Temp. v. 46. Englished from L. *promontorium*, a mountain-ridge, headland; cf. F. *promontoire* (Cot.).—L. *prō-*, forward; *mont-*, stem of *mons*, a mountain; and the adj. neut. suffix -arium. See *PRO* and *Mountain*.

PROMOTE, to further, advance, elevate. (L.) 'A great furtherer or promoter;' Fabyan, Chron. an. 1336-7, ed. Ellis, p. 445. 'He was promoted to so high an office;' Grafton, Chron. Hen. VI, an. 14 (R.). — L. *promōtus*, pp. of *promovere*, to promote, further. — L. *prō-*, forward; and *movēre*, to move; see **PRO-** and **MOVE**. Der. *promot-*; *promot-ion*, ME. *promocioun*, Prompt. Parv., from F. *promotion*, from L. acc. *promōtiōnem*.

PROMPT, prepared, ready, acting with alacrity. (F.—L.) 'She that was prompt and redy to all euyl;' Fabyan, Chron. vol. i. c. 116; ed. Ellis, p. 91, l. 1. Cf. 'Promptly, Promptus;' Prompt. Parv. = F. *prompt*, 'prompt'; Cot. = L. *promptus*, acc. of *promptus*, *promptus*, brought to light, at hand, ready, pp. of *promere*, to take or bring forward. — L. *prō-*, forward; and *emere*, to take; whence *promere*, for *prōd-merē*. See **PRO-** and **EMERE**. Der. *prompt-ly*, *prompt-ness*; *prompt*, verb, ME. *prompten*, Prompt. Parv.; *prompt-er*, ME. *promptare*, Prompt. Parv.; *prompt-ly*, *prompt-i-ly* (Levins), from F. *promptitude*, 'promptness', Cot., from Late L. *promptitudo*, which occurs A.D. 1261 (Ducange).

PROMULGATE, to publish. (L.) In Shak. Oth. i. 2. 21; and both as vb. and pp. Palsgrave. — L. *promulgatus*, pp. of *promulgare*, to publish. β. Of unknown origin; the prefix is *prō-*, as usual. Some refer it to Olat. *promullere*, 'litem promouere', which is not satisfactory. Der. *promulgat-*, *promulgat-ion*.

PRONE, with the face downward, headlong, inclined, eagerly, ready. (F.—L.) In Shak. Wint. Tale, ii. 1. 108. — F. *prone*, 'prone, ready', Cot. = L. *pronus*, acc. of *pronus*, inclined towards. β. *Prōnus* has been compared with Ionic Gk. *πρῶνός*, Doric *πρῶνός*, headlong; and is connected with the prep. *prō-*, *prūd*; whence **prūd-nus*. See **PRO-**, *prōn-ly*, *prone-ness*.

PRONG, the spike of a fork. (E.) 'Iron teeth of rakes and prongs;' Dryden, tr. of Virgil, Georg. ii. 487. 'A prong or pitchfork;' Minshew, ed. 1627. 'A prongue, hasta furcata;' Levins, 166. 47, ed. 1570. The ME. *pronge*, a pang, sharp pain (Prompt. Parv.) is the same word. Cf. ME. *pranglen*, to constrain, Havelok, 639; from a Teut. base **prang-*, to compress, nip, push, pierce. Hence also Du. *prangen*, to press; G. *prangen*, a pillow; Goth. *anapraggan* (= *ana-prangan*), to press; Low G. *prange*, a stake; MDu. *prange*, 'a horse-muzzle (muzzle); a shackle or a neck-yron; oppression or constraint;' Hexham; Dan. *prange*, to crowd sail. See **Pang**.

PROMOUN, a word used in place of a noun, to denote a person. (F.—L.) In Ben Jonson, Eng. Grammar, c. xv; Shak. Merry Wives, iv. 1. 41. Spelt *pronoun* in Palsgrave, p. xxiv. Compounded of **PRO-** and **NOUN**; and suggested by L. *pronomen*, a pronoun, or by F. *pronon*, a pronoun, found in 1483 (Hatzfeld). Cf. Span. *pronombre*, Ital. *pronome*. Der. *pronomin-al*, from *prōnōmin-*, stem of L. *pronomen*.

PROMOUNCE, to utter, express, speak distinctly. (F.—L.) ME. *pronouncen*, Chaucer, C. T. 16767 (G 1299). — F. *prononcer*, 'to pronounce,' Cot. = L. *prōnūtiare*, to pronounce. — L. *prō-*, forth; and *nūtiare*, to tell. See **PRO-** and **ANNOUNCE**. Der. *pronounce-er*, *pronounce-able*, *pronounce-ing*; *pronunciat-ion*, from MF. *pronuntiatio*, 'pronunciation,' Cot., from L. acc. *prōnūtiatiōnem*.

PROCEMIUM, a poem; see **Proem**.

PROOF, a test, demonstration, evidence. (F.—L.) The vowel has undergone some alteration; we find the spelling *profe* in the Bible of 1551, 2 Cor. ii. 9. ME. *proef*, in many MSS. of Wyclif, 2 Cor. ii. 9, later text, where the reading of the text itself is *prewyng*. Earliest spelling *preone*, Ancrén Riwle, p. 52, l. 13; where *so* is put for F. *eu*, as in E. *people* for F. *peuple*. — F. *preuve*, 'a proof, tryal,' Cot. = Late L. *proba*, a proof (Lewis); which seems to be merely formed from the verb *probare*, to prove; see **PROVE**. Cf. Port. and Ital. *prova*, Span. *prueba*, a proof.

PROP, a support, stay. (F.) The sb. appears earlier than the verb. ME. *proppe*, a long staff; Prompt. Parv. [Whence were borrowed Irish *propa*, a prop; *propad*, propping; Gael. *prop*, a prop, support, prop, to prop, pp. *propta*, propped.] Not in AS. — Du. *proppe*, 'an yron branch, proppen, to prop, stay, or bear up;' Hexham; and with a change of meaning to fastening or stopping up, Dan. prop, Swed. *prop*, G. *proff*, a cork, stopple, G. *proffen*, to cram, stuff, or thrust into. All from a Teut. base **prop-*, to stop up, to support; cf. MDan. *priffuld*, Dan. *proffuld*, chokeful; Swed. dial. *primpa*, *primpa*, to cram (oneself). ¶ In the sense of 'graft,' G. *proff* is due to L. *propago*; see **PROPAGATE**. Der. *prop*, verb.

PROPAGATE, to multiply plants by layers, extend, produce. (L.) In Shak. Per. i. 2. 73; and in Levins, ed. 1570. — L. *prōpāgatus*, pp. of *prōpāgare*, to peg down, propagate by layers, produce, beget; allied to *prōpāgare*, *prōpāgo*, a layer, and from the same root as *com-pāgare*, a joining together, structure. — L. *prō-*, forward; and *-pāg-*, a fastening, pegging, from *pāg-*, base of *pangere*, to fasten, set (hence, to peg down); see **PRO-** and **PAOT**. Der. *propagat-*;

propagat-ion, Minshew; *propagand-ism*, *propagand-ist*, coined words from the name of the society entitled *Congregatio de Propaganda Fide*, constituted at Rome, A.D. 1622 (Haydn). And see *prune* (1).

PROPEL, to drive forward, urge on. (L.) 'The blood . . . that is propelled out of a vein of the breast;' Harvey (died 1657); cited in Todd's Johnson, without a reference. ME. *propellan*, Palladius on Husbandry, bk. i. 1034. [But the word *propulsa* was sometimes used instead of it; see Richardson.] — L. *propellere* (pp. *propulsus*), to propel. — L. *prō-*, forward; and *pellere*, to drive; see **PRO-** and **PULSATE**. Der. *propell-er*; *propuls-ion*, *propuls-ive*, like the pp. *propulsus*.

PROPENSITY, an inclination. (I.; with F. suffix). 'Propension or Propensity;' Phillips, ed. 1706. [The old word was *propension*, as in Minshew, and in Shak. Troil. ii. 2. 133, from F. *propension*, 'a propension or proneness,' Cot.] A coined word, with suffix *-ity* (F. *-ité*), from L. *prōpens-us*, hanging forward, inclining towards, prone to; pp. of *prōpendere*, to hang forwards. — L. *prō-*, forwards; and *pendere*, to hang; see **PRO-** and **PENDENT**. And see **PREPENSE**.

PROPER, one's own, belonging to, peculiar, suitable, just, comely. (F.—L.) ME. *propre*, whence *propriem* = proper man, Ancrén Riwle, p. 106, l. 15; *propetliche* = properly, id. p. 98, l. 11. — F. *propre*, 'proper,' Cot. = L. *proprius*, acc. of *proprius*, one's own. β. Etym. doubtful; Bréal connects it with the plr. *prō priu*, for one's own; from *prīus*, single, peculiar; whence also **PRIVATE**. Der. *properly*; also *proper-ly*, ME. *propré*, Gower, C. A. i. 239; bk. ii. 337, from OF. *propré*, explained as 'finesse' by Cotgrave, but found in old texts with the sense of 'property' (Litttré), from L. acc. *propriatētem*; see **PROPRIETY**.

PROPHECY, a prediction. (F.—J.—Gk.) The distinction in spelling between *prophesy*, sb., and *prophecy*, verb, is unoriginal and arbitrary; both should be *prophecy*. ME. *prophacie*, Ancrén Riwle, p. 158, l. 15. — OF. *prophesie*, variant of *prophecie*, 'a prophesie,' Cot. = L. *prophētia*. — Gk. *προφητεία*, a prediction. — Gk. *προφήτης*, a prophet; see **PROPHET**. Der. *prophecy*, verb, ME. *prophēcien*, Trevisa, i. 421, l. 33.

PROPHET, one who predicts, an inspired teacher. (F.—L.—Gk.) ME. *prophete*, Rob. of Glouc. p. 38, l. 893; Ormulum, 5195. — OF. *prophete*. — L. *prophēta*. — Gk. *προφήτης*, one who declares things, an expounder, prophet. — Gk. *πρῶ*, publicly, before all; also, before; and *φη*, base of *φημι*, I say, speak; with suffix *-ης*, denoting the agent. From *φιλία*, to speak; see **PRO-** and **FAME**. Der. *prophet-ess*, *prophet-ic*, *prophet-ic-al*, *prophet-ic-al-ly*; also *proph-ey*, q.v.

PROPHYLLACTIC, preventive, defending from disease. (F.—Gk.) From F. *prophyllactique*, employed by Rabalais; see Hatzfeld. — Gk. *προφυλακτικός*, guarding from. — Gk. *προφυλάσσειν*, to keep guard before. — Gk. *πρῶ*, before; *φυλάσσειν*, to guard. See **PHY-** and **LACTIC**.

PROFINE, to drink to one's health, give, offer. (L.—Gk.) 'The lovely sorceress mix'd, and to the prince Health, joy, and peace propin'd;' C. Smart, The Hop-garden, i. 228. — L. *propināre*, to drink to one's health, give. — Gk. *πρῶνιν*, the same. — Gk. *πρῶ*, before; *νιν*, to drink.

PROPINQUITY, nearness. (F.—L.) ME. *propinquitez*, Chaucer, tr. of Boethius, b. ii. pr. 3, l. 24. — OF. *propinguité* (Godefroy). — L. *propinguitatem*, acc. of *propinguius*, nearness. — L. *propinqui*, for *propinguius*, near, with suffix *-tās*. β. *Propinguius* = **propi-n-ecus*, extended from *prope*, near. Der. from the same source, *ap-proach*, *re-proach*, *proximity*.

PROPTITIOUS, favourable. (L.) [The old adj. was *propice*, from OF. *propice*, 'propitious'; see exx. in R.] In Minshew, ed. 1627. Englished, by change of *-us* to *-ous*, as in *arduous*, &c., from L. *propius*, favourable. β. *Prob*, a term of augury; it seems to mean 'flying forwards'; the form shows the derivation from *prō-*, forwards, and *petere*, orig. to fly, from **PET*, to fly. See **PRO-** and **FEATHER**. Der. *propitious-ly*, *-ness*. Also *propi-tate*, orig. used as a pp., as in a quotation from Bp. Gardner, Explication of the Sacrament, 1551, fol. 150, cited by R.; from L. *propi-tatus*, pp. of *propi-tare*, to render favourable. Hence *propi-tation*, Minshew, from F. *propi-tation*, 'a propitiation,' Cot.; *propi-tat-ion*, ME. *propi-tarie*, Wyclif, Heb. ix. 5, from L. *propi-tatorium*, Heb. ix. 5.

PROPORTION, relation of parts, equality of ratios, analogy, symmetry. (F.—L.) ME. *proportion*, Chaucer, C. T. 11598 (F 1286). — F. *proportion*, 'proportion,' Cot. = L. *proport-iōnem*, acc. of *proportio*, comparative relation. — L. *prō-*, before, here used to signify as regards or in relation to; and *portio*, a portion, part; see **PRO-** and **PORTION**. Der. *proportion*, vb.; *proportion-able*, *proportion-ably*, *proportion-al*, *-al-ly*, *-ate*, *-at-ly*.

PROPOSE, to offer for consideration. (F.—L.—Gk.) In Shak. Tam. Shrew, v. 2. 69. [We also find *propone*, whence *proponing* in

Sir T. More, Works, p. 1107 g; this is from *L. propōnere*, and is really a different word; see **Propound**.]—*F. proposer*, 'to propose, also, to propose,' Cot. Compounded of *pro-*, prefix; and *F. posere*, which is not from *L. pōnere*, but is of Gk. origin, as shown under *pose*; see **Pro-** and **Pose**. Littré remarks that in this word, as in other derivatives of *F. posere*, there has been confusion with *L. pōnere*. Der. *proposer*; *propos-al*, spelt *proposall* in Minshew, a coined word, like *hesi-al*, *refus-al*, &c. Doublet, *purpose* (1), q. v. But *proposed*, *proposition*, are unrelated.

PROPOSITION, an offer of terms, statement of a subject, theorem, or problem. (*F.*—*L.*) ME. *proposicioun*, in the phrase *loques of proposicioun*, to translate *L. pātes propositiōis*, Wyclif, Luke vi. 4.—*F. proposition*, 'a proposition,' Cot.—*L. propositiōem*, acc. of *propositiō*, a statement; cf. *propositus*, pp. of *proponere*, to propound; see **Propound**. Der. *proposition-ly*.

PROPOUND, to offer for consideration, exhibit. (*L.*) Used as equivalent to *proferre*, but really distinct, and of different origin. Formed with excrement *d* from the old verb *proponere*, Sir T. More, Works, p. 1107 g. 'Artificially *propounded* and oppugned;' Hall's Chron. Hen. VII, an. 6. § 4. 'The glorie of God *propounded*;' Bale, Image, pt. iii (R.).—*L. proponere*, to set forth.—*L. pro-*, forth; and *pōnere*, to put, set, pp. *positus*; see **Pro-** and **Position**. Der. *propounded-er*; *proposit-ly*, q. v. Also *purpose* (2), q. v.

PROPRIETY, fitness. (*F.*—*L.*) *Proprietas*, owing, specialtie, qualitie, a just and absolute power over a free-hold; Minshew, l. c. It had formerly the sense of *property*, of which it is a doublet; see Robinson, tr. of More's Utopia, ed. Lumby, p. 62, l. 32.—*F. propriete*, 'a property, propriety, . . . a freehold in; also, a handsome or comely assortment, &c.,' Cot.—*L. proprietatem*, acc. of *proprietas*, a property, ownership; also proper signification of words, whence the mod. sense.—*L. proprius*, one's own. See **Proper**. Der. *proprietary*, an incorrect substitute for *proprietary*, from MF. *proprietaire*, 'a proprietary, an owner,' Cot., from *L. proprietarius*, an owner. Cf. also MF. *proprietaire*, adj. 'proprietary,' Cot. Doublet, *property*.

PROPULSION, PROPULSIVE; see **Propel**.

PROROGUE, to continue from one session to another, defer. (*F.*—*L.*) Spelt *prorogare* in Minshew, ed. 1627; earlier spelling *proroge*, Levins, ed. 1570; and in Harding, Chron. ch. 26, st. 3.—*F. prorogare*, 'to prorogue,' Cot.—*L. prorogare*, to propose a further extension of office, lit. 'to ask publicly;' hence to prorogue, defer.—*L. pro-*, publicly; and *rogare*, to ask; see **Pro-** and **Rogation**. Der. *prorog-ation*, from *F. prorogation*, 'a prorogation,' Cot.; from *L. acc. prorogationem*.

PRO-, prefix, to, towards. (Gk.) Properly *Gk.*, but also appearing in *F.* and *L.* words borrowed from *Gk.*—*Gk. pros*, towards; fuller form *pro-*, extended from *pro-*, before.—Skt. *prati-*, towards; extended from *pra-*, before, forward, away. See **Pro-**. Der. *pro-elyte*, *pro-ody*, *pro-oph-ania*.

PROSCENIUM, the front part of a stage. (*L.*—*Gk.*) Not in Todd's Johnson; merely *L. proscenium*—*Gk. proskenion*, the place before the scene where the actors appeared.—*Gk. pro-*, before; and *skēnē*, a scene; see **Pro-** and **Scene**.

PROSCRIBE, to publish the name of a person to be punished, to outlaw or banish, prohibit. (*L.*) In Levins, ed. 1570.—*L. proscrivere*, pp. *scribere*, 'to write publicly,'—*L. pro-*, forth, publicly; and *scribere*, to write; see **Pro-** and **Scribe**. Der. *proscript-ion*, Jul. Cæs. iv. 1. 17, from *F. proscriptiō*, 'a proscription,' Cot., from *L. acc. proscriptiōem*; *proscript-ive*.

PROSE, straightforward speech, not poetically arranged. (*F.*—*L.*) ME. *prose*, Chaucer, C. T. 4516 (B 96).—*F. prose*, 'prose,' Cot.—*L. prosa*, for *prosa*, in the phr. *prosa oratio*, straightforward (or unembellished) speech; fem. of *prosus*, forward, a contracted form of *proversus*, lit. turned forward.—*L. pro-*, forward; and *versus*, pp. of *vertere*, to turn. See **Pro-** and **Vers-**. ¶ The result, that *prose* is partly derived from *L. versus*, whence *E. verse*, is remarkable. Der. *prose*, vb., *pro-er*, *pro-sy*, *pro-si-ly*, *pro-si-ness*; *pro-si-ic*, from *L. pro-si-icus*, relating to *prose*.

PROSECUTE, to pursue, continue, follow after, sue. (*L.*) In Levins, ed. 1570. Spelt *prosequite*, Robinson's tr. of More's Utopia, ed. Lumby, p. 132, l. 17, p. 133, l. 32.—*L. prosecutū*, *prosequūtus*, pp. of *prosequi*, to pursue; see **Pursue**. Der. *prosecut-ion*, Antony, iv. 14, 65, from *L. acc. prosecutiōem*; *prosecut-or*—*L. prosecutōr*; *prosecut-rix*, fem. formed with suffixes *-r* (<*-or*) and *-ix*, as in *L. testat-rix*. Doublet, *pursue*.

PROSELYTE, a convert. (*F.*—*L.*—*Gk.*) ME. *proselite*, Wyclif, Deeds [Acts], ii. 10; afterwards conformed to the *L.* spelling with *y*—OF. *proselite*, 'a proselite,' Cot.—*L. proselytism*, acc. of *proslitus*,—*Gk. προσήλυτος*, one who has come to a place, hence, as sb., a stranger, esp. one who has come over to Judaism, a convert, Acts ii. 10. Allied to *Gk. perf. tense προσελάμβαν*, 2nd aor.

προήλθον (= *προσ-ἔλαβον*); of which the pres. tense (*προσέρχομαι*) is from a different root.—*Gk. πρὸς*, to; and *ἔλαβ*, as in *ἔλαβον*, I came, of which the fut. tense is *ἐλεύσομαι*, from *ἔλθω*, LEUDH; whence also Skt. *ruh*, orig. *ruhi*, to grow, increase, Goth. *liudan*, to grow. Der. *proselit-ism*, *proselit-ism*.

PROSODY, the part of grammar that treats of the laws of verse. (*F.*—*L.*—*Gk.*) In Ben Jonson, Eng. Grammar, c. 1. Spelt *prosodie* in Minshew, ed. 1627; *prosodie*, Coventry Mysteries, p. 189.—*Gk. prosodie*, in use in the 16th cent. (Littré).—*L. prosodia*.—*Gk. προσῳδία*, a song sung to an instrument, a tone, accent, prosody.—*Gk. πρὸς*, to, accompanying; and *ᾠδή*, an ode, song; see **Pro-** and **Ode**. Der. *proso-di-al*, *proso-di-cal*, *proso-di-an*, *proso-di-st*.

PROSOPŒIA, personification. (*L.*—*Gk.*) Spelt *prosopopeia*, Sir P. Sidney, Apology for Poetry, ed. Arber, p. 24.—*L. prosopopeia*,—*Gk. προσωποποιία*, personification.—*Gk. προσωποποιεῖν*, to personify.—*Gk. προσωπο-*, for *πρόσωπον*, a face, person; and *ποιεῖν*, to make. *β.* *Gk. πρόσωπος* is from *πρός*, towards; and *ὤψ*, stem of *ὤψ*, face, appearance. See **Pro-**, **Optic**, and **Poet**.

PROSPECT, a view, scene, expectation. (*L.*) In Shak. Much Ado, iv. 1. 231; and in Levins.—*L. prospect-us*, a look out, distant view, prospect.—*L. prospectus*, pp. of *prospicere*, to look forward.—*L. pro-*, before; and *specere*, *specere*, to look; see **Pro-** and **Specy**. Der. *prospect*, vb., in Levins; *prospect-ive*, ME. *prospicere*, Chaucer, C. T. 10548 (F 234), from *F. prospective*, 'the prospective, perspective, or optick art,' Cot., from *L. adj. prospectiva*; *prospect-ive-ly*; *prospect-ive*; also *prospicere* (modern)—*L. prospectus*.

PROSPEROUS, according to hope, successful. (*L.*) In Levins; and in Surrey, tr. of Virgil, *Æneid*, iv. 773 (*L. text*, 579). Englished, by change of *-us* to *-ous*, as in *arduous*, &c., from *L. pro-*, for, according to; and *spes*, weak grade of *spēs*, as in *spē-*, hope; with suffix *-us*. *β.* *Spēs* is related to *L. speed*; see Brugmann, l. § 156, ii. § 74. Der. *prosperous-ly*; *prosper*, verb, Bible of 1551, 3 John, 2, and in Palgrave.—*L. prosperus*, from MF. *prosperer*, to prosper, Cot., which from *L. palgrave*, from *MF. prosperer*, adj. Also *prosper-ity*, in early use; ME. *prosperite*, v., from *prosper*, adj. Also *prosper-ity*, in early use; ME. *prosperite*, Ancræn Kiwe, p. 194, l. 14, from OF. *prosperité*—*L. acc. prosperitatem*.

PROSTHETIC, prefixed. (*Gk.*) Modern; as if for *Gk. προσθετικός*, lit. disposed to add, giving additional power; allied to *Gk. πρόσθετος*, added, put to; cf. *πρόσθεσις*, a putting to, attaching.—*Gk. πρὸς*, to; *θε-ros*, placed, put, verbal adj. from the base *θε-*, weak grade of *θη-*, to place; see **Theme**. Cf. *Gk. ἐπι-θετικός*—*L. adiectivus*.

PROSTITUTE, to expose for sale lewdly, to sell to lewdness, devote to shameful purposes. (*L.*) Minshew, ed. 1627, has *prostitutio*, verb, and *prostitutio*. The verb is in Shak. Per. iv. 6. 301; and in Palgrave.—*L. prostitūt-us*, pp. of *prostituere*, to set forth, expose openly, prostitute.—*L. pro-*, forth; and *statuere*, to place, set; see **Pro-** and **Statute**. Der. *prostitute*, sb. <*L. prostituta*, fem.; *prostitut-ion*, from *F. prostitution*, 'a prostitution,' Cot., from *L. acc. prostitutiōem*; *prostitut-or*—*L. prostitutor*.

PROSTRATE, lying on the ground, bent forward on the ground. (*L.*) 'It is good to sleep *prostrate* on their bedlides;' Sir F. Elyot, Castel of Helth, l. ii. c. 50. 'Prostrate before this person;' Coventry Mysteries, p. 75.—*L. prostrātus*, pp. of *prostrare*, to throw forward on the ground.—*L. pro-*, forward; and *sternere*, to throw on the ground. See **Pro-** and **Stratum**. Der. *prostrate*, vb., Spenser, F. Q. i. 12. 6; *prostrat-ion*, from *F. prostration*, 'a prostrating,' Cot., from *L. acc. prostratiōem*.

PROTEAN, readily assuming different shapes. (*L.*—*Gk.*) 'The Protean transformations of nature;' Cudworth, Intellectual System, p. 32 (R.). Coined, with suffix *-an* (<*L. -anus*), from *L. Prote-us*, a sea-god who often changed his form; cf. Roy, Rede me, p. 118.—*Gk. Πρωτεύς*, a sea-god; cf. *πρωτος*, first, chief.

PROTECT, to cover over, defend, shelter. (*L.*) In Shak. Tw. Nt. ii. 4. 75. [We find ME. *protectioun*, Henryson, Test. of Creseide, l. 556; *protectioun*, Chaucer, C. T. 2365 (A 2363).]—*L. protect-us*, pp. of *protegere*, to protect.—*L. pro-*, before; and *tegere*, to cover; see **Pro-** and **Tegument**. Der. *protect-ion*, from *F. protection*, 'protection,' Cot., from *L. acc. protectiōem*; *protect-ion-ist*; *protect-ive*; *protect-or*, formerly *protecteur*, from *F. protecteur*, 'a protector,' from *L. acc. protectorem*; *protect-or-al*, *protect-or-ship*, *protect-or-ate*; *protect-ress*, ME. *protectrice*, 1. ylgate, A Ballad in Commendation of Our Ladie, l. 57, from *F. protectrice*, 'a protectrix,' Cot., formed from the acc. case of *L. *protectrix*, a fem. form similar to *testatrix*. Also *protégé*, borrowed from mod. *F. protégé*, pp. of *protéger*, to protect, from *L. protegere*; fem. form *protégée*.

PROTEST, to bear public witness, declare solemnly. (*F.*—*L.*) In Spenser, F. Q. ii. 10. 28, and Palgrave; the sb. *protest* occurs in The Tale of Heryn, ed. Furnivall, l. 3905.—*F. protester*, 'to protest,' Cot.—*L. protestare*, *protestāri*, to protest.—*L. pro-*, publicly; and

testari, to bear witness, from *testis*, a witness. See **Pro-** and **Testify**. Der. *protest*, sb., *protest-er*; *Protest-ant*, from *F. protestant*, pres. part. of *protestere*; *Protest-ant-ism*; *protest-ation*, Chaucer, C. T. 3139 (A 3137), from *F. protestation*, 'a protestation', from *L. acc. protestātionem*.

PROTHALAMIUM, a song written on the occasion of a marriage. (L.—Gk.) See the *Prothalamium* written by Spenser.—Late L. *prothalamium*, or *prothalamion*, = Gk. *προθάλμιον*, a song written before a marriage; not in Liddell and Scott, but coined (with prefix *pro-*) as a companion word to *Epithalamium*, q. v.

PROTOCOL, the first draught or copy of a document. (F.—L.—Gk.) In Minshew, ed. 1627, = MF. *protocolle*, also *proscotele*, 'the first draught or copy of a deed', Cot. [Cf. Ital. *protocollo*, 'a booke wherein scrivener register all their writings, anything that is first made, and needeth correction'; Florio.] = Late L. *protocollum*. = Late Gk. *προθόλλων*, not in Liddell and Scott, but explained by Scheler. It meant, in Byzantine authors, orig. the first leaf glued on to MSS. in order to register under whose administration, and by whom, the MS. was written; it was afterwards particularly applied to documents drawn up by notaries, because, by a decree of Justinian, such documents were always to be accompanied by such a first leaf or fly-leaf. It means 'first glued-on', i. e. glued on at the beginning. = Gk. *πρωτο-*, for *πρωτος*, first; and *κόλλα*, to glue, from Gk. *κόλλα*, glue. β. Gk. *πρωτος* is a superl. form from *πρω-*, before; see **Pro-**. The root of *κόλλα* is unknown; cf. Russ. *кле-*, glue.

PROTOMARTYR, the first martyr. (F.—L.—Gk.) 'The holy *protomartyr* scynt Albion'; Fabyan, Chron. vol. i. c. 151; ed. Ellis, p. 138. = MF. *protomartyr*, 'the first martyr', Cot. = Late L. *protomartyr*. = Gk. *πρωτομάρτυρ*; coined from *πρωτο-*, for *πρωτος*, first, superl. of *πρω-*, before; and *μάρτυρ*, a martyr, later form of *μαρτυρ*, a witness. See **Pro-** and **Martyr**.

PROTOTYPE, the original type or model. (F.—L.—Gk.) 'There, great exemplar, *prototype* of kings'; Daniel, A Panegyric to the King's Majesty, l. 177. And in Minshew, = F. *prototype*, 'the first form, type, or pattern of', Cot. = L. *prototypum*, neut. of *prototypus*, adj., original. = Gk. *πρωτότυπος*, a prototype; neut. of *πρωτότυπος*, according to the first form. = Gk. *πρωτο-*, for *πρωτος*, first, superl. of *πρω-*, before; and *τύπος*, a type. See **Pro-** and **Type**. ¶ So also, with the same prefix, we have *proto-plasm*, *proto-physic*, &c.

PROTRACT, to prolong. (L.) 'Without longer *protracting* of time'; Hall's Chron., Henry VI. an. 38 § 6; and in Shak. = L. *protract-us*, pp. of *protrahere*, to draw forth, prolong. = L. *prō-*, forth; and *trahere*, to draw; see **Pro-**, **Tra-**, **Portray**. Der. *protraction* (not F.); *protract-ive*, Shak. Troil. i. 3, 20; *protract-or*.

PROTRUDE, to push forward, put out. (L.) In Sir T. Browne, Vulg. Errors, b. iii. c. 20, § 4. = L. *protrudere*, to thrust forth. = L. *prō-*, forth; and *trudere*, to thrust, allied to *F. threat*; see **Pro-** and **Threat**. Der. *protrusion*, coined from L. pp. *protrūsus*; *protrus-ive*.

PROTUBERANT, prominent, bulging out. (L.) 'Protuberant, swelling or puffing up'; Blount's Gloss, ed. 1674. Phillips, ed. 1706, has both *protuberant* and *protuberance*. The rare verb *protuberate* sometimes occurs; see Rich. = L. *protuberāns*, stem of pres. part. of *protuberāre*, to bulge out. = L. *prō-*, forward; and *tuber*, a swelling; see **Pro-** and **Tuber**. Der. *protuberance*.

PROUD, haughty, arrogant. (E; or F?) ME. *prud* (with long *u*), Havelok, 302; Ancien Riwle, p. 176, l. 17; later *proud*, P. Plowman, B. iii. 178. Older form *prut* (with long *u*), Ancien Riwle, p. 276, l. 19; Layamon, 8828 (earlier text; later text, *prout*). AS. *prūt*, proud; a word of which the traces are slight; the various reading *prūte* for *ranene* in the AS. Chron. an. 1006, is only found in MS. F. of the 12th century; see Earle, Two AS. Chronicles, notes, p. 336. It occurs also in the Liber Scintillarum, p. 17, p. 85, and § 46, p. 152; and we find the derived words *prūm*, pride, Mone, Quellen, p. 355, and *prīte* in Ælfric's Homilies, ii. 220, formed by the usual vowel-change from *ū* to *i*; see **Pride**. β. Moreover, we find Icel. *próðr*, proud, borrowed from AS; with which cf. Dan. *prúd*, stately, magnificent. γ. Borrowed (according to Kluge) from OF. *prod*, *pruid* (sem. *prode*, *pruide*), valiant, notable (taken in a bad sense); see further under *pro-ness*. But the occurrence of *prīte* in Ælfric makes this very doubtful. Der. *proud-ly*; also *pride*, q. v.

PROVE, to test, demonstrate, experience. (L.) In old authors, it commonly means 'to test', as 'prove all things', 1 Thess. v. 21. ME. *proven*, *preuen* (with *u* for *v*), P. Plowman, B. viii. 120. A. ix. 115. Older spelling *proehen*, Ancien Riwle, p. 390, l. 22. AS. *prōfian* (below). [Cf. also OF. *prover*, *pruver*, later *prover*, to prove, try, examine, verify, approve, assure, &c.; Cot.] = L. *probāre*, to test, try, examine, orig. to judge of the goodness of a thing. = L. *probus*, good, excellent. β. From the L. *probare* are also derived, not only Port. *provar*, Span. *probar*, Ital. *provare*, but also AS. *prōfian*, Laws of Ine, § 20, in Thorpe's Ancient Laws, i. 116, Du.

proeven, Icel. *prófa*, Swed. *prófa*, Dan. *próve*, G. *proben*, *prohben*. The mod. E. *prove* seems to be due to AS, in which the *o* was arbitrarily lengthened. Der. *provable*, *pro-able*, *provable-ness*; and see *proof*, *probable*, *probation*, *prove*, *probity*, *ap-probation*, *ap-prove*, *dis-ap-prove*, *dis-prove*, *im-prove*, *re-prove*, *re-prive*, *re-probate*.

PROVENDER, dry food for beasts, as hay and corn. (F.—L.) In Shak. Hen. V. iv. 2. 58; Oth. i. 1. 48. The final *r* is an OF. addition. = OF. *provendre* (Godefroy); usually *provende*, 'provender', also a prebendary; Cot., whence ME. *provende*, *provende*, orig. a trisyllabic word. Shak. has also the shorter form *provand*, Cor. ii. 1. 267. The ME. *provende* also meant 'prebend', as in: 'Provende, rent, or dignité'; Rom. of the Rose, 6931. According to Stratmann, *provende* occurs in the sense of 'provender' in Robert Manning's Hist. of England, ed. Furnivall, l. 11188. [In OF. it also has the sense of 'prebend'; see Litttré.] = L. *probenda*, a payment; in Late L. a daily allowance of provisions, also a prebend; Ducange. Fem. of *probendus*, pass. fut. part. of *probare*, to afford, give; see **Prebend**. ¶ Note also ME. *proventure*, which meant 'a prebendary', or person enjoying a prebend. See the passages quoted in Richardson, esp. from Rob. of Brunne, tr. of Langtoft, p. 81, l. 2, p. 210, l. 27. But it also means 'prebend'; as in Trevisa, tr. of Higden, ii. 171.

PROVERB, a short familiar sentence, an adage, a maxim. (F.—L.) ME. *proverbe* (with *u* = *v*), Wyclif, John, xvi. 29. = F. *proverbe*, 'a proverb', = L. *prōverbium*, a common saying, proverb. = L. *prō-*, publicly; and *verbum*, a word. See **Pro-** and **Verb**. Der. *proverb-ial*, from L. *prōverbialis*, formed from *prōverbi-um* with suffix *-ialis*; *proverb-ial-ly*.

PROVIDE, to make ready beforehand, prepare, supply. (L.) In Shak. Com. Errors, i. 1. 81; and in Falgrave. = L. *providere*, to act with foresight, lit. to foresee. = L. *prō-*, before; and *videre*, to see. See **Pro-** and **Vision**. Der. *provid-er*, Cymb. iii. 6. 53. Also *provid-ent*, Skelton, ed. Dyce, i. 11, l. 139, from L. *prōvident-*, stem of pres. part. of *providere*; *provid-ent-ly*; also *provid-ence*, ME. *providence*, Chaucer, tr. of Boethius, b. v. pr. 6, l. 83, from F. *providence*. < L. *prōvidentia*; whence *provident-ial*, *provident-ial-ly*. Also (like L. pp. *prōvis-us*) *provis-ion*, Sir T. Elyot, The Governor, b. ii. c. 12, § 4, from F. *provis-ion* < L. acc. *prōvisiōnem*; *provis-ion*, verb, *provis-ion-al-ly*, *provis-ion-ly*; *provis-or*, ME. *provisour*, P. Plowman, B. iv. 133, from F. *provis-eur*, 'a provider', Cot. < L. acc. *prōvisōrem*; *provis-or-y*, *provis-or-ly*. Also *provis-o*, 1 Hen. IV. i. 3, 78, from the Late L. law-phrase *prōvisio quod* it being provided that, in use A.D. 1350 (Ducange); pl. *provisos*. Doublet, *purvey*; doublet of *provident*, *prudent*.

PROVINCE, a business or duty, a portion of an empire or state, a region, district, department. (F.—L.) ME. *proynce*, *proynce* (with *u* = *v*), Wyclif, Deeds [Acts], xxiii. 34. = F. *province*, 'a province', Cot. = L. *prōvincia*, a territory, conquest. β. Of unknown origin; Bréal says that the primary sense was 'obligation'; possibly from *prō-*, prefix, and *vincire*, to bind. (But see Walde.) Der. *provinci-al*, Meas. for Meas. v. 318; *provinci-al-ly*, *provinci-al-ism*.

PROVISION, **PROVISIO**; see under **Provide**.

PROVOKE, to call forth, excite to action or anger, offend, challenge. (F.—L.) ME. *provoquen*, Prompt. l'arv. = F. *provoquer*, 'to provoke', Cot. = L. *prōvocāre*, to call forth, challenge, incite, provoke. = L. *prō-*, forth; and *vocāre*, to call; allied to *vinc-*, stem of *vincere*, the voice. See **Pro-** and **Vocal**. Der. *provok-ing-ly*; *provoc-ation*, in Fabyan's Chron. vol. i. c. 64, from F. *provocation*, 'a provocation', Cot., from L. acc. *prōvocātiōnem*; *provoc-at-ive*, Henryson, Test. of Creseide, l. 226; *provoc-at-ive-ness*.

PROVOST, a principal or chief, esp. a principal of a college or chief magistrate of a Scottish town, a prefect. (L.) ME. *provost* (with *u* = *v*), Chaucer, tr. of Boethius, b. i. pr. 4, l. 43; *provost*, Rob. of Brunne, tr. of Langtoft, p. 268, l. 7. AS. *prōfost*, Exod. v. 15; *prōfost*, Ælfric, Hom. ii. 172. [Cf. MF. *prevost*, 'the provost or president of a college'; Cot.] = L. *prōpositus*, a prefect; lit. 'one who is set over', pp. of *prōponere*, to set over. = L. *prō-*, before; and *pōnere*, to place. See **Pre-** and **Position**. ¶ In Italian we find both *prevosto* and *preposto*; showing that it is due to the older *p*. Der. *provost-marshal*, *provost-ship*.

PROW, the fore-part of a ship. (F.—L.—Gk.) In Minshew, ed. 1627. = OF. *proué* (mod. F. *proue*), 'the prow, or forepart of a ship'; Cot. [Cf. Ital. *proda*, *prua*.] = L. *prōra*, the prow of a ship; the second *r* disappearing in order to allow the double trill. [Cf. Prov. Span., Port. *proa*, Genoese *prua*.] = Gk. *πρόρα* (also *πρόρα*), the prow; connected with *πρω-*, before; see **Pro-**.

PROWESS, bravery, valour. (F.—L.) Originally 'excellence.' ME. *prooves*, *proewe*, Rob. of Glouc. p. 12, l. 279; p. 112, l. 2418; *pruesse*, King Horn, ed. Lumby, l. 556. = OF. *proesse*, 'pro-ness', Cot.; formed with suffix *-esse* (< L. *-itia*) from OF. *pron*, brave,

mod. F. *preux*, 'hardy, doughty, valiant, full of prowess'; Cot. β. The etym. of OF. *prou* is much disputed; it occurs also in the forms *prod*, *prad*, *proz*, &c., fem. *prode*, *prude*; we also find Prov. *prod*, Ital. *prode*. γ. But, besides the adj. *prou*, we also find a sb. *prou*, formerly *prod*, in the sense of 'advantage'; thus *bon pou leur face*—much good may it do them. This is the common ME. *prou*, meaning profit, advantage, benefit, as in Chaucer, C. T. 12234, 12338 (C. 200, B. 1598). δ. It is certain that *proewe* was used to translate L. *probitas*, and that *prou* was used to translate *probus*, but the senses of the words were, nevertheless, not quite the same, and they seem to have been drawn together by the influence of a popular etymology which supposed *prou* to represent *probus*. But the *d* is very persistent; we still find the form *prod* even in mod. E., and we must observe that Ital. *prode* means both 'advantage' and 'valiant', whilst the F. *prod'homme* simply meant, at first, 'brave man'. ε. It seems best to accept the suggestion that the word is due to the L. prep. *prōd-*, appearing in L. *prōd-esse*, to be useful to, to do good, to benefit. This would also explain the use of OF. *prod*, *prou*, as an adverb. Cot. has: 'Prou, much, greatly, enough'; cf. Kötting, § 7451. See **PRO-** and **PRUDE**.

PROWL, to rove in search of plunder or prey. (Olow G.) 'To prowl for fishes, percontari; To prowl for riches, omnia appetere'; Levins. ME. *prollen*, to search about; Chaucer, C. T. 16880 (G. 1412). 'Prollyn, as ratchys [dogs that hunt by scent], Scratour, Prompt. Parv. 'Prollynge, or skynge, Persecutacio, investigacio, scrutinium'; id. 'Purlyn, idem quod Prollyn'; id. 'I proll, I go here and there to seke a thyng, ie. tracasce. Prollynge for a promocyon, ambition'; Palsgrave. 'Prolle, to search, or prowle about; to rob, poll, or steal; to plunder'; Halliwell. Of uncertain origin. Perhaps, like *plunder*, it meant 'to fish trifles'; from Low G. *prull*, *prulle*, a trifle, thing of small value (Bremen). Cf. Du. *prul*, 'a bawble' (Sewel); *prullen*, 'lumber, luggage, pelf, trumpery, toys' (id.); *prullen-kooper*, a ragman (Calisch); EFries. *prülle*, *prüll*, a trifle.

PROXIMITY, nearness. (F.—L.) Spelt *proximitie* in Minshew, ed. 1627.—F. *proximité*, 'proximity'; Cot.—L. *proximitatem*, acc. of *proximatus*; formed with suffix *-itas* from *proximi*, for *proximus*, very near, which is a superl. form from *prope*, near; see **PROPINQUITY**. Der. Also *proxim-ate*, rather a late word; see ex. in R. and Todd's Johnson, from L. *proximatus*, pp. of *proximare*, to approach, from *proximus*, very near; *proxim-ate-ly*.

PROXY, the agency of one who acts for another; also an agent. (F.—Late L.—L.) 'Vnles the King would send a *proxie*'; Foxe, Martyrs, p. 978, an. 1536 (R.). *Proxy* is merely a contraction for ME. *prokeye*, itself a contracted form of *procuracy*, which is properly an agency, not an agent. 'Procurator is used for him that gathereth the fruits of a benefice for another man; An. 3 Rich. II, stat. 1. cap. 2. And *procuracie* is used for the specialtie whereby he is authorized, ibid.' Minshew, ed. 1627. *Procuracy* is from AF. *procuracie*, Liber Albus, p. 423, l. 1.—Late L. *prōcūrātia*, a late form used as equivalent to L. *prōcūrātor*, a management. Similarly, *proctor* is a contraction for *prōcūrātor*, a manager; see **PROCTOR**. **PROCTORE**. The contracted forms *proctour* and *prockey*, later *proctor* and *procky*, seem to have come into use at the close of the 14th century. Cf. 'Prockey, procuracia; Proketours, Procurator'; Prompt. Parv. Also *prockey*, Palsgrave. It thus appears that the syllable *-ra-* was dropped, whilst *u* was first weakened to *e* and afterwards disappeared.

PRUDE, a woman of affected modesty. (F.—L.) In Pope, Rape of the Lock, l. 63, iv. 74, v. 36; Tatler, no. 102, Dec. 3, 1709.—F. *prude*, orig. used in a good sense, excellent, as in 'prude femme, a chaste, honest, modest matron', Cot. ME. *prude*; from OF. *preuz*, objective case *preu*, valiant, excellent; the etymology of which is discussed under **PROWESS**, q.v. β. The mod. F. *pru'd'homme* arose from misunderstanding the OF. *preu d'homme*; and hence was made a MF. *prude femme*, *prude femme* (for *preu de femme*); whence the fem. form *prude* was evolved. See Hatfield. Der. *pru'd-ish*; *pru'd-ishly*, Pope, Dunciad, iv. 104; *pru'd-ery*, Pope, Answer to Mrs. Howe, l. 1, from F. *pruderie*.

PRUDENT, discreet, sagacious, frugal. (F.—L.) ME. *prudent*, Chaucer, C. T. 12044 (C. 110).—F. *prudent*, 'prudent', Cot.—L. *prudentem*, acc. of *prudens*, prudent. β. *Prudens* is a contracted form of *prudens*; see **PROVIDENT**. Der. *prudent-ly*; *prudence*, ME. *prudens*, Wyclif, 1 Cor. i. 19, from F. *prudens*—L. *prudens*; *prudent-ial*, Blount's Gloss., ed. 1674, coined from L. *prudens*.

PRUNE (1), to trim trees, divest of what is superfluous. (F.—L.) The old form is *pruine*, *pruin*; see ex. of *pruin* in Nares and Jamieson. In Chaucer, C. T. 988; (E 2011), it is said of Damian, when dressing himself up smartly: 'He kembeth him [combs himself], he *pruyneth* him and pyketh,' where the Harl. MS. has *prumeth*. It here means to trim, trick out, adorn. Gascoigne speaks

of *impe*, i.e. scions of trees, which 'growe crookt, bycause they be not *pruyned*,' i.e. pruned; Steel Glas, 458. It was esp. used of birds, in the sense 'to pick out damaged feathers and arrange the plumage with the bill' (Schmidt), Cymb. v. 4. 118; cf. L. L. iv. 3. 183. β. Tyrwhitt, with reference to *pruinen* in Chaucer, says: 'It seems to have signified, originally, to take cuttings from vines, in order to plant them out. From hence it has been used for the cutting away of the superfluous shoots of all trees, which we now call *pruning*; and for that operation, which birds, and particularly hawks, perform upon themselves, of picking out their superfluous or damaged feathers. Gower, speaking of an eagle, says: "For there he *prumeth* him and piketh As doth au hawke, whan him wel liketh;" Conf. Amant. lll. 75; bk. vi. 2203.' γ. Hence the etymology is from OF. *pruigner*, to prune (Godefroy), Norm. dial. *prugner* (Moisy); the same as MF. *pruigner*, 'to plant or set a stocke, stauke, slip, or sucker, for increase; hence to propagate, multiply,' &c.; Cot. Littré gives the Berry forms of *pruigner* as *prugner*, *prugner*, *prominer*. This verb is from the F. sb. *pruin*, 'a slip or sucker planted'; Cot.; OF. *pruvin* (Hatfield); cf. Ital. *propagare*, a vine-sucker laid in the ground.—L. *propagamen*, acc. of *propago*, a layer, sucker. See **PROPAGATE**. Der. *pru-ner*.

PRUNE (2), a plum. (F.—L.—Gk.) In Sir T. Elyot, Castel of Helth, b. ii. c. 7.—F. *prune*, 'a plum', Cot.—L. *prunum*, a plum.—Gk. *ῥοῦνον*, shorter form of *ῥοῦνον*, a plum; *ῥοῦνον*, shorter form of *ῥοῦνον*, a plum-tree. Der. *prun-ella*, or *prun-ella*, Pope, Essay on Man, iv. 204, the name of a strong woollen stuff of a dark colour, so named from *prunella*, the Latinized form of F. *prunelle*, a sloe, dimin. of *prune*. Doublet, *plum*.

PRURIENT, itching. (L.) In Blount's Gloss., ed. 1674.—L. *pruriens*, stem of *prurire*, pres. part. of *prurire*, to itch, on to burn; cognate with F. *freze*, see **FREZE**. Brugmann, l. § 562. Der. *prurience*, *prurient-ly*.

PRY, to search inquisitively. (F.—L.) ME. *pryen*, *frien*, Chaucer, C. T. 3458; P. Plowman, B. xvi. 168; Will. of Palerne, 5019; Pulit. Songs, ed. Wright, p. 222, l. 11.—OF. *prier*, *prer*, *prier*, to pillage [to search for plunder].—Late L. *prūdare*, to plunder, also to investigate; DuCange.—L. *prada*, prey; see **PROY**.

PSALM, a sacred song. (L.—Gk.) ME. *psalm*, frequently *asalm* in very early use, layamon, 23754. AS. *psalm*; see Sweet's AS. Reader.—L. *psalmus*.—Gk. *ψαλμος*, a touching, a feeling, esp. the twirling of the strings of a harp; hence, the sound of the harp, a song, psalm.—Gk. *ψάλλειν*, to touch, twirl, twang; from base PSAL, for SPAL. Perhaps allied to Skt. *spālayati* (with *ā*), to strike, to touch. See Prüllwitz. Der. *psalmist*, Levins, F. *psalmiste* (Cot.), from L. *psalmista*, Late Gk. *ψαλμίστης*; *psalm-ody*, *psalmodie* in Minshew, F. *psalmodie* (Cot.), from Late L. *psalmōdia*, from Gk. *ψαλμῳδία*, a singing to the harp, which is from *ψάλλω*, stem of *ψάλλω*, and *οἶδω*, a song, ode (see **ODE**); *psalmodi-c-ent*, *psalmodist*. Also *psaltery*, q.v.

PSALTERY, a kind of stringed instrument. (F.—L.—Gk.) In Shak. Cor. v. 4. 52. ME. *sautrie*, Chaucer, C. T. 3212.—OF. *psalterie*, in use in the 12th cent; see Littré, s. v. *psalterion*, which is the mod. F. form.—L. *psalterium*.—Gk. *ψαλτήριον*, a stringed instrument.—Gk. *ψάλλω*, a harper; formed from *ψάλλω*, base of *ψάλλω*, to harp; with suffix denoting the agent. See **PSALM**. Der. *psalter*, ME. *sauter*, Hali Meidenhad, ed. Cockayne, p. 3, from OF. *psalter*, 'a psalter, book of psalms', Cot. from L. *psalterium*, (1) a psalter, (2) a song sung to the psalter, the Psalter.

PSEUDONYM, a fictitious name. (F.—Gk.) Modern; not in Todd's Johnson. Borrowed from F. *pseudonym*, used by Voltair, A.D. 1772 (Littré).—Gk. *ψευδώνυμος*, adj., called by a false name.—Gk. *ψεύδο*, for *ψεύδω*, a falsehood (cf. *ψεύδω*, false); and *ὄνομα*, *ὄνομα*, a name. β. The Gk. *ψεύδω* is allied to *ψυδῶς* (base *ψύδω*), false; and to *ψέω*, a lie, orig. a whisper; cf. *ψέω*, to whisper. γ. For the Gk. *ὄνομα*, see **NAME**. Der. *pseudonym-ous*.

PSHAW, interjection of disdain. (E.) 'A peevish howl . . . disturbs all . . . with pishes and pshaws'; Spectator, no. 438 (1712). An imitative word, like *pish*; from the sound of blowing. Cf. also *pooh*.

PSYCHICAL, pertaining to the soul. (L.—Gk.) Modern; formed with suffix *-al* from *psychic*, the Latinized form of Gk. *ψυχικός*, belonging to the soul or like.—Gk. *ψυχή*, the soul, life, orig. breath.—Gk. *ψύχω*, to blow; extended from the base *ψω*, from a *ψ* SPEU, to blow. Der. *psycho-logy*, where the suffix *-logy* = Gk. suffix *-λογία*, from *λόγος*, discourse, which from *λέγω*, to speak; hence, *psycholog-i-c-ally*, *-al-ly*; *psycholog-ist*. Also *met-empsychous*, q.v.

PTARMIGAN, a species of grouse. (Gaelic.) 'The *ptarmigan* grouse' is mentioned in an E. translation of Buffon's Nat. Hist., London, 1792, vol. ii. p. 48. Formerly *termagant*. 'Heath-cocks, capercaillies, and *termagants*,' Taylor the Water-Poet, The Pennilless

Pilgrimage, 1618 (ed. Hindley); cited in Palmer's Folk-Etymology, p. 386. Spelt *termagant* in 1617; Newton, Dict. of Birds, p. 392. The singular spelling *termagant*, with a needless initial *t*, appears in Littré's Dict. — Gael. *tar-machan*, 'the bird termagant'; Irish *tar-machan*, 'the bird called the termagant.' I do not know the sense of the word; the Gael. verb *tar-mach* means 'to originate, be the source of, gather, collect, dwell, settle, produce, beget.' Cf. OIrish *tar-mag-im*, I increase; cognate with *L. mag-nus*, great.

PTERODACTYL, an extinct reptile. (Gk.) Scientific. Coined from Gk. *ptērōn*, a wing; and *dáctulos*, a finger, a digit; from the long digit which helped to spread the wing. Gk. *ptērōn* is from *ptēr-*, weak grade of *√PET*, to fly; and see **Dactyl**.

PUBERTY, the age of full development, early manhood. (F.—L.) Spelt *pubertie* in Minshew, ed. 1627. — *F. puberté*, 'youth,' Cot. — *L. pubertatem*, acc. of *pubertās*, the age of maturity. — *L. pūbes*, the signs of manhood, hair. β. Allied to *pū-pus*, a boy, *pū-pa*, a girl; from *√PEU*, to beget; see **Puppet**, **Pupil**. Der. *pub-esc-ent*, arriving at puberty, from *pubescere*, pres. part. of *pūbescere*, inceptive verb formed from *pub-es*; *pubescence*. Cf. *puerile*.

PUBLIC, belonging to the people, general, common to all. (F.—L.) 'Publicke' took his [its] beginning of people; Sir T. Elyot, The Governour, b. i. c. 1. § 2. And in Palgrave. — *MF. public*, masc. *publique*, fem., 'publick,' Cot. — *L. publicus*, public; (O)Lat. *publicus*, *publico* (in inscriptions). Formed from *populus*, people; see **People**. Der. *public-ly*, *public-house*, *public-ist*, one skilled in public law; *public-i-ty*, a modern word, from *F. publicité*, coined as if from a *L. acc. *publicitatem*. And see *public-an*, *public-ation*, *public-ion*.

PUBLICAN, a tax-gatherer; inn-keeper. (L.) *ME. publican*, Ormulum, 10147; spelt *publiccan* in Wyclif, Luke, iii. 12, where it is used to translate *L. publicanus*, with the sense of tax-gatherer. [The sense of 'inn-keeper' is modern.] — *L. publicanus*, a farmer of the public revenue, from *publicus*, adj., belonging to the public revenue. Extended from *publicus*, public; see **Public**.

PUBLICATION, a publishing, that which is published. (F.—L.) In Shak. Trol. i. 3. 326. — *F. publication*, 'a publication,' Cot. — *L. publicitatem*, acc. of *publicatio*. — *L. publicare*, to make public — *L. publicus*, public; see **Public**.

PUBLISH, to make public. (F.—L.) *ME. publichen*, *publischen*. 'He was ristful, and wolde not *publische* hir;' Wyclif, Matt. i. 19. Also *publiken*, Chaucer, C. T. 8291 (E 415). This is a new formation, conformed to other *E. verbs in -ish*, which are usually formed from *F. verbs in -ir* making the pres. part. in *-issant*. It is founded on *F. publier*, 'to publish,' Cot. — *L. publicare*, to make public — *L. publicus*, public. See **Public**. Der. *publish-er*.

PUCE, the name of a colour. (F.—L.) 'Puce, of a dark brown colour;' Todd's Johnson. — *F. puce*, a flea; *couleur puce*, puce-coloured; Hamilton. Thus it is lit. 'flea-coloured.' The older spelling of *puce* was *pulce* (Cotgrave). — *L. pulcēre*, acc. of *pūlex*, a flea. — Gk. *ψάλλα* (= *ψάλλ-ja*), a flea. ¶ Todd wrongly says that *puce* is the same as *puke*, an old word occurring in Shak. in *puke-stocking*, 1 Hen. IV. ii. 4. 78. Todd also cites 'Cloths . . . puke, brown-blue, blacks' from Stat. 5 and 6 Edw. VI. c. vi. 'Blacks, pukcs, or other sad colours;' Hakluyt, Voy. i. 357. 'That same gowne of puke;' Paston Letters, iii. 153. The form *puke* is difficult to explain; the Picard and Walloon form of *puce* is *puche*. See **Puke**.

PUCK, a goblin, mischievous sprite. (E.) In Shak. Mids. Nt. 1r. ii. 1. 40. *ME. pouke*, P. Plowman, c. xvi. 164, on which passage see my note. It also appears in Richard Coeur de Lion, l. 566, in Weber, Met. Romances, ii. 25. *AS. pūca*, a goblin; 'larbula, *pūca*,' O.K. Glosses, ed. Napier, 23. 2; whence the dimin. *pūcel* (Toller). Hence also were borrowed Irish *pūca*, an elf, sprite, hobgoblin; *W. pūca*, *pūci*, a hobgoblin. — *Ice. pūki*, a wee devil, an imp. See **Pug**.

PUCKER, to gather into folds, to wrinkle. (Scand.) 'Pucker, to shrink up or lie uneven, as some clothes are apt to do;' Phillips, ed. 1706. 'Saccular, to pucker, or gather, or cockle, as some stuffs do being wet;' Florio, ed. 1598. 'He fell down, and not being able to rise again, had his belly puckered together like a sachel, before the chamberlain could come to help him;' Junius, Sin Stigmatised (1639), p. 19; in Todd's Johnson. The allusion is here to the top of a *poke* or bag, when drawn closely together by means of the string; cf. 'to purse up the brows,' from *purse*, sb., and Ital. *saccolare* from *sacco*; and Norm. dial. *pocher*, to crease, to pucker, from *pochē*, a bag (Moisy). A frequentative form due to prov. *E. pook*, *poke*, a bag; from *Ice. poki*, a bag. Cf. Norm. dial. *pouque*, a bag (F. poche). See **Poke** (1). Der. *pucker*, sb.

PUDGING, an intestine filled with meat, a sausage; a soft kind of meat, of flour, milk, eggs, &c. (E.) *ME. pudding*, P. Plowman, B. xiii. 106; *puding*, as a gloss to *lucetum*, Wright's Voc. p. 104

(ab. 1300). The older sense was doubtless 'bag,' from a Tent. base **pud-*, to swell out, similar to **pāt-*, to swell out (see **Pout**). Cf. *AS. pud-uc*, a wen (Toller); and see **Poodle**. Hence also prov. *E. puddle*, short and fat, *poddy*, round and stout in the belly, *pod*, a large protuberant belly (Halliwell). Cf. also *E. pad*, *pod*; see **Pad**, **Pod**. β. The Low G. *pudding* has much the same sense as *E. pudding*; and is clearly related to Low G. *pudder-wurst*, a thick black-pudding, and to *puddig*, thick, stumpy; Westphal. *puddel*, a lump, a pudding. γ. For the parallel base **put-*, cf. Gael. *put*, a buoy, an inflated skin; *W. puting*, a short round body; Corn. *put*, a bag, a pudding; all borrowed from Teutonic. The Irish *putog*, Gael. *putag*, a pudding, are borrowed from *E. pudding*.

PUDDLE (1), a small pool of muddy water. (E.) *ME. podel*, Rob. of Brunne, tr. of Langtoft, p. 54, l. 5. Spelt *poddell* in Palgrave. Dimin. with *E. suffix -el*, from *AS. pudd*, a ditch, a furrow (Toller). Der. *puddle* (2).

PUDDLE (2), to make muddy; to make thick or close with clay, so as to render impervious to water; to work iron. (E.) Shak. has *puddle*, to make muddy or thick, *Com. Err.* v. 173; *Oth.* iii. 4. 143. Hence the various technical uses. From **Puddle** (1). Der. *puddler*, *puddling*.

PUERILE, childish. (F.—L.) In Phillips, ed. 1706. [The sb. *puerility* is in much earlier use, occurring in Minshew, ed. 1627.] — *MF. pueril*, omitted by Cotgrave, but in use in the 16th cent. (Littré); mod. *F. pueril* — *L. puerilis*, boyish. — *L. puer*, a boy, lit. 'one begotten.' — *√PEU*, to beget; cf. Skt. *puta-*, the young of any animal, *putra-*, a son. Der. *pueril-ly*, from *F. puerilité*, 'puerility,' Cot. So also *puer-peral*, relating to child-birth, from *L. puerpera*, fem. adj., child-bearing; from *puer-*, stem of *puer*, a child, and *parere*, to bear, produce, for which see **Parent**.

PUFF, to blow. (E.) *ME. puffen*, Ancien Rowle, p. 272, l. 1. Not found in *AS.*, but the vb. *puffan*, to puff, blow away (in Napier's Glosses) suggests a sb. **puf*; of imitative origin. Cf. *G. puffen*, to puff, pop, strike, *Dan. puff*, to pop, *Swed. puffa*, to crack, to push; also *W. puff*, a puff, a sharp blast, *puffio*, to come in puffs (borrowed from *E.*). Also *G. puff*, a puff; *puff* / interjection, &c. Der. *puff-er*, *puff-ery*, *puff-y*, *puff-i-ly*, *puff-i-ness*. Also *puff-in*, q.v.

PUFFIN, the name of a bird. (E.) 'Puffin, a fowle so called;' Minshew, ed. 1627. 'Puffin, a sort of coot or sea-gull, a bird supposed to be so called from its round belly, as it were swelling and puffing out;' Phillips, ed. 1706. And in Skelton, Phyllyp Sparowe, 454. (The *F. puffin* is borrowed from *E.*) *Puffin Island*, near Anglessea, abounds with these birds, or formerly did so; but the *W. name* for the bird is *pal*. The reason assigned by Phillips is prob. the right one; Webster thinks it is named from its peculiar swelling beak, which somewhat resembles that of the parrot. The suffix is apparently diminutive, answering to *E. -en in kitten*.

PUG, a monkey, small kind of dog. (E.) The orig. sense is 'imp' or 'little demon,' as in Butler, Hudibras, pt. ii. c. 3. l. 635, and in Ben Jonson's play The Devil is an Ass, in which 'Pug, the lesser devil,' is one of the characters. A weakened form of **Puok**, q.v. Cf. *Dan. dial. pugge*, a 'puck,' sprite; and (perhaps) *Dan. dial. pugge*, a toad. 'A pug-dog is a dog with a short monkey-like face;' Wedgwood.

PUGGERY, PUGGERY, a scarf round the hat. (Hind.) From Hind. *pagrī*, a turban (Forbes).

PUGILISM, the art of boxing. (L.) *Pugilism* and *pugilist* are late words, added by Todd to Johnson's Dict. Coined from *L. pugil*, a boxer. Allied to *L. pūg-nus*, Gk. *πύγ-μη*, the fist. And see *pugnacious*.

PUGNACIOUS, combative, fond of fighting. (L.) Rather a late word. R. quotes 'a furious, pugnacious pope as Julius II,' from Barrow, On the Pope's Supremacy. [The sb. *pugnacity* is in Bacon, Adv. of Learning, book II. viii. 4.] A coined word with suffix *-ous* — *L. -issus* from *L. pugnāci-*, decl. stem of *pugnax*, combative. — *L. pugnā-re*, to fight, allied to *pugnus*, the fist; and Gk. *πύγ-μη*, the fist; *πύγ-*, adv., with the fist. Der. *pugnaciously*; also *pugnacity*, from *L. acc. pugnacitatem*. And see *ex-pugn*, *im-pugn*, *op-pugn*, *re-pugn-ant*, *pug-i-ist*, *poni-ard*.

PUISNE, inferior in rank, applied to certain judges in England. (F.—L.) A law term. 'Puisne or *punie*, used in our common law books . . . for the younger; as in Oxford and Cambridge they call Junior and Senior, so at Inns of Court they say *Puisne* and *Ancient*;' Minshew, ed. 1627. The same word as **Puny**, q.v.

PUISSANT, powerful, strong. (F.—L.) In Skelton, ed. Dyce, i. 203, l. 3 from bottom. 'This is so *puissant* an enemy to nature;' Sir T. Elyot, Castel of Helth, b. iii. c. 12. — *F. puissant*, 'puissant, mighty,' Cot. Cf. Ital. *possente*, powerful. β. The Ital. form suggests that the *F. word* is formed from a barbarous *L. type *possens*, for **possens* (stem *possent-*), substituted for the true form *potens*, powerful; see **Potent**. γ. This barbarism was due to confusion

between the pres. part. *potens* and the infin. *posse*, to be able, have power; see **Possible**. Der. *puissant-ly*; *puissance*, Lydgate, Minor Poems, p. 26, from *F. puissance*, power. **Doublet**, *potent*.

PUKE (1), to vomit. (E. 7) In Shak. As You Like It, ii. 7. 144. Prov. E. *puke*, E. D. D. Prob. imitative; and partly suggested by the verb to *spew*, with the same meaning. Cf. G. *spucken*, to spit. See **Spew**, **Spit**; and cf. OF. *esput*, a spitting, L. *spūtare*, to spit.

PUKE (2), the name of a colour; obsolete. (MDu.) Explained by Baret as a colour between russet and black. '*Petoque*, a colour, *pers*,' Palgrave. See Nares and Halliwell; and cf. **Puce** (above), from which it certainly differs. It prob. referred at first to the quality of the cloth; see Privy Expenses of Eliz. of York, pp. 120, 254.—MDu. *puick*, 'wollen cloth,' Hexham; *puick*, pannus laneus, Kilian; Du. *puik*, choice, excellent.

PULE, to chirp as a bird, while like an infant, whimper. (F.) In Shak. Cor. iv. 2. 52; Romeo, iii. 5. 185.—F. *piuler*, 'to peep, or cheep, as a young bird; also, to pule or howl, as a young whelp'; Cot. In Gascon, *pioula*. Cf. Ital. *pigiolare*, to chirp, moan, complain. These are imitative words; cf. L. *pipilare*, to chirp, *pipire*, to chirp.

PULL, to draw, try to draw forcibly, to pluck. (E.) ME. *pullen*, P. Plowman, B. xvi. 73; Allit. Poems, ed. Morris, B. 68. 'And let him there-in *pull*'—and caused him to be thrust into it; lit. and caused (men) to thrust him into it; Legends of the Holy Rood, ed. Morris, p. 60. 'Proh. an E. word; the AS. *pullian* and the pp. *þpullan*, given in Sommer's Dict., are correct forms; *þpullid* is in AS. Leechdoms, i. 362, l. 10. β. We find, also, Low G. *puhlen*, to pick, pinch, pluck, pull, tear, which is the same word; Brem. Wörterb. iii. 372; Dan. dial. *pull*, to pull. Cf. also Low G. *puellen*. To drink in gulps (E. to take a pull). Der. *pull*, sb., Chaucer, Parl. of Fowls, l. 164.

PULLETT, a young hen. (F.—L.) ME. *polette* (with one l). P. Plowman, B. vi. 282.—OF. *polette* (13th cent., Littre), later *polette*, 'a young hen,' Cot. Fem. form of *F. poulet*, a chicken, dimini. of *poule*, a hen.—Late L. *pulla*, a hen; fem. of *pullus*, a young animal, cognate with E. *Foal*, q. v. **Doublet**, *poult*, q. v.

PULLEY, a wheel turning on an axis, over which a cord is passed for raising weights. (F.—L.—Gk.?) Spelt *puiley* in Minshew, ed. 1627; *puiley* in Caxton, tr. of Reynard the Fox, ed. Arber, p. 96, l. 6 from bottom. [But, in the Prompt. Parv., we have the form *poieyne*; and in Chaucer, C. T. 10498 (F. 184), we find *poieyn* (*poive*), rhyming with *dryed* (*drive*). β. The last form is difficult to explain; but we may derive *poieyne* from *F. poulain*, 'a sole, or colt, also the rope wherewith wine is let down into a seller, a pulley-rope,' Cot. 'Par le *poulain* on descend le viu en cave; Kabelaia, Garg. i. 5 (Littre).—Late L. *pullinum*, acc. of *pullinus*, a colt.—L. *pullus*, a young animal; see **Pullet** (above). Cf. Late L. *polimus*, a pulley or pulley-rope. γ. The transference of sense causes no difficulty, as the words for 'horse' or 'goat' are applied in other cases to contrivances for the exertion of force or bearing a strain; thus MF. *poutre*, a filly, also means 'a beam' (Cot.); and *F. chivre*, a goat, also means a kind of crane. The Late L. words for 'colt' are remarkably numerous, including (besides *pullanus*) the forms *pullius*, *pullenus*, *pullitrum*, *palassus*, *poledrus*, *poletus*, *poletus*; also *poletia*, *polina*, a filly.] δ. But the mod. E. *puiley* is from *F. poulie*, 'a pulley,' Cot. OF. *poulie*, *polie*, *polye*, Supp. to Godefroy; cf. Late L. *poledia*, a crane, Ital. *puleggia*, a pulley. Perhaps from Late L. *polidia*, pl. of **polidius*, representing Late Gk. **πολίδιον*, a little colt, dimini. of Gk. *πόλιος*, a colt. Cf. OF. *poutier*, a pulley, answering to Late Gk. *πολιδιον*, a little colt. ¶ Diez derives *F. pulley* from *F. poulie*, and then, conversely, *F. poulie* from *E. pull*; which is very unlikely. G. Paris (*Romania*, July, 1898, p. 486) suggests Gk. **πολίδιον*, dimini. of *πόλιος*, a pivot, axis; see **Pole** (2).

PULMONARY, affecting the lungs. (L.) Mount, Gloss, ed. 1674, has *pulmonarius*, diseased in the lungs. Englished from L. *pulmonarius*, belonging to the lungs, diseased in the lungs.—L. *pulmon*, stem of *pulmo*, a lung. β. The L. *pulmo* is cognate with Gk. *πνεύμων*, more commonly *πνεύμα*, a lung; the change to the latter form being due to association with *πνεύμα*, breath, from *πνέω* (for *πνέω*), to blow. But *pulmo* (for **plumo*?) and Gk. *πνεύμων* are from a root *PLEU*; whence also Lith. *plauzei*, pl. the lungs (Prellwitz). Der. *pulmo-nic*, from L. *pulmonis*, decl. stem of *pulmo*.

PULP, the soft fleshy part of bodies, any soft mass. (F.—L.) '*The pulp* or pith of plants;' Minshew.—F. *pulpe*, 'the pulp or pith of plants;' Cot.—L. *pulpa*, the fleshy portion of animal bodies, pulp of fruit, pith of wood. Der. *pulp-y*, *pulp-ness*; *pulp-ous*, *pulp-ous-ness*.

PULPIT, a platform for speaking from. (F.—L.) ME. *pulpit*, P. Plowman's Crede, ed. Skeat, l. 661; *pulpit*, Chaucer, C. T. 12325

(C. 391).—OF. *pulpite*, 'a pulpit,' Cot.—L. *pulpitum*, a scaffold, platform, esp. a stage for actors.

PULSATE, to throb. (L.) A modern word, directly from L. *pulsatus*, pp. of *pulsare*, to beat. It is no doubt due to the use of the sb. *pulsation*, in Blount's Gloss., ed. 1674, from *F. pulsation*; from L. *pulsationem*, acc. of *pulsatio*, a beating; from the same verb. β. The orig. sense of *pulsare* was simply 'to beat'; it is a frequentative verb, formed from *pulsus*, pp. of *pellere*, to drive. L. *pello* is for **pel-no*; cf. Gk. *πλά-να-μαι*, 'I draw near quickly;' Brugmann, ii. § 612. Der. *pulsat-ion*, as above; *pulsat-ive*, *pulsat-or-y*; *pulse* (1), q. v. From the L. *pellere* we have also *ap-peal*, *peal*, *com-pel*, *dis-pel*, *ex-pel*, *im-pel*, *inter-pell-at-ion*, *pro-pel*, *im-pulse*, *re-peal*, *re-pel*, *re-pulse*; and see *pell* (1), *pursy*, *pulse* (1), *push*.

PULSE (1), a throb, vibration. (F.—L.) *Puls* in Palgrave. ME. *pous* (in which the *i* is dropped), P. Plowman, B. xvii. 66.—F. *pouls*, 'the pulse,' Cot.—L. *pulsus*, acc. of *pulsus*, a beating; also the beating of the pulse, a pulse.—L. *pulsus*, pp. of *pellere*, to drive; see **Pulsate**.

PULSE (2), grain or seed of beans, pease, &c. (L.) ME. *puls*. 'All manner *puls* is goodde, the fitchie outtake'—every kind of pulse is good, except the vetch; Palladius on Husbandry, b. i. l. 723.—L. *puls*, a thick pap or pottage made of meal, pulse, &c., the primitive food of the Romans before they became acquainted with bread (White). Cf. Gk. *πόλτος*, porridge. ¶ Perhaps through the intermediate OF. *pals*, *pous* (Norm. dial. *pous*), porridge; cf. Somerset. *pulse*, pottage. Der. *poultice*, q. v.

PULVERISE, to pound to dust. (F.—L.) '*To pulverate* or to *pulverize*, to beat into dust;' Minshew, ed. 1627.—MF. *pulverizer*, 'to pulverize,' Cot.—Late L. *pulverizāre*, to pulverise; = L. *pulverāre*, to scatter dust, also to pulverise.—L. *pulver*, decl. base of *pulvis*, dust. The suffix *-ize* answers to the usual *F. -iser* (occasional *-izer*), Late L. *-izare*, imitated from Gk. *-ειν*. β. L. *pulsus* is allied to L. *pollis*, *pollen*, fine meal; Gk. *πόλιν*, meal, dust. See **Powder**.

PUMA, a large carnivorous animal. (Peruvian.) 'The American animal, which the natives of Peru call *puma*, and to which the Europeans have given the denomination of lion, has no mane;' tr. of Huflon's Nat. Hist., London, 1792.—Peruvian *puma*.

PUMICE, a hard, spongy, volcanic mineral. (F.—I.) ME. *pomeys*, *pomyce*, Prompt. Parv. [AS. *pumic-stān*, pumice-stone; Voc. 148. 3.] But the ME. *pomyce* is from OF. *pomis* (Godefroy).—L. *pūmicem*, acc. of *pūmicis*, pumice. β. So named from its light, spongy nature, resembling sea-foam. From an Idg. base **spom-*, whence also AS. *fām*, foam; see **Spume**. **Doublet**, *pounce* (2).

PUMMEL, the same as **Pommel**, q. v.

PUMP (1), a machine for raising water. (F.—Teut.) ME. *pumpe*, Prompt. Parv.—F. *pompe*, 'a pump;' Cot. Of Teut. origin.—Low G. *pumpe*, a pump; of which a fuller form is *plumpe*, which is likewise an imitative form. Cf. prov. G. *plumpen*, to pump. The Low G. *plumpen* also means to pump, to fall pump, to move suddenly but clumsily; so that the sense of 'pumping' arose from the plunging action of the piston or, as it is sometimes called, the plunger, esp. when made solid, as in the force-pump. Allied to **Pump** (3), of imitative origin. Cf. prov. E. *plump*, a pump, *plumpy*, to pump (Cornwall); also Du. *pomp*, Swed. *pump*, Dan. *pumpe*, and even Russ. *pompa*, a pump; all borrowed words from Teutonic. Also the imitative forms Spau. and Port. *bomba*, a pump, a bomb; and Hamburg *pümpel*, a piston (Richey). Der. *pump*, verb; spelt *pumpe* in Palgrave.

PUMP (2), a thin-soled shoe. (F.—L.—Gk.) In Shak. Mids. Nt. Dr. iv. 2. 37; explained by Schmidt to mean 'a light shoe, often worn with ribbons formed into the shape of flowers.' So called because worn for 'pomp' or ornament, by persons in full dress.—F. *pompe*, 'a pomp, state, solemnity, magnificence, ostentation; a *piéd de plomb* et de *pompe*, with a slow and stately gait' [gait]; Cot. The use of this MF. proverb connects the word particularly with the foot and its ornament. Cf. Low G. *pump*, pump; whence *pump-boxe*, old-fashioned large stockings (Bremen). See further under **Pomp**.

PUMPKIN, a kind of gourd. (F.—L.—Gk.) Spelt *pumkin* in W. Dampier, A New Voyage (1699), i. 203. The form *pumkin* is a corruption from the older word *pompion* or *pumpion*, in which the suffix, not being understood, has been replaced by the F. dimin. suffix *-kin*. *Pumpion* is in Shak. Merry Wives, iii. 3. 43. Better *pompion*, as in Holland, tr. of Pliny, b. xix. c. 5.—MF. *pompion*, 'a pumpkin, or melon;' Cot. [Ital. *porpoca* (Florio).] Formed, with inserted *m*, from L. *peponem*, acc. of *pepo*, a large melon, pumpkin.—Gk. *πέπων*, a kind of melon, not eaten till quite ripe.—Gk. *πέπων*, cooked by the sun, ripe, mellow; from the base *πείω*, seen in *πέπων*, to cook; see **Cook**, and **Pip** (2).

PUN, to play upon words. (E.) 'A corporation of dull *punning* drolls;' Dryden, Art of Poetry, l. 358. The older sense of *pun* was to pound, to beat; hence to *pun* is to pound words, to beat them

into new senses, to hammer at forced smiles. 'He would *pun* thee into shivers with his fist;' Shak. Troil. II. 1. 42; and see Nares. *Pun* is a dialect form of *pound*, to bruise; see **Pound** (3); cf. Swed. dial. *punna*, to slap one playfully; *punn*, a playful slap on the back (Rietz). Der. *pun*, sb., Spectator, no. 61; *pun-in*; *punster*, Guardian, no. 29, a coined word, like *trickster*.

PUNCE (1), to pierce or perforate with a sharp instrument. (F.-L.) 'Punch, or *Punching-iron*, a shoemaker's tool to make holes with;' Phillips, ed. 1706. In Shak. Rich. III. v. 3. 125. ME. *punchen*, to prick; see Prompt. Parv. This verb seems to have been coined from the older sb. *punchion* or *punchon*, spelt *punchon* in Prompt. Parv., denoting the kind of awl used for punching or perforating; shortened to *punche*, spelt *ponche*, Wills and Invent., i. 365 (1572). See further under **Punchion** (1). Der. *punch*, a kind of awl, as above. Distinct from *punch* (2), q.v.

PUNCH (2), to beat, bruise. (F.-L.) In the phrase 'to *punch* one's head', the word is not the same as *punch* (1), but is a mere abbreviation of *punish*. In fact, 'to *punish* a man about the head' has still the same meaning. This is clearly shown by the entries in the Prompt. Parv., p. 416. '*Punchyn*, or *chastysyn*, *punysken*, *Punio*, castigo'; and again, '*Punchynge*, *punyskinge*, *Punicio*.' So also: '*Punchyht* me, Lorde,' i.e. *punish* me; Cov. Myst. p. 75. See **Punish**. ¶ For the suppression of the *i* in *punish*, cf. ME. *punshen*, to polish, P. Plowman, A. v. 257, foot-notes; and *vanshen*, to vanish, id. C. xv. 217. In the present instance, *punchen* was readily suggested by the like-sounding word *bunchen*, with much the same sense. Hence the entry: '*Punchyn*, or *bunchyn*, Trudo, tundo;' Prompt. Parv.

PUNCH (3), a beverage composed of spirit, water, lemon-juice, sugar, and spice. (Hindi-Skt.) '*Punch*, a strong drink made of brandy, water, lime-juice, sugar, spice, &c.;' Phillips, ed. 1706. Wedgwood cites two most interesting quotations. 'At Nerule is made the best arrack or Nepo da Goa, with which the English on this coast make that enervating liquor called *punches* (which is Hindostan for five) from five ingredients;' Fryer, New Account of East India and Persia, 1697. 'Or to drink *palepantz* (at Goa) which is a kind of drink consisting of aqua-vitæ, rose-water, juice of citrons, and sugar; Olearius, Travels to the Grand Duke of Muscovy and Persia, 1669. It was introduced from India, and apparently by the way of Goa; and is named from consisting of five ingredients. — Hindi *punch*, five; Bate's Dict., 1875, p. 394; cf. Hindustani *panj*. — Skt. *pancha*, five, cognate with E. *five*; see **FIVE**. ¶ Perhaps it is interesting to observe that, whereas we used to speak of four elements, the number of elements in Sanskrit is *five*; see Henfey, p. 658, col. 2, l. 5; cf. Skt. *panchakva*, the five elements; *panchakro*, consisting of five. It is, at any rate, necessary to add that the Hindi and Skt. short *a* is pronounced like E. *u* in *mud* or *punch*; hence the E. spelling. See **Punch** in Yale.

PUNCH (4), a short, hump-backed fellow in a puppet-show. (Ital.-L.) In this sense, *Punch* is contraction of *Punchinello*. In the Spectator, no. 14, the puppet is first called *Punchinello*, and afterwards *Punch*. '*Punch*, or *Punchinello*, a fellow of a short and thick size, a fool in a play, a stage-puppet;' Phillips, ed. 1706. The pl. *Punchinellos* occurs twice in Butler, Sat. on our Imitation of the French, II. 26, 99; it occurs as early as A.D. 1666 (Nares). β. *Punchinello* is corruption of Ital. *punchinello*, by the change of *i* to *u* (cf. *Palermo* from L. *Panormus*); and the *u* sound of *chi* corresponds to Ital. *ci*. *Punchinello* was a character in Neapolitan comedy representing a foolish peasant who utters dull truths (Scheler); Baretti and Meadows only give the fem. *punchella*, 'punch, buffoon of a puppet-show.' These are dimin. forms of Ital. *punchino*, 'a young chicken,' Florio; fem. *punchina*. The latter form is from the same source (with a different suffix) as Ital. *pulella*, a girl, maiden (F. *pucelle*), and all the words are from L. *pullus*, the young of any animal, whence also F. *poule* (from Late L. *pulla*), a young hen. Thus the lit. sense of Ital. *punchinello* is 'little chicken.' See further under **Pullet**. ¶ Perhaps the E. form is due to confusion with prov. E. *punch*, short, fat, *punchy*, pot-bellied (Halliwell); words which are prob. closely connected with **Bunuch**, q.v. 'Did hear them call their fat child *Punch*, . . . a word of common use for all that is thick and short;' Peppys' Diary, Apr. 30, 1669. In the phrase 'Punch and Judy,' *Judy* is the usual abbreviation from *Judith*, once common as a female name.

PUNCHION (1), a steel tool for stamping or perforating; a punch. (ONorth-F.-L.) Our mod. sb. *punch* is a familiar contraction of *punchion*, which occurs rather early. ME. *punchon*, Prompt. Parv. *Puncheon*, a dagger, occurs in Barbour's Bruce, i. 545; see my note on the line. ONorth-F. *punchon* (Supp. to Godefroy, s.v. *poignon*), also *punchon* (as in mod. Norman dial.); corresponding to OF. *poignon*, MF. *poinson*, 'a bodkin, also a punchion, also a stamp, mark, print, or seal;' Cot. Mod. F. *poignon*; cf. Gascon *pouncheon*

(Moncaut), Prov. *pouncheon* (Mistral), Span. *punzon*, a punch; Ital. *punzione*, 'a bodkin, or any sharp pointed thing, also a piece [wine-vessel], a barrel,' Florio. — L. *punctionem*, acc. of *punctio*, a pricking, puncture; Diez remarks that this sb., which in L. is feminine, changes its gender to masc. in F., &c., whilst changing its sense from 'pricking' to the concrete 'pricking-instrument.' Allied to *punctus*, pp. of *pungere*, to prick; see **Pungent**. Der. *punch* (1). And see below.

PUNCHEON (2), a cask, a liquid measure of 84 gallons. (ONorth-F.-L.) 'Butte, pipe, *punchoon*, whole barrell, halfe barrell, firken, or other caske;' Itaklyt's Voyages, vol. i. p. 273. — ONorth-F. *punchon* (see Norm. dial. *punchon* in Moisy, OF. *poignon* in Supp. to Godefroy); MF. *poinson*, 'a wine-vessel;' Cot. β. It is not certain that OF. *poignon*, MF. *poinson*, a bodkin, and *poinson*, a cask, are the same word. It is gen. supposed that they are quite distinct, owing to the wide difference in sense. But I am inclined to think that F. *poignon* remains the same word in all its senses, the wine-vessel being so named from the 'stamp, mark, print, or seal' upon it, the stamp being produced by a *punchion* or stamping-instrument. That is, I regard **Punchion** (2) as identical with **Punchion** (1). Cf. Mital. *punzione*, 'a bodkin, barrel, hoghead for wine, goldsmith's pounce, little stamp;' Florio.

PUNCHINELLO, the same as **Punch** (4), q.v.

PUNCTATE, PUNCTATED, punctured. (L.) A botanical term. Coined with suffix *-ate* (= L. *-atus*) from L. *punctum*, a point, dot. See **Puncture, Pungent**.

PUNCTILIO, a nice point in behaviour. (Span.-L.) 'Your courtier practice, is he that is yet in his path, his course, his way, and hath not touched the *punctilio* or point of his hopes;' Ben Jonson, Cynthia's Revels, Act II. sc. 1 (Amorphus). Rather from Span. *puntillo*, a nice point of honour, than from the equivalent Ital. *puntiglio*. In fact, the word is spelt *punctilio* in Blount's Gloss., ed. 1674. The *c* is an E. insertion, due to confusion with *punctate*, &c. The *li* represents the sound of the Span. *li*. β. Span. *puntillo* is a dimin. of *punto*, a point. — L. *punctum*, a point; see **Point**. Der. *punctilious*, *ly*, *-ness*.

PUNCTUAL, exact in observing appointed times. (F.-I.) Minshew, ed. 1627, has *punctual* and the sb. *punctualitie*. See Trench, Select Glossary. — F. *punctuel*, 'punctual,' Cot. — Late L. *punctualis*, not recorded; but the adv. *punctualiter*, exactly, occurs A.D. 1440; Ducauge. — L. *punctus*, for *punctum*, a point, with suffix *-alis*. (Perhaps *punctalis*, from the stem *punct-*, would have been more correct.) See **Point**. Der. *punctual-ly*, *punctual-ly*.

PUNCTUATE, to divide sentences by marks. (L.) A modern word; added by Todd to Johnson's Dict. Suggested by F. *punctuer*, 'to point, mark or distinguish by points;' Cot. — Late L. *punctuare*, to determine, define. Formed from L. *punctus*, for *punctum*, a point; see **Point**. (Perhaps *punctate*, from the stem *punct-*, would have been a more correct form.) Der. *punctuat-ion*, from F. *punctuation*, 'a pointing;' Cot.

PUNCTURE, to prick, to make a prick, small hole made with a sharp point. (L.) 'Wounds and *punctures*;' Sir T. Browne, Vulg. Errors, b. ii. c. 3. § 28. ME. *puncture*, Lanfrank, Science of Chirurgie, p. 16, l. 9. — L. *punctura*, a prick, puncture. Allied to *punctus*, pp. of *pungere*, to prick; see **Pungent, Point**. Der. *puncture*, verb.

PUNDIT, a learned man. (Skt.) Not in Todd's Johnson. — Skt. *pandita* (with cerebral *n* and *d*), adj., learned; sb. a wise man, scholar. — Skt. *pundh*, to heap up or together. ¶ The E. *n* represents Skt. short *a*, as in **Punoh** (3).

PUNGENT, acid to taste or smell, keen, sarcastic. (L.) In Phillips, ed. 1706. *Pungency* occurs earlier, in Blount's Gloss., ed. 1674. — L. *pungent*, stem of pres. part. of *pungere*, to prick, pt. t. *pu-pug-i*, pp. *pungens*, from the base PEUG, to prick. See **Point**. Der. *pungent-ly*, *pungency*. From the L. *pungere* we also have *point*, with its derivatives; also *punctate*, q.v., *punct-ilo*, q.v., *punct-u-al*, q.v., *punct-u-ate*, q.v., *punct-u-re*, q.v. Also *com-punctio*, ex-*punctio*, *pounce* (1), *punch* (1), *punchoon* (1). Doublet, poignant.

PUNISH, to chasten, chastise. (F.-L.-Gk.) ME. *punischen*, P. Plowman, R. iii. 78. — F. *puniss-*, stem of pres. part. of *punir*, to punish. — L. *pūnīre*, to punish, exact a penalty; OLat. *poenire*. — L. *poena*, a penalty. — Gk. *poenē*, a penalty; whence E. **Pain**, q.v. Der. *punish-able*, from F. *punissable*, 'punishable,' Cot.; *punishment*, L. L. iv. 3. 63, a coined word, substituted for ME. *punicion* (spelt *punyscion* in Berners, tr. of Froissart, v. ii. c. 39), which is from F. *punition*, 'a punishment,' Cot., from L. acc. *pūnitionem*. Also *punish-er*; and (from L. *pūnīre*) *im-punity*. And see *penance, penitence, punch* (3).

PUNK, a prostitute. (Low G.) In Shak. Merry Wives, ii. 2. 141. Cotgrave explains F. *gouge* as 'a souldier's pug, or punk.' Evidently a slang word, and probably imported by soldiers from the Low Countries. According to the Bremen Wörterbuch, it may have

come (ultimately) from Bremen; for *Punken-diek* was the name of a dike, with houses near it on the river Weser, in the eastern suburb of Bremen, which was formerly notorious for evil-livers; whence probably the F. word *punk*. (According to Schmeller, the Bavarian word *punken* meant a kind of cabbage.)

PUNKAH, a large fan. (Hind.—Skt.) Hind. *pankhā*, a fan; allied to *pankh*, a wing, feather; Forbes.—Skt. *pankha*, a wing. Cf. Pers. *pankan*, a sieve, a fan; Rich. Dict. p. 338.

PUNT (1), a ferry-boat, a flat-bottomed boat. (L.—C.) 'Ulysses in a punt, or small bottom'; Holland's Pliny, bk. 35, ch. x. p. 537 a. AS. *punt*; 'Pontonium, *punt*'; Voc. 166, 2; 'Caudex, *punt*'; Voc. 181, 31. (Caudex means a boat hollowed out of a tree.) Abbreviated from *L. pons*, a punt, Caesar, Bellum Civile, iii. 29; also, a pontoon. Of Celtic origin; Celt. type **pontos*; Stokes-Fick, p. 62. Given by Caesar as a Gaulish word.

PUNT (2), to play at the game of cards called basset. (F.—Span.—L.) 'I would *punt* no more'; Pope, The Basset-table, l. 68. 'Punter, a term used at the game of cards called basset'; Phillips, ed. 1706.—F. *fonte*, 'a punter; a punt'; also *punter*, 'to punt'; Hamilton. Hatfield gives *F. pante* as a term in the game of *ombré*, meaning an ace of hearts or diamonds.—Span. *punto*, a point, also, a ply at cards.—L. *punctum*, a point; see **Point**. ¶ Perhaps immediately from Spanish.

PUNY, small, feeble, inferior in size or strength. (F.—L.) In Shak. Rich. II. iii. 2, 86; also *puny*, As You Like It, iii. 4, 46. And see Trench, Select Glossary.—AF. *puné*, Year-books of Edw. I. i. 83; spelt *puine*, iii. 317; MF. *puinot*, 'puny, younger, born after'; Cot. Mod. F. *puiné*, younger. Thus the lit. sense is 'born after'; hence, younger, junior, inferior.—L. *post natus*, born after. See **Posterior** and **Natal**. Doublot, *puinot*, q.v.

PUPA, a chrysalis. (L.) A scientific term.—L. *pupa*, a girl, doll, puppet; hence, the sense of undeveloped insect. Fem. of *pupus*, a boy, child. Allied to *pupus*, *puer*, a boy; from **PEU*, to beget; see **Puerile**. Der. *pup-ill*, *pup-let*, *pup-py*.

PUPIL (1), a scholar, a ward. (F.—L.) In Spenser, F. Q. ii. 8, 7.—MF. *pupile*, 'a pupill, ward'; Cot. Mod. F. *pupille*. Properly a masc. sb.—L. *pupillum*, acc. of *pupillus*, an orphan-boy, orphan, a ward; dimin. from *pupus*, a boy; see **Pupa**. Der. *pup-ill-age*, Spenser, Verses to Lord Grey, l. 2; *pup-ill-ary*, from F. *pupillaire*, 'pupillary'; Cot., L. *pupillaris*, belonging to a pupil. Also *pupil* (2).

PUPIL (2), the central spot of the eye. (F.—L.) Spelt *pupill* in Bacon, Nat. Hist. § 868.—F. *pupille*, the pupil (Hatfield). A fem. sb. which distinguishes it from the word above.—L. *pupilla*, a little girl; also, the apple of the eye, or pupil. Fem. of *pupillus*; see **Pupil** (1). ¶ The name seems to be due to the small images seen in the pupil; cf. the OE. phrase 'to look babies in the eyes.'

PUPPET, a small doll, little figure. (F.—L.) ME. *poiet*, King Alisaunder, l. 235; Chaucer, C. T. 13631 (B 1891).—OF. *poupette*, Godefroy; MF. *poupette*, 'a little baby, puppet'; Cot. Dimin. from L. *puppa*, a doll; variant of *pupa*; see **Pupa**.

PUPPY, (1) a whelp; (2) a dandy. (F.—L.) 1. In Shak. (Oth. i. 3, 341; a *puppy-dog*, K. John, ii. 460. Here (as in *lev-y*, *jur-y*) the final *y* answers to F. *-ie*,—F. *poupée*, 'a baby, a puppet'; Cot. Here, by 'baby,' Cotgrave means a doll; but it is clear that in E. the word was made to mean a lap-dog; cf. 'smale ladies *pupis*'; Book of St. Alban's, fol. f. 4, back. The F. *poupée* (as if from *L. *puppāda*) is due to L. *pupa*; see **Puppet**. 2. In the sense of 'dandy,' *puppy* occurs in the Guardian (Todd's Johnson). This is the same word, used in contempt, as in Henry VIII, v. 4, 30; perhaps affected by the MF. *poupin* or *popin*, 'spruce, neat, trimme, fine'; Cot. Cf. *se popiner*, 'to trimme or trick up himself'; id.; mod. F. *faire le poppin*, to play the fop. This word answers to a Late L. **puppinus* (not found), and is a derivative from L. *pupus*, a boy. Der. *pup-py-ism*. Also *pup*, which is an abbreviation for *puppy*; whence *pup*, verb, formerly *puppy*, as in Holland, tr. of Pliny, b. xxx. c. 14.

PUR, prefix. (F.—L.) E. *pur* answers to OF. *pur*, F. *pour*, prefix, which is the F. prep. *pour*, for, a curious variation of L. *pro*, for. Thus *pur* and *pro* are equivalent; and words like *purvey* and *provide* are mere doublets. ¶ In the word *pur-blind*, the prefix has a different value.

PURBLIND, nearly blind. (Hybrid; F.—L., and E.) This word has suffered a considerable change of sense, almost parallel to the strange change in the case of **Farbold**, q.v. The orig. sense was *wholly blind*, as in Rob. of Glouc., p. 376, l. 7773: 'Messolde pulte oute boje is eye, and makeye him *pur blind*.'—they should put out both his eyes, and make him quite blind. See Spec. of Eng. ed. Morris and Skeat, p. 14, l. 390. Sir T. Elyot writes *poriblynde*, The Governour, b. iii. c. 3, § 3; so also in Levins. In Wyclif,

Exod. xxi. 26, the earlier version has *pure blynde*, where the later has *oon i3ed* (i.e. one-eyed), and the Vulgate has *luscus*. So also '*pur-blynde*, luscus.' Prompt. Parv. Even in Shak. we have both senses: (1) *wholly blind*, L. L. iii. 181, Romeo, i. l. 12; and (2) *partly blind*, Venus, 679; Hen. VI. ii. 4, 21. β. It is clear that '*wholly blind*' is the orig. sense, and that which alone needs an etymology; whilst '*partly blind*' is a secondary sense, due perhaps to some confusion with the verb *to pore*, as shown by the spelling *porblind*; or to a mistaken derivation from Gk. *ωπός*, blind. *Porblind* or *pure-blind*, i.e. *wholly blind*; see **Pure** and **Blind**. For the use of *pure* as an adv., cf. '*pure for his love*'—merely for his love, Tw. Nt. v. 86. Der. *purblindly*, *purblindness*.

PURCHASE, to acquire, obtain by labour, or by payment. (F.—L.) ME. *purchacen*, *purchacen*, Rob. of Glouc. p. 16, l. 260; Chaucer, C. T. 610 (A 608). The usual sense is 'to acquire.'—OF. *purchacier*, later *pourchacier*, 'eagerly to pursue, . . purchase, procure'; Cot.—OF. *pur*, F. *pour*, for, and *chasser*, to chase. Formed after the analogy of F. *pour-suivre* (Scheler). See **Pur** and **Chase**; also **Pursue**. Der. *purchase*, sb., ME. *purchas*, *pourchas*, Chaucer, C. T. 258 (A 256), from OF. *purchas*, later *pourchus*, 'eager pursuit'; Cot.; *purchus-er*, *purchas-able*.

PURE, unmixed, real, chaste, mere. (F.—L.) ME. *pur*, Rob. of Glouc., p. 8, l. 184; where it rhymes with *far-er*, fire. Pl. *puré* (disyllabic), Chaucer, C. T. 1281 (A 1279)—F. *pur*, masc., *pure*, fem., 'pure'; Cot.—L. *pūrus*, acc. of *pūrus*, pure, clean.—**PEU*, to purify, cleanse; cf. Skt. *pā*, to purify; see **Fire**. Der. *pure-ly*, *pure-ness*; *pur-it*, *pur-ism* (coined words); and see *pour*, *purge*, *pur-ify*, *pur-it-an*, *pur-it-y*, *surge*. From the same root, *fire*, *bureau*, *com-pute*, *de-pute*, *dis-pute*, *im-pute*, *re-pute*, *am-put-ate*, *de-pul-y*, *count* (2), &c.

PURPLE, the older form of *pur*; see **Pur** (3).

PURGE, to purify, clear, carry away impurities. (F.—L.) ME. *purgen*, Chaucer, C. T. 14953 (B 4143)—F. *purger*, 'to purge'; Cot.—L. *purgare*, to cleanse, purge. β. L. *purgare*=*pūrigare* ('*pūritus* has *expurgāre*); from *pū-*, stem of *pūrus*, pure, and *-ig-*, weakened form of *ag-* (*ag-ere*), to do, make, cause. See **Pure** and **Agent**. Der. *pur-gat-ion*, ME. *purgacioun*, Wyclif, Heb. i. 3, from F. *purgation*<L. acc. *purgātiōnem*, from *purgare*; *pur-gat-ive*, orig. adj., Mach. v. 3, 55, from *L. purgātivus*; *pur-gat-or-y*, ME. *purgatorie*, Ancrer Riwele, p. 126, l. 8, from F. *purgatoire* (of which an older form was prob. **purgatorie*), which from L. *pūgā-tōrius*, adj., cleansing, purifying; *pur-gat-or-i-al*; *pur-g-ing*, sb., *expurg-ate*. And see *surge*.

PURIFY, to make pure. (F.—L.) ME. *purifien*, Wyclif, Deeds (Acts), xxi. 26.—F. *purifier*, 'to purify'; Cot.—L. *pūrificāre*, to make pure.—L. *pūri-*, for *pūrus*, pure; and *-fic-*, for *-fac-* (*facere*), to make. Der. *pur-ify-er*, *pur-ify-ing*; also *purific-ation*, ME. *purificacioun*, Wyclif, John, iii. 25, from F. *purification*, from *L. acc. purificātiōnem*; *purific-it-or-y*, a coined word, as if from a L. adj. **purificātorius*.

PURIM, an annual Jewish festival; the feast of lots. (Heb.—Pers.) In Esther, iii. 7; ix. 26.—Heb. *purim*, lots; pl. of *pūr*, a lot. Of Pers. origin (Gesenius).

PURITAN, one who pretends to great purity of life. (L.) The name was first given, about A.D. 1564, to persons who aimed at greater purity of life, &c., than others (Haydn). Frequently in Shak. All's Well, i. 3, 56, 98; Tw. Nt. ii. 3, 152, 155, 159; Wint. Tale, iv. 3, 46; Pericles, iv. 6, 9. A barbarous F. formation, with suffix *-an* (—L. *-ānus*), from the word *purit-y* or the L. *pūrit-ās*. See **Purity**. Der. *Puritan-i-cal*, *Puritan-ism*. ¶ The F. *puritain* is borrowed from E.

PURITY, the condition of being pure, pureness. (F.—L.) ME. *pureté*, Ancrer Riwele, p. 4, l. 21; the *e* (after *r*) was afterwards altered to *i*, to bring the word nearer to the L. spelling.—F. *pureté*, 'purity'; Cot.—L. *pūritatem*, acc. of *pūritas*, purity; formed with suffix *-itas* from *pūri-*, for *pūrus*, pure; see **Pure**.

PURL (1), to flow with a soft murmuring sound. (Scand.) 'A pipe, a little moistened, . . maketh a more solemne sound, than if the pipe were dry; but yet with a sweet degree of sillabation, or *purling*.' Bacon, Nat. Hist. § 230. The word is rather Scand. than E., being preserved in Norw. *purla*, to well up, MSwed. *porla* (Ihre), Swed. *porla*, to purl, bubble as a stream. β. But it is merely a frequentative form, with the usual suffix *-l* from the imitative prov. E. word *purr* or *purr*, for which see **Purr**. Cf. Irish and Gael. *bururua*, a purling noise, a gurgling; Du. *borrelen*, to bubble up, Low G. *burreln*, *purreln*, to bubble up, AS. *bur-nan*, a well; see **Bourn** (2). ¶ *Purl*, to curl, Shak. Lucr. 1407, is from the rippling of a purling stream.

PURL (2), spiced or medicated beer or ale. (F.—L. ?) 'Purl, a sort of drink made of ale mingled with the juice of wormwood'; Phillips, ed. 1706. 'A double mug of *purl*;' Spectator, no. 88.

But I suppose the spelling to be a mistaken one, due to confusion with **PURL** (1). It should surely be *pearl*, from *F. perle*, a pearl; see **PEARL**. See *perle*, adj., and *perler*, verb, in Littré. The word was a term in cookery; thus *suers perle* is sugar boiled twice; *bouillon perle*, jelly-broth (Hamilton). So also *D. parden*, *paarden*, to pearl, sparkle, rise in small bubbles, like pearls (Callach); *G. perlen*, to rise in small bubbles like pearls, to pearl (Rügel); *perle*, a pearl, drop, bubble. Hence *purl*, a drink with bubbles on the surface.

PURL (3), to form an edging on lace, to form an embroidered border, to invert stitches in knitting. (*F.*—*L.*) 'Needlework *purl*ed with gold; ' An Eng. Garner, ed. Arber, ii. 37 (1532). Just as the word above should be spelt *pearl*, it is found, conversely, that the present word is often misspelt *pearl*; by the same confusion. It is a contraction of the old word to *purgle*, to embroider on an edge. 'Purled with gold and pearl of rich assay;' Spenser, *F. Q. i.* 2. 13. *ME. purllen*, Chaucer, *C. T.* 193.—*OF. porflier*, later *pourflier*. 'Pourflier dor, to purfle, tinsel, or overcast with gold thread, &c.;' Cot.—*OF. por*, *F. pour*, from *L. prō*, from which is often confused, as Scheler remarks, with *F. par*, *L. per*, throughout, and such seems to be the case here; and *F. filer*, to twist threads, from *fil*, a thread. See **PUR** and **FIL** (1). ¶ Cotgrave also gives *MF. purlin* in the sense of *profile*; *profile* and *purl* (3) are really the same word, the difference in sense being due to the peculiar use of the *F. prefix pour* as if it were *L. per*. To *purl* is 'to work along an edge,' or 'to overcast all along with thread.' Doublet, *profile*.

PURL (4), to upset. (*E.*) A slang term; a huntsman who is thrown off his horse is *purl*ed or *spilt*. Prov. *E. pirl*, to spin round, to tumble; *E. D. D.* *Purl* should rather be *pirl*; from *ME. pirl*, a whirling, formed by the frequentative suffix *-l* from the imitative word *pirl*, to whirl. So also *Ital. pirla*, a whipping-top; *pirlare*, to twirl round; Florio. Allied to **PURL** (1).

PURLEU, the borders or environs of any place (orig. only of a forest); esp. when used, as is usual, in the plural. (*F.*—*L.*) 'In the forests of all that ground near any forest, which being made forest by Henry II, Rich. I, or King John, were, by perambulations granted by Henry III, severed again from the same; Manwood, par. 2 of his *Forest Laws*, cap. 20. And he calleth this ground either *pourelles*, i.e. *perambulationem*, or *purlieu* and *purluy*, which he saith, he but abusively taken for *pourelle*;' Minshew, ed. 1627. Manwood's definition is: '*Purlieu* is a certain territory of ground adjoining unto the forest, inclosed [marked] and bounded with immovable marks, meeres, and boundaries;' Keed's note on *As You Like It*. '*Purlieu*—land which having once been part of the royal forest has been severed from it by perambulation (*pourelle*, *OF. purlieu*) granted by the crown. The preamble of 33 Edw. I. c. 5 runs: "Cume aucune gentz que sont mys hors de forest *par la purlieu*, . . . aient requis a cest parlement qu'ils soient qu'ils, des choses que les foresters leur demandent." In the course of the statute mention is made of "terres et tenements deaforestes *par la purlieu*." These [lands] would constitute the *purlieu*. A *purlieu-man* or *purlieu-man* is a man owning land within the purlieu, licensed to hunt on his own land; 'Wedgwood. β. It is thus clear that *purlieu* was 'land set free' from the forest laws, and hence called *pur lieu* (*L. purlieu* *locus*). γ. The perambulation itself was denoted by the *OF. purlieu* or *poralle*. This *OF. purlieu* appears to be a mere translation of *L. perambulationem*, by that confusion whereby *OF. pur* (*F. pour*), though really answering to *L. prō*, is made to do duty for the *L. per*, as in several instances noted by Scheler. See **AF. purlieu** (to translate *perambulation*) in *Liber Custumarum*, p. 197; from *OF. pur*—*L. prō*; and *OF. ales*, a going, for which see **ALLEY**. **PURLOIN**, to steal, plagiarise. (*F.*—*L.*) In Shak. *Lucrece*, 1651. *ME. purloynen*; the pp. is ill spelt *perloyned* in the *York Plays*, p. 271. Cf. *ME. purloynen*; *Purlongyn*, or *pralongyn*, or *put for away*, *Prolongo*, alieno; 'Prompt. Parv. Thus the orig. sense is simply to prolong, put away, keep back, or remove. [Cf. *OF. eloigner*, (<*L. elongare*), 'to remove, banish, drive, set, put, far away; Cot.]—*OF. porloignier*, *purlaignier*, to prolong, retard, delay; Godfrey.—*L. pralongare*, to prolong; to prolong. Der. *purlain*—*er*. Doublet, *prolong*.

PURPLE, a very dark-red colour. (*F.*—*L.*—*Gk.*) In Spenser, *F. Q. i.* 2. 7. For *ME. purple*, by change of *r* to *l*, as in *ME. marbre*, now *marble*, and in *Molly*, *Dolly*, for *Mary*, *Dorothy*. The *ME. purple* is in early use, occurring in Layamon, l. 5928.—*OF. porpre* (13th cent., Littré), later *porpre*, 'purple.' Cot. Cf. *Ital. porpora*, Span. *purpura*—*L. purpura*, the purple-fish, purple-dye—*Gk. πορπύρα*, the purple-fish; cf. *G. πορπύρα*, purple. β. The orig. sense of *Gk. πορπύρα*, as an epithet of the sea, seems to have been 'troubled' or 'raging,' hence dark, and lastly purple. The sea

dark with storms was also called *σέρος*, wine-coloured, wine-dark; apparently from the dark shade of brooding clouds. Hence the etymology is from *Gk. πορπύρα*, to grow dark, used of the surging sea; a reduplicated form (= *πορ-πορ-εω* = *πορ-πορ-εω*) of *Gk. πορ*, to mix up, mingle, confound, orig. to stir violently. Allied to *Skt. root bhur*, to be active, *L. furere*, to rage; see **FURY**. ¶ The *AS. purpur* is borrowed directly from Latin. So also *G. purpur*, &c. Der. *purple*, verb. And see **porphyr**.

PURPORT, to imply, mean, intend. (*F.*—*L.*) In Bacon, *Life of Hen. VII.* ed. Lumby, p. 146, l. 27. (And prob. a much older word.)—*OF. porporter*, *pourporter*, to intend, whence the sb. *purport*, tenour. Not in Cotgrave; but Godfrey gives the verb *porporter*, *pourporter*, to declare, inform, and the sb. *purport*, tenour; and notes the phrase *selon le purport*, according to the purport.—*OF. pur*, *F. pour*, from *L. prō*, according to; and *F. porter*, to bear, carry, from *L. portare*, to carry. A similar application of *F. porter* occurs in *E. import*. See **PUR** and **PORT** (1). Der. *purport*, sb., used by Spenser with the sense of 'disguise.' *F. Q. iii.* 1. 52, the lit. sense being rather 'declaration' or 'pretence.'

PURPOSE (1), to intend. (*F.*—*L.*—*Gk.*; with *F. prefix*.) *ME. purposen*, Gower, *C. A. i.* 5, prol. 53.—*OF. porposer* (Godfrey), a variant of *proposer*, to propose. This *purpose* and *propos* are doublets; see **PROPOSE**, which is strictly from *L. proposere*, of *Gk.* origin, though there has been confusion with *L. pōner*. ¶ Distinct in origin from **PURPOSE** (2), though much confounded with it in association. Doublet, *propos*.

PURPOSE (2), intention. (*F.*—*L.*) Though from a different origin, this sb. has become altogether associated with the verb to *purpose*, owing to the extraordinary confusion, in French, of the derivatives of *posuere* and *pōner*. *ME. purpos*, Chaucer, *C. T.* 3979 (A 3981); spelt *porpos*, Rob. of Glouc., p. 121, l. 2572.—*OF. porpos* (of which another form was *porpos*), a resolution, design (Godfrey); a variant of *F. propos*, 'a purpose, drift, end.' Cot.—*L. prōpositum*, a thing proposed, design, resolution.—*L. prōpositus*, pp. of *prōponere*, to propose; see **PROPOUND**. Der. *purpose*—*ly*, *purposeless*; also *a purpose*, &c.

PURP, **PUR**, to utter a murmuring sound, as a cat. (*E.*) 'A pur . . . of fortune's cat; 'All's Well, v. 2. 20; 'Pur, the cat is gray;' King Lear, iii. 6. 47. An imitative word, not unlike buzz. Cf. Scotch *purr*, a gentle wind, Icel. *pur*, wind; also Irish and Gael. *burbur*, a purring sound. Intended to imitate the sound of a gentle murmur. Der. *pur*—(1), a frequentative form.

PURSE, a small bag for money. (*L.*—*Gk.*) *ME. purs*, *burs*; Prompt. Parv. p. 417. Spelt *pur*, *F. Plozman*, A. v. 110. In early use; the pl. *purse* occurs in the later text of Layamon, l. 5927.—*AS. purs*; Engl. Studien, xi. 65. [Cf. *OF. borse* (Burguy), later *bourse*, 'a purse.' Cot.]—Late *L. bursa*, a purse; Ducauge—*Gk. βύρα*, a hide, skin; of which purses were made. ¶ The change from initial *b* to *p* is rare, but accords with Grimm's Law, and we find similar examples in *E. apricot* as compared with *F. abricot*, and mod. *E. gossip* as compared with *ME. gossib*, Chaucer, *C. T.* 5825 (D 243). Der. *purse*—*er* (doublet, *burs*—*er*, q.v.); *purse*—*er*—*ship*; *purse*—*proud*; *purse*—*bearer*, Tw. Nt. iii. 3. 47. Also *purse*, verb, to wrinkle like a bag drawn together. Oth. iii. 3. 113.

PURSLAIN, **PURSLANE**, an annual plant, sometimes used in salads. (*F.*—*L.*) Spelt *purslaine*, Hakluyt's Voyages, vol. ii. pt. ii. p. 109, l. 43; *pourlane*, Sir T. Elyot, Castel of Helth, b. ii. c. 8. *ME. purslane*, to translate *L. portulaca*, Prompt. Parv., p. 417.—*OF. portulaine* (Godfrey). [Cf. *Ital. portellana*, 'the hearse called portulaine;' Florio.] Formed from *L. portulaca*, *portulaca*, Pliny, x. c. 20; the usual form of the word being *portulaca*. Walde derives *portulaca* from *portula*, dimin. of *porta*, a door, with reference to some peculiarity of the seed-capsules.

PURSU, to follow after, chase, prosecute. (*F.*—*L.*) *ME. pursuen*, Wyclif, John, xv. 20, where the AV. has *persecute*; also in *F. Plozman*, b. xii. 158.—*OF. poursuir*, *poursuir*; Norm. dial. *poursuir*; mod. *F. poursuivre*, 'to pursue, prosecute, persecute.' Cot. Cotgrave gives the spellings *poursuir*, *poursuivre*, and *poursuivre*—*OF. pur*, *por*, mod. *F. pour*, answering to *L. prō*; and Late *L. sequere*, in place of *L. sequi*, to follow; so that *poursuir*=*L. prōsequi*, to prosecute. See **PROSECUTE**; also **PUR** and **SUE**. β. Owing to the confusion between the *F.* prefixes *pur* (*prō*) and *par* (*per*), the verb *poursuivre* also had the sense of *persecute*; to even find in *OF.* (11th cent.) the expression *a pursuir son apel*=we pursue his appeal (Littré). See **PERSECUTE**. Der. *pursu*—*er*, which in Scots law means 'a plaintiff,' lit. a prosecutor. Also *pursu*—*ant*, 'following, according, or agreeable to,' Phillips, ed. 1706, formed with the *F.* pres. part. suffix *-ant* from *OF. pursu*—*ir*, though the usual form of the pres. part. was *pursuivans* or *poursuivans* (see below); *pursu*—*ant*, Phillips, ed. 1706, apparently coined from the adj. *pursuant*. Also *pursuit*, spelt *poursuit* in Spenser, *F. Q. ii.* 4. 1, *pursuit* in Trevisa,

tr. of Higden, i. 195, from *F. poursuite*, fem. sb., a participial form answering to *L. fem. pp. prœcūta*; *pursuiv-ant*, an attendant on heralds, lit. 'one who is following,' Rich. III. iii. 4. 90, ME, *pursuend*, Chaucer, House of Fame, 1321, from *F. poursuisant d'armes*, 'herald extraordinary, or young herald,' Cot., from *F. poursuisant*, pres. part. of *poursuivre*.

PURSY, short-winded. (F.-L.) In Shak. Timon, v. 4. 12. Spelt *pursy* and *pursif* in Levins. ME, *purcy* (for *pursy*). Prompt. l'arr. 'Pursif, short-winded, or stuffy about the stomacke, *poursif*;' Palsgrave.—MF. *poursif*, in Palsgrave, as just cited; which is a variant (by change of *i* to *r*) of MF. *poulsif*, 'pursive, short-winded,' Cot. Mod. F. *pousif*, formed with suffix *-if* (<*L. -iātus*), from MF. *poulsier* (mod. F. *poussier*), 'to push,' Cot. Cotgrave also gives the form *poussier*, which he explains not only by 'to push,' but also by 'to breathe or fetch wind.'—*L. pulsare*, to beat, push; see **PUSH**. The word has reference to the pantings or quick pulsations of breath made by a pursy person. Der. *pursi-ness*.

PURTEANCE, that which belongs to; the intestines of a beast. (F.-L.) In Exod. xii. 9; the usual translation of the same Heb. word being 'inwards.' Spelt *purteance* in Coverdale's translation. 'Purteance of a beast, *fressure*;' Palsgrave. In P. Plowman, B. ii. 103, where most MSS. have *purteances*, MS. W. has *appurteances*. Thus *purteance* is merely an abbreviation of *appurteance*, from AF. *apurtance*, Langtoft's Chron., i. 438; variant of *apurtance* (Burguy), from OF. *apartenir*, to appertain. Cotgrave has: 'appurtance, an appurtance, an appendant.' β. The variation in the syllable *pur*, *par*, is due to the frequent confusion between OF. *pur* (*L. pri*), and *par* (*L. per*). In the present case, the syllable is due to *L. per*. See **APPURTANCE**, **APPURTAIN**. **PURULENT**, **PURULENCE**, see **PUS**.

PURVEY, to provide. (F.-L.) A doublet of *provide*. ME. *purveien*; *porveien* (with *u*=*v*), Rob. of Glouc. p. 39. l. 911; Rob. of Brunne, tr. of Langtoft, p. 74.—AF. *purveier*, to provide, Liber Custumarum, p. 216; OF. *porvoir* (Burguy), mod. F. *pourvoir*, to provide.—*L. prouidēre*; see **PROVIDE**. β. The F. *voir*, to see, has numerous forms in OF., such as *veoir*, *veor*, *veir*, *veer*, *veier*, *veier*, &c.; see Burguy. The E. spelling *-vey* answers to AF. *veier*; cf. E. *sur-vey*. Der. *purveyance*, ME. *purveance*, Rob. of Glouc. p. 457. l. 9387, from AF. *purveance*, Politt. Songs, p. 231, answering to MF. *pourvoyance*, 'providence, forecast,' Cot.; and therefore a doublet of *providence*. Also *purvey-or*, ME. *purveior*, P. Plowman, B. xix. 255, footnote, from AF. *purveior*, Stat. Reale, i. 137 (1300), answering to MF. *pourveyoir*, 'a provider or purveyor,' Cot. Doublet, *provide*.

PURVIEW, a proviso, enactment. (F.-L.) Now applied to the enacting part of a statute as opposed to the preamble, and so called because it formerly began with the words *purview est*, it is provided. Spelt *purview* in Blount.—AF. *purveu*, Politt. Songs, p. 231; MF. *pourveu*, provided, Cotgrave; mod. F. *pourvu*. l'p. of AF. *purveier*, OF. *porvoir*, F. *pourvoir*; see **PURVEY**.

PUS, white matter issuing from a sore. (L.) In Phillips, ed. 1706. [The adj. *purulent* is in Blount's Gloss., ed. 1674.]—*L. pūs* (gen. *pūris*), matter.—Gk. *πύον*, matter; Skt. *pūya*, pus; from *pūy*, to stink. *PU*=*PEU*, to be corrupt, stink; whence also *pu-trid*, &c. Allied to **FOUL**. Brugmann, i. § 113. Der. *pur-u-lent*, from F. *purulent*, 'mattary, corrupt,' Cot., from *L. pūrlentus*, full of matter, from the stem *pūr*- and suffix *-lentus*. Hence *purulence*.

PUSH, to thrust against, urge, drive forward. (F.-L.) ME. *possen*, *pusset*; infin. *posse*, K. Horn, ed. Lamb. l. 1011; pt. l. *puste*, K. Horn, ed. Ritson, l. 1079; *possed*, P. Plowman, B. prol. 151. At a later time *pus* became *push*, by change of double *s* to *sh*, as in *anguish* from *anguis*, *brush* from *F. brosse*, *embellish* from *F. embellir*, &c.—OF. *pousser*, MF. *poulsier*, 'to push, thrust,' Cot.—*L. pulsare*, to beat, strike, thrust; frequentative form of *pellere* (pp. *pulsus*), to drive. See **PULSE** (1), **PULSATE**. Der. *push*, sb., Spenser, F. Q. i. 3. 35; *push-ing*; *push-pin*, *L. L.* iv. 3. 169. ¶ The prov. B. *pusk*, a pustule, is spelt *poushe* in Sir T. Elyot's Castel of Helth, bk. iii. c. 6; from the same verb.

PUSILLANIMOUS, mean-spirited. (L.) 'Womanish and pusillanimous,' Chapman, tr. of Homer, b. i. Commentary, note 7. From *L. pusillanimus*, mean-spirited, by change of *-us* to *-ous*, as frequently; the more usual form is *pusillanimus*.—*L. pusill-*, stem of *pusille*, very small; and *animus*, mind, soul. β. *Pusillus* is allied to *pūns*, a little boy, *pu-er*, a boy; see **PURILE**. For *L. animus*, see **ANIMOSITY**. Der. *pusillanimous-ly*, -ness. Also *pusillanimi-ty*, ME. *pusillanimite* (shortened to *pusillanite*), Gower, C. A. ii. 12; bk. iv. 314; from F. *pusillanimité* (<*L. acc. pusillanimitatem*).

PUSSE, a cat, a hare. (E.) Spelt *pusse* in Minshew, ed. 1697; *puscat*, in Friar Bacon's Prophecies (Hazlitt, E. Eng. Popular Poetry, iv. 274). This may be called an E. word, though it is widely

spread. Prob. imitative, from the sound made by a cat spitting (Wedgwood). So also Du. *poes*, Low G. *pusa*, *pusu-katte*, a puss, puss-cat; Swed. dial. *pus*, a cat (Rietz), &c.; Irish and Gael. *pus*, a cat. β. That the word is imitative, appears from its occurrence in Tamil. *Pusei*, a cat, esp. in the S. Tamil idiom. In the Cashgar dialect of the Afghans, *puse* signifies a cat; Caldwell, Comp. Grammar of Dravidian Languages, p. 465; cited in N. and Q., 3 S. ix. 288. Lithuan. *puš*, a word to call a cat.

PUSTULE, a small pimple. (F.-L.) 'A pustule, wheale, or blister,' Minshew, ed. 1627. ME. *pustulis*, pl., in Lanfrank, Science of Cirurgery, p. 197, l. 17.—F. *pustule*, 'a push, blain, wheale, small blister,' Cot.—*L. pustula*, another form of *pūsula*, a blister, pimple. Allied to Lith. *puslė*, a bladder, pimple; *pūsti* (1 pers. sing. *putis*), to blow; Gk. *φυσάω*, *φύω*, a bladder, pustule, *φύω*, I blow, Skt. *pūṣṭhā*, *pūṣṭhā*, the lungs. ¶ Note that *pustula* has nothing to do with *pus*, with which it is associated by Richardson, and even in White. Der. *pustul-ous*, *pustul-ate*, *pustul-ar*.

PUT, to push, thrust, cast, set, lay, place, &c. (E.) ME. *putten*, *puten*; pt. l. *putte*, pp. *put*, *i-put*; P. Plowman, A. iii. 75, B. iii. 84; Havelok, 1033, 1051; the pt. l. *putte* occurs in Layamon, 18092. AS. *potian*, to thrust; Elfric's Homilies, i. 523, l. 25; also 'putian, whence the sb. *puting*, instigation (Napier). [Hence Gael. *put*, to push, thrust; W. *putio*, to push, to poke; Corn. *put*, to kick like a horse.] The orig. sense seems to have been to push, cast; cf. 'to put a stone,' Du. *poten*, to plant, set; *poet*, a twig, MDu. *poet*, a scion, plant (see Franck); NFries. *putje*, Dan. *putte*, to put, place; Swed. dial. *puta*, to push; Pomern. *putten*, to drive on. Der. *putt-er*, verb, q.v.

PUTATIVE, reputed, supposed. (F.-L.) In Minshew, ed. 1627.—F. *putatif*, 'putative,' Cot.—*L. putātivus*, imaginary, presumptive. Formed with suffix *-ivus*; cf. *L. putātus*, pp. of *putāre*, to think. The orig. sense was to make clean or clear; hence, to come to a clear result.—*L. putus*, clean. (¶PEU.) Cf. **PURE**.

PUTREFY, to make or become corrupt. (F.-L.) 'Grosse meate . . . maykth putrefyed matter,' Sir T. Elyot, Castel of Helth, b. ii. c. 1. 'Apte to recyue putrefaction;' id. b. ii. c. 1. (The spelling with *i* was prob. due to confusion with *putrid*).—F. *putrefier*, 'to putrify,' Cot. Formed by analogy with other verbs in *-fier* as if from *L. putreficere*; but the true *L.* forms are *putrefacere*, to make putrid; and *putrefieri*, to become putrid.—*L. putre*, as seen in *putrēre*, to be rotten, with which cf. *puter*, *putris*, rotten; and *facere*, to make, or *fieri*, to become. See **PUTRID**. Der. *putrefaction*, from F. *putrefaction*, from *L. acc. putrefactionem* (Lewis); regularly formed from *putrefacere*. Also *putrefact-ivus*. Also *putrescent*, becoming putrid, from *L. putrescent-*, stem of pres. part. of *putrescere*, inceptive form of *putrēre*; whence *putrescence*.

PUTRID, stinking, rotten, corrupt. (F.-L.) In Blount's Gloss., ed. 1674; and in Cotgrave.—F. *putride*, 'putrified,' Cot.—*L. putridus*, putrid. Extended from *L. putris*, decl. stem of *puter*, *put-ris*, rotten; allied to *putrēre*, to be rotten. Allied to *put-ēre*, to stink; from ¶PEU, to stink. Cf. Skt. *pūy*, to stink; see **PUS** and **FOUL**.

PUTTOCK, a kite, kind of hawk. (E.?) In Shak. Cymb. i. 1. 140; see Nares and Palsgrave. ME. *puttocke*, Book of St. Alban's, fol. b 2; *potok*, Voc. 762. 5. Of unknown origin. It seems to have been used in a contemptuous sense. AS. *Putloc* occurs as a name or nickname; Birch, Cart. Saxon, iii. 668.

PUTTY, an oxide of tin, or lead and tin, for polishing glass; more commonly a cement of whiting and oil, for windows. (F.—Low G.) 'Putty, a powder made of calcin'd tin,' Blount's Gloss., ed. 1674. 'Putty, pottain, and pot-brass . . . seem all to mean the same thing,' Rich. Dict.; this opinion is supported by extracts from Holland, tr. of Pliny, b. xxxiv. c. 9, and Boyle, Works, i. 721. Pliny explains that in brass-founding, it was often found desirable to add to the ore *collectum*, i.e. bits of old vessels, called by Holland 'pottain or old metal,' or *ollaria*, called by Holland 'pot-brass'; showing that *pottain* simply means the metal of old pots. β. The difficulty is in the history of the word rather than in its etymology. The old sense of it was 'powder made of calcin'd tin,' as in Blount, resembling what is now called *putty powder*. 'Putty powder, a pulverised oxide of tin sometimes mixed with oxide of lead; extensively used in glass and marble works, and the best kinds are used for polishing plate;' Weale's Dict. of Terms used in the Arts, 4th ed., 1873. The same work tells us that *putty* is 'composed of whiting and linseed oil, with or without white lead.' It thus appears that the successive senses are (1) calcin'd tin or oxide of tin, (2) the same, with oxide of lead, or (3) with white lead, (4) a preparation containing white lead, the name being continued even after the white lead was omitted. The result is that the mixture now called *putty* frequently contains nothing that could be called *putty* in the older sense. γ. Adapted from MF. *poisse*, 'brasse, copper, tin,

pewter, &c., burnt or calcinated; also, a pot-full of anything; Cot. The mod. F. *potée* means 'putty,' showing a similar change of meaning. 'Potée d'étain, tin-putty;' Hamilton. The mod. F. *potée* also means (as formerly), a potful. Cf. also MF. *puttein*, 'broken pieces of metal, or of old vessels, mingled one with another;' Cot. Also MF. *potin*, 'soldier of metal;' id. B. *Patre* is formed with suffix *-te* (<L. *-ata*), from F. *pot*, a pot, of Teutonic origin; see *Pot*. Der. *putty*, vb.

PUZZLE, a difficult question, embarrassment, problem, perplexity. (F.—L. and Gk.) As a verb in Shak. Hamlet, iii. 1. 80; and it was prob. regarded as a frequentative form of *pose*, with suffix *-le*. But this was not the way in which the word arose; and, in fact, the suffix *-le* is not usually added to words of F. origin. It was orig. a sb., and stands for *opposal*, which is used in the ordinary sense of 'opposition' in Sir T. Herbert's Travels, p. 81 (R.). It has been shown, s.v. *Pose*, that *pose* is short for *oppose*, which again is a corruption of *oppose*. From the F. *opposer* was formed MF. *opposale*, a question for solution; whence mod. E. *puzzle*. And to puzzle she put this *opposale* [question], Lydgate, Fall of Princes, ed. Wayland, sig. B. iii. leaf lxvii; cited in Dyce's Skelton, ii. 304. Hence corruptly, *opposale*. 'Made vnto her this vncouth *opposale*. Why wepe ye so?' id., sig. B. v. leaf cxviii (Dyce). 'Madame, your *opposale* is well provided,' i.e. your question is well put; Skelton, Garland of Laurel, l. 141; where the MS. copy has *opposale* (Dyce). The ME. *opposale* seems to have been a coined word, like *deni-al*, *refus-al*, &c. The loss of the first syllable is due to the loss of the same in *pose*. For the etymology, see *Oppose*, *Pose* (2). See A Student's Pastime, p. 129. Der. *puzzle*, verb.

PYGARG, a white-rumped antelope. (L.—Gk.) In Deut. xiv. 5. 'A kind of fallow Deere called *Pygarg*;' Holland, tr. of Pliny, bk. viii. c. 53.—L. *pygargus*; Deut. xiv. 5.—Gk. *πυργαργος*, a kind of antelope.—Gk. *πυργ*, rump; *ἀργός*, shining, white.

PYGMY, a very diminutive person or thing. (F.—L.—Gk.) ME. *pygmy*, Trevisa, i. 11. l. 7.—MF. *pygme*, adj., 'dwarfish, short, low, of a small stature;' Cot.—L. *pygmaeus*, adj., 'dwarfish, pygmy-like,' from pl. *Pygmæi*, the race of Pygmies.—Gk. *Πυγμαῖοι*, the race of Pygmies, fabulous dwarfs of the length of a *πυγμή*, which was reckoned from the elbow to the fist or knuckles, containing about 13½ inches.—Gk. *πυγμή*, the fist; allied to L. *pugnis*; see *Pugnacious*.

PYLORUS, the lower orifice of the stomach. (L.—Gk.) In Phillips, ed. 1706.—L. *pylorus*.—Gk. *πυλῶρος*, a gate-keeper; also the pylorus, because it is gate-keeper to the intestines, or at the entrance to them. Contracted from **πύλα-φυλῶρος* (Prelwitz).—Gk. *πύλα* = *πύλῃ*, a gate; and **φυλῶρος*, allied to *φυλῶς*, a keeper, watcher. B. The Gk. *φυλῶς* is perhaps allied to Gk. *φύλας*, a city; see Prelwitz. B. The Gk. *φυλῶς* is from *φύλομαι* (= *φύλαμαι*), I heed, guard, from *φύλῃ*, to guard; see *Wary*. Der. *pyloric*.

PYRAMID, a solid figure with triangular sides meeting in an apex upon a triangular, square, or polygonal base. (L.—Gk.) The word was rather taken directly from the Latin than from the French. Thus Shak. has the sing. *pyramis*, i. Hen. VI. i. 6. 21; pl. *pyramides* (four syllables), Antony, v. 2. 61; as well as *pyramid*, Macb. iv. i. 57. Cotgrave strangely translates F. *pyramide* by 'a pyramides,' = L. *pyramid*, stem of *pyramis*.—Gk. *πυραμῖς* (gen. *πυραμίδος*), = L. *pyramid*. Prob. of Egyptian origin. Der. *pyramidic*, *pyramidical*.

PYRE, a pile of wood for burning a body. (L.—Gk.) In Sir T. Browne, Urn Burial, cap. v. § 13.—L. *pyra*.—Gk. *πύρ*, a pyre; allied to *πῦρ*, fire; cognate with E. *Fire*, q. v. And see *pyrethrum*, *pyretic*, *pyr-itis*, *pyrotechnic*.

PYRETHRUM, a plant; feverfew. (L.—Gk.) L. *pyrethrum*.—Gk. *πύρεθρον*; so named from the hot spicy taste of the root.—Gk. *πῦρ*, fire. Doublet, *pellitory* (2).

PYRETIC, feverish, relating to fever. (Gk.) For *pyretic* = Gk. *πυρετικός*, feverish.—Gk. *πύρεσις*, to be in a fever; allied to *πυρῶς*, burning heat, fever.—Gk. *πῦρ*, fire.

PYRITES, a stone which gives out sparks when struck with steel. (L.—Gk.) 'Pyrites, a marchasite or fire-stone;' Phillips, ed. 1706.—L. *pyrites*.—Gk. *πυρίτης*, a flint, pyrites; orig. an adj., belonging to fire.—Gk. *πῦρ*, fire; cognate with E. *Fire*, q. v. Der. *pyritic*.

PYROTECHNIC, pertaining to fireworks. (Gk.) *Pyrotechnic*, adj., and *pyrotechny* are given in Phillips, ed. 1706. Coined from Gk. *πύρ*, used in compounds in place of *πῦρ*, fire, cognate with E. *fire*; and *τεχνικός*, artistic, technical, from *τέχνη*, an art, craft. See *Fire* and *Technical*. Der. *pyrotechnics*, *pyrotechny* (short for *pyrotechnic art*); *pyrotechnist*. So also *pyro-meter*, a fire-measurer (see *Metro*); *pyro-genous*, produced by fire, from Gk. base *γεν*, to produce (see *Genus*).

PYTHON, a large serpent. (L.—Gk.) 'The raging *Python*;' Prior, Hymn to the Sun, st. 3.—L. *Python*, a serpent slain by Apollo

near Delphi.—Gk. *Πυθών* (the same).—Gk. *Πυθώ*, a former name of Delphi.

PYX, the sacred box in which the host is kept after consecration; at the mint, the box containing sample coins. (L.—Gk.) Spelt *pixe* in Minshew, ed. 1627. Abbreviated from L. *pyxis*, a box.—Gk. *πύξις*, a box; so-called because orig. made of box-wood.—Gk. *πύξος*, box-wood. Allied to *Box* (1) and *Box* (2).

Q

QUACK (1), to make a noise like a duck. (E.) An imitative word. 'The goos, the cackow, and the doke also So cryden "kek! kek!" "cuckow!" "quak, quak!"' hyc.' Chaucer, Parl. of Foules, 499. Here the cry *kek! kek!* is assigned to the cackling goose, and *quak! quak!* to the quacking duck. In Ch. C. T. 4150 (A 4152), the dat. case *quakke* is used to mean 'hoarseness.' Du. *kwaken*, *kwakken*, to croak, quack, chat; G. *quaken*, to quack, croak; Icel. *krakra*, to twitter; Dan. *kvække*, to croak, quack, cackle. Cf. L. *coaxare*, to croak, Gk. *καλέω*, a croaking; Lithuan. *kwakėti*, to croak; *kwakėti*, to cackle. Cf. *Cackle*. Der. *quack* (2), q. v. Also *quack* (3), q. v.

QUACK (2), one who cries up pretended nostrums. (Du.) Abbreviated from the older word *quacksalver* (below). Hence also *quack*, vb., to act as a quack, to sing the praises of a nostrum, to pretend to medical skill. 'To quack off universal cures;' Butler, Hudibras, pt. iii. c. 1. l. 330. We find also *quack-salver*, Blount's Gloss, ed. 1674, i.e. one who puffs up his sales or ointments, borrowed from Du. *kwak-zalver*, a quack, charlatan, cf. Du. *kwak-zalven*, to quack, puff up sales (see *Salve*) for quackery or prating about them; see also *quack-salvers*, in Ben Jonson, Every Man, ii. 1. 123; *quack-doctor*, a later word which took the place of *quack-salver*, Pope, note to Dunciad, iii. 192. Hence also *quack* = *quack-doctor*; *quackery*.

QUADRAGESIMA, the forty days of Lent. (L.) 'Quadragesima Sunday is six weeks before Easter;' Tables in the Book of Common Prayer. Hence *quadragesimal*, adj.—Lent, Milton, Areopagitica, ed. Hales, p. 5, l. 8.]—L. *quadragesima*, lit. 'fortieth,' fem. of *quadragesimus*, fortieth; in late authors used to mean 'Lent.' Older form *quadragesimus* (= 'quadragesimi-mus') = L. *quadragesima*, forty.—L. *quad-*, square, fourfold, related to *quater*, four times, *quator*, four; and *quinto*, for 'de-kinda', tenth, from *decem*, ten. See *Four* and *Ten*, and *Forty*. Der. *quadragesimal*.

QUADRANGLE, a square figure, or plot of ground. (F.—L.) In Shak. 2 Hen. VI. i. 2. 156; and in Levins.—F. *quadrangle*, 'a quadrangle;' Cot.—L. *quadrangulum*, sb.; neut. of *quadrangulus*, four-cornered.—L. *quad-*, square, allied to *quator*, four; and *angulus*, an angle. See *Four* and *Angle*. Der. *quadrangul*-ad. Also *quad*, *quod*, a court (in Oxford), short for *quadrangle*.

QUADRANT, the fourth part of a circle. (L.) Chiefly used of an instrument for measuring angles (like a *sextant*), graduated with degrees along the arc. ME. *quadrant*, Prompt. Parv.—L. *quadrant*, stem of *quadrans*, sb., a fourth part. Formed like the pres. part. of *quadrare*, to make square; from *quad-*, square, allied to *quator*; see *Four*. Der. *quadrant*-al. From the same source are *quarrel* (2), *quarry* (1), *quad*, *squadrant*, *square*.

QUADRATE, squared, well-fitted. (L.) Used as a vb. in Levins; as adj. and vb. in Minshew; as sb. in Milton, P. L. vi. 62, to mean 'square phalanx.' = L. *quadratus*, squared, pp. of *quadrare*, to make or be square.—L. *quadrus*, square; see *Quadrant*. Der. *quadrat*-ic; *quadrat*-ure, Milton, P. L. x. 381; Ben Jonson, New Inn, A. ii. sc. 2.

QUADRENNIAL, once in four years. (L.) More correctly *quadrinennial*, as in Blount's Gloss, ed. 1674. Formed with adj. suffix *-al* (L. *-ālis*) from *quadrinni-um*, a space of four years.—L. *quadri-*, for *quadrus*, square, fourfold; and *annus*, a year. See *Quadrant*, *Biennial*, *Annual*.

QUADRILATERAL, having four sides. (L.) In Blount's Gloss, ed. 1674.—L. *quadrilater*-us, four-sided; with suffix *-al* (= L. *-ālis*).—L. *quadri-*, for *quadrus*, square; and *later*, decl. stem of *latius*, a side. See *Quadrant* and *Lateral*.

QUADRILLE, 1. the name of a game at cards; 2. the name of a dance. (F.—Span.—L.) The name of the dance dates from about 1773; it is added by Todd to Johnson; so called because danced by 4 persons, or by sets of four. Not improbably suggested by the game at cards, which was a game for 4 persons with 40 cards; see Pope, Moral Essays, iii. 76; Sat. i. 38. [But the Span. name was affected by confusion with F. *quadrille*, 'a squadron containing 25 (or fewer) soldiers,' Cot.; borrowed from Ital. *quadriglia*, short

for Mital. *squadriglia*, 'a route, a troop, a cruce, a band of men, Florio; which is connected with *Squadron*, q.v.] On the other hand, *quadriglia*, the game at cards, was masc.; and like *ombre*, is prob. of Span. origin.—Span. *cuadrillo*, a small square, allied to *cuadrilla*, 'a meeting of four or more persons', Neuman.—Span. *cuadra*, a square.—L. *quadra*, fem. of *quadrus*, fourfold; see *Quadrant*. Cf. L. *quadula*, a little square.

QUADRILLION, a million raised to the fourth power. (L.) An oddly coined word, but added by prefixing *quad-* (short for *quadrus*, square, fourfold) to *-illion*, which is the word *million* with the *m* left out. See *Billion* and *Quadrant*.

QUADROON, the child of a mulatto and a white person. (Span.—L.) Better *quartern* or *quartroun*; and spelt *quartern* in 1707. So called because of having black blood only in a fourth part. Modern; and imported from America.—Span. *cuarteron*, the child of a creole and Spaniard (Neuman); also, a fourth part. Formed with suffixes *-er* and *-on* from *cuarto*, a fourth part.—L. *quartum*, acc. of *quartus*, fourth. See *Quart*, *Quatern*.

QUADRUPEL, a four-footed animal. (L.) The adj. *quadruped* is in Blount's Gloss., ed. 1674; *quadruped*, sb., is in Phillips, ed. 1706; the pl. *quadrupedes* is in Sir T. Browne, *Vulg. Errors*, bk. iii. c. 1. § 2.—L. *quadruped*, stem of *quadrupēs*, *quadrupēs*, fourfold.—L. *quadrup*, fourfold, four times; and *pes*, a foot. See *Quadrant* and *Foot*. Der. *quadrupel*, *quadrupel*.

QUADRUPEL, fourfold. (F.—L.) As a verb in Chapman, tr. of Homer, *Iliad*, l. 129. As adj. in Minshew, ed. 1627.—F. *quadruple*, 'quadruple'; Cot.—L. *quadruplum*, acc. of *quadruplus*, fourfold.—L. *quadrup*, four times; and *-plus*, signifying 'fold'. See *Quadrant* and *Double*. Der. *quadruple*, verb. Also *quadruplicate*, from L. *quadruplicatus*, pp. of *quadruplicare*, to multiply by four. Cf. *Complicate*.

QUAFF, to drink in large draughts. (E.) In Shak. Tw. Nt. l. 3. 14; &c. And in Levens. Apparently of Northern origin. [In later times, it seems to have affected the spelling of the Lowl. *Sc. quitch*, *quich*, a cup, which became *quaff* in 1711; see *quack* in Jamieson, and *Quaggle*.] 'I quaggle, I drink all out'; Palsgrave. Spelt *quaff* by Sir T. More; N. E. D. Later forms are *quaf*, *quaff*. β. A Southern form of Lowl. *Sc. wanch*, to quaff, from *wanch*, sb. a deep draught (Jamieson). From Onorthumb. **wacht*—AS. *weacht*, moistened (Genesis, 1922), pp. of *weacan*, to moisten (Daniel, 577). Cf. Icel. *veija*, to moisten; from *vak*, base of *vikr*, moist; Icel. *vökva sig*, to moisten oneself, to drink, allied to Du. *wak*, moist, *wak*, a hole in ice. See *Wake* (2). Der. *quaff*, *quaff*.

QUAGGA, a quadruped of the horse tribe. (Hottentot.) The name is said to be Hottentot; and is supposed to be imitative, from the noise made by the animal. The name is now current in the Xosa-Kafir form *iqwara*, with clicking *q* and guttural *r*. See *Athenaeum*, 19 May, 1901; N. and Q. 935. v. 3.

QUAGMIRE, boggy, yielding ground. (E.) In Shak. K. Lear, iii. 4. 54. From *quag*, variant of *quake*; and equivalent to *quackmire*; see *Quake* and *Mire*. 'It is spelt *quackmire* in Stanishur's Descr. of Ireland, p. 20; *quack-mire*, in Palsgrave; J. Halliwell, s. v. *quack-mire*, q. v. Cf. M.E. *quauen* (=*quaven*), to quake; P. Plowman, B. xviii. 61. So also *quaggy* (i.e. *quak-y*), adj., used of boggy ground.

QUAIGH, QUAICH, a kind of drinking-cup in Scotland, usually made of small wooden staves hopped together, with two handles. (C.—L.) See Jamieson and E. D. D. First found as *quach* in 1673.—Gael. *cuach*, a cup (cf. Orlisk *cuach*, W. *cawg*).—L. *cavus*, a cup; cf. Gk. *κύα*, a cup. 'Also spelt *quaff*, as in Smollett (Humphrey Clinker, Sep. 3, 1771).

QUAIL (1), to cower, shrink, fail in spirit. (F.—L.) An old meaning of *quail* was 'to suffer decline, pine, fail, wither away'; hence to faint, esp. used of the spirits. 'My false spirits quail'; Cymb. v. 5. 149; 'their quailing breasts'; J. Hen. VI. ii. 3. 54. 'The braunch o' dead, the buddie eke nedes must quail'; i.e. die; Spenser, Shep. Kal. November, 91. 'This deuise quailed'; Sir T. More, Life of Rich. III. ed. Lumly, p. 65. The phonology shows that the word was prob. of F. origin, and not from the M.E. *quelen* (AS. *cuēlan*), to die; though this may have been confused with it. β. And, in spite of the change in sense, I suppose it to be ultimately the same word as the prov. F. *quail*, to curdle, used of milk; for which see I'rompt. Parv. p. 418, and Way's note. [We also find confusion between *quail*, to fail, and *quell*, to kill, as in 'to quell and shake the orb'; Antony, v. 2. 85. Cf. Devonshire *quail*, to faint away; Halliwell.] The M.E. *quailen*, to curdle, coagulate, is from OF. *coailier*, *quailier*, later *coailier*, to curdle (see Littré, and Supp. to Godfrey); from L. *coagulare*; see *Coagulate*. γ. Note Ital. *cagliare*, Mital. *quagliare*, 'to curdle as milk, to begin to be afraid'; Torriano. Meadows explains it by 'to curdle, congeal; to want courage, to begin to fear.'

QUAIL (2), a migratory bird. (F.—Low L.—Low G.) ME. *quaille*, Chaucer, C. T. 9082 (E 1306); *quayle*, Wright's Vocab. l. 177, l. 13.—OF. *quaille* (13th cent., Littré), mod. F. *caillie*. Cf. Ital. *quaglia*, a quail.—Low L. *quawila*, a quail.—MDu. *quackel*, 'a quail'; Ilexham. Lit. 'a quacker'.—MDu. *quaden*, 'to croke', id.; cognate with E. *Quack* (1), q.v.

QUAINT, neat, odd, whimsical. (F.—L.) ME. *quaint*, Chaucer, C. T. 10553 (F 239); commonly with the sense of 'famous, excellent'. Also spelt *quoynt*, Rob. of Glouc. p. 72, l. 1636. Also *cwoint*, Ancræn Riwe, p. 140, l. 21; *coint*, *coynt*, Will. of Paleme, 653, 1981; *koynit*, 4090.—AF. *quaint*, Vie de S. Tomas, l. 194; OF. *coint*, 'quaint, comely, neat, fine, spruce, brisk, trim'; Cot. Cf. Ital. *conito*, 'known, noted, counted'; Florio. Certainly derived from L. *cognitum*, acc. of *cognitus*, known, well-known, famous; though perhaps confused (more in F. than in E.) with L. *comptus*, neat, adorned, pp. of *comere*, to arrange, adorn. β. *Cognitus* is used as the pp. of *cognoscere*, to know, and is compounded of *co-* (for *com-* = cum, with) and *-gnitus* (for *-gnatus* = *gnatus*), known, used as pp. of *gnoscere*, *noscerre*, to know; see *Cognition*. γ. I may add that L. *comere* = *co-imerre*, comp. of *co-* (for *com* = cum), and *imerre*, to take. ¶ In F. the word took the sense of 'trim', as noted; in E. it meant famous, remarkable, curious, strange, &c. Der. *quaintly*, *quaintness*, *ac-quaint*.

QUAKE, to shake, tremble. (E.) ME. *quaken*, Chaucer, C. T. 11173 (F 860); earlier *cwakien*, Ancræn Riwe, p. 116, l. 20. AS. *cwacian*, to quake; Ælfred, tr. of Orosius, b. ii. c. 6. § 3. Cf. AS. *rwecan*, to wag, Mark, xv. 29. Also *Æfrics*, *quakellen*, to be unsteady. We find variants, such as *quag*, *quap*, *quaw*, *quab*, all meaning 'to shake about'. The author of P. Plowman has the strong pt. t. *quook*; P. Pl., C. xxi. 64. Der. *quaker*, q.v.

QUAKER, one of the Society of Friends. (E.) 'Quakers, orig. called *Seekers*, from their seeking the truth, afterward *Friends*. Justice Bennet, of Derby, gave the Society the name of *Quakers* in 1650, because G. Fox (the founder) admonished him, and those present, to quake at the word of the Lord'; Haydn, Dict. of Dates. But the name seems to have been used a little earlier, in 1647. From the vb. above; see *Quake*. Der. *Quakerism*.

QUALIFY, to render suitable, limit, abate. (F.—L.) Frequent in Shak. Meas. l. 1. 66, &c.; and in Levens. Latimer has *qualifyeth*; Seven Sermons, ed. Arber, p. 107 (last line).—F. *qualifier*, to qualify. Cot.—Late L. *qualificare*, to endue with a quality.—L. *qualis*, for *qualis*, of what sort; and *fic-*, for *facere*, to make. See *Quality* and *Fact*. Der. *qualificat-ion*, due to Late L. *qualificat-ion*, pp. of *qualificare*.

QUALITY, property, condition, sort, title. (F.—L.) ME. *qualite*, *qualitee*, Ayenbite of Inwyt, p. 153, l. 11.—F. *qualité*, 'a quality'; Cot.—L. *qualitatem*, acc. of *qualitās*, sort, kind.—L. *qualis*, for *qualis*, of what sort, allied to E. *Which*, q.v. Der. *qualit-at-ive*, a coined word.

QUALM, a sudden attack of illness, prick of conscience. (E.) ME. *qualm*, often in the sense of pestilence, mortal illness; Chaucer, C. T. 2016 (A 2014). AS. *cuēalm*, pestilence, I'ncr, xxi. 11.—OSax. *qualm*, destruction, death; Du. *kwalm*, only in the sense 'thick vapour'; from its suffocating properties; Dan. *kwalm*, suffocating air; *kwalm*, qualm, nausea; Swed. *qualm*, sultriness; G. *qualm*, vapour. Teut. type **kwalm*-mo, masc. from **kwalm*, and grade of **kwalm*-an, AS. *cuēalm*, to die. Allied to Lith. *gel-ti*, to pain; *gel-a*, pain. From Idg. root *g(w)*-i; see Brugmann, i. § 666. Der. *qualm-ish*.

QUANDARY, an evil plight. (Perhaps L.) In Barham and Fletcher, Knight of the Burning Pestle, Act i. sc. 1 (Humphrey). 'Leaving this olde gentleman in a great quandary'; Lily, Epheues, ed. Arber, p. 45. Stanishur has *quandrie* (acc. on a). Æn. iv. l. 1, ed. Arber, p. 94. Conjectured to be a corruption of some form of scholastic Latin. Expressly said by Mulcaster, in 1689, to be a word 'of a Latin form, . . . used English like'; see A. J. Ellis, E. E. Pronunciation, p. 912, col. 2. Perhaps for *quantum dare*, 'how much to give'.

QUANTITY, size, bulk, large portion. (F.—L.) ME. *quantite*, *quantitee*; Chaucer, C. T. 4662 (B 242).—F. *quantité*, 'quantity'; Cot.—L. *quantitatem*, acc. of *quantitas*, quantity.—L. *quant-*, for *quantus*, how much; with suffix *-at-*. Related to L. *quam*, and to *quis*, who; see *Who*. Brugmann, i. § 413. Der. *quantit-at-ive*.

QUARANTINE, a space of forty days. (F.—Ital.—L.) Spelt *quarentine* in Minshew, who gives it the old legal sense, viz. a space of forty days during which a widow might dwell unmolested in her husband's house after his decease. Blount gives this form and sense, and derives it from OF. *quarantine*. He also gives *quarantain*, meaning (1) Lent, (2) a forty days' truce or indulgence, (3) 'the forty days which a merchant, coming from an infected port, stays on shipboard for clearing himself,' the last sense being the usual one in mod. E.—OF. *quarantine* (Roquefort), usually *quarantaine*, 'Lent,

a term of forty days, &c.; Cot. = Ital. *quarantina*, also *quarantano*, *quarantano*, the space of forty days that travellers from infected places are forced to live in outhouses (Torrano). — Ital. *quaranta*, forty, answering to *F. quarante*; this *quaranta* being nothing but a shortened form of *L. quadrāginta*, forty. See **QUADRAGESIMA**. Cf. also Ital. *fare la quaranta*, 'to keep lent, . . . to keep forty days from company, namely if one come from infected places, as they use in Italy'; Florio. See Peppy's Diary, Nov. 26, 1663.

QUARREL (1), a dispute, brawl. (F.—L.) It should rather be *querrel*, but has been assimilated in spelling to the word below. ME. *querle* (with one r), Chaucer, tr. of Boethius, b. iii. pr. 3, l. 49. — OF. *querelle*, later *querelle*, 'a quarrel'; Cot. (He gives both forms). — L. *querela*, a complaint. — L. *queri*, to complain, lament. See **QUERULOUS**. Der. *quarrel*, verb, Romeo, i. 1. 39, 59, &c.; *quarrel-er*; *quarrel-some*, As You Like It, v. 4. 85; *quarrel-some-ness*; *quarrel-ous*, Cymb. iii. 4. 162.

QUARREL (2), a square-headed cross-bow bolt. (F.—L.) Nearly obsolete. In Spenser, F. Q. ii. 11. 24. ME. *quarrel*, King Alisaunder, ed. Weber, 1594, 2781. — OF. *quarrel*, later *quarreau*, 'a diamond at cards, a square tile, a quarrel or bolt for a cross-bow'; Cot. Mod. F. *carreau*. — Late L. *quadrillum*, acc. of *quadrillus*, a quarrel, a square tile. — L. *quadr-us*, square; with dimin. suffix. See **QUADRANT**.

QUARRY (1), a place where stones are dug, esp. for building purposes. (F.—L.) In Shak. Oth. i. 3. 141. The proper sense is a place where stones are *squared* for building purposes; hence, a place where stones are procured which are afterwards squared for building; lastly, a place where stones are dug, without any reference to squaring. A better form was *quarrer*, but we also find *quarry*; which is distinct from *quarry*, sometimes used as a variant of *quarrel*, a square pane of glass (Halliwell). ME. *quarriere*, *quarrer*, Will. of Palerne, 2323, 2281, 2319, 4692; spelt *quarriere*, *quarrer*, *quarrye*, *quar* in Prompt. Parv. — OF. *quarriere*, 'a quarry of stone'; Cot. Mod. F. *carrière*. — Late L. *quadraria*, a quarry for squared stones. — L. *quadrare*, to square. — L. *quadr-us*, square; see **QUADRANT**. The sense was suggested by L. *quadrarius*, a stone-squarer, a stone-cutter; from the same source. Der. *quarry*, vb., *quarry-man*, *quarrier*.

QUARRY (2), a heap of slaughtered game. (F.—L.) In Shak. Cor. i. 1. 202; Hamlet, i. 2. 375. ME. *querré*, Sir Gawain and the Grene Knight, 1324; *querré*, Sir Tristram, 499. Altered from OF. *cuirre* (Supp. to Godefroy), *cuire*, certain parts of a slain animal; the part which was given to the hounds. Cotgrave has: '*Curée*, a dogs reward, the bounds fees of, or part in, the game they have killed.' So called because wrapped in the skin; see Reliq. Antiq. i. 153. — F. *cur*, a skin, hide. — L. *corium*, skin. See **CUIRASS**.

QUART, the fourth part of a gallon. (F.—L.) ME. *quart*, *quarte*, (Chaucer, C. T. 651 (A. 649)). — F. *quarte*, 'a French quart, almost our pottle'; Cot. — L. *quarta* (i. e. *quarte*), a fourth part; fem. of *quartus*, fourth. Related to L. *quatuor*, cognate with E. **FOUR**, q. v. Der. *quart-an*, *quart-er*, *quart-ern*, *quart-ette*, *quart-o*; and see *quatern-ary*, *quatern-ion*, *quaternion*.

QUARTAN, recurring on the fourth day. (F.—L.) Said of an ague or fever. 'Feuer quartain'; Cursor Mundi, 11828. '*Quarteyne*, fevyr, Quartana'; Prompt. Parv. — F. *quartaine*, *quartan*, only used of a fever; in use in the 13th cent.; Littré. — L. *quartana* (*febris*), a quartan fever; fem. of *quartanus*, belonging to the fourth; formed with suffix *-anus* from *quart-us*, fourth; see **QUART**.

QUARTER, a fourth part. (F.—L.) ME. *quartier*, Rob. of Glouc. p. 528, l. 10875. — OF. *quartier* (12th cent., Littré), also *quartier*, as in mod. F. — L. *quartarius*, a fourth part, quarter of a measure of anything; formed with suffix *-arius* from *quart-us*, fourth; see **QUART**. Der. *quarter-day*, *-deck*, *-ly*, *-master*, *-sessions*, *-staff*. Also *quartier-n*.

QUARTERN, a fourth of a pint, a gill. (F.—L.) Short for *quaternion*. ME. *quaternion*, *quaternion*, P. Plowman, B. v. 217, and footnotes. — OF. *quaternion*, 'a quarter of a pound, also a quarteme'; Cot. — Late L. *quaternionem*, acc. of *quaternion*, a fourth part of a pound; extended from Late L. *quater-us*, which is from *quartus*; see **QUARTER**. Cf. Norm. dial. *quaternion*, a fourth part.

QUARTET, QUARTETTE, a musical composition of four parts. (Ital.—L.) First in 1790; the spelling *quartette* is F., but the word is really Italian. — Ital. *quartetto*, a dimin. form from *quarto*, fourth; see **QUART, Duet**.

QUARTO, having the sheet folded into four leaves. (L.) In Johnson. First in 1589. The word is due to the L. phr. in quarto, i. e. in a fourth part of the orig. size; where *quarto* is the abl. case of *quartus*, fourth; see **QUART**. And see **Folio**. Der. *quarto*, sb.

QUARTZ, a mineral composed of silica. (G.) Added by Todd

to Johnson. — G. *quarz*, rock-crystal; the G. z being sounded as ts. Mllg. *quarz*; of unknown origin.

QUASH, to crush, annihilate, annul. (F.—L.) ME. *quaschen*; see '*Quaschyn*, quasso' in Prompt. Parv. Properly transitive; but used intransitively in P. Plowman, C. xxi. 64. And see Owl and Nightingale, 1388. — AF. *quasser*, Year-books of Edw. I, 1292-3, p. 111; OF. *quasser*, later *casser*, 'to break, . . . quash asunder'; Cot. (He gives both spellings). — L. *quassare*, to shatter; frequentative of *quater* (supine *quassum*), to shake. Root uncertain. The OF. *quasser* also means 'to abrogate, annul' (Cot.), as in E. 'to quash an indictment.' The slight likeness to AS. *cwisan*, to break, is accidental. Der. (from L. *quater*) *casque*, *cash*, *con-cuss-ion*, *dis-cuss*, *per-cuss-ion*.

QUASSIA, a South-American tree. (Personal name.) Added by Todd to Johnson. Botanical names in *-ia* are formed by adding the L. suffix *-ia* to a personal name, as in *dahl-ia*, *fuchs-ia*. *Quassia* was named by Linnaeus after a negro named *Quassi*, who first pointed out the use of the bark as a tonic about 1730; see the portrait of him in Stedman's Surinam, ii. 347. Waterton quotes a Barbadoes song in Journey 4, cap. ii: '*Quassi* scrapes the fiddle-string, And Venus plays the flute; these lines are altered from the finale to G. Colman's Inkle and Yarico. *Quassi* is, in fact, quite a common negro name, generally given to one who is born on a Sunday. See Notes and Queries, 6 S. i. 104, 141, 166; 8 S. viii. 388; 9 S. iii. 146.

QUATERNARY, consisting of fours. (L.) Rare; see **EXX**. In Richardson. Cf. F. *quaternaire*, 'every fourth day'; Cot. — L. *quaternarius*, consisting of four each. — L. *quaterni*, pl., four at a time; from *quatuor*, four; see **FOUR**.

QUATERNION, a band of four soldiers, a band of four. (L.) In Acts, xii. 4 (A. V. and Wyclif); Milton, P. L. v. 181. — L. *quaternion*, sicut of *quaternio*, used in Acts, xii. 4 (Vulgate); it means 'the number four,' or 'a band of four men.' — L. *quaterni*, pl.; see **QUATERNARY**.

QUATHRAIN, a stanza of four lines. (F.—L.) Used by Dryden, in his list to Sir R. Howard, prefixed to Annus Mirabilis, which is written in quatrains. — F. *quatrain*, 'a staffe or stanza of 4 verses'; Cot. Formed with suffix *-ain* (L. *-anus*) from F. *quatre* < L. *quatuor*, four. See **FOUR**.

QUATREFOIL, lit. having four leaves. (F.—L.) 'With quater-foyles gilt'; Fabyan, Hist., ed. Ellis (1811), p. 600. From OF. *quatre*, four; and *foil*, a leaf. — L. *quatuor*, four; *folium*, a leaf; see **FOIL**.

QUAVER, to shake, to speak or sing tremulously. (E.) In Lewis and in Minshew, ed. 1627. It is the frequentative form, with suffix *-er*, of *quave*. ME. *quawen* (with *u=v*), to tremble; Prompt. Parv. And see P. Plowman, B. xviii. 61. It first occurs as a various reading in St. Marharet, ed. Cockayne, p. 48, l. 3 from bottom. Allied to Low G. *quabbeln*, to tremble (Brem. Wört.), Norw. *kvæpja*, to be shaken (Aasen). Also to ME. *quappen*, to palpitate, Chaucer, Troil. iii. 57, Legend of Good Women, 865. β. From a base KWAF, variant of KWAP, to throb, which is parallel to KWAK, to quake; see **QUAKE**. Der. *quaver*, sb., lit. a vibration, hence a note in music. Also *quiver* (1), q. v.

QUAY, a wharf for vessels. (F.—C.) Spelt *quay* and *kay* in Phillips, ed. 1706; *key* in Cotgrave; *kaie* in Minshew, ed. 1627. ME. *key*, spelt *keye*, Eng. Gilds, ed. Toulmin Smith, p. 374, l. 23; and see Prompt. Parv. — AF. *kaie*, Gloss. to Liber Albus; MF. *quay* (F. *quai*), 'the key of a haven'; Cot. The orig. sense is 'enclosure, a space set apart for unloading goods. Of Celtic origin. — Bret. *kaf*, an enclosure; W. *cae*, an enclosure, hedge, field, of which the old spelling was *cai* (Rhys); cognate with Olrish *car*, a house; whence OIr. *cerad-chae*, 'officina.' Celtic type **kaion*, a house; from the same root as E. *home*. Stokes-Pick, p. 65.

QUEAN, a contemptible woman, a hussy. (E.) In Shak. Merry Wives, iv. 2. 180. A word very closely related to *queen*; the orig. sense being 'woman.' The difference in spelling is due to a difference in the length of the AS. vowel. The best passage to illustrate this word is in P. Plowman, C. ix. 46, where the author says that in the grave all are alike; you cannot there tell a knight from a knave, or a queen from a quean. AS. *cwene*, a woman, *quean*; cognate with OHG. *quena*, and Goth. *kuinō*, a woman. The former *e* in *cwene* is short; whence, by lengthening, the Tudor E. *ea*. Teut. type **kwen-ōn*, a lengthened form of the stem **kwen-* = Idg. **g(w)en-*; whence also Idg. **g(w)enā*, as in Gk. *γυνή*, Russ. *jena*, a wife, Irish *ben*, Pers. *zan*, a woman. See **QUEEN**.

QUEASY, sickly, squeamish, causing or feeling nausea. (Scand. ? or F. ?) 'His queasy stomach'; Much Ado, ii. 1. 399. 'A queasy mete'; Skelton, Magnificence, 2295. '*Quais* as meate or drinke is, *dangereux*'; Palsgrave. *Queasy* is used as a sb., in the sense of 'nausea,' in Polit., Religious, and Love Poems, ed. Furnivall, p. 215, l. 22. Perhaps formed as adj. from a Scand. source. =

Norw. *kveis*, sickness after a debauch (Aasen); Icel. *kveisa*, a whitlow, boil; *idra-kveisa*, bowel-pains, colic; Swed. dial. *kveisa*, a pimple, scurvy, blister. Cf. Swed. *kveisa*, to bruise, wound; Low G. *quise*, a blood-blister, *quise*, troubled with blisters (Schambach). β . But the form *coisy* also occurs, and the earliest sense seems to be ticklish or unsteady; as in: 'here is a coisy werd' (world); and 'the werlde is ryght quesey'; Paston Letters, i. 497, iii. 4. This points to a F. origin; cf. OF. *coisais*, *coisat*, wounded, injured (Godefroy). γ . Perhaps this is allied to MF. *cuisant*, 'smarting, itching,' and to F. *cuire*, 'to seeth, boyle, bake, itch, smart,' Cot. Cf. Ital. *cocere*, *cuocere*, 'to concoct, boyl, burn, grieve, molest'; Torriano. From L. *coquere*, to cook. Der. *quasi-ness*, 2 Hen. IV, i. 1. 196.

QUEEN, a woman, a female sovereign. (F.) ME. *queen*, *queene*; P. Plowman, C. ix. 46. AS. *cwæn* (common). + Icel. *kvin*, a wife; Goth. *kwinan*, *kweinan*, a woman, wife. Teut. type **kweniz*, f.; from the 3rd grade of Teut. base **kwen-*, as seen in **kwen-ün*, a woman; for which see **QUEAN**. Idg. type **g(w)eni-*; whence also Skt. *-jāni-* (in compounds), wife. Der. *queen-ly*, *queen-mother*. Allied to *queen*.

QUEER, strange, odd. (O. Low G.) 'A queer fellow'; Spectator, no. 474, § 2. Much earlier, in Dunbar's 'Myting': 'our awin quier clerk'; l. 218. A cant word; and prob. introduced rather from Low than High German.—Low G. *queer*, across; *quere*, obliquity. In Awdeley's Fraternity of Vagabonds, ed. Furnivall, p. 4, 'a quire fellow' is one who has just come out of prison; cf. the slang phrase 'to be in quier street'; and Low G. in *der quere ligen*, to lie across, lie queerly. + G. *quer*, transverse; *querhoff*, a queer fellow. The OLG. form is *twer*, transverse; cf. Dan. *twer*, cross-grained, sullen, perverse (Larsen), Swed. *tvär*, cross, rude; Icel. *þvær*, whence E. *thwart*. See **THWART**. Der. *queer-ly*, *queer-ness*.

QUELL, to crush, subdue, allay. (E.) ME. *quellen*, to kill; Chaucer, C. T. 12788 (C 854). AS. *cwellan*, to kill, Grein, i. 174. + OSax. *quellian*, to torment, causal of *quelan*, to suffer martyrdom; Du. *kwellen*, to plague, vex; Icel. *kvefja*, to torment; Swed. *quälfja*, to torment; Dan. *kvele*, to strangle, choke; to plague, torment. β . Teut. type **kwaljan-*, causal form, 'to make to die'; from **kwal*, and stem of **kwal-an*, to die. Allied to Lith. *gel-i*, to pain; *gel-a*, pain. From Idg. root **g(w)el-*; Brugmann, i. § 656. See **QUALM**.

QUENCH, to extinguish, check, put out. (E.) ME. *quenchen*, Wyclif, Matt. iii. 12. (*Quench* is formed from an obsolete verb *quink*, to be put out, to be extinguished; just as *drench* is from *drink*.) AS. *cwencan*, in the comp. *cwencian*, to extinguish utterly, Mark, ix. 44. Causal of AS. *cwincan*; the pt. t. *cwencan* (=was extinguished) occurs in a various reading in Ælfred, tr. of Bede, b. ii. c. 7, ed. Whelock. β . Further, the verb *cwincan* is an extension of a shorter form *cwincan*, to be extinguished (which is a strong verb, with pt. t. *cwin*, pp. *cwinen*); hence 'þæt fyr cwinen was and æðwæc'—the fire was put out and extinguished; Bede, ii. 7 (as above). Cf. OFrick. *kwinka*, to be extinguished. Der. *quench-able*, -less.

QUERIMONIOUS, fretful, discontented. (L.) 'Most querimoniously confessing'; Denham, A Dialogue, l. 2. Formed with suffix -ous (=F. -eux, L. -osus) from *querimonia*, a complaint. = I. *queri*, to complain; with Idg. suffixes -mōn-ya. See **QUERULOUS**. Der. *querimoniously-ness*.

QUERN, a handmill for grinding grain. (E.) ME. *querne*, Chaucer, C. T. 14080 (B 3264). AS. *cwærnan*, *cwærn*, Matt. xxiv. 41. + Du. *kwærn*; Icel. *kwærn*; Dan. *kwærn*; Swed. *quærn*; Goth. *kwærnan*. Teut. base **kwær-n-*, from Idg. root **g(w)er-*, to grind (?) and whence also Lith. *gærna*, a stone in a handmill; Russ. *gernow(e)*, a millstone, Irish *bro*, W. *brecan*, a mill-stone; Skt. *grāvan-*, a stone. Brugmann, i. § 670.

QUERULOUS, fretful. (L.) In Phillips, ed. 1658. Englished from Late L. *querulōsus* or L. *querulōsus*, full of complaints. = L. *queri*, to complain. The pt. t. *questus* sum points to an older form **quesi*. + Skt. *gwa*, to pant, to hiss, to sigh. = √KWS, to wheeze; whence also E. *Wheeze*, q.v. Der. *querulous-ly*, -ness. And see *quarrel* (1), *querimonious*, cry.

QUERY, an inquiry, question. (L.) In Phillips, ed. 1706. Formerly *quere*, as used by Warner, Albion's England, b. vi. c. 30, l. 238; Ben Jonson, New Inn, A. ii. sc. 2. Put for *quere*, seek thou, inquire thou; 2 p. impj. of L. *querere*, to seek. β . *Querere* is for **quære* (=quasi-*ere*); cf. L. *quæro*, I beg. Brugmann, ii. § 662. Der. *query*, verb; *quer-ist*; also *quest*, q.v., *quest-ion*, *quest-or*. Also (from *quærrere*), *ac-quire*, *con-quer*, *dis-quis-it-ion*, *ex-quis-it-ion*, *in-quire*, *in-quis-it-ion*, *per-quis-it-ion*, *re-quer*, *re-quire*, *re-quis-it-ion*.

QUEST, a search. (F.—L.) In Levins. ME. *queste*, P. Plowman, B. xx. 161.—OF. *queste*, 'a quest, inquire, search'; Cot. F. *quête*. = Folk-L. *quæda*; for L. *quæsta*, a thing sought; fem. of *quæstus*, pp. of *quærare*, to seek; see **QUERY**.

QUESTION, an inquiry. (F.—L.) ME. *questioun*, Wyclif, John, iii. 25.—F. *question*. = L. *questionem*, acc. of *questio*, a seeking, a question; formed with suffix -tio from *quæ-*, base of **quæ-ere*, old form of *quærrere*, to seek; see **QUERY**. Der. *question*, verb, Hamlet, ii. 2. 244; *question-able*, id. i. 4. 43; *question-ably*, *question-able-ness*; *question-less*, Merch. Ven. i. 1. 176; *question-ist* (Levins). Also *questor* (Levins), from L. *questor*, *questor-ship* (id.).

QUEUE, a twist of hair formerly worn at the back of the head. (F.—L.) In late use. Added by Todd to Johnson.—F. *queue*, 'a tail'; Cot.—L. *cauda*, a tail. See **Cue**.

QUIBBLE, an evasion, shift. (L.) 'This is some trick; come, leave your quibbles, Dorothy'; Ben Jonson, Alchemist, iv. 4 (Face, to Dol). A dimin. of *quib*, with suffix -le. 'Quib, a taunt or mock, Coles (Halliwell); but the word is not in ed. 1684 of Coles' Dict. Perhaps *quib* is a weakened form of *quip* or *quippy*. See **QUIP**. β . The peculiar sense of evasion is prob. due to association with *quiddity* and *quillet*; see those words. Der. *quibble*, verb; *quibbl-er*.

QUICK, living, moving, lively. (E.) ME. *quik*, Chaucer, C. T. 1017 (A 1015). AS. *cwic*, sometimes *cwe*, Grein, i. 175; also *cwicu*, *cwicu*. + Du. *kwik*; Icel. *kvikr*, *hykr*; Dan. *kvik*; Swed. *quick*; Prov. G. *quack*, *quack*, quick, lively (Flügel).

β . All from a Teut. type **kwikwoz*, lively, which took the place of an older form **kwiwoz*; this older type occurs in Goth. *kwiuis*, living, cognate with L. *uiuis*, Lith. *gywa*, Russ. *živō*, alive, living; Irish *beo*, W. *byu*, alive; Idg. type **g(w)iuos*. Further allied to Skt. *jiu*, to live, L. *vivere*, and Gk. *bios*, life. See **VIVID**. Brugmann, i. §§ 85, 318, 677. Der. *quik*, sb., *quik-ly*, *quik-ness*; *quik-time*; *quik-sand*, 3 Hen. VI, v. 4. 26; *quik-silver*, Chaucer, C. T. 16240 (G 772). AS. *cwicscolfor*; *quik-set*, i. e. set or planted alive; *quik-sighted*. And see *quik-en*. ¶ The prov. E. *quik-grass* = *quik-grass*; it is also spelt *couch-grass*, where *couch* is due to the occasional AS. *cūcū*.

QUICKEN, to make alive. (E.) ME. *quiknen*, *quiknen*, Wyclif, John, vi. 64; Chaucer, C. T. 15949 (G 481). The true form is *quik-nen*, and the suffix -nen = Goth. -nan, which was used only to form intransitive verbs; so that the true sense of *quiknen* is rather 'to become alive,' as in King Lear, iii. 7. 39. But this distinction was early lost, and the suffixes -ien, -nen were used as convertible. The Goth. keeps them distinct, having *gakuin-jan*, to make alive, *gakuin-nan*, to become alive. From AS. *cwic*, alive; see **QUICK**. Cf. Icel. *kvænna*, Swed. *quænna*, intr., to quicken, come to life.

QUICK, a mouthful of tobacco. (E.) A dialectal variant of *cud*; 'Quid, the cud' (Halliwell); AS. *cwudu*. It occurs in Bailey's Dict., vol. ii. ed. 1731; and see E. D. D. See **Cud**.

QUIDDITY, a trifling, nicety, cavil. (L.) A term of the schools. 'Their predicamentes, . . . quiddities, hecetics, and relatives!' Tyndal, Works, p. 104, col. 1, l. 8 (and in Spec. of Eng. ed. Skeat, p. 176, l. 318). Englished from Late L. *quidditas*, the essence or nature of a thing, concerning which we have to investigate 'what it is' (*quid est*). = L. *quid*, what, neuter of *quis*, who; see **Who**.

QUIDNUNC, an inquisitive person. (L.) Applied to one who is always saying—'what's the news?' 'The laughers call me a quidnunc.' The Tatler, no. 10, § 2.—L. *quid nunc*, what now?

QUIESCENT, still, at rest. (L.) In Blount's Gloss, ed. 1674.—L. *quiescent-*, stem of pres. part. of *quiescere*, to be at rest. See **QUIET**. Der. *quiescence*.

QUIET, still, at rest, tranquil. (L.) 'A quiet and a pisable lijf'; Wyclif, i. Tim. ii. 2; where the Vulgate has *quiescam*. [Rather from L. than from F.; the F. form is *Coy*, q.v.] = L. *quies*, quiet; orig. pp. of *quiescere*, only used in the inceptive form *quiescere*, to rest. Cf. *qui-s*, rest. β . Allied to OPer. *shiviti*, a place of delight, home; Pers. *shād*, pleased; and to E. **WHILE**. Brugmann, i. §§ 130, 675; Horn, § 767. Der. *quiet*, sb., ME. *quite*, Chaucer, C. T. 9269 (E 1395); *quiet*, verb, 1 Hen. VI, iv. 1. 115; *quiet-ly*, *quiet-ness*; *quiet-ude*, from Late L. *quiescūdo* (White), a contraction for *quiescītudo*. Also *quiet-us*, a final settlement, from L. *quies*, adj.; *quiesc-ism*, *quiet-ist*. From L. *quiescere* we also have *ac-quiete*; and see *re-quiem*, *quit*, *quite*, *re-quite*, *ac-quit*, *dis-quiet*. Doublet, *coy*.

QUILL (1), a feather of a bird, a pen. (E.) ME. *quille*, *quylle*. 'They take a quill' (tube?); Lydgate, Troy-book, fol. E. 2, col. 2. 'Quylle, a stalke, Calamus'; Prompt. Parv. Halliwell gives: 'Quill, the stalk of a cane or reed, the faucet of a barrel.' This is a difficult and doubtful word; probably the sense of 'hollow stalk' was the original one. The word appears to be E., and of Teut. origin. + Low G. *kil*, a goose-quill (Berghaus); *kil* (Schambach); Westphalian *kwiele* (Woeste); G. *hief*, Bavarian and MHG. *kil*.

QUILL (2), to peat a ruff. (F.—L.; or E.) 'What they called his cravat, was a little piece of white linen quilled with great exactness'; Tatler, no. 257, Nov. 30, 1710. 1. Supposed to be so called from being folded as if over quills; or, to form into small folds resembling quills. See **QUILL** (1). 2. Wedgwood quotes from Métyler the Gurney word *enguller*, to peat, gather, wrinkle,

which Mévitur derives from OF. *cuillir*, to gather, collect, cull; whence also E. *Cull*, q. v. I do not know which is right. ¶ The phrase in the *quill*, in Shaks. 2 Hen. VI. l. 3. 4, certainly means 'in the collection' or 'in a body'; where *quill* (variant of *coil*) is from OF. *cuillir*, L. *colligere*, to collect, to cull.

QUILLIT, a sly trick in argument. (L.) 'His quiddities, his quillities,' Hamlet, v. 1. 108. There is also a form *quiddit*; the N. E. D. cites from Greene (in Harl. Misc. ii. 232), 'such quills and quiddities.' Prob. *quillet* is for *quiddit*, shortened from *quiddity*; see *Quiddity*. Note that, in Torriano (1688) we find Ital. *quiddit*, *quiddit*, 'the quiddity, the whyness, or substance of any thing'; and, just below, *quillit*, *quillit*, 'a quillity'; which seems to prove the change from *d* to *l*.

QUILL, a bed-cover, a case filled with wool, flock, down, &c. (F.—L.) ME. *quille*, *quyle*. 'Unum *quyll*,' York Wills, lii. 3 (1395). A. Neckam has L. *culcitra*, glossed by AF. *quille*; Wright's Vocab. i. 100. *Quyle* of a bedde, *Culcitra*; Prompt. Parv.—OF. *culle* (12th cent., Littré, s. v. *couette*), also spelt *cotre* (Burguy), and *cotre*, as in *contrepoincer*, to quilt (Cotgrave).—L. *culcita* (also *culcitra*, giving OF. *cotre*), a cushion, mattress, pillow, quilt. Root uncertain. Der. *quill*, verb. And see *Counterpane* (1).

QUINARY, consisting of or arranged in fives. (L.) The L. form *quintarius*, as a sb., is in Phillips, ed. 1706; *quinary* is in Cudworth's Intellectual System, p. 625 (R.).—L. *quinaris*, arranged by fives.—L. *quint*, pl. adj., five each. For **quinc-ni*, where *quinc*—*quincus*, five, which is cognate with E. *Five*, q. v. See *Quinquagesima*.

QUINCE, a fruit with an acid taste. (F.—L.—Gk.) In Romeo, iv. 4. 2. Spelt *quince*, *quince*, Pistill of Susan, 102; *quince* in Prompt. Parv. [Cf. MF. *coignasse*, 'a female quince, or pear-quince, the greatest kind of quince'; Cot.; *coignaciter*, 'the great, or pear, quince-tree'; id.] For *quince*; orig. the pl. of *quin* or *quyne*, a quince; but the usual ME. form is *quins*, or *quins*; of the Rose, 1374. Cf. *quyns-tre*, Voc. 173. 48; *quyns-tre*, id. 646. 25. Walter de Bibbesworth has AF. *coigner*, glossed by *coyn-tr*, *quince-tree*; Wright's Vocab. i. 163. 'Quyns-tre, coigner'; Du Wes, in Palsgrave, p. 914; *quyns*, p. 260.—OF. *coign*, mod. F. *coign*, a quince. [Cf. Prov. *coign*, Ital. *cogno* (Littré).]—L. **coquinum*, for **quindium*; (the Ital. *cogno* representing L. *quindia*, a quince).—Gk. *kuōvnia*, a quince-tree; *kuōvnyon* *kuōvnyon*, a quince, lit. a Cydonian apple.—Gk. *kuōvnia*, *kuōvnyon*, Cydonia, one of the chief cities of Crete, named from the *kuōvnyon* (Cydones), a Cretan race. See Smith's Classical Diet.

QUINCUNX, an arrangement by fives. (L.) Applied to trees, &c., arranged like the five spots on the side of a die marked 5. See Sir T. Browne, Garden of Cyrus, c. 5. § 12.—L. *quincunx*, an arrangement like five spots on a die.—L. *quinc*, for *quincus*, five, cognate with E. *Five*; and *uncia*, an ounce, hence a small mark, spot on a die; see *OUNCE* (1).

QUININE, extract of Peruvian bark. (F.—Span.—Peruvian) Ab. 1820. Borrowed from F. *quinine*, an extension (with suffix *-ine*—L. *-ina*) from F. *quina*—Span. *quina*, *quinaquina*, a Span. spelling of Peruvian *quina*, or *kina-kina*, which is said to mean 'bark,' and is applied to that which we call Peruvian bark. Granada, in his Vocab. Rioplatense, gives *quina*, a thorny shrub, good against fever; and *quinaquina*, a large tree with medicinal bark.

QUINQUAGESIMA, the next Sunday before Lent. (L.) So called because about 50 days before Easter.—L. *quingagesima* (*diu*), fiftieth day; fem. of *quingagesimus*, fiftieth.—L. *quingus*, for *quingus*, five; and *-agesimus*, for *-agesimus*, tenth, ultimately from *decem*, ten. See *Five* and *Ten*.

QUINQUANGULAR, having five angles. (L.) Formed from *quingus*, five, just as *quadrangular* is from *quadrus*, fourfold. See *Quadrangular*.

QUINQUENNIAL, lasting five years, recurring in five years. (L.) Formed from *quingus*, five, and *annus*, a year; see *Biennial*.

QUINSEY, inflammatory sore throat. (F.—Gk.) 'The throting quincey,' Dryden, Palamon, 1682. A contraction of the older form *quincy* or *quincincy*, spelt *quincianie* in Minshew, ed. 1627. Sir T. Elyot has 'quynances, or quincies in the throate'; Castet of Helth, bk. iii. c. 7. ME. *quynacy*, *quynancy*, Trevisa, iii. 335.—OF. *quincianie* (Supp. to Godefroy s. v. *esquinancy*); also *quincianie*; mod. F. *quincianie*. Cot. gives *esquinace*, 'the quincy or quincianie,' and *quincianie*, 'the quincianie or quincianie.' B. Formed (sometimes with prefixed *s*—*es*, for OF. *es*—L. *ex*, very) from Gk. *κυνειν*, lit. 'a dog-throttling,' applied to a bad kind of sore throat.—Gk. *κυνειν*, stem of *κυνειν*, a dog, cognate with E. *Hound*; and *κυνειν*, to choke, throttle, from ANGLI, to choke; see *Anger*.

QUINTAIN, a post with arms, set up for beginners in tilting to run at. (F.—L.) In As You Like It, i. 2. 263. 'When, if needs

were, they could at quintain run;' Sidney, Arcadia, b. i (song. l. 56). ME. *quintain* (for *quincian*), Destr. of Troy, 1627.—F. *quintaine*, 'a quintane, or whintane, for country youths to run at;' Cot.—Cf. Prov. *quintana*, Ital. *quintana* (Littré). From Late L. *quintana*, a quintain, Matt. Paris, v. 307; also *quintana*, a quintain, also a certain measure of land, also a part of a street where carriages could pass (Ducange). B. The form of the word is so explicit that we may connect it with L. *quintana*, a street in the camp, which intersected the tents of the two legions in such a way as to separate the fifth manipule from the sixth, and the fifth turma from the sixth; here was the market and business-place of the camp (White). We can hardly doubt that this public place in the camp was sometimes the scene of athletic exercises and trials of skill, whence it is an easy step to the restriction of the term to one particular kind of exhibition of martial activity. And *quintana* is the fem. of *quintanus*, formed with suffix *-anus* from *quintus*, fifth, which is for **quinc-tus*, from *quincus*, five. See *Five*. Picard *quintaine*; described by Corbillet.

QUINTAL, a hundredweight. (F.—Span.—Arab.—L.) 'Twelve pence upon euerie quintall of copper;' Hakluyt's Voyages, i. 137, l. 18; also *hantal*, id. ii. (part 2). 162. Spelt *quintall*, Palsgrave.—F. *quintal*, 'a quintal or hundredweight;' Cot.—Span. *quintal*, a quintal, hundred-weight.—Arab. *qintār*, a weight of 100 pounds of twelve ounces each; Rich. Dict. pp. 1150, 737.—L. *centum*, a hundred; see *Cent*. And see *Kildarkin*.

QUINTESSENCE, the pure essence of anything. (F.—L.) 'Aristoteles... hath put down... for elements, four; and for a fifth, quintessence, the heavenly body which is immutable;' Holland, tr. of Plutarch, p. 662 (R.). Palsgrave has *quintessence*. Misspelt *quintessence*, Lydgate, Minor Poems, p. 51. And see The Book of Quinte Essence or the Fifth Being, about A.D. 1460, ed. Furnivall, 1866 (E. E. T. S.).—F. *quintessence*, 'a quintessence, the virtue, force, or spirit of a thing extracted;' Cot.—L. *quinta essentia*, fifth essence or nature.—L. *quinta*, fem. of *quintus* (for **quinc-tus*), from *quincus*, five; see *Five*. And see *Essence*. ¶ The idea is older than Aristotle; cf. the five Skt. *bhūtan*, or elements, which were earth, air, fire, water, and ether. Thus the fifth essence is ether, the most subtle and highest; see Benfey, Skt. Dict., p. 658, col. 1.

QUINTILLION, the fifth power of a million. (L.) Coined from L. *quintus*, fifth; and *-illion*, part of the word *million*; see *Quadrillion*, *Billion*.

QUINTUPLE, fivefold. (F.—L.) In Sir T. Browne, Cyrus Garden, c. 5. § 3.—F. *quintuple*, in use in the 15th cent. (Hatzfeld).—L. **quintuplus*, a coined word; formed from *quintus*, fifth, just as *duplus* is from *duo*, two. See *Quintessence* and *Double*. Der. *quintuple*, verb.

QUIP, a taunt, cavil. (L.) 'This was a good quip that he gave unto the Jewes;' Latimer, Sermon on Rom. xiii. an. 1553 (R.). Sir T. More has: 'this goodly quippe agaynst me;' Works, p. 709. We also find *quippy*, as in Drant's tr. of Horace, bk. ii. sat. 1.—L. *quippe*, forsooth (used ironically). For **quid-pe*; Brugmann, i. § 587. Der. *quibb-le*, q. v.

QUIRE (1), a collection of so many sheets of paper, often 24. (F.—L.) Also *quair*, as in The Kingis Quair, i.e. small book. Spelt *quayr*, Trevisa, tr. of Higden, ii. 193. In the Aucrén Riwle, p. 248, last line but 1, we find the curious form *cuwer*, in the sense of a small book or pamphlet.—AF. *quair*, as a gloss to *quintus*; A. Neckam, in Wright's Vocab. i. 116, l. 6; OF. *quair* (13th cent., Littré); spelt *quayr*, *cayr*, in Cotgrave, who explains it 'a quire of written paper; a pece of a written booke.' Mod. F. *quair*—Late L. *quaternum*, a collection of four leaves, a small quire; from L. *quātern*, nom. pl., four each, which from *quatuor*, four, cognate with E. *Four*. Cf. Ital. *quaderno*, a quire of paper; and the instance of F. *enfer* from L. *infernum* shows that the suffix *-num* would easily be lost.

QUIRE (2), a band of singers. (F.—L.—Gk.) Another spelling of *Choir*, q. v. Der. *quair-ister* (for *chorister*); Nares.

QUIRK, a cavil, subtle question. (Scand.—G.) In Minshew, ed. 1627. The orig. sense seems to have been 'angle;' cf. prov. E. *quirk*, a twist, a clock in a stocking, a quibble. 'The quiddities and quereks of logique darke;' Drant, tr. of Horace, Sat. i. 5. Being found in many dialects, it may be a Scand. word. B. Prob. from Icel. *hverk*, the angle below the chin, the inner angle of an ax (Vigfússon); Molbeck gives Dan. *quærk* (*hverk*) as an angle in a knee-timber of a ship (cf. E. *quirk*, an angle or groove in a moulding); see N. E. D. and E. D. D.; Jutland *hverk*, the angle between two rows of houses (Feilberg). Not of Scand. origin; but borrowed from G. *quer*, transverse; see *Quere*. Cf. MHG. *quærk*, G. *zuerk*, going across; AS. *puærk*; see *Thwart*. Distinct from Icel. *hverk*, pl., the throat.

QUIT, freed, released, discharged from. (F.—L.) In the phr. 'to be quit,' the word is really an adj., though with the force of a pp.

The verb to *quit* is derived from it, not *vice versa*; as is easily seen by comparing the F. *quitter* (OF. *quiter*) with F. *quitter* (OF. *quite*). In the phrases 'quit rent' and 'quit claim,' the old adjectival use is retained, and the latter represents an OF. verb *quit-clamer*. Moreover, the adj. was introduced into E. before the verb, appearing as *quite* in the Ancr. Riwle, p. 6, l. 12. Cf. 'Tho was Wyllam our kyng all gysst of thulke fon,' i.e. all free of those fees; Rob. of Glouc. p. 392, l. 8662. [Hence was derived the verb *quyten*, to satisfy a claim, pay for. 'He mai quiten hire ale' = he will pay for her ale, (Old Eng. Miscellany, ed. Morris, p. 190, l. 77; and see Chaucer, C. T. 772 (A 770).] = OF. *quite*, 'discharged, quit, freed, released'; Cot. Mod. F. *quitter*; Span. *quito*, quit. = Late L. *quies*, *quies*, popular forms of L. *quies*, at rest, hence free, satisfied. Thus *quit* is a shorter form of *quies*. See *QUIET*. Der. *quit*, verb, from OF. *quiter*, 'to quit,' Cot. (mod. F. *quitter*). And hence *quitt-ance*, ME. *quittance*, spelt *cuittance* in Ancr. Riwle, p. 126, l. 7, from OF. *quittance*, 'an acquittance,' Cot.; cf. Late L. *quittance*. And see *quite*.

QUITE, entirely. (F.—L.) ME. *quite*, *quyte*. 'And chaced him out of Norweic *quyte* and clene;' Rob. of Brunne, tr. of Langtoft, p. 50. This is merely an adverbial use of the ME. adj. *quyte*, now spelt *quite*. Thus the sense is 'freely,' hence 'entirely.' See *QUIET*.

QUIVER (1), to tremble, shiver. (E.) Possibly allied to *quaver*, q. v. It does not appear very early, yet is probably old. 'A *quiver* ring dant;' Spenser, F. Q. iii. 5, 19. 'I *quyver*, I shake;' Palsgrave. 'Dido *quyvered* and shoke;' Caxton, Eneydos, ch. 27, p. 103. Allied to the obsolete adj. *quiver*, full of motion, brisk, Shak. 2 Hen. IV. iii. 2, 301; which occurs, spelt *cuiuer* (= *cuiuer*) in the Ancr. Riwle, p. 140, l. 21; also as AS. *cwiſer*, as in the adv. *cwiſerlice*, anxiously, eagerly; Kule of St. Benet, ed. Schröer, p. 133, l. 38. Prob. of imitative origin; cf. *quaver* and *quake*. Cf. also Efrics. *kwiſer*, lively, *kwiſern*, to be lively (Koolman); MDu. *kuyſeren*, to quiver (Kilian).

QUIVER (2), a case for arrows. (F.—OHG.) 'Thair arwes in a *quiver* sente;' E. E. Metr. Psalter, x. 3. 'Quyver, Pharetra;' Prompt. Parv. = OF. *cuiure*, *cuiere*, *cuiure*, a quiver. And see Diez, s. v. *cuiure*. = OSax. *cokur*, a quiver; OHG. *kokhar* (cited by Diez), mod. G. *köcher*, a quiver. Cognate with AS. *cocer*, *cocer*, a quiver, Gen. xxvii. 3. Teut. type **kukuro-*, whence Med. L. *cucurum*, a quiver. Der. *quiver*-ad.

QUIKOTIC, absurdly chivalrous. (Spanish.) Formed as adj., with suffix -ic, from the name *Don Quixote*, or *Quijote*, the hero of the famous novel by Cervantes. (The OSpan. * is now commonly written as j; the sound of the letter is guttural, something like that of G. ch.)

QUIZ, an eccentric person; one who ridicules oddities; a hoax. (E.) History obscure; said to have been coined by one Daly in 1791; yet already in 1782 Madame D'Arbly, Early Diary, p. 24, has: 'He's a droll *quiz*.' 'The toy also called a bandalore was known as a *quiz* in 1790; which suggests a connexion with *whiz*. It seems, in any case, to have been a coined word. Perhaps suggested by *in-quis-itive*. See Davies, Suppl. Glossary; Notes on E. Etym., p. 238.

QUIP, a cap or hood. (F.—MHG.—L.) In Shak. Wint. Tale, iv. 4, 226. 'The same word as *Coif*, q. v.

QUIN, a technical term, orig. a wedge. Used in architecture, gunnery, and printing. (F.—L.) The orig. sense is 'wedge;' and, as a verb, 'to wedge up.' 'A printers *quyn*, Cuneus;' Levins, 215. 17. Merely another spelling of *Coif*, q. v. A like change of *c* to *qu* occurs in *quait*. Der. *quin*, verb.

QUOIT, COIT, a ring of iron for throwing at a mark in sport. (F.—L?) The older spelling is *coit*. 'Coit, Petreluda; Coyter, or caster of a coyte, Petreludus;' Prompt. Parv. 'Casting of coits,' Pecock's Repressor (A. D. 1449); in Spec. of Eng., ed. Skeat, p. 51, l. 70. AF. *coites*, pl. (1388). N. E. D. β. We find W. *coetan*, a quoit (where W. *oi* = E. *oi* or nearly); but this is borrowed from E., having no radical, and therefore does not help us. γ. We also find, on the other hand, the Lowland Scotch *coit*, to juggle or push about, occurring in Fordun's Scotichronicon, ii. 376; much like the OF. *coier*. We there read of a woman who 'Gangis coiland in the curt, hornit like a gait' [goat]. δ. The spelling *coit* suggests a F. origin; and the word is prob. connected with the curious OF. *coier*, to press, to push, to hasten, incite, instigate (Burguy); cognate with Prov. *coucha*, *coita*, *cuita*, to drive before one (Mistral); the Span. *coitarre* is to hurry oneself, to hasten. If the OF. *coier* could have had the sense 'to drive,' as seems possible, we may look on a *quoit* as being a thing driven or whirled; but of this we have no evidence. *Coit*, to push along the ice, as in the game of curling (Jamieson), may have been the older sense in English, which may help. α. The origin of OF. *coier* is very doubtful; hardly from L. *coacture*, to

force, from *coactus*, pp. of *coagere*; see *Cogent*. It ought rather to represent a Late L. type **cocture*, a frequentative of L. *coquere*, to cook, which in late authors also meant to harass or vex the mind (Lewis). See Körtig, § 297. Der. *quoit*, verb, 2 Hen. IV, ii. 4, 266.

QUORUM, a number of members of any body sufficient to transact business. (L.) In Minshew, ed. 1627. 'Be of the *quorum*;' Stat. of Hen. VII, fol. b 5, l. 6. It was usual to enumerate the members forming a committee, of whom (in L., *quorum*) a certain number must be present at a meeting. L. *quorum* is the gen. pl. of *qui*, cognate with E. *who*; see *Who*.

QUOTA, a part or share assigned to each member of a company. (L.) Used by Addison; Spectator, No. 439, § 2. = L. *quota* (pars), how great (a part), how much; fem. of *quotus*, how many. = L. *quot*, how many; allied to *qui*, cognate with E. *Who*. Cf. Ital. *quota*, a share (Baretti). Der. (from L. *quotus*) *quote*, q. v., *quoti-dian*; (from L. *quot*) *quot-ient*.

QUOTE, to cite, repeat the words of any one. (F.—L.) In Shak. Hamlet, ii. 1, 112. Sometimes written *cite* (Schmidt). = MF. *quoter*, 'to quote;' Cot. Mod. F. *coter*, which is also in Cotgrave. = Late L. *quotare*, to mark off into chapters and verses; thus the real sense of *quote* is to give a reference; see *coted*, Trevisa, tr. of Higden, viii. 205 (L. *quotavit*). The lit. sense of *quotare* is 'to say how many,' with reference to the numbering of chapters. = L. *quota* (pars), fem. of *quotus*, how much, how many; see *Quota*. ¶ Sometimes from L. *quotare*, immediately; esp. in early instances. Der. *quot-able*, *quot-er*, *quot-al-ion*.

QUOTH, he says, he said. (E.) Properly a pt. t., though sometimes used as a present. 'The form of the infin. is *queth*, only used in the comp. *bequeath*. ME. *quoth*, *quod*; Chaucer, C. T. 790 (A 788); and common in both forms. AS. *cweðan*, to speak, say; pt. t. *cwæð*, pl. *cwædon*; pp. *cweden*; Grein, i. 173. + Icel. *kveða*; pt. t. *kvæð*, pp. *kveðinn*; OSax. *quæban*; OIIG. *quedan*, pt. t. *quāt*, *quāt*; Goth. *kweiþan*, to say, pt. t. *kwaþ*. β. All from a Teut. type **kweþan-*, to say, pt. t. **kwaþ*. Allied to Skt. *gad*, to speak, *gada-s*, m. speech. Der. *quotha*, for *quoth* he.

QUOTIDIAN, daily. (F.—L.) ME. *quotidian*, spelt *cotidian*, Gower, C. A. ii. 142; bk. v. 464. = OF. *cotidian* (13th cent., littré); later *quotidian*, 'daily;' Cot. = L. *quotidianus*, daily. = L. *quoti-*, for *quotus*, how many, and *-di-*, a day, with suffix *-anus*. Hence *quotidianus* = on however many a day, on any day, daily. See *Quota* and *Diurnal*.

QUOTIENT, the result in arithmetical division. (F.—L.; or L.) In Minshew, ed. 1627. [Perhaps directly from Latin.] = F. *quotient*, 'the part which, in the division of a thing among many, falls unto every one's share;' Cot. = L. *quotient*, 'the imaginary stem of L. *quotiens*, which is really an adv., and ineluctable; it means 'how many times.' = L. *quot*, how many; see *Quota*.

R

RABBIT, to cut the edges of boards so that they overlap and can be joined together. (F.—L.) ME. *rabel*, sb.; see Prompt. Parv. 'Many deep *rabotted* incisions;' Holland, tr. of Plutarch, p. 902 (R.). 'Rabetyng of hordes, *rabetture*;' Palsgrave. The Halifax gibbet, in Harrison's Descr. of England, b. ii. c. 11, ed. Furnivall, p. 227, is described as having a block of wood 'which dooth ride vp and downe in a slot, *rabet*, or regall betweene two peeces of timber.' Bailey has: 'Rabbel, to channel boards;' and also 'Rabate, to channel, to chamfer.' Apparently from OF. *rabat*, 'to abate, deduct, diminish,' Cot.; hence, to this down; mod. F. *rabattre*. = F. *re* (L. *re-*), again, back; and OF. *abatre*, to abate. See *Abate*. β. Confused, as above, with *rebate*, q. v. Also, as shown by the spelling *rabotted*, with F. *raboter*, 'to plane, level, make or lay even,' Cot.; from F. *rabot*, 'a joiners plane,' id. See *Rebate*.

RABBI, RABBIN, sir, a Jewish title. (L.—Gk.—Heb.) 'Rabi, that is to seye maister;' Wyclif, John, i. 38. Also in the AS. version. = L. *rabi* (Vulgate). = Gk. *παῖς*; John, i. 38. = Heb. *rabbi*, lit. my master; from *rab*, great, or as sb. master, and i, my. We also find *Rabboni*, John, xx. 16; of similar import. 'Rabbi was considered a higher title than *Rab*; and *Rabban* higher than *Rabbi*;' Smith, Dict. of the Bible, q. v. = Heb. root *raḥab*, to be great. Cf. Arab. *raḥb*, being great; or, as sb., a master; *rabbi*, my lord; Rich. Dict. p. 719. The form *rabbīn* is French. Der. *rabbīn-i-cal*, *rabbīn-i-st*.

RABBIT, a small rodent quadruped. (Walloon.—MDu.) ME. *rabet*; Prompt. Parv. The older word is *cony*. It is a dimin. form

only found in Walloon *robett* (Remacle); formed with F. suffix *-et* from MDu. *robbe*, 'a rabbit'; Hexham; see also Kilian and De Bo. Kilian also gives the dimin. form *robbeken*. Origin unknown; perhaps cf. Norw. *rabba*, to snatch, snap up; *robben*, snatching, tearing, quick (Ross). See Notes on E. Eym., p. 239.

RABBLE, a noisy crowd, mob. (MDu.) Levins has *rabil*, *rabbe*, *rablement*. Halliwell has: 'rabble, to speak confusedly', with an example of ME. *rablen* used in the same sense; also: 'rabblement, a crowd, or mob.' ME. *rabel*, a rout, Gawain and the Grene Knight, 1703, 1899. So named from the noise which they make; cf. MDu. *rabblen*, 'to chatter, trifle, toy'; Hexham. So also prov. G. *rabblen*, to chatter, prattle; Flügel. So also Gk. *παράσσειν*, to make a noise; whence *ἀπαράσσειν*, a dancer, a brawler. The suffix *-le* gives a frequentative force; a *rabble* is 'that which keeps on making a noise.' And see **RAPPAREE**. Der. *rabble-ment* (with F. suffix), Jul. Caesar, i. 2. 245.

RABID, mad, furious. (L.) 'All the *rabid* flight Of winds that ruin ships;' Chapman, tr. of Homer, Odys. b. xii. l. 418. — L. *rabidus*, furious. — L. *rabere*, to rage; see **RAGE**. Der. *rabid-ly*, -ness.

RACA, a term of reproach. (Chaldee.) Matt. v. 22. 'Critics are agreed in deriving it from the Chaldee *rákâ*, with the sense of worthless'; Smith, Dict. of the Bible.

RACCOON, **RACCOON**, a carnivorous animal of N. America. (N. American Indian.) It occurs in a tr. of Buffon, London, 1792. The name of the animal in Buffon is *raton*; but this is only a F. corruption of the native name, just as *raccoon* is an F. corruption. Spelt *raccoon* in Bailey, 1735. 'Arathkone, a beast like a fox'; in a glossary of Indian words at the end of A. Historie of Travels into Virginia, by Wm. Strachey; ab. 1610-12; in a glossary of the Hakluyt Society in 1849. 'A beast they call *arathkone*, much like a badger'; Capt. Smith, Works, ed. Arber, p. 59. Evelyn speaks of 'the Egyptian *raccoon*'; Diary, May 18, 1657. From the old Virginian dialect of Algonquian. The F. *raton* is assimilated to F. *raton*, a rat.

RACE (1), a trial of speed, swift course, swift current. (E.) ME. *ras*, a northern form. 'In a *ras*'; Met. Homilies, ed. Small; p. 141. 'In a *raiss*'; Barbour, Bruce, v. 638. [The corresponding Southern form is ME. *rees*, *res* (with long e), Gower, C. A. i. 335; bk. iii. 167; Tale of Gamelyn, l. 543 (Wright), or l. 547 (Six-text); from AS. *reās*, a rush, swift course; Luke, viii. 33.] — Icel. *rás*, a race, running. Cf. Icel. *rasa*, to rush headlong; Du. *razen* (G. *rasen*), to rage. β. The form of the Teut. base is **ra-*. Cf. Gk. *ῥα-ῖν*, a quick motion. Der. *race*, verb; *race-course*, *race-horse*, *race-racer*.

RACE (2), a lineage, family, breed. (F.) In Spenser, F. Q. i. lo. 60. — F. *race*, 'a race, lineage, family'; Cot. Cf. Port. *raça*, Span. *raza*, Ital. *razza*. Of unknown origin; not from OHG. *reiza*, a line, stroke, mark; as suggested by Diez. See Körting (§ 7716), who suggests rather a L. type **rapia*. Der. *rac-y*, q. v.

RACE (3), a root. (F.—L.) 'A race of ginger'; Wint. Tale, iv. 3. 50; spelt *raze*, 1 Hen. IV, ii. 1. 27. — OF. *rais*, *raiz*, a root (Burgun); cf. Span. *raiz*, a root. — L. *radicem*, acc. of *radix*, a root; see **RADIX**.

RACEME, a cluster. (F.—L.) A botanical term; borrowed from F. *racème*, a cluster, in botany. — L. *racēum*, acc. of *racēmus*, a cluster of grapes. Der. *racem-ed*. Doublet, *raisin*.

RACK (1), a grating above a manger for hay, an instrument of torture; a frame-work, a toothed bar. (MDu.) The word *rack* is used in a great many senses, see **RACK** (2), &c., below; and, in several of these, the origin is quite different. The word *rack* is seldom to be found in early literature, in any sense. The oldest E. word etymologically connected with *rack* (1) is AS. *reccan*, to stretch. β. The radical sense of *rack* is to extend, stretch out; hence, as a sb., that which is extended or straight, a straight bar (cf. G. *rack*, a rail, bar; hence, a frame-work, such as the bars in a grating above a manger, a frame-work used as an instrument of torture, a straight bar with teeth in which a cog-wheel can work. The ME. forms are *rakke*, *rekke*. 'A peyre rakkes of yrne'; E. Eng. Wills, ed. Furnivall, p. 56, l. 27; 'rakkes and brandemes of erno [iron]; id., p. 57, l. 27; A. D. 1424; 'pro l. pari de rakkez', in a kitchen inventory, York Wills, iii. 15; A. D. 1400. 'A rakke, Pressepe', i.e. a rack for hay; Prompt. Parv. 'Rakke and manger' = rack and manger; Romance of Partenay, l. 913. — MDu. *reche*, 'a perch or a long pole, Hexham; Low G. *rakk*, a rack, frame-work for hanging things on, a shelf (as in E.). Related words are Icel. *rekja*, to stretch, trace, *rekja*, to strain, *rakr*, straight; MDu. *recken*, 'to stretch, reach out, also to rack'; Hexham; Swed. *rakr*, straight; G. *rack*, a rack, rail, prov. G. *rack*, a scaffold, wooden horse, *reckbank*, a rack for torture, *reche*, a stretcher, *recken*, to stretch. See below.

RACK (2), to stretch a person's joints, to torture on the rack. (MDu.) Allied to **RACK** (1) above. The verb seems to have been

introduced before the sb. 'As though I had ben *racked*'; Skelton, Phillip Sparrow, l. 47. 'Worth to be enhangid . . Or to be *rakkid*'; Lydgate, St. Edmund, ed. Horstmann, bk. ii. 277. — MDu. *racken*, 'to rack, to torture', variant of *recken*, 'to racke', also 'to stretch, reach out, or to extend'; Hexham; Low G. *rakken*, to stretch. — Icel. *rekja*, to stretch; Goth. *uf-rahan*, to stretch out; AS. *reccan*, to stretch, extend. Teut. type **rak-jan-*, from **rak*, and grade of Teut. **rek* = Idg. **REG*, as in Gk. *ῥα-ῖν*, to stretch, L. *regere*; see **REGENT**. Brugmann, i. § 474. Der. *rack*, sb.; *rack-rent*, i.e. a rent stretched to its full value, or nearly so.

RACK (3), light vapoury clouds, the clouds generally. (Scand.) 'Still in use in the Northern counties, and sometimes there applied to a mist'; Halliwell. Used in Shak. of floating vapour; see Hamlet, ii. 2. 506, Antony, iv. 14. 10, Sonnet 33, l. 6. So also (probably) in the disputed passage in the Tempest, iv. 156; where Halliwell hesitates, though he gives instances of its use in earlier English. Thus we find: 'As Phœbus doeth at mydday in the southe, When every *rak* and every cloudy sky Is voidc clene'; Lydgate, MS. Ashmole 39, fol. 51. 'The *rac* dryuez = the storm-cloud drives'; Allit. Poems, ed. Morris, B. 433; a decisive passage. 'A *rac* [driving storm] and a roydye wynde'; Destruction of Troy, 1984. 'The windes in the vpper region, which move the clouds above (which we call the *racke*) and are not perceived below'; Bacon, Nat. Hist. § 115. [Frequently confused with *reck*, but this is quite a different word.] It is the same word with *wrack*, and allied to *wreck*; but *wreck* is to be taken in the sense of 'drift', as rightly explained in Wedgwood. — Norw. *rak*, Swed. dial. *rak* (Swed. *wrak*, Dan. *wrog*), wreckage, that which is drifted about; cf. Icel. *rek*, drift, motion; given in Vigfusson only in the sense 'a thing drifted ashore'; but Wedgwood cites *isunn* er *i reki*, the ice is driving; *skýrek*, the rack or drifting clouds; cf. 'racking clouds' = drifting clouds, 3 Hen. VI, ii. 1. 27. From Icel. *reka*, to drive, toss, thrust, cognate with Swed. *rika*, to reject, and E. *wreck*; see **WRECK**. Cf. Swed. *skæppet vråker*, the ship drifts. Der. *rack*, for *wrack*; as in the phr. 'to go to rack and ruin'; see **WRAK**.

RACK (4), to pour off liquor from the lees. (Prov.) See Halliwell. In Minshew, ed. 1627, who speaks of 'racket wines, i.e. wines cleansed and purged.' 'The reboyle to *rakke* to the lies'; Russell, Boke of Nurture, 115; in Babees Book, ed. Furnivall, p. 125. Like some other words connected with the wine-trade, it is of Gascon origin. — OP. *arraçar*, Prov. *arraça* (Gascon), to decant wine (Mistral). Wedgwood quotes Languedoc *araca le bi*, to decant wine. — Prov. *raca*, mod. *raça*, *draco*, lees, husks left after pressing out wine or oil. Hence also MF. *raguë*; Cotgrave explains *vin raguë* as 'small, or coarse wine, squeezed from the dregs of the grapes, already drained of all their best moisture'. Of uncertain origin; but initial *d* may have been dropped, as in **RANKLE**, q. v. The mod. Prov. *draco* answers to OF. *drache*, husks of grapes; perhaps of Teut. origin. Cf. ME. *drast*, dregs (N. E. D.); and Körting, § 3109.

RACK (5), a short form of **ARRACK**, q. v. Cf. Span. *rague*, *arrack*.

RACK (6), &c. We find (6) prov. E. *rack*, a neck of mutton; from AS. *hræcca*, neck, according to Sommer; but this is prob. an error. The AS. 'hræcca, occiput' in OE. Texts (see p. 549) seems to be miswritten for *hnecca*; still, we find 'Occiput, hræcca', in Voc. 463. 21. Also (7) *rack*, for *reck*, to care; see **RECK**. Also (8) *rack*, a pace of a horse (Palsgrave); of uncertain origin. Also (9) *rack*, a track, cart-rut; cf. Icel. *reka*, to drive; see **RACK** (3).

RACKET (1), **RAQUET**, a bat with network in place of a wooden blade. (F.—Span.—Arab.) ME. *rakket*. 'Sa mony *rakketis*'; Dunbar, Poem xiv. l. 66 (ed. Small). — MF. *raquette*, 'a racket'; Cot. [The game of 'fives', with the hands, preceded rackets; to this day, tennis is called in French *paume* = game of the palm of the hand.] — Span. *raqueta*, a racket, battle-dore (Minshew). Perhaps from Arab. *raḥāḥ*, the palm of the hand; Rich. Dict. p. 714. See Devic, in Suppl. to Littré; who suggests that the Span. *raqueta* may have been confused with Port. *rasqueta*, the wrist, OF. *racette*, *rasquette*; which also is prob. of Arab. origin, viz. from Arab. *ruḡa*, the wrist joint; Rich. Dict. p. 733.

RACKET (2), a noise. (E.) 'After all this *Racket*'; Spectator, no. 336, § 3. Of imitative origin; cf. prov. E. *rattick*, to rattle; *rackle*, noisy talk; also *rabble*. The Gael. *racaid*, *rack*, is merely the E. word borrowed; but cf. Irish *racan*, noise, riot; Gael. *rac*, to make a noise like geese or ducks; Rouchi *raque*, *rie-rac*, words imitating noises.

RACCOON; see **RACCOON**.

RACY, of strong flavour, spirited, rich. (F.—L. (1); with E. suffix.) *Racy* means indicative of its origin, full of the spirit of its race; and so is a derivative from **RACE** (2); esp. in the sense of a characteristic flavour or 'raciness' of a wine, supposed to be due to the soil; see N. E. D. 'Fraught with briar *racy* verses, in which we

The soil from whence they came taste, smell, and see; Cowley, *An Answer to a Copy of Verses sent me from Jersey*, ll. 7, 8. With respect to a pipe of Canary wine, Greedy asks 'Is it of the right race?' Massinger, *New Way to pay Old Debts*, i. 3. 10. **Der.** *raci-nus*. Probably sometimes used with some notion of reference to *L. radix*; but *race* (2) is not derived from *radix*, which appears only in *Race* (3).

RADDLE, red ochre; for marking sheep. (E.) Fitzherbert has *radel-marke*, i.e. mark made with red ochre; Husbandry, § 52. Allied to *red*; see *Red*. And see *Ruddle*.

RADIAL, RADIANT; see *Radius*.

RADICAL, RADISH; see *Radix*.

RADIUS, a ray. (L.) In Phillips, ed. 1710. Chiefly used in mathematics. = *L. radius*, a ray; see *Ray*. **Der.** *radi-al*, from *F. radial*, 'of, or belonging to, the upper and bigger bone of the arme,' Cot., formed with suffix *-alis* from *L. radius*, sometimes used to mean the exterior bone of the fore-arm. Also *radi-ant*, spelt *radynant* in Fisher, On the Seven Psalms, Ps. 130, ed. Mayor, p. 231, last line, from *radiant*, stem of pres. part. of *L. radiare*, to radiate, from *radius*; and hence *radi-ant-ly*, *radiance*. Also *radiate*, from *L. radiatus*, pp. of *radiare*. Also *radiat-ion*, in Bacon, Nat. Hist. § 125, near the end, from *F. radiation*, 'a radiant brightness,' Cot., which is from *L. radiat-ionem*, acc. of *radiatio*, a shining, from *radiare*.

RADIX, a root, a primitive word, base of a system of logarithms. (L.) *L. radix* (stem *radic-*), a root; chiefly used as a scientific term. + *Gk. ῥίζη*, a branch, rod. Cognate with *F. Root*, q. v. **Der.** *radi-al*, spelt *radycall* in Sir T. Elyot, *Castle of Helth*, b. iii. c. 3, from *F. radical*, 'radically,' Cot., formed with suffix *-al* (< *L. -alis*) from *radic-*, stem of *radix*; *radic-al-ly*, *radic-al-ness*; also *radic-le*, a little root, a dimin. form from the stem *radic-*. Also *radice*, called 'radish roots' by Sir T. Elyot, *Castle of Helth*, b. ii. c. 9, from *F. radis*, 'a radish root,' Cot.; not a true *F.* word, but borrowed from Prov. *radiz* (Littre), or from Ital. *radice* (Hatzfeld), from *L. radiceum*, acc. of *radix*. From *L. radix* we also have *e-radic-ate* and *rash* (3). Doublets, *radish*, *rac* (3).

RAFFLE, a kind of lottery. (F.-G.) *ME. raffe* (a game at dice), Chaucer, C. T. Pers. Tale, De Avaritia; Group 1, l. 793 (Six-text). = *MF. raffe* (spelt *raffre* in Cotgrave), 'a game at three dice, wherein he that throws all three alices, winnes whatsoever is set; also, a ruffling,' Cot. = *F. raffer*, 'to catch, or seize on violently,' Cot. Perhaps from *G. raffeln*, to snatch up; frequentative of *raffen*, 'to raff, sweep, carry away, carry off hastily,' Flügel. Cognate with *Icel. krappa*, to hurry; see *Rap* (2). **Der.** *raffe*, verb.

RAFT, a collection of spars or planks, tied together to serve as a boat. (Scand.) *ME. raf*; spelt *rafte*, and used in the sense of 'spar' or 'rough beam'; Avowing of Arthur, at 25, in Kolsson's Met. Kom, p. 69. The orig. sense is 'rafter' = *Icel. raftr* (pron. *raftr*), in which *r* is merely the sign of the nom. case), a rafter; Dan. *raft*, a rafter; see *Rafter*.

RAFTER, a beam to support a roof. (E.) *ME. rafter*, Chaucer, C. T. 992 (A 990). *AS. rafter*, Ælfred, tr. of Beala, b. iii. c. 16. An extension (with *Idg.* suffix *-ro-*) from the base *RAF* appearing in *MSwed. raft*, Dan. *raft*, *Icel. raftr* (*raftr*), a rafter, beam. Again, Dan. *raft* is an extension (with suffix *-ro-*) from the base *RAF* related to *Icel. raf*, *rafr*, a roof, which is cognate with OHG. *rafo*, a spar, a rafter. Further allied to *Gk. ῥάψω*, to cover; *ῥοοφω*, a roof. (✓KEHR). **Der.** *rafter*, verb. And see *raft*. It does not seem to be allied to *roof*, which has an initial *k*; see *Raif*.

RAG, a shred of cloth. (Scand.) *ME. rage*, Gower, C. A. i. 100; bk. i. 173. 'A ragged colt' = a shaggy colt, King Alisander, 684. We only find *AS. raggie*, adj. rough, shaggy; 'Setosa, raggie,' Mone, Quellen, p. 436; as if from a sb. **ragga* = Norw. *ragg*, rough hair, whence *ragged*, shaggy (E. *ragged*); *Swed. ragg*, rough hair; *raggig*, shaggy; *Swed. dial. raggi*, having rough hair, slovenly; *Icel. rogg*, shaginess; *raggabr*, shaggy. Thus the orig. sense is that of shaginess, hence of untidiness. Root unknown. The resemblance to *Gk. ῥάκος*, a shred of cloth, is accidental. **Der.** *ragged*, as above, also applied by Gower to a tree, *Cent. Amant*, ii. 177; bk. v. 1509; *ragged-ly*, *ragged-ness*; *rag-stone* (a ragged stone), spelt *ragston* in Riley, Memorials of London, p. 262; *rag-wort*, spelt *rag-worte* in Levens and in a Glossary (in Cockayne's Leechdoms) apparently of the 15th century.

RAGE, fury, violent anger. (F.-L.) *ME. rage*, King Alisander, ed. Weber, 980. = *F. rage*. = *L. rabies*, acc. of *rabidus*, madness, rage. = *L. rabere*, to rave, to be mad. **Der.** *rage*, verb, *rag-ing*, *rag-ing-ly*. Also *en-rage*, *rave*.

RAGOUT, a dish of meat highly seasoned. (F.-L.) Spelt *ragoo* in Phillips and Kersey, to imitate the *F.* pronunciation. Butler has *ragouts*, pl.; Hudibras, pt. ii. c. 1. 598. = *F. ragout*, a seasoned dish. = *F. ragouter*, to bring back to one's appetite, with

reference to one who has been ill. = *L. re-*, back; *F. a* < *L. ad*, to; and *gout*, taste; see *Re-*, A. (5), and *Gout* (2).

RAID, a hostile invasion, inroad. (North E.) A Northern border word; and a hostile a doublet of the Southern *E. road*. Cf. 'That, when they heard my name in any road,' i. e. raid; Greene, George-a-Greene, ed. Dyce, vol. ii. p. 169; ed. Collins, A. i. sc. 3. Jamieson gives the *Sc. pl. radis* from Wyntoun, viii. 34. 34. North. form of *AS. rád*; cf. *Icel. reid*, a riding, a raid; Dan. *rad*, *Swed. redd*, a road. See *Road*, *Ride*. Doublet, *road*.

RAIL (1), a bar of timber, an iron bar for railways. (F.-L.) *ME. rail*; dat. *raile*, Gower, C. A. iii. 75; bk. vi. 3201. Not found in *AS.* = *OF. raile*, a rail, bar; Norm. dial. *raile* (Moisy). = *L. régula*, a bar; see *Rule*. Cf. Low *G. regel*, a rail, a cross-bar; *Swed. regel*, a bar, bolt; *G. riegel*, OHG. *rigel*, a bar; if these are from Latin; but Franck (s.v. *regel*) considers them to be Teutonic, and therefore distinct. **Der.** *rail*, verb, *rail-ing*, *rail-road*, *rail-way*.

RAIL (2), to brawl, to use reviling language. (F.-L.) In Skelton, Poems Against Garmesche; see Skelton, ed. Dyce, i. 130, ll. 119, 137. 'Ruyler, a jester, railleur,' Palsgrave. = *F. railleur*, 'to jest, deride, mock,' Cot. [Cf. Span. *rallar*, to grate, scrape, molest, vex; Port. *ralar*, to scrape; apparently from *L. rallum*, a scraper (Pliny); for a Lat. type **rallum*, from *radere*, to scrape. The change of sense from scraping to vexing is in accordance with the usual course of metaphors.] The *F. railleur* answers to a Late *L.* type **radulare*, from *L. radula*, a scraper (Lewis), formed from *radere*, to scrape. See *Rase*. See Littre and Scheler; and Körtling, §§ 7719, 7733. **Der.** *rail-er-y* = *F. railleur*, 'jasting, merriment, a flowt, or scoff,' Cot. Also *raily* (2).

RAIL (3), a genus of wading birds. (F.) Given by Phillips, ed. 1710, as 'a sort of bird.' Spelt *rayle* in Levens, and in the Catholicon Anglicum; but *raile* in the Book of St. Alban's, fol. f7, back. = *OF. raale*, *raalle* (Hatzfeld); *MF. rale*, 'the fowle called a rayle,' Cot. Mod. *F. rale*. Littre notes *raale* as the 14th cent. spelling; also that the Picard form is *raile*, showing that the mod. *F.* word agrees rather with the Picard than the Central *F.* form. β. Probably the bird was named from its cry; but we can hardly connect the form *raile* with the *OF. raller*, 'to rattle in the throat,' Cot., mod. *F. râler*.

RAIL (4), part of a woman's night-dress. (E.) For *kraill*. Obsolete; see Halliwell. *Rayle* for a woman's necke, *erevechief*, *en quartre double*; Palsgrave. *ME. reyel*, Owl and Nightingale, 562; see *kræjel* in Strattman. *AS. hregil*, hregil, swaddling-clothes, Lake, ii. 12. + *OF. hregil*, *reil*, a garment; OHG. *hregil*, a garment, dress. Teut. type **hregilon*, neut. Root unknown.

RAIMENT, clothing. (F.-L.) and Scand.; with *F. suffix*. 'With ruffled rayments,' Spenser, F. Q. i. 6. 9. *ME. raiment*, Ploverman's Tale, pt. iii. st. 30, l. 936 (date uncertain). Short for *arrainment*, of which the *ME.* form was *araiment*, and the initial *a* easily fell away. *'Rayment, or arayment, Ornatus,'* Prompt. Parv. Cf. *MF. arrement*, 'good array, order, equipage,' Cot. See *Array*.

RAIN, water from the clouds. (E.) *ME. rein*; spelt *reyn*, P. Ploverman, B. xiv. 66. *AS. regn*, frequently contracted to *rén*, Grein, i. 371. + *Du. regen*; *Icel. dan.*, and *Swed. regn*; *G. regen*; *Goth. rign*. β. All from Teut. types **reg-nom*, n., **reg-nom*, n. Proh. not allied to *L. rigare*, to moisten; nor even to *Lith. róké*, sb., drizzling rain. **Der.** *rain*, verb, *AS. hregman*, *regman*, Matt. v. 45 (Northumb. version); *rain-y*, *AS. réing*, Grein, i. 372; *rain-bow*, *AS. réinbaga*, Gen. ix. 13; *rain-gage*.

RAINDOER, the same as *Reindeer*, q. v.

RAISE, to lift up, exalt. (Scand.) A Scand. word; the *E.* form is *rear*. *ME. reisen*, Wyclif, John, xi. 11; spelt *reysen*, Ormulum, 15599. = *Icel. reisa*, to raise, make to rise; causal of *risa* (pt. t. *reis*), to rise. So also Dan. *raise*, *Swed. reisa*, to raise, though these languages do not employ the verb 'to rise'; *Goth. raisjan*, causal of *reisan*. See *Rise*. Doublet, *rear*.

RAISIN, a dried grape. (F.-L.) *ME. reisin*; spelt *reysin*, Wyclif, Judges, vii. 4 (later version); King Alisander, 5193. *OF. raisin*, 'a grape, raisin, bunch, or cluster of grapes,' Cot. Cf. Span. *racino*, a bunch of grapes. = Folk *L. racinum*, from *L. racemus*, acc. of *racinus*, a bunch of grapes; see *Raceme*. Doublet, *raisin*.

RAJAH, a king, prince. (Skt.) In Sir T. Herbert's Travels, p. 53, ed. 1666. Of Skt. origin; from Skt. *rājā*, nom., a king; from the stem *rājān*, a king. The Skt. *rājān* is allied to *L. rex*; see *Regal*. See Yule and Stanford Dict.

RAJPOOT, a prince. (Hind. -Skt.) Hind. *rajput*, a prince, lit. the son of a rajah; Wilson, Gloss. of Indian Terms, p. 434. = Skt. *rāj-ā*, a king; *putra*, a son; so that the lit. sense is 'son of a king.' See Yule and Stanford Dict.

RAKE (1), an instrument for scraping things together, smoothing earth, &c. (E.) *ME. rake*, Chaucer, C. T. 289 (A 287). *AS. race*, to translate *L. rastrum* in Ælfric's Gloss., l. 9. + *Du. rakel*, a dimia,

form; Dan. *rage*, a poker; Swed. *raken*, an oven-rake (with base *rah-*); allied to Icel. *reka*, a shovel, *G. rechen*, a rake (with base *rah-*). *β*. From the notion of collecting or heaping up. The root appears in Goth. *rikan* (Teut. type **rekan-*, pt. t. *rah*), to collect, heap up, Rom. xii. 20. Perhaps allied to *L. rog-us*, a funeral pile. Der. *rake*, verb, from Icel. *reka*, to rake.

RAKE (2), a wild, gay, dissolute fellow. (E.) 'A gay, dissipated rake'; Sheridan, *Duenna*, ii. 3. First in 1653. Abbreviated from *rahe-hell*; which see in Nares. The latter is usually explained to be a 'corruption' of ME. *rahe*, rash; but the examples in the N. E. D. show that this is unfounded. And in fact *rahe-hell* is really compounded of *rahe* and *hell*. It arose from the phrase given in Udall, *Apophthegmes of Erasmus*, p. 116 b:—'Suche a feloe as a manne should rake helle for.' Hence it meant, as it were, the off-scouring of hell, i.e. one who is very wicked. See **Rake** (1) and **Hell**. Der. *rah-ish*, *rah-ish-ly*.

RAKE (3), the projection of the extremities of a ship beyond the keel; the inclination of a mast from the perpendicular. (Scand.) 'In sea-language, the rake of a ship is so much of her hull or main body, as hangs over both the ends of her keel'; Phillips, ed. 1710. Evidently from *rahe*, to reach; Halliwell. Of Scand. origin; preserved in Swed. dial. *rahe*, to reach; *rahe fram*, to reach over, project; see *rahe* (3) in Klett. The Dan. *rage*, to project, protrude, jut out, is borrowed from *G. ragen*, to project; perhaps the Swed. word is the same.

RAKEHELL, a rascal. (E.) See **Rake** (2).

RAKI, arnack, spirits. (Turk.—Arab.) See Stanford Dict. Turk. *riği*, arnack.—Arab. *araq*, arnack. See **Arnack**.

RALENTANDO, in music, a direction to play slower; gradually. (Ital.—L.) Ital. *ralentando*, pres. part. of *ralentare*, to slacken, retard.—Ital. *re-*, again; and *allentare*, to slacken.—*L. re-*, again; *ad-*, to; and *lentare*, to prolong, from *lentus*, slow. Cf. *re-lent*, q. v.

RAILY (1), to gather together again, reassemble. (F.—L.) Properly a trans. verb; also used as intransitive. Spelt *rallie* in Cotgrave. It stands for *re-rally*; and Spencer uses *re-allie* nearly in the same sense as *rally*; F. Q. vii. 6. 23.—F. *rallie*, 'to rally'; Cot.—*L. re-*, again; *ad-*, to; and *ligare*, to bind; see **Re-** and **Ally**. Cf. prov. F. *rallier*, to rally, grow convalescent; dial. de la Meuse (Labrousse). ¶ The form *raily* in Barbour's Bruce, iii. 34, &c., is used in the same sense; and is the same word, with the omission of *L. ad*.

RAILY (2), to hanker. (F.—Teut.) 'Raily, to play and droll upon, to hanker or jeer'; Phillips, ed. 1710. He also gives: 'Rallery, pleasant drolling.' Here *rallery* is another form of *rallier*, and *to rally* is merely another form of *to rail*, which agrees more closely with F. *rallier*. See **Rail** (2).

RAM, a male sheep. (E.) ME. *ram*, Chaucer, C. T. 550 (A 548). AS. *ram*, *ram*, *ram*, *ram*, *ram*, *ram*; Du. *ram*; OHG. *ramm*. Cf. Icel. *ramr*, strong. Der. *ram*, verb, to butt as a ram, hence to thrust violently forward, ME. *rammen*, Prompt. Parv., p. 422. Also *rammish*, fctid, Chaucer, C. T. 16355 (G 887). Also *ram-rad*, *ramm-er*.

RAMADAN, a great Mohammedan fast. (Arab.) Spelt *Ramazan*, in Sandys, Trav., p. 56; see Stanford Dict. So called because kept in the ninth month, named *Ramadan*.—Arab. *Ramādūn*, pron. *Ramāzūn* in Turkish and Persian. As it is in the ninth month of the lunar year, it may take place in any season; but it is supposed to have been first held in a hot season. The word implies 'consuming fire'; from the Arab. root *ramada*, it was hot. See Devic and Richardson.

RAMBLE, to stray, rove, roam. (E.) The frequentative of a form *rame*, of which there are no clear traces. 'Rame, to gad about, to sprawl, to spread out too much'; Holderness Glossary (E. D. S.); but this is usually *ram* or *raun*. It does not occur till after 1600, though we find ME. *rombyngye*, rambling, as a variant of *romyngye*, roaming, in P. Plowman, C. vi. 11; and cf. Shropsh. *romble*, to ramble. Hence it may have arisen as a frequentative of *raun*. 'Nor is this lower word but a huge Inn. And men the rambling passengers;' Howell, Poema, prefixed to his Familiar Epistles, and dated Jan. 1, 1641. And the pl. sh. *rambles* is in Butler, Hudibras, pt. iii. c. 2. 1016 (ed. Bell, vol. ii. p. 161, l. 34). The *b* is excrement; and *ram-bles* is for *ramm-le*. 'Rammie, to ramble'; Whitty Glossary. ¶ Perhaps it has been somewhat influenced by the words *ram* and *romp*; the metaphorical sense 'to wander in talk,' presents no difficulty. Der. *ramble*, sb., *rambl-er*, *rambl-ing*.

RAMIFY, to divide into branches. (F.—L.) 'To ramify and send forth branches'; Sir T. Browne, Vulg. Errors, b. ii. c. 5, part 6.—F. *ramifier*, 'to branch, put out branches'; Cot. Formed as if from *L. *ramificāre*; from *rami-*, for *ramus*, a branch; and *-ficāre*, due to *facere*, to make. *β*. Probably *ramus* = **urad-mus*; allied to Gk. *ῥάμνος*, a young branch; and to *L. rādix*; Brugmann, i. § 529.

Der. *ramific-al-ion* (as if from *L. *ramificāre*, whence sb. **ramificā-tio*). Also (from *L. ram-us*) *ram-ous*, *ram-s-ous*.

RAMP, to leap or bound, properly, to climb, scramble, rear. (F.—Teut.) 'Ramp, to rove, risk or jump about, to play gambols or wanton tricks'; Phillips, ed. 1706; and in Palsgrave. Not much used, except in the deriv. *rampant*. ME. *rampen*, used by Chaucer in the sense 'to rage, be furious with anger'; C. T. 13910 (D 3094). Cf. mod. E. *ramp*, which is the same word. Gower uses *rampend*, rearing, said of a dragon, in the same way as the F. pp. *rampant*; C. A. iii. 74; bk. vi. 2182. Cf. Prick of Conscience, 2225.—F. *rampier*, 'to creep, run, crawl, or traile itself along the ground; also, to climb'; Cot. *β*. From a Teut. source. Cf. Bavarian *rampfen*, explained by Schmeller, ii. 96, by the G. *raffen*, to snatch. Scheler, following Dietz, says that the old sense of F. *rampier* was to clamber, preserved in mod. F. *rampe*, a flight of steps; and that it is allied to Ital. *rampa*, a claw, grip, *rampare*, to claw, and *rampo*, a grappling-iron. *γ*. The Ital. *rampier* (appearing in Prov. in the form *rapar*) is, according to Dietz, a nasalised form of *rapare*, only used in the comp. *arrapare*, to snatch up, carry off, seize upon; and the base is Teut. *RAF*, to be in haste, found in Low G. *rappen*, to snatch hastily (Bremen Wörterbuch), Dan. *rappe*, to hasten, make haste, Dan. *rap*, quick, Swed. *rapa*, to snatch, *rafp*, brisk, G. *raffen*, to snatch; see **Rape** (1). *δ*. But Körtling derives Ital. *rampia*, a grip, from Low G. *ramp* (Lübben), Iavar. *ramp*, a cramp, seizure; which is allied to OHG. *rampf*, and grade of OHG. *rampf*, to cramp. Cf. *Ripple (2), *Rampole*. Der. *ramp-ant*, chiefly used of a lion rampant, as in Skelton, Against the Scottes, 135, from F. *rampant*, pres. part. of *rampier*; hence *rampant-ly*, *rampant-ly*.*

RAMPART, a mound surrounding a fortified place. (F.—L.) We frequently find also *rampire*, *rampier*, or *ramper*. Spelt *rampire*, Tottell's Miscellany, ed. Arber, p. 172, l. 18 (Assault of Cupid, st. 5); *rampari*, Gascoigne, Fruits of Warre, st. 45. *Rampire* stands for *rampar* (without the final *i*).—ME. *rampart*, *rampar*, 'a rampier, the wall of a fortress'; Cot. Cf. *ramper*, 'to fortify, enclose with a rampier'; id. *β*. The OE. *ramper*, *ramper* (Supp. to Godfrey), is the true form; in *rampari*, the *i* is excrement. *Rampar* corresponds (nearly) to Ital. *riparo*, a defence, and is a verbal sb. from *rampari*, to defend, answering (nearly) to Ital. *riparare*, to defend. *γ*. F. *ramparier* is 'to put again into a state of defence' from *re-*, again, *en-* for *in*, and *parer*, to defend, borrowed from Ital. *parare*, which is from *L. parare*, to prepare, make ready. The Ital. *riparare* is the same word, with the omission of the preposition. See **Re-**, **En-**, and **Parry**.

RAMPION, a species of bellflower, sometimes used for salads. (F.—L.?) In Tusser's Husbandrie; § 40. Apparently evolved from *rampons*, which was taken to be plural.—F. *raiponce*, 'rampons'; Cot. The *n* may have been suggested by the Ital. *ramponzoli*, pl. (Florio). Kluge, s. v. *rapanzel*, cites Late L. *rapunculus*, which he connects with *L. rāpa*, a turnip. So also in Körtling, § 7759. Hatzfeld thinks the connexion with *rāpa* unlikely.

RAMSON, broad-leaved garlic. (E.) For *kransons*. 'Allium ursinum, broad-leaved garlic, ramsons'; Johns, Flowers of the Field. *Ramsons* = *rams-en-s*, a double pl. form, where *-en* represents the old AS. plural, as in E. *ox-en*, and *-s* is the usual E. plural-ending. We also find ME. *ramis*, *ranzys*, *ramseys*, Prompt. Parv. p. 422; and Way says that Gueker calls the *Allium ursinum* by the names 'ramses, ramsons, or bruckrams.' Here again, the suffixes *-is*, *-ey*, *-ies* are pl. endings. AS. *kransas*, *ramsons*; Gloss. to Cockayne, AS. Leechdoms; a pl. form, from sing. *kransa*. †OHG. *G. kransa*, sing. (Galle); Swed. *rams-lök* (*lök* = leek), bear-garlic; Dan. *rams*, or *rans-lög* (*lög* = leek); Bavarian *ramson*, *ramsel* (Schmeller); Lithuan. *kransas*, *kransas*, wild garlic (Nesselmann). Further allied to Gk. *ῥάμνος*, an onion, Irish *creamh*, garlic, W. *crat*; Stokes-Pick, p. 98; Brugmann, i. § 647. All from an Idg. base **kram-* (**krām-*).

RANCH, RANCHO, a cattle-breeding farm. (Span.—Teut.) *Ranch* is the Anglicised form of Span. *rancha*, a mess, a set of persons who eat together; applied in America to the ranchos, or rude huts for herdsmen to lodge and mess together. Minshew gives Span. *rancha* with the sense of 'a ranke, an order or place where every one is to keep or abide'; mod. *rancheria*, 'a cottage where labourers mess.' Allied to F. *rang*; see **Rank** (1). From OHG. *hring*, a ring; also (like Span. *rancha*) a clear space in the midst of a ring of people. So in Körtling, § 8088. See my Notes on E. Etym., p. 241.

RANCID, sour, having a rank smell. (L.) A late word; in Bailey, vol. i. ed. 1735; first found in 1646.—*L. rancidus*, *rancid*.—*L. rancire*, to stink; only used in the pres. part. *ranciens*, stinking. ¶ This word has probably influenced the sense of the E. adj. *rank*; see **Rank** (2). Der. *rancid-ly*, *-ness*; also *rank-our*, q. v.

RANCOUR, spite, deep-seated enmity. (F.—L.) ME. *rancour*, Chaucer, C. T. 2786 (A 2784).—OF. *rancour*, *rankor*.

hatred; 'Cot. = *L. rancorem*, acc. of *rancor*, spite, orig. rancidness. = *L. rancore*, to be rancid; see **RANCID**. Cf. Norm. dial. *rancure* (Moisy). Der. *rancor-ous*, *rancor-ous-ly*.

RANDOM, done or said at hazard, left to chance. (F. - Tent.) The older form is *randon*, or *randoun*; and the older sense is 'force, impetuosity, &c., the word being used as a sb. It was often used with respect to the rush of a battle-charge, and the like. 'Kyng and duk, eurl and baroun Prikid the stedis with gret *randoun*.' King Alliaunder, l. 2483. It often formed part of an adverbial phrase, such as *in a randoun*, in a furious course, Barbour's Bruce, vi. 130, xvii. 694, xviii. 130; *intill a randoun*, id. xix. 596; *in randoun richt*, with downright force, id. v. 632. So also *at randoun*, orig. with rushing force, hence, left without guidance, left to its own force, astray, &c. 'The gentle lady, loose *at randoun* lefte, The greene-wood long did walke, and wander wide *At wilde adventure, like a forlorn welle*.' Spenser, F. Q. iii. 10. 36. [The change from final -n to -m may have been due to the influence of *ukilon*, *seldun*; so also *ransom*.] = OF. *randon*, 'the swiftness and force of a strong and violent stream; whence *aller à grand randon*, to go very fast, or with a great and forced pace.' Cot. Thus the E. adv. *at random* answers to F. *à randon*.

β. A difficult word; *Dix* compares OF. *randir*, to press on, Span. *de rondon*, *de rondon*, rashly, intrepidly, abruptly (nearly like E. *at random*), OF. *randonner*, 'to run swiftly, violently,' Cot., and refers them all to G. *rund*, an edge, rim, brim, margin. Hence also Ital. *a randa*, near, with difficulty, exactly; of which the lit. sense is 'close to the edge or brim'; Span. *randa*, lace, border of a dress. **γ**. The difficulty is in the connexion of ideas; but Cotgrave really gives the solution, viz. that *randon* refers to the force of a brimming river. Whoever has to cross a mountain-stream must feel much anxiety as to whether it is full or not; at one time it is a mere rill, a few hours later its force sweeps all before it. This common and natural solution is probably the right one. Cf. G. *bis am rande voll*, full to the brim; *am rande des Todes*, on the brink of death, at death's door; *eine sache zu rande bringen*, to bring a thing to the brim, to fulfill or accomplish it. So also OF. *sang respandus à gros randons*, blood shed 'by great gushes, or in great quantity,' Cot.; lit. in brimming streams. **δ**. The G. *rand* is cognate with AS. *rand*, rim, rim of a shield, verge (Grein), Icel. *rând*, a rim, border, Dan. *rand*, a rim, streak, Swed. *rand*, a stripe; all from a Teut. base **rand-*, Jdg. **ram-* (Kluge); allied to *Rim* and to *Rind*. Cf. prov. G. *ramft*, a crust, a margin (Flügel); OHG. *ramft*, rind.

RANEE, RANI, a Hindoo queen. (Hind. - Skt.) - *Rāni*, queen (Forbes). = Skt. *rājini*, queen; fcm. of *rājā*, king. See Yule. See **Rajah**.

RANGE, to rank, or set in a row, to set in order, to rove. (F. - OHG.) The sense of 'to rove' arose from the scouring of a country by small troops or ranks of armed men; the orig. sense is 'to set in a rank,' to array. ME. *rengen* (corresponding to OF. *ranger*, the form used in the 14th cent. according to Littré), Rob. of Brunne, p. 40, l. 26. 'The helle liun *rengeth* euer abuten' - the lion of hell is always *ranging* (roving) about; Aucrén Riwle, p. 164. Also *rengen*; 'rangit all on raw', arrayed all in a row; Barbour, Bruce, ii. 431. = F. *ranger* (OF. *ranger*, *renger*), 'to range, rank, order, array.' Cot. = F. *rang*, 'a ranke,' id. See **Rank** (1). Der. *range*, sb., Antony, iii. 13. 5. Also, *range-er*, esp. one who ranges a forest, Minshew, ed. 1627 (see his explanation); *range-er-ship*.

RANK (1), row or line of soldiers, class, order, grade, station. (F. - OHG.) Spelt *rank*, Spenser, F. Q. iii. 6. 35 (the verb to *rank* is in the same stanza). [The ME. form is *reng*, Chaucer, C. T. 2506; also *renk*, St. Brander, ed. Wright, p. 12 (Stratmann); see *reng* in Stratmann. *Reng* became *rank*, altered afterwards to *rank* in accordance with a similar change made in the F. final.] = OF. *reng*, later *rang*, 'a ranke, row, list, range,' Cot. It gives both forms; and Godefroy (in Supp.) has *reng*, *rang*, *rang*. Scheler gives the Picard form as *ringes*, Prov. *renc*. = OHG. *hring* or *hrine*, a ring; cognate with E. *Ring*, q.v. And see **Harangue**. The sense changed from 'ring' of men to a 'row' of men, or a file irrespective of the shape in which they were ranged. The Brit. *rank* is borrowed from OF., and the other Celtic forms from F. or E. The G. *rang* is borrowed back again from F. *rang*. Der. *rank*, verb (Spenser, as above); also *range*, q.v.; also *ar-range*, *de-range*.

RANK (2), adj., coarse in growth, very fertile, rancid, strong-scented. (E.) The sense 'rancid' or 'strong-scented' is late, and perhaps due to association with *L. rancidus*, E. *rancid*, or with OF. *rance*, 'musty, fusty, stale,' Cot.; but the sense may have been developed independently of this. 'As *rank* as a fox,' Tw. Night, ii. 5. 136. ME. *rank*, *rank*. 'Rank and ryf,' Allit. Poems, ed. Morris, A. 843 (or 844). Often with the sense of 'proud' or 'strong'; thus *rank* is a various reading for *strange*, Aucrén Riwle, p. 268, note c. AS. *ranc*, strong, proud, forward; Grein, ii. 363. 4

Du. *rank*, low, slender (like things of quick growth); MDu. *rank*, slender; Low G. *rank*, slender, grown high; whence (perhaps) NFries. *rank*, Icel. *rankr* (for **rankr*), straight, slender; Swed. *rank*, long and thin; Dan. *rank*, erect. **β**. Perhaps allied to OSax. *rink*, AS. *rin*, a grown man, a warrior (N. E. D.). Apparently from **renk*, nasalised form of **rek*, to stretch out; see **Reck** (2).

RANKLE, to fester. (F. - L. - Gk.) In Lewis; spelt *rankyll* in Palsgrave. It is rare in ME, but appears in Sir Beves of Hamptoun, ed. Kibling, 2832; also in the Boke of St. Alban's, fol. a. 3, back: 'make the legges to *rankle*.' The corresponding AF. verb is *randre*; the f. pp. *randre*, festered, occurs in the Life of Edw. Confessor, 4166; whence *arandele*, putrefied, in the same, 2615. The verb is formed from the sb. *rande*, a festering sore, Reliq. Antiq. i. 52; from AF. *rande*, Edw. Conf. 2677. = OF. *rande*, *rauncle*, forms which have lost an initial *d*. Godefroy gives *drandele*, *rauncle*, *drandele*, *rande*, an eruption on the skin; and the verb *drandeler*, *randeler*, to suppurate, *rankle*. = Late L. *dracunculus*, a kind of ulcer or cancer; lit. 'little dragon'; called also *dranculus morbus* (Ducange), as dragons were thought to be venomous. Dimin. from *L. draco*, a dragon; see **Dragon**. See my Notes on E. Etym., p. 243. Corblet gives the Picard *drandeler*, to fester, and its etymology.

RANSACK, to search thoroughly. (Scand.) ME. *ransaken*, Chaucer, C. T. 1007 (A 1005); Genesis and Exodus, ed. Morris, 2323. = Icel. *ransaka*, to search a house, to ransack; Swed. *ransaka*, Dan. *ransage*. = Icel. *ransa*, a house, abode; and *saka*, allied to *sakja*, to seek. **β**. The Icel. *ransa* stands for *rasa*, by the assimilation so common in Icelandic; and is cognate with Goth. *razn*, a house, AS. *ærn*, a cot; from Teut. base **ras*, to dwell; see **Rest** (1). Icel. *sakja* is cognate with AS. *szcan*, to seek; see **Seek**. Cf. Guernsey and Norm. dial. *ransquer*, Gael. *ransaich*; from Scand. *¶* Not connected with AS. *rāu*, Icel. *rāu*, plunder, which is quite different from Icel. *ransa*.

RANSOM, redemption, price paid for redemption, release. (F. - L.) ME. *ransoun*, *ransoun*, Chaucer, C. T. 1178 (A 1176). The change from final *n* to final *m* is not uncommon; cf. *ranson*. Spelt *raunsun*, Aucrén Riwle, p. 124, l. 24. = OF. *raeson* (12th cent., Littré), MF. *ranson*, 'a ransom,' Cot. = L. *redemptiōem*, acc. of *redemptio*, redemption, by the usual loss of *d* between two vowels and preceding an accented syllable. See **Redemption**. Der. *ransom*, vb.; *ransomer*. Doublet, *redemption*.

RANT, to use violent language. (Du.) In Hamlet, v. 1. 307. Also in the form *rant*; as in Marston, Malcontent, iv. 4. = MDu. *ranten*; *randen*, or *ranten*, to dole, or to be enraged; 'Hexham. Cf. Low G. *randien*, to attack any one, to call out to one; West phal. *rantern*, to prate; prov. E. *randy*, wild, unmanageable, mad. + G. *ranzen*, to toss about, to make a noise, to couple (as animals). Root uncertain. Der. *rant-er*.

RANTIPOLE, a rumping child. (MDu. or Low G.) See K. D. D. First known in 1700 (N. E. D.). The word is a mere variant of *frampole*. The former element appears in EFries. *wrantepot*, also *frantepot*, a peevish man; cf. MDu. *wranten*, to chide, MDu. *wrantigh*, quarrelsome. The second element is prob. E. *poll*, head. See **Frampole**. *Rantipole* also means a see-saw (E. D. D.); the second element is then prob. E. *pole*.

RANUNCULUS, a genus of plants, including the buttercup. (L.) In Evelyn's Diary, Apr. 1, 1644. = L. *ranunculus*, a little frog; also, a medicinal plant. Formed with double dimin. suffix *-culus* from *rān-un-*, extended from *rāna*, a frog.

RAP (1), to strike smartly, knock; as sb., a smart stroke. (F. or Scand.) 'Rappe, a stroke,' Palsgrave. ME. *rap*, sb., *rappen*, vb., Prompt. Parv. Cf. Dan. *rap*, a rap, tap; Swed. *rap*, a stroke, blow; *rappa*, to beat; G. *rappln*, to rattle. From a base RAP, allied to RAT, the base of *rat-ib*; of imitative origin. Cf. *rat-a-tat-tat*, a knocking at a door. Der. *rap-er*.

RAP (2), to snatch, seize hastily. (Scand.; partly L.) There is some confusion in the forms and senses. **α**. The ME. *rappen*, to hasten, is obsolete. It occurs in P. Plowm. A. iv. 23: 'rappage swije,' hastening greatly; related to Dan. *rappe sig*, to make haste, Swed. *rappa sig*; and to Swed. *rap*, quick, swift. Allied to Icel. *krapa*, MSwed. *rapa*, to hasten; whence ME. *rapen*, as in 'rape þe to shrifte,' hasten to confession; P. Plowm. B. v. 399; which is also obsolete. **β**. We also find the allit. phrase *rappe and rende*, to snatch up and carry off, as in Roy, Rede Me, ed. Arber, p. 74; but Chaucer has *rape and reune*, C. T. G. 1422. Here *rap* answers to Swed. *rappa*, to piller, allied to G. *raffen*, to snatch; but *rape* seems to correspond to AF. *raper*, *rappier*, to seize upon, carry off, which may be from L. *rapere*, to seize; see Godefroy. Palsgrave has: 'I rappe, I rauseyshe;' also, 'I rappe or rende, je rapins.' **γ**. Shak. has: 'What, dear sir, thus rapst you?' Cymb. i. 6. 51. Here the verb *rap* is almost certainly a back-formation from the

pp. *rapit* (from *L. raptus*, pp. of *rapere*, above); cf. 'How our partner's *rapit*!' Macb. i. 3. 142. See **Rapt**.

RAPACIOUS, ravenous, greedy of plunder. (L.) In Milton, P. L. ii. 258. 'Who more rapacious?' Cowley's Prose Works, ed. Lumby, p. 68, l. 10. A coined word, formed with suffix *-ous* from *L. rapaci*, decl. stem of *rapax*, grasping. = *L. rapere*, to seize, grasp; see **Rapid**. Der. *rapacious-ly*, -ness; also *rapac-i-ty*, from *F. rapacit* 'rapacity', Cot., which from *L. acc. rapacitatem*.

RAPE (1), a seizing by force, violence. (L.) Levisa has: 'a rape, raptura, rapina'; and 'to rape, rapere'. Caxton has: 'murdre, rape, and treson'; Keynard the Fox, ed. Arber, ch. 33; p. 95. The word is apparently from *L. rapere*, to seize; whence *AF. rap*, ab., rape, Slat. Realm, i. 211 (and see Britton); cf. *F. rap*, 'a violent snatching'; Cot. β. Perhaps affected by the (obsolete) ME. *rape*, haste, occurring in the old proverb 'give rap reward' = haste often repents, Proverbs of Hendyng, l. 256, in Spec. of Eng. ed. Morris and Skeat, p. 42. Chaucer accused Adam Scrivener of 'negligence and rape', i.e. haste. And see King Horn, ed. Lumby, 1418; P. Plowman, R. v. 333; Gower, C. A. l. 296; bk. iii. 517. Swed. *rap*, from *lecl. hrappa*, vb., to hasten; cf. *hrappa*, a hurry; Swed. *rapp*, Dan. *rap*, brisk, quick. See **Rap** (2). Der. *rape*, verb.

RAPE (2), a plant nearly allied to the turnip. (L.) ME. *rape*, Prompt. Parv. = *L. rapa*, a turnip, rape; also spelt *rāpum*; whence also MF. *rape*, 'a rape'; Cot. = Gk. *ῥάβη*, a turnip; cf. *ῥαβανίς*, a radish; Russ. *rapa*, a turnip; G. *raube*. Der. *rape-oil*, *rape-cake*.

RAPE (3), a division of a county, used in Sussex. (E.) Still in use. It occurs in Arnold's Chron. (1502), ed. 1811, p. 181; and also in Domesday Book in the form *rap* (N.E.D.). It is prob. a native word. It cannot be borrowed from *lecl. hrappa*, a district, as suggested by Vigfusson. The spelling *rap*, occurring in 1380, suggests an AS. form **rāp*; so that a connexion with AS. *rāp*, a rope, is possible; cf. prov. *E. rape*, a measure, a rood (of land).

RAPID, swift. (F. = *L. rāp*, or *L.*) In Milton, P. L. ii. 532, iv. 227. = *F. rapide*, 'violent'; Cot. [Or directly from Latin.] = *L. rapidum*, acc. of *rapidus*, rapid, quick; lit. snatching away. = *L. rapere*, to snatch. Brugmann, i. § 477. Der. *rapid-ly*, -ness; *rapid-i-ty*, from *F. rapidit* < *L. acc. rapiditatem*. And see *rap-i-ine*, *rap-ave*, *rap-en* (2), *rap-i-ine*, *rap-i-ine*, *rap-i-or-i-al*, *rap-i-ure*, *rap-i*.

RAPIER, a light, narrow sword. (F.) In Shak. Temp. v. 84. In A. D. 1579, 'the long foining rapier' is described in Bullen's Dialogue between Sorenesse and Chirurge as 'a new kynd of instrument'; see note in Ben Jonson's Every Man, ed. Wheatley, introd. pp. xlv, xlv. = *F. rapiere* (mod. *F. rapier*), 'an old rusty rapier'; Cot. β. Of unknown origin, see Scheler and Littre; but Mr. Wheatley's note shows that in 1530, *la rapiere* was 'the spanische sword'; see Supp. to Palgrave, p. 908, l. 1. This makes it probable that Diez's solution (rejected by Littre) is right, and that *rapiere* is for *raspiere*, a name given in contempt, meaning a rasper or poker. Hence also 'a proking-spit of Spaine' means a Spanish rapier (Nares). So also mod. Prov. *raspiere*, *rapiero*, a rapier, an old sword (Mistral), allied to *raspo*, a rasp, a dough-knife (id.). Cf. Span. *raspadera*, a raker (Neuman), from *raspar*, to rasp, scrape, file, scratch; also *ra-pa*, a shoemaker's knife (Picuda), as well as a rasp; see **Rasp**.

RAPINE, plunder, violence. (F. = *L.*) In Shak. Titus, v. 2. 59. ME. *rapyne*, Hoccleve, De Regimine Principum, 4834. = *F. rapine*, 'rapine, ravine', Cot. = *L. rapina*, plunder, robbery. = *L. rapere*, to seize; see **Rapid**. Doublet, *ravine*.

RAPPAREE, an Irish robber. (Irish.) 'The Irish formed themselves into many bodies . . . called rapparees, &c.'; Burnet, Hist. of Own Time, b. v. an. 1600 (R.). 'Rapparees and banditti'; Bolingbroke, A Letter on Archbp. Tillotson's Sermon (R.). = Irish *rapaire*, a noisy fellow, sloven, robber, thief; cf. *rapal*, noise, *rapach*, noisy. So also Gael. *rapair*, a noisy fellow. All perhaps from *E. rabble*. See **Rabble**.

RAPPEE, a kind of snuff. (F. = OHG.) Not in Todd's Johnson. 'Tis good *rappe*'; Garrick, High Life below Stairs, i. Sc. 2. = *F. rapé*, lit. rasped; Littre quotes: 'J'ai du bon tabac. J'ai du fin et du rapé'; Lattaignant, Chanson. Pp. of *rapier*, to rasp, of Teut. origin. See **Rasp**.

RAPT, carried away. (L.) 'Rapt in a chariot drawn by fiery steeds'; Milton, P. L. iii. 522. Where Higden (i. 196) has 'a love raptam', the 15th c. E. trans. has 'rapt by Iupiter'. = *L. raptus*, pp. of *rapere*, to seize, snatch away; see **Rapid**. And see **Rap** (2).

RAPTORTAL, in the habit of seizing. (L.) Used of birds of prey. Formed with suffix *-al* (< *L. -ālis*) from *raptōr*, decl. stem of *raptor*, one who seizes. = *L. rapere*, to seize; see **Rapture**, **Rapid**.

RAPTURE, transport, ecstacy. (L.) In Shak. Troil. ii. 2. 122; iii. 2. 138. The word seems to be a pure coinage; there is no

F. rapture, nor Late *L. raptura*. Formed with suffix *-ure* (as in *conject-ure*, &c.) from *rapt-us*, pp. of *rapere*, to seize; see **Rapid**. Der. *raptur-ous*, *raptur-ous-ly*.

RARE, thin, scarce, excellent. (F. = *L.*) In Levisa, ed. 1570. = *F. rare*, 'rare'; Cot. = *L. rārus*, acc. of *rārus*, rare. Cf. Gk. *ἀραιός*, thin. Der. *rare-ly*, *rare-ness*. Also *rarity*, from MF. *rarifier*, 'to rarify', Cot., as if from *L. *rarificare*, but the classical *L. word* is *rārificare*, from *fācere*, to make. Also *rarity-ion*, from *F. rarefaction*, 'a making thin'; Cot. < *L. acc. *rarificationem*, from *rārificare*. Also *rari-ty*, Temp. ii. l. 58, from *F. rariété*, 'rarcness, rarity', Cot., from *L. acc. raritatem*.

RASCAL, a knave, villain. (F.) ME. *raskalle*, used collectively, 'the common herd', Morle Arthur, ed. Brock, 2881. See Prompt. Parv. and Way's note. 'The route of rascals', i.e. the rabble; Rob. of Brunne, tr. of Langtoft, p. 276. 'Certain animals, not accounted as beasts of chase, were so termed: . . . the hart, until he was six years old, was accounted raskalle'; Way. He also cites: 'plabecula, lytell folke or raskalle; plebs, folk or raskalle'. Cf. 'Rascall, refuse beest'; Palgrave. β. As the word was a term of the chase, and as it has the F. suffix *-aille*, it must needs be of F. origin. = *AF. rascaille*, Gaimar, 1826; *AF. raskalle*, rabble, Langtoft, i. 136 (*F. rascaille*); *OF. rascaille*, *rascaille* (Supp. to Godfrey); 'the rascality or base and scallot sort, the scumme, dreggs, offalls, outcasts, of any company', Cot. γ. Of unknown origin, but the form *rascaille* suggests a comparison with mod. Prov. *rascala*, *rascala*, *rascalia* (Mistral), to take off the inner skin of the chestnut, i.e. to 're-scale'; as if it were a sb. formed from *OF. re*, again, and *escaille*, a scale (*F. écaille*). Hatzfeld, s.v. *écaille*, notes that this is a Normanno-Picard form. Cf. *Scalle* (1). Moisy gives Norm. *deuler*, to shell oysters, to break or tear to pieces. The sense of 'fragments' or 'second scalings' would be appropriate; in fact, we find ME. 'rascally, or refuse, Caducum', in Prompt. Parv., and mod. *F. rascaille*, trash, rubbish. Der. *rascal-ly*, *rascal-i-ty*.

RASE, to scrape, efface, demolish, ruin. (F. = *L.*) Often spelt *raze*, esp. in the sense to demolish; but it makes no real difference. See **Raze**. ME. *rasen*, to scrape; Prompt. Parv. = *F. raser*, 'to shave, sheere, raze, or lay level, to touch or grate on a thing in passing by it', Cot. = Late *L. rāsare*, to demolish, grate; frequentative verb formed from *rāsūm*, supine of *L. rādere*, to scrape. Allied to *rādere*, to gnaw. = *√RAD*, to scratch; cf. Skt. *rad*, to split, divide, *rado-s*, a tooth. Fick, i. 739. Der. *ras-ure*, from *F. rasure*, 'a razing out', Cot.; *ab-rade*, *e-rase*, *v. e-rase-ure*; *ras-or-i-al*, q. v.; *raz-or*, q. v.; *rash* (2), q. v. And see *rodent*, *rat*, *Doublet*, *raze*.

RASH (1), hasty, headstrong. (E.) ME. *rash*, *rask*, Allit. Poems, ed. Morris, A. 1166 (or 1167). The final *-sch* suggests as AS. form **rasc*, with AS. *sc* = Scand. *-sk*, as usual. + Dan. and Swed. *rask*, brisk, quick, rash; lecl. *rask*, vigorous, *ra*, *rask*, quick; G. *rask*, quick, vigorous, *rash*; NFries. *rask*, quick. Brugmann, i. § 795, connects this word with OHG. *rado*, *AS. rabe*, quickly. Der. *rash-ly*, -ness; perhaps *rash-er*. Cf. *risk* (2).

RASH (2), a slight eruption on the body. (F. = *L.*) In Johnson's Dict. 'A pimple or a rash'; Tatler, no. 38, § 11. = MF. *rasche*, 'a scald, or a running scurf, or sore; a Languedoc word', Cot.; also spelt *rasque*. *F. rasche*, an eruption on the head, scurf (Littre). Cf. Prov. *rasca*, the itch (Littre). So called because it is scratched; cf. Prov. *rascar*, Span. *rascar*, to scratch, scratch, formed from a Late *L.* type **rāsicare*, to scratch, due to *L. rāsūm*, supine of *rādere*, to scrape. See **Raze**.

RASH (3), to pull, or tear violently. (F. = *L.*) 'Rash, to snatch or seize, to tear or rend'; Halliwell. 'The second he took in his arms, and *rashed* him out of the saddle'; Arthur of Little Britain, ed. 1814, p. 83 (R.). Cf. ME. *aracen*, afterwards shortened to *racen*. 'The children from his arm they goune *aracen*, i.e. tore away; Chaucer, C. T. 8979 (E 1103). 'Hur heere of can she *rae*' = she tore off her hair (Halliwell, s. v. *rae*). = *F. arracher*, 'to root up, to pull away by violence', Cot. = *L. extrādere* = *trādere*, to root up; see **Eradicate**, **Radix**.

RASH (4), a kind of inferior silk. (F. = *L.*) See *exx.* in Nares. Adapted from *F.*; with *sk* for *s*. = MF. *ras*, 'the stuff called serge'. [The same as *Ital. ras*, 'the stuff called satine; also shaven, smooth'; Florio.] Named from its smoothness. = *F. ras*, 'shaven'; Cot. = *L. rāsus*, pp. of *rādere*, to scrape. See **Raze**. ¶ Not from *Ital. rascia*, which Florio (perhaps wrongly) explains to mean 'silke rash'; see N. E. D.

RASHER, a thin slice of broiled bacon. (E.?) In Shak. Merch. Ven. iii. 5. 28. 'Rasher on the coales, *quasi* rashly or hastily roasted'; Minshen, ed. 1627. This etymology is prob. the right one; cf. 'rashed, burnt in cooking, by being too hastily dressed', Halliwell; and see his examples. 'In my former edition of Acts and Monuments, so hastily *rashed* vp at that present, in such shortness of

time; 'Foxe, Martyrs, p. 645, an. 1439 (R.). See *Rash* (1). *β*. If it meant 'slice,' it is from *rasch*, v., to cut, variant of *Rase*, q. v. **RASORIAL**, the name of a family of birds. (L.) It includes birds which, like heus, scrape the ground for food. Coined with suffix *-al* (= *L. -alis*) from *rasōri*, decl. stem of *rasor*, one who scrapes; see *Rasor*.

RASP, to scrape, rub with a coarse file. (F.—OHG.) ME. *raspen*, Allit. Poems, ed. Morris, B. 1545.—OF. *rasper*, mod. F. *rasper*, to rasp.—OHG. *raspān*, whence mod. G. *raspeln*, to rasp, a frequentative form. Cf. OHG. *hrespān*, MHG. *respen*, to rake together. Der. *rasp*, sb.; *rasper*; and perhaps *raspier*. Also *raspberry*, q. v.

RASP-BERRY, a kind of fruit. (F.—OHG.; and E.) The word *berry* is E.; see *Berry*. The old name was *raspi-berry* or *raspie-berry*; see Richardson. *Raspo*, a fruit or berry called *raspie*; Florio. 'The *raspie* is called in Latin *Rubus Idæus*.' Hol-land, tr. of Pliny, b. xxiv, c. 14; the chapter is headed: 'Of Cynos-batos, and the *raspie*.' Ampex, *raspies*; Cot. *β*. *Raspie*, *raspie* may have been due to MF. *raspeus*, 'rough as a raspe'; Cot.; but this should have given a form *raspeus*. But the word was evidently confused with the forms *raspie*, *raspie*, *raspie*, which was the name of a thin wine; spelt *raspie* in The Squire of Low Degree, 756. *γ*. This is also a difficult form, but answers to Late L. *raspeia*, *raspi-wine*, in Ducange; closely allied to Late L. *raspetum*, and to OF. *raspē*, *raspeli*, with the same sense, in Suppl. to Godefroy; cf. Span. *uino raspado*, 'a small liquor made by putting water to the grapes after the wine is pressed out, and pressing them over again'; Placita. All from Late L. *raspa*, a grape (properly, pressed grapes); cf. OF. *raspe*, pressed grapes (Suppl. to Godefroy). The connexion with E. *rasp* is shown by the Prov. *raspa*, to rasp, to scrape the ground, to glean grapes (Mistral). Hence this form *raspie* also goes back to the verb to rasp. *δ*. Lastly, *raspie* became *raspi*, *raspe*, and was taken to be a pl. form, whence *raspe*, *rasp*. Indeed, the prov. E. name for *raspberries* is *rasps*, to this day; and *rasps* is used by Bacon, Essay 46. The Ital. *raspo* also means a rasp. See *Rasp*.

RAT, a rodent quadruped. (G.) ME. *rat*, or *ratte*, P. Plowman, li. prol. 200. AS. *rat*, Ælfric's Gloss., Nomina Ferarum; in Wright's Voc. p. 22, col. 2. *β*. MDu. *ratte*, 'a ratt'; Ilexham; Du. *rat*; Dan. *ratte*; Swed. *ratte*; G. *ratz*. Cf. also Low L. *ratu*, *ratu*, Ital. *ratu*, Span. *rato*, F. *rat*. Also Irish and Gael. *radan*, Bret. *raz*. *β*. Perhaps from *√RAD*, to scratch; see *Rodent*. Cf. Skt. *radā-*, a tooth, elephant; *vajra-rada-*, a hog. Der. *rat*, verb, to desert one's party, as rats are said to leave a falling house. Also *rat'-hane*, *ratlen*.

RATAFIA, the name of a liquor. (F.—Malay.) In Congreve, Way of the World, i. 1. See Stanford Dict. 'Ratafia, a delicious liquor made of apricocks, cherries, or other fruit, with their kernels bruised and steeped in brandy'; Phillips, ed. 1710.—F. *ratafia*, the same; cf. F. *tafia*, rum-arack. The etymology is perhaps that pointed out in Mahn's Webster.—Malay *arag*, 'arack, a distilled spirit'; Marsden's Dict., p. 5; and *tafia*, 'a spirit distilled from molasses (the French name for rum); *arag* *bram tafia*, three kinds of spirit, enumerated in an old Malay book writing' id. p. 62. Again, at p. 39 of the same we find *arag*, *bram*, *tafia*, arack, bram, and rum. Omitting *bram*, we have *arag tafia*, whence *ratafia* is an easy corruption, esp. when it is remembered that *arag* is also called *rag*, in Spanish *rague*, or in English *rack*; see *Rack* (5). *β*. The use of both words together is explicable from the consideration that *arag* is a very general term, and is not a true Malay word, being borrowed from Arabic; see *Arack*. Thus *ratafia* may mean 'the rack (spirit) called tafia.'

RATCH, a rack or bar with teeth. (G.) *β*. *Ratch*, in clock-work, a wheel with twelve large fangs; &c.; Phillips, ed. 1710. It is the wheel which makes the clock strike. It seems to answer to G. *ratsche* (N. E. D.). Weigand gives G. *ratsche*, a watchman's rattle, also, a clapper used during Passion Week instead of a bell in a clock-tower. From the verb *ratschen*, to rattle, MHG. *ratzen*, allied to G. *raseln*, to rattle, and to F. *rattle*; a verb of imitative origin. The Low G. *rasch* means 'the sound made by tearing a thing forcibly.' Cf. Bavarian *ratschen*, to rattle, &c. in Schmeller. Hence also the dimn. *ratch-et*, in watch-work, 'the small teeth at the bottom of the fusée or barrel that stop it in winding up' (Phillips); but here the *-et* is clearly due to the F. word *rochet*, as in *la roue à rochet*, the ratchet-wheel of a clock (Hatzfeld); this is a different word, and cognate with Ital. *rochetto*, a hobbin to wind silk on, a rocket or squib, the wheel 'about which the cord or string of a clock goeth,' Torriano. From OHG. *rocco*, G. *rocken*, a distaff; see *Rock* (3) and *Rocket*.

RATE (1), a proportion, allowance, standard, price, tax. (F.—L.) In Spenser, F. Q. iv. 8. 19.—OF. *rate*, price, value (Roquefort); not

in Cotgrave.—L. *ratu*, fem. of *ratu*, determined, fixed, settled, pp. of *reor*, I think, judge, deem. Both *ratum* and *rata* occur as sb. in Late L. Cf. Brugmann, i. § 200. Der. *rate*, verb; *rat-able*, *rat-ably*, *rat-able-ness*, *rate-payer*. And see *ratio*, *ration*, *reason*, *ratify*.

RATE (2), to scold, chide. (F.—L.) In Shak. Merch. Ven. i. 3. 108. Sometimes supposed to be a peculiar use of the word above, as though to *rate* meant to *tax*, and so to chide. But, if this were so, we should expect to find *rate*, to value, in earlier use; whereas, on the contrary, the present word is the older of the two, being found in the 14th century. Falsgrave distinguishes between 'I *rate* one, I set one to his porcyon or stynte,' and 'I *rate* or chide one.' ME. *raten*, to chide; 'He shal be *rated* of his studyng'—he shall be scolded for his studying, Chaucer, C. T. 3463. Moreover, we find the fuller form *araten*, to reprove; see T. Ploymann, B. xi. q8; 'rebuked and *arated*,' id. xiv. 163.—OF. *arater*, variant of *arater*, to accuse (Godefroy); also *ratier*, variant of *ratier*, *repter*, to accuse, blame (id.).—L. *adrepulāre*; from *ad*, to (prefix), and *repulāre*, to repute, which in Late L. meant to impute to, ascribe to (Lewis). See *Repute*.

RATH, early, *RATHE*, sooner. (E.) *Rather*, sooner, earlier, is the comp. form of *rath*, soon, now obsolete. We also find *rathes*, soonest. ME. *rath*, early, ready, quick, swift, *rath*, adv., soon; comp. *rather*; superl. *rathes*, soonest. 'Why rise ye so *rath*?'—why rise ye so early, Chaucer, C. T. 3766 (A 3768). The word has lost an initial *h*, and stands for *brath*. AS. *brath*, adv., quickly, comp. *krathor*, superl. *krathost*; from the adj. *krath*, *hrath*, also written *brath*, *krath*, quick, swift, Grein, ii. 99, 100. 4-lcel. *krath*, swift, fleet; MHG. *hrath*, quick; (perhaps) *Dr. rat*, swift.

RATIFY, to sanction, confirm. (F.—L.) In Levens; and in Skelton, Colin Clout, 716. Spelt *ratyffe* in Falsgrave.—F. *ratifier*, 'to ratify'; Cot.—Late L. *ratificāre*, to confirm.—L. *ratī*, for *ratu*, fixed; and *-ficāre*, for *facere*, to make. See *Rate* (1) and *Fact*. Der. *ratificātion*.

RATIO, the relation of one thing to another. (L.) Mathematical; in Phillips, ed. 1706.—L. *ratio*, calculation, relation; cf. L. *ratu*, determined, pp. of *reor*, I think, deem. See *Rate* (1). Doublets, *ration*, *reason*.

RATION, rate or allowance of provisions. (F.—L.) In Phillips, ed. 1706.—F. *ration*, a ration; see Littré.—L. *rationem*, acc. of *ratio*, a calculation, reckoning; so that a *ration* is a computed share for soldiers, &c., according to the reckoning of their number; cf. *ratu*, determined; see *Rate* (1). Der. *ration-al*, reasonable, Minshew, ed. 1627, from F. *rational*, 'reasonable,' *rat*; hence, *ration-al-ly*, *ration-al-ism*, *-ist*, *-istic*; *ration-al-ity*. Also *ratio-cin-al-ion*, Minshew, from F. *ratio-cināre*, 'a discoursing, discussion,'—L. *ratio-cinātionem*, acc. of *ratio-cināre*, which from *ratio-cināre*, to reckon, compute, a verb formed from the sb. *ratio-cināre*, a computation.—*ratio-cin-nim*, formed by various suffixes from the base of *ratio*. Doublets, *ratio*, *reason*.

RATLINES, **RATLINS**, **RATTLINGS**, the small transverse ropes traversing the shrouds of a ship and forming a ladder. (F.) 'Rare-lines or Ratlings, in a ship, the shrouds with which are made the steps ladderwise to get up the shrouds; &c.' Phillips, ed. 1710. But the old form was *raddelyne*, or *raddelynyng of the shroudes*, Naval Accounts (1485–97), ed. Oppenheim, p. 185, 277. Perhaps the same as prov. E. *raddlings*, or *raddles*, long rods twisted between upright stakes (which the *ratlins* resemble). *Raddle* appears to be the same word as *radyl*, the rail of a cart (Falsgrave). Perhaps from AF. *reidel*, OF. *ridelle*, *ridelle* (Suppl. to Godefroy, s.v. *ridelle*). F. *ridelle*, 'rail of a cart,' Cot. *β*. The Du. word is *weeflijn*, i. e. weaving line or web-line, prob. because they cross the shrouds as if interwoven with them. *Rare-lines*, i. e. thin lines, is obviously a corruption.

RATTAN, a Malacca cane. (Malay.) In Sir T. Herbert, Travels, ed. 1665, p. 95. Spelt *rattoun* in Pepys, Diary, Sept. 13, 1660. See Stanford Dict. Spelt *ratun* in Todd's Johnson.—Malay *ratun*, 'the rattan-cane, Calamus rotang'; Marsden's Dict., p. 152. Made of the peeled stem of a climbing palm.—Malay *raut*, to peel, pare.

RATTEN, to take away a workman's tools for not paying his contribution to the trades' union, or for having offended the union. (F.—Late L.—Teut.) Modern; in Halliwell. The word was frequently used in connexion with Sheffield, where *ratten* is the local word for a rat. 'Ratten, a rat'; Hunter's Hallamshire Glossary. The usual sense is 'to do secret mischief,' which is afterwards attributed to the *rattens* or rats. 'I have been *rattened*!' I had just put a new cat-gut band upon my lathe, and last night the *rats* have carried it off! Notes and Queries, 3 S. xii. 192; see E. D. D. *β*. The prov. E. *ratten* is the same as ME. *ratun*, *ratoun*, a rat, P. Plowman, B. prol. 158.—F. *raton*, 'a little rat'; Cot.—Late L. *ratinēum*, acc. of *rata*, the same as *ratu*, a rat; a word of Teut. origin. See *Rat*.

RATTLE, to clatter, to make a din. (E.) For *hrattle*, initial *h*

being lost. ME. *ratelen*, Arthur and Merlin, 7858 (Stratmann).—AS. **kratelan*, only preserved in AS. *kratelo*, *kratelo*, or *kratelo*, rattle-word, a plant which derives its name from the rattling of the seeds in the capsules; A. S. Leechdoms, ed. Cockayne, iii. 333. *† Du. ratelen*, to rattle; *ratel*, a rattle; *G. rasseln*, to rattle; *rassel*, a rattle. *β*. The form of the word is frequentative; and the sense is 'to keep on making a noise represented by the syllable *krat*,' this syllable being of imitative origin; allied to Gk. *κραδαιεν*, to shake. Cf. *rat-a-tat-tat* as the imitation of a knock at a door. So also Gk. *κρότος*, a loud knock, *κρόνεν*, to knock, make to rattle, *κροτάλιον*, to rattle; *κρόταλον*, a rattle. Der. *rattle*, sb.; *rattle-snake*, a snake with a rattle at the end of its tail; in Capt. Smith's Works, ed. Arber, p. 955; also *rattle-traps*, small knick-knacks, from *traps* = goods; see *Trap* (2).

RAUCOUS, hoarse. (L.) Added by Todd to Johnson.—L. *raucus*, hoarse, by changing -us to -ous (as often). Allied to L. *raius*, hoarse, Skt. *ru*, to sound; cf. *Rumour*. Der. *rauc-ity*, Bacon, Nat. Hist. § 700.

RAUGHT, pt. t. and pp. of *Reach*, q.v.
RAVAGE, plunder, devastation, ruin. (F.—L.) The sb. is the more orig. word. Both sb. and verb are in Minshew, ed. 1627.—F. *ravage*, 'ravage, havocke, spoil;' Cot. Formed, with the usual suffix -age (<L. -aticum), from *ravir*, to bear away suddenly; the sb. *rav-age* was esp. used of the devastation caused by storms and torrents; see Littre.—Folk L. **rapire*, for L. *rapere*, to seize, snatch, bear away; see *Bavish*. Der. *ravage*, vb., from F. *ravager*, 'to ravage,' Cot.; *ravage-er*.

RAVE, to be mad, talk like a madman. (F.—L.) ME. *raven*, Chaucer, C. T. 16427 (G 959).—OF. *raver*, cited by Diez (s.v. *raver*), as a Lorraine word; the derivative *ravasser*, 'to rave, to talk idly,' is given in Cotgrave, who also explains *reuer* (F. *réver*) by 'to rave, dote, speak idly.' Godfrey has OF. *resuer*, *raver*, *reuer*, to stroll about; also to rave; cf. F. *râver*, dial. de la Meuse (Labourasse); mod. Prov. *rava*, to rave (Mistral). *β*. The word presents great difficulties; see *réver* in Diez and Scheler; but the solution offered by Diez is plausible, viz. that OF. *râver* is allied to Span. *rabiar*, to rave, both verbs being formed from the Late L. and Span. *rabia*, rage, allied to L. *rabiosus*, rage. From L. *rabere*, to rage. See *Bage*.

RAVEL, to untwist, unweave, entangle. (MDu.) The orig. sense has reference to the untwisting of a string or woven texture, the ends of the threads of which become entangled together in a confused mass. To *unravel* is to disentangle, to separate the confused threads. 'The *ravelled* sleeve [the entangled floss-silk] of care;' Macb. ii. 2. 37. To *ravel out* is hardly to disentangle (as in Schmidt), but rather to unweave. 'Must I *ravel out* My *weaved-up* folly;' Rich. II. iv. 228; cf. Hamlet. iii. 4. 186; and see examples in Richardson. 'To *rauell* or untwist;' Minshew, ed. 1627.—MDu. *ravelen*, 'to ravel, or cadgell,' Hexham; he also explains *verwerren* by 'to embroile, to entangle, to bring into confusion or disorder, or to cadgill.' The same as mod. Du. *rafelen*, EFrisc. *rafeln*, to fray out, to unweave; Low G. *reffeln*, to fray out, ravel, pronounced *rebeln* or *rebbeln* in Hanover and Brunswick (Bremen Wörterbuch); Pomeranian *rabbeln*, *uprabbeln*, to ravel out; Low G. *rebbeln ut*, to ravel out (Danneil). We even find AS. *u-râfian*, to unravel; Gregory's Pastoral Care, ed. Sweet, p. 245, l. 22. Der. *un-ravel*.

RAVELIN, a detached work in fortification, with two embankments raised before the counterscarp. (F.—Ital.) 'In bulwarks, *ravellins*, ramparts for defence;' Ben Jonson, Underwoods, xiii. On the Poems of Sir J. Beaumont, l. 4.—F. *ravelin*, 'a ravelin;' Cot. Cf. Span. *rebelin*, Port. *rebelim*, Ital. *riuellino*, a ravelin. *β*. It is supposed that the Ital. word is the original, as seems indicated by the old spelling in that language.—MItal. *ravellino*, *ruellino*, 'a ravelin, a wicket, or a postern-gate; also the uttermost bounds of the walls of a castle, or sconces without the walls;' Florio. *γ*. But the origin of the Ital. word is unknown. The suggestion, from L. *re*, back, and *vallum*, a rampart, is unlikely; see Körtling, § 8046.

RAVEN (1), a well-known bird. (E.) For *kraven*, an initial & being lost. ME. *raven*, Chaucer, C. T. 2146 (A 2144). AS. *kræfn*, *kræfn*, a raven, Grein, ii. 100. *† Du. raaf*, raven; Icel. *kráfn*; Dan. *ravn*; Olow G. *kráðan* (Gallée); G. *rabe*, Ollig. *kraban*. Teut. type **krabnoz*, m. *β*. No doubt named from its cry. Cf. L. *crepāre*, to rattle.

RAVINE (2), to plunder with violence, to devour voraciously. (F.—L.) Quite unconnected with the word above, and differently pronounced. The verb is made from an obsolete sb., viz. ME. *ravins*, plunder, which accounts for the spelling *ravin* in Shak. Meas. for Meas. i. 2. 133. 'Foules of *ravyns*' = birds of prey, Chaucer, Parl. of Foules, l. 323. So also *ravyns*, plunder, Ch. tr. of Boethius, b. i. pr. 4, l. 51; *ravinier*, a plunderer, id. b. i. pr. 3, l. 57.—AF. *ravine*, plunder; Liber Custumarum, p. 18, l. 26; OF. *ravine*, rapidly, impetuosity (Burguy); mod. F. *ravine*; see *Bavine*. [This OF.

ravine must orig. have had the sense of plunder, as in AF.]—L. *rapina*, plunder, pillage; see *Rapine*. Der. *raven-ing*; *raven-ous*, ME. *ravynous*, Lydgate, Minor Poems, p. 159, from F. *ravineux*, 'ravenous, violent, impetuous, like a forcible stream,' Cot.; *ravenously-ly, -ness*. Note that ME. *ravine*, mod. E. *ravine*, and E. *rapine* are all one and the same.

RAVINE, a hollow gorge among mountains. (F.—L.) Modern; added by Todd to Johnson.—F. *ravine*, a hollow worn away by floods; explained by Cotgrave to mean 'a great flood, a ravine or inundation of waters;' showing that, even in E., a *ravine* was a flood. In still older French, it means impetuosity, violence.—L. *rapina*, plunder, hence violence; see *Rapine*. And see *Raven* (2).

RAVISH, to seize with violence, fill with ecstacy. (F.—L.) ME. *rauischen* (with u for o), Chaucer, tr. of Boethius, b. i. pr. 3, l. 25; *rauisen*, id. b. iv. pr. 5, l. 16; b. i. met. 5, l. 3.—F. *ravis*, stem of pres. part. of *ravir*, to ravish, snatch away hastily. Cf. Ital. *rapire*.—Folk L. **rapire*, for L. *rapere*, to snatch; with a change of conjugation; see *Rapine*, *Rapid*. Der. *ravish-er*, *ravish-ing*, Macb. ii. 1. 55; *ravish-ment*, All's Well, iv. 3. 281, from F. *ravissement*, 'a ravishing, a ravishment;' Cot.

RAW, uncooked, unprepared, sore. (F.) For *hraw*, an initial & being lost. ME. *raw*, K. Alisaunder, 4932. AS. *hrāw*; spelt *hrāw*, Cockayne's Leechdoms, i. 254, l. 4. *† Du. raauw*; Icel. *hrār*; Dan. *raa*, raw, crude; Swed. *rå*, raw, green; OHG. *rāo* (declined as *rāwer*, *ronwer*), MHG. *rou*, G. *roh*. Teut. types **hrawoz*, **hrāwaz*. *β*. Allied to L. *crūdus*, raw, and to Skt. *krāra*, sore, cruel, hard; also to Gk. *κράτος* (for **κράτος*), raw flesh, Skt. *kravya*, raw flesh; L. *crurus*, blood; Russ. *krav*, Lith. *kravins*, Irish *crú*, W. *crav*, blood. Brugmann, i. § 492. (✓KREU.) See *Crude*. Der. *raw-ly*, *raw-ness*, *raw-boned*.

RAY (1), a beam of light or heat. (F.—L.) ME. *ray*, Early E. Allit. Poems, ed. Morris, A 160. The pl. '*rayes* or beames' occurs in Sir T. Elyot, The Governour, b. ii. c. 12, § 2.—OF. *raye*, 'a ray, line,' Cot.; mod. F. *rai*. Cf. Span. *raye*, Ital. *raggio*.—L. *radius*, acc. of *radius*, a ray, radius. Doublet, *radius*.

RAY (2), a class of fishes, such as the skate. (F.—L.) ME. *raye*, 'Hec ragadia, *raye*;' Wright's Vocab. i. 222, col. 2, l. 2.—AF. *raie*, Liber Albus, p. 234; OF. *raye*, 'a ray, skate,' Cot.; mod. F. *raie*.—L. *raia*, a ray; Pliny, ix. 24.

RAY (3), a dance. (MDu.) 'Pipers of the Duche tonge, To lerne . . . *reyes*;' Chaucer, Ho. Fame, 1236.—MDu. *rey*, *roye*, 'a round dance;' Hexham. Du. *rei*; see *Kranck*.

RAYAH, a person, not a Mahometan, who pays the capitation-tax; a word in use in Turkey. (Arab.) In Byron, Bride of Abydos, ii. 20. It may be explained as 'subject,' though the real meaning is 'a flock,' or 'pastured cattle.—Arab. *ra'yah*, a flock; from *ra'y*, pasturing, feeding, tending flocks; Rich. Dict. pp. 716, 739. Doublet, *ryot*, q.v.

RAZE, to lay level with the ground, destroy. (F.—L.) In Shak. Meas. ii. 2. 171. Also 'to graze, strike on the surface,' Rich. III. iii. 2. 11. Also 'to erase,' K. Lear, i. 4. 4. All various uses of the verb which is also spelt *rase*; see *Rase*. Der. *raz-or*, q.v., *ras-ori-al*, q.v.

RAZOR, a knife for shaving. (F.—L.) ME. *rasour*, Chaucer, C. T. 2419 (A 2417). I.t. 'a shaver;' OF. *rasor*, *rasour*, from F. *raser*, to shave; closely allied to mod. F. *rasoir*, from Late L. *rasorium*. See *Rase*, *Raze*. Der. *razor-strop*.

RAZZIA, a sudden raid. (F.—Arab.) F. *razzia*, *razia*; borrowed from an Algerine *razia*, a peculiar pronunciation of Arab. *ghāzia*, a raid, an expedition against infidels (Devic); cf. Arab. *ghāzi*, a hero, a leader of an expedition.—Arab. *ghazw*, making war; Rich. Dict. pp. 1041, 1059. ¶ Spelt *ghazzie* in 1826 (N. E. D.).

RE, RED-, prefix, again. (F.—L.; or L.) F. *re-*, *red-*; from L. *re-*, *red-*, again. The form *re-* is most common, and is prefixed even to E. words, as in *re-bellou*, *re-word* (Shak.), but this is unusual; remarkable words of this class are *re-mind*, *re-new*. The form *red-* occurs in *red-tem*, *red-integrate*, *red-olent*, *red-dition*. The true etymology of this prefix is still unsolved. ¶ As this prefix can be arbitrarily set before almost any verb, it is unnecessary to give all the words which are found with it. For the etymology of *re-advance*, *re-adjust*, *re-arrange*, *re-bellow*, &c., &c., see the simple forms *address*, *adjust*, *arrange*, &c.

REACH (1), to attain, extend to, arrive at, gain. (E.) ME. *rechen*, pt. t. *raghte*, *raughts*, pp. *raught*; P. Plowman, B. xi. 353; Chaucer, C. T. 136. We even find *raught* in Shak. L. L. L. iv. 2. 41, &c. AS. *rācan*, *rāccan*, to reach; pt. t. *rāhte*; Grein, ii. 364. *† Du. reiken*; OFrisc. *reica*, *reisia*, *reza*; G. *reichen*, ii. 364. Further connected with the rare sb. *ge-rēc*, occasion, due time, occurring in Ps. ix. 9, ed. Spelman. This would give the orig. sense 'to seize the opportunity' or 'to attain to;' Teut. type **raikjan-*. Perhaps

allied to *rice*, sb., power, and to the adj. *rise*, powerful; G. *reich*, kingdom. Der. *reach*, sb., Oth. iii. 3. 219; also a 'stretch' of a river.

REACH (2), to try to vomit; see **RECH**.

REACH, to interpret, esp. to interpret written words. (E.) ME. *reales*, pt. t. *redde*, *radde*, pp. *red*, *rad*; P. Plowman, B. iii. 334; Chaucer, C. T. 6371, 6373 (D 789, 791). AS. *rēdan*, to discern, advise, read; a weak verb, pt. t. *rādde*, pp. *gerād*, Grein, ii. 366. Allied to AS. *rēdan*, counsel, advice, id. 365. Also to AS. *rēdan*, to advise, persuade; a strong verb, with the remarkable reduplicated pt. t. *rēord*. β. This strong verb answers to Goth. *rēdan*, in comp. *garidan*, to provide, a strong verb; also to Icel. *rāda*, to advise, pt. t. *rīð*, pp. *rūðinn*; also to G. *raiken*, pt. t. *rieth*, pp. *gerathen*. Observe also G. *berathen*, to assist. All ultimately from the Teut. type **rēdan-*. Allied to Skt. *rādā*, to make favourable, propitiate, to be favourable to; Russ. *radiets*, to take care. Brugmann, i. § 136, 149. Der. *read-able*, *read-ably*, *read-able-ness*; *read-er*, *read-ing*, *read-ing-book*, *read-ing-room*. Also *read-le*.

READY, dressed, prepared, prompt, near. (E.) ME. *redi*, *redy*; spelt *redy*, Layamon, 8651 (later text *redy*); *radiz*, Ormulum, 2527. AS. *rāde*, ready, Grein, ii. 366. [In this instance the suffix *-e* was turned into *-i* by confusion with the AS. suffix *-ig* (answering to ME. *-i*, *-y*, E. *-y*).] The MSwed. adj. *reda*, ready, is cognate, and is connected with *reda*, to prepare. So also Dan. *rede*, ready; OHG. *reidi*, ready; mod. G. *bereit*. β. The Icel. *greiðr* (= *ga-reiðr*), ready, only differs in the prefix and suffix; so also Goth. *garaiþs*, commanded. These adjectives are closely related to Icel. *reiði*, harness, outfit, implements, gear, and to OHG. *reita*, Icel. *reið*, a raid. We may look upon *ready* as expressing either 'prepared for a raid' or 'prepared for riding, equipped.' All from a Teut. base *raid*, and stem of Teut. **reidan-*, to ride; see **RIDE**, **RAID**. Cf. G. *ferig*, ready; from *fahren*, to go. ¶ The use of *ready* in the sense of 'dressed' is found as late as the beginning of the 17th century. 'Is she ready?' = is she dressed; Cymb. ii. 3. 86. Der. *read-ly*, *read-ness*, *ready-made*.

REAL (1), actual, true, genuine. (L.) Spelt *reall* in Levins; and in Tyndall's Works, p. 104, col. 1, l. 5, where it is opposed to *nominal*. ME. *real*; Prompt. Parv. The famous disputes between *Realists* and the *Nominalists* render it probable that the word was taken immediately from the familiar Late L. *realis* rather than the MF. *real*, 'reall', given by Cotgrave. The mod. F. form is *réel*, also given by Cotgrave. β. The Late L. *realis*, 'belonging to the thing itself' is formed from *re-*, stem of *res*, a thing, with suffix *-ilis*. +Skt. *rāi-*, property, wealth; cf. *rā*, to give, bestow. Der. *real-ly*, *real-ise*, from MF. *realiser*, 'to realize, Cot.; *real-is-able*; *real-is-ation*, from MF. *realisation*, 'a realization, a making real. Cot.; *real-ism*, *real-ist*, *real-ist-ic*; *real-ity*, from F. *réalité* (Littre).

REAL (2), a small Spanish coin. (Span.-L.) In Swinburne's Travels through Spain (1779), letter 9, p. 56. And see Stanford Dict.-Span. *real*, lit. 'a royal' coin. = L. *regalis*, royal. See **REGAL**.

REALGAR, red arsenic. (F.-Span.-Arab.) A term in chemistry and alchemy. Spelt *realgar*, Chaucer, C. T. Group G, l. 814 (l. 16282). = F. *realgar*; cf. the Low L. *risigallum*. = Span. *realgar*. = Arab. *raḡ al-ghār*, powder of the mine, mineral powder. = Arab. *raḡ*, dust, powder; *al*, the; and *ghār*, a cavern, hence a mine. See Rich. Dict., pp. 759, 1040. This etymology is due to Dozy; and see Devic, supp. to Littre.

REALM, a kingdom. (F.-L.) ME. *realme*, Gower, C. A. iii. 199; bk. vii. 3179; *ryalme*, Sir Gawain and the Grene Knight, l. 691; *reame*, Will. of Palerne, 1964; *reume*, Rom. of the Rose, 495. = OF. *realme*, *reame*, *roialme* (Burguy); mod. F. *royaume*, a kingdom; answering to a Late L. form **regūlmen* (not found). = L. *regūlis*, regal; see **REGAL**.

REAM, a bundle of paper, usually twenty quires. (F.-Span.-Arab.) In Skelton, Works, i. 131, l. 174; spelt *reme*. Spelt *reame*, in Minshew, ed. 1627, and in Levins. We even find ME. *reame* in Prompt. Parv. p. 429; and 'j reau papiri' in the Earl of Derby's Expeditions, 1390-3 (Camd. Soc.), p. 154. = OF. *raime*, *rayme*, (Littre), a reau; mod. F. *rame*. Palsgrave has: 'Reame of paper, ramme de papier.' = Span. *resma*, 'a reame of paper'; Minshew. (Cf. Ital. *risma*. = Arab. *rizma*(f), (pl. *rizam*), a bundle, esp. a bundle of clothes; Rich. Dict. p. 731. See Littre, Devic's supp. to Littre, and Scheler's note on Dietz; all agree that this etymology has been completely established by Dozy. Devic remarks that we even find the F. expression 'coton en rame' cotton in a bundle, and that it is hopeless to connect this, as Dietz proposes, with the Gk. ἀράβιον, number. Cotton paper was manufactured in Spain, where it was introduced by the Moors.

REAP, to cut, as grain, gather a crop. (E.) ME. *repen*, sometimes a strong verb; pt. t. *rep*, pl. *ropen*, P. Plowman, B. xiii. 374;

pp. *ropen*, Chaucer, Leg. of Good Women, 74. OMerc. *reopan*, Vesp. Psalter, Ps. 125: 5; AS. *repan*, pt. t. *rap*, pt. t. pl. *rāpan*. [But a commoner form is AS. *ripan* (pt. t. *rāp*); allied to E. *ripe*; see **RIPE**. The occurrence of these two strong verbs with the same sense is remarkable. +Pomeran. *reepen*, to reap.

REAR (1), to raise. (E.) ME. *rezen*, Rob. of Glouc. p. 28, l. 657. AS. *rēran*, to rear, Deut. xxviii. 30. The form *rēran* exhibits the common substitution of *r* for *s*, and is cognate with Icel. *reisa* (mod. E. *raise*). It is the causal of *rise*; and means 'to make to rise.' Teut. type **raisjan-*, from **rais*, and stem of **reisan-*, to rise. See **RISE**. Doublet, *raise*.

REAR (2), the back part, last part, esp. of an army. (F.-L.) 'To the abject rear;' Troil. iii. 3. 162. But usually in phr. 'in the rear,' Hamlet, i. 3. 34. ME. *reze*, but perhaps only in the compounds *rearward* (see **REARWARD**) and *arere*, adv., also spelt *arere*, P. Plowman, B. v. 354. = OF. *riere*, 'backward, behind,' Cot. The ME. *arere*, in the rear, answers to OF. *arriere* (Burguy), F. *arrière*, 'behind, backward,' adv. = L. *retro*, backward; whence ad *retro* > OF. *arere*. See **RETRO**. Der. *rear-admiral*, *rear-guard*, *rear-rank*; also *rear-ward*, q. v.

REAR (3), insufficiently cooked. (E.) (For *hrear*.) Obsolete, except provincially. Dryden has: 'roasted rare;' Bancis and Philemon, 98. ME. *reze*; Prompt. Parv., p. 430. 'If they [eggs] be *reze*;' Sir T. Flyot, Castel of Helth, b. ii. c. 17. AS. *hrēr*, half-cooked, AS. Leechdoms, ed. Cockayne, ii. 372. Cf. Skt. *ṛai*, to cook.

REARMOUSE, the same as **BEREMOUSE**, q. v.

REARWARD, the rear-guard. (F.-L. and G.) Spelt *rearward*, 1 Sam. xxix. 2, Isaiah lii. 12, lviii. 8; this is merely the old spelling preserved. [Not to be read *re-reward*; as is sometimes done.] ME. *reereward*, Gower, C. A. i. 220; bk. ii. 1827; Morie Arthur, ed. Brock, 1430. Cf. AF. *reereward*, a rear-guard, Langtoft, i. 18; *reerard*, id., ii. 282. Short for *arere-ward*, compounded of ME. *arere*, behind, and *ward*, a guard; see **REAR** (2) and **WARD**. *Ward* is an OF. form of *garde*; cf. *arriere-garde*, 'the rearguard of an army,' Cot. Doublet, *rear-guard*.

REASON, the faculty of mind by which man draws conclusions as to right and truth, motive, cause, justice. (F.-L.) ME. *resoun*, Chaucer, C. T. 37; *reison*, Ancrén Kivle, p. 78, last line. = OF. *raison*, reason; mod. F. *raison*. = L. *rationem*, acc. of *ratio*, reckoning, reason; allied to L. *ratius*, pp. of *reor*, I think. See **RATE** (1). Der. reason, verb, *reason-er*, *reason-ing*; *reason-able*, ME. *reasonable*, P. Plowman, C. i. 176; *reason-ably*, *reason-able-ness*. Doublet, *ration*.

REASTY, rancid, as applied to bacon. (F.-L.) 'Much bacon is *reastie*;' Tusser, Husbandry, § 20. 2. 'Reastie, attained;' Baret. ME. *reest*, also *reesty*; Prompt. Parv. In Wright's Vol. of Vocab. i. 155, the AF. *chairs retez* is glossed by *reesty flees*, i.e. flesh. Hence *reesty* is from AF. *retez*, left over, not eaten; and therefore not fresh. = OF. *rester*, to remain; see **REST** (2). ¶ Sometimes ingeniously altered to *rusty*; 'you rusty piece of Martlemas bacon;' Middleton. A Fair Quarrel, iv. 1. N.B. I now find that Wedgwood gave the same solution long ago.

REATA, a rope of raw hide, for picketing animals; a lariat. (Span.-L.) Spelt *riata* by Ircet Haric; Cent. Dict.; Stanford Dict. = Span. *reata*, a rope for tying. = Span. *reata*, to tie. = L. *re-*, back; *aptāre*, to fit together; see **APT**.

REAVE, to rob, take away by violence. (E.) Not common in mod. E., except in the comp. *be-leave*, and in the pt. t. and pp. *reft*. 'Reaves his son of life;' Shak. Venus, 766. And see Com. Errors, i. 1. 116, Much Ado, iv. i. 198; &c. ME. *reuen* (with *u* = *u*), Chaucer, C. T. 4009 (B 3288); pp. *raft*, *reft*, 11329 (F 1017). AS. *rēafan*, to spoil, despoil, Exod. iii. 22; lit. to take off the clothes, despoil of clothing or armour. = AS. *rēaf*, clothing, spoil, plunder, Exod. iii. 22. = AS. *rēaf*, and stem of **rēafan*, to deprive, a strong verb (pt. t. *rēaf*, pp. *rafen*), only in the comp. *birēafan*, *berēafan* (Grein). Cf. Icel. *raufa*, to rob, from sb. *rauf*, spoil; which from *rjāfa* (pt. t. *rauf*, pp. *rofnin*), to break, rip up, violate; G. *rauben*, to rob, from *raub*, plunder. Cf. Goth. *birauvan*, to despoil. β. All from the Teut. strong verb **reuban-*, pt. t. **raub*. Allied to L. *rumper*, to break; see **RUPTURE**. Brugmann, i. § 466. Der. *be-leave*; and see *robe*, *rob*. Doublet, *rob*.

REBATE, to blunt the edge of a sword. (F.-L.) In Shak. Meas. i. 4. 60. ME. *rebate* = abate, Coventry Mysteries, p. 76. = OF. *rebatre* (Hatzfeld); MF. *rebatre*, 'to repel, repulse, beat or drive back again;' Cot. = F. *re-* (L. *re-*), back; and OF. *batre* (mod. F. *battre*), to beat, from L. *battere*, *battere*, popular forms of *batere*, to beat. Der. (from OF. *batre*) *a-bate*, q. v. Also *rebate*, sb., discount; *rebate-ment*, a diminution, narrowing, 1 Kings, vi. 6, margin, where the A. V. has 'narrowed rests.' Cf. also *rebato*, *rebato*, a kind of ruff, Much Ado, iii. 4. 6, where the final *-o* seems to be an E.

addition, as the word is not Span. or Ital., but French; from *F. rabai*, 'a rebatoe for a womans ruffe' (Cot.), which from *rabattre*, to turn back, for *re-abbatre*.

REBECK, a three-stringed fiddle. (F.—Arab.) 'And the jocund rebeckes sound;' Milton, *L'Allegro*, 94. *Hugh Rebeck* is a proper name in *Romeo*, iv. 5. 135. An old woman is called 'an old rebecke,' and again, 'an old rhybe,' in Chaucer, C. T. 7155, 6959 (D 1573, 1377).—OF. *rebec*, 'the fiddle termed a rebeck;' Cot. Also spelt *rebek* (Hatfield, Roquefort).—Arab. *rabāb*, *rabāba* (?), a rebeck, an instrument played with a bow; Devic.

REBEL, adj., rebellious, opposing or renouncing authority. (F.—L.) The verb is from the sb., and the sb. was orig. an adj. ME. *rebel*, rebellious, Rob. of Glouc. p. 72. l. 1625. 'And alle that he rebel founde;' King Alisaunder, ed. Weber, l. 3033. 'Avant! rebel!' Lydgate, Minor Poems, Percy Soc. p. 35.—F. *rebelle*, adj., rebellious, wilful.—L. *rebellis*, acc. of *rebellis*, rebellious, lit. rebelling war.—L. *re*, again; and *bell-um*, war. See **Re**, **Belligere**, and **Dual**. Der. *rebel*, verb, Barbour, Bruce, x. 129 (Edinburgh MS.); *rebell-ion*, Wyclif, 3 Kings, xi. 27, from *F. rebellion*, 'rebellion;' Cot.; *rebell-i-ous*, Rich. II, v. 1. 5; *rebell-i-ous-ly*, *rebell-i-ous*.

REBOUND, to bound back. (F.—L.) 'I rebounde, as a ball dothe, je bondys;' Falgrave. And in Surrey, The Lover describes his state, l. 19; in Tottell's Misc. ed. Arber, p. 24. Trevisa has *rebounnyng*, sb., tr. of Higden, l. 189.—F. *rebondir*, 'to rebound, or leap back.' Cot.—F. *re*, back; and *bondir*, to leap, bound. See **Re** and **Bound** (1). Der. *rebound*, sb., Antony, v. 2. 104; and in Falgrave.

REBUFF, a sudden check or resistance, repulse. (Ital.) 'The strong rebuff of some tumultuous cloud;' Milton, P. L. ii. 936.—Ital. *ribuffo*, *ribuffo*, 'a check, a chiding, a taunt, a skoulding, a rating,' connected with Ital. *ribuffare*, 'to check, to chide;' Florio. Mod. Ital. *ribuffa*, a reproach; *ribuffare*, to repulse.—Ital. *ri* (<L. *re*), back; and *buffa*, a puff, a word of imitative origin, like *E. puff*. See **Re** and **Puff**. Der. *rebuff*, verb.

REBUKE, to reprove, chide. (F.—L.) ME. *rebuken*, P. Plowman, B. xi. 419.—AF. *rebuker*, Langtoft, ii. 108; ONF. *rebuker*, to defeat (a plan). Chardry, Vie des St. Dormans, l. 1589; *rebukier*, OF. *rebukier*, the same (Godefroy).—OF. *re* (L. *re*), again; and (ONF. *buquer*, *bukier*, OF. *bukier*, to beat, to knock, orig. to cut trees, to cut logs for the fire, to log) (Godefroy, s. v. *bukier*, mod. F. *bûcher*, 'to rough-hew, to destroy,' Hamelin). β. This OF. *bukier*, F. *bûcher*, is from OF. *buche*, F. *bûche*, a log; from Late L. *bucha*, a log (Ducauge). Cf. Picard *buker*, to beat, strike, knock (Corbillet); Walloon *busquer*, *buker*, to strike, *buque*, log (Sigart); Norm. dial. *bûquette*, a billet. Orig. 'to cut back.' Der. *rebuke*, sb., Sir Degrevant, 863; *rebuk-er*.

REBUS, an enigmatical representation of words by pictures of things. (L.) 'As round as Gyges' ring, which, say the ancients, Was a hoop-ring, and that is round as a hoop. *Lovel*, You will have your *rebus* still, mine host;' Ben Jonson, *Volpone*, Act i. sc. 1. 'Excellent have become the concept[s] of some citizens, who, wanting arms, have coined themselves certain devices as neere as may be alluding to their names, which we call *rebus*;' Henry Peacham (1634). The Gentleman's Exercise, p. 155, § 2, B. 3. It refers to representing names, &c., by things; thus a *bat* and *two* expresses *batton*; and so on.—L. *rebus*, by things, by means of things; abl. pl. of *rēs*, a thing; see **Real**. ¶ Cf. *omnibus*.

REBUT, to oppose by argument or proof. (F.—MIIG.; with L. prefix.) 'Rebut of the prey'—driven away from the prey; repulsed; Dunbar, The Golden Targe, l. 180.—AF. *rebater*, OF. *rebouter*, 'to repulse, foyle, drive back, reject,' &c.; Cot.—F. *re* (L. *re*), back; and *bouter*, to thrust. See **Re** and **Butt** (1). Der. *rebut-er*, a plaintiff's answer to a defendant's rejoinder, a law term.

RECALL, to call back. (Scand.; with L. prefix.) In Shak. *Lucrece*, 1671. From **Re** and **Call**. Der. *recall*, sb., Milton, P. L. v. 885.

RECENT, to retract an opinion. (L.) 'Which duke . . . did recent his former life.' Contin. of Fabian's Chron., an. 1553; ed. Ellis, p. 712.—L. *recenti-are*, to sing back, re-echo, also to recent, recall (Horace, Od. i. 16. 27); the orig. sense was perhaps to reverse a charm.—L. *re*, back; and *cantare*, to sing; see **Re** and **Chant**. Der. *recent-er*, *recent-at-ion*. ¶ This throws some light on the word *cant*, and renders the derivation of *cant* from L. *cantare* more easy and probable.

RECAST, to cast or mould anew. (Scand.; with L. prefix.) Also, to throw back again; 'they would cast and recast themselves from one to another horse;' Florio, tr. of Montaigne, bk. i. c. 48. From **Re** and **Cast**.

RECEDE, to retreat. (L.) In Phillips, ed. 1658.—L. *recedere*, to give ground, retreat. See **Re** and **Cede**. Der. *recede*, in Hall,

Hen. VIII, an. 34. § 7, from L. *recessus*, a retreat, which from *recessus*, pp. of *recedere*. Also *recess-ion*, from L. *recessio*.

RECEIVE, to accept, admit, entertain. (F.—L.) ME. *receiven*, *receyven* (with w for v). He that *receyueth* other receteth hure ys recetor of gyle.' P. Plowman, C. iv. 501.—AF. *receiv*, a stem of *receiv*, OF. *receivere*; mod. F. *recevoir*.—L. *recipere* (pp. *receptus*) to receive.—L. *re*, back; and *capere*, to take; with the usual vowel-change from *a* to *i* in composition. See **Re** and **Capacious**. Der. *receiv-er*, from AF. *receite*, Year-books, 1304-5, p. 295. OF. *receite*, *recepte*, *recuite* (Littre), MF. *recepte*, 'a receipt,' Cot., mod. F. *recette*—L. *recepta*, a thing received, fem. of *receptus*. And see *receptacle*, *recept*.

RECENT, new, fresh, modern. (F.—L.) In Minshew.—MF. *recent* (F. *recent*), 'recent, fresh'—L. *recent*, stem of *recens*, fresh, new. Der. *recent-ly*, *new*.

RECEPTACLE, a place in which to store things away. (F.—L.) In Shak. *Romeo*, iv. 3. 39.—MF. *receptacle*, 'a receptacle, storehouse,' Cot.—L. *receptaculum*, a receptacle; formed with dimin. suffixes *-culum* from *receptum*, frequentative form of *recipere*, to receive; see **Receptive**. Der. (like pp. *receptus*) *recept-i-on*, formerly a term in astrology, Gowen, C. A. iii. 67, bk. vi. 1962, from F. *reception*, 'a reception,' Cot. from L. acc. *receptionem*, also *receptivus*, from OF. *receptif* (Godefroy); hence *recept-i-iv-ity*, from mod. F. *receptivité*, a coined word.

RECESS, RECESSION; see **Recede**.

RECHEAT, a signal of recall, in hunting. (F.—L.) In Shak. *Much Ado*, i. 1. 242.—AF. *rechet*, ONorth F. *rachet*, variant of *reest*, a retreat, hence, a note of retreat; see Godefroy, and cf. Norm. dial. *rechevire*, to receive (Moisy).—L. *receptum*, acc. of *receptus*, a retreating, a retreat.—L. *receptus*, pp. of *recipere*, to receive; see **Receptive**. Influenced by OF. *racheter* (<L. *re-ad-captare*), to reassemble, to rally (Godefroy).

RECIPE, a medical prescription. (L.) In Phillips, ed. 1706; he rightly explains that it is so called because it begins with the word *recipe*, i. e. take so and so. B. Jonson has the pl. *recipes*, Alchemist, ii. 1. 443.—L. *recipe*, imp. sing. of *recipere*, to take. See **Receptive**. So also *recept-i-ent*, one who receives, from the stem of the pres. part. of *recipere*.

RECIPROCAL, acting in return, mutual. (L.) In King Lear, iv. 6. 367. Formed by adding *-al* to L. *reciproco-us*, returning, alternating, reciprocal; whence also MF. *reciprocus*, and obsolete E. *reciproquus*, of which see examples in R. Lit. 'directed backwards and forwards;' from L. *re*, backwards, and *pro*, forwards, allied to *procul*, afar off. Brugmann, ii. § 86. Der. *reciprocal-ly*, also *reciprocal-ate*, given in Phillips as a grammatical term, from *reciprocatum*, pp. of *reciprocare*, to go backwards and forwards, to reciprocate; *reciprocat-ion*, from F. *reciprocation*, 'a reciprocation, returning,' Cot.; *reciprocat-ity*, from mod. F. *reciprocité*.

RECITE, to repeat aloud, narrate. (F.—L.) In Levins, ed. 1570. 'Reciteth in the gospel;' Caxton, Golden Legend, St. John Evang. § 5.—F. *reciter*, to recite, repeat, Cot.—L. *recitare*, to recite; see **Re** and **Cite**. Der. *recit-al*, North's Plutarch, p. 14 (R), *recit-er*; *recit-at-ion*, from F. *recitation*, in use in the 15th cent. (Littre), though omitted by Cotgrave; *recit-at-ive*, mod. F. *recitativ*, from Ital. *recitativo*, recitative in music.

RECK, to regard. (F.) ME. *rekenen*, frequently also *recken*, Chaucer, C. T. 1400, 2259; P. Plowman, B. iv. 65. The vowel has been shortened, being orig. long. AS. *recean*, also *rican* (for *rician*) 'ju ne rēst'—thou carest not, Mark, xii. 14.—OSax. *rehan*; Icel. *rækja*; Pomeran. *rōken*; MIHG. *ruochen*, OIHG. *rūhhan*, *ruohhan*, to reckon, heed, have a care for. β. The *r* results, as usual, from *ō* followed by *i* in the next syllable. The verb is a denominative, i. e. from a sb. The sb. exists in MHG. *ruok*, OIHG. *ruak*, *ruoh*, arc, heed, answering to a Teut. type **rūh-on*, m. From Teut. **rūk*, and grade of **rak*, as seen in Icel. *rök*, a reason, AS. *raec*, account, reckoning, OSax. *raka*, an affair, OIHG. *rakha*, subject, thing. See **Reckon**. Der. *reck-less*, AS. *reccelāss*, Elfried, tr. of Gregory's Pastoral Care, ed. Sweet, p. 4. l. 23, spelt *reccelāss*, id. p. 5. l. 23; cf. Du. *roekeloos*; *reck-less-ly*, *reck-less-ness*.

RECKON, to count, account, esteem. (E.) ME. *rekenen*, *reken*; Chaucer, C. T. 1956 (A 1954); P. Plowman, B. ii. 61. AS. *ge-recean*, to explain, Grein, l. 440; the prefixed *ge*, readily added or dropped, makes no real difference. A derivative verb; allied to AS. *ge-reccan*, *reccan*, to rule, direct, order, explain, ordain, tell; Grein, l. 440. ii. 369.—Du. *rekenen*; (whence Icel. *reikna*, Don. *regna*, Swed. *räkna*); G. *rechnen*, MIHG. *rechnen*, OHG. *rechan*, to compute, reckon. β. All from Teut. base **rak*, as in AS. *raec*, account, Icel. *rök*, neut. pl., a reason, ground, origin, cognate with MHG. *racha*, OHG. *rakha*, a thing, subject. Der. *reckon-er*; also *reck-on-ing*, cognate with G. *rechnung*.

RECLAIM, to tame, bring into a cultivated state, reform. (F.—L.) MF. *reclaimen*, *reclaimen*, esp. as a term in law; Chaucer, C. T. 17021 (II 72).—OF. *reclaim*, a stem of *reclamer*, 'to call often or earnestly, exclaim upon, sue, claim'; Cot. Mod. F. *reclamer*.—L. *reclamare*, to cry out against.—L. *re*, back, again; and *clamare*, to cry out. See **Re-** and **Claim**. Der. *reclaim-able*; also *reclaim-ation*, from MF. *reclamatio*, 'a contradiction, gain-saying', Cot. from L. acc. *reclamatiōnem*, a cry of opposition.

RECLINE, to lean back, lie down. (L.) In Milton, P. L. iv. 333.—L. *reclinare*, to lean back.—L. *re*, back; and *clinare*, to lean, cognate with F. *lean* (1).

RECLUSE, secluded, retired. (F.—L.) ME. *reclus*, masc.; Fifty Early E. Wills, ed. Furnivall, p. 7, l. 31 (1395). The form *recluse* is properly feminine, and it first appears with reference to female anchorites. ME. *recluse*, Ancræn Kiwle (Rule of Female Anchorites), p. 10, l. 5.—OF. *reclus*, masc., *recluse*, fem., 'closely kept in, or shut up as a monk or nun'; Cot. Pp. of OF. *reclorre*, 'to shut or close up again'; Cot.—L. *recludere*, to enclose, but in late L. to shut up.—L. *re*, back; and *cludere*, to shut. See **Re-** and **Clause**.

RECOGNISE, to know again, acknowledge. (F.—L.) In Lewis. The MF. verb is *recognoscere* in Cot., mod. F. *reconnaître*. The E. verb is not immediately derived from this, but is merely made out of the sb. *recognisance*, which was in rather early use, and occurs in Chaucer as a legal term, C. T. 13260 (II 1520).—AF. *reconnaissance*, Stat. Realm, i. 53 (1283); OF. *reconnaissance* (13th cent., Littré), later *recognisance*, 'a recognizing, also an acknowledgement of tenure', Cot.—OF. *reconnaître*, pres. part. of *reconoscere* (F. *reconnaître*).—L. *recognoscere*.—L. *re*, again; and *cognoscere*, to know. See **Re-** and **Cognisance**. Der. *recognis-able*; also *recogni-tion*, in Blount's Gloss, ed. 1674, from L. acc. *recognitiōnem*, nom. *recognitio*, allied to *recogni-us*, pp. of *recognoscere*. And see *reconnoître*.

RECOIL, to start back, rebound. (F.—L.) ME. *recoilen*, used transitively, to drive back, Ancræn Kiwle, p. 294, l. 6. Also *recole*; '1 *recole*, I go back, *ie reule*'; Palsgrave. Cf. AF. pres. pt. *recoilant*, Laugfoth, ii. 176.—F. *reculer*, 'to recoil, retire, defer, drive off', Cot. Lit. to go backwards.—F. *re* (—L. *re*), back; and *cul*, the hinder part, from L. *cilium*, acc. of *cilus*, the hinder part, the posterior. Der. *recoil*, sb. Milton, P. L. ii. 880.

RECOLLECT, to remember. (F.—L.) Used in Shak. in the lit. sense 'to gather', to collect again, Per. ii. i. 54. From **Re-** and **Collect**. Der. *recollect-ion*.

RECOMMEND, to commend to another. (F.—L.) ME. *recommenden*, Chaucer, C. T. 16012 (G 544). From **Re-** and **Command**; in imitation of F. *recommander*, 'to recommend', Cot. Der. *recommend-able*, *recommenda-tion*, *recommenda-tory*.

RECOMPENSE, to reward, remunerate. (F.—L.) ME. *recompense*, Gower, C. A. ii. 278; bk. v. 4505.—OF. *recompenser* (F. *compenser*), 'to recompense', Cot.—L. *re*, again; and *compensare*; see **Re-** and **Compensate**. Der. *recompense*, sb., Timon, v. i. 153.

RECONCILE, to restore to friendship, cause to agree. (F.—L.) ME. *reconcilen*, Gower, C. A. iii. 138; bk. vii. 1578.—OF. *reconcilier*, 'to reconcile', Cot.—L. *reconciliare*, to reconcile, lit. to bring into counsel again. See **Re-** and **Conciliate**. Der. *reconciler*, *reconcil-able*; *reconciliation*, from OF. *reconciliation*, Cot. < L. acc. *reconciliatiōnem*.

RECONDITE, secret, profound. (L.) In Phillips, ed. 1706.—L. *reconditus*, put away, hidden, secret; pp. of *recondere*, to put back again.—L. *re*, again; and *condere*, to put together. β. The L. *condere* (in which the prefix is *con-*, for *com-*—*cum*, with), contains the weak grade of the \sqrt{DHE} , to put, place. Brugmann, i. § 573. Cf. *ab-cond*. And see **Do**.

RECONNOITRE, to survey, examine from a military point of view. (F.—L.) 'She reconnoitres fancy's airy band'; Young, Night Thoughts, Nt. ii. l. 265. See Spectator, no. 165, § 5.—OF. *reconnoître* (Littré), mod. F. *reconnaître*, 'to recognize'; also, to take a precise view of; Cot. See **Recognise**. Der. *reconnaissance*, from mod. F. *reconnaissance*; of which *recognisance* is a doublet.

RECORD, to register, enrol, celebrate. (F.—L.) ME. *recoreden*, to report, remind, Ancræn Kiwle, p. 256, l. 10; Chaucer, C. T. 831 (A 839).—OF. *recoreder*, 'to repeat, recite, report', Cot.—L. *recoredere*, more usually *recoredare*, to call a thing to mind.—L. *re*, again; and *core-*, stem of *cor*, the heart, cognate with E. *heart*. See **Re-** and **Heart**. Der. *record*, sb., Chaucer, C. T. 7631 (I 2049), from OF. *record*, 'a record, witness', Cot.; *record-er*, *record-er-ship*.

RECOUNT, to tell again, narrate. (F.—L.) In Skelton, Philip Sparowe, i. 613. 'Who may recount', &c.; Caxton, G. Legend, St. Pawlyne, § 8.—OF. *reconter*, to tell again (Godefroy). From **Re-**

and **Count**. The F. *comter* often has the sense 'to relate'; the F. compound verb is written *recomter*, which Cotgrave explains by 'to tell, relate, report, rehearse'; where the prefix *re-* represents L. *re-ad-*.

RECOURP, to diminish a loss by keeping back a part as a claim for damages. (F.—L. and Gk.) Spelt *recoupe* in Phillips, ed. 1706; whom see. It means lit. to secure a piece or shred.—F. *recoupe*, 'a shred', Cot.—F. *recouper*, to cut again.—F. *re* (—L. *re*), again; and *couper*, to cut, a word of Gk. origin. See **Re-** and **Coppice**.

RECOURSE, a going to or resorting to for aid. (F.—L.) ME. *recours*, Chaucer, C. T. 10389 (F 75).—F. *recours*, 'a recourse, refuge', Cot.—L. *recursum*, acc. of *recursus*, a running back, return, retreat.—L. *recursus*, pp. of *recurere*. See **Recur** and **Course**.

RECOVER, to get again, regain. (F.—L.) ME. *recoewren* (with *u* for *v*), P. Plowman, B. xix. 239; also *recoewren*, *reheueren*, id. C. xxii. 245; King Alisaunder, 5835.—OF. *recouuer*, *recuuer* (Burguy), F. *recouuer*, 'to recover'; Cot.—L. *recuperare*, to recover; also to recruit oneself. β. A difficult word; not connected with Sabine *cuprus*, good. Also spelt *reciperare*, and extended from *recipere*, like *tolerare* from *tolleere*. From *re*, back again, and *capere*, to take. Cf. Brugmann, i. § 244 (4). For the vowel *u*, cf. *oc-cup-are*. Der. *recover-able*; *recover-y*, All's Well, iv. 1. 38. Doublet, *recuperate*.

RECREANT, cowardly, apostate. (F.—L.) ME. *recreant*, Rob. of Brunne, tr. of Langtoft, p. 9, l. 24; *recreaunt*, P. Plowman, B. xviii. 100.—OF. *recreant*, 'tired, toiled, faint-hearted', Cot.; properly the pres. part. of *recreare*, 'to believe again; also, to restore, deliver, or give back'; id. (hence, to give in). And cf. MF. *recreu*, 'tired, weary, faint-hearted', id. β. The pres. part. *recreant* and pp. *recreu* partook of the sense of Late L. *recredere*, from which MF. *recreare* is derived. This verb, lit. to believe again, or to alter one's faith, was also used in the phrase *se recredere*, to own oneself beaten in a duel or judicial combat. The same sense reappears in Ital. *ricreduto*, 'a miscreant, recreant, a misbehaving wretch'; Florio.—L. *re*, again; and *credere*, to believe; see **Re-** and **Cred**. Der. *recreant-y*. And see *mis-recreant*.

RECREATION, amusement. (F.—L.) ME. *recreation*, Gower, C. A. iii. 100; bk. vii. 477.—F. *recreation*, 'recreation, pastime'; Cot.—L. *recreātiōnem*, acc. of *recreatio*, recovery from illness (Pliny); cf. L. *recreatus*, pp. of *recreare*, to refresh, revive; whence the sense of to amuse by way of invigorating the system or mind. Lit. 'to create anew'. See **Re-** and **Create**. Der. *recreate*, in Palsgrave, from L. pp. *recreatus*. Also *recreat-ive*.

RECRIMINATE, to accuse in return. (L.) In Phillips, ed. 1706.—L. *re*, again; and *criminatus*, pp. of *criminari*, to accuse of crime; from *crimen*, stem of *crimen*; see **Crime**. Der. *recrimin-ation*, from MF. *recrimination*, 'a recrimination', Cot.; *recrimin-at-ory*, *recriminative*.

RECRUDESCENCE, a reopening, renewal. (L.) In North's Txxamen, ed. 1740, p. 632. From L. *recrudescent*, stem of pres. part. of *recrudesce*, to become raw again, to open again (as a wound).—L. *re*, again; and *crūdus*, raw; see **Crude**.

RECRUIT, to enlist new soldiers. (F.—L.) 'To recruit and maintain their army when raised'; Pryme, Treachery and Disloyalty, pt. iv. p. 33 (R.). 'A recruit [supply] of new people'; Howell, Famil. Letters, vol. i. pt. i. let. 38, § 7.—F. *recruter*, not given in Cotgrave, but explained by Littré by 'to levy troops'. He tells us that it is an ill-formed word, first found in the 17th century. Formed from **recrute*, a mistaken or provincial form for *recrue*, fem. of *recrui*, pp. of *recruiere*, to grow again. See also Hatfield. The sb. *recrui* occurs in Roumansch. β. The word *recrue* is used as a sb., and means 'a levy of troops'. [The *t* appears in MF. *recroist*, 'a re-increase, a new or second growth', Cot.; cf. *recroistre*, 'to re-increase', id.—F. *re*, again; and *croître* (OF. *croistre*), to grow.—L. *re*, again; and *crecere*, to grow; see **Re-** and **Crescent**. Der. *recruit*, sb.; *recruit-er*, *recruit-ing*.

RECTANGLE, a four-sided figure, of which all the angles are right angles. (F.—L.) In Phillips, ed. 1688; he says it was used to denote a right angle.—F. *rectangle*, 'a strait or even angle'; Cot.—L. *rectangulus*, having a right angle.—L. *rect-us*, right; and *angulus*, an angle; see **Rectify** and **Angle**. Der. *rectangle-ad*, *rectangle-ry* and *amend*; Skelton, Colin Clout, 1265. ME. *rectifien*, Laufrank, Chirurgie, p. 80, l. 3.—F. *rectifier*, 'to rectify'; Cot.—Late L. *rectificāre*, to make right.—L. *recti*, for *rectus*, right, cognate with F. *right*; and *-fic-*, for *facere*, to make. See **Right** and **Fact**. Der. *rectif-able*, *rectific-ation*, *rectif-er*.

RECTILINEAL, RECTILINEAR, bounded by right or straight lines. (L.) Spelt *rectilineal* in Phillips, ed. 1706. Formed with suffix *-al* (< L. *-ālis*) or *-ar* (< L. *-āris*) from *rectiline-us*,

rectilinear. — *L. recti*, for *rectus*, right; and *line-a*, a line. See **Right** and **Line**.

RECTITUDE, uprightness. (F.—L.) 'By the rectitude of his justice.' Golden Book, let. 11 (R.). — *F. rectitude*, omitted by Cotgrave, but used in the 14th cent. (Littre). — *L. rectitudo*, straightness, uprightness; formed with suffix *-itudo* from *recti*, for *rectus*, straight, cognate with *E. Right*, q. v. ¶ So also *rect-or*, lit. a ruler, All's Well, iv. 3. 69, from *L. rector*, a ruler; which is for **reg-* for; from *regere*, to rule; see **Regiment**. Hence *rector-ship*, Cor. ii. 3. 213; *rector-ate*, *rector-al*, *rector-y*.

RECUMBENT, lying back or upon, reclining. (L.) *Recumbency* is in Phillips, ed. 1710. *Recumbent* seems later; it is in Cowper, The Needless Alarm, l. 47. — *L. recumbent*, stem of pres. part. of *recumbere*, to recline. — *L. re*, back; and see **Incumbent**. Der. *recumbency*.

RECUPERATIVE, tending to recovery. (L.) *Recuperable*, i. e. recoverable, is in Levins, but is now disused. *Recuperacion* (sic) is in Caxton, Godeffroy of Bolyone, p. 4, l. 16. *Recuperator* is in Phillips, ed. 1706. *Recuperative* appears to be modern. — *L. recuperativus*, (properly) recoverable. — *L. recuperatus*, pp. of *recuperare*, to recover; see **Recover**.

RECUR, to resort, return to the mind, happen again at stated intervals. (L.) In Phillips, ed. 1706. *Recurrent* is in Blount's Gloss., ed. 1674. — *L. recurrere*, to run back, return, recur. — *L. re*, back; and *currere*, to run; see **Re** and **Current**. Der. *recurr-ent*, from the stem of the pres. part.; whence *recur-ence*; also *recurse*, q. v.

RECUSANT, opposing an opinion, refusing to acknowledge supremacy. (F.—L.) In Minshew, ed. 1627. — *MF. recusant*, 'rejecting, refusing,' Cot.; pres. part. of *recuser*. — *L. recusare*, to reject; properly, to oppose a cause or opinion. — *L. re*, back, hence, withdrawing from; and *caussa*, a cause; see **Re** and **Cause**. β. The same change takes place in *accuse* (*accūsare*), also from *L. causa*. Der. *recusant-y*.

RED, one of the primary colours. (E.) *ME. reed* (with long vowel), sometimes *rede*, *red*; Chaucer, C. T. 637. *AS. rēad*, *red*; Grein, ii. 373. † *Du. rood*; *Icel. raudr*; *Dan. rød*; *Swed. rōd*; *G. rath*; *Goth. rauds*. β. All from Teut. type **raudōz*; *ldg. type *raudhos*. Further allied to *Skt. rudhira*, blood, *Gk. ῥεῦδος*, to reddens, *ῥεῦδος*, red, Irish and Gael. *ruadh*, *W. rhudd*, *L. ruber*, red. Note also the strong verb appearing as *AS. rēodan*, *Icel. rjōba* (pt. *r. raud*), to reddens. (✓ **REUDH**). Der. *red-ly*, *red-ness*; *redd-en* (with *-en* as in *strengthen*, *length-en*); *redd-ish*, *redd-ish-ness*; *red-breast* (a bird with red breast); *Skelton*, *Phillip Sparrow*, 399, *Lydgate*, *Floure of Curteisie*, st. 9; *red-shank* (a bird with red shanks or legs); *red-start* (a bird with a red tail, from *AS. steort*, a tail, *Exod.* iv. 4), in Levins; *red-hot*, *red-head*, *red-lead*, *red-letter*, *red-tape*. Allied words are *ruby*, *rubescent*, *rubric*, *ruddy*, *russel*.

REDACT, to reduce, to edit. (L.) *Hecon* has *redact* in the sense 'reduced'; Works, i. 46 (Harker Soc.). — *L. redactus*, pp. of *redigere*, to bring back, reduce. — *L. red*, back; and *agere*, to bring; see **Agent**. Der. *redact-ion*.

REDDITION, a rendering, restoring. (F.—L.) In Cotgrave; and Minshew, ed. 1627. — *F. reddition*, 'a reddition;' Cot. — *L. redditiōem*, acc. of *redditiō*, a rendering; cf. *redditiō*, pp. of *reddere*, to restore; see **Render**. Der. *redditi-ive*.

REDEEM, to ransom, atone for. (F.—L.) Lit. to buy back. Latimer has *redemed* and *redeming*, sb., Seven Sermons, ed. Arber, p. 202. Wyclif has *redempcion*, Luke, i. 68. — *F. redimer*, to redeem, ransom, Cot. [But the change of vowel is remarkable; perhaps partly due to *L. emere*.] — *L. redimere*, to buy back, redeem. — *L. red*, back; and *emere*, to buy, orig. to take, from *✓EM*, to take. See **Re** and **Example**. Der. *redem-er*, *redem-able*; *redempt-ion*, from *F. redemption* < *L. acc. redemptionem*, nom. *redemptio*, allied to *redempt-us*, pp. of *redimere*; *redempt-ive*, *redempt-or-y*. Doublet (of *redemption*), ransom.

REDGUM, a disease of infants. (F.) Fully explained in my Notes to P. Plowman, C. xxiii. 83, p. 444. *ME. reed gounde*, Prompt. Parv. — *AS. rēad*, *red*; *gund*, matter of a sore.

REDINTEGRATION, renovation. (L.) Minshew has *redintegration* and *redintegrate*, verb. — *L. redintegratio*, sb.; allied to *redintegratus*, pp. of *redintegrare*, to restore, renovate. — *L. red*, again; and *integrare*, to renew, from *integr-*, for *integer*, whole. See **Re** and **Integer**.

REDOLENT, fragrant. (F.—L.) In the Tale of Beryn, ed. Furnivall, i. 2765. — *MF. redolent*, 'redolent;' Cot. — *L. redolent*, stem of pres. part. of *redolere*, to emit odour. — *L. red*, again; and *olere*, to be odorous. See **Re** and **Olfactory**. Der. *redolence*, *Lydgate*, Assembly of Gods, 1611; *redolency*.

REDOUBLE, to double again. (F.—L.) 'I redoublyll, I doublyll agayne, je redouble;' Palsgrave. — *F. redoubler*; from *re-* and *doubler*, to double. See **Re** and **Double**.

REDOUBT, an entrenched place of retreat. (F.—Ital.—L.) Used by Bacon, according to Todd's Johnson; Ben Jonson has *redouts*; Under-woods, lxxxix; l. 8. Phillips, ed. 1706, gives the spellings *reduit* (which is a F. form) and *reduct* (which is Latin). — *F. reduite*. — Ital. *ridotto*, 'a withdrawing-place;' Florio. Formed as sb. from *ridotto*, 'reduced, brought or led vnto, brought back safe and sound againe;' Florio. This is the same word as *ridotto*, pp. of *riducere*, to bring back, bring home. — *L. reducere*, to bring back; see **Reduce**. ¶ The spelling *redoubt* is due to confusion with *MF. redoubter*, to dread, as if a *redoubt* were a place into which men retire out of fear! See **Redoubtable**.

REDOUBTABLE, terrible. (F.—L.) In Cotgrave; the verb to *redoubt*, to fear, was formerly in use, as in Minshew. *ME. redoutable*, Chaucer, tr. of Boethius, b. iv. pr. 5, l. 6. — *OF. redoutable*; *MF. redoubtable*, 'redoubtable;' Cot. — *OF.* and *F. redouter*, to fear. See **Re** and **Doubt**.

REDOUND, to abound, be replete with, result. (F.—L.) 'Redounding teares;' Spenser, F. Q. i. 3. 8. 'I redounde, je redonde;' Palsgrave. And in Caxton, Siege of Troye, lf. 205, back, l. 19. — *F. redonder*, 'to redound;' Cot. — *L. redundare*, to overflow, abound. — *L. red*, again, back, hence over; and *undare*, to surge, flow, abound, from *unda*, a wave. See **Re** and **Undulate**. Der. *redund-ant*, from the stem of the pres. part. of *redundare*; *redund-ant-ly*, *redund-ance*, *redund-ancy*.

REDRESS, to set right again. (F.—L.) *ME. redressen*, Chaucer, C. T. 8307 (E. 431). — *F. redresser*, to redress, straighten, Cot. — *F. re* (< *L. re*) again; and *dresser*; see **Re** and **Dress**. Der. *redress*, sb., Skelton, Magnificence, 2438; *redress-ible*, *redress-ive*.

REDUCE, to bring down, subdue, arrange. (L.) In Palsgrave. Used in the sense 'to bring back;' Rich. III. v. 5. 36. — *L. reducere*, to bring back, restore, reduce. — *L. re*, back; and *ducere*, to lead, bring. See **Re** and **Duct, Duke**. Der. *reduc-ible*, spelt *reducible* in Levins; also *reduct-ion*, from *MF. reduction*, 'a reduction, reducing,' Cot., from *L. acc. reductionem*, from nom. *reductio*, allied to *reduct-us*, pp. of *reducere*.

REDUNDANT, see under **Redound**.

REDUPLICATE, to multiply, repeat. (L.) In Levins. — *L. reduplicatus*, pp. of obsolete *reduplicare*, to redouble. See **Re** and **Duplicate**.

RE-ECHO, to echo back. (L. and Gk.) In Spenser's Fairie Queene, Mutability, c. vi. st. 52. From **Re** and **Echo**.

REECHY, dirty. (E.) Lit. 'smoky;' another form of *reeky*. In Shak. Cor. ii. 1. 225, Hamlet, iii. 4. 184; Much Ado, iii. 3. 143. Cf. 'And reekie' as a name for Faldinburgh. See **Reek**.

REED, a common name for certain grasses. (E.) *ME. reed*, Wyclif, Matt. xi. 7. *AS. hrēod*, Matt. xi. 7. † *Du. riet*; *G. riet*, ried. Teut. type **hredum*, neut. Der. *reed-d*, *reed-y*.

REEF (1), a ridge of rocks. (Du.) Formerly *riff*. 'A riff or ridge of rocks;' Dampier's Voyages, vol. i. an. 1681; pp. 47, 50 (R.). Of late introduction. — *Du. riff*, a reef, riff, sand. Sewel (ed. 1754) explains it by 'a flat in sea, a riff.' Hexham has *rif*, *riffe*, 'a foard, or a shallow place.' † *Icel. rif*, a reef in the sea; *Dan. rev*, a reef, bank; cf. *revle*, a shoal; *Swed. ref*, a sandbank; *Pomeran. reff*. The *G. riff*, a reef, is prob. borrowed from Dutch. β. The *Du. and Icel. rif*, *Dan. rev*, may represent a Teut. type **rebfjom*, n. Perhaps allied to *Rib*, q. v. Cf. *Norw. ribbe*, a mountain-ridge, *MF. coste*, 'a rib, also a little hill, or descent of land;' Cot. Der. *reef-y*.

REEF (2), a portion of a sail that can be drawn close together. (Du.) Fully explained in Phillips, ed. 1706. 'Up, aloft, lads; come, reef both topsails;' Dryden, Eucharistic Anthem, Act i. sc. 1 (R.). *ME. reef*, Gower, C. A. iii. 341; bk. viii. 1983. — *Du. reef*, 'a riff in a sail;' Sewel, ed. 1754. *MDu. reef*, also *rifft* (Kilian). 'Een rif van een zeyl inbinden, to binde up a pece of a saile when the wind blowes too hard;' Hexham. Hence is formed *Du. reeven*, to reeve. † *Low G. reef*, *rif*, a little sail, which is added to a large one when there is little wind; cf. *reffen*, to reeve; *EFries. reef*, *rif*; *Pomeran. riff*, a little extra sail, a bonnet; *Swed. reef*, a reef; *revfa*, to reeve; *Dan. reb*, a reef; *rebe*, to reeve; *Icel. rif*, a reef in a sail. Of uncertain origin; cf. *Icel. reifa*, to swaddle, *AS. rāfan*, to wrap up. Der. *reef*, verb; also reeve, verb, q. v.

REEK, vapour, smoke. (E.) *ME. reke*, Cursor Mundi, 2744; where the Trinity MS. has *reesh*. *AS. rēc*, vapour; Grein, ii. 369; *OMerc. rēc* (O. F. Texts); *OFries. rēk*, † *Du. rook*; *Icel. reyk*; *Swed. rök*; *Dan. røg*; *G. rauch*; *OHG. rowh*. β. Teut. base **rauk-*, from **rauk*, and grade of the str. vb. **reukan-*, to smoke, as in *AS. rēocan*, *Icel. rjúka*, *OHG. rōkhan*, *G. riechen*. Brugmann, i. § 217. Der. *reek*, verb = *AS. rēcan*, weak verb (Grein); *reok-y*; also *reok-y*, q. v.

REEL (1), a small spindle for winding yarn. (E.) *ME. rele*, 'Hoc alabrum, a rele;' Wright's Voc., p. 269, col. 1. At p. 180 of

the same vol., *alabrum* is again glossed by *reela*. AS. *hrēol*; 'alibrum (sic), *hrēol*'; Wright's Voc. p. 59; *riul*, p. 66. Ducange explains the Late L. *alabrum* as a reel. [Not Icel. *hrall* or *rall*, a weaver's rod or sley; *EFries. ril*; North Fries. *reel* (Outzen). Kluge derives AS. *hrēol* from a form **hrēkil*, but this would give a form **hrēl*; see Eng. Studien, xi. 512.] Der. *reel*, verb, ME. *relien*, *relen*, orig. to wind on a reel (P. Plowman, C. x. 81, Prompt. Parv.), hence to turn round and round (Allit. Poems, C. 147), and so to stagger, Temp. v. 279. 'They *relyd* backward'; Malory, Morte Arthur, bk. vii. c. 16, l. 49. Cf. NFries. *reele*, to wind on a reel. Not allied to roll.

REEL (2), a Highland dance. (Scand.?) Commonly called 'a Scotch reel'. Todd gives the following: 'Gelles Duncane did goe before them, playing this *reill* or dance upon a small trumpet'; News from Scotland (1591), sig. B. iii; hence Gael. *riohil*, a reel, a Scottish dance; also written *ruithil*. Perhaps a Scand. word. Cf. Dan. dial. *riol*, *riil*, a reel, dance; described at length by Molbech, but perhaps from E. So also Norw. *ril* (pron. *riil*); Aasen. Or possibly from *reel*, verb; see **Reel** (1).

RE-ELECT, RE-EMBARC, RE-ENACT, RE-ENFORCE, RE-ENTER, RE-ESTABLISH, RE-EXAMINE; see **Elect**, **Embarc**, &c.

REEST, the mould-board or breast of a plough. (E.) Also (wrongly) *wreest*; see E. D. I. AS. *reost*; 'sules *reost*, dentale'; Bosworth + Olow G. *rioster*, a share-beam (Gallée).

REVE (1), to pass the end of a rope through a hole or ring. (Du.) A nautical word; not in Todd's Johnson. = Du. *reven*, to receive. = Du. *ref*, a reef; because a reefed rope is used for reefing. See **Reef** (2).

¶ The pt. t. is usually *rove*; but this is a mere invention, as the verb, like all other verbs derived from *sba*, is properly a weak one; made by analogy, like *have* from *heave*.

REVE (2), an officer, steward, governor. (E.) See Chaucer's *Reve's* Tale. AS. *grēfa*, an officer, governor; Grein, l. 441. The orig. sense was perhaps 'numberer' or registrar (of soldiers); as if for **grē-rifa*, from **grif*, a host (as in *segr-rifa*), a host of men. Cf. OHG. **ruoda*, *ruon*, a number. See Kemble, Saxons in England, ii. 154. ¶ Not allied to G. *graf*. Der. borough-*reve*, port-*reve*; sheriff, q.v.

REVEE (3): a bird, the female of the ruff; see **Ruff** (2).

REFECTION, refreshment, a repast. (F.—L.) 'With a little *refection*.' Sir T. Elyot, The Governour, b. iii. c. 22, § 4; Caxton, Siege of Troy, leaf 81, l. 6. = F. *refection*, 'a refectation, repast'; Cot.—L. *refectiōem*, a restoring, refreshment; lit. a making; cf. L. *refectus*, pp. of *reficere*, to remake, restore.—L. *re*, again, and *facere*, to make. See **Re** and **Fact**. Der. *refector-y*, Dryden, Hind and Panther, iii. 530, spelt *refectorie* in Minshew, from Late L. *refectorium*, a hall for meals in a convent.

REFEL, to refute. (L.) In Shak. Meas. v. 94; and Palsgrave. = L. *refellere*, to show to be false, refute.—L. *re*, back, again, in reply; and *fallere*, to deceive, &c. See **Re** and **Fall**. **False**.

REFER, to reduce, assign, direct to an umpire. (F.—L.) 'Re-ferre you' = betake yourself; Henryson, Test. of Creseide, st. 43, l. 297. = OF. *referer* (14th cent., Littré), F. *référer*, to refer.—L. *re-ferre*, to bear back, relate, refer.—L. *re*, back; and *ferre*, cognate with E. *bear*. See **Re** and **Bear** (1). Der. *refer-able*, also spelt *refer-ible* (see exx. in N. E. D.); *refer-ee*, in which the suffix answers to F. pp. suffix -*ee*, as in other cases; *refer-ence*, Oth. i. 3. 238; *refer-ent-ary-y*, i. e. a referee, Bacon, Essay 49, from MF. *referendaire*, which see in Cotgrave.

REFINE, to purify, make elegant. (F.—L.) In Spenser, Hymn 2, l. 47. Coined from *re* and *fine*, but imitated from F. *raffiner*, 'to refine'; Cot. The F. *raffiner* is from *re* and *affiner*, 'to refine, to fine as metals'; Cot.; where *af* = L. *af*, for *ad*, to, before *f* following; also *finer* is due to F. *fin*, fine. The E. word ignores the second element. See **Re** and **Fine** (1). Der. *refin-er*, *refin-ery-y*; also *refin-ment*, imitated from F. *raffinement*, 'a refining', Cot.

REFLECT, to throw or bend back, to ponder, think. (L.) In Shak. Rich. III. i. 4. 31. 'I *reflect*, as the some beames do.' Palsgrave. [The sb. *reflexion* is in Chaucer, C. T. 10544 (F. 230).] = L. *reflectere*, to bend backwards.—L. *re*, back; and *flexere*, to bend. See **Re** and **Flexible**. Der. *reflect-ing*; *reflect-or*; *reflect-ive*, also *reflect-ion*, for *reflex-ion*; *reflex-ive*, from F. *reflexif*, 'reflexive, reflecting'; Cot.; *reflect-ive-ly*, -ness; *reflex*, adj., from L. *reflexus*, pp. of *reflectere*; *reflex-ible*, *reflex-ibil-ty*.

REFLUENT, flowing back. (L.) Rare; in Pope, Odyssey, v. 550. = L. *refluent-*, stem of pres. part. of *refluere*, to flow back.—L. *re*, back; and *fluere*, to flow; see **Re** and **Fluent**. Der. *reflus*, sb., in Lydgate, Minor Poems, p. 194; from F. *reflux*, 'the ebb of the sea', Cot.; see **Flux**.

REFORM, to shape anew, amend. (F.—L.) ME. *reformen*, Gower, C. A. l. 273; bk. ii. 3404. = F. *reformier*, 'to reforme', Cot. = L. *re*, again; and *formare*, to form, from *forma*, form; see **Re** and

Form. Der. *reform-er*; *reform-at-ion*, Skelton, Garland of Laurel, 411, from F. *reformation*, 'reformation', Cot. < L. acc. *reformatiōnem*, from *reformare*; *reform-at-ive*, *reform-at-ory*.

REFRACT, to bend aside rays of light. (L.) 'Visual beams *refracted* through another's eye'; Selden, Introductio to Drayton's Polyolbion (R.). = L. *refractus*, pp. of *refringere*, to break back, hence, to turn aside.—L. *re*, back; and *frangere*, to break; see **Fragile**. Der. *refract-ion*, Chapman, Monsieur D'Olive, Act ii. sc. 1 (Vandome's 6th speech), from F. *refraction*, 'a rebound, Cot.; *refract-ive*, *refract-ive-ness*. Also *refract-ory*, Troil. ii. 2. 182, a mistaken form for *refractory*, from MF. *refractaire*, 'refractory', Cot. < L. *refractorius*, stubborn, obstinate. Hence *refract-or-ily*, *refract-or-i-ness*. Also *refrang-ible*, a mistaken form for *refring-ible*, from L. *refringere*; *refrang-ibil-ty*, Phillips, ed. 1706; cf. mod. F. *réfrangible*, *réfrangibilité*; but the F. words were borrowed from English works on optics. And see **Refrain** (2).

REFRAGABLE, that may be refuted. (L.) In Bailey; who also has *refragability*; see **Irrefragable**.

REFRAIN (1), to restrain, forbear. (F.—L.) ME. *refrainen*, *refreynen*; Wyclif, James, i. 26. = OF. *refrainer*, 'to bridle, repress'; Cot. [Cf. E. *ordin* < F. *ordonner*.] = L. *refrāre*, to bridle, hold in with a bit.—L. *re*, back; and *frānum*, a bit, curb, pl. *frāna*, curb and reins, a bridle. β. The L. *frā-num* may be for L. **frēnd-num*; from *frēndere*, to champ. ¶ As Littre well remarks, Cotgrave also has MF. *refraindre*, 'to bridle, restrain, hold in'; this is from L. *refringere*, to break back, and it seems probable that *refrainer* and *refraindre* were sometimes confused; see **Refract** and **Refrain** (2).

REFRAIN (2), the burden of a song. (F.—L.) ME. *refraigne*, Chaucer, Troil. ii. 1571. The sb. *refrainning*, i. e. singing of the burden of a song, occurs in the Rom. of the Rose, 749. = F. *refrain*; 'refrain d'une balade, the refret, or burden of a ballade', Cot. Cf. Prov. *refranke*, a refrain, *refranquer*, to repeat (harshly); mod. Prov. *refrain*, *refrain*, *refrain* (Mistral); Port. *refraão*, Span. *refra*, a proverb, short saying in common use. So called from frequent repetition; the OF. *refraindre*, to hold in, pull back (Cotgrave), is the same word as Prov. *refranquer*, to repeat; both are from L. *refringere*, to break back, hence, to pull back (and so to come back to, to repeat). β. So also the MF. *refret*, OF. *refrait* (12th c.), used in the same sense (whence E. *refret*, as in Cotgrave above), is from the L. *refractus*, pp. of *refringere*; see **Refract**. γ. The Prov. *refranke* has its from L. *frangere*. Körtig, § 7894.

REFRESH, to enliven, revive. (F.—L. and G.) ME. *refreschen*, *refreschen*; Chaucer, C. T. 5620 (D 38); Gower, C. A. iii. 25; bk. vi. 710. = OF. *refreschir*, 'to refresh, cool'; Cot. = F. *ref* (= L. *re*), again; and OHG. *frisc* (G. *frisch*), cognate with E. *fresh*, q.v. ¶ The element *fresh* is, in fact, also native English; but the compound *refresh* was nevertheless borrowed from French, as shown further by the early use of the derived sb. *refreshment*. Der. *refresh-ment*, in the Testament of Love, pt. iii. ch. 7, l. 31, (OF. *refreschissement*; cf. MF. *refreschissement*, 'a refreshment', Cot).

REFRIGERATE, to cool. (L.) 'Their fury was asswaged and *refrigerate*'; Hall, Chronicle, Henry VII, an. 4. § 1; where it is used as a pp. Spelt *refrigerat*, Caxton, G. Legend, St. Silvester, § 1. = L. *refrigeratus*, pp. of *refrigerare*, to make cool again.—L. *re*, again; and *frigerare*, to cool, from *frigus*, sb., cold. See **Re** and **Frigid**. Der. *refrigerat-or*, *refrigerat-ion*, *refrigerat-ive*, *refrigerat-ory-y*; also *refriger-ant*, from the stem of the pres. part. of *refrigerare*. **REFT**, pt. t. and pp. of **Reave**, q.v.

REFUGE, a shelter, retreat. (F.—L.) ME. *refuge*, Chaucer, C. T. 1722 (A 1720). = F. *refuge*, 'a refuge', Cot. = L. *refugium*, an escape, a refuge.—L. *refugere*, to flee back, retreat.—L. *re*, back; and *fugere*, to flee. See **Re** and **Fugitive**. Der. *refuge-ee*, Dryden, tr. of Juvenal, Sat. iii. 129, from F. *refugie*, pp. of *se refugier*, to take shelter.

REFULGENT, shining, brilliant. (L.) In Ben Jonson, The Barriers, Opinion's 4th speech.—L. *refulgent-*, stem of pres. part. of *refulgere*, to shine back, glitter.—L. *re*, back; and *fulgere*, to shine. See **Re** and **Fulgent**. Der. *refulgent-ly*, *refulgence*.

REFUND, to repay. (L.) 'Refund, to melt again, reflow, cast out again, pay back'; Blount's Gloss, ed. 1674. [The sense answers to that of MF. *refundere*, 'to restore, pay back', Cot. Perhaps it was borrowed from French, and accommodated to the L. spelling.] = L. *refundere*, to pour back, restore.—L. *re*, back; and *fundere*, to pour. See **Re** and **Fuse** (1). Perhaps allied to *refuse*, q.v.

REFUSE, to reject, deny a request. (F.—L.) ME. *refusen*, Rob. of Brunne, tr. of Langtoft, p. 103, l. 21. = OF. *refuser*, 'to refuse', Cot. Cf. Port. *refusar*, Span. *rehusar* (for *refusar*), Ital. *refusare*. β. Of disputed origin. Dies supposes it to have arisen as another form of *refute* (L. *refutāre*), by confusion with L. *refutāre*, to refuse. But Scheler well suggests that F. *refuser* clearly answers to a Late L. form **refusāre*, a frequentative form of *refundere* (pp.

refusus). The *L. refunders* meant to pour back, repay, restore, give back; and the sense of 'refusing' may have arisen from giving back a present. See above. Cf. *confute*, Körtig, § 7897. Der. *refuse*, sb. (Levins), ME. *refuse*, Prompt. Parv. from MF. *refus*, 'refuse, outcasts, leavings,' Cot.; from the vb. Cf. OF. *mettre en refus*, *faire refus* à, to abandon, reject (Godefroy). Also *refus-al* (Levins), in which the suffix was added by analogy with *propos-al*, &c.

REFUTE, to oppose, dispose. (F.—L.) In Minshew, ed. 1627.—MF. *refuter*, 'to refute, confute,' Cot.—*L. refutāre*, to repel, repress, rebut, refute. The orig. sense was probably 'to pour back.' See **Re-** and **Confute**; also **Futile**. Der. *refut-able*; *refut-al-ion*, from MF. *refutation*, 'a refutation,' Cot.; *refut-al-ary*, from *L. adj. refutātūrius*.

REGAIN, to gain back. (F.—L. and Teut.) The sb. *regainyng* is in Hall's Chron. Hen. VI, an. 15. § 5.—MF. *regaigner*, 'to regain;' Cot.; F. *regagner*—F. *re-* (=L. *re-*, again), and MF. *gagner* (F. *gagner*), to gain, a word of German origin, as shown under **Gain** (2).

REGAL, royal, kingly. (F.—L.) *Regal* occurs as a sb. in The Plowman's Tale, st. 19, l. 202; and as an adj. in Levins, ed. 1570.—MF. *regal*, 'regal, royal,' Cot.—*L. regālis*, royal, kingly.—*L. reg-*, stem of *rex*, a king, with suffix *-ālis*.—*L. regere*, to rule.—*L. REG-*, to stretch, to govern; whence Skt. *rāj*, to govern. Cf. Skt. *rājān*, a king; OIrish *ri*, a king. Brugmann, i. §§ 135, 549 c. Der. *regal-ly*, *regal-ity*; also *regal-ia*, q.v. From the same root are numerous words, such as *cor-rect*, *di-rect*, *e-rect*, *rectangle*, *rect-itude*, *rect-ify*, *rect-ory*; *reach*, *right*, *rack* (1); *rig-id*, *reg-ent*, *regicide*, *regi-men*, *regi-ment*, *reg-ion*, *reg-ular*, *regnant*, *reign*, rule; also *dress*, *address*, *adroit*, *alibi*, *dirge*, *escort*, *insurgent*, *insurrection*, *inter-regnum*, *real* (2), *realm*, *resource*, *resurrection*, *rule*, *sortie*, *source*, *surge*, *unruly*; cf. *raja*, *rich*, *right*. Doublet, *royal*.

REGALE, to entertain, refresh. (F.—Ital. ?) In Blount's Gloss., ed. 1674.—F. *regaler*, to entertain; see Littre. Cotgrave only gives *regaler*, 'to make as much account of himself as if he were a king;' evidently in order to connect the word with F. *regal*, *regal*, royal; but this can hardly be right. Godefroy has OF. *regallir*, to feast. β. The word offers great difficulties. Minshew's Span. Dict. gives *regular*, 'to cocker, to make much of, to melt.' Diez takes the sense 'to melt' to be the orig. one; whence to warm, cherish, entertain. He makes the Span. *regular*—*L. regulāre*, to thaw, to melt, supposing that it was a very old word, adopted at a time when *re-* had the same sound before both *a* and *e*. The *L. regulāre* is from *re-*, again, back, and *gelare*, to freeze; the orig. sense being 'to unfreeze, i. e. to thaw.' See **Re-** and **Gelatin**. γ. But Hatfield connects F. *regalar* with Ital. *regalare*, to give presents to, from *gala*, mirth; cf. Span. *gala*, parade. See **Gala**. See further in Diez, Körtig, and Littre. Der. *regale-meat*.

REGALIA, insignia of a king. (L.) In Blount (1656). Merely *L. regalia*, lit. royal things, neut. pl. of *regālis*, royal; see **Regal**.

REGARD, to observe, respect, consider. (F.—L. and OHG.) In Palsgrave, spelt *regarde*. The sb. *regard* seems to be in earlier use in E., occurring in Chaucer, in the phr. *at regard of*, Pers. Tale, (Six-text, Group 1, 788); but the verb is the orig. word in French.—F. *regarder*, 'to look, eye, see, view;' Cot.—F. *re-*, again; and *garder*, 'to keep, heed, mark;' Cot. See **Re-** and **Guard**. Der. *regard*, sb., as above; *regard-er*; *regard-ful*; *regard-ful-ly*, Timon, iv. 3. 81; *regard-less*, *regard-less-ly*, *-ness*. Doublet, *reward*, vb.

REGATTA, a rowing or sailing match. (Ital.) Properly a rowing match; a Venetian word, as explained in the quotation from Drummond's Travels, p. 84, in Todd's Johnson; a book which Todd dates A.D. 1744, but Lowndes in 1754.—Ital. *regatta*, *rigatta*, 'a strife or contention for the mastery;' Florio. Cf. Mital, *rigattare*, 'to wrangle, sell by retail as hucksters do, to contend, to cope or fight;' Florio. This is allied to Span. *regatear*, to haggle, retail provisions, also to rival in sailing (Neuman); Span. *regateo*, a haggling, a regatta. Of unknown origin.

REGENERATE, to renew, produce anew. (I.) In Caxton, G. Legend, St. Genevieve, § 2.—*L. regenerātus*, pp. of *regenerāre*, to generate again.—*L. re-*, again; and *generāre*; see **Re-** and **Generate**. Der. *regener-al-ion*, ME. *regeneration*, Wyclif, Matt. xix. 28, from OF. *regeneration* (14th cent., Littre)—*L. acc. regeneratiōnem*; *regenerat-ive*.

REGENT, invested with authority for an interim period. (F.—L.) In Skelton, Against the Scottes, l. 114.—MF. *regent*, 'a regent, protector, vice-gereant;' Cot.—*L. regent-*, stem of pres. part. of *regere*, to rule. See **Regal**. Der. *regent-ship*; also *regenc-y*, formed with suffix *-y* from F. *regence*, 'the regency,' Cot.

REGICIDE, the slayer of a king; or, the slaying of a king. (F.—L.) 1. The former is the older sense. 'Regicide, a king-killer;' Minshew.—F. *regicide*, omitted by Cotgrave, but cited by Minshew. Coined from *L. reg-*, from *rex*, a king; and *-cida*, a

slayer, as in *fratri-cida*, *matricida*. See **Fratricide**, **Matricide**, **Paricide**. 2. The latter answers to a word coined from *L. regi-* and *-cidium*, a slaying. Der. *regicid-al*.

REGIMEN, a prescribed rule, rule of diet. (L.) In Phillips, ed. 1706; ME. *regimen*, Lanfrank, Cirurgie, p. 60.—*L. regimen*, guidance; formed with suffix *-men* from *regere*, to rule; see **Regal**.

REGIMENT, a body of soldiers commanded by a colonel. (F.—L.) Shak. has it in this sense, All's Well, ii. l. 42; and also in the sense of 'government,' or sway; Antony, iii. 6. 95. In the latter sense, the word is old, and occurs in Gower, C. A. i. 218; bk. ii. 1751.—MF. *regiment*, 'a regiment of soldiers,' Cot. In older F., it meant 'government;' see Littre.—*L. regimentum*, rule, government; formed with suffixes *-men*-to from *regere*, to rule; see **Regimen**, **Regal**. Der. *regiment-al*.

REGION, a district, country. (F.—L.) ME. *region*, King Alisaunder, l. 82.—MF. *region*, 'a region,' Cot.—*L. regionem*, acc. of *regio*, a direction, quarter, district (Bréal).—*L. regere*, to rule, direct. See **Regal**.

REGISTER, a written record of past events. (F.—L.) ME. *registre*, P. Plowman, B. xx. 269.—F. *registre*, 'a record, register;' Cot. Cf. Ital. and Span. *registro*, Port. *registro*, *registro*, the last being the best form.—Late *L. registrum*, more correctly *registum*, a book in which things are recorded (*regeruntur*); see DuCange.—*L. registum*, neut. of *regestus*, pp. of *regere*, to record, lit. to bring back.—*L. re-*, back; and *gerere*, to bring; see **Re-** and **Jest**. Der. *register*, verb, *L. L. I. i. 1*, 2, and in Palsgrave; *registr-ar*, MF. *registrare*, P. Plowman, B. xix. 254; *registr-ar-ship*; *registr-ar-y* (Late *L. registrār-ius*); *registr-y*; *registr-al-ion*.

REGLET, a strip of wood, less than type-high, used in printing for making blanks between lines. (F.—L.) F. *reglet* (Hatfield); dimin. of *regle*, a rule.—*L. régula*, a rule.—See **Rule**.

REGNANT, reigning. (L.) Mere Latin.—*L. regnanti-*, stem of pres. pt. of *regnare*, to reign.—*L. regnum*, a kingdom; see **Reign**. Der. *regnanc-y*.

REGRESS, return. (L.) In Shak. Merry Wives, ii. 1. 226; and in Minshew, ed. 1627.—*L. regressus*, a return.—*L. regressus*, pp. of *regredi*, to go back.—*L. re-*, back; and *gradi*, to go. See **Re-** and **Grade**. Der. *regress*, verb; *regress-ion* (*L. regressio*); *regress-ive*.

REGRET, sorrow, grief. (F.—L. and Scand. ?) The verb is in Pope, Epitaph on Fenton, l. 8. ME. *regretten*, The Pearl, 243. Thesb. is in Spenser, F. i. 7. 20. 'Ilie regrete And still mourning'; Henryson, Test. of Crescide, st. 57, l. 397.—F. *regret*, 'desire, will, also grief, sorrow;' Cot. He also gives *je regret*, 'loathly, unwillingly, with an ill stomach, hardly, mangle his head, full sore against his will;' Cot. Cf. *regretter*, 'to desire, affect, wish for, bewail, bemoan, lament;' id. The F. *regretter* corresponds to an OF. *regreter*, of which Scheler cites two examples; cf. AF. *regretant*, pres. pt., bewailing, in Wace, St. Nicholas, l. 187. β. The etymology is much disputed; but, as the word occurs in no other Romance language, it is prob. of Teut. origin, the prefix *re-* being, of course, Latin. Perhaps from the Scand. verb which appears in Icel. *gráta*, to weep, bewail, mourn, Swed. *gráta*, Dan. *græde*, allied to Goth. *grátan*, AS. *grátan*, ME. *greten*, Lowland Sc. *greit*. See **Greet** (2). Wedgwood well cites from Palsgrave: 'I mone as a chylde doth for the wantyng of his nourse or mother, je regrete.' Others suggest *L. requiritari*, but *quiritari* became F. *crier*; see **Cry**. See the whole discussion in Scheler; and Körtig, § 7989. Der. *regret*, verb, as above; *regret-ful*, *regret-ful-ly*.

REGULAR, according to rule. (L.) 'And as these chanouns regulers,' i. e. regular canons; Rom. of the Rose, 6694. Rather directly from *L. regularis* than from OF. *regulier*.—*L. régula*, a rule. *L. reg-ere*, to rule, govern; see **Regal**. Der. *regular-ly*; *regular-ity*, from OF. *regularit* (14th cent., Littre); *regul-ate*, from *L. regulatus*, pp. of *regulāre*; *regul-al-ion*, *regulati-ive*, *regulati-or*.

REHEARSE, to repeat what has been said. (F.—L.) ME. *rehercen*, *rehercen*; P. Plowman, C. xviii. 25; A. i. 22.—OF. *rehercer*, 'to harrow over again,' Cot.; better spelt *rehercer*, as in AF. *rehercer*, to repeat, in A Nominal, ed. Skeat, l. 405. From the sense of harrowing again we easily pass to the sense of 'going again over the same ground,' and hence to that of repetition. Cf. the phrase 'to rake up an old story'—F. *re-* (=L. *re-*, again; and *hercer*, 'to harrow,' Cot., from *herce*, a harrow. The sb. *herce*, whence E. *hearse*, changed its meaning far more than the present word did; see **Re-** and **Hearse**. Der. *rehears-al*, spelt *rehersall* in Palsgrave; ME. *rehersaille*, Chaucer, C. T., G. 852.

REIGN, rule, dominion. (F.—L.) ME. *regne*, Chaucer, C. T. 1638; spelt *reigne*, King Horn, ed. Lumby, 901, 908.—(OF. *regne*, 'a realm,' Cot.—*L. regnum*, a kingdom.—*L. reg-ere*, to rule; see **Regal**. Der. *reign*, verb, ME. *regnen*, Havelok, 2586, from OF. *regner*, from *L. regnāre*, to reign. And see *regn-ant*.

REIMBURSE, to refund, repay for a loss. (F.—L. and Gk.) In Cotgrave; and in Phillips, ed. 1706. An adaptation of *F. rembourner*, made more full in order to be more explicit; the *F.* prefix *rem-* answering to *L. re-*, where *im-* stands for *in* before *b* following. *Rembourser*, to re-imburse, to restore money spent; Cot. For the rest of the word, see **PURSE**. Der. *reimburse-ment*, from *F. remboursement*, 'a re-imbursement;' Cot.

REIN, the strap of a bridle. (F.—L.) ME. *reine*, *rayne*, King Alisaunder, 786.—OF. *reine*, 'the reign of a bridle;' Cot. Mod. *F. réne*. The OF. also has *resse*, *redne*, corresponding to Ital. *redina*, and to Span. *rienda* (a transposed form, for *redina*); and these further correspond to a Late *L.* type **retina* (MItal. *retina*), easily evolved from *L. retinere*, to hold back, restrain, whence was formed the classical *L. retiniculum*, a tether, halter, rein. See **RETAIN**. Der. *rein*, verb, *rein-less*.

REINDEER, RAINDEER, a kind of deer. (Scand. and E.) Spelt *rayneder*, Morte Arthur, ed. Brock, 922. Perhaps the obscure word *ren*, in An Old Eng. Miscellany, ed. Morris, p. 92, l. 71, means a reindeer, as suggested by Stratmann. Formed by adding *deer* (an E. word) to Icel. *kræinn*, a reindeer, answering to MSwed. *ren*, and to AS. *hrin*, in Alfred's tr. of Orosius, i. 1. § 16. [The AS. *hrin* accounts for ME. *ron* (above).] We find also Dan. *rendyr*, Du. *rendier*, G. *rennthier*, all borrowed forms. A genuine Teut. word, as the forms show. Teut. type **hrainaz*. β. Diez refers us to the Lapp and Finnish word *raingo*, but this is a mere misspelling of Swed. *renko*, lit. 'rein-cow,' the female of the reindeer. The true Lapp word for reindeer is *páno*, and the word *reino*, pasturage or herding of cattle, does not help us.

REINS, the lower part of the back. (F.—L.) ME. *reines*; spelt *reyne*s in Wyclif, Wisdom, i. 6, later version; *reusens*, earlier version.—OF. *reins*, 'the reins;' Cot.—L. *reines*, s. pl., the kidneys, reins, loins. Hardly allied to Gk. *φῶψ*, the midriff; *π. φῶψ*, the parts about the heart or liver. See **FRENZY**. Der. *renal*.

REINSTATE, REINVEST, REINVIGORATE, REISSUE, REITERATE; see **INSTATE, INVEST, &c.**

REJECT, to throw away or aside. (F.—L.) 'I rejecte, I caste awaye, je rejecte;' Palsgrave, ed. 1530.—MF. *rejetter*; mod. *F. rejeter*. The *F.* word was spelt *rejetter* in the 16th century, and our word seems to have been borrowed from it rather than from Latin directly; the still older spelling in OF. was *regeter*.—OF. *re-* (= *L. re-*), back; and OF. *geter*, *gelter*, mod. *F. jeter*, to throw, from *L. iacere*. See **RE-** and **JET** (1). Cf. *L. reiectus*, pp. of *reicere*, to reject, compounded of *re-* and *icere*, to throw. Der. *reject-ion*, from MF. *rejection*, 'a rejection;' Cot.

REJOICE, to feel glad, exult. (F.—L.) ME. *reioisen*, *reioicen* (with *i=j*), to rejoice; Chaucer, C. T. 9867 (E 1093); P. Plowman, C. xviii. 198.—OF. *rejoïr*, stem of pres. part. of *rejoïr*, mod. *F. rejoür*, to gladden, rejoice.—OF. *re-* (= *L. re-*), again; and *esjoïr* (mod. *F. joür*), to rejoice, used reflexively. β. Again, the OF. *rejoïr* is from *L. ex-*, and the *vo, joür* (mod. *F. joür*), derived, like Ital. *godere*, from *L. gaudere*, to rejoice. See **RE-**, **EX-**, and **JOY**. Der. *rejoicing*, *rejoicing-ly*.

REJOIN, to join again. (F.—L.) Esp. used in the legal sense 'to answer to a reply.' 'I rejoyne, as men do that answer to the lawe and make answer to the hyll that is put up agaynst them;' Palsgrave.—*F. rejoigne*, a stem of *rejoindre*, 'to rejoin;' Cot. See **RE-** and **JOIN**. Der. *rejoinder*, Sir T. Elyot, The Governour, b. i. c. 14. § 8, which is the *F.* infin. mood used substantively, like *attainder*, *remainder*.

REJUVENATE, to make young again. (L.) From *L. re-*, again; and *iunem*, for *iunens*, young; with pp. suffix *-atus*. See **JUVENILE**.

RELAPSE, to slide back into a former state. (L.) As sb. in Minshew, ed. 1627; and in Shak. Per. iii. 2. 110. Cotgrave translates the MF. *relaps* by 'relapsed.' [There is no classical *L. sb. relapsus*.] —*L. relapsus*, pp. of *relabi*, to slide back. See **RE-** and **LAPSE**. Der. *relapse*, sb.

RELATE, to describe, tell. (F.—L.) In Spenser, F. Q. iii. 8. 51; and in Palsgrave.—*F. relater*, 'to relate;' Cot.—Late *L. relatare*, to relate.—*L. relatare*, used as supine of *referre*, to relate; which is, however, from a different root.—*L. re-*, back; and *tatum*, supine, *tatus*, pp. of *tolare*, to tollere, to lift, bear. See **RE-**; and see **ELATE**. Der. *relat-ion*, *relat-ion*, P. Plowman, C. iv. 363, from *F. relation*, 'a relation;' Cot.; *relat-ive*, ME. *relatif*, P. Plowman, C. iv. 391, from *F. relatif*; *relat-ive-ly*.

RELAX, to slacken, loosen. (L.) In Milton, P. L. vi. 599. [Bacon has *relax* as an adj. Nat. Hist. § 381.] —*L. relaxare*, to relax.—*L. re-*, back; and *lassare*, to loosen, from *lassus*, loose; see **RE-** and **LASS**. Der. *relax-ation*, in Minshew, from *F. relaxation*, 'a relaxation;' Cot. Doublet, *relase*.

RELAY (1), a set of fresh dogs or horses, a fresh supply. (F.—

L.) Orig. used of dogs. 'What relays set you! None at all, we laid not in one fresh dog;' Ben Jonson, *Shed Shepherd*, Act i. sc. 2. ME. *relaye*, in the same sense, Chaucer, *Book of the Duchess*, 362.—*F. relais*, a relay; *par relais*, 'by turns,' i.e. by relays, Cot. He also gives: '*chiens de relais*, dogs layd for a backset,' i.e. kept in reserve; '*chevaux de relais*, horses layd in certain places on the highway, for the more haste making.' He explains *relais* as 'a seat or standing for such as hold *chiens de relais*, i.e. a station. See OF. *relais*, that which remains, in Godefroy. β. The word presents some difficulty. Mr. Wedgwood quotes from Torriano: '*Cani di rilasso*, fresh hounds laid for a supply set upon a deer already hunted by other dogs.' Also spelt *rilascio*, and allied to Ital. *rilasciare* (from *L. relaxare*), OF. *relaissier*, to relinquish, and E. **RELAX**, **RELEASE**, q.v. Körtig, § 7930. Cf. '*à relais*, spared, at rest, that is not used,' Cot. γ. It will be seen that *relay* was a new singular, due to a mistaken notion that the *F. relais* was a plural. So also in French, an OF. verb *relayer* was made out of a false sing. '*relai*. The OF. *relais*, though usually sing., is sometimes treated as a plural, preceded by *les* instead of *le*. See **RELISH**.

RELAY (2), to lay again. (Hybrid; L. and E.) Simply compounded of **RE-** and **LAY**; and distinct from the word above.

RELEASE, to set free, relieve, let go. (F.—L.) MF. *relaisser*, P. Plowman, B. iii. 58; *relesen*, Chaucer, C. T. 8029 (E 153).—OF. *relaisser*, MF. *relaisser*, 'to release,' Cot.—*L. relaxare*, to relax; see **RELAX**. Der. *relasse*, sb., OF. *relas*, for *relais*. Doublet, *relax*.

RELEGATE, to consign to exile. (L.) 'To relegate, or exile;' Minshew, ed. 1627.—*L. relegatus*, pp. of *relegare*, to send away, dispatch, remove.—*L. re-*, back, away; and *legare*, to send. See **RE-** and **LEGATE**. Der. *releg-ation*, from MF. *relegation*, 'a relegation,' Cot.

RELENT, to grow tender, feel compassion. (F.—L.) In The Lamentation of Mary Magdalene, st. 70, l. 489. Altered from *F. relentir*, 'to slacken, . . . to relent in;' Cot. Cf. *L. relentescere*, to slacken.—*F. re-*, and *a* (shortened to *ra-*), from *L. re-* and *ad-*; and *lentus*, slack, slow, also tenacious, pliant, akin to *F. lithe*; see **LITHE**. The *L. relentescere* is simply from *re-* and *lentus*, omitting *ad*. Der. *relent-less*, *-ly*, *-ness*.

RELEVANT, relating to the matter in hand. (F.—L.) 'To make our probations and arguments relevant;' King Chas. I. Letter to A. Henderson, p. 55 (K.). It means 'assisting' or helpful.—*F. relevant*, pres. part. of *relevier*, 'to raise up, also to assist;' Cot.—*L. relevare*, to lift up again.—*L. re-*, again; and *levare*, to lift, from *levit*, light; see **RE-** and **LEVITY**. Der. *relevance*, *relevancy*; *ir-relevant*.

RELIC, a memorial, remnant, esp. a memorial of a saint. (F.—L.) Chiefly in the plural: ME. *relykes*, s. pl., Rob. of Glouc. p. 177, l. 3688; Chaucer, C. T. 703 (A 701).—*F. reliques*, s. pl., 'relicues;' Cot.—*L. reliquius*, acc. of *reliquia*, pl. remains, relics.—*L. reliquiere* (pt. t. *reliqui*, pp. *relictus*), to leave behind.—*L. re-*, back, behind; and *linguere*, to leave, allied to *E. loan*. See **RE-** and **LOAN**. And see **RELINQUISH**, **RELICT**. Der. *reliqu-ary*, q.v.

RELICT, a widow. (F.—L.) In Phillips, ed. 1658. First in 1545 (N.E.D.).—OF. *relicte*, f., a widow (Godefroy).—*L. relicta*, fem. of *relictus*, left behind, pp. of *relinquere*; see **RELIC**, **RELINQUISH**.

RELIEVE, to ease, help, free from oppression. (F.—L.) ME. *relouen* (with *u=v*), P. Plowman, B. vii. 32; Chaucer, C. T. 4180 (A 4182).—*F. relever*, 'to raise up, relieve,' Cot.—*L. relevare*, to lift up.—*L. re-*, again; and *levare*, to lift, from *levit*, light. See **RE-** and **LEVER**. Der. *relief*, ME. *relief*, Gowar, C. ii. 23, bk. vi. 640; from OF. *relief*, mod. *F. relief*, a sb. due to the verb *reliever*; hence *bas-relief*; also *rilievo*, from Ital. *rilievo*, the relief or projection of a sculptured figure. And see *reliev-ant*.

RELIGION, piety, the performance of duties to God and man. (F.—L.) In early use. Spelt *religion*, O. Eng. Homilies, ed. Morris, ii. 49, l. 13; Ancren Riwle, p. 8.—*F. religion*.—*L. religionem*, acc. of *religio*, piety. Allied to *religens*, fearing the gods, pious. [And therefore not derived from *religare*, to bind.] The opposite of *negligens*, negligent; see **NEGLECT**. Allied also to *di-religens*, diligent. β. 'It is clear that *di-relig* is the opposite of *L. neo-lego* [*neglego*, *negligo*], and *θεῖον θῆναι οὐκ ἀλλόγοις* (Homer, II. xvi. 388) is the exact counterpart of *L. religens* and *religio*;' Curtius, i. 454. Thus *religion* and *neglect* are from the same root **LEG**, which appears also in Gk. *ἀλλογειν*, to have a care for, to heed; cf. also Gk. *ἀλγος*, care, sorrow. Der. *religion-ist*; *religi-ous*, from *F. religius*, 'religious,' Cot., which from *L. religius*; *religi-ous-ly*.

RELINQUISH, to leave, abandon. (F.—L.) In Levins, ed. 1570.—MF. *relinquissier*, stem of pres. part. of *relinquir* (Burguy); cf. Norm. dial. *relenquir* (Moisy).—*L. relinquere*, to leave; by a change of conjugation, of which there are several other examples. See **RELIC**. Der. *relinquish-ment*.

RELIQUARY, a casket for holding relics. (F.—L.) In

Blount's Gloss., ed. 1674 = *F. reliquaire*, 'a casket wherein reliques be kept'; Cot. = Late *L. reliquaire*, neut. sb., or *reliquarium*, a reliquary; Ducange = *L. reliquā*, stem of *reliquia*, relics. See **Relio**.

RELIQUE, the same as **Relio**, q. v.

RELISE, orig. an after-taste; hence, as verb, to have a pleasing taste, to taste with pleasure. (*F. — L.*) The verb is in Shak. *Temp.* v. 23; *Wint. Tale*, v. 2. 132. The sb. is in *T. W. Nt.* iv. 1. 64; and in *Palgrave*. *ME. relis*, an after-taste, Sir Cleges, 208; *relis*, 'tast or odour', *Prompt. Parv.* — *OF. relis, relais*, that which is left behind; also a relay; see **Relay** (1). Cf. mod. Prov. *relais*, a slight return of a disease. See Notes on Eng. *Etym.* p. 246.

RELUCTANT, striving against, unwilling. (*F. — L.*) In Milton, *P. L.* iv. 311. — *L. reluctanti*, stem of pres. part. of *reluctare, reluctari*, to struggle against; — *L. re*, back, against; and *luctari*, to struggle, wrestle, from *luctus*, a wrestling. *β. Luc-ita* stands for **lug-ita*; cf. *Gk. λυγ-ίτω*, to bend, twist, writhe in wrestling, overmaster; *Lith. lugnas*, flexible. (*✓LEUG.*) Der. *reluctant-ly*, *reluctance*, Milton, *P. L.* ii. 337; *reluctancy*.

RELY, to rest or repose on, trust fully. (*F. — L.*; influenced by *E.*) The mod. sense suggests that it is a barbarous word, compounded of *L. re*, and *E. lie*, verb; to rest; but if this were so, the pt. t. would be *re-ly*, and the pp. *re-ly*. Shakespeare is an early authority for it, and he always uses it with the prep. on (five times) or upon (once). He also has *reliance*, followed by on; *Timon*, i. 2. 22. So also to *rely* on, Drayton, *Miseries of O. Margaret*, st. 13; Dryden, *Epistle to Dryden*, 139; *relying* in, P. Fletcher, *Eliza*, an Elegy, l. 34; *reliers* on, Beaumont, and Fletcher, *Womans Prize*, l. 3 (Petrarch's 124th speech). Thus *rely* on often suggests the notion of to lie back on, to lean on. *β.* But the right origin is rather the *OF. relire*, from the *L. religare*, to tie, to bind, again; — *L. re*, again; and *ligare*, to bind; see **Ligament**. The *E.* verb signified at first 'to rally', whence the sense of to trust, to depend upon, &c. *F. Hall*, in his work on Eng. adjs. in *-ible*, gives examples. Thus we find: 'Therefore [they] must needs *relye* their faith upon the sillie ministers'; *H. T.*; in *Auth.* Wotton's Answer to a Popish Pamphlet, 1605, p. 19. 'Whereon these [men] . . . rest and *relye* themselves'; *A World of Wonders*, 1607; p. 21. Der. *reli-able*, a compound adj. which has completely established itself, and is by no means a new word, to which many frivolous and ignorant objections have been made; it was used by Coleridge in 1800, in the *Morning Post* of Feb. 18; see *F. Hall*, On Eng. Adjectives in *-able*, with special reference to *Reliable*, p. 20. Hence *reli-abil-i-ty*, with special reference to *Reliability*, also used by the same writer. Also *reli-ate*, in Shak., as above, from *OF. reliance* (<*L. religantia*), in Godefroy. Also *reli-er*, as above.

REMAIN, to stay or be left behind. (*F. — L.*) Spelt *remanys* in *Palgrave*. Due to the *OF. 1. p. pres. sing. je reste*; cf. the impers. verb *il remaine*, as in the proverb '*beaucoup remaine de ce que fol pense*', much is behind of that a fool accounts of, a foolle comes ever short of his intentions.' Cot. The infin. *remanere* is preserved in our sb. *remainder*; cf. *E. rejinder* from *F. rejindre*, *E. atteindre* from *F. atteindre*. Cf. *L. remanet*, it remains; *remanere*, to remain. — *L. re*, behind; and *manere*, to remain; see **Re** and **Manor**. Der. *remains*, s. pl., Titus Andronicus, i. 81; *remain-der*, *Temp.* v. 13, see above. And see **remnant**.

REMAND, to send back. (*F. — L.*) 'Whereupon he was remanded'; *Berners*, tr. of Froissart, v. ii. c. 206 (R.). — *OF. remander*, 'to send for back again'; Cot. — *L. remandere*, to send back word. — *L. re*, back; and *mandare*, to enjoin, send word; see **Re** and **Mandate**.

REMARK, to take notice of. (*F. — L.* and Tent.) Shak. has *remark'd*, *Hen. VIII.* v. 1. 33; and *remarkable*, *Antony*, iv. 15. 67. — *F. remarquer*, 'to mark, note, heed'; Cot. — *L. re*, again; and *marquer*, to mark, allied to *marque*, sb., a mark, *OF. mere* (Hatzfeld); which is from *G. marke*, cognate with *E. mark*; see **Re** and **Mark** (1). Der. *remark-able*, from *F. remarquable*, 'remarkable'; Cot.; *remark-ably*; *remark-able-ness*.

REMEDY, that which restores, repairs, or heals. (*F. — L.*) *ME. remedie*, Chaucer, *C. T.* 1276 (*A* 1274); Ancren Riwle, p. 124, l. 22. — *AF. remedie*, *Stat. Realm.* i. 28 (1275); cf. *MF. remedie*, mod. *F. remède*, a remedy. [*CF. OF. remedier*, verb, to remedy.] — *L. remedium*, a remedy; lit. that which heals again. — *L. re*, again; and *medari*, to heal; see **Re** and **Medical**. Der. *remedy*, verb (Levins, *Palgrave*), from *F. remedier*; *remedi-able* (Levins); *remedi-ally*, a coined word; *remedi-ably*.

REMEMBER, to recall to mind. (*F. — L.*) *ME. remembre*, Chaucer, *C. T.* 1503 (*A* 1501). — *OF. remembre*, used reflexively, 'to remember'; Cot. Formed, with excrement *b* after *m*, due to stress, from *L. rememorari*, to remember; which gave rise to **remem'rer* in *OF.* — *L. re*, again; and *memorare*, to make mention of,

from *memor*, mindful. See **Re** and **Memory**. Der. *remembrance*, Chaucer, *C. T.* 8799 (*E* 923), from *F. remembrance*; *remembrance-er*, *Macb.* iii. 4. 37.

REMIND, to bring to the mind again. (Hybrid; *L. and E.*) A barbarous compound; from *L. re*, again; and *E. mind*. Rather a late word; in Bailey's *Dict.* vol. ii. ed. 1731. See **Re** and **Mind**. **REMINDSCIENCE**, recollection. (*F. — L.*) In Blount's Gloss., ed. 1674. Spelt *reminscens*, *Puttenham*, *E. Poesie*, ed. Arber, b. iii. c. 25; p. 312. — *MF. reminscencia*, 'remembrance of things'; Cot. — *L. reminscentia*, remembrance. — *L. reminscent*, stem of pres. part. of *reminsci*, to remember, an inceptive verb, with suffix *-sci*. — *L. re*, again; and *min-*, as in *me-min-i*, I remember, think over again, from *✓MEN*, to think. Allied to *Gk. μν-ω*, I, I mean, *Skt. man*, to think. Brugmann, i. § 431 (2). See **Re** and **Mental**.

REMIT, to pardon, abate. (*F. — L.*) 'Whether the consaye be good, I remytte [leave] it to the wyse reders'; Sir T. Elyot, *The Governour*, b. iii. c. 27 (near the end). '*Remyttinge* [referring] them . . . to the workes of Galene'; id., *Castel of Helth*, b. iii. c. 1. — *L. remittere*, to send back, slacken, abate. — *L. re*, back; and *mittere*, to send; see **Re** and **Mission**. Der. *remit-er*, *remit-ance*, *remit-out*; *remis*, adj. (spelt *remysse*, Barclay, *Ship of Fools*, ii. 243), from *L. remissus*, pp. of *remittere*; *remis-ly*; *remis-ness*; *remis-ible*, from *L. remissibilis*; *remis-ibil-i-ty*; *remissive*. Also *remission*, *ME. remission*, Ancren Riwle, p. 246, l. 21, from *MF. remission* (Cot.) <*L. acc. remissionem*, from noun *remissio*.

REMNANT, a remainder, fragment. (*F. — L.*) *ME. remenant*, *remanant*, King Alisaunder, 5707. — *OF. remanant*, *MF. remeuant*, *remanant*, 'a remnant, residue'; Cot. — *L. remanent*, stem of pres. part. of *remanere*, to remain; see **Remain**.

REMONSTRATE, to adduce strong reasons against. (*J.*) See Trench, *Select Glossary*. See Milton, *Animadversions upon the Remonstrant's Defence*. The sb. *remonstrance* is in Shak. *Meas. v.* 397. — Late *L. remonstratus*, pp. of *remonstrare*, to expose, exhibit; used *A. D.* 1482 (Ducange); hence, to produce arguments. — *L. re*, again; and *monstrare*, to show, exhibit; see **Re** and **Monster**. Der. *remonstrant*, from the stem of the pres. part.; *remonstrance*, from *MF. remonstrance*, 'a remonstrance'; Cot., late *L. remonstrantia*.

REMORA, the sucking-fish. (*L.*) 'A little fish, that men call remora'; Spenser, *Visions of the World's Vanitie*, l. 108. Cf. *MF. remora*, 'the suck-toad; a little fish, which cleaving to the keele of a ship, hinders the course of it'; Cot. Such was the old belief. — *L. remora*, a hindrance, delay; afterwards used as the name of the fish. — *L. re*, back; and *morā*, delay.

REMORSE, pain or anguish for guilt. (*F. — L.*) *ME. remorse*. 'But for she had a maunc remorse'; *1. ydgate*, *Storie of Thebes*, pt. iii (Of the wife of Amphiorax). 'Som remorse of conscience'; Chaucer, *Troil.* i. 554. — *OF. remorse*, 'remorse'; Cot. — Late *L. remorsus* (also *remorsio*), remorse; Ducange. — *L. remorsus*, pp. of *remordere*, to bite again, vex. — *L. re*, again; and *morde*, to bite; see **Re** and **Mordacious**. ¶ Chaucer has the verb *remord* (<*OF. remordere*), tr. of Boethius, b. 4, pr. 6, l. 182. Der. *remorseful*, *Rich. III.* i. 2. 156; *remorse-ful-ly*; *remorse-less*, *Hamlet*, ii. 2. 609; *remorse-less-ly*, *ness*.

REMOTE, distant. (*L.*) In Spenser, *F. Q.* iii. 4. 6. [*CF. MF. remot*, m., *remote*, f., 'remote, removed'; Cot.] Directly, from *L. remūtus*, pp. of *remouere*, to remove; see **Remove**. Der. *remote-ly*, *ness*; also *remot-ion* = removal, *Timon*, iv. 3. 346.

REMOUNT, to mount again. (*F. — L.*) Also transitively, to cause to rise again, as in *ME. remouante*, Chaucer, tr. of Boethius, b. iii. pr. 1, l. 6. — *F. remonter*, 'to remount'; Cot. — *F. re*, again; and *monter*, to mount; see **Re** and **Mount** (2).

REMOVE, to move away, withdraw. (*F. — L.*) *ME. remeuen* (remeven), Chaucer, *Troil.* i. 691, where *remove* rhymes with *preue*, a proof. Just as we find *ME. remeuen* for mod. *F. remove*, so we find *ME. preuen* for mod. *F. prove*, *preue* for *proof*. *Palgrave* uses *remue* and *remoue* convertibly; 'I remue, as an army, . . . remoueth from one place to another.' — *OF. remouoir*, 'to remove, retire'; Cot. — *F. re*, again; and *OF. mouoir*, to move; see **Re** and **Move**. ¶ The *ME. remeuen*, to remove, Chaucer, *C. T.* 10495 (*F* 181), has nearly the same sense, but is quite a different word, answering to *OF. remuā*, 'to move, stir'; Cot., from *L. re*, and *mūāre*, to change. Der. *remove-able* (Levins), *remov-abil-i-ty*; *remov-ally*, a coined word; *remover*, Shak. *Sonn.* 116, *remov-ed-ness*, *Wint. Tale*, iv. 2. 41. Also *remote*, q. v.

REMUNERATE, to recompense. (*L.*) In Shak. *Titus*, i. 398. — *L. remuneratus*, pp. of *remunerare, remunerari*, to reward. — *L. re*, again; and *mūnere*, *mūnerari*, to discharge an office, also to give; from *mūnere*, decl. stem of *mūnus*, a gift. See **Re** and **Munificent**. Der. *remuner-able*, *remunerat-ion*, *L. L.* l. iii. 133, *ME. remuneration*, *Dictes*, pr. by Caxton, fol. 6, from *MF. remuneration*, 'a remuneration', Cot. <*L. remunerātiōnem*, acc. of *remuneratio*; *remuneral-ive*.

RENAISSANCE, a revival; esp. used of the revival of the classical art and letters, chiefly at the end of the fifteenth century. (F.—L.) Also called *renaissance*, which is the L. form.—F. *renaissance*, a new birth; Cot.—L. *re-*, again; and *nascencia*, birth (Vitruius), from *nasci*, pres. pt. stem of *nasci*, to be born; see *Nascent*.

RENAL, pertaining to the reins. (F.—L.) Medical.—MF. *renal*, 'belonging to the kidneys'; Cot.—L. *renālis*, adj., formed from *ren-s*, the reins; see *Reins*.

RENARD, a fox; see *Reynard*.

RENAISCENT: from *Re-* and *Nascent*.

RENCOUNTER, RENCONTRE, a meeting, collision, chance combat. (F.—L.) Now commonly *rencontre*; formerly *renconter*, used as a verb by Spenser, F. Q. i. 4. 39; and as a sb., iii. 1. 9.—F. *rencontre*, 'a meeting, or encounter' . . . by chance; Cot. Cf. *rencontrer*, verb, 'to encounter, meet'; id. Contracted forms for **recontrer*, **recontrer*.—F. *re-* (= L. *re-*), again; and *encontrer*, to meet; see *Re-* and *Encounter*. ¶ Hence the spelling *reencounter* in Berners, tr. of Froissart, v. ii. c. 29 (R.).

REND, to tear, split. (E.) MF. *renden*, pt. t. *rende*, pp. *rent*; Chaucer, C. T. 6217 (D 636). AS. *hrendan*, *rendan*, not common. In the ONorthumb. versions of Luke, xiii. 7, *succidite* [cut it down] is glossed by *hrendas vel scarfas* in the Lindisfarne MS., and by *ceorfas vel rendas* in the Rushworth MS. Again, in Mark, xi. 8, the L. *caedebant* [they cut down] is glossed by *gebunon vel rendon*. Thus the orig. sense seems to be to cut or tear down. —OFries. *renda*, *randa*, to tear, break. β. The AS. *hrendan* answers to a theoretical form **hrandan*, which may be connected with *hrand*, the pt. t. of *hrindan*, to push (Grein), Icel. *hrinda*, to push, kick, throw, which may be referred to **QERT*, to cut. Cf. Skt. *kṛt*, to cut down (base of the present tense, *kṛta*); Lithuan. *kirti*, to cut, hew (see *kertu* in Nesselmann). Cf. also Skt. *kṛnāma-m*, neut. sb., a cutting. Der. *rent*, sb., Jul. Caesar, iii. 2. 179; *rent*, vb., ME. *renten*, Chaucer, Leg. Good Women, 843; both formed from the pp. *rent*.

RENDER, to restore, give up. (F.—L.) ME. *rendren*, P. Plowman, B. xv. 601.—F. *rendre*, 'to render, yield'; Cot.—Late L. *rendere*, nasalised form of L. *reddere*, to restore, give back.—L. *red-*, back; and *dare*, to give. See *Re-*, *Red-*, and *Date* (r). Der. *render-ing*. Also *rent* (2), q.v.; *redd-it-ion*; *rendez-vous*, q.v.

RENDEZVOUS, an appointed place of meeting. (F.—L.) In Hamlet, iv. 4. 4.—F. *rendezvous*, 'a rendezvous, a place appointed for the assemble of soldiers'; Cot. A substantival use of the phrase *rendez vous*, i. e. render yourselves, or assemble yourselves, viz. at the place appointed. β. *Rendez* is the imperative plural, and person, of *rendre*, to render; and *vous* (< L. *vos*) is the pl. of the 2nd pers. pronoun. See *Render*.

RENEGADE, RENEGADO, an apostate, vagabond. (Span.—L.) Massinger's play called *The Renegade* was first acted in 1624. In Shak. Tw. Nt. iii. 2. 74, the first folio has 'a verie Renegatho'; a spelling which represents the sound of the Spanish d. The word was at first *renegado*, and afterwards *renegade* by loss of the final syllable.—Span. *renegado*, 'an apostate', Minshew; lit. one who has denied the faith; pp. of *renegar*, 'to forsake the faith', i. e. —Late L. *renegare*, to deny again.—L. *re-*, again; and *negare*, to deny; see *Re-* and *Negative*. ¶ 1. The word was not really new to the language, as it appears in ME. as *renegat*; but the ME. *renegat* having been altered to *runagate*, the way was cleared for introducing the word over again; see *Runagate*. 2. The odd word *renege* (with g hard), in King Lear, ii. 2. 84.—Late L. *renegare*; cf. ME. *reneye*. P. Plowman, B. xi. 120; from OF. *renier*. Doublet, *runagate*.

RENEW, to make new again. (Hybrid; L. and E.) ME. *renewen*, Wyclif, 2 Cor. iv. 16; where the L. *renouator* is translated by *renewed*. From *Re-* and *New*. Der. *renew-al*, a coined word; *renew-able*, also coined. Doublet, *renovate*.

RENNET (1), the prepared inner membrane of a calf's stomach, used to make milk coagulate. (E.) *Renet*, for cheese, *coagulum*; L. *rennet*, 'lactis, rennet, or rennyne'; Voc. 591. 19; cf. 574. 13. The word is found with various suffixes, but is in each case formed from ME. *rennen*, to cause to run, because *rennet* causes milk to run, i. e. to coagulate or congeal. This singular use of E. *run* in the sense 'to coagulate' is not always noticed in the Dictionaries. Pegge, in his *Kentishisms* (E. D. S. Gloss. C. 3) uses it; he says: 'Runnet, the herb *gallium* [*Gallium verum*], called in Derbyshire *erning*, Angliæ cheese-runnet; it runs the milk together, i. e. makes it curdle.' *Earn*, *Yearen*, to coagulate milk; *earn*, *yearning*, cheese-rennet, or that which curdles milk; Brockett. Here *earn* (better *ern*) is put, by shifting of r, for *ren*; just as AS. *yrnan* (*irnan*) is a causal form of *rinan*, to run. Cf. Gloucestershire *running*, *rennet* (E. D. S. Gloss. B. 4). *Renlys*, or *renllys*, for mylke, [also] *renels*, *Coagulum*; Prompt. Parv. 'As nourishing milk, when runnet is put in, Runs all in heaps of tough thick curd, though in his nature

thin'; Chapman, tr. of Homer, Il. v, near the end. So also AS. **rynning*, *coagulum*; *gerunnan*, *coagulating*; Wright's Vocab. i. 27, last line, i. 28, first line. All from AS. *rinan*, to run. See *Run*. —MDu. *rinzel*, *runzel*, or *renninge*, 'curds, or milk-runnet'; Hexham, from *rinnen*, 'to prease, curdle'; id. Cf. *geronnen melch*, 'curded or rennet milke'; id. Cf. G. *rinnen*, to run, curdle, coagulate.

RENNET (2), a sweet kind of apple. (F.—L.) Formerly spelt *renat* or *renate*, from a mistaken notion that it was derived from L. *renātus*, renewed or born again. 'The *renat*, which though first it from the pippin came, Grown through his pureness nice, assumes that curious name'; Drayton, Polyolbion, song 18; l. 671.—F. *reinet*, *rainette*, a pippin, rennet; Hamilton. Scheler and Littré agree to connect it with MF. *rainette*, 'a little frog' (Cot.), the dimin. of *raïne*, a frog, because the apple is speckled like the skin of a frog. (So also Hatzfeld.) From L. *rāna*, a frog. See *Ranunculus*.

RENOUCE, to give up, reject, disown. (F.—L.) ME. *renoucen*, Gower, C. A. i. 258; bk. ii. 2931.—F. *renouer*, 'to renounce'; Cot.—L. *renunciare*, better *renūtiare*, to bring back a report, also, to disclaim, renounce.—L. *re-*, back; and *nūtiare*, to bring a message, from *nūtiūs*, a messenger; see *Re-* and *Nuncio*. Der. *renoucen-ment*, Meas. for Meas. i. 4. 35; *renouciation*, q.v.

RENOVATE, to renew. (L.) In Thomson's Seasons, Winter, 704; Hakluyt, Voy. ii. 1. 37. The sb. *renovation* is in Bacon, Life of Henry VII, ed. Lumby, p. 203. l. 33.—L. *renouātus*, pp. of *renouāre*, to renew.—L. *re-*, again; and *nouus*, new, cognate with E. *new*; see *Re-* and *New*. Der. *renouat-ion*, from MF. *renouation*, 'a renovation'; Cot.; *renouat-or*. Doublet, *renew*.

RENOWN, celebrity, fame. (F.—L.) ME. *renoun*, Chaucer, C. T. 14553 (B 3825); Kob. of Brunne, tr. of Langtoft, p. 131, l. 5; King Alisaunder, 1448. [But also *renomé*, *renommé*, in three syllables, with final e as F. e; Gower, C. A. ii. 43; bk. iv. 1250; Barbour's Bruce, iv. 774; *renounee*, Barbour's Bruce, viii. 290.] In Bruce, ix. 503, one MS. has the pp. *renoumūt*, spelt *renoumūt* in the other.—AF. *renoun*, lib. Custum, p. 23; OF. *renon*; MF. *renom* (also *renommé*), 'renowned, fame'; Cot. Cf. *renommé*, 'renowned, famous'; Cot. [Cf. Port. *renome*, renowned; Span. *renombre*, renowned, also a surname; and Span. *renombrar*, to renown.]—F. *re-* (= L. *re-*), again; and AF. *noun*, F. *nom*, a name; hence *renoun* = a renaming, repetition or celebration of a name. See *Re-* and *Noun*. Der. *renoun*, verb, in Barbour, as above.

RENT (1), a tear, fissure, breach. (E.) See *Rend*.

RENT (2), annual payment for land, &c. (F.—L.) In early use; occurring, spelt *rente*, in the A. S. Chron. an. 1137; see Thorpe's edition, p. 383, l. 12.—F. *rente*, 'rent, revenue'; Cot. Cf. Ital. *rendita*, rent; which shows the full form of the word. From t. nasalised form (*rendita*) of L. *reddita*, i. e. *reddita pecūnia*, money paid; fem. of *redditus*, pp. of *reddere*, to give back, whence F. *rendre*, and E. *render*. *Rent* = that which is rendered; see *Render*. Der. *rent-er*, *rent-roll*; also *rent-al*, P. Plowman, B. vi. 92.

RENUNCIATION, a renouncing. (F.—L.) In Cotgrave. It is neither true F. nor true L., but prob. taken from F., and modified by a knowledge of the L. word.—F. *renouciation*, 'a renunciation'; Cot.—L. *renuntiātiōnem*, acc. of *renuntiāto*, a renouncing; cf. *renuntiātus*, pp. of *renuntiāre*; see *Renounce*.

REPAIR (1), to restore, fill up anew, amend. (F.—L.) 'The fishes flete with new repaired scale'; Lord Surrey, Description of Spring, l. 8.—OF. *reparer*, 'to repair, mend'; Cot.—I. *reparare*, to get again, recover, repair.—L. *re-*, again; and *parare*, to get, prepare; see *Re-* and *Parade*. Der. *repair*, sb., *repair-er*; *reparable*, in Levins, from MF. *reparabile*, 'reparable', Cot., from l. *reparābilis*; *repair-abl-y*; *repair-at-ion*, Palsgrave, from MF. *reparation*, 'a reparation'; Cot.; *repair-at-ive*.

REPAIR (2), to resort, go to. (F.—L.) ME. *repariren*, Chaucer, C. T. 5387 (B 967).—F. *reparier*, 'to haunt, frequent, lodge in'; Cot. Older form *reparier* (Burguy); cf. Span. *repariar*, Ital. *ripatriare*, to return to one's country.—L. *repariāre*, to return to one's country.—L. *re-*, back; and *patria*, one's native land, from *patri*, decl. stem of *pater*, a father, cognate with E. *father*. See *Re-* and *Father*. Der. *repair*, sb., Hamlet, v. 2. 228.

REPARTIE, a witty reply. (F.—L.) A misspelling for *repartie* or *reparly*. 'Some reparty, some witty strain'; Howell, Fam. Lett. b. i. sect. 1. let. 18.—F. *repartie*, 'a reply'; Cot. Orig. fem. of *reparly*, pp. of MF. *reparly*, 'to redivide, to answer a thrust with a thrust, to reply'; Cot.—F. *re-* (= L. *re-*), again; and *partir*, to part, divide, also to dart off, rush, burst out laughing, from L. *partire*, *partiri*, to share, from *part*, stem of *pars*, a part. See *Re-* and *Part*.

REPAST, a taking of food; the food taken. (F.—L.) ME. *repast*, P. Plowman, C. x. 148; Gower, C. A. iii. 25; bk. vi. 698.—OF. *repast* (Littré), later *repas*, 'a repast, meal'; Cot.—F. *re-* (= L. *re-*), again; and OF. *past*, 'a meal, repast'; Cot., from L. *pastum*,

acc. of *pastus*, food; cf. *pastus*, pp. of *paſcere*, to feed. See **Re-** and **Pasture**. Der. *repast*, vb., Hamlet, iv. 5. 157.

REPAY, to pay back, recompense. (F.-L.) Spelt *repaye* in Palsgrave. =OF. *repayer*, to pay back; given in Palsgrave and in use in the 15th cent. (Littre); obsolete. See **Re-** and **Pay**. Der. *repay-able*, *repay-ment*.

REPEAL, to abrogate, revoke. (F.-L.) ME. *repele(n)*, Hoccleve, Reg. of Princes, 2960. AF. *repeler*, Langtoft, ii. 352. Altered (by putting *re-* for *F. ra-*) from OF. *repeller*, *rappeller*, 'to repeale, revoke,' Cot. =F. *re-*, for *re-* (=L. *re-*), again, back; and OF. *apeler*, later *appeler*, to appeal. Thus *repeal* is a substitution for *re-appeal*; see **Re-** and **Appeal**. Der. *repéal*, sb., Cor. iv. 1. 41; spelt *repell*, i. e. recall, Caxton, Troy-book, fol. 294, bk.; *repéal-er*, *repéal-able*.

REPEAT, to say or do again, rehearse. (F.-L.) 'I *repete*, I rehearse my lesson, *je repete*;' Palsgrave. =MF. *repeter*, 'to repeat; Cot. =L. *repeter*, to attack again, reseek, resume, repeat; pp. *repétitus* =L. *re-*, again; and *petere*, to seek; see **Re-** and **Petition**. Der. *repeat-ed-ly*, *repeat-er*; *repeat-it-ion*, from MF. *repetition*, 'a repetition,' Cot. from L. acc. *repetitionem*.

REPEL, to drive back, check. (L.) 'I *repelle*, I put backe (Lydgat); Palsgrave, who thus refers us to Lydgat. =L. *repellere*, to drive back; pp. *repulsus* =L. *re-*, back; and *pellere*, to drive; see **Re-** and **Pulse**. Der. *repell-ent*, from the stem of the pres. part.; *repell-er*; and see *repulse*.

REPENT, to feel sorrow for what one has done, to rue. (F.-L.) ME. *repenten*, King Alisaunder, 4224. =F. *repentir*, reflexive verb, 'to repent;' Cot. =L. *re-*, again; and Folk-L. *penitire*, for L. *penitire*, used impersonally in the sense 'repent;' see **Re-** and **Penitent**. Der. *repent-ant*, ME. *repentant*, Kolb. of Glouc., p. 291, l. 5917, from F. *repentant*, pres. part. of *repentir*; *repent-ance*, Rob. of Brunne, tr. of Langtoft, p. 55, from F. *repentance*.

REPERCUSSION, reverberation. (F.-L.) 'That, with the repercuſion of the air;' Drayton, The Owl, l. 1137, 'Salute me with thy repercuſive voice;' Ben Jonson, Cynthia's Revels, Act i. sc. 1 (Mercury). =MF. *repercussion*, 'repercussion;' Cot. =L. acc. *repercussio(nem)*; see **Re-** and **Perousion**. Der. *repercuss-ive*, from MF. *repercussio*, 'repercussive,' Cot.

REPERTORY, a treasury, magazine. (F.-L.) Formerly also a list, index. A *repositorio* or index;' Holland, tr. of Pliny, b. xxx. c. 1 (Of Heronippus). Altered from MF. *repositorio*, 'a repository, list, roll;' Cot. =L. *repositorium*, an inventory, a repository, a discoverer, inventor; cf. *repositus*, pp. of *reponere*, to find out, invent. =L. *re-*, again; and *ponere* (Ennius), usually *ponere*, to produce; see **Re-** and **Parent**.

REPLETION; see under **Replete**.

REPINE, to be discontented. (L.) Spelt *repine* in Palsgrave; compounded of *re-* (again) and *pine*, to fret. No doubt *pine* was, at the time, supposed to be a true E. word, its derivation from the Latin having been forgotten. But, by a fortunate accident, the word is not hybrid, but wholly Latin. See **Re-** and **Pine** (2).

REPLACE, to put back. (F.-L.) 'To claſſe th'usurper, and replace their king;' Daniel, Civil War, b. iii. st. 30. From **Re-** and **Place**. Suggested by F. *remplacer*, 'to re-implace;' Cot. Der. *replace-ment*.

REPLENISH, to fill completely, stock. (F.-L.) ME. *replenissen*. 'Replenished and fulfilled;' Chaucer, tr. of Boethius, b. i. pr. 4. l. 197. =OF. *repleniss*, stem of pres. part. of *replein*, to fill up again (Burguy); now obsolete. =L. *re-*, again; and L. type *plēniss*, formed as a verb from *plenus*, full. See **Re-** and **Plenitude**. Der. *replenish-ment*. And see *replete*.

REPLETE, quite full. (F.-L.) Chaucer has *replete*, C. T. 14963 (B 4147); *repletion*, id. 14929 (B 4113). =MF. *replet*, m., *replete*, f., 'replete;' Cot. =L. *repletum*, acc. of *repletus*, filled up, pp. of *replere*, to fill again. =L. *re-*, again; and *plere*, to fill; see **Plenary**. Der. *replet-ion*, from MF. *repletio*, 'a repletion,' Cot.

REPLEVY, to get back, or return, goods detained for debt, on a pledge to try the right in a law-suit. (F.-L. and Teut.) 'Replevis, to redeliver to the owner upon pledges or surety; it is also used for the bailing a man;' Blount, Nomolexicon, ed. 1691. Spelt *replevis*, Spenser, F. Q., iv. 12. 31. Butler has *replevis* as verb, Hudibras, The Lady's Answer, l. 4. =F. *re-* (=L. *re-*), again; and *plevis*, 'to warrant, be surety, give pledges,' Cot. The E. word follows the form of the pp. *plevis*. Cf. AF. *replevis*, pp., replevised, Stat. Realm, i. 361 (1311). See **Re-** and **Pledge**. Der. *replev-in*, properly a sb., from F. *re-* and OF. *plevine*, 'a warranty,' Cot.

REPLY, to answer. (F.-L.) ME. *repleyn*, *repleyn*; Chaucer, Prol. to Legend of Good Women, 343. =OF. *replier*, the old form which was afterwards replaced by the 'learned' form *repliquer*, to reply. =L. *replique* (pp. *repliquatus*), to fold back; as a law term, to reply. =L. *re-*, back; and *plique*, to fold. See **Re-** and **Fly**.

Der. *reply*, sb., Hamlet, i. 2. 121; *reply-at-ion*, Chaucer, C. T. 1848 (A 1846); <L. acc. *repliquationem*, from nom. *repliquatio*, a reply, a law-term, as at first introduced. Also *replica*, a copy, lit. a repetition, from Ital. *replica*, a sb. due to *replicare*, to repeat, reply.

REPORT, to relate, recount. (F.-L.) ME. *reporten*, Chaucer, C. T. 4572 (B 152). =F. *reporter*, 'to recount, bear back;' Cot. =L. *reportari*, to carry back. See **Re-** and **Port** (1). Der. *report*, sb., Chaucer, Troilus, l. 593; *report-er*.

REPOSE, to lay at rest, to rest. (F.-L. and Gk.) 'A mynde With vertue fraught, *reposed*, voyd of gile;' Surrey, Epitaph on Sir T. W., l. 24; Tottell's Misc., ed. Arber, p. 29. =F. *reposer*, 'to repose, pause, rest, or stay,' Cot. Cf. Ital. *riposare*, Span. *reposar*, Port. *repousar*, Prov. *repousar* (Hartsch); all answering to Late L. *reponere*, whence *repositio*, a pausing, pause (White). =L. *re-*, again; and *ponere*, to pause, from *pono*, a pause, of Greek origin; see **Re-** and **Pause**. ¶ This word is of much importance, as it appears to be the oldest compound of *ponere*, and gave rise to the later confusion between L. *ponere* (of Gk. origin), and the pp. *positus* of L. *ponere*. See **Pose**. Der. *repose*, sb., Spenser, F. Q. iii. 4. 6, from *repos*, 'repose;' Cot.; *repose-al*, King Lear, ii. 1. 70.

REPOSITORY, a place in which things are stored up, store-house. (F.-L.) Spelt *repositorio* in Levinus Minshew, altered from MF. *repositaire*, 'a store-house,' Cot. =L. *repositorium*, a repository. Formed with suffix *-it-ium* from *repositus*, pp. of *reponere*, to lay up. See **Re-** and **Position**.

REPOUSSE, raised in relief by being beaten up from the under side; said of metal-work. (F.-L.) F. *repoussé*, lit. pushed back; pp. of *repousser*. =F. *re-*, back; and *pusher*, to push; see **Push**.

REPREHEND, to blame, reprove. (L.) ME. *reprehenden*, Chaucer, Troilus, l. 510. It must have been taken from L., as the OF. form was *reprendre* in the 13th century. =L. *reprehendere* (pp. *reprehensus*), to hold back, check, blame. =L. *re-*, back; and *prehendere*, to hold, seize. See **Re-** and **Comprehend**. Der. *reprehension*, Chaucer, Troil. i. 684, prob. direct from L. acc. *reprehensionem*, though the OF. *reprehension* occurs in the 13th century (Hatzfeld); *reprehens-ive*; *reprehens-ible*, from L. *reprehensibilis*; *reprehens-ibly*, and see *repraisal*.

REPRESENT, to describe, express, exhibit the image of, act the part of. (F.-L.) ME. *representen*, Rom. of the Rose, 7402. =OF. *representier*, 'to represent, express;' Cot. =L. *representare*, to bring before one again, exhibit. =L. *re-*, again; and *presentare*, to present, hold out, from *present*, stem of *presens*, present. See **Re-** and **Present** (1). Der. *represent-able*, *represent-at-ion*, *represent-at-ive*.

REPRESS, to restrain, check. (F.-L.) ME. *repressen*, Gower, C. A. iii. 166; bk. vii. 2410. Coined from **Re-** and **Press** (1), with the sense of L. *reprimere*, pp. *repressus*. Der. *repression*, *repress-ive*. And see *reprimand*.

REPRIVE, to delay the execution of a criminal. (F.-L.) In Spenser, F. Q. iv. 12. 31. It is formally the same word as *reprove*, of which the ME. form was commonly *repreven* (= *repreven*), with the sense to reject. Palsgrave has *repreve* for *reprove*. 'The ston which men billyng *repreuden*' = the stone which the builders rejected; Wyclif, Luke, xx. 17. Cf. OF. *repreve*, 3rd pers. sing. indic. of *reprover* (F. *reprover*), to reprove. Cf. Schwan, § 348 (4). β. But the sense is really due to the obs. verb *reproy*, as in 'they were *reproyed*;' lit. 'taken back,' but used to mean 'reproved;' Kabyan, Chron., ed. Ellis, p. 389. And again, 'the sayd Turbyr-uyle was *reproyed* to pryson;' id. p. 672. =OF. *reprois*, pp. of *reprover*, 'to resume, receive, take back, and also to replend;' Cot. See **Reprehend**, **Reprisal**. Der. *reprive*, sb., Cor. v. 2. 53. Doublet, *reprove*.

REPRIMAND, a reproof, rebuke. (F.-L.) In the Spectator, no. 112. =F. *reprimande*, formerly *reprimende*, 'a check, reprehension, reproof,' Cot. =L. *reprimenda*, a thing that ought to be repressed; fem. of fut. part. pass. of *reprimere*, to repress; see **Re-** and **Press** (1). Der. *reprimand*, verb.

REPRINT, to print again. (F.-L.) Prynne refers to a book 'printed 1599, and now reprinted 1629;' Histrio-mastix, part i. p. 358 (R). From **Re-** and **Print**. Der. *reprint*, sb.

REPRISAL, anything seized in return, retaliation. (F.-Ital.-L.) It means 'a prize' in Shak. 1 Hen. IV. iv. 1. 118. Spelt *reprisels*, pl., in Minshew, ed. 1627. =MF. *reprisaile*, 'a taking or seizing on, a prize, or a reprisal;' Cot. (The modern vowel is due to the obsolete verb *repriser*, to seize in return, Spenser, F. Q. iv. 4. 8, from the pp. *repris* of OF. *reprandre* <L. *reprehendere*.) =Mital. *reprisailla*, 'booties, preys, prisals, or anything gotten by prize, bribing, or booty;' Florio. =Ital. *ripresa*, 'a reprisal or taking again;' id. Fem. of *ripreso*, pp. of *riprendere*, 'to reprehend, also to take again, retake;' id. =L. *reprehendere*; see **Reprehend**, **Reprive**. And see **Prize** (1).

REPROACH, to upbraid, revile, rebuke. (F.—L.) In Shak. *Meas. for Meas.* v. 426. The sb. is spelt *reproche* in Skelton, *Howge of Courte*, l. 26. We find ME. *reproche*, sb., Early E. Psalter, xxx (xxxii), 14; and *reprochen*, vb., id., xxiv (xxxv). 8.—F. *reprocher*, 'to reproach', . . . object or impute unto; 'Cot.; whence the sb. *reproche*, 'a reproach, imputation, or casting in the teeth'; id. Cf. Span. *reprochar*, vb., *reprochar*, sb.; Prov. *reprochar*, to reproach (cited by Diez). We also find Prov. *reprochiers*, *reprochiers*, sb., a proverb (Bartsch). β. The etymology is disputed, yet is hardly doubtful; the Late L. *appropriare* became OF. *aprocher* and E. *approach*, so that *reproach* answers to a L. type **repropiare*, not found, to bring near to, hence to cast in one's teeth, impute, object. From L. *re-*, again; and *propi-*, adv., nearer, comp. of *prope*, near; see *Propinquity*. See Diez, who shows that other proposed solutions of the word are phonetically impossible. γ. Scheler well explains the matter, when he suggests that **repropiare* is, in fact, a mere translation or equivalent of L. *obscire* (*obscire*), to cast before one, to bring under one's notice, to reproach. So also the G. *vorwerfen*, to cast before, to reproach. δ. And hence we can explain the Prov. *reprochiers*, lit. a bringing under one's notice, a hint, a proverb. Der. *reproach*, sb.; *reproach-able*, *reproach-ably*; *reproach-ful*, Titus Andronicus, i. 308; *reproach-ful-ly*.

REPROBATE, depraved, vile, base. (L.) Properly a pp. used as an adj., Trevisa, tr. of Higden, vi. 407; also in I. L. I. l. 2. 64; also as sb., *Meas.* iv. 3. 78.—L. *reprobatus*, censured, reproved, pp. of *reprobare*; see *Reprove*. Der. *reprobation*, a reading in the quarto editions for *reprobance*, Oth. v. 2. 209, from MF. *reprobation*, omitted by Cotgrave, but in use in the 14th cent. (Hatzfeldt) <L. acc. *reprobationem*.

REPRODUCE, to produce again. (L.) In Cotgrave, to translate F. *reproduire*. From *Re-* and *Produce*. Der. *reproduction*, *reproduct-ive*.

REPROVE, to condemn, chide. (F.—L.) ME. *reproven* (*reproven*), P. Plowman, C. iv. 389. [Also spelt *repreu*; see *Reprove*.]—OF. *reprover*, mod. F. *reprover*, to reprove; Littré, —L. *reprobare*, to disapprove, condemn.—L. *re-*, again; and *probare*, to test, prove; hence 'to reprove' is to reject on a second trial, to condemn. See *Re-* and *Prove*. Der. *reprover*; *reprovable*, *reprovable-ly*. Also *reprosf*, ME. *reprove*, *reproof*, Gower, C. A. iii. 230, bk. vii. 4108; see *Proof*. And see *reprobat-ive*. Doublet, *reprove*.

REPTILE, crawling, creeping. (F.—L.) In Cotgrave, ME. *reptil*, Gower, Conf. Amant, iii. 118; bk. vii. 1011.—F. *reptile*, 'reptile, creeping, crawling'; Cot.—L. *reptilis*, acc. of *reptilis*, creeping; formed with suffix *-ilis* from *reptis*, pp. of *reptere*, to creep. —Lithuan. *reptoti*, to creep (Nesselmann). Der. *reptilian*.

REPUBLIC, a commonwealth. (F.—L.) Spelt *republiche* in Minshew, ed. 1627.—MF. *republique*, 'the commonwealth'; Cot.—L. *respublica*, a commonwealth; *res publica*, lit. a public affair. See *Real* and *Public*. Der. *republican*, *republican-ism*.

REPUDIATE, to reject, disavow. (L.) In Levins. Used as a pp. or adj. in Harding's Chron. ch. 90, st. 4.—L. *repudiatus*, pp. of *repudiare*, to put away, reject.—L. *repudiatus*, a casting off, divorce, lit. a rejection of what one is ashamed of.—L. *re-*, away, back; and *pud-*, base of *pudere*, to feel shame, *pudor*, shame; cf. *pri-pudum*, a shameful action. Der. *repudiat-or*; *repudiation*, from MF. *repudiation*, 'a refusal', Cot.

REPUGNANT, hostile, adverse. (F.—L.) In Minshew, ed. 1627; and in Sir T. Elyot, *The Governour*, b. ii. c. 11. 4. The word is rather F. than L.; the sb. *repugnance* is in Levins, ed. 1570, and occurs, spelt *repugnance*, in Skelton, *Gairland of Laurell*, 211. The verb *to repugn* was in rather early use, occurring in Wyclif, Acts, v. 39; also in *Palgrave*.—MF. *repugnant*, pres. part. of *repugnere*; 'to repugn, cross, thwart'; Cot.—L. *repugnare*, lit. to fight against.—L. *re-*, back, hence against; and *pugnare*, to fight; see *Re-* and *Pugnacious*. Der. *repugnance*, from MF. *repugnance*, 'repugnancy', Cot.

REPULSE, to repel, beat off. (L.) Surrey translates L. *repulsi* in Virgil, *Aen.* ii. 13, by *repulst*. 'Ofentymes the repulse from promocyie is cause of dyscomforte'; Sir T. Elyot, *Castel of Helth*, b. iii. c. 12.—L. *repulsus*, pp. of *repellere*, to repel; see *Repel*. β. The sb. answers to L. *repulsa*, a refusal, repulse; orig. fem. of the pp. *repulsus*. Der. *repulse*, sb., as above; *repulsive*, *-ly*, *-ness*; *repulsion*.

REPUTE, to estimate, account. (F.—L.) 'I repute, I estyme, or judge, *Je repute*'; *Palgrave*. The sb. *reputation* is in Chaucer, C. T. 12536 (C 602).—OF. *reputer*, 'to repute'; Cot. (And in *Godofrey*).—L. *reputare*, to repute, esteem.—L. *re-*, again; and *pudare*, to think; see *Re-* and *Putative*. Der. *reput-able*, *reput-ably*, *reput-able-ness*; *reput-ed-ly*; *reput-at-ion*, from MF. *reputation*, 'reputation, esteem', Cot. Also *repute*, sb., *Troil.* i. 3. 337.

REQUEST, an entreaty, petition. (F.—L.) ME. *requeste*, Chaucer, C. T. 2687 (A 2685).—OF. *requere*, 'a request'; Cot.—L. *requisita*, a thing asked, fem. of pp. of *requirere*, to ask; see *Re-* and *Quest*; and see *Require*. Der. *request*, verb, *Two Gent.* i. 3. 13.

REQUIEM, a mass for the repose of the dead. (L.) 'The requiem-mass to syng'; Skelton, *Phylip Sparowe*, 401. The Mass for the Dead was so called, because the anthem or *officium* began with 'Requiem eternam dona eis, Domine'; &c.; Procter, On the Common Prayer.—L. *requiem*, acc. of *requies*, rest.—L. *re-*, again; and *quies*, rest; see *Re-* and *Quiet*. Der. see *Dirge*.

REQUIESCENCE, repose, quiet. (L.) From L. *re-*, again; and *quiescentia*, quietness, from *quiescent*, stem of pres. part. of *quiescere*, to rest; see *Quiescent*.

REQUIRE, to ask, demand. (F.—L.) Spelt *requyre* in *Palgrave*. ME. *requiren*, Chaucer, C. T. 8306 (E 430); in l. 6634 (D 1052), we find *require*, rhyming with *there*. The word was taken from F., but influenced by the L. spelling.—MF. *requirer*, 'to request, intreat, Cot.; OF. *requerre*, with 1 pers. sing. ind. *requier*.—L. *requirere*, lit. to seek again (pp. *requisitus*).—L. *re-*, again; and *quarere*, to seek; see *Re-* and *Quest*. Der. *require-able*; *requirement*, a coined word; *require-ite*, adj., *Wint. Tale*, iv. 4. 687, from L. pp. *requisitus*; *require-ite*, sb., Oth. ii. 1. 251; *require-it-ion*, from MF. *requisition*, 'a requisition', Cot.; *require-it-ion-ist*.

REQUITE, to repay. (F.—L.) In Shak. Temp. v. 169. Surrey (*Aen.* ii. 205) translates *in magna rependam* (*Aen.* ii. 161) by 'require thee large amends.' The word ought rather to be *requit*; cf. 'hath requit it', Temp. iii. 3. 71. But just as *quite* occurs as a variant of *quit*, so *requit* is used for *requit*; see *Re-* and *Quit*. Der. *requital*, *Merry Wives*, iv. 2. 3.

REVERDUS, a screen at the back of an altar. (F.—L.) 'A reverdusse in the hall'; Harrison, *Desc.* of Eng. b. ii. c. 12; ed. Furnivall, p. 240. Hall, in his *Chronicle* (Henry VIII., and 12. § 22), enumerates 'harths, reverdorses, chimneyys, ranges'; Richardson, Spelt *reverdus*, Earl of Derby's Expeditions in 1390-3 (*Camd. Soc.*), p. 219, l. 8. Compounded of *rear*, ME. *reer*, i.e. at the back, and *dos* (<L. *dorsum*), the back; so that the sense is repeated. See *Rear* (2) and *Dorsal*.

REVERMOUSE, REARMOUSE, a bat. (F.) Still in use in the South and West of England; E. D. 1. The pl. *arremys* occurs in Rich. the Kedeles, ed. Skeat, iii. 272. AS. *arremys*, a bat; Wright's *Vocals*, p. 72, col. 1, last line. β. Apparently due to a popular etymology (like prov. E. *flitter-mouse*, a bat) from the flapping of the wings; from AS. *arrem*, to agitate, a derivative of *arrian*, motion (with the usual change from *a* to *e*), allied to *arrian*, adj., active, quick; see *Grain*, ii. 102, 108. Cf. *loel. arera*, G. *rikken*, to stir; *loel. arera tangra*, to wag the tongue. β. But the early form is *arremys*, a bat; Epinal Gloss, 978; spelt *arremys*, Corpus Gloss, 2102; *breddamys*, *breddamys*, Ep. Gl. 1098. Cognate with O. Iow G. *arremys*, a bat (Gallé).

REWARD, the same as *Rearward*, q. v.

RESCIND, to repeal, annul. (F.—L.) In Blount's Gloss, ed. 1674.—F. *rescindre*, 'to cut or pare off, to cancel'; Cot.—L. *rescindere*, to cut off, annul.—L. *re-*, back; and *scindere* (pp. *scissus*), to cut; see *Re-* and *Schism*. Der. *rescission*, from MF. *rescision*, 'a rescission, a cancelling', Cot.; from L. acc. *rescisionem*.

RESCRIPT, an official answer, edict. (F.—L.) In Cotgrave.—MF. *rescript*, 'a rescript, a writing back, an answer given in writing'; Cot.—L. *rescriptum*, a rescript, reply; neut. of *rescripsi*, pp. of *rescribere*, to write back; see *Re-* and *Scribe*.

RESCUE, to free from danger, deliver from violence. (F.—L.) ME. *rescouen*, *rescouen*, Chaucer, tr. of Boethius, b. iv. met. 5, l. 15.—OF. *rescoudre*, 'to rescue'; Cot. [The same word as *tal. r. scouter*.]—Late L. *rescutor*, which occurs A. D. 1308 (Ducange); it stands for *rescutor*. So also the OF. *rescous*, a rescue, answer, to Late L. *rescusa* <L. *reiscusa*, fem. pp. of the *reiscus*, and mod. F. *recousse* is from *recussa*, the same sb. with the omission of *ex*. β. From L. *re-*, again; and *scutere* (pp. *encussus*), to shake off, drive away, comp. of *ex*, off, and *scutere*, to shake; see *Re-*, *Ex-*, and *Quash*. Der. *rescue*, sb., ME. *rescouen*, Chaucer, C. T. 2645 (A 2643), from the OF. *rescouen*, 'rescue', Cot. ¶ We find AF. *rescure*, vb., Vie de St. Auban, and *rescouer*, id. In the Coventry Myst., p. 114, is the sb. *rescou*. Either this sb. was formed anew from the vb., or the AF. *rescou* (ME. *rescouen*) was supposed to be a pl. form. Mrs. Quickley says: 'bring a rescue or two'; 2 Hen. IV., ii. 1. 62.

RESEARCH, a careful search. (F.—L.) 'Research, a strict inquiry'; Phillips, ed. 1706. From *Re-* and *Search*. Cf. ME. *recherche*, 'a diligent search', Cot.; Norm. dial. *recherche*; mod. F. *recherche*.

RESEMBLE, to be like. (F.—L.) ME. *resemblen*, Gower, C. A.

iii. 117; bk. vii. 982. —OF. *resembler*, 'to resemble'; Cot. Mod. F. *resembler*. —F. *re*, again; and *sembler*, 'to seem, also to resemble', id. = L. *re*, again; and *similare*, more generally *simulare*, to imitate, copy, make like, from *similis*, like; see **Re-** and **Similar**. Der. *resemblance*, ME. *resemblance*, Gower, C. A. ii. 83, bk. iv. 2424, from OF. *resemblance*, 'a resemblance'; Cot.

RESENT, to take ill, be indignant at. (F.—L.) Orig. merely to be sensible of a thing done to one; see Trench, Select Glossary. In Joseph Beaumont, *Psyche*, canto iv. st. 156. Used in the modern sense, Milton, P. L. i. x. 300. 'To resent, to be sensible of, or to stomach an affront'; Phillips, ed. 1706. Blount's Gloss. has only the sb. *resentment*, also spelt *resentiment*. —MF. *ressentir*, *ressentir*. 'Se ressentir, to taste fully, have a sensible apprehension of; se ressentir de injure, to remember, to be sensible or desire a revenge of, to find himself aggrieved at a thing'; Cot. Thus the orig. sense was merely 'to be fully sensible of,' without any sinister meaning. —F. *re*, again; and *sentir*, to feel, from L. *sentire*, to feel; see **Re-** and **Sense**. Der. *resentment*, from F. *resentiment*; *resentful*, -ly.

RESERVE, to keep back, retain. (F.—L.) ME. *reservien* (with *u* = *v*), Chaucer, C. T. 188. —OF. *reserver*, 'to reserve'; Cot. —L. *reservare*, to keep back. —I. *re*, back; and *servare*, to keep; see **Re-** and **Serve**. Der. *reserve*, sb., from OF. *reservare*, 'store, a reservation'; Cot.; *reserved*, *reservedly*, -ness; *reservation*; also *reservoir*, a place where any thing (esp. water) is stored up, Evelyn's Diary, 17 Oct. 1644, from F. *reservoir*, 'a store-house'; Cot., which from Late L. *reservatorium* (Ducange).

RESIDE, to dwell, abide, inhere. (F.—L.) See Trench, Select Glossary. In Shak. Temp. iii. 1. 65. [The sb. *residence* is much earlier, in Chaucer, C. T. 16128 (G 660).] —MF. *resider*, 'to reside, stay'; Cot. —L. *residere*, to remain behind, reside. —I. *re*, back; and *sedere*, to sit, cognate with L. *sede*; see **Re-** and **Sit**. Der. *residence*, as above, from F. *residence*, 'a residence, abode'; Cot.; *resident*, Berners, tr. of Froissart, vol. ii. c. 210, and c. 129 (R); *residential*, *resident*, -y; *resident-iary*. And see *residue*.

RESIDUE, the remainder. (F.—L.) ME. *residue*, P. Plowman, B. vi. 102. —AF. *residue*, fem., Ruyal Wills, p. 39 (1360); cf. MF. *residu*, 'the residue, overplus'; Cot. —L. *residuum*, a remainder; neut. of *residuum*, remaining; the AF. *residue* answers to the fem. *residua*, = L. *resid-ere*, to remain, also to reside; see **Reside**. Der. *residual*, *residual-ary*. Doublet, *residuum*, which is the L. form.

RESIGN, to yield up. (F.—L.) ME. *resigner*, Chaucer, C. T. 5200 (H 780). —OF. and MF. *resigner*, 'to resign, surrender'; Cot. —L. *resignare*, to unsual, annual, assign back, resign. 1st. 'To sign back or again'. See **Re-** and **Sign**. Der. *resignation*, from MF. *resignation*, 'a resignation'; Cot.

RESILIENT, rebounding. (L.) 'Whether there be any such resilience in Kechole'; Bacon, Nat. Hist. § 245. —L. *resiliens*, stem of pres. part. of *resilire*, to leap back, rebound. —I. *re*, back; and *salire*, to leap; see **Re-** and **Salient**. Der. *resilience*. Also result, q.v.

RESIN, **ROSIN**, an inflammable substance, which flows from trees. (F.—L.—Gk.) *Resin* is the better form. 'Great abundance of resin'; Holland, tr. of Plutarch, b. xvi. c. 10. ME. *roseyne*, Earl of Derby's Expeditions, 1390-3 (Camden Soc.), p. 64, l. 6; *recyn*, Wyclif, Jer. li. 8. —OF. *resine*, 'resin'; Cot. Mod. F. *résine*; Norman dial. *rosine* (Moisy). —L. *resina*, Jer. li. 8 (Vulgate); Late L. *rosina*, Voc. 714. 32. B. Borrowed from Gk. *rosinon* (with long *o*), resin, gum from trees. For the change from *r* to *o*, cf. Doric *rosari* as compared with Attic *rosari*, he says, and Gk. *ros* for *ro*, thou. Moreover, there is a place called *Retina*, of which the mod. name is *Resina* (White). Y. Perhaps allied to Gk. *rosin*, to flow; see Prellwitz. Der. *resinous*, from MF. *resineux*, 'full of resin'; Cot.; *resin-y*.

RESIST, to stand against, oppose. (F.—L.) Spelt *resyste* in Palsgrave; *resyst* in Skelton (On the death of Edw. IV. l. 11; *resyste* in Caxton, G. Legend, St. Peter, § 4. —OF. *resister*, 'to resist'; Cot. —L. *resistere*, to stand back, stand still, withstand. —I. *re*, back; and *visitare*, to make to stand, etc., also to stand fast, a causal verb formed from *stare*, to stand, cognate with E. *stand*. See **Re-** and **Stare**. Der. *resistance*, ME. *resistance*, Chaucer, C. T. 16377 (G 909), from OF. *resistance* (later *resistance*, as in Cotgrave, mod. F. *résistance*), which from L. *resister*, stem of pres. part. of *resistere*; *resistible*, *resist-ibil-ty*, *resist-less*, *resist-less-ly*, *resist-less-ness*.

RESOLVE, to separate into parts, analyze, decide. (L.) Chaucer has *resolved* (with *u* = *v*) in the sense of 'thawed'; tr. of Boethius, b. iv. met. § 1. 20. —L. *resolvere*, to loose, loosen, melt, thaw. —L. *re*, again; and *solvere*, to loosen; see **Re-** and **Solve**. Der. *resolvable*; *resolv-ed*; *resolv-ed-ly*, All's Well, v. 3. 332; *resolv-ad-ness*. Also *resolute*, L. L. L. v. 2. 705, from the pp. *resolutus*; *resolute-ly*, *resolute-ness*, *resolute-ion*, Macb. v. 5. 42, from MF. *resolution*, 'a resolution'; Cot.

RESONANT, resounding. (L.) In Milton, P. L. xi. 563. —L. *resonant*, stem of pres. part. of *resonare*, to resound. Cf. MF. *resonant*, 'resounding'; Cot. See **Resound**. Der. *resonance*, suggested by MF. *resonance*, 'a resounding'; Cot.

RESORT, to go to, betake oneself, have recourse to. (F.—L.) 'All I refuse, but that I might resort unto my love'; Lamentation of Mary Magdalene, st. 43, l. 299; Hoccleve, Reg. of Princes, 1397. The sb. *resort* is in Chaucer, Troilus, iii. 134. —OF. *resortir*, later *resortir*, 'to issue, go forth again, resort, recourse, repaire, be referred unto, for a full trial, . . . to appeal unto; and to be removable out of an inferior into a superior court'; Cot. (It was thus a law term.) Hence the sb. *resort*, later *resort*, 'the authority, prerogative, or jurisdiction of a sovereign court'; Cot. Cf. Late L. *resortire*, to be subject to a tribunal. It looks like a compound of L. *re*, again; and *sortiri*, to obtain; as if to re-obtain, gain by appeal; and this may have affected the sense. The L. *sortiri* is lit. 'to obtain by lot'; from *sorti*, decl. stem of *sortis*, a lot. See **Re-** and **Sort**.

β. But this does not well account for the development of the senses; and it is probable that the Ital. *risorto*, jurisdiction, is allied to Ital. *risorio*, pp. of *risorgere* (L. *resurgere*), to rise again; see **Resurrection**. So also MF. *resort* means 'the spring of a lock'; Cot.; and F. *sortir* means 'to go out'. The latter is from **surtus*, short for *surrectus*, pp. of *surgere*, to rise. Cf. MSpan. *surtir*, 'to rise, to rebound'; Minshew. See *surtir* in Diez, *Surtir* (1) and (2) in Hatfield, and Körtig, § 8018. See **Source**. Der. *resort*, sb., as above.

RESOUND, to echo, sound again. (F.—L.) The final *d* is excessant after *n*, as in the sb. *sound*, a noise. ME. *resounen*, Chaucer, C. T. 1280 (A 1278). —OF. *resonner*, *resoner*, omitted by Cotgrave, but in use in the 12th cent. (Littré); mod. F. *resonner*. —L. *resonare*. —I. *re*, in; and *sonare*, to sound, from *sonus*, a sound; see **Re-** and **Sound** (3). Der. *resonant*, q.v.

RESOURCE, a supply, support, expedient. (F.—L.) In Cotgrave, to translate F. *ressource*; he also gives the older form *resource*, 'a new source, or spring, a recovery.' The sense is 'new source, fresh spring'; hence, a new supply or fresh expedient. Compounded of **Re-** and **Source**.

RESPECT, regard, esteem. (F.—L.) In The Court of Love (not earlier than A.D. 1500), l. 155. —F. *respeier*, 'respect, regard'; Cot. —L. *respectus*, acc. of *respectus*, a looking at, respect, regard. —I. *re*, back; and *spectus*, pp. of *specere*, to look at, look back upon. —L. *re*, back; and *specere*, to see, spy. See **Re-** and **Spy**. Der. *respect*, verb, Cor. iii. 1. 307, and very common in Shak.; *respect-able*, from F. *respectable*, 'respectable'; Cot.; *respect-able-y*, *respect-abil-ty*; *respect-ful*, *respect-fully*; *respect-ive*, from F. *respectif*, 'respective'; Cot.; *respect-ive-ly*. Doublet, *respite*.

RESPIRE, to breathe, take rest. (F.—L.) In Spenser, F. Q. iii. 3. 36. —F. *respirer*, 'to breathe, vent, gaspe'; Cot. —L. *respirare*, to breathe. —L. *re*, again; and *spirare*, to blow; see **Re-** and **Spirit**. Der. *respir-able*, *respir-abil-ty*; *respir-at-ion*, from F. *respiration*, 'a respiration'; Cot.; *respir-at-ory*, *respir-at-ory*.

RESPIRE, a delay, pause, temporary reprieve. (F.—L.) 'Three dayes haf respire'; Rob. of Brunne, tr. of Langtoft, p. 275, l. 2. Better spelt *respit* (with short *i*). —OF. *respit* (12th cent.), 'a respite, a delay, a time or term of forbearance; a protection of one, three, or five years granted by the prince unto a debtor, &c.'; Cot. Mod. F. *respit*. The true orig. sense is regard, respect had to a suit on the part of a prince or judge, and it is a mere doublet of *respect*. —L. acc. *respectum*; see **Respect**. Der. *respite*, verb, Chaucer, C. T. 11886 (F 482). Doublet, *respect*.

RESPLENDENT, very bright. (L.) (Not from OF, which has the form *resplendens*, see Cotgrave; 'Resplendent with glory'; Craft of Lovers, st. 5, l. 3; in Chaucer's Works, ed. 1261, fol. 347. —L. *resplendens*, stem of pres. part. of *resplendere*, to shine brightly, lit. to shine again. —L. *re*, again; and *splendere*, to shine; see **Re-** and **Splendor**. Der. *resplendently*, *resplendence*.

RESPOND, to answer, reply. (F.—L.) 'For his great deeds respond his speeches great', i.e. answer to them; Fairfax, tr. of Tasso, b. x. c. 40. —OF. *respondre*, 'to answer; also, to match, hold correspondence with'; Cot. —L. *respondere* (pp. *responsus*), to answer. —L. *re*, back, in return; and *spondere*, to promise; see **Re-** and **Sponsor**. Der. *respondent*, Tyndall, Works, p. 171, col. 2, l. 47, from L. *respondens*, stem of pres. part. of *respondere*; *response*, ME. *response*, spelt *respons* in Rob. of Brunne, tr. of Langtoft, p. 98, l. 14, from OF. *response*, 'an answer'; Cot., from L. *responsum*, neut. of pp. *responsus*; *response-able*, *response-ibil-y*, *response-ibil-ty*; *response-ive*, Hamlet, v. 2. 159, from MF. *responsif*, 'responsive, answerable'; Cot.; *response-ive-ly*. Also *cor-respond*, q.v.

REST (1), repose, quiet, pause. (L.) ME. *reste* (dissyllabic), Chaucer, C. T. 9729 (E 1855). The final *e* is here due to the form of the oblique cases of the AS. sb. AS. *rest*, *rest*, fem. sb., rest,

quiet; but the gen., dat., and acc. sing. take final *-e*, making *reste*, *reste*; see Grein, ii. 372. + Du. *rust*; Dan. and Swed. *rust*; Icel. *rist*, the distance between two resting-places, a mile; Goth. *rasa*, a stage of a journey, a mile; O.H.G. *rasa*, rest; also, a measure of distance. *β*. From the Teut. type **rast-jā*, fem., 'a halting-place'; from Teut. base **ras*, to dwell, as seen in Goth. *raz-na*, a house. See *Ransack*. Brugmann, i. § 903 c. Cf. W. *aros*, to tarry; Stokes-Fick, p. 235. Der. *rest*, verb, AS. *restan*, Grein, ii. 373; *rest-less*, *rest-less-ly*, *rest-less-ness*.

REST (2), to remain, be left over. (F.—L.) Perhaps obsolete; but common in Shak. 'Nought rests for me but to make open proclamation'; 1 Hen. VI. i. 3. 70. The sb. *rest*, remainder, is still common; it occurs in Surrey, tr. of Virgil, *Æn.* ii. 856 (651 of the L. text). — F. *rester*, 'to rest, remain'; Cot.—L. *restüre*, to stop behind, stand still, remain.—L. *re*, behind, back; and *stäre*, to stand, cognate with E. *stand*; see *Re* and *Stand*. Der. *rest*, sb., as above, from F. *reste*, 'a rest, residue, remnant'; Cot. And see *rest-ive*, *ar-rest*. *Rest-harrow* (Baret) = *arrest-harrow* (F. *arrête-bœuf*). And see *reasty*.

RESTAURANT, a place for refreshment. (F.—L.) Borrowed from mod. F. *restaurant*, lit. 'restoring'; pres. part. of *restaurer*, to restore, refresh; see *Restore*. Cot. has: 'restaurant, a restorative.'

REST-HARROW; see under *Rest* (2).
RESTITUTION, the act of restoring. (F.—L.) ME. *restitucion*, P. Plowman, B. v. 235, 238.—OF. *restitutio*, 'a restitution.'—L. *restitutio*, acc. of *restituere*, a restoring; cf. *restitutus*, pp. of *restituere*, to restore.—L. *re*, back; and *statuere*, to place; see *Re* and *Statute*. Der. *restitue*, verb, in P. Plowman, B. v. 281 (obsolete); from F. *restituer*.

RESTIVE, unwilling to go forward, obstinate. (F.—L.) Sometimes confused with *restless*, though the orig. sense is very different. In old authors, it is sometimes confused with *resty*, adj., as if from *rest* (1); but properly *resty* or *restie* stands for OF. *restif* (F. *restif*). 'The restif world'; Dryden, II and Panther, iii. 1026. 'Grow restie, nor go on'; Chapman, tr. of Homer, Iliad, v. 234. 'When there be not stonds, nor restiveness in a man's nature'; Bacon, Essay 40, Of Fortune. See further in Trench, Select Glossary.—OF. and MF. *restif*, 'restie, stubborn, drawing backward, that will not go forward'; Cot.—F. *rester*, 'to rest, remain'; Cot. See *Rest* (2). ¶ The true sense of *restive* is stubborn in keeping one's place; a restive horse is, properly, one that will not move for whipping; the shorter form *resty* is preserved in prov. E. *rusty*, restive, unruly (Halliwell); to turn rusty is to be stubborn. Der. *restive-ness*.

RESTORE, to repair, replace, return. (F.—L.) ME. *restoren*, Kob. of Glouc., p. 500, l. 10287.—OF. *restorer* (Iurguy), also MF. *restaurer*, 'to restore', Cot.—L. *restaurare*, to restore.—L. *re*, again; and **staurare* (not used), to set up, establish, make firm, a verb derived from an adj. **staurus*—Gk. *σταυρός*, that which is firmly fixed, a stake. Cf. Skt. *sthāvara*-s, fixed, stable. Idg. root **stew*, allied to **stā*, to stand. Brugmann, i. § 198. See *Re* and *Store*. Der. *restor-at-ion*, ME. *restauracion*, Gower, C. a. iii. 23, bk. vi. 637, from F. *restauration*, from l. acc. *restaurātionem*; *restor-at-ive*, ME. *restauratif*, Gower, C. a. iii. 30, bk. vi. 859. Also *restaur-ant*, q.v.

RESTRAIN, to hold back, check, limit. (F.—L.) ME. *restrainen*, *restreignen*, Gower, C. a. iii. 206, bk. vii. 3396; Chaucer, C. T. 14505 (B 3777).—OF. stem *restraign*, as in *restraign-ant*, pres. pt. of *restrindre*, 'to restrain', Cot.; mod. F. *restrindre*.—L. *restringere*, to draw back tightly, bind back.—L. *re*, back; and *stringere*, to draw tight; see *Re* and *Stringent*. Der. *restraint*, Surrey, Palsoum in Windsor, l. 52, from MF. *restrainere*, 'a restraint', Cot., fem. of *restraint*, old pp. of *restrindre*. Also *restrit*, in Foxe's Acts and Monuments, p. 1173 (R.), from L. *restrictus*, pp. of *restringere*; *restric-tion*, tr. of More's Utopia, ed. Arber, b. ii (Of their journeying), p. 105, l. 9, from F. *restriction*, 'a restriction', Cot.; *restric-tive*, *restric-tive-ly*.

RESULT, to ensue, follow as a consequence. (F.—L.) In Levins, ed. 1570.—MF. *resultier*, 'to rebound, or leap back; also, to rise of, come out of'; Cot.—L. *resultare*, to spring back, rebound; frequentative of *resultare*, to leap back; formed from a pp. *resultus*, not in use. See *Rebillion*. Der. *result*, sb., a late word; *result-ant*, a mathematical term, from the stem of the pres. part.

RESUME, to take up again after interruption. (F.—L.) 'I resume, I take again'; Palsgrave.—MF. *resumer*, 'to resume'; Cot.—L. *resumere*, to take again.—L. *re*, again; and *sumere*, to take. See *Assume*. Der. *resum-able*, *resumpt-ion*, formed from L. *resumptio*, which is from the pp. *resumptus*.

RESURRECTION, a rising again from the dead. (F.—L.) ME. *resurreccions*, *resurreccion*; P. Plowman, B. xviii. 425.—OF. *resurrection*, 'a resurrection', Cot.—L. acc. *resurrectionem*, from nom.

resurrectio; cf. *resurrectus*, pp. of *resurgere*, to rise again.—L. *re*, again; and *surgere*, to rise; see *Re* and *Source*.

RESUSCITATE, to revive. (L.) Orig. a pp. as adj., as in: 'our mortal bodies shall be resuscitate'; Bp. Gardner, Exposition, On the Presence, p. 65 (R.). 'Resuscitate from death to life'; Hall, Chron., Hen. VII. an. vii. § 9.—L. *resuscitatus*, pp. of *resuscitare*, to raise up again.—L. *re*, again; and *suscitare*, to raise up, for **sub-citare*, compounded of *sub*, up, under, and *citare*, to summon, rouse. See *Re*, *Sub*, and *Cite*. Der. *resuscitat-ion*; *resuscitat-ive*, from MF. *resuscitativ*, 'resuscitative', Cot.

RET, to steep flax-stems in water. (MDu.) Also *rait*; E. D. D.—Du. *reten*, to ret, break, soak hemp; MDu. *reten*, *reeten*. Cf. Pomeran. *räten*, Swed. *räta*, Norw. *röya*, to ret; Dan. dial. *röde*. Lit. 'to make rotten'; formed by mutation from Teut. **raut-*, second grade of Teut. **reud-an-*, to rot. See *Rotten*.

RETAIL, to sell in small portions. (F.—L.) In Shak. L. L. L. v. 2. 317. Due to the phrase to sell by retail. 'Sell by whole-sale and not by retail'; Hakluyt, Voyages, vol. i. p. 506, l. 34. To sell by retail is to sell by 'the shred', or small portion.—OF. *retaille* (Hatzfeld); MF. *retail*, 'a shred, jarring, or small piece cut from a thing'; Cot.—OF. *retailer*, 'to shred, pare, clip'; id.—F. *re* (=L. *re*), again; and *tailleur*, to cut; see *Re* and *Tailor*. Der. *retail*, sb. (which is really the more orig. word); cf. AF. a retail, by retail; Stat. Realm, l. 178 (1318). Cf. *de-tail*.

RETAIN, to hold back, detain. (F.—L.) In Skelton, Phylip Sparrow, l. 1126. 'Of them that list all uice for to retaine'; Wyatt, Stat. ii. l. 21. Spelt *reteyne* in Palsgrave; *reteyne*, Caxton, Godfrey of Hologne, p. 88, l. 28.—OF. *reteine*, *retien*, as in 1 p. s. pres. of *retenir*, 'to retain, withhold'; Cot.—L. *retinere*, to hold back.—L. *re*, back; and *tenere*, to hold; see *Re* and *Tenable*. Der. *retain-able*; *retain-er*; L. *retinere*, VIII. ii. 4. 113; *retent-ion*, q.v., *retin-ue*, q.v.

RETAILIATE, to repay. (L.) In Blount's Gloss, ed. 1674.—L. *retaliatus*, pp. of *retaliare*, to requite, allied to *talio*, retaliation in kind. Cf. L. *lex talionis*, the law of retaliation. *β*. It is usual to connect these words with L. *talio*, such like; but they are obviously allied to W. *tail*, payment, Irish *taille*, wages, Gael. *tailles*, wages; Corn. *tail*, to pay. Hence *retaliare*=repay. Der. *retaliat-ion*, a coined word; *retaliat-ive*, *retaliat-ory*.

RETARD, to make slow, delay, defer. (F.—L.) In Minshew, ed. 1627, 'To retarder you'; A. D. 1467; Excerpta Historica, p. 187.—MF. *retarder*, 'to foreslow, hinder'; Cot.—L. *retardare*, to delay.—L. *re*, back; and *tardare*, to make slow, from *tardus*, slow. See *Re* and *Tardy*. Der. *retard-at-ion*.

RETCH, **REACH**, to try to vomit. (E.) Sometimes split *reach*, but quite distinct from the ordinary verb to reach. In Todd's Johnson; without an example. 'Reach, to retch, to strive to vomit'; Palsgrave, Gloss. of words used in Manley and Corringham (Lincoln). AS. *hræcan*, to try to vomit; whence: 'Phrisis, wyr-s-hræcing'; Voc. 113. 8; also *hræc-gebræc*, Voc. 112. 30. From AS. *hræca*, spittle, A. S. Leechdoms, ii. 260. + Icel. *hrækja*, to retch; from *hræki*, spittle. Prob. of imitative origia.

RETENTION, power to retain, or act of retaining. (F.—L.) In Shak. Tw. Nt. ii. 4. 99; v. 84.—MF. *retention*, 'a retention'; Cot.—L. *retentionem*, acc. of *retentio*, a retaining; cf. *retentus*, pp. of *retinere*; see *Retain*. Der. *retent-ive*, *retent-ive-ly*, *-ness*.

RETICENT, very silent. (L.) Modern; the sb. *reticence* is in Holland, tr. of Plutarch, p. 841 (R.).—L. *reticent*, stem of pres. part. of *reticere*, to be very silent.—L. *re*, again, hence, very much; and *tacere*, to be silent; see *Re* and *Tacit*. Der. *reticence*, from MF. *reticence*, 'silence', Cot., from L. *reticentia*.

RETICULE, a little bag to be carried in the hand. (F.—L.) Modern; not in Todd's Johnson. Borrowed from F. *reticule*, a net for the hair, a reticule; Littre.—L. *reticulum*, a little net, a reticule; double dimin. (with suffix *-cul-*) from *reti-*, decl. stem of *rete*, a net. Cf. Formerly also *ridicule*, both in F. and E., by confusion with *ridicule* (Littre). Cf. prov. F. *ridicule*, a reticule, dial. of Verdun (Fertault); and Rouchi (Hécart). Der. *reticul-ar*, *reticul-ate*, *reticul-at-ed*; also *reti-ar-y*, i.e. net-like; *reti-form*, in the form of a net; also *reti-na*, q.v.

RETINA, the innermost coating of the eye. (L.) Called 'Retiformis tunica, or Retina', in Phillips, ed. 1706. So called because it resembles a fine network. A coined word; from *reti-*, decl. stem of *rete*, a net; see *Reticule*.

RETINUE, a suite or body of retainers. (F.—L.) ME. *retenuis*, Chaucer, C. T. 2504 (A 2502).—OF. *retenuis*, 'a retinue'; Cot.; fem. of *retenu*, pp. of *retenir*, to retain; see *Retain*.

RETIRE, to retreat, recede, draw back. (F.—L. and Teut.) In Shak. Temp. iv. 161.—OF. *retirer*, 'to retire, withdraw'; Cot.—F. *re*, back; and *tirer*, to draw, pull, pluck, a word of Teut. origia. See *Re* and *Tirade*. Der. *retire-ment*, Meas. for Meas. v. 130, from F. *retirement*, 'a retiring', Cot.

RETORT, a censure returned; a tube used in distillation. (F.—L.) In both senses, it is the same word. The chemical *retort* is so called from its 'twisted' or bent tube; a *retort* is a sharp reply 'twisted' back or returned to an assailant. 'The *retort* courteous; As You Like It, v. 4. 76. 'She wolde *retorte* in me and my mother; Henryson, Test. of Cresseide, st. 41, l. 286.—F. *retorte*, 'a retort, or crooked body,' Cot.; f. m. of *retort*, 'twisted, twined, . . . retorted, violently returned,' id.; pp. of *retordre*, 'to wrest back, retort;' id.—L. *retortore* (pp. *retortus*), to twist back.—L. *re*, back; and *torquere*, to twist; see *Re* and *Torsion*.

RETOUCH, RETRACE; from *Re* and *Touch, Trace*. **RETRACT**, to revoke. (F.—L.) In *Levins*, ed. 1570. [The remark in *Trench*, Study of Words, lect. iii, that the primary meaning is 'to reconsider, is not borne out by the etymology; 'to draw back' is the older sense.]—MF. *retracter*, 'to recant, revoke,' Cot.—L. *retractare*, to retract; frequentative of *retrahere* (pp. *retractus*), to draw back.—L. *re*, back; and *trahere*, to draw; see *Re* and *Trace*. Der. *retract-ion*, from MF. *retraction*, 'a retraction,' Cot.; *retract-ive*, *retract-ive-ly*; also *retract-ile*, i. e. that can be drawn back, a coined word. And see *retract*.

RETREAT, a drawing back, a place of retirement. (F.—L.) Spelt *retrait* in *Levins*. 'Betre is to make a *beau retrait*'—it is better to make a good retreat; (Gower, C. A. iii. 356; bk. viii. 2416.—OF. *retratre* (Littre), later *retraite*, spelt *retraite* in Cotgrave, 'a retreat, a place of refuge; fem. of *retrait*, *retrait*, pp. of *retraire*, 'to withdraw;' Cot.—L. *retrahere*, to draw back; see *Retract*. Der. *retrait*, verb, Milton, P. L. ii. 547.

RETRENCH, to curtail expenses. (F.—L.) In *Phillips*, ed. 1706.—MF. *retrencher*, 'to cut, strike, or chop off, to curtail, diminish;' Cot. Mod. F. *retrencher*.—F. *re* (—L. *re*); back; and OF. *trancher*, 'to cut;' Cot. See *Re* and *Trench*. Der. *retrenchment*, *Phillips*.

RETRIBUTION, requital, reward or punishment. (F.—L.) In *Minshew*, ed. 1627. Spelt *retribucion*, *Caxton*, G. Legend, Pentecost, § 3.—MF. *retribution*, 'a retribution, requital;' Cot.—L. *retribut-iōnem*, acc. of *retribut-iō*, recompense; cf. *retribut-us*, pp. of *retribuere*, to restore, repay.—L. *re*, back; and *tribuere*, to assign, give; see *Re* and *Tribute*. Der. *retribut-ive*.

RETREIVE, to recover, bring back to a former state. (F.—L. and Gk.) 'I *retreive*, I fynde agayne, as houndes do their game, *je retrouuer*; Palgrave. *Levins* has '*retrieve*, *retrouere*;' he must mean the same word. Spelt *retriever*, *Book of St. Albans*, fol. b 4; cf. *retriever*, a retriever (dog), id. fol. h 3, back. Just as in the case of *contrive*, the spelling has been altered; probably *retreive* was meant to represent OF. *retrouve*, a stem of the OF. *retrouver*, later *retrouver*.—F. *retrouver*, 'to find again;' Cot.—F. *re*, again; and *trouver*, to find. See *Contrive* and *Trove*. Thus the successive spellings are *retrouve* (for *retrouve*), *retrieve*, *retrieus*. Der. *retriever*, *retrievable*.

RETRO, backwards, prefix. (L.) or F.—L.) L. *retro*, backwards. A comparative form, with comp. suffix *-trō*, as in *ul-trō*, *ci-trō*, *in-trō*; from *retrō* or *re*, back. Thus the sense is 'more backward.' Cf. *Re*—Goth. *frō* in *frō-prō*, thence; *Brugmann*, ii. § 75.

RETROCESSION, a going back. (L.) A coined word, and not common; see an example in *Richardson*. As a math. term, in *Phillips*, ed. 1706. Formed with suffix *-ion* (—F. *-ion*, L. *-iōnem*) like *retrocession*, pp. of *retrocedere*, to go backwards; see *Retrospect* and *Code*. The classical L. sb. is *retrocessus*.

RETROGRADE, going backwards, from better to worse. (L.) In early astronomical use, with respect to a planet's apparent backward motion. ME. *retrograd*, *Chaucer*, On the Astrolabe, ed. Skeat, pt. ii. § 4, l. 33; § 15, l. 12.—L. *retrogradus*, going backward; used of a planet.—L. *retrograd-i*, to go backward.—L. *retro*, backward; and *grad-i*, to go; see *Retrospect* and *Grade*. Der. *retrograde*, verb, from MF. *retrograder*, 'to recolve, retire,' Cot.; *retrograd-ion*, in Sir T. Browne, *Vulg. Errors*, b. vi. c. 3, last section, as if from L. **retrogressio* (but the classical form is *retrogressus*), like *retrogressus*, pp. of *retrogradi*. Hence *retrogress-ive*, -ly. Also *retrograd-at-ion*, *Holland*, tr. of *Pliny*, b. ii. c. 17, from MF. *retrogradatiō*, 'a retrogradation,' Cot., formed from *retrogradat-us*, pp. of *retrogradare*, collateral form of *retrogradi*.

RETROSPECT, a contemplation of the past. (L.) Used by *Steele* in *The Spectator*, no. 374, § 1. Pope has *retrospective*, adj., *Moral Essays*. Ep. i. l. 99. Swift has *retrospection* (Todd; no reference). 'Retrospect, or *Retrospection*, looking back;' *Phillips*, ed. 1706. Coined from L. *retrospectus*, unused pp. of *retrospicere*, to look back.—L. *retro*, backward; and *specere*, to look; see *Retrospect* and *Spy*.

RETOUSSE, turned up at the end, as a nose. (F.) Modern.—F. *retoussé*, pp. of *retousser*, to turn up; lit. to truss up.—F. *re*, again; and *trousser*, to pack; see *Truss*.

RETURN, to come back to the same place, answer, retort. (F.—L.) ME. *retournen*, *retournen*, *Chaucer*, C. T. 2097 (A 2095); *Rom. of the Rose*, 382, 384.—F. *retourner*, 'to return;' Cot.—F. *re*, back; and *tourner*, to turn; see *Re* and *Turn*. Der. *return*, sb., *King Alisaunder*, l. 600. Der. *return-able*.

REUNION, REUNITE; see *Re* and *Unit*. **REVEAL**, to unveil, make known. (F.—L.) Spelt *revele*, *Spenser*, F. Q. iii. 2. 48.—MF. *revealer*, 'to reveal;' Cot.—L. *revelare*, to unveil, draw back a veil.—L. *re*, back; and *velare*, to veil, from *velum*, a veil; see *Re* and *Veil*. Der. *revel-at-ion*, ME. *revelaciōnem*, Wycliff, *Rom.* xvi. 25, from MF. *revelatiō*, 'a revelation,' Cot., from *revelatiōnem*, acc. of *revelatiō*, allied to *revelātus*, pp. of *revelare*.

REVEILLE, an alarm at break of day. (F.—L.) 'Sound a *reveille*, sound, sound;' *Dryden*, *The Secular Masque*, 61. 'Save where the fire its shrill *reveille* screams;' *Campbell*, *Gertrude*, pt. iii. st. 7. 'So soon love beats *reveille* in her breast;' *Davenant*, *Gondibert*, b. iii. c. 5. st. 1. A trisyllabic word. The true F. word is *réveil*, an awaking, *réveil*, as in *battre le réveil*, sonner le réveil, to beat, to sound the reveille (Hamilton). But the L. word was originally *reveille*; see *Braun's* *Antiq.* ed. Ellis, ii. 176. This was taken as a pl. form, and the final *z* was dropped.—MF. *reveille*, *vous*, awake ye; imper. pl. of *veiller*, to awake, arouse. Cf. MF. *veiller*, 'a hunt-s or morning-song for a new married wife, the day after the marriage.—F. *re* (—L. *re*), again; and OF. *veiller*, to waken (Cot.), from Late L. **vigilare*, not found, but a mere compound of *ex*, out, and *vigilare*, to watch, from *vigil*, wakeful. See *Re*, *Ex*, and *Vigil*. ¶ See the full account in *Notes on E. Etym.*, p. 247. The F. *reveille* is used as a sb., in the F. sense, in the dialect of *Forçs*, near *Lyons* (Graz).

REVEL, to arouse, indulge in boisterous festivities, to frolic. (F.—L.) ME. *revelen*; Poems and Lives of Saints, ed. Furnival, xxx. 6.—OF. *reveler*, to rebel, revolt, also to rejoice noisily, rejoice greatly (Godefroy).—L. *rebellare*, to rebel; see *Rebel*. Der. *revel*, sb., ME. *revel* (= *revel*), *Chaucer*, C. T. 2719 (A 2717), Legend of Good Women, 2255; F. *Plowman*, B. xiii. 442; Will of Palerne, 1053. [On the strength of *Chaucer's* expression, 'And made revel all the long night' (C. T. 2719), *Tyrrwhitt* explained *revel* as 'an entertainment, properly during the night.' This is an attempt at forcing an etymology from F. *reveler*, to wake, which is wrong. In Will of Palerne, 1053, the *revels* are distinctly said to have taken place in the forenoon; and in *Chaucer's* Legend of Good Women, 2255, we read that 'This *revel*, full of song and ful of daunce, lasteth a four-night, or litel lase;' which quite precludes a special reference to the night.]—OF. *revel*, which Godefroy explains by 'rebellion, revolt, pride, also great rejoicing, joy, amusement.' 'Plains est de joie et de *revel*!'—is full of joy and revelry; L. *Vair* *Palmer*, l. 760; *Rocqufort*. 'La douceur de tens novel fait changer ire en *revel*!'—the sweetness of the fresh season changes anger into sport; *Bartsch*, *Chrestomathie*, col. 323, l. 28. Also *reveler*, ME. *revelour*, *Chaucer*, C. T. 4389 (A 4391); *revel-ry*. ¶ Note also ME. *revelous*, full of revelry, full of fest, *Chaucer*, C. T. 12934 (B 1194)—OF. *revelous*, *revelus*, riotous. *Kürting*, § 7826.

REVENGE, to injure in return, avenge. (F.—L.) In *Palgrave*. 'To *revenge* the death of our fathers;' *Berners*, tr. of *Kroissart*, vol. ii. c. 240 (R).—OF. *revengier* (Suppl. to Godefroy, s.v. *revancher*); MF. *revenger* (*Palgrave*), later *revancher*, 'to wreak, or revenge himself,' Cot., who gives the form *revengé* for the pp.; mod. F. *revancher*; whence the phrase *en revanche*, in return, to make amends; by a bettering of the sense.—F. *re*, again; and *venge*, older form *vingier*, to take vengeance, from L. *vincere*. See *Re* and *Vengeance*; also *Avenge*, *Vindicate*. Der. *revenge*, sb., *Spenser*, F. Q. l. 6. 44; *revenge-ful*, *Hamlet*, iii. 1. 126; *revenge-ful*; *revengement*, 1 Hen. IV. iii. 2. 7. Doublet, *revindicate*.

REVENUE, income. (F.—L.) Lit. 'that which comes back or is returned to one.' Often accented *révenue*; Temp. i. 2. 98.—OF. *revenue*, 'revenue, rent;' Cot. Fem. of *revenu*, pp. of *revenir*, to return, come back.—F. *re*, back; and *venir*, to come.—L. *re*, back; and *venire*, to come, cognate with F. *come*. See *Re* and *Come*. **REVERBERATE**, to re-echo, reflect sound. (L.) In *Levins*, ed. 1570.—L. *reverberatus*, pp. of *reverberare*, to beat back.—L. *re*, back; and *verberare*, to beat, from *verber*, a scourge, lash, whip; cf. Gk. *πάβος*, a rod. Der. *reverberat-ion*, ME. *reverberaciōnem*, *Chaucer*, C. T. 7816 (D 2234), from F. *reverberation*, 'a reverberation,' Cot., from L. acc. *reverberatiōnem*. Also *reverberat-or-y*; and *reverber* (a coined word, by contraction), *K. Lear*, i. 1. 156.

REVERE, to venerate, regard with awe. (F.—L.) Not an early word, to *revere* being used instead. In *Blount's* Gloss, ed. 1674.—MF. *reverer* (mod. *révéral*), 'to reverence,' Cot.—L. *revereri*, to revere, stand in awe of.—L. *re*, again (here intensive); and *vereri*, to fear, feel awe (corresponding to the E. phrase to be *scary*, to 1. 2

beware), from the same root as *wary*. See **Re-** and **Wary**. **Der.** *reuer-ence*, in early use, ME. *reuerence*, Rob. of Glouc., p. 553; l. 11547; King Alisaunder, 793; from OF. *reuerence*, 'reverence', Cot. from L. *reuerentia*, respect. Hence *reuerent*, vb., Minshew, ed. 1627; P. Plowman, C. xiv. 248, from OF. *reuerent*, 'to reverence', Cot.; *reuerent-ial*, from MF. *reuerential*, 'reverent', Cot. Also *reuer-ent*, Chaucer, C. T. 8063 (E 187), from OF. *reuerent* (14th cent. see Littre, s.v. *reuerend*), which from L. *reuerendus*, fut. pass. part. of *reuereri*: later form *reuer-end*, Friih's Works, p. 105, col. 2. l. 40.

REVERIE, REVERY, a dreaming, irregular train of thought. (F.—L.?) 'When ideas float in our mind without any reflection or regard of the understanding, it is that which the French call *revery*; our language has scarce a name for it'; Locke, Human Understanding, b. ii. c. 19 (R.). 'In a *reuerie*'; Godfrey of Buloyne, ch. 116; p. 174. AF. *reverye*, raving; Langtoft, li. 168. —F. *rèverie*, formerly *reuerie*, 'a raving, idle talking, dotage, vain fancy, fond imagination'; Cot. —F. *rêver*, formerly *reuer*, 'to rave, dote, speak idly, talk like an ass'; id. B. The F. *rêver* has the same sense as the Lorraine *râver*, whence E. *rave*; see **Rave**. Hence the form *ravery*, raving, rage, as a variant of *revery* (N.E.D.). Kùrtzing, § 7697.

REVERSE, opposite, contrary, having an opposite direction. (F.—L.) The adj. use seems to be the oldest in E.; it precedes the other uses etymologically. ME. *reuers* (= *reuer*). 'A vice *reuers* unto this'—a vice opposite this; Gower, C. A. i. 167; bk. ii. 222. 'At the *reuers* weyn'—say just the contrary; Chaucer, C. T. 14983 (B 167). —OF. *revers*, 'strange, uncouth, cross'; Cot. —L. *reuersus*, lit. turned back, reversed, pp. of *reuertere*, to turn backward, return. —L. *re-*, back; and *uertere*, to turn; see **Re-** and **Verse**. **Der.** *reverse*, verb, Gower, C. A. i. 3; prol. 30; *reverse*, sb., Merry Wives, ii. 3. 27, from F. *revers*, 'a back blow'. Cot. Cf. F. *les revers* de fortune, 'the crosses [reverses] of fortune'; id. Also *revers-ion*, Levins, from MF. *reversion*, 'a reverting', Cot. Hence *revers-ion-ary*. Also *revers-al*, Bacon, Life of Hen. VII, ed. Lumby, p. 15, l. 26; *revers-ible*. And see *revert*.

REVERT, to return, fall back, reverse. (F.—L.) In Spenser, F. Q. iv. 6. 43. Also in Caxton; see gloss. to Encyclos.—MF. *revertir*, 'to revert, return'; Cot. —L. type *reuertere*, for L. *reuertere*, to return; see **Reverse**. **Der.** *revert-ible*.

REVIEW, to view again, look back on, examine carefully. (F.—L.) 'To review, to recognise, or revise'; Minshew, ed. 1627. And see Shak. Sonnet 74; Wint. Tale, iv. 4. 680. From **Re-** and **View**. **Der.** *review*, sb., *review-er*, *review-al*.

REVILE, to calumniate, reproach. (F.—L.) ME. *reulen* (with *u*—*v*). Gower, C. A. iii. 247, bk. vii. 4635; Rob. of Brunne, tr. of Langtoft, p. 161, l. 11. AF. *reviler* (Gower); OF. *reviler*, to revile (Godefroy). —F. *re-* (L. *re-*), again; and F. *vil*, from L. *vilis*, cheap, of small value. Cf. OF. *aviler* (mod. F. *avilir*), 'to disprize, disesteem, imbase, make vile or cheap'; &c.; Cot.; where the prefix is F. *à*, L. *ad*. See **Vile**. **Der.** *revil-er*.

REVISE, to review and amend. (F.—L.) In Minshew, ed. 1627.—MF. *reviser*, to revise; omitted by Cotgrave, but in early use (Littre).—L. *revisere*, to look back on, to revisit.—L. *re-*, again; and *visere*, to survey, frequent. form of *visere* (supine *visum*), to see. See **Re-** and **Vision**. **Der.** *revise*, sb., *revise-able*, *revis-er*; *revis-ion*, from F. *revision*, 'a revision, review', Cot.

REVISIT, to visit again. (F.—L.) In Hamlet, i. 4. 53. From **Re-** and **Visit**.

REVIVE, to return to life, consciousness, or vigour, recover. (F.—L.) In Palgrave; and in K. Lear, iv. 6. 47. 'His spirit revived'; Caxton, G. Legend, Joseph, § 14. Also used actively, as: 'to revive the dead'—to reanimate the dead; Spenser, F. Q. ii. 3. 22.—F. *revivre*, 'to revive, recover, return unto life'; Cot.—L. *revivere*, to live again.—L. *re-*, again; and *vivere*, to live; see **Re-** and **Vivid**. **Der.** *reviv-al*, *revival-ist*, *reviv-er*. Also *reviv-ify*, from *re-* and *vivify*; *reviv-i-fic-al-ion*.

REVOKE, to repeal, recall, reverse. (F.—L.) Levins, ed. 1570, has both *revoke* and *revoque*. 'I *revoke*, je *revoque*'; Palgrave. Spelt *revoke*, Dictes, pr. by Caxton, fol. 24, l. 11.—MF. *revoquer* (omitted by Cotgrave), to revoke; mod. F. *révoquer*—L. *revo-care*, to call back.—L. *re-*, back; and *vocare*, to call. See **Re-** and **Voice**. **Der.** *revo-cation*, from MF. *revocation*, 'a revocation'. Cot., from L. acc. *revocatio-nem*; *revo-cable*, from MF. *revocabile*, 'revokable'; Cot., from L. *revocabilis*; *revo-cable*; *revo-cation*.

REVOLT, a turning away, rebellion. (F.—Ital.—L.) In Shak. Merry Wives, i. 3. 111.—MF. *revolte*, 'a revolt, a rebellion'. Cot.—Mital. *revolta* (mod. *rivolta*), 'a revolt, turning, an overthrow'; Florio. Fem. of *revolto*, 'turned, revolted, overthrowen, overturned'; &c.; Florio. This is the pp. of *revolvere*, 'to revolve, ponder, turne, overwhelme'; id. See **Revolve**. **Der.** *revolt*, verb, K. John, iii.

i. 257, from MF. *revolter*, Mital. *revoltare*; *revolt-er*; *revolt-ing*, *revolt-ingly*.

REVOLVE, to roll round, move round a centre. (L.) 'This meditation by no waie *revolve*'; Test. of Love, b. i. ch. 8, l. 4.—L. *revolvere*, to roll back, revolve.—L. *re-*, back; and *volvere* (pp. *volutus*), to roll. See **Re-** and **Volve**. **Der.** *revolv-er*; *revolut-ion*, ME. *revolucion*, Gower, C. A. ii. 61, bk. iv. 1783, from OF. *revolucion*, from L. acc. *revoluti-onem*, nom. *revolutio*, a revolving, allied to *revolutus*, pp. of *revolvere*. Hence *revolut-ion-ary*, -ise, -ist. And see *revolt*.

REVLUSION, a tearing away, sudden forcing back. (F.—L.) Used by Bacon, Nat. Hist. § 66, to mean the withdrawal of blood from one part to another in the body.—MF. *revulsion*, 'a revulsion, plucking away; also, the drawing or forcing of humours from one part of the body into another'; Cot.—L. *revulsio-nem*, acc. of *revulsio*, a tearing away; cf. *revulsus*, pp. of *revellere*, to pluck back.—L. *re-*, back; and *vellere*, to pluck. **Der.** *revuls-ive*. And see *convulse*.

REWARD, to requite, recompense, give in return. (F.—L. and Tent.) ME. *rewarden*, verb, P. Plowman, B. xi. 129, Wyclif, 11th, xi. 26. Also *reward*, sb., used exactly in the sense of *regard*, of which it is a mere doublet. 'Took *reward* of no man'—paid regard to no one, P. Plowman, C. v. 40; see Chaucer, Legend of Good Women, prol. 399; Hampole, Pricke of Conscience, 1881; Will. of Palerne, 3339.—AF. *rewarder*, Langtoft, l. 176; OF. *rewarder*, the same as *regarder*, to regard (Burguy). —OF. *re-* (= L. *re-*), back; and *warder*, the same as *garder*, a word of Teut. origin. See **Re-gard**, **Guard**, **Ward**. The orig. sense is to mark or heed, as a lord who observes a vassal, and regards him as worthy of honour or punishment; hence, to requite. **Der.** *reward*, sb., (OF. *reward*, the same as *regard*). Not connected with *guardon*, as suggested in Richardson. Doublet, *regard*.

REYNARD, REINARD, a fox. (F.—Tent.) In Dryden, The Cock and the Fox, § 81, 662, 721, 768, 794, 805. 'Hyer [here] begynneth thystorye [the history] of reynard the fox'; Caxton, tr. of Reynard the Fox, A. B. 1481. See the Introductory Sketch to The History of Reynard the Fox, ed. Arber.—MF. *renard*, *regnard* (mod. F. *renard*), 'a fox'; Cot. β. OF. Tent. origin; the famous epic is of Low G. origin, and was composed in Flanders in the 12th century; see the edition, by Herr Ernst Martin, Paderborn, 1874, of Willems, *Gedicht von den vos Reinarde* (poem of the fox Reynard). Thus the E. and F. words are due to the Flemish name *reinaerd* or *reinaert*. This is the same as the OIIG. *reginhart*, used as a Christian name, meaning literally 'strong in counsel', an excellent name for the animal. γ. The OIIG. *regin*, *ragin*, counsel, is the same as Goth. *ragin*, an opinion, judgement, advice, decree. This is not to be connected with L. *regere*, to rule, but with Skt. *rachand*, orderly arrangement, from *rach*, to arrange; see Uhlenbeck. δ. The OIIG. *hart*, strong, lit. hard, is cognate with E. *Hard*, q. v. The OIIG. *reginhart* became later *reinhardt*, a reynard, fox. We also meet with the mod. G. *reinecke*, a fox; this is a dimin. of *Rein-*.

RHAPSODY, a wild, disconnected composition. (F.—L.—Gk.) Ben Jonson uses 'a *rhapsody* of Homer's' to translate *Ilionum carmen*, Horace, Ars Poetica, l. 129. Spelt *rapsodie* in Minshew, ed. 1627.—F. *rapsodie*, 'a rapsodie'; Cot.—L. *rhapsodia*. —Gk. *ῥαψῳδία*, the reciting of epic poetry, a portion of an epic poem recited at a time, also, a rhapsody, tirade. —Gk. *ῥαψῳδός*, one who stitches or strings songs together, a reciter of epic poetry, a bard who recites his own poetry. The term merely means 'one who strings odds or songs together', without any necessary reference to the actual stitching together of leaves.—Gk. *ῥαψ-*, stem of *τείνω*, to stitch, to stitch together, fasten together; and *ῥῶν*, an ode, for which see *Ode*. **Der.** *rhapsodi-c*, Gk. *ῥαψῳδικός*, adj., *rhapsodi-c-al*, *rhapsodi-c-al-ly*; *rhapsodi-st*, sb.

RHETORIC, the art of speaking with propriety and elegance. (F.—L.—Gk.) ME. *retoryke* (4 syllables), Chaucer, C. T. 7908 (E 32). —OF. *rhétorique*, 'rhetoric'; Cot.—L. *rhētorica*, for *rhētorica ars*, i. e. rhetorical art; fem. of *rhētoricus*, rhetorical. —Gk. *ῥητορικὴ*, for *ῥητορικὴ τέχνη*, i. e. rhetorical art; fem. of *ῥητορικός*, rhetorical. —Gk. *ῥητορ-*, decl. stem of *ῥητορ*, an orator. For 'Fip-*trōp*, related by gradation to *εἶπεω* (for 'Fip-*yeu*), to say, of which the pl. t. is *εἶ-πη-κα*. Formed with the suffix *-trōp* (= L. *-tor*) of the agent; the sense being 'speaker'. β. The base of *εἶπεω* is *ἔ-ῥω-ε*, to speak; whence also the E. verb and word; see **Verb**, **Word**. See Curtius, l. 428. **Der.** *rhētoric-al*, -al-ly; *rhētoric-ian*.

RHEUM, discharge from the lungs or nostrils caused by a cold. (F.—L.—Gk.) Frequent in Shak. Meas. iii. i. 31; &c. 'Rheumes and moystures do increase'; Sir T. Elyot, Castel of Helth, b. ii. c. 24. Spelt *reume*, Palgrave.—OF. *reume*, MF. *rhume*, 'a rheume, catarrh'. Cot. (F. *rhume*). —L. *rhēuma*. —Gk. *ῥεύμα* (stem *ῥεῦμα*), a flow, flood, flux, rheum. —Gk. *ῥεῦ-*, occurring in *ῥεῦ-σμός*, fut. t.

of *flow*, which stands for **apfeiv*, the base of the verb being *apew*, to flow, cognate with Skt. *aru*, to flow. — *✓SREU*, to flow; see *Stream*. Brugmann, i. § 462; Fick, i. 837; Curtius, i. 439. Der. *rheum*, Jul. Caesar, ii. 1. 266; *rheumat-ic*, Mids. Nt. Dr. ii. 1. 105, from *L. rheumaticus*, from Gk. *ῥευματικός*, adj.; *rheumat-ic-al*; *rheumat-ism*, from *L. rheumatismus*, from Gk. *ῥευματισμός*, liability to rheum.

RHINOCEROS, a large quadruped. (L.—Gk.) In Shak. Macb. iii. 4. 101. Named from the remarkable horn (sometimes double) on the nose.—*L. rhinoceros* (Pliny).—Gk. *ῥινόκερος*, a rhinoceros, lit. 'nose-horned'.—Gk. *ῥίνο*, decl. stem of *ῥίς* (gen. *ῥίνος*), the nose; and *ῥέπ-ας*, a horn, allied to *E. horn*; see *Horn*. See the description of the *rhinoceros* and *monoceros*, supposed to be different animals, in K. Alsaunders, 6529, 6539; cf. Wright, Popular Treatises on Science, p. 81.

RHIZOME, a root-like stem. (F.—Gk.) Modern; in botany.—*F. rhizome*.—Gk. *ῥίζωμα*, root.—Gk. *ῥίζω*, to cause to take root.—Gk. *ῥίζα*, root; see *Root*.

RHODODENDRON, a genus of plants with evergreen leaves. (L.—Gk.) Lit. 'rose-tree'. In Phillips, ed. 1706.—*L. rhododendron* (Pliny).—Gk. *ῥόδονδρον*, lit. 'rose-tree'.—Gk. *ῥόδον*, for *ῥόδον*, a rose; and *δένδρον*, a tree. *β*. As to *ῥόδον*, see *Rose*. *Δένδρον* appears to be a reduplicated form, connected with *δέν*, a tree, and therefore with *E. tree*; see *Tree*.

RHODOMONTADE; the same as *Rodomontade*, q. v.

RHOMB, **RHOMBUS**, a quadrilateral figure, having all its sides equal, but not all its angles right angles. (F.—L.—Gk.; or L.—Gk.) The *F. form rhomb* is now less common than the *L. form rhombus*; but it appears in Blount's Gloss, ed. 1674, and in Milton, P. R. iii. 309.—*F. rhombe*, 'a spinning wheel; also, a figure that hath equal sides and unequal angles, as a quarry of glass, &c.'; Cot.—*L. rhombus*.—Gk. *ῥόμβος*, anything that may be spun or twirled round, a spinning-wheel; also a rhomb, or rhombus, from a certain likeness to a whirling spindle, when the adjacent angles are very unequal.—Gk. *ῥόμβειν*, to revolve, totter. Allied to *Wrinkle* (Pretwiltz). See also *Rumb*. Der. *rhomb-ic*; *rhomboid*, i. e. rhomb-shaped, from *ῥόμβος*, for *ῥόμβος*, and *-ειδ-ος*, form, shape; *rhomboid-id-al*. Doublet, *rumb*, q. v.

RHUBARB, the name of an edible plant. (F.—Late L.—Gk.) Spelt *reubarbe* by Sir T. Flyot, Castel of Helth, b. iv. c. 1; also *Reubarbarum*, id. b. iii. c. 6; *rubarbe*, Skelton, Magnificence, 2385; *reubarb*, Libell of E. Policy, i. 362.—*OF. reubarbe*, *MF. rheubarbe*, 'reubarb'; Cot. Mod. *F. rhubarbe*. Cf. Ital. *reubarbaro*, *rubarbe*; spelt *reubarbaru* in Florio. The botanical name is *rheum*.—Late L. *rheubarbarum* (= *rheum barbarum*), used by Isidore of Seville (Brachet).—Gk. *ῥῆον ῥαίπαρον*, *rhubarb*; lit. 'the *Rheum* from the barbarian country'. *β*. Gk. *ῥῆον* was an adjectival form, from *ῥῆ*, the Rha-plant, i. e. *reubarb*, which was also called *Rhā Ponticum*; and *Rhā* took its name from the *Rha* or Volga, the name of a river in Pontus. Cf. the Linnæan name *Rheum Rhaponticum*, which is tautologous. 'Huic Rha uicinus est annis, in ejus supercilii quædam vegetabilis clusum nominis gignitur radix, proficiens ad usus multiplices medicularum.' Ammianus Marcellinus, xxii. 8. 28; a passage which Houlard translates by: 'Necere into this is the river Rha, on the sides whereof groweth a comfortable and holson root, so named, good for many uses in physick.' See Taylor's Words and Places, Lewis's Lat. Diet (s. v. *rha*), and Richardson.

RHUMB, the same as *Rumb*, q. v.

RHYME, the same as *Rime* (1), q. v.

RHYTHM, flowing metre, true cadence of verse, harmony. (F.—L.—Gk.) Formerly spelt *rhyme*, as in Minshew, ed. 1627.—*F. rhyme*, 'rime, or meter'; Cot.—*L. rhythmus*, acc. of *rhythmus*.—Gk. *ῥυθμός*, measured motion, time, measure, proportion; Ionic form, *ῥυθμός*. Cf. Gk. *ῥυθμός*, a stream, *ῥυθμός*, a stream, *ῥυθμός*, flowing; all from the base *ῥυ-*; cf. *ῥέω* (for **apfeiv*), to flow.—*✓SREU*, to flow; see *Rheum*. Brugmann, ii. § 72, iii. § 691. ¶ See also *Rime* (1). Der. *rhythm-ic*, Gk. *ῥυθμικός*; *rhythm-ic-al*.

RIATA, see *Reata*.

RIB, one of the bones from the back-bone encircling the chest. (E.) *ME. ribbe*, Rob. of Glouc., p. 22, l. 518; P. Plowman, B. vi. 180. *AS. ribb*, Gen. ii. 21.—*✓Du. rib*; Icel. *riþ*; Swed. *ref-been*, a rib-bone; Dan. *rib-been*; Pomeran. *ribbe*; OHG. *rippi*, *G. rippe*.—*✓Russ. ribbo*. *β*. The *AS. ribb* answers to a Teut. type **reb-jom*, neut. Perhaps allied to *G. reb-a*, a tendril; from the notion of winding round (Kluge). Cf. OHG. *hirni-reba*, the brain-pan, skull. Der. *rib*, verb; *rib-ning*; *spare-rib*; *rib-wort*, Palgrave, a plantain, called simply *ribbe* (rib) in *AS.*; see A. S. Leechdoms, Glossary.

RIBALD, a low, licentious fellow. (F.—Teut.) *ME. ribald*, but almost always spelt *ribaud*, P. Plowman, B. xvi. 151, v. 512; King Alsaunders, 1578; *ribauz*, O. Eng. Homilies, ed. Morris, i. 279, last line but one.—*OF. ribald*, *ribaud* (*ribaud* in Cot.), a ribald,

ruffian; mod. *F. ribaut*. The Late L. form is *ribaldus*; see Ducange. And see a long note in Polit. Songs, ed. Wright, 1839, p. 369. We also find Late L. *ribalda*, fem., a prostitute. *β*. The suffix *-ald* shows the word to be Teutonic; it answers to OHG. *walt*, power, and was (1) a common suffix in Frankish proper names, and (2) a common suffix in *F. words*, where it is used as a masc. termination denoting character, and commonly has a depreciatory sense, as in the present instance. *γ*. Diez connects *ribald* with OHG. *hrīpā*, MHG. *ribe*, a prostitute, and cites from Matthew Paris: 'fures, exules, fugitivi, excommunicati, quos omnes ribaldos Francia uulgariter consuevit appellare.' Hence also *OF. ribet*, to be wanton; which fully explains the sense. Cf. Kötting, § 4019. Der. *ribaldry*, *ME. ribaldrie*, commonly written *ribaudie*, P. Plowman, C. vii. 435.

RIBAND, **RIBBAND**, **RIBBON**, a narrow strip, esp. of silk. (F.) Spelt *riband* from a fancied connexion with *band*, with which it may possibly be connected; also *ribband*, Spenser, F. Q. iv. 10. 8. But the *d* is excrement and is not always found in the *ME.* period, though occurring in the Prompt. Parv. *ME. riban*, P. Plowman, B. ii. 16; 'with ribanes of red golde' = with golden threads. 'Raggis ribaned with gold' = rags adorned with gold thread; Rom. of the Rose, 4752. Again, in Rom. of the Rose, 1077, Riches wears a purple robe, adorned with *orffris* (gold-embroidery) and *ribaninges*. [Irish *ribin*, a ribbon; *ribe*, a flake, a clout, a ribbon; Gael. *ribean*, a riband, fillet, *rib*, *ribe*, a hair, rag, tatter, gin, snare, whence also *ribeng*, a hair, little hair, small rag, tassell, fringe, bunch of anything hairy; *W. rhīn*, a streak, *rhīb*, a streak, are all from *ME. riban*.] *β*. From *F. ruban*, spelt *riban* in 1394 (Supp. to Godefroy), *ruben* in Cotgrave, *rubant* in Palgrave. The form *riban* occurs also in mod. Prov., and in the Norman and Guernsey dialects (Mistral, Moisy, Métivier). Ducange also gives the form *reband*; see Voc. 792. 20. *γ*. The suffix seems to be *Du.* and *G. band*, a band; see *Band* (1). The *ri-* or *re-* perhaps occurs in *EFFries. rif-band*, *ref-band*, a reef-band (Koolman). The old sense of *reuf* (in a sail) was 'strip'; cf. MSwed. *riþ*, 'fascia'; Swed. dial. *reuf*, Norw. *reiv*, a swaddling-band, lit. 'strip'.

RIBIBE, the same as *Rebook*, q. v.

RICE, a kind of edible grain. (F.—Ital.—L.—Gk.—Opsers.) In Shak. Wint. Tale, iv. 3. 41; spelt *riz* in Bacon, Nat. Hist. § 49; *rice* in Levinus; *ryce* in Palgrave. *ME. ryz*, Mandeville, ch. 31, p. 310.—*OF. ris*, 'rice'; Cot.; mod. *F. riz*.—*Ital. riso*.—*Lat. oryza*, rice.—Gk. *ῥυζα*, also *ῥυζον*, rice; both the plant and grain. *β*. Doubtless borrowed from an *OPers.* form, preserved in the Pushto (Afghan) *wirizey*, *wiriz*, rice (Ravery). Hence also Arab. *uruzz*, *ruzz*, whence Span. *arroz*, rice. Allied forms are Pers. *birinj*, Armenian *brinj*, rice; Skt. *vrīhi*, rice. (Horn, § 208; Yule.)

RICH, wealthy, abounding in possessions. (E.) *ME. riche* (12th cent.), O. Eng. Homilies, i. 53, l. 10; Ancrer Riwle, p. 66; Layamon, 128. (Not borrowed from *F.*, but an *E. word*.) *AS. rice*, rich, powerful; Luke, i. 52; Mark, x. 25. The change from final *c* to *ch* is just as in *Norwich* from *Norwīc*, *pitch* from *AS. pic*, &c.; see Mätzner, i. 145.—*✓Du. rijck*; Icel. *riki*; Swed. *rik*; Dan. *rig*; Goth. *reiks*; *G. reich*. *β*. All from a Teut. type **rikjos*, lit. powerful, ruling; from the base **rik-* as seen in Goth. *reiks*, a ruler. This is cognate with the Celtic base **rig-*, as in Gaulish *rix*, a king (cf. OIrish *ri* (gen. *rig*), a king, *W. rhi*, a chief); unless the Teut. *reiks* is merely borrowed from the Celtic *rix* (for **rēx*); as Uhlenbeck suggests. All from the *✓REC*, to rule; see *Regent*. Brugmann, i. §§ 135, 549 c. ¶ The fact that the word *might* have come into the language from *F. riche*, which is from MHG. *riche* (*G. reich*), does not do away with the fact that it has always existed in our language. But the deriv. *riches* is really of *F. origin*; see *Riches*. Der. *richly*, *AS. riclic*, Luke, xvi. 19; *richness*, *ME. richnesse*, Rob. of Brunne, tr. of Langtoft, p. 155, l. 14. Also *rich* in *bishop-ric*, where *-ric* = *AS. rice*, a kingdom, dominion; cf. Icel. *riki*, Goth. *reiki*, *G. reich*, sb., dominion, allied to *L. reg-nam* and *E. realm*.

RICHES, wealth. (F.—OHG.) Now often regarded as a pl. sb. Shak. has it as a pl. sb., Timon, iv. 2. 32, Per. i. 1. 52; but usually as a sing. sb., Oth. ii. 1. 83, iii. 3. 173, Sonnet 87. *ME. richesse*, a sing. sb.; 'Mykel was the richesse', Rob. of Brunne, tr. of Langtoft, p. 30, l. 24. The pl. is *richesses*, Ayenbite of Inwyt, p. 24, l. 21; Ancrer Riwle, p. 168, l. 13. The word first appears (spelt *riches*) in Layamon, 8091.—*F. richesse*, 'riches, wealth' (Cot). Formed with suffix *-esse* (cf. Port. and Span. *riqu-eza*, Ital. *ricch-ezza*) from the adj. *rich*, rich.—MHG. *riche*, OHG. *rihhi* (*G. reich*), rich; cognate with *E. Rich*, q. v.

RICK, a heap or pile of hay or wheat. (E.) The mod. *E. rick* is from *AS. hryce*, as in *corn-hryce*, a corn-rick; *Elfric's* Hom. ii. 178. It also occurs as *reek*. *ME. reek*, Prompt. Parv. p. 428, col. 1, last line; *AS. hrēac*, to translate *L. aceruus*, a heap; Voc. 313. 3.—*✓Icel. hrakur*, a rick, small stack. Teut. types **hrak-jon*, **hrakoz*, m. Cf. OIrish *crnach*, a heap; and see *Ridge*. Brugmann, i.

§ 637. Doublet, prov. E. *ruck*, a heap, the Scand. form; see *Ruck* (2).

RICKETS, a disease of children, accompanied with softness of the bones and great weakness. (E.) The name was first given to this disease, about 1620, by the country-people in Dorsetshire and Somersetshire. This we learn from a treatise by Dr. Glisson, De Rachitide, cap. 1. He used the form *rachitis* (it should have been *rachitis*) to denote the fact that it is sometimes accompanied by spinal disease, or, in Greek, *ῥαχίς*, founded on Gk. *ῥαχίς*, the spine. This was easily confused with the prov. E. *rick*, *wrick*, to sprain, twist, wrench; whence the form *rickets*. 'Cavil 7. Hospitals generally have the *rickets*. . . Answer. Surely there is some other cure for a *ricketish* body than to kill it;' Fuller, Worthies of England, 1662; repr. 1840, vol. i. p. 47. A still earlier notice of *rickets* is in Fuller, Meditations on the Times (first pub. 1647), xx. p. 163, in Good Thoughts, &c., Oxford, 1810; see N. and Q. 6 S. ii. 219. The prov. E. '*rickety* (unsteady) table' is well known. β. Formed, with pl. suffix *-ets*, from E. *wrick*, ME. *wriken*, to twist, used in the phr. 'to *wrick* (i.e. to twist) one's ankle.' Thus the word denotes a disease accompanied by distortion. 'The duell *wricked* her and ther,' i.e. the devil (when seized by St. Dunstan) twisted hither and thither; Spec. of Eng., ed. Morris and Skeat, p. 22, l. 82. Allied to AS. *wringan*, to wring; see *Wring*. † Du. *wriken*, to stir to and fro; *de bank wrikt nog*, 'the bench stands totteringly still' (i.e. is rickety); Sewel. See *Wriggle*.

RICOCHET, the rebound of a cannon-ball fired at a slight elevation. (F.—Prov.—L.) Not in Todd's Johnson.—F. *ricochet*, 'the sport of skimming a thin stone on the water, called a Duck and a Drake'; Cot. Rabelais (Pantagruel, iii. 10) has *chanson du ricochet*, which Cot. explains: 'an idle or endless tale or song'; and Hatzfeld as 'a song with much repetition.' Littré quotes from a writer of the 15th century: 'Mais que il cele je cederai, et semblablement respond l'autre, et ainsi est la fable du ricochet.' β. There is also a F. verb *ricocher*, to ricochet, make ducks and drakes; and Scheler and Littré derive *ricochet* from *ricocher*. But Hatzfeld says that the derivation runs the other way. γ. However, mod. Prov. has the F. sb. *ricoucher*, and the vb. *ricoucher*, *recoucher*, to skip, to repeat; from L. *re-* and *prov. couca*, *couca*, to tread upon, from L. *calcāre*; and, as L. *recalcāre* means to tread upon again, to retrace, and also to repeat, the sense of 'repetition' is easily explained from the L. source. Thus *ricocher* is from Prov. *ricouca*; cf. MF. *caucher*, to tread (L. *calcāre*). Der. *ricochet*, verb.

RID (1), to free, deliver. (E.) ME. *ridden*, to separate two combatants, Gawain and the Green Knight, 2246; also to deliver, O. Eng. Homilies, l. 273; also spelt *redde*, id. ii. 19, l. 20. (*Rid* stands for *red*, and that for *herd*). AS. *hrædan*, to snatch away, deliver; Grein, ii. 101. † OFriesic *hrædan*; Du. *redden*; Dan. *redde*; Swed. *rädda*; G. *reiten*. Teut. type **hrad-jan*, a causal form. Cf. Skt. *grath*, to untie, loose. Der. *ridden*, Spenser, Daphniaida, 364; a hybrid word, with F. suffix *-ance* (L. *-antia*).

RID (2), to clear, esp. land. (Scand.) Prov. E. *rid*, to remove litter, to grub up. ME. *ruden* (pt. *rid*). 'The schal *ruden* thine weie to-for the', who shall clear thy way before thee; O. E. Homilies, ii. 133.—Icel. *ryðja*, to rid, to clear out; Dan. *rydde*, to clear, grub up land. EFries. and Low G. *rüden*. Teut. type **rud-jan*; from **rud-*, weak grade of **reud-an-* (G. *reuten*), to clear out. Confused with *Rid* (1).

RIDDLE (1), a puzzling question, enigma. (E.) The word has lost a final *s*, and stands for *riddles*, with a plural *-dles-es*, if it were rightly formed. The loss of *s* was easy and natural, as it must have appeared like the sign of the plural number. ME. *redels*; we find F. *un devinal* explained by *a redels* in Wright's Vocab. i. 160. 'The kynge putt forth a *rydels*, other MSS. *redels*.' Trevisa, iii. 181; and see P. Plozman, B. xiii. 184. AS. *ræðels*, also *ræðelsa*, pl. *ræðelsan*, Alfred, tr. of Boethius, c. xxvii. § 3 (bk. iii. pr. 4), c. xxxv. § 5 (bk. iii. pr. 12), where it means 'ambiguity.' The pl. *ræðelsas* also occurs, Numb. xii. 8, where the A. V. has 'dark speeches.' The lit. sense is 'something requiring explanation.' Formed with suffixes *-el-s* (for *-al-s*) from AS. *ræð-an*, to read, interpret; we still use the phr. 'to read a riddle.' See *Read*. † Du. *raadsel* (for **raad-s-lo-*), from *raden*, to counsel, to guess; G. *räthsel* (for **raath-s-lo-*), from *rathen*. Also O. Low G. *rüðslo* (Gallée). Der. *riddle*, verb.

RIDDLE (2), a large sieve. (F.) For *hridelle*, by loss of initial *h*. ME. *ridil*, Prompt. Parv. p. 433. The suffixes *-il* (or *-el*) and *-er* being of equal force, we find the corresponding word in the AS. *hriddar*, a vessel for winnowing corn; Voc. 141. 12; older form *hrider*. Voc. 1. 12. Cognate forms appear in Irish *creathair*, Gael. *criathar*, Corn. *criader*, L. *cribrum*, a sieve. Lit. sense 'separator.' All from the Idg. √*QREI*, to separate; cf. Gk. *κρίνω*. See *Critic*. Der. *riddle*, verb; cf. AS. *hridan*, to sift, Luke xxii. 31. **RIDE**, to be borne along, esp. on a horse. (E.) ME. *ryden*, pt. t.

rood, pp. *riden* (with short *i*); Chaucer, C. T. 94, 169, &c. AS. *ridan*, pt. t. *rið*, pp. *riden*, Grein, ii. 378. † Du. *riden*; Icel. *riða*; Dan. *ride*; Swed. *rida*; G. *reiten*; OHG. *riān*. Teut. type **reid-an-*. Cf. also Old Irish *riad-am*, I drive, ride; also L. *redda* (a Celtic word), a four-wheeled carriage. From √*REIDH*. Brugmann, i. § 210. Der. *ride*, sb., *rid-er*, *riding*; also *bed-ridden*, q. v., *raid*, q. v., *ready*, q. v., *road*, q. v. And see *Palfrey*.

RIDGE, anything resembling the top of a quadruped's back, an extended protuberance. (E.) ME. *rigge*, a back, esp. a quadruped's back, King Allansunder, 5722; in whence mod. E. *ridge*. The Northern form is *rig*. We find 'upon his *rig*' = upon his back, Havelok, 1755. We also find *rig*, Ancien Riwle, p. 264; pl. *rugges*, Layamon, 540. The double form is due to the AS. γ. AS. *rygg*, the back of a man or beast; Grein, ii. 109. † Du. *rug*, back, ridge; Dan. *ryg*; Swed. *rygg*; Icel. *hrygg*; G. *rücken*; OHG. *hrukki*. The Teut. type answering to AS. *rygg* is **hrug-joz*, m. Cf. Old Irish *crocenn*, (1) hide, (2) the back; Skt. *krañch*, to be crooked. Der. *ridge-y*. Doublet, *rig* (3).

RIDICULOUS, laughable, droll. (L.) In Shak. Temp. ii. 2. 169. Englished (by the common change from *-us* to *-ous*) from L. *ridiculus*, laughable.—L. *ridere*, to laugh; see *Risible*. Der. *ridiculous-ly*, *-ness*. Also *ridicule*, orig. *ridicle*, as in Foxe, Acts and Monuments, pp. 132, 747 (R.), from L. *ridiculum*, a jest, neut. of *ridiculus*, but changed to *ridicule* by confusion with F. *ridicule*, *ridiculous*, which is not a sb. but an adj.

RIDING, one of the three divisions of the county of York. (Scand.) For *thriding*; the loss of the *th* being due to the misdivision of the compound word *North-thriding*; cf. *East-thriding*, and *West-thriding*. Blackstone explains the *thridings*; Comment; Intro. § 4. And note that the word *thriding* was Latinised as *tridingum*, Iliber Customarum, p. 353. Cf. *Estriding* (for *Est-triding*) in Birch, Cartul. Saxon. iii. 676.—Icel. *þrjúgub.* (the third part of a thing, the third part of a shire; see *Clearly* and *Vigfusson*).—Icel. *þrði*, third, cognate with E. *Third*, q. v. Cf. Norweg. *tridjning*, a third part, from *tride*, third; Aasen.

RIFE, abundant, prevalent. (Scand.) ME. *rif* (with long *i*), also *rife*, *rive*, *ryfe*, *ryne*; adv. *rive*, *ryne*. 'þere was sorwe *rive*' = there was abundant sorrow, Will. of Palerne, 5414. 'ðalu per wes *rive*' = evil was abundant there; Layamon, 20070. Late AS. *rife*, Leechdoms, iii. 164.—Icel. *rifur*, munificent, abundant; cf. *ryfiger*, large, munificent; MSwed. *rif*, *rife*. β. Allied to MDu. *rijf*, *ryne*, 'abundant, copious, or large, Hexham; Low G. *rive*, abundant, munificent, extravagant. Cf. Icel. *reifa*, to bestow, *reifr*, a giver; *reifr*, glad. Der. *rise-ly*, *rise-ness*.

RIFE-RAFF, refuse, rubbish, the off-scourings of the populace. (F.—Teut.) 'Iñces and circles, and triangles, and rhombus, and rifferaffe'; Gosson, School of Abuse, 1579, ed. Arber, p. 49, l. 26. Due to ME. *rif* and *raf*, several of parallel, things of small value. 'The Sarazins, ilk man, he slough, alle *rif* and *raf*' = He slew the Saracens, every man of them, every particle of them; Rob. of Brunne, tr. of Langtoft, p. 151. And again: 'That neither he no hise sild chaluange *rif* no *raf*' = That neither he nor his should claim a single bit of it; id. p. 111, l. 2.—F. *rif* et *raf*; as, 'Il ne luy lairra *rif* ny *raf*, he will strip him of all'; Cot. Cf. Walloon *rif*, *raf*; WFlem. *rifraf*. So also: 'On n'y a laissé ne *rife*, ne *rafte*, they have swept all away, they have left no manner of thing behind them;' id. The lit. sense of *rif* is 'a piece of plunder of small value'; it is closely related to F. *rifler*, 'to rifle, ransack, spoil, make havoc or clean work, sweep all away before him;' id. So also MF. *raffier*, 'to rifle, ravage, to sweep all away,' id. The connected E. words are *Rifle* (1) and *Raffle*, q. v. Cf. Ital. *raffola*, *ruffola*, 'by raffraffe, by hooke or crooke, by pinching or scraping;' Florio.

RIFLE (1), to carry off as plunder, spoil, strip, rob. (F.—Teut.) ME. *riften*, P. Plozman, B. v. 234.—OF. and MF. *rifler*, 'to rifle, ransack, spoil, make havoc,' Cot. Norm. dial. *rifler* (Duméril). A word prob. due to the Norse *seking*. Formed as a frequentative from Icel. *hrifa*, to catch, to grapple, seize, *rija* (usu. spelt *hrifa*), to pull up, scratch, grasp; related to which are *hrifsa*, to rob, pillage, *hrifs*, sb., plunder. ¶ The F. *rifler* (from Icel. *hrifa*) and *raffier* (from G. *raffen*) were not connected in the first instance, but the similarity of sound drew them together, as recorded in the E. *riff-raff*, q. v. Der. *rifle-er*.

RIFLE (2), a musket with a barrel spirally grooved to give the bullet a rotary motion. (Low G.) A modern word; *rifle* and *rifler* appear in Todd's Johnson, ed. 1827. 'Rifed arms were known on the continent about the middle of the 17th century; they do not appear to have been introduced into the British service till the time of the American revolutionary war;' Engl. Cycl. β. The sb. *rifle* is a short form for *rifled gun*, and is due to the technical word *rifle*, to groove; particularly, to groove in a spiral manner.—Low G. *riefeln*, EFries. *riffeln*, to furrow, chamfer; EFries. *riffel*, a groove; cf. Dau.

rife, to rifle, *rife*, a groove; *Swed. rēffa*, to rifle; cf. *refellbössa*, a rifled gun.—Low G. (E.Fries.) *rifen*, to scratch; *Swed. rīfa*, to scratch, tear, grate, grind; *Icel. rīfa*, to rive; see *Rive*. So also G. *rīfe*, a furrow, *rīfen*, to rife (from Low G.). ¶ The AS. *gerifian* does not correspond to E. *rife*, but to the old verb *rīsel*, to wrinkle; see *Rivel*. It is, however, a related word. Der. *rīst*—man.

RIFT, a fissure. (Scand.) In Spenser, *F. Q. i. 2. 30*. ME. *rīft*, Rom. of the Rose, 2661; *rīfte*, Prompt. Parv. p. 433.—Dan. *rīft*, a rift, rent, crevice, from *rīn*, to rive; Norw. *rīft*, a rift; Icel. *rīft*, a breach of contract, from *rīfa*, to rive. Cf. *Swed. rēfa*, a rift, strip, cleft, gap; from *Swed. rīfa*, to tear, rive. See *Rive*. Der. *rīft*, verb, Temp. v. 45, spelt *rīft* in Palsgrave.

RIG (1), to fit up a ship with tackle. (Scand.—Low G.) Also to dress up a person, but this is the jocular use of the word, and not the old sense, as supposed by Johnson. In Shak., only in the nautical sense; Temp. i. 2. 146, v. 224, &c. 'High rigged ships;' Surrey, tr. of Virgil, iv. 525; L. text, *calas naues*, *Ant.* iv. 397. 'I rigge a shyppe, I make it redye;' Palsgrave. Of Scand. origin; the traces of the word are slight.—Norweg. *rigga*, to bind up, wrap round; in some districts, to rig a ship; *rigg*, sb., rigging of a ship; Aasen. Cf. *Swed. dial. rigga* *fd*, to harness a horse, put harness on him. Allied to Pomeran. *Rigen*, Westphal. *riggen*, to tack together; Du. *rijgen*, to tack together, reef sails, from *rij*, a row; *i. reihen*, to tack together, to arrange, from *reihe*, a row. Cf. Low G. *rige*, a row, rank, arrangement. See *Row* (1). Der. *rig*, sb., *rigging*.

RIG (2), a frolic, prank. (E.?) Of running such a rig; Cowper, John Gilpin. 'Rig, a frolic;' Halliwell. *Riggish*, wanton; Shak. Antony, ii. 2. 245. The verb *rigge*, to be wanton, occurs in Levins, con. 119, l. 6. Certainly connected with *Wriggle*. Cf. Norw. *rigga*, to rock; E.Fries. *wriggen*, to wriggle; Du. *wrikken*, to stir to and fro, *wriggelen*, to wriggle. And see *Rikoketa*.

RIG (3), a ridge. (E.) 'Among the rigs o' barley;' Burns. ME. (Northern) *rig*, a ridge; see *Ridge*.

RIGADOON, a lively dance for a single couple. (F.—Prov.) 'Irish jig, and ancient rigadoun;' Byron, *The Waltz*, 110. In Bailey (1735).—F. *rigaudon*, *rigodon*; spelt *rigodon* in 1696 (Hatzfeld). Said to be from *Rigaud*, the name of a dancing-master (Hatzfeld). *Rigaud* is a Prov. name, and Mistral, s.v. *Rigaudoun*, a rigadoun, says that Rigaud, the dancing-master, lived at Marseilles, and that the dance was prohibited by the parliament of Provence in 1664 (April 3).

RIGHT, erect, straight, correct, true, just, proper, exact. (E.) ME. *right*, Wyclif, Matt. iii. 3; &c. AS. *riht*, adj., Grein, ii. 378, + Du. *reht*; Icel. *reitr* (for *reht*); Dan. *ret*; Swed. *rät*; G. *recht*, OHG. *reht*; Goth. *rahts*. β. All from Teut. type **rehtaz*, ldg. type **rehtas*, i. 2. *rehtus*. Cf. also W. *raith*, sb., right, Olrish *reht*, law. The ldg. **rehtas* is for **reg-tos*, from **REG-*, to rule. See *Regent*. See *Rectitude*. Der. *right*, adv., AS. *rihte*; *right*, sb., AS. *riht*; *right-ly*, *right-ness*, AS. *rihtnes*; *right*, verb, AS. *rihtan*; *right-ful*, P. Ploverman, R. prol. 127; *right-ful*, *right-ful-ness*. Also *right-ous*, well known to be a corruption of ME. *rightwis*, Pricke of Conscience, 9154; AS. *rihtwis*, Grein, ii. 381, a compound of *riht* and *wis* = wise, i.e. wise as to what is right. Palsgrave has the curious intermediate form *ryghtuous*. Hence *right-ous-ly*, AS. *rihtwislice* (Grein); *right-ous-ness*, ME. *rightwisness*, Wyclif, Matt. vi. 1, Luke, i. 75, AS. *rihtwisnes* (Grein). From the same root are *rect-i-tude*, *rect-i-ty*, *rect-or*, *rect-angle*, *rect-i-linear*, as well as *reg-al*, *reg-ent*, &c.; also *cor-rect*, *di-rect*, *e-rect*. Also *regent*.

RIGID, stiff, severe, strict. (L.) In Ben Jonson, Epistle to a Friend, Underwoods, lv. 17.—L. *rigidus*, stiff.—L. *rigere*, to be stiff. Brugmann, i. § 75. Der. *rigid-ly*, *ness*, *rigid-i-ty*. Also *rig-or*, Chaucer, C. T. 11087 (F 775), from OF. *rigour* (mod. F. *rigueur*) < L. *rigorem*, acc. of *rigor*, harshness; *rigor-ous*, Cor. iii. 1. 267, from F. *rigoureux*, 'rigorous,' Cot.; *rigor-ous-ly*, *ness*.

RIGMAROLE, a long unintelligible story. (Hybrid: E. and F.—L.) The word is certainly a corruption of *ragman-roll*, once a very common expression for a long list of names, hence a long unconnected story. See my note to P. Ploverman, C. i. 73, where it occurs as *rageman*; *Anecdota Literaria*, by T. Wright, 1844, p. 83, where a poem called *Ragman-roll* is printed; Wright's *Homages of Other Days*, p. 247; Jamieson's Dict., where we learn that the Scottish nobles gave the name of *ragman-rolls* to the collection of deeds by which they were constrained to subscribe allegiance to Edw. I. A. D. 1296; Towneley Mysteries, p. 311, where a catalogue of sins is called a *rolle of ragman*; Skelton, *Garl. of Laurell*, l. 1490, and Dyce's note; P. Ploverman's *Credle*, l. 180; Cowell's *Law Dict.*, and Todd's Johnson, s.v. *rigmarole*. Also the long note on *ragman-roll* in Halliwell. β. The precise meaning of *ragman* (oldest spelling *rageman*, but apparently with hard *g*) is not known. It first occurs as 'the name given to a statute of Edw. I. (appointing justices to hear and determine complaints of injuries done within 25

years previous), and to certain articles of inquisition associated with proceedings of *Quo Warranto* under this statute;' N. E. D., q.v. We also find *ragman* used to mean the devil; see P. Ploverman, C. xix. 122, and the note. γ. The word *roll* is F.; see *Roll*. With *ragman* we may perhaps compare Icel. *ragmanni*, a craven person, coward, *ragmennaka*, cowardice; from Icel. *ragr*, a coward, and *maðr* (= *mannr*), a man. Cf. *Swed. raggen*, the devil; Rietz cites ON. *ragvattr*, an evil spirit, lit. 'a cowardly wight,' where *vattr* is our E. *wight* = G. *wicht* in *böswicht*, a bad spirit. ¶ To call a person *ragr* was to offer him the greatest possible insult. ¶ The word *roll* was sometimes pronounced *row* (see Jamieson); hence we find in Levins, ed. 1570: '*Ragmanrow*, series,' where *row* = *row*.

RIGOL, a circlet. (Ital.—G.) In Shak. 2 Hen. IV. iv. 5. 36.—Ital. *rigolo*, 'a little wheel under a sledge;' Torriano. Dimin. from Ital. *riga*, *riga*, a line.—OHG. *riga*, a line, also, a circumference of a circle (G. *reihe*). Allied to E. *row*; see *Row* (1). See Notes on E. Etym., p. 249.

RILE, to vex; see *Roll*.

RILL, a streamlet, small brook. (Low G.) 'The bourns, the brooks, the becks, the rills, the rivulets;' Drayton, Polyolbion, Song i. 78. (He also has the dimin. *rill-let* in the same Song, l. 264.)—Low G. *rille*, used in the sense of a small channel made by rain-water running off meadows, also, a rill; see Bremen Wörterbuch. So also E.Fries. and Dan. dial. *rille*, a streamlet. β. *Rille* would appear to be a contraction from Teut. **ridela*, a dimin. of AS. *ride* or *ribe*, a stream, a common word; cognate with O. Low G. *ride*, a water-course, N.Fries. *ride* or *ride*, a stream or rill. γ. The AS. *i* in *ride* was probably long, as there are numerous streams in N. Germany with the name *reide* (Leo); and Halliwell gives South E. *rihte*, a small stream. Robin (p. 432) gives the Norm. dialect *rihle*, *rille*, as the name of a small stream, which appears in old charters as *Ridula*, *Risila*, *Risla*. See my Notes on E. Etym., p. 249. Cf. L. *ri-us*, a stream. Der. *rill-let*, *rill*, verb.

RIM, a border, edge, verge. (E.) 1. ME. *rim*, *rym*. 'Rym of a whele;' Prompt. Parv. AS. *rima*, rim; in the comp. *id-rima*, seashore, lit. sea-rim; A. S. Chron. an. 897; see Sweet, A. S. Reader. Cf. W. *rhim*, *rhimp*, *rhymyn*, a rim, edge. + Icel. *rimi*, a strip of land. Perhaps allied to G. *rand*, a rim, and to Hind. (Kluge). Brugmann, i. § 421. 2. We also find *rim* used in the sense of peritonium or inner membrane of the belly, as in Shak. 1 Hen. V. iv. 4. 15; and see Pricke of Conscience, l. 520, Sir Gawain and the Green Knight, 1343; the sense may be 'border,' hence envelope or integument. Cf. E.Fries. *rim*, rim, margin, border.

RIME (1), verse, poetry; the correspondence of sounds at the ends of verses. (F.—L.—Gk.) Usually spelt *rhyme*, by confusion with *rhythm*, which is a later form of the same word. But the ME. form was *rime*; and I have not found an instance of the spelling *rhyme* before A. D. 1550; or hardly so soon. Dr. Schmidt omits to state that the first folio of Shak. has the spelling *rime*, Two Gent. of Verona, iii. 2. 69, Merry Wives, v. 5. 95, L. L. L. i. 2. 190; &c. It is *rime* in Minshew, ed. 1627, and in Cotgrave; *ryme* in Palsgrave. ME. *rime*, *ryme*, Chaucer, C. T. 13639 (B 1899).—OF. *rime*, F. *rime*, found in the 12th cent. (Hatzfeld). From L. acc. *rhythmus*, which became fem.; from nom. *rhythmus*.—Gk. *ῥυθμός*, measured motion, time, measure; see *Rhythm*. From the same classical source was derived MHG. *rim*, in the sense of verse; which is quite a distinct word from OHG. *rim*, a number, cognate with AS. *rim*, number, which is of true Teutonic origin, and cognate with W. *rhif*, number. The OF. *rime*, in very early use, was the source of Ital., Span., Port. *rime*; and even of Du. *rijm*, G. *reim*, Icel. *rima*. Der. *rime*, verb (usually *rhyme*), ME. *rymen*, *ryme*, Chaucer, C. T. 1461 (A 1459); *rimeless* (usually *rhymeless*); *rimer* (usually *rhymmer*), spelt *rimer* in the first folio ed. of Shak. Antony, v. 2. 215; *rime-ster* (usually *rhyme-ster*), the suffix of which is discussed under *Spinster*.

RIME (2), hoarfrost, frozen dew. (E.) The word has lost initial *h*, and stands for *krime*. ME. *rime*, *ryme*. 'Ryme, frost, pruina;' Prompt. Parv. AS. *krim*, to translate L. *pruina*; Ps. cxviii. 83, ed. Spelman (margin). + Du. *rijm*; Icel. *krim*; Dan. *rim*; Swed. *rim*. Cf. also G. *reif*, MHG. *rije*, OHG. *krifo*, hoar-frost; Du. *rijp*, hoar-frost. Der. *rim-y*.

RIMER, a tool for enlarging holes in metal. (E.) From AS. *ryman*, to enlarge, make room.—AS. *rym*, room; see *Room*.

RIMPLE, to ripple, as the surface of water. (E.) 'The rippling of the brook;' Crabbe, Parish Register, pt. 1 (ed. 1802). Cf. ME. *rimpled*, wrinkled; Rom. Rose, 4495. From AS. *krump*, mutated form of *krump*, weak grade of *krimpan*, to wrinkle; cf. the gloss: '*rugosa*, here *krumpman*;' Voc. 521. 10. See *Ripple* (2).

RIND, the external covering, as the bark of trees, skin of fruit. (E.) ME. *rind*, *rinde*; Ancien Riwle, p. 150, ll. 4, 8. AS. *rinde*, the bark of a tree, Voc. 216. 5; also, a crust (of bread), *Alfric's* Hom. ii. 114, last line but one.—+ MDu. *rinde*, 'the bark of a tree;'

Hexham; *G. rinde*, OIIG. *rinta*, f. Prob. allied to *G. rand*, a rim, and to *Rim* (Kluge).

RINDERPEST, an infectious disease of cattle. (*G. and L.*) Modern. — *G. rinderpest*, cattle-disease. — *G. rinder*, pl. of *rind*, an ox; and *pest*, a pest, plague, from *L. pestis*. *Rind* is allied to *E. rother*; see **Rother** and **Pest**.

RING (1), a circle. (*E.*) *F. r. ring*, initial *k* being lost. *ME. ring*, Chaucer, C. T. 10561 (*F. 247*). *AS. hring*; *Grein*, ii. 106. *þ. Du. ring*; *Low G. ring*, *rink*, *Bremen Wörterbuch*; *Icel. kringr*; *Swed. and Dan. ring*; *G. ring*, OIIG. *hrinc*. Teut. type **hkrongos*; *Idg. type *hkronghos*. Allied by gradation to the *Idg. type *hkronghos*, as in *O Bulg. kragit*, *Russ. krug(e)*, a ring, circle. See also **Rank**, **Harangue**. Note that the *e* of Teut. **hkrongos* is preserved in *Finn. rengas*, a ring, an early loan-word from Teutonic (Streitberg). *Der. ring*, verb, *K. John*, iii. 4. 31; *ring-dove*, so named from the ring on its neck; *ring-ed*; *ring-leud-er*, a Hen. VI. ii. 1. 170; *ring-let*, used to mean 'a small circle', *Temp. v. 37*; *ring-straked*, i.e. streaked with rings, *Gen. xxx. 35*; *ring-worm*, a skin disease in which rings appear, as if formed by a worm, *Levinus*, ed. 1570. Doublet, *rink*.

RING (2), to sound a bell, tinkle. (*E.*) *ME. ringen*, Chaucer, C. T. 3894. *AS. hringan*, to clash, ring; *byrnau hringdon*, breastplates clashed, *Beowulf*, 327, ed. *Grein*; *ringden þa belle*, they rang the bells, *A. S. Chron. an. 1131*. The verb is weak, as in *Scand.*, but mod. *E.* has pt. *rang*, pp. *rung* (by analogy with *sing*); we also find pp. *roungen*, *runge*, in *Allit. Morte Arthure*, ll. 462, 976, 1587. *þ. Du. ringen*; *Icel. kringja*; *cf. khang*, sb., a din; *Dan. ringe*; *Swed. ringa*. Imitative. *Der. ring*, sb., *ring-er*.

RINK, a space for skating on wheels, a course for the game of curling. (*E.*) The former use is modern; the latter is mentioned in *Jamieson's Dict.* It appears to be a dialectal variant of *ring*; compare the use of *ring* in the compound *prize-ring*. As to the form, we may compare the *Low G. rink* used as a variant of *ring*; see the *Bremen Wörterbuch*; *NFries. rink*, variant of *ring*; and vulgar *E. anything* = anything. See **Ring** (1).

RINSE, to cleanse with clean water, make quite clean. (*F. — L. ?*) *Prov. E. rinck*, *renck*; *E. D. D.* 'He may ryne a pucher'; *Skelton*, *Magnificence*, 2194. 'Rynce this cuppe'; *Kel. Antiq. i. 7*, col. 1. 'Rense thyn tyece'; *Medical Works of 14th cent.*, ed. *Henslow*, p. 35, l. 13. = *OF. raincer* (Littre), *MF. rinser*, 'to rinse linen clothes'; *Cot.*; mod. *F. rinser*. *β.* Of doubtful origin. The forms *rinser*, *raincer*, seem to be contractions of *OF. reincer*, to rinse (*Godefroy*); *cf. Picard reinchier*, to rinse. *Kötting* (§ 7988) derives this *OF.* verb from a *L. type *requinquiré*, due to *L. quinquiré*, to cleanse, purify, a verb cited in the 4th century (Lewis). *Cf. mod. Prov. rinuar* (Mistral); *OProv. rezensar* (Bartsch).

RIOT, tumult, uproar. (*F.*) *ME. riote*, Chaucer, C. T. 4390; *Ancien Riwe*, p. 198, last line. — *F. riote*, 'a babbling, brawling'; *Cot. Cf. Prov. riota*, dispute, strife (Bartsch); *Ital. riotta*, quarrel, dispute, riot, uproar. *β.* The orig. sense seems to be 'dispute'; of uncertain origin. See *Diez* and *Kötting*. *Der. riot*, verb, *ME. riolen*, Chaucer, C. T. 4412 (*A. 4414*), from *F. rioler*, 'to chide'; *Cot.*; *riol-er*, *ME. riolour*, Chaucer, C. T. 12595 (*C. 661*); *riol-ous*, *id. 4466*, from *F. riolouse*; *riol-ous-ly*, *-ness*.

RIP, to divide by tearing open, cut open, tear open for searching into. (*Scand.*) 'Rip up griefe'; *Spenser*, *F. Q. i. 7. 39*. [It does not seem to be the same word as *ME. rippen*, used in the *Ormulum* in the sense of 'seize'; this is a variant of *ME. ruppen*, to rob, *Layamon*, 10584, and allied rather to *G. ruffen*, to pluck, than to the present word.] It corresponds to *ME. ripen*, used in the secondary sense of to grope, probe, search into, also used occasionally (like the mod. word) with the prep. *up*. 'Rypande . . . the reynes and hert' = searching the reins and heart (said of God), *Allit. Poems*, B. 592. 'To rype vpe the Romaynes' = to search out the Romans, *Morte Arthure*, 1877. 'The riche kinge rauskes . . . and vþ rypes the renkes' = the rich king seeks for and searches out the men, *id.*, 3940. 'To ripe their war' = to search their ware (where two MSS. have *rausake*), *Cursor Mundi*, 4893. 'I rype in olde maters, je fowle'; also, 'I ryppe a seame that is sowed'; *Palsgrave*. A Northern word, of *Scand. origin*. — *Norweg. ripa*, to scratch, score with the point of a knife (*Asen*); *Swed. dial. ripa*, to scratch, also to pluck, *asunder* (*cf. E. rip open*); *Ricet*; *Swed. repa*, to scratch, to ripple up; *repā up*, to rip up; *repā*, sb., a scratch; *Dan. oppripe*, to ripple up; *Wilem. open-rippen*, to rip up; *Low G. repen*, to ripple flax (Lubben). Allied to **Ripple** (1), and **Ripple** (3).

Der. rip, sb.; *ripple* (1), q.v., *ripple* (3), q.v.
RIFE, developed, mature, arrived at perfection. (*E.*) *ME. ripe*, *rype*, Chaucer, C. T. 17032 (*II. 83*). *AS. ripe*; and *swā swā ripe vð fortredon* = and trod [all] down like ripe corn; *Ælfred*, tr. of *Beda*, i. 12. This adj. signifies 'fit for reaping', and (like the sb. *rip*, harvest) is derived from the strong verb *ripan*, to reap; see

Reap. *þ. Du. rijp*; whence *ripen*, to ripen; *G. reif*, OHG. *riř*; whence *reifen*, to ripen. *Der. ripe-ly*, *-ness*; also *ripen*, verb, from *AS. ripian*, *Gen. xviii. 12*.

RIPPLE (1), to pluck the seeds from stalks of flax by drawing an iron comb through them. (*E.*) A Northern word; see *Jamieson*. *ME. ripplen*, *ripelen*. 'Rypelynge of flax, or other lyke, *Avulsio*'; *Prompt. Parv.* 'Hoc rupeste, a rypelle-stok', i.e. an implement for cleaning flax; *Voc. 795. 16*. An early example is *rippling-combe*, in *A. Nominale*, ed. *Skeat*, i. 545. The cleaning of flax was also termed *ribbing* (a weakened form of *rippling*); see *Prompt. Parv.*, p. 432, note 2. *β.* *Ripple* is not to be taken as the frequentative form of *rip*, but as formed from the sb. *ripple*, a flax-comb (*Jamieson*); and this sb. is derived from *rip* (weak grade of the strong *AS. verb rip-an*, to reap, cut) by help of the suffix *-le*, sometimes used to express the instrument by which a thing is done, as in *beat-le* = a beat-er; *stop-le*, used for stopping, *lad-le*, used for lading out, *gird-le*, used for girding. So *ripple* = an instrument for ripping off the flax-seeds; *cf. Swed. repa*, to ripple flax; see **Rip**. *þ. Du. repel*, a ripple, from *repēn*, to beat flax (*Hexham*); whence *repelen*, to ripple; *Low G. reje*, a ripple, in the dialect of Brunswick called *rejel*, *reppel*, *Bremen Wörterbuch*; *Pomeran. rapēn*, to ripple flax. The *Du. repel* is from the 2nd grade **raip* (Frank) of Teut. **reip-an*, to reap; see **Ripe**. *Cf. G. rife*, a ripple; whence *riffeln*, to strip flax. See **Ripple** (3).

RIPPLE (2), to cause or show wrinkles on the surface, like running water. (*E.*) The essential idea in the rippling of water is that it shows wrinkles on the surface. The earliest quotation in *Richardson* and *Johnson* is the following: 'Left the Keswick road, and turned to the left through shady lanes along the vale of Eeman, which runs rippling over the stones'; *Gray*, to Dr. Wharton, Oct. 18, 1769. But *Dampier* has: 'a great rippling'; *A New Voyage* (1699); *ii. pt. 2. p. 10*. 'As pointed out by Richardson, it is the by-form or contraction of the older verb to ripple'; 'As gilds the moon the rimping of the brook'; *Crabbe*, *Parish Register*, part 1, ed. 1807; where the edition of 1834 has *rippling*. *ME. rimplen*, to wrinkle, whence the pp. *rimplyd*, explained by 'Rugatus' in *Prompt. Parv.*; *cf. 'a rimpled vecke'* = a wrinkled old woman, *Rom. of the Rose*, 4. 195. This verb is from the sb. *rimple* or *rimpil*; 'Rimpyl, or rymple, or wryukly, Ruga'; *Prompt. Parv.* — *AS. hrympe*, to translate *L. rüga*, a wrinkle, in a gloss; *Voc. 531. 4* (where it is mis-written *hrypel*). See **Rumple**. *þ. MDu. rimpel*, 'a wrinkle, or a fold'; *Hexham*; *rimplen*, 'to wrinkle'; *id.* *β.* The *AS. hrympe* is from the weak grade (*hrumpe*) of *hrimpan*, to wrinkle, of which the pp. *ge-hrumpen* occurs in a gloss; *Voc. 521. 10*. — *OIIG. hrifman*, *MIIG. rimpfen*, to bend together, crook, wrinkle; *cf. mod. G. rumpfen*, to crook, bend, wrinkle. From Teut. base **kremp*. *Cf. the similar base *krempe*, as in *Crimp*, q.v. *Der. ripple*, sb.

RIPPLE (3), to scratch slightly. (*Scand.*) In the *Whitby Glossary*, by *F. K. Robinson* (E. D. S.), 'Having slightly rippled the skin of his left arm'; *Holland*, tr. of *Amianus*, p. 264; see *Trench*, *Select Glossaries* (where it is wrongly connected with the word above). 'Ripple, rescindere'; *Levinus*. This is merely a frequentative (or diminutive) form of *Rip*, q.v.

RISE, to ascend, go upward. (*E.*) *ME. risen*, pt. *r. roos* (*pl. risen*), pp. *risen*; Chaucer, C. T. 825, 1501 (*A. 823, 1499*). *AS. risan*, pt. *r. ris* (*pl. risen*), pp. *risen*; *Grein*, ii. 382. *þ. Du. rijzen*, orig. 'to move', and in *MDu.* 'to fall', contrary to the *E. sense*; *Icel. risa*; *OIIG. risum*, to move up, rise; also to move down, fall; *Goth. reisan*, pt. *r. raus* (*pl. risen*), pp. *risans*; only in the comp. *ur-reisan*. *β.* All from Teut. type **reisan* (pt. *r. rais*, pp. *risen*), to slip away, orig. expressive of motion only; *cf. Skt. ri*, to distil, ooze (we speak of the rise of a river); see **Rivulet**. The *MDu. rijzen* also means 'to fall'; *het loof rijst*, the leaves fall (*Hexham*). *Der. rise*, sb., *Hen. V.*, iv. 1. 289; *a-rise*, q.v.; *ris-ing*, a tumult, also a tumour, *Levit. xlii. 2*; also *raise*, q.v., *rear*, q.v.

RISIBLE, laughable, amusing. (*F. — L.*) In *Minshew*, ed. 1627. — *F. risible*, 'fit or worthy to be laughed at'; *Cot. — L. risibilis*, laughable. — *L. risi*, from *ris-um*, supine of *ridere*, to laugh; with suffix *-bilis*. See **Ridiculous**. *Der. risibly*, *risibil-ly*. From the same *L. verb* (pp. *risus*) are *ar-ride* (rare, = *L. ar-ridere*, to laugh at), *de-ride*, *de-ri-ion*, *de-ri-ive*, *ir-ri-ion*, *rid-ic-ul-ous*.

RISK, hazard, danger, peril. (*F. — Ital. — L.*) Spelt *risque* in *Mount's Gloss.*, ed. 1674. — *F. risque*, 'peril'; *Cot.* [*Cf. Ital. risio*, in *Ariosto*, *risio*], formerly *risigo*, as in *Florio*; *Span. riesgo*, risk; *Late L. risigius*, *risicus*, risk.] Borrowed from *Ital. risio* (*rischio*, *risigo*), hazard, peril (*Torriano*). This seems to be the same word as *Span. risco*, a steep abrupt rock; from whence the sense of 'danger' may easily have arisen among sailors. Hence *Span. arriesgar* (*arriesar* in *Minshew*), to venture into danger, lit. 'to go against a rock', where the prefix *ar-* stands for *L. ad-* before *r* follow-

ing, as usual; also *arriscado*, bold, forward (lit. venturesome); Ital. *arrischiarlo*, to venture oneself, *arrischialo*, hazardous. = *L. rescure*, to cut back, to cut off short or abruptly; whence the Span. sb. *risco* (Ital. *riscio*) was formed in the same way as *E. scar*, an abrupt rock, is formed from the root of the verb to *shear* or cut off. = *L. re-*, back; and *scure*, to cut; see **Re-** and **Section**. **β.** This suggestion is due to Diez; he supports it by citing mod. Prov. *rezegre*, risk, *rezegá*, to cut off; *rezega*, risk, also a saw, in the dialect of Como; Port. *risco*, risk, also a cork, crag, also a dash with the pen, *riscar*, to raze out with the pen (< *L. rescure*, i.e. to cut out). And cf. Ital. *riscio*, risk, with *riscga*, a jutting out, *riscgare*, *riscicare*, to cast off; &c. ¶ Devic suggests a connexion with Arab *rizg*, riches, good fortune, Rich. Dict. p. 731, but a risk is *bad* fortune; and, when he cites the Span. *arriesgar* as showing a prefix *ar-* = Arab. def. article *al-*, he forgets that the verbal prefix better represents the *L. ad*. Besides, the Ital. word is *riscio*, spelt *risigo* in Florio. Mistral has mod. Prov. *risque*, *risco*, risk; Gascon *arriquis*. See Körtig, § 7995. Der. risk, verb, risk-y.

RISSOLE, a dish of minced meat or fish with bread-crumbs, &c., fried. (F. = *L.*) *AF. russole*, Chron. Monasterii de Abingdon, ed. Stevenson, iii. 308. Mod. F. *rissole*; OF. *rissole* (Godefroy), *roussole*. = *L. type* **russella*; from *L. russeus*, reddish, or rather brownish; from the colour. = *L. russus*, red; see **Russet**.

RITE, a religious ceremony. (L.) 'With sacred rites' Spenser, F. Q. i. 12. 36. = *L. ritus*, a custom, esp. a religious custom. Cf. Skt. *riti-*, a going, also way, usage, manner; from *ri*, to go, flow. = **REI**, to go, run, let flow. Cf. Brugmann, ii. § 498. ¶ The F. *rit* or *rite* seems to have been little used; though found as *rit* in the 14th cent. (Hatzfeld). Der. *ritu-al*, from F. *ritual*, 'ritual', Cot., from *L. ritu-ālis*, from *ritu-*, stem of *ritus*; *ritu-al-ly*; *ritu-al-ism*, *ritu-al-ist*.

RIVAL, a competitor. (F. = *L.*) For the sense, see Trench, On the Study of Words. In Shak. Two Gent. ii. 4. 174. = *F. rival*, sb., 'a rival, corral, competitor in love'; Cot. = *L. rivalis*, sb., one who uses the same brook as another, a near neighbour, a rival. = *L. rivalis*, adj., belonging to a brook. = *L. rivus*, a brook, stream; with suffix *-ilis*. See **Rivulet**. Der. *rival*, adj., *rival*, verb, K. Lear, i. 1. 194; *rival-ry*, a coined word.

RIVE, to split, tear, slit, rend. (Scand.) *ME. riven*, *ryten* (with *u* = *v*), Chaucer, C. T. 12762 (C. 828). = *Icel. rífa*, pt. t. *reyf*, pp. *rifinn* (= *E. riven*), to rive, tear; Dan. *rive*; Swed. *rífa*, to scratch, tear. **β.** Allied to Gk. *ῥίπειν*, to throw or dash down, tear down; *L. rípa*, a bank, a shore. Teut. base **reip-*; *Idg. base* **reip-*. Der. *ríft*, *q. v.* And see *ríft* (3), *rível*; also *ríver*.

RIVEL, to wrinkle. (E.) 'Praise from the *rivell'd* lips of toothless, bald Deceptrice;' Cowper, Task, b. ii. l. 488. 'And *rivell'd* up with heat;' Dryden, Flower and the Leaf, 378. *ME. riuellen* (with *u* for *v*); 'Al my face . . . So *riuelled*;' Gower, C. A. iii. 370; bk. viii. 2829. AS. *ge-rípfian*, to wrinkle (Napier's Glosses); *rífelde*, gloss. on *L. rugosus* (id.). A frequentative form; from **ríf*, weak grade of Teut. **reip-an*, as seen in *Icel. rífa*, to rive; see above. Cf. AS. *gerípfod*, wrinkled, *Ælfric's* Hom. i. 614.

RIVER, a large stream of running water. (F. = *L.*) *ME. ríver* (with *u* = *v*); Chaucer, C. T. 3026 (A 3024); (Rob. of Glouc., p. 1, l. 14. = *AF. ríverre*; OF. *ríverre*, mod. F. *ríverre*, a river, stream. It is the same word as Span. *ribera*, a shore, strand, sea-coast, Port. *ribeira*, a meadow near the bank of a river (whence *ribeiro*, a brook), Ital. *ribera*, a shore, a bank, also a river. = Late *L. riparia*, (1) sea-shore or river-bank, (2) a river (Duensing); fem. of *riparius*, adj., formed from *ripa*, a bank. Allied to Gk. *ῥίπιν-νῃ*, a broken cliff, scar (hence, a steep cleft or bank), from the base *REIP*, to rive, rend, tear off, seen in Gk. *ῥίπειν*, to tear down, and in *E. ríve*; see **Rive**. Cf. F. *ripa*, a fissure, from the same source. Der. *river-horse*, the hippopotamus, Holland, tr. of Pliny, b. viii. c. 25. Also (from *L. ripa*) *ar-ríver*, *q. v.* **β.** Not allied to *rível*.

RIVET, an iron pin for fastening armour, &c. together. (F. = Scand.) 'The armourers, With busy hammers closing rivets up;' Hen. V. iv. chor. 13. 'With a palsy-fumbling at his gorget Shake in and out the rivet;' Troil. i. 3. 175. *Ryvet*, *reyet*, Palgrave. *ME. ryvette*; Voc. 573. 37. = *F. rívet*, 'the welt of a shoe', Cot. It also meant a rivet, as in the Supp. to Godefroy. Cf. Walloon *rívet*, a running noose (Sigart). In Hamilton's F. Dict. *rívet* is explained by 'rivet', and marked as a farrier's term. = *F. ríver*, 'to rivet, or clench, to fasten or turn back the point of a nail, &c.; also, to thrust the clothes of a bed in at the sides'; Cot. **β.** The word is Scand., as shown by the Aberdeen word *ri*, to rivet, clench, Shetland *ri*, to sew coarsely and slightly; which see in Jamieson. = *Icel. rífa*, to tack together, sew loosely together; *rífa saman*, to stitch together, an expression which occurs in the Edda, i. 346. 4-0. Low G. *ridilon*, *redilon*, to patch, sew together (Gallic). Perhaps allied to *Icel. rífa*, to saddle. Der. *rívet*, verb, Hamlet, iii. 2. 90; Palgrave

has: 'I *reyet* a nayle, *Je ríue*;' also: '*Ryset* this nayle, and then it wyll holde faste.'

RIVULET, a small stream. (I.) In Milton, P. L. ix. 420; Drayton, Muses' Elysium, Nymph. 6. l. 90. Not F., but an F. dimin., formed with suffix *-el* from *L. rivulus*, a small stream, dimin. of *rius*, a stream, river. Cf. Ital. *rivuletto* (Torriano). See **Rival**. Der. (from *L. rivulus*) *ri-vul*, *q. v.*, *de-ríve*, *q. v.* And see *rite*.

RIX-DOLLAR, the name of a coin. (Du. = G.) 'He accepted of a *rix-dollar*;' Evelyn's Diary, Aug. 28, 1641; Evelyn was then at Leyden. = Du. *rijks-daalder*, a *rix-dollar*. Hexham gives *rijksdaalder*, 'a *rix-daller*, a piece of money of five schillings, or 50 stivers.' = G. *reichsthaler*, 'a dollar of the empire.' = G. *reichs*, gen. case of *reich*, empire, allied to *reich*, rich, powerful; and *thaler*, a dollar; see **Rich** and **Dollar**.

ROACH, a kind of fish. (F. = Teut.) Allied to the carp, but confused with the ray and the skate; fish-names being very vaguely used. *ME. roche*. 'Roche, fische, *Roche*, *Kochin*;' Prompt. Parv. = ONorth F. and Walloon *roche*, OF. *roce*, MF. *rosse* (Cot.). = MDu. *rock*, 'a fish called a scait'; Hexham; Du. *rog* + Dan. *rokke*, a ray; Swed. *rocka*, a ray, thorn-back; Low G. *ruke*, whence G. *roche*, a roach, ray, thorn-back; cf. AS. *roekhe*, a kind of fish. Teut. base **ruhk-*; Franck. Cf. AS. *rūk*, rough.

ROAD, a way for passengers. (E.) Also used of a place where ships *ride* at anchor; this is the same word, the F. *rade* being borrowed from Teutonic. Also used in the sense of *raid* or foray; 1 Sam. xxvii. 10. *Shak* has the word in all three senses; (1) Much Ado, v. 2. 33; (2) Two Gent. i. 1. 53; (3) Cor. iii. 1. 5. *ME. roode* (for ships), Prompt. Parv.; *rode* (for horses); Cursor Mundi, 11427. AS. *rād*, a journey, riding expedition, road; Green, ii. 362. [The sense of 'road' only appears in compounds; as *swan-rād*, swan-road, i.e. the sea; Beowulf, 200.] From the 2nd grade of Teut. **reid-an*, to ride; cf. AS. *rād*, pt. t. of *ridan*, to ride; see **Ride**. Der. *road-ster*, *road-way*, *road-ster* (for the suffix, see **Spinster**); also *in-road*. Doublet, *raid*.

ROAM, to rove about, to ramble, wander. (F. = L.) *ME. romen*, P. Plowman, B. xi. 124; K. Allisunder, 7207; Seven Sages, 1429 (in Weber's Met. Romances, vol. iii); Havelok, 64; Will. of Palerne, 1608. Prob. coined from F. *Rome*, Rome; from 1. *Rōma*. Due to the frequent pilgrimages to that great city. Cf. OF. *romier*, a pilgrim to Rome; OF. *romp*, a pilgrim, *romerree*, a pilgrimage; Span. *romero*, a pilgrim. So also not only the Ital. *romano*, a pilgrim, is derived from *Roma*, Rome, and denoted a pilgrim to Rome; but even in P. Plowman we have religious *romanes* = religious pilgrims, B. iv. 120, which the author probably himself regarded as an equivalent to *Rome-romners* = runners to Rome, B. iv. 128 (only 8 lines below). Cf. OFrises. *rumera*, *rumfara*, a pilgrim to Rome. Der. *room-er*.

ROAN, the name of a mixed colour, bay, sorrel, or chestnut, with grey hairs interspersed. (F. = Span. = L.) 'Roen, colour of an horse, roven;' Palsgrave. In Shak. Rich. II, v. 5. 78; 1 Hen. IV, ii. 4. 120. Explained by Schmidt as 'dark dappled-bay.' = OF. *roan*; as in *ung destrier roan*, a roan horse, Supp. to Godefroy; MF. *rouen*; 'Cheval *rouen*, a roane horse,' Cot.; mod. F. *rouan*. = Span. *roano*, sorrel-coloured, roan; OSpan. *raudano*. = *L. type* **rāvidinūm*; from Late *L. rāvidus*, grey (Duensing). = *L. rūsus*, gray-yellow, tawny.

ROAN-TREE, **HOWAN-TREE**, the mountain ash. (Scand.) A Northern term, and of Scand. origin. Spelt *roan-tree*, *roan-tree*, *rowan-tree* in Jamieson. = Swed. *rönn*, MSwed. *rönn*, *runn* (Ihre), the mountain-ash; Dan. *rön*, the service, sorb, mountain-ash; *Icel. reynir*, the same. Also Norw. *rogn*, *raagn*, *raun*; Swed. dial. *ragna*, the roan-tree. The *Icel. reynir* is for **reynir*, from **raudnir*, a deriv. of *raudr*, red (Noreen, § 232). From the colour of the berries. See **Red**.

ROAR, to cry aloud, bellow. (E.) *ME. roren*, Wyclif, Rev. x. 3. AS. *rārian*, *Ælfric's* Homilies, i. 66, l. 18; and in Sweet's A. S. Reader. = MDu. *reeren*, Hexham; MHG. *rēren*. Cf. Lithuan. *rē-ju*, I scold, chide; Brugmann, ii. § 465, 741. Imitative. Der. *roar*, sb., *roar-ing*. But not *up-roar*.

ROAST, to cook meat before a fire. (F. = G.) *ME. rosten*, Legends of the Holy Rood, ed. Morris, p. 58, l. 504; Legend of St. Christopher, l. 203; Chaucer, C. T. 385 (A 383). = OF. *rostar*, 'to roast, broil, tost,' Cot. Mod. F. *roûir*. Prob. from OHG. *rōstian*, to roast, a weak verb formed from *rōst*, a grate, gridiron. **β.** We also find Irish *roistín*, a gridiron, *roisdaim*, I roast, *roist*, roast meat; Gael. *roist*, *roist*, W. *rhostio*; all borrowed from *L.*; and Bret. *roist*, from F. Der. *roast*, sb., *roast-meat* (= *roast-ed meat*).

ROB (1), to plunder, steal, spoil. (F. = OHG.) In early use. *ME. robben*, Havelok, 1958; Ancren Riwle, p. 86, l. 13. = OF. *robber*, 'to rob,' Cot. Usually spelt *rober*. The orig. sense was to despoil the slain in battle, to strip, disrobe; so that the verb is merely formed from the sb. *robe*, spelt *robb* in Coigrave, a robe. See **Robe**. ¶ The E. verb *reave* (usually *bereave*) is formed, in

a precisely similar way, from the AS. sb. *rōf*, clothing. **Der.** *robb-er*, Mf., *robbur*, Rob. of Glouc., p. 94, l. 2091, from OF. *robbur*, 'a robber,' Cot.; *robb-er*, ME. *roberie*, O.Eng. 11omilies, li. 61, l. 27, from OF. *roberie*, F. *roberie*, 'robbery,' Cot. Doublet, *reave*.

ROB (2), a conserve of fruit. (F.—Span.—Arab.—Pers.) In Phillips (1706).—F. *rob*, 'the juice of black woodberries preserved'; Cot.—Span. *rob*, juice of fruit thickened with honey.—Arab. *rub*, 'a decoction of the juice of citrons and other fruits, inspissated juice, rob'; Rich. Dict.; p. 719.—Pers. *rub* (the same); Devic.

ROBBINS, ROBINS, ropes for fastening sails. (E.) Lowl. Sc. *raibandis*, pl., Complaint of Scotland, ed. Murray, p. 40, l. 30. EFries. *ri-band*, where *ri*=yard of a ship. (f. Icel. *rā*, Dan. *raa*, Swed. *rā*, G. *rahe*, yard; and see **BAND** (1). Cf. G. *ragen*, to project. See my Notes on Eng. Etym., p. 252.

ROBE, a garment, dress. (F.—O.I.G.) Mf., *robe*, Rob. of Glouc., p. 313, l. 6390; P. Plowman, B. ii. 15.—F. *robe*, a robe; spelt *robbe* in Cotgrave.—MHG. *roub*, *roup*, OHG. *raup* (G. *raub*), booty, spoil; hence, a garment, because the spoils of the slain consisted chiefly of clothing.—AS. *rōf*, spoil, clothing; Icel. *rauf*, spoil. Teut. type **raubon*, neut.: from **raub*, 2nd grade of Teut. **raub-an*, to reave; see **REAVE**. **Der.** *robe*, verb; *rob-ed*, K. Lear, iii. 6. 38. Also *rob* (1), q. v.

ROBIN, a singing-bird, the red-breast. (F.—O.I.G.) 'Robyn redrest'; Skelton, Phyllyp Sparowe, 399; Holland's Howlat, l. 647. 'The most familiar of our wild birds, called Robin red-breast, from Robin (the familiar version of Robert), on the same principle that the pie and the daw are christened Mag (for Margery) and Jack. In the same way the parrot takes its name from Pierrot, the familiar version of Pierre'; Wedgwood. Robin Hood is mentioned in P. Plowman, B. v. 402.—F. *Robin*, a proper name (Cotgrave); a pet name for Robert, which was early known in England, because it was the name of the eldest son of Will. I. β. Robert is a Frankish name, from O.I.G. *Ruodprecht* (G. *Ruprecht*, whence our *Rupert*), meaning 'fame-bright,' i. e. illustrious in fame. γ. The syllable *perht* is cognate with E. *Bright*, q. v. The syllable *Ruod-* is cognate with Icel. *hrōdr*, praise, fame; it occurs also in *Rud-uf*, *Rud-iger*, *Ro-ger*. Cf. Goth. *hrōtheigs*, victorious, triumphant, 2 Cor. ii. 14. And see **HOBGOBLIN**.

ROBUST, vigorous, in sound health. (F.—I.) 'A robust boisterous rogue knockt him down'; Howell, Famil. Letters, b. i. sect. 3, let. 21; dated 1623.—F. *robuste*, 'strong, tough'; Cot.—L. *robustus*, strong; formed by adding *-tus* (Idg. *-to-*) to OI. *robūs* (later *robūr*), strength. **Der.** *robust-ly*, *robustness*. Also (obsolete) *robust-ous*, Shak. Hamlet, iii. 2, 10, better spelt *robustus*, as in Blount, directly from L. *robustus*, oaken (hence, strong), by the change of *-us* into *-ous*, as in numerous other words.

ROC, a huge bird. (F.—Pers.) In the Arabian Nights' Entertainment.—F. *rock* (Littre).—Pers. *ruk*, the name of a huge bird; perhaps of Assyrian origin (Devic). Cf. *Nis-rock*, 2 Kings, xix. 37.

ROCHET, a surplice worn by bishops. (F.—O.I.G.) In the Rom. of the Rose, 4754.—F. *rochet*, 'a frock, loose gabeline'; . . also, a prelates rochet; Cot.—MHG. *roc* (G. *rock*), a coat, frock.—Du. *rok*, OFries. *rokk*, AS. *ruce*, Icel. *rokk*. Teut. type **rukkōz*, masc., a coat, frock.

ROCK (1), a large mass of stone. (F.) The pl. *rockes* or *rokkes* occurs in Chaucer, C. T. 11305 (F. 993).—OF. *roke* (13th cent. Littre); also *roque*, commonly *rocke*, a rock; the masc. form *roc* is later, and only dates from the 16th century. Cf. Guinesey *roque*, Walloon *roc*, Languedoc *raguo* (l'Hombre), Prov. *ruen*, Span. *roca*, Port. *roca*, *rocha*, Ital. *rocca*, *roccia*, a rock. Also Late L. *rocca*; Duane. (The Celtic forms are borrowed from E. or F.) We also find late AS. *stān-roc* (Napier's Glosses). Of unknown origin. ¶ The ME. *rock*, in Gower, C. A. i. 314 (bk. iii. 1048), is from F. *roche*. **Der.** *rock-pigeon*, -*snail*, -*snark*; *rock-y*, *rock-ness*.

ROCK (2), to move backward and forward, to cause to totter, to totter. (L.) ME. *rukken*, Chaucer, C. T. 4155 (A. 157); Ancren Riwle, p. 82, l. 19. AS. *roccian* (Clark Hall); NFries. *rocke*; O. Low G. *rukkin* (Galle).—Dan. *rokke*, to rock, shake; allied to Wag. *rykke*, to pull, tug, from *ryk*, a pull, a tug; Swed. *dial. rukka*, to drag, to rock, allied to *rycka*, to pull, *ryck*, a pull, jerk. Cf. Icel. *rykkja*, to pull roughly and hastily, *rykk*, a hasty pull, also a spasm. Also G. *rücken*, to move by pushing; from *ruk*, a pull, jolt, jerk. Du. *ruk*, a jerk. Teut. types **rukkōjan*, **rukjan*, to jolt, jerk (Frank). The base **rukk* (for **runk*?) may be related to **renkan*, to shake, as seen in Swed. *dial. rinka*, to shake (pt. *ruk*, supine *runkit*), Riets; Swed. *runka*, to shake, *runkig*, rickety (Wiedgren). **Der.** *rock-er*, *rock-ing-chair*.

ROCK (3), a distaff. (Scand.) In Dryden, tr. of Ovid, Metam. b. viii, Melanage, l. 257. ME. *rokke*. **Rokke*, ofspynnyng, Colus; Prompt. Parv.—Icel. *rokkur*, a distaff; Swed. *rock*; Dan. *rok*—G.

rocken, MHG. *rocke*, OHG. *rocko*, a distaff; Du. *rok*, *rokken*. Teut. type **rukkon-*, m. **Der.** *rock-et* (1), q. v.

ROCKETT (1), a kind of fire-work. (Ital.—G.) In Skinner's Dict., ed. 1671. Dekker has the pl. *rockets*; London Triumphant, speech of Envy (1612).—M. Ital. *rochetto*, 'a bobbin to wind silk upon; also, any kind of squib of wild fire'; Florio. The *rocket* seems to have been named from its long thin shape, bearing some resemblance to a quill or bobbin for winding silk, and so to a distaff. The Ital. *rochetto* is the dimin. of *rocca*, 'a distaff; or rocke to spinne with'; Florio.—MHG. *rocke*, a distaff; see **ROCK** (3).

ROCKET (2), a plant of the genus *Eruca*. (F.—Ital.—L.) In Levins. Spelt *rokai* in Sir T. Elyot, Castle of Helth, b. ii. c. 9.—F. *roquette*, 'the herb rocket'; Cot.—Ital. *ruchetta*, 'the herb called rocket'; Florio. Dimin. of *ruca*, *eruca*, rocket, Baretti; (only the pl. *eruche* appears in Florio).—L. *erūca*, a sort of cole-wort; whence also the G. *rauke*, rocket.

ROCOCO, a variety of ornamentation, characterized by meaningless scrolls and shell-work. (F.) F. *rococo*; of the time of Louis XIV. Playful variant from the base of F. *rocaille*, rockiness, rock-work (Hatzfeld).—F. *roc*, rock; see **ROCK**.

ROD, a slender stick. (E.) ME. *rod*, Gower, C. A. i. 310; bk. iii. 910. Chaucer has *lym-rod*, a rod covered with bird-lime, C. T., B. 3574. The word is a mere variant of *rood*, by a shortening of the vowel-sound of which we have a few other examples, viz. in *gosling* from AS. *gōdliŋ*, blossom from AS. *blōstma*, fodder from AS. *fōder*; not very dissimilar are *blood*, mother, from AS. *blōd*, *mōdor*. In the Owl and Nightingale, l. 1644 (or 1646), we have *rod* used in the sense of *rood* or *gallows*. 'Thou seist that gromes the i-fōð, An heic on rodde the an-hōð'—thou (the owl) sayest that men take thee, and hang thee high on a rod (rood). See further under **ROOD**. Cf. Pomeran. *rode*, a rod; M.Dn. *roede*, a rod. Doublet, *rood*.

RODENT, gnawing. (L.) A scientific term.—L. *rodēns*, stem of pres. part. of *rodere*, to gnaw. akin to *ridere*, to scratch; see **RASE**. Cf. Skt. *rad-s*, a tooth. **Der.** (from L. *rodere*) *cur-rod*, *e-rod*. And see *rostrum*, *rat*.

RODOMONTADE, vain boasting. (F.—Ital.) 'Crites. And most terribly he comes off, like your *rodomontado*;' Ben Jonson, Cynthia's Revels, Act v. sc. 2. 'And triumph'd our whole nation In his *rodomant* fashion'; id., Masque of Owls, Owl 5.—F. *rodomontade*, 'a brag, boast'; Cot.—Ital. *rodomontada*, 'a boaste, brag'; Florio. A proverbial expression, due to the boastful character of *Radomonte*, in the Orlando Furioso of Ariosto, bk. xiv; called *Radomonte* by Bojardo, Orlando Innamorato, ii. i. 56. Said to be coined from Lombard *radare* (= Ital. *radare*), to turn about, and *monte*, a mountain. See **ROTARY** and **Mount** (1).

ROE (1), a female deer. (L.) ME. *ro*; Chaucer, C. T. 4084 (A. 4086), purposely gives the Northern E. *raa*, AS. *rāha*, *rā*, m.; *riege*, f. (so that Mf. *ro* was masc.). See Voc. 11. 33.—Icel. *rī*; whence *rūbukk*, a roe-buck; Dan. *raa*; whence *raabuk*, a roe-buck, *raadyr*, roe-deer; Swed. *rd*; whence *riabok*, roe-buck; Du. *ree*; *reebok*, roe-buck; O. Low G. *rēho*, m. (Gallice); G. *rek*; *rehbok*. Teut. base **raihon-*, m.; of unknown origin. **Der.** *roe-buck*, ME. *robbukke*, Trevisa, i. 337; see **Buok**.

ROE (2), the eggs or spawn of fishes. (Scand.) The form *roe* is in Shak. Rom. ii. 4. 39. But it is due to a curious mistake. The true form is *roan* (with *oa* as in *oak*), but it seems to have been regarded as a plural, like *oxen*, *eyne* (eyes), *shoon* (shoes), so that the *n* was dropped. This is unusual (perhaps unique) in the case of apparent plurals in *-en* or *-u*, but common with plurals (or rather supposed plurals) in *-s*; as shown under *cherry*, *sherry*, *pea*. 'Roan, the roe of a fish'; Peacock's Glossary (Lincoln). 'Round, roe,' Whitby Glossary; where the word has actually acquired an excrement d. ME. *roane*, Prompt. Parv.—Icel. *rogn*, Dan. *rogn*, Swed. *rom*, roe, spawn.—G. *rogen*, roe (whence F. *rogen*, roe). β. Teut. type **hrugno-*, or **hrugno-*, masc.

ROGATION, supplication. (F.—I.) Particularly used in the phr. *Rogation-days*; see the Prayer-book; Hooker, Eccl. Polity, b. v. s. 41, Foxe, Acts and Monuments, p. 914, Hen. VIII (R.). Also 'Rogation weke'; Palgrave.—F. *rogation*; pl. *rogations*, 'rogation-days'; Cot.—L. *rogationem*, acc. of *rogatio*, a supplication, an asking.—L. *rogare*, to ask. **Der.** *rogation-days*. Also (from *rogare*) *ab-rogate*, *ar-rogate*, *ar-rogant*, *de-rogate*, *inter-rogate*, *pre-rogat-ive*, *pro-rogue*, *super-e-rogat-ion*, *sur-rogate*.

ROGUE, a knave, vagabond. (F.—Low G.) The word sometimes meant merely a wandering mendicant; see K. Lear, iv. 7. 39, and Trench's Select Glossary. Shak. also has *roguing*, *roguish*, vagrant; Per. iv. 1. 97; K. Lear, iii. 7. 104. Cotgrave has: 'Roder, to roam, wander, vagabondize it, *rogue* abroad.' But the F. *rogueish* also has the sense of arch, pert, and this can only be due to F. *rogue*, 'arrogant, proud, presumptuous, malapert, saucy, rude, surly'; Cot. Thus the sense of 'surly fellow' would seem to be the original one,

easily transferred to beggars as a cant term; and then the verb to *rogue* abroad would mean 'to go about as a beggar.' β . That a *rogue* was a common cant term may be seen in Harman's *Caneat*, ed. Furnivall; he devotes cap. iv (pp. 36-41) to the description of 'a roge,' and cap. v to the description of 'a wyldye roge.' He concludes by saying: 'I once rebuking a wyld roge because he went idly about, he shewed me that he was a beggar by inheritance; his grandfather was a begger, his father was one, and he must needs be one by good reason.' γ . The *F. rogue* is referred by Diez to Icel. *krök*, but this word means lit. 'a rook,' and secondarily, a croaker, long-winded talker; which does not suit the sense. It answers rather to Low *G. rook*, which not only means the bird, but also an arch-thief (Brem. Wört.). Cf. *E. rook*, to cheat; and Dan. *raage*, a rook. See Book (1). *Der. rogu-isk, -ly, -nest; rogu-er-y.*

ROIL, RILE, to vex. (F.-L. I. 1) *Rile* seems to be the same word as *roil*, to vex; similarly *toil, soil*, are occasionally pronounced *tile, sile*. But the old word *roil* seems to show two distinct meanings: (1) to disturb, vex, trouble, and (2) to wander about, to romp. I have given examples in my note to P. Plozman, C. vi. 151; and five occur in Davies, Suppl. Glossary. 'The lamb down stream roiled the wild's water above;' North, *Examen*, p. 359 (1740). Prov. *E. roil, rife*, to make turbid, to scold; = E. D. D. Evidently of *F. origin*. Perhaps from OF. *roillier, roellier, roillier*, to roll about, to roll the eyes, to beat (Godfrey); mod. *F. roillier*, to roll about the eyes; MF. *roillier*, to pummel (Cot.). From a Lat. type **rotelläre*, to roll. — *L. rotella*, dimin. of *rota*, a wheel; see **Rotary**.

ROISTERING, turbulent, blustering. (F.-L.) Todd cites from Swift (no reference): 'Among a crew of *roistering* fellows.' Shaks. *his roistering*, Troil. ii. 2. 208; and Levis has *roist*, vb. We have Udall's play of *Roister Doister*, written before 1553; and the sb. *roister* is in the Mirror for Magistrates (Nares). *Roister*, a bully, a ruffian or turbulent fellow, seems to be the orig. word which gave rise to the verb *roist* on the one hand, and the adj. *roistering*, i.e. ruffianly, on the other. — *F. rustre*, a ruffin, *royster*, huckster, swaggery, sawcify fellow; Cot. This Littre explains as being another form of OF. *ruste*, a rustic, the *r* being 'epenthetic' — *L. rusticum*, acc. of *rusticus*, rustic, hence clownish. See **Rustic**.

ROLL, to turn on an axis, revolve, move round and round. (F.-L.) In early use; ME. *rollen*, Layamon, 22287, later text; Chaucer, C. T. 12772 (C 838). Partly (see Hatzfeld) from OF. *roller, roller*, later *rouler*, to roll. — Late *L. rotulare*, to roll, revolve. — *L. rotula*, a little wheel; dimin. of *rota*, a wheel. And partly from OF. *rouler*, to roll, from the sb. *rocle*, a little wheel. — *L. rotella*, dimin. of the same *L. rota*. See **Rotary**. *Der. roll, sb., ME. rolle*, Ancrén Riwle, p. 344, l. 11, from OF. *rolle*, later *roule*, a rowle; Cot., which from Late *L. rotulum*, acc. of *rotulus*, a roll (preserved in the phrase *custos rotulorum*). Also *roll-er*, *roll-ing*, *roll-ing-pin*, *roll-ing-press*. Also (from *F. roule*) *roul-eau*, *roul-ette*. Also *coul-rol*, q.v.

ROMANCE, a fictitious narrative. (F.-L.) The French originals from which some E. poems were translated or imitated are often referred to by the name of the *romance*. Rob. of Glouc. (p. 487, l. 9987), in treating of the history of Rich. I., says there is more about him 'in *romance*'; and, in fact, the Romance of Richard Cœur de Lion is extant in E. verse; see Weber's Met. Romances. — OF. *romanz*, *romans*, a romance (Godfrey). This peculiar form is believed to have arisen from the Late *L. adv. romānicus*, so that *romānicus loqui* was translated into OF. by *parler romans*. It then became a sb., and passed into common use. The Prov. *romans* occurs (1) as an adj. — *L. Rōmānus*, (2) as a sb., the 'Roman' language, and (3) as a sb., a romance. β . By the 'Roman' language was meant the vulgar tongue used by the people in everyday life, as distinguished from the 'Latin' of books. We now give the name of Romance Languages to the languages which are chiefly founded on Latin, or, as they are also called, the Neo-Latin languages. γ . The Late *L. Rōmānicus*, i.e. Roman-like, is formed from the adj. *Rōmānus*, Roman. — *L. Rōma*, Rome. *Der. romance*, verb, *romanc-er*. Also (from *Rōmānus*) *Roman*, *Roman-ist*, *Roman-ism*, *Roman-ise*; also (from *Rōmānus*) *Roman-ique*, 'Romanish, Roman,' Cot., from Ital. *Romanesco*, Romanish. Also (from *Roma*) *Rom-isk*. And see **Romant**.

ROMAUNT, a romance. (F.-L.) The *Romaunt of the Rose*, usually attributed to Chaucer, though only 1705 lines of it are really his, is a well-known poem. It is a translation of the French poem *Le Roman de la Rose*. Thus *romant* answers to *F. roman*. The final *t* is found in *F.* as well as *E.*; the OF. form was (in the oblique case) *romant*, or even *romant*. Another OF. form of the same word was *romanz* (whence *E. romance*), so that *romanz*, *roman*, *romant* are three forms of the same word. See further under **Romance**. *Der. romant-ic*, spelt *romantic* in Phillips, ed. 1706, from mod. *F. romantique*, romantic, an adj. formed from *romant*, another form of *roman*, as explained above; *romant-ic-al-ly*.

ROMMANY, gipsy; a gipsy; see **Rum** (2).

ROMP, to play noisily. (F.-L.) In the Spectator, no. 187, we find 'a *romping* girl,' and *rompishness*. The older spelling was *Ramp*, q.v. The intermediate form *raump* occurs in Caxton's print of Malory's *Morte Arthure*, bk. ix. c. 1, with reference to a '*raumpynge* Lyon.' *Der. romp*, sb., Tatler, no. 15, *romp-isk*, *romp-isk-ly*, *rompishness*.

RONDEAU, a kind of poem. (F.-L.) Borrowed from mod. *F. rondeau*. The ME. word was *Roundel*, q.v. Doublet, *roundel*. **RONYON**, a mangy person. (F.) In Shaks. *Merry Wives*, iv. 2. 195; Mach. i. 3. 6. Prob. formed (with suffix -on) from MF. *rongne*, *F. rogne*, 'scurf, scabbiness, the mange;' Cot. Cf. Ital. *rogna*, scab; Span. *roña*, scab, dirt, fraud; Port. *ronha*, scab, craftiness; mod. Prov. *rognos*, scab; *mechant rognos*, 'mauvais drôle;' Mistral. From a Late *L. type *rōna*; Körtling, § 8141.

ROOD, the holy cross; a measure of land. (F.) The same word as *rod*, as shown under **Rod**. Hence its use as a measure of land, because measured with a measuring-rod or 'pole,' of the length of 5½ yards, giving a *square rod* of 30½ square yards, and a *square rood* of 40 square rods, or a quarter of an acre. For the sense of 'cross,' see Legends of the Holy Rood, ed. Morris. AS. *rōd*, a gallows, cross, properly a rod or pole; Matt. xxvii. 40, John. xiv. 17. + OFries. *rīde*, OSax. *rīda*, gallows, cross; Du. *roede*, a rod, perch, wand, yard; G. *ruhe*, OHG. *ruota*, a rod, a rod of land. Teut. type **rādā*, fem., a rod, a pole. The prime grade is **rad-*. *Der. rood-loft* (Nares).

ROOF, the covering of a house. (E.) For *hroof*, initial *h* being lost. ME. *rof*, Havelok, 2082; *rhof*, Ormulum, 11351. AS. *hrōf*, a roof, Mark. ii. 4; OFries. *hrōf*, + Du. *roef*, a cabin; Icel. *hrōf*, a shed under which ships are built or kept. Teut. type **hrōfo-*, Idg. type **hrāpo-*. Cf. Irish *crō*, a hovel; W. *crav*, a pig-sty; Bret. *crou*, a stable; Stokes-Fick, p. 96. *Der. roof*, verb; *roof-ing*, *roof-less*.

ROOK (1), a kind of crow. (E.) ME. *rook*, Prompt. Parv. AS. *hrōc*; Ps. 146, 10; ed. Spelman. + Icel. *hrök*; Dan. *raage*; Swed. *råka*; MHG. *ruoch*, OHG. *krūch*; cf. G. *ruckert*, a jackdaw (Flügel). Teut. type **hrūkōz*, m. β . The word means 'croaker;' cf. Goth. *hrūkjan*, to crow as a cock; Gk. *κράκεν* (for **κράκεν*), to caw. A word of imitative origin. *Der. rook-er-y*.

ROOK (2), a castle, at chess. (F.-Pers.) '*Rose* of the chesse, *rook*;' Palgrave. ME. *rook*, Prompt. Parv. — *F. roc*, 'a rook at chess,' Cot. [Cf. Span. *roque*, Ital. *rocco*.] — Pers. *rokh*, 'the rook or tower at chess;' Rich. Dict. p. 727. The remoter origin of this word is unknown: Devic cites d'Herbelot as saying that in the language of the ancient Persians, it signified 'a warrior, who sought warlike adventures, a sort of knight-errant. The piece was orig. denoted by an elephant carrying a castle on his back; we have suppressed the elephant. There seems to be nothing to connect this with the famous bird called the *roc* or *rūkh*; except that the same form *rūkh*, in Persian, means 'a hero, a knight-errant (as in d'Herbelot), a rhinoceros, the name of a bird of mighty wing, a beast resembling the camel, but very fierce,' &c.; Rich. (as above).

ROOM, space, a chamber. (E.) The older meaning is simply 'space;' hence a place at table, Luke. xiv. 7. ME. *roum*; and bath *roum* and eek space; Chaucer, Legend of Good Women, 1999. AS. *rūm*; 'næfdon *rūm*' — they had no room, Luke ii. 7. We also find AS. *rūm*, adj., spacious; 'se weg is swiðe *rūm*' — the way is very broad or spacious, Matt. vii. 13. + Du. *rūm*, adj., spacious; sb., room; Icel. *rūmr*, spacious; *rūm*, space; Dan. and Swed. *rūm*, adj. and sb.; Goth. *rūms*, adj. and sb., Matt. vii. 13; Luke. ii. 7; G. *raum*, OHG. *rūm*, space. β . All from the Teut. type **rūmōz*, adj., spacious; whence the sb. forms are derived. Allied to *L. rās*, open country, Russ. *ravina*, a plain, Zend *ravāsh*, wide, free, open, *ravan*, a plain; Fick, i. 197; Olirish *roe*, a plain. See **Rural**. *Der. room-y*, Dryden, Annus Mirabilis, st. 153, l. 609, a late word, substituted for the ME. adj. *room* (room); *room-i-ly*, *room-i-ness*. Also *room-ik* (Nares), obsolete. Also *room-age*, q.v.

ROOST, a place where fowls rest at night. (E.) Frequently applied to the perch on which fowls rest; as to which see below. Most common in the phr. *to go to roost*, i.e. to seek a sleeping-place. 'They go to roost;' Skelton, Elynour Kummynge, 191. '*Roost* for capons or hennes;' Palgrave. AS. *hrōst*; Lye gives *henna hrōst*, a hen-roost; Gerfā, § 11 (in Anglia, ix. 262); and *hrōst* appears again (in composition) in an obscure passage in the Exeter-book; see Grein. β . We also have AS. *hrōst* in the Heliant, 2316, where the palsied man healed by Christ is let down through the roof; or, as in the original, *thurk thas huses hrōst*, through the wood-work of the house-top. + MDu. *roest*, or *kinnen-kot*, 'a hen-roost;' *roest-en*, 'to go to roost, as hens;' Hexham. γ . In the Heliant, the sense of *hrōst* comes close to that of 'roof;' and it is certainly related to Goth. *hrūt*, Icel. *hrūt*, a roof; cf. also Lowl. Scotch *rood*, the inner roof of a cottage, composed of spars reaching from one wall to the

other (Jamieson). The orig. roosting-place for fowls was on the rafters of the inner roof. This is how root acquired the sense of perch. Der. *root*, verb.

ROOT (1), the part of a plant in the earth, which draws up sap from the soil, a source, cause of a matter. (Scand.) ME. *rote*, Chaucer, C. T. 2; Ancien Riwle, p. 54, l. 12.—Icel. *rót*, a root; Swed. *rot*; Dan. *rod*. β. Hence Icel. *róta*, to root up, root up, as a swine, corresponding to prov. E. *wrat*, to dig up like a hog (E. D. S. Gloss. B. 7). ME. *wroten*, a word used by Chaucer of a sow, *Persones Tale* (Six-text, Group I, 157). AS. *wrotan*; see **Root** (2). This proves that the Icel. *rót* stands for **wrot*, it being a characteristic of that language to drop *w* in the (initial) combination *wr*. γ. Further, *rót* is allied to Goth. *wauris*, a root, AS. *wyr*, a wort, a root; see **Wort**. It is also cognate with L. **rūd-ix*, a root; the Teut. base **wrot-* answering to L. **rūd-*. See **Radix**, **Rhizome**. Brugmann, i. § 350 (2). Der. root, verb, Wint. Tale, i. 1. 25; also *root*, vb., in the sense 'to grub up', see **Root** (2); *root-less*, *root-let*. Doublets, *radix*, *wort*.

ROOT (2), **ROUT**, to grub up, as a hog. (E.) In Shak. Rich. III. i. 3. 228. AS. *wrotan*, to grub up, Ælfric's Grammar, ed. Zupitza, p. 176, l. 12. †MI. *u. wroeten*, 'to grub or root in the earth as hogs do'; Ælfric; Icel. *róta*, to grub up, from *rót*, a root; Dan. *rod*, to root up, from *rod*, a root. See **Root** (1).

ROPE, a thick twisted cord. (E.) ME. *rope*, *roop*; spelt *rop*, Rob. of Glouce., p. 448, l. 9212. AS. *rōp*, Judges, xv. 14, xvi. 9. Du. *reep*; Icel. *reip*; Swed. *rep*; Dan. *reb*; G. *reif*, a circle, hoop (of a barrel), ring, wheel, ferrule; occasionally, a rope; Goth. *skauda-raip*, shoe-latchet. β. All from the Teut. base **raip-*, prob. with the sense of 'strip', whence 'string'. Perhaps from the 2nd grade of Teut. **reip-an-* to cut (pt. t. **raip*); see **Reap** (Frank). And cf. **Ripe**, **Rip**. Der. *rope*, vb., *roper*, a rope-maker, P. Plowman, B. v. 336, *roper-y*, *rope-maker*, *rope-walk*; also *rop-y*, adj., stringy, glutinous, adhesive, lit. rope-like, Skelton, *Elinour Rummyng*, 24; *rop-ing*, II. v. iii. § 23; *stirrup*, q. v.

ROQUELAURE, a kind of cloak. (F.) In Gay's Trivia, i. 51. Named after the duke of *Roque-laure* (ab. 1715); Todd's Johnson.

RORQUAL, a kind of large whale. (F.—Scand.) F. *rorqual* (Littré).—Norw. *røykval* (Ansen); prob. short for *røyder-kval*, 'reddish whale'; from Norw. *røud*, red, and *kval*, a whale. Cf. Icel. *reytr-kval*; from *reytr*, red, and *kval*, whale.

ROSE, the name of a flower. (L.—Gk.—O-Persian.) ME. *rose*; the old plural was *rosen*, as in Ancien Riwle, p. 276, l. 12. AS. *rose*, pl. *rosan*; Grein, ii. 384.—L. *rosa*, a rose. β. This is not a true L. word, but borrowed from Gk. *ῥόδον*, a rose, whence a form **ῥοδία* (not found), Æolic **ῥοδία* > L. *rosia*; cf. L. *Clasium* with *Claudius*. γ. Again, the Gk. *ῥόδον*, Æolic form *ῥόδον* (for **ῥόδον*), is not a Gk. word, but borrowed from O-Pers. *variti*, a rose; whence also the Armen. and Arab. *ward*. Rich. Dict. 1638; altered in mod. Persian to the form *gāl*; for which see **Julep**. (Hom. § 927; Brugmann, i. 772 b.) Der. *ros ac-e-nis*, from L. *rosaceus* (Pliny); *ros-ary*, ME. *rosarie*, Chaucer, C. T. 16897 (G 1429), from OF. *rosarie* (not recorded), later form *rosaire*, from Late L. *rosarium*, a chapel, also the title of a treatise on alchemy by Arnould de Villa Nova and of other treatises; *ros-e-ale*, a coined word; *ros-ette*, from F. *rosette*, 'a little rose', Cot; *rose-water*, *rose-wood*, *ros-y*, *ros-i-ness*.

ROSEMARY, a small evergreen shrub. (F.—L.) In Skelton, *Garl. of Laurel*, 980; and in Sir T. Elyot, *Castel of Helth*, b. ii. c. 9. Gower has the form *rosmarine*, C. A. iii. 132 (bk. vii. 1407), where the L. marginal note has *rosa marina*.—OF. *rosmarin*, 'rosemary', Cot. (and in Hatfield); mod. F. *rosmarin*.—L. *rosmarinus*, *rosmarinum*, rosemary; lit. marine dew, or sea-dew; called in Ovid *rus maris*, Metam. xii. 410.—L. *rus*, dew; and *marinus*, marine. †Russ. *ros*, dew; Lithuan. *rosa*, dew (Nessulmann). †Skt. *rosa-s*, juice, essence; cf. *ras*, to taste. And see **Marine**. γ. Named from some fancied connexion with 'sea-spray'; in English, it seems to have been altered to *rosmary* from a popular etymology connecting *rose* with *Mary*.

ROSTIN, the same as **Rosin**, q. v.

ROSTER, a military register. (Du.) The *o* is properly long; pron. *roster*.—Du. *rooster*, a gridiron, also, 'a list, roll, table' (Calisch); said to be from the resemblance of the lines in a list to the bars of a gridiron.—Du. *rooster*, to roast; see **Roast**.

ROSTRUM, a platform for an orator to speak from. (L.) 'Before the *Kostrā*.' P. Holland, tr. of Suetonius, Nero, ch. 13. 'Rostrum, the beak of a bird, prow of a ship, nose of an alembic,' Phillips, ed. 1706.—L. *rostrum*, a beak, prow; pl. *rostra*, the *Kostrā*, an erection for speakers in the forum, so called because adorned with the beaks of ships taken from the Antiates, A. U. C. 416; Livy, viii. 14 (White). For **rūd-trum*, as being the organ wherewith the bird pecks.—L. *rodere*, to gnaw, peck; see **Rodent**. Der. *rostr-ate*, *rostri-form*.

ROT, to putrefy. (E.) A weak verb; pt. t. *rotted*; pp. *rotted*, as in Shak. Mid. Nt. Dream, ii. 1. 95. This pp. is little used, its place being supplied by *rotten*, a Scand. form; see **Rotten**. ME. *roten*, *rotien*, Chaucer, C. T. 1405 (A 407); pt. t. *rotede*, Genesis and Exodus, ed. Morris, 3342; pp. *roted*, Will. of Palermo, 4124. AS. *rotian*, pt. t. *rotade*, pp. *rotad*; Exodus, vii. 24. †Du. *rotten*; OHG. *razu*.

β. Further allied to Icel. *rotun*, Swed. *rutina*, Dan. *raadne*, to become rotten, verbs which are allied to the old strong pp. appearing in Icel. *rotun*, Swed. *rutien*, Dan. *raaden*, rotten. See **Rotten**, which belongs to a more original type. Der. *rot*, sb., *dry-rot*.

ROTARY, turning like a wheel. (L.) A modern coined word; in Bailey's Dict., vol. ii. ed. 1731. As if from a L. type **rotāris*, from *rota*, a wheel. †Gael. and Irish *roth*, W. *rhod*, a wheel; Lithuan. *ratas*, a wheel; pl. *ratai*, a cart, wheeled vehicle; G. *rad*, a wheel. Cf. Skt. *ratha-s*, a car, chariot, vehicle. All from **KET*, to run along; as in OIrish *ritim-in*, I run; Lith. *riti*, I roll, turn round; Brugmann, i. § 159. Der. *rot-ate*, from L. *rotātus*, pp. of *rotāre*, to revolve like a wheel; *rot-at-ion*, from L. acc. *rotātiōnem*; *rot-at-ory*, formed with suffix *-y* from L. *rotātor*, a whirling round. And see *rotmud-ly*, *roud-can*, *round*, *round-el*, *round-let*, *roul*, *roll*, *row-el*, *roulens*, *roulette*.

ROTE (1), routine, repetition of the same words. (F.—L.) 'And every statute coude he plaine bi rote' = and he knew the whole of every statute by rote; Chaucer, C. T. 329. '[He] can nouyt wel reden Iiis rewle . . . but be pure rote' = he cannot well read the rule of his order except merely by rote; P. Plowman's Crede, 377.—OF. *rote* (Goddefroy), mod. F. *rote*, a road, way, beaten track; Norm. dial. *rote*, a little path (Dumeril). Hence the dimin. OF. *rotine*, mod. F. *routine*, as in the proverbial expression *par routine*, 'by rote'; Cot. Hence by *rote*—along a beaten track, or with constant repetition; see **Rut** (1). β. The orig. sense of OF. *rote* is 'a great highway in a forest', Cot., cognate with Ital. *rotta*, which, however, means a breaking up, a rout, defeat. The OF. *rote* is really the fem. of *rot*, old pp. of *rompre*, to break, and thus *rote*—L. *rupta*, lit. broken. As Diez says, the F. *route*, a street, way = *via rupta*, a way broken through, just as the OF. *brisée* (lit. broken) means a way. Orig. applied to a way broken or cut through a forest.—L. *rupta*, fem. of *ruptus*, pp. of *rumper*, to break; see **Rupture**. γ. By *rote* has nothing to do with OF. *rote*, a musical instrument, as some suppose; see **Rote** (2). By way of further illustration, we may note that the Dict. of the French Academy (1813) gives: '*Router*, habitude quelcun d'à une chose, l'y exercer. Les cartes se routent, pour dire qu'on a beau les mêler, les mêmes combinaisons, les mêmes suites de cartes reviennent souvent.' And again: 'Il ne sait point de musique, mais il chante par routine'; id. The latter passage expressly shows that to sing by rote is to sing without a musical instrument. Der. *rot-el*, Cor. iii. 2. 55; cf. I. *roote* in custome, *je habitude*, Palsgrave. Doublets, *route*, *rut* (1), *rut* (1).

ROTE (2), the name of an old musical instrument. (F.—G.—C.) 'Wel coude he singe and plaen on a rote'; Chaucer, C. T. 236. 'Playing on a rote'; Spenser, F. Q. iv. 6.—OF. *rote*, a musical instrument mentioned in Le Roman de la Rose, as cited by Roquefort. Burgyn explains that there were two kinds of *rotes*, one a sort of psaltery or harp played with a plectrum or quill, the other much the same as the F. *vielle*, which Cotgrave calls 'a rude instrument of music, usually played by fiddlers and blind men,' i.e. a kind of fiddle. [Roquefort absurdly connects rote with the L. *rota*, as if it were a kind of hurdy-gurdy, which it never was, and this has probably helped on the notion that F. *rote* in the phr. *by rote* must also have to do with the turning of a wheel, which is certainly not the case.]—OHG. *krōta*, *rota*, MllG. *rotte*, a rote; spelt *chrota* in Low Lat. (Ducauge). Of Celtic origin; OIrish *croit*, W. *crwth*, Gael. *crut*, a harp, violin; see **Crowd** (2). Stokes-Fick, p. 99. See Lacroix, Arts of the Middle Ages, p. 217 of E. translation.

ROTHER, an ox. (E.) In Shak. Timon, iv. 3. 12. ME. *rotheren*, pl., P. Plowman's Crede, 431; *ruberen*, pl., Layamon, 8106. Late AS. *krīðera*, pl., Kemble, Cod. Dipl. iv. 275. Earlier AS. *krīðer*, *krīðer* (Bosworth); and in comp., *krīð-*. The base *krīð-* is for **krinθ-*, cognate with G. *rind*, ox. Teut. type **krinθis*, n., ox (Kluge). The ME. *rother*, Du. *ruud*, are (more probably) connected with Teut. type **krinθis*, n.; see Kluge and Frank. Perhaps allied to AS. *krīðan* (pp. *krīðnen*), Icel. *krīðna*, to push, to thrust; see **Rend**. And see **Runt**. See my Notes on Eng. Etym., p. 253.

ROTTEN, putrid. (Scand.) ME. *rotten*, Chaucer, C. T. 1404 (A 406); Ancien Riwle, p. 84, note d, where the text has *roted*.—Icel. *rotun*, rotten; Swed. *rutten*; Dan. *raadne*. β. Apparently Icel. *rotun* is the pp. of a lost verb **rjūta*, pr. t. **rout*, to wet, to decay, allied to AS. *rotan*, OHG. *riuzan*, to weep, shed tears. Teut. type **restan-*, pt. t. **raut*, pp. **ruitanoz*. From **REUD*;

whence also Lith. *rauditi*, Skt. *rud*, to weep, *L. rudere*, to bellow. See *Rot*. And see *Rot*. Der. *rotten-ness*.

ROTUNDITY, roundness. (F.-L.) In K. Lear, iii. 2. 7. Adapted from F. *rotundité*, Cot. = *L. rotunditatem*, acc. of *rotunditas*, roundness. = *L. rotundus*, round; see *Round*. Der. (from *L. rotundus*), *rotund*; *rotundus*, a round building.

ROUBLE, **RUBLE**, a Russian coin. (Russ.) Spelt *rubble*, *Ilakly's Voyages*, vol. i. p. 256; *roble*, id. i. 280, under the date Aug. 1, 1556. = Russ. *rubla*, a ruble, 100 copeks; worth about 35.4d. Perhaps from Pers. *rūpiya*, a rupee (Miklosich). See *Rupee*.

ROUE, a profligate. (F.-L.) Merely F. *roué*, lit. broken on the wheel; a name given, under the regency (A.D. 1715-1723), to the companions of the duke of Orleans, men worthy of being broken on the wheel; a punishment for the greatest criminals. Fp. of *rouer*, lit. to turn round (*L. rotare*). = F. *roue*, a wheel. = *L. rota*, a wheel. See *Rotary*.

ROUGE, red paint. (F.-L.) Modern; added by Todd to Johnson. = F. *rouge*, red. = *L. rubrum*, acc. of *rubens*, red; whence *rouge* is formed like *rage* from *L. rabiem* (Littré). Allied to *ruber*, red; see *Red*, *Ruby*. Der. *rouge*, verb.

ROUGH, shaggy, not smooth, uneven, violent, harsh, coarse, rugged. (F.) In Chaucer, C. T. 3736 (A 3738), the MSS. have *rough*, *rough*, *rough*. Other spellings are *ruk*, *rug*, *ru*, *rou*, *ruz*; see Stratmann, s. v. *ruk*. AS. *rūh*, rough, hairy; Gen. xxvii. 11; also *rūg*. Cf. AS. *rūwan*, pl.; Gen. xxvii. 23. 4-Du. *ruig*, hairy, rough, harsh, rude; MDu. *ru* (Oudemans); Dau. *ru*; Low G. *rup* (Bremen Wörterbuch); OllG. *rūh*, MllG. *rūch*, hairy; G. *rauh*, rough. Also Skt. *rūkha*, rough. B. Cf. also Lithuan. *raukas*, a fold, wrinkle, *rūkti*, to wrinkle; the orig. sense may have been uneven, like something wrinkled. Distinct from *rau*. Der. *rough-ly*, -ness; *rough*, verb, *rough-en* (*roughen* in Palsgrave); *rough-ly*, *rough-ly*. And see *rough*.

ROULEAU, a roll of coins in paper. (F.-L.) See Stanford Dict. In *L'Opé*, The Lassett-table, l. 81. From F. *rouleau*, 'a roll of paper.' Cot. *Rouleau* stands for an OF. **roulet*, **rol*, in Froissart *rollet* (Hatfield), a diminutive from OF. *role*, later *roule*, a roll; see *Roll*.

ROULETTE, a game of chance. (F.-L.) See Stanford Dict. From F. *roule* *tte*; named from the ball which rolls on a turning table. For **roulette*, OF. *ruetele* (Hatfield); dimin. of *ruelle*, a little wheel, dimin. of *roue*, a wheel (*L. rota*). See *Rowel*.

ROUN, **ROWN**, **ROUND**, to whisper. (L.) Shak. has *rounded*, whispered, K. John, ii. 566; but the *d* is excrement. ME. *rounen*, Chaucer, C. T. 5823 (D 241); P. Plowman, R. iv. 13. AS. *rūnan*, to whisper; *rūnedon* = *L. susurrabant*, 1's xl. 8, ed. Spelman. = AS. *rūn*, a rune, mystery, secret colloquy, whisper; see *Rune*.

ROUND, circular, globular. (F.-L.) ME. *round*, Chaucer, C. T. 3932 (A 3934). = OF. *roünd*, mod. F. *round*, round. = *L. rotundus*, round; formed, with suffix *-undus*, from *rot-a*, a wheel; see *Rotary*. Der. *round*, sb., round, verb; *round-about*, in Levins; *round-head*, from the Puritan fashion of having the hair cut close to the head; *round-house*; *round-ish*, *round-ly*, *round-ness*. Also *round-el*, q.v., *round-eau*, q.v., *round-let*, q.v.

ROUNDEL, a kind of ballad. (F.-L.) The mod. F. form is *rondeau*; see *Rondeau*. ME. *roundel*, Chaucer, C. T. 1531 (A 1529); Legend of Good Women, 423. = OF. *rondelet*, later *rondeau*, which Cotgrave explains as 'a rime or sonnet that ends as it begins.' For a specimen of a *roundel*, in which the first two lines recur after the fifth, see Chaucer's poem of Merciless Beauty. So called from the first line coming round again. Dimin. from F. *round*, round; see *Round*. Der. *roundel-ay*, Spenser, Shep. Calendar, June, 49, from F. *roundel*, dimin. of OF. *roundel* (Cot.); the F. spelling is prob. due to confusion with *lay*, a song.

ROUSE (1), to raise up, excite, awaken, rise up. (Scand.) 'To rouse a deer' [deer]; Levins. It was a term of the chase; cf. Rich. II, ii. 3. 128. 'Some like wilde bores, late *rouz'd* out of the brakes,' Spenser, F. Q. ii. 11. 10. But it was orig. intransitive. 'I *rouse*, I stretche myselfe;' Palsgrave. = Swed. *rusa*, to rush; *rusa fram*, to rush forward; *rusa upp*, to start up; = Mswed. *rusa*, to rush, go hastily (Ilre); Dan. *rusa*, to rush. Allied to AS. *hrōsan*, to rush, also to fall down, 'to come down with a rush'; Grein, ii. 104. B. Teut. **hrōsa-* the orig. sense was prob. to start forward suddenly, to burst out. See further under *Rush* (1), which is not quite the same word as the present, but allied to it. Hence also *rouse* is to wake a sleeper, viz. by a sudden movement. Der. *a-rouse*, with a prefix suggested by *a-rise*.

ROUSE (2), a drinking-bout. (Scand.) In Shak. Hamlet, i. 2. 127; i. 4. 8; ii. 1. 58; Oth. ii. 3. 66. = Swed. *rus*, a drunken fit, drunkenness; *rusa*, to fuddle; Dan. *rus*, intoxication, *drucken ud* (to sleep out one's rouse), to sleep oneself sober. We find also Du.

roes, drunkenness; *seuen roes drincken* (to drink a rouse), 'to drink till one is fuddled' (Sewel); but it does not seem to be an old word in Dutch, being omitted by Hexham. Cf. EFries. *rause*, noise, uproar, 'row'; *raisen*, to make a noise; Low G. *ruse*, noise. ¶ That we got the word from Denmark is shown by a curious quotation in Todd's Johnson: 'Thou noblest drunkard Bacchus, teach me how to take the Danish *rowca*;' Brand's Pop. Antiq. ii. 228 (ed. Bohn, ii. 330). See *Row* (3).

ROUT, (1) a defeat, (2) a troop or crowd of people. (F.-L.) Notwithstanding the wide difference of sense, the word is but one. More than that, it is the same word as *Route*, q.v. 1. Shak. has *roul*, i.e. disordered flight, 2 Hen. VI, v. 2. 31; Cymb. v. 3. 41; and *roul*, verb, to defeat and put to disorderly flight, Cymb. v. 2. 12. This does not seem to occur much earlier. 2. ME. *route*, a number of people, troop, Chaucer, C. T. 624 (A 622), Will. of Palerne, 1213; Layamon, 2598, later text. = F. *route*, 'a rowt, overthrow, defeature'; also, a rowt, heard, flock, troop, company, multitude of men or beasts; also, a rutt, way, path, street, course; Cot. = *L. rupta*, fcm. of *ruptus*, broken. B. The different senses may be thus explained. 1. A defeat is a breaking up of a host, a broken mass of flying men. 2. A small troop of men is a fragment or broken piece of an army; and the word is generally used in contempt, of a company in broken ranks or disorderly array. 3. A route was, originally, a way broken or cut out through a wood or forest. See *Route*. ¶ The G. *rotte*, a troop, is merely borrowed from the Romance languages. Cf. Ital. *rotta*, Span. *rota*, a rout, defeat. It is remarkable that the mod. F. *route* has lost the senses both of 'defeat' and 'troop'. Der. *roul*, verb, as above.

ROUTE, a way, course, line of march. (F.-L.) Not much used in later authors, but it occurs very early. ME. *route*, spelt *ruite*, Ancren Riwe, p. 350, l. 1. = F. *route*, 'a way, path, street, course'; also, a glade in a wood; Cot. B. The sense of 'glade' is the earliest; it meant a way broken or cut through a forest. = *L. rupta*, fcm. of *ruptus*, pp. of *rumper*, to break. See *Rote* (1), *Rout*, *Rupture*. Der. *roul-ine*. Doublets, *route* (1), *roul*, *roul* (1).

ROUTINE, a beaten track, a regular course of action. (F.-L.) Modern. = F. *routine*, a usual course of action; lit. a small path, pathway; dimin. of *route*, a route, way; see *Route*. **ROVER**, a pirate, wanderer. (Du.) ME. *rouer*, *rovare*. 'Robare, or robar yn the see, *rovare*, or thief of the see, *Pirata*;' Prompt. Parv. p. 437. 'A *rovare* of the see;' Gower, C. A. l. 350; bk. iii. 2369. = Du. *roover*, 'a rober, a pyrate, or a thief'; Ickham. = Du. *rooven*, to rob. = Du. *roof*, 'spoil'; id. B. The Du. *roove* is cognate with AS. *rēaf*, spoil, plunder. See *Reave*, *Rob*. Der. *rove*, verb; 'To *roue*, robbe, Rapere; to *roue* about, Krrare, vagari;' Levins. The second sense was easily developed; the *rov* is the older word in English though etymologically due to the verb. The Icel. *rifa*, to rove, stray, is prob. not related.

ROW (1), a line, rank, series. (E.) ME. *rowe*, Amis and Amiloun, 1900 (Weber's Met. Rom. vol. ii.); *reue*, Chaucer, C. T. 2868 (A 2866); *raw*, Barbour's Bruce, v. 590. AS. *rāw*, *rāw*, a row; a scarce word. 'Pannon on *hā rāwe*;' Kemble, Cod. Diplom. v. 275; 'on . . . *hege-rāwe*' to the hedge-row, id. ii. 54. Allied to Du. *rij*, MDu. *rijge*, *rijge* (Oudemans), Low G. *rige*, *rege*, G. *reihe*, a row. The G. *reihe* is from OllG. *rihan*, to string together, to arrange things (as beads) by passing a string or rod through them; a strong verb, of which the Teut. type is **raikwan-*, pt. **raihw*, whence the sb. **rai(g)wā*, f. Teut. type of AS. *rāw*, a form which occurs in A. S. Leechdoms, ii. 238. Further allied to Skt. *rēkhā*, a line; from root **raikh*, with labio-velar *kh*.

ROW (2), to propel a boat with oars. (E.) ME. *rowen*, Polit. Songs, ed. Wright, p. 254; Wyclif, Luke, vii. 26. AS. *rōwan*, to row, sail, Luke, viii. 33. 26. 4-Du. *roaijen*; Icel. *rōa*; Swed. *ro*; Dan. *roe*; MHG. *rūjen*. Allied to Olrish *rūm*, *i. rēmus*, an oar; and further, to Skt. *aritra*, a rudder, orig. a paddle; Lithuan. *irti*, to row; Gk. *ιερύσις*, a paddle, oar. ¶ ERE. Der. *row*, sb., *row-er*. Also *rudder*, q.v.

ROW (3), an uproar. (Scand.) Shortened from *rouse*, drunkenness, uproar, the older form being obsolete; see Todd's Johnson. The loss of *s* is as in *pen*, *cherry*, *sherry*, &c. See *Rouse* (2).

ROWAN-TREE, the same as *Roan-tree*, q.v.

ROWEL, a little wheel with sharp points at the end of a spur. (F.-L.) 'A payre of spures, with a poynte without a *rowell*;' Berners, tr. of Froissart, vol. ii. c. 245. (K.) 'Rowell of a spur'; Palsgrave. = F. *rouelle*, a little flat ring, a wheele of plate or iron, in horses' bits; Cot. [He gives *mallette* as the MF. word for a rowel; on the other hand, Spenser uses *rowel* for a part of a horse's bit; F. Q. i. 7. 37.] = Late L. *rotella*, a little wheel, dimin. of *rota*, a wheel; see *Rotary*.

ROWLOCK, **ROLLOCK**, **RULLOCK**. (E.) The history of this word is imperfectly known; in Ashe's Dict. (1775) it is oddly

spelt *roullock*. It is an alteration of *oar-lock*, due to confusion with the *vo. roau*. See **ORLOCK** in N.E. D. The true AS. word was *irloc* (Étymologie), we find 'columbaris, ar-locu,' Voc. 288. 6. Hence ME. *orlok*, Liber Albus, pp. 235, 237, 239. This word is compounded of AS. *ar*, an oar, and *loc*, cognate with G. *lock*, a hole, as is evident from comparing G. *ruderloch* or *rudergat*, a rowlock, *ruilock*, or oar-hole. The AS. *loc* is also allied to AS. *loca* = the modern F. *lock*, in the sense of 'fastening,' and is derived from *loc*, weak grade of the strong verb *liacan*, to lock, fasten; see **LOOK** (1). The orig. oar-fastenings or *luocks* were, at least in some cases, actual holes; and hence at a later period we find them called *oar-holes*. In a Nomine pr. in Voc. 737. 32, we find: 'Iloc columbar, are-hole,' whereupon the editor notes that it means 'an air-hole, a small unglazed window.' This is wrong; *are* is the Northern form of *oar*, and *columbar* is for L. *columbäre*. In Hickham's Du. Dict. the MDu. *riemgaten* and *roeygaten* are explained by 'the oar-holes to put out the oars.' Hence, in the word *roullock*, we know that *-lock* signifies 'hole.' And, as to the whole word, I believe it to be nothing but another form of ME. *orlok*, i.e. *oarlock*. The shifting of *r* is common in English; and, in this instance, it was assisted by confusion with the verb *to row*, and (possibly) with the MDu. *roeygat*. If so, the spelling *roullock* is merely due to popular etymology; it does not express the pronunciation. Worcester's Dict. gives the form *rollock*.

ROYAL, kindly. (F.-L.) ME. *real*, Chaucer, C. T. 1020 (A. 1018), where some MSS. have *roial*. -OF. *real*, *roial*; spelt *royal* in Cotgrave, and explained as 'royal, regal, kindly.' -L. *regulus*, regal, royal; see **REGAL**. Der. *royal-ist*; *royal-ty*, ME. *realte*, Gower, C. A. iii. 220; bk. vii. 3810, from OF. *realte*, *realte*, spelt *royalite* in Cotgrave, from L. acc. *regulitatem*. And see *real* (2). Doublet, *regal*.

RUB, to move over from a surface with pressure, scour, wipe. (E.) ME. *rubben*, Chaucer, C. T. 3745 (A. 3747); P. Plowman, li. xiii. 99. Not in AS. Cf. EFris. *rubben*, Dan. *rubbe*, Norw. *rubba*, to rub, to scrub. Also Norw. *rubben*, rough, uneven; EFris. *rubberig*, rough; Du. *rubbelig*, 'rugged,' Swed. Also W. Flem. *worubelen*, *worubelen*, to scrub, wash clothes by rubbing. The Teut. base is apparently **rub-*. Der. *rub*, sb., Mach. iii. 1. 134; *rub-er*. -88 Not connected with G. *reiben*, which is from a Teut. base **ureib*; cf. Du. *wrijven*, to rub. But they may be parallel formations.

RUBASSE, a variety of rock-crystal, with a red tinge. (F.-L.) F. *rubasse*; from the base of L. *rub-ens*, reddish; see **RUBY**.

RUBBISH, broken stones, waste matter, refuse; nonsense. (A.F.-Scand.) Prov. E. *rubbage*, as in Norfolk (Forby). Palsgrave has 'rubrishe of stoues, plastras,' and Cotgrave explains the F. *plastras* by 'rubbish, clods or pieces of old and dry plaster.' Horman, in his Vulgaria (as cited by Way, note to Prompt. Parv., p. 435) says that 'Battz [brick-bats] and great rubbryshes scrueith to fyl up in the myddell of the wall.' These quotations show that *rubbish* was used in the exact sense of what we now usually call *rubble*; and the two words, *rubble* and *rubbish*, are closely connected. β. In the form *rubbish*, the latter *r* is intrusive, since it disappears in earlier, as well as in later English. The ME. form is *robous*, or *roebus*; as, 'Robous, or coldry, Petrosa, petro,' where *coldry* is an old word for rubble; Prompt. Parv. Way adds: in the Wardrobe Account of Piers Courteys, Keeper of the Wardrobe 20 Idw. IV (1480), occurs a payment to 'John Carter, for carriage away of a grute lode of *robous*, that was left in the strete after the reparacyon made upon a hous apperteyning unto the same Wardrobe;' Harl. MS. 4780. γ. The spelling *roebus* furnishes the key to the solution of the word. It is an AF. plural form, from a sing. **robel*, i.e. *robus*. Here **robel* is exactly the ME. *robel* (see **RUBBLE**), and the pl. *robous* (or *roebus*) became *robous*, as in the Prompt. Parv., and was easily corrupted into *rubbage* and *rubbish*, and even into *rubbish* (with intrusive *r*). In this view, *rubbish* is the pl. of *rubble*, and was accordingly at first used in the same sense. δ. At what time the word *roebus* first appeared in English I have no exact means of knowing, but I find an earlier trace of it in the fact that an allied word was Latinised as *rubbōna* (as if it were a neuter plural), in accordance with its plural form, as early as A. D. 1394 or 1393. Mount, in his Nomoclexicon, s.v. *lastage*, cites an act against throwing rubbish into the Thames, in which are the words 'ant finos, finaria, sterquilina, sordes, mucos, *rubboza*, *lastagium*, aut alia sordida;' Claus. 16 Rich. II. dors. 11. And this *rubbōna* answers to the AF. *robous*, *roebus*, *rubbish*, in the Liber Albus, pp. 579, 581. See further below.

RUBBLE, broken stones, rubbish. (Scand.) 'Rubble, or rubbish;' Minshew, ed. 1627. 'Rubble, or rubbish of old houses;' also, 'carrie out rubble, as mortar, and broken stones of old buildings;' Baret's Alvearie, ed. 1580. ME. *robbell*; 'Oon parte of lyme and twyn of *robbell* have;' Palladius, bk. i. 340. Grammatically, *rubble* seems to be the singular of *roebus*, the old form of *rubbish*; see

above. The traces of the word are slight, but it seems to be of Scand. origin. -Norw. *rubl* (Ross), with the same sense as *rubb* (below); cf. Du. *robbelig*, rugged (Sewel) = prov. E. *rubbly*, lumpy, gritty. -Norw. *rubl* (Ansen), in the phr. *rubl og stubb*; Dan. *rub*, in the phr. *rub og stub*, 'bag and baggage;' including even articles of the least value; Icel. *rubbi*, *rubbi*, rubbish, refuse. *Stub* = a stub, bit, piece. So prov. E. *stoup* and *roup*, 'entirely,' or 'every bit.' Prob. Dan. *rub* orig. meant 'a broken bit,' a lump.

RUBRIC, a direction printed in red. (F.-L.) ME. *rubryke*, St. Cuthbert, 1318 (Surtees Soc.). The *rubrics* in the Book of Common Prayer, and (earlier) in the Missal, &c., were so called from being usually written or printed in red letters. [ME. *rubriche*, Chaucer, C. T. 5938 (D. 346); this is an OF. form; cf. *rubriche*, 'rudle, oaker;' Cot.] -F. *rubrique*, 'a rubrick; a special title or sentence of the law, written or printed in red;' Cot. -L. *rubrica*, red earth; also a rubric, a title of law written in red. Formed as if from an adj. **rubricus*, extended from *rubri*, from *ruber*, red; see **RUBY**.

RUBY, a red gem. (F.-L.) ME. *ruby*, P. Plowman, B. ii. 12. -OF. *rub* (13th cent., Littre), also *rubis*, 'a ruby,' Cot. [The *s* is the old sign of the nom. case, and is still preserved in writing, though not pronounced.] Cf. Span. *rubí*, *rubin*, Port. *rubim*, Ital. *rubino*, a ruby; Late L. *rubinus*. Allied to L. *rubens*, red, *rubet*, red; cf. *rubere*, to be red. Allied to Gk. *ῥυβρός*, red; see **ROUGE**, **RED**. Der. (from L. *rub-ire*) *rub-esc-ent*, growing red, from the pres. part. of inceptive *rub-escere*; *rub-i-esc-und*, ruddy, from F. *rubineund*, very red (Cot.), which from L. *rubicundus*, very red, with suffixes *-e* and *-undus*; *rub-i-ic*, q.v. Also *rub-esc-ent*.

RUCK (1), a fold, plait, crease. (Scand.) 'Ruck, a fold or plait, made in cloth by crushing it;' Yorksh. Gloss., A. D. 1811 (E. D. S. Gloss. B. 7). -Icel. *hrukka*, a wrinkle on the skin, or in cloth; cf. *hrökkinn*, curled, wrinkled, pp. of *hrúka*, to recoil, give way, also to curl; Norw. *rukka*, a wrinkle. Cf. Swed. *rycka*, Dan. *rynke*, a wrinkle, also to gather, wrinkle. From Teut. base **rhenk* (Noreen). Der. *ruck-le*, to rumple (Italliweli).

RUCK (2), a heap. (Scand.) Cf. Norw. and MSwed. *ruka*, a heap; also Icel. *hraukr*, a rick. See **RICK**.

RUDD, a fish like a roach. (E.) 'A kind of bastard small Roach . . . men call them *Ruds*;' I. Walton, Angler, ch. 17. Named from the deep red colour of the lower fins. Cf. AS. *rud-u*, redness; see **RUDDY**. MDan. *ruide*, a rudd; Dan. *ruddkalle*.

RUDDER, the instrument whereby a ship is steered. (E.) Orig. a paddle, for rowing as well as steering; hence the etymology. ME. *ruider*, or (more usually) *rother*, Gower, C. A. i. 243; bk. ii. 2494; Allit. Poems, ed. Morris, B. 419. AS. *riðer*, a paddle; 'Palmula, *riðres blad*' = blade of a paddle; 'Remus, *riðer-riðer*,' lit. a steering-paddle; Voc. 167. 1, 166. 13. β. Here *rið-er* = rowing-implement; from AS. *riðu-au*, to row, with suffix *-er* (Idg. *-ter*), denoting the agent or implement. γ. Du. *ruer* (for **roder*), an oar, rudder; Swed. *roder*, also contr. to *ror*; Dan. *ruer* (for **roder*); G. *ruider*. See **ROW** (2).

RUDDOCK, a red-breast. (F.) ME. *rudlock*, Chaucer, Parl. of Foules, l. 349. AS. *rudde*; Voc. 131. 26; allied to *rud-ig*, ruddy. Hence W. *rhuddog*, Corn. *rudde*, a red-breast. See **RUDDY**.

RUDDY, reddish. (E.) ME. *rudly*, P. Plowman, B. xiii. 99; *rodli*, Wyclif, Matt. xvi. 2. AS. *rudig*, in Napier's Glosses; formed with suffix *-ig* from *rud*, weak grade of *riðan*, to reddens. Allied to AS. *riðad*, red; see **RED**. Cf. Icel. *rodli*, redness, allied to *ruðr*, red. ¶ We also find AS. *rudn*, i. e. redness, applied to the complexion (of the face), Voc. 156. 19; this is ME. *rode*, complexion, Chaucer, C. T. 3317. Der. *rudli-ly*; *rudli-ness*, Wint. Tale, v. 3. 81. Also *rudde*, a kind of red earth; spelt *rudde* in Holland, tr. of Pliny, bk. xxv. ch. 6 § 1.

RUDE, rough, uncivil, harsh. (F.-L.) ME. *ruide*, Chaucer, C. T. 14814 (B. 3998); Cursor Mundi, 23911. -F. *ruide*, 'rude;' Cot. -L. *rudem*, acc. of *rudis*, rough, raw, rude, untutted. Allied to L. *raudus*, rough ore; Russ. *rudn*, ore; Icel. *ruði*, red iron ore (from *ruðr*, red); Skt. *ṛdha-*, iron. Allied to **RED**. Der. *rud-ly*, *rud-ness*; also *rud-ly*, as You Like It, v. 4. 31 = F. *rudiment* (omitted by Cot., but in use in the 16th century, Littre), from L. *rudimentum*, a thing in the rough state, a first attempt; *rudiment-ary*. Also *rud-ite*, *rud-ite-ion*.

RUE (1), to be sorry for. (E.) For **hrue*, initial *h* being lost. ME. *reuen*, Chaucer, C. T. 1865 (A. 1863); Iavelok, 967. AS. *hrēowan*, Grein, li. 104. + OSax. *hrēowan*; OHG. *hrēowan*, G. *reuen*. β. AS. *hrēowan* is a strong verb, with pt. t. *hrāwa*; so also OSax. *hrēowan*, pt. t. *hras*; Teut. type **hrēowan*; pt. t. **hrāw*(w), to pity; whence also Icel. *hrýgr*, grieved, afflicted, *hrýgr*, ruth, grief, sorrow. Der. *ruel-ful*, P. Plowman, B. xiv. 148; *ruel-ful-ly*; *ruel-ful-ness*, ME. *reuefulness*, Ancren Riwle, p. 368, l. 13. And see **RUE**.

RUE (2), a plant with bitter taste. (F.-L.) -Gk. ME. *rua*, Wyclif, Luke, xi. 42. -F. *rua*, 'rue, herb grace;' Cot. -L. *ruia*,

rae; Luke, xi. 42. = Gk. *ῥυτί*, a Peloponnesian word. ¶ The AS. *rūde* (Luke, xi. 42) is merely borrowed from L. *rūta*.

RUFF (1), a kind of ruff, formerly much worn by both sexes. (E.) In Shaks. Tam. of the Shrew, iv. 3. 56; Spenser, F. Q. i. 4. 14. Also as a verb: 'Whist the proud bird, ruffing [ruffling] his feathers wyde'; F. Q. iii. 11. 32. 'Ruffe of a shirt'; *Levi's*. Pl. ruffes; Gascoigne, Steel Glas, l. 373. β. So called from its uneven surface; perhaps a shortened form of **RUFFLE** (1). Der. *ruff* (2).

RUFF (2), the name of a bird. (E.) Said to be so named from the male having a ruff round its neck in the breeding season; see **RUFF** (1); which I doubt. The female is called a *reeve*, apparently formed by vowel-change; this is a very remarkable form, but has not been explained. Cf. 'The pheasant, partridge, godwit, reeve, ruffe, rail'; Herrick, A Panegyric to Sir L. Pemberton, l. 65. The AS. form should be **rōf*, fem. **rife*.

RUFF (3), a fish. (E.) ME. *ruffe*, Prompt. Parv., v. 438. Lit. 'rough'; from the spines on the back. Cf. Ital. *aspreto* (< L. *asper*, rough), 'a fish called a ruff'; Florio.

RUFF (4), a game at cards. (F.) Mentioned in Cotgrave, and in Florio (1598); and see Nares. Now applied to the act of trumping instead of following suit, but orig. the name of a game (called also *trump*) like whist. Evidently a modification of F. *ronfle*, 'hand-ruff, at cards'; *jouer à la ronfle*, 'to play at hand-ruff, also to snore'; Cot. So also Ital. *ronfi*, 'a game at cards called ruff or trumpe'; *ronfare*, 'to snort, snarl'; also, to ruff or trump at cards; Florio. Prob. of jocular origin, the trumping (when perhaps unexpected) being likened to a snarl, or the spitting of a cat; cf. *ronfamenti*, 'snortings, snarlings, or tuffings of a cat'; Florio. Of imitative origin; cf. Ital. *ronzare*, 'to humme or buzze'; Florio; Span. *roncar*, 'to snore, also, to threaten, boast, brag'; Cf. *brag* as the name of a game, *slam*, also a game, and *trump*, i.e. triumph.

RUFFIAN, a bully, violent, brutal fellow. (F. - Ital. - Teut.) 'A commune and notable ruffian or ruffe'; Sir T. Elyot, The Governour, b. ii. c. 12. § 7. - MF. *ruffen*, *ruffen*; 'a bawd, a pandar'; Cot. - Ital. *ruffiano*, *ruffiano*; 'a pandar, a ruffian, a swaggerer', Florio. - Late L. type **ruffianus*; formed with L. suffix *-anus* from Low G. *ruffel-n*, to act as pandar; see **RUFFLE** (2). Cf. MDu. *roffen*, to pandar (Oudemans). Der. *ruffian-ly*, *ruffian-ism*.

RUFFLE (1), to wrinkle, disorder a dress. (E.) 'I ruffle clothe or sylke, I bring them out of their playne foldeynge', *Je plionne*; Palsgrave. ME. *ruffelen*; 'Ruffelen, or snarlyng [i.e. to entangle or run into knots], *Insoddo, illaguge*'; Prompt. Parv. The pp. *ruffeled* occurs in the Cursor Mundi, 26391. The word is probably E.; it is parallel to MDu. *ruffelen*, 'to ruffle, wrinkle, or crumple'; *Illexham*; cf. *ruffel*, 'a wrinkle, a crumple, or a ruffle', id. Also EFries. *ruffeln*, to pleat. The verb may be from the sb. *ruffe*; and both from Teut. **ruf-*, weak grade of Teut. **reufan-*, to break, tear; see **REAVE**. β. The Lithuan. *ruple*, the rough bark on old trees, is a cognate word; so also is *rauple*, a rough scab or blister; both of which are allied to Lithuan. *rupas*, rough, uneven. See **RUFF** (1). Der. *ruffle*, sb., a wrinkle, a ruff (unless the vb. is from the sb.).

RUFFLE (2), to be noisy and turbulent, to bluster. (MDu.) 'To ruffle in the commonwealth of Rome'; Titus Andron. i. 313. Cf. 'the ruffle [bustle] . . . of court'; Shak. Lover's Complaint, 58. 'Twenty or more persons were sleyn in the ruffe'; Hall's Chron. Hen. VIII. an. 19. § 18. Nares has: 'A ruffler, a cheating bully, so termed in several acts of parliament,' particularly in one of the 27th year of Hen. VIII, as explained in Harman's Caveat, ed. Furnivall, p. 29. They were highway robbers, ready to use violence; any lawless or violent person was so named. It seems to have been a cant term, not in very early use; and borrowed, like several other cant terms, from the Low Countries. - MDu. *ruffelen*, to pandar, of which the shorter form *roffen* is also found (Oudemans); so also Low G. *ruffeln*, to pandar, to reproach, *ruffeler*, a pimp, a person who carries on secret intrigues (Bremen Wörterbuch); prov. G. *ruffeln*, to pimp (Kluge); Dan. *ruffler*, a pandar, from Low G. *ruffen*, *ruffen*, to be lewd (Lilbren). β. The words *ruffler* and *ruffian* are closely related and mean much the same thing; see **RUFFAN**. Der. *ruffler*, as above.

RUG, a coarse, rough woollen covering, a mat. (Scand.) 'Apparelled in divers coloured rug'; Hakluyt's Voyages, vol. ii. pt. ii. p. 87, last line but one. 'Irish rug', Baret (1580). - Swed. *rugg*, rough entangled hair; cf. MSwed. *rugg-ig*, rough, hairy; Icel. *rugg*, shagginess. See Noreen, § 246. 2. The orig. sense of Swed. *rugg*, was, doubtless, simply 'rough', as it is cognate with Low G. *ruug*, Du. *ruig*, rough; EFries. *rūg*, rough, *rūge*, roughness, a rough side of a skin, *rūger*, a furry animal (as a cat). Allied to AS. *rūh* (gen. *rūwes*), rough; Skt. *rūksha-*, rough; see **ROUGH**. And see **RUGGED**. Der. *rugg-ed*; also *rugg-headed*, Rich. II. ii. 1. 156.

RUGGED, rough, shaggy. (Scand.) ME. *rugged*, Prompt. Parv. Chaucer has *ruggy*, C. T. 2895 (A 2883). The latter form

is from Swed. *ruggig*, rugged, rough, hairy; cf. *rugga*, to raise the nap on cloth, i. e. to roughen it. - Swed. *rugg*, rough entangled hair; orig. 'rough', cognate with E. *Rough*, q.v. See also **RUG**. Der. *rugged-ly*, *ruggedness*.

RUGOSE, full of wrinkles. (L.) The form *rugosus* is in Blount's Gloss, ed. 1674; Phillips has the sb. *rugosity*. - L. *riġsūs*, wrinkled. - I. *riġa*, a wrinkle. Cf. Lith. *raukas*, a wrinkle, *runk-ū*, I grow wrinkled. Brugmann, ii. § 628. Der. *rugos-ity*.

RUIN, destruction, overthrow. (F. - L.) ME. *ruine*, Chaucer, C. T. 2465 (A 2463). - F. *ruine*, 'ruine'; Cot. - L. *ruina*, overthrow. - L. *ruere*, to fall down, tumble, sink in ruin, rush. Cf. Gk. *ῥ-ῥῥῥ*, to drag, pull down; Brugmann, ii. § 529. Der. *ruin*, verb, Rich. II. iii. 4. 45; *ruin-ous*, Timon, iv. 3. 465, from F. *ruineux*, 'ruinous', Cot.; *ruin-ous-ly*. Also *ruin-ate* (obsolete), Titus Andron. v. 3. 204.

RULE, a maxim, state, order, government. (F. - L.) ME. *reule*, Chaucer, C. T. 173. Earlier *ruile*, as in the Ancien *Ruile* = Rule of (female) Anchorites. - AF. *reule*, OF. *ruile*, *reule*; mod. F. *regle*, a rule. - L. *regula*, a rule (whence also was borrowed AS. *regol*, a rule). - L. *regere*, to govern; see **REGENT**. Der. *rule*, verb, ME. *reulen*, earlier *ruilen*, Ancien *Ruile*, p. 4; *ruil-er*, *ruil-ing*.

RUM (1), a kind of spirituous liquor. (E.) In Dampier's Voyages; Voyage to Camperdown, an. 1675; see quotation in R. [We find also Port. *rom*, Span. *rom*, Ital. *rum*, F. *rhum*; all from E.] Formerly *rumbo*, as in Smollett, Peregrine Pickle, ch. ii and ch. ix (1751). The earliest form was *rumbullion*. A MS. 'Description of Barbados' in Trin. Coll., Dublin, written ab. 1651, says: 'The chief fadling they make in the island is *Rumbullion*, alias *Kill-devil*, . . . made of sugar-canes distilled, a hot, hellish, and terrible liquor.' Later, it was called *rumbolund* (Cent. Dict.), and then shortened to *rumb*, and to *rum*. *Rumbullion* is a Devon. word meaning 'great tumult', or disturbance; perhaps allied to prov. E. *rumpus*, an uproar, *rampage*, and *rump*; or else allied to E. *rumble*. See my Notes on E. Rym., p. 253; and N. Darnell Davis, in The Academy, Sept. 5, 1885. ¶ The F. name is *guldive*, a modification of E. *Kill-devil* (above).

RUM (2), strange, queer. (Hindi.) 'Run, gallant; a cant word'; Bailey's Dict., vol. i. ed. 1735. I suppose that *rum* means no more than 'Gypsy'; and hence would mean 'good' or 'gallant' from a Gypsy point of view, and 'strange' and 'suspicious' from an outsider's point of view. Hence *rome bouse*, wine, Harman's Caveat, ed. Furnivall, p. 83, spelt *rumbaoz* in Phillips; *rome mort*, the queen, id. p. 84 (where *mort* = a female). Cf. *rom*, a husband, a Gypsy, *rūm-mani*, adj. Gypsy. The Gypsy word *rom* answers to the Hindi word *dom* (with initial cerebral d); see English-Gipsy Songs, by Leland, Palmer, and Tuckey, pp. 2, 269. Cf. Skt. *ḍombā* - (with cerebral d), 'a man of a low caste, who gains his livelihood by singing and dancing'; Benfey. Also Hindustani *dom*, 'the name of a low caste, apparently one of the aboriginal races'; II. II. Wilson, Gloss. of Indian Terms, p. 147.

RUMB, RHUMB, a line for directing a ship's course on a map; a point of the compass. (F. - Span. - L. - Gk.) This is a very difficult word, both to explain and derive. The view which I here present runs counter to that in Littre and Scheler, but is recognized as possible by Diez. 'Rumb or Rhumb, the course of a ship' . . . also, one point of the mariner's compass, or 11½ degrees . . . *Rumb-line*, a line described by the ship's motion on the surface of the sea, steering by the compass, so as to make the same, or equal angles with every meridian. These *rumb*s are spiral lines proceeding from the point where we stand, and winding about the globe of the earth, till they come to the pole, where at last they lose themselves; but in Mercator's charts, and the plain ones, they are represented by straight lines, &c.; Phillips, ed. 1706. These lines are called *rumb-lines*. See *Rumb* in the Engl. Encyc. (Div. Arts and Sciences), where it is said to be a Portuguese word, and where we find: 'a *rumb* certainly came to mean any vertical circle, meridian or not, and hence any point of the compass. . . . To sail on a *rumb* is to sail continually on one course. Hence a *rumb-line* is a line drawn in [on?] the sphere, such as would be described by a moving point which always keeps one course; it is therefore the spiral of Mercator's projection, and is that which is also called the loxodromic course.' It is spelt *roomb*, *roumb*, and *roumb* in Minshew, ed. 1627. - F. *rumb*, 'a roomb, or point of the compass, a line drawn directly from wind to wind in a compasse, travers-boord, or sea-card'; Cot. He adds the phr. *voguer de rumb en rumb*, 'to sail by traverses'. - Span. (and Port.) *rumbo*, 'a course, a way; rumbo derecho, the right course'; Minshew's Span. Dict., ed. 1623; also, a point of the compass, intersection of the plane of the horizon, represented by the card of a compass, the course of a ship; Neuman. Cf. Port. *rumbo*, *rumo*, a ship's course; *quarto do rumo*, a point of the compass; Ital. *rombo*, - L. *rhombus*, acc. of *rhombus*, a magician's circle, a rhombus (Lewis). - Gk. *ῥόμβος*, a top, a magic wheel, whirling motion of a top, swoop of an

cagle; also, a rhombus; see **Rhomb**. **β**. In this view, the sense of circular or spiral motion comes first; then the delineation of such motion on a chart; and lastly, the sense of a point of a compass; which is the simple and natural order. Milton has the very word *rhomb* in the sense of the revolution of the sphere; see *Paradise Lost*, vill. 134, and uses *wheel* as a synonym. That the word arose among the early Spanish and Portuguese navigators, is in the highest degree probable. The view taken by Scheler and Littre seems to me obviously wrong; they refer *F. rumb* (also spelt *rum*) to the Du. *ruim*, *E. room*, on the ground that a *rumb* is the 'room' or space between two winds; thus taking the last sense first. I cannot find that the Du. *ruim* ever had this sense; indeed Sewel, as late as 1754, can only render *rumb* into Dutch by *een punt van't kompas*; and Hexham mentions no such use of the MDu. *ruym*. Perhaps Littre and Scheler are thinking of quite another matter, viz. the MF. *rum*, 'the hold of a ship,' Cot. This is certainly the Du. *ruim*, since Sewel gives the very phrase *ruim van een schip*, the hold of a ship, i.e. its room, capacity for stowage. Körtig, § 8063. Der. *rumb-line*. Doublet, *rhomb*.

RUMBLE, to make a low and heavy sound. (F.) ME. *romblen*, to mutter, Chaucer, C. T. 14453 (B 3735); to rumble like thunder, Legend of Good Women, 1218. Cf. prov. F. *romble*, to speak low or secretly (Halliwell); *rumble*, to rumble; id. The word *romblen* likewise stands for *romlen*, the *b* being excessive, as usual after *m*; and the suffix *-len* has the usual frequentative force. Thus the word signifies 'to repeat the sound *rom* or *rum*;' from the base *rum*, significant of a low sound; which is from *REU*, to make a humming or lowing noise. Cf. Skt. *ru*, to hum, to bury; L. *ad-rum-äre*, to make a murmuring noise (*Festus*); see **Rumour**. **†**Du. *rommelen*, to rumble, buzz; Low G. *rummeln*, *rumple*, to rumble; Dan. *rumle*, to rumble. And cf. Swed. *rumla*, to rattle, Ital. *rombare*, to rumble, hum, buzz; MDu. *rummel-n*, 'to make a noise, or to rumble,' Hexham. Der. *rumb*, sb., *rambling*.

RUMINATE, to chew the cud, meditate. (L.) 'Let hym . . . ruminare it in his mynde a good space after;' Sir T. Elyot, Castel of Helth, b. iii. ch. 11. = L. *ruminatus*, pp. of *ruminare* or *ruminari*, to chew the cud, ruminare. = L. *rāmin*, decl. stem of *rāmen*, the throat, gullet; cf. *rūmāre*, used (according to *Festus*) in the same sense as *ruminare*. Cf. also *L. rāgere*, to roar, bray. From *REU*, to hum, bray. See **Rumble**, **Rumour**. Der. *ruminat-ion*, As You Like It, iv. t. 19, from L. acc. *ruminātiōnem*; also *rumin-ant*, from the stem of the pres. part. of *ruminare*.

RUMMAGE, to search thoroughly among things stowed away. (E.; with *F. suffix*.) 'Searcheth his pockets, and takes his keyes, and so rummageth all his closets and trunks;' Howell, Familiar Letters, vol. i. sect. 5, let. last. This is altogether a secondary sense; the word is merely due to the sb. *room-age*, formed by suffix *-age* (of *F.* origin) from *E. room*, space. *Roomage* is a similar formation to *stowage*, and means much the same thing. It is an old nautical term for the close packing of things in a ship; hence was formed the verb to *roomage* or *rumage*, i.e. to find room for or stow away packages; and the mariner who attended to this business was called the *roomager* or *rumager*. **β**. The history of the word is in Hakluyt's Voyages, 'To looke and foresee substantially to the roomaging of the shippe;' vol. i. p. 274. 'They might bring away [in their ships] a great deale more then they doe, if they would take paine in the roomaging;' vol. i. p. 308. 'The master must provide a perfect mariner called a *rumager*, to rounge and bestow all merchandize in such place as is convenient;' vol. iii. p. 862. 'To rummage (sea-term) to remove any goods or luggage from one place to another, esp. to clear the ship's hold of any goods or lading, in order to their being hand-somely stowed and placed; whence the word is us'd upon other occasions, for to rake into, or to search narrowly;' Phillips, ed. 1706. Spelt *rumidge* in ed. 1658. See further under **Room**. Cf. Du. *ruim*, room, also the hold of a ship; *ruimen*, to empty, clear, lit. to make room. Der. prov. F. *rumage*, litter, lumber, rubbish, as after a clearance.

RUMMER, a sort of drinking-glass. (W.Flem. - Du.) 'Rummer, a sort of drinking-glass, such as Rhenish wine is usually drunk in; also, a brimmer, or glass of any liquor filled to the top;' Phillips, ed. 1706. 'Rhenish rummers walk the round;' Dryden, Ep. to Sir G. Eberhage, l. 45. = W. Flem. *rummer*, *rommer* (De Ho); Du. *rommer*, *romer*, a wine-glass (Sewel); spelt *rummer* in Hexham; Low G. *römer*, a sort of large wine-glass (Brenn. Wörterbuch). So also G. *römer*; Swed. *rumnare*. [The G. *römer* also means 'Roman'; and some say that the glasses were so called because used in former times in the *Römersaal* at Frankfurt, when they drank the new emperor's health; but this is an error; see Franck.] From Du. *room*, boasting, praise; hence 'a glass to drink in praise of a toast;' Franck. Cf. G. *rumm*, praise; OSax. *hrīm*; also Icel. *hröðr*, praise, *hrös*, praise; Gk. *σῆψυς*, a herald. And note O. Low G. *hrōmian*, to

praise (Gallée). Der. *rumkin*, *romekin*, W. Flem. *rummerken*, dimin. of *rummer* (above).

RUMOUR, report, current story. (F. - L.) ME. *rumour*, Chaucer, tr. of Boethius, b. ii. pr. 7, l. 81. = AF. *rumour*, Liber Albus, p. 463; F. *rumeur*, 'a rumor;' Cot. = L. acc. *rūmōrem*, from nom. *rūmor*, a noise, rumour, murmur. Cf. L. *rūmificāre*, to proclaim; *rūmōre*, to spread reports; all from the base *rū-m*, significant of a buzzing sound. = *REU*, to make a humming or braying noise. See **Rumble**. Der. *rumour*, verb, Rich. III, iv. 2, 51.

RUMP, the end of the backbone of an animal with the parts adjacent. (Scand.) ME. *rumpe*, Prompt. Parv. = Icel. *rumpr*; Swed. *rumpa*; Dan. *rumpe*. **†**MDu. *rompe*, 'the bulke of a body or corps, or a body without a head;' Hexham; Du. *romp*; Low G. *rump*, trunk (of the body); G. *rumpf*. The orig. sense was 'stump;' cf. Norw. *ramp*, an old tree-stem. Der. *rump-steak*.

RUMPLE, to wrinkle, crease. (E.) Cotgrave explains *F. foupir* by 'to rumple, or crumple.' The ME. form is *rimplen*; *rimple* and *rumple* are allied forms, like *wrinkle* and prov. E. *ruinkle*. Of these, *rimple* is derived from the AS. *hrimpan*, to wrinkle, and *rumple* from *hrump*, weak grade of the same; see further under **Ripple** (2). **†**MDu. *rompelen*, or *rompen*, 'to wrinkle,' Hexham; *rompel*, or *rimpel*, 'a wrinkle;' id. And cf. G. *rūmpfen*, to crook, bend, wrinkle; OllG. *hrimfun*, strong vb. Teut. base **hrump-*; cf. Ollish *eromn*, W. *erum*, bent. Der. *rump*, sb.

RUN, to move swiftly, flee, flow, dart. (E.) ME. *rinnen*, *rennen*, pt. t. *ran*, pp. *runnen*, *rennen*; Chaucer, C. T. 4098, 4103 (A 4100, 4105). The mod. E. verb has usurped the vowel of the *r*, throughout, except in the pt. t. *ran*. By the transposition of *r*, we also find ME. *runen*, *corren*, to run; Ancrer Riwle, pp. 42, 74, 80, 86, 332, 360. AS. *rinnan*, pt. t. *ran*, pp. *gerunnen*; Grein, ii. 382; also found in the transposed form *irnan*, *yrnan*, pt. t. *orn*; id. 146. **†**Du. *rennen*; Icel. *renna*, *rinna*; Dan. *ruide* (for *rinne*); Swed. *rinna*; Goth. *rinnau*; G. *rennen*. Teut. type **rennau-*, pt. t. **raun*, pp. **runnaoz*. See Brugmann, i. § 993; ii. § 654. Der. *run*, sb., Tam. Shrew, iv. 1. 16; *run-uow*, Mids. Nt. Dr. iii. 2. 405; *runn-er*, *running*. Also *runn-ell*, a small stream, Collins, Ode on the Passions, l. 63 (AS. *rynel*; *run*, a small stream. Also *renn-et* (1); old form also *runn-et*).

RUNAGATE, a vagabond. (F. - L.) In Ps. lxxviii. 6, Prayer-book version; Slavk. Rich. III, iv. 4. 405. 'The A. V. has *rebellious*, as in Isaiah xxx. 1, which is quoted by Latimer (Remains, p. 434) in this form: "We be unto you, *runagate* children;" Bible Word-book. In the Coventry Mysteries, p. 384, it is written *renogat*: "Ys there any *renogat* among us;" id. **β**. It so happens that *gate* in many E. dialects signifies a *way*; whilst at the same time the ME. verb *rennen* passed into the form *run*, as at present. Hence the ME. *renegat*, a renegade, was popularly supposed to stand for *renne a gate*, i.e. to run on the way, and was turned into *runagate* accordingly; esp. as we also have the word *runaway*. But it is certain that the orig. sense of ME. *renegat* was 'apostate' or 'villain'; see Chaucer, C. T. 5353 (B 934). -OF. *renegat*, 'a renegade, one that abjures his religion;' Cot. = Late L. *renegātus*, pp. of *renegāre*, to deny again, to deny the faith. See **Renegade**. ¶ It is remarkable that when *renegate* had been corrupted into *runagate*, we borrowed the word over again, in the form *renegade*, from Span. *renegado*.

RUNDLET, **RUNLET**, a small barrel. (F. - L.) *Runlet* is a later form, corrupted from the older *rundel* or *runlet*; spelt *rundlet* in Levins, ed. 1570. 'Rundlet, or lytle pot, oreula;' Hulcot (cited by Wheatley). ME. *rundel* (1393); in Wylie. Hen. IV. iv. 179. 'Rundlet, a certayne measure of wine, oyle, &c., containing 18½ gallons; Au. t. Rich. III. cap. 13; so called of his roundness;' Minshew. Formed with dimin. suffix *-et* from OF. *rondelle*, *rondele*, a little tun (Godefroy); cf. *rondelle*, a buckler or round target (shield), in Cotgrave. This is again formed, with dimin. suffix *-elle*, from *roude*, a circle, or from *round*, round; see **Round**.

RUNE, one of the old characters used for inscriptions cut upon stone. (E.) ME. *ruue*, counsel, a letter, Layamon, 25332, 25340, 32000; later *run*, whence *run* or *round* in Shakespeare; see **Round**. AS. *rūn*, a rune, mystery, secret colloquy, whisper; Grein, ii. 385. The orig. sense seems to be 'whisper' or 'buzz'; hence, a low talk, secret colloquy, a mystery, and lastly a writing, because written characters were regarded as a mystery known to the few. **†**Icel. *rūn*, a secret, a rune; Goth. *rūna*, a mystery, counsel; OllG. *rūna*, a secret, counsel, whence G. *raunen*, to whisper; Ollish *rūn*, W. *rhin*, a secret. Idg. type **rūnā*, fem. Cf. Gk. *ῥηνάω*, I search out; *ῥηνάω*, f., an inquiry. Der. *run-ic*, *ronn*.

RUNG, one of the rounds of a ladder. (E.) Also a staff (Halliwell); one of the stakes of a cart, a spar (Webster). ME. *rouge*, *r*. Plowman, B. xvi. 44; Chaucer, C. T. 3625 (where Tyrwhitt's

edition wrongly has *renge* for *runge*). AS. *hrung*, apparently a pole supporting the tilt of a cart; Grein, ii. 109. + MDu. *runge*; 'the beam upon which the counter of a plough, or of a wagon rests'; Hexham; G. *runge*, a short thick piece of iron or wood, a pin, bolt; Goth. *krunga* (= *hrunga*), a staff, Mark, vi. 8. [We find also Irish *rouge*, a rung, joining spar, Gael. *roag*, a joining spar, rib of a boat, staff; borrowed from English.] Cf. also Icel. *rúg*, a rib in a ship. The sense seems to have been 'rounded staff'. Prob. connected by gradation with AS. *hring*, a ring; see **Ring**.

RUNNEL, a small stream; see **Run**.
RUNT, a bullock, heifer. (Du.) Florio (1598) has 'a runt, a bullocke'; s.v. *Guenoco*. = MDu. *runt*, 'a runt, a bullock'; Hexham; Du. *runt*. From Teut. base **runth*, weak grade of **rinth*, **branth* - i. see **Rother**. See my Notes on Eng. Etym., p. 255.

RUPÉE, an Indian coin, worth about two shillings. (Hind. - Skt.) 'In silver, 14 *rupées* make a *masse*'; Sir T. Herbert, Travels, ed. 1665, p. 46; cf. p. 67. The gold *rupie* is worth about 29. = Hindustāni *rūpiyah*, a rupee; Rich. Arab. and Pers. Dict., p. 752. = Skt. *rūpya*-m, neut. sb., silver, wrought silver, or wrought gold; orig. neut. of *rūpya*-, adj., handsome. = Skt. *rūpa*-m, n., natural state, form, beauty. Allied by gradation to Skt. *rupas*, form, figure (Uhlenbeck).

RUPTURE, bursting, breach, leakage. (F. - L.) 'No perill of obstruction or rupture'; Sir T. Eliot, Castel of Helth, b. ii. c. 32. = F. *rupture*, 'a rupture, breach'; Cot. = L. *ruptura*, fem. of fut. part. of *rupere* (pt. t. *rupi*), to break, burst. = *REUP*, to break, violate, rob; cf. Lithuan. *rupas*, rough, AS. *reofan*, to reave, Skt. *rup*, to confound, *rup*, to break, destroy, spoil. Brugmann, i. § 466. See **Reave**. Der. *rupture*, verb. From the same root are *ab-rupt*, *bank-rupt*, *cor-rupt*, *dis-ruption*, *e-ruption*, *inter-rupt*, *ir-ruption*, *pro-ruption*, role (1), route, rout, rust. Also loot; and perhaps *ruff*, ruffle (1).

RURAL, belonging to the country. (F. - L.) 'In a person *rural* or of a very base lineage'; Sir T. Eliot, The Governour, b. i. c. 3. § 3. ME. *ruaral*, Lydgate, Assembly of Gods, 1724. = F. *rural*, 'rural'; Cot. = L. *rūralis*, rural. = L. *rūr*, for *rūs* (gen. *rūris*), the country; see **Rustio**. Der. *rural-ly*, *rural-ise*.

RUSA, a kind of deer. (Malay.) Malay *rūsa*, a deer; see **Babirusa**.

RUSE, a trick. (F. - L.) Used by Ray; Works of Creation, p. 137 (Cent. Dict.). Phillips, ed. 1706, gives the adj. *rusy*, full of tricks. = F. *ruse*, a stratagem. = F. *ruser*, 'to beguile, use tricks'; Cot. = F. *ruse*. *ruser* is a contraction of OF. *reuser*, to refuse, recoil, retreat, escape; hence, to use tricks for escaping (Barguy). = Late L. type *ryfūare*, to refuse (Hatzfeld, Körtig, § 7897). See **Refuse**.
[But Scheler derives it from L. *recurrere*, to refuse, with loss of *c* as in OF. *scür*, F. *sür*, from L. *seruus*. See **Recurrent**.]

RUSH (1), to move forward violently. (E.) ME. *ruschen*, *rusken*, Chaucer, C. T. 1641; Allit. Poems, ed. Morris, B. 368; Sir Gawayn and the Grene Knight, 2204. Partly from AS. *hryscan*, to rustle shrilly, roar (as wind); Napier's Glosses, i. 3740, 5006. + MSwed. *rūska*, to rush; Ithre gives the example: 'Tha kommo alle *rūskande* inn', then they all came rushing in; Chron. Rhythim, p. 40. This is clearly connected with MSwed. *rusa*, to rush; whence E. **Rouse** (1), q.v. Another sense of MSwed. *rūska* (like G. *rauschen*) is to rustle. So also Low G. *rusken*, (1) to rustle, (2) to rush about, Breiten Wörterbuch; cf. Du. *ruischen*, to murmur as water, to rustle; Pomeran. *ruschen*, to make a noise in running about. Der. *rush*, sb.

RUSH (2), a round-stemmed plant of grass-like aspect, common in wet ground. (E.) Prov. E. *rish*, *resh*, *rash*, ME. *rusche*, *rische*, *resche*, P. Plowman, B. iii. 141. AS. *risce*, *resce*, *rase*, Gloss. to A. S. Leechdoms; oldest form *risc* (O. E. Texts). Cf. Low G. *rush*, *rush*, a rush, Brem. Wörterbuch; Du. *rush*, *rush*; EFries. *rūske*; NFries. *rusken*, pl. *ruscies*. β. Some think these are non-Teutonic words, and perhaps merely borrowed from L. *ruscum*, butcher's broom; yet the sense is very different, and *rash*, *rush*, cannot come from *ruscum*. γ. Rather cf. OHG. *rasc*, *rash*, quick, MHG. *resch*, quick, MHG. *risch*, quick, *rase*, quick, lively; EFries. *rash*, *rash*, quick, *rish*, quick, upright, slender; Low G. *rush*, quick (Lübben). I take *rush* to be a native name for a plant of quick, upright, slender growth. See **Rash**. [Not connected with Goth. *rass*, G. *rohr*, a reed. Der. *rush-y*. Also *bul-rush*, ME. *bulrysche*, Prompt. Parv. p. 244; in which word the first part is prob. Icel. *bulr*, a stem, trunk, Dan. *bul*, trunk, stem, shaft of a column, Swed. *bul*, a trunk, so that the sense is 'stem-rush' of its long stem; see **Bulwark**, **Bole**; cf. *bul-wood* (= *bole-wood*, *ball-wood*), knapweed; *bulrush* often means the reed-mace. Also *rush-candle*, Tam. Shrew, iv. 5. 14; *rush-light*.]

RUSK, a kind of light, hard cake or bread. (Span.) 'The lady sent me divers presents of fruit, sugar, and *rusk*'; Raleigh, cited by Todd (no reference). 'A basket-full of white *rusk*'; Hakluyt, Voy. ii. pt. i. p. 186. = Span. *rosca de mar*, sea-rusks, a kind of

biscuit, Meadows; *rosca*, a roll of bread, Minshew, ed. 1623. Minshew also has *rosque*, a pancake, *rosquilla*, 'a clue of thread, a little roll of bread, also lying round like a snake'. Cf. Port. *rosca*, the winding of a serpent, a screw; *fazer rosca*, to wriggle. Thus the *rusk* was orig. a twist, a twisted roll of bread. Origin unknown (Diez).

RUSSET, reddish-brown; a coarse country dress. (F. - L.) ME. *russet*, P. Plowman, A. ix. 1; B. viii. 1. = AF. *russet*, Stat. Reaume, i. 381 (1365): 'ma robe de *russet*', Royal Wills, p. 30 (1360); OF. *roset*, *russet* (Godefroy); MF. *roisset*, *russet*, brown, ruddy'; Cot. Hence applied to a coarse brown rustic dress. Dimin. of F. *roux* (fem. *rousse*), 'reddish'; Cot. = L. *rusius*, reddish. β. L. *rusius* is from a type **rudzho-* (Brugmann, i. § 750); from the base *rudh* appearing in Gk. *i-pub-pis*, red; see **Red**, **Ruddy**. Der. *russet-ine*, a russet apple.

RUST, a reddish-brown coating on iron exposed to moisture. (E.) Prov. E. *roust* (Yks.). ME. *rust*, Wyclif, Matt. vi. 19, 20; *roust*, Trevisa, tr. of Higden, iii. 445. AS. *rūst*, rust; whence *rūstig*, rusty, Alfred, tr. of Orosius, b. v. c. 15. § 4. + Du. *roest*; Dan. *rust*; Swed. *rust*; G. *rost*. Teut. type **rūsto-*; for Idg. **ruks-to-*, from Teut. base *rud-*. Idg. base *rudh-*; see **Ruddy**. Brugmann, i. § 759 (note). Allied to AS. *rud-u*, ruddiness, and to F. *ruddy* and *rud*; cf. Icel. *ryð*, rust, lit. redness; MHG. *rot*, rust, allied to G. *rot*, red. So also Lithuan. *ruolis*, rust, *ruolas*, reddish; W. *rhud*, rust. See **Red**. Der. *ru*, i. verb; *rust-y*, AS. *rūstig*, as above; *rust-i-ly*, *rust-i-ness*.

RUSTIC, belonging to the country. (F. - L.) Spelt *rustic*, Spenser, F. Q. Intro. d. b. iii. st. 5. = F. *rustique*, 'rustical'; Cot. = L. *rusticus*, belonging to the country; formed with double suffix *-i-cus* from *rūs*, the country. β. The *rūs* is thought to be allied to Russ. *rušina*, a plain, Zend *ruvan*, a plain, and to E. *room*; see **Room**. Der. *rustic-al-ly*, *rustic-ate*, *rustic-ation*; *rustic-i-ty*, from F. *rusticité*, 'rusticity', Cot. And see *ru-rall*, *roister-ing*.

RUSTLE, to make a low whispering sound. (Low G.) In Shak. Meas. for Meas. iv. 3. 38. The form is frequentative; and it seems best to connect it with the base *rus-*, see **Rouse**. Du. dial. *russele*, to rustle as clothes do (Molcan); Low G. and Pomeran. *ruseln*, to rustle. Also MDu. *ruyselen*, 'to rustle', Hexham; also spelt *ruyselen*. Der. *rustle*, sb.; *rustling*.

RUT (1), a track left by a wheel. (F. - L.) 'And as from hills rain-waters headlong fall, That all ways eat huge *ruts*'; Chapman, tr. of Homer, Iliad, iv. 480. The word is merely a less correct spelling of *route*, i.e. a track. = F. *route*, 'a rut, way, path, street', trace, tract, or footing; Cot. See **Route**. Der. *rut*, verb.

RUT (2), to copulate, as deer. (F. - L.) ME. *rutyn*, *rutien*; P. Plowman, C. xiv. 146; cf. in *rotey tyme* in rut-time, id. B. xi. 329. Like other terms of the chase, it is of Norman-French origin. The ME. *rotey* answers to OF. *rutit*, spelt *rutit* in Cotgrave; he gives *venaison rutée*, venison that's killed in rut-time. The verb *rutien* is formed from the sb. *rut*. = F. *rut* (so spelt even in the 14th century, Littré), also *rutit*, as in Cotgrave, who explains it by 'the rut of deer or boars, their lust, and the season wherein they ingender.' = I. type **rugitum*, for L. *rūgitum*, acc. of *rūgitus*, the roaring of lions; hence, the noise of deer in rut-time. Cf. F. *ruir*, 'to roar', Cot., from L. *rugire*, to roar. = *REU*, to make a noise, whence also Lithuan. *ruja*, rutting-time; see **Rumour**.

RUTH, pity, compassion. (Scand.) ME. *reuthe*, *reuthe*, Chaucer, C. T. 916 (A 914); *reouthe*, Ancræn Riwe, p. 32, l. 8; p. 54, l. 12. Formed like the Scand. sb., but with a vowel borrowed from the E. verb to *ruce*. = Icel. *krýgg*, *krýgg*, affliction, sorrow. Cf. Icel. *krýgg*, grieved, sorrowful. = Teut. base *HRUG-*, to grieve, appearing in AS. *hræowan*, to rue; see **Rue** (1). Der. *ruik-les*, Meas. for Meas. iii. 2. 121; *ruik-ful*, Trolius, v. 3. 48.

RYE, a kind of grain. (E.) ME. *rye*, Chaucer, C. T. 7328 (D 1746); *ryge*, Polit. Songs, ed. Wright, p. 152. AS. *ryge*, Voc. 47.4. + Du. *ryge*; Icel. *ryg*; Dan. *rug*; Swed. *råg*; G. *roggen*, OHG. *rocco*. Further allied to Lithuan. pl. sb. *rugger*, rye; OPruss. *rugis*; Russ. *roj(c)*, rye. Strutberg, § 131. Der. *rye-grass*.

RYOT, a Hindoo cultivator or peasant. (Hind. - Arab.) Hind. *riyat*, H. H. Wilson; p. 433. From Arabic. See **Yule**. The same word as **Rayah**, q.v.

S-SE

SABAOTH, hosts, armies. (Heb.) In phr. 'the Lord of *Sabaoth*;' Rom. ix. 29; James, v. 4. = Heb. *tsaba'oth*, armies; pl. of *tsaba*, an army. = Heb. *tsaba*, to go forth as a soldier.

SABBATH, the day of rest. (L. - Gk. - Heb.) ME. *sabat*, Wyclif, Mark, ii. 27; Cursor Mundi, 11997. = L. *sabbatum*. = Gk.

סַבְּבָתוֹן. = Heb. *shabbāth*, rest, sabbath, sabbath-day. = Heb. *shāb-ath*, to rest from labour. ¶ The mod. E. word is a compromise between *sabbat* (the L. form) and *shabbath* (the Heb. form). Der. *Sabbat-ar-i-an*, *sabbat-ic-al*.

SABLE, an animal of the weasel kind, with dark or black fur; also, the fur. (F. = Slavonic.) ME. *sable*, Chaucer, Compl. of Marz, 284; the adj. *sabline* occurs much earlier, O. Eng. Homilies, ed. Morris, i. 181, l. 362. = OF. *sable*, the sable (Burguy); 'the colour sables, or black, in blazon'; Cot. Cf. Low L. *sabellum*, the sable; *sabellinus*, sable-fur, whence the OF. *sabellus*, ME. *sabeline*; the mod. F. *zibeline* (from Ital.), properly an adj., is also used for the animal itself. Of Slavonic origin. = Russ. *sobol*(e), the sable, also a boa or fur puppet; Pol. *sobol*. Cf. Turk. *samūr*, sable; Rich. Dict. p. 943. Der. *sable*, sb. and adj. The best fur being black, *sable* also means black, as in heraldry; see Hamlet, ii. 2. 474, iii. 2. 137, iv. 7. 81. So 'sable and aure'; Caxton, tr. of Reynard, c. 32, ed. Arber, p. 81 (1481). ¶ It is sometimes said that the name of the sable is taken from *Siberia*, where it is found. The Russ. *sobole*, a sable, does not resemble *Sibir*, Siberia; nor does the adj. form *sabeline* (in OF.) approach *Sibirskii* or *Sibirskii*, Siberian.

SABOT, a wooden shoe. (F.) From F. *sabot*, a word of unknown origin.

SABRE, SABER, a kind of sword. (F. = G. = MGk.) A late word. 'Sable or Sabre, a kind of simetar, hanger, or broad sword'; Phillips, ed. 1706; MDu. *sabel*, 'a sallie, or short broad sword'; Hexham. = F. *sabre*, a sabre. = G. *säbel* (formerly also *sabel*), a sabre, falchion. β. Thus Diez, who says that at least the F. form was borrowed from German; cf. Ital. *sciabla*, *sciabola*, Span. *sable*. γ. He adds that the G. word was also borrowed; and compares Hungarian *szablya*, Servian *sabljā*, Wallachian *sabie*, a sabre. All (according to Diez) from MGk. *σάβλος*, crooked. I find Hung. *szablya*, a sabre, *szabni*, to cut, *szabo*, a cutter, in Dankovsky, Magyar Lexicon, 1833, p. 327; at p. 862, Dankovsky considers *szabni*, to cut, to be of Wallachian origin. Der. *sabre-tash*, F. *sabretache*, from G. *säbeltsack*, a sabretash, loose pouch hanging near the sabre, worn by hussars (Flügel); from G. *säbel*, a sabre, and *tasche*, a pocket.

SACCHARINE, sugar-like. (F. = L. = Gk. = Skt.) In Todd's Johnson. = F. *saccharin*, 'of sugar'; Cot. Formed with suffix *-in* (= L. *-inus*) from L. *sacchar-on*, sugar (Pliny). = Gk. *σάκχαρον*, sugar. = Pali *sakkharī*, for Skt. *garkharī*, candied sugar; see **SUGAR**.

SACERDOTAL, priestly. (F. = L.) In Minshew, ed. 1627. = F. *sacerdotal*, 'sacerdotal'; Cot. = L. *sacerdotalis*, belonging to a priest. = L. *sacerdos*, stem of *sacerdos*, a priest; lit. 'presenter of offerings or sacred gifts' (Corssen). = L. *sacer*, sacred; and *dare*, to give (Breal); cf. L. *dōs* (gen. *dōtis*), a dowry, from the same verb. The fem. form *sacerdōta*, a priestess, occurs in an inscription. See **SACRED** and **Dote** (1). Brugmann, i. § 241 (a). Der. *sacerdotal-ly*, -ism.

SACHEM, a W. Indian chief. (Amer. Indian.) In Phillips (1658). 'The Massachusetts call . . . their kings *sachemes*'; Capt. Smith, Works, ed. Arber, p. 930. See **SAGAMORE**.

SACK (1), a bag. (L. = Gk. = Heb. = Egyptian.) ME. *sak*, Chaucer, C. T. 4019 (A 4021). AS. *sacc*, Gen. xlii. 25, 28. = L. *saccus*. = Gk. *σάκος*. = Heb. *sag*, stuff made of hair-cloth, sack-cloth; also, a sack for corn. β. A borrowed word in Hebrew and prob. of Egyptian origin; cf. Coptic *sak*, sack-cloth, Gen. xxxvii. 34, Matt. xi. 21; see Peyron's Coptic Lexicon. E. Müller cites *sak* as being the Ethiopic form. γ. This remarkable word has travelled everywhere, together (as I suppose) with the story of Joseph; the reason why it is the same in so many languages is because it is, in them all, a borrowed word from Hebrew. We find Du. *zak*, G. *sack*. Icel. *sekkir*, Swed. *säkk*, Dan. *sæk*, Goth. *sakkus* (sack-cloth, Matt. xi. 21), Ital. *sacca*, Span. and Port. *saco*, F. *sac*, Irish and Gael. *sar*, W. *sach*. And see **SACK** (2). Der. *sack-cloth*, Gen. xxxvii. 34; ME. *sackcloth*, 1st gate, Assembly of Gods, 290; *sack-ing*, cloth of which sacks are made, coarse stuff; *sack-full*, also *sack* (2), q.v.; *sack-el*, q.v. Doublet, *sac*, a bag or receptacle for a liquid, borrowed from F. *sac*.

SACK (2), plunder; as a verb, to plunder. (F. = L. = Gk. = Heb. = Egyptian.) 'The piteous houses *sack*'; Surrey, Ecclesiastes, c. v.; l. 45. Formed from the sb. *sack*, pillage. 'And Helen, that to *ut sack* both Greece and Troie brought'; Turberville, Dispraise of Women, st. 34. = F. *sac*, 'a sack, waste, ruine, havock, spoil'; Cot. Cf. F. *saccager*, 'to sack, pillage', Cot.; also MF. *sacquer*, 'to draw hastily, to pull out speedily or apace'; Cot. We also find Low L. *saccare*, to put into a bag; a common word; and Low L. *saccus*, a garment, robe, treasure, purse. β. There seems to be little doubt that the F. *sac*, pillage, is connected with, and due to, the F. *sac*, a sack, from L. *saccus*; see **SACK** (1). The simplest solution is that in Wedgwood, 'from the use of a sack in removing plunder'; though the sense is probably rather metaphorical

than exact. In the same way we talk of *bagging*, i.e. pilfering a thing, or of *pocketing* it, and of *baggage* as a general term, whether bags be actually used or not. Thus Ilexham gives MDu. *sacken*, 'to put in a sack, or fill a sack'; *sacken ende packen*, 'to put up bagg and baggage, or to truss up'. Cotgrave has: 'à sac, à sac, the word whereby a commander authorizeth his souldiers to sack a place'. γ. The use of MF. *sacquer* (OF. *sachier*) is remarkable, as it seems to express, at first sight, just the opposite to packing up; but perhaps it meant, originally, to search in a sack, to pull out of a purse; for the sacking of a town involves the two processes: (1) that of taking things out of their old receptacles, and (2) that of putting them into new ones; note the Low L. *saccus* in the senses of 'treasure' and 'purse'. Burguy notes that the OF. *desacher*, lit. to draw out of a sack, was used in the same way as the simple verb. δ. It deserves to be added that Cotgrave gives 17 proverbs involving the word *sac*, clearly proving its common use in phrases. One of them is: 'On luy a donné son sac et ses quilles, he hath his passport given him, he is turned out to grazing, said of a servant whom his master hath put away'; hence the E. phrase, 'to give one the sack'. And again: 'Acheter un chat en sac, to buy a pig in a pork'.

SACK (3), the name of an old Spanish wine. (F. = L.) See the account in Naies. He notices that it was also called *sack*, a better form: 'It is even called *sack*, in an article cited by lhp. Percy from an old account-book of the city of Worcester: "Anno Eliz. xxxiiiij. Item, for a gallon of claret wine, and *sack*, and a pound of sugar." Spelt *secke*, A. Borde, Dycetary, ch. x. ed. Furnival, p. 255 (1542). By Sherris *sack*, Falstaff meant 'sack from Xeres, our sherry'; see **SHERRY**. *Sack* was a Spanish wine made from grapes dried by the sun, and so sweet rather than dry in the mod. E. sense. See Minshew; and note to Tw. Night, ed. W. A. Wright; A. ii. sc. 3. 178. = F. *sac*, dry; in the phrase *vin sec*; Sherwood (in his index to Cotgrave) has: 'Sack (wine), vin d'Espaigne, vin sec'. Cf. Span. *seco*, dry. = L. *siccum*, acc. of *siccus*, dry. ¶ We may note Du. *sak*, sack, a sort of wine (Sewel), as illustrating the fact that *sack* stands for *sack*; this also is from F. *sac*. So also G. *sakt*, sack; Swed. *seck* (Widegren).

SACKBUT, a kind of wind instrument. (F. = L. = Gk. = Chalde.) In Dan. iii. 5. The *sack-but* resembled the modern trombone, and was a wind instrument; but the word is used to translate the Chald. *sabbekū* (with initial *saneck*). Gk. *σαββύκιον*, L. *sambūca*, which was a stringed instrument. And these forms must be regarded as giving the real origin of the E. word, which was borrowed from French. Thus Ascham has: 'lutes, harpes, all manner of pypes, barbitons, *sambukes*'; Toxophilus, ed. Arber, p. 39. And in Dan. iii. 5, Wyclif has *sambukes*. = OF. *sambuke* (Roquefort). = L. *sambūca*. = Gk. *σαββύκιον*. = Chald. *sabbekū* (as above); Dan. iii. 5. β. Sir T. Elyot mentions *sackbottes* as wind instruments, Casteil of Helth, ii. ii. ch. 33. = F. *saguebute*, a sackbut, trombone, l'utré; a popular perversion, due to confusion with OF. *sagueboute*, which was really a lance with a hook, for pulling a man off his horse (Godefroy), and then applied to a trombone from its being drawn in and thrust out (F. *sacquer*, to pull, *bouter*, to push). γ. A similar perversion occurs in Span. *sacabuche* (nautical word), a tube or pipe which serves as a pump; also, a sackbut (Neuman); as if from Span. *sacar*, to draw out, with reference to the tube of the instrument; and *buche*, the maw, crop, or stomach of an animal, and colloquially, the human stomach. Hence the suggestion in Webster, that *sacabuche* means 'that which exhausts the stomach or chest'; a name possibly given (in popular etymology) from the exertion used in playing it.

SACRAMENT, a solemn religious rite, the eucharist. (L.) ME. *sacrament*, Chaucer, C. T. 9576 (E 1702). = L. *sacramentum*, an engagement, military oath; in ecclesiastical writers, a mystery, sacrament. Formed with suffix *-mentum* from *sacrare*, to dedicate, consecrate, render sacred or solemn. = L. *sacer*, for *sacer*, sacred; see **SACRED**. Der. *sacrament-al*, *sacrament-al-ly*.

SACRED, made holy, religious. (F. = L.) *Sacred* is the pp. of ME. *sacren*, to render holy, consecrate, a verb now obsolete. We find *sacredh* = consecrates, in Ancien Kiewle, p. 268, l. 5. The pp. *i-sacred*, consecrated, occurs in Rob. of Glouc. p. 330 (l. 6762), where the prefix *i-* (= AS. *ge-*) is merely due to the Southern dialect. 'He was . . . *sacred* or enoynted emperoure of Rome'; Fabyan's Chron. cap. 155, last line. [Hence too *sacring-bell*, Hen. VIII. iii. 2. 295.] = OF. *sacerer*, 'to consecrate'; Cot. = L. *sacrare*, to consecrate. = L. *sacer*, for *sacer*, sacred, holy. = L. *hase sac*, appearing in a nasalled form in *sacred*, to render inviolable, establish, confirm; see **Saint**. Brugmann, ii. § 744. Der. *sacred-ly*, *sacred-ness*; and see *sacra-ment*, *sacri-fice*, *sacri-lege*, *sacrist-an*, *sacrit-on*, *sacrit-dotal*; *con-secrate*, *de-secrate*, *ex-secrate*, *ob-secrate*, *sacri-ficy*.

SACRIFICE, an offering to a deity. (F. = L.) ME. *sacrifice*, Ancien Kiewle, p. 138, ll. 9, 11; also *sacrifice*. = F. *sacrifice*, 'a sacri-

face; cf. Cot. — *L. sacrificium*, a sacrifice, lit. a rendering sacred; cf. *sacrificare*, to sacrifice. — *L. sacri*, for *sacro*, from *sacer*, sacred; and *facer*, to make; see **Sacred** and **Faet**. Der. *sacrifice*, vb., *sacrificer*; *sacrificer*; *sacrifici-al*.

SACRILEGE, profanation of what is holy. (F. — L.) ME. *sacrilege*, Gower, C. A. ii. 374, ll. 5, 14; bk. v. 7165, 7174. — MF. *sacrilege*, 'a sacrilege, or church-robbing.' Cot. — *L. sacrilegium*, the robbing of a temple, stealing of sacred things. — *L. sacrilegus*, a sacrilegious person, one who steals from a temple. — *L. sacro*, for *sacro*, from *sacer*, sacred; and *legere*, to gather, steal, purloin; see **Sacred** and **Legend**. Der. *sacrileg-i-ous*, Macb. ii. 3. 72, a coined word; *sacrileg-i-ous-ly*, *-ness*.

SACRISTAN, **SEXTON**, an officer in a church who has charge of the sacred vessels and vestments. (F. — L.) The corruption of *sacristan* into *sexton* took place so early that it is not easy to find the spelling *sacristan*, though it appears in Blount's Glossographia, ed. 1674. Cf. ME. *sekssteyn* in Rob. of Brunne, Handlyng Synne, l. 11100. The duties of the *sacristan* have suffered alteration; he is now the grave-digger rather than the keeper of the vestments. The form *sexton* is in Chaucer, C. T. 13942 (B 3126); the collateral form *sexton* survives as a proper name: I find it in the Clergy List for 1873. — F. *sacristain*, 'a sexton, or vestry-keeper, in a church.' Cot. Formed as if from Late L. *sacristanus*, but the usual word is simply *sacrista*, without the suffix; cf. *Sexteyne*, *Sacrista*, Prompt. Parv.; and see Ducange. Formed with suffix *-ista* (— Gk. *-ιστης*) from *L. sacer*, from *sacer*, sacred; see **Sacred**. Der. *sacrist-y*, from F. *sacristie*, 'a vestry, or sextry in a church,' Cot.; cf. *Sextrye*, *Sacristia*, Prompt. Parv.

SAD, heavy, serious, sorrowful. (E.) '*Sadde*, tristis,' Levins. ME. *sad*, with very various meanings; Halliwell explains it by 'serious, discreet, sober, heavy (said of bread), dark (of colour), heavy, solid, close, firm (said of iron and stone)'. The W. *sad* means 'firm, steady, discreet'; and may have been borrowed from E. during the ME. period. β. But the oldest meaning is 'sated.' Thus, in Layamon, 20830, we have '*sad* of mine longe' — sated, or tired, of my land. Hence seen to have resulted the senses of satisfied, fixed, firm, steadfast, &c.; see examples in Stratmann and in the Glossary to Will. of Palerne, &c. The mod. E. *sad* is from the sense of sated, tired, weary. AS. *sad*, sated, satiated; Grein, ii. 394. — OSax. *sad*, sated; Icel. *saddr*, old form *sadr*, sated, having got one's fill; Goth. *saths*, full, filled, sated; G. *satt*, satiated, full, satisfied, weary. γ. All from the Teut. pp. type **sa-d-*, sated, Fick, iii. 318. Cognate words are found in Lithuan. *satus*, satiated; Russ. *sutisat*, satiety; L. *satur*, sated, also deep-coloured (like E. *sad*-coloured), well filled, full; Olrish *sai-thik*, satiety, *sa-theck*, sated; Gk. *δ-ευατα*, to satiate. From **SA, SA*, to satiate; Brugmann, i. § 196. See **Satiated**, **Satisfy**. ¶ In no way connected with *set*, which is quite a different word; nor with *L. sedire*, which is allied to E. *set*. Der. *sad-ly*, *-ness*. Also *sadd-en*, verb, from ME. *sadden*, to settle, confirm, P. Plowman, B. x. 242; cf. AS. *gesadnan*, to fill (Grein), AS. *sadian*, to feel weary or sad, Ælfred, tr. of Boethius, cap. xxxix. § 4.

SADDLE, a leather seat, put on a horse's back. (E.) ME. *sadel* (with one *d*), Chaucer, C. T. 2164 (A 2162). AS. *sadol*; Grein, ii. 387. — Du. *sadel*; Icel. *saddul*; Swed. and Dan. *sadel*; G. *sattel*; Ollig. *satal*. Cf. also Russ. *siedlo*; L. *sella* (for **sed-la*). β. Teut. type **saddul-*. The form of the word is abnormal; some suppose it not to be Teutonic, but borrowed from some other Idg. language, probably Slavonic. Cf. Lower Sorbian *sodlo*, a saddle; OSlav. *sedlo*, a saddle. We may safely refer it, and all its cognates (or borrowed forms), to **SED-*, to sit; cf. (Vedic) Skt. *sad*, to sit down, Skt. *sadas*, a seat, abode. Der. *saddle*, verb, AS. *sadelian*, Ælfred's Grammar, ed. Zupitza, p. 165, l. 10; *sadd-er*, *sadd-er-y*; *saddle-bow*, ME. *sadel-bow*, Proverbs of Ælfred, l. 229.

SADDUCEE, the name of a Jewish sect. (L. — Gk. — Heb.) The ME. pl. *Saducessis* is in Wyclif, Deeds (Acts), xxiii. 8; &c. — L. pl. *Sadducei*; — Gk. pl. *Σαδουκαῖοι*. — Heb. pl. *tsedukim*, in the Mishna; see Smith, Concise Dict. of the Bible. Supposed to mean 'the righteous.' From the Heb. root *tsadik*, to be just.

SAFE, unharmed, secure, free from danger. (F. — L.) ME. *sauf*, Will. of Palerne, 868, 1329; we also find the phr. *sauf and sound*, id. 868, 2816. — F. *sauf*, 'safe'; Cot. — *L. saluum*, acc. of *salvus*, whole, safe. Brugmann, i. § 860 c. Der. *safe-ly*, *safe-ness*; *safe*, sb.; *safe-conduct*, Hen. v. i. 2. 297. ME. *sauf* *conduit*, Gower, C. A. ii. 160; bk. v. 994; *safe-guard*, Rich. III, v. 3. 259. ME. *sauf-garde*, Caxton, tr. of Reynard, ch. 3; *vouch-safe*, q. v. Also *sauf-ty*, K. John, iii. 3. 16, suggested by F. *sauf-ty*, 'safety,' Cot., from Late L. acc. *saluistatem*. And see **Salvation**, **Sage** (2), **Salute**, **Save**.

SAFFRON, the name of a plant. (F. — Arab.) 'Maked geleu mid saffran' — made yellow with saffron; O. Eng. Homilies, ed. Morris, ii. 163, l. 32. — AF. *saffran*, Liber Albus, p. 224; F. *saffran*,

saffran, saffron; Cot. — Arab. *za'farān*, saffron; Palmer's Pers. Dict. col. 321.

SAG, to droop, be depressed. (Scand.) Prov. E. *sag*, seg. ME. *saggen*, Prompt. Parv. p. 440. — Norw. *sakke*, *sakke*, to sink; Swed. *sakke*, to settle, sink down; Dan. *sakke* (as a nautical term), to have stern-way; Jutland *sakke*, to sink, settle down (Kok); whence Du. *zakken*, to sink. β. The MSwed. *sakke* is used of the settling of dregs; so also Low G. *sakken*, in the Bremen Wörterbuch. Rietz gives Swed. dial. *sakke*, to sink; *sakke*, to sag, droop. Cf. Icel. *sakke*, a plummet. All from the Scand. base **sak-*, a form allied to **sank-*, 2nd grade of Teut. **senkan-*, to sink; see **Sink**.

SAGA, a tale, story. (Scand.) The E. word is saw. *Saga* is merely borrowed from Icel. *saga*, a story, tale; cognate with E. *saw*; see **Saw** (2).

SAGACIOUS. (L.) In Milton, P. L. x. 281. Coined, as if from L. **sagacius*, from *sagaci-*, decl. stem of *sagax*, of quick perception, keen, sagacious; from a base *SAG*, to perceive clearly, perhaps to scent. Cf. *sagire*, to perceive by the senses. Allied to **Seek**, q. v. Brugmann, i. § 187. ¶ Not allied to **Sage** (1). Der. *sagacious-ly*, *sagacious-ness*. Also *sagaci-ty*, in Minshew, ed. 1627, formed (by analogy) from L. *sagacitās*, sagacity. And see **pre-sage**.

SAGAMORE, a W. Indian chief. (Amer. Indian.) In Phillips (1658). 'A tall savage. . . He was a *sagama*;' Capt. Smith, Works, ed. Arber, p. 754. The name of a chief among some American Indian tribes. Micmac *sakamow*, a chief (S. T. Rand). See **Sachem**.

SAGE (1), discerning, wise. (F. — L.) In Shak. Tw. Nt. iii. 4. 413. — F. *sage*, 'sage, wise.' Cot. [Cf. Span. *sabio*, Ital. *saggio*, wise.] — Late L. **sapium*, not found, for *L. sapium*, acc. of *sapius*, wise; only found in comp. *ne-sapius*, unwise (Petroneus). — L. *sapere*, to be wise; see **Sapience**. ¶ Not allied to **Sagacious**. Der. *sage*, sb., *sage-ly*, *sage-ness*.

SAGE (2), the name of a plant. (F. — L.) ME. *sauge*, *sauwe*; Prompt. Parv. — AF. *sauge*, Voc. 555. 13; spelt *sauget* in Cot. — L. *sulcia*, sage; so called from its supposed healing virtues. — L. *saluus*, sound, in good health; see **Safe**.

SAGITTARIUS, the archer. (L.) The name of a zodiacal sign. In Phillips (1658). — L. *sagittarius*, an archer. — L. *sagitta*, an arrow.

SAGO, a starch prepared from the pith of certain palms. (Malay.) See Yule. Mentioned in the Annual Register, 1766, Chronicle, p. 110; see Notes and Queries, 3. Ser. viii. 18. Spelt *sagu*, and called a Javanese word; Hakluyt, Voy. iii. 742. — Malay *sagu*, *sagu*, 'sago, the farinaceous and glutinous pith of a tree of the palm kind named *rumbiya*;' Marsden's Malay Dict. p. 158.

SAHIB, sir, master; a title. (Hind. — Arab.) Spelt *sahab* in Fryer's New Act. of E. India (1673); p. 417 (Yule). — Hind. *shāhib*, lord, master, companion (Forbes). — Arab. *shāhib*, lord, master; orig. 'companion;' Rich. Dict. p. 924.

SAIL, a sheet of canvas, for propelling a ship by the means of the wind. (E.) ME. *seil*, *seyl*, Chaucer, C. T. 698 (A 696); Havelok, 711. AS. *segel*, *segl* (Grein); Du. *zeil*; Icel. *segl*; Dan. *seil*; Swed. *segel*; G. *segel*. β. All from Teut. type **seglom*, n., a sail (Fick, iii. 316); which Fick ingeniously connects with Teut. base *SEG-* — **SEG-*, to bear up against, resist; so that the sail is that which resists or endures the force of the wind. Cf. Skt. *sah*, to bear, undergo, endure, be able to resist; Gk. *ἐχειν*, to hold, *ἐχειν νῆας*, to urge on ships, Od. ix. 279; from the same root. Der. *sail*, verb; *sail-cloth*, *sail-er*, *sail-or* (spelt *saylor* in Temp. i. 2. 270, doubtless by analogy with *tail-or*, though there the ending in -or is justifiable, whilst in *sail-or* it is not); *sail-ing*; also *sail-yard*, AS. *seglgyrd*, Voc. 288. 10.

SAINTFOIN, a perennial herb, cultivated as a forage plant. (F. — L.) In Phillips, ed. 1706. — F. *sain foin*, *saint foin*, 'Spanish trefoly'; Cot.; s. v. *Foin*. — L. *sinum fœnum*, lit. healthful hay. — L. *sinum*, n. of *sānus*, sane, healthful; *fœnum*, hay. ¶ Turned into *saint foin*, 'holy hay,' by popular etymology. See **Hatzfeld**.

SAINT, a holy man. (F. — L.) ME. *saint*, *saint*, *seinte*; 'seinte paul' — Saint Paul, O. Eng. Homilies, ed. Morris, i. 131, l. 15. — AF. *seint*; F. *saint*. — L. *sanctum*, acc. of *sanctus*, holy, consecrated. — L. *sanctus*, pp. of *sancire*, to render sacred, make holy. Allied to L. *sacer*, sacred; whence **Sacred**, **Sacerdotal**. Der. *saint-ed*, *saint-like*.

SAKE, purpose, account, cause, end. (E.) ME. *sake*, purpose, cause; 'for her sake' — for her (its) sake; Ancr. Riwe, p. 4, l. 16. It also means dispute, contention, law-suit, fault. 'For desert of sum sake' — on account of some fault; Allit. Poems, ed. Morris, C. 84. AS. *sacu*, strife, dispute, crime, law-suit, accusation (Bosworth). — Du. *zaak*, matter, case, cause, business, affair; Icel. *sök*, a charge, guilt, crime; Dan. *sag*; Swed. *sak*; G. *sache*. β. All from Teut. type **sak-*, to, a contention, suit at law (Fick, iii. 314), from the base *SAX*, appearing in Goth. *sakan* (a strong verb, pt. t. *sök*), to

contend, rebuke. Hence also Goth. *sakjo*, strife. Perhaps allied to Olrish *sag-ini*, I say, I speak. Der. *seek*, q. v.

SAKER, a kind of falcon; a small piece of artillery. (F.—Span.—Arab.) *Saeres*, wherewith they shot; *Itakluyt*, Voy. ii. 1. 79. The gun was named after the falcon. *Saer*, a hawk; *Salsgrave*. —MF. *sacra*, 'a saker; the hawk, and the artillery so called'; Cot. —Span. *sacra*; in both senses. —Arab. *sagr*, a hawk; Rich. Dict. p. 938. Not of L. origin (Engelmann). See Devic; and Körtling, § 1914.

SALAAM, SALAM, peace; a salutation. (Arab.) 'This low *salam*;' Byron, *Glaour*, see note 29; and in Herbert's *Travels*, ed. 1665, p. 142. —Arab. *salām*, 'saluting, wishing health or peace; a salutation; peace'; Rich. Dict. p. 842. —Arab. *salām*, saluting; id. p. 845. Cf. Heb. *shalēm*, peace; from the root *shalām*, to be safe.

SALAD, raw herbs cut up and seasoned. (F.—Ital.—L.) ME. *salat*, Flower and the Leaf, l. 412. —F. *salade*, 'a salad of herbs'; Cot.—Ital. *salata*, 'a salad of herbs'; Florio. Fem. of Ital. *salato*, 'salt, powdered, sowed, pickled, salted'; Florio. This is the pp. of *salare*, 'to salt'; id.—Ital. *sal*, *sale*, salt.—L. *sal*, salt. See **SALT**.

SALAMANDER, a reptile. (F.—L.—Gk.) In Shak. 1 Hen. IV. iii. 3. 53. —F. *salamaandre*, 'a salamander'; Cot.—L. *salamandra*. —Gk. *σαλαμάνδρα*, a kind of lizard, supposed to be an extinguisher of fire. An Eastern word; cf. Pers. *samandar*, a salamander; Rich. Dict. p. 850.

SALARY, stipend. (F.—L.) ME. *salarye*, P. Plowman, B. v. 433. —AF. *salari*, Liber Albus, p. 48; F. *salair*, 'a salary, stipend'; Cot.—L. *salarium*, orig. salt-money, or money given to the soldiers for salt.—L. *salarium*, neut. of *salarius*, belonging to salt; adj. from *sal*, salt. See **SALT**. Der. *salari-ed*.

SALE, a selling for money. (L.) ME. *sale*, Prompt. Parv. AS. *salu*, a sale; Voc. 180. 16. †Icel. *salu*, fem. *sal*, neut. a sale, bargain; Swed. *salu*; Dan. *salg*. OHG. *salu*. Orig. 'a handing over, or delivery.' Hence *sell*, v.; see **SELL**. Der. *sale-able*, *sales-man*; *hand-sal* or *hand-sal*.

SALIC, SALIQUE, pertaining to the Salic tribe of the Franks. (F.—OHG.) In Shak. Hen. V. i. 2. 11. —F. *Salique*, belonging to the Salic tribe (Littre). The Salic tribe was a Frankish (High German) tribe, prob. named from the river *Sala* (now the *Saale*, flowing into the Zuyder Zee). There are several rivers called *Saale* or *Saar*; cf. Skt. *salila-m*, *saivira-m*, flood, water.

SALIENT, springing forward. (L.) In Pope, *Dunciad*, ii. 162. But the older form was *saliant* (Skinner, Phillips), which was a heraldic term for animals represented as springing forward; and this was due to F. *saliant*, pres. part. of *salir*, to leap; corresponding to L. *salient*, pres. part. of L. *salire*, to leap, sometimes used of water. —F. *salir*, to leap; whence Gk. *ἐλάσσειν*, I leap. Brugmann, i. § 514 (3). Der. *salient-ly*. From the same root are *av-salt*, *av-sault*, *de-salt-or-y*, *ex-salt* (for *ex-sult*), *in-sult*, *re-sili-ent*, *re-sult*, *sally*, *salmon*, *sal-tation*; *sal-tire*, q. v.

SALINE, containing salt. (F.—L.) In Phillips, ed. 1706; and see Blount's Gloss, ed. 1674. —F. *salin*, fem. *saline*, saline; Littre. —L. *salinus*, only found in neut. *salinum*, a salt-cellar, and pl. *salina*, salt-pits. —L. *sal*, salt. See **SALT**.

SALIVA, spittle. (L.) In Phillips, ed. 1706. —L. *saliva*, spittle; whence also Olrish *saile*, W. *haliv*, saliva. Der. *salivo-ate*, *saliv-ation*; *salivo-ate*, *saliv-or-y*.

SALLET, a kind of helmet. (F.—Ital.—L.) In Shak. 2 Hen. VI. iv. 10. 12; and in Baret (1580). Palsgrave has: '*Saliet* of harness, *salade*;' '*A saliet* with a visor'; York Wills, iii. 205 (1472); *salet*, Paston Letters, l. 265 (1454). *Saliet* is a corruption of *salade*, due to the fact that a salad of herbs was also called *saliet*. —MF. *salade*, 'a salade, helmet, headpiece; also a salad of herbs'; Cot. [Here the spellings *salade* and *saliet* are interchanged; however, the two words are of different origin.] —L. *celata*, a helmet. —L. *celata*, that which is engraved or ornamented; Diez cites *cassis celata*, an ornamented helmet, from Cicero. [Cf. Span. *celar*, to engrave, *celadura*, enamel, inlaying, *celada*, a helmet.] L. *celata* is the fem. of the pp. of *celare*, to engrave, ornament. —L. *celum*, a chisel, graver; allied to *cadere*, to cut. Brugmann, i. § 944. See **CESTRA**.

SALLOW (1), **SALLY**, a kind of willow. (E.) ME. *salvow*, Chaucer, C. T. 6237 (D 655). *Salvowe*, tree, *Salix*; Prompt. Parv. Omerc. *salix*; AS. *sealh*; we find 'Amara, *sealh*'; *Salix*, *welig* mentioned together in Voc. 269. 35, 36. The suffix *-ow* = ME. *-we* = AS. *-ge*, suffix of the dat. case from nom. in *-h*, just as F. *farow* is from AS. *feorh*, and the prov. F. *barrow-pig* from AS. *beorh*. In Lowland Sc. the word became *sauch*, *saugh*, by loss of L. †Icel. *seija*; Swed. *salg*, *salj*; Dan. *salje*; G. *salzwiede* (OHG. *saikha*, whence F. *saule*), the round-leaved willow; see Fick, iii. 320. †L. *salix*, a

willow; Gael. *srileach*, a willow; Irish *saill*, *saileach*; W. *helyg*, pl. willows; Gk. *ἑλεν*, a willow.

SALLOW (2), of a pale, yellowish colour. (E.) ME. *salow* (with one l); we find: '*Salvowe*, *salow*, of colour, Croceus'; Prompt. Parv. p. 441. AS. *salu*, *salow*, Grein, ii. 388; whence the compounds *saloneb*, with pale beak, *salupad*, with pale garment, *salobruu*, *salow-brown*; id. †Du. *salow*, tawny, *salow*; Icel. *salr*, yellowish; MITG. *sal*, OIGG. *salu*, dusky (whence F. *sale*, dirty). Teut. type **salwaz*. Brugmann, i. § 375 (9). Der. *salow-very*.

SALLY, to rush out suddenly. (F.—L.) Guyon *salied* forth to land; Spenser, F. Q. ii. 6. 38. ME. *salien*, to dance, is the same word; Prompt. Parv. p. 441; P. Plowman, B. xlii. 233. †F. *salir*, 'to go out, issue, issue forth; also to leap, jump, bound'; Cot. —L. *salire*, to leap; see **SALIENT**. Der. *sally*, *sal*, with which cf. F. *salir*, 'a sally'; Cot.; from the fem. of the pp. *saliti*. Also *sally-pot*, a gate whence a sally may be made.

SALMAGUNDI, a seasoned hedge-podge or mixture. (F.—Ital.—L.) '*Salmagundi*, or *Salmagundi*, an Italian dish made of cold turkey, anchovies, lemons, oil, and other ingredients; also, a kind of hotch-potch or ragout, &c.'; Phillips, ed. 1706. But the form is French. —F. *salmagundi*; spelt *salmagundi* in Cotgrave, who describes the dish. β. *Plum*, disputed; but probably of Ital. origin, as stated by Phillips. We may fairly explain it from Ital. *salami*, pl. of *salame*, salt meat, and *conditi*, seasoned. This is the more likely, because the pl. *salami* was once the term in use. Thus Florio has: '*Salami*, any kind of salt, pickled, or powdered meats or soure' &c. γ. This also explains the F. *saluis* (not in Cotgrave), which has proved a puzzle to etymologists; I think we may take *saluis* (= salted meats) to be a double plural, the s being the F. plural, and the t the Ital. plural; that is, the Ital. *salami* became F. *salmi*, and then the s was added. δ. The derivation of Ital. *salami* is clearly from L. *sal*, salt, though the suffix is obscure; cf. J. *salgama*, pl. pickles. The F. *-gundi*, for Ital. *conditi* (or pl. *conditi*), is from L. *conditus*, seasoned, savoury, pp. of *condire*, to preserve, pickle, season. Thus the sense is 'savory salt meats'.

SALMON, a fish. (F.—L.) ME. *saumoun*, King Alisaunder, l. 5446; *salmon*, *salmonel*, Barlow's Bruce, ii. 576, xix. 664; *saumon*, Trevisa, l. 335. [The introduction of the l is due to our knowledge of the L. form; we do not pronounce it.] —OF. *saumon*, spelt *salmon* in Cot.—L. *salmonem*, acc. of *salmo*, a salmon. β. It has been conjectured that *salmo* means 'leaper', from *salire*, to leap; which well accords with the fish's habits. See **SALIENT**. (Otherwise in Walde.) Der. *salmon-leap*, ME. *saumon-lepe*, Trevisa, i. 369.

SALOON, a large apartment. (F.—OHG.) A late word; added by Todd to Johnson. —F. *salon*, a large room. —F. *salte*, a room, chamber. —OHG. *sal* (cf. *sal*), a dwelling, house, hall, room. †Icel. *salr*, a hall; AS. *sal*, *sele*, a house, hall. The orig. sense is 'abode'; cf. Goth. *saljan*, to dwell.

SALT, a well-known substance. (E.) ME. *salt*, P. Plowman, B. xv. 423. Omerc. *salt*; O. E. Texts; AS. *salt*, Grein, ii. 434. †Du. *zout* (with v for f); Icel. *salt*; Dan. and Swed. *salt*; G. *salz*; Goth. *salt*. β. All from Teut. adj. type **sal-taz*, salt; Fick, iii. 321. On comparing this with L. *sal*, salt, we see that the Teut. word is **sal-taz*, where *-taz* is the usual Irg. pp. suffix, of extreme antiquity. Accordingly we find that AS. *scalt* (F. *salt*) is also used as an adj., in the sense of 'salted' or 'full of salt', as in *scalt water* = salt water; Grein, ii. 434. So also Icel. *saltr*, adj., salt; Du. *zout*, adj.; Dan. and Swed. *salt*, adj.; W. *hall-t*, L. *sal-sus*. γ. Removing the suffix, we find cognate words in L. *sal*, salt, Gk. *ἅλς*, Russ. *sol* (e), W. *halen*, Olrish *salann*, salt. Brugmann, i. § 182. Der. *salt-ly*, *salt-ness*; *salt-cellar*, q. v.; *salt*, vb., *salter*, *sal-t-i-h*, *salt-less*, *salt-mine*, *saltpan*; *salt-petre*, q. v. Also (from L. *sal*) *sal-tine*, *sal-ary*, *sal-ad*, *saure*, *savage*, *salmagundi*.

SALTATION, dancing. (L.) Rare; in Sir T. Browne, *Vulgar Errors*, bk. v. c. § 2. Formed (by analogy with F. words in *-ion*) from L. *saltatio*, a dance, a dancing. —L. *saltare*, to dance, frequent of *salire*, to leap; see **SALIENT**. Der. *salut-or-y*, from L. *salutarius*, adj. Cf. *sal-tire*.

SALT-CELLAR, a vessel for holding salt. (E.; and F.—L.) The word salt is explained above. *Cellar* is an absurd corruption of AF. *saler*, Lib. Custumarium, p. 461; equivalent to F. *salrière*. Thus we find: '*Salrière*, a salt-seller'; Cot. Cf. Ital. *saliera*, a salt-cellar. '*Hoc salarium*, celare'; Voc. 658. 16. '*A saltaler* of silver'; A. D. 1463, in Bury Wills, ed. Tymms, p. 23. l. 8. Formed from L. *sal*, salt; see **SALARY** and **SALT**. ¶ Hence *salt-cellar* = salt-salt-holder; a tautologous expression.

SALTIER, SALTIRE, in heraldry, a St. Andrew's cross. (F.—L.) Spelt *sauyrie*, Caxton, *Golden Legend*, St. Alban, § 1. St. Andrew's cross is one in this position X; when charged on a shield, it is called a *salter*. The ME. *sauyrie* is due to an AF. **sautier*, representing Late L. *salutarium*, a piece of wood placed transversely,

which men (but not cattle) could get over; from *L. saltire*, to dance (hence, to jump over); see below. In the Roll of Caerlaverock (1300), l. 13, the form is *sautour*, variant of *sautoir* (Godefroy), a saltire, also used like *L. saltirum*. Still commoner is the OF. *sautoir*, a saltire; MF. *sautoir*, 'Saint Andrew's cross, learned so by heralds'; Cot. The old sense of OF. *sautoir* was stirrup (Littré, s. v. *sautoir*); the cross seems to have been named from the position of the side-pieces of a stirrup, formerly made in a triangle Δ ; or it may have been suggested by the *saltirum*. — *L. L. saltirium*, a stirrup, a common word; Ducauge. — *L. saltirium*, belonging to dancing or leaping, suitable for mounting a horse. — *L. saltator*, a dancer, leaper. — *L. saltare*, to dance, leap; frequentative of *salire*; see *Salient*. ¶ In the Book of St. Alban's, pt. ii. fol. f. 5, we find ME. *saltire*, OF. *sautier*, and Late *L. saltatorium*, all meaning 'saltire'. **SALT-PETRE**, nitre. (F. — *L.* and Gk.) In Shak. i Hen. IV, l. 3. 60. For the former part of the word, see *Salt*. The *E* word is a modification of ME. *salpêtre*, Chaucer, C. T., § 808. — (OF. *salpêtre* (Supp.) to Godefroy). — *L. L. salpêtre*, salt-petre, which represents *L. sal petra*, lit. 'salt of the rock.' Lastly, *L. petra* is from Gk. *πέτρα*, a rock; see *Petrify*. **SALUBRIOUS**, healthful. (*L.*) A late word. In Phillips, ed. 1706. Coined as if from a *L. salubrius*, extended from *L. salubris*, healthful. **B**. The suffix *-us* is explained in Brugmann, ii. § 77. *salus* is the base of *salu-ti-*, stem of *salus*, health; and is allied to *salvus*, sound, in good health, whence *E. safe*; see *Safe*. Der. *salubrius*-ly. Also *salubri-ty*, Minshew, from *F. salubrité* (Cot.), from *L. acc. salubritatem*.

SALUTARY, healthful, wholesome. (F. — *L.*) In Blount's Gloss., ed. 1674. — *F. salutaire*, 'healthful'; Cot. — *L. salutaris*, healthful. — *L. salūt-*, stem of *salūs*, health (above).

SALUTE, to wish health to, to greet. (*L.*) In Spenser, F. Q. i. 1. 30; and in Palgrave. — *L. salūtare* to wish health to, greet. — *L. salūt-*, stem of *salūs*, health (above). Der. *salutatio*-ion, ME. *salutacioun*, Wyldif, Luke, i. 41, from *F. salutation* (Cot.), from *L. acc. salutationem*. And see *Salutary*.

SALVAGE, money paid for saving ships. (F. — *L.*) In Blount's Gloss., ed. 1674. — OF. and MF. *salvage*; 'droit de salvage, a tenth part of goods which were like to perish by shipwreck, due unto him who saves them'; Cot. — OF. *salver*, *F. sauver*, to save. — *L. saluāre*, to save; see *Save*.

SALVATION, preservation. (F. — *L.*) ME. *saluacion*, Chaucer, C. T. 7080 (D 1498); spelt *saluacion*, Ancrer Riwle, p. 242, l. 26. — OF. *saluacion*; *F. saluation*. — *L. saluatiōem*, acc. of *saluatio*, a saving. — *L. saluāre*, to save; see *Save*.

SALVE, ointment. (*E.*) ME. *salve* (= *salve*), Chaucer, C. T. 2714 (A 2712); older form *salve*, Ormulum, 6477. OMerc. *salv*, *salb*, O. E. Texts; AS. *sealf*, Mark, xiv. 3; John, xii. 3. + Du. *salv*; G. *salbe*. **B**. AS. *sealf* is from the Teut. type **salbā*, f. *salb*, iii. 321. The orig. sense was prob. 'oil' or 'grease'; it answers in form to Gk. *ἄλφιον*, an oil-flask, related by gradation to the rare Gk. word *ἄλφιον*, oil, in Hesychius; cf. also Skt. *saṃpī*, clarified butter. ¶ The *-ve* is due to AS. *sealf*-e, gen., dat., and acc. of *sealf*. Der. *salve*, verb, from AS. *sealfan*, cognate with Goth. *salban*.

SALVER, a plate on which anything is presented. (Span. — *L.*) Properly *salva*, but misspelt *salver* by confusion with the old word *salver* in the sense of 'preserver'; or one who claims *salvage* for shipping. This is shown by the following. 'Salver, from *salvo*, to save, is a new fashioned piece of wrought plate, broad and flat, with a foot underneath, and is used in giving beer, or other liquid thing, to save or preserve the carpit or clothes from drops;' Blount's Gloss., ed. 1674. This invented explanation does not affect the etymology.

— Span. *salva*, a salver, a plate on which anything is presented; it also means 'pregustation, the previous tasting of viands before they are served up.' There is also the phrase *hacer salva*, 'to taste meat or drink, as they do to princes'; Minshew's Span. Dict. (1623). We also find the dimin. *salvillo*, a salver. — Span. *salvar*, 'to save, free from risk; to taste, to prove the food or drink of nobles'; Neuman. — *L. saluāre*, to save; see *Save*, *Safe*. ¶ Mr. Wedgwood says: 'as *salve* was the tasting of meat at a great man's table, *salva*, to guarantee, to taste or make the essay of meat served at table, the name of *salver* is in all probability from the article having been used in connexion with the essay.' The Ital. name of the essay was *credenza*, and the same term was used for a cupboard or sideboard; *credentiere*, *credenzere*, a prince's taster, cup-bearer, butler, or cupboard-keeper (Florio). *F. credence d'argent*, silver plate, or a cupboard of silver plate; Cot. Thus a *salver* was the name of the plate or tray on which drink was presented to the taster, or to the drinker of a health.

SALVO, a general discharge of guns, intended as a salute. (Ital. — *L.*) So spelt in 1733 (Stanford Dict.); but more correctly *salvo*, in 1591. — Ital. *salva*, 'a saving, keeping; a volie or tire of

ordinance'; Florio. — *L. saluāre*, to save, keep; *saluē*, hail! — *L. saluus*, safe. See *Safe*.

SAMBO, the offspring of a negro and a mulatto. (Span. — *L.* — Gk.) In An Eng. Garner, ed. Arber, v. 95, the men of a certain tribe are called *sambos*. And see Steadman's Surinam, i. 89. — Span. *zambo*, formerly *gambu* (Pineda), bandy-legged; used as a sb. as a term of contempt. — Late *L. scanbus*. — Gk. *σκαμβός*, crooked; said of the legs (Diex).

SAME, of the like kind, identical. (E.) ME. *same*, Chaucer, C. T. 16923 (G 1455). AS. *sam*, only as adv., as in *sam same swā men*, the same as men, just like men; Ælfred, tr. of Boethius, c. xxxiii. § 4 (bk. iii. met. 9). The adjectival use is Scand.; cf. Icel. *samr*, Dan. and Swed. *samme*, the same. + O.H.G. *sam*, adj., *sama*, adv.; Goth. *sama*, the same; cf. *samana*, together. + Russ. *samui*, the same; Gk. *ὁπῖς*; Skt. *sama*, even, the same. From the same base is the Skt. *sam*, with (Vedic); also the *L. simul*, together, *similis*, like (whence *E. Simultaneous*, *Similar*); also Gk. *ὁμοῖος*, like (whence *E. Homocopathy*). See Curtius, i. 400. Der. *sameness*; and see *semi*, *similar*, *simulate*, *semblance*, *as-semble*, *dis-semble*, *resemble*. Also *some*, *some*.

SAMITE, a rich silk stuff. (F. — *L.* — Gk.) ME. *samit*, spelt *samyte*, Lybeaus Discous, 833 (ed. Ritson, vol. ii); King Alisaunder, 1027. And see two examples in Halliwell, who explains it by 'a very rich silk stuff, sometimes interwoven with gold or silver thread.' — OF. *sanit*, a silk stuff; Burgun. See *samy* in Cotgrave. — Late *L. exsamtum*, samite; Ducauge. — Late Gk. *ἱσαμύρον*, cited by Burgun, supposed to have been a stuff woven with six threads or different kinds of thread; from Gk. *ἕξ*, six (cognate with *F. six*), and *πίρος*, a thread of the wool. See *Dimity*, which is a word of similar origin. The mod. G. *summet*, *sumut*, velvet, is the same word.

SAMOVAR, a kind of tea-urn. (Russ.) It occurs in 1884. — Russ. *samovar*, a tea-urn; see Stanford Dict. Said to be of Tatar origin (Cent. Dict.).

SAMPAN, a kind of skiff, used in the East. (Malay — Chinese.) Spelt *champan* in 1516 (Vule). The Stanford Dict. quotes *sampan*, as occurring in 1622. — Malay *sampan*, — Chin. *sampan*, lit. 'three boards.' Yule notes that another boat is called in Chinese *wupan*, i. e. 'five boards.'

SAMPHIRE, the name of a herb. (F. — *L.* and Gk.) Spelt *sampire* in K. Lear, iv. 6. 15; and in Minshew, ed. 1627; and this is a more correct spelling, representing a former pronunciation. So also Sherwood, in his index to Cotgrave, who gives *herbe de S. Pierre* as a *F.* equivalent. Spelt *sampier* in Baret (1580), which is still better. — *F. Saint Pierre*, St. Peter; Cotgrave, s. v. *herbe*, gives: '*Herbe de S. Pierre*, sampire.' — *L. sanctum*, acc. of *sanctus*, holy; and *Petrus*, acc. of *Petrus*, Peter, named from Gk. *πέτρος*, a stone, *πέτρα*, a rock.

SAMPLE, an example, pattern, specimen. (F. — *L.*) ME. *sample*, Cursor Mundi, 9514; spelt *asample* (for *example*), Ancrer Riwle, p. 112, l. 16. — OF. *esample*, *example*. — *L. exemplum*. See *Example*. Doublets, *esample*, *example*. Der. *sampler*, Mills, Nt. Dr. iii. 2. 205, from OF. *exemplaire* (14th cent., Littré), another form of OF. *exemplaire*, 'a pattern, sample, or sampler'; Cot., from *L. exemplar*. See *Exemplar*, which is a doublet.

SANATORY, healthful. (*L.*) Not in Todd's Johnson. [Phillips has the allied word *sanative*, used of medicinal waters, now nearly obsolete; it occurs in Bacon, Nat. Hist. § 787.] Coined as if from a *L. *sanatōrius*, extended from *sanitor*, healer. We find also *L. sinitius*, healing. — *L. situāre*, to heal. — *L. sinus*, in good health; see *San*.

SANCTIFY, to consecrate. (F. — *L.*) Spelt *sanctifse*, Tyndall's Works, p. 11, col. 2, l. 6; *sanctifse*, Gower, C. A. iii. 234; bk. vii. 4247. — *F. sanctifier*, to sanctify; Cot. — *L. sanctificāre*, to make holy. — *L. sancti-*, for *sanctus*, holy; and *-fic-*, for *facere*, to make. See *Saint* and *Faet*. Der. *sanctifse-al-ion*, from *F. sanctification* (Cot.); *sanctif-se*.

SANCTIMONY, devoutness. (F. — *L.*) In Shak. Troil. v. 2. 139. — MF. *sanctimonie*; Cot. — *L. sanctimōnia*, sanctity. — *L. sancti-*, for *sanctus*, holy; with Idg. suffixes *-mōn-*, *-yōn-*. See *Saint*. Der. *sanctimoni-ous*, *-ly*, *-ness*.

SANCTION, ratification. (F. — *L.*) In Cotgrave. — *F. sanction*, 'sanction'; Cot. — *L. sanctiōem*, acc. of *sanctio*, a sanction; cf. *sanctus*, pp. of *sanctus*, to render sacred. See *Saint*.

SANCTITY, holiness. (*L.*) As You Like It, iii. 4. 14. Formed (by analogy) from *L. sanctitatem*, acc. of *sanctitas*, holiness. — *L. sancti-*, for *sanctus*, holy; see *Saint*.

SANCTUARY, a sacred place. (F. — *L.*) ME. *seintuarie*, a shrine; Chaucer, C. T. 12887 (C 953). — AF. *saintuarie*, Stat. Realm, i. 298 (F. *sainctuarie*, a sanctuary. — *L. sanctuārium*, a shrine. — *L. sanctus*, holy; see *Saint*.

SAND, fine particles of stone. (E.) ME. *saud*, *soud*, Chaucer,

C. T. 4929 (B 509). AS. *sand*; Grein, ii. 390. + Du. *zand*; Icel. *sandur*; Swed. and Dan. *sand*; G. *sand*; Slavonian *sambd*. β. All from the Teut. types **am(a)don*, m.; **am(a)don*, n. Idg. type **samadhōs*; cf. Gk. *ἀμῶδον*, sand. Brugmann, i. § 421. Der. *sand-ecl*, glass, heat, martini, paper, piper, pit (Palsgrave), stone; sand-y, AS. *sandig*; sand-i-ness.

SANDAL, a kind of shoe. (F.—L.—Gk.—Pers.) ME. *sandalies*, pl., Wyclif, Mark, vi. 9.—F. *sandale*, 'a sandal, or sandall'; Cot.—L. *sandalia*, pl., *sandalium*.—Gk. *σανδάλιον*, dimin. of *σάνδαλον* (Aeolic *σάνδαλον*), a wooden sole bound on to the foot with straps, a sandal. Supposed to be of Pers. origin; cf. Pers. *sandal*, a sandal, sort of slipper, Rich. Dict. p. 853.

SANDAL-WOOD, a fragrant wood. (F.—L.—Gk.—Pers.—Skt.) 'Santal or Sanders, a precious wood brought out of India'; Blount's Gloss., ed. 1674. Spelt *sanders* in Cotgrave, and in Baret (1580); this form seems to be an F. corruption.—F. *santal*, 'sanders, a sweet-smelling wood brought out of the Indies'; Cot. Also *santal* (Hatzfeld); —late L. *santalum*, —Gk. *σάνταλον*, *σάνδαλον* —Pers. *sandal*; also *chandāl*, 'sandal-wood'; Rich. Dict. p. 544. Also spelt *chandani*, id.—Skt. *chandana*, sandal, the tree; which Benfey derives from *chid*, to shine, allied to *l*, *endure*.

SAND-BLIND, semi-blind, half blind. (F.) In Shak., Merch. Ven. ii. 2. 37. A corruption of *sam-blind*, i. e. half-blind. ME. *sam*, as in *sam-rede*, half red, *sam-ripe*, half ripe, i. l. Plowman, C. ix. 311, and footnote. AS. *sam*, as in *sam-cuc*, half alive, Lake, x. 30. The AS. *sam* is cognate with L. *semi*, Gk. *hemi*; see **SEMI**, **HEMI**.

SANDWICH, two slices of bread with ham between them. (F.) So called from John Montague, 4th Earl of Sandwich (born 1718, died 1792), who used to have *sandwiches* brought to him at the gaming-table, to enable him to go on playing without cessation. Sandwich is a town in Kent: AS. *Sandwic* = sand-village.

SANE, of sound mind. (L.) A late word. In Todd's Johnson. —L. *sanus*, of sound mind, whole. Prob. allied to Icel. *són*, G. *siune*, atonement (Kluge). Der. *sane-ness*; *sane-at-ive*, *sane-at-or-y* (see **SANATORY**); *sane-i-ty*, Hamlet, ii. 2. 214, formed (by analogy) from L. acc. *sanitatus*; *sane-i-ty*, a coinol word; *sane-ice*, q. v.

SANGUINE, ardent, hopeful. (F.—L.) The use of the word is due to the old belief in the 'four humours', of which blood was one; the excess of this humour rendered people of a hopeful 'temperament' or 'complexion'. ME. *sanguin*; Of his complexion he was *sanguin*; Chaucer, C. T. 325 (A 333).—F. *sanguin*, 'sanguine, bloody, of a sanguine complexion'; Cot.—L. *sanguineum*, acc. of *sanguineus*, bloody.—L. *sanguin*, stem of *sanguis*, blood. Root uncertain. Der. *sanguine-ly*, *ness*; *sanguin-e-ous*, Englished from L. *sanguineus*; *sanguin-ary*, Dryden, Hind and Panther, pt. iii. l. 679, from F. *sanguinaire*, 'bloudy'; Cot. from L. *sanguinarius*.

SANCTEDUM, the highest council of the Jews. (Heb.—Gk.) In Todd's Johnson, who cites from Patrick's Commentary on Judges, iv. 5. Spelt *sankhedrin*, Purchas's Pilgrimage, bk. ii. ch. 12. § 3.—Late Heb. *sankhedrin*, not a true Heb. word.—Gk. *συνέδριον*, a council; lit. a sitting together, sitting in council.—Gk. *σύν*, together; and *δρις*, a seat, from *δριμα* (fut. *δρῶμαι*), I sit, cognate with E. *sit*. See **SYN** and **SIT**.

SANICLE, a plant of the genus *Sanicula*. (F.—L.) ME. *sanyele*, Voc. 613. 33.—OK. *sanicle* (Hatzfeld).—Late L. *sanicula*, named from healing wounds.—L. *sanus*, whole; see **SANE**.

SANITARY, **SANITARY**; see **SANE**.

SANS, without. (F.—L.) In Shak. As You Like It, ii. 7. 166.—F. *sans* (OK. *sens*), without; the final *s* is unoriginal (see **DICE**).—L. *sine*, without.—L. *si ne*, if not, unless, except.

SANSKRIT, lit. 'symmetrical language'. (Skt.) 'The word *Sanskrit* (Skt. *saṃskṛita*) is made up of the preposition *saṃ*, 'together,' and the pp. *kṛta*, 'made,' an euphonic 's' being inserted. The compound means 'carefully constructed' 'symmetrically formed' (*constructus, constructus*). In this sense, it is opposed to the *Prakrit* (Skt. *prākṛita*). 'common' 'natural' the name given to the vulgar dialects which gradually arose out of it, and from which most of the languages now spoken in upper India are more or less directly derived.' Monier Williams, Sans. Grammar, p. 11. *Sam* is allied to E. *same*; and *kṛ*, to make, to L. *creare*; see **SAME** and **CREATE**.

SAP (1), the juice of plants. (E.) ME. *sap*, Kentish *sap*, Aynbite of Inwyt, p. 96. l. 5. AS. *sap*; Grein, ii. 397. + MDu. *sap*, 'sap, juice, or liquor'; Hexham: OIG. *sap*; G. *sapf* (with added *f*). Not connected with Gk. *σῆμα*, juice; but perhaps borrowed from L. *sapa*, new wine boiled thick. Der. *sap-less*, *sap-y*, *sap-i-ness*; *sap-ling*, a young succulent tree, Rich. III. iii. 4. 71; *sap-green*.

SAP (2), to undermine. (F.—late L.) 'Sapping or mining'; Howell, Fam. Letters, vol. ii. let. 4.—ME. *sapping* or *mining*; 'to undermine, dig into'; Cot.—OK. *sappe* (15th cent., Littré), a kind of hoe; mod. F. *sappe*, an instrument for mining. Cf. Span. *zapa*, a spade; Ital. *zappa*, 'a mattock to dig and deluce with, a sapper';

Florio; Late L. *sapa*, a hoe, mentioned A.D. 1183 (Ducange). β. Diez proposes to refer these words to Gk. *σαπάρη*, a digging-tool, a hoe; from *σαπάρειν*, to dig. He instances Ital. *zolla*, which he derives from OHG. *spalla* (with *z* from *sk*). Der. *sapper*.

SAPAJOU, a spider-monkey. (F.—Brazil.) F. *sapajou*; of Brazil, origin (Hatzfeld). It occurs in French in 1614.

SAPID, savoury. (L.) Sir T. Browne has *sapidus*, Vulg. Errors, l. iii. c. 21. § 6; and *sapor*, id. § 8. All the words are rare.—L. *sapidus*, savoury.—L. *sapers*, to taste, also, to be wise. See **SAPIENCE**. Der. *sapid-i-ty*; also *sap-or*, from L. *sapor*, taste. And see *savour*, *in-sipid*.

SAPIENCE, wisdom. (F.—L.) [The adj. *sapient* is a later word.] ME. *sapience*, P. Plowman, B. iii. 350; Gower, C. A. ii. 167; bk. v. 1205.—F. *sapience*, 'sapience'; Cot.—L. *sapientia*, wisdom.—L. *sapient*, decl. stem of pres. part. of *sapere*, to be wise, orig. to taste, discern. Der. (from L. *sapere*) *sapi-ent*, K. Lear, iii. 6. 24; *sapi-ent-ly*, *sage* (1); and see *sapid*.

SAPONACEOUS, soapy. (L.—Teut.) In Bailey's Dict., vol. ii. ed. 1731. Coined as if from L. **sapōnēus*, soapy, from L. *sāpō*, stem of *sāpo*, soap (Pliny). β. It is doubtful whether *sāpo* (Gk. *σάπων*) is a L. word; it is the same as E. *soap*, and was probably borrowed from Teutonic (not Celtic, as Pliny inadvertently says); see **SOAP**. See Pliny, Nat. Hist. bk. xviii. c. 12.

SAPPHIC, a kind of metre. (L.—Gk.) 'Meter *saphik*'; G. Douglas, Palace of Honour, pt. ii. st. 4.—L. *Sapphicus*, Sapphic, belonging to Sappho, the poetess.—Gk. *Σαπφική*, a poetess born at Mitylene in Lesbos, died about 592 B.C.

SAPPHIRE, a precious stone. (F.—L.—Gk.—Heb.—Skt.) ME. *saphir*, Old Eng. Miscellany, ed. Morris, p. 96, l. 115.—F. *saphir*, 'a saphir stone'; Cot.—L. *saphyrius*.—Gk. *σάπφειρος*, a sapphire.—Heb. *sappir*, a sapphire (with initial *smek*).—Skt. *saniṣṣyam*, a sapphire; lit. 'beloved of Saturn'; gems being often connected with names of planets.—Skt. *ganiś*, Saturn; and *prisa*, dear, from *pri*, to love. (Uhlenbeck.) Cf. Pers. *saffir*, a sapphire; Rich. Dict. p. 826. See the note in Schade, O. II. 6; Dict. p. 1412.

SARABAND, a kind of dance. (F.—Spain.—Pers.) In Ben Jonson, 'The Devil is an Ass, iv. 1 (Wittipoll). Explained as 'a Spanish dance' in Johnson.—F. *sarabande* (Littré).—Span. *zarabanda*, a dance; of Moorish origin. Supposed to be from Pers. *sarband*, of which the lit. sense is 'a fillet for fastening the ladies' head-dress'; Rich. Dict. p. 822.—Pers. *sar*, head, cognate with Gk. *κέφα*; and *band*, a band; see **CHEER** and **BAND** (1).

SARACEN, one of an Eastern people. (L.—Gk.—Arab.) ME. *saracen*, Rich. Coeur de Lion, 2436; *sarezy*, 2461.—L. *saracenus*, a saracen; from Late Gk. *σαρακενός*; lit. 'one of the eastern people'—Arab. *sharqiy*, oriental, eastern; sunny; Rich. Dict. p. 889. Cf. Arab. *sharq*, the east, the rising sun; id. From Arab. root *sharaqa*, it rose. (Doubtful; see note in Gibbon, Rom. Empire, c. 50.) Der. *Saracenic*; also *saracen-ic*, q. v.; *siraec*, q. v.

SARCSAM, a sneer. (F.—L.—Gk.) In Blount's Gloss., ed. 1674.—F. *sarcsame*, 'a biting taunt'; Cot.—L. *sarcasmus*, *sarcasmus*.—Gk. *σαρκασμός*, a sneer.—Gk. *σαρκάζειν*, to tear flesh like dogs, to bite the lips in rage, to sneer.—Gk. *σαρπ*, stem of *σάψ*, flesh. Der. *sarcan-tic*; Gk. *σαρκωτικός*, sneering; *sarcan-tic-ally*.

SARCENT, **SARCENT**, a fine thin silk. (F.—L.—Arab.) In Shak. 1 Hen. IV. iii. 1. 256. Spelt *sarcent* in 1373; Wardrobe Acct. 47 Edw. III; N. and Q. 8 S. l. 129.—OK. *sarcent*, a stuff made by the Saracens (Rocquefort). Formed from Low L. *saracenicum*, sarcent (Ducange).—Low L. *Saraceni*, the Saracens; see **SARACEN**.

SARCOPHAGUS, a stone receptacle for a corpse. (L.—Gk.) In Holland, tr. of Pliny, b. xxvi. c. 17; it was the name of a kind of lime-stone, so called 'because that, within the space of forty days it is known for certain to consume the bodies of the dead which are bestowed therein'.—L. *sarcophagus*.—Gk. *σαρκοφάγος*, carnivorous, flesh-consuming; hence a name for a species of lime-stone, as above.—Gk. *σαρπ*, from *σάψ*, flesh (see **SARCSAM**); and *φάγειν*, to eat, from *φάγ*, to eat.

SARDINE (1), a small fish. (F.—L.—Gk.) In Cotgrave. ME. *sardyn*, Earl of Derby's Exped. (C. S.), p. 228, l. 31.—F. *sardur*, also spelt *sardine* in Cotgrave, and explained as 'a pilchard, or sardine'.—L. *sardina*, also *sarda*, a sardine.—Gk. *σαρδίνη*, *σάρδα*, a kind of fish; explained as 'a kind of tunny caught near Sardinia' (Liddell). Perhaps named from Gk. *Σαρδία*, Sardinia.

SARDINE (2), a precious stone. (L.—Gk.) ME. *sardyn*, Wyclif, Rev. iv. 3; Gk. *sardine*, Gaimar, l. 4888.—L. *sardinus*, the L. equivalent of Gk. *σαρδίνος*. The Vulgate has *sardinis* in Rev. iv. 3 as a case, from a nom. *sardo*.—Gk. *σαρδίνος*, a sardine stone, Rev. iv. 3. Also *σάρδα*, also *σάρδιον*. So called from Sardinia, capital of Lydia in Asia Minor, where it was first found; Pliny, b. xxxvii. c. 7. Der. *sard-onyx*, q. v.

SATURNINE, gloomy of temperament. (F. — L.) ‘*Saturnine*, of the nature of Saturn, i. e. stern, sad, melancholy;’ Minshew. — MF. *Saturnin*, a form noticed by Minshew; and Littré has *saturnin* as a medical term, with the sense of ‘relating to lead;’ lead being a symbol of Saturn. The more usual form is F. *Saturnien*, ‘sad,’

sowte, lumpish, melancholy. 'Cot. Both adjectives are from *L. Saturnus*, the god Saturn, also the planet Saturn. *β*. The peculiar sense is due to the supposed evil influence of the planet Saturn in astrology; see Chaucer, C. T. 2455-2471. *γ*. *Saturnus* (*Ol. Saturnus*) is said to mean 'the sower'; cf. *st-men*, seed; from the root *st-*, to sow; see **Seed**. *Der.* (from *Saturnus-Saturnalia*, a pl., the festival of Saturn, a time of licence and unrestrained enjoyment; *Saturn-ian*, pertaining to the golden age of Saturn, Pope, *Dunciad*, i. 28, iii. 320, iv. 16. Also *Saturn-day*, q.v.

SATYR, a sylvan god. (*F.*—*L.*—*Gk.*) In Shak. *Hamlet*, i. 2. 140. —*F.* *satyre*, 'a satyr, a monster, halfe man halfe goat'; *Cot.*—*L.* *satyris*. = *Gk.* *satyros*, a Satyr, sylvan god, companion of Bacchus. *Der.* *satyr-ic*.

SAUCE, a liquid seasoning for food. (*F.*—*L.*) *ME.* *sauce*, Chaucer, C. T. 353; *P.* *Plowman*, ii. xiii. 43. —*F.* *sauce*, 'a sauce, condiment'; *Cot.*—*L.* *salsu*, a salted thing; fem. of *salsus*, salted, salt, pp. of *salire*, to salt. —*L.* *sāl*, salt; see **Salt**. *Der.* *sauce-pan*; *sauce-er*, a shallow vessel orig. intended to hold sauce, *L.* *L.* iv. 3. 98; we find Late *L.* *salsarium*, glossed by *ME.* *sanser*, in Alex. Neckam, in Wright's *Vocab.* i. 98, l. 5; *sauce*, verb, to give a relish to, often used ironically, as in *As You Like It*, iii. 5. 69; *sauce-y*, i.e. full of salt, pungent, *Twelfth Night*, iii. 4. 159; *sauce-ily*, *K. Lear*, i. 1. 22, ii. 4. 41; *sauce-i-ness*, *Com. Errors*, ii. 2. 28. Also *sau-ages*, q.v.

SAUNTER, to lounge. (*F.*—*L.*) 'Ily sauntering still on some adventure'; *Hudibras*, pt. iii. c. i. l. 1243 (ed. Hell, ii. 111). Not in early use. We find however, in the *Romance of Partenay*, ed. Skeat, l. 4653, that Geoffrey 'sauntered and doubted', i.e. hesitated and doubted as to whether he was of the lineage of Presine. And see glossa, to York Mystery Plays. In the dialect of Cumberland the word is *sauter*. 'Sauter, saunter; [also], an odd wife saunter = an unauthenticated tradition'; Dickinson's *Cumberland Glossary*. *β*. From *AF.* *saunter*, to venture forth, to go forth. It occurs in the Year-book of Edw. III, of the 11-12 year of his reign, p. 619 (Rolls Series); where we find mention of a man 'qe saunter en ewe, who ventures upon the water, or who puts to sea. It represents a Late *L.* form **sax-aventurare*, to venture out. See **Ex-** and **Adventure**. The *ME.* *sauter*, adventure, is not uncommon. See Notes on E. Etym., p. 256. *Der.* *saunter-er*.

SAURIAN, one of the lizard tribe. (*Gk.*) A modern geological term; formed from *Gk.* *saipa*-a or *saipos*, a lizard; with suffix *-ian* (= *L.* *-ianus*).

SAUSAGE, an intestine of an animal, stuffed with meat salted and seasoned. (*F.*—*L.*) Better *sausage*. Spelt *salsage*, Gasconne; *Art of Venerie*; Works, ed. Hazlitt, ii. 308, l. 3 from bottom; *sauage* in *Palsgrave*. —*AF.* *sauiche* (*Guernsey sauchie*); *F.* *sauische* (also *sauische* in Cotgrave), 'a sausage'; *Cot.*—Late *L.* *salsicin*, fem. of *salsicus*, adj. (Georges), made of seasoned meat; a sausage. Cf. *Salecia*, Gallic *sauiches*; Wright's *Vocab.* i. 128, l. 1. —*L.* *salsi*, for *salsus*, salted; with suffix *-ci-a*. See **Sauos**. See Notes on E. Etym., p. 257.

SAUTERNE, a kind of wine. (*F.*) From *Sauterne*, a place in France, in the department of Gironde.

SAVAGE, wild, fierce, cruel. (*F.*—*L.*) Lit. it merely means 'living in the woods'; rustic; hence, wild, fierce; spelt *savage*, Spenser, *F. Q.* iv. 4. 39; &c. *ME.* *sauage* (with *u-v*), King *Alisaunder*, l. 869; spelt *savage*, Gower, li. 777; bk. iv. 2202. —*OF.* *sauage*, *sauage*, mod. *F.* *sauvage*, 'savage, wild'; *Cot.* And see *Burguy*. —*L.* *siluiticus*, belonging to a wood, wild. —*L.* *situa*, a wood. See **Silvan**. *Der.* *savage-ly*, *new*.

SAVANNA, SAVANNAH, a meadow-plain of America. (*Span.*—*Carib.*) *Savannahs* are clear pieces of land without woods. *β*. Dampier, *Voyages*, an. 1683; ed. 1699, i. 87; R. Eden, ed. Arber, p. 148. —*Span.* *sabana* (with *b* sounded as bi-labial *v*), a large plain; said to be of Caribbean origin (Ovieto). 'The *Span.* is *sabana* (whence *F.* *savanne*); distinct from *pabana*, a sheet for a bed, an altar-cloth, which is from *L.* *sabana*, orig. pl. of *sabannum*, a linen cloth, towel. —*Gk.* *saβavon*, a linen cloth, towel. —*ME.* *savannen* (= *savven*), Ancien *Riwe*, p. 98, l. 10; *savven* (= *savven*), Chaucer, C. T. 3534. —*F.* *sauver*, 'to save'; *Cot.*—*L.* *saluare*, to secure, make safe. —*L.* *saluus*, safe; see **Safe**. *Der.* *sav-er*, *sav-our*, *sav-our*, sb., *sav-ings-bank*, a bank for money saved; *OF.* *sauver*, *sauver* (*Burguy*), from *L.* acc. *saluatorem*, a saviour. Also *sauve*, prep., *ME.* *sau* (= *save*), *P.* *Plowman*, B. xvii. 100, from *F.* *sau*, in such phrases as *sau* mon droit, my right being reserved; see Cotgrave. Also *sav-ing*, prep., *K. John*, i. 201.

SAVELOY, CERVELAS, a kind of sausage. (*F.*—*Ital.*—*L.*) Now corruptly spelt *saveloy*, but formerly *cervelas* or *cervelat*. The spelling *cervelas* is in Phillips, Kersey, and Ashe; Bailey, ed. 1735, has: 'Cervelas, Cervelat, a large kind of Bologna sausage, eaten cold

in slices.' —*MF.* *cervelat* (now *cervelas*), 'an excellent kind of drier sausage'; &c.; *Cot.*—*Ital.* *cervelatino*, a thick short sausage. So called because it contained pigs' brains (Zambaldi). —*Ital.* *cervello*, brain. —*L.* *cerebellum*, dimin. of *cerebrum*, brain; see **Cerebral**.

SAVIN, SAVINE, SABINE, an ever-green shrub. (*L.*) *ME.* *savine*, Gower, C. A. iii. 130; bk. vii. 1353. *AS.* *safina*, *savine*, *savine*; A. S. Leechdoms, ed. Cockayne, i. 34. —*L.* *sabina*, or *Sabina herba*, *savin*; lit. *Sabine herb* (*F. sabine*). Fem. of *Sabinus*, *Sabine*. The *Sabines* were a people of central Italy.

SAVORY, a plant of the genus *Satureia*. (*F.*—*L.*) *ME.* *sauereye*; 'Satureia, *sauereye*'; *Voc.* 609. 32. —*OF.* *saverite* (Godefroy). —*L.* *saturia*, *savory*. *β*. We find also *MF.* *savorie*, 'the herb savory'; *Cot.* App. due to confusion with *MF.* *savourie*, fem. of *savouri*, 'savory, that hath a good smack or taste'; *Cot.*; orig. fem. pp. of *MF.* *savorer*, 'to savor'; *Cot.*—*OF.* *savour*, *savour*; see **Savour**.

SAVOUR, odour, scent, taste. (*F.*—*L.*) *ME.* *savour* (*savour*), Chaucer, C. T. 15697, 15711 (i. 229, 243). —*OF.* *savour* (*Burguy*), *savour*, 'savour'; *Cot.*—*L.* *saporem*, acc. of *sapor*, taste. —*L.* *sapere*, to taste; see **Rapid**. *Der.* *savour*, vb., *ME.* *saueren*, *Wyclif*, *Rom.* xii. 3; *savour-y*, *ME.* *sauery*, *Wyclif*, *Mark*, ix. 49; *savour-i-ness*; *savour-less*.

SAVOY, a kind of cabbage. (*F.*) 'Savoys, a sort of fine cabbage, first brought from the territories of the dukedom of Savoy'; Phillips, ed. 1706.

SAW (1), an instrument for cutting, with a toothed edge. (*E.*) *ME.* *sawe*, *P.* *Plowman*, Crede, l. 753; *Voc.* 628. 12. *AS.* *saga*; 'Serra, *saga*'; *Voc.* 151. 2. —*þ.* *Da.* *saag*; *1cel.* *sag*; *Dan.* *sav*; *Swed.* *såg*; *G.* *säge*. *β*. All from *Teut.* *ty* e **sag*, l. lit. 'a cutter'; from *Teut.* base **sag*, 2nd grade of **teut.* root **sag*, to cut. —*√* *SEQ*, to cut; cf. *L.* *secare*, to cut; see **Secant**. *Der.* *saw*, verb, *ME.* *sawen*, *sawyn*, *Prompt.* *Parv.*; *saw-dust*, *saw-fish*, *saw-pit*, *saw-pit*; also *saw-yer* (formed like *bow-yer* from *bow*, the *y* being due to a *ME.* verb **saw-en* = *saw-en*), spelt *sawer*, Wright's *Vocab.* i. 212, col. 2; *sawyer*, *Caxton*, *Godefrey of Boloyne*, ch. 57. Also *se-saw*, q.v.

SAW (2), a saying, maxim. (*E.*) In *As You Like It*, ii. 7. 156. *ME.* *saw*, Chaucer, C. T. 1165 (A 1163). *AS.* *saga*, a saying; *Grein*, ii. 387. Allied to *AS.* *sergan*, to say, *1cel.* *saga*, a saga, tale; *Dan.* and *Swed.* *saga*; *G.* *sage*. See **Sage**. Doublet, *saga*.

SAXHORN, a kind of horn. (*F.* and *H.*) Named after the inventor, Adolphe Sax, a Frenchman; ab. 1840.

SAXIFRAGE, a genus of plants. (*F.*—*L.*) In Cotgrave and Minshew and *Palsgrave*. —*F.* *saxifrage*, 'the herb saxifrage, or stone-break'; *Cot.*—*L.* *saxifraga*, spleen-wort (White). The *atlantun* or 'maiden-hair' was also called *saxifraga*, lit. stone-breaking, because it was supposed to break stones in the bladder. 'They have a wonderful faculty . . . to break the stone, and to expel it out of the body; for which cause, rather than for growing on stones and rocks, I believe verily it was . . . called in *L.* *saxifraga*'; Pliny, b. xxii. c. 21 (Holland's translation). —*L.* *saxi* = *saxo*, for *saxum*, a stone, rock; and *frage*, base of *frangere*, to break, cognate with *E.* *break*. Doublet, *saxifrons*.

SAXON, the name of one of a certain Teutonic race. (*L.*—*Teut.*) Late *L.* *Saxones*, pl. Saxons; also *Saxon*, slug, a Saxon. —*AS.* *Saxan*, pl. Saxons; so called because armed with a short sword. —*AS.* *sax*, *OFries.* *sax*, a knife; lit. 'cutter'; cf. *L.* *saxum*, a stone implement. —*√* *SEQ*, to cut; see **Secant**. *Burguy*, i. § 549 c.

SAY (1), to speak, tell. (*E.*) *ME.* *seggen*, *P.* *Plowman*, B. v. 617; also *siggen*; and often *seien*, *sein*, *syn*, *sein*, Chaucer, C. T. 1153 (A 1151); *saye*, *seie*, id. 781. *AS.* *sergan*, *seggean*, to say (pt. i. *sagde*, *sæde*, pp. *gægað*, *gæð*, *Grein*, ii. 421. —*1cel.* *sagia*; *Dan.* *sige*; *Swed.* *saga*; *G.* *sagen*; *OHG.* *sagēn*. *β*. All these are weak verbs, from a *Teut.* base **sag*, allied to *Idg.* *√* *SEQ*, to say. (*F.* *Lithuan.* *sakyti*, to say, *sakau*, I say; *Gk.* *εἰπεῖν* (*for* **εἰπ-εῖν*); (*L.* *in-ε-ε*, imp. a, tell, say). And see Sweet, N. E. Gram., § 1293. From the same root is *W.* *het*, an utterance; see Stokes-Pick, p. 296. *Der.* *say-ing*, *L.* *L.* i. 2. 21; *sooth-say-er*; and see *saga*, *saw* (2).

SAY (2), a kind of serge. (*F.*—*L.*—*Gk.*) 'Say, a delicate serge or woollen cloth'; Halliwell. 'Soye clothe, serge'; *Palsgrave*. *ME.* *saye*, in *Wyclif*, *Exod.* xxvi. 9, the latter version has *say* where the earlier has *serge*; i.e. serge. —*OF.* *saie*; Cotgrave has *saye*, 'a long-skirted jacket, coat, or cassock'; also *sayete*, 'the stuffe saye.' [*Florio* has *Ital.* *saio*, 'a long side coat', and *saletta*, 'a kind of fine serge or cloth for coats'; it is also called *raich*.] Neuman has *Span.* *sayo*, *sayn*, a tunic; *sayete*, a thin light stuff. *β*. The stuff *say* was so called because used for making a kind of mantle called in *L.* *lagum* (pl. *saga*, as *f.* sing. *>* *F.* *satie*); cf. Late *L.* *sagum* (1), a mantle, a kind of cloth (Ducange). —*Gk.* *δαγος*, a coarse cloak, a soldier's mantle; cf. *σαγῆ* or *ἀγῆ*, harness, armour, *ἀσπίς*, a pack-saddle, also a covering, a large cloak. These *Gk.* words are not of Celtic origin, as has been said, but allied to *Gk.* *σάσσω* (fut. *σάσω*), to pack, to load. See **Prelwitz**. See **Sumpter**.

SAY (3), to try, assay. (F.—L.) In Pericles, i. 1. 59; as a sb., in K. Lear, v. 3. 143. Merely an abbreviation of **Assay** or **Essay**; see **Essay**.

SBERRO, an Italian police-officer. (Ital.—L.—Gk.) Modern. Byron has the pl. *sbirri*; The Two Foscari, A. ii. sc. 1 (Marina). —Ital. *sbirro* (with unoriginal s); formerly *birro*, 'a catchpole, Florio. So called from wearing a cloak.—L. *birrus*, a cloak to keep off rain; by-form of *burrus*, 'reddish' (because of its colour).—Gk. *sbuppos*, reddish.—Gk. *sbup*, fire. See **Bureau**. (Pl. *sbirri*).

SCAB, a crust over a sore. (Scand.) ME. *scab*, Chaucer, C. T. 12202 (C. 358). Of Scand. origin; as shown by the *sc-sk*.—Dan. and Swed. *skabb*.—AS. *scabb*, *scab* (whence E. *shabby*). β. The lit. sense is 'itch'; something that is scratched; cf. L. *scabies*, scab, itch, from *scabere*, to scratch. From the Teut. base **skab-*, to scratch, whence mod. E. *shave*; see **Shave**. Der. *scabb-ed*, *scabb-y*, *scabb-i-ness*. Also *skabb-*, q. v.

SCABBARD, a sword-sheath. (F.—Teut.) Spelt *scabberd* in Baret (1580). *Scabard* is a corruption of ME. *scabbert* (v. r. *scabere*), Rob. of Glouc. p. 273, l. 5538. In Prompt. Parv. p. 443, we find all three forms, *scabberk*, *scabbert*, *scaberd*. The form *scabberk* also appears as *scaberke*, Trevisa, v. 373; and is palatalised to *scaberge*, Romance of Partenay, 2790. β. *Scabberk* is obviously, like *hauberk*, a French word of Teutonic origin; but it does not appear in O. French texts; except that Wedgwood cites *vaginans*, glossed by AF. *scabberk*, from Johannes de Garlandia. Godefroy quotes the same; from a sing. form *scabberk*; where *-berk* (as in OF. *hauberk*) means 'protection.' [Note that the OF. *halther* or *hauberk*, a hauberk, is also spelt *haubert*, just as *scabberk* is also *scabert*; and corresponding to the *scabberk* we have *haberg-on*.] γ. The prefix appears to answer to OF. *escab*, mod. E. *scab*, a scale, peck, derived from OIIG. *scala*, G. *schale*. G. *schale* means a shell, husk, rind, scale, outside, skull, cover of a book, haft (of a knife), bowl, vase. In composition *schal* means cover or outside; as in *schalbert*, outside plank (of a tree), *schalholz*, outside of a tree cut into planks, *schalwerk*, a lining of planks. Cf. *schalen*, to plank, inlay; *messer schalen*, to haft knives. δ. The prob. sense is 'scale-protection,' or 'cover-cover'; it is one of those numerous reduplicated words in which the latter half repeats the sense of the former. The notion of putting a knife into a haft is much the same as that of putting a sword into a sheath. I conclude that *scabbard* = *scale-berk*, with the reduplicated sense of 'cover-cover.' See **Scale** (1) and **Hauberk**. ¶ 1 distinct from *scabbard*, variant of *scale-board*, a very thin board. See Notes on E. Elym., p. 257.

SCABIOUS, a plant. (F.—L.) ME. *scabiose*; Voc. 609. 36.—MF. and F. *scabieuse*, f. L. *scabiosa* (herba), a plant supposed to be good for skin eruptions.—L. *scabius*, an itch.—L. *scabere*, to scrape, scratch. Cf. E. *scabrous*, rough, F. *scabreux*, from L. *scabrosus*, rough, from *scaber*, rough.

SCAFFOLD, a temporary platform. (F.—Gk. and Teut.) ME. *scalfold*, *scalfold*, Chaucer, C. T. 2533, 3384.—ONorth F. *escalfu*, found as *escalfu*, mod. F. *échafaud*. A still older form was *escalfu* (Quenece) for *recondifidu*, with which cf. Span. *catalfalo*, a funeral canopy over a bier, Ital. *catalfalo*, a funeral canopy, stage, scaffold (whence mod. F. *catalfale*); showing that the form arose from prefixing *ex-* (from L. *ex*, prep.) to the form *cadafalo*, the equivalent of Span. and Ital. *catalfalo*. β. The word *catalfalo* is a hybrid one; the orig. sense was 'a wooden erection crowning walls, and projecting from them on both sides; thence the besieged commanded assailants beneath'; N. E. D. s. v. *catalfale*. Perhaps from Gk. *κατά*, down; and OIIG. *βαλάν*, OSax. *balan*, a balk, a beam. γ. But Hatzfeld derives F. *échafaud* (the equivalent of Ital. *catalfalo*) from Gk. *κατά*, down, and a Late L. type **falcum*, from L. *fala*, a kind of scaffold. (Doubtful.) Der. *scalfold*, verb; *scalfolding*.

SCALD (1), to burn with a hot liquid, to burn. (F.—L.) ME. *scalden*, pp. *yscalted*, Chaucer, C. T. Six-text, A 2020; Tyrwhitt (l. 2022) reads *yskalded*, but the 6 best MSS. have *yscalded*. *Schaldinde* water, scalding water; Ancien Kiwic, p. 246, l. 3.—ONorth F. *escalder*, corresponding to OF. *escalder* (Marie de France, Iguaiten, 261), later form *eschander*, 'to scald'; Cot. Norm. dial. *eschander* (Moisy); mod. F. *eschander*.—L. *excaldere*, to wash in hot water.—L. *ex*, out, very; and *caldus*, hot, contracted form of *calidus*, hot; cf. *calire*, to be hot. See **Ex** and **Caldron**. Der. *scald*, sb.

SCALD (2), scaldy. (Scand.) In Shaks. Hen. V. v. 1. 5. Contracted form of *scalded*, i. e. afflicted with the scall; see **Soal**. ME. *scalded*, Chaucer, C. T. 629 (A 627). Cf. Dan. *skaldet*, bald.

SCALD (3), a Scandinavian poet. (Scand.) ME. *scald*, Ormulum, 2192.—Icel. *skald*, a poet; older form *skáld* (Noreen). Perhaps allied to *scold*; but the long vowel is against this.

SCALE (1), a shell, small thin plate or flake on a fish, husk. (F.—OHG.) ME. *scale*; 'fishes scales', Gower, C. A. l. 275; bk. ii.

3456; *scale* (or *skale*), the shell of a nut, P. Plowman, C. xiii. 145, and footnote.—OHG. *escala* (F. *scale*).—OHG. *scala* (G. *schale*), a scale, husk.—AS. *scale*, a shell or husk; Dan. and Swed. *skal*, a shell, pod, husk. Cf. Goth. *skafja*, a tile. [The AS. form gave the ME. form *scale*; with *sk*.] β. All from Teut. type **skala*, f., lit. 'a flake,' that which can be peeled off; from Teut. base **skal*, 2nd grade of strong verb **skel-un-*, to cleave, divide; see **Skill**. Der. *scale*, verb; *scald*, *scaldy*, *scald-ness*. Allied to **Soale** (2), **Shell**, **Soal**, **Soull**, **Skill**. And see *scall-op*, *scal-p*. Doublet, *skale*.

SCALE (2), a bowl or dish of a balance. (F.—Teut.) ME. *scale*, *schale* (also *scoule*), a bowl, Ancien Kiwic, p. 244, note i; *scale*, Layamon, 5368. [The form *scale* is from Icel. *skál*, scale.] —OF. *escala*, a cup (Godefroy).—Icel. *skál*, Dan. *skál*, Swed. *skál*, a bowl; cf. Du. *schaal*, scale, bowl. Allied to **Soale** (1); being from Teut. base **skel-*, 3rd grade of Teut. **skelan*, to cleave (above). Der. *scale* (obsolete); as in 'Laur, the scale of a balance,' Nomenclator, 1585 (Nares, ed. Wright and Halliwell). 'Then Jove his golden scales weighed up;' Chapman, tr. of Homer, Iliad, b. xxii. l. 180; answering to the ME. form *scal alove*.

SCALE (3), a ladder, series of steps, graduated measure, gradation. (L.) ME. *scale*, Chaucer, On the Astrolabe, pt. i. § 12. Borrowed immediately from L. *scala*, usually in pl. *scale*, a flight of steps, ladder. (Ilicene also F. *schell*). β. L. *scala* represents **scan(t)la*, i. e. **scand-sla*, that by which one ascends or descends; cf. L. *scandere*, to climb by a ladder; See **Soan**. Brugmann, i. § 414. Der. *scale*, verb, to postequo sub ijsos Nituntur gradibus' (Aeneid, ii. 442) by 'And reared up ladders against the walls, Under the windows scaling by their steepness;' clearly borrowed from Ital. *scalare*, to scale. See **Escalade**.

SCALENE, having three unequal sides, said of a triangle. (L.—Gk.) Phillips, ed. 1706, has: '*Scalenum*, or *Scalenous Triangle*.'—L. *scalenus*, adj.—Gk. *σκαληνός*, scalene, uneven. Perhaps allied to *σκαλόν*, crooked.

SCALL, a scab, scabbiness, eruption on the skin. (Scand.) In Levit. xiii. 30. 'Thou must have the *scall*;' Chaucer, Lines to Adam Scrivener. Gen. used with ref. to the head. 'On his beued he has the *scall*;' Cursor Mundi, 11810.—Icel. *skall*, a bare head. The lit. sense may be 'having a peeled head;' cf. Swed. *skallig*, bald, *skala*, to peel. If so, it is nearly related to Dan. and Swed. *skal*, a husk; see **Soale** (1). Der. *scall* (2), q. v.

SCALLION, a plant allied to the garlic and onion. (F.—L.—Gk.—Phœnician.) Phillips, ed. 1706, gives both *scallion* and *shalot*. ME. *scallons*, P. Plowman, C. ix. 310.—ONorth F. *escalogue*, a scallion; see further under **Shallot**.

SCALLOP, **SCOLLOP**, a bi-valvular shell-fish, with the edge of its shell in waved form. (F.—Teut.) Holland's Pliny, b. ix. c. 33, treats 'Of *Scallops*.' ME. *scalop* (with one *l*), Prompt. Parv., p. 442.—OF. *escalope*, a shell; a word used by Rutebief; see quotations in Godefroy; and cf. F. *escalope* in Littré. β. Of Teut. origin; cf. MDu. *schelp* (Du. *schelp*), a shell; Hexham. Hexham has also: 'S. *Jacobs schelp*, S. James's shrine was of the kind which we call 'a scallop-shell;' Chambers, Book of Days, ii. 121. Thence *scallop-shell*; 'scallop-shell, quocunque de saint Jacques.' Cf. G. *schelle*, a husk. γ. The forms *schel-pe*, *schel-fe* are extensions from the form which appears in E. as *shell*; see **Soale** (1). **Shell**. Der. *scallop*, verb, to cut an edge into convex lobes or scallop-like curves. And see **Scalp**.

SCALP, the skin of the head on which the hair grows. (Scand.) 'Her *scalp*, taken out of the charnel-house;' Sir T. More, p. 87 a. ME. *scalp*. 'And his wiknes in his *scalp* doune falle;' Early Eng. Psalter, ed. Stevenson, vii. 17; where *scalp* means the top of the head, Lat. *vertex*. Evidently a Scand. word, due to a form allied to that whence we also have MDu. *schelp*, a shell, and OF. *escalope*, a shell; see **Scallop**. β. We may compare MSwed. *skalp*, a sheath, Icel. *skalp*, a sheath; Dan. dial. *skalp*, a husk, pod. γ. The orig. sense is *shell* or *scull* (head-shell); and the word is allied to *scale*; see **Soale** (1). Florio has Ital. *scalpo della testa*, 'the scalp of ones head;' but this is merely borrowed from Teutonic. Der. *scalp*, verb; which may have been confused with L. *scalpere* (see **Scalpsel**).

SCALPEL, a small surgeon's knife for dissecting. (L.) Phillips, ed. 1706, has *scalper* or *scalping-iron*; Todd's Johnson has *scalpel*. *Scalpel* is from L. *scalpulum*, a scalpel; dimin. of *scalprum*, a knife.—L. *scalpere*, to cut, carve, scratch, engrave; (whence E. *scalping-iron*. Allied to L. *scalpere*; see **Sculpture**.

SCAMBLE; see **Scamper**, **Soramble**, **Shamble**.
SCAMMONY, a cathartic gum-resin. (F.—L.—Gk.) Spelt *scamony* in Arnold's Chron. (1502), ed. 1811, p. 164, l. 16; *shamony*,

Libell of Eng. Policy, l. 360. —OF. *scammonie*, *scammonée*, 'scammony, purging bind-weed'; Cot. —L. *scamminia*. —Gk. *σκαμμία*, or rather *σκαμμία*, scammony, a kind of bind-weed. It grows in Mysia, Colophon, and Priene, in Asia Minor; Pliny, b. xvi, c. 8. **SCAMPE**: see **Scamper**.

SCAMPER, to run with speed, flee away. (F.—L.) 'We were forced to . . . scamper away as well as we could'; Dampier's Voyages, an. 1685 (R.). The suffix *-er* is, as usual, frequentative, so that the orig. form is *scamp*; but this is only found as a sb. in the sense of 'worthless fellow', or 'cheat', though the orig. shifting is merely 'fugitive' or 'vagabond', one given to frequent shifts or *de-scampings*. —(O) North F. *escamper*, or rather *descamper*, 'to scape, flee'; Cot.; OF. *escamper* (Godfrey). —L. *ex*, out; and *campus*, a field, esp. a field of battle. A parallel formation to *decamp*, q. v. See **Ex** and **Camp**. Der. *scamper*, sb.

SCAND, to count the measures in a poem, to scrutinize. (L.) In Shak. Oth. iii. 3. 245; Skelton, Bowge of Court, 245. In common use in the pp., which was frequently spelt *scant*, as in Spenser, F. Q. vii. 6. 8, where it is used in the sense of 'climbed'. The verb should have been *scand*, but the pp. was formed as *scand* (for *scand*), and then the final *d* was taken to be the pp. termination, and was accordingly dropped. —L. *scandere*, to climb; also, to scan a verse. Cf. Skt. *skand*, to spring, ascend. Der. *scand-ion*, formed (by analogy) from L. *scandio*, a scanning, like the pp. *scansus*. Also *scans-or-i-ol*, formed for climbing, from *scans-or-i-ol*, belonging to climbing. From the same root, *a-scand*, *a-scend*, *de-scend*, *con-de-scend*, *trans-scend*; *scale* (3), *e-sca-lide*. See notes on F. Etym., p. 259.

SCANDAL, opprobrious censure, disgrace, offence. (F.—L.) —Gk. ME. *scandal*; spelt *scandle*, Ancr. Riwle, p. 12. l. 12. —F. *scandale*, 'a scandal, offence'; Cot. We also find OF. *escandle* (Burguy); whence ME. *scandle*. —L. *scandalum*. —Gk. *σκανδαλον*, a snare; also scandal, offence, stumbling-block. The orig. sense seems to be that of *σκανδαλίζω* also, viz. the spring of a trap, the stick on a trap on which the bait was placed, which sprang up and shut the trap. Prob. from *scand* (to spring up); see **Scand**. Der. *scandal-ize*, from F. *scandaliser*, formerly *scandalizer*, 'to scandalize'; Cot. Also *scandal-ous*, from F. *scandaleux*, 'scandalous, offensive'; Cot.; *scandal-ous-ly*, *-ness*. Doublet, slander.

SCANSION, SCANSORIAL; see **Scand**.
SCANT, insufficient, sparing, very little. (Scand.) ME. *scant*, Prompt. Parv. Chaucer speaks of 'the inordinate scantness' of clothing; Pers. Tale, De Superbia (Six-text, l. 414). *Scant* has been substituted for *scant*. —Icel. *skamt*, neut. of *skammr*, short, brief; whence *skamta*, to dole out, apportion meals (and so, to scant or stint). Cf. also Icel. *skamtir*, sb., a dole, share, portion (hence, short or scant measure). In Norwegian, the *nt* changes to *nt*, so that we find *skantad*, pp. measured or doled out, *skanta*, to measure narrowly, reckon closely; *skant*, a portion, dole, piece measured off (Aasen). The *m* is preserved in the phrase 'to *scant* work', i.e. to do it insufficiently, and in the prov. F. *skimping*, scanty (Halliwell). Der. *scant*, adv., Romeo, i. 3. 104; *scant*, verb, Merch. Ven. ii. 1. 17; *scant-ly*, Antony, iii. 4. 6; *scant-y*, *scanti-ly*, *scant-i-ness*.

SCANTLING, a piece of timber cut of a small size, sample, pattern. (F.—L.) —Gk. with L. prefix. Here *-ing* is for *-on*. Palgrave has *scantlon*. ME. *scantilon*. Rom. Kos. 7064; *skantlon*, Voc. 606. 16. The word has doubtless been confused with *scant* and *scanty*; but the old sense is 'pattern', or 'sample', or a small piece; with reference to the old word *cantle*. As used in Shak. (Troil. i. 3. 341) and in Cotgrave, it is certainly allied to OF. *eschantelet*, and answers to O) North F. *eschantillon*, corresponding to OF. *eschantillon*, 'a small cantle or corner-piece, also a *scantling*, sample, pattern, proof of any sort of merchandise'; Cot. Cf. also F. *eschantelet*, 'to break into canties', to cut up into small pieces; Cotgrave, Burguy, OF. *esch*, prefix, from L. *ex*, out; and O) North F. *cantel* (Burguy), a cantle, corner, piece, OF. *chantel*, *chanteau*, 'a corner-piece, or piece broken off from the corner'; Cot. Hence E. *cantle*, *scantle*, l. Hen. IV. iii. 1. 100. See **Cantle**. ¶ Cf. ME. *scantilov*, a measure, Cnsor Mundi, 2231.

SCAPE (1), a leafless stalk bearing the fructification. (L.) Modern. —L. *scapus*, a shaft, stalk, stem; allied to **Scotree**.
SCAPE (2), short for *escape*. 'Help us to *scape*'; Chaucer, C. T., A 3608. See **Escape**.

SCAPEGOAT, a goat allowed to escape into the wilderness. (F.—L.; and E.) Levit. xvi. 8. From *scape* and *goat*; *scape* being a mutilated form of *escape*, in common use; see Temp. ii. 2. 117, &c. See **Escape** and **Goat**. So also *scape-grace*, one who has escaped grace or is out of favour, a graceless fellow.

SCAPULAR, belonging to the shoulder-blades. (L.) In Blount's Gloss., ed. 1674. [He also gives it as a sb., equivalent to the word generally spelt *scapulari*; see below.] —Late L. *scapularis*, adj. formed from L. pl. *scapula*, the shoulder-blades, from a sing. *scapula*,

not in use. Der. *scapular-y*, spelt *scapularie* in Minshew, a kind of scarf worn by friars and others, so called from passing over the shoulders; ME. *scapulary*, *scapulary*, Prompt. Parv., *chapulary*, P. Plowman's Crede, l. 550; from F. *scapularis*, Late L. *scapularis*.

SCAR (1), the mark of a wound, blemish. (F.—L.) —Gk. 'Scarre of a wound, *costure*'; Palgrave, Spelt *scarre*, Gascoigne, Fruits of Warre, st. 40, and st. 50; ME. *scar*, Wydlf. Lev. xlii. 22. —MF. *escare*, 'a skar or scab'; Cot. [Cf. Span. and Ital. *escara*, scar, scurf, crust.] —L. *eschara*, a scar, esp. one produced by a burn. —Gk. *τεχάρα*, a hearth, fire-place, grate for a fire, brazier, scar of a burn. Der. *scar*, verb, Rich. III. v. 5. 23.

SCAR (2), **SCAUR**, a rock. (Scand.) ME. *scarre*, Wydlf. 1 Kings, xiv. 5; *skerre* (Halliwell); Lowland Sc. *scar*, *scaur* (Jamieson); Orkney *skerry*, a rock in the sea (id.). —Icel. *sker*, a skerry, isolated rock in the sea; Dan. *skær*, Swed. *skär*. Cf. Icel. *skar*, a rift in a rock. So called because 'cut off from the main land or 'cut down'; see **Shear**. Doublet, *skare*; and cf. *score*.

SCARAB, a beetle. (F.—L.) 'They are the moths and *scarabs* of a state'; Ben Jonson, Poetaster, iv. 6. 16. —MF. *scarabee* (Hatzfeld). —L. *scarabaeum*, acc. of *scarabaeus*, a beetle. Der. *scarab-ee* (F.); *scarab-ans* (L.).

SCARAMOUCHE, a buffoon. (F.—Ital.—Teut.) 'Scaramouch and Harlequin at Paris'; Dryden, Kind Keeper, A. i. sc. 1. 'Th' Italian merry-andrews took their place . . . Stout Scaramouch with rush lance rode in'; Dryden, Epilogue to Silent Woman, spoken by Mr. Hart, ll. 11–15. 'Scaramouch', a famous Italian zani, or mountebank, who acted here in England 1673; Blount's Gloss., ed. 1674. Blount, writing at the time, is certainly right. The name was taken from a famous Italian buffoon, mentioned again in the Spectator, no. 283. He died at Paris in 1694; Chambers, Book of Days, ii. 671. His name was (rightly) *Scaramucchi*, altered by Dryden to *Scaramouchi*, and in French to *Scaramouche* (Littre). —F. *scaramouche*, —Ital. *Scaramuccia*, proper name; lit. 'a skirmish', a word derived from Teutonic; see **Skirmish**.

SCARCE, rare, not plentiful. (F.—L.) ME. *scarce*, Rob. of Glouc. p. 334. l. 6862. Chaucer has the adv. *scarfely*. C. T. 585 (A 583). —O) North F. *escars* (Burguy), OF. *eschars*, 'scarce, needy, scanty, saving, niggard'; Cot. Cf. Ital. *scarso*, scarce; mod. F. *chairs* (Littre). β. Derived by Dier from Late L. *scarpus*, shorter form of *escarpus*, used A. D. 805 as a substitute for L. *exscriptus*, pp. of *exscriptus*, (prob. also *exscriptus* in Low Latin), to pick out, select, extract. The lit. sense is selected, extracted, or picked out, hence 'select', and so scarce; and Dier remarks that *exscriptus* is found just with the sense of Ital. *scarso*. —L. *ex*, out; and *carpere*, to pluck, allied to L. *harvest*. See **Excerpt**; also **Ex** and **Harvest**. Der. *scarce-ly*, ME. *scarce-liche*, K. Alisaunder, 3552; *scarce-ness*, Deut. viii. 9, ME. *skarsnesse*, Gower, C. A. ii. 284; bk. v. 4674; *scarce-ty*, ME. *scarseti*, K. Alisaunder, 5495, from OF. *escarselle* (*escharselle* in Burguy). ¶ Cf. AF. *escars*, niggard, Philip de Thaan, Bestiary, 602; and AF. *escarselle*, scarcity, Political Songs, ed. Wright, p. 186.

SCARE, to frighten away. (Scand.) ME. *skeren*, *skieren*, Prompt. Parv. p. 457; Destruction of Troy, 13404. Cf. 'the *skerre* hors' —the scared horse, Ancr. Riwle, p. 242, note d. The ME. verb appears to be formed from the adj. *skerre*, scared, timid. —Icel. *skjarr*, shy, timid; *skjarrt kross*, a shy horse, just like ME. *skerre hors*, and Sc. *scar*, *skair*, timorous (Jamieson). Cf. Icel. *skirra*, to bark, prevent; reflexive, *skjarrast*, to shun, shrink from; *skjarrast við*, to shrink from; Norw. *skjerr*, shy, *skjerra*, to scare; Swed. dial. *skjerra*, to scare. Further connexions doubtful. Der. *scarre-crow*, something to scare crows away, Meas. for Meas. ii. 1. 1.

SCARF (1), a light piece of dress worn on the shoulders or about the neck. (Du.—Low G.) Spenser has *scarfs*, F. Q. v. 2. 3; and so in Baret. —Du. *schurf*, a shawl, a shird; the sense being supplied from Low G. *schurf*, a military scarf, girdle (Brem. Wört.); or we may say that the Low G. word was influenced by Du. pronunciation. β. We also find the form *scarf*; as in 'with a *scarf* about her necke'; Machyn's Diary (C. S.), p. 180 (1558). This is borrowed from O) North F. *eschappe* (Godfrey), MF. *eschappe*, 'a scarf, baidrick'; Cot. It also meant a scrip for a pilgrim, and is derived from MDu. *schappe*, *schappe*, *scerpe*, a scrip, pilgrim's wallet (Oudemans); Low G. *scharf*, a scrip (Bremen Wörterbuch); and see **Scrip**, **Scrap**. γ. With Du. *schurf*, a shawl, shiver, fragment, cf. G. *scherbe*, a fragment, also 'a scarf' in the sense of *scarf* (2) below. This suggests that the form *scarf* was influenced by *scarf* (2). ¶ The G. *schürpe*, a scarf, sash, Swed. *skjörp*, Dan. *skjert*, *skjær*, are not true Teut. words, but borrowed from French. Der. *scarf*, verb, Hamlet, v. 2. 13; *scarf/skin*, the epidermis or outer skin (Phillips). Doublets, *scrip*, *scrap*.

SCARF (2), to join pieces of timber together. (Scand.) 'In the joining of the stern, where it was *scarfed*'; Anson's Voyage, b. ii. c. 7 (R.). The pp. *skarfed* occurs in 1531–2; Strutt, Manners and

Customs, iii. 53. And in Phillips, ed. 1706. The word is Swedish.—Swed. *skar/ya*, to join together, piece out.—Swed. *skar/*, a scarf, seam, joint; cf. *scarf/ya*, a chip-axe. †Bavarian *scharben*, to cut a notch in timber. G. *scharben*, OHG. *scarbōn*, to cut small. From Teut. **skarb*, and grade of **skerbōn*, to cut; as in AS. *scarforan* (pt. t. *scarfor*), to scrape. Cf. Du. *skerf*, a shawl; see **SOAR** (1).

SCARF (3), a cormorant. (Icel.) A local name; also, corruptly, *scarth*, *scar*.—Icel. *skarfr*, Swed. *skarv*, Dan. *skurv*, a cormorant. †G. *scharbe*, OHG. *scarba*.

SCARIFY, to cut the skin slightly. (F.—L.—Gk.) 'Of Scarifying, called boxyng or cuppyng;' Sir T. Elyot, *Castell of Helth*, b. iii. c. 7.—F. *scarifier*, 'to scarifie;' Cot.—L. *scarificare*, to scarify, scratch open; longer form of *scarifare*, which also occurs (Lewis). β. Not cognate with, but absolutely borrowed from Gk. *σκαρίδιον*, a scratch or scrape up.—Gk. *σκαρίδιον*, a style for drawing outlines (a sharp-pointed instrument). Cognate with L. *scribere*, to write; see **SCRIBE**. Der. *scarificat-ion*, from F. *scarification* (Cot.).

SCARLET, a bright-red colour. (F.—Pers.) ME. *scarlat*, O. Eng. Miscellany, p. 92, l. 69; *scarlet*, p. 168, l. 10; *scarlet*, P. Plowman, B. ii. 15.—OF. *escarlate*, 'scarlet;' Cot. [Mod. F. *écarlate*; Span. *escarlata*; Ital. *scarlatto*.]—Pers. *saylāt*, *sigālāt*, or *saylāt*, scarlet cloth. Cf. Pers. *saylāt*, *saylāt*, scarlet cloth, *saylāt*, cloth; Rich. Dict. p. 837. β. The Pers. *saylāt* is clearly the origin of ME. *cielaton*, Chaucer, C. T. Group B, 1242, on which see my note, and Col. Yule's note to his edition of Marco Polo, i. 249. He remarks that *saylāt* is applied, in the Punjab trade returns, to broad-cloth; it was used for banners, ladies' robes, quilts, leggings, housings and pavilions. We find also Arab. *sagariāt*, a warm woollen cloth; Rich. Dict. p. 836; also Arab. *sigāt*, a fine painted or figured cloth, a canopy over a litter. It seems to have been the name of a stuff, which was frequently of a scarlet colour; and hence to have become the name of the colour. Cf. *scarlet* reed; Chaucer, Prol. 156. So also Telugu *sakaliti*, *sakaliti*, woollen or broad-cloth; Wilson, Gloss. of Indian Terms, p. 455. The word can hardly be from English, as Wilson suggests, but corresponds to the Pers. and Ital. forms. †The Turkish *skarlat*, scarlet, is merely a loan-word from Italian; Zeuker, p. 49. Der. *scarlet-runner*, a climbing plant with scarlet flowers; *scarlet-run*, a disease named from the scarlet rash which accompanies it, Ital. *scarlattina*, from Ital. *scarlatto*, scarlet.

SCARP, part of a fortification. (F.—Ital. Teut.) Formerly written *searp*, as in Cotgrave, but this is an E. adaptation, by confusion with *searp*. 'Searp, the inward slope of the moat or ditch of a place;' Phillips, ed. 1706.—F. *searpe*, 'a scarf, or little wall without the main rampire of a fort;' Cot.—Ital. *searp*, 'a counter-scarp or curtain of a wall;' Florio. β. Perhaps from OHG. *searpōn*, to cut; with regard to the steep face presented. Or from Du. *searp*, Low G. *searp*, sharp; cognate with L. *sharp*. q. v. Der. *counter-scarp*, *searpment*.

SCATCHES, stilt, (F.—Low G.) See **SKATE** (2).

SCATH, to harm, injure. (Scand.) In Romeo, i. 5. 86. ME. *scathen*, Prompt. Parv. [The sb. *scath*, harm, is in Chaucer, C. T. 448 (A 446); Havelok, 2006.] The se (=s) shows that the word is Scand., not E.—Icel. *skatha*; Swed. *skada*; Dan. *skade*. †AS. *scathan*, pp. *scād*; G. and Du. *schaden*; Goth. *gaskathjan*, str. vb., pt. t. *gaskath*, pp. *gaskathans*. β. All from Teut. base **skath*, to harm; Fick, iii. 330. Cf. Gk. *σκαθίζω*, unharmed. Brugmann, i. § 791. Der. *scathe*, harm, injury, also spelt *scath*, Rich. III, i. 3. 317, from Icel. *skathi*; *scathful*, Tw. Nt. v. 59; *scatheless*, or *scathless*, ME. *scathless*, Rom. of the Rose, 1550.

SCATTER, to disperse, sprinkle. (E.) ME. *scatteren* (with one s), Chaucer, C. T. 16382 (G 914); *scatter*, pt. t., Early E. Psalter, xvii. 15. The frequentative of prov. F. *sear* (1), to scatter, (2) to break to pieces, to shatter. *Scatter* is the Northern form corresponding to E. *Shatter*, q. v. Cf. Gk. *σκαθίζω*, I sprinkle, scatter, *σκαθίζω*, a scattering, L. *scandula*, a shingle for a roof, Skt. *skadh*, *skadh*, to cut. Der. *scatter-line*, a vagrant, one of a scattered tale, Spenser, F. Q. ii. 10. 63. Doublet, *scatter*, q. v.

SCAUP-DUCK, a duck so named because she frequents *mussel-scaps* or *mussel-scaps*, i. e. bed of rock or sand on which mussels collect; see Newton, Dict. of Birds. (Scand. and E.) *Scalp* (see E. D. D.) means (1) skull, head . . . (4) a bank of sand or mud uncovered at low tide, esp. a mussel-bed. *Scalp* is a dialectal variant of *Scalp*, q. v.

SCAUR; see **SOAR** (2).

SCAVENGER, one who cleans the streets. (ONorth F.—Teut.) Spelt *scavenger*, Rp. Hall, Satires, b. iv. ant. 7. l. 48. The word appears in the Act of 14 Ch. II, cap. 2 (Blount). As in the case of *messenger* (for *messager*) and *passenger* (for *passager*), the *n* before *g* is intrusive, and *scavenger* stands for *scavenger*. β. The *scavenger* was an officer who had formerly very different duties; see Riley's tr. of Liber Albus, p. 34, which mentions 'the scavenger, ale-con-

ners, bedel, and other officials.' Riley says: 'scavengers, officers whose duty it was originally to take custom upon the *scavage*, i. e. inspection of the opening out, of imported goods. At a later date, part of their duty was to see that the streets were kept clean; and hence the modern word *scavenger*, whose office corresponds with that of the *rakier* (trader) of former times.' As a fact, the old word for scavenger is always *rakier*; see P. Plowman, v. 322, and note. That the *scavengers* had to see to the cleansing of the streets, is shown in the Liber Albus, p. 313. Weidwood cites the orig. French, which has the spelling *scavagennr*. γ. *Scavage* or *scavage* is an AF. derivative, signifying 'inspection;' formed, with the suffix *-age* (< L. *-aticum*), from ONorth F. *escavner*, to look, inspect.—OSax. *skemōn*, to behold; cognate with AS. *scemian*, to look at, and E. *skene*. See Blount's Nomolexicon, where the various spellings *scavage*, *scavage*, *scavage*, and *scavenging* (showing) are cited; he says: 'In a charter of Hen. II it is written *scavenging* and (in Mon. Aug. 2 par. fol. 890 b.) *scavenging*, and elsewhere I find it in Latin *tributum ostensarum*.' Some of these forms are due to confusion with ME. *schewen*, to show. See further in R. p. 196. Of *scavage*; again, *Scavage* is the shew, &c., Arnold's Chron. (1502), ed. 1811, p. 99, l. 1; and see *Scavenging* in the Glossary to Diplomatarium Aevi Saxonici, ed. Thorpe. See Show. And see Notes on F. Etym., p. 259.

SCENE, stage of a theatre, view, spectacle, place of action. (L.—Gk.) Common in the dramatists. 'A scene, or theater;' Minshew. The old plays, as, e.g., that of Roister Doost or *Sten*; and the acts and scenes marked in Latin by *Actus* and *Scena*; and was certainly Anglicised the Latin word, instead of borrowing the *Actus*, which Cotgrave actually omits.—L. *scēna*.—(Gk. *σκηνή*) a sheltered place, tent, stage, scene; cf. Skt. *skhanyā* (for **skhinyā*), shade. Der. *scen*, Gk. *σκηνη*; *scen-er-y*, written *scenary* by Dryden (R.), from L. *scenarius*, belonging to a play.

SCENT, to discern by the smell. (F.—L.) The spelling is false; it ought to be *sent*, as when first introduced. A similar false spelling occurs in *scythe*; so also we find *scite* for *sile*, *scituation* for *situation*, in the 17th century. 'To sent, to smell;' Minshew, ed. 1627. 'I sent the morning's ayre;' Hamlet, i. 5. 58 (ed. 1623). 'Delicious of sent;' Barclay, Ship of Fools, i. 100.—F. *sentir*, 'to feel, also to send, smell;' Cot.—L. *sentire*, to feel, perceive. See **SENSE**. Der. *scen*, sb., spelt *sent*, i. e. discernment, Spenser, F. Q. i. 1. 43, last line; and in Barclay (above).

SCÉPTIC, doubting, hesitating; also as sb. (F.—L.—Gk.) 'The Philosophers, called *Scépticks*;' Blount's Gloss., ed. 1674, s. v. *Scéptical*.—F. *scéptique*, 'one that is ever seeking, and never finds; the fortune or humour of a Pyrrhonian philosopher;' Cot.—L. *scépticus*.—Gk. *σκηπτικός*, thoughtful, inquiring; *σκηπτικός*, pl. the Scéptics, followers of Pyrrho (died abt. B.C. 285).—Gk. root **skēp*, as in *σκηπτικός*, I consider. Allied to L. *scipus*, a shaft, stem. Der. *scéptic-al* (Blount); *scépticism*.

SCÉPTRE, a staff, as a mark of royal authority. (F.—L.—Gk.) ME. *scéptre*, Chaucer, C. T. 14379 (B 2563).—F. *scéptre*, 'a royaill scepter;' Cot.—L. *scéptum*.—Gk. *σκηπτέρον*, a staff to lean on; also, a sceptre.—Gk. *σκηπτέρον*, to prop; also, to lean on. Cf. *σκηπτέρον*, a gust or squall of wind; *σκηπτέρον* is also used in the sense to hurl, throw, shoot, dart. Allied to L. *scipus*, a shaft, stem. Der. *scéptre-ful*, Rich. II, ii. 1. 40.

SCHEDULE, an inventory, list. (F.—L.—Gk.) In Shak. L. L. I. l. 18; spelt *scedule* in the first folio.—MF. *schedule*, or *cedule*, a schedule, scroll, note, bill; Cot.—L. *scedula*, a small leaf of paper; dimin. of *scheda*, also *scida* (Cicero, Att. i. 20 fin.), a strip of papyrus-bark. β. The Gk. *σχῆμα*, a tablet, leaf, may have been borrowed from L. *scheda* (see Liddell); but we find also Gk. *σχῆμα*, a cleft piece of wood, a splint, which is the true original of L. *scida*. (Ck is not a Latin symbol.) From Gk. *σχῆμα* (= **σχῆμα*), to cleave; from **SKHEID*, to cleave; cf. Skt. *skhid*, to cut. See **SOLEM**.

SCHEME, a plan, purpose, plot. (L.—Gk.) 'Scheme (*schema*), the outward fashion or habit of anything, the adorning a speech with rhetorical figures;' Blount's Gloss., ed. 1674. Borrowed directly, as a term in rhetoric, from L. *schema*.—Gk. *σχῆμα*, form, appearance; also, a term in rhetoric.—Gk. *σχῆμα*, base of *σχῆμα*, future of *σχῆμα*, to hold, have. The orig. base is *σχῆμα*; from **SEGH*, to hold; whence also Skt. *sah*, to bear, endure. Der. *scheme*, vb.; *schemer*, *schem-ing*. And see *sail*, *hectic*.

SCHERZO, a playful movement in music. (Ital.—Teut.) Modern.—Ital. *scherzo*, play, sport.—MHG. (and G.) *scherz*, sport. Der. *scherz-and*, playfully.

SCHIEDAM, Holland gin. (Du.) Made at *Schiedam*, near Rotterdam.

SCHISM, a division, due to opinion. (F.—L.—Gk.) Tyndall has 'schismes that were among our clergy;' Works, i. 176, col. 1.

ME. *scisme*, Gower, C. A. i. 15; prol. 348. = F. *schisme*, MF. *scisme*, 'a schism, a division in, or from the church'; Cot. = L. *schisma*. = Gk. *σχίσμα*, a rent, split, schism. = Gk. *σχίζω* (fut. *σχίσω*, base *σχίσ-*), to cleave. = *SKIEID*, to cleave; *skit*, *chid*, L. *scindere*, to cut. Der. *schism-at-ic*, from MF. *schismatikus*, 'schismaticall', Cot., L. *schismaticus*, Gk. *σχισματικός*, from *σχίσμα*, stem of *σχίζω*; hence *schism-at-ic-ly*. And see *schist*, *schistule*, *schist-ly*, *re-schist*.

SCHIST, rock easily cleft, slate-rock. (Gk.) L. *schist*. = Gk. *σχίστος*, easily cleft. = Gk. *σχίζω*, to cleave. See **Schism**.

SCHNAPPS, a name for spirit, esp. gin. (G.-Du.) G. *schnapps*. = Du. *snabs*, a dram, lit. mouthful. = Du. *snappen*, to snap up. See **Snapp**.

SCHOOL (1), a place for instruction. (F.-L.-Gk.) ME. *scule*, Chaucer, C. T. 125; Layamon, 9897. The *sch* = MF. *sc* (= *sk*) shows that this form is of F. origin, not from Latin before the Conquest. = AF. *escole*, Stat. Reale, i. 103 (1285); OF. *escole*. = L. *schola*, a school. = Gk. *σχολή*, rest, leisure, spare time, employment of leisure, disputation, philosophy, a place where lectures are given, a school. The orig. sense is a resting or pausing; from the base *σχ-*, a grade of *σχ-* (in *σχέσις*), allied to *χέω*, to hold, check, stop. = *SEGIL*, to hold; see **Soheme**. Der. *school*, verb, As You Like It, i. i. 173; *school-er*, ME. *scaler*, Chaucer, C. T. A 260, from AF. *escoler*, altered to *scholar* to agree with the adj. *scholaris*; *scholar-ly*, *scholar-ship*; *schol-ast-ic*, from L. *scholasticus* = Gk. *σχολαστικός*; *schol-ium*, a Latinised form of Gk. *σχολιον*, an interpretation, comment, from *σχολή* in the sense of 'discussion'; *schol-ast*, from Gk. *σχολαστής*, a commentator; *schol-ast-ic*. Also *school-man*, *school-master*, *school-mistress*.

SCHOOL (2), a shoal of fish. (Du.) 'A *scale* of Dolphins'; Sandys, Trav. p. 100. = Du. *school visschen*, 'a shoal of fishes'; Sewel. See **Soull** (3), **Shoal** (1).

SCHOONER, SCOOTER, a two-masted vessel. (Scand.) The spelling *schooner* is a false one; it should be *scouter*. The mistake is due to a supposed derivation from the Du. *schooner*, a schooner, but, on the contrary, the Du. word (like G. *schoner*) is borrowed from E. There is no mention of Du. *schooner* in Sewel's Du. Dict., ed. 1754. The E. *schooner* occurs in Ash's Dict., ed. 1775; and earlier in the following: 'Went to see Captain Robinson's lady... This gentleman was first contriver of *schooners*, and built the first of that sort about 8 years since;' extract from a letter written in 1721, in Blount's Hist. of Gloucester, Massachusetts; cited in Webster's Dict., whence all the information here given is copied. 'The first *schooner*... is said to have been built in Gloucester, Mass., about the year 1713, by a Captain Andrew Robinson, and to have received its name from the following trivial circumstance: When the vessel went off the stocks into the water, a bystander cried out, "O how she *scoons*!" [i.e. glides, skims along]. Robinson instantly replied, "A *scouter* let her be;" and from that time, vessels thus masted and rigged have gone by this name. The word *scoon* is popularly used in some parts of New England to denote the act of making stones skip along the surface of water... According to the New England records, the word appears to have been originally written *scouter*;' Webster. The New England *scoon* was imported from Clydesdale, Scotland; being the same as Lowland Sc. *scoun*, 'to make flat stones skip along the surface of water; also, to skip in the above manner, applied to flat bodies; Clydesdale;' Jamieson. Also *scoun* in E. D. D. = Icel. *skunda* (trans.), to speed, to hasten. Allied to **Bunt**, q. v. As a rule, derivations which require a story to be told turn out to be false; in the present case, there seems to be no doubt that the story is true.

SCHORL, black tourmaline. (F.-G.) F. *schorl* (Littré) = G. *schürf*, *schorl*.

SCIATIC, pertaining to the hip-joint. (F.-L.-Gk.) 'Sciatick vein;' Blount's Gloss., ed. 1674. 'Veyne that is clepid sciatica;' Lanfrank, Chirurgie, p. 177. [The sb. *sciatica* is in Minshew, ed. 1627.] = F. *sciaticque*, 'of the sciatica; veine sciaticque, the sciatica vein, seated about the outward ankle'; Cot. = Late L. *sciaticus*, corruption of L. *ischiatricus*, subject to gout in the hip (White). = Gk. *ischiatricus*, subject to pains in the loins. = Gk. *ischia*, stem of *ischō*, pain in the loins. = Gk. *ischion*, the socket in which the thigh-bone turns. Der. *sciatic*, fem. of L. *sciaticus*.

SCIENCE, knowledge. (F.-L.) ME. *science*, Chaucer, C. T. 11434 (F. 1122); P. Plowman, B. x. 214. = F. *science*, 'science'; Cot. = L. *scientia*, science, knowledge. = L. *sci-*, stem of pres. part. of *scire*, to know, orig. to discern. Der. *scienti-fic*, from F. *scientifique*, 'scientifically'; Cot., from L. *scientificus*, made by science, where the suffix *-ficus* is from *facere*, to make; *scientific-ly*, *fy*. Also *a-sci-ent-i-ous*, *scio-ist*.

SCIMITAR, CIMETER, a curved sword. (F. or Ital. = Pers.?) Spelt *semitar*, used of a pointed sword; Titus Andronicus, v. 2. 91. = F. *cimeterre*, 'a scymitar, or smyter, a kind of short and crooked sword,

much in use among the Turks'; Cot. This accounts for the spelling *cimeter*. Also Ital. *scimitarra*, *scimitara*, 'a turkish or persian crooked sword, a scimitar'; Florio. This accounts for the spelling *scimitar*. β. It was fully believed to be of Eastern origin. If so, it can hardly be other than a corruption of Pers. *shinshir*, *shamskir*, 'a cimeter, a sabre, a sword, a blade'; Rich. Dict. p. 909. Lit. 'lion's claw.' = Pers. *sham*, a nail; and *shēr*, a lion; id. pp. 907, 921; Vullers, ii. 464. γ. The Span. is *cimitarra*, explained by Larramendi from Basque *cimea*, a fine point, and *tarra*, belonging to; proli. a mere invention, like his Basque etymology of *cigar*.

SCINTILLATION, a throwing out of sparks. (F.-L.) In Minshew, ed. 1627. [The verb *scintillare* is much later.] = F. *scintillation*, 'a sparkling'; Cot. = L. *scintillationem*, acc. of *scintillatio*. = L. *scintillare*, to throw out sparks. = L. *scintilla*, a spark; a dimin. form, as if from **scinta*. Perhaps allied to AS. *scin-un*, to shine; see **Shine**. Der. *scintel*, *hinsel*.

SCIOLOGIST, one whose knowledge is superficial. (L.) 'Though they be but smatterers and meer *sciolists*;' Howell, Famil. Letters, b. iii. let. 8 (about A.D. 1646). Formed with suffix *-ist* (L. *-ista*, Gk. *-ιστης*) from L. *sciolus*, a smatterer. Here the suffix (in *scio-logy*) has a dimin. force, so that the sense is 'knowing little.' = L. *scius*, knowing. = L. *scire*, to know; see **Scioence**.

SCION, a cutting or twig for grafting; a young shoot, young member of a family. (F.-L.) Spelt *scion*, Minshew, ed. 1627. Also spelt *sion*, *syon*, *cion*. 'A *syon*, a young sette, i.e. slip or graft'; Palsgrave. 'Cynn of a tre, Surculus, vitulam'; Prompt. Parv. Spelt *sioun*, Poems and Lives of Saints, ed. Furnival, xxxv. 74. = F. *scion*, 'a scion, a shoot, sprig, or twig'; Cot. Spelt *cion* in the 13th cent. (Littré); Picard *chion*. Diez connects it with F. *scier*, MF. *sier*, to cut, to saw, which in L. *scire*, to cut. If so, *scion* means 'a cutting', just as a slip or graft is called in E. a *cutting*, and in G. *schüttling*, from *schütt*, a cut. See **Section**. (Doubtful.) **SCIRRHUS**, pertaining to a hard swelling. (L.-Gk.) In Blount's Gloss., ed. 1674. Englished as if from a L. **scirrhosis*, adj. formed from *scirrhus*, a Late L. medical term given in Blount and Phillips, used in place of L. *scirrhus*, a hard swelling. = Gk. *scirrhos*, better *scirp*, a hardened swelling, a 'scirrhous'; also called *scirrhos*, or *scirrhos*; from the adj. *scirrhos*, hard.

SCISSORS, a cutting instrument with two blades fastened together at the middle. (F.-L.) Spelt *cissors* in Levins; *scissors* in Palsgrave. 'Cysaours, forpex'; Prompt. Parv. MF. *scissors* (riming to *houres*). Chaucer, House of Fame, 690. = OF. *cisoires*, shears, scissors (Rocquetoire). [The more usual F. form is *ciseaux*, *sizars* or little sheers'; Cot. The latter is the pl. of *ciseau*, older form *cisr*, a chisel, cutting instrument. See **Chisel**.] = L. *scissorius*, a cutting instrument (Vegetius). = L. *cis*, for *cava*, as in *cavus*, pp. of *cadere*, to cut. β. It is clear that the mod. E. spelling of *scissors* is due to a supposed etymology (historically false) from L. *scissor*, a cutter, allied to *scissus*, pp. of *scindere*, to cleave. It is remarkable, however, that the L. *scissor* meant 'a person who cuts, a carver, a kind of gladiator (White); whilst the Late L. *scissor* meant a carver, a butcher, and *scissor* meant a coin-engraver, a tailor. γ. There is absolutely not the slightest evidence for the use of *scissor* for a cutting instrument, and still less for the use of a plural *scissors*, which could only mean a couple of carvers, or butchers, or tailors. But popular etymology has triumphed, and the spelling *scissors* is the result. ¶ With L. *scindere* we may connect *ub-scind*, *ab-scissa*, *re-scind*; and see *schism*. With L. *cadere* we may connect *circum-cise*, *con-cise*, *de-cide*, *de-cision*, *ex-cision*, *fratri-cide*, *homi-cide*, *in-cise*, *infanti-cide*, *matri-cide*, *parri-cide*, *regi-cide*, *sui-cide*; *cas-uru*; *chisel*, *scissors*. For the derivatives of *secare*, see **Section**.

SCOFF, an expression of scorn, a taunt. (Scand.) ME. *scoff*, *skof*, Avenbite of Lawty, p. 128, l. 3 from bottom; 'nom a *skof*;' = took it in scorn, K. Alsaunder, 6986; *skof*, id., 667. Cf. OFries. *skhof*, a scoff, taunt (Richtofen). = MDan. *skof*, *skuf*, a scoff; *skuffe*, to scoff, mock (Kalkar); Swed. dial. *skoff*, as in *skoff-ord*, words of abuse, *skuffera*, to abuse (Rietz); cf. Icel. *skauþ*, later *skop*, mockery, ridicule. Cf. also MDu. *schobben*, *schoppen*, to scoff, mock (Hexham); Icel. *skępa*, *skupa*, to scoff. β. The orig. sense was probably 'a shove' or 'a push'; cf. Swed. *skuff*, a push; MIHG. *schuffen*, to push, allied to E. *shove*. See **Shove**. Or allied to Gk. *scōn-ur*, to mock. Der. *scoff*, verb, Rich. II, iii. 2.

163; *scoffer*, As You Like It, iii. 5. 62. **SCOLD**, to chide, rail at. (F.?) ME. *scolden*, P. Plowman, B. ii. 81; *scold*, sb., a scold, id. xix. 279. Not in AS. Hardly an E. word; perhaps Frisian. From the weak grade **skold* of the Teut. strong verb **skeldan*, to scold (pt. t. **skald*, pp. **skald-anaz*). It appears as OFries. *skelde*, Du. *schelden*, G. *schelten*, to scold; cf. Dan. weak verb *skjælde*, *skælde*, to scold. Perhaps allied to OSax. *scaldan*, to push off a boat (Kluge); OHG. *scaltan*, the same. Der. *scold*,

sh., Tam. Shrew, i. 2. 188, and in Palsgrave and P. Pl. (as above); *scold-er*. And see *scald* (3).

SCOLLOP, the same as **Scallop**, q. v.

SCONCE (1), a small fort, bulwark. (F.—L.) In Shak. Hen. V, iii. 6. 76; also applied to a helmet, Com. Errors, ii. 2. 37; and to the head itself, Com. Errors, i. 2. 79. [Cf. MDu. *schants* (Du. *schans*), 'a fortress, or a scone'; Hexham; Swed. *skans*, fort, scone, steage; Dan. *skanse*, fort, quarter-deck; G. *schanze*, a scone, fort, redoubt, bulwark; but none of these words are original.] β. All from OF. *scence*, a hiding-place, scone; orig. fem. of *escens*, pp. of *abscondere*, to hide; see **Absoond**. The Span. *esconder*, Ital. *ascondere*, to hide, are directly from the infin. *abscondere*; with the reflexive sense, we find Span. *esconderse*, to hide oneself; and the E. to *ensconce oneself* simply means to lie hid in a corner, or to get into a secure nook. γ. Dicé derives the Ital. *scanzia*, a book-case, from Bavarian *schanz* = G. *schanze*, which is doubtless right; but the G. *schanze* may be none the less a borrowed word. It is singular that we also find G. *schanze* in the sense of 'chance'; and there can be no doubt as to its being borrowed from F. when used in that sense; for it is then from OF. or F. *chance*, chance. And see **Scoonce** (2). **Dor. ensconce**, coined by prefixing *en-*; see **En-**.

SCONCE (2), a candle-stick. (F.—L.) Palsgrave has: 'Scons, to sette a candell in, *lanterne* a mayn'. ME. *sconce*. 'Sconce, Scons, vel absconsa, lanternula.' Prompt. Parv. p. 450. 'Hee absconsa, a scones.' Voc. 721. 12. This clearly shows that the word was used to mean a concealed or closely covered light; as we also find from Roquefort.—OF. *esconce*, a dark lantern, L. *absconsa*; Roquefort.—L. *absconsus*, pp. of *abscondere*; see **Absoond**. And see **Scoonce** (1).

SCONE, SOON, a thin soft cake of wheat or barley-mcal. (Dan.—Low G.) The pl. *scounis* is in Douglas, tr. of Virgil, Æn. vii. 109.—MDan. *skoun-raggen*, a muffin of bolted rye-flour (Kalkar).—Low G. *schün-raggen*, in Hamburg, a three-corned loaf or bun.—Low G. *schün, schoon, fine; raggen, rye*.

SCOOP, a hollow vessel for ladling out water, a large ladle. (F.—Scand.) ME. *scope*. 'Scope, instrument, Vatila, Alveolus; Prompt. Parv. The pl. *scopes*, and the verb *scopen*, to ladle out water, occur in Maunings's Hist. of England, ed. Furnivall, 8164, 8168 (Stratmann).—OF. *escoppe* (F. *écoppe*), a scoop (Hatzfeld).—Swed. *skopa*, a scoop; MSwed. *skopa*, with sense of L. *hanstrum* (hrc).—MDu. *schœpe*, a scoop, Hexham; MII.G. *schuife*. Cf. G. *schöpfen*, to draw water.—Teut. **skûp*, 2d grade of Teut. **skap*—as in OSax. *schepfian* (for **skapfian*), Du. *scheppen*, OHIG. *schepfan* (pt. t. *scuof*), to draw up water. **Dor. scoop**, vb., ME. *scopen*, as above; *coal-scoop*.

SCOPE, view, space surveyed, space for action, intention. (Ital.—Gk.) In Spenser, F. Q. iii. 4. 52. 'Wherein . . . we have given our large a *scope*.' Gascoigne's Works, ed. Hazlitt, i. 460. Florio has Ital. *scopo*, 'a mark or but to shoote at, a scope, purpose, intent.' We seem to have taken it from Ital., as it is not a F. word, and has a more limited sense in Gk.—Gk. *σκοπός*, a watcher, spy; also a mark to shoot at.—Gk. **skop-*, second grade of **skēp-*, as in *σκοπεῖται*, I consider, see, spy. Cf. **Seoptice**.

SCORBUTIC, pertaining to, or afflicted with scurvy. (Low L.—Scand.?) In Blount's Gloss., ed. 1674, we find: '*Scorbute* (*scorbutus*), the disease called the scurvy; *scorbute*, pertaining, or subject to that disease.' Cf. 'the *Scurvie* or *Scorbute*;' Purchas's Pilgrimage, bk. ix. c. 13. § ii (1617); p. 1086. Formed with suffix *-ic* from Low L. *scorbutus*, a Latinized form which some think was derived from MDu. *schœuren*, to break, and *bot*, a bone (Weigand); which is very unlikely. β. It appears rather to have been formed with L. suffix *-itus* (cf. *acutus*) from Swed. *skorf* (Dan. *skurvy*, ME. *scurf*), i. e. 'scurf'; so that *scorbute* would express (1) scurvy, adj., and (2) scurvy, sb. This L. form was further debased so as to give Low G. *schorbruk*, *scruvy*, also spelt *schürbruk*, *schorbruk*; see Bremen Wörterbuch, s. v. *schürbruk*. Cf. MDu. *schœur-buyc*, 'the scurvie in the gums,' Hexham; Du. *schœurbruk*. Also G. *schorbruk*, scurvy, tartar on the teeth. γ. The Low G. *schürbruk* is due to a popular etymology; viz. from *schœren*, to separate, part aside, tear, rupture, and *bruk*, the belly; so also Du. *schœur-bruk*, from *schœuren*, to tear, rend, crack, and *bruk*, the belly. The verbs are allied to E. **Shear**. The Low G. *bruk*, Du. *bruk*, G. *bauch*, are the same as Icel. *húkr*, the trunk of the body, for which see **Bulk** (2). But see **Scurvy**. **Dor. scorbute-al**.

SCORCH, to burn slightly, burn the surface of a thing. (F.—L.) ME. *scorchen*, Chaucer, tr. of Boethius, bk. ii. met. 6. l. 18 (foot-note), as a variant of *scorklen*; Romans of Parthenay, 3678.—OF. *escorcher*, *escorcer*, 'to flay or pluck off the skin.' Cot. Cf. Span. *escorchar*, Ital. *scorticare*, to flay. β. These are due to Late L. *escorticare*, to take off the skin; Ducange.—L. *ex*, off; and *cortic-*,

stem of *cortex*, bark, rind, husk. But the peculiar sense was prob. due to confusion with ME. *scorklen*, to scorch (above), and ME. *scorrend*, dried up, parched, Ormulum, 8626. These words seem to be of Scand. origin, and allied to Norw. *skrokna*, to shrivel, *skrokken*, shrunken; which are further allied to **Shrink**. Perhaps further confused with ME. *scorch* (*scorch*), to scorch, scratch; see Notes on E. Etym., p. 259. Cf. prov. F. *scorch*, to shrivel up, and *scorch*, to scratch. See **Sootch**.

SCORE, a notch or line cut; a reckoning; twenty. (Scand.) ME. *score*; 'ten score times'; P. Plowman, B. x. 180. It is supposed that, in counting numbers by notches on a stick, every twentieth number was denoted by a longer and deeper cut or *score*. At Lowestoft, narrow passages cut in the side of the slope towards the sea are called *scores*. AS. *scoru*, twenty; which occurs, according to Napier, in a MS. of the AS. version of the Rule of St. Bennet, but is borrowed from Scandinavian.—Icel. *skor*, *skora*, a score, notch, incision; Swed. *skära*, Dan. *skær*, the same. From Teut. **skor-*, weak grade of **skeran*, to shear, cut; see **Shear**. **Dor. score**, to cut, Spenser, F. Q. i. 1. 2; also to count by scoring, Chaucer, C. T. 13346 (B 1606).

SCORIA, dress, slag from burnt metal. (L.—Gk.) In Holland, tr. of Pliny, b. xxiii. c. 4.—L. *scoria*, Gk. *σκόρια*, filthy refuse, dross, scum.—Gk. *σκόπι*, dung, ordure.—AS. *scornu*, dung.

SCORN, disdain, contempt. (F.—OHG.) ME. *scoru* (dat. *scorne*), O. Eng. Homilies, li. 169, l. 1; *schorn* (*scharn*), Ancren Riwle, p. 126, l. 24; (*skarn*), Ormulum, 4402; (*scarnu*), *scorn*, I. layamon, 17307.—OF. *escorne*, scorn; Cot.—(OF. *escorne*, to humiliate, mock at; orig. 'to deprive of horns'; from L. *ex*, out (of), and *cornu*, a horn. β. But the ME. *scarn* in the same sense is from the OF. *escarn*, scorn, derision, Burguy; whence OF. *escarnir*, *escharnir*, to deride. We find OF. pp. *escharnis*, glossed by F. *scornin*, in Wright's Vocab. i. 144. l. 8. Cf. Ital. *schernere*, derision.—OHG. *skern*, mockery, scurrility; whence OHG. *scernin*, to deride. **Dor. scorn**, verb, ME. *scornen*, P. Plowman, B. ii. 81; *skarnen*, Ormulum, 7397, from OF. *escarnir*, *escharnir*; also *scornful*, K. Lear, ii. 4. 168; *scorn-ful-ly*; *scorn-er*, P. Plowman, B. xix. 279.

SCORPION, a stinging insect, a sign of the zodiac. (F.—L.—Gk.) ME. *scorpion*, K. Alisaunder, 5263.—F. *scorpion*, 'a scorpion.' Cot.—L. *scorpionem*, acc. of *scorpio*, another form of *scorpius*, a scorpion.—Gk. *σκορπίος*, a scorpion, a prickly sea-fish, a prickly plant.

SCOTCH, to cut with narrow incisions. (Scand.) In Shak. Cor. iv. 5. 198; Macb. iii. 2. 13; cf. *scotch*, sb., a slight cut, Antony, iv. 7. 10. ME. *scotchen*; as in 'scotched it with knyves', cut it about with knives; Hoccleve, De Regim. Princ., p. 134, l. 3727. In the Babees Book, p. 80, we find: 'With knyfe *scortche* not the boorde,' do not score the table with your knife. It seems to be an extension from *scor-en*, to score, affected by the verb *scorch*, to flay; perhaps even by the verb *scutch*. See Notes on E. Etym., p. 259. See **Score**. Cf. prov. E. *scorch*, to scotch; in E. D. D.

SCOT-FREE, free from payment. (Hybrid; F.—Teut. and E.)

Scot means 'payment'; we frequently find *scot and lot*, as in Shak. 1 Hen. IV, v. 4. 115; Ben Jonson, Every Man, ed. Wheatley, iii. 7. 11; see a paper by D. P. Fry on *scot and lot*, Phil. Soc. Trans. 1867, p. 167. The phrase occurs in Thorpe, Ancient Laws, i. 491, in the Laws of Will. I. § v; 'omnis Francigena, qui tempore Eadwardi propinqui nostri fuit in Anglia particeps consuetudinum Anglorum, quod ipsi dicunt an *hote* et an *scote*, persolvat secundum legem Anglorum.' Here an = on, in, by. See also Liller Allus, ed. Riley, pp. 128, 269. *Scot* is a F. form.—AF. and OF. *escot* (F. *éscot*), a payment, esp. a payment into a common fund, into which it is shot; whence *escoter*, 'every one to pay his shot, or to contribute somewhat towards it,' Cot.; *dîner à escot*, 'a dinner at an ordinary, or wherat every guest pays his part,' id.; so that *scot* = a tavern-score, is certainly the same word; cf. 'Simbolum, *escot de taverne*,' Wright's Voc. i. 134.—Icel. *shot*, a shot, a contribution.—Du. *schot*; G. *schoss*, a scot, shot; AS. *scot*, which gave the form *shot*.—Teut. **skut-*, weak grade of **skut-an*, to shoot. See **Shoot**. ¶ The phrase *scot and lot*, as a whole, presents some difficulty, and has been variously interpreted; the lit. sense is 'contribution and share.' I suppose that originally *scot* meant a contribution towards some object to which others contributed equally, and that *lot* meant the privilege and liability thereby incurred; mod. E. *subscription* and *membership*. See Mr. Fry's paper, which is full of information. **Doublet, shot**.

SCOUNDREL, a rascal, worthless fellow. (E.) In Shak. Tw. Nt. i. 3. 36; and in Blount's Gloss., ed. 1674. Not common in old authors; used by Cotgrave to translate F. *maraud*. Formed, with agential suffix *-el*, from prov. E. and Scottish *skunner* or *scunner*, to loathe, shun; also, to cause loathing; with excrement *d* after *n*. This word *scunner* was also used as a sb., to express an object of dislike.

β. Thus Irokkett gives: '*Scunner*, to nauseate, feel disgust, to loathe, to shy, as a horse in harness. It is also applied, figuratively, to a man whose courage is not at the sticking place, one who shrinks through fear.' So also Jamieson has: '*Scunner*, *Scowner*, to loathe, shudder, hesitate, shrink back through fear; *Scunner*, *Scowner*, sb., loathing, a surfeit; also, any person or thing which excites disgust. Also: '*Scowner*, vb. trans., to disgust, cause loathing.' To which the suffix *-el* has been added; cf. *cock-el*. **γ.** The verb *scunner* is the frequentative form from a verb = AS. *scunian*, to shun; the *sk* sound being preserved (as usual) in the North of England. Hence *scoun-dor-el* = *scun-er-el*, one whom one constantly shuns, or merely 'a shunner', a coward. The word is rather Scand. than E.; having *se*, not *sk*. In Harbours' Bruce, xvii. 651, we have: 'And *skunnyr* tharfor na kyn thing'—and did not shrink through fear one bit on that account; where the Edinb. MS. has *scounry*; showing that *skunny* = *scounner*. And again, in the same, v. 211, where one MS. has *schonand* (shunning), the other has *schounand* (scunnering), both words meaning 'dreading'; showing that *schouner* is the frequentative of *scun* = *skun*. Cf. Icel. *skunda*, to speed, to hasten, Swed. dial. *skunna sig*, to hasten away. See **Shun**.

SCOUR (1), to cleanse by hard rubbing, to make bright. (L.) ME. *scoured*; '*scouryn* away rust; to Prompt. Parv. 'As any basoon scoured new'; Rom. of the Rose, 540. Cf. OF. *escurer*, 'to scour'; Cot.; also Span. *escurar*. MItal. *scurare*, 'to scour dishes, to rub or cleanse harness'; Florio. [Hence also Swed. *skura*, Dan. *skure*, to scour; the word not occurring in Icelandic.]—L. *excūrāre*, to take great care of, of which the pp. *excūrātus* occurs in Plautus; see Dietz.—L. *ex*, here used as an intensive prefix; and *cūrāre*, to take care, from *cūra*, care. See **Ex-** and **Cure**. **¶** The *ou* in ME. *scour* is much better explained by supposing a derivation from L. *excūrāre* directly; or rather, from Late L. *cūrāre*, to scour (Duc.), a monkish form of the same. Der. *scour-er*.

SCOUR (2), to run hastily over. (F.—L.) 'When swift Camilla scours the plain'; Pope, Ess. on Criticism, 372. 'Apon the moss a scourour soon fand he; To scour the laud Makladane had him send'; Blad Harry, Wallace, vii. 796.—OF. *escourre*, *escorre*, to run, run out.—L. *excūrāre*, to run out, make excursions.—L. *ex*, out; *cūrāre*, to run. See **Excursion**. Der. ME. *scour-er* (= *scour-er*); cf. Ital. *scorridore*, a scout. See Notes on Eng. Etym., p. 261; and p. 264 (s. v. *Scur*).

SCOURGE, a whip, instrument of punishment. (F.—L.) ME. *scourge*, Wyclif, John, ii. 15; *scurge*, O. E. Homilies, i. 283, l. 11; Ancren Riwle, c. 418.—AF. *escorge*, Laingtoft, ii. 430; OF. *escorgie* (see Littré), mod. F. *escourgie*, *escorgie*, a scourge. Cot. has *escourgie*, 'a thong, litchet, scourge, or whip'. Cf. MItal. *scoria*, 'a whip, scourge, scariere', to whip; *scoriata*, *scoriada*, 'a whipping; also the same as *scoria*'; i.e. a whip; Florio. **β.** The MItal. *scoriata* answers to L. *excōrīta*, lit. flayed off, hence a strip of skin or shred of leather for a whip; pp. of *excōrīre*, to strip off skin.—L. *ex*, off; and *cōrīum*, skin; see **Ex-** and **Cuirass**. **γ.** We might explain the MItal. verb *scoriare* directly from L. *excōrīre*, to excōrīate, to flay by scourging. Der. *scourge*, ME. *scourgen*, Rob. of Glouc. p. 263, l. 5304.

SCOUT (1), a spy. (F.—L.) ME. *scoute* (spelt *scout*, but riming with *oute*). Seven Sages, ed. Wright, l. 2218.—OF. *escoute*, 'a spy, eave-dropper, also, a scout, scout-watch'; Cot. Verbal sh. from *escouter*, 'to hearken'; id.—L. *auscultare*, to hearken; see **Auscultation**. **β.** The transfer in sense, from listening to spying, causes no difficulty; the OF. *escoute* means both listener and spy.

SCOUT (2), to ridicule, reject an idea. (Scand.) In Todd's Johnson; noted as a vulgar word. Cf. Lowland Scotch *scout*, 'to pour forth any liquid forcibly'; Jamieson. The latter sense is closely related to *shoot*.—Icel. *skúta*, *skúti*, a taunt; cf. *skíta*, to jut out, allied to *skota*, *skotra*, to shove, *skot-yri*, scoffs, taunts, and to the strong verb *skjóta* (pt. t. *skaut*, pl. *skutu*, pp. *sköttinn*), to shoot. Cf. Swed. *skjuta*, (1) to shoot, (2) to shove, push; *skjuta skulden på*, to thrust the blame on; Dan. *skyde*, (1) to shoot, (2) to shove; *skyde skylden på*, to thrust the blame on; *skyde vand*, to repel water. Thus the sense is to shoot, push away, reject. See **Shoot**.

SCOUT (3), a projecting rock. (Scand.) In place-names, as Raven-Scout. 'The steep ridges of rocks on Beetham-fell (Westmoreland) are called *scouts*.' A Bran New Wark (E. D. S.), l. 193, footnote.—Icel. *skúta*, to jut out; see **Scout** (2).

SCOWL, to look angry, to lower or look gloomy. (Scand.) ME. *scoulen*; spelt *scoule*, Prompt. Parv. The devils who gather round a dying man are said to '*skoul* and stare'; Pricke of Conscience, 2225.—Dan. *skule*, to scowl, cast down the eyes. Cf. Icel. *skulla*, to skulk, keep aloof, *skalli*, a skulker, a fox, the devil; Du. *skullen*, to skulk, lurk, lie hid. That these are connected words is shown by Low G. *skullen*, to hide oneself, not to let oneself be seen, and the

prov. G. (Dittmarsh) *schulen*, to hide the eyes, to look silly as if peeping out of a hiding-place, look out. **β.** From the sb. seen in Efrics. *schul*, Du. *schul*, Dan. *skjul*, shelter (whence Dan. *skjule*, to hide), Icel. *skjúl*, a shelter, cover. Tent. base **skul-*, **skül-*; from *skul*, to cover. Thus the sense is 'to peep out of a hiding-place'; or to look from under the covert of lowering brows. Der. *scrawl*, sb.; also *scrawl*, v.

SCRABBLE, to scrawl. (Scand.) In 1 Sam. xxi. 13; where the marginal note has 'made marks.' Cf. prov. E. *scrabble*, to scratch, frequentative of *scrap*, to scratch, i.e. to scrape (Halliwell).—Norw. *skrabba*, to scrape (Ross); Dan. *skraabe*, to scrape; Du. *skrabben*. Variant of prov. E. *scrapple*, to scrape (E. D. D.); which is a frequentative of *scrape*, q. v. Cf. *scrabble*, to scribble; E. D. D.

SCRAGGY, lean, rough. (Scand.) Cotgrave translates F. *eschardis* by 'a little, lean, or skraggie girdle, that looks as if she were starved.' Cf. Prov. E. *serag*, a crooked, forked branch, also, a lean thin person (Halliwell); *skragg*, the ends of sticks. Allied to prov. E. *serog*, a stunted bush, *seroggy*, abounding in underwood, *serog*, blackthorn, *seroggy*, twisted, stunted, *serog-legs*, bony-legs (id.). ME. *seroggy*, covered with underwood, or straggling bushes. 'The way toward the Cite was strong, thorny, and *seroggy*.' Gesta Romanorum, ed. Heritage, p. 19, l. 19.—Swed. dial. *skragger*, a weak old man, *skraggen*, to walk with difficulty; Norw. *skragge*, a poor weak creature, *skraggen*, *seraggy* (Russ). Cf. Icel. *skraggvalgr*, *seraggy*; North Fries. *skrog*, a lean man; Dan. *skrog*, a carcass, a poor creature. See **Shrug**, **Snrink**. Der. *seraggy*, *meas*.

SCRAMBLE, to scratch at or strive for roughly, struggle after, struggle. (E.) 'And then she'll *seramble* too!' Beaum. and Fletcher, Mon. Thomas, i. 3. 'I'll *seramble* yet amongst them'; id. Captain, ii. 1 (Jacomio). 'The cowardly wretch fell down, crying for succour, and *serambling* through the legs of them that were about him'; Sidney, Arcadia, ii. 8 (K.). Not found in ME. A frequentative form of prov. E. *seramb*, to pull, or rake together with the hands, *seramp*, to catch at, to scratch at; E. D. D. It may also be regarded as a nasalised form of prov. E. *serable*, to scramble (Somerset), allied to *seraffle*, to scramble, and *serapple*, to grub about, which is the frequentative of prov. E. *serap*, to scratch. Halliwell cites 'to *serappe* as a hennie dose' from a MS. Dict. of A. D. 1540; which is merely E. *serape*. And see **Sorabble**. Der. *seramble*, sb.; *serambl-er*.

SCRANNEL, thin, poor, wretched. (Scand.) In Milton, Lycidas, 124. Cf. prov. E. *serannell*, lean, wretched, weak (of the voice); *seranny*, meagre.—Swed. dial. *skran*, weak; Norw. *skran*, thin, lean, dry; *skranaleg*, lean (Ross); Dan. *skranten*, sickly, weakly. Cf. Swed. dial. and Norw. *skrin*, thin, lean, weak, dry. And cf. AS. *serimman* (pt. *seramun*), to shrink.

SCRAP, a small piece, shred. (Scand.) ME. *serappe*. 'And also gif I mygt gadre any *serappes* of the releef of the twelf cupes,' i.e. any bits of the leavings of the twelve baskets (in the miracle of the loaves); Trevisa, tr. of Iljden, i. 15. (Rather Scand. than E.)—Icel. *skrap*, scraps, trifles, from *skrapa*, to scrape, scratch; Dan. *skrab*, scrapings, trash, from *skraabe*, to scrape; Swed. *afskrap*, scrapings, refuse, dregs, from *skrapa*, to scrape. See **Scrape**.

SCRAPE, to remove a surface with a sharp instrument, shave, scratch, save up. (Scand.) ME. *serapien*, *serapien*, also *skrapien*, *skrapen* (Stratmann). 'But ho so *serape* my mawe' unless one were to scrape my maw; P. Plowman, B. v. 124. Spelt *serapien*, Ancren Riwle, p. 116, l. 15. (Rather Scand. than E.)—Icel. *skrapa*, to scrape; Swed. *skrapa*; Dan. *skraabe*; Du. *skrapen*, to scrape. From Tent. **skrap*, 2nd grade of the strong vb. **skrap-an*, to scrape, as in AS. *serapan*, pt. t. *serap*, to scratch; O. E. Texts. Der. *serap-er*; also *serap*, q. v., *serabl-le*, q. v., *serambl-le*, q. v.

SCRATCH, to scrape with a pointed instrument or with the nails. (1. Scand.; 2. MItal.—MHG.) *Scratch* has resulted from the confusion of ME. *seratten*, to scratch, with ME. *eracchen*, with the same sense. 1. ME. *seratten*, to scratch, Prompt. Parv.; Pricke of Conscience, 7378; Ancren Riwle, p. 186, note 6. This form *seratten* appears to be for *ser-katten*, made by prefixing AF. *es-* (for L. *ex-*), intensive prefix, to the Swed. *kratta*, to scrape (see below). 2. ME. *eracchen*, P. Plowman, B. prol. 154, 186. Apparently for **eratsen*—MItal. *kratsen*, to scratch (Hexham); whence Du. *krassen*, Swed. *kratsen*, and Dan. *kradsen*, to scrape.—MHG. *kratsen*, OHG. *kratzon*, to scratch.—Swed. *kratta*, to rake, scrape, scratch, cf. *kratta*, sb., a rake. All from a Tent. base **krat*, perhaps from a Tent. str. vb. **krat-an* (pt. t. **krat*, pp. **krat-an*); cf. Icel. *krat-a*, to engrave. Hence *seratten* and *eracchen* are from the same base and mean much the same thing, so that confusion between them was easy enough. Der. *scratch*, sb., *scratcher*. Doublet, *grate* (2).

SCRAWL, to write hastily or irregularly. (E.) A late word, used by Swift and Pope (Rich., and Todd). The *au* (= *au*) denotes a long vowel or diphthong; better spelt *scrawl*, with a *as* in *all*.

'To *scrawl*, or *scrawl*, to scribble, to write after a sorry careless manner;' Phillips, ed. 1706. It appears to be a contraction of *scribble*, q.v. Cf. also *E. scribble*, and prov. *E. scribble-scribble*, scribbling (North); and North Fries. *skraue*, by-form of *skrape*, to scrape. Or perhaps prov. *E.*, from Dan. *skrolle*, a poor worthless book (Larsen); M.Dan. *skold*, a diffuse, poor letter (Kalkar). *β*. The form seems due to confusion with prov. *E. scrawl*, to crawl (West) in Halliwell; he cites 'To *scrawl*, stir, *motito*' from Coles, Lat. Dict. To which add: 'The ryer shall *scraule* [swarm] with frogs,' Exod. viii. 3; in Coverdale's version. This word is merely *E. crawl*, with prefixed *s* (A.F. *es-*, L. *ex*) added in some cases with the idea of giving greater emphasis; see *Crawl*. Der. *scrawl*, sb., *scrawl-er*.

SCREAM, to cry out shrilly. (Scand.) M.E. *scremen*, Polt. Songs, p. 158, l. 9; *screamen*, Itali Meldenhad, p. 37, last line but one. — Icel. *skrama*, to scare, terrify; Swed. *skrämma*, Dan. *skræmme*, to scare. *β*. Hence it appears that the *E.* word has preserved what was doubtless another sense of these Scand. words, viz. 'to cry aloud,' as the means of imposing or of expressing terror; we still commonly use *scream* with especial reference to the effects of sudden fright. Cf. Swed. *skrän*, a scream, *skräna*, to scream, to whimper, which is merely a parallel form; Jutland *skreme*, to whine, to speak hoarsely (Kok). Cf. *Soreen*, *Shriek*. Der. *scream*, sb.

SCREECH, to shriek, cry aloud. (Scand.) 'Whilst the *screech-owl*, *screeching* loud;' Mids. Nt. Dr. v. 383; where the first folio has *scritch-owl*, *scritchling*. Also spelt *scrike*, Spenser, F. Q. vi. 4, l. 18. Haret (1880) has *scriek*. M.E. *scriken*, *skryken*, *schrieken*, *schriken*, *scriken*, Chaucer, C. T. 15406 (H 4590); spelt *scriken*, O. E. Homilies, ii. 181, l. 2. Also *skrieke*, Seven Sages, ed. Welter, 1290. Cf. I.owl. Sc. *seiraik* — Icel. *skrákja*, to shriek; cf. *skríkja*, to titter (said of suppressed laughter); Swed. *skrika*, to shriek; Dan. *skrige*, to shriek; *skrige af skrak*, to shriek with terror. Cf. Gael. *sgriach*, *sgreuch*, to screech, scream. See *Shriek*. + Gk. *κρίειν* (for *κρίν-ειν*), to shriek; *κρί-ειν*, *κρί-ειν*, a shrieking. Der. *screech*, sb., answering to Swed. *skrik*, Dan. *skrig*, Irish *sgreach*, Gael. *sgreuch*; also *screech-owl*. And see *shrike*. Doublet, *shrik*, which is merely a variant, due to the alteration of *sc* to *sh* at the beginning and the preservation of *k* at the end.

SCREED, a shired, a harangue. (E.) The Northern form of *Shred*, q.v.

SCREEN, that which shelters from observation, a partition; also, a coarse riddle or sieve. (F.—Teut.) 1. M.E. *sceren*; spelt *screen*, Prompt. Parv., p. 450; Wright's Vocab. i. 197, col. 2. — OF. *escren* (Littre); MF. *escran*, 'a screen to set between one and the fire, a tester for a bed'; Cot. Mod. F. *escran*. Also found as OF. *escreanne* (Godefroy). Prob. from OHG. *skrank*, G. *schranke*, a barrier, rail, fence, limit, place raised off. In the sense of coarse sieve, it is spelt *skreine* in Tusser's Husbandry, sect. 17, st. 16 (E. D. S.), and is the same word as the above. 'A *screen* for gravel or corn is a grating which wards off the coarser particles and prevents them from coming through;' Wedgwood. Der. *screen*, verb, Hamlet, iii. 4. 3.

SCREES, the loose debris on the side of a mountain. (Scand.) For *screeches*, the *th* being lost as in *clothes*. — Icel. *skrida*, a land-slip on a hill-side. — Icel. *skride*, weak grade of *skrida*, to creep, glide; cognate with Dan. *skride* and G. *schreiten*. See E. D. D., s.v. *scree*, and s.v. *scridan*; and Notes on E. Etym., pp. 262, 263.

SCREW (1), a cylinder with a spiral groove or ridge on its surface, used as a fastening or as a mechanical power. (F.—L?) Better spelt *scru*, as in Colgrave; the spelling *screw* is due to association with *deu*, *flew*, &c. Spelt *scru* in Minshew, ed. 1627. M.E. *scru*; 'unum *scru* ferreum'; York Wills, l. 194 (1393). — OF. *escroe*, Godefroy; MF. *escroue*, 'a scute, the hole or hollow thing wherein the vice of a press, &c. doth turn'; Cot. Mod. F. *écrou*. *β*. Of uncertain origin. Dietz derives it from L. *scrobium*, acc. of *scrobus*, a ditch, trench, also a hole; but the derivation (in Kluge) from L. *serfusa*, a sow, is far more likely; from the action of sows in rooting things up. Cf. 'serobs': fossa quam *serofe* maxime faciunt. *His serobs*, a swyn-wroting'; Cathol. Anglicum, p. 99, note 11. The Teut. words (G. *schraube*, Du. *schroef*, Low G. *skruue*) seem to be late and unoriginal. See *Serofula*. *¶* For the loss of *f*, see *Scroyles*. The *E.* word is certainly from the F., as Scheler rightly remarks. Der. *screw*, verb, Mach. i. 7. 60; *screw-driv-er*, *screw-propell-er*, *screw-steamer*.

SCREW (2), a vicious horse. (E.) A well-known term in modern E., not noticed in Johnson or Halliwell. The same word as *shrew*, a vicious or scolding woman, spelt *screw* in Political Songs, ed. Wright, p. 153, l. 13; and cf. prov. E. *screw-mouse*, a shrew-mouse. See *Shrew*. The *sc* (for *sh*) is due to Scand. influence. Doublet, *shrew*.

SCRIBBLE, to write carelessly. (L.; with E. suffix.) 'Scribbled

forth in hast at aduenture;' Sir T. More, Works, p. 56 e. Formed with the frequentative suffix *-le* from *scribe*, sb., or from L. *scribere*, to write. Similarly, we find G. *schreibler*, a scribbler, from *schreiben*, to write. See *Soribe*. Der. *scribble*, sb., *scribble-er*.

SCRIBE, a writer, a clerk, an expounder of the Jewish law. (L.) First in use as a scriptural term, and taken directly from Latin: Littre does not trace the F. *scribe* beyond the 16th century. M.E. *scribe*, Wyclif, Matt. viii. 19. — L. *scriba*, a writer, Matt. viii. 19 (Vulgate). — L. *scribere*, to write (pp. *scriptus*), orig. to scratch marks on a soft surface, to cut slightly. Cf. *Scarfify*. Der. *scribble*, q.v.; and see *scrip* (2), *script*, *script-ure*, *scriv-en-er*. Also (from L. *scribere*), *a-scribe*, *circum-scribe*, *de-scribe*, *in-scribe*, *pre-scribe*, *pro-scribe*, *sub-scribe*, *trans-scribe* (for *trans-scribe*); also (from pp. *scriptus*) *a-script-ion*, *circum-script-ion*, *con-script*, *de-script-ion*, *in-script-ion*, *manu-script*, *non-de-script*, *pre-script-ion*, *pre-script-ive*, *pro-script-ion*, *post-script*, *re-script*, *sub-script-ion*, *super-script-ion*, *trans-script*, *trans-script-ion*, &c. Also *skrive*, *skrift*, *Shrove-tide*.

SCRIMMAGE, the same as *Skirmish*, q.v.

SCRIP (1), a small bag or wallet. (E.) M.E. *scrippe*, King Horn, ed. Lumby, 1061; Chaucer, C. T. 7319 (D 1737). AS. *scripp*, Ælfric, Hom. i. 394. — Icel. *skreppa*, a scrip, bag; Norweg. *skreppa*, a knapsack (Ansen); Swed. dial. *skräppa*, a bag (Kietz), Swed. *skräppa*, a scrip; MSwed. *skreppa* (Ihre); Low G. *skrap*, a scrip (Brem. Wört.); NFries. *skrap*. The orig. sense is 'scrap,' because made of a scrap or shred of skin or other material. See *Sorap*, *Soarf* (1). The sound of the AS. *sc* was affected by the Norse *sk*.

SCRIP (2), a piece of writing, a schedule. (F.—L.) In Slak. Mids. Nt. Dr. i. 2. 3. The same word as *script*, the *L* dropping off in common talk; see *Script*.

SCRIPT, a piece of writing. (F.—L.) 'This loving *script*;' Beaumont and Fletcher, A Wife for a Month, l. 2. — MF. *escript*, 'a writing'; Cot. — L. *scriptum*, a thing written, neut. of *scripsit*, pp. of *scribere*, to write; see *Soribe*. Der. *manu-script*, *re-script*, *trans-script*.

SCRIPTURE, writing, the Bible. (F.—L.) *Scripture*, in the sense of 'bible,' is short for *holy scripture*, or rather, *The Holy Scriptures*. M.E. *scripture*; the pl. *scripturis* is in Wyclif, Luke, xxiv. 27. — OF. *escripture*, 'a writ, scripture, writing'; Cot. — L. *scriptura*, a writing; cf. L. *scriptura*, fut. part. of *scribere*, to write; see *Soribe*. Der. *scriptur-al*.

SCRIVENER, a scribe, copyist, notary. (F.—L.) Properly a *scriven*; the suffix *-er* (of the agent) is an E. addition, M.E. *skrivener*, Iydgate, Complaint of Black Knight, st. 28, l. 194; formed with suffix *-ere* from M.E. *scrivenen*, Aynbete of Inwyt, p. 44, l. 30. — OF. *escrivain*, 'a scrivener'; Cot. [Cf. mod. F. *écrivain*, Span. *escribano*, Ital. *scrivano*.] — Late L. *scribānus*, acc. of *scribānus*, a notary; extended from *scriba*, a scribe; see *Soribe*.

SCROFULA, a disease characterised by chronic swellings of the glands. (L.) Called 'the king's evil,' because it was supposed the touch of a king could cure it; see Phillips, Dict., &c. In Phillips, ed. 1706; Blount (1674) has the adj. *scrofulous*. — L. *scrofula*; usually in pl. *scrofula*, scrofulous swellings. The lit. signification of *scrofula* is a little pig; dim. of *scrofa*, a breeding sow. The reason for the name is not certainly known, but perhaps it is from the swollen appearance of the glands. It is remarkable that the Gk. name (*χουδάς*) for swollen or scrofulous glands appears to be similarly connected with *χοῖρος*, a pig. *β*. The L. *scrofa* has been explained as 'a digger,' from the habit of swine, who are fond of 'rooting' or turning up the earth; allied to *serabis*, a ditch. But we can hardly connect *-ūf-* with *-ob-*. Der. *scroful-us*; and see *screw* (1).

SCROLL, a roll of paper or parchment, a schedule. (F.—Teut.) *Scroll*, formerly also *scrowl*, is a contraction of *scrow-el*, a dimin. form (with suffix *-el*) of *seruue* or *seroue*, the earlier form of the word. M.E. *seroule*, Voc. 682. 26; but the M.E. *seroue*, *seroues*, is older. Palgrave (A. D. 1530) gives both *scroll* and *seroue*, and equates both to F. *rolle*. Fabyan also has both forms: 'He [Rich. II.] therefore rede the *seroule* of resynagyon hymself, an. 1398 (ed. Ellis, p. 547); 'wherefore, knowynge that the sayd Bayly vsed to bere *seroues* and prophete aboute hym,' an. 1449 (id. p. 624). M.E. *seroue*, *seroues*; spelt *serow*, Prompt. Parv.; pl. *serowis*, Wyclif, Matt. xiii. 5 (earlier version only); *seroues*, Ancræn Riwle, p. 282, last line. — OF. *escroue*, 'a scrowle'; Cot. Spelt *escroe* in the 14th cent. (Littre); mod. F. *écrou*; the Low L. *escrōa* occurs A. D. 1386 (Ducange). To which must be added that the dim. form *escroete* actually occurs, in the sense of strip, as cited by Littre, s.v. *écrou*; thus proving the origin of *E. scroll* beyond all doubt. *β*. Of Teut. origin. — MDu. *schroole*, a strip, shred, slip of paper (Oudemans); allied to *schroden*, to cut off (id.). Cf. OHG. *serōt*, the same; and E. *screed*. See *Shred*, *Shard*.

SCROYLES, scabby fellows, rascals. (F.—L.) In King John, ii. 1. 373; and see Nares. — OF. pl. *escroelles* (see *écrouille* in Hatfield),

MF. *escrouelles*, 'the king's evil,' Cot.; i. e. scrofula; hence, men afflicted with scrofula. — Late L. type *serofellus*, acc. pl.; for L. *serofulus*, acc. pl. of *serofula*. See **Scrofula**. See Notes on Eng. Etym., p. 263.

SCRUB (1), brushwood. (Scand.) Prov. E. *scrub*; and cf. Wormwood *Scrubb*. The Scand. equivalent of E. *scrub*. — MDan. *skrubbe*, Dan. dial. *skrub*, brushwood; Norw. *skrubba*, dwarf cornel. See **Shrub**. Der. *scrubby*, dwarfed, mean; *scrub-bed*, insignificant, Merch. Ven. v. 162. And note Lowl. Sc. *scrubber*, 'a handful of heath tied tightly together for cleaning culinary utensils'; Jamieson. Prob. allied to *scrub* (2), as *broom* is to the plant so called. Cf. *scrubland*, i. e. scrub-land; Liber Custumarum, p. 658.

SCRUB (2), to rub hard. (Scand.) ME. *scröbben*. to rub down a horse; King Alisaunder, 4310. Not found in AS. — MDan. *skrubbe*; Swed. *skrubba*, to scrub; cf. Dan. *skrubhet*, rough, 'scrubby.' — Du. *schrobben*, to scrub, wash, rub, chide; Low G. *schrubben*; NFries. *skrobbe*. According to Franck, it is allied, by gradation, to Du. and EFries. *schrabben*, to scratch; see **Scrabble**, **Scrape**. And see **Scrub** (1).

SCUFF, SCRUFT, the nape of the neck. More correctly *scuff*, *scuft*. See **Scuff**.

SCRUPLE, a small weight, a doubt, perplexity, reluctance to act. (F.—L.) 'A scrupul weigheth a penny; iii. scrupulis maken a dragma;' Mellical Workes, ed. Henslow, p. 131. 'It is no conscience, but a foolish scruple;' Sir T. More, Works, p. 1435 c. 'Would not have bene two scrupulus;' Friih, Works, p. 143, col. 2. — F. *scrupule*, 'a little sharp stone falling into a mans shoe, and hindering him in his gate [gait]; also, a scruple, doubt, fear, difficulty, care, trouble of conscience; also, a scruple, a weight amounting unto the third part of a dram;' Cot. — L. *scrupulum*, acc. of *scrupulus*, a small sharp stone; hence, a small stone used as a weight, a small weight; also, a stone in one's shoe, an uneasiness, difficulty, small trouble, doubt. Dimin. of *scrupus*, a sharp stone. *Scrupus* is allied to *scruta* — see **Scrutiny**. Der. *scruple*, vb., to make a scruple of; *scrupulous*, from F. *scrupuleux*, 'scrupulous,' Cot., from L. *scrupulus*; *scrupulous*, *scrupulous*, *scrupulous*, *scrupulous*.

SCRUTINY, a strict examination, careful inquiry. (L.) Spelt *scrutiny*, Skeltun, (Garl. of Laurel, 782; cf. MF. *scrutine*, 'a scrutiny'; Cot. Englished from L. *scrutinium*, a careful inquiry. — L. *scrutari*, to search into carefully, lit. to search among broken pieces. — L. *scruta*, broken pieces, old trash; allied to AS. *seriate*, a shred; see **Shred**. Der. *scrutinise*, *scrutinise*. And see *in-scrut-able*.

SCUD, to run quickly, run before the wind in a gale. (Scand.) In Shaks. Venus, 301. 'Scudding from place to place;' Udall, tr. of Erasmus' Apophthegmes, Pompeius, § 2. We also have prov. F. *scud*, a slight rapid or flying shower of rain (*Shropshire*, and elsewhere); Lowland Sc. *scuddin-staues*, thin stones made to skim the surface of water, as an amusement, answering exactly to Dan. *skudsteen*, a stone quail. A frequentative of *scud* is prov. E. *scuttle*, to walk fast, to hurry along, often used with precisely the same force as *scud*; also *scuddle*, to run away quickly, is given in Bailey, vol. i. ed. 1735. Hence *scud* is a weakened form of *scut* or *scout*; cf. prov. E. 'to go like *scouter*, i. e. very quick, East' (Halliwell); and *scout* is only a Scand. equivalent of *shoot*. Precisely the same voicing of *t* to *d* occurs in Danish, and the nautical term to *scud* is of Danish origin. — Norw. *skudda*, to push, shove; cf. Dan. *skyde*, to shoot, to push, to shove; *skyde i frø*, to run to seed; *skyde vand*, to repel water; *skyde over steen* (lit. to shoot over the steen), to shoot ahead, i. e. *scud* along, as a nautical term; Dan. *skud*, a shooting, used in compounds, as in *skud-år*, leap-year, *skud-steen*, a 'scudding-stone.' Cf. Swed. dial. *skudda*, to shoot the bolt of a door; Swed. *skutta*, to leap, Swed. dial. *skuta*, a sledge (Rietz), allied to Swed. *skjuta*, to shoot, and to Icel. *skjóta*, to shoot, also to slip or scud away, abscond. See **Shoot**. Der. *scuttle* (2), q.v.

SCUFFLE, to struggle, fight confusedly. (Scand.) In Beaum. and Fletcher, 'Hilaster, v. 1. The frequentative form of *scuff*,' preserved in prov. E. *scuff*, to shuffle in walking, West; Halliwell. — Swed. *skuffa*, to push, shove, jog; allied to E. *scud*. — MDu. *schuffelen*, to drive out, also to run away, i. e. to shuffle off; allied to Du. *schuiven*, to shove. Thus to *scuff* is 'to keep shoving about.' See **Shuffle**, **Shovo**. Der. *scuffle*, sb., Antony, i. 7.

SCUFF, SCUFF, SCUFF, SCUFF, SCUFF, the nape of the neck. (Scand.) The orig. form seems to have been *scuft*; a form which occurs even in Gothic. 'Scuft of the neck;' Grosse's Gloss. (1790). — On Norse *skopt* (pron. *skoff*), hair of the head; mod. Icel. *skoft*, a fox's tail; NFries. *skuft*, nape of a horse's neck. — G. *schopf*, a tuft of hair; OHG. *scuft*, hair; Goth. *skuft*, hair of the head. Allied to **Sheaf**; cf. Icel. *skuf*, a fox's brush.

SKULK, SKULK, to hide oneself, lurk. (Scand.) ME. *skulken*, *skulken*, Pricke of Conscience, 1788; Gower, C. A. ii. 93; bk. iv. 2720; whence the sb. *skulking*, Rob. of Glouc. p. 256, l. 5130. — Dan. *skulke*, to skulk, slink, sneak; Norw. *skulka*; Swed. *skulka*, to

slay the truant. Allied to Icel. *skalla*, to skulk, keep aloof. Extended from the Teut. base seen in Du. *schuilen*, Low G. *schulen*, to skulk, to lurk in a hiding-place; allied to Dan. *skjul*, Icel. *skjól*, a place of shelter; see further under **Boowl**, which exhibits the shorter form.

SCULL (1), the cranium; see **Skull**.

SCULL (2), a small, light oar. (Scand.) 'Scull, a little oar, to row with; Sculler, a boat rowed with sculls, or the waterman that maneges it;' Phillips, ed. 1706. Also in the phrase 'rowing scull,' Hudibras, pt. i. c. 3, l. 351. We also find 'the old scull,' i. e. (Charon; Ben Jonson, Cynthia's Revels, i. 1 (Cupid's 7th speech). Dryden oddly uses *sculler* with the sense of 'boat'; tr. of Virgil, Georg. b. iv. l. 735. 'Scull to rowe with, auiron; Sculler, batellier;' Palsgrave. 'To rowe . . . with a skutte;' Piers of Fulham, l. 275; in Hazlitt's Early E. Pop. Poetry, ii. 12. 'Sculler, named from the slightly hollowed blades. G. Douglas has *scull* in the sense of 'cup'; tr. of Virgil, bk. iii. ch. 1, l. 125. Cf. Swed. *skål*, a basin, bowl; *hufvud-skål*, scull (of the head); *våg-skål*, the scale of a balance; *skålig*, concave. Also Norw. *skul*, a husk, shell of fruit. Larsen gives Dan. *skulermund*, a waterman. Der. *scull*, verb; *sculler* as above. See **Skull**.

SCULL (3), a shoal of fish. (Du.) In Shaks. Troilus, v. 5, 22, ME. *sculle*, Prompt. Parv. A variant of **Soool** (2), q.v.

SCULLERY, a room for washing dishes, and the like. (F.—L.) Sherwood's Index to Cotgrave has: 'The scullery, *escuellerie*,' Spelt *scullery*; Cavendish, Life of Wolsey, ed. F. S. Ellis, p. 23. Formed with suffix *-ie* (cf. *pantry*) from OF. *escuelle*, one who has charge of the dishes and plates (Godefroy); cf. *escuellier*, the officer of the kitchen (id.). — Late L. *scutellarius*, the same (Ducauge). — L. *scutella*, a dish (whence OF. *escuelle*, F. *écuelle*); dimin. of *scutula*, a tray. ¶ Godefroy also has *esculier* (= *escullier*); hence ME. 'squyllare, dysche wescheare,' i. e. dish-washer; in Prompt. Parv. Cf. 'The squyler of the kechyn;' Rob. of Brunne, Handlyng Synne, l. 5013. 'The pourvayours of the buttlarye [buttery] and . . . of the squylercy;' Ordinances and Regulations of the Royal Household, 4to, 1790, p. 77; 'Sergeant-squyler,' in the same, p. 81. And see Halliwell. *Scullion* is of different origin; see below.

SCULLION, a kitchen menial. (F.—L.) In Shaks. Hamlet, ii. 2, 616. 'Their smoked scullions faces, handies, and feete;' Barnes, Works, p. 341, col. 2. 'Scullion of the kechyn, *scullion*;' Palsgrave. This word has undoubtedly been long understood as if it were connected with *scullery*, and the connexion between the two words in the popular mind may have influenced its form and use. But it is impossible to connect them etymologically; and Wedgwood well says that 'it has a totally different origin,' which he points out. — MF. *escouillon*, 'a wisp, or dishcloth, a maulin or drag, to cleanse or sweep an oven;' Cot. 'In the same way *maikin*, *maukin*, is used both for a kitchen-wench and for the clout which she plies;' Wedgwood. β. The MF. *escouillon* is the same as *escouillon*, Cot. The latter form answers to Span. *escobillon*, a sponge for a cannon; formed with suffix *-on* (L. *-ium*) from *escobilla*, a small brush, dimin. of *escoba* (OF. *escoue*), a brush, broom, which is cognate with Ital. *scopa*, a broom, a birch-tree. — L. *scopa*, used in pl. *scopæ*, thin twigs, a broom of twigs. Allied to L. *scapus*, a stem, stalk; and to **Sceptre**.

SCULPTURE, the art of carving figures. (F.—L.) ME. *sculpture*, Gower, C. A. ii. 83; bk. iv. 2422. — F. *sculpture*, for which Littré cites nothing earlier than the 16th century; but it must have been in earlier use; see Hatzfeldt. — L. *sculptura*, sculpture; cf. L. *sculptura*, fut. part. of *sculptare*, to cut out, carve in stone; allied to *sculpere*, to scratch, grave, carve, cut; whence F. *sculp-el*. Der. *sculpture*, verb; *sculptor*, from L. *sculptor*; *sculptural*.

SCUM, froth, residue on the surface of liquids. (Scand.) 'Scum or scum of fletyng [floating], Spuma;' Prompt. Parv. 'Scumme byrny, Desquimo;' id. Dan. *scum*, Aegleite in Inwytt, p. 44, l. 23. — Dan. *skum*, scum, foam; Icel. *skúm*, foam (in Egilsson's Dict.); Swed. *skum*, OHG. *scūm*, G. *schum* (whence F. *écume*); Du. *schuim*. β. Lit. 'a covering;' — *skūm*, to cover; Fick, iii. 336. ¶ The L. *scūm* is related to L. *foam*, not to *scum*. Der. *scum*, verb; *scummer*, *skim*.

SCUPPER, a hole in the side of a ship to carry off water from the deck. (F.—Scand.) 'Scuppers, the holes through which the water runs off the deck;' Coles, ed. 1684. Called *scoper-holes*; Phillips (1706). 'Our galley's scupper-holes;' Marston, Antonio and Mellish, i. l. 13. 'Skopper-lethers and skopper-nayles;' Naval Accounts (1497); p. 298. The sense is 'scoper-hole.' — OF. *escoper*, *scoppe*, a scoop for hauling out water (Suppl. to Godefroy). — Swed. *skoppe*, a scoop. Cf. MDu. *skoeppe*, a shovel; Hexham. See **Scoop**. Cf. Prov. E. *scupper*, a scupper, a scoop; *scuppit*, a small shovel or scoop.

SEUR, to run rapidly over. (F.—L.) 'Seur o'er the fields of corn;' Beaum. and Fletcher, Bonduca, i. 1. The same word as *skirr* and *seour*; see **Sour** (2). Der. *seur-ry*.

SCURF, small flakes of skin; flaky matter on the skin. (Scand.) ME. *scurf*. 'Scurf of scabbys, Squama;' Prompt. Parv.; Cursor Mundi, 11823. —Swed. *skurf*; Dan. *skurf*, *scurf*; Icel. *skurfur*, pl. *skurfur*. AS. *scurf*, *scurf* (from Norse), A. S. Leechdoms, i. 116. Cf. 'mycel scurf' on his head heafle = he had much scurf on his head; Ælfred, tr. of Bede, b. v. c. 2. Du. *skurf*, *scurf*; G. *schorff*. β. From Teut. **skurf*, weak grade of **skurfan*, as in AS. *scorfan* (pt. t. *scorff*, pt. t. pl. *scorffon*), to scarify, gnaw. Der. *scurfy*, *scurfiness*. Also *scurfy*, q.v.

SCURRIE, buffoon-like. (L.) In Shak. Troil. i. 3. 148. —L. *scurrilis*, buffoon-like. —L. *scurra*, a buffoon. Allied to OHG. *scern*, derision; see **SOORN**. Der. *scurril-ty*, l. L. L. iv. 2. 55, from L. acc. *scurrilitatem*; *scurril-ous*, Wint. Tale, iv. 4. 215; *scurril-ous-ly*.

SCURVY, afflicted with scurf, mean. (Scand.) 'All scurvy with scabbies;' Skelton, Eliuour Rummung, 149. The same word as *scurfy*, with change from *f* to *v*; cf. Swed. *skurvig*, *scurfy*, from *scurf*, *scurf*. See **Bourf**. Hence, as a term of contempt, vile, mean. Temp. ii. 2. 46, and very common in Shak. Cf. Low G. *schorffig*, *schorwig*, adj.; from *schorf*, *scurf*; Dan. *skurvet*, *scurfy*. Der. *scurvy*, Phillips, ed. 1706, the name of a disease, from the pitiful condition of those afflicted with it; and hence, probably, the Low L. medical term *scorbustus*; see **Scorbute**. Also *scurvi-ly*, -ness.

SCUTAGE, a tax on a knight's fee. (Late L.—L.) See Cowell's Interpreter and Blount's Nomolexicon. —Med. Latin *scutagium*, a form of **scūtūtiūm*, due to OF. *escuage*, with the same sense. —L. *scūtum*, a shield. See **Esquire**.

SCUTCH, to dress flax. (F.—Scand.) From the sb. *scutch*, an instrument for beating flax; Cent. Dict.—OF. *escuche*, *eschuche*, a swingle (Codefroy); Norm. dial. *ecache*, *ecache* (Moisy). Cf. *escucher*, vb.; Wright, Voc. i. 156. —Norw. *skuku*, *skoka*, a swingle. Otherwise in Hatzfeldt; v. s. *ecache*.

SCUTCHEON, a painted shield. (F.—L.) ME. *scutyme*, *scocchone*, Prompt. Parv. The same as **Escutocheon**, q.v.

SCUTIFORM, shield-shaped. (F.—L.) In Blount, ed. 1674. 'Scutiforme os, the whirl-bone of the knee;' Phillips, ed. 1706. —ME. *scutiforme*, 'fashioned like a scutcheon, shield-fashion;' Cot.—L. *scūtī-*, for *scūtum*, a shield; and *form-a*, form, shape; see **Escutocheon** and **Form**.

SCUTTLE (1), a shallow basket, a vessel for holding coal. (L.) ME. *scutelle*. 'Ilec scutella, a scutelle;' Wright's Vocab. i. 257, col. 1. A Northern form. Cf. Icel. *skuttill*; AS. *scutella*, a dish, bowl. 'Catinus, scutell;' Wright's Voc. i. 290, col. 1. —L. *scutella*, a salver or waiter; dimin. of *scutula*, a tray, dish, or platter, also spelt *scuta*. Der. *coal-scuttle*. Doublet, *skillet*.

SCUTTLE (2), an opening in the hatchway of a ship. (F.—Span.—Teut.) 'Scutelles, square holes, capable for the body of a man to pass thorough at any hatch-way, or part of the deck, into any room below; also, those little windows and long holes which are cut out in cabbins to let in light;' Phillips, ed. 1706. And in Cotgrave. 'The skottelles of the hatches;' Naval Accounts (1497); p. 323. —ME. *escutilles*, pl. 'the scuttles, or hatches of a ship; th'overtures or trap-doors, wherat things are let down into the hold;' Cot. Mod. F. *écoutille*. —Span. *escotilla*, *escotillon*, 'a hole in the hatch of a ship, also the hatch itself;' Minshew. β. The word appears to be Spanish; and we find another form in *escotadura*, the large trap-door of a theatre or stage (Neuman). Another sense of *escotadura* is the sloping of a jacket or pair of stays; and the form of the word is such as to be due to the verb *escotar*, to cut out a thing so as to make it fit, to slope, to hollow out a garment about the neck (a different word from Span. *escotar*, to pay one's reckoning, for which see **Boot-free**). The orig. sense is 'to cut a hole in a garment to admit the neck,' from the sb. *escote*, the sloping of a jacket, a tucker such as women wear about the bosom. This sb. is derived, as Diez points out, from the Teutonic; cf. Goth. *skauts*, the hem of a garment, Du. *school*, the lap, the bosom, G. *schoos*, the same; so that the orig. sense of Span. *escote* is 'a slope to fit the bosom,' a hole for the neck. ¶ So in Diez; see **Sheet**. Der. *scut-ly*, verb, to sink a ship by cutting scuttles or holes in it.

SCUTTLE (3), to hurry along, scud away. (Scand.) Cf. Swed. *skutta*, to leap; Swed. dial. *skutta*, to take a long jump; allied to *scuddle* (Bailey), which is the frequentative of **Scud**, q.v. 'How the misses did huddle, and scuddle, and run;' Anstey's New Bath Guide, letter 13 (Davies). Davies also gives *scutter*, a hasty run.

SCYTH, a cutting instrument for mowing grass. (E.) The intrusion of the letter *c* is due to false spelling; it should be *sythe* or *sithe*. Spelt *sythe* in L. L. L. i. 1. 6 (first folio, ed. 1623). ME. *sithe*, P. Plowman, C. iv. 464; *sythe*, Havelok, 2553. AS. *sith*, *sipe*, a scythe; 'Falcasterum, sith,' Wright's Vocab. i. 85, l. 3. The AS. *sith* is for *sige* (a form actually found in the Epinal gloss), and the long *i* shows the loss of *g*; it means 'the cutting instrument.' From

the Teut. base SEG, to cut = *SEGO*, to cut. See **Saw** (1), **Section**. Fick, iii. 314. +Du. *zeis*; Icel. *sighr*, *sighr*, a sickle; Low G. *seged*, *segd*, also *seed*, *seid*, a kind of sickle; Brem. Wörterbuch. From the same root we have OHG. *segana*, MHG. *segene*, G. *sense*, a scythe; OHG. *seh*, MHG. *sch*, a ploughshare; as well as E. *saw*, *sickle*. Der. *scythe*, verb, Shak. Complaint, l. 12; *scythe-tusked*, Two Noble Kinsmen, i. 1. 79.

SE-, away, apart, prefix. (L.) From L. *se-*, short for *sēd*, without, which is retained as a prefix in *se-ition*. *Sēd* is mentioned by Festus as having been used with the sense 'without.' Der. *se-cede*, *se-clude*, *se-creat*, *se-cure*, *se-ition*, *se-duce*, *se-gregate*, *se-lect*, *se-parate*; and see *sever*.

SEA, a large lake, ocean. (E.) ME. *see*, Chaucer, C. T. 3033 (A 3031). AS. *se*, sea, lake. +Du. *zee*; Icel. *sar*; Dan. *sø*; Swed. *sjö*; G. *see*; Goth. *saizus*. β. All from a Teut. type **saizwa*, *sea*. Der. *sea-board*, from F. *bord*, the shore = Du. *board*, edge, brim (see **Border**); *sea-coast*, *sea-faring*, *sea-girt*, -green, -horse, -kale, -king, -level, -man, -man-ship, -mark, -room, -serpent, -shore, -sick, -side, -unicorn, -urkin, -ward, -weed, -worthy; &c.

SEAL (1), a stamp for impressing wax, impressed wax, that which authenticates. (F.—L.) ME. *seal* (better than *seal*), Chaucer, C. T. 10445 (F 131). 'Seled with his seals,' Rob. of Brunne, tr. of Langtoft, i. 29, l. 12. —OF. *seel*, 'a seal, or signet;' Cot. Mod. F. *secel*; Span. *sello*, *sigillo*; Ital. *sigillo*. —L. *sigillum*, a seal, mark; lit. 'a little sign;' allied to *signum*, a sign, mark; see **Sign**. Der. *seal*, verb, ME. *selen*, as above; *seal-engraving*, *seal-ing-wax*.

SEAL (2), a sea-calf, marine animal. (E.) ME. *seale*, Havelok, 755; which represents AS. *seole*, dat. of AS. *seolh*, a seal; Grein, ii. 438. +Icel. *selr*; Dan. *sel*; also *sealhund* (seal-hound); Swed. *säl*, *sälhund*; OIG. *selah*. Teut. type **selah*.

SEAM (1), a suture, a line formed by joining together two pieces, a line of union. (E.) ME. *seem*, Wyclif, John, xix. 23. AS. *seam*, Ælfric's Hom. i. 20, l. 4 from bottom. +Du. *zoom*; Icel. *saumur*; Dan. and Swed. *söm*; G. *säum*. β. All from a Teut. type **saumaz*, m., a sewing, suture (Fick, iii. 325); formed, with suffix -*maz*, from *sau*, and grade of root **seu*, **siu*; idg. root SIW, to sew. Cf. L. *su-ere*, to sow, Skt. *sū-tra*, a thread; see **Bew**. Der. *seam-less*, *seam-y*; also *seam-str-ess*, q.v.

SEAM (2), a horse-load. (Late L.—Gk.) ME. *seem*; dat. *seme*, P. Plowman, B. iii. 40. AS. *seam*. Borrowed (like G. *säum*) from Late L. *sauma*, late form of *sagma*, a horse-load. —Gk. *σάγμα*, a pack-saddle. See **Sumpter**.

SEAMSTRESS, **SEMPSTRESS**, a woman who sews seams. (E.; with F. suffix.) *Seamster*, and *Sempstress*, a man or woman that sows, makes up, or deals in linen-clothes;' Phillips, ed. 1706. Only *seamster* is given in Minshew, ed. 1627. The suffix -*ess* is a F. fem. suffix, F. -*esse* (from L. -*issa*, Gk. -*issa*), as in *prince-ess*, *marchion-ess*. ME. *semlster*, Destruction of Troy, ed. Pantan and Donaldson, l. 1585. AS. *seamestre*. We find: 'Sartor, seamere,' and 'Sartrix, seamestre;' Wright's Vocab. i. 74. [Whence *seamstres*, Diplomatarium Ævi Saxonici, ed. Thorpe, p. 568, l. 10.] Formed from AS. *seam*, a seam, by the addition of the AS. suffix -*estre*, explained under **Spinster**. See **Seam** (1).

SEANCE, a sitting, session. (F.—L.) Modern. —F. *séance*, a session. —F. *séant*, pres. pt. of *seoir*, to sit. —L. *sedere*, to sit. See **Sit**. **SEAR**, **SERE**, withered. (E.) Spelt *sere*, Spenser, Shep. Kal. Jan. 37. ME. *seer*; spelt *seere*, Rob. of Brunne, tr. of Langtoft, p. 18, l. 25; *seer*, Kom. Rose, 4749. AS. *sear*, *sere*; best preserved in the derived verb; see below. +ODu. *sore*, dry (Oudemans); *zoor*, 'dry, withered, or seare;' Hexham; Low G. *soor*, dry; Brem. Wört. β. Teut. type **sauroz*; idg. type **sausos*. Allied to Russ. *suxoi*, dry; Lith. *sausas*, dry; Gk. *saus* (for **sausos*), dry; Skt. *push* (for **sush*), to become dry. (✓SEUS.) From the same root is Gk. *ausen*, to parch, *ausēros*, dry, rough, whence E. *austere*. The Zend *kush*, to dry, proves that SEUS is the root; Curtius, i. 490. Brugmann, i. § 213. Der. *sear*, verb, to dry up, cauterise, render callous, Rich. III. iv. 1. 61. ME. *seeren*, Prompt. Parv., AS. *searian*, to dry up, to wither or pierce away, Ælfred, tr. of Orosius, iv. 6. 15. See **Austere**, and **Sorrel** (2).

SEARCH, to seek, examine, explore. (F.—L.) ME. *serchen*, Rob. of Brunne, tr. of Langtoft, p. 268, last line but one; better spelt *cerchen*, as in Lydgate, Minor Poems, p. 159, Mandeville's Travels, p. 315. —AF. *cercher*, Stat. Realm, i. 219; *sercher*, ed. 274. —OF. *cercher* (Burq. y.); mod. F. *chercher*, to seek. Cf. Norm. dial. *sercher*, *cercher*, Ital. *cercare*, to seek, to search; Prov. *cercar*, *cerquar*, *sercar*, to search (Bartsch); Span. *cercar*, to encircle, surround. —L. *circare*, to go round; hence, to go about, explore. —I. *circus*, a circle, ring; *circum*, round about. See **Circum-**, **Cirous**, **Ring**. Note AF. *sercher*, ME. *serchen*; A. Nominale, ed. Skeat, ii. 434, 435. Der. *search*, sb. Temp. iii. 3. 10; *search-ing*, *search-cr*, *search-warrant*. Also *re-search*, *shark*.

SEASON, proper time, fit opportunity. (F.—L.) ME. *seosoun*, Chaucer, C. T. 1045 (A 1043); P. Plowman, B. prol. 1; *seyssoun*, King Alisaunder, 551. —OF. *sezon*, *seizon*, *seizon*; mod. F. *saison*, 'season, due time'. Cot. Cf. Span. *sezoun*, Port. *sação*, *seção*; (I)rov. *sezoun*, *sezoun*, *sezoun* (Bartsch). —Late L. *statuēum*, acc. of *statio*, a season, time of year, occurring A.D. 1028 (Ducange). 'The same as L. *statio*, a sowing, planting, Verg. Georg. i. 215, li. 319 (hence, the time of sowing or spring-time, which seems to have been regarded as the season, *par excellence*). Allied to L. *satus*, pp. of *serere*, to sow. From *SE*, to cast, sow; whence also *seminā*, *seed*, *sow*. See **Sow** (1). Besides the word *season*, we also find Span. *estacion*, used in the sense of 'season' or time as well as 'station'; and Ital. *stagione*, 'a season or time of the year', Florio. These are, of course, from L. *statuēum*, acc. of *statio*, a station, hence applied, we must suppose, to the four stations, stages, or seasons of the year; see **Station**. And it is probable that the use of this word affected and extended the senses of *season*. I have been informed that the prov. E. *season* is still occasionally used in Kent in the sense of 'sowing-time'. Moreover, AF. *sezon* occurs with the sense 'sowing-time'; see Royal Wills, ed. Nichols, pp. 34, 35. Der. *season*, verb, Merch. Ven. v. 107, Ascham, Toxophilus, b. ii, ed. Arber, p. 124; *season-able*, *season-ably*, *season-able-ness*; also *season-ing*, that which 'seasons', or makes food more suitable and palatable.

SEAT, a chair, bench, &c., to sit on. (Scand.) ME. *sete*; spelt *sete*, Wyclif, Rev. ii. 13. —Icel. *seti*, a seat; Swed. *säte*; Dan. *sæde*. —Icel. *sæt*, 3rd grade of *sita*, to sit; see **Sit**. [The usual AS. word is *setl*, for which see **Settle**.] + MDu. *saet*, *saet*; MHG. *sæze*. Der. *seat*, verb, Macb. i. 3. 136; *dis-seat*, Macb. v. 3. 21; *un-seat*. **SEBACEOUS**, pertaining to tallow, fatty. (L.) From L. *sebaceus*, fatty. —L. *sebum*, tallow, fat. Prob. allied to E. *soap*. See **Soap**.

SECANT, a line that cuts another, or that cuts a circle. (L.) In Blount's Gloss., ed. 1674. —L. *secant*, stem of pres. part. of *secare*, to cut; see **Section**. (✓SEQ.) Brugmann, i. § 635. See **Saw**, **Boythe**, **Stokke**, **Sedge**.

SECEDE, to withdraw oneself from others, go apart. (L.) A late word, in Todd's Johnson. —L. *secedere*, pp. *secessus*, to go away, withdraw. —L. *se*, apart; and *cedere*, to go, go away. See **Se** and **Cede**. Der. *seceder*; also *secession*, in Minshew, ed. 1627, from L. acc. *secessiōnem*, nom. *secessio*, formed from pp. *secessus*.

SECLUDE, to keep apart. (L.) 'Secluded from the Scriptures'; Frith's Works, p. 3, col. 2. —L. *secludere*, to shut off. —L. *se*, apart; and *cludere*, to shut; see **Se** and **Clause**, **Close** (1). Der. *seclusio*, nom. formed like *seclusus*, pp. of *secludere*.

SECOND, next after the first, the ordinal number corresponding to two. (F.—L.) ME. *second*; spelt *second*, Wyclif, John, iv. 54; *secunde*, Rob. of Glouc. p. 282, l. 5724. Not a very common word, as *other* was usually employed instead, in early times; *second* being the only ordinal number of F. origin. (See **Other**). —F. *second*, masc. *second*, fem. *second*; Cot. —L. *secundus*, following, second; so called because it follows the first. Formed from *sec*, from the base of *sequi*, to follow, with gerundive suffix, with the force of a pres. part. Brugmann, ii. § 69 (2). See **Sequence**. Der. *second*, sb., used with reference to minutes, or first small subdivisions of an hour, &c., from F. *seconde*, 'the 24 part of a prime, a very small weight used by goldsmiths and jewellers', Cot. Also *second*, verb, Merry Wives, i. 3. 114; *second-ary*, *second-ary-ly*, Tyndall, Works, p. 120, col. 1; *second-ly*; *second-hand*, i.e. at second hand; *second-sight*.

SECRET, hidden, concealed, unknown. (F.—L.) Spelt *secrete* in Palsgrave. The ME. form is almost invariably *secre*, Chaucer, C. T. 12077 (C 143); spelt *secre*, P. Plowman, A. iii. 141; but we find *secret* in P. Plowman, B. iii. 145, C. iv. 183. —OF. *secre* (fem. *secrete*, Burguy), 'secret'; Cot. —L. *secretus*, secret; orig. pp. of *secreare*, to separate, set apart. —L. *se*, apart; and *creare*, to separate, sift; see **Se** and **Concern**. Der. *secret*, sb., ME. *secre*, Chaucer, C. T. 16915 (C 1447), from L. *secretum*, sb., orig. neuter of *secretus*; *secret-ly*, *secret-ness*; *secret-ry*, Hamlet, i. 2. 207, a coined word, by analogy with *constancy*, &c.; *secrete*, verb, formed from L. *secretus*, considered as pp. of *secreare*; *secret-ion*, from MF. *secretion*, 'a separating, also a thing separated or set apart', Cot.; *secret-ive*, *secret-iv-ly*, *secret-iv-ness*, *secret-ory*; also *secret-ary*, q.v.

SECRETARY, orig. a private amanuensis, confidant. (F.—L.) The sense of the word is now much widened; it is frequently used where little privacy is intended. In Shaks. Men. VIII, li. 2. 116, iv. 1. 102. Palsgrave has: '*Secretary*, secretaire' *secretary* also occurs in a 15th-century poem called The Assemblie of Ladies, l. 337. —F. *secretaire*, 'a secretary, clerk'; Cot. —Late L. *secretarius*, acc. of *secretarius*, a confidential officer; cf. L. *secretarium*, a secret place,

consistory, conclave. —L. *secret-us*, secret; with suffix *-arius*; see **Secret**. Der. *secretary-ship*; *secretari-al*.

SECT, a party who follow a particular teacher, or hold particular principles, a faction. (F.—L.) It is tolerably certain that the sense of the word has been obscured by a false popular etymology which has connected the word with L. *secure*, to cut; and it is not uncommon for authors to declare, with theological intolerance and in contempt of history, that a *sect* is so called from its being 'cut off' from the church. But the etymology from *secure* is baseless. Palsgrave well defines *sect* as 'a company of one opinion.' ME. *secte*, used convertibly with *sute* (= *suite*) in P. Plowman, C. viii. 130, B. v. 495; see my note on the line. Both *secte* and *sute* are here used in the sense of 'suit of clothes.' —F. *secte*, 'a sect or faction; a rout or troupe; a company of one (most commonly bad) opinion'; Cot. —Late L. *secta*, a set of people, a following, suite; also, a quality of cloth, a suit of clothes; also, a suit or action at law; L. *secta*, a party, faction, sect, lit. 'a following.' —L. *sec-* (as in *secundus*), base of *sequi*, to follow, with suffix *-ta*. Cf. Gk. *ἀκτῆς*, a follower, attendant, from *ἐκτρέφω*, I follow; see *secta* in Bréal, s. v. *sequor*. See **Sequence**. Der. *sect-ary*, Hen. VIII, v. 3. 70, from F. *sectaire*, 'a sectary, the ringleader, professor, or follower of a sect'; Cot.; *sect-ari-an*, *sect-ari-an-ism*. Doublets, *sept*, *set*.

SECTION, a cutting, division, parting, portion. (F.—L.) In Minshew, ed. 1627, and Cotgrave. —F. *section*, 'a section, cutting.' —L. *sectionem*, acc. of *sectio*, a cutting; cf. *sectis*, pp. of *sectio*, to cut. —✓SEQ, to cut; whence also Russ. *sechie*, to hew, Lithuan. *syklas*, a stroke, cut, and E. *saw*, *sickle*, *scythe*, *sedge*. Brugmann, i. § 635. Der. *section-al*, *section-ally*; also *sect-ory*, from L. *sector*, a cutter, used in Late L. to mean a sector (part) of a circle; *seg-ment*, q.v. From the same root are *sec-ant*, *co-sec-ant*; *bi-sect*, *dis-sect*, *inter-sect*, *tri-sect*; *in-sect*; also *saw*, *sickle*, *sedge*, *scythe*, *risk*.

SECULAR, pertaining to the present world, not bound by monastic rules. (F.—L.) In Levius. ME. *secular*, *seculer*, *seculere*; Chaucer, C. T. 9127, 15456 (E 1251, B 4040). —AF. *seculer*, Year-books of Edw. I, i. 59, 133; MF. *seculier*, 'secular, lay, temporal'; Cot. —L. *secularius*, secular, worldly, belonging to the age. —L. *seculum*, a generation, age. β. Better written *seculum*; from ✓SE, to sow (Bréal); see **Sow**. Der. *secular-ly*, *ise*, *is-at-ion*, *ism*.

SECURE, free from care or anxiety, safe, sure. (L.) In Levius; accented *seure* in Hamlet, i. 5. 61. —L. *securus*, free from care. —L. *se*, free from; and *cūra*, anxiety; see **Se** and **Cure**. Der. *secur-ly*, *ness*; *secur-able*; *secur-i-ly*, from MF. *securité*, 'security', Cot., from L. acc. *securitatem*. Doublets, *sicker*, *sure*.

SEDAN, SEDAN-CHAIR, a portable vehicle, carried by two men. (F.) In Dryden, tr. of Juvenal, sat. i. 186. Named from Sedan, a town in France, N. E. of Paris; first seen in England, A.D. 1581; regularly used in London, A.D. 1634 (Haydn). Evelyn speaks of '*sedans*, from hence [Naples] brought first into England by Sir Sanders Duncomb'; Diary, Feb. 8, 1645. Cf. F. *sedan*, cloth made at Sedan (Littre).

SEDATE, quiet, serious. (L.) In Phillips, ed. 1706; Blount (ed. 1674) has *sedativeness* and *sedation*, of which the latter is obsolete. —L. *sedātus*, composed, calm; pp. of *sedare*, to settle, causal of *sedere*, to sit, cognate with F. *sit*; see **Sit**. Der. *sedate-ly*, *ness*. Also *sedat-ive*, i.e. composing, from F. *sedatif*, 'quieting, assuaging'; Cot. And see *sedentary*, *sediment*, *sed* (2).

SEDENTARY, sitting much, inactive. (F.—L.) Spelt *sedentarie*, Minshew, ed. 1627; and occurring in Cotgrave. —F. *sedentaire*, 'sedentary, ever-sitting'; Cot. —L. *sedentarius*, *sedentary*. —L. *sedent-*, pres. part. of *sedere*, to sit, cognate with F. *sit*; with suffix *-arius*; see **Sit**. Der. *sedentari-ly*, *ness*.

SEDGE, a kind of flag or coarse grass in swamps. (E.) MF. *segge*, Prompt. Parv.; Voc. 570. 48. The pl. *segges* occurs as late as in Baret (1580). *Segge* represents AS. *sege*, g., dat., and acc. of *seag*; seag: Gloss. to A.S. Leechdoms, vol. iii. 4. Low G. *sege*, *sedge*; in the dialect of Oldenburg; Bremen Wörterbuch. And cf. Irish *seag*, *seig*, *sedge*; W. *heger*. β. The AS. *eg* = *gg*; Thurt. type **ng-jū*, f.; lit. sense, 'cutting', i.e. sword-grass, from the sharp edge or sword-like appearance; cf. L. *gladiolus*, a small sword, sword-lily, flag. From the Teut. base **sax*, and grade of Teut. root **sex*, to cut = ✓SEQ, to cut; see **Saw** (1), **Section**. Der. *sedge*, *ed*, Temp. iv. 120; *sedge-y*.

SEDIMENT, dregs, that which settles at the bottom of a liquid. (F.—L.) In Minshew, ed. 1627. —MF. *sediment*, 'a sitting or settling of dregs'; Cot. —L. *sedimentum*, a settling, subsidence. —L. *sedere*, to sit, settle; with suffix *-mentum*. See **Sit**. Der. *sediment-ary*.

SEDITION, insurrection, rebellious conduct against the state. (F.—L.) ME. *sedition*, Wyclif, Mark, xv. 7, in some MSS.; others have *seduction*. —OF. *sedition*, 'a sedition, mutiny'; Cot. —L. *seditionem*, acc. of *seditio*, dissension, civil discord, sedition. β. I. It. 'a going apart,' hence dissension; just as *amb-ition* is 'a going

about' = *l. sed-*, apart; and *it-um*, supine of *ire*, to go, from *✓EI*, to go. See **Se-** and **Ambition**. Der. *sediti-ous*, *Cot.*, *sediti-ous-ly*.

SEDUCE, to lead astray, entice, corrupt. (L.) In *Levins*, ed. 1570; *Fryth's Works*, p. 95, l. 16; *Surrey*, l. 73, l. 5 from *encl.* = *L. seducere*, to lead apart or astray; pp. *seductus* = *L. sed-*, apart; and *ducere*, to lead; see **Se-** and **Duoct**. Der. *seduc-er*, *seduce-ment*, a coined word; *seduc-ion*, from *MF. seduction*, 'seduction', *Cot.*, from *L. acc. seductionem*, allied to the pp. *seductus*. Also *seduc-tive*, a coined word, from the pp. *seductus*; *seduc-ive-ly*.

SEDULOUS, diligent, constantly attentive. (L.) Used by *Bp. Taylor*, vol. iii. ser. 4 (R.). [The sb. *sedulity* is in *Minshew* and *Cotgrave*.] Englished from *L. sedulus*, diligent, by change of *-us* into *-ous*, as in *arduous*, &c. Cf. *sedulus*, adv. busily, from *sed-*, apart from, and *dolus*, abl. of *dolus*, fraud. *Brugmann*, i. § 244. Der. *sedulous-ly*, *-ness*; also *sedul-ity*, from *MF. sedulité*, 'sedulity', *Cot.*, from *L. acc. sedulitatem*.

SEE (1), to perceive by the eye. (E.) *ME. seen*, *sen*, *se*; pt. *sei*, *say*, *seigh*, *sigh*, *seij*, *saugh*, *sauk*, *saw*; pp. *sein*, *sejen*, *sen*, *seien*, *sie*; *Chaucer*, C. T. 193, &c. *AS. seon*; pt. *t. seah*, pl. *sawon*, pp. *gesegen*, *gesewen*; *Grein* + *Du. zien*, pt. *t. zag*, pp. *gezien*; *Icel. sjá*, pt. *t. sá*, pp. *senn*; *Dan. se*; *Swed. se*; *OHG. sehan*; *G. sehen*; *Goth. saihwun*, pt. *t. sahw*, pl. *sahwum*, pp. *sahwans*. *β*. All from a Teut. type **sehwan-* (pt. *t. sahu-*); *Pick.*, iii. 315; *Brugmann*, i. § 665. Der. *se-er*, lit. one who sees, hence, a prophet, *I Sam. ix. q*, spelt *sear* in the edit. of 1557; *see-ing*. And see *sight*.

SEE (2), the seat of a bishop. (F.-L.) Used by *Spenser* in the sense of 'seat' or throne; *F. Q. iv. 10. 30. ME. se*, *Chron.* of *England*, 363, in *Ritson*, *Met. Kom.* vol. ii.; *Trevila*, tr. of *Higden*, ii. 119; *P. Pl. Credo*, 558. -OF. *seil*, *se*, a seat, see (*Burguy*). = *L. sedem*, acc. of *sedes*, a seat. = *L. sed-*, as in *sed-i*, pt. of *sedere*, to sit; cognate with *E. sit*, q. v.

SEED, a thing sown, germ, first original or principle, descendants. (E.) *ME. seed*, *Chaucer*, C. T. 598 (A 596). *AS. sæd*, seed; *Grein*, ii. 394. + *Du. zaad*; *Icel. sæði*, *sáð*; *Dan. seed*; *Swed. sæd*; *G. saat*. Cf. *Goth. mana-sēths*, the world, lit. 'man-seed'; *L. semen*, seed. The *AS. sæd* answers to the Teut. type **sæ-dom*, neut.; from Teut. **sæ-* = *Idg. sē*, to sow. See **Sow**. Der. *seed-bud*, -ling, -lobe, -t-mun, -time; also *seed-y*, looking as if run to seed, hence shabby.

SEEK, to go in search of, look for, try to find. (E.) *ME. seken*, *Chaucer*, C. T. 17. *AS. secan*, to seek, pt. *t. sakte*, pp. *gesæht*; *Grein*, ii. 418. + *Du. zoeken*; *Icel. sjá*, written for *soekja*; *Dan. søge*; *Swed. söka*; *OHG. suohhan*, *MIIG. suchen*, *G. suchen*; *Goth. sökjan*; Teut. type **suk-jan-*, from **suk-* = *Idg. wīg-*, as in *L. sig-ire*, to perceive, (*Gk. ὁρῶμαι*, I consider. Cf. *Old Irish sigrim*, I seek for. *Seek* is a weak verb, with mutation from *ō* to *e* in the infn. mood. Der. *seek-er*, *he-seek*.

SEEL, to close up the eyes. (F.-L.) 'Come, *seeling* night;' *Macb. iii. 2. 46*. Spelt *sel* in *Palgrave*. Orig. a term in falconry, to close up the eyelids of a hawk (or other bird) by sewing up the eyelids; see *Stoat-dove* in *Halliwel*, and *sel* in *Nares*. = *MF. siller*; *siller les yeux*, 'to seal, or sow up, the eye-lids, thence also, to hood-wink, blind'; *Cot.* Also spelt *ciller*, 'to seale or sow up the eye-lids'; *id.* The latter is the better spelling. -OF. *cil*, 'the brim of an eye-lid, or the single rake of hair that grows on the brim'; *id.* = *L. cilium*, an eye-lid, an eye-lash; perhaps allied to *Gk. τὰ κύλα*, the parts under the eyes. See **Supercilious**.

SEEM, to appear, look. (E.) The old sense 'to be fitting' is preserved in the derivative *seemly*. *ME. seemen*, *Chaucer*, C. T. 10283 (F 2409). *AS. sēman*, *geōsman*, to satisfy, conciliate; *Grein*. Hence the idea of 'suit', whence that of 'appear suitable', or simply 'appear.' These senses are probably borrowed from the related adj. *seemly*, which is rather *Scand.* than *E.*; see **Seemly**. + *L. sēma*, for *seema*, to honour, bear with, conform to; closely related to *samar*, adj. becoming, fit, and to *sēma*, to beseech, become, befit. *β*. Here *ē* is (as usual) the mutation of *ē*, and the Teut. type is **sēm-jan*; from *sēm*, and grade of *sa-n-*, as in *E. same*; cf. *Icel. sēma*, to beseech, and *Icel. sama*, to beseech, *samar*, same; see further under **Seemly**. Der. *seem-ing*; also *seem-ly*, q. v.; *be-seem*, q. v.

SEEMLY, becoming, fit. (*Scand.*) *ME. semlich*, *Ancren Riwle*, p. 94, note; *semd*, *semdly*, *Chaucer*, C. T. 753 (A 751). = *Icel. samligr*, seemly, becoming; a longer form of *samar*, becoming, fit, with suffix *-ligr* answering to *AS. -lic*, like, and *E. -ly*; where *seem-* is the mutated form of **sēm-* (as in *Icel. sēma*, to beseech, and grade of **sam-*, as in *Icel. sama*, to beseech, befit, become; cognate with *Goth. samjan*, to please, lit. 'to be the same', hence to be like, to fit, suit, be congruent with. = *Icel. samr*, the same, cognate with *E. same*, q. v. ¶ Thus *seemly* = *same-like*, agreeing with, fit; and *seem* is to agree with, appear like, or simply, to appear; the *AS. sēman*, to conciliate, is the same, with the act. sense 'to make

like,' make to agree. Der. *seemly*, adv. (for *seem-li-ly*); *seemli-ness*, *Prompt. Parv.*

SEER, a prophet, lit. 'one who sees.' (E.) See **See**. **SEESAW**, motion to and fro, or up and down. (E.) In *Pope*, *Prolog. to Satires*, 323. A reduplicated form of *saw*; from the action of two men sawing wood (where the motion is up and down), or sawing stone (where the motion is to and fro). See **Saw** (1). It is used as adj., verb, and sb.; the orig. use was perhaps adjectival, as in *Pope*.

SEETHE, to boil. (E.) The pt. *t. sod* occurs in *Gen. xxv. 29*; the pp. *sodden* in *Exod. xii. 9*. *ME. sethen*, *Chaucer*, C. T. 385 (A 383); pt. *t. sing. seeth*, *id.* 8103 (E 227), pl. *sothen*, *soden*, *I. Plowman*, B. xv. 288, C. xviii. 20; pp. *soden*, *sothen*, *id.* B. xv. 425. *AS. sēðan*, pt. *t. sēð*, pp. *soden*; *Grein*, ii. 437. + *Du. zielen*; *Icel. sjáta*, pt. *t. saði*, pl. *sðu*, pp. *sóðinn*; *Dan. syde*; *Swed. sjuda*; *OHG. siadan*; *G. sieden*. Teut. type **seuthan-*, pt. *t. sauth*, pp. **sud-anoz*. Allied to *Goth. sauths*, *sauds*, a burnt-offering, sacrifice, *Mark. xii. 33*. Der. *sod*, *sud*.

SEGMENT, a portion, part cut off. (L.) In *Minshew*, ed. 1627. = *L. segmentum*, a piece cut off, for **sec-mēntum*. = *L. sec-ire*, to cut; with suffix *-mentum*; see **Section**.

SEGREGATE, to separate from others. (L.) Not common. In *Sir T. More*, *Works*, p. 428 d; where it occurs as a pp., meaning 'separated.' = *L. segregatus*, pp. of *segregare*, to set apart, lit. 'to set apart from a flock.' = *L. se-*, apart; and *greg-*, stem of *grex*, a flock; see **Se-** and **Gregarious**. Der. *segregat-ion*, from *MF. segregation*, 'a segregation,' *Cot.*, from *L. acc. segregat-ionem*.

SEGUIDILLA, a lively Spanish dance. (Span.-L.) *Moore* has the *F. form segundille*; Remember the Time, l. 5. -Span. *seguidilla*, a merry Spanish tune and dance, with a refrain. *Dimin.* of *seguida*, a continuation, succession (of the refrain). = *Span. seguir*, to follow. = *L. sequi*, to follow. See **Sequence**.

SEIGNIOR, a title of honour. (F.-L.) *ME. seignour*, *King Alisaunder*, 1458; the derived word *seigniority* is much commoner, as in *Rob. of Brunne*, p. 24, l. 18, *Kob. of Glouc.* p. 186, l. 358. = *OF. seignour*, *MF. seigneur*, 'a lord, sir, seignior'; *Cot.* = *L. seniorum*, acc. of *senior*, elder, hence, an elder, a lord; see **Senior**. Der. *seignior-y*, as above, from *OF. seignouris*, *MF. seigneurie*, 'seigniority', *Cot.*

SEINE, a large fishing-net. (F.-L. -Gk.) *ME. seyne*; *Wright's Vocab. i. 159*. = *F. seine*. = *L. sēgna*. = *Gk. σῆνῆν*, a large fishing-net.

SEIZE, to lay hold of, grasp, comprehend. (F. -OHG.) *ME. saynen*, *seynen*, orig. a law term, to give scisin or livery of land, to put one in possession of, also to take possession of; hence, to grasp; see *Havelok*, 251, 2513, 2518, 2521. = *OF. saisir*, *seisir*, to put one in possession of, take possession of (*Burguy*). = *Low L. saccin*, to take possession of. Usually referred to Teut. **saijan-*, *OHG. sazzan* (*Goth. saifjan*, *AS. settan*), to set, put, place, cognate with *E. set*. This may have given the *Low L.* form, though it would not give the *OF.* form directly. Der. *seiz-er*, *seiz-able*, a coined word; *seiz-ure*, *Troil. i. 1. 57*, a coined word, answering to the *F. infn. saisir* which as *plaisure* does to *plaisir*. Also *sai-in*, *seiz-in*, possession of an estate, a law term. *ME. seising*, spelt *seynen* in *Rob. of Glouc.* p. 382, l. 782, from *OF. seising*, the same as *saisine*, 'seisin, possession', *Cot.*; where the suffix *-ine* answers to *L. -ina*; cf. *Ital. sagina*, seisin, possession.

SEIZANT, sitting; a term in heraldry. (F.-L.) *AF. seiant*, pres. pt. of *AF. seier*, variant of *OF. seoir*, to sit (*Godefroy*). = *L. sedere*, to sit. See **Séance**, **Sit**.

SELAH, a pause. (Heb.) In *Ps. iii. 2*; and elsewhere in the psalms. The meaning of the word is unknown, and cannot be certainly explained. Usually taken to indicate 'a pause.' See *Smith Dict. of the Bible*.

SELDOM, rarely, not often. (E.) *ME. seldow*, *I. Plowman*, A. viii. 124; *selden*, *ib. vii. 137*; *seld*, *Chaucer*, C. T. 1541 (A 1539). *AS. seldan*, *seldon*, *seldum*, *seldom*; *Grein*, ii. 426. *β*. The *AS. seldum* is formed with an adverbial suffix *-um* which was orig. the inflectional ending of the dat. plural; just as in *hwil-um*, mod. *E. whilom*, lit. 'at whiles' or at times, *wundur-um*, wondrously, *lyt-um*, little, *miel-um*, much, and the like; see *March*, A. S. Gram. § 251. This form easily passed into *seldon* or *seldan*, just as *AS. onsundr-on*, asunder, stands for *on sundrum*. *γ*. This takes us back to an adj. *seld*, rare, only found as an adverb. 'Pæt folc wundur þæs he hit seldost geseht' = the people wonder at that which it most seldom sees; *Elfrid*, tr. of *Boethius*, cap. xxxix. § 3; where *seldost* is the superl. form of the adverb. We also find such compounds as *seld-eð*, rare, *seld-sine*, seldom seen; *Sweet*, A. S. Reader. + *Du. zelden*, adv.; *Icel. gjaldan*, adv. seldom; *Dan. sjelden*, adv.; *Swed. sällan* (for *sällan*), adv.; *G. selten*; *OHG. sellan*. *δ*. All these are adverbial forms from a Teut. adj. **seldoz*, rare, strange, appearing in *Goth. silda* - in comp. *silda-leiks*, wonderful, orig. perhaps 'of strange' form.

SELECT, choice. (L.) In Shak. Haml. i. 3. 74. = *L. selectus*, select, chosen; pp. of *selectus*, to choose. = *L. sē-*, apart; and *legere*, to choose. See **Se-** and **Legend**. Der. *select-us*; also *select*, verb. Cot. i. 6. 81; *select-ion*, sb., from *L. acc. selectiōnem*.

SELF, one's own person. (E.) ME. *self*, sometimes used in the sense of 'same' or 'very'; dat. *selve*; 'right in the selve place' = just in the very place, Chaucer, C. T. 11706 (F 1394). AS. *self*, also *seolf*, *self*, *siolf*, *syolf*, *self*; Grein, ii. 427, where numerous examples are given. +Du. *self*; Icel. *sjálf*; old form *sjálf*; Dan. *selv*; Swed. *sjelf*; Goth. *silba*; G. *selbe*, *selbst*. The origin is unknown. Der. *self-denial*, *self-evident*, *self-existent*, *self-possession*, *self-righteous*, *self-same*, *self-sufficient*, *self-willed*. Also *self-ish*, in Hacket's Life of Archbp. Williams, pt. ii. p. 144 (Trench, Eng. Past and Present); *self-ish-ness*, Butler, Hudibras, pt. i. c. 2. l. 1052. Also *my-self*, AS. *min self*, where *min* is the possessive pron. of the 1st person; *thy-self*, AS. *þin self*, where *þin* is the possessive pron. of the second person; *him-self*, where the AS. phrase is *hi self*, nom., *his selfes*, gen., *him selfum*, dat., *hine selfne*, acc. (see Grein); *her-self*, due to AS. *hyre selfes*, dat. fem.; &c. For the use of these forms in ME. and AS., see examples in Strattmann and Grein. Also *self-age*, q. v.

SELL (1), to hand over or deliver in exchange for money or some other valuable. (E.) ME. *sellen*, Wyclif, Luke, xii. 33; *sillen*, Matt. xix. 21. AS. *sellan*, *sillan*, *syllan*, to give, hand over, deliver; Grein, ii. 429. +Icel. *selja*, to hand over to another; Dan. *selge*; Swed. *sälja*; MHG. *selien*; OIIG. *saljan*, +Goth. *saljan*, to bring an offering, to offer a sacrifice. β. All from a Teut. type **saljan-*, to offer, deliver, hand over. This is a causal form, allied to the sb. which appears in E. as **Salo**, q. v. Der. *seller*.

SELL (2), a saddle. (F.-L.) In Spenser, F. Q. ii. 2. 11, 3. 12. ME. *sellor*, a seat, Wyclif, 2 Macc. xiv. 21. = OF. *sellor*, 'a stool, a seat, also, a saddle'; Cot. = *L. sella*, a seat. For **sed-la*, from *sedere*, to sit; see **Settle** (1), and **Sit**. Brugmann, i. § 475.

SELVAGE, SELVEDGE, a border of cloth, forming an edge that needs no hem. (Du.) In Exod. xxvi. 4, xxvii. 11; spelt *selwege* in the edit. of 1551; *selwege* in G. Douglas, Prol. to Aen. xii. l. 16. It merely means *self-edge*, but it was borrowed from Dutch. 'The *self-edge* makes show of the cloth'; Ray's Proverbs, ed. 1737. = MDu. *selfeghe*, the selvage, spelt *self-eghe* in Kilian; from *self*, *self*, and *egge*, edge. [The more usual Du. word is *selfkant*, for *selfkant*.] 'Edge, an edge, or a selvage; kant, the edge, brinke, or scame of anything; de *selfkant*, the selvage of cloth'; Hexham. See **Self** and **Edge**.

SEMAPHORE, a kind of telegraph. (F.-Gk.) A late word, not in Todd's Johnson. A F. name (ab. 1803) for a telegraph worked with arms projecting from a post, the positions of the arms giving the signals. Coined from Gk. *σημα*, a sign; and *φορεά*, a carrying, from *φέρειν*, to bear, carry, cognate with E. **Bear**, v.

SEMBLANCE, an appearance. (F.-L.) ME. *semblaunce*, Rom. of the Rose, 425. = OF. *semblance*, 'a semblance, shew, seeming'; Cot. Formed, with suffix *-ance* (= *L. -antia*) from *sembler*, 'to seem, or make shew of; also, to resemble'; Cot. = *L. simulari*, to assume the appearance of, simulate; see **Simulate**. Cf. *re-semblance*.

SEMI-, half. (L.) *L. semi-*, half; reduced to *semi-* in *L. semis*. +Gk. *ἡμι-*, half; AS. *sam-*, half; as in *sam-wis*, half wise, not very wise; Grein, ii. 388, 390; Skt. *sāmi*, half; which Benfey connects with *sāmya*, equality, from *sama-*, even, same, equal, like, cognate with E. **Same**. Thus *semi-* denotes 'in an equal manner', referring to an exact living or equitable division; and is a mere derivative of *sam-*. Doublet, *hemi-*.

SEMI-BREVE, half a breve, a musical note. (Ital.-L.) From Ital. *semibreve*, 'a semibreve in muske'; Florio, ed. 1598. = Ital. *semi-*, half; and *breve*, a short note. See **Semi-** and **Breve**.

¶ Similar formations are seen in *semi-circle*, *semi-circumference*, *semi-colon*, *semi-diameter*, *semi-fluid*, *semi-guaver*, *semi-transparent*, *semi-vocal*, *semi-vowel*; all coined words, made by prefixing *semi-*, and presenting no difficulty.

SEMINAL, relating to seed. (F.-L.) Sir T. Browne has *seminality*, sb., Vul. Errors, b. vi. c. 1. § 3. = MF. *seminial*, adj. 'of seed'; Cot. = *L. seminālis*, relating to seed. = *L. sēmin-*, stem of *semen*, seed. = *L. base sē-*, appearing in *sēni*, pl. t. of *serere*, to sow; and suffix *-nis*. *Serere* is cognate with F. **Sow**, q. v. Der. *semin-ar-y*, q. v. Also *semin-ation* (rare), from *L. seminatio*, a sowing, which from *seminare*, to sow, derived from *semen*.

SEMINARY, a place of education. (L.) The old sense was a seed-garden. 'As concerning *seminaries* and nourse-gardens'; Holland, tr. of Pliny, b. xvii. c. 10. = *L. seminārium*, a seed-garden, nursery garden, seed-plot; neut. of *semināre*, belonging to seed. = *L. sēmin-*, stem of *semen*, seed; and suffix *-arius*. See **Seminal**.

SEMOLENA, large grains left after the finer flour has passed through the sieve. (Ital.-L.) Modern; for *semoлина*, = Ital. *semoлина*,

m., small seed, paste for soups, dimin. of *semola*, bran. = *L. simila*, fine wheaten flower. +Gk. *σπιθαμή*, the same. See **Simnel**.

SEMPITERNAL, everlasting. (F.-L.) In Minshew and Cotgrave. Altered from F. *sempiternel*, 'sempiternal'; Cot. *L. sempitern-us*, everlasting; with suffix *-ilis*. = *L. sempit-*, for *sempit-*, ever; with suffixes *-ter-* and *-nus*; cf. *noct-tur-nus* (for *noct-tur-nus*) from the stem *noct-*. β. *L. semper* is perhaps for **sem-peri*, 'in one (continuous) part, in one sequence, ever'; from *sem-*, 'one'; as in *semel*, once, and **per-i*, allied to 'part'. Brugmann, i. § 1023 (12); ii. § 160 (1).

SEMPSTER, SEMPSTRESS, the same as **Seamstress**, q. v. **SENBARY**, belonging to six. (L.) The *senary* scale (scale by sixes) is a mathematical term. = *L. sēnārius*, consisting of six each. = *L. sēni*, six each; for **sex-ni*. = *L. sen*, six, cognate with E. *six*; see **Six**.

SENATE, a council of elders. (F.-L.) ME. *senat*; spelt *senoht*, Layamon, 25388. = OF. *senat*, 'a senat'; Cot. = *L. senātum*, acc. of *senātus*, the council of elders. = *L. sen-*, base of *sen-ex*, old, *sen-ium*, old age; with pp. suffix *-ātus*; so that *sen-ātus* = grown old. Cf. Vedic Skt. *sana-*, old (Benfey), OGrk. *σενος*, old; Goth. *sin-ēigs*, old, *sin-ista*, eldest; Old Irish *sen*, Irish and Gael. *sean*, W. *ken*, old. See **Senior**. Der. *senat-or*, ME. *senat-our*, Chaucer, C. T. 5430 (B 1010), from OF. *senatour* (Littre), from *L. acc. senātor*, altered to *senator* to make it like the *L. nom.* case. Hence *senator-ship*, *senator-ial*, *senator-i-al-ly*. Brugmann, i. § 117.

SEND, to cause to go, despatch. (E.) ME. *senden*, pt. t. *senle*, *senle*; pp. *sent*; Chaucer, C. T. 5511 (B 1091), AS. *sendan*, pt. t. *sende*, pp. *sended*, Grein, ii. 431. +Du. *zenden*; Icel. *senda*; Dan. *sende*; Swed. *sända*; Goth. *sanjan*; MHG. *senten*, G. *senden*. Teut. type **sanjan*, for **santhjan-*, by Verner's Law; from **santh*, and grade of **senhan-*, to go. Hence *send* is a causal verb; lit. 'to make to go'. β. The Teut. **senhan-*, to go, pt. t. **santh*, is a lost str. vb. of which the prime grade appears in Goth. *sintha* (for **senthoz*), AS. *sith* (for **senith*), a journey, way; Teut. type **senthoz*, in; Jdg. 'senitos', a way, as seen in Old Irish *set* (for **sent*), W. *hynt*, Bret. *hent* (for **sent*), a way. Cf. G. *gesinde*, followers; Goth. *gwinthja*, a travelling companion. See **Sense**.

SENDAL, CENDAL, a kind of rich thin silken stuff. (F.-Low L.-Skt.) See **Sendall** and **Cendal** in Halliwell. ME. *sendal*, P. Plowman, R. vi. 11; Chaucer, C. T. 442 (440). = OF. *sendal* (Roggefort); also *cendal* (Burguy). Cf. Port. *cendal*, fine linen or silk; Span. *cendal*, light thin stuff; Ital. *zendalo*, *zendado*, 'a kind of fine thin silken stuff, called tuffeta, sarcenet, or sendall'; Florio. = Low L. *cendulum*; also spelt *cendile*, *cenditum*, *senditum*, *sendidum*, *cindulus*, *cindulus*. Cf. also Gk. *σινδών*, fine linen. So called because brought from India. = Skt. *sindhān*, the river Indus, the country along the Indus, *Sindhe*. See **Indigo**.

SENECHAL, a steward. (F.-Teut.) In Spenser, F. Q. iv. i. 12. ME. *seneschal*, P. Plowman, c. i. 93. = OF. *seneschal*, 'a seneschal, the president of a precinct'; Cot. Cf. Span. *senescal*, Ital. *siniscalco*, a seneschal, steward. The orig. signification must have been 'old (i. e. chief) servant', as the etymology is undoubtedly from the Goth. *sin*, old (only recorded in the suprl. *sin-ista*, eldest), and *skalks*, a servant. The Goth. *sin* is cognate with *L. sen-ex*, old. The word *mar-schal* is a similar compound. See **Senior** and **Marshal**.

SENILE, old. (L.) A late word; in Todd's Johnson. = *L. senilis*, old. = *L. sen-*, base of *sen-ex*, old, with suffix *-ilis*. See **Senior**. Der. *senil-ity*.

SENIOR, elder, older. (L.) In Shak. I. L. i. 2. 10; cf. *senior-junior*, I. L. i. iii. 182; spelt *seniour*, Tyndale, Mark, vii. 3 (1526); *senyor*, Monk of Kesham (ab. 1412), c. x. ed. Arber, p. 31. = *L. senior*, older; comparative from the base *sen-*, old, found in *sen-ex*, old, *sen-ium*, old age. From the Idg. type **senos*, old, see **Senate**. Der. *senior-ity*. Doublets, *signior*, *señor*, *seignior*, *sire*, *sir*.

SENNA, the dried leaflets of some kinds of cassia. (Ital.-Arab.) Spelt *sena* in Phillips, ed. 1706; the older name is *seny* or *senie*, ME. *senie*, Libell of E. Policy, l. 362, which is a F. form, from OF. *seni* (Cot.). Minshew's Span. Dict. has 'sen', *sen*; ed. 1623. = Ital. *sena* (Florio). = Arab. *sani*, senna; Palmer's Pers. Dict., col. 261; Rich. Dict., p. 821.

SENNET, a signal-call on a trumpet. (F.-L.) In stage-directions; see King Lear, i. 1. 33, and Wright's note. And see Nares. Also spelt *cyenet*, *sinet*, *synnet*, *signate*. = OF. *sinet*, *senet*, *segnet* (Godefroy, s. v. *segnet*), lit. a signet, a little sign (hence, signal); dimin. of F. *seing*, *signe*, = *L. signum*, a sign; see **Sign**. See Notes on Eng. Itym., p. 264.

SENNIGHT, a week. (E.) Spelt *senyght* in Palsgrave; *senyght*, Sir Amadas, 590 (Weber); a contraction of *seven night*; see **Seven** and **Night**.

SENSE, a faculty by which objects are perceived, perception, discernment. (F.—L.) It does not appear to be in early use; Palsgrave gives *sensuallness* and *sensuallty*, but not *sense*. Levins has *sensible* and *sensual*, but also omits *sense*. Yet it is very common in Shakespeare. 'And shall *sensitive* things be so senseless as to resist sense?' Sir P. Sidney, *Arcadia*, poem ix. l. 137; cf. Grosart, ii. 25.—F. *sens*, 'sense, wit'; Cot.—L. *sensum*, *act of sensus*, feeling, sense; cf. *sensu*, pp. of *sensire*, to feel, perceive. β. From the ldg. base **sent-*, to direct oneself towards, whence also not only G. *sinn*, sense, G. *sinnen*, to think over, reflect upon, but also ldg. **sensos*, a way, and E. *sense*; see **SAND**. Der. *sense-less*, *sense-less-ly*, *sense-less-ness*; *sens-ible*, Gower, C. A. iii. 88; bk. vii. 127, from F. *sensible*, 'sensible', Cot., from L. *sensibilis*; *sens-ibl-ly*, *sensible-ness*, *sensibil-i-ty*. Also *sens-i-ive*, from F. *sensitif*, 'sensitive', Cot.; *sens-i-ive-ly*, *sens-i-ive-ness*; *sens-al-ion*, Phillips, from L. **sensatio*, a coined word from L. *sensatus*, endowed with sense; *sens-al-ton-al*, *sens-al-ton-al-ism*. Also *sens-or-i-um*, from Late L. *sensorium*, the seat of the senses (White); *sens-or-i-al*. And see *sens-u-al*, *sens-ent*, *sens-i-ment*. From the same source we also have *assent*, *consent*, *dis-sent*, *re-sent*; *in-sens-ate*, *non-sense*, *pre-sent-i-ment*, *scent*.

SENSUAL, affecting the senses, given to the pleasures of sense. (L.) In Levins; Palsgrave has *sensuallness* and *sensuallty* (sensuality) in his list of sb., and *sensual* in his list of adjectives. From Late L. *sensuālis*, endowed with feeling; whence *sensuālitās*, sensibility (White). Formed with suffix *-ālis*, from *sensu*, for *sensus*, sense; see **SENSE**. Der. *sensual-ly*, *sensual-ty*, from F. *sensuālit*, 'sensuality', Cot.; *sensual-ness*, *sensual-ty*, *sensual-ism*, *sensual-ist*. Also *sens-u-ous*, a coined word, used by Milton; see Rich. and Todd's Johnson.

SENTENCE, an opinion, maxim, decree, series of words containing a complete thought. (F.—L.) ME. *sentence*, Ancren Riwle, p. 348, l. 14.—F. *sentence*, 'a sentence', Cot.—L. *sententia*, a way of thinking, opinion, sentiment. For **sententia*, from the stem of the pres. part. of *sentire*, to feel, think; see **SENSE**. Der. *sentence*, vb., Meas. for Mens. ii. 2. 55; *sententious*, As You Like It, v. 4. 66, from F. *sententiosus*, 'sententious', Cot., from L. *sententiōsus*; *sententi-ous-ly*, *ness*. Also *sentient*, feeling, from stem of pres. part. of *sentire*, to feel.

SENTIMENT, thought, judgement, feeling, opinion. (F.—L.) MF. *sentement*, Chaucer, *Troil.* to Legend of Good Women, l. 69. [Afterwards conformed to a supposed L. form **sentimentum*, not used.]—OF. *sentement*, 'a feeling'; Cot.; F. *sentiment*. Formed as if from L. **sentimentum*, a word made up of the suffix *-mentum* and the verb *sentire*, to feel. See **SENSE**. Der. *sentiment-al*, *sentiment-al-ly*, *sentiment-al-ism*, *-ist*.

SENTINEL, one who keeps watch, a soldier on guard. (F.—Ital.—L.) Spelt *centonell*, Spenser, F. Q. i. 9. 41; *centronel*, Marlowe, Dido, ii. 1. 323; *sentinel*, Macb. ii. 1. 53.—MF. *sentinelle*, 'a sentinell, or sentry'; Cot.—Ital. *sentinella*, 'a watch, a sentinell, a souldier which is set to watch at a station'; Florio. Cf. Span. *centinela*, a sentinell; MF. *sentinella*, a watch-tower (Godefroy). Usually explained from L. *sentire*, to perceive; as if a *sentinel* meant a watcher, scout; but this does not account for the *-in-*. See Körting, §§ 8297, 8611. β. Derived by Wedgwood from OF. *sentine*, a path (Roquefort), due to L. *sentia*, a path; this does not help us; for the word is Italian, not French. At the same time, it would be possible to derive the form *centronel* (in Marlowe) from OF. *centron*, a path (Godefroy). See **Sentry**. γ. Perhaps from Ital. *sentina*, in the sense of 'rascal rout of camp-followers,' or 'a place where such used to congregate;' if the sentinel had to watch them; see Florio and Lewis.

SENTRY, a sentinel, soldier on guard. (F.—L.) Spelt *sentrie*, in Minshew, ed. 1627; *sentries*, pl., Milton, P. L. ii. 412; *sentry* in Cotgrave, s.v. *sentinelle*. Perhaps from MF. *sentier*, adj., 'of, or in, a path'; Cot. Or from OF. *sentier*, a path; with reference to the sentinel's beat, or his guarding the approaches. The former answers to Late L. *sentinarius*, adj. (Lewis); whence the neuter *sentinārium* (F. *sentier*), a path (Ducange).—L. *sentia* (whence OF. *sente*), a path. Der. *sentry-box*.

SEPAL, a calyx-leaf, division of a calyx; in botany. (F.—L.) F. *sepale*, a sepal. Coined (to pair with *petal*, F. *pétale*) by taking part of L. **spar-*, separate, and adding *-ale*. Thus *sepal* is (practically) short for **spar-al*, where *spar-* was regarded as a part of L. **spar-are*, to separate. See **SEPARATE**.

SEPARATE, to part, divide, sever. (L.) We should have expected to find *separate* first used as a pp., in the sense 'set apart'; but I find no very early example. Levins, Shakespeare, and Milton recognize only the verb, which occurs as early as in Tyndale, Works, p. 116, col. 2; see Richardson, L. **sparātus*, pp. of **sparāre*, to separate.—L. *se-*, apart; and *parāre*, to provide, arrange. See **Se-** and **Parade**, **Parē**. Der. *separate*, adj., from pp. **sparātus*;

separate-ly; *separat-ion*, from MF. *separation*, 'separation,' Cot.; *separat-ism*, *separat-ist*. Also *separ-able*, from L. **sparābilis*; *separabl-y*. Doublet, *sever*.

SEPIA, ink from the cuttlefish. (L.—Gk.) L. *sepia*.—Gk. *sepiā*, cuttlefish, sepiā.

SEPOY, one of the native troops in India. (Pers.) **Sepoy* (a corruption of *sipāhi*, Hindostanee for a soldier), the term applied to the native troops in India; Haydn, Dict. of Dates. The word is, however, a Persian one.—Pers. *sipāhi*, 'a horseman, one soldier; properly an adj., 'military, belonging to an army'; Rich. Dict. p. 807.—Pers. *sipāh*, *supāh*, an army; *sipāh*, *supāh*, *sapāh*, an army; id. pp. 807, 808; Horn, § 699. ¶ The Pers. ā being sounded nearly as E. au in *maul*, the spelling *sepoys* gives the right sound very nearly.

SEPT, a clan. (F.—L.) It is chiefly used of the Irish clans. Spenser has 'the head of that *sept*,' and again, 'whole nations and *septs* of the Irish'; View of the State of Ireland, Globe ed., p. 611, col. 1. 'The Irish man . . . termeth ane of the English *septs*,' &c.; Holinshed, Descr. of Ireland, cap. 8. 'Five of the best persons of every *sept* [of the Irish]; F. F. Worthies; Kent (K.). 'All of the old Irish *septs* of Ulster'; Clarendon, Civil Wars, iii. 430 (R.). Wedgwood says: 'a clan or following, a corruption of the synonymous *sept*.' He cites from Notes and Queries (2d Series, ill. 361, May 9, 1857), two quotations from the State Papers, one dated A. D. 1537, which speaks of 'M'Morgho and his kinsmen, O'lyme and his *septs*,' and another dated A. D. 1536, which says 'there are another *septs* of the Berkes and divers of the Irishry towards Sligo.'—OF. *septe*, variant of *septe*, a sect; Supp. to Godefroy. See **SECT**. Wedgwood adds: 'The same corruption is found in Prov. *septe*. "Vist que lo dit visconte non era ercege ni de lor *septe*"=seeing that the said viscount was not heretic nor of their sect; Sismondi, Litt. Provenç., 215.' Ducange has Late L. *septor* for Ital. *setta* (C. L. *setta*). ¶ Perhaps influenced by L. *septum*, an enclosure; from *sepiare*, *sepiare*, to hedge in, from *sepiare*, *sepiare*, a hedge. Doublet, *sepiare*.

SEPTEMBER, the ninth month. (L.) ME. *Septembre*, Chaucer, On the Astrolabe, pt. i. § 10. 1, 2. It seems to be meant for the Latin, not the French form, for the other months being mostly named in Latin.—L. *September*, the name of the seventh month of the Roman year.—L. *septem*, seven, cognate with E. *seven*; and the suffix *-ber*, of uncertain origin. See **SEVEN**.

SEPTENARIY, consisting of seven. (L.) In Sir T. Browne, Vulg. Errors, iv. 12. 12. A mathematical term.—L. *septenarius*, consisting of seven.—L. *septēni*, pl., seven apiece, by sevens; for **septem-ni*.—L. *septem*, seven. See **SEVEN**.

SEPTENNIAL, happening every seven years, lasting seven years. (L.) Used by Burke; see Todd's Johnson. Formed with suffix *-al*, from L. *septenni-um*, a period of seven years.—L. *septenni-*, adj., of seven years.—L. *sept-*, for *septem*, seven; and *annus*, a year. See **SEVEN** and **Annual**. Der. *septennial-ly*.

SEPTIC, putrefying. (Gk.) Modern.—Gk. *σπυρικός*, characterized by putridity.—Gk. *σπυρός*, rotten; from *σπυρ*, to cause to rot.

SEPTUAGENARY, belonging to seventy years. (L.) In Sir T. Browne, Vulg. Errors, d. iii. c. 9, § 4, last line.—L. *septuagennarius*, belonging to the number seventy.—L. *septuāgēni*, seventy each; distributive form of *septuāgintā*, seventy.—L. *septuā-*, due to *septem*, seven; and *-ginta* = *-cinta*, short for **decinta*, tenth, from *decem*, ten. See **SEVEN** and **Ten**. Der. *septuagenari-um*. So also *septuagesima*, lit. seventieth, applied to the Third Sunday before Lent, about 70 days before Easter; from L. *septuāgēsimā* (*diēs*), fem. of *septuāgēsimus*, seventieth, ordinal of *septuāgintā*, seventy. Also *septua-gint*, the Greek version of the Old Testament, said to have been made by 70 translators; used by Bunsen (Johnson).

SEPULOCHRE, a tomb. (F.—L.) ME. *sepulchre*, in early use; O. Eng. Homilies, ed. Morris, ii. 95, l. 11.—OF. *sepulchre*, MF. *sepulchre*, 'a sepulchre, tomb'; Cot.—L. *sepulcrum* (also ill-spelt *sepulchre*, a tomb.—L. *sepul-*, appearing in *sepulcrum*, pp. of *sepulchre*, to bury; with suffix *-crum*. Der. *sepulchral*, from F. *sepulchral*, 'sepulchral'; Cot.; also *sepulchre*, Rob. of Glouc. p. 166, l. 3466, from MF. *sepulchre*, 'sepulchre, a burying', Cot. from L. *sepulchra*, burial, due to *sepulcrum*.

SEQUEL, consequence, result. (F.—L.) Spelt *sequelle* in Levins, and by Surrey; see Tottell's Miscellany, ed. Arber, p. 218, l. 8; and in Dictes and Sayings, pp. by Caxton, fol. 3 b, l. 10.—OF. *sequelle*, 'a sequel'; Cot.—L. *sequela*, that which follows, a result.—L. *sequi*, to follow; see **SEQUENCE**.

SEQUENCE, order of succession, succession. (F.—L.) In Shak. K. John, ii. 99; Gascoigne, Works, ed. Hazlitt, l. 422, l. 5.—OF. *sequence*, 'a sequence at cards'; *sequences*, pl., answering verses, Cot.; with which cf. the passage in Gascoigne.—L. *sequentia*, sb., a following.—L. *sequens*, stem of pres. part. of *sequi*, to follow.

—*SEQ.*, to follow; whence Skt. *sach*, to follow; Lith. *sek-li*, to follow, Irish *seich-im*, I follow; Gk. *ἐσπου*, I follow. Der. *sequi*, following, from the pres. part. of *sequi*. Also (from *sequi*) *con-sec-utur*, *con-sequ-ence*, *ex-sec-ute* (for *ex-sec-ute*), *ex-sequ-ies* (for *ex-sequ-ies*), *ob-sequ-ies*, *per-sec-ute*, *pro-sec-ute*, *sequ-er*, *sequ-er*, *sub-sequ-ent*. Also *as-sec-ute*, *dis-sec-ute*, *soc-iable*, *soc-ial*, *soc-iety*; *in-trin-sic*. Also *sect*, *se-ct*, *sue*, *en-sue*, *pur-sue*, *pur-sue*, *pur-sue*, *suit*, *suit-able*, *suit-or*, *suite*, *pur-suit*. See *SUE*. Brugmann, i. § 118.

SEQUESTER, to set aside or apart. (F.—L.) 'Him hath God the father specially *sequestered* and secured and set aside'; Sir T. More, Works, p. 1046 f. And see *sequestration* in Blount's Nomolexicon. We find also: 'Hic *sequestarius*, a sequester,' in the 15th century; Wright's Vocab. l. 210, col. 2; and see Wyclif, i. Macc. xi. 34.—MF. *sequester*, 'to sequester (*sic*), or lay aside'; Cot.—L. *sequestrare*, to surrender, remove, lay aside; cf. l. *sequester*, a mediator, agent or go-between, also a depositary or trustee. Allied to *sequi*, to follow (Ibid.). Der. *sequester-ed*, set apart, retired; *sequester*, sb., seclusion, Oth. iii. 4. 40; also *sequester-ate*, *sequester-ation*, *sequester-al-ion*. **SEQUIN**, a gold coin of Italy. (F.—Ital.—Arab.) Also spelt *chequim*, Shakh. Pericles, iv. 2. 28; also *zechin*, which is the Ital. form.—F. *sequin*, 'a small Italian coin'; Cot.—Ital. *zechino*, 'a coin of gold current in Venice'; Florio.—Ital. *zecca*, 'a mint or place of coining'; id.—Arab. *sikka*(s), pronounced *sikkah*, 'a die for coins'; Rich. Dict. p. 838. Hence also *sica* rupee (Vile).

SERAGLIO, a place of confinement, esp. for Turkish women. (Ital.—L.) A. The peculiar use of this word, in mod. F., is due to a mistake. The orig. sense is merely an enclosure, and it was sometimes so used. 'I went to the Ghetto [in Rome], where the Jewes dwell as in a suburbie by themselves. . . I passed by the Piazza Judea, where their *seraglio* begins; for, being inviron'd with walls, they are lock'd up every night'; Evelyn, Diary, Jan. 16, 1645. We find it in the modern sense also: 'to pull the Ottoman Tyrant out of his *seraglio*, from between the very arms of his 1500 concubines'; Howell, Foreign Travel (1642), sect. ix; ed. Arber, p. 45.—Ital. *seraglio*, 'an inclosure, a close, a padock, a parke, a cloister or seclude'; Florio, ed. 1598. B. There was at that date no such restricted use of the Ital. word as our modern sense indicates. Cotgrave, indeed, translates MF. *serail* by 'the palace wherein the great Turk murther up his concubines'; yet he also gives *serail d'un hain*, the bolt of a door, which is the older sense. C. The Ital. *seraglio* is formed with suffix *-aglio* (L. *-aculum*) from the verb *serare*, 'to shut, lock, inclose'; Florio. Cf. Late L. *seracula*, a small bolt.—Late L. *serare*, to bar, bolt, shut in.—L. *sera*, a bar, bolt.—L. *serre*, to join or bind together; see *SERIES*. D. It is clear that the modern use of *seraglio* was due to confusion with Pers. (and Turkish) *seray* or *serai*, 'a palace, a grand edifice, a king's court, a seraglio'; Rich. Dict. p. 821. See Hnom, § 727. It is equally clear that the Pers. word is not the real source of the Italian one. See *SERIED*.

SERAI, a court for the accommodation of travellers, a caravan-seray. (Pers.) Also used to mean 'seraglio,' as in Byron, The Giaour: 'When Leila dwelt in his *Serai*.' From Pers. *serai*, lit. a palace. Hnom, § 727. See *Seraglio*, B.

SERAPH, an angel of the highest rank. (Heb.) Spenser has *seraphims*, Ilynn of Heavenly Beautie, l. 94. The A. V. has *seraphims*, Isa. vi. 2; *seraphim* being the Hebrew plural, out of which has been evolved the E. sing. *seraph*.—Heb. *seraphim*, seraphs, exalted ones. 'Gesenius connects it with an Arabic term meaning high or exalted; and this may be regarded as the generally received etymology'; Smith, Dict. of the Bible. Cf. Arab. *sharaf*, 'being high or noble'; Rich. p. 888. Der. *seraphic*, *seraphic-al*, *seraphic-or*.

SERASKIER, a Turkish general. (F.—Turk.—Pers.—Arab.) In Byron, Don Juan, viii. 98.—F. *seraskier* (Littre).—Turk. *serask*(i-er), general (where the i is slight).—Pers. *ser*, head; and Arab. *askar*, army (Devic); i.e. 'head of the army.'

SERE (1), withered; the same as *Sear*, q. v.
SERE (2), a bird's claw; the catch of a gunlock. (F.—L.) For 'bird's claw,' see *serre* in Nares. 'Tickled and tickle, i.e. ticklish o' the *serre*.' Hamlet, ii. 2. 337 (see Wright's note); i.e. like a gunlock of which the catch is easily released.—MF. *serre*, 'a hawk's talon'; Cot.; because it holds fast.—F. *serrier*, 'to bind fast, lock'; Cot.—L. *serrire*, to lock; see *SERIED*.

SERECLOTH, waxed cloth; see *Cerescloth*, Cere.
SERENITY, calm. (L.) In Milton, P. l. iii. 25, v. 123, 734.—L. *serenus*, bright, clear, calm (of weather). See Brugmann, i. § 920 (4). Der. *seren-ly*, *ness*; *seren-ity*, from MF. *serenité*, 'serenity'; Cot. from L. acc. *serenitatem*. Also *seren-ade*, in Blount's Gloss, ed. 1674, from MF. *serenade* (Cot.), which from Ital. *serenada*, 'music given under gentlewomen's windows in a morning or evening'; Florio; properly pp. of Ital. *serenare*, 'to make cleere, faire, and

lightsome, to looke cheerfullie and merrilie,' id. Milton uses the Ital. form *serenate*, P. l. iv. 769. Hence *serenade*, verb.

SERF, a slave attached to the soil. (F.—L.) Given in Ash's Dict., ed. 1775. It occurs in Caxton's Golden Legend, St. John Evang., § 5.—F. *serf*, 'a servant, thrall'; Cot.—L. *seruus*, acc. of *seruus*, a slave; see *SERVE*. Der. *serf-dom*, a coined word, with E. suffix *-dom*.

SERGE, a cloth made of twilled worsted or silk. (F.—L.—Gk.—Chinese.) Now used of stuff made of worsted; when of silk, it is called *silk serge*, though the etymology shows that the stuff was orig. of silk only. In Shak. 2 Hen. VI., iv. 7. 27.—F. *serge*, the stuff called serge; Cot.—L. *serica*, fem. of *sericus*, silken; we also find *serica*, neut. pl., silken garments.—L. *Sericus*, of or belonging to the *Seres*, i.e. Chinese.—Gk. *Σήρης*, pl. Chinese. Cf. *serp*, a silkworm. From the Chinese *sa*, *sei*, silk. See *SILK*.

SERGEANT, **SERJEANT**, a lawyer of the highest rank; a non-commissioned officer next above a corporal. (F.—L.) Orig. a law-term, in early use. ME. *sergent*, pl., officers, O. Eng. Homilies, ed. Morris, i. 177, l. 2; *sergeant*, Chaucer, C. T. 311 (A. 309);—OF. *sergent*, *serjant* (burguy), later *sergent*, 'a sergeant, officer'; Cot.—Late L. *serenitatem*, acc. of *serenus*, a servant, vassal, soldier, apparitor; Duange. The Late L. *serenitatem* acc. of *serenus* = *serenitatem* = L. *serenitatem*, pres. part. of *seruire*, to serve; see *SERVE*. Der. *sergent-major*, *sergent-voy*, *sergent-ship*. Doublet, in Blount's Gloss, ed. 1674.—L. *seris*, a row, series.—L. *seris*, pp. *serius*, to join together, bind.—Gk. *σέρις*, to fasten, bind (for **σέρις*); cf. Lith. *seris*, thread; Icel. *seris*, a necklace; Skt. *serit*, thread). Der. *seri-al*, arranged in a series; modern, not in Todd's Johnson; hence *serial-ly*. Der. (from same root) *ser-aglio*, *serri-ed*. Also (from pp. *serius*) *as-seri*, *con-seri*, *dis-seri* (1), *dis-seri-al-ion*, *exert* (for *ex-seri*), *in-seri*.

SERIF, the short cross-line at the end of a stroke of a printed letter. (Du.) Letters made without this cross-stroke are called *sans-serif* (from F. *sans*, without). Most probably, *ser* represents the F. (or F.) equivalent of Du. *schree*—in *schree*; a dash, a short line; MDu. *schree*, a line. Allied to OIIG. *serwin*, to scratch, incise. Cf. Low G. *schree*, a line to mark how far one goes; *over's schree*, over (beyond) the stroke, too far.

SERIOUS, weighty, solemn, in earnest. (F.—L.) 'So *serious* and earnest remembrance'; Sir T. More, p. 480 g. 'Seryouse, earnest, *serius*'; Palsgrave.—OF. *serius* (mod. F. *serieux*), omitted by Cotgrave, but recorded by Palsgrave, and in use in the 14th cent. (Littre).—Late L. *serius*, serious; Duange.—L. *serius*, grave, earnest. B. Root uncertain; the long *e* in *serius* induces Fick to compare it with G. *schwer* (OIIG. *swēr*), weighty, heavy; cf. Lith. *serius*, heavy; see Fick, i. 822. Der. *serius-ly*, *ness*.

SERMON, a discourse on a Scriptural text. (F.—L.) MF. *sermon*, *sermon*; in early use; see Old Eng. Miscellany, ed. Morris, p. 186, title. The verb *sermonen*, to preach, occurs in O. E. Homilies, i. 81. l. 14.—F. *sermon*, 'a sermon'; Cot.—L. *sermonem*, acc. of *sermo*, a speech, discourse. For **sermo*—mo; and allied to E. *Swear*. See Walde, Ed. Dict.

SEROUS, adj.; see *Sorum*.

SERPENT, adj., a reptile without feet, snake. (F.—L.) ME. *serpent*, Chaucer, C. T. 10826 (F. 512).—F. *serpent*, 'a serpent'; Cot.—L. *serpenteum*, acc. of *serpens*, a serpent, lit. a creeping thing; pres. part. of *serpere*, to creep.—*SERRI*, to creep; whence Skt. *srp*, to creep. Gk. *σέρπει*, to creep, Skt. *sarpa*, a snake. Brugmann, i. § 477. Der. *serpent-in*, adj., Minshen, from F. *serpentin*, L. *serpentinus*; *serpenti-line*, a name for a kind of gun, Skelton, ed. Dyce, l. 124, l. 150.

SERRATED, notched like a saw. (L.) A botanical term; see examples in R.—L. *serratus*, notched like a saw.—L. *serro*, a saw. Der. *serri-ation*.

SERRIED, crowded, pressed together. (F.—L.) 'Their *serried* files'; Milton, P. l. vi. 599. Spelt *serried* in Blount.—F. *serrier*, to close, compact, press near together, to lock; Cot.—Late L. *serrire*, to bolt.—L. *sera*, a bar, bolt.—L. *serre*, to join or bind together; see *SERIES*; and cf. *Seraglio*.

SERUM, whey, the thin fluid which separates from the blood when it coagulates. (L.) In Phillips, ed. 1706.—L. *serum*, whey, serum.—Gk. *σέρος*, whey; Skt. *sara*(s), adj. flowing; sb. whey. (But see Brugmann, i. § 466). Der. *serous*.

SERVAL, the S. African tiger-cat. (F.—Port.—L.) A name now applied to the tiger-cat of S. Africa. But in a tr. of Buffon (1792), ch. xx, we read: 'The *maraputia*, which the Portuguese in India call *serva* (says Vincent Maria) is a wild and ferocious animal, much larger than the wild cat.' The word is therefore Portuguese. Vieyra gives *lobo cerval*, 'the lynx'; where *lobo* means wolf (L. *lupus*), and *cerval* (like Span. *cervat*) is said to be an adj., from *cerva*, a hind.

—*I. cerva*, a hind. Cf. *L. lupus cervarius* (F. loup cervier), a lynx (Pliny); because it hunts deer. See **Hart**.

SERVE, to attend on another, wait upon obediently. (F.—L.) ME. *serven*, Havelok, 1230; *servien*, Ancræn Riwle, p. 12, l. 4 from bottom.—F. *servir*, to serve.—L. *servire*, to serve. Cf. *L. servus*, a servant, slave, *servare*, to keep, protect. Der. *servant*, ME. *servaunt*, *servant*, Chaucer, C. T. 11104 (F 792); *Ancræn Riwle*, p. 428, l. 9, from F. *servant*, serving, pres. part. of *servir*, to serve; *serv-er*; *serv-ice*, ME. *servise*, Layamon, 8871, from OF. *servise*, service, from *L. servitium*, service, servitude; *service-able*, Levins; *dis-service*. Also *serv-ile*, Levins, from *L. servilis*; *servile-ly*, *servil-ity*; *serv-il-or*, prob. suggested by F. *serviteur*, 'a servant, servitor' (Cot.), rather than borrowed directly from *L. servitor*; *serv-il-ude*, spelt *servitude*, Chaucer, C. T. 8674 (E 798), from F. *servitude*, from *L. acc. servitūdinem*. Also *servf*, *sergeant*; *con-serv*, *de-serv*, *dis-serv*, *mis-serv*, *ob-serv*, *pre-serv*, *re-serv*, *sub-serv*; *de-sert* (2), *un-de-serv-ing*, *un-de-serv-ed*, &c.

SERVICE-TREE, a kind of wild pear-tree. (L. and E.) Here *service* is a curious substitution for ME. *servus* (in Northern dialect *servi*), which is the pl. of a form **serv* or **serve* (not used) representing the AS. *syrf*, a service-tree, also called in AS. *syrf-trēow*. Here *syrf* is not an E. word, but adapted from *L. sorbus*, a service-tree. The ME. *servus* = *L. sorbus*, berries of the same. For details see Notes on Eng. Etym., p. 266.

SESSION, the sitting or assembling of a court. (F.—L.) In Shak. Oth. i. 2. 86.—F. *session*, not noticed by Cotgrave, though in use in the 12th cent. (Littré).—L. *sessiōnem*, acc. of *sessio*, a sitting, session; cf. *sessus*, pp. of *sedere*, to sit, cognate with F. *sit*, q.v.

SET (1), to place, fix, plant, assign. (E.) ME. *setten*, pt. t. *sette*, pp. *set*. 'Thi *setten* Jhesu on hym'; Wyclif, Luke, xix. 35. AS. *settan*, to set; Grein, ii. 432. Causal of AS. *sittan*, to sit; for **sation*, from *sat*, oldest form of pt. t. of *sittan*. See **Sit**.—Du. *zetten*; Icel. *setja*; Dan. *sette*; Swed. *sätta*; G. *setzen*; Goth. *setjan*. Teut. type **setjan-*; from **sat*, 2nd grade of **sejan-*, to sit. Der. *set*, sb., Rich. III. v. 3. 19; *set-off*, sb., *set-ter*, sb., *set-ting*. Also *set-er*, a seat with a long back (Todd's Johnson), of which the origin is by no means clear; it seems to be an arbitrary variation of the prov. E. *settle*, used in the same sense, with a substitution of the suffix *-ee* for *-le*; this suffix (—F. *-é*, *L. -ātus*) is freely used in English, as in *refer-ee*, *trust-ee*; but it makes no good sense here. See **Settle** (1).

SET (2), a number of like things. (F.—L.) 'A set of beads'; Rich. II. iii. 3. 147. When we speak of 'a set of things,' this is a peculiar use of **Set**, q.v. (Not allied to the verb *to set*).—OF. *sette*, variant of OF. *secre*, a set; Supp. to Godefroy.—L. *secta*, which often had the sense of 'set' in old wills. Cf. Ital. *setta*. See my Notes on E. Etym., p. 269. *A set is a suit*; see **Suit**.

SETON, an artificial irritation under the skin. (F.—L.) 'Seton,' is when the skin of the neck, or other part, is taken up and run thro' with a kind of pack-needle, and the wound afterwards kept open with bristles, or a skean of thread, silk, or cotton, &c.; Phillips, ed. 1706.—F. *seton*, in use in the 16th cent.; Littré cites 'une aiguille à seton enfilée d'un fort fil' = a needle with a seton, threaded with a strong thread; where *seton* is a thick thread. Formed from a Late L. type **seto* (acc. *setōnem*); derived from *L. seta*, a bristle, thick stiff hair, which in Late L. also meant silk (Ducange). See **Satin**.

SETTEE, a kind of seat. (E.) 'The soft *settee*'; Cowper, The Task, i. 75; see under **Set** (1).

SETTLE (1), a long bench with a high back. (E.) Also used generally in the sense of 'seat' or 'bench'; see Ezek. xlii. 14, 17, 20, xiv. 19. 'Settle, a seat'; F. D. S. Gloss. B. 17. *ME. settel, settel*. 'Upon the *settil* of his majesty' = upon the seat of His majesty, i.e. upon His royal seat; Pricke of Conscience, 6122. 'On þe *settle* of unhele' = in the seat of ill-health; O. Eng. Hom. ii. 59. AS. *setl*, a seat, Grein, ii. 432.—Goth. *sittla*, a seat, throne; OHG. *sezal*; G. *sessel*; Du. *zetel*. β. All from Teut. root **set*, idg. **SED*, to sit; cf. *L. sella* (for **sed-la*), whence E. *sell*, a saddle; see **Sell** (2) and **Sit**. Der. *settle* (2). Doublet, *sett* (2).

SETTLE (2), to fix, become fixed, adjust. (E.) Two distinct words have been confused; in the peculiar sense 'to compose or adjust a quarrel,' the source is different from that of the commoner verb, and more remote. A. ME. *setten*, trans. to cause to rest, *intrans.* to sink to rest, subside. 'Til þe semi sunne was *settel* to reste' = till the seemingly sun sank to rest, Will. of Palerne, 2452. 'Him thoughte a goshaue . . . *Settil* on his beryng' = it seemed to him that a goshaue settles down on his cognisance (?), King Alisaunder, 484; and see l. 488. AS. *setlan*, to settle down, to fix. 'Setlaþ sāmearas' = the mariners fix (or anchor) their vessels (Grein). Cf. AS. *setl-gang*, the going to rest of the sun, sunset; from AS. *setel*, a seat; Grein, ii. 432. Thus the lit. sense of *settle* is 'to take a seat' or 'to set as in a fixed seat' See **Settle** (1). B. At the same time, the

peculiar sense 'to settle a quarrel' appears to have been borrowed from ME. *saytlen*, *sahiten*, *saytlen*, to reconcile, make peace, P. Plowman, B. iv. 2 (footnote). 'Now *sayhtel*, now strife' = now we make peace, now we strive; Pricke of Conscience, 1470. *Saytled* = appeased, reconciled, Allit. Poems, ed. Morris, B. 230, 1139. AS. *sahitian*, to reconcile; 'gōde men . . . *sahitloden* heom' = good men reconciled them; A. S. Chron. an. 1066; MS. Laud 636, ed. Thorpe, i. 337; see also p. 384, l. 19.—AS. *sahit*, reconciliation; A. S. Chron. ed. Thorpe, i. 385, l. 2; a word borrowed from Icel. *sätt*, *sætt*, reconciliation, peace; which Noreen (§ 73) connects with *L. sanctus*, holy. Also sometimes spelt *seht*, the verb occurring as *sehtian* (Toller). β. That these two verbs were actually confused, we have evidence in the fact that, conversely, the ME. *saytlen*, to reconcile, was also used in the sense of subside or become calm. 'þe se *saytled* therwith' = the sea subsided; Allit. Poems, ed. Morris, C. 232. We even find the intermediate form *sattle*; 'Muche sorge þenne *sattled* vpon segge Ionas' = much sorrow then settled on the man Jonah; id. C. 409. Der. *sett-er*; *settle-ment*, with F. suffix *-ment*.

SEVEN, a cardinal number, six and one. (E.) ME. *seuen*, *seuene*; P. Plowman, B. iv. 86. The final -e is prob. the mark of a pl. form; both forms occur. AS. *seofon*, also *seofone*, seven; Grein, ii. 437; the final -e marks the plural, and is unoriginal; early form, *sibun*.—Du. *zeven*; Icel. *sjö*, *sjuu*; Dan. *sju*; Swed. *sju*; O.H.G. *sibun*, G. *sieben*; Goth. *sibun*.—L. *septem*; Gk. *ἑπτά*; W. *saith*; Gael. *seachd*; Irish *seacht*; Russ. *семь* (e); Lithuan. *septyni*; Skt. *saptan*. β. All from idg. type **septm*, seven; origin unknown. Der. *seven-fold*, AS. *seofon-feald*; *seven-teen*, AS. *seofon-tyne*, from *seofon*, seven, and *tyne*, ten; *seven-teen-ih*, AS. *seofon-tioða*, but formed by analogy, by adding -ih to *seventeen*; *seven-ty*, AS. *hundseofontig* (by dropping *hund*, for which see **Hundred**); *seven-tith*. Also *seven-ih*, formed by adding -ih; AS. *seofoba*.

SEVER, to separate, cut apart. (F.—L.) 'I *sever*, I departe thynges asonder, *le separe*'; Palsgrave. ME. *seueren*, Gawan and the Grene Knight, 1797.—OF. *sever* (Burguy). Cf. Ital. *severare*, *severare* = L. *separare*, to separate; see **Separate**. Der. *sever-al*, *sever-al-ly*, of which Sir T. More has *seuerally*, Works, p. 209 h; from OF. *severale*, Late L. *separāle*, a thing separate or a thing that separates (Ducange); as if from a L. adj. **separālis*. Also *severance*; *dis-sever*; *dis-sever-ance*; cf. OF. *desseverance* (Burguy). Doublet, *separate*.

SEVERE, austere, serious, strict. (F.—L.) In Shak. Oth. ii. 3. 301.—OF. *sever*, 'severe', Cot. mod. F. *severe* = L. *seuerus*, severe; orig. revered, respected (of persons), hence serious, grave (in demeanour). Der. *severe-ly*; *sever-i-ly*, from MF. *severité*, 'severity'; Cot.

SEW (1), to fasten together with thread. (E.) Pronounced so. ME. *sowen*, P. Plowman, B. vi. 9; more commonly *sewen*, id. C. ix. 8; Wyclif, Mark, ii. 21. AS. *sioian*, Mark, ii. 21; Gen. iii. 7.—Icel. *sija*; Dan. *sy*; Swed. *sy*; O.H.G. *sioian*, *sioian*; Goth. *siujan*.—L. *suere*; Lithuan. *suti*; Russ. *шить* (e); Skt. *śiu*, to sew, whence *sūtra*, thread. Cf. Gk. *κασάβειν*, to sew together. And see **Hymen**. β. All from the **sūw*, to sew; Fick, i. 229. Der. *sew-er*, *sew-ing*; also *seam*, q.v.

SEWER (2), to follow; the same as **Sue**, q.v.

SEWER (1), an underground passage for water, large drain. (F.—L.) Frequently spelt *shore*, which represented a common pronunciation; still preserved in *Shore-ditch* = sewer-ditch, in London. Spelt *sure*, Troil. v. i. 83, cd. 1623. [To be kept distinct from the verb *sew*, to drain, to dry. 'Seue ponds' = drain ponds, Tusser's Husbandry, cap. 15, § 17 (E. D. S.); p. 32. Note also *sew*, sb., as in 'the towne sinke, the common *sew*,' Nomenclator, ed. 1585, p. 391; cited in Halliwell, s.v. *seugh*. These are prob. from OF. *essuier*, *essuer*, to dry (Burguy); gen. used in the sense 'to wipe dry,' but the true etym. sense is to drain dry, deprive of moisture, as in English. Cot. has *essuier*, 'to dry up.'—L. *exsiccāre*, *exsuccāre*, to deprive of moisture, suck the juice from.—L. *ex*, out, away; and *siccus*, juice, moisture, from the same root as *L. siccere*, to suck, and E. *suck*; see **Suck**.] β. But *sewer*, sb., is really an adaptation of OF. *seuwiere*, a sluice of a fishpond, for letting off water; also spelt *sewiere*; see examples in Godefroy, s.v. *sewiere*, and in Ducange, s.v. *seweria*.—L. **ex-aquāria*; like E. *ewer* from *L. aquāria*. Cf. Late L. *exaquātorium*, a channel for draining; from *ex* out, and *aqua*, water. Der. *sewer-age*; also *sew-age*, formed directly from the verb *sew*. ¶ The F. suffix -age in these words is an indication of the F. origin of *sew* and *sewer*.

SEWER (2), the officer who formerly set and removed dishes, tasted them, &c. (F.—L.) In Halliwell. Baret (1580) has: 'The *Sewer* of the kitchen, Antambulco ferularius; The *Sewer* which tasteth the meate, Escuyer de cuisine.' *Seware*, at mete, Depositor, dapifer, sepulchral; Prompt. Parv., p. 454. On the same page we have:

'*Sexum*, or *sette meta*, *Ferculo*, *sepolo*;' and: '*Sexu*, *cupulatum*.' A. It is therefore clear, that, in the 15th century, the word *sexu-cr* was regarded as being formed from a verb to *sew*, that had really been evolved from *sewer*, sb. But we find, in the N. E. Dict., s. v. *assour*, that the two forms *assour* and *sewer* were used to denote 'one who sets meat on a table'; evidently allied to *sew*, to set meat, above. Of these *assour* is the fuller form.—OF. *assour*, used in speaking of the service of a table; '*qui fait assour*;' Godefroy.—OF. *assour*, to seat, set.—L. *assidere*, to sit beside, to attend upon; cf. *Assiduus*.—L. *ad*, near; and *sedire*, to sit, cognate with E. *sit*. Hence *sewer* is 'one who sets a table'; of F. origin; possibly confused with the native sb. *sew*, pottage, from AS. *seaw*, juice.

SEX, the distinction between male and female, characteristics of such a distinction. (F.—L.) In Shak. Temp. iii. 1. 49.—F. *sexe*, 'a sex, or kind'; Cot.—L. *sexum*, acc. of *sexus*, scx. Cf. *seus*, n., sex. Perhaps orig. 'a division'; from *secire*, to cut. Der. *sex-u-al*, a late word, from L. *sexu-ālis*, formed with suffix *-ālis* from *sexu-*, decl. stem of *sexus*; *sex-u-al-ly*, *sex-u-al-ly*.

SEXAGENARY, belonging to sixty. (I.—) In Phillips, ed. 1706.—L. *sexagēnarius*, belonging to sixty.—J. *sexigēni*, sixty each; distributive form from *sexagēnia*, sixty.—L. *sex*, six; and *-ginta*, for *-cinta*, short for **decinta*, tenth, from *decem*, ten. See **Six** and **Ten**. Der. *sexagenari-an*, Phillips.

SEXAGESIMA, the second Sunday before Lent. (L.) So called because about the sixtieth day before Easter. In Blount's Gloss., ed. 1674; and earlier, in Prayer-books.—L. *sexigēsimā*, lit. sixtieth; agreeing with *diēs*, day, understood. Fcm. of *sexigēsimus*, sixtieth. Allied to *sexagēntia*, sixty. See **Sexagenary**. Der. *sexagesim-al*.

SEXENNIAL, happening every six years, lasting six years. (L.) In Blount's Gloss., ed. 1674. Formed, with suffix *-al*, from L. *sexenni-um*, a period of six years.—L. *sex*, six; and *annus*, a year (becoming *enni-* in composition). See **Six** and **Annals**. Der. *sexennial-ly*.

SEXTANT, the sixth part of a circle. (I.—) Chiefly used to mean an optical instrument, furnished with an arc extending to a sixth part of a circle. But in earlier use in other senses. '*Sextant*, a coin less than that called *quadrant* by the third part . . the sixth part of any measure;' Blount's Gloss., ed. 1674.—L. *sextant-*, stem of *sextans*, the sixth part of an as, a coin, weight. Formed with suffix *-ans* (like that of a pres. part. of a verb in *-āre*) from *sext-*, stem of *sextus*, sixth, ordinal of *sex*, six. See **Six**. Der. (from *sext-us*) *sext-ile*, Milton, P. L. x. 659; also *sextuple*, q. v.

SEXTON, a sacristan; see **Sacristan**.
SEXTUPLE, sixfold, having six parts. (L.) 'Whose length . . is sextuple unto his breadth;' Sir T. Browne, Vulg. Errors, b. iv. c. 5. § 12. Coined from *sextus*, sixth, just as *quadruple* is from *quadr-* (used for *quartus*) with the sense of fourth. The suffix *-ple* answers to L. *-plic-*, stem of *-plex*, as in *du-plex*, *com-plex*. See **Quadruple** and **Sextant**.

SFORZANDO, with special emphasis; in music. (Ital.—L.) Ital. *sforzando*, lit. 'constraining' or 'forcing'; pres. part. of *sforzare*, to force, lit. 'to force out'.—L. *ex*, out, strongly (whence Ital. *-s-*); and Lat. L. *fortis*, force (Ital. *forza*), from L. *fortis*, strong. See **Force**.

SH

SHABBY, mean, paltry. (F.—) Merely a doublet of *scabby*, by the usual change of AS. *sc* to E. *sh*. *Shabby* is the native E. equivalent of the Scand. *scabby*. 'They were very shabby fellows, pitifully mounted, and worse armed;' Lord Clarendon, Diary, Dec. 7, 1688. Cf. 'They mostly had short hair, and went in a shabbed condition;' A. Wood, Athen. Oxon. Fast. ii. 743 (Todd). We find *shabby* for *scabby* in P. Plowman, C. x. 264. From AS. *scæb*, *scæb*, a scab, itch. See **Soab**. Der. *shabby-ly*, *shabby-ness*.

SHACKLE, a fetter, chain to confine the limbs, clog. (E.) ME. *schakly*, *schakle*, Prompt. Parv.; pl. *schakeles*, Ancr. Riwle, p. 94. 1. 25. AS. *scencal*, a bond; Voc. 107. 10. For an older form **scakul*.—Icel. *skökull*, the pole of a carriage; Swed. *skakel*, the loose shaft of a carriage; Dan. *skagle*, a trace (for a carriage); MDu. *schakel*, 'the links or rings [read link or ring] of a chain'; '*schakelen van een net*, 'the masches [meshes] of a net'; Hexham. β. The orig. sense is a loose band or bond, hence a trace, single link of a chain, loose-hanging fetter. Perhaps named from its shaking about, as distinct from a firm bond; cf. Low G. *schake*, shank. From AS. *scencan*, *scencan*, to shake. See **Shake**. Cf. Icel. *skökull*, from *skaka*; Dan. *skagle*, from *skage*, to shift, orig. to shake; Swed. dial. *skak*,

SHAKE

a chain, link (Rietz). Der. *shackle*, verb, ME. *schaklen*, Prompt. Parv.

SHAD, a fish. (F.—) 'Like bleeding shads;' Beaum. and Fletcher, Love's Cure, Act. ii. sc. 2 (Clara). 'And there the eel and shad sometimes are caught;' John Denny, Secrets of Angling (before A. D. 1613); in Eng. Garner, ed. Arber, i. 171. 'A shadde, a fishe, acon;' Iavins. AS. *scædd*, a shad; Thorpe, Diplom. Ævi Saxonici, p. 544. Cf. prov. G. *schilde*, a shad (Flügel). We also find Irish and Gael. *sgadan*, OIrish *scatin*, with the sense of 'herring;' W. ysgadan, pl. herrings.

SHADDOCK, a tree of the orange genus; also its fruit. (E.) Sir II. Sloane mentions the *shaddock*-tree in his Catalogus Plantarum (1696). In Stedman's Surinam (1796), i. 22, he tells us that it was brought to the W. Indies by a Captain *Shaddock*; this was in the 17th century (before 1696).

SHADE, SHADOW, obscurity, partial darkness. (F.—) These are but two forms of one word; the latter form representing the dat. case. ME. *schade*, Will. of Palerne, 2; *schadue*, id. 754. From AS. *scadu*, shadow, fem. (Grein, ii. 398, 401), we have the ME. *schade*, E. *shade*. From AS. dat. *scadewe* we have ME. *schadwe*, E. *shadow*; cf. also ME. *schadewe*, Ancr. Riwle, p. 190. l. 24.—Du. *schaduw*, shadow; G. *schatten*, shade; OIIG. *scato* (gen. *scatwes*), shade; Goth. *skadus*, † Irish and Gael. *sgath*, shadow, shade, shelter; OIrish *scath*, Corn. *scad*, shade; Gk. *σκῶτος*, *σκῶτις*, darkness, gloom. β. All from Idg. base **skot-*. Der. *shade*, verb, Court of Love, l. 1272; *shad-er*; *shad-y*, Spenser, F. Q. i. 1. 7; *shad-i-ly*, *-ness*; *shadow*, verb, ME. *schadownen*, Allit. Poems, ed. Morris, A. 42. AS. *scadwian*, *scadwian*, V's. xc. 4 (ed. Spelman); *over-shadow*, AS. *ofer-scadwian*, Mark, ix. 7; *shadow-y*, ME. *schadowy*, Chaucer, tr. of Boethius, b. iii. pr. 4. l. 40. Doublet, *shed* (2).

SHADOOF, a contrivance for raising water. (Arab.) From Arab. *shādūf* (not in Rich. Dict.); an Egyptian-Arabic word; see Lane's Modern Egyptians.

SHAFT, an arrow, smoothed pole, column, cylindrical entrance to a mine. (F.—) The orig. sense is 'shaven' rod, a stick smoothed into the shape of a spear-pole or an arrow. ME. *shaft*, *schaf*, an arrow, Chaucer, C. T. 1364 (A 1362); Parl. of Foulles, 180. AS. *scæft*, a shaft of a spear, dart; Grein, ii. 403. For *scæft*, formed with suffix *-t* (Idg. *-to-*) from *scæf*, stem of yp. of *scafan*, to shave; see **Shave**.—Du. *schacht* (for *schaf*), like Du. *luicht* for *luft*, air; from *schaven*, to smooth, plane; Icel. *skapt*, better *skapt*, a shaved stick, shaft, missile; Dan. *skæft*, a handle, hatch; Swed. *skæft*, a handle; G. *schuft*. Tent. types **schaf-toz*, n., **schaf-tom*, n. Prob. further allied to Gk. *σκήπτρον*, a sceptre, Dor. *σκῆντρον*, a staff, sceptre; L. *scāp-tus*, a shaft, stem, stalk. √SOAP; as in Lith. *skapoti*, to shave, cut. ¶ The ME. *schuft*, in the sense of 'creature', is from AS. *scæftan*, to shape, make; see **Shape**. Der. *shaft-ed*.

SHAG, rough hair, rough cloth. (F.—) 'Of the same kind is the goat-hair, and differing only in the beard and long shag about the shoulders;' Holland, tr. of Pliny, b. viii. c. 33 (Of the shag-haired and bearded stag like to a goat). 'With rugged beard, and hoarish shagged heare;' Spenser, F. Q. iv. 5. 34. Shag has shag for shaggy, Venus, 295; also shag-haired, 2 Hen. VI, iil. 1. 367. I know of no instance in ME. AS. *scæaga*; 'Coma, *feux, scæaga*; Comosus, *scæagede*;' Voc. 379. 41; 380. 14.—Icel. *skagg*, Swed. *skiagg*, a beard; Dan. *skjæg*, a beard, barb, awn, wattle; cf. Icel. *skaga*, to jut out, project; whence also Icel. *skagi*, a low cape or head-land (Shetland skaw). The orig. sense is 'roughness.' See **Shaw**. Der. *shaggy*, *shaggy-i-ness*; also *shagg-ed*, as above. Shag tobacco is rough tobacco; cf. Shakespeare's 'fetlocks shag and long;' Venus, 295.

SHAGREEN, a rough-grained leather, shark's skin. (F.—Turkish.) 'Shagreen, a sort of rough-grained leather;' Phillips, ed. 1706. He also spells it *chagrin*.—F. *chagrin*, *shagreen*. It was orig. made of the skin (of the back only) of the horse, wild ass, or mule; afterwards, from the skin of the shark. See the full account in Devic, Supp. to Littre.—Turk. *şaghrî*, *şaghrî*, the back of a horse; also, shagreen, Zenker, Turk. Dict. p. 561; and Devic. Cf. Pers. *şaghrî*, shagreen; Palmer's Pers. Dict. col. 354. See **Chagrin**.

SHAH, a king of Persia. (Pers.) Spelt *shah* in Blount's Gloss., ed. 1674, and in Herbert's Travels, ed. 1665.—Pers. *shāh*, a king; Palmer, Pers. Dict. col. 374. Remarkably shortened from OPers. *khsaythiya*, a king; prob. orig. an *adj.*, signifying 'mighty'; and formed (with lengthened *ā*) from *khsaythi*, might, sb.; allied to Skt. *kshaitra*-n, dominion.—OPers. *khsī* (Skt. *kshī*), to rule, have power. Cf. Gk. *κράτος*, I possess. Horn, § 772; Brugmann, i. § 920. Der. *check*, *check-er*, *check-ers*, *check-mate*, *chess*; also *pa-sha* or *pa-sha*. Doublet, *check*, sb.

SHAKE, to agitate, jolt, keep moving, make to tremble; also to shiver, tremble. (E.) ME. *schaken*, *shaken*; pt. t. *schook*, *shook*, Chaucer, C. T. 2267 (A 2265); pp. *schaken*, *shaken*, *shakē*, id. 408.

AS. *seacann*, *seacan*, pt. t. *scöc*, pp. *seacann*, *seacen*; Grein, ii. 401. —Icel. *shaka*, pt. t. *skök*, pp. *skökun*; Swed. *skaka*; Dan. *skage*, to shift, veer. Teut. type **shakan-*. Cf. also Skt. *khaj*, to move to and fro, hence, to churn; from *√SKAG*, to move to and fro. Fick, iii. 329, l. 804. Der. *shake*, sb., a late word, Herbert, Church Porch, st. 38; *shaky*, *shak-i-ness*; *shack-le*. Also *Shake-spear*. Also *shock*, q.v., *shog*, q.v., *jog*, q.v., *shank*, q.v.

SHAKO, a kind of military cap. (F.—Hung.—Slav.) Modern; F. *shako* or *schako* (Littre).—Hungarian *csako* (pron. *chako*), a cap, *shako*; see Littre and Mahn's Webster. Spelt *iskö*, and explained as a Hungarian cap, in Dankovsky's Magyar Lexicon, ed. 1833, p. 900. He supposes it to be of Slavonic origin, not a real Magyar word. Miklosich (p. 27) gives the Oslav. form as *cakoninü*.

SHALE, a rock of a slaty structure. (G.) A term of geology, borrowed (like *gneiss*, *quartz*, and other geological terms) from German. = G. *schale*, a shell, peel, husk, rind, scale; whence *schal-geberg*, a mountain formed of thin strata. Cognate with E. *shale*, a shell, Shak. Hen. V. iv. 2. 18; prov. E. *shale*, thin strata (E. D. D.); also with *scale*; see *Scale* (1). Der. *shaly*. Doublet, *scale* (1).

SHALL, I am bound to, I must. (E.) ME. *shal*, *shal*, often with the sense of 'is to'; Chaucer, C. T. 733 (A 731); pt. t. *sholde*, *sholde*, *shulde* (mod. E. *should*), id. 964 (A 962). AS. *seal*, an old past tense used as a present, and thus conjugated; ic *seal*, þu *seall*, he *seal*; pl. *seulun*, *seulun*, or *seolun*. Hence was formed a pt. t. *seolde*, or *seolde*, pl. *seoldon*. The form of the infin. is *seulan*, to owe, to be under an obligation to do a thing; Grein, ii. 413. Hence mod. E. *I shall* properly means 'I am to', I must, as distinguished from *I will*, properly 'I am ready to', I am willing to; but the orig. sense of compulsion is much weakened in the case of the first person, though its force is retained in *thou shalt*, *he shall*, *they shall*. The verb following it is put in the infin. mood; as, ic *seal* þu = I must go; hence the mod. use as an auxiliary verb. —Du. *ik zal*, I shall; *ik zoude*, I should; infin. *zullen*; Icel. *skal*, pl. *skulum*; pt. t. *skyldi*, *skyldu*; infin. *skulu*; Swed. *skal*, pt. t. *skulle*; infin. *skola*; Dan. *skal*; pt. t. *skulde*; infin. *skulle*; G. *soll*, pt. t. *sollte*; infin. *sollen* (the k being lost, as in Dutch); Goth. *skal*, pl. *skulum*; pt. t. *skulda*; infin. *skulan*. —β. All from Teut. type **shal*. I owe, am in debt, am liable; a sense which is clearly preserved in AS. *scylð*, guilt, i.e. desert of punishment, G. *schuld*, guilt, fault, debt. We also find Lithuan. *skėti*, I am indebted, *skėti*, to owe, be liable. See Fick, iii. 334. γ. Probably further allied to L. *seelus*, guilt, and Skt. *skhal*, to stumble, err, fail.

SHALLOON, a light woollen stuff. (F.) **Shalloun*, a sort of woollen stuff, chiefly used for the linings of coats, and so called from *Chalons*, a city of France, where it was first made; Phillips, ed. 1706. We find *chalons*, i.e. a coverlet made at Chalons, even in Chaucer, C. T. 4138 (A 4140).—F. *Chalons*, or *Chalons-sur-Marne*, a town in France, 100 miles E. of Paris. 'Sa seule robe à l'état de *de ras de Chalons*'; Scarron, Virg. iv. (Littre, s. v. *ras*, § 9). Cf. AF. *Chalouns*, cloth of Chalons, Liber Albus, pp. 225, 231. *Chalons* takes its name from the tribe of the *Catalauni*, who lived in that neighbourhood.

SHALLOP, a light boat. (F.—Du.) In Spenser, F. Q. iii. 7. 27. —F. *chaloupe*, 'a shallop, or small boat'; Cot. —Du. *shoop*, a sloop; MDu. *shoep*, 'a sloop'; IJexham. ¶ Hence also Span. *chalupa* (also *port. chalupa*), 'a small light vessel, a long boat'; Neuman, Minshew's Span. Dict., ed. 1623, has *chalupa*, 'a flat-bottomed boat.' The occurrence of *shallop* in Spenser's F. Q. shows that it is rather an old word in our own language. The Ital. form is *scialuppa*. Doublet, *sloop*, q.v.

SHALLOT, **SEALOT**, a kind of onion. (F.—L.—Gk.—Heb.) Added by Todd to Johnson; it is also spelt *eschalot*.—MF. *eschalote*, *eschalotte*, 'a cive or chive', i.e. a kind of onion; Cot. Mod. F. *chalote*. The form *eschalote* is a variant, or corruption, of OF. *escalogne*, a shallot; Roquefort. —L. *ascalonia*, a shallot; fem. of *ascalonius*, adj., belonging to Ascalon. —*Ascalonia*, little onions or shallots, taking that name of Ascalon, a city in Jury; Holland, tr. of Pliny, b. xix. c. 6.—Gk. *ασκαλῶνα*, Ascalon, one of the chief cities of the Philistines, on the W. coast of Palestine; Smith, Class. Dict.—Heb. *Asheleth*. See Joshua, xlii. 3; &c.

SHALLOW, not deep. (E.) ME. *shalowee*. 'Schold, or *shalowee*, note depe'; Prompt. Parv. p. 447; Trevisa, iii. 131, l. 7; *shald*, Barbour, Bruce, ix. 354. Not found in AS.; but evidently from a base **seal-*, which occurs again in ME. *schol-d*, *schal-d* (above), of which the AS. form was *seald*, shallow. This AS. *seald* is not in the Diett., but frequently occurs in A. S. Charters; as shown by Mr. Stevenson, Phil. Soc. Trans., 1895-8, p. 532. Thus, in Birch, Cart. Saxon. ii. 485, we find: 'on *sealdan* ford'; and in the same, l. 593, we have: 'æt *sealdan* floot'. AS. *seald* represents a Teut. type **skal-pāz* (1dg. type **skaltōs*). Cf. also prov. E. *shall*, *shant*, shallow. Perhaps allied to Low G. *schaal*, *schalig*, G. *schal*,

insipid, stale, said of liquids when little is left in the vessel. Der. *shallow-ness*. And see *shoat* (2).

SHALM, the same as **SHAWM**, q.v.

SHAM, to trick, verb; a pretence, sb. (E.) 'Sham, pretended, false; also, a sham, cheat, or trick; To sham one, to put a cheat or trick on him'; Phillips, ed. 1706. 'A meer sham and disguise,' Stillingfleet, vol. iv. ser. 9 (K). 'They... found all this a sham;' Dampier's Voyages, an. 1688 (K.). Earlier, in 1679, we find: 'Shamming is telling you an insipid, dull lye with a dull face, which the sly wag the author only laughs at himself; and making himself believe 'tis a good jest, puts the sham only upon himself; Wycherley, The Plain Dealer, iii. 1. We find also the slang expression 'to sham Abraham'—to pretend to be an Abraham-man, or a man from Bedlam hospital; see *Abraham-men* in Nares, and in Hotten's Slang Dictionary. To sham appears to be merely the Northern E. form of *to shame*, to put to shame, to disgrace, whence the sense 'to trick' may easily have arisen. Sham for shame is very common in the North, and appears in Brockett, and in the Whitby, Mid-Yorkshire, Swaledale, and Holderness Glossaries (E. D. S.). 'Whence a sham is it'—whose fault is it? Whitley Gloss. Cf. Icel. *skamm*, a shame, outrage, disgrace. See *Shame*. ¶ The explanation in North's Examen, 1740, p. 256, is neither clear nor helpful; he confuses sham with ashamed.

SHAMBLE, to walk awkwardly. (E.) A weakened form of *seamble*, to scramble; cf. prov. E. *seambling*, sprawling, *Herford* (Hail). 'By that *shambling* in his walk, it should be my rich old banker, Gomez; Dryden, Span. Friar, Act i. sc. 2. *Seamble*, to scramble, struggle, is in Shak. Much Ado, v. 1. 94; K. John, iv. 3. 146; Hen. V. i. 1. 4. It seems to be an E. word; see *Shamble* and *Seamble* in the E. D. D. But it is difficult to find cognate words in other languages. Cf. *skimble-skamble*, wandering, wild, confused, 1 Hen. IV. iii. 1. 154.

SHAMBLES, stalls on which butchers expose meat for sale; hence, a slaughter-house. (L.) 'As summer-flies are in the *shambles*; Oth. iv. 2. 66. *Shambles* is the pl. of *shamble*, a butcher's bench or stall, lit. a bench; and *shamble* is formed, with excrement b, from ME. *schamel*, a bench, orig. a stool; see Ancrén Riwe, p. 166, note e. AS. *seamel*, a stool; *ful-seamel*, a foot-stool; Matt. v. 35.—L. *seamellum*, a little bench or stool (White); allied: *seamunus*, a step, bench, *seabellum*, a foot-stool. The orig. sense is 'prop.' Cf. L. *scapus*, a shaft, stem, stalk; Gk. *σκηπεύς*, to prop, also to throw. Brugmann, i. § 241 (a).

SHAME, consciousness of guilt, disgrace, dishonour. (E.) ME. *schame*, *shame*, Wyclif, Luke, xiv. 9. AS. *seamun*, *seamun*, shame; Grein, ii. 403.—Icel. *skamm* (stem *skimm-*) a wound, shame; Dan. *skam*; Swed. *skam*; G. *scham*. β. Teut. type **shami*, i, shame; Fick, iii. 332. Allied to Goth. *skanda*, shame, G. *schante*. Der. *schame*, verb, AS. *seamian*, *seamian*, Grein; *shame-ful*, spelt *seame-ful*, Ancrén Riwe, p. 302, l. 23; *shame-ful-ly*, *shame-ful-ness*; *shameless*, AS. *seam-leas*, Ælfred, tr. of Gregory's Past. Care, c. xxxi (ed. Sweet, p. 204); *shame-less-ly*, *shame-less-ness*; also *shame-faced*, q.v. And see *sham*.

SHAMEFACED, modest. (E.) A corruption of *shamefast*, by a singular confusion with *face*, due to the fact that *shame* is commonly expressed by the appearance of the face; see *Face*. We find *shamefastness* in Spenser, F. Q. iv. 10. 50; *shame-faced* in Shak. Rich. III. i. 4. 142, where the quarto ed. has *shamefast* (Schmidt). ME. *schamefast*, *shamefast*, Chaucer, C. T. 2057 (A 2055). AS. *seamfast*, Ælfred, tr. of Gregory's Past. Care, c. xxxi (ed. Sweet, p. 204).—AS. *seamun*, shame; and *fast*, fast, firm; see *Shame* and *Fast*. Der. *shamefasted-ness*.

SHAMMY, **SHAMOY**, a kind of leather. (F.—G.) So called because formerly made from the chamois. 'Chamois, or Chamois, a kind of wild goat, whose skin, being rightly dressed, makes our true Shamois leather; Blount's Gloss., ed. 1674. 'Shamoys, or Shamoys-leather, a sort of leather made of the skin of the Shamoys; Phillips, ed. 1706.—F. *chamois*, 'a wild goat, or chamois; also the skin thereof dressed, and called ordinarily *shamois leather*;' Cot. Cf. F. *chamoiser*, to prepare chamois leather; Littre. See *Chamois*. ¶ Taylor professes to correct this etymology, and, without a word of proof, derives it 'from *Samlad*, a district on the Baltic,' with which it has but two letters, a and m, in common. There is no difficulty, when it is remembered that *shamoys-leather* could only have been prepared from the chamois at first; but other skins were soon substituted, as being cheaper, when a larger demand set in. I see no force in Wedgwood's objection, that chamois skins were too scarce for general use. Imitations are always common. Cf. G. *gemüschleder*, chamois leather; from *gemüsch*, a chamois!

SHAMPOO, to squeeze and rub the body of another after a hot bath; to wash the head thoroughly with soap and water. (Hindustani.) A modern word; the operation takes its name from the

squeezing or kneading of the body with the knuckles, which forms a part of it, as properly performed.—Hind. *chāmpā*, '(?) to join, (2) to stuff, thrust in, press, to shampoo or champoo'; Shakespeare, Hind. Dict. ed. 1849, p. 846. The initial letter is rightly *ch*, as in *church*. Yule notes that *E. champoo* may represent Hind. *chāmpo*, the imperative of the above verb.

SHAMROCK, a species of clover. (C.) 'Yf they founde a plote of water-cresses or shamrockes;' Spenser, View of the State of Ireland, Globe ed., p. 654, col. 2.—Irish *seamrug*, trefoil, dimin. of *seamar*, trefoil; Gael. *seamrug*, shamrock, trefoil, clover.

SHANK, the lower part of the leg, a stem. (L.) ME. *shanke*, *shanke*, Havelok, 1903. AS. *secanca*, *seanca*; John, xix. 31, 32. Esp. used of the bone of the leg. †Du. *schonk*, a bone; Dan. *shank*, the shank; Swed. *shank*, leg. Allied to G. *schinken*, the ham, *schenkel*, the shank, leg; Low G. *schake*, shank. Perhaps ultimately related to **SHAKE**. Der. *shink-er*, *nui-cheon*.

SHANTY, a hut. (Irish.) From Irish *sean*, old, and *toigh*, a house. Similar compounds, beginning with *sean*, are common in Irish; and the compound *seantoigh*, an old ruinous hut, is in actual use (Archiv f. n. Sprachen, cvii. 112).

SHAPE, to form, fashion, adapt. (E.) Formerly a strong verb. ME. *shapen*, *schapen*; pt. t. *shoop*, Chaucer, C. T. 10690 (G 1222); pp. *shapen*, *shape*, id. 1227 (A 1225). A new formation from the ME. sb. *shape* (AS. *ge-sceap*); or from the pp., on the analogy of *secean*, to shake. The AS. verb is *secepan*, *secepan*, which has a weak infin. (= Goth. *skapjan* or *gu-skapjan*). But the verb is strong, with pt. t. *scōp*, *scōp*, and pp. *scapen*, *scapen*. †Icel. *skapa*, pt. t. *skōp*; Swed. *skapa*; Dan. *skabe*; G. *schaffen*, to create; pt. t. *schuf*, pp. *geschaffen*; cf. Goth. *gaskapjan*. Teut. type **skapjan*—(also **skapjan*), pt. t. **skōp*. Cf. Lith. *skabėti*, to cut, hew. Brugmann, i. § 701. Der. *shape*, sb., AS. *gesceap*, a creature, beauty, Grēin; *shap-able*; *shap-er*; *shapely*, ME. *schapely*, Chaucer, C. T. 374 (A 372); *shap-ly-ness*; *shape-less*, *shape-less-ness*. Hence also the suffix *-ship*, AS. *-scepe* (as in *friend-ship*, i. e. *friend-shape*), cf. G. *Freund-schaft*; and the suffix *-scape* in *land-scape*, q. v.

SHARD, **SHERD**, a fragment. (E.) Commonly in the comp. *post-shard*. 'Shardes of stones, Fragmentum lapidis; a shard of an earthen pot;' Baret (1580). The pl. *shards* is in Hamlet, v. 1. 254. ME. *sherd*, prompt. Parv. p. 445. AS. *seard*, a fragment; Ælfred, tr. of Boethius, c. xviii. § 1 (bk. ii. pt. 7); cf. *seard*, cut, notched. Lit. 'cut thing;' from Teut. **skar*, and grade of **sker-an*, to cut. See **SHAR**. Cf. Icel. *skarð*, a notch, *skarðr*, sheared, diminished.

SHARE (1), a portion, part, division. (E.) Spelt *share* in Palsgrave; very rare in ME. in this sense; *sehar*, i. e. the groin, Wyclif, 2 Kings, ii. 23, is the same word. AS. *seara*, a rare word; occurring in the comp. *land-seara*, a share of land; Grēin. From Teut. **skar*, and grade of **sker-an*, to share; see **SHAR**. And see below.

Der. *share*, verb, Spenser, F. Q. iv. 8. 5; *skar-er*, *share-holder*.
SHARE (2), a plough-share. (E.) ME. *share*, *share*; P. Plowman, B. iii. 306. AS. *seara*, a plough-share; Ælfric's Gloss., 1st word. From Teut. **skar*, and grade of **sker-an*, to share; see **SHAR**.

SHARK, a voracious fish, hound-fish. (F.—L.) The name of the fish is from the Tudor E. verb *shark*, to prow; to *shark* for a dinner, to try to get one; to *shark* for a living. 'Because they should not think I came to sharke Only for vitailles;' Times Whistle (E. E. T. S.), p. 85. 'They shark for a hungry diet;' Ben Jonson, Mercurius Vindictæ. Prob. from North F. (Picard) *cherquier*, equivalent to OF. *chercher* (E. *search*), mod. F. *chercher*. Cf. *chercher le broust*, to hunt after feasts; Cot. Godofroy has two exx. of the spelling *cherquier*. Cf. also Ital. *cercare del pane*, 'to shift for how to live, i. e. to shark (Torriano).—L. *circare*, to go round, go about.—L. *circus*, a ring; see **CIRCUS. And see **SEARCH**. Thus *shark* is only a variant of *search*, but was used in a special sense. Hence *shark* (1), a greedy fellow, one who lives by his wits, described in ch. 14 of Earle's Micro-cosmographie (1628); (2) a greedy fish (in Florio, s. v. *Citaro*). Der. *shark-ing*, voracious, greedy, prowling; one of the Dramatis Personæ of Love's Cure (by Beaumont and Fletcher) is 'Algaucier, a sharking rascally constable,' *shark up* to snap up, Hamlet, i. 1. 98. And hence *shark*—a sharper, as a slang term. For some connect the last word with G. *schurke*, a rogue; but without any attempt to explain the difference of vowels. Sewel's Du. Dict. has: '*schurk*, a shark, a rascal;' but this is merely a translation, not an identification.**

SHARP, cutting, trenchant, keen, severe, biting, shrewd. (E.) ME. *sharp*, *scharp*, Chaucer, C. T. 1663. AS. *searþ*; Grēin, ii. 404. †Du. *scharp*; Icel. *skarp*; Swed. and Dan. *skarp*; G. *scharf*. Teut. type **searþa*. Perhaps allied to *scraper*. See **SCRAPER**. Der. *sharp-by*, *sharp-ness*; *sharp-er*, one who acts sharply, a cheat; *sharp-set*, *sighted*, *quitted*; *sharp-en*, to make sharp, Antony, ii. 1. 25.

SCATTER, to break in pieces. (E.) The Southern E. form of

scatter; with a difference of meaning. ME. *scatteren*, to scatter, to dash, said of a falling stream; Gawain and Grene Knight, 2083. AS. *scatterian*, to scatter, squander; A. S. Chron. an. 1137. Milton uses *scatter* with the sense of *scatter* at least twice; P. L. x. 1066, Lycidas, 5; so also prov. E. *scatter*, to scatter (Kent). See **SCATTER**. Doublet, *scatter*.

SHAVE, to pare, strip, cut off in slices, cut off hair. (E.) ME. *shaven*, *schaven*, formerly a strong verb; pt. t. *shoof* (misspelt *shoof*); Wyclif, 1 Chron. xii. 4, earlier text; the later text has *shavende*. The strong pp. *shaven* is still in use. AS. *seccan*, *seccan*; pt. t. *seof*, pp. *seafew*; the pt. t. *seof* occurs in Ælfred, tr. of Bede, b. i. c. 1, near the end. †Du. *schaven*, to scrape, plane wood; Icel. *skafa*; Swed. *skafa*, to scrape; Dan. *skave*, to scrape; Goth. *skaban*, 1 Cor. xi. 6; G. *schaben*. B. All from Teut. base *SKAB*, answering to *SKAP*, to cut, dig, whence Lithuan. *skapoti*, to shave, cut, Russ. *skopiti*, to castrate, Gk. *skōnēin*, to dig. Brugmann, i. §§ 569, 701. Der. *shav-er*, *shav-ing*; also *shave-ing*, with double dimin. suffix, expressive of contempt, applied to a priest with shaven crown, in Æle, King John, ed. Collier, p. 17, l. 16. Also *seab*, *shab-by*, *shaf*.

SHAW, a thicket, small wood. (E.) ME. *shawe*, *shawe*, Chaucer, C. T. 4305 (A 4307). AS. *seaga*, a shaw; Diplomatarium Ævi Saxonici, ed. Thorpe, p. 161, l. 5. †Icel. *skógur*, a shaw, wood; Swed. *skog*; Dan. *skov*. Allied to Icel. *skugi*, a ness (Norwegian); NFrics. *skage*, a nook of land; cf. Icel. *skoger*, to jut out. Allied to **SHAG**.

SHAWL, a covering for the shoulders. (Pers.) Added by Todd to Johnson's Dict.—Pers. *shāl*, 'a shawl or mantle, made of very fine wool of a species of goat common in Thibet;' Rich. Dict. p. 872. See **YALE**. The Pers. *ā* resembles E. *aw*, showing that we borrowed the word immediately from Persian, not from F. *châle*.

SHAWN, **SHALM**, a musical instrument resembling the clarinet. (F.—L.—Gk.) It was a reed-instrument. In Prayer-Book version of Ps. xcvi. 7. 'With shawms and trompets, and with clarions sweet;' Spenser, F. Q. i. 12. 13. The pl. form *shalmes* occurs in Chaucer, House of Fame, iii. 128. *Shalmey* appears to have been abbreviated to *shalm*, *shawme*.—OF. *chalemie*, 'a little pipe made of a reed, or of a wheaten or oaten straw;' Cot. Also *chalemelle*, *chalamme*; Cot. All allied to F. *chamine* (for '*chalm*'), straw, a straw.—L. *calamus*, a reed; borrowed from Gk., the true Lat. word being *calamus*.—Gk. *κάλανος*, a reed; *καλάμη*, a stalk or straw of corn. Cognate with E. **HAULM**, q. v. †The G. *schalmet* is also from French. Doublet, *halm*.

SHE, the fem. of the 3rd pers. pronoun. (E.) ME. *she*, *sehe*, *sheo*; Chaucer, C. T. 121; *sho*, Havelok, 125; *scho*, id. 126; a. l. o. *see*. A. S. Chron. an. 1140. In the Northumbrian dialect, we find ME. *scho* used as a dem. pronoun, though the AS. *sēo* is the fem. of the def. article. B. The AS. *sēo* should have become *ser*, but this form never occurs; rather it became *sio* (John iv. 23, Lindisfarne MS.); whence (perhaps influenced by the Icel. dem. pron. *sjá*, that) came Northumb. ME. *scho*, *scho*, and this seems to have suggested the Midland *she*, *she*, the true Southern forms being *heo*, *he*, which actually occur, and were easily confused with *he*, masc. γ. The AS. *sēo*, fem. of *se*, used as def. article, was orig. a demonstrative pronoun, meaning 'that.' †Du. *zij*, *she*; Icel. *sú*, *sjá*, fem. of *sú*, dem. pron.; G. *sie*, *she*; Goth. *sú*, fem. of *sa*, dem. pron. used as def. article; Gk. *ἡ*, fem. of *ὁ*, def. art.; Skt. *sá*, *she*, fem. of *sa*, he. For Icel. *she*, see Noreen, § 399. And see Sweet, E. Gr. § 1068.

SHEAF, a bundle of things collected together, esp. used of grain. (E.) ME. *sheef*, *shef* (with long *e*), Chaucer, C. T. 104. AS. *seaf*, Gen. xxvii. 7; spelt *seab* in the 8th cent., Corpus Gloss., 197. †Du. *schaf*; Icel. *skaf*; G. *schau*. The sense of 'sheaf' is a bundle of things 'shoved' together. Teut. type **skaudan*, m. From **skaud*, and grade of **skūdan*, to shove; see **SHOVE**. †The pl. *sheaves* answers to AS. pl. *seafas*. Der. *sheaf*, verb, As You Like It, iii. 2. 113; *sheaf-y*.

SHEAL, a temporary summer hut. (Scand.) In Halliwell; Jamieson has also *sheil*, *shieling*, *shelin*; spelt *shieling* in Campbell, O'Connor's Child, st. 3. Spelt *sheill*, Henryson, Upland Mouse, st. 6. Connected in the Icel. Diel. *skáli*, Norwegian *skalle*, a hut; but rather from Icel. *skjól*, a shelter, cover, Dan. *skjul*, a shelter, Swed. *skjöl*, a shed, shelter; cf. Icel. *skýli*, a shed, shelter, skjla, to screen, shelter, skjýling, a screening. These words are from the *SKIEU*, to cover; cf. Skt. *śhu*, to cover; Fick, iii. 337. See **SKY**. †For the form, cf. Icel. *skjöld*, a pail or bucket, called in Scotland a *skiel* or *skel*.

SHEAR, to cut, clip, shave off. (E.) ME. *scheren*, *sheren*, pt. t. *shear*, *shar*, pp. *schoren*, now contracted to *shorn*; Chaucer, C. T. 13958 (B 3142). AS. *searan*, *seiran*, pt. t. *sear*, pl. *searon*, pp. *seoren*; Gen. xxviii. 13; Diplomatarium Ævi Saxonici, ed. Thorpe, p. 145, l. 14. †Du. *scheren*; Icel. *shera*; Dan. *skære*; G. *scheren*. Teut. type **shearan*, pt. t. **shear*, pp. **shor-anoz*. Allied to Oldish *sear-aim*,

I separate; Gael. *sgar*, to sever; W. *ysgar*, to part; Gk. *seipw* (for *seipw*). — *sqer*, to cut. Brugmann, i. § 631. Der. *shear-er*; *shears*, ME. *sheres*, P. Plowman, C. vii. 75, pl. of *shear* = AS. *scara*, used to translate *L. forfex*, Voc. 336. 27; *shear-ling*, a sheep only once sheared, formed with double dimin. suffix *-ling*. Allied words are *Soar* (2), *Share*, *Sheer* (2), *Shard*, *Shore*, *Short*, *Soore*, *Skerry*, and others.

SHEATH, a case for a sword or other implement, case, scabbard. (E.) ME. *sheathe*, Wyclif, John, xviii. 11. AS. *scæð*, *scēð*, *scēð*, a sheath; Grein, ii. 399. + Du. *scheede*; Icel. *sheiðir*, fem. pl.; Dan. *skede*; [Swed. *skida*]; G. *scheide*. Teut. type **skaiþā*, f. orig. 'that which separates', applied to the husk of a bean, as in Swed. *skida*, which also means 'a husk'. Since such a husk has two sides, we see why the Icel. *sheiðir* is only used in the plural; and these sides of a case must be separated before a knife or sword can be introduced, if the material of the scabbard is at all loose. All from Teut. base **skaiþh* [except Swed. *skid* = weak grade **skith*]; for which see *Shed* (1). Der. *sheathe*, verb, Mach. v. 7. 20; spelt *sheche* in *Palsgrave*; *sheath-ing*.

SHEAVE, a wheel of a pulley. (F.) A technical term; see Webster. A variant of prov. E. *shive*, a slice (Halliwell); see E. D. D., and see further under *Shive*, *Shiver* (2).

SHEBEN, a liquor-shop. (Irish. = E.) Apparently a dimin. (with suffix *-in*) of Irish *shear*, a shop. = E. *shop*; see *Shop*.

SHEED (1), to part, scatter, cast abroad, pour, spill. (E.) The old sense 'to part' is nearly obsolete, except in *water-shed*, the ridge which parts river-systems. '*Shed*, to distinguish,' Ray, Gloss. B. 15 (E. D. S.). Spelt *shed* in *Karet* (1580). ME. *shedden*, Rob. of Glouc. p. 57, l. 1332; P. Plowman, B. vi. 9; pt. t. *shadde*, *shedde*, P. Plowman, l. xvii. 288; pp. *shad*, Gen. and Exodus, ed. Morris, 148; also *shed*. AS. *scēdan*, *scēdan*, to part, separate, distinguish (hence, to scatter); pt. t. *scēd*, *scēad*, pp. *scēiden*, *scēiden*; a strong verb; Grein, ii. 398; but we find the weak pt. t. *shadde* and the pp. *shad* as early as in the *Ormulum*, li. 3200, 4939. The vowel of the mod. E. word has been shortened, as in *red* from AS. *read*, *bread* from *brēad*, and *head* from *hēad*; this shortening began in the weak pt. t. *shēde* and the pp. *shēd*. + OSax. *shēdan*, OFries. *shēda*, to part; G. *schiden*; Goth. *skaidan*. Cf. Lithuan. *skėdžiu*, I separate; L. *scindere*, Gk. *εἰς*, to cleave, split, part. All from Teut. base **skaiþh*, varying to **skaid* (see *Shide*); allied to Idg. base **skhid*, to cleave. See Brugmann, i. § 201, 599. Der. *shed-er*.

SHEED (2), a slight shelter, hut. (E.) Allied to *shade*. '*Sheds* stuffed with lambs and goats,' Chapman, tr. of *Odyssey*, ix. 314; cf. prov. E. *cow-shade*, a cow-shed (Leic.). It appears to be a Kentish form, like *OKentish hend for band*, *mere for mire*, *ledare for ladder*, &c.; see *Introd.* to *Ayenbite of Inwyet*, ed. Morris, pp. v, vi. In the same work, p. 95, l. 28, we find *shed* (= *shed*) for *shade*; *scēde*, dat. p. 97, l. 1; and *shed* in the sense of 'shadow,' p. 137, l. 15. AS. *scēad*, *scēad*, shade; fig. shelter (Toller); allied to AS. *scēadan*, shade. See *Shade*. β. *Or shed* may be a Kentish form of prov. E. *shud*, a shed (E. D. D.), ME. *skudde*, a shed, *Prompt.* l'arr., which answers to an AS. form **scydd*.

SHEEN, fairness, splendour. (E.) '*The sheen of their spears*,' Byron, *Destruction of Sennacherib*. And in *Hamlet*, iii. 2. 167. But properly an adj., signifying 'fair,' as in *Spenser*, F. Q. ii. 1. 10, ii. 2. 40. ME. *schene*, adj., fair, beautiful, Chaucer, C. T. 974 (A 972). AS. *scēne*, *scōne*, *scōne*, *scōne*, fair; Grein, ii. 416. Lit. 'showy,' fair to sight, and allied to *Show*, q. v. (But doubtless frequently supposed to be allied to *shine*, which the vowel-sound shows to be impossible; observe the cognate forms.) + OSax. *scēni*, adj.; Du. *schoon*, adj.; G. *schön*, adj.; Goth. *skauus*, beautiful. Teut. type **skan-niz* (Kluge); or **skau-n-joz* (Streitberg). See *Fick*, iii. 336.

SHEEP, a well-known animal. (E.) ME. *sheep*, *sheep*, pl. *sheep*, *sheep*; Chaucer, C. T. 408 (A 406). AS. *scēap*, *scēap*, pl. *scēap*, *scēp*, a neuter sb., which is unchanged in the plural, like *deer*; Grein, ii. 404. + OSax. *shep*; Du. *schap*, a sheep, a simpton; G. *schaf*; OHG. *scāf*. Teut. type *skaf*, n. Origin unknown; the Pol. *skop*, Lith. *skapas*, sheep, are borrowed from Teutonic. Der. *sheep-cote*, *sheep-fold*; *sheep-ish*, -ly, -ness; *sheep-master*, *shearer*, -shearing, -walk. Also *sheep-herd*.

SHEER (1), bright, clear, pure, simple, perpendicular. (Scand.) '*A sheer descent*' is an unbroken one, orig. a clear one; the old meaning being 'bright.' And see *Trench*, *Select Glossary*. '*Sheer*, immaculate, and silver fountain;' Rich. II, v. 3. 61. ME. *sheere*, *shere*. '*The shere sonne*,' Lydgate, *Storie of Thebes*, pt. i. (How *Edipus* expounded the problem). [Rather Scand. than E. The initial *sk* is due to AS. *scir* (below).] = Icel. *skær*, bright, clear; Swed. *skär*; Dan. *skær*, bright, pure; Teut. type **skairiz*. Allied to Icel. *skirr*, clear, bright (which is cognate with AS. *scir*, bright (Grein), Goth. *skairs*, G. *schier*); Teut. type **skairiz*. β. Here **skai-riz* is from **skai-*, the 2nd grade, and **skai-roz* from **sheer*-, the prime grade,

of Idg. root *SKEL*, to shine. Cf. Icel. *skí-na* (= AS. *sci-na*), to shine; so that the orig. sense is 'shining.' See *Shine*. Der. *sheer*, adv.; also *Sheer-Thursday*, the old name of Maundy Thursday, lit. 'pure Thursday'; cf. Icel. *skíra*, to cleanse, baptize, *Skírdagr* or *Skíringdagr*, Sheer-day or Sheer-Thursaday, Dan. *Skærtorsdag*. See my note on P. Plowman, B. xvi. 140; p. 379 of 'Notes.'

SHEER (2), to deviate from one's course. (Du.) A nautical term. 'Among sea-men, a ship is said to *sheer*, or *go sheering*, when in her sailing she is not steadily steered, &c.;' Phillips, ed. 1706. = Du. *scheren*, to shear, cut, barter, jest; to withdraw, or go away; to warp, stretch. '*Scheerje van hier*, away, get you gone;' Sewel. This answers to mod. E. *sheer off*! Thus *sheer* is only a particular use of Du. *scheren*, cognate with E. *Shear*. So also G. *schere dich weg*, get you gone; *schier dich aus dem Wege*, out of the way! (Flügel).

SHEET, a large piece of linen cloth; a large piece of paper; a sail; a rope fastened to a sail. (E.) ME. *schete*, *schete*, Chaucer, C. T. 4138 (A 4140). AS. *scēte*, *scēte*; 'Sindo, scēte,' Voc. 124. 24; 'Sindonem, scētan' (Kentish Glosses), Voc. 86. 35; 'Sandalum, scēte', Corpus gloss., 1776. 'On scēte mīnum, in my bosom (L. in sinu meo); Ps. lxxxviii. 49, ed. Spelman. 'On clāne scētan befold' = enfolded in a clean sheet; Gospel of Nicodemus, c. xiii. ed. Thwaites, p. 6. 'On scētan bewunden', wound in a sheet; The Shrine, p. 69. *Sheet* answers to the Kentish and OMer. form *scēte*, not to *Wessex* *scēte*. The sense of 'bosom' is due to the use of *scēte* to signify the fold of a garment. It is closely allied to AS. *scētan*, a much commoner word, meaning (1) a projecting corner, angle, nook of ground, (2) fold of a garment; Grein, ii. 405. β. The orig. sense is 'projection,' or 'that which shoots out,' then a corner, esp. of a garment or of a cloth; after which it was extended to mean a whole cloth or sheet. The nautical senses are found in AS. *scētan*, explained 'pes veli'; *scētan-line*, explained 'propes', Voc. 288. 24, 25. γ. The vowels *ē, y*, are due to a mutation from *ea*; and all may be compared with AS. *scētan*, pt. t. of *scētan*, to shoot; see *Shoot*. Cognate with the form *scēat* are Icel. *skaut*, a sheet, corner of a square cloth, corner, sheet or rope attached to the corner of a sail, skirt or sleeve of a garment, a hood; Swed. *skof*, the sheet of a sail; Du. *school*, a shoot, sprig, sheet, bosom, lap; G. *school*, flap of a coat, lap, bosom; Goth. *skauts*, the hem of a garment; all from Teut. **skaut*, 2nd grade of **skēutan*, to slant; see *Shoot*. Der. *sheet*, verb, *Hamlet*, i. 1. 115, Antony, i. 4. 65; *sheet-ing*; *sheet-lightning*, lightning which spreads out like a sheet. Also *sheet-anchor*, the same as *shoot-anchor*, an anchor to be shot out or lowered in case of great danger; 'This saying they make their *shoot-anchor*,' Abp. Crammer, Ans. to Bp. Gardiner, p. 117 (cited by Todd); also in Roister Doister, i. 1. 28. The form *sheet-anchor* is due to ME. *schētan*, to shoot; see *Shoot*.

SHEIK, a chief. (Arab.) In books of travel. = Arab. *sheikh*, an elder, a chief; Palmer's Pers. Diet. col. 394; *skaykh*, a venerable old man, a chief; Rich. Diet. p. 920. The orig. sense is 'old.' **SHEKEL**, a Jewish weight and coin. (Heb.) See Exod. xxx. 13. The weight is about half an ounce; the value about half a crown. = Heb. *sheqel*, a shekel (weight). = Heb. *skāgal*, to weigh. [Both *res* are short.]

SHEKINAH, SHECHINAH, the visible glory of the Divine presence. (Heb.) Not in the Bible, but in the targums; it signifies the 'dwelling' of *Goā* among His people. = Heb. *shek(h)ināh*, dwelling, the presence of God. = Heb. *shāk(h)an*, to dwell.

SHELDRAKE, a kind of drake. (E.) ME. *scheldrak*; 'Hic umnis, scheldrak'; Voc. 762. 39. For *sheld-drake*, i.e. variegated or spotted drake; hence the ME. form *shelde-drake*, Rel. Antiq. ii. 82, col. 2. '*Sheldapple* [prob. for *sheld-dapple*], the chaffinch;' Halliwell. '*Sheld*, flecked, party-coloured;' Coles' Dict., ed. 1684. *Sheld* in this case is just the same as ME. *sheld*, a shield; and the allusion is, probably, to the ornamentation of shields, which is doubtless of great antiquity. The AS. *scyld* or *seild* is a shield; but is also used, in a curious passage, to denote a part of a bird's plumage. 'Is *scyld* ufan frætrum gefeged ofer þæs fygles bæc' = the shield above is curiously arranged over the bird's back; Poem on the Phoenix, l. 308 (Grein). So also Icel. *skjöldungur*, a sheldrake, allied to *skjöldur*, dappled, from *skjöldr*, a shield, spot, patch; Dan. *en skjoldet ko*, a brindled cow, from *skjold*, a shield; G. *schildern*, to paint, depict, from G. *schild*, a shield, escutcheon. See *Shield*.

SHELF, a ledge, flat layer of rock. (E.) ME. *schelfe*, *shelfe*; pl. *shelves*, Chaucer, C. T. 3211. AS. *scylfe* (for *scylfe*), a plank or shelf; Grein, ii. 416. + Low G. *schelf*, a shelf, Bremen Wörterbuch; allied to *schelfern*, to scale off, peel. Cf. Lowland Sc. *skelva*, a thin slice, *skelve*, to separate in laminae (Jamieson); Du. *schilfer*, a scale; prov. G. *schelfe*, a husk, shell, paring; *schelfen*, *schelfern*, to peel off. Closely allied to *shell* and *scale*; the orig. sense is 'a husk,' thence a flake, slice, thin board, flat ledge, layer. See *Shell*. The Gael.

spealt, a splinter, or (as a verb) to split, is from the same root. ¶ We occasionally find *shel*, not only in the sense of a layer of rock, but in the sense of 'sand-bank' or 'shoal'. Dryden speaks of 'a shelvy coast' as equivalent to 'shoaly ground'; tr. of Virgil, *Æn.* v. 1125, 1130. He adds that *Æneas* 'steers aloof, and shuns the shel', l. 1132. There is confusion here with the verb to *shelve*, q. v. Cf. *shelvy* and shallow, *Merry Wives*, iii. 5. 15.

SHELL, a scale, husk, outer covering, a bomb. (E.) ME. *schelle*, *shelle*; P. Plowman, B. v. 528; Gower, C. i. iii. 76; bk. vi. 2328. AS. *scell*, *ryll*; Grein, ii. 399. +Du. *schel*; Icel. *skel*; Goth. *skalia*, a tile; Luke, v. 19. Teut. type **skali*, f. The sense is 'thin flake'; cf. Swed. *skala*, to peel off; see *Skill*. And see *Scale* (1). Der. *shell-fish*, *-work*; *shell*, verb; *shell-y*.

SHELTER, a place of protection, refuge, retreat, protection. (E.) This curious word is perhaps due to a corruption of ME. *sheld-trume*, a body of troops used to protect anything, a guard, squadron. The corruption took place early, possibly owing to some confusion with the word *squadron* (of F. origin), with which it seems to have been assimilated, at least in its termination. Thus *sheld-trume* soon became *scheldrome*, *scheltrome*, *sheltrome*, *sheltroun*, the force of the latter part of the word being utterly lost, so that at last *-troun* was confused with the common suffix *-er*, and the word *shelter* was the result. β. See examples in Strutt, s. v. *schilde*. To which add: *schilturm*, Harbours of the Bruce, xii. 429; *scheltrome*, *sheltrom*, *schelturm*, Allit. version of Destruction of Troy, 3239, 5349, 5804, 10047; Mortie Arthur, ed. Brock, 1813, 1856, 1992, 2106, 2210, 2922. It occurs also in Trevisa's description of the battle of Hastings, and was quite a common word, known from Aberdeen to Cornwall. Loss of the true form caused loss of the true sense, so that it came to mean only a place of protection, instead of a body-guard or squadron. Note the use in P. Plowman, B. xiv. 81: 'make owre felle owre scheltrom', make our faith our defence. Also: 'scheltrom schouris to shelde', shelter to keep off showers (Halliwell).

A sense of its derivation from *sheld* survives in modern use. From AS. *solid-truma*, lit. a shield-troop, troop of men with shields or selected for defence; compounded of AS. *seild*, a shield, and *truma*, a band of men, Jos. xi. 10. The word *truma* does not appear to be a mere modification of the L. *turna*, but is allied to AS. *trum*, firm, *getrum*, a cohort, band of men (Grein); and to E. *trim*. See *Shield* and *Trim*.

SHELVE, to slope down, incline downwards gradually. (E.) We speak of a *shelving* shore, i. e. a shallow or sloping shore, where the water's depth increases gradually. 'The shore was *shelvy* and shallow'; *Merry Wives*, iii. 5. 15. We have *shelving* in Two Gent. of Verona, iii. 1. 115, which is explained by Schmidt as 'projecting like a shelf.' It seems to be from *shel*, sb., but the connexion is not clear. A *shelf* sometimes meant a sand-bank; and the sense of 'slope' may refer to the sloping sides of the same. Cf. 'tawny sands and *shelves*'; Milton, Comus, 117. 'What lark heares sayle in tempeste on the *shelves*?' Higgins, Mirror for Magistrates; Severus, st. 8. In Lowl. Sc. we find *shel*, a shelf, a ledge in a cliff, and *shelve*, vb., to shelve, to tilt; also *shelvy*, adj., applied to rocks that form a shelf or ledge. β. Torriano explains *Mtal. stralare* by 'to shelve or go aside, aslope, awry'; a sense which may have been suggested by MDu. *schel*, awry, G. *schel*, *schel*, Bavar. *schelb*, awry. See *Shelf*.

SHEPHERD, a sheep-herd, pastor. (E.) ME. *schepherd*, *shepherd*, Chaucer, C. T. 506 (A 504). AS. *scēaphryde*, a keeper of sheep, Gen. iv. 2.—AS. *scēap*, a sheep; and *hyrde*, a herd, i. e. guardian. See *Sheep* and *Herd* (2). Der. *shepherd-ess*, with F. suffix.

SHERBET, a kind of sweet drink. (Arab.) In Herbert's Travels, ed. 1665, pp. 203, 327; Sandys, Trav., p. 136.—Arab. *sharbat*, a drink, draught, sherbet, syrup; Rich. Diet. p. 887.—Arab. root *shariba*, he drank; id. Allied to *syrup*, q. v. Also to *shrub*, in the term 'rumshrub'; see *shrub* (2).

SHERD, SHARD, a fragment. (E.) See *Shard*.

SHERE-THURSDAY; see *Sheer* (1).

SHERIFF, an officer in a county who executes the law. (E.) ME. *schireve*, Chaucer, C. T. 361 (A 359). AS. *scir-gerefa*, a shire-reeve. In Ælfric's Glossary we find: *Consul, gerefa*; also 'Proconsul, under-gerefa'; also 'Pretor, burh-gerefa'; and 'Preses, scir-gerefa'; Voc. col. 110.—AS. *scir*, a shire; and *ge-refa*, a reeve, officer; see *Shire* and *Reeve*. Der. *sheriff-ship*, *sheriff-dom*. Also *sheriff-ly*, generally written *shrievalty*, spelt *shrievalty* in Fuller, Worthies of England (R.); the suffix is F., as in common-al-ty. Dryden has the extraordinary adj. *shrieval*. The Medal, 14.

SHERRY, a wine of Spain. (Spau.—L.) Formerly *sherris*, 2 Hen. IV, iv. 3. 111. The final *s* was dropped, from a fancy that it was the pl. ending, just as in the case of *pea* for *pease*, &c. So called from the town of *Xeres*, in Spain, whence it was brought. There

are two towns of that name; but the famous one is *Xeres de la Frontera*, in the province of Sevilla, not far from Cadiz. The Spanish *x* is now a guttural letter (like G. c.) but formerly was like the E. *sh*. β. Dozy shows that *Xeres* = L. *Casaris*, by loss of the syllable *-ar-*, much as *Cesar Augusta* became, by contraction, *Saragossa*; see Dozy, Recherches sur l'histoire et la littérature de l'Espagne, Leyden, 1860, i. 314. *Casaris* is the gen. case of L. *Casar*. Der. *sherris-sack*, i. e. dry sherry, 2 Hen. IV, iv. 3. 104; see *Sack* (3).

SHEW, the same as *Show*, q. v.

SHIBBOLETH, the criterion or test-word of a party. (Heb.) In Milton, Samson Agonistes, 289. See the story in Judges, xii. 6.—Heb. *shibboleth*, (1) an ear of corn, (2) a river. From the obsolete root *shūbhal*, to increase, grow, flow. ¶ Any word beginning with *sh* would have done as well to detect an Ephraimite.

SHIDE, a thin piece of wood. (E.) *Shide*, a billet of wood, a thin board, a block of wood; still in use; Halliwell. Spelt *skide* in Palsgrave. ME. *shide*, *schide*, Gower, C. A. i. 314; bk. iii. 1033; P. Plowman, B. ix. 131. AS. *seid*, a billet of wood, in a gloss; Voc. 266. 33; whence *scid-wood*, a fence made of palings; Voc. 146. 28. +Icel. *skid*, a billet of wood; G. *seid*, the same. Cf. Olsh. *sciath*, a shield. From the same root as *Sheath* and *Shed*. Fick, iii. 335. Thus the orig. sense is 'a piece of cleft wood, a log, billet.' Doublet, *skid*.

SHIELD, a piece of defensive armour held on the left arm. (E.) ME. *schelde*, *shelde*, Chaucer, C. T. 2506 (A 2504). AS. *seild*, *seild*, a shield; Grein, ii. 407. +Du. *schild*; Icel. *skjöldr*, pl. *skildir*; Dan. *skjold*; Swed. *skild*; Goth. *skildus*; G. *schild*. β. All from a Teut. type **skelduz*, a shield; Fick, iii. 334. The root is doubtful; it is usual to connect it with *shel* and *scale*, as denoting a thin piece of wood; cf. Lith. *skelti*, to split. Fick suggests a connexion with Icel. *skella*, *skjalla*, to clash, rattle, from the 'clashing of shields' so often mentioned; cf. G. *schelle*, a bell, allied to *schellen*, to resound. This seems unlikely. Der. *shield*, verb, K. Lear, iv. 2. 67; *shield-bearer*, *shield-less*. Also *shel-ter*, q. v., *shill-ing*, q. v.

SHIELING, the same as *Sheal*, q. v.

SHIFT, to change, change clothes, remove. (E.) The old sense was 'to divide,' now lost. ME. *schiften*, *shiften*, to divide, change, remove. In the Prompt. Parv. p. 446, it is explained by 'part asunder,' or 'deal,' i. e. divide, as well as by 'change.' 'Hastlich he *schifte* him' = hastily he removed himself, changed his place, P. Plowman, B. xx. 166. And see Chaucer, C. T. 5686 (D 104). AS. *scifian*, *scifian*, to divide; 'bēo his āht geseaf swiðe riht' = let his property be divided very justly; Laws of Cnut (Secular) § 71; in Thorpe, Ancient Laws, i. 414, l. 1. +Du. *schiften*, to divide, separate, turn; Icel. *skipta* (for *skifta*), to part, share, divide; also to shift, change; so that the mod. use of *shift* is prob. Scandinavian; Swed. *skifta*, to divide, to change, shift; Dan. *skifte* (the same). β. The sense of 'divide' or 'part' is the orig. one. Allied to Icel. *skifa*, to cut into slices, Icel. *skifa*, a slice, and prov. F. *skive*, a slice. See *Shiver* (2). Cf. also Icel. *skipa*, to arrange, appoint; which may have influenced the sense. Der. *shift*, sb., a change, Timou, i. 1. 84; esp. a change of linen, and commonly restricted to the sense of chemise; *shift-less*; *shift-y*.

SHILLELAGH, an oaken stick used as a cudgel. (Irish.) In The Rejected Addresses (Living Lustres, st. 9). Named from *Shillelagh*, a barony in Wicklow famous for oaks. The Irish name *Siol-Elaigh* means 'the descendants of Elach' = Irish *siol*, seed, descendants; and *Elaigh*, proper name. See Joyce, Irish Local Names. The Irish *sil*, seed, is from *SE*, to sow.

SHILLING, a silver coin worth 12 pence. (E.) ME. *shilling*, *shilling*; P. Plowman, B. xii. 146. AS. *scilling*, *scilling*, Luke, xv. 9. +Du. *schelling*; Icel. *skillingr*; Dan. and Swed. *skilling*; Goth. *skillingr* (for *skilling*); G. *schilling*. β. The suffix *-ling* is a double diminutive, the same as in AS. *feorð-ling* (or *feorð-ing*), a farthing. The base is perhaps *SKEL*, to divide, as in Lith. *skel-ti*, to split, Icel. *skilja*, to divide; see *Skill*. γ. The reason for the name is not certain; Jhre suggests that the old coins were marked with a cross, for the convenience of dividing them into four parts, as suggested by the AS. name *feorðling*, a fourth part or farthing. It is more likely that the word merely meant 'small piece,' as AS. *stycce*, a mite (Mark, xii. 42), merely means a 'bit' or 'small piece.' δ. The derivation from *SKEL* is strongly supported by the occurrence of Swed. *skiljemynt*, Dan. *skillemynt*, in the sense of 'small change' or 'small money'; by the occurrence of numerous other derivatives from the same base. Cf. Gk. *utep-ua*, small coin, from *utepua*, to cut.

SHILLYSHALLY, to act irresolutely. (E.) Coined from the phr. *shill I, shall I*, which is a reduplicated form of *shall I*, used interrogatively. 'I thought it would be foolish to stand *shilli shalli* any longer,' Macklin, Love à la Mode, Act 1; Sir Callaghan

(reads a letter). And in Congreve, *Way of the World*, iii. 3 (Sir Willful).

SHIMMER, to glitter, shine faintly. (F.) ME. *shimieren*; whence *shimeryng*, Chaucer, C. T. 4295 (A 4297); spelt *shimeryng* in *Tyr-whitt*. AS. *scimrian*, to glitter (Toller). It is the frequentative form of *sciman*, to shine. Luke, xvii. 24 (Lindisfarne MS.). and Grein, ii. 408. — AS. *scima*, a light, brightness, Grein, ii. 408. From the base *sci-* of *sciman*, to shine; see **SHINE**. + Du. *schimieren*, to glimmer; Swed. *skimra*, to glitter; G. *schimmern*, to glimmer; from OHG. *sciman*, to shine, *scimo*, a bright light. And cf. Icel. *skimi*, *skima*, a gleam of light, Goth. *skima*, a torch or lantern; Irish *seimh*, *seimh*, beauty, Oltrish *seimh*.

SHIN, the large bone of the leg, front of the lower part of the leg. (E.) ME. *shine*; dat. *shinne*, Chaucer, C. T. 388; pl. *shinnes*, id. 1281 (A 386, 1279). AS. *scinn*, Voc. 216. 3; 'Tibia, *scina*, OHG. *scin-bân* [shin-bones]; id. 160. 19. Allied to AS. *scin*, shin, O. E. Texts, p. 64; so that the Teut. base is **skai-*, + Du. *schien*; Swed. *sken-ben*, shin-bone; Dan. *skinn-ben*, shin-bone; G. *schien*; OHG. *scina*, *scena*. β. Origin uncertain; but note the use of G. *schiene*, a splint, an iron band, Dan. *skinne*, the same, Dan. *hulskinne*, the tire of a wheel. It is probable that *shin* and *shin* are allied; the orig. sense may have been 'thin slice' from **skel*, to cleave, split; cf. L. *dis-se-cere*, to separate oneself from. 'The *shin-bone* [is] so called from its sharp edge, like a splint of wood. The analogous bone in a horse is called the *shin-bone*.' Wedgwood. See **SKIN**.

SHINE, to gleam, beam, glow, be bright. (E.) ME. *schinen*, *shinen*; pt. t. *schone* (better *shoon*), Wyclif, Matt. xvii. 2, pl. *schinen* (with short i), Gower, C. A. iii. 68; bk. vi. 1085; pp. *schinen* (rare). AS. *scinan*, pt. t. *scin*, pp. *scinen*, to shine, Grein, ii. 408. + Du. *schijnen*; Icel. *skina*; Dan. *skinne*; Swed. *skina*; Goth. *skinan*; G. *schienen*. Teut. type **skinan*. β. All from Teut. base *SKEL*, to shine; cf. Skt. *chikya*, faint light. Der. *shine*, sk., Timon, iii. 5. 101; *shin-y*, Antony, iv. 9. 3. Also *sheer* (i), *shimmer*.

SHINGLE (1), a wooden tile. (L.) Formerly a common word; a *shingle* was a piece of wood, split thin, and cut into a square shape; used like modern tiles and slates, esp. for the fronts of houses. ME. *shingle*; spelt *shyngel*, K. Alisaunder, 2210; hence **shyngled* (shingle), P. Plowman, B. ix. 141. 'Scindala, *shyngul*.' Voc. 610. 13. A corrupt pronunciation for *shindle* or *shindell*, as shown by the corresponding G. *schindal*, a shingle, splint. [Both E. *shingle* and G. *schindal* are non-Teutonic words.] — L. *scindula* (as if from *scindere*, to cleave); but really a later spelling of *scandula*, a shingle, wooden tile. Minsheu (1627) has the form *shindle*; and see Holland, tr. of Pliny, bk. xvi. c. 10: (*Of Shindles*).

SHINGLE (2), coarse round gravel on the sea-shore. (E.) I find no early use of the word. Phillips, ed. 1706, notes that *shingles* is 'the name of a shelf or sand-bank in the sea, about the Isle of Wight'; which is a confused statement. But the older spelling was *chingle* (with *ch*). G. Douglas has 'a dry *chynge* or bed of sand', tr. of Virgil, *Æn.* bk. x. ch. 6. 34. Cf. prov. E. *chingle*, shingle; Lowl. Sc. *chingle*, sometimes pronounced *channel*. Prob. from the vb. to *chink*, from the sound made when one walks on it. β. Perhaps influenced (as to sound) by the synonymous Norw. *singl* or *singling*, coarse gravel, small round stones (Aasen); named from the crunching noise made in walking along it. Cf. Norw. *singla*, to make a ringing sound, like that of falling glass or a piece of money (Aasen); Swed. dial. *singla*, to ring, rattle; *singel-skälla*, a bell on a horse's neck, *singel*, the clapper of a bell (Rietz). The verb *singla* is merely the frequentative of Swed. dial. *singa*, Swed. *junga*, Icel. *svngja*, to sing; see **SING**.

SHINGLES, an eruptive disease. (F. — L.) **Shingles*, how to be cured? Index to vol. ii of Holland's tr. of Pliny, with numerous references. It is a peculiarity of the disease that the eruption often encircles the body like a belt, for which reason it was sometimes called in Latin *zona*, i. e. a zone, belt. A form of *senges*, pl. of the old word *senge*, a girth. — ONorw. F. *chenge*, *chingle*; OF. *cengle*, 'a girth'; also spelt *senge*, 'a girth, a sangle'; Cot. See *cengle* in Godefroy. Mod. F. *sangle*. — L. *cingulu*, a belt, girdle. — L. *cingere*, to surround; see **CINCURE**. Cf. the old word *surcingle*, a long upper girth (Halliwell).

SHIP, a vessel, large, large boat. (E.) ME. *schip*, *ship*; pl. *shippes*, Chaucer, C. T. 2019 (A 2017). AS. *scip*, *scyp*, pl. *scipus*; Grein, ii. 409. + Du. *schip*; Icel. *skip*; Dan. *skib*; Swed. *skipp*; Goth. *skip*; G. *schiff*; OHG. *scif*. β. All from Teut. type **skipom*, n. Root unknown. Der. *skip*, verb, Rich. II. ii. 2. 42; *skip-er*; *ship-board*, *ship-broker*, *chandler*, *man*, *master*, *mate*, *ment* (with F. suffix *-ment*); *ship-money*, *wreck*, *wright*, *yard*; *skip-ing*. And see *equip*. Doublet, *skip*; (of *skipper*), *skip-er*, q. v.

SHIRE, a county, division of land. (E.) ME. *schire*, *shire*; Chaucer, C. T. 586 (A 584). AS. *scir*, A. S. Chron. an. 1010; older sense, office, charge, administration; see Bosw. and Toller,

A. S. Dict. 'Procuratio, *scir*.' Voc. 40. 32 (8th century). Allied to OHG. *scira*, business; see **SCHADE**. Root unknown. The vowel-sound shows that it is in no way allied to **SHear** or **SHare**, as has been repeatedly alleged. Note that the oldest sense is 'business.' Cf. AS. *sciran*, to distribute, assign, appoint, allot; G. *schirmmeister*, a steward; *anschirren*, to harness a horse. See Notes on E. Etym., p. 270. Der. *sher-iff*, for *shire-reve*, see **SHERIFF**; also *shire-mote*, for which see *meet*.

SHIRK, to avoid, get off, shirk from. (F. — L.) Formerly spelt *sherk*, which appears to be merely the same word as *shark*, to cheat, swindle; see **Nares**. Alp. Laud was accused of fraud in contracting for licences to sell tobacco; and it was said of him, 'that he might have spent his time much better . . . than thus *sharking* and *raking* in the tobacco-shops.' State-Trials, 1640, Harbottle Grimstone (R.). See **SHARK**. So also *clerk* as compared with *Clark*, a proper name; ME. *derk* = mod. E. *dark*; ME. *berken*, to bark, &c.; also mod. E. *shirt* from ME. *sherte*. *Shirk* = *sherk*, *shark*; E. D. D.

SHIRT, a man's garment, worn next the body. (E.) ME. *schirte*, *shirte*, also *sherte*, *shurte*. Spelt *shirte*, Havelok, 768; *sherte*, Chaucer, C. T. 1566; *shurte*, O. Eng. Homilies, ed. Morris, ii. 139, l. 16. AS. *scyrte* (Toller). — AS. *scort*, short, + Icel. *skyrta*, a shirt, kirtle; Swed. *skjorta*; Dan. *skjorte*; G. *schurz*, *schürze*, an apron; cf. *schürzen*, to tuck up. β. So called from its being orig. a short garment; see **SHORT**. Der. *shirt-ing*, stuff for making shirts. Doublet, *shirt*.

SHITTAH-TREE, **SHITTIM-WOOD**. (Heb. — Egyptian.) *Shittim* is a plural form, referring to the clusters of groups of the trees; we find *shittim-wood* in Exod. xxv. 10, &c. The sing. *shittah-tree* only occurs once, Isaiah, xli. 19. — Heb. *shittah*, pl. *shittim*, a kind of acacia. [The medial letter is *tekh*, not *tau*.] For **shittah*; cf. Arab. *sanf*, a thorn, acacia; Rich. Dict., p. 852. Of Egypt. origin. — Egypt. *shonte*, *shonti*; Gesenius, ed. 8, p. 830.

SHIVE, a slice; **SHEEAVE**, a pulley; see **SHIVER** (2).

SHIVER (1), to tremble, shudder, quiver. (E.) Spelt *sheuer* (= *shever*) in *Baret* (1580). This word seems to have been assimilated to the word below by confusion. It is remarkable that the ME. forms are distinct, viz. (1) *schueren* or *chueren* (*chivieren*), to tremble, and (2) *sheueren* or *shueren*, to splinter. Whereas the latter word truly begins with *sh*, the present word is alliterated with words beginning with *ch*, and is spelt with *ch*, appearing as *chivieren*, *cheueren*, and *chuelen*. 'I loll'd his cheeks; Wel sydder than his chyn, bei *chuielod* for elde' — his cheeks lolled about, (hanging down) even lower than his chin; and they *shivered* through old age; P. Plowman, B. v. 193 (where other MSS. have *chuyeluden*, *cheuerid*). 'Achilles at the choise men *cheuert* for anger' — Achilles shivered (shook) with anger at those choice men; Destruction of Troy, 9370. 'And I haue *cheueride* for chele' — and I have shivered with cold; Morte Arthure, 3391. 'The temple-walles gan *chyuere* and schake'; Legends of the Holy Rood, p. 144, l. 386. 'Chyuieren in yse' — to shiver in ice; O. Eng. Miscellany, p. 177, l. 142. 'Heo quakeden and *chyuere*den faste'; they quaked and shivered fast; South E. Legendary, p. 210, l. 1. β. The persistence of the initial *ch* is remarkable; and takes us back to an earlier form **sheueren*, **shivieren*, to shake continually, the suffix *-er* being frequentative. From an AS. base **cef-* or **cef-* (Teut. **keb* or **kib*), of which we have no clear trace; perhaps cf. Du. *kevelen*, to move the jaw continually. Prob. an imitative word, like *quiver*. Perhaps cf. also Norw. and Swed. dial. *kippa*, to snatch, twitch with the limbs, quiver convulsively (Aasen, Rietz). γ. The resemblance to MDu. *schouveren*, to shiver, or to shake' (Hexham), appears to be accidental.

SHIVER (2), a splinter, small piece, esp. of wood. (E.) The verb to *shiver* means to break into *shivers* or small pieces; the sb. being the older word. A *shiver* is a small piece, or small slice; gen. now applied to wood, but formerly also to bread. ME. *shiuir* (with *u* = *v*); 'And of your softe breed [bread] nat but a *shiuire*'; Chaucer, C. T. 7432 (D 1840). The pl. *schifren*, *shivers*, pieces of wood, is in *Iayamon*, 4537; spelt *sciuren* (= *sciuren*), id. 27785. β. *Shiver* is the dimin. of *shive*, a slice; 'Easy it is of a cut loaf to steal a *shive*.' Titus Andronicus, ii. 1. 87. Spelt 'a *sheeve* of bread'; Warner's *Albion's England* (R.). 'A *shive*, or *shiuir*, Segmen, segmentum.' *Baret* (1580). This *shive* is the same as the technical E. word *sheave*, a pulley, orig. a slice of a tree, disc of wood. Not in AS. Cf. *EFries. schife*, *schive*, *schif*, NFries. *shiv*, *sheev*, + Icel. *skifa*, a slice; cf. *skifa*, to cut into slices; AS. *schifren*, Dan. *skive*, Swed. *skifva*, G. *scheibe*, a slice. γ. Teut. base **skib*; Idg. root **skiep*; whence Gk. *skōvōs*, a potter's disc (Hesychius). The G. *schiefer*, a slate, a splinter, is a related word, from the same base; and note OHG. *sciurov*, a shiver. Der. *shiver*, verb, ME. *schuieren*, *shiuieren*, Chaucer, C. T. 2607 (2605); *shiver-y*, easily falling into fragments. And see **SHIFT**.

SHOAL (1), a multitude of fishes, a troop, crowd. (E.) Gen.

applied to fishes, but also to people. 'A *shole* of shephearders'; Spenser, *Shep. Kalendar*, May, l. 20. The same word as AS. *scolu*, or *seculu*, a troop, throng, crowd. [Distinct from AS. *scōl*, school; see **Bohool**.] **β**. A Germanic word; cf. OSax. *skola*, a troop. Cf. 'a scoll of fish'; Book of St. Alban's, f. 7, col. 1. So also *shool*, a shoal; and the sailors' phrase 'a school of fishes', given by Halliwell as a Lincolnshire word. So also Irish *sgol*, a scull or great quantity of fish. See **Soull** (3). Teut. type **skulā*, f., prob. 'a division'; from **skul-*, weak grade of **skel-*, to divide. Der. *shoal*, verb, Chapman, tr. of Homer's *Iliad*, b. xlii, l. 191.

SHOAL (2), shallow; a sandbank. (E.) Properly an adj. meaning 'shallow'; and, indeed, it is from the same base as *shallow*. Spelt *shole*, adj., Spenser, *On Mutability*, c. vi. st. 40. Spelt *schold* (an older form), in the Prompt. Parv., which has: '*Schold*, or *schalowe*, nyste depe.' The orig. final *d* is also found in Lowland Sc. *schald*, shallow, also spelt *schawd*. 'Quhar of the dik the *schawdest* was' = where was the shallowest part of the dike, Harbours' Bruce, ix. 354; and the Edinburgh MS. has *schaldet*. Another Sc. form is *shaul*; as '*shaul* water maks mickle din', Sc. proverb, in Jamieson. The forms *shaul*, *shoal* result from the loss of the final *d*. AS. *seald*, shallow; found in place-names. 'On *sealdan* furd', to the shallow ford; Birch, *Cart. Sax.* ii. 48; whence *Shalford*, Surrey. See **Shallow**. Cf. Pomeran. *scholl*, shallow water. Hence the use of *shoal* as a sb., meaning (1) a shallow place; (2) a sandbank, from its sloping. It has the former sense in Hen. VIII. iii. 2. 437; the latter in Macb. i. 7. 6. Cf. *shold*, a sandbank; Iaklytt, Voy. iii. 547. Der. *shoal*, verb, to grow shallow; *shoal-y*, adj., Dryden, tr. of Virgil, *Æn.* v. 1130; *shoal-i-ness*.

SHOAR, a prop; the same as **Shore** (2).

SHOCK (1), a violent shake, concussion, onset, offence. (E.) We find only ME. *schucken*, verb, to shock; jog, move or throw with violence, More Arthur, ed. Brock, 1759, 3816, 3852, 4114, 4235. Not found in AS.; but the form is English. Cf. Fris. *schokken*, to shock, jolt. Also Du. *schok*, a shock; jolt; *schokken*, to jolt, agitate, shake; Icel. *skykk*, a jolt, only used in dat. pl. *skykkjum*, tremulously; Low G. *schokken*, *schukken*; OHG. *scoc*, sb. (whence F. *choc*, sb., *chogner*, vb.); Low G. *schoken*, to swing (Jäbhen), whence (i. *schankel*, a swing. See Du. *schok* in Frauck. Der. *shock*, sb., *shock-ing*. Doublet, *shog*, q.v.

SHOCK (2), a pile of sheaves of corn. (E.) 'A *shocke* of corne in the field'; Iaret (1580). MF. *schokke*, Prompt. Parv.; pl. *schockes*, Nominal, ed. Skeat, l. 314. Not found in AS. However, it is found in MDu. *schocke*, 'a shock, a cock, or a heap'; Hexham; whence *schocken*, 'to shock, to cock, or heape up'. So also Swed. *shock*, a crowd, heap, herd. The orig. sense must have been a heap violently pushed or tossed together, from MDu. *shocken*, to shock, to jolt, move, agitate; and the word is doubtless allied to **Shook** (1). Similarly *shen* is formed from the verb *shove*. **β**. A *shock* (cf. Dan. dial. *shok*, NFris. *shock*, a set of 6 sheaves) generally means 12 sheaves; but G. *schok*, Dan. *shok*, Swed. *shock* mean threescore or 60.

SHOCK (3), a rough, shaggy-coated dog. (E.) A not uncommon name for a dog. Spelt *shough* in Macb. iii. 1. 94. 'My little *shock*'; Nabbes' Bride, 1640, sig. II (Halliwell). *Shock-headed* is rough-headed, with shaggy or rough hair. Perhaps from *shock*, a heap, pile (above).

SHODDY, a material obtained by tearing into fibres refuse woollen goods. (E.) Prob. so called from being, at first, the waste stuff shed or thrown off in spinning wool (Chambers). Cf. Devon *shod*, shell, spilt; ME. *schode*, division of the hair, Chaucer, C. T. 2009 (A 2007); Lowland Sc. *shoad*, a portion of land. See **Shed**. **β** Another similar material is called *mungo* or perhaps 'mixture', from AS. *ge-mang*, a crowd, lit. a mixture; allied to *mingle*.

SHOE, a covering for the foot. (E.) ME. *shoe*, *shoo*, Chaucer, C. T. 255 (A 253); pl. *shoon*, *shoon*, Chaucer, Will. of Palerne, 14, Havelok, 860; also *seous*. O. Eng. Homilies, I, 37, l. 4 from bottom. AS. *seof*, pl. *seof*, Alf's Gloss, in Wright's Vocab. i. 26, col. 1. We also find pl. *seoff*, Matt. iii. 11; and *ge-seofian*, verb, to shoe, Diplomatarium, p. 616. **β** Du. *shoen*; Icel. *skór*, pl. *skóur*, *skór*; Swed. and Dan. *sko*; Goth. *skōks*; G. *schuh*, OHG. *scōh*, *scuoh*. The Teut. type is **skuh-*, m. Der. *shoe*, verb, K. Lear, iv. 6. 188; *shod* (for *shoe-d*), *shoed-ick*, -horn.

SHOG, to shake; jog, move off or away. (E.) 'Will you *shog* off?' Hen. V. ii. 1. 47. 'I *shogge*, as a carte dothe,' i. e. jolt; Palsgrave. 'The boot ... was *shogged* with wawis'; Wyclif, Matt. xiv. 24. A variant of ME. *schokken*, to shock, jolt. See **Shook** (1).

SHOOT, to dart, let fly, thrust forward. (E.) Palsgrave has *shote*; but ME. has the by-form *shēten*, *schēten*; spelt *shete*, Chaucer, C. T. 3936 (A 3938). Just as ME. *chēten*, to choose, is from AS. *ceosan*, whilst E. *choose* represents *ceāwan* (with *eo* for *eo*), so here. The mod. E. *shoot* is from AS. *scēotan*, but ME. *schēten* is from AS.

scēotan, to shoot, dart, rush; pt. t. *scēat*, pp. *scoten*. (The pp. *scoten* is preserved in *shotten* herring, a herring that has spent its roe; i. Hen. IV, ii. 4. 143.) **β** Du. *schieten*, pt. t. *shoot*, pp. *geschoten*; Icel. *skjóta*, pt. t. *skant*, pp. *skotinn*; Dan. *skjude*; Swed. *skjuta*; G. *schessen*. All from a Teut. type **skentan-*, pt. t. **skant*, pp. **skutanaz*. Brugmann, i. § 623. Der. *shoot*, sb., ME. *schote*, More Arthur, 3627; *off-shoot*, q. v.; *shoot-ery*, L. L. iv. 1. 116; *shoot-ing*; and see *shot*, *shut*, *shut-le*, *sheet*, *scot*, *scud*, *skit*, *skit-ish*, *skit-les*.

SHOP, a stall, a place where goods are sold. (E.) ME. *schoppe*, *schoppe*, Chaucer, C. T. 4420 (A 4422). AS. *seccoppa*, a stall or booth; but used to translate L. *gazophilacium*, a treasury, Luke, xxi. 1. Allied to AS. *scypen*, a shed for cattle; 'ne *scypene* his neátum ne timbreþ' - nor builds sheds for his cattle, *Alfred*, tr. of Bede, b. i. c. 1. **β** Low G. *schup*, a shed; Brem. Wörterb.; G. *schuppen*, a shed, cart-house; OHG. *scopp*, whence OF. *eschoppe*, *eschope*, 'a little low shop', Cot. Der. *shop*, verb; *shop-lift-ing*, stealing from shops, for which see **Lift** (2); *shop-walker*.

SHORE (1), the boundary of land adjoining the sea or a lake, a strand. (E.) MF. *shore*, Allit. Poems, A. 230; Gwain and the Grene Knight, 2161. Not in AS. The orig. sense is 'edge', or part shorn off, from *seor-*, pp. of *searan*, to shear. Cf. *scoren* *clif* (= shorn cliff), a precipice, *Alfred*, tr. of Gregory's Past. Care, c. 33, l. 4; mod. E. *Shorncliffe* (Kent). See **Shear**, **Score**. Der. *shore*, verb, to set on shore, Wint. Tale, iv. 4. 869.

SHORE (2), **SHOAR**, a prop, support. (E.) ME. *schore*. 'Schore, under-settyng of a thyngþ bat wolde fall, Suppositorium', Prompt. Parv. 'Hit hadde schore to shoue hit vp' = it (a tree) had props to keep it up; P. Plowman, c. xix. 20. *Shorier* is a sb. formed from *schorien*, verb, to under-prop, which (by its form) is a denominative verb from the sb. *schore*. Not found in AS.; but an E. word. Cf. Fris. *schör*, *schore*, a prop. Cf. AS. *seorian*, to project, jut out. **β** Du. *schoor*, a prop; MDu. *schooren*, to underprop. Cf. also Icel. *skorða*, a stay, prop, esp. under a ship or boat when ashore; whence *skorða*, verb, to under-prop, shore up; Norw. *skorli*, *skora*, a prop (Ansen). Der. *shore*, verb.

SHORE (3), a corruption of **Sewer**, q.v.

SHORT, curt, scanty, not long, cut down, insufficient. (L.) ME. *schort*, *short*, Chaucer, C. T. 748 (A 746). AS. *seort*, short, Grein, ii. 407. Cf. Icel. *skorta*, to be short of, to lack, *skortir*, shortness, want; OHG. *senz*, short. Teut. type **skariz-*, which looks like a derivative (with suffix -*iz*) from the weak grade of Teut. base **sker-*, to shear; see **Shear**. Cf. also Icel. *skorðr*, diminished, cut down. **β** But as the G. *kurz*, short, is from L. *curt-us*, short, it is usual to explain E. *short* as from a late L. type **ex-curtus*; from the same Idg. **β** **QUER**. Der. *shortly*, adv., ME. *shortly*, Chaucer, C. T. 717 (A 715), from AS. *seortlice*; *short-ness*; *short-coming*, -hand, -sight-ed, -wind-ed. Also *short-en*, verb, cf. ME. *shorten*, Chaucer, C. T. 793 (A 791), AS. *seortian* (to shorten); where, however, the mod. final -*en* does not really represent the ME. suffix -*en*, but is added by analogy with ME. verbs in -*en*, such as *waken*, to waken; this suffix -*en* was at first the mark of an intransitive verb, but was afterwards made to take an active force.

SHOT, a missile, aim, act of shooting. (E.) ME. *shot*, *shot*, a missile, Chaucer, C. T. 2546 (A 2544). AS. *ge-seot*; 'nim him *ge-seot*' - take thy implements for shooting; Gen. xxvii. 3. Cf. AS. *scot-*, stem of pp. of *scēotan*, to shoot; see **Shoot**-**OF**ices. *skot*, a shot; Icel. *shot*, a shot, a shooting; Du. *shot*, a shot, shoot; G. *schuss*, *schuss*, a shot. All from Teut. **skut-*, weak grade of **skentan-*, to shoot. A doublet of *scot*, a contribution; see **Scot**-**Free**. Der. *shot*, verb, to load with shot; *shot-ld*.

SHOULDER, the arm-joint, joint in which the arm plays. (E.) ME. *shulder*, *shuldr*, Havelok, 604. AS. *seulder*, *sculdr*, Gen. ix. 23. **β** Du. *schouder*; Swed. *skuldra*; Dan. *skulder*; G. *schulter*. Perhaps allied to OHG. *scult*, the shoulder. Root unknown. Der. *shoulder*, verb, Rich. III, iii. 7. 128; *shoulder-blade*, *belt*, *shot*.

SHOUT, a loud outcry. (E.) Spelt *shoute*, *shoute* in Palsgrave. ME. *shouten*, Chaucer, Troil. ii. 614. The AS. form **scēotan* does not occur. Perhaps we may compare it with Icel. *skíta*, shout, a taunt. (The Icel. *skíta*, vb., means to jut out.) See **Scout** (2). Der. *shout*, sb. *shout-er*.

SHOVE, to push, thrust, drive along. (E.) MF. *shouen*, *shouen*; 'to shove hit vp' = to prop it up; P. Plowman, C. xix. 20. The usual strong form is *shouen*, *shouten* (with latter *u*=v); Chaucer, C. T. 3910 (A 3912), pt. t. *shof* (printed *shove* in some editions), id. *Parl. of Foules*, 154; pp. *shouen* (*shouen*), *shoue*, id. C. T. 11593 (F 1281). AS. *schifan*, pt. t. *scēaf*, pl. *schifan*, pp. *scēfan*, Grein, ii. 412. **β** Du. *schuiven*; Icel. *skífa*, *skífa*; Dan. *skuffa*; Swed. *skuffa*; G. *schieben*, pt. t. *schob*, pp. *geschoben*; OHG. *scifan*; Goth. *skubān*. Teut. type **skubān-*, or **skubān*, pt. t. **skub*, pp. **skubān*. Allied to Lith. *skubū*, quick, hasty, inconsiderate; Skt. *skubh*, to become agitated; the causal form signifies to agitate, shake, jumble; hence *skubh*,

agitation. Thus the primary sense was 'to shake' or 'push.' Dor. *shove*, sb.; *shove-groat*, a game in which a *groat* (piece of money) was *shoved* or pushed about on a board; also *shovel*, q.v.; *sheaf*, q.v.

SHOVEL, an instrument with a broad blade and a handle, for shoving and lifting; a sort of spade. (E.) ME. *schouel* (with *u* = *v*). 'With spades and with *schoules*.' P. Plowman, B. vi. 192. AS. *scōf*; 'Trulla, *scōf*,' Wright's Voc. i. 289. Cf. AS. *scōf*, base of pp. of *scōfan*, to shove, with suffix *-l* + Du. *schoufel*; Westphal. *schufel*; cf. G. *schaufel*. See **Shove**. Der. *shovel*, verb, Wint. Tale, iv. 4. 469. *Shovel-er*, a kind of duck, Holland, tr. of Pliny, b. x. c. 40; *shoueler*, Skelton, i. 63; named from its broad beak.

SHOW, SHEW, to exhibit, present to view, teach, guide, prove, explain. (E.) *Show* is the older spelling; sometimes *shew* is used to denote the verb, and *show* for the sb., but without any difference of pronunciation in mod. English. ME. *schewen*, *shewen*; Chaucer, C. T. 9380 (E 1506); P. Plowman, B. i. 2. AS. *scēwian*, to look, see, behold; the later sense is to make to look, point out. 'Scēwian þā liliān' = behold the lilies; Luke, xii. 27-1 Du. *schawen*, to inspect, view; Dan. *skue*, to behold; G. *schauen*, to behold, see. Cf. Goth. *u-skawus*, cautious, wakeful. Teut. base **skaw-*; Idg. base **sgou-*; cf. Gk. *θου-αῖος*, an inspector of an offering; L. *cau-ire*, to take heed, *cau-tus*, watchful; Gk. *κοῖα*, I observe; Skt. *kaw-i*, wise. From the same root we have *cau-tious*. Brugmann, i. § 163, 639. Der. *show*, sb., ME. *schewe*, Prompt. Parv.; *show-bill*; *show-bread*, Exod. xcv. 30; *show-y*, Spectator, no. 424; *show-i-ly*; *show-i-ness*; *shee-n*; *scav-enger*.

SHOWER, a fall of rain. (E.) Orig. a monosyllable, like *flower*. ME. *shour*, *schour*, Chaucer, C. T. i. AS. *scūr*, Grein, ii. 414-1 Du. *schor*; Icel. *skur*; Swed. *skur*; Goth. *skūra*, a storm; *skūra windis*, a storm of wind, Mark, iv. 37; G. *schauer*; OHG. *scūr*. Teut. type **skū-roz*, m. Perhaps allied to Lith. *szau-ti*, to shoot. Brugmann, i. § 627 (1). Cf. Lith. *szaurys*, north wind. Der. *shower*, verb, Hen. VIII, i. 4. 63; *shower-y*.

SHRAPNEL, a bursting shell charged with bullets. (E.) Named after the inventor, Gen. *Shrapnel*, who died in 1842. See Dict. Eng. Biog. The date of the invention is about 1803; it was used in 1804.

SHRED, a strip, fragment, piece torn or cut off. (E.) The vowel was once long, as in the variant *scread* (Halliwell). ME. *shrede*, Havelok, 99. AS. *scrēde*, a piece, strip. 'Scēda, *scrēde*,' also 'Presegiama, *scrēdian*, *scrēdan*' (plural); Voc. 164. 6; 151. 20; whence AS. *scrēdian*, to shred, 1-MDu. *schroede* (Kilian); whence *schroeder*, 'a lopper or pruner of trees,' Hexham; G. *schro*, a piece, shroud, block; whence *schroeten*, to grind, cut, saw. β. All from a Teut. base **skraud*, 2nd grade of **skreud*; for which see **Shroud**. Allied to L. *scruta*, broken pieces, see **Sorutiny**. Der. *shred*, verb, ME. *shredde*, Chaucer, C. T. 8013 (E 227). AS. *scrēdian*; also *scroll*, q.v. Doublet, *scrad*.

SHREW, a scold, scolding woman. (E.) ME. *shrewe*, *schrewe*, adj., wicked, bad; applied to both sexes. The Wife of Bath said her fifth husband was 'the moste *schrewe*, the most churlish of all; 'Chaucer, C. T. 6087 (D 505). Cf. P. Plowman, B. x. 437; Prompt. Parv. Spelt *shrewe*, Polit. Songs, ed. Wright, p. 154, l. 4. AS. *scrēawa*, a shrew-mouse; 'Mus araneus, *scrēawa*;' Voc. 122. 20. Sommer explains *scrēawa* as 'a shrew-mouse, which, by biting cattle, so envenoms them that they die,' which is, of course, a fable. But the fable is very old; and the L. name *araneus* means 'poisonous as a spider;' and Aristotle says the bite of the shrew-mouse is dangerous to horses, and causes boils; Hist. Anim. viii. 24. 'In Italy the lardy shrews are venomous in their biting;' Holland, tr. of Pliny, b. viii. c. 58. β. The ME. *schrewen*, to curse, whence E. *be-shrew*, is merely a derivative from the sb., with reference to the language used by a *shrew*. ¶ Wedgwood refers to a curious passage in Higden's Polychronicon, i. 334. The L. text has *mures nocentissimos*, which Trevisa translates by *uel schreued mys* = very harmful mice. Der. *shrew-d*, *be-shrew*; also *shrew-ish*, Com. Errors, iii. 1. 2; *shrew-i-ly*, *ness*; also *shrew (-)*.

SHEWED, malicious, wicked; cunning, acute. (E.) The older sense is malicious, mischievous, scolding or shrew-like, as in Mids. Tr. Nr. iii. 2. 323, &c. ME. *schreued*, *schreued*, accused, depraved, wicked; 'schreuede folk' = wicked people, Chaucer, tr. of Boethius, bk. i. pr. 4. l. 136; cf. *schreuednesse*, wickedness, id. l. 139. *Schreued* is lit. 'accused,' pp. of *schrewen*, to curse, beashrew; Chaucer, C. T. 15432 (B 4616); and the verb is formed from the ME. adj. *schreue*, evil, malicious; see **Shrew**. Der. *shreud-ly*, *ness*.

SHREW-MOUSE, an animal like a mouse; see **Shrew**. **SHRIEK**, to screech, cry aloud, scream. (E.) A doublet of *screech*. Spenser has *shriek*, F. Q. vi. 4. 8; but also *scrike*, vi. 4. 18. Baret (1580) has *scriek*. ME. *skrien*, Chaucer, C. T. 15406 (B 4590); where other spellings are *scrichen*, *schriken*; also *skryke*, Polit.

Songs, p. 158. An E. form. See **Soreech**. Der. *shriek*, sb., Mach. iv. 2. 168. Also *shrike*, q.v. Doublet, *screech*.

SHRIEVALTY, sherriffaty; see **Sherrif**.

SHRIFT, SHRIVE; see **Shrove-tide**.

SHRIKE, the butcher-bird. (E.) Named from its shrill cry. A native form; AS. *serie*, Voc. 52. 13. Cf. Westphal. *schrik*, a shrike; Icel. *skríja*, a shrike, also, the shrike or butcher-bird, from *skríja*, to titter, but properly to shriek, and allied to Icel. *skrája*, to screech. See **Shriek**, **Soreech**.

SHRILL, acute in sound, piercing, loud. (E.) ME. *skril*, *skril*; pl. *skrille*, Chaucer, C. T. 15401 (B 4585); also *shirie*, in *Levins* and *Palsgrave*. The Southern form of Lowland Sc. *skirl*, a shrill cry; *skirl*, to cry shrilly. Cf. AS. *scrulatan*, to make a loud outcry (Grein). Also Low G. *schrell*, shrill, Bremen Wörterbuch; prov. G. *schrill*, shrill, *schrillen*, to sound shrill (Flügel). β. The form *skirl* is Scand.; cf. Norw. *skryla*, *skrela*, to cry shrilly. γ. From Teut. root **skrel*, to cry loudly; AS. *scall-elan* is from the second grade **skral*. δ. We also find a Teut. str. vb. **skell-aw*, to resound (OHG. *scellan*), pt. t. **skall*; whence not only G. *schallen*, to resound, *schall*, an echo, but also ME. *schil*, *shil*, shrill. We find the adv. *skulle*, shrilly (with various readings *skulle*, *schulle*), in P. Plowman, C. vii. 46. The base SKEL is also represented by the Icel. strong verb *skjalla*, *skela*, pt. t. *skall*, pp. *skollinn*. Cf. Lithuan. *skalti*, to bark, give tongue, said of a hound. Der. *shrill-y*, *shrill-ness*.

SHRIMP, a small shell-fish. (E.) ME. *shrimp*, Chaucer, C. T. 13961 (B 3145). Cf. Lowland Sc. *scrump*, to straiten, pinch; *scrump*, scanty; 'scrumpit stature' = dwarfish stature, Burns, To Jas. Smith, l. 14. It is an E. word; but, instead of **scrumpian*, we find AS. *scrimman*, used as equivalent to *serincan*, to shrink, A. S. Leechdoms, ii. 6, l. 15. *Shrimp* is just a parallel form to *shrink*. β. Rietz makes no doubt that there was an OSwed. *skrimpa*, to contract, a strong verb, as well as a shorter form *skrina*. Traces of OSwed. *skrimpa* occur in Swed. *skruppen*, Dan. *skruppen*, shrivelled. Dan. dial. *skrimpe*, a lean cow; Norw. *skruppen*, lean, *skruppa*, *skruppa*, an old lean animal (Ross). See **Shrink**. γ. Even in English we have clear traces of the same strong verb, since (besides *shrimp*) we find prov. E. *skrammed*, benumbed with cold, prov. E. *skrupp*, to shrug, shrink, and *skrupp*, to shrivel. So also G. *schrumple*, a wrinkle, *schrumpfen*, to sunken; MHG. *schrimpfen*, to shrink; Westphal. *schrempen*, to shrivel. Cf. Westphal. *krimpe*, a shrimp.

SHRINE, a place in which sacred things are deposited, an altar. (L.) ME. *schrin*; dial. *schryne*, K. Alisaunder, 4670. AS. *scrin*, the ark (of the covenant), Jos. iii. 8, iv. 7 = L. *scrinim*, a chest, box, case. Der. *en-skrine*.

SHRINK, to wither, contract; to recoil. (E.) ME. *shrinken*, to contract, draw together; pt. t. *shrouk*, Chaucer, tr. of Boethius, b. i. pr. 1, l. 9; pp. *shrinken*, Gower, C. C. i. 98; bk. i. 1683. AS. *scrincan*, pt. t. *scrane*, pp. *scrancan*, to contract, shrivel up; chiefly in comp. for *scrincan*, pt. t. *forscrane*, Mark, iv. 6 + MDu. *schrinken*, 'to grow lesser or to shrink,' Hexham. And cf. Swed. *skrynka*, a wrinkle; *skrynkle*, to wrinkle, to rumple; Norw. *skrökka*, to shrink. Teut. type **skrinkan*, pt. t. **skrank*, pp. **skrunkan*, to shrivel, wrinkle, draw together; parallel to the base appearing in **Shrimp**, q.v.; and see **Soraggy**. Further allied to **Shrug**.

SHRIVE, to confess; see **Shrove-tide**.

SHRIVEL, to wrinkle, crumple up. (E.) Shak. has *shrivel* up, Per. ii. 4. 9. It does not seem to appear in Middle English. It is a frequentative form, with the usual suffix *-el*, from an AS. base **scruf-*; as shown by the cognate Swed. dial. *skryvla*, to shrivel up, to wrinkle; and *skryvla*, a wrinkle. Allied to Swed. *skrof*, Swed. dial. and Norw. *skrov*, a carcass; prov. E. *scriff*, *scruff*, to shrink together. Possibly allied to **Shrub** (1). Cf. *scrubby*.

SHROUD, a garment, the dress of the dead. (E.) The word had formerly the general sense of garment, clothing, or covering. ME. *shroud*, *schroud*, P. Plowman, B. prol. 2; *shroud*, Havelok, 30, 1. AS. *scrūd*, a garment, clothing, Grein, ii. 412 + Icel. *skráð*, the shrouds of a ship, furniture of a church; Norweg. *skrud*, dress, ornament; Dan. and Swed. *skrud*, dress, attire. β. Closely allied to *shred*; and the orig. sense was a shroud or piece of cloth or stuff, a sense nearly retained in that of winding-sheet. Chapman has *shroud* in the very sense of shroud or scrap of stuff, tr. of Homer's Odyssey, b. vi. l. 274. Moreover, a *shred* is a piece roughly cut off; cf. G. *schrol*, a cut, a piece, *schrolten*, to cut. The Teut. base is **skrud*, to cut; the 2nd grade **skraud* appears in **Shred**. Der. *shroud*, verb, AS. *scrýdan*, Matt. vi. 30; *en-shroud*. Also *shroud*, s. pl., K. John, v. 7. 53, part of the rigging of a vessel.

SHROVE-TIDE, SHROVE-TUESDAY, a time or day (Tuesday) on which shrift or confession was formerly made. (L. and E.) *Shrove-tide* is the tide or season for shrift; *Shrove-Tuesday* is the day preceding Ash Wednesday or the first day of Lent. *Shrov* is

here used as a sb., conformed to *shrove*, the pt. t. of the verb to *shrive*; except in the two above compounds, the sb. invariably takes the form *shrif*.

B. The verb to *shrive* (pt. t. *shrove*, pp. *shriven*) is ME. *shripen*, *shripen*, of which we find the pt. t. *shrof*, *shroof* in P. Plowman, B. iii. 44 (footnote), and the pp. *shripen* in Chaucer, C. T. 7677 (D 2095). AS. *scrifan*, to shrive, to impose a penance or compensation, to judge; pt. t. *scrif*, pp. *scrifen*; Grein, ii. 411. Teut. type **skreban*, pt. t. **skraib*, pp. **skribanaz*. Y. But although it thus appears as a strong verb, it does not appear to be a true Teut. word. It was rather borrowed (at a very early period) from L. *scribere*, to write, to draw up a law (hence, prescribe); whence also G. *schreiben* (also conjugated as a strong verb); see **Scribe**. B. The sb. *shrif* is ME. *shrif* (dat. *shrifte*), P. Plowman, C. xvii. 30; AS. *scrift*, confession, Laws of Æthelred, pt. v. § 22, pt. vi. § 27, in Thorpe, Anc. Laws, i. 310, 322; and just as the AS. verb *scrifan* is due to L. *scribere*, so AS. *scrift* may be due to the L. pp. *scriptus*. The Icel. *skript* or *skrift*, Swed. *skrift*, Dan. *skrifte*, *skrift*, are all borrowed from AS.

SHRUB (1), a low dwarf tree. (E.) ME. *skrob*, *skrub*, P. Plowman, C. i. 2. AS. *serbyb*, a shrub; see Bosworth-Toller, and Mr. Stevenson's remarks in Phil. Soc. Trans. 1895-8, p. 536. Cf. E. *shrub*, from AS. *serbytan*. We also have the place-name *Wormwood-scrubbs*, near London. 4-Norweg. *skrubba*, the dwarf corn (Asen). Dan. dial. *skrub*, brushwood; M.Dan. *skrubbe*, a thicket (Kalkar). 5. Cf. also *skrub*, E. *skuff*, light rubbishy wood, *skuff*, refuse of wood. Possibly related to **Shrive**. Der. *skrubby*; *skrubber-y*, a coined word, by the analogy of *vine-er-y*, *pine-er-y*, and the like. Also *skrub*, q.v.

SHRUB (2), a drink made of lemon-juice, spirit, sugar, and water. (Arab.) Chiefly made with rum. In Johnson's Dict. = Arab. *shirb*, *shurb*, a drink, a beverage = Arab. root *shariba*, he drank; Rich. Dict. p. 887. Doublet, *syrrup*. And see **Sherbet**.

SHRUG, to draw up, contract. (Scand.) In Temp. i. 2. 367; Cor. i. 9. 4. Generally used of drawing up the shoulders, but the true sense is to shrink. 'The touch of the cold water made a pretty kinde of *shrugging* come over her body.' Sidney's Arcadia, b. ii. ed. 1638, p. 138. *Shruggen*, Frigulo. Prompt. Parv. An adaptation (with *sk* for *sk*) from the Scand., as shown by *gg<kk<nk*. Cf. Dan. *skrugge*, *skrukke*, to stoop; *skruk-rygget*, humpbacked; Swed. dial. *skrukka*, *skrugge*, to hoodle oneself up, to sit in a crouching position, allied to *skrinka*, to shrink (Rietz); see **Shrink**. Cf. Icel. *skrukka*, an old shrump; Norw. *skrukken*, shrunken.

SHUDDER, to tremble with fear or horror. (OLow G.) 'Alas! they make me *shudder*.' Skelton, Colin Cloute, 68. ME. *shodren*, *schudren*; pt. t. *schoderie*, Morle Alcouste, 216; pres. part. *schuderinde*, Seint Margaret, ed. Cockayne, p. 15. l. 12. Not found in AS. It is a frequentative verb, formed with the usual suffix -er from the Teut. base **skud-*, to shake, appearing in OSaxon *skuddian*. 'Skuddiat if in iuwun sköthun' = shake it (the dust) from your shoes; Heliand, 1048. M.Dan. *skudden*, 'to shake or to tremble'; Hexham; he also gives 'schudden een boom, to shake a tree, schudden van koude, to quake for cold; schudden het kooft, to shake or nod ones head; schudden, to laugh with an open throat that his head shakes; Dan. dial. *skudder*, to shake (one) violently; EFries. *schüdden*, to shake, *schüddern*, to tremble, shudder. 4-OHG. *scuttan*, G. *schütten*, to shoot com. pour, shed, discharge; *schütteln*, to shake, tremble, quake. The G. *schaukeln* is borrowed from Low G. *schuddern*. Der. *shudder*, sb.

SHUFFLE, to push about, practise shifft. (Scand.) 'When we have *shuffled off* [pushed or shoved aside] this mortal coil.' Hamlet, iii. 1. 67. Merely a doublet of **Souffle**, and the frequentative of *show*; but of Scand., not E. origin, as shown by the double *f*. The *sk* is modified from Scand. *sk*. Cf. EFries. *schuffeln*, to shuffle along, from *schufen*, to shove, push. The sense is 'to keep pushing about,' as in 'shuffle the cards.' [It seems to have taken up something of the sense of *skiffiness*, with which it has no etymological connexion.] See **Souffle**, **Shove**. Der. *shuffle*, sb.; *shuff-r*.

SHUN, to avoid, keep clear of, neglect. (E.) ME. *shunien*, *shouien*, P. Plowman, B. prol. 174. AS. *seunian*, not common except in the comp. *on-seunian*, to detest, refuse, reject, Gen. xxix. 10. In Ps. lxxix. 2, ed. Spelman, the L. *reuerentian* is translated by *andracian*, with the various readings *sonnyia*, *forwandian*, and *seunian*. The pp. *seuncenned* is in Diplomatarius Aevi Saxonici, ed. Thorpe, p. 318, last line. Cf. prov. E. *seun*, to shun; *seunner*, to loathe; see **Seoundrel**. Der. *shun-less*, Cor. ii. 2. 116; *seoun-er*; *seoundrel*.

SHUNT, to turn off upon a side-rail. (E.) As a word used on railways, it was borrowed from prov. E. *shunt*, to turn aside. But the word itself is old. ME. *shunten*, to start aside, Gawain and the Grene Knight, 1902; *shounten*, *shounten*, *shonten*, *shunten*, Morle Alcouste, 736, 1055, 1324, 1759, 2106, 2428, 3725, 3816, 3842; *shunt*, Destruction of Troy, 600, 729, 10377, 10998. 'If at 3c

shap 3ow to *shount*' = if ye intend to escape; Wars of Alexander, 2143; and see Ancien Riwle, p. 242, note d. 5. *Shuntan* seems to be a modification of *shunden*, being easier to pronounce quickly. The orig. sense is to speed, hasten, flee, escape. AS. *seundan*, to hasten (Beowulf, 2570), also to urge, incite. 4-Icel. *skunda*, to speed. It seems to be a nasalized form of **Soud**.

SHUT, to fasten a door, close. (E.) ME. *shuten*, *shitten*. 'To close and to *shutte*;' P. Plowman, B. prol. 105. 'The jatis weren *schit*' = the gates were shut; Wycklyf, John, xx. 19. AS. *scytan*, to shut; 'sero, ic *scytte* sum loc offe hepsige,' i.e. I shut a lock or hasp it; Alfrie's Grammar, ed. Zupitza, p. 220. To shut a door was to fasten it with a bolt or sliding bar, called a *shuttle* or *skittle* (see **Shuttle**), which took its name from being shot across. We still say 'to shoot a bolt.' The AS. *scytan* stands for **scut-lan* (by the usual change from *n* to *y*); derived from Teut. **skut-*, weak grade of **skudean*, to shoot. See **Shoot**. 4-Du. *schutten*, to shut in, lock up; *schut*, a fence, screen, partition, MDu. *schut*, an arrow, dart (Hexham), from *schieten*, to shoot; to G. *schützen*, to protect, guard, shut off water; *schütz*, guard, sluice, flood-gate, OHG. *seuz*, a quick movement, from *schessen*, OHG. *seizian*, to shoot. Der. *shutter*; *shuttle*, q.v.

SHUTTLE, an instrument for shooting the thread of the wool between the threads of the warp in weaving. (E.) In Job, vii. 6. So called from its being shot between the threads. 'An honest weaver . . . As e'er *skot shuttle*,' Beaumont and Fletcher, The Coxcomb, Act v. 1. Also spelt *shuttle*; in Palsgrave, 'shyttell for a weaver.' ME. *schitel*; spelt *scytel*, Prompt. Parv. p. 447. Also *schetyl*, id. p. 470, l. 2. The same word as ME. *schitel*, a bolt of a door, similarly named from its being shot across. 'Schyttyl, of speryng [sparring, barring], Pessulum.' Prompt. Parv. The AS. form was *scytell* (also *scytell*), in the sense of bar, bolt; also found in the longer form *scytella*, pl. *scytellas*. See Toller. 5. The word *scytell* or *scytel* (for **skut-il-*) is from Teut. **skut-*, weak grade of **skent-an*, AS. *seitan*, to shoot; see **Shut**, **Shoot**. 4-Dan. *skytte*, *skytel*, a shuttle; Swed. dial. *skytell*, *skittel*; cf. Du. *schiet-spoel*, a shuttle, lit. 'shoot-spool,' Swed. *skotts-polk*, a shuttle, 'shoot-spool.' Der. *shuttle-cock*, q.v.

SHUTTLE-POCK, a piece of wool or cork stuck with feathers, used as a plyingthim. (E.) Spelt *shyttellcock* in Palsgrave; *shuttlecock*, Spenser, Mother Hubbard's Tale, 804. Prob. called *cock* from being stuck with feathers and flying through the air. [Not *shuttle-cock*, as Todd fancies, contrary to evidence and probability; for they were most likely at first made of wood, and struck with a wooden battledore. See Strutt, Sports and Pastimes, bk. iv. ch. 1. § 22.] Called *shuttle* from being shot backwards and forwards like a weaver's shuttle. 'Schytte, chyllys game, Sagitella.' Prompt. Parv. See **Shuttle**; and see **Skittle**.

SHY, timid, cautious, suspicious. (Scand.) In Shak. Meas. iii. 2. 138; v. 54. ME. *shy*, scrupulous, careful to shun (evil), Allit. Prol. 21. It is rather a Scand. than an E. word, with *sh* for *sk*; we also find ME. *schey*, *shy*, *shy* (said of a horse), Prompt. Parv. p. 444; spelt *schowek* (also of a horse), Ancien Riwle, p. 242, l. 9; answering to the rare AS. *seoh*, timid, Grein, ii. 405. Dan. *sky*, shy, skittish; Swed. *skygge*, skittish, starting, shy, coy; Swed. dial. *sky*, the same (Rietz); 4-EFries. *schü*; Du. *schuw*; G. *schew*, shy, timid, MHG. *schienek*. Teut. types **skenh-jaz*, **skenh-az*. 5. Hence OHG. *seihan*, to frighten, or (intransitively) to fear, *shy* at, whence (through the French) we have F. *secher*. Der. *shy-ly*, *shy-ness*; *shy*, verb (cf. Swed. *sky*, to shun); and see *eschew*, *skew*.

SI-SY

SIAMANG, a large ape. (Malay.) Malay *siamang*.

SIB, related. (E.) In Spenser, F. Q. iii. 3. 26. See further under **Gossip**. Der. *gos-sip*.

SIBILANT, making a hissing sound. (L.) We call *s* and *z* 'sibilant' letters. Bacon has 'sibilatio or hissing sound.' Nat. Hist. § 176. - L. *sibilant-*, stem of pres. part. of *sibilare*, to hiss. - L. *sibilus*, adj. hissing; formed from a base **sib-*, which is probably imitative of a hissing sound. Der. *sibil-ation*.

SIBYL, a pagan prophetess. (L.-Gk.) Shak. has both *Sibyl* and *Sybil*; Oth. iii. 4. 70; Merch. Ven. i. 2. 116. Cotgrave has 'Sybille, Sybill, one of the 10 Sybills, a prophetesse.' Trevisa translates L. *Sibylla* by *Sibyl*; ii. 399. The word was rather borrowed directly from L. than through the F., being known from Virgil. - L. *Sibylla*, a Sibyl; Virgil, Æn. vi. 10. = Gk. *Σιβυλλᾶ*, a Sibyl. Origin uncertain; see Max Müller, Lectures, 8th ed. i. 109. Postgate

compares it with *L. per-sibus*, very wise (Festus) and *L. sap-ere*, to be wise; so that *σῖβ-ῶλλα* would mean 'wise woman.' Der. *sibylline*, adj.; from *L. sibyllinus*.

SICCA, in phr. *sicca rupes*, newly coined rupee. (Hind. — Pers. — Arab.) *Hikka*, a die for coining. — Pers. *sikka(h)*, the same. — Arab. *sikka(h)*, the same. Rich. Dict. p. 839. See **Sequin**.

SICK, affected with disease, ill, inclined to vomit. (E.) ME. *sik*, sick; pl. *seke*, Chaucer, C. T. 18. AS. *sicc*; John, xi. 1. + Du. *ziek*; Icel. *sjúkr*; Dan. *syg*; Swed. *sjuk*; G. *siech*; Goth. *siauks*. β. All from a Teut. type **seuk-*, ill; from the Teut. base **seuk-*, to be sick or ill, appearing in the Goth. strong verb *siukan*, to be ill, pt. t. *sauk*, pp. *sukans*. Fick, iii. 325. Der. *sick-ness*, AS. *siccnes*, Matt. viii. 28; *sick-en*, verb (intrans.), Macb. iv. 3. 173, (trans.) Hen. VIII. i. 1. 82; *sick-ish*, -ly, -ness; *sick-ly*, adj., ME. *seky*, Will. of Palerne, 1505; *sick-li-ness*, Rich. II. ii. 1. 142.

SICKER, SIKER, certain, secure. (L.) *Siker* is a well-known Lowland Sc. word. ME. *siker*, Chaucer, C. T. 11451 (F 1139); Layamon, 15092. AS. *sicor*. Not a Teut. word, but borrowed from a Late L. *sécurus*, for L. *sicúrus*; see **Secure**. The OFries. *siker*, *sikur*, Du. *zeiker*, G. *zeiker* (OIG. *sichur*), Swed. *säker*, Dan. *sikker*, W. *sier*, are all borrowed from the Latin, which accounts for their strong likeness in form to one another. Doublets, *secure*, *sure*.

SICKLE, a hooked instrument for cutting grain. (L.) ME. *sikil*, Wyclif, Mark, iv. 29. AS. *sicol*, Mark, iv. 29. — L. *secula*, a sickle (White); formed, with suffix -*ul* of the agent, from *sec-ire*, to cut; see **Secant**. ¶ The G. *sichel* is also from Latin; the native words from the same root are *sau* (1), *scythe*, and *seige*.

SIDE, the edge or border of a thing, region, part, party. (E.) ME. *side*, *syde*, P. Plowman, B. prol. 8; Chaucer, C. T. 560 (A 558). AS. *side*, John, xix. 34, xx. 20. + Du. *zijde*; Icel. *side*; Dan. *side*; Swed. *side*; G. *seite*, OIG. *sita*. Teut. type **sid-*, *f*. It is probable that the orig. sense was 'that which is extended,' as it certainly seems to be closely connected with AS. *sid*, long, wide, spacious, ME. *siid*, spelt *syid* in the Prompt. Parv., but now obsolete; Icel. *sidr*, long, hanging down. Der. *side-board*, Milton, P. R. ii. 350; *side-box*, one-sided, many-sided, *side-saddle*, *side-ways*, *side-wise*, *side-ing*. Also *side*, verb, Cor. i. 1. 197, iv. 2. 2; *side-ling*, *side-long*, adv., Milton, P. L. vi. 197, ME. *sideling*, *sidelings*, spelt *sydlings*, Mort. Arthur, 1039, where the suffix -*ling* or -*long* is adverbial, as explained under **Headlong**. Hence *sidelong*, adj. Also *a-side*, q.v., *beside*, q.v. Also *side-s-men*, officers chosen to assist a churchwarden, Blount, Nomolexicon, where a ridiculous explanation from *synod-men* (?) is attempted, quite unnecessarily; see Notes and Queries, S. xi. 504. They were also called *side-men* or *quest-men*; Halliwell. Cf. L. *assessor*, one who sits beside another.

SIDEREAL, starry, relating to the stars. (L.) Milton has *sidereal*, P. L. x. 693. Phillips, ed. 1706, has *sidereal*, *siderean*. *Sidereal* is from L. *siderealis*, and is a correct form; *siderean* is coined from L. *sidere-us*, adj. All from *sider-*, for **sides-*, stem of *sidus*, a constellation, also, a star. Der. (from L. *sidus*) *con-sider*.

SIEGE, a sitting down, with an army, before a fortified place, in order to take it. (F.—L.) The lit. sense is merely 'seat'; see Trench, Select Glossary. We find it in this sense in Shak. Meas. iv. 2. 101; Spenser, F. Q. ii. 2. 39. ME. *sege*, (1) a seat, Wyclif, Matt. xxv. 31; (2) a siege, Harbours Bruce, iv. 45, ix. 332. In Ancr. Riwle, p. 238, l. 1, *sege* means 'a throne.' — AF. *sege*, Gaimar, 3170, also *sege*; OF. *sege*, masc., a seat, throne; mod. F. *siège*. Cf. Ital. *sedia*, fem., *seggio*, masc., a chair, seat. Not immediately from L. *sedes*, but from a verb answering to a L. type **sedicare*; we find also Late L. *assidium*, a siege, which (like L. *obsidium*, a siege) is from L. *sedere*, to sit, cognate with E. *sit*, q.v. Der. *be-siege*.

SIENNA, a pigment used in painting. (Ital.) *Raw sienna* and *burnt sienna* are the names of two pigments, made from earth, and properly from earth of *Sienna*, which is the name of a place in Tuscany, due S. of Florence.

SIERRA, a chain of hills. (Span.—L.) Span. *sierra*, a saw, ridge of hills. — L. *serra*, a saw. See **Serrated**.

Siesta, orig. a noon-day nap. (Span.—L.) 'What, sister, at your siesta already?' Elvira, A. 1; Dodsley's Old Plays, ed. Hazlitt, xv. 22. Now usually applied to a nap in the afternoon. — Span. *siesta*, 'the hottest part of the day, the time for taking a nap after dinner, generally from 1 to 3 o'clock.' Neuman. — L. *sexta*, i. e. *sexta hora*, sixth hour, noon; reckoning from 6 A.M.; so that the orig. sense was 'noonday nap.' *Sesta* is fem. of L. *sextus*, sixth. — L. *sen*, six; see **Six**. For a shifting of time in the reverse direction, see **Noon**.

SIEVE, a strainer for separating coarse particles from fine ones. (E.) ME. *sive*, Chaucer, C. T. 16408 (G 940); *her-sive*, a hair-sieve, Liber Cure Cocorum, ed. Morris, p. 7. AS. *sife*, 'Cribra, vel cribellum, sifor,' Voc. 330. 32; spelt *sibi* in the 8th cent., id. 16. 3. + Du. *zaef*; G. *sieb*, MHG. *si*. Teut. types **sides*, **sibos*, n. Cf. Lith.

sijoti, to sift. Perhaps allied to AS. *sihan*, *sāon*, G. *saichen*, to filter. See Kluge. Der. *sif-t*, q.v.

SIFT, to separate particles as with a sieve. (E.) ME. *siften*, Chaucer, C. T. 16409 (G 941); *sive* (= sieve) being in the line above. AS. *siften*, *siften*, Exod. xii. 34. — AS. *sif-e*, a sieve. — Du. *ziften*, to sift, *zif*, a sieve; from *zeef*, a sieve. See **Sieve**. β. We also find Dan. *sigte*, to sift, *sigte*, sb., a sieve or riddle; Swed. *sikta*, to sift, *sikt*, a sieve; Icel. *siktin*, *sigta*, to sift; all from G. *sichten*, to sift, which again is from Du. *ziften*.

SIGH, to inhale and respire with a long deep breath. (E.) ME. *sighen*, *sizen*, *siken*; in P. Plowman, B. xviii. 263, we have *syked*, with various readings *sijede*, *sikhede*; also *syhede*, *sijle*, id. C. xxi. 276; *sighte*, Chaucer, Troil. iii. 1080. The ME. *siken* thus made *sigh-to* as one form of the pt. t., whence a new infin. *sigh-en* was evolved by back-formation. From AS. *sican*, to sigh; Ælfred, tr. of Orosius, ii. 8; ed. Sweet, p. 92, l. 35. It is a strong verb; pt. t. *sāc*, pp. *sicen*; with a frequentative form *sicetan*, to sigh, sb. β. Prob. of imitative origin; cf. Swed. *sucka*, Dan. *sukke*, to sigh, groan. Der. *sigh*, sb., ME. *sike*, Chaucer, C. T. 11176 (F 864).

SIGH-CLOUD; see Notes on E. Ætym., p. 271.

SIGHT, act of seeing, that which is seen, view, spectacle. (E.) ME. *sight*, Chaucer, C. T. 4982 (B 562). AS. *sikt*, or rather *ge-sikt*, Ælfred, tr. of Boethius, h. v. pr. 41; cap. xli. § 4. But it is almost always spelt *gesih*, *gesiech*, *gesih*; Grin. l. 454. From Teut. type **seh-ih*, fem. (Sievers); allied to *sāon* (Goth. *saihan*, for **sehan*), to see; see **See**. + Du. *gezig*; Dan. *sigte*; Swed. *sigt*; G. *sicht*; OIG. *sikt*. Der. *sight*, verb; *sight-ed*, Wint. Tale, i. 2. 388; *sight-hole*, i. Hen. IV. iv. 1. 71; *sight-less*, Macb. i. 5. 50; *sight-ly*, K. John, ii. 143; *sight-li-ness*.

SIGN, a mark, proof, token, omen, notice. (F.—L.) ME. *signe*, Chaucer, C. T. 10365 (F 51); Ancr. Riwle, p. 70, l. 1. — OF. *signe*, a sign, mark; Cot.—L. *signum*, a mark, token. Brugmann, i. § 762 (3). Der. *sign*, verb, K. John, iv. 2. 222; *sign-board*, *sign-manual*, *sign-post*. Also *sign-at-ure*, from F. *signature*, 'a signature', Cot.; from L. *signatura*, from *signare*, to sign, from *signum*. And see *sign-al*, *sign-et*, *sign-i-fy*, *re-sign*.

SIGNAL, a token, sign for giving notice. (F.—L.) ME. *signal*, Gower, C. A. iii. 57; bk. vi. 1668. — F. *signal*, 'a signal'; Cot.—Late L. *signale*, neut. of L. *signalis*, belonging to a sign. — L. *signum*, a sign; see **Sign**. Der. *signal*, verb; *signal-ly*, *signal-ise*.

SIGNET, a seal, privy-seal. (F.—L.) In Hamlet, v. 2. 49; and in Palsgrave. ME. *signett*, Mandeville, Trav. c. viii. p. 82. — F. *signet*, 'a signet, seal, stamp'; Cot. Dimin. of F. *signe*; see **Sign**.

SIGNIFY, to indicate, mean. (F.—L.) ME. *signifie*; spelt *signefye*, Rob. of Glouc. p. 345, l. 7075. And see O. Eng. Miscellany, ed. Morris, p. 28, l. 3, 8, 11, 12. — F. *signifier*, 'to signify, betoken'; Cot.—L. *significare*, to show by signs. — L. *signi-*, for *signum*, a sign; and *-fic-*, for *facere*, to make; see **Sign** and **Fact**. Der. *signific-ant*, from L. *significanti*, stem of pres. part. of *significare*; hence *signific-ant*, sb., i. Hen. VI. ii. 4. 26; *significance*, from F. *significance* (Cot.), a false form which supplanted the true OF. *significance* (Cot.), whence ME. *significance*, O. Eng. Miscellany, ed. Morris, p. 28, l. 20, all from L. *significanti*; *signific-ation*, ME. *significatioun*, Chaucer, C. T. 14985 (B 4169), from F. *signification* < L. acc. *significatiōnem*; *signific-at-ive*, from L. *significatiuus*.

SIGNOR, SIGNIOR, sir. (Ital.—L.) Spelt *signior*. Two Cent. iii. 1. 279; &c. — Ital. *signore*, sir, a lord. — L. *seniorum*, acc. of *senior*, an elder; see **Senior**. ¶ Cf. ME. *seignour*, King Alisaunder, 1458; from French. Span. *señor*, fem. *señora*. Der. *signor*, from Ital. *signora*, a lady, fem. of *signore*. Doublets, *sir*, *sire*, *señor*, *senior*, *seignior*.

SILENCE, stillness, muteness. (F.—L.) In early use. ME. *silence*, Ancr. Riwle, p. 22, l. 6. — F. *silence*, 'silence'; Cot.—L. *silentium*, silence, a being silent. — L. *silent-*, stem of pres. part. of *silere*, to be still. + Goth. *silan*, only in the compound *ana-silan*, to become silent, Mark, iv. 39. Thus the base is SIL. Der. *silent* (in later use, though etymologically a more orig. word), L. L. l. ii. 24, from L. *silent-*, stem of pres. part. of *silere*; *silent-ly*.

SILEX, flint, quartz. (L.) Merely L. *silex*, flint (stem *silic-*). Brugmann, i. § 980. Der. *silic-a*, *silic-i-ous*, coined from the stem.

SILHOUETTE, a shadow-outline or profile filled in with a dark colour. (F.) This cheap and meagre form of portrait, orig. made by tracing the outline of a shadow thrown on to a sheet of paper, was named, in derision, after Étienne de Silhouette, minister of finance in 1759, who introduced several reforms which were considered unduly parsimonious. See Trench, Eng. Past and Present; Sismondi, Histoire des Français, tom. xix. pp. 94, 95.

SILK, the delicate, soft thread produced by certain caterpillars, and the stuff woven from it. (L.—Gk.—Chinese.) ME. *silk*, Chaucer, C. T. 10927 (F 613). AS. *seole* (for **silue*, as made for **miluc*), silk. 'Dombix, seole-uyrm; Sericum, seole'; Wright's Vocab. i. 40, col. 1.

Cf. Icel. *silli*, Swed. *silke*, Dan. *silke*: all of which, like AS. *seole*, are adaptations of *l. sericum*, silk, by the common change of *r* into *l*. *β. l. sericum* is the neut. of *Sericus*, or of belonging to the *Seres*. — Gk. *σίπρη*, pl., the name of the people from whom the ancients first obtained silk; gen. supposed to be the Chinese. Professor Douglas writes: 'The *l. Seres* and *Sericum* are probably derived from the Chinese word for silk, which is variously pronounced *se* (English *se*), *sei*, *sat*, *sa*, &c.; see Williams, *Chin. Diet.* p. 835.' Cf. Max Müller, *Lectures*, ii. 182. *γ. Kluge* derives Icel. *silli* from Slavonic; but Miklosich derives Oslav. *shelki*, Russ. *шелк*, from the Scandinavian. The true source is *l. sericum*, whence also Olfrisk *siric*, silk. Der. *silk-mercer*, *silk-weaver*; *silk-worm*, AS. *seole-worm*, as above; *silk-en*, AS. *seolen*, Voc. 151. 9; *silk-y*, *silkiness*. Also *serge*, q. v.

SILL, the timber or stone at the foot of a door or window. (E.) The true sense seems to be 'base' or 'basis'; sometimes 'floor'. ME. *sille*, *syll*. 'Syll of an house, *Silla, silva*;' Prompt. Parv. Spelt *sill*, Chaucer, C. T. 3820 (A 3822), which is a Kentish form. AS. *syl*, a base, support. 'Basis, *syl*.' Voc. 8. 27; in a later gloss: 'Basis, *sulle*.' Voc. 552. 12. + Icel. *syl*, *sill*, a sill, door-sill; Swed. *syl*; Swed. dial. *sill*, (Kietz); Dan. *syl*, the base of a frame-work building; G. *schwelle*, OHG. *swelli*, a sill, threshold, beam. Cf. Goth. *gauslan*, to found, lay a foundation for, Matt. vii. 25; Luke, vi. 48. *β. The* OIIG. *swelli* is from a Teut. base **swal*, but AS. *syl* from a weak grade **saul*; implying a strong verb **swal-an*, to found (?), pt. t. **swal*, pp. **swalanz*. AS. *syl* represents **swal-jā*, fem. *y*. The connection with *l. sola*, the sole of the foot, is doubtful. *γ* Not to be confused with AS. *syl*, a pillar, column, in *Alfred*, tr. of Orosius, b. i. c. 1. § 4; this is a different word, with a different sense, though possibly connected; it answers to G. *säule*, a pillar. Der. *ground-sill*, q. v.

SILLABUB, SYLLABUB, a mixture of wine with milk and sugar. (E.) Spelt *sillubub* in Minshew, ed. 1627, who derives it from *swilling bubbles*. But the form is corrupt, a better form being *sillibank*. Cf. *Sillibank* or *sillibub*, Lalet aigre; 'Sherwood, index to Cotgrave. Cotgrave gives: 'Lalet aigre, whay; also, a *sillibub* or *merri-bank*.' Halliwell gives *'sillybank*, a sillabub, as a Lincolnshire word. It is obvious that a corruption from *bub* to *bub* is easy, whereas a change from *bub* to *bub* is unlikely. We may therefore assume *sillibank* as the older form, at the same time noting that another name for it is *merri-bank*. Cf. 'merri-bank, a cold posset, Derbyshire;' Halliwell. *β. The* prov. E. *bub* is a well-known word for 'belly'; Mr. Peacock notes *bub* as the Lincolnshire form; so that *merri-bank* = 'merry belly,' and perhaps *sill-bub* = 'happy belly,' from an old sense of *silly* (below). It is evidently a jocular name.

SILLY, simple, harmless, foolish. (K.) The word has much changed its meaning. It meant 'timidly'; then lucky, happy, blessed, innocent, simple, foolish. ME. *sely*, Chaucer, C. T. 3601, 4088 (A 4090), 5952 (D 370); Havelok, 477; P. Plowman's Crede, 442; and see *sely*, *seely*, *seilye* in Gloss. to Spec. of English, ed. Skeat. AS. *sellig*, more usually *gesellig* (the prefix *ge-* making no difference), happy, prosperous, fortunate; see Sweet, A. S. Reader. Formed with the common adj. suffix *-ig* (E. *-y*) from AS. *sæl*, a time, season, occasion, happiness (very common); Grein, ii. 395. + Du. *zalig*, blessed; Icel. *sall*, blest, happy; *sæla*, bliss; Swed. *säll*, blest, happy; G. *selig*, OIIG. *sällik*, good, excellent, blest, happy; Goth. *sels*, good, kind. *β. All* from a Teut. base **sæl-*; of unknown origin. Der. *silly-ly*, *ness*.

SILLO, a pit for storing grain or fodder. (Span. — *l.* — Gk.) Span. *silo*, 'a granary to lay up corn in;' Minshew (1623). — *l. sirum*, acc. of *silus* — Gk. *σίλος*, a pit for keeping corn in. Der. *en-sil-age*.

SILT, sediment, sand left by water that has overflowed. (Scand.) ME. *sille*, badly spelt *cille*. 'Cille, soonde [sand], *Gleare*;' Prompt. Parv. p. 77. It can hardly be other than the MSwed. *silla*, mud, also a marshy place (Thre); Dau. *silt*, a salt marsh (Larsen); Dan. dial. *silt*, a stretch of low coast-land, over which the sea sometimes flows; Norw. *sylta*, the same (Koss). Cf. Low G. *sulte*, a brine-pit; G. *sülze*, brine, also brine-pit. All from a Teut. base **sult-*, which is a weakened form of **salt-*, i. e. salt. See Kluge. So also we find Du. *silt*, adj. salt, related to Du. *zout*, salt; and AS. *sylan*, to salt, from *sælt*, salt. Cf. prov. E. *silt*, a salting-tub. It must have referred orig. to salt deposited as a sediment by sea-water in brine-pits or very shallow pools.

SILVAN, SYLVAN, pertaining to woods. (L.) 'All *silvan* offsprings round;' Chapman, tr. of Homer, Od. xix. 599. [The spelling with *y* is false, and due to the habit of spelling *l. silva* with *y*, in order to derive it from Gk. *ξύλιν*, a wood, with which it is (at most) only cognate.] — *l. silvanus*, belonging to a wood, chiefly used of the wood-god Silvanus. — *l. silva*, a wood. + Gk. *ξύλιν*, a wood (f). The relationship of the *l.* and Gk. words is doubted by some, and the root is uncertain; see Brugmann, i. § 102 (1), note. Der. (from *l. silva*) *savage*, q. v.

SILVER, a well-known white metal. (E.) ME. *silver*, Chaucer, C. T. 16707 (G 1330). OMerc. *syffer*, Matt. x. 9 (Rushworth MS.); AS. *seolfor*; early form *siolfor* + Du. *zilver*; Icel. *silfr*; Dan. *silv*; Swed. *silver*; G. *silber*; Goth. *silubr* + Russ. *серебро*. The origin is wholly unknown; Uhlenbeck thinks the Teut. forms are from Slavonic. Miklosich (p. 336) gives the Slav. type as **srebro*, with varying forms in all the Slav. languages. Der. *silver*, verb; *silver-ing*; *silver-ling*, a small piece of silver, with double dimin. *-ling* (as in *duck-ling*); Isalah, vii. 23, also in Tyndale's version of Acts, xix. 19, and Coverdale's of Judges, ix. 4, xvi. 5, the AS. form being *rylsing*, Gen. xlv. 22; *silver-smith*; *silver-y*. Also *silver-n*, adj., in some MSS. of Wyclif, Acts, xix. 24. AS. *silfræn*, Gen. xlv. 2. *γ* A possible guess is that which derives *silver* from Gk. **ζαίρη*, old form of *ζαίρη*, a town on the S. coast of the Black Sea, which, according to Homer (Iliad, ii. 857), was the home of silver.

SIMILAR, like. (F. — L.) In Minshew, ed. 1627, and in Cotgrave. — F. *similaire*, 'similar.' Cot. As if from *l. similāris*, extended from *simil-is*, like, by the suffix *-āris*. Allied to *simul*, together, Gk. *σύν*, together, and *E. same*; from the Idg. base **samo-*, the same; see *Same*. Cf. OIish *samail*, W. *hafal*, like; Gk. *ὁμοίος*, even. Also *l. semi-*, once, Goth. *sim-ik*, once; Gk. *ἄρα*, once, *ἔν*, neut., once; &c. Der. *similar-ly*, *similar-ity*; also *simile*, q. v., *similitude*, q. v. And see *simul-ate*, *simul-ta-ne-ous*, *semblance*, *assemble*, *dissemble*.

SIMILE, a comparison. (L.) In Shak. As You Like It, ii. 1. 45. — *l. simile*, a like thing; neut. of *similis*, like; see *Similar*.

SIMILITUDE, a comparison, parable. (F. — L.) ME. *similitude*, Chaucer, C. T. 10794 (F 480); Wyclif, Luke, viii. 4. — F. *similitude*, 'a similitude.' Cot. — *l. similitudinem*, acc. of *similitudo*, likeness. — *l. similis*, like; see *Similar*.

SIMIOUS, monkey-like. (L.) Coined from *l. simia*, an ape. — *l. simus* (Gk. *αἰμός*) flat-nosed.

SIMMER, to boil gently. (L.) Formerly also *simber* (see Richardson) and *simper*. Halliwell cites: 'Simper, to simmer, East'; also 'the cream of *simpering* milke, Florio, p. 189,' which is wrong as regards the edit. of 1598, which has: 'Cremure, the creme or *simpring* of milke when it seethes.' 'I *simper*, as lycour dothe on the fyre byfore it begynneth to boyle;' Palgrave. A frequentative form, with the usual suffix *-er*, and with excrement *p* or *b* in some authors, from a base **simn* or **symn*, imitative of the sound of gentle boiling. Cf. Dan. *summe*, G. *summen*, Swed. dial. *summa*, to hum, to buzz; Bav. *semmern*, to whisper.

SIMNEL, a kind of rich cake. (F. — L.) See *Simnel* in Halliwell. ME. *simnel*, Prompt. Parv.; *simnel*, Havelok, 779. — OF. *simene*, bread or cake of fine wheat flour; Roquefort. — Late *l. siminellus*, bread of fine flour; also called *simella*; Ducange. *β. l. lere siminellus* stands for **siminellus*, as being easier to pronounce; both **siminellus* and *simel-to* being derived from *l. simila*, wheat flour of the finest quality. Allied to Gk. *σπιμάριον*, fine flour. And cf. G. *semmel*, wheat-bread.

SIMONY, the crime of trafficking in ecclesiastical preferment. (F. — L. — Gk. — Heb.) In early use; spelt *synonye*, O. Eng. Miscellany, ed. Morris, p. 89, l. 7. — F. *simonie*, 'simony, the buying or selling of spiritual functions or preferments.' Cot. — Late *l. simonia*; Ducange. Named from *Simon Magus* (Gk. *Σίμων*), because he wished to purchase the gift of the Holy Ghost with money; Acts, viii. 18. — Heb. *Shim'on*, Simeon, Simon, lit. hearing, obedience; one who hears. — Heb. root *shama*, to hear. Der. *simoni-ac*, *simoni-ac-al*.

SIMOOM, a hot, poisonous wind. (Arab.) See Southey, Thalaba, b. ii, last stanza, and the note. — Arab. *samām*, a sultry pestilential wind, which destroys travellers; Rich. Dict. p. 850. So called from its poisonous nature. — Arab. root *summa*, he poisoned; id. p. 847.

SIMPER, to smile sillily or affectedly, to smirk. (Scand.) 'Yond *simpering* dame;' K. Lear, iv. 6. 120. 'With a made countenance about her mouth, between *simpering* and smiling;' Sidney, Arcadia, b. i. (R.). Cotgrave explains *F. coquins* by 'a bigger woman, also a cockney, *simperdecokit*, nice thing.' We find traces of it in Norweg. *semper*, fine, smart (Aasen); Dan. dial. *semper*, *simper*, 'affected, coy, prudish, esp. of one who requires pressing to cat: as, she is as *semper* as a bride'; Wedgwood. Also MSwed. *semper*, one who affectedly refrains from eating. *β. All* these are formed with a suffix *-er* which appears to be the same as the *E. suffix -er* of the agent) from a base **simp-*, which is a nasalized form of **sip-*. Without the nasal, we find MSwed. *sipp* (also *simp*), a woman who affectedly refuses to cat (Thre); Swed. *sipp*, adj., fustian, prim; Dan. *sippe*, a woman who is affectedly coy (Molbeck). And note particularly Low G. *sipp*, explained in the Bremen Wörterbuch as a word expressing the gesture of a compressed mouth, and affected pronunciation; a woman who acts thus affectedly is called *Junfer Sipp*, Miss Sipp, and they say of her, 'She cannot say *sipp*.' Also Low G. *den Mund sipp trecken*, to

002

dried up. The AS. *sengan* stands for **sang-ian*, causal of *singan* (pt. t. *sang*), to sing. Thus the lit. sense is 'to make to sing,' with reference to the singing or hissing noise made by singed hair, and the sound given out by a burning log; see *Sing* + Du. *zengen*, to singe, scorch, causal of *zingen*, to sing; G. *sengen*, to singe, scorch, parch, burn, causal of *singen*, to sing. Cf. Icel. *sanger*, singed, burnt.

SINGLE, sole, separate, alone. (L.) 'So that our eye be single'; Tyndale's Works, p. 75, col. 1. He refers to Matt. v. 22, where the Vulgate has *simplex*, and Wyclif has *simple*.—L. *singulus*, single, separate, in Late Latin; in classical Latin we have only the pl. *singuli*, one by one. β. *Singuli* stands for **sin-culi* or **sin-eli*, where **sin-* corresponds to *sim-* in *sim-plex*, and is allied to *sem-el*, once, and to E. *same*; see *Simple*, *Same*. Der. *single*, verb, L. I. L. v. 1. 85; *single-y*; *single-ness*, Acts, ii. 46; *single-hearted*, *single-minded*; also *single-stick*, prob. so called because wielded by one hand only, as distinguished from the old *quarter-staff*, which was held in both hands. And see *singul-ar*.

SINGULAR, single, alone, uncommon, strange. (F.—L.) ME. *singular*; Gower, C. A. iii. 184; bk. vii. 2931. 'A singular person' = an individual, Chaucer, Tale of Melibee, Group B, 2625.—F. *singulier*, 'singular, excellent'; Cot.—L. *singularis*, single, separate. Formed with suffix *-aris* from *singul-i*, one by one; see *Single*. Der. *singular-ly*; *singular-ity*, from F. *singularité*, 'singularity, excellence', Cot., from L. acc. *singularitatem*.

SINISTER, on the left hand, inauspicious, evil. (F.—L.) Common as an heraldic term. 'Some secret sinister information'; Sir T. More, Works, p. 1447 b. 'By eny sinistre or euil temptation'; Dictes of Philosophers, pr. by Caxton, fol. 7, l. 27.—F. *sinistre*, 'sinister, unlucky'; Cot.—L. *sinistrum*, acc. of *sinister*, left, on the left hand, inauspicious or ill-omened, as omens on the left hand were supposed to be. Cf. *Dexter*. Der. *sinistrous*, *sinistr-al*.

SINK, to fall down, descend, be overwhelmed; also, to depress. (E.) We have merged the transitive and intransitive forms in one; properly, we ought to use *sink* intransitively, and the trans. form should be *senck* or *senk*; cf. *drink*, *drenck*. 1. ME. *sinken*, intrans., pt. t. *sank*, pp. *sunken*, *senken*. The pt. t. *sank* is in P. *Plowman*, B. xviii. 67. This is the original and strong verb. AS. *sincan*, pt. t. *sanc*, pl. *samon*, pp. *suncen*; Grcu. ii. 451.—Du. *zinken*; Icel. *sökkva* (for **sinkva*), pt. t. *sökk* (for **sauk*), pp. *sökkinn*; Dan. *synke*; Swed. *sjynka*; G. *sinken*; Goth. *sigkwan*, *sigkwān* (written for **sinkwan*, **sigkwān*). Teut. type **senkwan*. Brugmann, i. § 421 (3). 2. The trans. form appears in the weak ME. *senchen*, not common, and now obsolete. 'Hi bisenched us on helle'—they will sink us into hell; O. Eng. Homilies, i. 107, l. 18. AS. *sencan*, to cause to sink; 'bisenced on sēs grund'—caused to sink (drowned) in the bottom of the sea, Matt. xviii. 6. For **sencian*, formed from the 2nd grade *saen*, as in the pt. t. of *sincan*, to sink. Cf. Goth. *sagkwān*, causal form of *sigkwān*. This verb still exists in Swed. *sänka*, Dan. *sænke*, G. *senken*, to immerse.—Lith. *sekti* (pres. *senkti*), to be drained away; cf. Skt. *sikh*, to sprinkle. Brugmann, i. § 677; Streitberg, § 203. Der. *sink-er*. Also *sink*, sb., a place where refuse water sinks away, but orig. a place into which filth sinks or in which it collects, Cor. i. 1. 126.

SINOPLE, green, in heraldry. (F.—L.—Gk.) English heralds call 'green' *vert*; the term *sinople* is rather F. than E. It occurs in Caxton, tr. of Reynard the Fox: 'of gold, of sable, of silver, of yellow, auree, and cynope, thyse sixe colours'; ed. Arber, p. 85; and, spelt *sinople* and distinguished from *grene*, in Lydgate, Siege of Troy, b. ii. c. 11; fol. G. 1.—F. *sinople*, 'sinople, green colour in blazon'; Cot.—Late L. *sinōpis*, signifying both reddish and greenish (Littre).—L. *sinōpis*, a kind of red ochre, used for colouring.—Gk. *sinōpis*, *sinōpich*, a red earth found in Cappadocia, and imported into Greece from Sinope.—Gk. *Σινώπη*, Sinope, a port on the S. coast of the Black Sea.

SINUS, a bay of the sea, &c. (L.) Phillips, ed. 1706, gives: 'Sinus, . . . a gulph or great bay of the sea. . . . In anatomy, sinus is taken for any cavity in or between the vessels of an animal body. In surgery, it is when the beginning of an imposthume or ulcer is narrow, and the bottom large'; &c.—L. *sinus*, the fold of a garment, a bay, the bosom, a curve; &c. Der. *sinu-ous*; a scarfing of silver, that ran *sinuously* in works over the whole caparison, Chapman, Mask of the Middle Temple, § 5; from F. *sinuëux*, 'intricate, crooked, full of hollow turnings, windings, or crinkle-crankles', Cot.; from L. *sinuōsus*, winding, full of curves. Hence *sinuōs-ly*, from F. *sinuosité*, a hollow turning or winding; Cot. Also *sinu-ate*, with a wavy margin (botanical); *sinu-al-ian*; *in-sinu-ate*, *in-sinu-al-ian*. Doublet, *sine*.

SIP, to sup or drink in small quantities, to taste a liquid. (E.) ME. *sippen*, Chaucer, C. T. 5758 (D 176). It answers to AS. *sypian*, to absorb moisture (Toller), derived from *sup-*, weak grade of

sūpan, to sup; see *Sup*. And cf. Sop. + MDu. *sippen*, 'to sip, to sup, to taste little by little,' Hexham; from MDu. *zyypen*, Du. *zuipen*, to sup; Swed. dial. *syppa*, to sup. Der. *sip*, sb.; *sipp-er*. And see *sipp-el*.

SIPHON, a bent tube for drawing off liquids. (F.—L.—Gk.) In Phillips, ed. 1706.—F. *siphon*, 'the cock or pipe of a conduit, &c.; Cot. (He notes its use by Rabelais).—L. *siphonem*, acc. of *siphō*, a siphon.—Gk. *σίφων*, a small pipe or reed.

SIPPET, a little sip, a little sop. (E.) Properly, there are two separate words. 1. A little sip. 'And ye wyll gyue me a syppe Of your stale ale'; Skelton, Elinour Rummyng, 367. This is the dimin. of *sip*; with suffix *-et*, of F. origin. 2. A little sop, a piece of sopped toast. 'Green goose! you're now in sippets'; Beaumont and Fletcher, Rule A Wife, iv. 1, last line. This seems to be more immediately from AS. *sypian*, to absorb moisture; and allied to *sop*. Palsgrave has: 'Syppe, a littell soppe.'

SIR, SIRE, a respectful title of address. (F.—L.) *Sire* is the older form. ME. *sire*, as in 'Sire Arthur', Layamon, 22485.—AF. *sire*, Polt. Songs, p. 232 (before 1307); F. *sire*, 'sir, or master'; Cot. Formed from L. *senior*, nom. lit. older; the F. *seigneur* being due to the accus. *seniorem* of the same word. It is now well established that the L. *senior* produced an OF. *senre*, of which *sire* is an attenuated form; the same word appears in the curious form *senra* in the famous Oaths of Strasburg, A. D. 842; see Bartsch, Chrest. Française, col. 4, l. 17. See Littre, Scheler, and Diez. β. The last remarks that the word is prob. of Picard or Northern origin, since Picard sometimes puts *r* for *nr* or *ur*, as in *terons* for *tendrons*, *tere* for *tendre*. ¶ It may be added that this word gave the old French etymologists a great deal of trouble; the word was even written *cyre* to make it look like the Gk. *κύριος*, a lord! The Prov. *sira*, *sire*, Span. *ser*, Ital. *ser*, are merely borrowed from French; and Icel. *sira*, from Prov. or E.; see *Sirrah*. Doublets, *senior*, *seignior*, *señor*, *signor*; though these really answer only to the acc. form *seniorem*.

SIRDAR, a military commander. (Hind.—Pers.) Used in 1808 (Yule).—Hind. *sardār* (Forbes).—Pers. *sardār*, a chief.—Pers. *sar*, head (cf. Gk. *σάρξ*, Skt. *cīras*); *-dār* (suffix), possessing, holding.

SIREN, a fabulous nymph who, by singing, lured mariners to death. (L.—Gk.) ME. *serien*, which is from OF. *seréine*, 'a mermaid'; Cot. 'Men clepen hem *series* in Fraunce'; Rom. of the Rose, 684. But we took the mod. E. word immediately from the Latin. Spelt *siren*, Com. of Errors, iii. 2. 47.—L. *sirēn*.—Gk. *σείρην*, a nymph on the S. coast of Italy, who enticed seamen by the magic sweetness of her song, and then slew them. At first the sirens were but two 'in number; Homer, Od. xii. 39, 167. It also means a wild bee, a singing-bird. β. Usually derived from *σείρα*, a cord, rope, as if they enticed mariners by pulling them; this is more likely to be a bad pun than an etymology. The orig. sense was probably 'bird'; see an article on 'Sirens,' by J. P. Postgate, in the Journal of Philology (Cambridge), vol. ix. Cf. G. *schwirren*, to chirp.

SIRLOIN, an inferior spelling of *Surlin*, q. v.

SIRNAME, a corruption of *Surname*, q. v.

SIROCCO, a hot, oppressive wind. (Ital.—Arab.) In Milton, P. L. x. 7c6. Spelt *sirocco* by F. G., tr. of Acosta, bk. iii. ch. 5 (1604).—Ital. *sirocco*, 'the south-east wind'; Florio. Cf. Span. *siroco*.—Arab. *sharq*, the east; Rich. Dict. p. 889. The etymology is well discussed in Devic, Supp. to Littre, who remarks that the introduction of a vowel between *r* and *g*, when the Arabic word was borrowed by European languages, presents no difficulty. Or there may have been some confusion with the closely-allied word *sharīq*, rising (said of the sun). The Eastern wind in the Mediterranean is hot and oppressive.—Arab. root *sharaga*, (the sun) arose; Rich. Dict. p. 889. See *Saracen*.

SIRRAH, a term of address, used in anger or contempt. (Prov.—F.—L.) Common in Shak. Temp. v. 287; &c. Schmidt remarks that it is never used in the plural, is used towards comparatively inferior persons, and (when forming part of a soliloquy) is preceded by *ah*; as '*ah, sirrah*'; 'As You Like It, iv. 3. 166; '*ah, sirrah*, quoth a'; 2 Hen. IV, v. 3. 17; cf. Romeo, i. 5. 31, 128. Minshew has: '*Sirra*, a contemptuous word, ironically compounded of *Sir* and *ah*, as much as to say *ah, sir*, or *ah, boy*'. Minshew is not quite right; for the form *sira* is Provençal. It is also spelt *sirra* in Holland, tr. of Pliny, b. xxxv. c. 10 (in a story of Apelles), ed. 1634, vol. ii. p. 538, l. 7 from bottom.—Prov. *sira*, *sirrah*, a term of contempt; formerly *sir*, in a good sense; borrowed from F. in the 15th cent., or earlier. Not the true OF. form (which was *senker*, with variants), but borrowed from F. *sira*.—L. *senior*; see *Sir*. β. The fact that it was used contemptuously is the very thing that shows its 'rov. origin'; for Mistral (s. v. *sire*) quotes from Thierry to show that *sire* (formerly *sira*) was a term of contempt applied by the men of Provence to the lords and governors of Faria. When St. Louis

(Louis IX) was taken prisoner in the 13th century, the men of Marseilles sang a Te Deum for their deliverance (for the time) from the government of these *sires*. For two good examples of the offensive use of Prov. *sira* by two men who are disputing, see Bartsch, Chrest. Prov. (1875), 397, 34, 398, 13.

SIR-REVERENCE, save your reverence. (L.) In Shak. Com. Errors, iii. 2. 93. See *Save-reverence* in Nares, who shows that it was used also in the form *save-reverence* and *save-your-reverence*; the latter is in Romeo, i. 4. 42. 'This word was considered a sufficient apology for anything indecorous'; Nares. A translation of L. *salva reuerentia*, reverence to you being duly regarded. — L. *salva*, fem. abl. of *saluus*, safe; and *reuerentiā*, abl. of *reuerentiā*, reverence; see *Safe* and *Reverence*.

SIRUP, another spelling of *Syrup*, q. v.

SISKIN, a migratory song-bird. (Du. — Low G. — Slavonic.) Mentioned in a tr. of Buffon, Nat. Hist., London, 1793, ii. 90; and in Kilian. Spelt *siskin* in Phillips (1658). The *Carduelis spinus*; better *Spinus viridis* (Newton); also called *aberdunvine*; also *Fringilla spinus*. — MDu. *cijkens*, *sijkens*, Anglice *siskin* (Kilian); later Du. *cysje* (Sewel), with dimin. suffix *-je* for the older dimin. suffix *-ken*; Du. *sijje* (Calisch). — Low G. *zieske*, *ziske* (Bremen). — Polish *czyżyk*, dimin. form of *czyż*, a siskin; cf. Sloven. *chizhek*, Russ. *chj*. See Miklosich, p. 36. ¶ Thus the Du. form should have been *cijkje*; it was a mistake to turn *-ke* into the dimin. suffix *-ken*; and a greater one to substitute *-je*.

SISTER, a girl born of the same parents with another. (E.) ME. *suster*, Chaucer, C. T. 873 (A 871); rarely *sister*, *syder*, as in Prompt. Parv., and in Genesis and Exodus, ed. Morris, 766. It is extremely remarkable how the Scand. form *sister* has modified the E. form *suster*. AS. *sweostor*, *sunster* (whence ME. *suster*); Grein, ii. 509; modified by Icel. *sysir*, Swed. *syster* (Dan. *søster*). — Du. *zuster*; Goth. *swiustar*; G. *schwester*; OIIG. *sweost*, *swiust*. β. The Teut. forms are all from the base **sweost-*, answering to an Idg. base **sweas-* (without the *t*). Further related to Lithuan. *sesū* (gen. *seserės*); L. *soror* (for older **sweosor*); Skt. *svasā*, nom.; OIrish *sinir*; W. *chwacer*. Der. *sister-hood*, *like*, *ly*; *sister-in-law*. Also *cou-sin*, q. v.

SIT, to rest on the haunches, rest, perch, brood. (E.) ME. *sitten*, pt. *sat*; pl. *seten*, Chaucer, C. T. 10406 (F 92; where Tyrwhitt prints *siten*); pp. *seten*, *siten*, id. 1454 (where Tyrwhitt prints *sitten*). AS. *sittan*, pt. *sat*, pl. *seton*, pp. *seten*; Grein, ii. 454. — Du. *zitten*; Icel. *sifja*, pt. *sat*, pp. *setinn*; Dan. *sitte*; Swed. *sitta*; Goth. *sittan*; G. *sitzen*; OIIG. *sizzan*. Teut. type **seujan*, pt. **sat*, pp. **setanaz*. From Idg. **sēd*, to sit, whence Skt. *śat*, Gk. *ῥῆσι* (for *ῥῆσι*), L. *sedere*, Lithuan. *sėdėti*, Russ. *sidiť* (e), to sit. Der. *sitt-er*, *sitt-ing*. Also (from L. *sedere*) *as-sess*, *as-sid-nous*, *as-side*, *dis-pos-sess*, *dis-sid-ent*, *in-sid-iary*, *pos-sess*, *pre-side*, *re-side*, *re-side*, *sed-ate*, *sed-entary*, *sed-iment*, *sess-ile*, *sess-ion*, *sub-side*, *sub-sid-y*; *super-side*; also *sierge*, *be-sierge*, *seize*, *size* (1), *size* (2), *size-ar*. Also (from Gk. *ῥῆσι*) *octa-hedron*, *tetra-hedron*, *poly-hedron*, *cath-(e)dral*; *chair*, *chaïse*. Also (from Teut. SET) *set*, *settle* (1); *settle* (2), in some senses; also *seat*, *dis-seat*, *un-seat*, *soot*; and see *saddle*.

SITE, a locality, situation, place where a thing is set down or fixed. (F.—L.) 'After the site, north or south'; Chaucer, On the Astrolabe, pt. ii. c. 17. — F. *site*, MF. *sit*. 'Site, a site, or seat'; Cot. — L. *situs*, acc. of *situs*, a site. Perhaps allied to L. *situs*, pp. of *sinere*, to permit, of which an older meaning may have been to put, place. So Bréal. But see Brugmann, i. § 761, 920; where *situs*, sb., is compared with Gk. *ῥῆσι*, a foundation, and Skt. *kshiti-*, an abode, from *kshī*, to dwell. The L. *pōnere* (= **po-sinere*) is certainly a derivative of *sinere*. Der. *situ-ate*, *situ-ation* (see below); also the derivatives of *pōnere*, for which see *Position*. ¶ We frequently find the odd spelling *scite*.

SITE, since. (E.) In Ezek. xxxv. 6. See *Sinice*.

SITHE, the correct spelling of *So*; the, q. v.

SITUATE, placed. (L.) In Shak. L. L. i. 2. 142. — Late L. *situatus*, pp. of *situare*, to locate, place; a barbarous word, found A. D. 1317 (Ducauge). — L. *situs*, stem of *situs*, a site; see *Site*. Der. *situat-ion*, s. l. en. IV, i. 3. 51, from F. *situation*, a situation, Cot.

SIX, five and one. (E.) ME. *six*, *sixe*, P. Plowman, B. v. 431. AS. *six*, *sys*, *sice*; Grein, ii. 454. — Du. *zes*; Icel., Dan., and Swed. *sex*; G. *sechs*; OIIG. *sehs*; Goth. *saihs*. — Russ. *shest* (e); W. *chwech*; Gael. and Irish *sex*; L. *sex*; Gk. *ῥῆσι* (for **ῥῆσι*); Lithuan. *seszi*; Pers. *shash*; Palmer's Diet. col. 382; Skt. *shash*. Idg. type **swesh*. See Brugmann, ii. § 170. Der. *six-fold*, *six-pence*. Also *six-teen*, AS. *six-tine*, *six-fyne* (see *Ten*); *six-teen-th*; *six-ty*, AS. *six-tig* (see *Forty*); *six-ti-eth*; *six-th*, AS. *six-ta*, whence ME. *sixte*, *sente*, Gower, C. A. iii. 121, bk. vii. 1082; P. Plowman, B. xiv. 300, now altered to *sixth* by analogy with *four-th*, *seven-th*, *eight-th*,

nin-th, *ten-th*, just as *five-th* is altered from AS. *ffif-th*. Also (from L. *sex*) *sex-agenarian*, *sex-agesima*, *sex-ennial*, *sex-tant*, *sex-tuple*.

SIZAR, a scholar of a college in Cambridge, who pays lower fees than a pensioner or ordinary student. (F.—L.) Spelt *sizar* in Todd's Johnson. There was formerly a considerable difference in the social rank of a *sizar*, who once had to perform certain menial offices. At Oxford the corresponding term was *servitor*, defined by Phillips as 'a poor university scholar that attends others for his maintenance.' Formed from the sb. *size*. 'Size is a farthings worth of bread or drink, which scholars in Cambridge have at the buttery, noted with the letter S., as in Oxford with the letter Q. for half a farthing, and Qa. [Quadrans] for a farthing. And whereas they say in Oxford, to *battel* in the buttery-book, i.e. to set down on their names what they take in bread, drink, butter, cheese, &c., in Cambridge they call it *sizing*.' Mount's Gloss., ed. 1674. The word *size* is also in Minshew, and is a mere abbreviation of *assize*, i.e. quantity or ration of bread, &c. 'Assize of bread, i.e. setting down the price and quantitie of bread'; Minshew, ed. 1627. See *Assize*, and *Size* (1).

SIZE (1), an allowance or ration of food; hence, generally, magnitude. (F.—L.) 'To scant my sizes', K. Lear, ii. 4. 178; see *Sizar*. 'Syse of bredde and ale'; Palsgrave. *Size* is merely short for *assize*, ME. *assize*, the usual old word for an allowance, or settled portion of bread, &c., doled out for a particular price or given to a dependent. We even find it used, at a very early period, almost as a general word for provisions. 'Whan ther comes marchaundise, With corn, wyn, and steil, othir [or] othir assize'; K. Alisaunder, 7074. Hence *size* came to mean dimension, magnitude, &c., as at present; also bulk, as in Merry Wives, iii. 5. 12. For the etymology, see *Assize*. Der. *size-ar*, q. v.

SIZE (2), weak glue, a stiffening glucy substance. (Ital.—L.) In Minshew, ed. 1627. 'Syse for colours'; Palsgrave. Hence blood-sized, rendered sticky with gore; Two Noble Kinsmen, i. 1. 99; 'o'er-sized with conglutate gore', Hamlet, ii. 2. 484. Cotgrave has: 'assiette à dorer, size to gild with gold size.' It is not a F. word, but borrowed, like some other painters' terms, from Italian.—Ital. *sisa*, 'a kind of syse or glew that painters vse'; Florio, ed. 1598. And Ital. *sisa* is an abbreviation of *assisa*, 'size that painters vse'; also, an assise or manner; also, a luerie, a guise or fashion, an assise or session; id. It also gives *assissare*, 'to size, to scesse, to assize, to sute well'; and *assisso*, 'seated, situated'. *Assisa* is the verbal sb. from *assissare*, which in its turn is from *assissio*, pp. of *assidere*, to situate. The sense is 'that which makes the colours lie flat', so that, in Florio's phrase, they 'sute well'. The Ital. *assidere* is from L. *assidere*, to sit at or near.—L. *ad*, near; and *sedere*, to sit, cognate with L. *sit*. We speak of 'making a thing sit', which is just the idea here required. ¶ Thus *size* (2), *size* (1), and *assize* are all, really, the same word. See *Size* (1), and *Assize*.

SJAMBOX, a whip. (Cape Du.—Malay.—Pers.) Modern. The Cape Du. *sjabomb* seems to have been adopted from Malay *chibok* (Port. *chabuco*).—Pers. *chābūk*, alert, active; as sb., a horse-whip. See N. and Q. 9. S. iv. 456; *Chawbuck* in Yule, and *Chabouk*, *Chawbuck* in N. E. D.

SKAIN, SKENE, SKENIN, a dagger, knife. (Irish.) 'Skain, a crooked sword, or scimeter, used formerly by the Irish'; Halliwell. He cites the expression 'Iryshmen, armed . . . with darts and skaynes' from Hall, Hen. V. an. vi. § 3. 'Carrying his head-peece, his skene, or pistol'; Spenser, State of Ireland; Globe ed., p. 631, col. 2. 'Skene, a knife'; Palsgrave. 'J. baslard vocatuel Iresch skene'; (1472), York Wills, iii. 202.—Irish (and Gael.) *sgian*, a knife; OIrish *scian*. — W. *ysgien*, a slicer, scimeter; cf. *ysgi*, a cutting off, a parer. β. Apparently from a base **ske*; cf. Gk. *σχῆμα*, I scratch. See Stokes-Pick, p. 309. Der. (possibly) *skains-mate*, a companion in arms, comrade, Romeo, ii. 4. 162; but see *Skein*.

SKATE (1), a large flat fish of the ray family. (Scand.) Spelt *scate* in Levins, ed. 1570. ME. *scate*, Prompt. Parv.—Icel. *skata*, a skate; Norweg. *skata* (Aasen); Dan. *skade*. We find also Irish and Gael. *sgat*, a skate (from E.). ¶ The AS. *scadd* is a *skad*, not a skate.

SKATE (2), **SCATE**, a frame of wood (or iron) with a steel ridge beneath it, for sliding on ice. (Du.—F.—Low G.) The word should be *skates*, with a pl. *skates*; the final *s* has been mistaken for the pl. suffix, and so has dropped off, just as in other words; see *Poa*, *Sherry*, *Cherry*. Nares quotes the pl. *scatzen* in 1695. Spelt *scheets* in Evelyn's Diary, Dec. 1, 1664; *skates* in Pepps' Diary, same date. 'Scate, a sort of pattern, to slide upon ice'; Phillips, ed. 1706. Cotgrave explains OF. *eschasses* by 'stilts, or scatches to go on'; here *scatches* is merely another form of *skates*; 'the point in which stilts and skates agree is that they are both contrivances for increasing the length of stride', Wedgwood.—Du. *schatsen*, 'skates', Sewel; where *-en* is the pl. suffix, so that the word itself is

schaats, as in 'schaatsryder', a skateslider; ' Sewel [unprinted *schaatsryder* by an obvious error]. MDu. *schetsen*, 'skates [with] which they slide upon the yce in Holland; ' Hexham, ed. 1658. — OF. *eschive* (with *ce* pron. as *t-e*), a stilt (12th cent.); whence F. *échasse*. — Low G. type 'skak-jū' (Latinised as *scacia* in Ducauge); a shank, leg; Low G. *shanke*, the same. Compare F. *shank*, which inserts the nasal sound *n*; see *Shank*. Note the Low G. phrase *de schaken voort teen*, to go swiftly, lit. 'to pull one's shanks out'; and AS. *secanan*, *secanu*, to shake, to go swiftly, to flee; see *Shako*, with which E. *shank* is allied. As to the scense, the words *scatches* and *skates* merely mean 'shanks', i. e. contrivances for lengthening the leg. ¶ The Dan. *skåtte*, a skate, older form *skette* (Kalkar) is from E.: the Swed. word is *skridsko* or *skid* (see *Skid*).

SKEIN, **SKAIN**, a knot of thread or silk. (F. — C. ?) Generally defined as 'a knot of thread or silk, where probably 'knot' means a quantity collected together; a *skein* is a quantity of yarn, folded and doubled together. ' Layde downe a skene of threde, And some a skene of yarne; ' Skelton, Elinor Kunning, 310. ME. *skene*, Prompt. Parv. — OF. *escaigne* (Godefroy), a skein (1254); MF. *escaigne*, 'a skein'; Cot. Prob. of Celtic origin; cf. Irish *gaigne*, 'a skein or clume of thread.' Cf. Gael. *sgéinnidh*, flax or hemp thread, small twine. If these are true Celtic words, they may be allied to Gk. *σχῆνος*, a rope, a cord (Macbain). Der. (perhaps) *skains-mates*, companions in winding thread, companions, Romeo, ii. 4. 162; but see *Skain*. This solution is advocated in Todd's Johnson, which see; and cf. the phrase 'as thick [intimate] as inkle-weavers', i. e. weavers of tape.

SKELETON, the bony frame-work of an animal. (Gk.) ' *Skeltons* of evry kinde; ' Pavesant, Gondibert, ii. 5. st. 32. See Trench, Select Glossary. Spelt *skelton*, *skelton* in Blount's Gloss., ed. 1674. — Gk. *σκέλετον*, a dried body, a mummy; neut. of *σκληρός*, dried up, parched. — Gk. *σκέλλειν* (for *σκέλε-ιν*), to dry, dry up, parch. Der. *skelton-key*.

SKELLUM, a cheat. (Du. — G.) 'A Dutch *skelum*; ' Coryat's Crudities; In Addit. to Nares. — Du. *schelm*, 'a rogue, a villain'; Hexham. — G. *schelm*, a rogue; OHG. *scelmo*, *scelmo*, a pestilence, carrion; hence a rogue (as a term of abuse). See Notes to Eng. Etym., p. 271.

SKEPTIC, the same as *Sceptic*, q. v.

SKEERY, an insulated rock. (Scand.) In Scott, The Pirate; song in cli. xii. — Icel. *sker* (dat. *skeri*), a skerry; see *Scar* (2).

SKETCH, a rough draught of an object, outline. (Du. — Ital. — L. — Gk.) In Phillips, ed. 1706. 'To make a *sketch*; ' Dryden, Parallel between Painting and Poetry (K.). Not used much earlier. — Du. *schets*, 'a draught, scheme, model, sketch; ' Sewel. [The E. *sketch* is a mere corruption of the Du. word, and stands for *skets*.] The same word as G. *skizze*, a sketch; which was prob. borrowed from the Dutch, who, as being fond of painting, introduced the term from the Italian. At any rate, both Du. *schets* and G. *skizze* are from Ital. *schizzo*, 'an ingrossment or first rough draught of anything; ' Florio. — Ital. *schedini*, an extemporaneous poem, anything hastily made. — L. *schediun*, adj., made hastily. — Gk. *σχῆδιν*, sudden, offhand on the spur of the moment; also near, close to. Cf. Gk. *σχῆδον*, near, hard by, lit. 'holding to.' These words, like *σχῆ-ος*, habit, state, *σχῆ-τι-κός*, retentive, are from the Gk. base *σχῆ-*, to hold, appearing in Gk. *σχῆν* (= *σχῆ-εν*), 2 norist infin. of *σχῆν*, to hold, and in E. *scheme*. See *Scheme*. β. Thus *scheme* and *sketch*, the meanings of which are by no means remote, are from the same root, but by different paths. Der. *sketch*, verb; *sketch-y*, *sketch-i-ness*.

SKEW, oblique, wry. (MDu.) 'To look *skew*, or *a-skew*, to squint or leer; ' Phillips, ed. 1706. It seems first to have been used chiefly as a verb. 'To *skue*, or *walk skuing*, to waddle, to go sideling along; ' Phillips. 'To *skew*, *lunis oculis* spectare; ' Levins, ed. 1570. 'Our service Neglected and look'd lamely on, and *skew'd* at; ' Beniam, and Fletcher, Loyal Subject, A. ii. sc. 1 (Pustkie). 'The *skew'd*-tynd carrion; ' Id., Wild-geese Chase, iv. 1 (Mirabel). ME. *skewen*, to turn aside, slip away, escape; Morte Arthure, ed. Brock, 1562. Prob. of MDu. origin; not from Icel. *skjefr*, awry. — MDu. *skewen*, 'to avoid or to shunne; also as Du. *skuten*, Hexham; Low G. *schuten*, *schuuten*, to avoid. — OHG. *sciuhen*, MHG. *schuhen*, to avoid, get out of the way, G. *schuenen*, to shun, avoid (whence G. *schon*, shy); derived from the adj. appearing as MHG. *schiech*, timid. Thus ME. *skewen*, to escape, is really the verb corresponding to the adj. *shy*; to *skew* or *skue* is to shy as a horse, to start aside from. Cf. Wflam. *schui*, *schui*, shy; *schuhen*, *schuen*, to avoid. See further under *Shy*, *Eschew*. Der. *a-skew*, q. v. Also *skew-bald*.

SKWBALD, piebald. (Hybrid; MDu. and C.) In Halliwell. It means marked or spotted in a *skew* or irregular manner. From *Skew* and *Bald*, q. v. And cf. *pie-bald*. ¶ We find, however, ME. *skewd*, piebald (see Strattmann); perhaps from *skew*, ME.

variant of *skie*, a cloud, sky. If this is right, then *skew-bald* is connected with *sky* rather than *skew*.

SKEWER, a pin of wood or iron for holding meat together. (Scand.) In Dryden, tr. of Homer, Iliad, i. 633. Spelt *skuer* in 1411; Nottingham Records, vol. ii. *Skewer* is a by-form of prov. E. *skiver*, a skewer, E. D. D.; cf. *skiver-wood*, dogwood, of which skewers are made; Halliwell. And *skiver* is the Northern form of *skiver*, a splinter of wood, dimin. of Icel. *skifja*, Swed. *skifva*, a slice, a shive; see *Shiver* (2). The form *skiver* corresponds to Dan. *skifer*, Swed. *skiffer*, a slate, MDan. *skifer*; MDu. *scheversteen*, a slate or a slate-stone, Hexham; similarly named from its being sliced into thin flakes. Cf. Dan. dial. *skivrt*, small sticks; Norw. *skivra*, to cut into splinters (Ross). ¶ The spelling *skiver* occurs in W. Dampier, A New Voyage (1699); vol. ii. pt. i, p. 31. Doublet, *skiver* (2). Der. *skewer*, verb.

SKID, a contrivance for locking the wheel of a carriage. (Scand.) Halliwell gives: '*skid-pan*, the shoe with which the wheel of a carriage is locked.' Ray has: 'To *skid* a wheel, rotan suffaminare, with an iron hook fastened to the axis to keep it from turning round upon the descent of a steep hill; *Kent*.' The latter sense is merely secondary, and refers to a later contrivance; the orig. *skid* was a kind of shoe placed under the wheel, and in the first instance made of wood. [The word *skid* is merely the Scand. form corresponding to the ME. *schide*, a thin piece of wood; see *Shide*.] — Icel. *skib*, a billet of wood; also, a kind of snow-shoe; Norw. *skid*, a snow-shoe (Aasen); MSwed. *skid*, a thin flat piece of wood (Ihre); Swed. *skid*, 'a kind of scate or wooden shoe on which they slide on the ice, Widgren.

SKIFF, a small light boat. (F. — Ital. — OHG.) 'Olaus fled in a little *skiffe*; ' Hakluyt's Voyages, vol. i. p. 14. And in Minslow. — MF. *esquif*, 'a skiffe, or little boat; ' Cot. — Ital. *schifo*, 'a skiffe; ' Florio. — OHG. *skif*, *schif*, G. *schiff*, n ship; cognate with E. *Ship*, q. v. Der. *skiff*, verb, to cross in a skiff, Two Noble Kinsmen, i. 3. 37. Doublet, *ship*.

SKILL, discernment, discrimination, tact. (Scand.) ME. *skil*, gen. in the sense of 'reason,' Ancien Riwe, p. 204, l. 22; *skille*, id. p. 306, l. 17. — Icel. *skil*, a distinction, discernment; cf. *skilja*, to part, separate, divide, distinguish; Dan. *skjel*, a separation, boundary, limit; cf. *skile*, to separate; Swed. *skil*, reason; cf. *skilja*, to separate. β. From *SKJEL*, to separate, divide, orig. to cleave, as appears by Lithuan. *skelti*, to cleave. (cf. Swed. *skada*, to peel. See *Shell*, *Scale*. Der. *skil-ful*, *skil-fulle*, Rob. of Brunne, tr. of Langtoft, p. 311, l. 17; *skil-ful-y*, *skil-ful-ness*; *skil-less*, Ormulum, 3715; *skill-ed*, i. e. endowed with skill, Rich. III. iv. 4. 116. Also *skil*, verb, in the phr. it *skills* not — it makes no difference, Taus. Shrew, iii. 2. 134; from Icel. *skilja*, to separate, which is frequently used impersonally, with the sense 'it differs.'

SKILLET, a small pot. (F. — L.) In Othello, i. 3. 273. Spelt *skellet*, Skelton, Elinor Kunning, 250. Halliwell explains it as a small iron or brass pot, with a long handle. — OF. *escuellette*, 'a little dish; ' Cot. Dimin. of OF. *escuelle*, a dish. — L. *scutella*, a salver; dimin. of *scutra*, *scuta*, a tray, dish, platter. Hardly allied to *scutum*, a shield. Doublet, *scuttle* (1). ¶ The Suffolk word *skillet*, meaning a thin brass perforated implement used for skimming milk (Moor, Nall), perhaps acquired its peculiar sense from confusion with the Icel. *skilja*, to separate; but the sense of 'dish' will suffice, as the orig. skimmer must have been a simple dish. The fancy in Phillips, that a *skillet* [except when it means 'a bell'] is derived from Late L. *skeletta*, a little bell [from Du. *schel*, a bell], on the ground that *skillets* are made of bell-metal, is to be rejected. Othello's helmet can hardly have been made of bell-metal, and a *skillet* is usually of brass or iron.

SKIM, to clear of scum, to pass lightly over a surface. (Scand.) 'Skim milk; ' Mils. Nt. Dr. ii. 1. 36. A derivative of *scum*; the change of vowel from *u* to *i* (y) is precisely what we should expect; but we only find a change of this character in the cognate EFrises. *schümen*, to skim; and G. *schäumen*, to skim, from *schäumen*, scum. Of Scand. origin; cf. Dan. *skumme*, to skim, from *skum*, scum; Swed. *skumma mjölk*, to skim milk, from *skum*, scum. The right form appears in MSwed. *skymma*, to overshadow, from *skumma*, obscurity; which seems to be from the same root as *skum*, scum. Note also Dan. dial. *skimmel*, a thin film on milk; and even Irish *gém-in*, I skim, from *gém-in*, foam, scum. See *Scum*. ¶ We find a similar vowel-change in *dint*, ME. *dunt*; in *fill*, derived from *full*; in *list*, verb, from *lust*, sb.; in *trim*, verb, from AS. *trum*; &c. Der. *skimmer*; *skim-milk*, i. e. skimmed milk.

SKIMP, to curtail, stint. (Scand.) See E. D. D. and cf. *scrimp*, which may have affected it. It seems to be based on Icel. *skemma*, to shorten; from *skamr*, short. See *Scant*. So also Eng. dial. *skimp*, to joke, is from NFrises. *skempe*, Icel. *skemta*, to amuse.

SKIN, the natural covering of the body, hide, bark, rind. (Scand.)

ME. *skin*, Chaucer, C. T. 3809 (A 3811); *beres-skin* or *beres skiu*, a bear-skin, id. 2144 (A 2142). Spelt *skine*, Rel. Ant. ii. 79, col. 1. Icel. *skinn*, a skin; Swed. *skinn*; Dan. *skind*. *β*. The Icel. *skinn* stands for **skinn*, by the assimilation common in that language; so also the Swed. *skinn*. Tent. type **skinon*, neut. idg. type **skintom*. Hence also G. *schinden*, to skin, flay; OHG. *scintan*, *scindan*, sometimes a strong verb, with pt. *skant*, pp. *gescunden*. Cf. also W. *cen*, skin, peel, scales; *ygen*, dandruff. Der. *skin*, verb, Hamlet, iii. 4. 147; *skin-deep*; *skin-er*; *skin-flint*, a miser who would even skin a flint, if possible; *skin-y*, Mach. i. 3. 45; *skinn-ers*.

SKINK (1), to draw or serve out wine. (Scand.) Obsolete. Shak. has *under-skiner*, i Hen. IV, ii. 4. 26. Dryden has *skinker*, tr. of Homer, Iliad, i. 803. —Icel. *skénja*, to serve drink; cognate with AS. *scencan*. The latter verb is fully explained under **Nunchion**, q.v.

SKINK (2), a kind of lizard. (Gk.) 'Th' Alexandrian *skink*;' Sylvester, tr. of Du Bartas, i. 6 (C. 11). —Gk. *skinkos*, a kind of lizard; whence L. *scincus* (Pliny, viii. 25); written *scinke* in Holland's translation; spelt *scinge*, *scinge* in Cotgrave.

SKIP, to leap lightly, pass over quickly. (Scand.) ME. *skippen*, Chaucer, C. T. 3259; King Alisaunder, 768; pt. *i. skipte*, P. Plowman, B. xi. 103; *scip*, *scope*, Cursor Mundi, 19080. Of Scand. origin. Cf. Swed. dial. *skopa*, to skip, leap (as an animal), dance (Kietz); who cites MSwed. *skopja*, *skopja*, in the same sense; Norw. *skopa*, to skip away (Koss); MDan. *skobe*, to dance, skip (Kalkar). Icel. *skopja*, to spin like a top, whence *skoppara-kringla*, a top, North E. *scoppling spinner*, a tectotum (Whitty Glossary), named from its skipping about. And cf. MHG. *scüfen*, to gallop. (The E. i. is for y, mutation of a.) Perhaps MSwed. *scip* represents mp; cf. Swed. dial. *skimpa*, *skumya*, to jump about. Der. *skip*, sb., 'skip-in-rope'.

SKIPPER, the master of a merchant-ship. (Du.) 'In ages pass'd, as the skipper told me, there grew a fair forest in that channel where the *Texel* makes now her bed.' Howell, Famill. Letters, vol. i. let. 5, dated from Amsterdam, April 1, 1617. Thus Howell picked up the word in Holland. Found much earlier, spelt *skypier*; Earl of Derby's Expeditions (1390); Camden Soc., p. 37. —Du. *schipper*, 'a warrior, a shipper, a saviour, a navigator'; Hexham. Formed, with suffix -er (= E. -er) of the agent, from Du. *schip*, cognate with E. *Ship*, q.v. So also Swed. *skappare*, from *skippa*, a ship (Hr.).

SKIRMISH, an irregular fight, contest. (F.—OHG.) Also spelt *scrimmage*; and even *scaramouch* is but the Ital. form of the ME. sb. This sb. appears as ME. *scarmuch*, a slight battle, Chaucer, Troil. ii. 934. Spelt *scarmuge*, Spenser, F. Q. ii. 6. 34. —OF. *escarmouche*, a skirmish, bickering; Cot. *β*. But the mod. form of the sb. is due to the ME. verb *skirmishen*, spelt *skirmyshe* in Trevisa, iv. of Higden, iv. 399. —OF. *eschermis*, a stem of *eschermir*, to fence, to fight; whence also the ME. *skirmen*, to fence or skirmish; the pt. *skirmen* occurs very early, in Layamon, 8406. Cf. MF. *escimer*, 'to fence, or play at fence, also, to lay hard about him'; Cot.—OHG. *scirman*, MHG. *schirman*, to defend, fight; especially, to defend oneself with a shield. —OHG. *scirm*, *schirm*, G. *schirm*, a shield, screen, shelter, guard, defence. *γ*. It thus appears that the orig. sense of *skirmish* is 'to fight behind cover,' hence to take advantage of cover or slight shelter in advancing to fight. *δ*. Diez and Scheler show clearly that the F. *escarmouche*, Ital. *scaramuccia*, are due to OHG. *scirman*, which is a mere variant of *scirman*. The ending of Ital. *scaramuccia* is a mere suffix; we find also Ital. *scherm-agio*, a skirmish, *scherm-in*, fencing, *schermire*, *schermare*, to fence, *schermo*, a defence, arms; also OF. *escarmie*, answering to Ital. *scherm-ita*. Der. *skirmish-er*. Doublets, *scrimmage*, *scaramouch*.

SKIRRE, the same as *Scur*, q.v.

SKIRRET, **SKERRET**, a plant like the water-parsnep. (F.—Span. —Arab.) ME. *skyrret*; Voc. 567. 31; 580. 38. Also *skirwhit*, *skirwhite*; Sinonima Bartolomei, ed. Mowat, p. 20. l. 4; p. 33. l. 25. Spelt as if from Icel. *skir hvitr*, pure white. But this is probably a popular etymology; prob. adapted from OF. *eschervis* (Godefroy); MF. *chervis*, 'the root skirret or skirwhite'; Cot. The OF. *eschervis* is from Span. *chirvin*; from Arab. *karavia* (Devic); which is also the origin of our word *caraway*. See Notes on E. Etym., p. 271. And see *Caraway*.

SKIRT, the part of a garment below the waist, edge, border, margin. (Scand.) This is a doublet of *skirt*, but restricted to the sense of the lower part of the skirt or garment. Spelt *skort*, Hall's Satires, b. iv. sat. i. l. 28. ME. *skyrte*. 'Skirt of a garment, Trames,' Prompt. Parv. —Icel. *skirta*, a skirt, a kind of kirtle; Swed. *skjorta*, MDan. *skjort*, Dan. *skjorte*, a shirt. *β*. The cognate G. *schurz* has the sense of 'apron'; and special attention was called to the lower part of the skirt by the etymological sense, which signifies 'a short garment;' see *Shirt*. And see remarks on *Kirtle*. The general

sense of 'edge' comes from that of 'lower edge,' or place where the garment is cut short. Der. *skirt*, verb, Milton, P. L. v. 282.

SKIT, a taunt, a lampoon; see *Skittish* (below).

SKITTISH, frisking, full of frisks, said of a horse or unsteady person, fickle. (Scand.) 'Unstaid and skittish in all motions early,' Tw. Nt. ii. 4. 18. 'Some of their skyl/ysh condycyons;' Fabry's Chronicle, an. 1255-6, ed. Ellis, p. 339. 'Thy skittish youthie;' Hoccleve, de Regim. Principum, 590. Formed from the verb *to skit*, a Lowland Sc. word, meaning 'to flounce, caper like a skittish horse.' Jamieson. Of Scand. origin. We find nearly related words in Swed. *skutta*, to leap, Swed. dial. *skutta*, *skutta*, to leap, Swed. dial. *skutta*, to go a-hunting, to be idle, *skytla*, to run to and fro; all of which (as Riets says) are mere derivatives from Swed. *skjuta*, to shoot. To *skit* is a secondary verb, of Scand. origin, from the verb *to skoot*; and means to be full of shootings or quick darts, to jerk or jump about; hence the adj. *skittish*, full of frisks or capers. Cf. 'If she skit and recoil;' i.e. is shy; Chapman, May Day, ii. 3. See further under *Shoot*. *β*. We may also note Swed. *skyt*, *skyt*, *skytja*, *skytta*, Dan. *skytte*, an archer, marksman (lit. 'a shooter'), whence the verb *to skit* also means 'to aim at' or 'to reflect upon' a person. 'Skit, verb, to reflect on;' E. D. S. Gloss. B. i. A. D. 1781. We even find MDan. *skytte-vers*, a jeering verse (Kalkar). This explains the sb. *skit*, 'an oblique taunt,' Jamieson. Cf. Dan. *skotte til*, to cast a sly look at (Larsen); AS. *on-scyte*, an attack, a calumny. Vigfusson notices E. *skit* with reference to Icel. *skiti*, *skíta*, *sketting*, a scoff, taunt; perhaps these also may be referred to the same prolific Tent. base **skent*. *¶* The surname *Skent*, ME. *skent*, swift, in King Alisaunder, 5617, Icel. *skjör*, swift, fleet, is likewise from Icel. *skjuta* to shoot; and is closely related.

SKITTLES, a game in which wooden pins are knocked down by a ball. (Scand.) Formerly *keels* or *bayles* or *kails*; see *Kails*. Also *kettle-pins* or *skittle-pins*. Todd cites: 'When shall our *kettle-pins* return again into the Grecian *skytals*?' Sadler, Rights of the Kingdom, 1649, p. 43. Halliwell gives *skittle-pins*, *skittles*. 'The Grecian *skytals*' is an invention, evidently suggested by Gk. *σκιῶν*, a stick, staff, from which Sadler probably imagined that *skittles* was 'derived,' in the old-fashioned way of 'deriving' all English words from Latin and Greek. As *kettle-pins* never came from Greek, there is no reason why it should be expected to 'return' to it. *β*. From comparison of *skittles* with *kettle-pins*, we may infer that the old name was *skittle-pins*, i.e. pins to be knocked down by a *skittle* or projectile. *Skittle* is, in fact, a doublet of *skuttle*, signifying, originally, anything that could be shot or thrown; thus the ME. *schitel* meant the bolt of a door. Cf. ME. *schylle*, a child's game, L. *sagittella*, Prompt. Parv.; though there is a doubt whether this refers to *skittles* or to *skuttle-cock*. *γ*. *Skuttle* is the English, but *skittle* the Scand. form. —Dan. *skytel*, a shuttle, Swed. dial. *skytel*, *sküttel*, an earthen ball for a child's game (Kietz); MDan. *skytel*, a shuttle, an earthen or stone ball to play with; *skytelleg*, the game of skittles, *skytelbane*, a skittle-track; Icel. *skutill*, an implement shot forth, a harpoon, a bolt or bar of a door. —Tent. and Icel. *skut*, weak grade of the strong verb *skjuta*, to shoot, cognate with E. *Shoot*, q.v. And see *Shuttle*. Also see *Skittish*. *¶* It follows that the *skittle* was orig. the ball which was aimed at the pins or 'skittle-pins;' and the *skittle-alley* was the course along which the ball ran.

SKUA, a bird, a kind of gull. (Scand.) 'Lestris cataractes, the common skua;' Engl. Encycl. s.v. *Larida*. Shetland *skooi*; Faroese *skür* (1604); see Newton, Dict. of Birds; Dan. *skua* (Larsen). Apparently a corruption of Icel. *skjör*, a skua; also called *skämur*, 'the skua, or brown gull;' Icel. Diet. I suppose the reference is to the colour; cf. Icel. *skimi*, shade, dusk; Swed. *skum*, dusky; Norweg. *skum*, dull, dusky, chiefly used of the weather, but sometimes of colour. Perhaps allied to *Sky*.

SKUE, old spelling of *Skew*, q.v.

SKULK, the same as *Soulk*, q.v.

SKULL, **SCULL**, the bony casing of the brain, the head, cranium. (Scand.) ME. *skulle*, *sculle*, Chaucer, C. T. 3933 (A 3935); spelt *schulle*, Aenon Riwe, p. 296, l. 4; *sculle*, Rob. of Glouc. p. 16, l. 374. Named from its shell-like shape. —Swed. dial. *skulle*, variant of *skull*, *scull*; Norw. *skult*, *scull*. From Tent. **skul*, weak grade of **skelan* (pt. i. **skal*), to cleave, divide. From the base **skal* we have Swed. *hufvud-skalle*, the skull, Dan. *hjerne-skul*, skull. See further under *Scale* (2). Der. *skult* (2), q.v.; also *skult-cup*.

SKUNK, a N. American quadruped. (N. American Indian.) Modern; imported from N. American. 'Contracted from the Abenaki *seganku*;' Webster. But this is an incorrect form of *segonkw*; see N. and Q., 10 S. iii. 386. Abenaki is a dialect of the Algonquin race of N. American Indians, spoken in Lower Canada and Maine.

SKY, the clouds, the heavens. (Scand.) ME. *skie*, *skye*, in the sense of 'cloud'; Chaucer, Ho. of Fame, iii. 510. Used in the mod. general sense, King Alisaunder, 318. —Icel. *ský*, a cloud; Dan. and

Swed. *sky*, a cloud. Allied to AS. *scō*, OSax. *scio*, a cloud; AS. *scūa*, a shade, Grein, ii. 412; Icel. *skuggi*, shade, shadow. All from the *skew* to cover; whence also *scu-m*, *show-er*, *hide*, and *ob-scure*; Fick, iii. 337. Cf. Skt. *śhu*, to cover; I. *ob-scū-rus*. Der. *sky-blue*, *dark*, *light*, *rocket*, *sail*; *sky-ward*, toward the sky. Also *skye-y*, adj., Meas. for Meas. iii. 1. 9.

SLAB (1), a thin slip or flat piece of stone or wood. (F.—Teut.) Now gen. used of stone; but formerly also of timber. 'Slab, the outside plank of a piece of timber, when sawn into boards;' Ray, North-Country Words, ed. 1691; also written *slap* (Halliwell). Also used of pieces of tin; Ray, Account of Preparing Tin. 'Saw slab of thy timber for stable and stie;' Tusser, Husbandry, sect. 16, st. 35. (F. D. S.) ME. *slab*, rare; but we find the expression 'a slab of ire,' i.e. a piece of iron, in Popular Treatises on Science, ed. Wright, p. 135, l. 141. Cf. also Prov. E. *slappel*, a piece, part, or portion, given as a Sussex word in Ray's South-Country Words; also *slape*, a flag-shaped slate (E. D. D.). The form *slape* was prob. the original one.—OF. *esclape*, 'éclat; de menus esclapes de bois,' i.e. thin slabs of wood (Godefroy). Hence Low L. *sculapa*, a shingle (Ducauge). Cf. Prov. *esclapa*, a piece of cut wood, *esclapa-bos*, a wood-cutter, and *esclapa*, vb., to split wood (Mistral); Ital. *sciapare*, to cleave wood (Floriot). Perhaps from the prefix *es-* (L. *ex*), an intensive; and Low G. *klappen*, to clap, to make an explosive sound (hence, to cleave noisily); cf. G. *klaffen*, to split. See Körting, § 582. Cf. *Eolot*.

SLAB (2), viscous, slimy. (Scand.) 'Make the gruel thick and slab;' Macb. iv. 1. 32. 'Slabby, sloppy, dirty;' Halliwell. From prov. E. *slab*, a puddle; whence, probably, Irish *slab*, *slab*, Gael. *slab*, mire, mud left on the strand of a river; Gael. *slabach*, mire.—Icel. *slabb*, dirt from sleet and rain; Swed. dial. and Norw. *slabb*, MDan. *slab*, mire (whence *slab*, slippery). Cf. ME. *slabben*, to wallow; Fries. *slabbun*, Du. *slabben*, to lap up; Swed. dial. *slabba*, to splash, to soil. And see *Slabber* (below).

SLABBER, to slaver, to let the saliva fall from the mouth, to make wet and dirty. (E.) The forms *slabber*, *slabber*, *slubber*, are mixed up. *Slubber* (q.v.) is the Scand. form. Again, we have also the form *slaver*; also of Scand. origin; see *Slaver*. 'Her milkepan and creamepot so *slabbered* and soot' [dirtied]; Tusser's Husbandry, April, sect. 48, st. 20. (E. D. S.) ME. *slabben*. 'Then come sleuthe at *dislabbered*'—then came Sloth, all be-slabbared; P. Plowman, B. v. 392; where another MS. has *byslabbered*. Not found in AS. A frequentative form, with the usual suffix *-er*, from ME. *slabben*: 'hy iene helle *slabbeth*, they wallow in hell; Shoreham's Poems, p. 151; and see *Slab* (above). Cf. MDan. *slabre*, to slather; Swed. dial. *slabbra i seg*, to eat greedily and carelessly; Fries. and Westphal. *slabbera*, to lap, sup, or lick up; Low G. *slabbern*, *slubbern*, to slather, lap, sip, frequent. of *slaben*, to lap; G. *schlabbern*, *schlabben*, to lap, to slather. Also MDu. *slabben*, *beslabben*, to slaver; *een slabbe*, or *slab-dack*, a child's bib, or slaving cloth [where *dack* = G. *tuch*, cloth]; Hexham. Hexham also gives *slabben*, 'to lappe as dogges doe in drinking, to sup, or to lick'; with the frequentative *slabberen*, 'to sup up hot broth.' So also prov. E. *slap*, to slap; Dan dial. *slabbe*, *slapbe*, to lap up. Of imitative origin; cf. *slabber*, *slubber*, *slaver*.

SLACK, lax, loose. (E.) ME. *slak*. 'With *slakke paas*'—with slow pace; Chaucer, C. T. 2903 (A 2901). AS. *slac*, slack, slow, Grein, ii. 455. 'Lentus, vel piger, *slac*;' Voc. 170. 1. Icel. *slakr*, slack; whence *slaknu*, to slacken, become slack; Swed. and Dan. *slak*; Provincial G. *schlack*, slack (Flügel); MHG. *slach*, OHG. *slah*. β. All from a Teut. type **slak-*. Allied to *lag* and to *lax*. Brugmann, i. § 193. Der. *slack-ly*, *slackness*. Also *slack*, verb, Oth. iv. 3. 88, spelt *slack* in Falgrave; of which *slake* is a doublet; see *Slake*. Also *slack*, properly, 'to become slack,' though often used in the trans. sense; the ME. form is *slakken* (Stratmann). Also *slag*, q.v. *slug*, q.v.

SLADE, a dell, glade, valley. (E.) Common in prov. E.; also in the form *slad*. 'My smoother *slades*;' Drayton, Polyolbon, Song 13; l. 28 from end. Cover has the pl. *slades*; Conf. Amant. ii. 93; bk. iv. 2777. AS. *slad* (dat. *slade*), a strath, a valley. Westphal. *slade*, a ravine; Dan. dial. *slade*, a flat piece of land; Norw. *slade*, a slope, *sladna*, to slope down; Aasen says there is evidence of a strong verb with the stems **slad*, **slad*, **slod*, to slope; parallel to *Slide*. See *Slide*.

SLAG, the dross of metal, scoria. (Swed.) 'Another furnace they have, . . . in which they melt the *slags*, or refuse of the litharge;' Ray, On the Smelting of Silver (1674); in reprint of Ray's Glossaries, Glos. B. 15, p. 10. (E. D. S.) It also occurs in Stanyhurst, tr. of Virgil (1628), An. iii. 576; et. Arber, p. 89, l. 4. The word is Swedish.—Swed. *slagg*, dross, dross of metal, *slagg*; *järnslagg*, dross of iron; *slaggvarp*, a heap of dross and cinders (Wildegren); allied to Norw. *slagga*, to flow over. So called from its flowing

over when the metal is fused; cf. Icel. *slagna*, to flow over, be spilt, *slag*, *slagi*, wet, dampness, water penetrating walls. Cf. Dan. *slakker*, slag (Larsen); Low G. *slakke*, G. *schlacke*, scoria. These suggest a connexion with *Slack*. ¶ Not allied to Swed. *slag*, a blow. Der. *slagg-y*.

SLAKE, to slacken, quench, mix with water. (E.) To *slake* or *slack* lime is to put water to it, and so disintegrate or loosen it. 'Quick-lime, taken as it leaves the kiln, and thrown into a proper quantity of water, splits with noise, puffs up, produces a large disengagement of vapour, and falls into a thick paste;' Weale, Dict. of Terms in Architecture, &c. *Slake* is an older spelling than *slack* (verb), of which it is a doublet. ME. *slaken*, to render slack, to slake. 'His wraþþe for to *slake*;' Will. of Palerne, 728; spelt *slakis*, Layamon, 23345, later text. AS. *slæcan*, to grow slack or remiss; found in the comp. *slæscan*, Ælfric's Homilies, i. 610, l. 16, ii. 98, l. 15.—AS. *slac*, slack; see *Slack*. Perhaps affected by the cognate MDu. *slaken*, 'to slacken, let slip, soften, become liquid.' β. There is also a ME. *slakken*, to quench, extinguish, Prompt. Parv. This is from AS. *slæcan*, Grein, ii. 455, which is a causal form. Cf. Icel. *slökun*, to slake; which, however, was orig. a strong verb, with pp. *slökinn*; still it is from the same Teut. base **slak-*. Also Swed. *slakta*, to quench, put out, ally, slake; a causal form, from *slak*, slack.
